THE FOLLOWING HERD

According to foreign students, American college students are "led around by their noses."

Here at Kansas State, for example, we do as the faculty dictates. We have a Student Governing Association, yes, which acts with the advice and consent of the deans. If the college authorities deem it undesirable for the students to take action on an issue, it is never presented for their approval.

As a result the students are led around in a high school manner and are only figureheads so far as actual participation is concerned. When they are graduated from college they have a degree which signifies so many hours of English and so many hours of science. They go out immature so far as world affairs are concerned and ignorant with respect to an intelligent attitude on citizenship.

Abroad, college students develop into real thinkers and students of affairs. They are sufficiently well informed to have definite ideas on political reforms. They take an active part in the affairs of the state.

What the American student needs is more freedom of initiative, more encouragement toward independent thinking, and training to live in a world of advanced political theory and a new philosophy.—M. L. W.

SOME PEOPLE HAVE WHAT YOUR CALL NERVE

Once in a while a college student happens to do something for which he receives particular notice among his classmates. At other times something happens to a student that makes his story carry a universal appeal.

One of the best examples of the latter is the experience of Jack Dunaway, a freshman in Murray college, Murray, Ky.

On November 30, Dunaway's uncle was buried in Sinking Springs, Ky. He had hanged himself in Detroit.

The next day Blanche Sherman, the girl Dunaway had hoped to marry, became the bride of Harlin K. Kep, in Akron.

On December 2, the home of Dunaway's uncle, with whom he had been staying while going to school, burned, destroying all his clothes and books.

The bank that closed in Shawnee last month contained \$1,000 of his savings.

Dunaway, who lives in Fort Worth, Tex., is the son of G. W. Dunaway, who was killed in a Texas oil field accident in 1920. His mother was in a San Angelo, Tex., sanitarium three weeks ago.

But Dunaway isn't discouraged. He started back to school last week wearing a determined smile. He declares that he has been used to such things since he was six years old.—The Oklahoma Daily.

The Snooper

The year's biggest muscle tussling exhibition has been taking place at the gym this week as the intramural wrestling bouts get under way. Here was seen the greatest collection of bone benders ever gathered under one roof. The first matches are to weed out the small fry. The bouts are great sport in that no one has ever wrestled anything bigger than a milk stool since they left the old homestead.

One of the biggest box office attractions was a rumored leg pull between Bill Keaser, Illinois brush ape, and the Sigma Nu bone crusher, Panny Wallerstedt. Nervous Keaser was seen earlier in the afternoon in the boiler room vainly trying to sweat himself out of Crusher Wallerstedt's class. Evidently he succeeded because Tuesday night found him matched with a man in black pants. The gallery boomed noisily at the deception.

From the bleachers the arena was a mass of moaning toroes. Handfuls of chest hair were strewn like mattress stuffing on the floor. The glaze of thighs, fibules, and femurs could be heard even above the grunts of the contestants. The best of the bone benders were the ones in black pants. They are out for the team and the only practical method of subduing them, according to the best authorities, is to leap in the air and kick their front teeth out. Then with the aid of a hired subordinate, whom you have previously instructed to tap your combatant on

the head with a piece of scrap iron, it is easy to pin him to the canvas.

At last we are safe from pollution by the college band! At least temporarily. Recently a group of civic minded students organized in a crusade against the discords of the Downey group. At our last basketball game a small number of well selected musicians gave beautiful renditions of rare old German tunes. It was balm to the souls of the lookers on whose ear drums have long been chafed by discordant Downeyism. By Saturday the wrath of the gallery had reached its zenith. Bits of decayed vegetables had been gleaned from the alleyways with which to salute the vain Mr. Downey. But Downey had gotten wind of it, probably from the decayed garden truck, and in his stead was the well chosen few who gave you the best that was in them at Saturday's game. To them we take off our stiff brown bowlers; we crush them to our bosoms in the bonds of heart-felt friendship.

The ambitious females who have been smiling and glad-handing every eligible male with the hope of making the week end party will be put in a more discriminating position when it is their turn to ask for the dates next Saturday night. No longer will they have to say yes to the first thing in pants that comes along. They will have the pick of the pudding, and this time it will be up to the stern sex to extend an auditory appendage toward the telephone booth.

Judge For Yourself

No more "work your way through college" at one of the big universities of the East. They've made a new rule there, and every boy who wants to enter must prove that he has enough funds to support him while he's getting his education.

No more "student waiters, student bellhops, student boot-blacks, or student coaches"—you pay as you enter or you don't enter. More and more the American college is beginning to act on the theory that a boy without money should not try to get a college education.

On the other hand at another Eastern college a much different system is being tried. The student enrolls in his course and goes to school for a six weeks period and then works as an apprentice for six weeks in some field of his chosen work. Then he starts all over again going to school and working alternately.

After surveying the two methods of education mentioned it would seem that the colleges and universities are merely experimenting with the students who are attending the institutions hoping to gain an education. Is it possible that our great educators have not yet made sufficient progress to put the colleges and universities beyond the experimental stage?—G. E. M.

On Other Hills

The president of Oklahoma A. & M. took a cut in salary last week of \$3,750. The reduction is in keeping with the general trend of lowering operating expenses at state institutions. The president of the college isn't kicking about salary though, since he still receives \$7,500 per year.

Even the professors are getting Scotch at Michigan State. Recently one of the instructors handed out a quiz with the questions printed on Sears Roebuck wrapping paper.

They think they have found at least one benefit of the depression at Iowa State college. Students at the school are making better use of the library, are in better health and are making better average grades than in past years. And the only plausible explanation of them, college officials are agreed, is that curtailed finances have caused the less serious minded students to stay away.

Ed Wynn, radio's "perfect fool," once enrolled in a business course at the University of Pennsylvania. Wynn was offered a small professional theatrical engagement and without notifying his family launched into an acting career. When he failed to attend classes, the registrar of the college wrote the actor's father, enclosing a check as a refund for the boy's registration fee.

A new idea of technocracy has come from the University of Oklahoma. A professor of the college characterizes technocracy as a harmless fad which has swept the country overnight, but which may be of some value because of its popularization of economics.

Some 60 young women at the University of Vermont are spending only 50 cents to \$2.50 per week for food, a survey revealed. These students are able to do this after being instructed as to the essential factors in food selection for health.

Thoughts of a "long hard winter" have been forgotten at Washington university since crewmen have taken up log-sawing along with the exercises of rowing. Fuel expenses at the Varsity Boat club have been cut practically to nothing.

We are pleased, of course, to learn that the common variety of sunflower has finally proven of some use, experimenters learning that a fine sugar may be extracted from its roots. Heretofore, it has served only as something about which to write poetry.—Concordia Blade-Empire.

The world is burdened with a vast debt load, the economists point out, and if you talk to any man long enough, says the Topeka Journal, he will admit that he is carrying most of it.

The good old days were when we were so busy we had no time to argue about technocracy.—Salina Journal.

REPRESENT KANSAS STATE ON EAST AND WEST COASTS

Faculty Members Attend Meetings in Eastern and Western States During Vacation.

Kansas State was represented by her faculty members on both the east and west coasts during the holidays.

Dean R. W. Babcock, division of general science, attended the convention of the American Association for the Advancement of Science at Atlantic City, N. J., December 27 to 31. Dean Babcock also attended the meeting of Gamma Alpha graduate scientific fraternity, of which he was president last year.

"One of the most interesting lectures I attended," said Dean Babcock, "was that in which Dr. Harold Shapley talked on 'Fact and Fancy of Cosmogony' in which he completely upset all our theories regarding the origin of the universe."

Doctor Harmon Attends Meet.

Dr. Mary T. Harmon of the zoology department also attended this meeting of the American Association for the Advancement of Science. Doctor Harmon read a paper on "Embryology of Guinea Pigs" and exhibited a number of slides, and charts showing the progress of her research work. Doctor Harmon represented the Kansas Academy of Science on the council of the A. A. A. S. and the Sigma Xi chapter of this college at the Sigma Xi meeting. Attending this same meeting was Dr. R. C. Smith, entomology, who also read a paper.

Dr. W. E. Grimes, head of the department of agricultural economics, attended a convention of the American Farm Economics association at Cincinnati, Ohio, December 28 to 30. At the convention Dr. Grimes led a round table discussion on "Use and Types of Farming Materials Based on the 1930 Census," from a paper which was written by Dr. F. P. Elliott of the United States bureau of statistics. R. M. Green and Harold Howe, agricultural economists, also attended this convention.

Attend Sociology Sessions.

Representatives to the convention of the American Sociological society at Cincinnati, were: Dr. Randall C. Hill, sociology; Prof. H. M. Stewart, economics; and Wendell Bales, economics and sociology.

Prof. E. T. Keith, journalism, attended the meeting of the Association of Teachers in Marketing and Advertising at Cincinnati.

Dean R. A. Seaton, head of the division of engineering and director of the engineering experiment station, attended a convention in Pasadena, Calif. The convention's purpose was to organize a Pacific Southwest section of the Society for the Promotion of Engineering Education. Dean Seaton is national president of this organization. "Graduate Work in Engineering" was his topic of discussion.

Pasadena meeting. He also attended a sectional meeting of the S. P. E. E. at Rolla, Mo.

At The Theatres

AT THE DICKINSON

"They Just Had To Get Married"

Often when two star comedians appear together in a picture, one steals the other's laughs. But that doesn't happen in "They Just Had To Get Married." Zasu Pitts is just the same old girl, and Slim Summerville the same old Slim. You enjoy one as much as the other.

The story is rather simple. Zasu and Slim get married, a ravishing blond interferes, Zasu misunderstands, Slim leaves, and the reckoning comes with the fadeout.

Miss Pitts has many chances to use those expressive hands of hers in this picture. She's especially funny on the horse. Incidentally she's not at all hard to look at in some of the smart gowns she wears.

Slim, out of his inevitable rookier suit, takes on the appearance of a civilized human being. His drunken scenes are rather realistic.

If you want to relax and see a lot of nonsense, you'll like this.—E. D.

TO PRESENT PROGRAM

Short Stories, Poems, and Drama Will Be Given By Class.

Short stories, poems, and drama make up the program to be presented by Mrs. Mary Meyers Elliott's class in oral interpretation. The program, divided into two groups, will be presented on Tuesday and Thursday, January 17 and 19, at four o'clock in room 56 of the education building. Members of the class who will take part in interpretation are: Marjorie Campbell, Louise Chaffant, Fern Collins, Frances Focke, Lyman Hall, Elera Light, Lorrain McMullen, Sidney North, Jeanette Owen, and Orville Ruth.

CONRAD TO WASHINGTON

Professor L. E. Conrad, head of the Civil Engineering department, left Wednesday evening for Washington D. C. where he will attend a meeting of the American Engineers Council. He goes as the representative of the Kansas Engineering society.

NEIGHBOURS ON AIR

Discusses "Some Modern Misconceptions About Animals."

Dr. R. E. Nabours, head of the department of zoology, discussed the subject, "Some Common Misconceptions About Animals," in a talk over station KSAC Thursday night.

It was proved by the Italian perimenter, Redi, that all animal life developed from pre-existing and similar living things. Pasteur demonstrated that bacteria and small protozoa also came from other organisms very similar to themselves.

"In this region is a so-called 'glass snake' supposed to be very dangerous, to roll as a hoop, and to strike and kill trees. In reality, it is a legless lizard as harmless as an earthworm. Also, the so-called horned toad is a species of lizard," he said.

Professor Nabours declared that much that we believe about ourselves and about animals is tradition, and although the principle may not be scientifically exact it may have a subsidiary value.

PICTURES DUE JANUARY 20

Several Pictures Will Be Sent to Engraving Company By Saturday.

Friday, January 20, is the last day pictures for the Royal Purple will be taken at the Browne Studios unless by special appointment.

All seniors are asked to come to the Royal Purple office to fill out an activity card if they desire their listed activities in the yearbook.

All basketball, football, and last year's track pictures for the Royal Purple will be sent to Burger and Baird Engraving company in Kansas City for engravings before Saturday. The rest of the open section and division pages will be sent also.

NAMES COMMITTEE

Freshman Commission Meets and Names Committee Chairmanships.

The men's freshman commission met at the home of Dr. A. A. Holtz, 419 Denison, on Tuesday, January 9, and named the following committee chairmanships for the second semester:

Program committee: R. E. Lippenberger, Fort Morgan, Colo., chairman; special music sub-committee, Monroe Coleman, Sylvia, chairman; social committee: Max McCord, Manhattan, chairman; publicity committee: Donald White, Kansas City, Mo., chairman; poster work sub-committee: R. D. Spencer, Leavenworth, chairman.

The Y. M. and Y. W. C. A. freshman commission groups are planning a joint party to be held the first week of the second semester.

INSTALL NEW OFFICERS

Max McCluggage is Grand Master of Alpha Phi Omega.

Max McCluggage, of Manhattan was officially installed as Grand Master of the local chapter of Alpha Phi Omega, national honorary scouting fraternity, at the regular meeting which was held last night.

The other chapter officers who were installed at the same time were: Donald White, Kansas City Mo., Deputy Grand Master; Ernest Hilyard, Reece, Scribe; Virgil Lundberg, Felun, Treasurer; and John Wadham, Marysville, Sergeant-at-Arms. The officers will serve term of six months beginning on January 26.

EVENTS OF MILITARY BALL TO BE BROADCAST

Each Successful Candidate Will Be Given Chance to Speak Over Microphone.

Stag tickets for the annual Military ball to be held tomorrow night at the Wareham ballroom are on sale today for the first time. The advanced students are in charge of the sale of these tickets which are selling for \$1.25 this year. —ne price of the regular tickets will be \$1.75, a reduction from former years.

An added feature to the ball this year will be the broadcast of special events of the evening, including the broadcast of the grand march over station KSAC. Ray Spillman, Manhattan, is in charge of the broadcasting for the evening. Each successful candidate, at the ball will be given a chance to say a few words over the microphone. Favors will be given to the girls attending the ball this year.

The candidates for honorary officers are: Ellen Warren, Ag Delta Phi; Ethel Fairbank, Alpha Delta Phi; Verna McAdams, Pi Beta Phi; Mary Kendall, Pi Beta Phi; Adeline Reid, Chi Omega; Erma Jean Miller, Delta Delta Delta; Ruth DeBaun, Independent; Colleen Zacharias, Independent; and Helen Hanson, Chi Omega.

The names of the honorary cadet colonel and the three majors will be announced Saturday night at the ball, and will be presented in uniform by the regimental adjutant.

The committee working on the ball is: M. E. Matter, Jewell; G. D. Ferguson, McPherson; R. C. Besler, Manhattan; D. F. Pocock, LeRoy; and Hal McCord, Manhattan.

ATTENDS CONVENTION

Milbern Davison, Manhattan, represented the local chapter of Phi Mu Alpha at the national convention of the organization in Washington, D. C., December 26 and 29. Delegates also went from Hays, Pittsburg, Lawrence, and Emporia. James T. Quarels of the University of Missouri was elected national president.

Read your own COLLEGIAN!

DIME DANCE TOMORROW

Lillian Ames School of Dancing to Present Short Act.

A series of surprises are in store for those students who will attend the Y. M. C. A. Dime Dance to be held in recreation center, tomorrow night from 8:30 to 11:30 o'clock. The Lillian Ames school of dancing will present several short dancing acts during the evening's entertainment. There will also be a kid-dies' tumbling act. The dancing school will furnish someone to lead in a Virginia reel as well as a square dance to be given. Fred Hill, chairman of the program committee, together with Miss Velma Capper arranged the program.

EXHIBIT WORK IN TEXAS

Several Faculty Members' Art Work on Display in Fort Worth.

Several members of the Kansas State college faculty have recently exhibited work in Fort Worth, Tex., at the Texas School of Art from December 7 to 12. This school has recently organized and this is one of the first of a series of exhibits.

John F. Helm, Jr., and Robert Lockard sent etchings and wood engravings. A collection of foreign and American prints was sent by Pauline A. Pickney, instructor in the art department. Another contributing artist and also an exhibiting artist was C. A. Hoydett of Fort Worth, Tex.

Other Kansas exhibitors were William Dickerson, Arthur Hall, C. A. Seward, J. S. Lanks, Thomas Lynn, Charles M. Capps, Lloyd C. Foltz and Birger Sandzen.

Mr. L. E. Call, dean of the division of agriculture, was in Topeka Wednesday and Thursday, attending the State Board of Agriculture meeting. Wednesday evening Call attended the annual banquet held for the agriculture board.

MON—TUES—WED
Bell's Hawaiian REVUE
Call 2390 For Free Transportation

6 o'clock means nothing to telephone service!

Bell System service must go on all the time. Day and night, Sundays and holidays, it must handle with speed and accuracy not only the usual traffic but also the unexpected rush of calls.

To meet this obligation, Bell System men tackle problems of many kinds. At Bell Telephone Laboratories, scientists develop new kinds of apparatus. At Western Electric, engineers find ways to make telephones, switchboards and cable more and more reliable. In the telephone companies, traffic engineers devise improved operating methods that make service faster, more accurate, more dependable.

Result: at noon or in the dead of night, the public reaches confidently for the telephone, knowing that Bell System service never stops.

BELL SYSTEM

TELEPHONE HOME ONE NIGHT EACH WEEK
... LOWEST RATES AFTER EIGHT-THIRTY

In Society...

OVER THE BACK FENCE....

The formal season for Kansas State will open with the Military ball, Saturday night.... And here's hoping the freshman men's Pan-Hellenic party this Friday will do something out of the ordinary and get away from the common old hum-hum, characteristic of every Pan-Hellenic party to date.... Swede Salisbury and Ione Hill are back together now since Ed Stone put out his pin.... And why did Gene Charles write "someone will sneak upon you in a woods someday" on one of his student's papers?... Jack Petrie, the Beta ex-pledge from Wichita, will again enroll in Kemper military academy—some say it was homesickness, while the others (who know) say nothing.... P. D. Pryor has a new coupe which Santa brought her—however it will remain at home until after finals.... In case you didn't know the Kappa pledges must stay on the campus everyday from 9 to 4—they have to make their grades, say the actives.... It is said that Swede Lutz tried to play water boy for the team at the Kansas State-K. U. basketball game in Lawrence.... And who is the sorority girl that has fooled herself into thinking she has her own chapter right under her thumb?... Is the shuffling and fingering of lecture papers a habit with L. P. Washburn?... Charley Team courts Madge Mahoney quite steady these days.... A minor sport athlete is married.... Who is the one fellow that knows something important about Harry Hasler and Max Smiley but can't tell for a certain reason?... An engagement—Mildred Purcell and Elden Auker.... And will the girls continue to run after you, Clay, (as you claim they do) now that you're the new president of S. A. E?... And now it's the men's turn to be alluring—for another leap year varsity (under the name of goldiggers ball) is soon to be staged....

Social Calendar

Friday, January 13
Freshman men's Pan-Hellenic. Warehouse ballroom, 9-12.
Sophomore class Wesley Foundation. Rogers Home recreation room, 8-11:30.

Saturday, January 14
Military ball, Warehouse ballroom.
YM-YW party, recreation center, 8-11:30.

Monday, January 15
A. A. U. W. meeting, recreation center, 7:30.
Horticulture club meeting, Dickinson hall, 7-8:30.
Debate meeting, education 53, 7-8:30.

Tuesday, January 16
Foods I class party, Calvin rest room, 3:30-5.

Phi Omega Pi
Ruth Means spent last week end in Topeka, Marie and Cleo Wilson visited relatives in Green last Monday.

Phi Kappa
Kenneth Sadler went to Kansas City for the week end, and will return Sunday. James Corrigan and Lawrence Froelich attended the basketball game at Lawrence Tuesday night.

Omega
Tuesday dinner guests were Christine Overley, Belle Plaine, Juanita Shields, Lost Springs, and Julia Ellen Crow, Silver Lake. Jessie Dean visited in Topeka and Emporia last week end.

Alpha Tau Omega
Dinner guests Wednesday night included G. L. Cubison, Gardner, O. E. Ruth, Cherokee; Durwood Watson, Osborne; and Don White, Manhattan.

Chi Omega
Charlotte Buchmann, Clay Center, has been home since Monday due to illness. Frances Dornbos was in the college hospital for a day with the flu. Luella Graham, Topeka, returned to school Tuesday.

Phi Beta Phi
Jennette Lawrence attended the inauguration of Governor Alfred Landon in Topeka, Monday. Bernice Moser spent Thursday in Kansas City. Betty Shearer was a guest at the house Tuesday. Mrs. Gertrude Torrey entertained the House-mothers club, Thursday afternoon.

Phi Epsilon
Phi Epsilon, national honor-society for music students, held the first meeting of the new year at the home of Mrs. Edwin Barry, Virginia Lovett, Great Bend, invited Mrs. Sayre. After a short business meeting the following program: "Moonlight Sonata, First Movement," by Beethoven and "Symphony in G minor" by Nemann, were piano solos played by Mabel Russell, Manhattan; Emily Rumold, Burlington, played two violin solos, "Walther's Prize Song" by Wagner and "Son of the Pussies" by Clara-Bela; Jean Moritz, Manhattan, sang a group of four Italian songs; Julianna Amos, Manhattan, played two piano solos, Beethoven's "Missa Number Seven," and "Contra Gavotte" by Ravel.
The next meeting of the chapter will be held January 28 at Miss Hartman's studio.

Phi Delta
Lovers Light attended the basketball game at K. U. Tuesday night. Mrs. Hammond, Topeka, was a week end guest of Geraldine Hammon, Mrs. Thomas Dannelly, Kansas, was a guest of her mother, Josephine, Wednesday. P. D. Pryor went to Topeka for the

inauguration Monday and attended the governor's ball. Jeanette Moser visited friends in Blue Rapids, Wednesday. Mrs. Harry Stanley will be the guest of her daughter, Betty, Friday and Saturday.

Pen-Hell Party
The annual freshman men's Pan-Hellenic party will be held tonight in the Warehouse hotel ball room. June Layton's orchestra will play. Plans for the party are being directed by C. F. Berryman, president of the freshman men's Pan-Hellenic council, and Clarence Higdon. The committee on decorations includes L. W. Schookraft, V. J. Crooke, and Ralph Pauling.

Pi Kappa Alpha
C. O. Tackwell, former Kansas State football star, who has been playing professional football with the Chicago Bears, has returned home to Manhattan for the rest of the winter. William Campbell spent Sunday at Lawrence. Major S. J. Montesinos, United States army, stationed at Syracuse, N. Y., was a Sunday dinner guest. At the election of officers Wednesday night, Dale Maxwell, Columbus, was elected president for the spring semester. Other officers elected were James Epperson, Hutchinson, vice president; Gene Ellis, Council Grove, treasurer; Charles Moore, Manhattan, was appointed secretary by President Maxwell. The new officers assumed their responsibilities immediately. Jack Carr, Salina, is the retiring president.

Farm House
Dinner guests Tuesday included Wayne Herring, Tulsa, Texas; Ned Thompson, Manhattan; Dale Romine, Oswego; Lebert Shultz, Eureka; Russell Dalton of Flemingsburg, Ky., was a dinner guest last night. Farm House announces the pledging of Ned Thompson of Manhattan.

Alpha Delta Pi
Willetta Hill, Clay Center, was a week end guest at the house. Mrs. Edward Johnitz of Abilene was a luncheon guest Tuesday. Doris Paulson drove to Lawrence Tuesday night to attend the K. U.-Kansas State basketball game.

Phi Lambda Theta
Phi Lambda Theta announces the pledging of James Coate of Miltonvale. Announcement was made Sunday of the engagement of Martha Tanserman and William Sells, both of Effingham. Mr. Arthur Largent, Oak Hill, was a dinner guest Tuesday evening. Norton Daudna, Denver, Colo., visited at the chapter house Tuesday.

Alpha Gamma Epsilon
Sunday dinner guests were Lebert Shultz, Eureka; Earl Parsons, Winfield; Frank Parsons, Winfield; Carl Ausherman, Topeka, and A. J. Mistler, Leavenworth. Leonard A. Rees, Abilene, and Bernice Crayle were married January 1, 1933. Terrill Kilton, Columbus, and Florence Mable Funk were married Saturday, December 17, 1932.

Sigma Alpha Epsilon
Sigma Alpha Epsilon held its election of officers for second semester Wednesday night. The following were elected: president, Clay Rappert, Harris; vice president, Ivah McDougal, Atwood; secretary, Raymond Nelson, Troy; warden, Ralph Marshall, Kansas City, Mo.; treasurer, Robert Alexander, Independence; corresponding secretary, Howard Moreen, Salina; herald, Jack Wiseman, Delphos.

Alpha Kappa Lambda will hold a special initiation ceremony for John Hamon of Valley Falls, Sunday.

Phi Tau Alpha

Zeta Tau Alpha announces the acceptance of Dr. and Mrs. H. E. Summers to be patron and patroness of the chapter. The chapter will entertain with a tea dance Saturday afternoon from 3 to 5 o'clock. Florence Melchert, Ottawa, spent Saturday visiting in Topeka.

COMMENTS ON DORMITORY

Mrs. Burdick Says Kansas Has Made Excellent Start Toward Modern Educational Goal.

Mrs. Anna L. Burdick of the federal board of vocational education, Washington D. C., during her recent visit to the campus, commented on the college dormitory for women: "Kansas has made an excellent start toward the goal of modern education—a 24-hour student day, each hour of which reinforces and sustains each other hour. Provision for group living in which the student may practice satisfactory, democratic human relationships, is commendable. When adequate recreation and wholesome food are added the situation seems almost ideal."

The fact that the price for board in Van Zile hall was to be lowered to \$4.50 per week, beginning with the second semester, impressed Mrs. Burdick, as it has many others, as a definite effort on the part of the administration to bring the opportunity for well rounded college life within the reach of all women students.

At present, costs for living in the hall are: board, \$4.50 per week, and room from \$1.65 to \$2.25 per week, totaling \$25.00 to \$28.00 per month, which Mrs. Burdick termed "a low sum for superior quarters."

SPEAKS OVER RADIO

Professor Strickland Addresses Audiences Over Air Last Night.
Prof. V. L. Strickland of the department of education, in a speech over station KSAC Thursday night, showed why the statement in the Declaration of Independence that all men are created equal is not taken as a basis for present-day methods of education.

"This line has been kept in the public mind for political purposes; an easy way to make the eagle scream," he said. "It is easily seen that people are physically different. They also differ in mental capacity."

Professor Strickland stated that for over a century schools tried to make people equal, but now there are two things which have made us realize their mental difference: establishment of classes for backward children, and intelligence tests as a measure of mental characteristics.

ELECT NEW OFFICERS

Inter-Society Council Chooses Ray Hughes for President.
The Inter-society council chose officers for the spring semester at a meeting yesterday afternoon. Those elected were: Ray Hughes, Manhattan, president; John Latta, Holton, vice-president; Ray Stremler, Garden City, secretary; Helen Reed, Circleville, treasurer; and Paul Vautravers, Centralia, marshal.

SPEAKS IN TOPEKA

President F. D. Farrell addressed the state board of agriculture at its annual meeting at Topeka yesterday. His subject was "Major Objectives in Farming."

K. U. HAS EXCESS EXPENSES

Net Receipts From Sports at Oklahoma University Decrease \$18,259.34 from Preceding Year.

Norman, Okla., Jan. 12—With net receipts from athletics decreasing \$19,259.34 from the preceding school year, an excess of expenses over an income of only \$7,702.38 was shown in the financial report of the University of Oklahoma athletic association for the twelve months ending June 30, 1932, it was announced today by Ben G. Owen, athletic director.

In 1931-32 the amount available for athletics and physical education, after the deduction of guarantees to visiting teams, was only \$64,699.56, as against \$78,292.90 during the school year 1930-31.

The report showed that every varsity sport at Oklahoma decreased its expenses in comparison with 1930-31. Football reduced its expenses from \$37,476.73 to \$25,712.67, basketball from \$8,284.99 to \$5,361.42, track from \$6,263.86 to \$4,306.13, wrestling from \$2,956.96 to \$2,173.06, baseball from \$2,375.29 to \$1,847.13, and tennis from \$844.15 to \$503.67. Maintenance expenses were even reduced from \$10,553.14 to \$4,126.07, the report showed.

The total reduction in expenses of the association in 1931-32 was \$22,602.99, of which \$10,200 was applied on the stadium-union bonds. No bond payment was made in 1930-31.

Football and basketball were the only sports which showed an excess of income over expenses, and in the case of basketball the margin was very small, \$169.52.

SPECIAL SERMON SUNDAY
"So That's a College Student" is the subject chosen by the Reverend Perry L. Platt for his College Day sermon. The Congregational church has set aside the 7:30 Sunday evening sermon especially for the college students. The sermon will be based on the book, "Larry," written by Larry Foster about his college life. The Reverend Platt is a graduate of the University of Chicago.

ENTERTAIN JUDGING TEAM WITH BANQUET

(Continued from page one) participate in intercollegiate competition.

The dairy team, consisting of P. H. Hostetler, Harper; W. W. Jacobs, Harper; O. F. Denton, Denton; and C. G. Page, also of the livestock team, won tenth in a contest held at Waterloo, Iowa.

The dairy products team, coached by Prof. W. H. Martin, won second in a contest held at Detroit. The members of this team were: W. H. Pine, Lawrence; H. W. Cokerly Grove; W. H. Chilson, Oberlin; and F. E. Davidson, Madison.

Win Second in Davenport
These members of the apple judging team, Phares Decker, Holton; Y. S. Kim, Shanghai, China; Erwin Abmeyer, Grantville; and L. W. Patton, Manhattan, are coached by Prof. F. W. Pickett, and the team won second place at a contest in Davenport, Iowa.

The poultry team won first place in Chicago and won first in numerous other contests. They are as follows: J. J. Wardell, Manhattan; G. C. Moore, Louisburg; T. B. Avery, Coldwater; R. T. Harper, Manhattan; and C. H. Anderson, Richmond. Their coach is Prof. H. M. Scott.

The members of the grain judg-

ing team who have been invited to the banquet are: T. S. Hall, Manhattan; A. B. Erhart, Timken; H. W. Clutter, Larned; G. S. Fox, Haze; L. R. Chilson, Oberlin; and their coach, Prof. J. W. Zahnley. Recountings of experiences of the judging trips will be given by Fern Falkinburg, Manhattan; L. R. Daniels, St. Francis; John I. Miller, Prescott; P. H. Hostetler, Harper; F. E. Davidson, Madison; L. W. Patton, J. J. Wardell, and G. S. Fox.

TRANSFORM ROOM IN ANDERSON TO ONE OF HOME-LIKE ATMOSPHERE

On the third floor of Anderson hall, to the left of the are museum, a small door opens into a room which has recently been refurnished and freshened up as a practice room for the interior decorating students. A solitary print of an old, rich painting catches the eye as one first enters. One is greeted by the welcoming home-like atmosphere produced by the soft, stained pine floor and walls tinted yellow green.

The atmosphere of the eighteenth century pervades the room. Pieces of furniture which are placed artistically about it are from various American periods, the

most that would be used in the average American homes of these times.

From a long-draped room, it has been changed so that it may be used by the interior decorating students to obtain various pleasing and harmonious effects by learning how to place objects that fit with certain styles of furniture having various color combinations. The idea will be for the students to get something of the feeling of the harmony of textures in the furniture, rugs and art objects, that

there may be a harmony in idea and texture.

This room has developed as the result of the need of some place to try out assembling furniture and art objects, arranging them with the purpose of obtaining color harmony. From year to year, furniture has been added to the room so that students taking the course would have something to work with. Miss Pauline A. Pinkney of the art department is in charge of the interior decorating classes.

Prof. A. C. Pay of the bacteriology department was called to his home at Chillicothe, Mo., because of the serious illness of his father.

Miss Ruth Stiles, secretary in the graduate office, returned to work Monday. She has been sick with the flu.

WATCH—

for the Opening of
Manhattan's Newest
Cleaning Plant

Having sold the Barber Cleaners plant and realizing that there is big demand for an up-to-date cleaning plant in Manhattan which can do cleaning work equal to any place in Kansas I am opening at 1201 Moro one of the largest plants in the state equipped with the very best machinery possible.

Our price will be in line with all other cleaners but we will guarantee better work than has ever been turned out in Manhattan. Mrs. Bachman and I wish to take this opportunity to thank all of our friends for their past patronage and invite you to remember us when we open our new plant in a few days.

WILDCATS LOSE
CAGE TILT WITH
KANSAS QUINTET

JAYHAWKER CREW DEFEAT:
KANSAS STATE SQUAD 36
TO 24 TUESDAY.

JOHNSON HIGH POINT MAN

K. U. Center Runs Up Score of 1
Points—Dalton and Boyd High
For K-Aggies With
Eight Each.

The Kansas Jayhawkers sent the
Kansas State basketball team down
to a 36 to 24 defeat Tuesday night
in a Big Six conference tilt at
Lawrence.

The fast Jayhawker crew, led by
Bill Johnson, all Big Six center,
scored 28 points in the first half
to 10 for the Corsautmen. How-
ever in the second half the Kansas
State players came back to out-
score the Jayhawkers 14 to 8 in
that period.

Bill Johnson was high point
man of the evening with 22 points.
This is one of the largest scores
ever run up in one game on the
Lawrence auditorium court since
the days when one individual did
all the free throw shooting for the
entire squad.

Henry Dalton, giant center, and
Bus Boyd, Phillipsburg, were high
scorers for the K-Aggies with 8
points each. Both Boyd and Dalton
scored three field goals and two
free throws.

Captain Andy Skradski was
closely guarded and did not break
into the scoring column until the
second half when he made a field
goal and added a free throw to aid
his team mates.

The Wildcats opened up with
their typical slam-bang ball game
and for a time the Jayhawkers
joined in with them and raced
around the court without result.
Bill Johnson studied his team
mates and proceeded to score three
field goals and a couple of charity
tosses.

Kansas State will invade Neb-
raska university territory Saturday
night for another Big Six confer-
ence battle. Kansas university de-
feated Nebraska last week by a
score of 32 to 29. The Kansas
team led by a large margin at the
half but the Nebraskans came back
in the second period and almost
made it a victory.

The box score:

Kansas (36)	G F T
Harrington, f	4 0 1
Wells, f	2 0 3
Curd, f	0 0 1

FOOTBALL PLAYERS
BACK TO MANHATTAN

Tackwell, Pearson, and Feathers,
Now Professionals, to Spend
Winter Here.

Three former Kansas State foot-
ball stars, C. O. Tackwell, Bert
Pearson and "Tiny" Feathers, now
professional football players, have
returned to Manhattan to spend
the rest of the winter.

These men were all three-year
lettermen and also were named on
the Big Six team after their last
year of competition. In 1929,
Tackwell, received honorable men-
tion as an all-American.

Pearson has played three sea-
sons with the present world cham-

pions, the Chicago Bears, and
Tackwell has played two seasons
with the same team. Harold "Red"
Grange, former University of Illi-
nois star, is also a member of the
team.

"Tiny" Feathers finished his last
year of competition at Kansas
State in 1926 and since has
playing the fullback position with
the New York Giants.

BASKETBALL SQUAD TO
NEBRASKA SATURDAY

Wildcats Will Meet Cornhuskers in
Third Big Six Game of
the Season.

A squad of ten Kansas State bas-
ketball players, accompanied by
Coach Charlie Corsaut and Trainer
Frank Root, will leave Manhattan
Saturday morning enroute to Lin-
coln, Neb., where they will tangle
with the Nebraska Cornhuskers.
This will be the third Big Six game
this season for the Wildcats, hav-
ing dropped the first to a fast
breaking Oklahoma quintet, and
the second to the Kansas univer-
sity Jayhawkers, defending cham-
pions.

The following men will make the
trip: Captain Andy Skradski, Henry
Dalton, Oren Stoner, Emmett Breen,

P. W. Boyd, Dan Blaine, Douglas
Russell, Ralph Graham, R. W.
Armstrong, and K. J. Phelps. The
starting lineup for the game prob-
ably will be the same as started
the K. U. game with the exception
that Armstrong may start at for-
ward in place of Breen. Boyd and
Russell will start at guards, Dalton
at center, and Graham, Skradski,
or Armstrong at forwards. The
team will remain in Lincoln Sat-
urday night and return home Sun-
day.

Men's Intramurals

The first round of the intramural
wrestling tournament was held
Tuesday night in Nichols gymnas-
ium. All the men in the 135, 145, 155
and 165 pound class wrestled Tues-
day night, while men in the 115,
125, 135, and 145 pound class wrestled
last night. The men wrestle for
five minutes and the decisions are
awarded on falls or time advantage.

In the 135 pound class, the fol-
lowing men won their matches,
which will entitle them to enter in
the semi-finals Tuesday night of
next week. Izard; Sigma Alpha Ep-
silon; R. Campbell, Alpha Gamma
Rho; Ross, Kappa Sigma; McDon-
ald, Lone Stars; Avery, Sigma Al-
pha Epsilon; Stewart, Delta Sigma

Epsilon; Hoke, Alpha Gamma Rho;
D. Watson, Independent; Benja-
min, Sigma Phi Epsilon; Trusler,
Sigma Alpha Epsilon; Galley, Kap-
pa Sigma, and Freehaus, Inde-
pendent.

The winners in the 165 pound
class were: R. Smith, Delta Tau
Delta; Ravies, Alpha Gamma Rho;
Isaacson, Delta Tau Delta; Sandels,
Sigma Alpha Epsilon; B. Kohrs,
Alpha Gamma Rho; Wilcox, Delta
Sigma Phi; R. Kirk, Independent;
Marvin Hanson, Alpha Tau Om-
ega; Rose, Phi Kappa Alpha; Han-
son, Sigma Alpha Epsilon; Young,
Lone Stars; Mayhen, Wesley Foun-
dation A. C.; Sundgrum, Alpha
Gamma Rho; Bader, Sigma Nu,
and Irvine, Tau Kappa Epsilon.

As this paper went to press
Thursday night, it was impossible
to include last night's results in
today's issue.

TRYOUTS TO BE MONDAY

Tryouts for a second semester
class in radio speaking and an-
nouncing will be held Monday,
January 16, in the radio studio at
5:30. Kansas State is one of four
or five colleges in the United
States giving this work. Courses
which will be offered next semester
are: A two-hour course in radio
speaking and announcing, extem-
poraneous speaking, prerequisite to
this course, and an advanced course
in radio programs.

LEAGUE DISCUSSES
WORLD PROBLEMS

(Continued from page one)
debates which will all be given ex-
temporaneously from the floor. As
there are 57 countries represented
in the League it will be impossible
for each to be present but all o
the major countries will have a
place on the floor. It is planned
that each country should have its
flag and a placard bearing the
name. Native costumes may also be
used.

The joint committee of the Y.
is to meet with the faculty advis-
ors, Miss Helen Hostetter, of the
journalism department, and F. I.
Parrish, of the history and govern-
ment department, Saturday after-
noon when they will assign various
countries to the schools who ar
sending delegates, and other de-
tails.

BROADCAST RADIO FILMS

Second of Series of Educational
Films to Be January 20.

The second in a series of radio
film strips will be broadcast over
station KSAC, January 20, between
the hours of 9:00 and 10:00 o'clock.
The educational films are sent to
county agents and various places
throughout the state. A duplicate
of the film is shown in the studio
and the speaker gives his lecture
from it. A gong is used to signal

the change of film to the listening
groups.

The January 20 broadcast will be
"Control of Live Stock Insects."
Two more of these film strips are
scheduled for February 24 and
March 10.

SEIVER ELECTED PRESIDENT

Named to Head Riley County Medi-
cal Society.

Dr. Charles M. Seiver, head of
the department of health, was
elected president of the Riley
county Medical society at a recent
meeting. Dr. Ralph Ball, former
student at K. S. C. was elected
secretary-treasurer. This society
holds its meetings quarterly. The
purpose of the society is to promote
the medical profession in Riley
county.

The Y. M. C. A. cabinet will en-
tertain the Y. M. C. A. cabinet next
Monday evening in the reception
room of Van Zile hall.

Eugene Enlow, El Reno, Okla.,
visited in Manhattan last week
end. He was enrolled in school here
this fall but withdrew just before
Christmas because of illness.

J. E. Petrie, Wichita, has with-
drawn from school and is return-
ing to Kemper military academy,
Booneville, Mo., for the second
semester.

to the
GOLD DIGGERS' BALL

The only party of the year where you'll make the date
and do the cutting, at the
Wareham Ballroom, Saturday, January 21, 1933
June Layton and his Varsity Club Orchestra
8 'til 12. Admission \$1.10

Tickets on sale now

THREATEN TO "DUCK" SNOOPER

GOLD DIGGERS' BALL FEATURES REQUEST TUNES

LAYTON WILL ANNOUNCE NUMBERS TO CROWD EVEN IF THEY ARE NOT PLAYED.

MEN PLAN STAG AFFAIRS

"Pitch" Parties Will Be in Full Swing Saturday Night as Stay-at-Home Men Will Pass Away Time—Lucky Ones Will Get Even.

When June Layton steps on the rostrum to direct music for the Gold Diggers' ball at 8 o'clock next Saturday night at the Warehouse ballroom, he will launch an all-request program. Girls in attendance may request any number they choose and it will be announced to the crowd, regardless of whether or not the orchestra has the tune in its library.

The college man is getting a sample of how it feels to have his heart leap with hope every time the phone rings—and then thud with disappointment when it's a call for one of the brothers.

Men Worried.

"I've hung around the drug store all day hoping someone would ask me to go. The management finally chased me out," said one of the men-about-the-campus yesterday afternoon. It's fortunate for the Aggieville drug stores that the girls are too proud to hang around for bids to the "normal" varieties!

Another one proclaimed loudly that he had a hard Sunday school lesson to get and guessed he'd stay home Saturday night. The number of "pitch" parties being organized for the night of the twenty-first is flagrantly noticeable.

The topic of the day among the girls is whether to stag or not to stag, and which man to ask so that he'll get out and be a favorite with the "does."

"I'll cut you if you'll cut me," is the bargain they are making with one another and there is much giggling about arrangements for calling for dates before the dance. On this score the men plan to do some getting even of their own.

Plan to Get Even.

"I'll not even begin to shave till she gets to the door and I hope she finds out how much fun it is to wait for an hour or two," was the threat one of them made.

One of the big questions upon which there is much speculation is that concerning parking—etc. Some of the men who are most enthusiastic about the leap year aspects of the event get quite "het up" over any possible usurpation of their rights along that line.

STUDENT INJURED AT Y.M.-Y.W. DIME DANCE

Students Scuffling Accidentally Push Marion Noland Out of Window.

As a result of the playfulness of two students at the Y. M.-Y. W. dime dance last Saturday night, Marion Noland, sophomore in agriculture from Falls City, Neb., was admitted to the college hospital suffering from rib fractures. The injuries were not serious.

Noland was sitting in a window in recreation center during the dance when two other students, who were scuffling, accidentally pushed him out of the window. He fell into an eight-foot pit lined with concrete.

He was removed from the hospital yesterday. It will be several days before he is able to attend classes.

ORCHESTRA TO INITIATE

Dancing Organization Will Hold Services for Two Friday.

Orchestra, women's honorary dancing organization, will hold formal initiation services for Margaret Carr and Rose Mary Smith at 7 o'clock Friday evening in the women's gymnasium.

After the initiation they will work on dances under the instruction of Miss Maltum. At a recent election, Margaret Seaton was elected treasure of the organization.

DR. THOMAS TO SPEAK AT BACCALAUREATE

Retired President of Ohio University Will Address Graduates On May 28.

Seniors of Kansas State will have Dr. William O. Thompson, retired president of Ohio State university, speak to them at their baccalaureate exercises on May 28. Dr. Thompson served as head of Ohio State university for 25 years, retiring in 1928. He has also served as president of the Longmont (Colo.) college and Miami university.

Not only has Dr. Thompson been a striking educator, but he has also served at various periods as a pastor and missionary and holds a D.D. from Princeton university. His other degrees include LL.D., A.M., and A.B.

Betty O'Rourke, Concordia, visited Mrs. Ann Kiley, the Phi Kappa housemother, over the week end.

TAKE CHECK-UP OF HONORARY ORGANIZATIONS

FIND THAT 178 OUT OF 330 BELONG TO SOCIAL FRATERNITIES.

MILITARISTS ARE POLITICAL

Scabbard and Blade Has More Fraternity Men and Mortar and Ball More Independents.

A recent check-up of 13 honorary and professional student organizations revealed that 178 students in these organizations belong to social fraternities or sororities while 152 do not. The membership of each of these organizations is divided between the organized group and the Independents, although a few are decidedly made up of one group or the other. Women's organizations tend to be more evenly divided than men's.

The two military organizations on the campus, Scabbard and Blade and Mortar and Ball, demonstrate politics. Scabbard and Blade is

fraternity managed, having 29 men belonging to organized houses and four who do not, while Mortar and Ball has 20 independents and eight fraternity men. Sigma Delta Chi, men's professional journalistic fraternity, has 13 fraternity men as compared with four non-fraternity men. Phi Kappa Phi, national honorary scholastic organization, shows the extremes in favor of the independent students, with 16 against five. Mu Phi Epsilon, women's musical organization, has ten independents and five sorority members.

A recent report compiled by a sub-committee on student organizations of the faculty council on student affairs shows that 37.5 per cent of the school's 1,656 men are members of its 23 social fraternities and that 33.3 per cent of the 812 women are members of the ten social sororities.

"The school is, and always has been, democratic," says Mary P. Van Zile, dean of women. "There is more of a feeling of inferiority and superiority between the non-organized students and the organized students now than there was ten years ago, but I believe this condition is not as prevalent as at most schools."

Figures used in the following detailed summary were collected by two students as an assignment in the class in News Bureau Methods. An effort was made to get the figures on 18 professional and honorary groups but officers of five organizations failed to provide figures.

KEEP NEWS WITH MAP. The "Hot Spot" map in the Y. W. rest room is an unusual and interesting way of keeping up on world news. All latest news of international interest is typed and pinned on the map over the particular country that it concerns. This map is the project of the International Interest group of the Y. W. C. A. and has been kept up to date all

semester.

John Reinecke, Great Bend, was elected editor-in-chief of the Collegian for the first nine weeks of the second semester at a meeting of the Collegian board yesterday afternoon. Clay Reppert, Harris, was re-appointed business manager. The new editor, who is a senior in the department of journalism, was exchange editor during the first semester of last year. He was editor of the Great Bend high school paper for three semesters, and also worked on the Great Bend Tribune. Reinecke has also made several press team trips.

The first issue of the Collegian to be published by the new staff will be that of January 31, at the beginning of the second semester.

Ward Colwell, Omaha, the retiring editor, is finishing his school work this semester.

In its meeting yesterday the board decided to reduce the salary of the editor from \$6 to \$4.50 an issue and resume payment of \$1.50 per issue to the assistant editor. Previously assistant editors drew salaries of \$15 monthly, but last semester this practice was eliminated. Where some school papers have been forced to adopt a smaller size sheet, or reduce the number of issues, the Collegian has maintained its regular size and days of publication.

Members of the Collegian board are: Prof. C. E. Rogers, faculty member; Ralph Van Camp, Council Grove, chairman; Maurice DuMars, Agra; Mary Alice Schnacke, LaCrosse; and Mayrie Griffith, Topeka.

JOHN REINECKE NAMED EDITOR OF COLLEGIAN

COLLEGIAN BOARD ELECTS AT MEETING YESTERDAY AFTERNOON.

CLAY REPERT RE-APPOINTED

Salary for Editor Is Reduced to \$4.50 Per Issue—Assistant Editor to Receive \$1.50 Per Issue.

PRESENT "MINICK" FEB. 3

Play Written By Edna Ferber and George Kaufman Offered by Manhattan Theatre.

"Minick," a play written by Edna Ferber and George Kaufman, will be presented by the Manhattan Theatre on Friday night, February 3, according to H. Miles Heberer, director. There will be only one performance of the play. Students holding season tickets for Thursday night performances must exchange them, for the remainder of the year, for Friday nights.

The cast has been chosen and is as follows: H. Miles Heberer, Old Man Minick; Pauline Compton, Manhattan, Lil Corey; Marvin Hanson, Newton, Al Diamond; Mary Elizabeth Wilkes, Leavenworth, Miss Stack; Roberta Downie, Garden City, Mrs. Smallridge; Margaret Carr, Kansas City, Mo., Mrs. Littleton; Don Porter, Mt. Hope, Fred Minick; Amy Jaspersen, Colby, Annie; Helen Pickrell, Minneapolis, Nettie Minick; Don Williams, Manhattan, Jim Corey; Jeanette Moser, Blue Rapids, Miss Crackerwall; Doris Harmon, Sand Springs, Okla., Lula; Liebmans Langston, Hutchinson, Mr. Price; Mary Myers Elliott, Manhattan, Marge Diamond; Kingsley Given, Manhattan, Ditenhofer.

The usual difficulties which arise when the old father makes his home with his son and daughter-in-law form the plot of the comedy. "Minick" was selected as one of the ten best plays of the year, 1925—and during its run in New York the lead was taken by O. P. Heggie. The authors of the play wrote also "The Royal Family," and "Dinner at Eight"; George Kaufman, himself has written "Once in a Life Time" and the words for "Of Thee I Sing."

Mr. O. D. Hunt, assistant professor of electrical engineering, and his family returned to their home Sunday morning from Emmet, Idaho, where they were called upon to the death of an uncle.

PHI MU ALPHA HOLDS INITIATION FOR EIGHT

Honorary Music Fraternity Chooses New Members for Their Interest in Music.

Phi Mu Alpha, men's honorary music fraternity, held initiation Saturday night at 7:30 o'clock in Calvin hall for eight new members. New initiates are: Melvin Tack, Gaylord; Hays Ludvickson, Severy; Dick Herzog, Salina; Walter Purviance, Milford; Val Silkett, Downs; William Lacey, Everest; Jack McCleskey, Abilene; and James Ketchersid, Hope.

These men were chosen for their interest in music or their wish to make music their profession. There are certain scholastic and social requirements which each man must pass. The new members were chosen from different divisions of the college and are working to advance the cause of music in America.

RECEPTION HELD BY A. A. U. W. MEMBERS

Phi Kappa Phi, Phi Beta Kappa, and Sigma Xi Members Guests.

The Manhattan branch of the American Association of University Women held a formal reception for the members of Phi Kappa Phi, Phi Beta Kappa, and Sigma Xi in recreation center, Tuesday night at 7:30. President F. D. Farrell spoke on scholarship and education. Members of the receiving line were President and Mrs. F. D. Farrell, Miss Ada Rice, Professor R. W. Conover, Professor L. E. Conrad, Dean and Mrs. J. T. Willard, Dr. and Mrs. J. E. Ackert.

President Farrell said that all people are interested in the finest kind of scholarship, but that there is a question as to what that highest type of scholarship is. He further continued that scholarship and education are combined from culture, and that the fault of the culture world is snobbery. The aim of the A. A. U. W. and other similar organizations should be to stop this snobishness about education.

The college string trio, composed of Lyle Downey, Max Martin, and Richard Jenson played two numbers, "Romance," and "Allegro." A one-act play, "Minick," was given by Mrs. Mary Myers Elliott, H. W. Heberer, and K. W. Given.

ORCHESTRA IN ASSEMBLY. The department of music will furnish the program for Thursday's assembly. The college orchestra, with Lyle Downey as conductor, will present the following program: Overture to the Opera "Don Juan"—Mozart; Symphony No. 41 in C Major, Allegro vivace and Minuetto (Allegretto)—Mozart; The Flight of the Bumble Bee—Rimsky-Korsakov; and "Of Thee I Sing" Selection—Gerswin.

STUDENT COUNCIL MEETS

Maurice DuMars, Esther Row Report on New Mars Congress.

Report of the congress of the National student Federation of America held at New Orleans, December 28 to 31, were given by Maurice DuMars, Agra, and Esther Row, Larned, at the meeting of the student council last Friday.

The council members decided to encourage each organization on the campus to subscribe to the Student Mirror, the national magazine of N. S. F. A. The soliciting of subscriptions will be taken up through the Pan-Hellenic councils.

Entries in the contest can be made by any student in the college and are in no way restricted to those enrolled in the animal husbandry division, according to John I. Miller, Prescott, president of the ag association and master of ceremonies for the show. Experience is not essential for success in showing an animal. Miller maintains, explaining that demonstrations of fitting will be given by senior members of Block and Bridge club for the benefit of neophytes in the ring. In at least one case, Miller stated the winner of the grand championship trophy had never shown an animal before, while in other contests many of those students who had no previous training won high honors.

Expect Co-Ed Entries. According to E. C. Coulter, Willis, who has charge of entries, several co-ed entries are expected this year. Last year four former 4-H club girls entered animals in a special class of calves and additional competition was introduced through a milking contest in which three girls competed.

Last year's grand champion showman was Morris Humes, Glen

FIGURES FOR ENROLLMENT UNAVAILABLE

COLLEGE AUTHORITIES ARE OPTIMISTIC OR REFUSE TO COMMENT.

MANY WRITE FOR WORK

Holtz Receives Letters Asking for Employment—Machir and Zener Use Logical Arguments.

Reserved optimism or non-commitment characterized the replies of those who were asked yesterday for a forecast of enrollment figures for next semester.

Miss Jessie McDowell Machir, registrar, said the most accurate reply she could make was that all students who were "able to do so" would remain in college as the most profitable way to spend their time in these days when jobs are scarce.

Doc A. A. Holtz, Y. M. C. A. secretary, said his office had received about 50 letters of inquiry from students who hope to enroll next semester, most of whom were seeking employment through the Y. M. C. A.'s placement bureau. "Many people are realizing that they can attend Kansas State with comparatively little expense and hope to return to school or transfer from other institutions."

Miss Myrtle Zener in the office of the vice president was reluctant to make a forecast but stated that most of those who came in at the second semester had been here or in other institutions before. "It seems logical of course that former students and graduates out of jobs will come back to school if they can arrange for finances."

Two thousand four hundred eighty-one students enrolled in school this fall, 37 of whom have dropped out. This leaves a total enrollment of 2,444. Noticeable increases in the upper classes and the graduate division have been observed with attendant drops in the freshman and sophomore classes.

Esther Wiedower, Spearville, Named President of Literary Organization.

Esther Wiedower, Spearville, was elected president of the Browning literary society and Elizabeth Walbert, Columbus, was elected vice-president at a meeting last Saturday.

Other officers elected for the spring semester were: Ermine Nixon, treasurer; Edna Swank, Hill City, recording secretary; Mary Elizabeth Allman, Manhattan, corresponding secretary; Elizabeth Sloop, Nortonville, pianist; Margaret Kneer, Manhattan, chorister; Alice Wilsey, Washington, marshal; and Helen Boler, Dover, chairman of the board.

Pledges initiated were: Alma Wilsey, Washington; Christine Overley, Belle Plaine; Elizabeth Sloop; Elizabeth Boyes, Linwood; Margaret Kneer; Elizabeth Miller; Mary Elizabeth Cooper, Manhattan; Lucille Shannon, Manhattan, and Faye World.

BROWNING SOCIETY ELECTS

Esther Wiedower, Spearville, Named President of Literary Organization.

Esther Wiedower, Spearville, was elected president of the Browning literary society and Elizabeth Walbert, Columbus, was elected vice-president at a meeting last Saturday.

Other officers elected for the spring semester were: Ermine Nixon, treasurer; Edna Swank, Hill City, recording secretary; Mary Elizabeth Allman, Manhattan, corresponding secretary; Elizabeth Sloop, Nortonville, pianist; Margaret Kneer, Manhattan, chorister; Alice Wilsey, Washington, marshal; and Helen Boler, Dover, chairman of the board.

ENTRY TICKETS FOR LIVESTOCK SHOW ON SALE

ORGANIZATION OF LITTLE AMERICAN ROYAL GETTING INTO FULL SWING.

DRAWINGS NEXT MONDAY

Animals to Be Shown Will Be Drawn for January 23—Any Student May Enter.

Tickets for entry in the ninth annual Little American Royal student livestock fitting and showing contest sponsored by Block and Bridge, honorary animal husbandry organization, are already on sale for the February 9 show. The silver grand championship trophy is on display in the window of the College Book store, and the organization of the show is getting into full swing.

The silver pitcher on display in the College Book store window is given by the Kansas City Stockyards company and the American Royal Livestock show, both of Kansas City, Mo. The trophy goes to the student who does the best job of fitting and showing his animal no matter if the animal itself is not the best specimen of the breed in the ring. In addition to the grand championship trophy, prizes include medals for the winners of each class of animals and ten ribbons for lower placings.

Dairy cattle are shown in a separate division from the beef cattle, horses, hogs, and sheep, and have a separate prize list.

Drawings Next Monday. Drawing for animals to be shown will take place in the judging pavilion Monday afternoon, January 23, at 3 o'clock, according to Boyde Cathcart, Winchester, publicity director of the contest. Tickets for entry in either the animal husbandry or the dairy division cost 25 cents instead of the 50 cents previously charged.

Entries in the contest can be made by any student in the college and are in no way restricted to those enrolled in the animal husbandry division, according to John I. Miller, Prescott, president of the ag association and master of ceremonies for the show. Experience is not essential for success in showing an animal. Miller maintains, explaining that demonstrations of fitting will be given by senior members of Block and Bridge club for the benefit of neophytes in the ring. In at least one case, Miller stated the winner of the grand championship trophy had never shown an animal before, while in other contests many of those students who had no previous training won high honors.

BAND MEMBERS PROMISE TO GIVE ADRIAN SORRELLS GOOD DUNKING WHEN HE RISKS THE OPEN SPACES

TEETH AND FEET OF 20-ODD IRRITATED STUDENTS BEAT A TATTOO ON STEPS OF ROOMING HOUSE OF COLLEGIAN COLUMNIST LAST NIGHT.

RECEPTION COMMITTEE WAITS IN PARK FOR VICTIM

As Spokesmen Pass Out Waralings In The Snooper's Retreat Other Irate Dunkers Wait In Vain By Fires At The Swimming Pool For Their Henchmen.

The teeth and the feet of 20-odd members of the Kansas State band beat a brisk tattoo on the steps of the house at 1401 Laramie street last night. Inside was A. R. Sorrells, Kansas City, Kansas. The music of the bandmen's feet and teeth were dismal indeed to Sorrells. It raised thoughts of the chilly night outside, and of the icy depths of the city park swimming pool, in which those 20-odd earnest members of the band proposed to immerse Columnist Sorrells at the first opportunity—or so said their chief spokesman—Carl Ossman, Concordia; P. D. Rockwood, Parker; Max McCord, Manhattan; M. H. Davison, Manhattan; J. E. Ketchersid, Mount Hope, and one or two others.

Dr. Meyer to Lecture ON ANIMAL KINGDOM

California U. Pathologist Brought Here By Sigma Xi, Honorary Scientific Society.

"The Animal Kingdom, a Reservoir of Disease," is the title of Dr. Karl Friedrich Meyer's lecture tonight at 7:30 o'clock in Denison hall.

Doctor Meyer is a pathologist and bacteriologist and director of Hooper Foundation for medical research of the University of California in San Francisco. He is a native of Switzerland, and he received his D.V.M. and PhD degrees from the University of Zurich. He has had extensive field and research experience with animal diseases in South Africa, working with Sir Arnold Theiler, Transvaal university at Pretoria. He has also been active in studies of zoonotic diseases, notably psittacosis or parrot fever, mummification, botulism, and Brucella. His talk will be based on these experiences.

Arrangements for his appearance have been made by Sigma Xi, honorary scientific society, in conjunction with the division of veterinary medicine.

Things went on in this fashion for an hour or more.

Sorrells Sends Regrets.

Bandmen knocked at the Johnson door. "Would Sorrells come out and take his ducking, or did he prefer to stand a much worse fate tomorrow—or whenever he could be caught out?" Sorrells sent his regrets. Now and then a bandman raised his voice to demand that Sorrells be produced. Then Don Johnson, late a member of the football squad, would intervene to restore order—perhaps to chase a bandman down the Johnson steps.

Finally Sorrells agreed to receive a spokesman. Inside his room were massed the roomers at the Johnson home—ten or so. If the representative of the band had any thoughts of bodily removing the much-sought-after Sorrells, they vanished. Soon four more bandmen were admitted. The session turned into a Geneva peace conference—with all the peace and calm of a typical peace conference.

Sorrells Roudly Accused.

At first the tenor of the bandmen's remarks was to the effect that Sorrells was a blankety blank, in addition to being a blankety blank blunderer, as well as several other things—and that neither at present, in the past, or in the future was he likely to improve.

Then, as anger subsided, the committee came down to cases. Sorrells had unfairly, they felt, criticized the band and the band's leader. The band, they explained, played for nothing; was not composed of professional musicians, labored under many many handicaps in its attic in the gymnasium, was well thought of by the college as a whole. Sorrells seemed on the point of conceding that he had perhaps, said something he shouldn't. But just then the ire of a committeeman got the better of him. Dire things would happen to Sorrells if he wrote more. Sorrells explained that he had already written more. This broke up the conference. Would Sorrells come and be ducked, or wouldn't he? It was warm in the room. There were friends there, Mr. Sorrells wouldn't. The committee departed—minds still united—They want, it seems, Sorrells.

THETA PI HAS DINNER

Theta Pi, Presbyterian girls' organization, is having a dinner at 6 o'clock tonight at the home of the Reverend and Mrs. W. U. Guarrant, 315 North Fourteenth street. Helen Davis will give a lesson on "The Man and the Soil," and Aileen Rundle will speak on "The Man and the Machine." There will be a cabinet meeting after the dinner.

Elder, who was showing a hog. The contest produced considerable excitement both for the spectators and participants when two steers became uncontrollable and created disorder in the show ring.

Mr. and Mrs. William Lindquist went to Lawrence on business, Saturday.

After the initiation they will work on dances under the instruction of Miss Maltum. At a recent election, Margaret Seaton was elected treasure of the organization.

your Snooper is living in mortal fear of assault and battery, plus a swim in the Blue river. He knows not what night he may find a nest of piccolo players under his bed and Mr. Downey's Groucho Marx mustache protruding from his laundry bag. In the meantime a worried columnist has changed his name to Oscar and is attending classes in a long red beard.

A melancholy Snooper is greatly grieved at the cataclysmic turn of affairs. It is well known that the musical organization feels toward the Collegian as the average person feels toward a skunk. It has torn its flowing locks at criticism intended for the civic good. We are earnestly trying to goad the band into producing a unit worthy of the name of college band. It would be sweet indeed to sleep through long-haired lectures to the murmur of distant piccolo.

The Gold Diggers' ball promises to be a yearly affair. Some of the ego (will doubtless be removed from a few of the men-about-town. They will rate with the female populace in a direct ratio with the number of calls they get for dates. Sid Robinson already has a late date at the Tri Delt house. This last form of amusement will probably show some new and entirely different combinations this week end.

On Other Hills

Three-thousand men and women from American colleges and universities are expected to attend a session at Pasadena, Calif., January 23, where leading world figures will discuss economic affairs. Dr. Albert Einstein, Germany's mathematical expert, will speak on "The World Economic Situation", probably in terms of curves and fourth dimensions.

The final word about examinations may be summed up in the three "R's", rest, relax, and reason, according to a professor at the University of Oklahoma. Bull sessions are better than books, and black coffee may leave a dark brown taste in your mouth on the morrow, the professor says, in stressing the need for normal states of mind and body before the great test.

Students who have sufficient incomes to say in school this year without working as a whole making better grades than those who have to work, declares a professor at Oklahoma university. Students who are economically independent have become more serious minded and are applying more time to their studies.

The "Yellow Crab", humor magazine at De Pauw university brought plenty of grief to 15 students who tried to bring the publication out of the "red" recently. Members of a journalistic fraternity struck upon a clever scheme of making money from the magazine, and decided to issue a sensational number and reap profits from increased sales. The dean's disciplinary committee decided the mag offended good taste. Result: 15 students placed on probation.

The collegiate social problem has been solved at Tulane university this year. A new Gigoletto club provides "attractive, well-dressed dates" for all occasions for "smart remuneration". An escort to a formal party requiring a dinner jacket will collect two dollars, while informal dates will cost only one dollar. "Any expense including taxis, shows, flowers, night clubs and checks will naturally be paid by the young women", a campus poster declares.

The 1933 education class at the University of Wisconsin received some sour news recently when a speaker told them that only one out of every four or five graduates of the school of education would be able to look forward to a position next June.

At last, the radio has found its place in the school room. Architects at the University of Nebraska have "chipped in" and purchased a radio to break the monotony of the five-hour laboratory periods.

"Technocracy is a joke", says an economist at Oklahoma A. & M. "Technocracy is of no value of importance and is merely a clever piece of publicity for those who propose to write books on the subject. Doing away with the prices and money is bunkum. The conclusion of the committee at Columbia university are a lot of nonsense." Books have been written about everything else, why not technocracy?

Mention "beer" at Northwestern university and you get in bad with a professor who recently passed a ruling that the word was forbidden in campus publications. "Beer has nothing to do with students; no matter what is done about it in Washington," he declared in explaining the new law.

Football players shouldn't let studies interfere with their athletics, directors in several California colleges think. A professor at California Tech states in all seriousness that several athletic directors have complained to him that the "beer and brawn" of their teams have been studying too hard, thus taking their minds off football.

An interesting society known as "The Natural History Club" is found at Washington State college in Pullman, Wash. The students are active and the faculty are associate members in the meetings which are held twice a month. This organization sponsors several one day field trips, and an annual Thanksgiving three-day trip. These trips penetrate the forests, the mountains, the streams, and almost all places of interest anywhere over the state.

Safe driving at a moderate rate of speed requires nothing but self-control and a good, strong rear bumper.—McPherson Republican.

COLLEEN ZACHARIAS
HONORARY COLONEL

Senior Freshman, Adelaine Reid
and Ruth DeBaun Are Elected Majors

Colleen Zacharias, Oak Mills, was presented as honorary colonel of the Kansas State college B. O. T. C. by Cadet Captain A. E. Woodard at the colorful military ball, the first all school formal of the year, which was held last Saturday night at the Wareham ballroom.

The honorary majors presented were: first battalion, Ethel Falkbanks, Manhattan; second battalion, Adelaine Reid, Topeka; and third battalion, Ruth DeBaun, Topeka. The four honorary officers were dressed in military capes and caps.

The receiving line was made up of Cadet Lieutenant Colonel M. E. Matter, Maxine Gibbs, Vice-President and Mrs. J. T. Willard, Lieutenant Colonel and Mrs. J. S. Sullivan, and Dean Mary P. Van Zile.

The presenting of the honorary officers and the grand march of the cadet officers and their companions were broadcast over station KSAC, a feature new this year. The four honorary colonels who were introduced by Cadet Lieutenant Colonel Matter, each gave a short talk over the radio.

Lieutenant Colonel Sullivan, Major Harry E. Van Tuyl, Major T. O. Humphreys, Captain W. A. Swift, Captain W. F. Rehn, and Captain Ira Ryder each made a few remarks over the air. The broadcasting hookup was in charge of Ray Spilman, Manhattan.

LEAGUE WILL DISCUSS
IMPORTANT PROBLEMS

To Show Correlation Between the World Situation and the Student's Pocketbook

War debts, trade barriers, monetary systems, and disarmament are to be the phases of the world economic situation which are to

be discussed at the model session of the League of Nations here which has been tentatively set for February 10.

Dr. A. A. Hitz explained. "We are going to show the correlation between the world situation and the students' pocketbooks in the discussion. For graduates to get jobs some of the world conditions will have to be remedied. The availability of inflation is under discussion now in congress. Will this put us on the rocks as it did Germany? I once paid a million marks for a meal and 50,000 for a postage stamp in Germany. Do we want such a condition? The farmer who has a \$3,000 mortgage on his place could pay it in an inflation period but then the loan or real estate men would lose heavily. It is such interests as these which will come into the debate on the floor."

"Denver university started a league session four years ago and the crowds grew so large that the reproduction was moved to the senate chamber of the state house. At the last session, spectators overflowed this room. I'm sure our presentation here will command a good attendance."

The arrangements will all be completed soon. Barbara Lantz, a Junta, Colo., is making out the program and Lucille Allman, Manhattan is in charge of setting and properties.

The list of schools who are to send delegates is growing. The University of Kansas, Washburn, Friends, Kansas Wesleyan, and Fort Hays will be represented and others are still to be heard from in answer to invitations.

DETERMINES DEW POINTS

Modernized Crova Hydrometer Used by Milling Department

The Crova hydrometer, owned by the physics department, is being used by the milling department to determine dew points of small volumes of air. This instrument was modernized by Prof. E. V. Floyd, professor of physics, and J. E. Anderson, milling department, last summer.

GIVE INDEPENDENCE VIEWS

Philippine Students Differ in Views As to Whether Senate Should Pass Bill

Francisco Taberner, a Filipino student who has been in the United States 12 years, was recently interviewed on some of his views upon the possibility and advisability of Philippine independence as incorporated in the bill which President Hoover vetoed. This bill is now in the senate after passing in the house over the veto. Since Taberner has moved to the United States he has kept in close contact with developments affecting the islands.

"In the first place," said Taberner, "I don't believe the senate will pass the bill by the required two-thirds vote. The sugar and oil-margarine interests are not represented so strongly as in the house. Should the bill become a law, however, the Philippines will vote favorably upon a constitution. If the bill is killed, I won't feel disappointed because of at least two factors which lead me to believe that now is not the time to act upon the question. The two principal factors are: the economic condition throughout the world and the unsettled condition of the Pacific ocean with special reference to the Sino-Japanese trouble."

Narcissus Della, also from the Philippines, agrees with Taberner that there is no need of hurriedly giving the Philippines their independence but adds that the protection of the United States is rather flimsy. He reports being in a group to which an ex-commander of Japan's navy was speaking and hearing the old navy man say that within 24 hours Japan could overcome all resistance, be established in the Philippines, and hold off the United States indefinitely. Della also said that in the southern part of the Philippines there were already many Japanese. He said that one of the greatest drawbacks to a state of unity is that there are 80 distinct dialects of speech.

Cullo Adan, who has been in the United States for 11 years and seemed a little indifferent to questioning, thinks the senate will pass the bill and the island inhabitants will vote for the constitution. He thought that it might be well for the islands to remain under the protection of the United States for a few more years.

LAST STUDENT RECITAL
WILL BE GIVEN TODAY

Program Today Will Complete Series of Five for the Semester

The last of a series of five student recitals, held this semester, will be presented in the college auditorium, today at five o'clock. The program will be opened by Alice Bozarth playing a piano solo "Prelude and Fugue in A flat Major," by Bach. "Dear Love, I Now Must Leave Thee," by Strauss, and "Passioned," by Debussy, two vocal numbers by Betty Stanley, Wichita will be next. A student of Manhattan high school, Jean Washburn, will play "Gollwog's Cuckoo Walk," by Debussy. The only violin solo on the program will be "Cradle Song," by Noel Johnson, played by Doris Dalton, St. George. Rosemary Schmidt, Junction City, will play a piano solo, "Prelude in G Minor," by Rachmaninoff. A vocal trio composed of Helen Durham, Manhattan, Mildred Beard, McPherson, and Frances Fockele, Leroy, will sing a group of three Italian numbers. The recital will be concluded with Juliana Amos, Manhattan, playing "Concert Gavotte."

WIMMER ON AIR

Discusses "What Keeps Us Alive" Over KSAC Last Night. "What Keeps Us Alive" was the subject of the radio talk given by Professor E. J. Wimmer of the department of zoology over station KSAC last night. "Six vitamins," said Professor Wimmer, "are now known, and more may be discovered. These are necessary to the proper growth and

functioning of the body." He also said that, "certain minerals, such as iron and magnesium were necessary to growth and activity of the ductless glands, as the adrenal and thyroid. If these glands were to be removed, death would result."

Consider The Source

A representative body of the college band gathered at the residence of Adrian Borrells, Collegian columnist, last night and threatened to immerse him in the frigid waters of the city park swimming pool for adverse publicity directed at the band. The members overlooked one phase of their profession which is generally taken for granted.

Nearly every organization of a similar nature, the purpose of which is to provide entertainment and appear frequently in public, is subjected to a certain extent to the sort of publicity which is known as the "ramberry" type. Athletic clubs, dramatic groups, orchestras, pep organizations—all feel the temporary sting of the printed word at various times during their existences.

The policies of the Snooper column, as the staff of the Collegian supposed a majority of students were aware, is dominated strongly by the elements of humor and entertainment. Its edgy is intended to be read, smiled at, talked about, and forgotten when the next issue appears. A great many Kansas State students have blushed hotly at the slings of their discovered misdeeds and soon laughed about it themselves—they had laughed when somebody else became entangled in the Snooper's type-writer ribbon.

Had the Collegian earnestly felt that reorganization was necessary in the ranks of the college band, it would have discussed the matter systematically in its editorial and news columns. Proof and arguments would have been published advocating immediate reorganization. However, since the goal of the Snooper is set at the achievement of humorous success, it was considered that a free rein should be allowed.

Most Versatile

Kansas' most versatile brothers would be an apt term for that renowned combination of Jim and Pete Bausch. Throughout their collegiate careers, versatility has been the keynote of their existence. Both took an active and proficient part in track, football and basketball and probably could have been just as proficient in as many more sports had they had time for them. In the short time since their graduation, they have lived more experiences than most of us can count into ten years. Jim has competed in track meets from coast to coast, won the Olympic decathlon championship, mounted the stump for the Democratic political party, tried out for the part of "lion man" for Paramount productions, and is now busily engaged in preparation for a career as a crooner in Kansas City.

Pete, not to be outdone, has coached Pembroke athletic teams in Kansas City, has been connected with the Kats Drug Co., and again the most recent report states that he has entered the brotherhood of the wrestling fraternity and is being groomed for a place on the bill at Convention hall.

Truly the short but eventful careers of the Bausch boys contain a maximum of glamour and variety crowded into a minimum of time.—University Daily Kansan.

The Snooper

Busings at the Military ball a is O. O. Moore: Matter, Lieutenant-colonel, walks like a robot. Ruth DeBaun, one of the honorary majors, suddenly acquired a southern accent (at the microphone) and off the air resumed her usual Topeka dialect. Mark Kannal looks like a startled fawn at the mike. Captain Swift is a danged old jester. The crowd guffawed noisily at his merry quips. Max Wickham's suit smelled strongly of moth balls, and his dog, Key Brewer, is not mad at the Snooper any more for unwanted publicity. The grand march went off nicely. A neighbor remembered how Gordon Blair dropped his sabre year before last. It took in the floor. Brick Garrison said (about putting away the dinner knife), "I saw six holes and tried to hit the middle one." Last year Fennell Pratt's tongue was hanging out when the camera snapped. The picture looked like he was chewing on a piece of liver.

Word comes from the lips of a worthy friend that the college band's sitcom baggage, i. e., Dean Major Osman and Cymbal Player Brockwood have planned revenge upon the Snooper for smelly cracks about the organization. Hence

You smoke a Pipe—

and we'd like to talk with you about it

All races of people since the beginning of time, so far as we have been able to read, have had some kind of a pipe and have smoked something—whether they called it tobacco or what not.

AND since smoking a pipe is so different from smoking a cigar or cigarette, we made a most painstaking, scientific study in an effort to make, if we could, a tobacco which was suited to pipes.

We found out, first, that there was a kind of tobacco that grew in the Blue Grass section of Kentucky called White Burley, and that there was a certain kind of this tobacco which was between the tobacco used for cigarettes and the tobacco used for chewing tobacco. It is this tobacco which is best for pipes.

We found out that Mr. J. N. Wellman, many years ago, made a pipe tobacco which was very popular. But it was never advertised and after he passed away nothing more was heard about it. We secured this Wellman Method and that is what we use in making Granger.

Next was the cut. We knew that fine tobacco burnt hot because it burnt so fast. You could hardly hold your pipe in your hand, it got so hot at times. So remembering how folks used to "whittle" their tobacco we cut GRANGER just like "whittle" tobacco—"Rough Cut." It smokes cooler, lasts longer and never gums the pipe.

So far, so good. Now we wanted to sell this tobacco for 10c. Good tobacco

—right process—cut right. So we put Granger in a sensible soft foil pouch instead of an expensive package, knowing that a man can't smoke the package.

GRANGER has not been on sale very long, but it has become a popular smoke. And we have yet to know of a man who started to smoke it, who didn't keep on. Folks seem to like it.

Liggett & Myers Tobacco Co.

TEN CENTS

The Granger pouch keeps the tobacco fresh

In Society...

OVER THE BACK FENCE....

Freshmen men's Pan-Hell and the Military ball are parties not to be forgotten so soon—many have called them the best parties of the year.... Even June Layton says they were the best of their kind this year, whatever that means.... The broadcast of the Military ball was indeed up-townish. Ray Spillman, the announcer, developed a whisper now and then over the microphone and made the huge prevarication that 300 couples were on the floor—we take issue with that statement, Mr. McNamee.... Colonel Sullivan proceeded to set the mob at the ball and his radio audience into an uproar with his few but humorous remarks.... Pete Pocock, the promoter of the Military shebang, practically insulted his date by dancing with her just twice the entire evening....

Do you know that Russ Thackrey, erstwhile publicity agent of Kansas State, gives 10 minute lectures on basketball over radio station KSAC every morning during the Housewives' Musical Hour?.... Why do late-daters of one sorority persist in parking in front of neighbor sorority house—and vice versa?.... Note the new K sweaters that the football lettermen are sporting.... One of the college agronomy professors—and an expert on alfalfa—was caught looking in the files for the definition of "masoned alfalfa"—how these professors will fool us.... Ask Jaconette Lawrence about the corsage she attempted to wear to the Military ball.... Walt Bell wishes to broadcast that he will either play pitch or go to the movies Saturday night, so none of the fair co-eds need ask him to the Gold Diggers' ball.... Which reminds us that this Gold Digger frolic will be a good opportunity for some of the college females to get even with a number of "Joe Colleges".... Steve Vesecky finally did John Reinecke a good turn by putting omnipotent Duke DuMars, Collegian board member through the sweat box yesterday morning.... Too bad the Sig Eps and Pi Phis were so wrought up Sunday night—everything turned out to be nothing....

Delta Sigma Phi

Sunday dinner guests were W. L. Wheelock, M. L. Wilson, J. J. Wheatley, and J. P. Arrojo. Clyde Beckman spent the week end in Randolph.

Tri Delta

Murray Hart, Kingman, and Rex Anderson, Hutchinson, were Sunday dinner guests. Alumnae who were week end guests were, Dorothy Garrett, Garnet, Mrs. Joe Keefe-Edwards, Concordia; Georgiana Bowman-Green, Garnet; and Alice Irwin, Mrs. Harry Stanley, Wichita, spent the week end with her daughter, Betty. Pat Irwin went to Garrison, Sunday.

Beta Phi Alpha

Beta Phi Alpha held formal initiation for Almyra Jacobson. The chapter entertained with a tea dance Saturday afternoon. Mary Sayre, Manhattan, has returned home after an absence of six months spent in hospital training in the east. Bernice Cousins, Herington, spent Saturday afternoon at the house. Lois Scripser and Marion Rude spent the week end in Kansas City. Mildred Aspell spent Sunday at her home in Dwight.

Lambda Chi Alpha

Leonard Pike of Milford visited at the house Saturday. Pat Casey of Corning was a week end guest. William Priestly spent Saturday in Salina. Lambda Chi Alpha announces the pledging of Bernard Geraghty of Selden.

Alpha Kappa Lambda

Alpha Kappa Lambda held formal initiation for John Hamon, Valley Falls, Sunday, at eight o'clock. Formal pledging services were held Wednesday for Roy Crist, Brewster, and Roland Munsell, Sedgwick.

Webster Initiates

The Webster literary society held initiation of pledges at a meeting last Saturday. The new members are: J. E. Moore, Muscotah; E. L. Munger, Manhattan; G. A. Carter, Bunker Hill; Frank McCurdy, Leavenworth; and R. G. Grebner, Manhattan.

Chi Omega

Miss Mary Emily Baum, Junction City, was a guest this week end. Charlotte Buchmann, Clay Center, returned to school Friday.

Phi Kappa Tau

Phi Kappa Tau announces the pledging of Keith Lassen and Ben Butler, both of Phoenix, Ariz. Harry Johnson, Westley Coblenz, George Collin, Norris Meek, and

Swede Nelson drove to Topeka Saturday. Dinner guests Sunday were D. I. Gildgett, Plains, and Mr. and Mrs. C. H. Black and son, Charles, Hutchinson.

Van Zile Hall

Mary Sperling, Stafford, spent the week end in Kansas City. Hazel McKibben spent the week end at her home in Topeka. Week end guests were Mr. and Mrs. Todd, Topeka, and Mrs. Melchert, Lorraine.

Clovio

Sunday dinner guests at Clovia were Christine Overley, Belle Plaine, Marjorie Fuhrman, Atchison, Julia Ellen Crow, Silver Lake, Margaret Van Orsdol, Silver Lake, and Marie and Georgia Appel, Bushton. Ethel Rosey, Junction City, spent the week end at her home. Mary Langvardt, Junction City, Lucile Nagel, Wichita, and Mary Alice Tilton, St. George, were week end guests at Clovia.

Zeta Tau Alpha

Zeta Tau Alpha entertained with a tea dance last Saturday afternoon from 3 to 5 o'clock. The guests included the following patronesses and alumnae: Mrs. R. G. Schoonhoven, Mrs. C. O. Price, Mrs. H. B. Summers, Mrs. W. T. Foster, Miss Alpha Latchez, Mrs. Theima Roberts, Dorothy Dell Martin, Clara Gantenblen, and Ione Clothier. Mrs. Foster presided

at the tea table. Other guests included Art Munnis, Bill Turner, Spec McMahon, W. B. Smith, R. C. Eychner, R. Morgan, Glenn Fox, Bob Spiker, Lillus Wempe, Slick Moyer, Verle Bogle, Paul Vandergrif, Francis Perrier, Eddie Dyck, Chuck Turner, R. R. Teagarden, Maurice Street, R. L. Heinsohn, Clair Worthy, Wayne Burbank, Bob Alexander, Louis Smith, Shorty Burnet, Leonard Izard, Marion Pearce, M. D. Kerr, L. Morgan, J. R. Epperson, and Lorraine Johnson. Clara Gantenblen, Hope, was a week end guest.

Alpha Gamma Rho

G. S. Quantic spent the week end at his home in Keats. Sunday dinner guests included President and Mrs. F. D. Farrell, Dean and Mrs. R. W. Babcock, Dean and Mrs. L. C. Call, and Orville Chestnut, Denison. Gaylord Munson spent the week end in Junction City. D. L. Mealla of Ford was a week end visitor. Joe Knappenberger spent Saturday in Lindsborg.

Phi Omega Pi

Vada Burson was a Sunday dinner guest. Week end guests included Grace Walby, Feabody, and Thelma Child, Topeka. Velma French spent the week end at her home in Concordia. Marie Wilson, Mlle Gordon, Helen Reed, Cleon Wilson, and Laura Ward visited Marlon Kirkpatrick, Junction City, Sunday

evening. Mr. and Mrs. James Yeager, Green, were guests of Marie and Cleo Wilson Sunday.

Delta Tau Delta

Russell Webb spent the week end in Topeka. Bill Blowers, Kansas City, Floyd Strong, Topeka, and Grady Southern, Topeka, were visitors over the week end. David Reid, Manhattan, was a dinner guest Sunday.

Kappa Kappa Gamma

Lorraine McMullen, Hutchinson, spent Tuesday in Topeka. Marion Wait, Superior, Neb.; Jane Stone, Manhattan; Dorothy Cortelyou, Manhattan; Helen Louise Davis, Manhattan; and Grace Umberger, Manhattan, attended the K. U. Kansas State basketball game at Lawrence Tuesday. Roberta Barnard, Garnett, and Wilma Ray Womer, Topeka, were week end guests at the house. Mr. and Mrs. Black of Council Grove spent Sunday with their daughter, Kathryn. Mary Horn spent Sunday at her home in Holton.

Pi Beta Phi

Sunday dinner guests at the house included the parents of the town girls. They were Dean and Mrs. E. L. Holton, Prof. and Mrs. V. L. Strickland, Mr. and Mrs. A. N. Blackman, Mrs. Howard Allman, Col. and Mrs. John S. Sullivan, Mr. and Mrs. Charles Hughes, and Mr.

and Mrs. Ed Washington. Topeka Strickland was also a Sunday dinner guest. Bernice Rowe was a dinner guest Monday evening.

Kappa Delta

Leona Follett announced her engagement to Emory Good, Kansas City, Mo., by passing the chocolates at the house Sunday. Harriet Norton, Cimmaron, is in St. Anthony's hospital at Dodge City recovering from an appendicitis operation. Ruth MacNally, Olathe, was a guest over the week end.

Alpha Xi Delta

Alpha Xi Delta announces the marriage of Helen Wyant, Topeka, and Max Coats, Topeka. They will live at Greeley, Colo., where he will finish school and Mrs. Coats will teach.

The publicity and membership committees of the Y. W. C. A. are meeting Monday and Tuesday of this week to plan further for the beginning of next semester's work. Louise Chalfant, chairman of the membership committee, announced that all girls who will be college sisters next semester, will leave their names either with her or at the Y. W. office.

Rooms for boys. Plenty of heat and hot water. Meals if desired. Two rooms south of gymnasium. 613 North 16th St. 31-4

TO MEET SOONER BASKETEERS IN TILT TOMORROW

**SQUAD LEAVES FOR NORMAN
THIS AFTERNOON TO MEET
OKLAHOMA U.**

PLAN REVENGE FOR DEFEATS

**Kansas State Has Had Low End
of Scores in Conference
Games So Far This
Year.**

The Kansas State basketball squad will leave at 3:30 o'clock this afternoon for Norman, Okla., where they will play the University of Oklahoma Wednesday night in the second Big Six conference game this season. The Sooners defeated the K-Aggies at Manhattan 28 to 16 after being defeated by Iowa State the previous night.

Kansas State is planning revenge for the previous defeats this season and it will be entirely up to the scoring ability of the team to turn the trick. Coach Corsaut has been working hard with his scoring power and intends to have the entire team clicking Wednesday night.

The Kansas State squad will spend tomorrow night in Winfield and proceed to Norman on Wednesday. The following are the men who will probably make the trip: Captain Andy Skradski, Ralph Graham, Emmett Breen, Lloyd Dalton, R. E. Armstrong, Doug Russell, Dan Blaine, Bus Boyd and Oren Stoner.

Women's Sports

Eleven teams entered the intramural posture contest of women which was held in the gymnasium Wednesday, January 11. The postures were, in general, much better than those entered last year, according to instructors who judged the contest. Phi Omega Pi won the intramural cup, Delta Delta Delta was second with 50 points. Van Zile hall and Alpha Xi Delta tied for third with 45 points. Kappa Kappa Gamma received 40 points, Alpha Delta Pi 35, X team, Zeta Tau Alpha and Clovia, each received 30, Winners 25, and Neophytes 20. Six girls represented each team, making a total of 66 girls in the contest.

KANSAS STATE MAY NOT HAVE GOLF TEAM

**It Is Most Likely to Be Dropped in
Cutting of Athletic
Expenses.**

It is doubtful that Kansas State will have a golf team this spring, according to M. F. "Mike" Ahearn, athletic director and golf coach of the college.

Golf is not an organized Big Six conference sport, which will make it the one most likely to be dropped in the cutting down of athletic expenses. However, it may be that the players will agree to buy their own equipment and partially pay their own expenses, in which case the athletic department will sponsor either a two-man or a four-man team.

Dale Maxwell, Columbus, is the only lettered golfer in school this year, though John Frazier, Manhattan, is an outstanding prospect. These two may comprise a two-man team, making their trips by car.

TO HOLD PHYSICAL ED. SESSION IN WICHITA

**Program Will Be Made Out By
Students From Kansas
Colleges.**

The midwest physical education convention will meet in Wichita, March 29 to April 1. There will be eleven states in the midwest represented at this convention. For the first time a session will be held for physical education majors, this session to be held April 1.

The program for this convention is to be made out by the students from colleges in Kansas, under the supervision of a committee, of which Elizabeth Halsey, University of Iowa, is chairman.

Kansas State will be represented on the student committee by Doris Paulson and Elmer Black.

Men's Intramurals

The semi-finals of the intramural wrestling tournament will be held tonight at 7:30 in Nichols gymnasium. There will be two bouts tonight in the 126, 145, 175, and heavy class, and one round in the 118, 135, 155, 165 pound class. The finals of this tournament will be held Friday night at 7 o'clock.

TO PRESENT PROGRAM

Oral Interpretation Class Will Entertain Tuesday and Thursday. The oral interpretation class of Mrs. Mary Myers Elliott, will present programs Tuesday and Thursday afternoon at four o'clock in room 56 of the education building.

The program is divided into two groups and is as follows: Louise Chalfant, Wichita, Vachel Lindsay's Poems; Sidney North, Coffeyville, Gold Mounted Guns, by Alfred Kreymborg; Joetta Owens, Manhattan, Poems of Paul Lawrence Dunbar; Lyman Hall, Manhattan, The Honor of the Family; Leora Light, Liberal, The Love That Had No Taming.

Thursday the second group includes: Lorraine McMullen, Hutchinson, Sarah Teasdale's Poems; Orville Ruth, Cherokee, My Brother Henry; Marjorie Campbell, Hollis, Poems of A. A. Milne; Fern Collins, Washington, The Lost Word, by Van Dyke; and a one act play, "Manikin and Minikin," by Marion Childs, Holsington, and Roberta Shannon, Geneseo.

At The Theatres

AT THE VARSITY "Match King"

Major news events are apparently furnishing plots for many of the current productions. Now the life of Ivan Kreuger is dramatized to the point of being almost ridiculous. But it is unlikely he wasted many words telling his associates "Never worry about anything until it happens, and I'll attend to it then," as Warren William did in the screen version of the life of "The Match King."

Mr. William's forceful personality is exceptionally good for the part he plays. But it does get rather tiresome watching rich men travel here and yon. Mr. William has rather nice technique with the ladies.

Lili Damita is perfect. She has all the charm of Garbo, but a much nicer mouth. Her clothes are smart.

The story is simple. The poor Swedish boy rises from a janitor to a ruler of world finance. Then life catches up with him, and he takes the easiest way out. Bell's Hawaiian Revue is received favorably by the audience.—E. D.

AT THE WAREHAM "The Animal Kingdom"

Despite a rather forbidding title, the story "Animal Kingdom" is one you will not want to miss. Leslie Howard is Tom Collier, a writer and printer. Ann Harding is his first love. They try to forget everything after Howard's marriage to Myrna Loy. It's the usual triangle with Miss Harding the lucky lady in the end. The plot is old but the lines are clever and the acting is superb.—Eggs.

AT THE DICKINSON "Farewell to Arms"

Ernest Hemingway's world war classic receives magnificent direction by Frank Borzage, and Helen Hayes as the nurse and Gary Cooper as the American in the Italian army, interpret beautifully the love story of this widely-known novel. It is likely that Helen Hayes will win the Motion Picture Academy's award again this year, for in her perfect portrayal of Catherine Barkley, she surpasses all her previous work. Adolphe Menjou and Mary Phillips, as friends of the principals, are excellent support. Menjou particularly adding color and complications.

Full of symbolism, philosophy, tenderness and horror, "Farewell to Arms" shows the growth of a man's soul, and Gary Cooper proves himself worthy of the powerful part.

Manhattan audiences are given the adult, not the Polly-Anna, ending.—E. G.

NEW DIRECTIONS ARE ADOPTED FOR THESE

**Basics of Direction Consist of
Eight Page Report Prepared
by Committee.**

New directions for literature citations and bibliographies for master's and doctor's degrees were adopted by the graduate council at its meeting Saturday morning, January 14.

The basis of the directions consisted of an eight-page report prepared by a committee of the graduate faculty which was appointed several weeks ago by Dean J. E. Ackert. After much study and conference with members of the library staff the committee has succeeded in compiling a very useful report. For the remainder of this year this report will be available in the form of mimeographed copies. The committee which prepared the report consisted of Professor Roger C. Smith, chairman; Associate Librarian Grace E. Derby; Professor M. A. Durland; Professor V. L. Strickland; Professor E. J. Frick; Professor A. D. Weber, and Bessie B. West.

The Y. W. C. A. cabinet entertained the Y. M. C. A. cabinet at a business and social meeting in Van Zile hall Monday night.

Oklahoma	2	1	.667
Iowa State	1	1	.500
Nebraska	1	2	.333
Kansas State	0	3	.000

Losing the lead only once during the entire game, Nebraska university beat down the hard fighting Kansas State basketball team to win their first Big Six conference battle last Saturday night 31 to 25 at Lincoln.

Kansas State's defense broke up most of the back board shots and plays under the basket, in order that the score should not be increased. The Husker shots were wild but time and again they would hit the back board only to fall to the outside and go into the defensive Kansas State player's hands.

Early in the second period Hub Boswell provided the needed punch to the Nebraska team to bring them a victory. Boswell made six field goals and a free throw to bring his total to 13 points for the evening.

Oren Stoner, who was substituted eventually for Ralph Graham, who could not connect with the basket, made three field goals to be second high scorer of the evening for Kansas State with six points. Big Henry Dalton was high scorer with three field goals and one free throw for a total of seven points.

Coach Corsaut of the Kansas State squad attributed his defeat almost entirely to the improved ability of the Nebraska team.

LAUDER PRESENTATION

Sir Harry Lauder, singer of songs and teller of stories, and his excellent group of entertainers, gave a large crowd at the college auditorium Thursday evening much more than their money's worth. The Manhattan Concert management is certainly to be congratulated upon bringing to the people of the college and the city an entertainment of such uniform pleasingness.

The attempt to get Sir Harry Lauder into a written review is entirely futile. One must come under the direct spell of his singing, his story telling, and his genuine personal charm to understand just why it is the world has looked so eagerly to him for entertainment during the past fifty years. Of every song he sings, he makes a complete act. By his high joviality and marvelous mimicry he transforms each of his songs into a whole dramatic entertainment.

Sir Harry makes mimicry and impersonation over into music. His facial control is so much more nearly perfect than of any other entertainer you have ever seen that he seems to have a monopoly upon the art. To hear and see him, a sixty-two-year-old gentleman, become a school boy of ten or twelve and register convincingly the emotions of such a lad is to be forced to believe the unbelievable.

The genial Scotchman is not making any farewell tours. He sings and acts because singing, acting and bringing cheer into the world are the bread of life for him. His work is easy because he gives without stint. He canny Scot has discovered that liberality of self is the shrewdest economy of all.

The company supporting Sir Harry Lauder is brilliant. Every act might do as a headline in the best of modern vaudeville—there is no suspicion at all that the acts have been chosen to furnish a contrast for the Minstrel's appearance. But even so, one has a tendency to remember them as the

support in Sir Harry Lauder's excellent show.—H. W. D.

INITIATE NEW OFFICERS

**Cosmopolitan club Holds Services for
Eight Friday Evening—Elect
New Officers.**

The following new members were initiated into the Cosmopolitan club Friday evening, January 13, in the Franklin literary hall: Irmie Stalcu, Roumania; John Ferguson, Besine; Narcissus B. Della, Philippine Islands; Sherman Todd, Olathe; Stephen P. Das, India; John Veatch, Manhattan; Paul Nomura, Hawaii; and Vendia Morgensen, Manhattan.

The new officers elected immediately following the initiation are: Louise Chalfant, Wichita, president; Eugene Kell, Manhattan, program chairman; Romayne Cribbett, Parsons, vice-president; Vera Ellithorpe, Russell, recording secretary; Nathan Fligstein, Manhattan, corresponding secretary; Julio Arrojito, Cuba, treasurer; and Antonio E. Perez, Panama, marshal. These are to serve during the second semester. They were installed at the close of the meeting.

The organization accepted the invitation to attend the American Association of University Women's international relations meeting during which a miniature world court session will be conducted. Miss Chalfant announced that an invitation had been sent to the Kansas university Cosmopolitan club to attend a special meeting to be held here Saturday, January 28, during which plans for a district meeting of Cosmopolitan organizations to be held later in the year will be discussed.

Among the Ags

On the north end of the campus, interest is running high over the annual Little American Royal, to be held , as the world should know

by now, the evening of February 9. John I. Miller, Prescott, manager of the show, has his committee working under full steam. Entry tickets are selling this year for the reduced price of twenty-five cents, which means, as Earl Coulter of the entry committee points out, that for an investment of two bits and a couple of weeks of spare-time work, a very worth-while prize and considerable glory may be obtained. Entry tickets may be obtained from members of the Dairy club and Block and Bridle club.

The annual judging team was held last Saturday night, officially closing this year's judging season. It is not considered probable that the junior livestock judging team will compete in any contests this year. Last year, it will be remembered, the junior team (which graduated intact into this year's judging senior team) made a clean sweep of team and individual honors in the Denver contest the early part of the second semester. This year's judging teams made a very satisfactory record, the poultry team heading the list as far as honors go by taking practically everything in the Chicago contest.

The second issue for this school year of the Ag. Student, division publication, will feature the judging teams, containing pictures of each of them and stories of the contests in which they participated this fall. We are sorry to announce that no

DUKE UNIVERSITY SCHOOL OF MEDICINE DURHAM, N. C.

Four terms of eleven weeks are given each year. These may be taken consecutively (M. D. in three years) or three terms may be taken each year (M. D. in four years). The entrance requirements are intelligence, character and at least two years of college work, including the subjects specified for Grade A Medical Schools. Catalogues and application forms may be obtained from the Dean.—Adv.

Ag queens, princesses, etc, will have their pictures in this issue.

The Alpha Zeta medal, awarded each year to the sophomore making the highest scholastic record of his class in the division as a freshman, was presented at the ag. seminar last Thursday to Albert T. Thornbrough, the tall Sig Ep from Lakin. Incidentally the editor of this column always feels nervous when around Thornbrough; he made a three point average while a freshman and while carrying a full assignment; the first ag. ever to make such a record. We'll bet it makes Thornbrough nervous to think about it.

MATHEMATICS CLUB MEETS

The Mathematics club will meet this afternoon at 4 o'clock in room 73 of Anderson. Dr. W. J. Stratton, professor of mathematics, will discuss "College Geometry." Those preparing to teach high school geometry or those majoring in mathematics will be especially interested in this discussion.

ILLUSION:

One of Houdini's most spectacular escape feats was performed with a huge milk can filled with water. He invited persons of the audience to bring padlocks and lock him into the can. He got into the can, the lid was put on and fastened with several padlocks. A screen was placed in front of the can. Assistants stood by with stop watches and fire axes to save him from drowning after a certain time. About a minute later, the screen was removed, Houdini was seen panting and dripping...the padlocks remaining intact!

EXPLANATION:

The usual method of escaping from a milk can is as follows: The lid of the can is apparently securely padlocked to the lower portion, but actually the metal band to which the staples are attached is the top of a short inner lining. The performer, after being locked into the can, pushes the lid upward with his head and the short inner lining is forced out of place, permitting his escape. The screen is then removed.

Copyright, 1933, R. J. Reynolds Tobacco Company

**NO TRICKS
..JUST COSTLIER
TOBACCO'S**

IN A MATCHLESS BLEND

**It's FUN TO BE FOOLED
...IT'S MORE FUN TO KNOW**

What exciting magic there is in cigarette advertising!

Let's look at one of its greatest illusions...that cigarettes can be mysteriously given superior "FLAVOR."

THE EXPLANATION: Just three factors control the flavor of a cigarette. The addition of artificial flavoring...the blending of various tobaccos...and the quality of the tobaccos themselves. Quality is the most important. Artificial flavoring can never wholly disguise the poor flavor of cheap tobaccos.

The blending of several cheap, raw tobaccos cannot improve the flavor of any of them. A fine cigarette is a cigarette blended from costly, ripe tobaccos.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

This is why the Camel flavor has never been rivaled...why Camels have given more pleasure to more people than any other cigarette ever made.

In more costly tobaccos lies the secret of Camels' delicate "bouquet"...of their rich, cool flavor...of their non-irritating mildness. It's the tobacco that counts.

All the natural goodness of Camel's tobacco is kept fresh and rich for you by the air-tight, welded Humidor Pack. Don't remove it. Its moisture-proof cellophane also protects your Camels from dust and germs. Put a pack in your pocket today.

CAMELS

THE KANSAS STATE COLLEGIAN

Volume XXXIX

The Kansas State College of Agriculture and Applied Science, Manhattan, Kansas, January 20, 1933.

NUMBER 32

ANNUAL MEETING OF ACADEMY OF SCIENCE HERE

ANNOUNCEMENTS OF MEETING HAVE BEEN MAILED TO ABOUT 400.

DR. PHILIP FOX TO SPEAK

Graduate of Kansas State and Director of Adler Planetarium Secured to Make Annual Address.

The 65th annual meeting of the Kansas Academy of Science will be held at the Kansas State college this year. Announcement of the meeting with a call for papers has just been mailed to the membership of about 400 scientists in Kansas and other states by the secretary, Dr. George E. Johnson, of the Kansas State college. The meeting will be opened by a lecture or motion picture on scientific subjects Thursday evening, April 13.

One of the outstanding features of the Academy program will be the annual address by a noted out-of-state scientist. This year Dr. Philip Fox, who was graduated from Kansas State in 1897, director of the famous Adler Planetarium on the lake front in Chicago has been secured to make the address. His subject will be "The Architecture of the Heavens." Doctor Fox has given a great many lectures and presents the subject of astronomy so it will be of interest to everybody, the public as well as the scientists, youth as well as adults. His address will be illustrated. It is sponsored by the Science club and Sigma Xi of the Kansas State college.

Organized in 1868, The Kansas Academy of Science was organized in 1868 and from 1873 to 1932 has published 35 volumes of its "Transactions." These volumes contain the record of the early scientific workers in the state and their value has been recognized by most of our colleges in Kansas which have the complete set in their libraries. The "Transactions" have also been sent in exchange to the libraries of other scientific societies all over the world. This exchange is now carried on for the academy by the libraries of the university, the state college, and the Fort Hays college. These institutions receive from the exchanging societies many valuable publications which they would otherwise have to pay for or could not afford to buy.

The present officers of the academy are: president, Robert Tait, Lawrence; vice-presidents, J. Willard Hershey of McPherson and W. H. Matthews of Pittsburg; secretary, George E. Johnson, Manhattan; treasurer, Harvey A. Zinsler, Hays. The chairmen of sections are: John Breukelman, Emporia, biology; J. Willard Hershey, McPherson, chemistry; J. L. Bowman, McPherson, physics; H. B. Reed, Hays, psychology; R. H. Painter, Manhattan, entomology; Hazel E. Branch, Wichita, junior academy.

Faculty on Committees. R. C. Smith of Manhattan, E. A. Marten of Wichita; and William J. Baumgartner of Lawrence are additional members of the executive council. The publication committee consists of F. C. Gates (editor), A. B. Sperry and G. E. Johnson of Manhattan. A. W. Davidson of Lawrence, and J. B. Stroud of Emporia.

Dr. Mary T. Harman of Manhattan was representative of the academy at the American association for the Advancement of Science meeting at Atlantic City. Prof. Leo E. Melchers is chairman of the local committee in charge of arrangements for the 1933 meeting at Manhattan.

RECEIVES DANISH MANUSCRIPT

Dr. C. O. Swanson, recipient of Paper on Wheat Milling. Dr. C. O. Swanson, head of the department of milling industry, recently received a publication written in Danish by Holger Joergensen of Copenhagen, Denmark, for the interests of wheat milling nations.

A greater part of the manuscript is devoted to the explanation of Joergensen's mill and his method of wheat milling, and also baking. Doctor Swanson, while in Copenhagen, had the pleasure of making the acquaintance of Holger Joergensen who is now the chemical engineer of the Danish Brewing Industry Stock company.

Y. W. SECRETARY TO BE HERE IN FEBRUARY

Stella Scourlock, Regional Officer, Plans to Arrive in Time For Retreat.

The Y. W. C. A. regional secretary, Stella Scourlock, will be here the third week in February. She is planning to arrive Saturday, February 11, in time for the membership retreat, which is to be held on that day.

During her stay here, Miss Scourlock will be in various conferences and discussions with the girls. Some of the discussions will be: "Personal Problems," "Problems of Modern Religion," "Philosophy of Life," "Men and Women," and other questions of special interest to college women. She will work with the cabinet members, and will have informal conferences with individual girls.

This will be Miss Scourlock's first visit to Kansas State campus, as she was but recently appointed to her position of regional Y. W. secretary. Previous to her appointment she travelled over the Illinois section, and has just finished special study at Columbia university.

NINE GRID BATTLES ON SCHEDULE FOR 1933

Michigan State and Texas School of Technology Are New Competitors.

The Kansas State football team will play nine games during the 1933 season. A tenth game is tentative, although permission from the Big Six conference to schedule it has not been received. Two schools make their appearance on the schedule that have not been there before. On November 8, Michigan State will furnish the opposition at East Lansing, Mich. On November 30, Thanksgiving day, the Wildcats will journey to Lubbock, Texas, to play the Texas School of Technology.

Two changes in dates from the 1932 schedule have been made. The annual K. U. game has been moved from November 19, to October 28, and the Oklahoma game will be played on November 18 instead of October 22 as in 1932. The yearly battle with the Nebraska Cornhuskers has been moved back a week and will be played October 21, at Manhattan.

The complete schedule to date, is as follows:

Sept. 30—Emporia State Teachers college at Manhattan.
Oct. 6—St. Louis university at St. Louis.
Oct. 14—Missouri university at Columbia.
Oct. 21—Nebraska university at Manhattan.
Oct. 28—Kansas university at Lawrence.
Nov. 8—Michigan State college at East Lansing.
Nov. 11—Iowa State college at Ames.
Nov. 18—Oklahoma university at Manhattan.
Nov. 30—Texas School of Technology at Lubbock.

CHARLOTTE REMICK LEAVES

To Go for Cruise on Caribbean for Three Weeks.

Charlotte Remick, Kansas State graduate of last year, left yesterday evening for a cruise on the Caribbean as a result of winning the popularity contest sponsored by leading merchants of Manhattan. The trip will extend over a period of three weeks. Miss Remick's trip will include visits to Havana, Panama, and Nicaragua.

Miss Remick is the daughter of Prof. B. L. Remick, head of the department of mathematics, and is a member of Delta Delta.

ORCHESTRA IN ASSEMBLY

Chapel Program Under Direction of Lyle Downey.

The college orchestra, directed by Lyle Downey, presented the program for student assembly January 19. The selection played from "Of Thee I Sing" was especially well received by the audience. The numbers given were: Overture to the Opera "Don Juan," Mozart; Symphony No. 41 in C Major (Jupiter), Allegro vivace and Minuetto (Allegretto), Mozart; The Flight of the Bumble Bee, Rimski Korsakov; "Of Thee I Sing," selection, Gershwin.

Prof. Marian Pelton of the department of music gave the organ prelude, the Rev. C. E. Bess of the Free Methodist church led the devotionals. The next student assembly will be held on February 7.

The Pines specializes in accommodations for private parties—32-1.

Quizzes may be tough, but Chapell's "Big Boy" Ice Cream Bars will refresh you. 32-1

DEBATE WILL BE FARM AND HOME WEEK FEATURE

KANSAS STATE TEAM WILL COMPETE WITH IOWA STATE COLLEGE.

MISS O'LOUGHLIN TO SPEAK

Congresswoman-Elect Will Discuss "The Farm Problem as Seen From Washington" On February 7.

One of the features for the first day of the annual Farm and Home week, which is to be held February 7 to 10, will be a debate on the subject "Domestic Allotment Plan" between the Kansas State team and the team from the Iowa State college, Ames, Ia. The Kansas State team, comprised of Edward Stone, Topeka, and Edward Kelly, Manhattan, will uphold the affirmative. Forest I. Whan, the debate coach from Iowa State, is a graduate of Kansas State. The debate will be broadcast over station KSAC. A musical program beginning at 7:30 will precede the debate.

During the afternoon of the same day Miss Kathryn O'Loughlin, congresswoman elect, Hays, Kans., will speak on "The Farm Problem as Seen From Washington."

Will Tour Poultry Farm.

Consistency in poultry production will be the trend of thought this year on Poultry day. Besides tours of the poultry farm and the announcement of poultry champions for the past year, speakers will consider the poultry business from both the production and marketing standpoint. Breeding practices and their influence on the hatching quality of eggs, a method of management which has paid consistently year after year, and controlling egg yolk color are subjects scheduled for consideration. Other phases of the poultry enterprise to be studied include the proportion of hens and pullets to keep in the flock, the corn belt quality egg program, and the importance of keeping flock records.

The seventh annual dairy cattle fitting and showing contest, which is sponsored by the dairy club, will be held February 8th, at 4 o'clock. The entrants will parade their stock in the livestock pavilion the evening of February 9, immediately following the Block and Bridge show. At this time the winners will be announced and awards will be made.

Any Student Eligible

Any student is eligible to enter providing he or she has purchased a ticket. The tickets are 25 cents each and are being sold by members of the Dairy club. The animals will be drawn by the students Saturday, January 28. A silver loving cup will be the award for the winner of the grand champion showman. Medals will be given to the winner of each of the four-breed championships. Ribbons will be given for the first three places in each class.

Those buying their exhibitor's tickets early for the Little American Royal, which is to be the main feature on February 9, will be given the choice of the class of live stock that they desire to show, according to F. C. Coulter, Willis, chairman of the entry committee. Those who wait until the time of the drawing may not get a choice of the class of livestock but they may trade with someone else.

Much Livestock Available

Any students that can not be present at the drawing of the animals may get one by seeing Coulter at some other time. There will be plenty of animals which have the same amount of training and handling to make a large show. More livestock is available this year to regularly enrolled students than previously because there is no ag short-courses offered at the college this winter.

After the student has been assigned his animal, demonstrations on the fitting and showing of the livestock will be given, according to John I. Miller, president of the Block and Bridge club. The members of the animal husbandry faculty and the college herdsmen will be glad to help in fitting the animals.

Following the show a "big feed" is being planned under the supervision of C. E. Murphy, Leoti. Murphy is now working out the menu, but as yet it has not been announced.

Professors Vary on Opinion of Cosmetics

The reporter raised a shiny nose from a dusty tome to see an out-thrust assignment slip from our editor. It was, of all things, to find out the opinion of various wise profs on cosmetics. Hurriedly straightening make-up on the run she headed for R. I. Thacker's sanctum. After blushing a bit and hemming a good deal more, he enthusiastically endorsed make-up at all times, "except when swimming." Even then he likes water-proof rouge. He says quantity depends on the individual.

It takes a lot of courage to say Dr. H. T. Hill refused to talk because no one will believe it. But he did. Upon further questioning he divulged the secret that cosmetics and technocracy were the only two things upon which he refused to give his opinion.

A member of the history department, who refused to have his identity disclosed perhaps through fear of revenge, says girls use entirely too much lipstick. The "line of demarcation begins too suddenly in their rouge," he added. A dime he likes graduate students best!

Miss Barfoot of the art department pleads with girls to consider skin tones. "Wear cosmetics to fit the occasions," she says. There are no longer blondes, brunettes, or mediums according to her. In America you often see a Scandinavian

DISCUSSES DISEASES OF ANIMAL AND MAN

Dr. Karl F. Meyer Tells of Three in Group Called Heterogeneous Infection Chain.

There is a close relationship between the diseases of man and animal, Dr. Karl F. Meyer, director of the Hooper Foundation for Medical Research at the University of California told members of Sigma Xi, veterinary medicine students, and members of the Kansas State faculty at his public lecture January 17 on "The Animal Kingdom, a Reservoir of Disease."

"It was universally believed that poisonous fluids formed in some animals such as snakes were primarily to injure other animals," stated Dr. Meyer. "But by experiments with venomous snakes it is now known that the primary function of these poison fluids is to aid in the digestion of food. Protection is only a secondary function."

But poisons are only a minor source of disease that can be given to man. Doctor Meyer has made extensive studies in the last three years on a group of diseases which he calls the heterogeneous infection chain. There are several types of diseases in this chain, but Doctor Meyer discussed only three.

Those transferred from animal to man, those from bird to man, and those from rodent to man. With the first two the passage is broken, that is, man cannot give the disease to any other man, with one exception—the dreaded psittacosis or parrot fever, which can readily be transferred from man to man. With reference to the class of diseases from rodent to man, the passage is unbroken.

In California, the speaker told his audience, the doctors are working hard to eliminate the causes of these diseases by carefully testing the animals and birds that leave their state. The stock of parakeets is especially watched, for these birds are the worst carriers of the parrot fever. In San Francisco great advances have been made in destroying rats which carry the disease that has caused the downfall of nations, Bubonic plague.

To illustrate points in his lecture Doctor Meyer showed slides that had been prepared from personal experiences.

PLANS UNDERWAY

Kansas Engineering Society to Meet in Topeka, February 5.

Plans are underway for the Kansas Engineering society, according to Prof. E. R. Dawley, secretary and treasurer of the organization, which will meet at the Jayhawk hotel in Topeka Sunday, February 5. The organization has 334 members at present, most of whom will attend.

An interesting, technical program is being prepared, according to Professor Dawley. Any graduate engineer, architect, or surveyor in the state is eligible to become a member. He must be directly engaged in the design, construction, maintenance or operation of engineering or public works of less than four years' practice of his profession.

So buys the "Big Boy." 32-1

FORMER KANSAS STATE FOOTBALL PLAYER KILLED

HORACE M. "PROG" RANDELS FATALITY SHOT BY FATHER-IN-LAW.

STARRED UNDER BACHMAN

Also Member of Grid Team When Cleaver and Schultz Were Coaches in 1918 and 19.

Horace M. "Prog" Randels, 32, former Kansas State college football star, was fatally shot by his father-in-law, Dr. Lafayette J. Dull, Wednesday night in Salt Lake City. The father-in-law, a retired dentist, is being held by the Salt Lake City police.

Randels, referred to also as "Young Chief," was a member of the football team in 1918 and 19 when Z. G. Cleaver and A. L. Schultz were the coaches and then came back in 1925 and 26 to finish under Charles Bachman.

Randels made four letters at the college as the Missouri Valley conference ruled that the year spent in the S. A. T. C. camp in 1918 would not count as a year of eligibility. He was graduated in agriculture in 1928 from the college.

Randels also had three brothers who attended Kansas State. The third brother, Ray, attended only one year and then transferred to Nebraska university where he played against "Prog" in the fall of 1925. Charles Randels was a full-back when M. F. "Mike" Ahearn was coach in 1908 to '10. Lee "Stiff" Randels played under Guy Loman in 1915 and '17. He was all Missouri valley end one year and became one of Kansas State's legendary heroes when he crossed the Kansas university goal line for the first time in the history of Kansas State.

Doctor Dull said he called at the Randels home Tuesday night to obtain some eggs and milk. During the argument Randels grabbed his father-in-law about the throat and shook and choked him. Later when Randels and his wife went to the Dull home the argument was resumed. In a moment of fury Dr. Dull said he thrust a revolver against Randels' breast and fired twice.

Besides his widow and two young children, Randels is survived by five brothers and three sisters. They are Charles Randels, Belton, Mont.; Lee Randels, Boulder City, Nev.; Ray Stanford Randels of Wichita, Kan.; Mrs. Roy Heacock, Wichita; Mrs. Paul M. Furr, De Kalb, Ill.; and Mrs. Frances Hock, Marion, Kan.

LAST DAY FOR PICTURES

Proofs for Opening Pages of Year Book Have Been Received.

Today is the last chance to get pictures taken for the Royal Purple. If for any reason anyone cannot or has not had his picture taken for the class or individual section he can go to the Royal Purple office and make special arrangements with Franklin Thacker, editor.

Proofs for the opening pages have already been received for the year book. Prof. H. W. Davis, chairman of the Royal Purple board, sent applications out yesterday to printers to receive bids for the printing done in the yearbook.

HAYS MAN CONFERS HERE

Ag Experts Complete Bulletin on "Sorghum Varieties."

E. H. Coles, a former Kansas State student, now at the Colby experiment station, was in Manhattan Thursday, January 19, holding a conference with members of the agriculture department. The purpose of the conference was to discuss plans for experimental work during the summer.

A. F. Swanson of the Hays experiment station and H. H. Laird of the agronomy department have completed a manuscript for a bulletin on "Sorghum Varieties." In the near future, these two men will complete a manuscript for a bulletin on "Sorghum Production."

SPEAKS TO ROTARIANS Dr. J. E. Kammerer spoke before the Manhattan Rotary club at the meeting Thursday noon. He talked on the gold standard.

For parties, mixers, all social occasions, Chappell's Ice Cream is just right. 32-1

ASSEMBLY A PART OF FOUNDERS' PROGRAM

Dr. J. T. Willard Will Give Illustrated Lecture Depicting College History on February 14.

Plans are under way for the observance of Founders Day at Kansas State college as February 16 will be the 70th anniversary of the founding of the school.

On Tuesday, February 14, Dr. J. T. Willard, vice-president of the college, will give an illustrated lecture in student assembly bearing on the founding of the college. He will show pictures of men and women prominently identified with the early history of the school and pictures of the first buildings and campus views of the college when it was still quite young.

A radio program to be broadcast on Feb. 16 from station KSAC in observance of Founders Day 11 being arranged by H. Miles Heber, of the public speaking department, Kenney Ford, alumni secretary, and L. L. Longsdorf, extension editor.

GREEKS ELECT OFFICERS FOR SECOND SEMESTER

Six Fraternities and Sororities Choose Officers for New Term—Many Elect in Spring.

Several Greek letter organizations have elected new officers for the second semester. Most of the sororities and some of the fraternities elect officers in the spring, while some of them choose new leaders after the beginning of the second semester. Groups which have elected recently, together with the new officers, are:

Phi Beta Phi: president, Bernice Mosser, Larned; vice president, Ruth Obenland, Manhattan; secretary, Mary Holton, Manhattan; treasurer, Marian Todd, Leavenworth; corresponding secretary, Billy Cowdery, Lyons.

Alpha Kappa Lambda: president, Warren Little, Grove; vice president, S. H. Keller, Newton; recording secretary, Verna Elliott, McPherson; corresponding secretary, Rex Woodward, Medicine Lodge.

Phi Sigma Kappa: president, Steve Vasecky, Kansas City, Kan.; vice president, Earl Mayden, Manhattan; secretary, John Reine; Great Bend; treasurer, Dale Dixon Norcutt; auditor, Oscar Kent Monroe, Mich.; inductor, John Mogge, Goodland.

Pi Kappa Alpha: president, Dal Maxwell, Columbus; vice-president, James Epperson, Hutchinson; secretary, Charles Moore, Manhattan; treasurer, Gene Ellis, Council Grove.

Lambda Chi Alpha: president, Bill Dole, Almena; vice-president, Jay Kimball, Manhattan; secretary, David Hays, Manhattan; treasurer, Joe Creed, Bartlesville, Okla.

Sigma Alpha Epsilon: president, Clay Reppert, Harris; vice-president, Ivan McDougal, Atwood; secretary, Ray Nelson, Troy; treasurer, Robert Alexander, Independence, Mo.; corresponding secretary, Howard Moore, Salina.

ELECT MARIE GRIFFITH THETA SIGMA PHI HEAD

Virginia Hagart Chosen as Secretary of Honorary Journalism Fraternity.

Mayrie Griffith, Topeka, was elected president of Theta Sigma Phi, women's honorary journalism fraternity, at a meeting yesterday afternoon. The office of secretary which has been held by Edith Dobson, Manhattan, who graduates at the end of the first semester, has been filled by Virginia Hagart, Topeka. Bett Gaston, Manhattan, also graduates this semester.

Members of Theta Sigma Phi will cooperate with the publishing of the new Kansas Magazine by distributing copies which are to be issued on Kansas Day.

WILL ELECT OFFICERS

Presbyterian Young People Also Give Interesting Programs.

The Presbyterian young people will be busy with election of officers and many interesting programs during the next few days. Social hour will be held at 5 o'clock Sunday evening at the church.

Sut Irons, Winter Haven, Fla. will lead the young people's Christian Endeavor society using as a subject "Choosing a Life Mate." The election of officers for the coming semester will also be held at the Christian Endeavor meeting "Is Religion Essential to an Adequate Philosophy of Life" is the subject to be used by Prof. W. H. Andrews, of the education department at the meeting of the Presbyterian Inquiry club Tuesday evening, January 24.

WOMEN DIG IN SOCKS SO MEN MIGHT DANCE

GOLD DIGGERS BALL PROMISES TO BE ONE OF YEAR'S BEST PARTIES.

SEE NEW COMBINATION

Second Time in Recent Years All College Women Have Been Hostesses at Party of Their Own.

Kansas State coeds are proving they're Gold Diggers in one sense of the word only—that they dig down in the proverbial sock for gold so that the men might dance at the one party of the year where women do all the cutting and asking. Under the sponsorship of the Collegian, women students will, for the second time, entertain men with a party of their making at the Wareham ballroom Saturday night.

Many of the fraternity houses have assigned more than one freshman to phone duty so any message they believe, they hope, they pray will come to them before the hour of 8 o'clock Saturday will be taken without delay. Other houses have seriously considered disconnecting their phones in order to have a few minutes of peace from the constant ringing. Information via the drug-store booths, indicates there'll be plenty of girls on the "doo" lines to cut in on the more popular making the dance. And most of those men will be in circulation that night if coke-sippers are up on their gossip. In fact, some of the best combinations seen yet this season will be present. For the women seem to know what they want, and are making no bones about getting it.

June Layton and his boys have rehearsal earlier in the week. Tunes old and new floated around the ballroom. The old maestro is preparing for the all-request program, which he says, "May call for anything."

While tickets are being handed at the various organized houses, they will be on sale at the door.

RECEIVES APPOINTMENT TO MILITARY ACADEMY

H. H. Harris, Grinnell, Wins Right to Attend West Point—Is Sophomore Engineer.

H. H. Harris, Grinnell, has received an appointment to West Point Military academy, West Point, New York, to take effect July 1. Harris is a sophomore in electrical engineering and a member of Mortar and Ball.

The appointment was made by Congressman Charles I. Sparks of the sixth district, and will be confirmed or annulled after a physical examination to be given at Leavenworth, March 7.

DR. PAINTER RETURNS

Spends Six Weeks in East Working in Museums.

Dr. and Mrs. R. H. Painter, 909 Thurston, who have been in the east for the last six weeks, returned to Manhattan, Saturday, January 14.

Dr. Painter, who is assistant professor of entomology at the college, spent the time working in several large museums and reported an interesting and profitable experience. Museums in Boston, New York City, Philadelphia, Washington, D. C., and at Ohio State college, and the University of Illinois were among those visited.

ATTEND VET MEETING

Ten Members of Veterinary Medicine Division Go to Wichita.

Ten members of the veterinary medicine division of the college attended the twenty-ninth annual meeting of the Kansas Veterinary Medicine association in Wichita this week. Dr. K. F. Meyer of the University of California, who lectured here early this week, accompanied the Kansas State representatives to Wichita.

Those from here who attended the meeting included Dean R. A. Dykstra, Dr. E. J. Frick, Dr. E. H. Frank, Dr. M. E. Jennings, Dr. W. M. McLeod, Dr. J. H. Burt, Major H. E. Van Tuyl, Dr. J. P. Scott, Dr. C. H. Kilselman, and Dr. H. E. Leinhardt.

THE FINAL THRUST

When the Collegian forms closed at approximately two o'clock this morning, the duties of the present editor ended—at least as far as holding the reins of the Collegian is concerned. And when one finishes a prescribed duty, he usually thanks those persons who have cooperated to make his venture successful. It will be done.

First of all, and for no other reason than it has been closest to us, we extend thanks to the staff. Each member has worked diligently to make his or her department the best possible. Perfect harmony has dominated the procedure of publishing the successive issues of the Collegian. Not only have the staff members assumed full responsibility of their own duties but many times have digressed from their individual paths to lend assistance to their colleagues.

To give credit where much credit is due, we thank the reporters and frequent contributors who have regularly handed in material to fill the columns of the Collegian. The cooperation of the reporter staff is indispensable in the publication of any news organ. To these persons go a great share of sincere thanks.

Last, but by far not least, to be thanked are the individuals and organizations who have seen fit to do certain things out of the ordinary which generally result in the birth of that elusive element known as news. Without them, the occupation of newspapering would still be one of the professions to appear in the future.

The above paragraph includes all and sundry who did not receive individual thank-yous, and consequently—we have done.

The Snooper

The zero hour approacheth! Mulling in books and the midnight burning of oil will increase this week end in preparation for finals. Graduating seniors will make reservations in the local breadlines and freshmen will have their first bitter taste of two-hour finals! To a few incoming freshmen enrollment will mean a step into a new and strange existence, to the college it will be merely beginning of the one hundred and fortieth semester.

The Snooper doesn't regret his unwillingness to give a midnight plain and fancy diving exhibition for the group of apple-cheeked youngsters who clustered about the threshold Monday evening. Also Mr. Casman and Mr. Rockwood should be advised to lay off those dime novels and nickel westerns and stick more closely to their orchestral duties. Following in the footsteps of Bullet Joe the Bandit and Hair-Trigger Harry may be saturated with glory but the chilly night air is bad on the bronchial tubes.

Much thumbing through informative volumes together with hours of haggling with some of the learned men of the campus finally brought out the real reason why the flag on the gym was at half-mast. According to Franklin Thackery the flag remains that way for 30 days after a president or ex-president dies. Well, cripes, we can't know everything, can we?

Mr. Rogers, journalism department head, in discussing something-or-other with Ken Harter, Collegian sports editor, remarked that a man didn't have an education until he was 40 years old. Quoth Ken: "Yes, and sometimes he hasn't got one then." You probably don't know what he made of this but it's worth mentioning.

The juiciest news, and news that the band members will be mightily pleased with is this: after this issue the Snooper column will change hands.

Judge For Yourself

There has been a good deal of comment lately in a certain column in the "Collegian" known as "The Snooper." A certain part of this comment has been in the form of more or less insulting remarks about the Kansas State Band. I do not know Mr. Sorrells who writes "The Snooper" personally, so the only personal feelings expressed in this article are those as a band

member. It seems to me that Mr. Sorrells has gone off of his best just a little too much in making insulting remarks about an organization which is a part of the college curriculum. I think that the remarks which Mr. Sorrells made about the band at the basketball games were entirely uncalled for. The band does not have to play at the games, and as we have to buy activity tickets, we play on our own free will. In addition to that, it should be considered that the band is placed in one of the worst places from which to see the games, and also one of the hottest places in the room. The usual seating place of a band is near the center of the playing field or court, however, I am not unmindful of the fact that the seats where the band is placed do not sell very well, and the seats near the center of the court sell very good. Such snarling and wisecracking remarks are entirely out of order in this college, and they are apt to disturb the peace that should prevail here, and the already threatened violence would become more than a threat, which would be unfortunate for Mr. Sorrells.—V. G.

The editorial "Consider the Source" which appeared in Tuesday's Collegian expressed quite well the paper's side of the Snooper-band insurrection. Its statement concerning criticism of organizations which make public appearances was also very true. However, it should not imply that the band had no justification for its deed and that it is a group of poor sports who can't take it.

The college band is not made up of professional musicians, but rather a group of fellows who play because they like it and not because they get credit for it or because they produce music of high quality. Since this aggregation is brought together by a voluntary common interest, it is united in spirit and bears a high respect for its leader.

At first the Snooper used the band as a target for clever wit and humor. This the fellows accepted with many laughs and as good sports. But when he became insulting to the organization and its leader, they became resentful. No group of real men would let such statements go uncontested.

During the escapade of Monday night, the delegation was not in an irate mood nor possessed with mob spirit. Neither did they threaten the life and limb of the Snooper as some ill-informed Morning Chronicle reporter intimated. Those individuals who showed anger for personal reasons are not to be included as representative of the band's sentiments. It must be understood that the band is not concerned with remarks directed at individuals other than its leader and assumes no responsibility for actions of these individuals as a result of the remarks directed at them. A cold bath would be uncomfortable if it is true, but it would not cause any bodily injury. It was the band's intention that such action might convince Snooper Sorrells that even a humor editor can overstep his bounds.—M. H. D.

Tune: Tramp, Tramp, Tramp, the Boys are Marching.

Snoop, snoop, snoop, the band is marching.
Cheer up students, we are game
We are out a man to maim
Or give a bath, it's all the same
He said naughty things, and we will have revenge.

This is the first time, as far as we know, that The Event has been immortalized in song. It is supposed to express what the band boys thought while standing outside Sorrells' rooming house last Monday night.

Pretty reliable information is to the effect that most of the boys made asses of themselves, to use the common parlance. They should be ashamed. They must have read the Snooper column through smoked glasses while nursing severe pains in the gastric regions.

They forget that Sorrells insulted his own band leader repeatedly. They forget also that a man who wears a fine mustache or has a bald head or has long hair, in short, appears out of the ordinary, lays himself open to would-be humorous remarks.

They forget that what is funny to one is not always funny to all. It appears that to be safe, Sorrells should have confined his remarks to literary societies, home ec students or other groups either too small or too peaceable to make trouble. And yet, what could seem more docile than a college band?

He might have erred slightly, but the band erred more. If it had been a "real picnic" for them, it would have been fun for the whole school, but when they chose to get tough, the result was merely disgusting. If they had gotten out a tom-tom and hunted him down like the natives hunted down the "Emperor Jones," that might have been funny. Or it might not—nothing good ever comes of a mob.

And now forget about it. It isn't a pleasant thing to remember.—S. W.

On Other Hills

"Joe Colleges" are disappearing and those that do exist are mainly counterfeit. This is the opinion recently expressed by a dean at DePaul university, who declared that "there are few 'collegiate' individuals in the average campus—most of them are found in front of the corner drug store back home." Few, apparently, are found inside the corner drug store, nowadays.

When the absent minded professor disappears from the campus, he will probably be replaced by the absent minded student. The worst case of the year seems to be that of a senior at Georgia Tech, who took the same course in the same room, under the same professor, receiving the same grade both times, and did not discover his error until recently.

LET CONTRACT FOR SENIOR INVITATIONS

To Maintain Offices in Y. M. C. A. Offices—Three Styles Available for Selection.

A contract has been let for senior commencement invitations according to Mary Lou Clark, Burr Oak, representing Mortar Board, and Dale F. Pocock, representing Friars. Beginning next week a desk will be maintained in the Y.

BARBER'S DRY CLEANERS

Dial 2118

714 N. Manhattan

"I'm working and Smoking overtime—

hence a Milder Cigarette

"WHEN I work hard, I usually smoke more; and when I smoke more, I usually work harder—and that's why I want a cigarette that's milder."

We use in Chesterfield Cigarettes mild, ripe Domestic and Turkish tobaccos which have been aged and re-aged.

These good tobaccos in Chesterfield are used in the right proportions—that's a very important matter.

These good tobaccos in Chesterfield are blended and cross-blended—welded together; that, too, helps to make a milder cigarette with better taste.

THEY'RE MILD—THEY TASTE BETTER

In Society...

OVER THE BACK FENCE....

Since today we sing the Swan Song of this column, we are taking our last, but not least, cracks at all those who may or may not profess to be our friends. To our successor with this column we give this warning—be original enough to concoct a new name for your scandal sheet and a new style might improve things.... To H. Miles Heber and Howard Templeton Hill, worthy men of the public speaking department, we suggest a study of the column "twenty to forty years ago" for hints on publicity stunts for the Manhattan Theatre plays next semester. For better results, we further suggest another try at a popularity contest such as a Betty Co-ed and Joe College fray—it will prove interesting bait to the columnists.... Are the Tri Deltas still keeping a scrap book of other sororities' rush-week aftermaths? Must Jake Faulkner continue to amuse his women students with risqué stories? We hope George Garrison may find his missing two front teeth—where are they? And they say Lyle Downey and Dorothy McLeod are engaged.... Will Duke DuMars ever know how he came into as much power as he thinks he has—there are two or three committees quite willing to enlighten you upon such a matter, Maurice.... The houseboys at the Chi Omega house must never overstep the bounds and date others, you know....

Lest H. W. Davis forget, he was once caught with powder on his coat lapel.... To the "baby blue and pink" organization on sorority hill we wish better luck with the next scandal-monger—perhaps she or he will not be able to see through the innane incidents that often originate at 500 Sunset.... And when did Wally Zeckser join the band—it is rumored that he also waited in the park for Eggs Sorrells the other night. Just can't miss out on a thing, can you, Captain?.... Nuffer, Ehrlich, and Horchem were asked (in succession) by a certain co-ed to the Gold Diggers' ball.... The Palace should put in special bridge booths for the Alpha Deltas who insist upon playing that game in public much to the annoyance of the other coke-sippers.... Does Frances Bell think she's dean of women?.... For special training in perfect recitations of "Horatio At the Bridge" and for a newly edited road map to Salina, apply at Bell and Lutz in Aggieville.... A final thanks to the three loyal Phi Phi sisters who signed our Betty Co-ed petition way back in 1932.... And so "fini la guerre"....

Norman Brokenshire Tunes Up Chesterfield Radio Stars for the New Year

Reading from left to right, Tom Howard, George Shelton, Ruth Etting, Bing Crosby, Norman Brokenshire and Lennie Hayton.

include Professor and Mrs. William Lindquist, and Roy McDonald, Freeman.

College Dames

The College Dames, an organization of the wives of graduate students in the college, were entertained in the home of Mrs. L. E. Call, January 17. A very enjoyable afternoon was spent at cards. The following were present: Mrs. J. E. Ackert, sponsor, and Mesdames J. G. Ackerman, L. E. Call, M. H. Finley, F. C. Momann, A. E. Hostetter, R. C. Hill, Ben Russum, A. W. Rucker, W. R. Mitchell and W. E. Moiling.

Lambda Chi Alpha

Officers of Lambda Chi Alpha for the coming year were elected Wednesday night. They are: president, William Dole, Almena; vice-president, Jay Kimball, Manhattan; secretary, David Hays, Manhattan; social chairman, James Scott, Kansas City, Mo.; treasurer, Joe Creed, Bartlesville, Okla.; and marshal, Wilbur Combs, Bartlesville. John Barbydt and Liebmann Langston, Hutchinson, and Kenneth Crawford, Springfield, were dinner guests Tuesday night.

Kappa Kappa Gamma

The following members of Delta Tau Delta were Thursday evening dinner guests at the house: Don Isaacson, Topeka; Harlan Rhoades, Manhattan; Don Porter, Mount Hope; Arnold Purizer, Manhattan; Herman Tietze, Kansas City, Mo.; Russell Smith, Manhattan; Clark Kostner, Kingman; Russell Webb, Hardtner; Rex Jennings, Hoyt; Charlotte Leunenberger, Kansas City, Mo., was a dinner guest Monday evening. Jane White, Kansas City, Mo., spent last week end in Leavenworth.

Phi Beta Phi

Bernice Mosser was re-elected president for the following year at a meeting last night. Other officers which were elected are: vice-president, Ruth Obenland; secretary, Mary Holton; treasurer, Marian Todd; pledge sponsor, Dorothy Maltby; social chairman, Malena Jane Bergland; corresponding secretary, Billy Cowdery, Dr. and Mrs. L. M. Hinshaw, Bennington, were visitors at the house Thursday. Virginia Lovett was a dinner guest Wednesday night.

Phi Omega Pi

Dinner guests, Tuesday evening, were Mrs. Randall C. Hill, Mrs. E. H. Leker and son, Jimmie, Mr. and Mrs. E. B. Stockdale, Kansas City, visited their daughter, Jewell, Wednesday and Thursday.

Delta Delta Delta

Mr. Harry Stanley, Wichita, will be a week end guest of his daughter, Betty. Miss Artha Knsley will spend the week end in Topeka. Miss Vella Winger, Gwendolyn Burke, and Eleanor Smith were guests of Miss Helen Morgan Thursday and Friday.

Beta Theta Phi

Fred Milliken and Lee Carlson, both of Topeka, were house guests Saturday night, Franklin Colloidy, Hutchinson, went to Salina with the debate team Saturday. Jack Boyd, Topeka, spent the week end at his home. Tom Johnson spent Sunday at his home in Topeka.

Phi Kappa Alpha

Three seniors, who will leave after this semester, were honored at a banquet Wednesday night. The seniors are: Max Fockele, graduating in business finance; Wayne Cantral, graduating in civil engineering and Arthur Scott, graduating in architecture.

Chi Omega

Mrs. R. I. Throckmorton was a dinner guest Wednesday evening. Isabel Nelson, Delphos, visited Wednesday. Mary Elizabeth Rust, and two Pen-Hellenic representatives were Thursday evening dinner guests. Misses Leora and Barbara Morey, Clay Center, will be guests of Charlotte Buchmann for the week end.

IONIAN SOCIETY ELECTS

Ruth Jorgenson Elected President—Marela Conrad, Vice-President. Ruth Jorgenson, Manhattan, was elected president of the Ionian literary society at a meeting last Saturday. Marela Conrad, Manhattan, was elected vice-president.

Other officers elected were: Evelyn Ezell, Pratt, recording secretary; Marian Thompson, Manhattan, corresponding secretary; Geneva Johnson, Frankfort, treasurer; Harriet Reed, Holton, chairman of the board; Carolyn Leonard, Coolidge, chairman of the Look Out committee; Mary Alice Schnacke, LaCrosse, marshal; Winifred Wolf, Ottawa, assistant marshal; Jessie Dean, Princeton, assistant program chairman; Helen Reed, Circleville, artist.

TO ENTERTAIN STUDENTS

Art Department to Give Tea Monday Afternoon.

The art department will entertain the students majoring in art Monday, January 23, from 4 to 5 o'clock in A 55. Faculty guests will include Margaret Justin, dean of home economics, Miss Ahlborn, assistant dean of home economics, Dr. M. S. Pittman, head of the department of foods and nutrition, Miss Alpha Latzke, head of the department of clothing and textiles, Dr. H. W. Ford, head of the department of child welfare and eugenics, Miss Bessie West, head of the department of institutional economics, and Miss Lucille Rust, professor of education.

RADIO SCHOOL TONIGHT

Second of Series on Discussion of "Livestock Judging."

The second extension radio school will be broadcast over station KSAC tonight at 9 o'clock with C. G. Elling, associate professor of college extension, and E. G. Kelly, Manhattan, in charge. "Livestock Insects" will be the subject under discussion.

Farmers from at least 30 counties throughout Kansas will be tuned in on this program tonight, according to L. L. Longsdorf, extension editor. Through the county agents, the farmers will meet in various groups and listen to the radio program.

gram. Film strips illustrating the lecture will be run in the broadcasting station, and duplicate film strips will be run off in the schools where the farmers meet.

The extension radio school, the farmers, and the county agents are cooperating to make this idea a success.

A. V. M. A. ELECTS OFFICERS

The junior chapter of the American Veterinary Medical association elected the following officers at the meeting January 12: president, Alec Robertson, Manhattan; vice-president, Charles D. Stafford, Manhattan; secretary, Eugene Peck, Manhattan; treasurer, Elmer Metcalf, Manhattan; critic, William Angerer, Manhattan; marshal, C. M. Smith, Manhattan; and reporter, Lillie Wemple, Seneca.

At The Theatres

AT THE WAREHAM

"Billion Dollar Scandal" The story at the Wareham deals with an ex-convict who finds to his surprise that crime is not confined to his class but that the rich have rackets which make his crimes look like petty thievery. In the empty of a rich man the ex-convict (Robert Armstrong) gets rich listening to stock market tips the man gives to his friends. Armstrong's kid brother lives the rich man's daughter. Rich man makes poor man out of Armstrong by giving him a bad tip on the market intentionally. Poor man Armstrong then gets even by squealing to the papers about an oil swindle that the rich man is tangled up with. The story ends in a courtroom scene when a rich swindler commits suicide. Poor man Armstrong's kid brother marries the daughter, Constance Cummings. Armstrong is made a hero for an hour but finds himself in the street at last with the words of a

cold-hearted editor. "There is nothing as cold as yesterday's news," ringing in his ears—Egg.

AT THE VARSITY

Fabon Jenny

Area's there any women in Hollywood but self-sacrificing mothers and sweethearts who keep silent to protect the men they love? Or is it that scenario writers are trying to convince the downtrodden American public they're better off than the next fellow. Ruth Chatterton in "Frisco Jenny" is another of these women who goes to the electric chair rather than reveal her identity to her politically ambitious son. Miss Chatterton is one star who grows old by other means than sprinkling powder in her hair. She places the age around her eyes, she's a polished actress. And beautiful.

Donald Cook, as her son, is one of the best looking men seen on the screen lately. When he instructs the jury at his mother's trial he's in an excellent spot to give the audience all he's got. And that's a lot.

Louis Calhern, James Murray, and Harold Huber furnish a good supporting cast.

It's another powerful Chatterton picture... E.D.

WILDCATS LOSE FOURTH BIG SIX TILT TO SOONERS

OKLAHOMA UNIVERSITY TAKES
GAME TUESDAY BY SCORE
OF 39-36.

SCORE TIED AT END OF HALF

At Beginning of Second Period
Sooners Begin to Hit and Hold
Lead For Remainder
of Game.

Kansas State lost its fourth consecutive Big Six basketball game to Oklahoma university Wednesday night by the score of 39-36. A last four-minute rally by the Wildcats, in which 13 points were scored, threatened the Oklahoma lead so much that Captain Andy Beck, Sooner forward who had been taken out of the game a minute before, was rushed back in the fray and helped save the game with a field goal.

The score at the half was knotted at 16-all but the Sooners started hitting and the score was 37-23 when Beck was taken out. Immediately Captain Andy Skradski and Bus Boyd began sinking long shots that they had been missing in the early part of the game.

Although Kansas State controlled the tip-off throughout the game this advantage was offset by the floor work of the speedy Sooner forwards.

Browning, Oklahoma guard, was the leading scorer of the game with 13 points. Beck, Boyd, and Skradski tied for runnerup honors with 11 apiece.

The box score:
Kansas State (36) GFT.F
Graham, f 2 1 3
Stoner, f 2 1 1
Breen, f 0 0 1
Dalton, c 2 0 3
Boyd, g 4 3 3
Skradski, g (c) 5 1 0

Oklahoma (39) GFT.F
Beck, f (c) 5 1 3
Anderson, f 4 1 2
Bross, f, g 0 1 1
LeCron, c 1 3 1
Vaughn, c 0 0 0
Main, g 0 0 3
Browning, g 6 1 3

Score first half, Oklahoma 16; Kansas State 16. Referee, John B. Olds, Kansas.

WRESTLING SQUAD TO MEET K. U. SATURDAY

University to Come Here for Re-
turn Match February 3—Team
in Good Condition.

Squad members who will make the trip to Lawrence for the wrestling meet with Kansas university Friday were announced by Coach B. R. Patterson last night. Try-outs for the different weights have been held all week and the squad is in good condition.

On February 3 Kansas university will come to Manhattan for a return match and on February 10, the Oklahoma Central Teachers college team will compete here. On February 18 Kansas State matmen will meet the Nebraska Cornhuskers here. A meet with Missouri university is tentative.

Plans are being made for the state high school tournament to be held here February 24 and 25. March 3 and 4, Kansas State will

be host to the Big Six teams for their annual conference meet.

Squad members that will represent Kansas State at Lawrence Friday night are as follows: 118-pound class, Paul Griffith, Edmond; 126-pound class, A. D. McDonald, Bremen; 135-pound class, Billy Walters, Manhattan; 145-pound class, Paul Warner, Whiting; 155-pound class, June Roberts, Ford; 165-pound class, Joyce Miller, Sycamore; 175-pound class, F. M. Bosarth, Lenora; heavyweight, A. R. Thiele, Bremen.

FRESHMEN ASPIRANTS WILL TRYOUT MONDAY

Freshmen Basketball Men Have
Chance to Demonstrate Individual Prowess.

Freshmen basketball aspirants will have their first chance to demonstrate individual prowess on the

hardwood when they answer the initial call for squad candidates on Monday, February 6, according to Coach Charlie Coraust. A squad of 30 men will be picked from those answering the call. Practice will be held three nights a week until spring. At the end of the season ten numerals will be given to the men recommended by Coach Coraust. A large turnout is expected.

THE INDOOR RECORD

Whitley Cox, Oklahoma U., is From-
ing Dash Man.

Norman, Okla.—Whitley Cox, of Tulsa, University of Oklahoma sophomore dash man, tied the world's indoor record for the 60-yard dash this week by clipping it off in 8.2 seconds on the Sooner indoor track beneath the west wing of Memorial stadium.

Running with tremendous speed and exhilaration, Cox defeated the best varsity and freshmen dash

men on the squad by a yard and a half. If he can do that well in "Big Six" competition, he will be the first great dash man developed at Oklahoma in more than two decades.

RIFLE TEAMS FIRE

The results of the matches fired by the rifle teams for the week ending January 14 are as follows: Women's team—Pennsylvania State-921, Kansas State-937; Montana State-7, Kansas State-476; University of Indiana-937, Kansas State 92 New's team—University of Wisconsin-3645, Kansas State-3454; University of Tennessee-3487, Kan-

as State-3483; Ohio State univer-
sity-1377, Kansas State-1330; Ohio

State university-3655, Kansas State
-3483.

NUMBER 93

HOUSE LOSSES INDICATES FALL IN ENROLLMENT

Phi Kappa Alpha is Hardest Hit With Net Drop of Five Members.

GREEKS FEEL DEPRESSION

Return of 34 Members Second Semester Does Not Offset Decrease of 67 By Graduation and Other Causes

With four members graduating and three leaving school, Phi Kappa Alpha suffers the heaviest loss of organized houses at the beginning of the second semester. The return of two old members helps somewhat and reduces the net loss to five, just one more than is listed for Farm House, Sigma Nu, Alpha Kappa Lambda and Phi Omega Pi.

The new semester finds three former members returning to Phi Sigma Kappa. A dozen houses report the return of two members, and seven have one back.

Two Have No Losses, Gain Two Among the fortunate, with no losses, are two fraternities regaining two members. They are Alpha Rho Chi and Beta Theta Pi.

The total of 34 members returning fails to offset the loss of 67 students, including 19 graduates.

May Be An Indication

The figures for organized houses may be some indication of the enrollment expectations of the week. It was learned from authoritative sources that no decided decrease in registration is anticipated, although some change would not be surprising considering the present economic conditions.

College officials are unable to make a definite check-up at least until registration is well under way. By Wednesday noon, the rush will be over, although two groups will be assigned after that hour.

Enrollment Doors Open

Beginning with the letters B, T and V, enrollment got under way at 7:45 this morning at Nichols gymnasium. Students not enrolling by the final period from 2 until 5 o'clock Wednesday afternoon will be subject to a \$5 late enrollment fee.

The schedule of registration is as follows:

Tuesday morning—B, T, V—7:45 to 9:30. H, I, K, Z—9:45 to 11:15. Tuesday afternoon—P, S—12:30 to 2:00. E, M, N, U, X—2:15 to 3:45. Wednesday morning—A, C, L—8:00 to 9:30. D, F, Q, R—9:45 to 11:15.

Wednesday afternoon—G, J, O, W, Y—12:30 to 1:45. Special students and other students not yet assigned—2:00 to 5:00.

OUTLINE SPRING ACTIVITIES

Scout Fraternity Will Have Birthday Party as Opener.

Alpha Phi Omega, national honorary scouting fraternity at the college, is planning an active program for the next three months.

The first event will be a Scouting party on February 10, further details of which will be announced later. A radio program and an open house are also planned to be held in the near future.

The next meeting will be on Thursday, February 2, at 8 o'clock, in Alpha Phi Omega hall on the second floor of Nichols gymnasium. It will be an informal open house and all college men who have been former scouts or those who are interested in scouting as a profession are invited to attend. The purpose of the fraternity is to encourage college men in the spirit of the scout oath and law, to develop friendliness, and to promote service to the youth of America.

Officers of the local (Phi) chapter are: Max McCluggage, Manhattan, grand master; Donald White, Kansas City, Mo., deputy grand master; Ernest Hilyard, Reece, scribe; Virgil Lundberg, Falun, treasurer; and John Wadham, Marysville, sergeant-at-arms.

ENTRANCE TESTS GIVEN

Memories of high school days were forced upon many Kansas State students Monday, January 30, when entrance examinations were held in Denison hall to make up deficient high school credits. Prof. J. O. Hamilton, head of the physics department, was in charge.

Varsity Theatre \$1.75 Thrift book, save 30 per cent.

On Botanist's Year Book Classes are Only Checkers

Another checker makes the king row, but the game's delayed on account of lunch. That's the little game Dr. F. C. Gates is playing in his attic office in Dickens hall. The checkers are botany classes, and the lunch period is another registration. And when he comes back, there will be new checkers on the board, and new manipulators.

Ever since that day in 1919 when he came back from the army to fight plant diseases instead of tear gas, Doctor Gates has been playing this checker game. At the end of every semester, he tallies his class scores. Sometimes a section in botany I gets to the king row, like it did last semester, when one section went over the top in its class average.

Sometimes he has to chuck one nearly off the board. That might be a botany II. They're funny that way in botany II—either pretty good or pretty bad. And sometimes they "stagger" like the medics classes, one year up, the next year down, in pretty little Pike's Peaks.

It doesn't make much difference how big the classes are. Some of the smallest have been some of the worst, and some of the best. They're

the Wednesday-Friday classes. The Tuesday-Thursday labs always fill up first. They can be tucked in nicely between Monday-Wednesday-Friday recitations.

There's one big ditch in those little lines the doctor draws. That was a war measure, too. After the boys came back, they didn't have much else to do so they went to college. A lot of them had quit college to join Uncle Sam. And when they got back to college, they'd sort of forgotten how to study. Some hadn't known in the first place. Anyway, down went those class averages.

"We had over 400 students in botany in those days," Doctor Gates recalled. "We had so many we had to crowd two sections into one room, and a room that was too small for either of them."

And there's eternal glory for one class of sophomore vet medics. It was the 1925 group, and the whole class made the B-line. They're one of the bright spots on the checker-board.

And now it's another semester. Doctor Gates wonders where the checkers are going to end up in May, 1933. It's a great game—even if they do weaken occasionally.

'Y' MEN HOLD RETREAT AT WAMEGO RECTORY

Kansas State Represented by Thirty-Two Members at Meeting Saturday

The annual between-semester college Y. M. C. A. retreat was held Saturday at the Episcopal parish house in Wamego with 32 students in attendance from Kansas State. Representatives of the University of Kansas, Kansas Wesleyan university and Washburn college were invited to attend.

Speakers on the all-day program included Dr. W. E. Grimes, head of the college agricultural economics department; Rev. B. A. Rogers, Methodist Episcopal student pastor; and Roy McCullough, Y. M. C. A. executive secretary of the University of Kansas. Dr. A. A. Holtz was in charge of the retreat. Dinner was served at noon by the ladies of the Episcopal guild.

Among those present from Kansas State were: Fred Hill, Huntington, W. Va.; Ernest Reed, Norton; Marvin Shaw, Holton; Amor Jeffries, Kincaid; C. E. Keith, Ottawa; V. Elliott, McPherson; W. E. Gildersleeve, Kingston, N. Y.; Howard Shaw, Holton; Richard Fowler, Holton; Keith Hinchelliff, O. B. Moody, Earl Ruff, V. Chapman and Frany Elayer, Max McCord, and G. George, Manhattan; Arthur James, Macon, Mo.; Alvin Ploger, Kinsley; Roy D. Grist, Brewster; Roland Elliott, Stafford; Carl Schnell, Jamaica, N. Y.; Monroe Coleman, Sylvia; Douglas Bly, Pierceville; and M. S. Dendurand, Goodland.

FORUM FOR FARM VISITORS

Economist Will Discuss Ways out of Difficulties of Rural Folk.

R. M. Green, professor of agricultural economics at the college, will speak at the first student forum of the spring semester. The meeting will be held Wednesday, February 8, in the Forum room of the college cafeteria. His subject will be "Ways Out of the Depression," a talk on phases of agricultural economics of special interest to those attending farm and home week here.

Professor Green has been a member of the Kansas State faculty since 1920. He was granted his degree in agriculture at the University of Missouri in 1914 and received his M. S. degree from K. S. C. in 1922.

Further plans for the Student Forum programs have not been definitely decided upon by the Student Forum committee. Members of the committee are: Blanche Christensen, Bushong, chairman; Esther Row, Larned; Velva Kleven, Superior, Neb.; Marion Todd, Leavenworth; Howard Shaw, Holton; Harold Harris, Grinnell; and Virgil Chapman, Manhattan.

GIVE TWO-PIANO RECITAL

Miss Alice Jefferson and Miss Clarice Painter will present a program of two-piano music in the college auditorium Thursday evening, February 9. The program is the fifth of its kind in which these two members of the music department have appeared. Their recital is the third in a series at present being presented by the department.

Varsity Theatre \$1.75 Thrift book, save 30 per cent.

LOWEST PRICES IN HISTORY FOR COMEDY FRIDAY

FOR A QUARTER, ANYONE CAN WATCH H. W. DAVIS SPILL HIS EGG

FOLLOWS MISSOURI GAME

Dime Additional Charge for Reserved Seats for "The Minick," Manhattan Theater Production in Auditorium

When H. W. Davis spills coddled egg on his waistcoat, chased the town's most important club women out of the house, and tells his daughter-in-law to "go raise a family,"—that's comedy. The particular one happens to be "The Minick," in which the head of the department of English is cast in the title role, and a new low admission price has been announced.

The play will be presented in the college auditorium Friday evening, February 3, immediately following the Kansas State-Missouri basketball game.

As a special inducement to students and basketball fans, the lowest admission charge for any play ever produced by the Manhattan Theatre is being offered. Tickets will be on sale at the box office Wednesday, February 1, for 25 cents. An additional charge of ten cents is made for reserved seats. Fifteen hundred unreserved seats will be available.

"Unless we give support on this play that will warrant our continuation," said H. Miles Heberer, director, "it is very probable that the Manhattan Theatre will be discontinued."

Only one performance will be given. Those who have been sold Thursday night tickets may have them exchanged for the Friday night performance. A refund will be granted to holders of season tickets to make up for the difference in the price change.

TO SEE MACHINERY SHOW

Group From College to Wichita Exhibit End of Month

A number of the faculty members of the division of engineering are planning to attend the south-west road show to be held in Wichita, Tuesday, February 28, Wednesday and Thursday, March 1 and 2. This annual exhibition is one of the most important in the Middle West, according to Prof. M. W. Furr of the department of civil engineering. It is sponsored by the Wichita Tractor and Machinery club.

Farm implements, tractors, and highway engineering exhibits are shown. The bureau of public roads of Washington, D. C., is expected to be one of the chief attractions this year.

WOMEN BEGIN COURT PLAY

Basketball is the first intramural sport for women this semester. Practices will begin early next week, and teams which will enter should sign the bulletin board in the women's gymnasium.

(Continued on page two)

COMMISSIONS TO TEN MILITARY GRADUATES

Colonel John S. Sullivan Administers Oath to Student Completing R. O. T. C. Course.

Colonel John S. Sullivan administered the oath of office and gave commissions Saturday to ten men who have completed the course in the Reserve Officers Training corps.

Those receiving the honors in the office of the P. M. S. and T. were: Leonard Garrison, Manchester; Dale Pocock, LeRoy; Harold Anderson, Manhattan; Samuel Cory, Hutchinson; Ralph Smith, Jewell; Alfred Wooster, Erie; Zaddock Hook, Manhattan; James Hunter, Manhattan; and Robert Wilson, Manhattan.

STUDENTS EDIT CAPITAL

Journalists Make Annual Trek to Topeka to Handle Kansas Day Issue

Relieving regular reporters of the Topeka Daily Capital, students of the department of journalism Monday took over the office and edited the Kansas Day issue. The practice is one of long standing.

The first assignment of one of the students was to accompany a photographer to the Santa Fe depot to "shoot" the reception of Governor Winant of New Hampshire. The student was to get the names of the celebrities in correct order from left to right as they posed for the picture.

Stepping to the stranger on the extreme left the collegiate one asked, "Your name, please?" "London," the "stranger" replied.

Most of the students making the trip were juniors and seniors. Members of the department staff accompanied the team and made assignments.

Some stories had been submitted before hand by reporting students on topics of general interest over the state.

Special meetings covered by students included those of the following organizations: Kansas Day club, Women's Kansas Day club, Republican Women's club, Kansas Authors' club, Ex-Servicemen's League, Kansas Women's Press club.

LEAP YEAR PARTY TONIGHT

Hamiltons and Ionians to Gather For Annual Affair.

The Hamilton-Ionian leap year party, which takes place annually whether it's leap year or not, will be held in recreation center tonight at 8:30 o'clock. Members of the Ionian society, all women, have made all arrangements, will call for their dates, and buy "cokes."

HEAR FROM RIFLE MATCHES

Scores of Six Opponents Received By Men's Team—One Women's.

Results of firing in six matches for the men's rifle team for January 21, are as follows: New York State Exchange 3,718, Kansas State 3,465; Cornell university 1,331, Kansas State 1,315; Kemper Military school 1,780, Kansas State 1,693; University of Wyoming 1,685, Kansas State 1,766; and Western Maryland college 3,638, Kansas State 3,414.

Results for the women's team was:—University of Washington 989, Kansas State 945.

HOLD REGISTRATION TEA

The Y. W. C. A. will serve tea in the Y. W. room both days of registration. This will be especially in honor of the new girls, but all student and faculty women are invited to come. The hours are from 9:30 o'clock till 11:30 and from 2 till 5 o'clock.

NAME BOARD MEMBER

Elizabeth Lamprecht was named as the new student member of the Congregational college board at the annual church meeting last week. Dr. Dorothy Triplett is the new faculty member.

KANSAS MAGAZINE BACK AFTER SEVENTY YEARS

State's Birthday Sees Revival of Publication of Creative Art

The "Kansas Magazine," collection of Kansas creative art, which ceased publication in 1893, came to life again Kansas Day with R. I. Thackrey, '27 and '32, as editor and Helen Sloan, '31, as associate editor.

Mr. Thackrey is assistant professor of industrial journalism at Kansas State. Miss Sloan is secretary to Prof. C. E. Rogers, head of the department of journalism.

Copies Available on Campus

Only 1,000 copies of these serious and humorous articles, verses, stories, and reproductions of the Kansas artists have been printed. Many of the authors represented in the "Kansas Magazine" have been regular contributors to literary magazines such as "Harper's," "Scribner's," and "American Mercury." The "Kansas Magazine" may be obtained in the department of journalism.

Those contributing prose compositions include: Ed Howe, Atchison; E. Halderman-Julius, Girard; Marion Ellet, Concordia; W. G. Clugston, Dr. Karl Menninger and Jean Lyle, Topeka; Paul Jones, Lyons; Nelson Antrin Crawford, Topeka; Jennie Small Owen, Junction City; C. E. Rogers, Manhattan; E. E. Kelley, Topeka; John P. Harris, Chanute; Arch Jarrell, Arkansas City; William Allen White, Emporia; H. W. Davis, Manhattan; Larry Freeman, Hutchinson; Faye Davidson, Wichita; C. M. Harger, Abilene; J. P. Callahan, Manhattan.

The poets include: May Williams Ward, Belpre; Eunice Wallace, Augusta; Marco Morrow, Topeka; Helen Rhoda Hoopes, Lawrence; Helen Sloan, Manhattan, and Cora G. Lewis, Kingsley.

Artists of State Contribute

Among the artists are: Dr. Birger, Lindsay; C. A. Steward, Wichita; Arthur W. Hall and Norman Bassett, Howard; Hershel Logan, Salina; John F. Helm, Manhattan; Bruce Moore, Wichita; Lloyd Foltz, C. M. Capps and Leo Courtney, Wichita, and John S. Curry, a Kansas artist now in New York, John Noble, Wichita, and Dorothy Barfoot of the Kansas State college.

CO-ED TO SHOW DAIRY COW

Margaret Glass Is Only Girl Among Nineteen Entrants in Contest.

Nineteen Kansas State college students, including one young woman, entered the fitting and showing contest sponsored by the Dairy club of Kansas State college. The contest is a part of the Farm and Home week program scheduled for next week at the college. It will be held February 8.

Miss Margaret Glass of Manhattan is the lone woman entrant in the contest according to Wayne Jacobs, assistant manager of the contest. F. W. Castello is the manager of the Dairy club contest.

At the drawing of stock Saturday afternoon Ayshires were drawn by A. B. Rinehart, Greensburg; E. L. Byers, Hepler; G. G. Lundgren, Clyde; Margaret Glass, Manhattan; A. C. Thompson, McCune; and J. R. Ketchersid, Hope. Holsteins by P. H. Hostetler, Harper; W. R. Smith, Columbus; L. J. Sconce, Halstead; W. W. Babbitt, Willis; F. H. Walker, Manhattan; F. B. Burson, Monument; and W. A. Chalender, Sedgwick. Jerseys by J. O. Miller, Menden; Marion Noland, Falls City, Neb.; and L. G. Harmon, Hutchinson. Guernseys by A. C. Thompson, McCune; and P. H. Hostetler, Harper.

DANCE! Mid-Semester, DANCE!

Feb. 1—Wednesday—Feb. 1 DANCE-MOR BALLROOM (112 N. 4th St. Mercury Bldg.) Featuring Franklin LeRoy's Rhythm Kings Gentlemen 50 Cents—Ladies Free 33-1

The student who cries naturally runs the risk of being discovered and perhaps expelled, but on the other hand if he doesn't cry he runs the risk of getting a low grade while other students around him are successfully using ponies of every description.

Varsity Theatre \$1.75 Thrift book, save 30 per cent.

KANSAS SUPREME COURT UPHOLDS STATUTE FORCING GREEK TAXATION

KANSAS STATE, KANSAS UNIVERSITY, AND BAKER UNIVERSITY FAIL IN ATTEMPT TO HAVE THEIR PROPERTY REMOVED FROM TAX ROLLS.

LOCAL GROUPS EXPECTED TO MEET THE DEMANDS

Thirty-Six Kansas State Fraternities And Sororities Owe Riley County \$33,159.50 For Taxes Accumulating Since 1930.

Declaring that the 85 Kansas State, Kansas University, and Baker university fraternities and sororities were unconstitutional in their claim for exemption from rolls, the supreme court Saturday ruled that taxes on real and personal property owned by Greek organizations must be paid.

If One Yawn Means Concentration, Two May Spell Boredom

That yawning in class may be due to hard concentration rather than to downright sleepiness is the exceedingly novel revelation brought forward by an instructor of psychology.

"When one concentrates very hard on something," he explained in a recent lecture, "the breathing becomes more and more shallow and the yawn is simply a reflex action on the part of the breathing organs to get more air."

"However, there is absolutely no correlation between the number of yawns and the quality of the grade," he emphasized. Still, there remains the remote possibility that yawning may be due to sleepiness.

COLLEGE BIRTHDAY PARTY FEBRUARY 16

Anniversary Broadcast Is Feature of 70th Year of Existence.

Plans are well under way for the celebration, February 16, of the seventieth anniversary of Kansas State college. Every division of the college will have a part. Lisle Longsdorf, Prof. Miles Heberer, Prof. William Lindquist, Dr. H. T. Hill, and K. L. Ford, comprise the committee on arrangements for the celebration.

Double Event For Willard

The founders' anniversary program will be broadcast at 11 o'clock the evening of February 16 from station KSAC. Dr. J. T. Willard, vice-president of the college, will celebrate not only the seventieth anniversary of the founding of the college, but also his fiftieth year of graduation from, and connection with, Kansas State. Doctor Willard's anniversary talk will be one of several given by officials including President F. D. Farrell and each of the college deans: Dr. Margaret M. Justin, H. Umberger, L. E. Call, Dr. R. W. Babcock, Mary P. Van Zile, Dr. R. R. Dykstra, and Dr. A. A. Holtz.

Other campus favorites who will give short talks are Coach "Bo" McMillin; Ralph Graham, captain-elect of the 1933 football team; and Miss Grace Derby, assistant librarian.

Characterize Familiar Personages Prof. H. Miles Heberer is directing the dramatization of the lives of several of Kansas State's outstanding alumni, and plans also to characterize all of the members of the faculty who have been here more than a quarter of a century.

Music will be furnished by the college band, the glee clubs, the orchestra and the college trio, composed of Prof. Lyle Downey, Prof. Max Martin, and Prof. R. Richard Jenson.

HOUSE "POOR COMMUTERS"

Students Design Country Homes for Urban Business Men.

Rural architecture students are finishing house models designed for men who work in the city and wish to live in rural districts. The three models being made are of the colonial, English and modern periods. Six houses will go on display Thursday, February 2, according to Prof. H. E. Wichers of the architectural department. These will be displayed for a week in the gallery on the third floor of the engineering building.

Varsity Theatre \$1.75 Thrift book, save 30 per cent.

In handing down the decision, the court ruled that Riley, Douglas, and Butler counties were justified in placing the Greek organizations on the tax rolls and that the organizations who have failed to pay their taxes will be forced to pay taxes accumulating since 1930.

Local Groups Owe \$33,159.50 The 36 fraternities and sororities at Kansas State must pay taxes amounting to \$33,159.50 on their property for the years 1930, 1931, and 1932. Taxes must be paid regularly in the future and payment of the first half of 1933 assessments will be due not later than tomorrow. It is supposed that most of the fraternities will fail in meeting the dead-line tomorrow and will wait until they have received a formal court mandate.

The decision of the court will work a hardship on all of the organizations involved although some will be affected more than others. It is reported that some of the groups have made previous arrangements in regard to payments and have funds set aside with which they can meet the payments when they are due. Others will have trouble in meeting the emergency.

Penalties May Not Be Levied Fred R. Smith, one of the attorneys for Riley county in the tax suit, expressed himself as believing that the state would not force payment of penalties usually added to past due taxes.

Previous to 1930, the fraternities and sororities of the three schools were not included in their respective counties' tax rolls. In 1930 Douglas and Riley counties placed the fraternal groups on the lists for taxation and most of the houses refused to pay. They immediately started action to have their organizations removed from the tax rolls.

The fraternities did not pay their taxes because they claimed exemption under a statute which exempts certain properties which are used for educational purposes. The court based its ruling on the grounds that fraternities and sororities are not used exclusively for literary, educational and scientific purposes.

Property Not for Education In regard to this phase of the ruling, the court in the opinion delivered by Justice William A. Smith, ruled: "It would be just as logical to say that the coonskin coat that the student wears to class, or the car he drives, is used exclusively and directly and immediately for educational purposes."

The court held that both personal and real property of the 85 organizations should be taxed. In doing this, the court modified the finding of court commissioner, C. E. Vance, who had ruled that personal property, other than ritualistic equipment, should be exempt from the tax rolls.

RIFLE TEAMS BACK INTO ACTION AGAIN

Both Men and Women Resume Competitive Firing Next Week.

Men's and women's rifle teams will resume firing the week of February 6.

The men's rifle team will participate in the following matches: University of South Dakota, Vermillion, S. D.; Presbyterian college, Clinton, S. C.; Utah State college, Logan, Utah; Lafayette college, Easton, Penn.; DePauw college, Greencastle, Ind.; and the University of Alabama, University, Ala.

The women's team will participate in a four-position match with the University of Tennessee, Knoxville, Tenn.; and a prone position match with the University of Arkansas, Fayetteville, Ark. The match with the University of Wyoming, Laramie, Wyo., is scheduled for the present week.

Varsity Theatre \$1.75 Thrift book, save 30 per cent.

Our Coming Out

To you, the reader, this is just another Collegian. And that is about all it is. We have our ambitions and this paper is the result of one whim, that is to put out a paper. We are about to close the forms on this day's sheet and troubles for this issue are almost over. Its our first remember, please remember, and don't turn critical. We'll try to do better, at least to do our best. Read on, we hope you like it.

A Sacrifice

Thirty six fraternities and sororities of Kansas State College were handed a stunning blow Saturday, when news was released that they would be forced to pay taxes. Paying taxes doesn't seem like a large item to most of them because the amount assessed in a year is relatively small in comparison to other bills paid by the houses.

But payment of taxes to most of them is an added expense and would naturally be avoided if possible. The only complaint that can be gathered from the various groups is the possibilities of collecting taxes that should have been paid in 1930 '31, and '32. Some organizations never visualized such a ruling on the part of the supreme court and went ahead and built expensive homes. Others bought property with plans to build in the future. Now plans are dropped in wholesale fashion.

Some of the houses will no doubt have to close their doors. Foresight on the part of other groups have made it possible for them to meet the demand when payment must be made. Some will pay, probably most of them. But payment does not mean that they favor the ruling of the high court.

It is unfortunate that payment will be forced upon the Greeks at this stage in the economic order when it is hard enough for a house to exist under present circumstances. The way out for several of the organizations is dark and will be a hard battle. They will have to take drastic action. Expenses will have to be cut and this will mean sacrifice. House bills will be raised and this will mean more sacrifice. If a sacrifice was all that was to be made, all of the groups could meet the demands, to some it is more—it means their existence.

Remaking Religion for Students.

Destroy or rationalize! This will be the battle cry of the new ethics when students remake religion. Mental friction, tension, worry—call it what you will—the conflict of desire against desire in a single mind, is recognized by some psychologists as a frequent cause of insanity. One of the first lessons, then, of the person learning to be happy is the lesson in mental dictatorship. The student must carefully weigh all his evidence, decide on a course of action, and ruthlessly stamp out opposition in his own mind, if he is to be happy or to act effectively.

When he comes in contact with a new ethical problem—with a situation he has always been taught to regard as evil, the student must embrace it or fight it—he must destroy or rationalize.

Suppose in his first job after school days, he must sell stocks that are worthless to folks that don't need them. Suppose he must write a story that he thinks will ruin a life, to satisfy his editor's demand for a story that will sell papers.

Either he must fight his employer intelligently, hard, successfully with smashing blows, or he must let himself and the world that he must do this work to live; that he has the right of all animals to obey the law of self-preservation; or that it will be impossible for him to see eye to eye in every case with his employer; that he himself may be wrong, and that society demands cooperation, allegiance, and obedience to one's command.

The individual must throw his whole energy into the fight against what seems wrong to him, or he must justify himself if he is to set his mind at ease—if he is to be happy.

Yet the teachers teach and the preachers preach idealism. Is there no room in our educational system for hard headed, ethical men who see the impossible situation, the terrifying conflicts in the life ahead of the student, and who can teach him to face them?

Is it not important to weed our warped minds among instructors and shallow minds among ministers that we may have a strong minded, happy youth leaving college—strong enough to withstand the conflicts that make men crooks or cranks, or drive them insane?

The Snooper

No doubt you have just emerged from Nichols Gym where cold-hearted ticket stampers have separated you from your this month's bale of frogskins. No doubt you are in an ugly mood and will go out now and pull up a few young parsnips to work off your excess vertigo. You are by now passing through the south gate with an eye on Aggieville and a Rexall coke and a possible cheese-on-rye. Tomorrow you will hock your classy Christmas pocket-watch for the benefit of the Jesse James at the bookstore. He will sell you an Algebra with the first ten pages gone for two and a half and will give you the extra ten pages with the purchase of a ream of soiled copy-paper. You will call him a dirty this-and-that but as he holds the upper hand and your two-fifty he will have his way. All this is part of "the four best years of your life" however so what the, why the, and how the?

The Daily Nebraskan gives as its favorite slang expressions such bromides as "nerfs", "scram", "squirrelly", and "screwty". All these and more are in the vocabulary of the Kansas State student. Personally, the pet word of your informant is the II. K. A.'s hell-week pass word which is "rhombopolenpidodentrodria". Try that on your piccolo some long winter evening.

Aggieville swarmed into the Bell and Lutz store yesterday morning to offer their five fingers in congratulations to Clothier Bell who has but recently entangled himself in the holy skein of matrimony. Lutz, the famous bouncing ball of the team, is as yet unscathed. Both boys have been runners up in the orchestra directing contest which has held sway these several months at the Warehouse. In fact both boys spend long enjoyable evenings running up to accept the proffered Layton baton with which to direct the band, much to the amusement of the Varsity goers.

On Other Hills

To sell the most subscriptions of the Indiana university yearbook, "Arbutus," is something well worth trying for. A co-ed who sold 78 subscriptions will be awarded with a trip to Yellowstone National park next summer.

A plan whereby students who would otherwise be unable to remain in school this semester because of lack of finances, has been instituted at the University of Kansas which enables between 50 and 75 students to obtain meals at a cost of 10 cents each. The meals will be served in the Memorial Union building on the third floor, to students who are well up in scholarship. Deficient students will not be allowed to participate in the plan.

When, and if, the eighteenth amendment is repealed, Harvard students may be served liquor with their meals in the college dining hall. The superintendent of the hall recently made this announcement.

"Music soothes the soul and music hath charms." Thus figured officials at the University of Oklahoma when they planned organ recitals to be given in the college auditorium between final examinations. Students were allowed to listen to the recitals when they were resting between examinations.

Members of the Colorado college basketball team stripped Main street at Canon City, Colo., of its barber poles, signs, and door mats, when they stopped over night on their way home from a game at Gunnison, Colo. The accumulation was placed on the fourth floor of a hotel while the night clerk slept. The boys replaced everything the next morning, however, under the guidance of police.

Students at the University of Minnesota who have been practicing the art of high-pressure salesmanship will have to find a new racket for the future. Uncle Sam took steps to check the "get rich quick" schemes for the marketing of fountain pens by the students. The "endless chain" plan in which the salesman would sell one student and he in turn would sell another student would have netted a profit to the salesman of \$44,286 in ten week's time. A commission of \$1.50 for each pen after the first three was to be paid to the students who made the sale.

To carry several skeletons across the campus to a new laboratory was the task which confronted janitors at Minnesota university recently. The janitors drew lots to see who should do the job.

Kirby Page, eminent economist, recently said in an interview by a Colorado university student, that "the majority of college students in America today cannot assume leadership because they are afraid—afraid to take chances." He contended that they shirked opportunities to take the initiative in the present economic crisis, and that socialism is the best solution of the problem which confronts the youth of the country. Technocracy suggests "no way out," according to Page.

They grow 'em long and lanky down in the hills of old Kentucky. Of the 15 men on the University of Kentucky basketball squad, only four are under six feet in height.

Students at the University of Chicago were thankful for the depression last Christmas vacation when the college decided that the expense of mailing out flunk slips was too high. Consequently, no flunk notices were received by the students, and the vacation went over with a bang.

SPEAK BEFORE ENGINEERS

The twenty-fifth annual convention of the Kansas Engineering society will be held at the Hotel Jayhawk, Topeka, February 15 and 16, according to Prof. E. R. Dawley of the applied mechanics department.

Prof. L. E. Conrad, head of the department of civil engineering, will present the American Engineering council report and will speak on the national parks, including the Hoover dam. Professor Dawley will speak on "Wind Resistance of the Modern Automobile," and Prof. W. E. Gibson, department of applied mechanics, will talk on "Bituminous Mat Materials."

"PARACHUTE
 JUMPER"

It's fun to be fooled —
 ...it's more fun to KNOW

Another "magic show" is cigarette advertising.

One of its greatest tricks is the illusion that cigarettes can be made miraculously "MILD" through manufacturing methods.

THE EXPLANATION: All popular cigarettes today are made in modern sanitary factories with up-to-date machinery. All are heat treated—some more intensively than others, because raw, inferior tobaccos require

more intensive treatment than choice, ripe tobaccos.

The real difference comes in the tobaccos that are used. The better the tobacco, the milder it is.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

This is why Camels are so mild. This is why Camels have given more pleasure to more people than any other cigarette ever made. It's the secret of Camels' rich "bouquet" ...their cool flavor...their non-irritating mildness.

All the natural, ripe goodness of Camel's tobacco is kept fresh for you by the famous air-tight, welded Humidor Pack. Don't remove it.

NO TRICKS
 ..JUST COSTLIER
 TOBACCOS
 IN A MATCHLESS BLEND

CAMELS

In Society...

OVER THE BACK FENCE....

A new semester which ought to bring plenty of good scandal material... Between-semester involved just enough of the wrong kind of dirt that we can't print it... Anyway it did bring the announcement of Walt Bell, Aggieville haberdashed's marriage which happened back in August of 1932. Does this mean you will retire from public life, Walt? ... Ward Colwell announced his retirement from the Collegian editorship at the same time by turning pugilistic Friday night... Here's a whirligig for you. Blake Wareham is staging a merry Mix-Up for everyone Wednesday night. Anyone can get into the Varsity (for that's what it really is) for the nominal sum of 10 cents less than four bits. Boys and girls alike may stag if they don't rate dates and cutting will be done by both the females and the men this night. Here's a good opportunity for everyone to get around....

The upholding of the fraternity tax by the Supreme Court has fairly wrecked the sororities and fraternities. All plans for new houses may be found in the garbage can outside... And who were the three young ladies who were locked in the Lambda Chi garage one night last week? ... What gang of girls held a midnight rendezvous out at Sunset not long ago? ... More folks leaving school due to graduation, no funds, or too many flunk ups... Wally Duncan seems to have gone into the millinery business... Who mysteriously gave Harry Hasler's hat to Hank Dalton, Saturday night? Hank says they must have used it for a duster two or three weeks before giving him the privilege of returning it to Hasler... Are Clay Reppert and Mary Whitelaw romancing again? ... Jane Stone has gone "Hollywood on us" by appearing at all public functions (implying movies) in riding attire... And this is sufficient....

Social Calendar

Tuesday, January 31
Hamilton-Ionian party, recreation center, 8:00-11:30 o'clock.
Beta Phi Alpha house dance, 9:00-12:00 o'clock.

Wednesday, February 1
A. A. U. W. Modern Literary Group meeting, Calvin rest room, 7:30-11:00 o'clock.

Collegiate 4-H club dance, recreation center, 8:30-11:30 o'clock.

Thursday, February 2
Frog club meeting, N1, 7:30-8:30 o'clock.

W. A. A. meeting, N77, 4:45 o'clock.

Mortar Board meeting, 7:00-9:00 o'clock.

4-H club meeting, N77, 8:00-10:00 o'clock.

Friday, February 3
Manhattan Theatre play, auditorium, 8:15 o'clock.

Alpha Delta Pi

Mrs. Ira Johns of Abilene spent Thursday and Friday at the house. Her daughter, Lucile, returned with her to spend the week end at home.

Mrs. J. S. Parker of Hill City visited several days last week with her daughter, Peggy, who accompanied her to Kansas City Thursday to visit relatives.

Myra Roth of Ness City returned Saturday to re-enter school this semester.

Ethel Irene Call was a guest of Arlene Marshall in Herington over the week end.

Winifred Peters of Ness City was a dinner guest Saturday evening.

Oiga Cook visited friends in Leavenworth; Bertha White and Doris Paulson visited in Kansas City.

Vona Wandling, Sharon Springs, and Lois Darby, Morrowville, spent the week end at their homes.

Marjorie Conner visited friends in Lawrence and Miriam Davis spent the week end at her home there.

Beta Phi Alpha

Blanche Duguid, Winfield; Mary Alice McCreight, Havensville; and Myrtle Johnson, Concordia; spent the week end in Manhattan.

Mildred Osblin went to Salina over the week end, Helen Tedman and Helen Smerchek to Garnett, Marlene Campbell to Hollis, Milla Flahney to Cleburne, and Blanche Pierce to Burden.

Omega

The following girls spent the vacation at their homes: Adelaide Reid, Iola; Mayrie Griffith, Topeka; Jane Speed, Parsons; Marion Childs, Holsington; Margaret Chard, Kansas City; Charlotte Buchmann, Clay Center; Nancy Jane Campbell, Parkville, Mo.; Genevieve Johnson, Topeka; Jane Kahl, Topeka; Virginia Haggart, Topeka; Eleanor Wright, Concordia; Luella Graham, Topeka; Frances Doornbos, El Dorado; Roberta Shannon, Geneseo.

Gaston, Wakefield; Alice Irwin, Garrison; and Marion Rlordan, Wakefield, were guests at the house over the holidays.

Dorothy Young, Topeka, and Georginia Mae, Kansas City, were guests Saturday and Sunday.

Dinner guests Sunday were Jean Roper, Manhattan, and Margaret Joyce, Oswego.

Mrs. Clara Bramwell, Belleville, arrived Friday for a visit with her sister, Mrs. Henry Pehling. Mr. C. M. Light, Liberal, spent Monday with his daughter, Grace.

Kappa Kappa Gamma

Kappa Kappa Gamma entertained with a breakfast dance Monday morning at seven o'clock. The guests were: Glenn Stuke, Elwin Athey, Henry Kirk, Denison Olmstead, Nick Schowengerdt, Elva Kennedy, Dougal Russell, Russell Smith, Lorne Pearman, Don Isaacson, Martin Cheney, Harlan Rhodes, Charles Cheney, Swede Salisbury, Don Porter, Bob Wallerstedt, James Richards and Walter Kern.

Lorraine McMullen, Hutchinson; Lucienne Hudson, Fredonia; Mary Horn, Holton; Kathryn Black, Council Grove; and Frances Rosser, Pratt, went home during vacation.

Stalcu Trimble was a dinner guest at the house Sunday.

Dorothy Linde and Mary Ransopher went to Topeka Monday. Helen Teichgraber and Marjorie Morrow will be in school this semester.

Weidene Middlekoff was a guest at the breakfast dance Monday. Helen Ehrlich, Marion, will not be in school this semester.

Kappa Delta

Babel Brasche, Volland, Leora Lang, Cuba, and Dorothy Leshosky, Cuba, spent the weekend at their homes.

Mildred Sands, Wichita and Mildred Forrester, Wamego, are back in school this semester.

Alvin Linn, Marrowville, Low Brown, Hutchinson, and Bethe Muhleisen, Ellis, spent the weekend at the house.

Alpha Tau Omega

James Latucky, because of the illness of his father, has returned to his home in New York.

Clair Worthy, Wetmore, was a week end guest at the house.

Doc Atwood is spending the vacation in Concordia.

McDougal Russell has returned to Pennsylvania.

Ed Criner and Merton Matthews spent the week end in Topeka.

Phi Delta Theta

Don Wyatt spent the week end in Coffeyville.

George Davidson, Ray Spillman, Victor Crocky, and Ed Smith spent the week end in Kansas City.

C. H. Sartorius, Garden City, will be in school second semester.

Sherman Todd visited in Olathe and John Wilcox in Scranton.

Beta Theta Pi

Mr. Glover Colladay, Hutchinson, and George Peck, of Topeka, were week end guests at the house.

Charlotte Buchmann, Clay Center, spent Sunday and Monday at home. Louise Fenner, Kansas City, was a guest over the week end.

Phi Omega Pi

Jewell Stockdale, Kansas City, and Velma French, Concordia, spent the week end at their respective homes.

Mrs. Fred Gordon, Cora Oliphant, and Mae Gordon visited in Kansas City during the vacation.

Hazel Brooks, Kanorado, spent the week end here.

Clovio

Ruby Orr visited friends in Abilene last week.

Ethel Bellis spent the week end in Topeka with friends.

Members who spent their vacation at home were Marje Blythe, White City; Ethel Rosey, Junction City; Frances Berggren, Morganville; Blanche Tomson, Beloit; and Jessie Dean, Ottawa.

Grace Burson visited in Wamego last week end.

Lucille Bilderback, Atchison, was a weekend guest at Clovia.

Delta Delta Delta

The following girls spent the weekend at their homes: Dorothea Bacon and Madge Mahoney, Atchison; Mabel Louise Whitford, Hutchinson; Betty Heffelfinger and Helen Morgan, Newton; Margaret Green, Pratt; Elinor Pryor and Margaret Myers, Wichita; Mildred Mowery, Salina; Geraldine Hammond, St. John; Lela Hahn, Glen Elder.

Harriet Shrack visited friends over the weekend in Topeka.

Ella Fouts and Grace Light spent Saturday in Kansas City.

Vera Farrell, Clay Center; Fern

AT THE VARSITY

"20,000 Years in Sing Sing" Another prison story which outdoes them all. If you'd like to know the inside dope of prison goings-on, don't miss this picture. In Spencer Tracy giving his best as the hard-boiled Tommy Connor, who has been sent up to the Big House, and Bette Davis doing superb work as his sweetheart on the outside, you'll witness two mighty fine pieces of acting. Arthur Bryon as the warden handles his part remarkably well and he'll give you the idea that prison wardens are human after all.

This is a prison story that is supposedly typical of Sing Sing, San Quentin, etc. Written by Warden Lawes of Sing Sing, it gives you something to think about. The picture is neither drab nor brutal. It is romance portrayed behind the bars. There are crooks, politicians, guards, lovers; there will be attempts at bribery, at prison breaks. Good clean acting characterizes this show, and you'll enjoy it. There

is plenty of drama and romance in it. A truly fine picture!

AT THE DICKINSON

The old team of Flagg and Quirt again in a picture that does not quite come up to the par of their previous ones, but which will hold your interest to the end. If you saw Edmund Lowe and Victor McLaglen as Quirt and Flagg respectively, in either "What Price Glory" or "The Cock-Eyed World," you'll know what to expect of them in "Hot Pepper." They're still fighting and attempting to get the better of one another. In this picture they have "hot pepper" Lupe Velez herself to bicker about. This Mexican firebrand really adds fire to the show.

This comedy riot is fast moving. There's whoopee added with "Pepper" Velez. The Broadway night clubs are involved in this new Flagg-Quirt picture. El Brendel, the

CORSAUTMEN DOWN CYCLONES IN HARD GAME

CAPTAIN SKRADSKI LEADS
TEAM TO VICTORY WITH
ACCURATE SHOTS

FIRST CONFERENCE WIN

Cyclone Defense Tightens in Second Period After Being Led 22-10 at Half

The Kansas State basketball team went on a scoring spree in the first half of its game with Iowa State here Saturday night and snapped a four-game losing streak by submerging the Cyclones under a 33 to 23 score. This was the first conference victory for the Wildcats in five starts.

The return to preseason form and the sensational basket shooting of Captain Andy Skradski during the first period proved to be the margin of victory for the Wildcats. The lanky Kansas State guard tossed six field goals through the basket in a mixup of field shots and set-ups.

Skradski Puts Wildcats Into Lead Before the game was many seconds old, Skradski dropped a field goal through the hoop to start the Wildcats on their way. Breen raised the count with a free throw and Dalton tipped in a basket to make the score 5-0. Two consecutive field goals by Skradski made the count 9 to 0 before Chester Anderson looped a basket for the Cyclones first score.

Successful field goals by Graham, Boyd, and Skradski brought the Wildcat total to 15 before the bewildered Cyclones scored again. Before half of the first period was over two baskets by Skradski and one by Boyd put Kansas State in front with a 21 to 4 score. A free throw by Dalton ended the Wildcat scoring for the first half as Iowa State retaliated with field goals by Dills and Jones, and two charity tosses by Wegner. The period ended with Kansas State ahead 22-10.

Cyclone Defense Tightens During the second half Iowa State put a wet blanket on any wholesale attempts of the K-Aggies. Graham, Wildcat forward, and Anderson of the Cyclones, were the scoring threats of their respective teams the last period, as the heavy artillery of Skradski was completely smothered.

Dills opened hostilities with a field goal for the Cyclones. During the remainder of the period both teams alternated in the scoring, with Graham dropping in three field goals for the Wildcats while Anderson made four for the Cyclones. In the closing minutes of the game, Coach Corsaut substituted freely under a comfortable lead, Skradski being the only regular on the floor as the game ended.

K-Aggie Offense Works Well Dalton controlled the tip well for Kansas State throughout most of the game. The offensive combination of the Wildcats, which put Skradski at guard with Boyd instead of at his regular forward berth, worked well in scoring also did a good job on the defense.

Captain Skradski took scoring honors of the game by caging six field goals for a total of 12 points. Anderson of the visitors was not far behind the Wildcat star with five field goals for 10 points.

The box score:
Kansas State (33) G. F. T. F.
Breen, f 0 1 3
Stoner, f 2 0 0
Graham, f 4 0 3
Armstrong, f 0 0 0
Dalton, c 1 2 1

KANSAS LEADS COURT RACE

Oklahoma and Missouri Ready to Capture Lead With First Kansas Slip.

Big Six Standings	W	L	Pct.
Kansas	4	1	.800
Oklahoma	3	1	.750
Missouri	2	1	.667
Nebraska	1	2	.333
Iowa State	1	3	.250
Kansas State	1	4	.200

With the half way point in the conference basketball race almost reached, three teams are so closely bunched at the top that any one of them stands a chance of coping the court championship.

At the present time, Kansas university is a jump ahead of the other teams. They have played five games and won four of them. Oklahoma and Missouri have each lost one game but have not played as many as the Jayhawks. The Sooners have won three and the Tigers two. A false slip by any of the teams will send it down a notch in the standings.

All six of the conference teams see action this week. Last night Iowa State played Nebraska at Lincoln, but both teams are in the second division so this game did not affect the leaders. Two games are scheduled for Friday, Missouri against Kansas State at Manhattan, and Kansas university against Nebraska at Lincoln. Both of these games should do much toward establishing more definitely the leading teams of the conference. After their game with the Wildcats Friday, the Missouri Tigers will tackle the fast-playing Oklahoma Sooners at Norman Saturday. Provided the Tigers don't stumble against the fighting Kansas State team, the Missouri-Oklahoma clash will also have much at stake for the two teams.

JAYHAWKERS INTO BIG SIX COURT LEAD

Ames, Iowa, Jan. 30 (Special).—The University of Kansas Jayhawkers went into the lead in the Big Six basketball race here Wednesday night when they defeated the Iowa State Cyclones 35 to 20. Kansas has undisputed possession of first place after sharing that honor with the Oklahoma Sooners for more than a week.

Johnson, flashy center on the Jayhawk squad, was closely watched by Cyclone guards and the scoring ace only registered seven points. It was Johnson's control of the tip-off and recovery from the backboard that allowed his team mates, Harrington, Wells, and Grey, to pile up points. Harrington was high point man with 12 points. Wegner, center, was high scorer for the Iowa State squad with six points.

Kansas university led the scoring at the half with a lead of 20 to 10. An early nine point lead on the part of the Jayhawkers was never overcome.

The much discussed scoring attack that the Cyclones were supposed to have in reserve was completely smothered by a speedy Kansas defense.

Benn, guard on the Kansas team,

received a badly wrenched ankle in the closing minutes of play.

SKRADSKI RANKS SECOND

Kansas State Captain One of Conferences Leading Scorers With 39 Points

By scoring 12 points against Iowa State Saturday, Captain Andy Skradski jumped from sixth place to a tie for second place among the leading individual scorers in the conference.

In the five conference games played Skradski has made 39 points, which gives him a tie with Harrington, Kansas university forward. The four points Dalton scored against the Cyclones were enough to put him in the first 10, with 27 points to his credit, placing him seventh. Bus Boyd, Kansas State guard who was the leading guard scorer last year, is tied for eighth place with Wegner, Iowa State, with a total of 26.

"Big Bill" Johnson, Kansas university center, still holds first place among the scorers with a total of 58 points in five games. Johnson also holds the best game average, 11.6 points per game. Skradski's average is 7.8 points per game.

The ten leading scorers are:

	G	F	T	Pts
Johnson, Kansas	5	23	12	58
Skradski, Kan. State	5	16	7	39
Harrington, Kansas	5	17	5	39
Wagner, Missouri	3	13	6	32
Wells, Kansas	5	13	6	32
Browning, Okla.	4	14	3	31
Dalton, Kan. State	5	10	7	27
Boyd, Kan. State	5	10	6	26
Wegner, Iowa State	4	9	8	26
Boswell, Nebraska	3	12	1	25

MIX-UP PARTY TOMORROW

Stag and Doe Lines to Feature Mixed Party at the Wareham.

Blake Wareham, varsity dance manager, has announced another novel idea in varities.

Wednesday night, February 1, he will hold a "Mix-Up" varsity, admission to which will be 40 cents per person, and will give the women another chance to attend a dance with the men they may choose. June Layton and his Varsity Club orchestra will play.

There will be both "stag" and "doe" lines, giving dancers of both sexes equal "cut privileges".

The Gold Diggers' Ball, held January 21, with the women taking the dates, paying the bills, and doing the cutting was favorably received, being considered one of the best parties of the year. This dance

will differ from the Ball in that the women are not required to bring the dates, but will be given the same opportunity at cutting as the men. Women not desiring to attend with a date will stag, or "doe" to the dance.

MAY TAKE SOMETHING NEW

If Weary of Old Courses, Students May Elect Untried Ones This Semester.

Students enrolling the second semester are finding courses available which never before have been offered at Kansas State college.

A course in radio programming will give two hours credit. Ordinary extemporaneous speech I is a prerequisite but permission to take the course may be had by trying out for the class, if the applicant's voice is satisfactory.

Journalism Now for Engineers. Engineers are being offered a new course in journalism, designed for the study of industrial, trade and business publications.

The class will meet twice a week on Wednesdays and Fridays and will be counted as a three-hour credit course.

New Spring hosiery—lustrous pure thread silken beauties that cling snug and smooth from extra-high top to graceful tapered French heel and slipper sole. See it today! 2 pair for \$1.00

dit course. The work in this new class will include practical writing for industrial, trade or business publications.

Dean Babcock Teaches This One. Dean R. W. Babcock is in charge of a new course in mathematics which offers three hours credit in vector analysis.

A new course in organic chemistry is also announced. This course offers five hours credit to senior and graduate students who have had chemistry I and II previously. Shake-Up in Art Department. Five comparatively new courses

will be offered for home economics students and others interested in art work.

The new courses include a class in advanced design B, interior decoration II and III, elementary design I and II, drawing II (which was offered last year), and design for camp counselors. This last named course is primarily for student majoring in physical education who plan to attend summer camps as directors. The class will meet by appointment and will give credit for from one to three hours work. However, there will be no regular schedule for class meetings.

The course in elementary design I and II will have new features, and will be the prerequisite for costume I, interior decoration I or intermediate design. A new plan for cre-

dits has been arranged for a total of four semester hours of work instead of the previous arrangement of three hours the first semester and one hour the second.

YEARBOOK PRICE DOWN

Special Price of \$4.50 Allowed for Tuesday and Wednesday Only.

Selling Royal Purple copies for \$4.50 at registration will be permitted today and tomorrow by the Royal Purple board. The yearbook is being offered at this price so late in the year because the method of selling during enrollment saves time and money for the staff

and it is more convenient to see the students for the sales of the annual. The design and material for the cover of the Royal Purple for some of the art work are being selected this week by the staff from samples which have been prepared by cover makers from Chicago. Stephen Vesecky, business manager, met the company representative for price quotations in Kansas City this week end.

ALUMNI AWARDED PRIZE Howard C. Williams, electrical engineering '27, now an employee of the Edison Commonwealth Company of Chicago, has been awarded a prize of \$225 for an idea which he submitted through the employees suggestion system of his company last March.

THEATRE GROUP OFFERS 'MINICK' AT LOW PRICE

MANHATTAN THEATRE PRESENTS COMEDY AT 25 CENTS PER SEAT

H. W. DAVIS HEADS CAST

Other Local Stage Stars Featured In Years Best Farce; Play Given Tonight Only

At two bits a seat, the Manhattan Theatre company will present another stage hit, "The Minick," a comedy in three acts, in the college auditorium tonight immediately after the basketball game.

Prof. H. W. Davis of the English department leaves all his classroom seriousness to assume the character of Mr. Minick, the old man who moves in on his son and brings about situations that sets the house roaring.

Arriving at his son's home, the old man proceeds to repair the lighting equipment, spills coddled egg over everything, finds two of his old cronies and invites them to join his daughter-in-law's entertainment for the town's elite, chasing the town's most important club woman from the house and generally raises Purgatory throughout the entire play.

Well known Manhattan Theatre personalities such as Mary Myers Elliott, Kingsley Givens, Pauline Compton, and Helen Pickrell ably support the English professor in his comical procedures.

Tickets for tonight's performance are on sale at the box office in the auditorium, 25 cents unreserved and 35 cents reserved.

ENGINEERS ON THE ETHER

Informative Broadcasts on Phases of Work Planned for Radio Exhibits

A series of radio talks to be given over station KSAC by the civil engineering department has been announced as follows: "History and Background," Prof. L. E. Conrad, February 6; "Surveying," Prof. R. F. Morse, February 13; "Canal and Harbor Engineering," Prof. L. V. White, February 20; "Highway Engineering," Prof. M. W. Furr, February 27; "Railroad Engineering," Prof. F. F. Frazier, March 6; "Irrigation," Prof. W. W. Crawford, March 20; "Drainage and Flood Control," Prof. L. V. White, March 27; "Hydro-Electric Development," Prof. F. F. Frazier, April 3; "Structural Engineering," Prof. R. F. Morse, April 14; "Municipal Engineering," Prof. W. W. Crawford, April 21; "Research," Prof. M. W. Furr, April 28; and "Desirable Qualities and Preparation for Civil Engineering," Prof. L. E. Conrad, May 5.

MORGAN TO SHERMAN COUNTY AGENT POST

Graduate Student in Animal Husbandry Will Begin Work February 1

Word has been received by Lawrence D. Morgan, 1934 Fairchild, of his appointment to the post of county agent of Sherman county.

Morgan received his degree in agriculture from Kansas State last year and has been studying for his masters degree in animal husbandry the past semester. He will begin his new duties February 1 at Goodland.

Red Head Had The Makings of College Male, She Admitted

A certain co-ed's opinion of the average college man was ably expressed in a strange interlude sequence where she unwittingly gave vent to her deepest thoughts.

Walking down Laramie a few days ago, she was accosted by a small red-haired lad.

"Gosh, I sure am smart," he said.

"Why, what makes you think so?" she asked, not knowing what to say.

"Well, just look at me," the lad rejoined as he skipped away.

"My boy," the co-ed remarked, her eyes bulging like the actors' did in "Strange Interlude," "you certainly have all the makings of a college man."

EXTENSION WORKERS TALK

College Sends Group to Hutchinson Farm and Home Week

Five members of the extension department went to Hutchinson Wednesday where they are participating in the Hutchinson News-Herald Farm and Home week.

Miss Frances Shewmaker, foods and nutrition specialist, will talk on "Foods and Nutrition" and C. G. Eiling, animal husbandry specialist, will discuss "Meat Cutting and Curing" today.

Others who took part in the program earlier in the week were James Linn, dairy specialist; Miss Mary Taylor of the department of home economics; E. H. Leker, plant pathologist, and E. N. Wells, soils specialist.

MEN ORATORS TO TRY FOR CONTEST POSITION

Kansas State Representative At Missouri Valley Event To Be Named Soon

Try-outs for the speaker to represent Kansas State in the annual Missouri Valley oratorical contest and the extempore speech program conducted in connection with the meeting will be held at recreation center in Anderson hall at 4 o'clock Monday afternoon, February 13, according to Dr. H. T. Hill of the public speaking department.

The try-out is open to undergraduate men and the contest this year will be held at the University of Missouri, Columbia, on the evening of Thursday, March 23.

At noon of that day the contestants will appear in an extemporaneous speech program on a subject of general student and public interest before the Kiwanis club of Columbia. For five years this has been a feature of the oratorical association's annual meeting which for that period has been held at Washington university, St. Louis.

Kansas State has an enviable record in the contest, holding three first places, three seconds, and one third in the last few years.

Last year Ernest Reed was selected to represent the college but was prevented from participating because of an injury received in an accident just before the time for making the trip.

Interested men should get in touch with Doctor Hill at the public speaking office in education hall. For the try-out the requirement will consist of the presentation of an extemporaneous speech and submission to the public speaking staff of an outline for an oration on a subject of the student's own choice.

No Wonder They Flock En Masse To Cash In Here

The business office is a popular place, for that is one office where a bit of money can be collected now and then instead of paid out.

The office is doing double duty this weekend and the entire force is kept busy handing out money. Students are clamoring for refunds as it is the first of a new semester, and faculty members are (what is a nice dignified word for clamor?) requesting their monthly pay checks, for it is also the first of a new month.

According to Miss Hattie White, secretary of the business office, affairs are in a state quite different from the good old days B. D. (before depression.)

Several years ago the instructors would leisurely stroll to the office for their checks anytime after the first, but now a new month finds most of them calling for their checks the very first day, Miss White said.

Students are going after those refunds too! They are depending on that money left over from chemistry (if enough beakers and tubes were saved) to buy a book or even eat for a few days.

And so life goes on—and the business office continues to do double duty for this one week end when the first of the month and the instructors come at the same time as the new semester and the students.

COLLEGE HELPS UNCLE SAM

Engineering Instrument Borrowed by Washington Bureau

The civil engineering department of K. S. C. has lent its K and E precise level to the Coast and Geodetic survey, Washington, D. C. in order that the survey may continue its work with relief projects without the additional cost of purchasing one of these levels.

The instrument is used by the college the first semester only in astronomy and geodesy. The present plan is to have the instrument returned to Manhattan about October 1 so that it may be used in the first semester's work.

EXPECTED DROP IN ENROLLMENT IS FALSE FEAR

ONLY 157 STUDENTS LESS THIS SEMESTER THAN PERIOD JUST ENDED

DECREASE ONLY NORMAL

Registration of 2,272 Exceeds Hopes Of College Officials Who Anticipated Considerable Loss For Spring

Despite prophecies that the second semester would see the enrollment at Kansas State falling far below last semester's line, five late enrollments yesterday brought the registration figure within 157 students of the September total.

This drop from 2,429 students to 2,272 compared with the decrease between semesters a year ago would indicate only a slight difference between the two years, when there were 123 less enrolled for study the second semester than for the first, according to figures in the office of Miss Jessie McDowell Machir, registrar.

The decrease this year is smaller than two years ago when there was a fall of 281 students from first to second semesters.

When the doors of Nichols gymnasium closed Wednesday upon the last student registering, the records showed 2,267 on the roster. Five students enrolled late and paid their late fee of \$5.

A comparison of the number of graduates enrolled this semester with those at the same time last year also shows a slight decrease, according to information from the office of graduate study.

Two hundred twenty-five students are now enrolled for graduate study, whereas there were 247 enrolled at the same time last year.

Members of the custodian's staff were on hand Wednesday afternoon and as quickly as the assigners moved away from their tables, chairs and tables were taken down and piled against the wall. Several students did not start their journey through the line until a short time before 5 o'clock and these found the gymnasium almost vacated. A faculty member or two from various departments was to be seen standing about watching the workmen clear away the registration paraphernalia and waiting to assign late comers.

The gym was cleared out as rapidly as possible so that Coach Charles Corsaut could hold basketball practice Wednesday evening.

WATER PAGEANT WILL BE GAY AND COLORFUL

Frog Club Event Promises to Be Novelty of Art and Beauty

Frogs will splash and fish will swim in a lily pond in Nichols gymnasium next Tuesday night when members of Frog club present "The Frogs' Victory" a swimming pageant.

The action takes place when the frogs, lead by Ernestine Young, Arkansas City, have a disagreement with the fish, lead by Arline Smith, Topeka. King Neptune, Mary Lou Clark, Burr Oak, and his attendant, Helen Morgan, Newton, are called upon to settle the dispute. Members of Orchestras, dancing organization, will take the part of wood nymphs.

Following the pageant itself, members of the Frog club will put on a feature act including floating pyramids, stunts and novelty races. The races will include "Crew Race," the crews being Jayhawkers and Wildcats; a bookworm race, in memory of finals; and a good-night race.

The pool will be transformed into a veritable splash of colors with imported Spanish Moss, green ferns, and pond lilies dripping along the edges. The frogs will be dressed in green and the fish in yellow, with large heads identifying the group leaders.

The pageant will be presented in the men's pool of the gymnasium. Tickets, which are limited on account of the small space for spectators, may be purchased from the members of Frog club.

Miss Helen Saum, faculty advisor of the club, is in charge of the pageant.

Kenney Ford, secretary of the alumni association, spent Thursday in Topeka.

No Need to Fret Over Ill Foreboding of Wee Piggy

Mr. Ground Hog emerged from his winter quarters yesterday—ground hog day—but seeing his shadow promptly retired for six coming months of cold weather.

That's the belief, although it is only an amusing little bit of fiction. Just how and why our friend moves in and out of hibernation is told by Dr. George E. Johnson of the department of zoology. After a number of years' study of hundreds of 13-lined ground squirrels—animals smaller in size but whose habits are similar to the ground hog's—Doctor Johnson is able to draw several conclusions.

Into a small, cold, dark room beneath the north steps of Fairchild hall, Doctor Johnson ushered a Collegian reporter and there showed him the ground squirrels in hibernation.

No Blankets for Them

The animals were rolled up, not unlike a kitten in its post-natal sleep, very cold and showing no signs of life except a breath every few minutes. When exposed to normal room temperature the respiration gradually increases, its heart beats a minute to about 400 per minute, and within about an hour the animal makes a clumsy movement which indicates he is out of hibernation.

The danger of starving to death during a season when very little food is available is greatly minimized by the fact that the hibernating animal uses such little food for keeping alive and warm, according to Professor Johnson.

PASTEUR TREATMENT FOR RABIES TO TWO

Dr. E. E. Leasure and R. D. Turk Take Preventative Measure Against Rabies

The Pasteur treatment against rabies is being given a professor and a student of the division of veterinary medicine. The treatment is being administered because of contamination with the virus which they might have received from accidents incurred.

Dr. E. E. Leasure, who has been confined to his bed because of influenza, is taking the treatment as a precaution from an experiment which he ran several days ago.

R. D. Turk, senior, of Manhattan, accidentally slipped a knife through his hand while running the test on the dog's head which was sent from Pittsburg where it had been causing quite a little fright. The test proved the dog to be suffering from rabies.

NOT TOO LATE FOR SISTERS

New Girls May Still Find College Pals If They Desire

The College Sister group of the Y. W. C. A. wishes to get in touch with any new girl who does not have a college sister. If she will stop in the Y. W. office in Anderson hall, a college sister will be assigned to her.

The college sister organization purposes to help girls who have come to Kansas State for the first time to get acquainted with faculty, other students, townspeople and to become familiar with the campus and with Manhattan.

According to Professor Johnson, it can be reasoned that with a heart beat occurring only once every 12 seconds, not much food could be used.

There's a Reason, Too

The accumulation of waste material in the body is the cause of periodic awakening attributed by Professor Johnson. Among the aids to hibernation he includes the fatness, cold, scarcity of food, confined air, quietness, and inactivity of the ductless glands, especially those concerned with reproduction.

"The ground squirrel is not in continuous sleep from October to March," Doctor Johnson wrote in an article recently published in the Kansas City Star. "The 13-lined ground squirrel wakes up at intervals of one to about five days usually when it first goes into hibernation. Later in the winter it may remain torpid for one, two, or rarely three or four weeks at a time."

But What If They Do

"It is therefore, quite probable that some of our friends, the ground hogs, may wake up on 'ground hog day,' but probably as many will wake up on February 1 and February 3 as on February 2. When such an animal wakes up it may go to sleep again, as it probably will do if the ground is frozen, or it may dig out if the ground is not frozen."

And these are the scientific facts of an animal's winter sleep and with no eight o'clock classes to make, he may enjoy his sleep to the utmost.

STARS A BOON TO MAN

Their Influence on Progress of Civilization Is Shown By Physics Professor

"The stars are useful to determine latitude, longitude, time, and directions, and they first gave men courage to go around the globe." The statement was made by Prof. L. W. Hartell of the department of physics who spoke on "The Heavens in February" over station KSAC Wednesday evening.

"Orion is the most important and most beautiful constellation," he said. "It may be seen from here in February at 9 o'clock at about 40 degrees latitude. The brightest star is Sirius, which is on the west border of the Milky Way."

A replica of the skies to be seen at the Adler Planetarium will be one of the points of interest at the Chicago World's Fair.

"The motion of the heavenly bodies is controlled by gravitation," said Professor Hartell, "and a knowledge of the stars is helpful in a scientific, intellectual, and ethical or spiritual sense."

HILL SPEAKS IN TOPEKA

Prof. Randall C. Hill of the economics department talked at the annual meeting of Kansas Children's Home and Service league, Saturday evening at Topeka. This organization for homeless children consists of approximately 75 members. The subject of his speech was "Some Goals of Social Reconstruction."

KANSAS STATE EMBARRASSED BY DEPRESSION

HARD TIMES MEAN MORE DEMANDS FROM OFF THE CAMPUS

ALL COLLEGES FEEL PINCH

College Budgets Too Are Cut, Yet They Are Expected to Aid Those in Need

In times of widespread, long continued depression an institution like Kansas State college virtually is certain to encounter embarrassing difficulties. President F. D. Farrell says in his report for the last official biennium.

"On the one hand college revenues are sharply reduced so that the ability of the college to render service is impaired," the President explained. "On the other hand the conditions that accompany economic depression result in increased demands upon the college for service. Thus the college is asked to do more at a time when it is enabled to do less. This fact was demonstrated repeatedly during the second year of the past biennium when, as economic conditions became more strained, the college revenues were reduced, both by a falling off in fee receipts and by the impounding of appropriated funds. Such a condition is embarrassing to an institution to which tens of thousands of citizens for years have looked for assistance in times of trouble."

Demands From Afar

In analyzing this difficulty the college head interprets a function of the institution usually overlooked, namely, its responsibility to Kansas citizens off the campus: "It is important to recognize clearly that when all is said and done we shall find that our own efforts must be the chief factor in improving our economic position. If our efforts are to be effective they must be informed. Ill informed action cannot reasonably be expected to do anything but make conditions worse. Tens of thousands of Kansas people know this. These people ask the college for information and they are entitled to it."

"The college is not and never can be a storehouse of complete final information on any subject. It must conduct laborious research work continuously, else its information soon becomes obsolete. Moreover, the college must send out a continuous stream of trained men and women who, because they are trained either in regular courses or in short term intensive training courses, are specially qualified to meet new and difficult situations. Any serious, long-continued impairment of the efficiency of the college work—in resident instruction, research or extension—in time will be reflected in reduced ability of the citizens of the state (Continued on page four)

PRESENT ENDEAVOR PLAY

"Youth in Conquest" Commemorates Week of Celebration

"Youth in Conquest," a play, is to be presented by the Christian Endeavor society of the Christian Church at 7:30 o'clock Sunday evening during the regular church hour.

The play, which is to be given as a part of the observance of Christian Endeavor week, is under the direction of Mrs. J. D. Arnold. Members of the cast are: Maxine Wickham, Mildred Stearns, Harold Scott, Bethel George, Stanley Roberts, Bob Paige, John Beach, Keith Hinchliff, Ernestine Young, Gene Woodruff, Mildred Cooper, Thomas Meroney, and Richard Burdge.

SILVER MEDALS FOR LITTLE ROYAL ARRIVE

Thirty Students Will Compete for Honors in Livestock Exposition

Sterling silver medals, to be awarded winners in the fitting and showing contest of the annual Little American Royal livestock show next Thursday night, were received this week by the Block and Bridle club, student organization sponsoring the event.

The silver trophy cup, to be awarded the grand champion of the show, has been on display for the last two weeks in a window of the College book store. The show is a feature of the fifty-ninth annual Farm and Home week, to be held here from February 7 to 10 inclusive.

Over thirty students, including one young woman, have entered animals in the contest, according to E. C. Coulter, Willis, chairman of the entries committee. The young woman is Virginia Wagner, a 4-H club member from Richmond, who will show a Hereford heifer.

At a meeting of committee chairman called last night by John I. Miller, Prescott, student manager of the show, plans were discussed for securing more entries in the contest. Entry tickets, priced at 25 cents each, may be secured from members of the Block and Bridle club.

"The entry list has been filled in the beef cattle division of the contest," announced B. R. Cathecart, Winchester, publicity director of the event, "but entries may still be made in the horse, swine, and sheep divisions. Since many of the students who have already entered animals have not yet started to work on them, any person entering now will not be seriously handicapped."

PRINTING BIDS IN FOR ROYAL PURPLE

Cover Design Already Submitted, But Not Yet Selected Says Thackrey

Printing bids for the 1933 Royal Purple were made Wednesday according to Franklin Thackrey, editor of the Royal Purple. The contract will probably be let the first of next week.

Art work from the engraving company, Burger and Baird, has been received regularly by the editor. Basketball and football pages were returned this week. Cover designs for the book have also been submitted by the engravers. But the design to be used has not been chosen, the editor said.

NEW OFFICERS INSTALLED

Installation of new officers for the Congregational Goodwillship society was held Sunday evening at the church. These students, who were elected just before the end of the first semester, will hold office during the second semester:

President, Robert Roberts, Manhattan; vice-president, Romaine Cribbitt, Parsons; treasurer, Kenneth Davis, Manhattan; social chairman, Doris Clydesdale, Gaylord; music, Shirley Jacobs, Lenora; food chairman, Dale Norris, Raymond; decorations, Elma Edwards, Athol; extension, Ralph Brindle, Fredonia; kitchen police, Ray Lippenberger, Fort Collins, Colo.; properties, Ferrell Bozarth, Lenora; cabin master, Willard Challenger, Sedgwick.

The regular discussion meeting was led by Alice Brill, Sunday night, on "Negative and Positive Living."

WINS \$500 FOR 20 WORDS

Julia Crow Extols Qualities of Bosch Radios

Julia Crow, sophomore in music education, received a \$500 check Monday for writing a paper of less than 50 words telling the qualities of the Bosch radios and why she thought her favorite radio stars sounded better over that make of receiver.

Miss Crow resides at 312 North Sixteenth street.

OUTSTED FOR LOW GRADES, DISCOVER WAY BACK HARD

ONE HUNDRED SEVENTEEN STUDENTS FAIL TO MAKE REQUIRED POINTS

NINETY-NINE ON PROBATION

Twenty-Six Fail in Reinstatement Attempts; Many Did Not Petition for Permission to Return

Low grades made during the past semester by 26 students at Kansas State caused their dismissal from classes for the spring and summer sessions, according to Prof. R. I. Throckmorton, chairman of the committee on reinstatement. In addition to those students dismissed 99 are now enrolled at Kansas State on probation. Fifty students have been reinstated. Apparently many students did not petition for reinstatement.

General Science Loses Many

The General Science division reports the largest number of dismissals, 52. The Engineering division falls second with 35. The Home Economics division and the division of Agriculture both report 13 dismissals, and the division of Veterinary Medicine dismissed four. In the General Science division 43 are on probation and 22 reinstated.

Fifty are on probation in the Engineering division, and the number of reinstatements were not known. Six were reinstated in the Home Economics division, and the number on probation was not given. The number on probation and the number reinstated in the division of Agriculture hasn't been estimated. Four are on probation in the division of Veterinary Medicine and four were reinstated.

Rule Decides Limitations

The ruling in the college catalog pertaining to scholarship deficiencies reads: "Any freshman student who receives deficiencies in one-third of the work to which he is assigned or any other student who receives deficiencies in one-fourth of his work, at the end of the semester, is automatically placed on probation for one semester. Any freshman student who receives deficiencies in two-fifths of his work, at the end of the semester, is automatically dismissed from the college. Any student dismissed for scholarship may petition in writing, on a form provided by the college, for the immediate reinstatement. Petitions presented by such students are considered by a committee appointed for that purpose. Reinstatement is granted only in exceptional and meritorious cases."

Low Grades From Many Sources

The low grade students attribute their scholarship deficiencies to money and time. Some find they have too much of both, while others deplore the fact they have not much of either. The present economic condition is cited as a reason some students fail. Worry and physical fatigue from too many hours of work in addition to hours of study, cause many to drop out.

"Most of the students dismissed are intelligent enough but they are lazy. An average high school student finds that he cannot make it in college without digging. Students that have been here several semesters with a low average, have little chance of being reinstated should they flunk out," one of the reinstatement committee members said. "It is time to know that every person cannot be a college student, any more than every boy can be a football player."

The decrease of 157 in the spring semester enrollment apparently wasn't entirely due to the present economic condition.

TO CONTRIBUTE ARTICLES

Professor Aubel Will Write for National Breeders Bulletin.

Prof. C. E. Aubel, of the animal husbandry department, will contribute two articles to the 1933 edition of the National Pig Breeder's association bulletin to be published soon. His subjects are "Nutritional Deficiency Diseases of Swine" and "Swine Production in the United States."

The bulletin is published annually in London and has a wide circulation especially among swine breeders in England, Canada, Denmark, United States, Australia, and New Zealand. Each year one person from the United States is selected to contribute one or more articles to the publication.

Who Pays?

Eighty-five fraternities of three Kansas colleges are faced with the problem of paying taxes, paying fines and paying money that most of them don't have. These fraternal organizations from Baker university, Kansas State College and Kansas university represent the largest group of social organizations of their type in the state. True enough, other schools have the same type of organizations but they are classed in a different group because their respective counties did not wish to add another burden on the shoulders of students trying to go to school on the allowance that their parents can share them after the taxes back home have been paid.

But supporting the numerous county boards, departments, and other county functions back in the home town isn't enough burden—says the two greed counties of Kansas. So as a matter of making things easier for themselves and more money for them to spend on themselves, Riley and Douglas counties decided that the folks back home should support them too.

Now it's up to the fraternities of these three colleges to do their part in supporting Riley and Douglas counties. Strange as it seems, the officials of these counties were short sighted enough to fail to see the obvious results of such drastic action. Yes, drastic is what is meant. In any sense of the word it is drastic, even more than that. These members of fraternities and sororities at a college are not walking banks as some people seem to think. The two-bit neck tie salesman, the insurance salesman, the punch board peddler, the city slicker, the bond salesman, and the wide mouthed jewelry salesman all have their pet opinion that fraternities are easy money. They usually go to these places once—they know more than to go a second time.

It is unfortunate that Riley and Douglas had to get the same idea as do these fakirs. They will soon learn that all is not gold at the fraternity house, and that living at a sorority house isn't as expensive as the appearance of some houses might indicate. College students come from common homes—the average home and not many of some parents are directed to believe.

The houses will meet their tax assessments though. They won't have to stand around and see Riley and Douglas counties gather in the expensive homes and see how their taxes haven't been paid.

The problem then appears to be one just where the money is to come from. That is for the Greek organizations to worry about. County officers won't have to think about that, they have the Greek organizations between the shiny deep and the unmentionable gentleman.

The problem of raising money to pay taxes is one that will have to be dealt with in any way possible. There are several ways in which the organizations will meet their tax payments. A survey of these will show that the merchant of Manhattan, Lawrence, and Baker will be the one to lose.

Who else will lose? The college student can't raise his allowance. The Jesse James that collected taxes back in the home town aren't going to cut out any of their expenses so that Dad can raise son's allowance. The student will not so much to spend at college and that is all—these usually isn't any more.

In about every case, the merchant that depends upon college trade will be the one to suffer. About the first thing that will happen in most houses is a raise in their house bills. Small in name but several dollars a month in others, that will mean a cut in the expense account of each student.

The houses are organized and will work together. The first thing that is coming is co-operative buying on the part of fraternities and sororities at each college. Moves have already been made at Kansas State and it will be a reality before many days. The houses will buy their supplies wholesale. They won't get them from local merchants, co-operative buying means spending the money where it will buy the most and that won't be in Manhattan, Lawrence and Baker. Each house spends from three to fifteen thousand dollars a year for their commodity departments. Those figures multiplied by 85 will mean a neat sum that will be re-

moved from the grocery stores and markets of these three cities.

But the fraternities and sororities can't be blamed for buying out of town. It is unfortunate that this method must be resorted to, but it is their only alternative and they are going to do it.

Another huge factor in reducing expenses will be the elimination of the house mother. The house mother at the average fraternal organization receives a salary which is high. Here is another chance for the fraternity to save. They can dispense with the house mother and hire a person to act as a chaperone when guests are present or other social functions are being held. They will net a saving of about \$500 a year to most houses. They usually receive about \$450 salary during the school term along with their room and board. The house mother will probably be done away with and a cheaper method resorted to. And this all goes back to the poor merchant. There will be no house-mothers spending their dollars among the merchants.

The student won't be spending his money on clothes and shows either. He will cut his expense account and the merchants will suffer. His dollars will go towards the support of schools in the county in which he has no interest, probably doesn't even know exist, and couldn't even attend, or get into, in fact, if he wanted to.

His dollars will go towards making life easy for some one that doesn't even know who pays taxes. True enough, some of the money will be spent where the college student will know about it, some will be spent where it is needed to improve where the college student has necessitated improvement, and some will be spent where the college student would gladly have it spent. It is the idea of supporting something that one can never possibly benefit from, and something that is undeserving of the students help that really causes the student to wonder just who the officials of this county, the supreme court, and certain private parties think they are.

Thinking is in order now. The students are stuck for their money. The county will get its money. Only narrow minds will fail to see the results. They are obvious and unavoidable. The merchants will pay. The student will pay.

Its a serious matter that should have been avoided. It could have been avoided. It will be a smart legislature that makes an amendment to its constitution in the future that will exempt deserving parties from certain taxations.

It will be a smarter public that thinks twice before certain county officers are re-elected and before members of the high court are allowed to remain in their seats.

Snooperette

The "between semester mix-up" varsity was sure a stag line—tall ones, skinny and fat ones.—about twenty boys to one girl. Who was the girl, Dan Blaine, Ralph Graham, Lee Morgan gave the rush? None other than "Spud" Morgan old popularity plus.

There's a tall, handsome Delta Tau who is waiting for that jeweled pin to come so he can put it out. We wonder who she is.

Special—three little girls back in circulation again boys, Marium Clark, Charleen Baker and Eleanor Wright—and "Si" Sartorius is trying to be the little match-maker. What a man!

Un huh—curly-headed Elwyn Athey has a black eye, so has Margaret Mary Reddy, only hers has a pinkish tint to it—then Ella Fouts claimed one a week or so ago. It has been said Athey has been practicing the art of looking through key-holes, and the door was opened unexpectedly. Margaret Mary Reddy must like to look at her feet because she bumped her eye on the choke of a dashboard of some car.

Why couldn't the dear old faculty allow us three hours credit in a jig-saw course? Assigners say that the courses of some of the students are so jumbled that their schedules resemble a jig-saw puzzle anyway. We suggest, too, that a lecture course be added to console all students unable to solve a jig-saw in three hours.

And speaking of new courses, why not adopt a course in lovemaking as Butler university did? Or do you think a course in it would be necessary to learn how to make love? And if we did have such a course as an elective (and who wouldn't elect it, except possibly the vets—we wonder what the pre-requisite might be.

A Sigma Nu feels pretty sure the college wants him in school—so much so, in fact, that it went to the trouble of writing him a nice long letter trying to interest him in the institution—after he had spent the entire semester in attendance. "I've made my reputation here," he declares. Well, he ought to be thankful the powers that be aren't writing him letters telling him how much they don't want him.

And then there seems to be one or two words left that we may give to the lovelorn. One petite fem was heard to say just this morning, "don't ever have a date with a biology student, they surely like to cut up."

A smart retort from the other gum chewer saved the day with that crack about never dating the baseball player because he always hits and runs.

There is one or two words of consolation for those with black eyes, those with first hours, and those taking journalism—wasn't the depression terrible? Feel better? Well, anyway, you'll either die or get well. But the former wouldn't be so bad cause if you go up, you won't have worries, and if you go down you'll be busy shaking hands with old friends and assigners.

DINNER, SHOW, DEBATE FOR FARMERS AND WIVES

Farm and Home Week Plans Include Three Events of Importance.

A debate between Kansas State and Iowa State, the ninth annual Little American Royal livestock show, the annual achievement banquet at which Kansas master farmers for 1932 will be officially presented—these will feature the evening programs of the fifty-eighth annual Farm and Home week to be held here February 7 to 10 inclusive. The completed program for the event was announced last week by Prof. L. C. Williams of the college extension division who is general program chairman.

Kelley-Stone Kansas Debaters Edward Kelley, Manhattan, and Edward Stone, Topeka, will represent Kansas State in the debate Tuesday evening, February 7, which will be broadcast over station KSAC from the college auditorium. The subject is "Resolved that the principles of domestic allotment should be incorporated in national legislation." Kansas State will uphold the affirmative.

Prof. H. B. Summers of the department of public speaking will be chairman. The Iowa State team is coached by Forest I. Whan, a graduate of Kansas State.

Girl Will Show Hereford Approximately thirty contestants, including one girl, have entered animals in the fitting and showing contest of the Little American Royal which will be held the evening of February 9, according to E. C. Coulter, Willis, chairman of the entries committee. Virginia Wagner, Richmond, a 4-H club member, who is enrolling in Kansas State this semester, will show a Hereford heifer.

The dairy cattle fitting and showing contest, sponsored by the Dairy club, will be held in the judging pavilion the afternoon of February 8 as a feature of dairy day. The animals will also be displayed the following evening at the Little American Royal, sponsored by the Block and Bridle club, which will climax the livestock days program.

Wind Up With Banquet Dean H. Umberger, director of the college extension division, will

be toastmaster at the annual Achievement banquet, to be held the evening of February 10 in Thompson hall. This banquet is the final event of the week's program.

The program for the week as a whole will emphasize those production and marketing phases of agriculture that will be most adaptable to the 1933 Kansas farm program, according to Professor Williams. The production and utilization of home grown feeds will be stressed.

Wives Not to Be Neglected The homemaker's program will likewise be devoted to new developments in effecting a "live-at-home" plan. Miss Amy Kelly, state home demonstration leader of the college extension service, who is in charge of the program for women, states that the home-growing and utilization of meats, vegetables, and fruits will be emphasized on all homemakers' programs. "Farm and Home week," President F. D. Farrell commented, "offers an excellent opportunity to rural people to obtain inspiration and information of value in making farming more profitable and farm life more satisfying."

RIFLE TEAMS TO MEET

Important Announcements Will Be Made Monday

A meeting of the rifle teams for both men and women has been scheduled for February 6 at 5 o'clock in N52. It is urged that all members be present at that hour as important instructions concerning the firing of the Hearst trophy and Corps area matches will be communicated. Other matters regarding invitations to Kemper and Missouri valley rifle league tournaments will be discussed also.

SAILS FROM NEW ORLEANS

Charlotte Remick, Manhattan, former Kansas State student and winner of a popularity contest sponsored by a Manhattan newspaper sailed last week from New Orleans for a cruise of the Caribbean.

Before departing, the group with which she is traveling posed for photographers and was interviewed by reporters.

Miss Margaret Knerr, Manhattan, was elected business manager for the annual spring banquet.

FRESHMEN GROUP PARTY

The Y. M. C. A. and the Y. W. C. A. freshman commission groups will have a joint party Saturday, February 4, in Calvin hall, Room 58. The party will start at 7:30 with a special entertainment which will last until about 9 o'clock. The remainder of the evening will be spent in dancing. There will be no admission charge.

There are other good cigarettes, of course.

TO TELL you that Chesterfield is the only good cigarette... that the makers of Chesterfield Cigarettes are the only ones who can buy good tobaccos and manufacture cigarettes scientifically... would be nothing short of foolish.

For all tobacco is sold in open auctions—where anyone can buy if he will pay the price. Even the machines on which different cigarettes are made are alike.

This much, however, is true: By using the right kinds of Turkish and Domestic tobaccos in just the right proportions... by blending and cross-blending them together in the most careful way... we make Chesterfield what smokers say it is... a cigarette that's milder, that tastes better. Just try them.

Chesterfield Radio Program—Every night except Sunday, Columbia coast-to-coast Network.

In Society...

ROLLED OATS

Open house at 500 Sunset—with Pete Fairbanks giving his Helen Kane "poo poo pa doop", while the brothers in the bond dangled dangerously from third story windows—shouting lurid remarks at innocent bystanders. (Wally Duncan dangled prominently).

Taylor Jones marks time—while our red haired Danny Boy Blaine forges ahead—the pin returns.

Attired in the same tattered tweeds in which seven years ago he first astonished the hill—Mark Babb, in the rear booth of the Palace, paused in his pursuit of a jigsaw and with dignity and reserve—amid such trials and tribulations—presented to friends and foes alike his few solemn words of farewell. Sad was the parting but so filled with eloquence that it shall long be remembered—even as his tweeds and he.

By the way Harry Hasler—how was 1818 in the Phillips? Chuck Clark cornered—and it was at the village—and it was married—and it was a woman.

Ed Smith—mammoth meanie—of Phi Delta Theta, wandering aimlessly about the Muleback Coffee Shop (with-out friends) laden with 5 orders of toast and 7 cups of coffee—which but a moment before he had slowly, sadly, son-orously, and sedately ordered from a bewildered waitress.

With profit rises prestige—thus Brick Garrison feels himself proudly arrayed amongst the aristocracy—having, after the past week end, eeked profits from 416 pieces of glass ware, checked in at 52 per transfer.

The expectant look on the faces of all coeds—Sentimental Si Sartorius has returned—not in condition but rapidly gaining.

Surprise! Jack Householder is here!! His farewells and arrivals aren't monotonous—life just wouldn't be the same without them.

Frances Fockles caring for cows on the Miller Ranch.

"I wanna dance wit de guy wot bring me"—the Gaiety remains last Wednesday night's Varsity's only rival as to its proportion of male and female attendance.

Eddie Criner and his 406 Friday afternoons??

And six abreast in the center of Anderson stood the 400—demanding repairs, reparations and reinstatement—but as a brilliant senator once said—"He who hesitates—hesitates and it is better to have lost and lost than never to have lost and lost".

Social Calendar

Friday, February 3
 Manhattan Theater play, "Minck". 9:00 o'clock, college auditorium.

 Chorus meeting, 7:00-10:00, college auditorium.

Alpha Delta Pi
 Doris Harmon was a dinner guest at the house Thursday evening.
 Thelma Large, who graduated this semester has gone to Kansas City to spend a few days before going to her home in Protection.
 Mrs. J. W. Thompson, McPherson, arrived yesterday afternoon to see her daughter, Marianna, who will not be in school this next semester.
 Josephine Shaffer and Iva Jasson, Colby, are visiting at the house this week end.
 Margaret Joyce, of Oswego, and Doris Harmon were luncheon guests yesterday noon.
 Ella Pouts, Helen Morgan, Jeanette Mosier, and Leora Light were inner guests last evening.

Beta Delta Delta
 Delta Delta Delta announces the pledging of Ellen Paine, Manhattan.
 Glenn Kulken, Glen Elder, was luncheon guest Monday.
 Miss Georgia Baldwin was a guest Wednesday evening.
 Mr. and Mrs. R. F. Jack, Russell, visited their daughters, Roberta and Frances, Monday.
 Delight Anderson, Newton, visited at the house Tuesday.
 Mrs. Clara Bramwell, Belleville, for her home Tuesday after a fortnight visit with her sister, Mrs. Henry Penling.

Alpha Rho Chi
 Those who went home between semesters were: Carl Osmann, Concordia; W. D. Watts, Pratt; Art Munns, Kansas City; Floyd Kennedy, Anthony; George and William Erdmann, Ellsworth.
 Charles Beal, Avoca, New York, back in school this semester.
 Guests at the house this week re: Mason Joerg, Randall; Arthur Thotts and Carl Philouet, Ellsworth.
 Ulfert Busch, Washington, Mo., spent Sunday in Salina.
 Phillip Rockwood, Parker, spent the week end in Kansas City.
 Clarence Rindard, Salina, was a guest at the house last week.

Alpha Kappa Lambda
 Vincent Hall, Baker university, Salina, was a weekend guest of Roland Elliott.
 Sunday dinner guests were Clarence Brehm, Wichita; Tom Dicken, Winfield; and Curtis Sides, Roma-na.

The following spent the semester vacation at home: V. A. Ehlott, McPherson; Wilbur Wohl, Wheaton; John Hamon, Valley Falls; Harold McElroy, Randall; and Phillip Nutter, Wells.
 Dale Vawter spent the weekend in Kansas City, John Schafe at Monument, and Byron Stephenson at Wichita.

Pi Beta Phi
 Pi Beta Phi announces the pledging of Weldene Middlekauf, Beatrice, Neb.
 Wilma Womer, Topeka, was a dinner guest last evening.
 Members who returned to school after the mid-term vacation were: Bernice Mosser, Larned; Mary Kendall, Great Bend; Kathleen Mallon, Anthony; Rose Almen and Glenda Mae Hodge, McPherson; Voma Alcott and Betty Harold, Sabetha; Marion Todd and Ann Washington, Leavenworth.
 Margaret Joyce, Oswego, was a dinner guest Tuesday night.
 Mrs. F. W. Maltby, Canton, and Mrs. Blaine Miller, Hays, visited at the house this week.

Tau Kappa Epsilon
 The following officers were installed for the spring semester: R. R. Teagarden, LaCygne, president; George Irvine, Stafford, vice-president; Edgar Cooper, Stafford, secretary; Francis Perrier, Lyons, treasurer.
 Lieutenant-Colonel Sullivan of the military department was a dinner guest Thursday evening.

Alpha Xi Delta
 Alpha Xi Delta announces the pledging of Dorothy Barfoot, associate professor in the department of art, and Pauline Crawford, Luray.
 Merle Mark, Abilene, has returned to school for second semester.
 Frances Hampshire has enrolled in school for second semester.
 Gersilda Guthrie, Jetmore, visited at the house.

Delta Tau Delta
 Herman Teets spent the vacation in Kansas City.
 Homer French visited in Pretty Prairie.
 Mr. H. S. Diver, Chanute, is a guest at the house.
 Delta Tau Delta announces the pledging of Claude Ross, Dover; William Blowers, Kansas City; and Vernon Warner, Osawatomie.

Kappa Delta Entertained
 Members, alumnae, and rushees of Kappa Delta were entertained at the Country Club Tuesday evening by Dr. and Mrs. C. W. McCampbell, Dr. and Mrs. T. L. Galtney, and Prof. and Mrs. J. E. Fitch.

Kappa Sigma
 Kappa Sigma announces the following new officers for the spring semester: president, Whitney Teal; vice-president, Lesley King; and treasurer, Olin Ediger.
 Roy Engler and Evan Davis spent the weekend in Topeka.

Beta Phi Alpha
 Beta Phi Alpha entertained alumnae and guests at dinner Tuesday evening.
 Theta Xi held open house for members of Beta Phi Alpha Thursday evening.

Chi Omega
 Chi Omega announces the pledging of Lois Narimore, Cottonwood Falls.
 Louise Stenner, Kansas City, a former student, has enrolled for second semester.
 Betty Purcell returned to her home in Kansas City Wednesday.

Phi Sigma Kappa
 R. L. Parker, Steve Vesecky, Oscar Kent, John Mogge, and Harry Grass spent the weekend in Kansas City.
 John Hartman spent the weekend in Omaha and Lincoln.
 Don Fox spent the weekend in Longford.

Kappa Kappa Gamma
 Margaret Joyce, Oswego, was a dinner guest Thursday night.
 Lucille Albright, Lawrence, was a weekend guest at the house.

Sigma Alpha Epsilon
 Sigma Alpha Epsilon announces the pledging of George Peck, Topeka.

Beta Theta Pi
 Harold Eddington, Dodge City, and Jack Householder, Clay Center, have re-entered school.

Those who spent the weekend at their homes were: Burnette Stratford, El Dorado; Ed Murphy, Kansas City; Charles Team, Wichita; Jim Foulds, Hutchinson; Franklin Colloday, Hutchinson; Jay Wright, Topeka; Tom Johnson, Topeka; Jack Boyd, Topeka; Hardy Prentice, Clay Center; Paul Fairbanks, Topeka; and Wallace Duncan, Topeka.

Kappa Delta
 Bethel Muhleim of Ellis has returned to school after a semester's absence.
 Kappa Delta announces the pledging of Geneva Marble, Troy.

Sigma Phi Epsilon
 Albert Thornbrough, Lakin, and David Butterfield, spent the weekend in Kansas City.
 Victor Kralnibill and Wayne Thornbrough spent the weekend in Lawrence and Kansas City.
 Delbert Costa visited in Madara last weekend.

Maurice DuMars spent the weekend in Topeka.
 Spencer Wyant visited his father in Topeka over the weekend.
 Mrs. J. D. Ritchey spent the weekend in Lawrence visiting friends.
 John Woodruff was the guest of Verles Hotz in Dodge City over the weekend.
 James Johnson visited his parents in Salina last weekend.
 Junior Weir spent the weekend in Stafford visiting his parents.
 George Garrison, Jr., visited his parents in Goodland last weekend.

"Just Married" Party
 Lambda Chi Alpha entertained with a "just married" party Saturday. The house was decorated with storks, tin-cans, and dates were taken for a "ride", in hay racks. Dancing was enjoyed following the ride, Paul Waller's orchestra playing. Dean R. W. Babcock acted as officiating clergyman at a mock wedding during intermission, after which the "new couple" passed cigars and candy.
 Guests were Dean and Mrs. Babcock, Rowena Johnson, Jane White, Marjorie Call, Elsie Gottschalk, Marie Henney, Wilda McNally, Imogene Hubbard, Myra Roth, Reba Miller, Marian Thompson, Amelia Kroft, Helen Joseph, Veva Brewer, Wilma Reinhardt, Alice Kimball, Wilma Cook, Jo Baker, Mary Kimball, Jo Mason, Ruth Boyles, Pauline Compton, Mrs. Don Nutter, Miss Cahill, Junction City; Myrtle Peters, Ness City; Mildred Chambers, Milford; Liebman Langston, Phil Mason, Walt Kearns, Kenneth Crawford, Ralph Alken, Leonard Pike, Milford; Pat Casey, Corning; and Glen Meredith, Junction City.

Fair For Graduate Club
 A party in the form of a fair will be given Friday night in Calvin hall by members of the graduate club. Election of officers for the second semester will be held. The party will begin at 8:15 o'clock.

Economics Faculty Gathers
 The members of the economics department are having a pot luck supper tonight at the home of Prof. C. H. Thompson, 811 Larame.

Freshman Commission Party
 The combined Freshman commissions of the Y. W. C. A. and the Y. M. C. A. will entertain with a party Saturday evening, February 4, in L58 The party, which will consist of games, dancing, and other entertainment, is in charge

of Ione Hill and Max McCord. New students this semester are especially invited. There will be no admission.

Milling Department Dinner
 Dr. and Mrs. C. O. Swanson entertained the members of the milling department and student assistants at dinner at their home Monday evening.

At the Theatres
AT THE WAREHAM
 "The Mysterious Rider"
 President Herbert Hoover makes his debut as a movie actor in Zane Grey's "The Mysterious Rider" which is playing today and tomorrow at the Wareham.
 When the government authorizes the construction of the Boulder Dam, a tricky lawyer attempts to swindle the suddenly valuable land from the settlers. The hero, Kent Taylor, is pick-pocketed and loses the confidence of the settlers. Lona Andre, one of the winners of the recent nation-wide Panther woman contest, aids Kent in becoming the mysterious rider in the usual thrilling Zane Grey way. The lawyer is made to confess and all ends well with Kent Taylor and Lona Andre in arms at the final fadeout.

AT THE VARSITY
 "Parachute Jumper"
 Although the title of this show is misleading, the picture itself is worth seeing. A bit slow moving at first, "Parachute Jumper" develops into almost a breath-taking gangster show.

Douglas Fairbanks, Jr., and Bette Davis share acting honors as two past benchwarmers—in other words just two more unemployed. Frank McHugh as an ex-Marine buddy of Fairbanks adds humor, while Leo Carrillo gives that gangster atmosphere.
 The story centers about difficulties encountered by three "friends in misery" who attempt all sorts of employment in order to be bread-winners. Parachute jumping enters in now and then as a means of livelihood. All sorts of entanglements occur, but everything ends

well when Douglas Fairbanks saves his pals from becoming exposed in a narcotic ring exposure. There are some nice airplane scenes with some fancy parachute leaps. Bette Davis acquires a Southern accent which is becoming. You'll leave the theatre in a good mood after this picture.

AT THE DICKINSON
 "Tonight Is Ours"
 Claudette Colbert and Fredric March vie for honors in this romantic fairytale picture of a Queen who was allowed to marry her commoner lover. If you rave as much about March as the Hollywood ladies do or think Miss Colbert is as beautiful as McClelland Barclay claims she is, then don't miss seeing them together in this cinema production. There is superb acting on the part of both these well-known stars. And the plot of the picture is so romantic and so unreal that it is immensely entertaining.

There is a Queen who falls in love with a commoner at a very gay masque ball. They continue to explore the haunts of Paris together as their love for one another deepens. One sad day the Queen is forced to desert her lover for reasons of state. She reigns for a year, and then is to marry a Prince. At that time her Parisian returns—and, well, you can guess that the Queen and her Prince-Consort live happily ever after. You will enjoy this to the utmost, and you'll come away raving about Claudette Colbert and Fredric March.

No Longer Expect Girls To Pose and Ask Silly Questions
 Three majors in women's physical education graduated last semester. They were Esther Hobson, Thelma Large, and Ernestine Young.
 "What do you think these girls who graduated should be able to do?" an inquiring reporter asked Miss Saum, head of the women's physical education department.
 "Well," said Miss Saum, tilting back in her chair and emphasizing her words by tapping her desk, "I think that any girl by her senior year should be able to participate intelligently in sports. She should be able to appreciate dance forms. She should be able to swim—at least enough to keep from drowning. In at least one sport she should have more than average skill. Her posture should be restful, yet erect and graceful."
 "You know," she continued, smiling, "Women aren't expected to pose on the sidelines any more or ask silly questions about a baseball game. If a girl cannot acquire skill

she can at least have knowledge."
 "What do you think a girl should take into consideration in enrolling in physical education?" asked the reporter.
 "I think she should decide what she wants to accomplish rather than just how many hours she will exercise every day," Miss Saum concluded.

An Investment in Oil that Pays
 We all know that a washing machine or an automobile will wear out quickly and perform unsatisfactorily if not oiled regularly. Still, we somehow expect our watch to run 24 hours a day and never miss a tick—without this same consideration. The tiny parts in your watch need to be cleaned at least once a year in order to keep correct time. Letting your watch run until it stops is expensive! BRING YOUR WATCH IN TODAY. WE WILL INSPECT AND REGULATE IT FREE.

COURT BATTLE WITH TIGERS HERE TONIGHT

WILDCATS TO MEET TIGERS IN HARD CONFERENCE GAME

MISSOURI HAS TITLE HOPES

Wildcats Loose Russell Through Ineligibility; Grove, Lanky Center, Ready for Competition

Kansas State basketball fans can expect a real battle tonight when the Wildcats and the Missouri Tigers clash in Nichols gymnasium at 7:30 in their first meeting on the court this season.

Since Missouri at present is one of the leaders in the championship race, Kansas State will be in for a hard battle. So far the Tigers have beaten Iowa State and Nebraska, but have lost to the leading Kansas university Jayhawks. The Missourians will be out for revenge as Kansas State blasted Tiger championship hopes last year by copping a late game which allowed the Jayhawks to win the title. Furthermore, the Tigers must win to stay in the conference race and the Wildcats must win to bolster their already low standing.

Registration Breaks Practice
Registration complicated Kansas States basketball practice sessions and necessitated a stiff practice Wednesday night. During the early part of the week, the squad held its practices in the women's end of the gym, which was unlike the regular varsity floor, both in height and size. Following the removal of the tables and chairs in the gym Wednesday afternoon, the squad put in a hard session and played a full game in order to get the players back into working order. The second team has been using Missouri plays against the varsity, and has done a fair job at keeping the regulars busy.

No Change in Lineup
No drastic changes have been made in the lineup of the regulars so it is likely that the same teams will do a large share of the playing tonight. Graham has been working at one forward and Stoner and Breen have been alternating at the other. Dalton is still at the pivot post and Boyd and Captain Skradski at guards. This lineup is the same one which defeated Iowa State and has shown strong scoring possibilities as well as a good defense.

Russell Ineligible This Semester
Groves is eligible for varsity play this semester and is likely to be used at the center post at times. Dougal Russell is in school this semester but is ineligible for varsity competition.

Iowa State Next
After tonight's game the Wildcats will take a road trip. Tuesday night they will play Iowa State at Ames. This will be the second meeting of the season between these two teams. The Kansas State team defeated the Cyclones here last Saturday night. Both teams are in conference cellar positions.

The Spotlight

Kansas State basketball followers should be pleased at the showing made by the Wildcat quintet in its game against Iowa State, when they took the Cyclones to a cleaning. Perhaps the victory came as a surprise to those fans who had given up all hopes for the team.

The overthrowing of the losing jinx was not just an accident. It was to be expected anytime, and it happened to be the Cyclones who had to take their medicine. The Wildcats are just beginning to regain the good form and basket shooting shown before the holidays, when they played bang up ball against all their pre-season opponents.

The fact that the Kansas State five has improved tremendously can be seen in the way the Corsautmen played against Oklahoma at Norman and against Iowa State here. Although the Sooners are close to the top in the conference race, they had a hard time nosing out the Wildcats in their second meeting. The score against Iowa State clearly indicates that the new offensive combination of the Wildcats really can work.

So far as winning the conference championship goes, Kansas State is out of it. But that still doesn't keep them from sticking their claws into the nice juicy Jayhawk, Tiger, and Sooner hopes for the crown. And when the Wildcat starts to claw, just try to stop him.

As a result of the Iowa State victory, Kansas State raised its

percentage in both offense and defense. The Wildcats now rank fifth in offense with an average of 26.8 points per game. Kansas university leads with a 32.2 point average, while Iowa State is last with a 24.0 average. Kansas also leads in defensive work, allowing opponents an average of 25.0 points per game. Opponents have scored an average of 26.9 points per game against Oklahoma, 30.0 points per game against Missouri, 30.5 against Iowa State, 31.3 against Nebraska, and 31.4 against Kansas State.

Midnight oil wins out over Kleig lights. So it is in the case of Lawrence Ely, Nebraska's All-American football center. The husky Husker grid star visited all the big motion picture studios in Hollywood after the annual East-West charity game, and sight and sound tests of him were made at each studio. At the Roach studio, Hal Roach told Ely, "Return to the university for your law degree and then come back if you want to try movie work." And this was Ely's sentiment, "If they offer some real money..." The Cornhusker center still has two and a half more years to go before he will receive his degree.

The other day Whitley Cox, University of Oklahoma dash man, equalled the world's indoor mark for the 60-yard dash, clipping off the short distance in 6.2 seconds. Just another worry for the rest of the conference dash men. This man Cox fairly burns up the track.

Kansas State grid fans may have the prospects of seeing a fourth home game next fall. Athletic Director M. P. Ahearn is now trying to get a game scheduled with Marquette university next year. Conference officials have approved of adding this game to the Wildcat schedule, which will make a total of 10 contests to be played. The Kansas State athletic council will consider the matter in the near future.

A study of the first 10 conference basketball games this year shows that scoring under the new 10-second rule which compels the basketball team possessing the ball to advance into its offensive zone immediately, is 12 per cent greater than under the old rules in effect last year.

Without a doubt the Pittsburgh Gorillas have one of the best all-around basketball centers in the state in big Ernie Schmidt. The tall pivot man has earned a name for himself in his college basketball career that any athlete should envy. This is one reason for it: If he maintains an average of about 12 points per game the rest of the season, which is approximately the pace he has set in the 68 victories and four losses of his college career, he will have scored a total of about 1,000 points in his four years of competition.

SWIMMING CREW ALL NEW MEN THIS YEAR

Coach Moll Lacks Even One Letter Man for Spring Water Events

As there are no letter-men in school this semester, the Kansas State swimming team will consist wholly of inexperienced men this year. Art Baxter, the only letter-man back last year, will not be in school this semester.

The team is working out daily under the direction of Coach C. S. Moll, and to date several promising candidates have reported to him. Among those reporting for swimming at present are: W. B. Martin, Wichita; Joe Creed, Bartlesville, Okla.; Wilbur Combs, Bartlesville, Okla.; Pat Murphy, Washington, D. C.; Herrera Perez, Panama; and John Underwood, Manhattan.

Men's Intramurals

The final round of the intramural wrestling tournament was held last night. The wrestling plaque, which was awarded to the team with the most total points, went to Alpha Gamma Rho with a total of 159 points; Lone Stars were second with 125; and Sigma Phi Epsilon, third, with 80 points.

In the 118-pound class, Wells, Delta Sigma Phi, won by a fall from Ellison. Alpha Gamma Rho. In the 126-pound class, Walters, Alpha Kappa Lambda, won by a fall from Harter, Independent. In the 135-pound class, McDonald, Lone Stars, won by a fall from Howe, Independent. In the 145-pound class, Lamb, Alpha Gamma Rho, won with a time advantage from Watson, Lone Stars. In the 155-pound class, Thomas, Lone Stars, won by a fall from Tindell, Sigma Nu. In the 165-pound class, Young, Lone Stars, won by a forfeit from Kohr, Alpha Gamma Rho. In the 175-pound class, Starks, Phi Kappa Tau, won by a fall from Brewer, Sigma Phi Epsilon. In the heavy class, Neely, Farm House, won a time advantage from Niles, Farm House.

The best match of the evening was in the 145-pound class between Lamb and Watson. Two overtime periods were necessary before a decision could be given, then the decision went to Lamb with the small margin of 38 seconds time advantage.

TO PLAN KANSAS RELAYS

Lawrence, Kan., Jan. 30.—Dr. F. C. Allen, director of athletics at the University of Kansas; H. W. Hargiss, track coach, and others interested will hold a meeting shortly to arrange the program for the eleventh annual Kansas Relays, which are to be run at the University April 21 and 22.

One of the questions to be decided is whether to make the decathlon one of the special events again. If it is put on the program, it will be an open event, to which James Bausch, Olympic winner of the decathlon, and former Kansas student, will be eligible.

Another matter to be considered is that of the use of the metric system instead of yard measurements for the distances of races and field events.

TO BATTLE FOR LEAD

Largest Conference Crowd of Last Year to Be Duplicated When Teams Meet Saturday

Norman, Feb. 2.—Coach George Edwards' Missouri Tigers, who have a better record of conference games won than any other "Big Six" basketball team since the conference was organized in 1928, will snap and snarl at the light speedy University of Oklahoma quintet in a crucial Big Six game starting at 7:30 o'clock in the Fieldhouse here Saturday night.

Aware that they must defeat Missouri to stay in stride with the fast-traveling University of Kansas five, Coach Hugh McDermott's Sooners will attempt to confound the Tigers with the same burning speed and fighting spirit that has earned them the record of not having lost a Big Six game in Norman in two years.

A crowd of 4,000 people is expected for the game as the Missouri team usually outdraws any other Big Six basketball squad playing at Norman. Last year an officially-checked throng of 4,117 saw Oklahoma beat Missouri here, 28 to 17, while the second largest home crowd was 2,916 at the Oklahoma-Iowa State game.

START GRID PRACTICE EARLY

Sooners to Start Six Week Training Period February 1.

Norman, Okla., January 30.—An early six-weeks spring football practice which every varsity and freshman player must regularly attend, will start at the University of Oklahoma shortly after the beginning of the second semester, announces Lewie Hardage, Sooner head coach.

"We plan to start early in February while it is cool and finish sometime in March before the spring sports begin," said Hardage. He will be assisted by John "Bo" Rowland, line coach, who is already conditioning himself for the spring practice by playing basketball.

The Sooner coaches, starting their second season here will divide the men into two squads and play five practice games during the six weeks period.

TWO-PIANO RECITAL GIVEN

Women of Music Department to Be Presented

Miss Alice Jefferson and Miss Clarice Painter, of the Kansas State department of music, will be presented in a two-piano recital in the college auditorium Thursday evening, February 9, at 8:30 o'clock.

This recital promises to be one of the most enjoyable of the year. Compositions to be included in the program include those by Brahms, Arensky, Palmgren, Saint-Saens and Strauss-Phillip.

Miss Maxine Hooper of Abilene will spend the week end with Miss Eunice Williams.

Women's Sports

Basketball will open the second semester intramural sport schedule with practice starting next Monday afternoon. The poster has been put up on the bulletin board in the women's gymnasium and teams are asked to sign up immediately. There will be four practices and each member of each team must attend all the practices.

The tournament will commence on Monday, February 20. At least 15 teams are expected to compete in this sport, as basketball is one of the most popular of the intramural activities. Miss Katherine Geyer is in charge of basketball.

Faculty women's swimming classes under the direction of Miss Lorraine Maytum met last night for the first time this semester. A large attendance is expected this spring at these classes which meet every Thursday evening at 7:30.

KANSAS STATE EMBARRASSED BY DEPRESSION

(Continued from page one)
to cope with the problems that confront them in agriculture, the industries and the home.

Should Maintain Efficiency

"The best interests of the state and of its people require that the efficiency of the college be maintained on as high a plane as possible in the difficult circumstances in which the state now finds itself. Maintenance of high efficiency requires, first of all, a capable personnel and after this, adequate physical plant and equipment and adequate operating funds to enable the personnel to function efficiently."

BIG SIX CONFERENCE ATHLETIC MEETS, 1933

ARE IN COLLEGE NOW BECAUSE OF HELP OF ALUMNI

LOANS TOTAL \$3,280 TO STUDENTS FOR SPRING SEMESTER

NO SENIORS TURNED DOWN

Limit of \$250 Made for Beneficiary of Altruistic Fund Made Possible by Former Students

Seventy-six juniors and seniors obtained loans from the Alumni loan fund, enabling them to enroll at Kansas State for the spring semester. A total of \$3,280 was loaned with no student borrowing more than \$250 during his attendance here. The association is not helping graduate students as they did in previous years.

"More persons applied for loans than we were able to fulfill," said Kenney Ford, secretary of the Alumni association, "but many of these students were either freshmen or sophomores, who are not offered loans. We took care of all the seniors and met most of the juniors. In our 17 years of service we have never lost a dollar in loans. Every one has been paid."

These applicants must give a complete history of themselves and have satisfactory grades and grade points in addition to ten references, two alumni, five faculty, and three hometown acquaintances, on finances and general character.

This student loan fund is made possible by payments on life memberships of \$50 in the alumni association and gifts from alumni and friends of Kansas State.

The following alumni completed their payments on life memberships during the past month of January: John B. Brown, '87, Kansas City, Mo.; B. H. Fleener, '19, K. S. C.; John V. Hepler, '15, K. S. C.; Charles Star Stratton, '26, K. S. C.; and Ada C. Wiese, '31, K. S. C.

Since 1916, when the organization was first established, 615 have paid their life memberships. This entitles them to a life subscription to the Kansas State Industrialist. A record is kept of all the alumni who belong, stating where they are and what they are doing at the time.

KANSAS GAME SCENES ON ASSEMBLY SCREEN

Jack Griffin, State Game Warden, Will Address Students and Faculty Today

Student assembly this morning will be an illustrated lecture by Jack Griffin, Mr. Griffin is state game warden of Kansas and his talk will concern his work throughout the state.

MERMAIDS WILL ENTERTAIN

Women Swimmers Become Water Creatures for Pageant in Pool

Frog club members promise a novel show tonight at 8 o'clock when they present their water pageant, "The Frog's Victory," in the men's swimming pool of Nichols gymnasium.

The gray pool will be transformed into a colorful lily pond where green frogs jump and fish play. Mary Lou Clark will play the part of King Neptune and will have "Spud" Morgan as her attendant.

In addition to the water drama Frog club members will compete in novelty races and perform stunts and tricks.

Frog club is made up of twenty girls who must pass a rigid swimming test to gain admittance. Miss Helen Baum, advisor of the club, is directing the pageant.

Tickets, which are 35 cents, may be purchased from club members or in the office of the women's physical education department.

FARM-HOME WEEK PROGRAM

Tuesday, February 7

Poultry program, room 232, West Waters hall: morning session, 9:00, "Consistency in Poultry Production," L. F. Payne; 9:45, "Breeding practices and Their Influence on the Hatching Quality of Eggs," D. C. Warren; 10:30, "A Method of Management Which Has Paid Consistently Year After Year," A. J. Thomas; 11:15, "Controlling Egg Yolk Color," L. A. Wilhelm.

Afternoon session, 1:30, "What Proportions of Hens and Pullets Should One Keep," L. J. Simmons; 2:00, "The Corn Belt Quality Egg Program," M. A. Seaton; 2:45, "The In and Out of the Poultry Enterprise," I. N. Chapman; 3:30, announcement of poultry champions, G. T. Klein; 4:00, tour of the college poultry farm.

Home economics program, recreation center, Anderson hall: afternoon session, 1:30, community singing; 1:45, "A Welcome," Margaret Justin; 2:00, "Our Need for Educational Extension Work," Mrs. Louis R. Penner; 2:20, "The Farm Problem As Seen From Washington," Kathryn O'Loughlin; 3:00, recognition of the farm bureau representatives.

Evening: 6:00, Kansas Jersey Cattle Club meeting, college cafeteria; 7:30, auditorium, music by the glee clubs; 8:00, Debate, "The Domestic Allotment Plan," Iowa State vs. Kansas State.

Wednesday, February 8

Dairy program, room 234, west Waters hall: morning session, 9:00, demonstrations, W. J. Caulfield; 9:45, "Outlook for 1933 Dairy Prices," George Montgomery; 10:30, address, L. W. Morley; 11:15, "The Kansas 400-pound Bull Club," D. M. Seath; 11:30, report of Kansas State Dairy association; 12:15, Götis luncheon, college cafeteria.

Afternoon, 1:30, "The U. S. Public Health Service Milk Ordinance," M. M. Miller; 2:15, address, O. E. Reed; 3:00, "Experimental Work With Dairy Cattle," H. W. Cave; 3:30, "Newer Knowledge of the Food Value of Dairy Products," W. H. Riddell; 4:15, students' fitting and showing contest, livestock pavilion; 6:00, association meetings, college cafeteria.

Kansas Blue Stem Pasture association, room 7, east Waters hall: morning, 10:00, music; 10:15, address, A. D. Weber; 10:45, "Some Problems of Pasture Owners," T. F. Guthrie; 11:15, round table.

Afternoon session, 1:15, music; 1:35, address, L. E. Call; 1:50, "Outlook for Spring," Theo. H. Lamp; 2:15, round table; 3:00, resolutions.

Livestock: morning, 8:00 Judging demonstration and contest.

Home economics, recreation center: 9:00, community singing; 9:15, "Our College and Our Hoes," representative of the Home Economics club; 9:30, "Purchasing by Specification," Edith Mott; 10:00, "Buying Fabrics," Katharine Hess; 10:30, recreation; 10:45, "Food Buying," Mrs. Bessie West; 11:15, "Buying Household Equipment," Mary Taylor.

Afternoon session, 1:30, book review, Mrs. Robert Conover; 2:15, "Old Things and New in the Home," Dorothy Barfoot; 3:15, demonstration; 4:00, tour of Calvin hall and tea.

Evening, auditorium, 7:30, music and dramatics by College 4-H club.

Thursday, February 9

Livestock program, room 331, west Waters hall: morning, 9:00, "The Extension Beef Program for Kansas," J. J. Moxley; "Sorghum Grain as a Fattening Feed," A. D. Weber; "Sectional Adaptability and Yield of Different Varieties of Sorghums," H. H. Laude; "Feeding Cattle on Grass," C. W. McCampbell; "Lamb Feeding in Kansas," R. F. Cox.

Afternoon session, 1:30, "The Wichita Regional Agricultural Credit Corporation," C. W. Floyd; "The Live-stock Price Outlook," C. E. Aubel; "The Extension Swine Production Program for Kansas," C. G. Elling; Inspection of animal husbandry herds.

Kansas Crop Improvement association, room 252, east Waters hall: afternoon, 1:30, "Results from Cooperative Experiments," A. L. Clapp; 1:50, "Shall We Certify Harmon White Corn?" A. M. Brunson; 2:15, "Distribution of Tenmarq Wheat," H. H. Laude; 2:40, "Possible Adaptation of Ladak Alfalfa in Kansas," C. O. Grandfield; 3:00, "Differences Between Certified and Verified Seed," R. I. Throckmorton; 3:20, business session. Evening, 6:00, Crop Improvement association dinner, college cafeteria.

Home economics, recreation center: morning, 9:00, community singing; 9:15, "Home Economics" (Continued on page two)

GREEN'S TALK ON DEPRESSION AIDS FIRST OF FORUMS

WEDNESDAY MARKS OPENING OF SEASON FOR DISCUSSIONS

MAY LUNCH AND LISTEN

Weekly Sessions in Thompson Cafeteria Are Joint Project of Y. W. C. A. and Y. M. C. A. Groups

The first of a series of student forums for the second semester will be held Wednesday noon, February 8, when Prof. R. M. Green of the agricultural economics department will speak on "The Up Grade." Professor Green will discuss ways of emerging from the depression.

Forums are held weekly in the upstairs dining room of Thompson hall. Addresses begin at 12:20 Wednesday noon and conclude at 12:50. Speakers of state and national reputation appear, under the sponsorship of the college Y. W. and Y. M. C. A.

Those wishing to attend may obtain lunch in the cafeteria and take their trays upstairs, or if they prefer to lunch elsewhere, are welcome to listen in on the lectures.

The forums this semester will deal with present economic and social conditions, culminating with a model session of the League of Nations late in February. Six Kansas colleges are co-operating in the presentation of the session.

SING FOR VISITORS TONIGHT

Glee Clubs Will Appear in Concert For Farm and Home Week Attendees

Farm and Home week visitors will be entertained tonight by the men's and women's glee clubs in a program beginning at 7:30 o'clock in the college auditorium.

The women's organization, under the direction of Prof. Edwin Sayre, will sing three songs, "The Snow" (Elgar); "Waters Ripple and Flow," a Czech-Slovak folk song arranged by Deems Taylor; "My Johnny Was a Shoemaker," an English folksong, also arranged by Taylor.

The men's glee club, directed by Prof. William Lindquist, will give a group of four songs: "Ave Maria" (Araceli); "Now Sleeps the Crimson Petal" (Andrews); "Shenandoah" (Bartholomew); and "A Little Close Harmony" (O'Hara).

"MINICK" A HUGE SUCCESS

Manhattan Theatre Is Pleased With Attendance as Large Crowd Enjoys the Production

"Minick," the third presentation of the Manhattan Theatre this season was well received by a large and appreciative audience in the college auditorium Friday night.

Mr. Davis, playing the part of old Minick, was the outstanding performer of the evening. Others who were excellent were Pauline Compton, Helen Pickrell, Jeanette Mosier and Kingsley Given.

The Kansas State college orchestra which furnished music between acts is to be complimented on their work. Probably an outstanding feature of the evening's program was the presentation of selections from "Of Thee I Sing."

Financial Success, Too
The financial success of "The Minick" has proved to the satisfaction of Manhattan Theatre authorities that a demand for the continuance of their productions exists, so the theatre company will finish its season as originally planned.

ART IN HOME HER SUBJECT

Miss Dorothy Barfoot of the department of art will give a lecture at the home economics program Wednesday, February 8 in connection with the Farm and Home week. Her subject will be "Old Things and New in the Home."

It's A Grand World If You're This Chap

At least one Kansas State student cannot read a flunk slip when and if one is handed to him, can take a little nap in class whenever he has "that drowsy feeling," has no quizzes, and always has those special cut privileges serious minded students strive for.

A very exceptional member of the student body indeed! His classification? Freshman! In fact, eighteen months fresh.

The fellow making such a stir on the campus is a husky, handsome little fellow who will celebrate his eighteenth month's birthday February 12. His name is Richard Ray Coale, and he is the son of Mr. and Mrs. R. B. Coale of Route 8.

Our young friends and classmates started his college work February 6 at the nursery school in Calvin hall and is the youngest person receiving instruction at Kansas State.

Richard Ray has the added distinction of being the only person receiving instruction at this institution whose father is a regularly enrolled student. Mr. Coale is a junior in veterinary medicine.

However, a similar distinction goes to Harry Edwards Van Tuyl, Jr., three-and-one-half year old son of Major and Mrs. H. E. Van Tuyl. He is the only one receiving instruction whose mother is a regularly enrolled student. Mrs. Van Tuyl is a junior in journalism.

VARIETY IN CLASSICAL MUSIC THURSDAY NIGHT

Duo-Piano Recital Presented by Miss Alice Jefferson and Miss Clarice Painter

A varied program of music, ranging from Haydn to the modern Palmgren, will be presented by Miss Alice Jefferson and Miss Clarice Painter in a duo-piano recital Thursday evening at 8:30 o'clock in the auditorium. This is the first in a series of faculty recitals to be given this semester.

The program will open with an arrangement by Brahms of a set of variations on a theme by Haydn. The work, although originally written for two pianos, is probably better known in its orchestral version. Johannes Brahms, composer of tremendous symphonies, is one of the most profound and forceful personalities in music.

Music of the modern and the romantic school will comprise the second group. The Saint-Saens Etude, Op. 111, No. 5, which opens the group, is light and delicately woven. The chromatic major thirds, technically difficult, are enjoyable to the listener.

Two pieces by the modern Finnish composer, Selim Palmgren, will be played next. The Black Mask, Op. 36, No. 3, and Funny Suite, Op. 36, No. 4, are the numbers chosen. The ever-interesting Valse-Caprice, by the Austrian, Strauss, and arranged by Philipp, is the last number in this group.

The Third Suite, Op. 33, by Anton Arensky, a Russian lyrical composer, will close the program. The suite consists of ten parts, Theme, Dialogue, Valse, Marche Triumphant, Minuet, Gavotte, Scherzo, Marche Funebre, Nocturne, and Polonaise.

GLEE CLUB CONTEST OFF

Lack of Funds at Various Schools Necessitates Putting It Off a Year

The annual men's club contest sponsored by schools in the Missouri valley, which was to have been held here February 17, has been postponed until the spring of 1934. The contest was postponed after Washington university, St. Louis, Oklahoma A. and M. college, and Missouri university decided that funds could not be raised to make the trip.

No intercollegiate national glee club contests are scheduled for this year, according to Prof. William Lindquist, so the winners this year could not have been in further competition. The contest next year will be here, just as it was planned for this year.

ENGINEERING SHEET WILL BE PUBLISHED

Part-Humorous Paper to Be Distributed at Party February 16

A divisional newspaper, to be distributed among the engineers the night of the second "Engineers' Alloy," February 16, in Nichols gymnasium, is being planned by the division of engineering.

"Engineering News" is the title which has been suggested for this publication, though it has not been definitely decided upon. Contents will be partly humorous and partly serious, the object being a general division airing, with viewpoints of both students and instructors.

WORLD COURT IN MINIATURE TO BE STAGED

UNIVERSITY WOMEN PLAN AT AS INTERNATIONAL GOOD WILL AID

ENACT AN ACTUAL CASE

Students Will Represent Various Officials and Countries in Thursday Evening Drama at Recreation Center

A "mock" session of the World Court, enacted by a group of foreign and American students here, will feature the program of the A. A. U. W. meeting in recreation center, Thursday, February 9, at 7:30 p. m.

Miss Ada Billings, chairman of the international relations study group, is in charge of the program, with Miss Ada Rice and Miss Dorothy MacLeod assisting.

A dramatization of actual proceedings will be enacted by students.

Two cases will be brought before the court, one an actual occurrence, the other a fictitious case. In the latter, L. E. McDaniels, Michigan Valley, will represent the country of Altruria, while Stephen P. Das, Bangalore, India, will present the case of the small province of Ruritania. Louise Chalfant, Wichita, will express the view of public opinion.

Parts in the presentation will be taken by the following students: Esther Bruner, Manhattan, American visitor; Marion Stiles, Jewell, registrar; J. R. Cribbett, Parsons, president of the court; Nathan Fligstein, Manhattan, representative from Greece; John Ferguson, Bazine, representative from Great Britain; Sherman Todd, Olathe, representative from Danzig; John Veatch, Manhattan, representative from Poland; Caesar Cardenas, Mexico, William Look, Denver, Colo., Paul Nomura, Hawaii, Carl Martinez, Mexico, Julio Arroyo, Cuba, E. A. Perez, Panama, Fred Hill, Huntington, N. Y., Irmie Slaiuk, Roumania, and Francisco Sierra De Soto, Mahattan, will act as the judges of the world court.

Hostesses for the evening are Mrs. R. W. Conover, Mr. F. J. Zink, Mrs. L. R. Frey, Mrs. Henry Lobenstein and Miss Marie Insley.

REGIONAL SECRETARY HERE

Miss Stella Scurluck on Campus for Three Days Beginning Wednesday

Miss Stella Scurluck, new regional secretary of the Y. W. C. A. will speak Wednesday and Thursday before student discussion groups. Miss Scurluck will discuss "Yourself and Others" including such topics as personal adjustments, and personality problems Wednesday at 7:15 in Calvin Study. Discussion on "Men and Women" will be led by Miss Scurluck Thursday at 4:00 in Calvin study. The Thursday meeting will take the place of freshman commission meetings scheduled for that night. On Friday, Miss Scurluck will give personal interviews to students and members of the faculty.

Miss Scurluck was graduated from the University of Arkansas in 1920 and has been active in student Y. W. C. A. work since her graduation. Last year she studied at the Columbia university on psychology and religion. In her present office, Miss Scurluck works with 45 colleges in Kansas, Nebraska, and Colorado.

Mary Alice Schnacke and Winifred Wolf are in charge of the program.

MILITARY MEN EXCHANGE

Pugh to Iowa to Replace Seay, Who Comes to Kansas State

Sergeant F. D. Pugh of the military department has been transferred to Coe college at Cedar Rapids, Iowa. He left Manhattan February 1 for his new position. Sergeant Pugh has been an instructor in military science and tactics at the college since 1925. Sergeant John Seay of Coe college has taken Sergeant Pugh's position here.

Mary Alice Schnacke and Winifred Wolf are in charge of the program.

Vice-president, C. W. Sabrosky, Manhattan; secretary, Laurel Kingsley, Manhattan; and treasurer, W. O. Wilson, Manhattan.

The entertainment committee for the next semester will consist of Miriam L. Dexter, Manhattan; Leslie Eisenbrandt, Chanute; and L. B. Loring, Seattle, Wash.

The new refreshment committee will include Sarah H. Roberts, Manhattan; Marjorie Dean, Manhattan; and L. J. Simmons, Manhattan. Dean and Mrs. J. E. Ackert were guests at the party and meeting.

What! No Cavalry? Never Heard of Such Even In Hard Times

It just wasn't natural for the class to meet without a representative of Ft. Riley's Ninth Cavalry band. A representative of the band had been present so many years before that his presence had become a tradition.

The class had met twice and still he was missing. Could it be that the depression had struck? Could it be that a member of the ninth cavalry had deserted? Had the band been executed? The ninth cavalry band was missing just the same.

The prof looked around. The students looked around. The spot was vacant and it needed filling. What was to be done? We'll wait just one more day they agreed, and departed.

But all was right when the third session of the class came around, the ninth cavalry had a man there. And what a man.

Carl Johnson is the remaining member of the Ninth Cavalry that is enrolled at Kansas State. Johnson has had 14 years of service in the army. He is stationed at Fort Riley.

Like a regular music student he selects his courses and takes his cuts. But in his curriculum are piano, harmony, and voice, which he believes will help him in his negro band. He only has to come to school when his special class meets on Mondays, Wednesdays, and Fridays.

What a man.

LITTLE ROYAL TO BE FARM WEEK FEATURE

Varied Program for Those Who Attend Thursday Night

A. M. Paterson, assistant secretary of the Kansas City American Royal livestock show has been obtained to judge the animal husbandry fitting and showing contest at the Little American Royal in the judging pavilion Thursday night. He will be assisted by the college shepherd and herdsman.

The dairy cattle fitting and showing contest, in which breed champions will be selected Wednesday afternoon in the pavilion and the grand champion the following night at the Little American Royal, will be judged by Robert Romig, Topeka, well-known breeder and showman of Holstein cattle. C. O. Bigford, college dairy herdsman, will assist in the judging.

Kansas State Judges Presented

Featured on the program of the Little American Royal will be the introduction of the senior livestock men's meat, dairy cattle, and dairy products judging teams, which represented Kansas State in intercollegiate contests last fall, by President F. D. Farrell. Medals and trophies won in the student's fitting and showing contest will be presented by Dean L. E. Call of the division of agriculture. Dean H. Umberger of the extension division will present the winners of the farmer's livestock judging contest which will be held in the pavilion at 8 o'clock Wednesday morning.

The fitting and showing contest of the Little American Royal proper will be divided into four sections—swine, horses, beef cattle, and sheep. A sterling silver medal will be presented the first place winner in each section. From these first place winners a grand champion will be selected and presented with a silver trophy cup. The medals are donated by the college extension division and the cup by the Kansas City stockyards and the American Royal show. The Little American Royal is sponsored by the Block and Bridle club. R. F. Cox of the department of animal husbandry is faculty sponsor and John I. Miller, Prescott, is student manager of the show.

Silver Trophy for Champion
The dairy cattle contest will be divided into eight sections—one for each of the principal dairy breeds. Medals, donated by the (Continued on page two)

TALKS ON DRESS HISTORY
Miss Maria Morris of the department of art, gave a talk February 2, before the "Willing to Learn" club which met at the home of Mrs. Guy McCormick at Zeandale.

Miss Morris illustrated with crayon sketches her talk on the history of dress.

Pugh to Iowa to Replace Seay, Who Comes to Kansas State

Sergeant F. D. Pugh of the military department has been transferred to Coe college at Cedar Rapids, Iowa. He left Manhattan February 1 for his new position.

Sergeant Pugh has been an instructor in military science and tactics at the college since 1925. Sergeant John Seay of Coe college has taken Sergeant Pugh's position here.

WEEK OF VARIED PROGRAMS FOR THOSE ATTENDING

FESTIVITIES START THIS MORNING WITH FIRST SESSION AT 9 O'CLOCK

SEVERAL HUNDRED EXPECTED

Little American Royal and Kathryn O'Loughlin McCarthy Are Features of Week's Entertainment

Kansas State is host today to several hundred Kansas farmers and their wives who come to attend the programs of the fifty-ninth annual Farm and Home week which began at 9 o'clock this morning and will continue through Friday.

The principal speaker on the home-maker's program this afternoon in recreation center, Anderson hall, will be Mrs. Kathryn O'Loughlin McCarthy of Hays, the first woman ever to be sent to congress from Kansas. She will speak at 2:20 on "The Farm Problem as Seen From Washington." Miss Amy Kelly, state home demonstration leader of the extension division, will preside.

Music by Glee Clubs

Music furnished by the college glee clubs and department of music and a debate between Kansas State and Iowa State will feature this evening's program in the auditorium, beginning at 7:30. Edward Kelley, Manhattan, and Edward Stone, Topeka—representing Kansas State—will uphold the affirmative in the debate on the subject: "Resolved that the principles of domestic allotment should be incorporated in national legislation." Prof. H. B. Summers of the department of public speaking will act as chairman. The debate will be broadcast over station KSAC.

Program Divided Into Phases

As in former years, each day of the four-day Farm and Home week program will be devoted to one of four main phases of agriculture. Today has been designated "Poultry Day"; tomorrow, "Dairy Day"; Thursday, "Livestock Day"; and Friday, "Crops Day." Prof. L. F. Payne, head of the poultry department, has charge of the farmer's program today. All meetings of both morning and afternoon sessions are being held in room 232, West Waters hall.

The central theme of today's program is "consistency in poultry production." The importance of the farm poultry flock and improved practices which will make it profitable will be stressed. Prof. H. M. Scott of the poultry department is presiding at this morning's session. Professor Payne will preside this afternoon.

Speakers appearing on the program are A. J. Thomas, farmer and poultryman of Silver Lake, Kansas; L. F. Payne of the poultry department; Dr. D. C. Warren of the poultry department; L. J. Simmons, graduate student in poultry husbandry; H. M. Scott of the poultry department; L. A. Wilhelm, research fellow of the poultry department; I. N. Chapman, extension economist in farm management; G. T. Klein, extension poultry specialist; and M. A. Seaton, extension poultry specialist.

Jersey Club Meeting Tonight
The annual meeting of the Kansas Jersey cattle club will be held at 6 o'clock this evening in Thompson hall. The program for the meeting has not been announced.

One of the main features of "Dairy Day" will be the dairy cattle fitting and showing contest, sponsored by the Dairy club, student organization of Kansas State. Breed champions in this contest will be displayed the following night at the Little American Royal, which will climax "Livestock Day." At this time the grand champion of (Continued on page two)

ART TEACHERS TO MEETING
Several teachers in the art department at Kansas State will attend the tenth annual session of the Kansas State Art Teachers association at Topeka Saturday. The meetings will take place in the Florentine room of the Hotel Jayhawk.

Welcome Farmers!

Once each year the farmers and their wives from over the entire state of Kansas plan to attend the annual Kansas State College farm and home week. This year there is the usual depression to contend with and other family troubles that can keep these enterprising people away from the delightful program which is offered by the state college.

It's to you, the progressive farmers and farm-erettes who have made the grade and are here to spend a week on the campus among the college students, faculty, and above all, among yourselves, that we would like to say hello.

Some of you are from far away, some are no doubt here when you feel like you shouldn't be, and others are here because you felt that you shouldn't miss this year's activities. It's to all of you that we extend our heartiest congratulations and best wishes for a successful farm and home week. Better than any before—we hope.

Sissies, These Girls!

Outside of being a plenty good school, Kansas State is a funny school. Funny in that the girls are on one side and the boys on one side too. But not about everything—please let it be added.

About two hundred boys will agree with me. About twenty-five girls will agree also. This group of 225 were those who attended the mix-up variety at the Wareham last Wednesday night.

It was a big party, especially for the ticket sellers and checkers because they were plenty busy. But there was only one thing missing and that was girls.

The battle cry of the evening was "where are the girls". Ah-ha, 'twas simple, this missing girl problem. Are you guessing? Well, they were not studying, and they were not at the mix-up variety, they must have been busy you will say.

But those hundred little girls that would have been at the variety and were expected at the variety could have been there if they hadn't been so shy. What? ? ? A Kansas State coed shy? Yeah, some are shy, it's hard to say, but it's true.

It is a reflection on the attitude of the girls? Don't they like varieties well enough to "do" to them? Or is it that they have the idea that unless there are boys to pay their expenses, they don't care to be bothered by going?

It's a reflection upon the spirit of social life in the college if the girls do have this attitude. Boys expect to pay, and would gladly have paid the expenses of a date that night if they had known what was going to happen. The popularity of a leap year party several weeks before prompted the dance managers to promote the stag and doe affair.

The party as it was held was a success. Most of those present had a big time. It wasn't just another variety and most everyone enjoyed themselves. But it does seem peculiar how a little thing like an escort will bring out such individuality on the part of girls, especially when they are expected to come alone.

The Snooper

The jig-saw demon must be stopped! Behold the sight of entering one of the Greek houses entertaining with a house party, all the guests gathered around two tables of jig-saw! A yo-yo contest would be much more suitable but that has a string to it.

The military band in keeping with the customs and traditions of the military department (the band really isn't any integral part of the military force, doncha know) unanimously elected its one and only 51st clarinetist, oneery colonel. This high distinction was awarded him, as the story goes, for mocking the report of the officers during review with the crack, "Battery B, two cells missing, sir."

While bravely braving the angry tempest and snowstorm and blizzard last Saturday we tried to compose a poem about the beauty of the winter weather and before we had gotten (the English staff will read this "arrived") as far as Anderson Hall our feeble brain had turned out the following:

"Beautiful snow on the mountains,
 Beautiful snow over all,

Pink elephants on the ceiling.
 Pink elephants on the wall."
 Our mind began to wander then and it was with some difficulty that we started another:
 "Snow, Snow, beautiful snow!
 How we love to play in the mud."
 We decided that that couldn't get in the Quill so we, in desperation, gave up the poetic ship and plunged into the briny depths of lousy poetry.

Your dear olde snooper, we understand, was feeling so low last night that he looked up and there was the gutter, then suddenly the telephone rang. With a listless hand and a listless voice he picked up the receiver and spoke thusly:

"What d'ya want-". To his great surprise the voice on the other end of the line was delightfully feminine, sweet, soft and gentle, and inasmuch as the snooper had had altogether three 'phone calls in the last eight years he immediately perked up and apologized to the best of his ability.

The voice at the other end then said:
 "Oh, that's all right. I just wanted to tell you that I dreamed I was dancing with you last night!"

We pride ourself on being a little backward about being forward, but to be truthful about it we immediately swelled up with enthusiasm and egotism and agreed that we thought we were one great guy. We didn't know who she was and so we were diplomatic and told her we thought she was looking well.

"I dreamed I was dancing with you", went on the V. O. T. O. E.

"But I woke up and found my roommate pounding my feet with a flatiron!" How we hate these anonymous 'phone calls!

On Other Hills

A three-year Sunday school sentence follows for those Colorado university students who are caught drinking.

An informal dinner for coeds and the faculty is held each year at the University of Minnesota. It must be another form of "politicizing."

The latest one on the supposedly absent-minded professor: A Fordham university professor passed a student who had been dead for six months.

A new course in love-making has been added to the curriculum of Middlebury college. It is rumored that some of the professors are enrolled in the course.

A psychology professor at Colgate required his pupils to sleep in class so that he could determine the most effective pitch for an alarm clock.

A female aid society at Washington university advertises "Fraternity pins for rent." Undoubtedly otherwise unattached coeds find this service beneficial.

"Yeah" is far from a modern slang expression according to an instructor at Maynard. He said it was used by King Alfred in 849 and is also found in some of Chaucer's works.

It has recently been learned that directors at Oxford university once voted not to install baths since students only attend the university eight months of every year.

Is there no limit to the amount of research our college professors must carry on? The librarian of the University of Tennessee has discovered that a man's beard grows exactly .00066 of an inch an hour.

A group of startled (?) young ladies at Penn State found a freshman, pen and ink in hand, wandering around the second floor of their sorority house. He said upperclassmen had told him that he would find his English prof there. It wouldn't be surprising.

Any cocky freshman at Roanoke college may have to swallow a goldfish. At least the Goldfish club, whose purpose it is to make all such freshmen swallow one live goldfish, has been instituted.

Brunettes must be more intelligent than blondes. A debate at Wittenberg university between three blonde coeds and three dark-haired girls on the subject of which were the more intelligent—blondes or brunettes, was won by the brunettes. Each team argued for its own cause.

A date may be just the thing to take to the game, but it won't help the rooting section any, the University of Alabama finds. The plan of having men and women in separate cheering sections was tried there and it was found to be superior to the old way of having a mixed section. The modesty of the boys, when they have a date, apparently keeps them from straining the vocal chords to their utmost.

Personal magnetism, or "It," may be measured by a micro-ammeter, which has the power of measuring electrical currents. At least the engineering department at Michigan State has a machine they claim will do as much. If, when you place your tongue on one pole of the device and grasp the other with your hand, there is no deflection of the indicator needle, you must reconcile yourself to going through life a total social failure. If, on the other hand, your deflection is about fifteen millionths, you just can't be subdued. It is expected that soon campus conversation will include such phrases as "She rates about 11.5 micro-amps; you ought to meet her."

"My wife is like an umpire." "How's that?" "She never believes I am safe when I'm out."—Kinsley Mercury.

FARM-HOME WEEK PROGRAM

(Continued from page one)

Training," representative of Omicron Nu; 9:30, "The Farm Home as a Place to Live," President Farrell; 10:45, "Home Standards of Living," Tessie Agan; 11:15, "These Standards in Kansas Farm Homes," Marguerite Harper.

Afternoon session, 1:30, community singing; 1:45, "Guidance in Human Relationships," Helen Ford; 2:15, "Wholesome Sex Instruction," Mrs. James Whipple; 3:00, "Vocational and Educational Guidance," C. M. Miller.

Evening, 7:30, annual "Little American Royal" pavilion.

Friday, February 10

Agronomy program, room 311, west Waters hall; morning, 9:00, "Relation of Production Methods to Farm Income," J. A. Hodges; "Limitations in Flax Production," H. H. Laude; "Kansas Barleys on the Terminal Markets," John H. Parker and A. F. Swanson; "What Crops Should We Grow in 1933?" R. I. Throckmorton; "The Use of Light Applications of Limestone in Legume Production," F. L. Duley.

Afternoon session, 1:30, "Preparation of Seedbed, Planting and Cultivation of Sorghums," A. F. Swanson; "Methods of Harvesting Standard and Combine Types of Grain Sorghums," F. J. Zink and L. C. Aicher; "Adaptation, Methods of Seeding, and Value of Korean Lespedeza," J. W. Zahnley.

Home economics, sec. 1, recreation center; morning, 9:00, community singing; "High Lines," H. S. Hinrichs; "Home Power Units," C. A. Logan; "Water for a Farm Home," F. C. Fenton; care and use of electrical equipment. Afternoon session, recreation center; 1:30, community singing; "Recreation for the Farm Family," Mrs. O. M. Coble; book review, Marion Quinlan; address, guest speaker; Summary and challenge, Margaret Justin.

Evening, Thompson hall, 6:00, Farm and Home week achievement banquet and official presentation of the Kansas Master Farmers for 1932.

SIDNEY NORTH TAKES OVER SCOUT DUTIES

Commerce Senior Leaves School to Accept Position as Alpha Phi Omega Scribe

Sidney B. North of Coffeyville, a senior commerce student last semester, has left to assume his new duties as Supreme Scribe of Alpha Phi Omega, national honorary Scouting fraternity, with national offices and headquarters in Kansas City, Mo. He plans to complete his course by correspondence.

North was elected to his post at the national convention of the fraternity held recently in Chicago. He has been an active assistant scoutmaster of Manhattan troop Number 113, during the past three years. He is a member of Alpha Kappa Lambda social fraternity.

AT THE DICKINSON

"Fast Life"

Motor boat racing is the feature of this fast moving picture centered about William Haines, Madge Evans, Cliff Edwards, and Conrad Nagel. It's a thriller in the true sense. There is action, drama, romance, and the best in comedy. Cliff Edwards as the co-partner in piracy with Mr. Haines is the funniest he has been in some time. Arthur Byron, as Mr. Jameson, the boat builder, is exceptionally good.

"Fast Life" concerns the adventures of two young motor boat mechanics, former gobs in the U. S. Navy, who are trying to put across a new racing engine. By accident they meet the daughter of a famous boat builder and the story from then on is one complication after another. Of course there are villains who attempt to thwart every move the two mechanics make. But there are exceptionally fine shots of motor boat racing and you'll enjoy this show from the minute it begins to the great classic boat race which ends

it. And for the best in laughs pay strict attention to Cliff Edwards.

AT THE VARSITY

"Whistling in the Dark" What would you do if you were a celebrated author of murder stories, were caught by a gang of outlaws and forced at the risk of your own life to plan a perfect murder for them? Well, you'd probably be just as panicky as was the would-be criminologist who found himself in such a predicament in "Whistling in the Dark." If you like to bite your fingernails one minute and guffaw the next at a show, then be certain you see the picture just mentioned.

This comedy which has as its toast, "To crime," is one of the year's funniest movies. Built around a little insignificant crime author who attempted to tell the big gangsters how dumb they were and Una Merkel, as his even dumber fiancée, this mystery comedy is riotous. You'll laugh even when the gangsters tell the little sump that his life depends upon his plan for a perfect crime, but you'll scream uproariously when the girl attempts to pull a "tonight is ours" and her poor writer friend says that he is not elemental. This is too funny to be missed.

WEEK OF VARIED PROGRAMS FOR THOSE ATTENDING

(Continued from page one)
 the dairy cattle division will be selected, F. W. Castello, McCune, is manager of the dairy cattle chow and Wayne Jacobs, Harper, is assistant manager.

The fitting and showing contest of the Little American Royal proper will be divided into four divisions—beef cattle, swine, sheep, and hogs. This contest is sponsored by the Black and White club of Kansas State, J. I. Miller, Prescott, is manager.

The climax of the week's program will be the annual achievement banquet, Friday evening in Thompson hall. At this time the Kansas Master Farmers for 1932 will be presented. Dean H. Umberger of the extension division will be toastmaster.

LITTLE ROYAL TO BE FARM WEEK FEATURE

(Continued from page one)
 breed associations, will be presented each of the breed champions, with the possible exception of the Guernsey breed champion. No medal was secured from the Guernsey breed association. A silver trophy cup will also be presented the following night, at the Little American Royal, to the grand champion, selected from the eight breed champions.

The Dairy club of Kansas State is sponsoring this show. F. W. Castello, McCune, is manager, and Wayne Jacobs, Harper, assistant manager of the show.

Two coeds have entered these contests, Margaret Glass, Manhattan, has entered the dairy contest and Virginia Wagner, Richmond, will show a Hereford heifer in the animal husbandry contest.

ROLLED OATS

.... "Unhand me villian"—conspicuous, caveman contortions—Torch Singer Merritt in the frantic clutches of riotous Rambling Ralph—rushing over the treacherous titles of the Palace—and of course the mild maiden was taken entirely by surprise.

.... Woe to the women when Woemer gives his weekly dissertations—away with fragility—he prefers them sturdy and vigorous—horny fisted daughters of the soil.

.... Saturday's varsity for many was just one of life's numerous ups and downs. Some came liquid, some solid and some with good intentions.

.... Dedicating himself to the worthy cause for the preservation of the usually uncertain union of Prentup and Pppling, Major Bliss (as dove of peace) flitted from booth to booth—pleading, imploring, consoling and condoling—success and the laurel wreath be his.

.... Then there was the Sunday Sunrise meeting of Phi Delta Theta. The hour late, the night stormy, snow filling the gutters, and icicles drooping from flickering lamp posts. Two stocking-footed figures crept cautiously round the corner of the Gillett hotel—shoes in hand—merely the bold Boone and Babb making a belated entrance.

.... Max Pockele departing like Paddy the Beaver—but conscious clear of all gym cuts—his last three days spent in solitary confinement and constant swimming.

.... George Davidson rapidly replacing Cecil Arens as handman at 1803 Laramie. That alphabetical C-D-E affair of Crocker, Downie, and Erlich—as parting draws on space must soon tend toward a survival of the fittest—and gentlemen are supposed to have a preference.

.... Tyne Lantz returns for a semester's relaxation—foot loose, fancy free, overflowing with his usual delicate phraseology—and the hill prepares to withstand.

.... And if you missed H. Miles Heberert's utter enjoyment of "Tonight is Ours"—well appreciation is appreciated and you just can't get around it.

Sigma Phi Epsilon
Kenneth Harter, Delbert Costa, and George Garrison spent the week-end in Topeka.
Mabel Hodgson, Little River, and Lucy Alice Hodgson, a student at Kansas university, were dinner guests Sunday noon.
Spencer Wyant visited his parents in Topeka over the week-end.

Zeta Tau Alpha
Zeta Tau Alpha entertained at breakfast Sunday.
Miss Jenny Karns, Delia, spent the week-end at the Zeta Tau Alpha house.
Miss Ruth Parcells spent the week-end at her home in Hiawatha.

Delta Sigma Phi
Delta Sigma Phi announces the pledging of J. T. Wallingford, Leavenworth.
Everette Hinz, Abilene, has returned to school.

J. G. Hogreef and W. E. Bolin of Iowa State college spent the week-end here.
Mr. and Mrs. Gaylord McDonald, Junction City, and Mr. and Mrs. Arley Stewart, Manhattan, were dinner guests Sunday.

Phi Omega Pi
Frances Shewmaker was a Sunday dinner guest.
Margaret DeVinny, Glen Elder, spent the weekend here.
Laura Ward and Frances Shewmaker were in Hutchinson Thursday and Friday.
Velma French spent the week-end in Concordia.
Mae Gordon spent the first part of the week in Lawrence.
Bonnie Gandy was a house guest, Saturday night.
Frances Shewmaker and Laura Ward spent Sunday in Salina.

Beta Phi Alpha
Beta Phi Alpha entertained with a radio party at the house, Tuesday evening. The guests were: Vida Schmidler, Barnes; Margaret Van Orsdal and Julia Crow, Silver Lake; Marian Evans, Hartford; LaVarne Huse, Helen Rust, and Elsie West, Manhattan; Ruth Langewalter, Wichita; and Carl Hempner, Great Bend; Nils Sayen, Gardner, Mass.; Lloyd Scott, Sidney, New York; Joe Smercheck, Gar-

nett; Preston Terrill, Syracuse; Sam Kastner, Ralph Justice, Manhattan; Tommy Bond, Ward Masden, Manhattan; George Pinter, Waterburg, Conn.; Emmerson Thwing, Craig; Carol Hadley, Wichita; Don Wiggins, Manhattan; Clifford Woody, Tecumseh, and Bob McClean, El Cajon, Calif.

Sigma Alpha Epsilon
Price Berryman, Ivan McDougal, and Fred Beeler spent the week-end in Topeka.
Howard Moreen visited at his home in Salina over the week-end.
Alpha Rho Chi
Sunday dinner guests were Dean Mary P. Van Zile, Prof. and Mrs. Paul Weigel, and Max Wible, Manhattan.
Maurice Goodwin, Abilene, was a guest at the house over the week-end.
Louis Cortes, Kansas City, Mo., is a guest at the house this week.

Van Zile Hall
Kathryn Ezell, Emporia, and Alice Louise Fincham, Pratt, were house guests last week-end.
Caroline Janssen spent the week-end at her home in Lorraine.
The following officers were elected for the second semester at a house meeting Thursday: Irene Todd, Topeka, president; Pauline Vall, Plains, vice-president; Charlotte Leuenberger, Kansas City, secretary; Mary Hanley, Topeka, treasurer; Rita Brown, Edmond, social chairman; Clara Bess Garrison, Lincolnville, sports chairman; Elizabeth Pittman, Lewistown, Montana, freshman representative; Evelyn Ezell, Pratt, sophomore representative; Gayle Anderson, Lincoln, junior representative; Eunice Reed, Kanapolis, senior representative.

lowing the services a breakfast was served. Miss Mabel Smith, sponsor, was a guest.
Myra Ogg, Ottawa; Marion Stahlman, Potwin; Christine Overley, Belle Plaine; Virginia Wagner, Richmond; and Esther Johnson, Ottawa, were formally pledged Sunday morning.
Vida Schmidler, Barnes, was a luncheon guest Saturday.

Delta Delta Delta
Delta Delta Delta announces the pledging of Margaret Joyce, Oswego.

Mrs. F. G. Moser and son, Frederick, Blue Rapids, spent Saturday and Sunday at the house visiting Jeanette Moser.

Dinner guests Saturday evening were Elizabeth Smith, Kansas City, and Delight Martin, Lewis.

Lela Hahn spent the weekend in Concordia.

Lucille Correll, Hoyt, visited her parents and at the house this weekend.

Eleanor Pryor, Wichita, returned Sunday from a visit with her parents.

Neva Herby and Frank Lydeis, Newton, were guests of Helen Morgan Sunday.

Virginia Iobe, Topeka, was a weekend guest at the house.

Phi Sigma Kappa
Phi Sigma Kappa announces the pledging of Kenneth Banks, Gypsum.

Friday evening dinner guests were Hal Poole and Walter Hulbert, Wichita.

R. W. Kirk, Scott City, was a dinner guest at the house Sunday.

Sigma Nu
Sigma Nu fraternity announces the pledging of Quintin Siebert, Marion.

Pete Smith, Cottonwood Falls, was a dinner guest last night.
Barney Swain returned to school Friday.

Phi Delta Theta
Ernest Luder, Ned McCormick, and Carl Sartorius have enrolled in school for this semester.

Kappa Kappa Gamma
Kappa Kappa Gamma announces the pledging of Wilma Ray Womer, Topeka.

Margaret Joyce, Oswego, and Doris Harmon, Sand Springs, Okla., were dinner guests Sunday.

Lucille Albright, Hutchinson, who is attending K. U., is a guest at the house.

Marie Richie, Fredonia, is a house guest of Mary Emily Barryman.

Lorraine McMullen and Mary Ransopher spent the week end in Fredonia.

Maurine Bryan, Delia, visited her sister, Jeanne, over the weekend.
Helen Louise Swan, Topeka, was a guest of Dorothy Linge and Helen Teichgraber Sunday and Monday.

Grace Umberger, Manhattan, and Martha Jean Singleton, Fredonia, spent Saturday in Topeka.
Lorraine McMullen, Hutchinson, and Mary Ransopher, Clyde, spent the weekend in Fredonia as the guests of Mary Emily Berryman.

MATMEN TUSSEL OKLAHOMANS ON FRIDAY EVENING

STRONG SQUAD COMES FROM EDMOND WITH HIGH RECORD

YEAR'S FIRST HOME MATCH

Kansas State Students Have First Chance to See Mat Artists In Action At Manhattan

Kansas State matmen will make their first appearance at home next Friday night, February 10, when they will meet a team from Oklahoma Central State Teachers college from Edmond. The matches will begin at 7:30 o'clock. George Branigan, instructor in the engineering department and former captain of the wrestling team at the university of Nebraska, will be the official.

The Teachers will present a strong squad which last week won two decisions and one fall from the Oklahoma Aggies, national inter-collegiate champions. The Wildcats have had one meet this season in which they defeated Kansas university. The Teachers defeated Kansas State last year and they have lost but two of last year's men.

A large crowd is expected as this is the first chance this year to see the mat artists in action. The meet should be over by 8:30.

Men's Intramurals

Delta Sigma Phi fraternity leads all intramural organizations at the close of the first semester with a total of 620 points, approximately 80 points ahead of Phi Kappa Tau which is in second place with a total of 539 points.

Other organizations and their point totals among the first ten are: third, Delta Tau Delta, 513; fourth, Alpha Gamma Rho, 511; fifth, Sigma Alpha Epsilon, 478; sixth, Aggie Knights, 469; seventh, Kappa Sigma, 432; eighth, Lone Stars, 413; ninth, Wesley Foundation A. C., 388; and tenth, Sigma Phi Epsilon, 355.

The soccer championship was won last fall by Delta Sigma Phi for the second consecutive year. Last year Delta Sigma Phi and Phi Kappa Tau tied for first, each team being given a trophy. M. L. Carter, Phi Kappa Tau, won the horseshoes singles and Virgil Chapman and R. L. Heinz, W. F. A. C., won the doubles championship.

After wading through stiff fraternity competition, Delta Tau Delta defeated the White Shirts in basketball finals to win the court championship. Alpha Gamma Rho completely dominated wrestling and piled up a total of 155 points in that event, their closest competitor being the Lone Stars who scored 125 points.

Nine events will afford plenty of athletic competition for all organizations during the spring semester. They are: handball, volleyball, basketball free throw, indoor track, swimming, outdoor track, tennis, baseball, and playground ball.

In the Blue Book of Intramural Athletics, which is a book giving figures and information on national intramural athletics, volleyball was the sixth most popular sport in college intramurals.

Volley ball competition will begin about February 14. Prof. L. P. Washburn stated that this would give independent organizations plenty of time to organize their teams. He also stated that he wanted as many independents as possible to organize teams as the game is a comparatively easy one to play and does not take a large group of men. Six players make up a team.

Handball competition is also scheduled to begin about February 14.

Women's Sports

Twelve teams have signed up for intramural basketball and practice started yesterday. To be eligible to play on an intramural team, a girl must have attended four practices, must have a heart and lung examination from Dr. C. M. Sleever and must pay a 50 cent fee if she is not enrolled in regular gym classes. Miss Katherine Geyer is in charge of the sport.

The women's rifle team will fire matches this week with the University of Wyoming. The Uni-

versity of Tennessee, and the University of Arkansas. Members of the team are: Verna Anderson, Myrtle Andres, Viola Barron, Alice Bozarth, Rita Brown, Wilma Cook, Florence Durham, Marian Evans, Maxine Gibbs, Fern Henry, Leora Light, Maxine McKinley, Margaret Madaus, Elinor Pryor, Harriet Swan, Alice White, Olive Wimmer, and Velda Wunder.

The Spotlight

The Wildcats did it. They stuck their claws into the Tiger's back and set him back on his haunches and made him howl. In a neat and finely played game the Kansas State quintet completely outplayed and outclassed the boys from Missouri, piling up an early lead which was never threatened. The game developed into a free-for-all in the closing minutes.

After their disastrous start, the Wildcats came into their own at a time when the next few games are crucial ones for the conference leaders. The Kansas State five has a habit of blasting Missouri's title hopes in the past few years. Last year a late season Wildcat victory over the Tigers gave the Kansas Jawkaws the Big Six crown. The defeat of the Tigers at the hands of the Wildcats Friday will probably keep them from the top this year.

The games played last week have simplified the standings of the conference leaders. Only Kansas and Oklahoma remain at the top of the heap, the Jayhawkers by virtue of their victory over the Nebraska Cornhuskers and Oklahoma by their victory over Missouri Saturday night. It will be a toss-up between these two teams as each has lost only one game, the Jayhawks to Oklahoma and the Sooners to Iowa State.

Missouri's two defeats dropped her into third place along with the Huskers, both having two victories and three defeats. Kansas State's playing has pulled them out of the Big Six cellar into fifth place and has sunk the Cyclones deeper into last place. Should the Wildcats defeat Iowa State next Thursday they would jump into third place ahead of both Missouri and Nebraska.

When a team has sharpshooters who get "hot," it is hard to beat. This has been the situation of Kansas State the last few games. Against the Cyclones it was Skradski, and against Missouri it was Graham and Boyd.

A Big Six track star has achieved more national honor. He is Glenn Cunningham, Kansas university distance man, who last Saturday night showed his heels to Gene Venzke, the mile marvel of last season, and won the distinctive Wanamaker mile trophy in New York. Besides having run the fastest outdoor mile, Cunningham has the honor of being the first American runner to cross the finish line in the 1500 meter race in the Olympics last summer.

A big factor in both of Kansas

State's two consecutive victories has been the excellent playing of Lloyd Dalton, elongated center. This pivot man has improved so much this year that it would be hard to get along without him. His playing in the last two games has been a bright spot in the Wildcat victories. He controlled the tip against Iowa State; he controlled the tip equally as well as his opponent in the Missouri game; and he gave Kansas State possession of the ball innumerable times from off the backboard in the Tiger battle.

Bob Dunlap, Oklahoma university all-Big Six quarterback, saved the day. Casey Cason, Sooner freshman grad star, was confined at the infirmary after a tonsil operation and was worried about breaking his three year Sunday school attendance record. Coach Lewis Hardage solved the problem by sending Dunlap, who teaches a Sunday school class in Norman, to the infirmary to keep Cason's record intact.

Oklahoma will not have a swimming team this year due to insufficient funds and the lack of an adequate pool in which to practice. Sooner tankmen took third place in the Big Six swimming meet at Lincoln last year.

ADDRESSES TEACHERS
Professor V. L. Strickland spoke at the Republican County Teachers meeting at Belleville last Saturday.

FINALS IN WRESTLING TRYOUTS FINISH TODAY

By Afternoon Matmen Who Will Meet Teachers Will Hold Places

Varsity wrestling tryouts are being held by Coach B. R. Patterson to select the team which will meet the strong Central Teachers of Edmond, Okla., here Friday night. The tryouts started last Saturday and will be completed this afternoon. The final matches will be wrestled at 4 o'clock.

In the 118-lb. class, P. W. Griffith, Edmond, meets W. E. Daily, Topeka, for the right to represent the college. At 126 pounds A. R. McDonald, Bremen, will meet W. T. Walters, Manhattan. In the 135-lb. class R. G. Fowler, Holton, tangles with either E. A. Hinz, Abilene, or R. R. Teagarden, LaCygne, who were to wrestle yesterday evening. In 145-lb. class F. F. Warner, Whiting, matches holds with G. W. Watson, Clifton; at 155-pounds J. Roberts, Ford, is to meet L. I. Thomas, Garden City.

In the 145-pound class, J. Miller, Sycamore, will wrestle C. C. Young, Utica. At 175 pounds E. A. Houser, Rock, meets F. M. Bozarth, Lenora; and in the heavyweight division A. R. Thiele, Bremen, is matched with L. J. Sconce, Halstead.

The results of Saturday's matches were: Walters defeated Daily by decision; Hinz threw W. D. Weilauf, Manhattan; Fowler won by a fall from J. B. LeClere, Coffeyville; Warner beat E. R. Lamb, Manhattan, by decision; Watson won from W. P. Simpson, Salina, by a fall; Houser defeated H. T. Niles, Olivet, by decision; Young won a decision over J. E. Veatch, Manhattan, in an over-time match; and Miller threw E. E. Sundgren, Falon. All the other contestants drew byes the first round, and were scheduled to go into action yesterday.

Competitors for places on the team may remain three pounds overweight in the tryouts, and this enabled several men to enter a lower class than they have been wrestling in.

Helen Harper spent the weekend at her home in Herington.

COSMOPOLITES PLAN DINNER

Items From National Conference Come Before Club.

Amendments voted on in the national conference held recently in Minneapolis, Minn., were adopted during the Cosmopolitan club meeting held Thursday evening, January 26. Louise Chalfant, president, announced that Myron Mesenheimer of the University of Kansas had been elected national president.

CYCLONES AGAIN THURSDAY

Wildcats to Meet Iowa State at Ames This Week-End

The Kansas State basketball team will try to increase its victory string off the home court when it meets the Iowa State Cyclones at Ames Thursday night. Both of the Wildcat victories have been won on the home court while all but one of the losses have been handed the team away from home.

Coach Charlie Corsaut is drilling the Kansas State quintet hard this week in order to get them in the best shape for the game. New plays have been handed the team and are being thrashed out against the reserves. Both offense and defense are being stressed in the practice sessions in order to increase scoring power.

Both the Wildcats and the Cyclones are at the bottom of the conference standings. Kansas State is in fifth place and Iowa State in last place. The Wildcats have the edge on the Cyclones as they decisively defeated them in their game here recently. Should Iowa State win the contest they would go into fifth place ahead of Kansas State. Both teams have lost four games, but Kansas State has chalked up two victories to the Cyclones one. Iowa State beat Oklahoma, who defeated the Wildcats, and Kansas State has defeated Missouri, the team which whipped the Cyclones.

A win for either team will not affect the leaders in the conference race as Kansas and Oklahoma are both so far ahead.

The team will leave either Wednesday morning or Wednesday afternoon, depending on the weather in Iowa.

Oklahoma Wrestling Squad Coming

APPLICATIONS FOR ROYAL PURPLE DUE

Should Be Accompanied by Names of References and Sent to Davis

February 20 is the date on which applications for positions as editor, business manager, and secretary of

the 1934 Royal Purple are due, according to Prof. H. W. Davis, chairman of the Royal Purple board.

Two applicants for each position will be chosen and considered as candidates for an election.

The applications are to be made to the chairman. It is desirable that they be accompanied by recommendations of business or fac-

ulty people who are in a position to know of the student's ability, Prof. E. T. Keith, member of the board, explained.

There is some talk of eliminating the office of treasurer, although no definite decision has been made. This would be an economy move and could be accomplished by a vote of the student council.

People know it..

Chesterfields are Milder

WHEN you ask a Chesterfield smoker why that's his brand — he generally comes right out flat-footed and says... "It's because They're Milder!"

So we're going to keep on doing everything we know how to keep them that way.

That's why we look for and buy the mildest and ripest tobaccos we can get. That's why we age them in our warehouses till they're mellow and sweet.

We believe that even the shredding of the tobacco... and the quality of the paper it's rolled in, have a lot to do with the even-drawing, mild smoke that people enjoy in Chesterfields.

You can bank on this... every method known to science is used to make Chesterfield a milder, better-tasting cigarette that satisfies.

Chesterfield Radio Program—Every night except Sunday, Columbia coast-to-coast Network.

THEY'RE Milder —
THEY TASTE BETTER

Chesterfield

MARGARET GLASS TRIUMPHS OVER MEN STUDENTS IN CONTEST

S FIRST GIRL TO WIN

Grand Championship in Little American Royal Is Coveted Honor Held Herebefore By the Sterner Sex

A Kansas State coed, competing with men in a contest heretofore considered typically masculine, last night walked off with highest honors. In winning the grand championship of the tenth annual dairy cattle fitting and showing contest, Margaret Glass, Manhattan, established a precedent.

The contest is a feature of the annual Farm and Home week now being held at the college. Animals entered in the contest were drawn two weeks ago. Places were awarded on the basis of improvement shown in the condition of the animals while under the care of the contestants and also on showmanship displayed by contestants in the ring.

First Won Ayrshire Crown
Miss Glass, showing an Ayrshire heifer, won the Ayrshire breed championship in the preliminary contests held Wednesday afternoon. In this same contest, Plus Hostetler, Harper, won the Holstein breed championship; L. G. Harmon, Hutchinson, won the Jersey breed championship; and Wilat Taylor, Lawrence, won the Guernsey breed championship.

Last night at the Little American Royal, each of the breed champions displayed for the grand championship. Plus Hostetler won the reserve grand championship, L. G. Harmon placed third, and Wilat Taylor placed fourth in the final contest. The first three men and Miss Glass were awarded gold medals for the breed championships and Wilat Taylor was awarded a cane. The prizes were donated by the respective breed associations.

Judging Teams Recognized
Proceeding the contest, Prof. H. W. Cave, coach of the Kansas State dairy cattle judging team, presented the team which represented the college in intercollegiate competition last fall. Members of the team were Wayne Jacobs, Harper; Orville Denton, Denton; Plus Hostetler, Harper; and C. G. Page, Norton. The team placed tenth at the National Dairy Cattle congress last fall.

Prof. J. B. Fitch, head of the dairy department, presented members of this year's dairy products judging team, which placed second in the only contest it entered last fall. Members of the team were H. W. Coberly, Gove; F. E. Davidson, Madison; W. H. Pine, Lawrence; and W. H. Chilson, Oberlin. Prof. W. K. Martin coached this team.

Following the final contest, a grand parade of all entrants in the dairy show was held.

The show was sponsored by the Dairy club, organization of Kansas State. F. W. Castello, McCune, was manager and Wayne Jacobs, Harper, was assistant manager.

LAYTON ON ORPHEUM BILL

Annual Program of Stunts Will Be Early in March This Year

Tentative plans for this year's traditionally popular Ag Orpheum, to be presented by the Y. M. C. A. March 3 and 4, were announced yesterday by Tom Groody, publicity manager of the presentation.

Ag Orpheum will, as usual, consist of long and short stunts by Greek letter organizations competing for the Aggie Orpheum cup.

This year's program will be featured by June Layton's Varsity club orchestra on the stage and a 12-piece orchestra under the direction of Lyle Downey of the music department in the pit.

The music department will add to its contribution with an act by the women's glee club, the entire musical score of which has been written and will be directed by Prof. Edwin Sayre of the department of music.

The committee for the production was announced as follows: Harlan Rhoades, business manager; Harold Ross, production manager; Tom Groody, publicity manager; and H. Miles Heberer, dramatic director.

FUN NIGHT FOR ENGINEERS

Annual Event on February 16 In Nichols Will Be Lively

The time is approaching when the engineers shall mass and hold control over the campus fort—Nichols gymnasium.

The Engineers' Alley, an informal party for the division only, is being planned for the night of February 16. Although the program has not yet been worked out, the publicity chairman, H. M. Rivers, Manhattan, says that the evening will not be quite "as placid as a lily pond." Steel Ring and Sigma Tau are sponsoring the party. A feature of the evening will be the release of "Intake and Exhaust," the humorously critical division paper.

ADA LORIMER IS MANAGER

College Tea Room Available For Social Events

The college tea room opened last Monday with Ada Lorimer, Olathe, as the student manager. Junior and senior girls enrolled in institutional economics will each be in charge of the tea room for two weeks. Managers of the tea room will be glad to take reservations for luncheon, teas, and dinner parties.

DEAN HOLTON SPEAKS

Dean Edwin L. Holton will speak this afternoon at 2 o'clock to the college section of the Council of Administration in Topeka. Dean Holton's subject is "Senior high school training as a foundation for junior college work."

PRIZES AWARDED WINNERS IN LITTLE ROYAL SHOW

Boyd Catheart, Winchester, Awarded Grand Championship in Fitting and Showing Contest

Showing a Percheron mare, Boyd Catheart, Winchester, last night won the grand championship in the fitting and showing contest of the tenth annual Little American Royal livestock show. The show was held in the judging pavilion as a feature of the fifty-ninth annual Farm and Home week now in progress here.

Miss Virginia Wagner, Richmond, showing a Hereford heifer, won first place in the beef cattle division of the contest. She was the only girl entered in the show.

The contest was divided into four classes—horses, beef cattle, sheep and hogs. The winner of each class competed in the final contest for the grand championship trophy. Awards were made on the basis of improvement shown in the condition of the animals while under the care of the contestants and also on showmanship displayed by contestants in the ring.

A. M. Patterson, assistant secretary of the Kansas City American Royal Livestock show, was judge of the contest. Assistant judges were Dr. C. W. McCampbell, head of the animal husbandry department, for horses; Tom Dean, college shepherd, for sheep; W. W. Bales, college herdsman, hogs; and Carl Channon, college herdsman, cattle.

Placings in the show were as follows:

Horses—Boyd Catheart, Winchester, first; L. R. Daniels, St. Francis, second; W. H. Pine, Lawrence, third; Lloyd Sconce, Halstead, fourth; and H. M. Brown, Fall River, fifth.

Sheep—Edwin McColl, Emporia, first; Frank Parsons, Winfield, second; Earl Anderson, Waynesville, Mo., third; Donald McKenzie, Solomon, fourth; and R. R. Teagarden, La Cygne, fifth.

Hogs—Raymond Wagner, Richmond, first; George Rogier, Matfield Green, second; and C. E. Murphy, Leoti, third.

Cattle—Virginia Wagner, Richmond, first; A. A. Thornbrough, Lakin, second; E. W. Schultz, Manhattan, third; Harold Daily, Waverly, fourth; and Robert Lukens, Beloit, fifth.

Silver medals, donated by the college extension division, were awarded first place winners in each class. A silver trophy cup, donated by the American Royal Livestock show and the Kansas City Stockyards company, was awarded the grand champion. Dean L. E. Cal of the division of agriculture presented the awards.

Preceding the contest, Pres. F. D. Farrell of the college presented the animal husbandry judging teams which represented Kansas State in intercollegiate competition last fall. The teams were the senior livestock-judging and the men's meat-judging teams. The women's meat-judging team, which did not compete last fall due to the fact that no contest was held, was also presented.

Following the animal husbandry program, the finals of the dairy cattle fitting and showing contest were held.

ORATORY TEST IS SCHEDULED FOR SATURDAY

THIRTY-THIRD ANNUAL CONTEST IN RECREATION CENTER TOMORROW NIGHT

FIVE SOCIETIES REPRESENTED

Winners of First Three Places Will Be Awarded Prizes By F. D. Farrell, Chairman of the Contest

The thirty-third annual intersociety oratorical contest is to be held Saturday evening in recreation center, beginning at 8 o'clock. Pres. F. D. Farrell will act as chairman, and award the prizes of \$15, \$10, and \$5 for the three best orations.

An unusual feature of the contest this year is the fact that only one girl is entered. She is Alice Wilsey, Washington, who will represent the Browning society with an oration entitled "Legalizing Freedom." The other contestants and their societies and orations are: Russell Ballou of Glasco, Athenian, "The Duty of an Educated Man"; Glen Young, of Kansas City, Franklin, "The Last Frontier"; Paul Vautravers of Centralia, Webster, "Humanity's Dusk"; and Ralph Van Camp of Council Grove, Hamilton, "Democracy on Trial."

Five judges have been selected for the contest, three of whom are from outside of Manhattan. The judges are Harold A. Rohrer, examiner of titles, Junction City; F. A. Durand, Central National bank, Junction City; Roy Bailey, editor of the Salina Journal, Salina; F. V. Bergman, acting superintendent of schools, Manhattan; and Dr. J. M. McClelland, district superintendent of the Methodist church, Manhattan.

Last year's winner was Ralph Hendrickson, Manhattan, who spoke for the Webster society. In the 32 years of the contest, the Hamilton society has had eight winners. Webster seven, Athenian six, Ionian five, Alpha Beta four, and Franklin two.

The orators in the contest Saturday survived preliminary try-outs in their respective societies the first semester, and have been preparing for this contest under the direction of Prof. K. W. Given of the public speaking department. Raymond Hughes, Manhattan, is chairman of the contest for the intersociety council.

READY FOR SECOND FLOOR

Dairy Barn's First Floor and Walls Are Complete—Await Weather

The first floor and walls of the new dairy barn under construction north of the campus have been completed and the workmen are waiting only for suitable weather before commencing work on the second floor, according to Superintendent G. R. Pauling of the college building and repair department.

All building plans are fully completed. Mr. Pauling stated, and construction work will go forward as rapidly as the weather and building conditions will permit.

HINDUS SEEK MILLER'S AID

University at Benares, India, Asks Botanist's Evaluation
Officers of the Hindu university of India at Benares have asked Dr. E. C. Miller of the college botany department to act as an examiner in evaluating the theses of graduate students in plant physiology.

Doctor Miller is the author of a textbook on plant physiology which was recently published and which is being used widely in this country and abroad. It is in recognition of this that the present honor has come to him.

In England and some of its colonies it is a custom to have examinations from other countries evaluate the work of their university students, since they aim to require critical analyses of their research.

Doctor Miller will look over the theses of such students of the Hindu university as are working for their master's and doctor of philosophy degrees in the field of plant physiology. He will report to the university officials his opinion, criticisms and suggestions on the quality of the work done by the Indian graduate students.

Bring Back My Bonnet Muff and Red Flannels

A 69-degree drop in the temperature within 48 hours caused overtime work for mittens, leggings, and red flannels.

For the past week college life has consisted of one radiator after another. Red-nosed students yell "turn on the heat," as they attempt to thaw out during class before blowing out again to meet the elements.

The beauty of cold weather, besides the icy-forlorn outlook, is that no one cuts classes. It's too cold! What is there to do when the wind is howling, and the temperature is way below zero besides go to class? Occasionally a professor has been known to fail to appear. Do the students leave after waiting ten minutes? No—they wait some more, and if he never comes, what's the difference, they're comfortable.

Frozen ears, frozen noses, and frozen hands were the result of this week's sub-zero weather. Doctor Siever advises the unlucky frost bitten ones to thaw out the affected parts with snow or cold water. If the itch or pain persists after that, call at the student health office.

Little care is given by the co-ed how she looks—just so she can look without freezing to death. A woolen scarf tied firmly over her nose, and well up over the ears has been found very satisfactory in keeping that "thawed-out expression" while going to and from classes.

The nicest thing about this cold weather is—there's more of it expected. But, it's going to warm up a bit first, then come back just its time to snuff out the breath of spring—so say the prophets.

RETAIN YEARBOOK OFFICE

Secretary-Treasurer's Job Will Continue to Pay \$30 Monthly

The office of secretary-treasurer of the Royal Purple will remain in the future as it has existed in the past if the ruling made last night by the student council is adopted by the student governing association.

The office of the secretary-treasurer of the yearbook draws a salary of \$30 a month with possibilities of a bonus if the book has a successful financial year. The office was made a combination job of secretary and treasurer by action of the student council last year.

It was suggested that the council do away with the office and add the duties of the office to those of the editor and business manager who are also on salaries. The yearbook has had several years in which financial deficits have occurred and it was thought that the elimination of the secretary-treasurer position would help the book pay its way.

Unless further action is taken, the office of secretary-treasurer of the Royal Purple will exist for another year with the same salary and duties.

AGRONOMY CROWD SMALL

Small Attendance Forces Agronomy Group to Issue Bulletin Instead of Scheduled Program

The attendance of the Kansas Crop Improvement association meeting yesterday afternoon was greatly cut by bad weather. Herman Praeger, president of the association, was unable to be in town to preside over the meeting which consisted of several informal talks and discussions. Because of the small attendance, a news letter is to be compiled of the different specialties of the program and will be sent to the farmers who were unable to attend the program.

"Results from Cooperative Experiments" was the subject of the talk by A. L. Clapp, of the department of agronomy, who is in charge of the experimental work. The results of 10,110 tests in Kansas in the last several years and the adaptation of certain crops to certain sections and counties in the state was explained by Professor Clapp with the aid of a map showing the location of the different experiments over the state.

A. M. Brunson, corn investigator, U. S. D. A., spoke on the subject "Shall We Certify Harman White Corn?"

EXCLUDE THOSE WHO "SING"

Only Non-Claimants of "Voices" Are Sought for This Class.
Perfect practice makes perfect! With this modified proverb in mind the music department of the Kansas State college is offering piano and voice lessons to any individual who desires to study for his own satisfaction.

These classes are made up of usually not more than four in order that each one will be approximately in the same grade of advancement. Students of grade school, high school, or college are ranked separately.

Classes were successfully organized on this plan last fall and new groups are being organized for this semester, according to Prof. William Lindquist. Misses Clarice Painter, Alice Jefferson, Marion Felton, and Reefa Tordoff have been giving the class instructions in piano. Mr. Lindquist and Miss Gene Maurits are conducting the voice groups.

ANDERSON BELL ON RADIO

Alumni May Hear Old Familiar Telling As Part of Founders Day Broadcast

Alumni who listen in on the Founders' day radio broadcast program the night of February 16 will hear the college bell ring from the tower of Anderson hall.

The bell will ring in commemoration of the founding of Kansas State as a land grant college three score and ten years ago. Its ringing will be only a part of a two-hour program which includes in addition, music of college groups and talks by officials.

In order to permit alumni in distant points to listen in, the hours of the program have been set as from 11 p. m. to 1 a. m. o'clock. After midnight, station KSAC can be heard as far away as Hawaii. Three former students of the college are now on the staff of the Hawaii agricultural experiment station, which is affiliated with the University of Hawaii in Honolulu. They are John M. Westgate, '97 and '99; Willis T. Pope, '98; and J. C. Riperton, 1916.

These and others far away will be able to listen in next Thursday evening. Alumni often organize "watch parties" to listen to the program.

FISHING HAUNTS OF KANSAS ON SCREEN

Percy DePuy Addresses Assembly in Place of Deputy State Game Warden

Because J. J. Griffin, deputy state game warden in charge of publicity and education, was unable to appear at student assembly Tuesday morning on account of illness, the illustrations which he uses for his lectures were explained by Percy DePuy of the extension department. Slides of fish and game throughout the state of Kansas were shown and commented upon by Mr. DePuy.

It was only in 1905 that the legislature provided for the fish and game department. Since then it has been decidedly improved and enlarged, as shown by the slides.

Mr. DePuy said that our present economic condition is giving us more time for extra things of life, and fishing and hunting are showing an increasing demand with the decreasing supply. The taxpayers of Kansas do not pay one cent for the upkeep of the game and fish department as the entire amount comes from licenses sold.

Kansas was the first state to hatch warm water fish artificially but most of the waters in Kansas are too warm for trout, the speaker said.

Prof. Max Martin of the music department entertained with a violin solo, "Rigodon." Invocation was read by the Rev. J. M. McClelland, district superintendent of the Methodist church.

ALUMNI LUNCH THIS NOON AT CAFETERIA

Students and Faculty Welcome to Attend Farm-Home Feature

An alumni luncheon in the college cafeteria for alumni attending the Farm-Home week, faculty members, and students will be held this noon.

Kenney Ford, secretary of the alumni association, hopes to secure a member of the state legislature to speak. The tickets for the luncheon are 40 cents.

STORM SLASHES ATTENDANCE AT FARM SESSIONS

ONLY A FOURTH AS MANY HERE AS LAST YEAR DURING WEEK

HONOR MASTER FARMERS

Achievement Banquet Tonight Is Concluding Event For 221 Rural Guests of College

Winter, rushing out of the north to grip Kansas in sub-zero weather, has played havoc the last three days with Farm and Home week attendance, cutting it to approximately a fourth of that of last year. Up to last night, 221 farmers and homemakers had registered in the 4-H club office in Anderson hall. Last year the number attending totalled 940.

The week's program closes tonight with the annual Achievement banquet, held in Thompson hall, at which the Kansas Master Farmers for 1932 will be officially presented. Dean H. Umberger of the extension division will act as toastmaster.

Highlights of the week have been the address Tuesday afternoon by Mrs. Kathryn O'Loughlin McCarthy, congresswoman-elect from Kansas; the debate Tuesday night between Kansas State and Iowa State; the student's dairy cattle fitting and showing contest held Wednesday afternoon; and the tenth annual Little American Royal livestock show held last night.

In the debate Tuesday night in the auditorium, Edward Kelley, Manhattan, and Edward Stone, Topeka, representing Kansas State, upheld the affirmative on the question "Should Congress Adopt the Voluntary Domestic Allotment Plan." Prof. H. B. Summers of the department of public speaking was chairman. The debate was broadcast over station KSAC.

Today Is Crops Day

Today has been designated "Crops Day." Prof. R. J. Throckmorton, head of the agronomy department, is in charge of the farmers' program, which has been divided into morning and afternoon sessions. Prof. L. E. Willoughby, extension agronomist of the college, is presiding at this morning's session. Prof. E. B. Wells, college extension agronomist, will preside this afternoon.

Speakers on the program are Prof. J. A. Hodges of the department of agricultural economics; Prof. H. H. Laude, college agronomist in charge of small grains variety tests; Dr. John H. Parker, plant breeder of the college; A. F. Swanson, sorghum specialist of the United States department of agriculture; Professor Throckmorton; Dr. F. L. Duley, soils specialist of the agronomy department; Prof. J. Zink of the department of agricultural engineering; L. C. Aicher, superintendent of the Hays branch experiment station; and Prof. J. W. Zahndley of the agronomy department.

Corn Show in Progress
The Blue Ribbon corn show, in which Kansas corn growers are exhibiting, is being held on the third floor of West Waters hall. Professor Willoughby is superintendent.

Miss Amy Kelley, state home demonstration leader of the extension division, is presiding at this morning's session of the homemakers' program. This afternoon the homemakers will meet in joint session in the Parental Education institute. Miss Hazel Thompson of the state board of vocational education and Mrs. Reece Bowen, president of the Kansas Congress of Parents and Teachers, will discuss the functioning of a pre-school educational program for children in Kansas. Miss Frances Shewmaker, extension foods and nutrition specialist of the college, will preside.

EDUCATORS TO STATE CAPITOL GATHERINGS

Council Meeting and Dinners Are Attended by Three Faculty Men

Dr. V. L. Strickland, Dr. H. W. Andrews, and Prof. A. P. Davidson left yesterday to attend the council of administration at Topeka.

Doctor Strickland attended the Educators club dinner at the Jayhawk hotel last evening. Professor Davidson and Doctor Andrews dined at the Kansas with the Schoolmasters club.

Presides Tonight

H. UMBERGER

Dean Harry Umberger of the division of extension will be toastmaster at the annual Achievement banquet in Thompson hall this evening which will bring to an end the Farm and Home week events.

REDUCE EXEMPTIONS FROM ACTIVITY FEE

Over 250 Excused From Payment This Semester—Brings Action From Council

Only colored students will be exempt from the activity fee in following semesters if the recommendation made by the student council last night is adopted by the president of the college.

Heretofore, students have been exempt from payment of activity fee on several accounts. They were exempt by recommendation of the president. Paying activity fees has been optional with colored students in the past.

This semester, more than 250 students were allowed to enroll without paying the fee. The number of applications for release from payment has grown each semester. Some definite boundaries were found necessary. They have resulted in the recent ruling of the student council.

TAX SITUATION UP AGAIN

Fraternities Seek Compromise While Awaiting Rehearing of Supreme Court

Two possible means for making less difficult the payment of taxes declared due to the county from fraternities and sororities were suggested by R. P. Evans, an attorney for the organizations, at a hearing of the county commissioners Tuesday afternoon.

Citing the difficulty which fraternities would have in making tax payments; Judge Evans suggested as one means compromising on the amount due, remitting a year of the taxes and the penalties with the understanding the remainder should be paid within a given period.

The other suggestion was that it would not be unjust for the commissioners to reduce the assessed valuation placed on the houses, a figure which he indicated is high. Fred R. Smith, counsel for the county, argued against compromising. Judge Smith said he could see no proper procedure except to follow the instructions of statutes in collecting the taxes and the penalties.

Evans said a petition for a rehearing of the case before the supreme court is being prepared, and when that motion is presented to the high court, it will also be asked to rule upon the penalties and other questions of payment.

The county will argue against the rehearing, but will agree to a high court ruling on the penalty and probably the compromise question.

WEATHER LOWERS CROWD

Small Attendance for Faculty Piano Recital

Beginning with Brahms' "Variations on a Theme by Haydn," continuing with a more modern group and closing with Arensky's "Thru Suite," the first faculty recital of the semester was given in the college auditorium last night by Miss Alice Jefferson and Miss Clarice Painter in a two-piano recital.

The program had variety and was not too long. Adverse weather conditions probably caused the crowd present to be small.

W. A. Thomson, McCune, is confined to the college hospital with appendicitis.

WILDCATS JUMP TO THIRD PLACE WITH IOWA WIN

DALTON, CENTER, MAKES TEN POINTS AS WILDCATS WIN, 28-27

FREE THROW WINS GAME

Only Kansas and Oklahoma Lead Kansas State Team in the Conference Standings

By scoring a free throw in the closing minutes of play, the Kansas State basketball team nosed out a 28 to 27 victory over Iowa State at Ames last night.

This victory over the Cyclones boosted the Wildcats from fifth to third place in the conference court race and was the second win over Iowa State this year.

Cyclones Lead at Half
At half time Iowa State had a one-point lead over Kansas State, the score being 16 to 15.

Anderson of the Cyclones was the leading scorer of the game, tallying 13 points. Dalton's scoring stood out for Kansas State. The Wildcat center dropped five field goals through the basket for a total of 10 points.

Wildcats Have Win Streak
The win last night was the third straight one for Kansas State. The Wildcats started their winning streak by downing the Cyclones recently and continued by defeating Missouri last Friday and Iowa State again last night.

The Kansas State quintet is now in the first division with only Kansas and Oklahoma ahead of them. Missouri and Nebraska are tied for fourth place, and the Cyclones are in the cellar.

The box score:

Kansas State (28)	G	F	T
Breen, f	3	0	2
Graham, f	2	2	2
Stoner, f	0	0	1
Dalton, c	5	0	0
Boyd, g	2	2	2
Skradski, g (C)	0	0	1
Totals	12	4	8

Iowa State (27)	G	F	T
Ludwig, f	0	2	1
Thompson, f (C)	0	1	0
Anderson, f	5	3	1
Wegner, c	3	1	1
Hood, g	0	0	3
Dill, g	2	0	0
Totals	10	7	6

ROYAL PURPLE PRINTING TO KANSAS CITY FIRM

Thackrey Asks for Snapshots; Any House or Individual May Contribute

The printing contract for the 1933 Royal Purple was let yesterday to the Joseph D. Havens Printing company in Kansas City, Mo., according to Franklin Thackrey, editor. This company printed the 1932 annual.

Not enough snapshots have been turned in, Thackrey said. A free copy of the Royal Purple will be given to the organization and to the individual handing in the most snapshots used in the book. One sorority has turned in 34. These pictures can be of individuals, views, buildings, or anything of interest to college students.

Students should make arrangements at the Royal Purple office immediately for their individual pictures as the deadline is Saturday, February 18.

SOCIAL HOUR AT CHURCH

The college group of the Congregational church will hold a social hour Sunday evening at the church at 5 o'clock. Doris Clydesdale, Gaylord, is in charge of entertainment, and Dale Norris, Raymond, is planning the food for the group.

The Activity Fee

Why pay the activity fee? Why not pay the
 activity fee? Those are two questions that come
 often in the discussion of the activity fee.

Last night, the student council passed a ruling
 that no student shall be exempt from payment
 of student activity fees unless he or she is a
 colored student. That recommendation of the
 student council will pass to the president of
 the college where he will either approve or dis-
 regard the action. It is expected that the pres-
 ident will accept the plan as outlined by the
 council.

It appears that the time for such action on
 the part of the student council is necessary.
 More than 250 students were exempt from pay-
 ment of these fees in the last registration pe-
 riod. The president of the college decides who
 is to be released from payment and the duty
 of deciding upon those eligible for exemption
 has no doubt become a problem with every other
 student on the hill coming and presenting a
 story that may or may not warrant release.

Why should 250 students be released from the
 fee? There are possibly several good reasons
 why certain students should be given the free-
 dom but if all students are supposed to pay the
 fee, all students should pay the fee. It is only
 logical that the colored student be released from
 the charge because he is not allowed to take
 part in college athletic events. But releasing
 other students from the fee is not fair to the
 majority of students who are forced to pay.

Every student has financial troubles and to
 many, payment of the five dollar fee is a large
 and often repulsive item. But just because the
 student doesn't care for athletics, or because he
 doesn't feel that the fee is democratic is no
 reason why his money should not be paid.

Several students sell their activity books and
 make more than the original investment. That
 is not in keeping, of course, with the original
 idea of the book but it is done. Visiting alumni
 are glad to get the books at reduced rates when
 a football game comes to town. Some sell at
 prices higher than the box-office rates because
 they offer choice seats. It isn't necessary that
 a student lose the entire investment just because
 it isn't possible to attend the games or because
 they are not interested.

Permitting one student to go without paying
 the five dollar fee should not be allowed. Stu-
 dents who find that they are financially unable
 to spare the money can feel that they are not
 losing their money. It is going toward a good
 cause.

Payment of the athletic fee doesn't mean
 that you are supporting athletics. It is the
 exact opposite of that assumption. The pay-
 ment of the activity fee means that you are
 supporting the college band, the college debate
 teams, musical groups, and minor sporting bod-
 ies that cannot financially support themselves.
 Then, too, the activity fee goes to the support
 of the student governing association without
 which the college would fail to function as far
 as student cooperation is concerned. There are
 several other items which receive support from
 the student activity fund. These small groups
 are those that put Kansas State college on the
 map as one of the outstanding colleges of the
 country.

If one student doesn't pay the fee, others
 should not be forced to pay. Any college stu-
 dent can dig up a hard luck story that will
 sound good and suggest immunity from pay-
 ment.

Students who want to get out of paying the
 fee should bear in mind, first the opportunity
 that they are being offered, and they should
 remember that the activity fee is not a dona-
 tion to charity, but a support of scholastic ac-
 tivities.

On Other Hills

Ories of protest from "big shots" to janitors
 have frustrated plans of the University of Min-
 nesota Common People's hall committee to carry
 out a "Back to Basics" theme by accepting shop
 and worn diplomas, fraternity pins, old shoes,
 pencil stubs, cigarette butts and decrepit must-
 ard poultices in exchange for tickets to the
 hall.

Today's revelation: A recent story at the
 University of Oregon revealed that the average
 college professor spends 58 hours a week in
 academic duty. My, my, and when do they teach
 classes?

An observation: Publications of schools in
 California give more space to the theatre and
 drama than to any other subject, excepting
 general news. Which is probably one of those
 Hollywood influences.

Ignoring bathing; beauties, marathon dances,
 horse races and the like, but featuring signifi-
 cant events in the day-to-day history of the
 world, a weekly news reel will be offered to stu-
 dents and faculty members of the University of
 Minnesota when the only university "news reel
 theatre" in the country opens Friday.

"Men need have no fear of the ant." Prof.
 Julian Huxley said recently in a talk at the Cal-
 ifornia Institute of Technology, thereby dis-
 peling the theory advanced by a group of scien-
 tists that the rule of the world would one day
 rest in the hands of these insects. So, in regard
 to the ants, we can breathe easy. Now if some
 one could take care of the mother-in-law situa-
 tion—

The Indiana Daily Student, Indiana univer-
 sity publication, recently issued a questionnaire
 to students asking opinions on policies of the
 paper. They made a plea for serious answers.
 Such optimism.

There's no fun in being the janitor if you're
 not going to play the rules. A coed at the Uni-
 versity of Chicago recently was locked in the
 library. To be sure, there were janitors about,
 but under the rules of the university the doors
 are not to be opened until a specified time in
 the morning. The victim actually had to plead
 with the janitors for several hours before a prof
 came along and let her out a side door.

The Snooper

And were you with us, gentle reader, when we
 saw that red beret walking on the campus? We
 had no advance notice of Sir Harry Lauder's re-
 turn to town but it could have been no one
 but Sir Harry himself or an advertisement for
 him. Now you wouldn't think it was the
 Snooper trying to disguise himself from the
 formidable members of the band would you?
 Or maybe it was some entomologist's device to
 keep the more creeping, tickling bugs out of his
 hayloft. (Scratch, scratch!)

We bet the inaccessible gentleman in the im-
 penetrable sanctum took a draw on his biggest
 stogie when he read Westbrook Pegler in the
 Kansas City Star describing how the United
 States department of agriculture, bureau of en-
 tomology, in conjunction with the United States
 department of commerce, made a series of tests,
 calculations, and estimations of the jumping
 ability of a flea as compared with that of a
 grasshopper.

At the next military review, the military band
 begs to announce, they are going to play a re-
 quest program due to the volume of complaints
 received on the rendition of "On the Swanee
 River," "Sweet Adeline," "How Dry I Am," and
 other original compositions of the band. They
 beg you to send your requested numbers to Bill
 Fitch, recently elected onery colonel. Hereafter,
 the band hopes, the infantry laddies stand-
 ing at attention will receive more culture, re-
 finement, and enjoyment from the musical har-
 mony that arises as the band sways rhythmically
 in its march.

Due to the number of inquiries received in
 regard to the Collegian's "Rolled Oats" column,
 it behooves (get that? behooves, not geboos)
 the Snooper to explain that rolled oats are wild
 oats that have been brought under the power
 of the press. Get it now? Will you have a pic-
 ture? oh—h—ye—ah, I see, teacher, I see.

Who's pledge, this busy little gal from Kansas
 City, Kansas. First she is a Tri Delta pledge,
 the Alpha Xi's got her, the Chi Omegas entered
 the Greek life of the little girl and now she
 isn't anything. At least it's hard to tell just
 what she is. She doesn't know either. Her
 name (for the other searching sororities) is
 Elizabeth Smyth. She still remembers the name.

Here's the world's worst. Franklin Thrackery,
 one-third of the swindlers in the Royal Purple
 office has turned against women. That isn't
 the bad part of it tho. He has gone to the
 lowering depths of writing poetry about it and
 on his offices wall will be found this bit of of
 —well you name it.

"So This Is——!"
 Deserts shook and mountains trembled,
 All the fiends of hell assembled.
 Oceans raged and hurricanes screamed;
 Singing songs of the unredeemed.
 All the universe stood still—
 While a man bowed down—to a woman's will!

Mary "Triangle Triangle" Whitelaw is having
 triangle trouble. First we see Clay Reppert with
 the vow that he will try an angle for her spare
 time. But now the other sixty degrees is com-
 ing from Kingman for the week end. How will
 little Mary keep her angles straight? Probably
 the straight line as usual.

We feel the old poetic urge coming on again.
 Mi Mi Mi—also a song!

Being as it's getting close to Valentine's Day
 we respectfully contribute the following piece of
 real art:

Roses are red,
 Violets are blue,
 I can row a boat,
 Canoe?

EASIER TO WALK THAN BACK OUT GREEN ASSERTS

ECONOMIST TELLS HIS IDEA
 OF HOW BEST TO MAKE
 "THE UP GRADE"

FORUM INTEREST EVIDENT

Mayor of Topeka and Two College
 Economists Scheduled For
 Addresses in Succeeding
 Meetings

"It will be much easier to walk
 straight out of the depression than
 to back out." That was the assertion
 of Prof. R. M. Green in his
 address last Wednesday noon be-
 fore the first student forum of the
 spring semester.

Professor Green supported the
 plan of inflation, because, he said,
 this inflation means more money
 and credit for the same commodi-
 ties and values received, resulting
 in more spending and consequent
 increase of business.

Anticipate Continued Interest
 Interest evidenced in the first
 forum bespeaks continued success
 in the four meetings which will
 follow, in the opinion of those in
 charge of this important activity.

Harold Howe will speak on "The
 flow of economic goods" at the
 next forum, which will be held
 February 15. Mr. Howe is associate
 professor of agricultural economics,
 and is well known for his informa-
 tive and entertaining talks.

The following week C. E. Thomp-
 son, assistant professor of econo-
 mics and sociology, will speak
 on the question, "Is Easy Money the
 Way Out?"

Topeka Mayor Here March 1
 Omar B. Ketchum, mayor of To-
 peka and president of the Federal
 Trade council, will speak March 1
 on "The Attitude of Organized La-
 bor."

The subject of Professor Green's
 address was "The Up Grade." In
 discussing possible ways of in-
 creasing spending, the agricultural
 economist said there are three pos-
 sible ways of accomplishing it. He
 lists them as: (1) Increase amount
 of money in circulation by addi-
 tional coinage, (2) increase credit,
 and (3) reduce amount of gold in
 the dollar.

In conclusion, Professor Green
 prophesied the end of the depres-
 sion in the near future, and said
 "Let us trust to God, as we have
 always done before."

Culminate in League Session
 These weekly forums, held on
 Wednesday noons from 12:20 to
 12:50, this semester are dealing
 with present economic conditions,
 and will culminate February 24 in
 a model assembly of the league of
 nations in which eight Kansas col-
 leges will co-operate.

The colleges besides Kansas
 States which have promised their
 co-operation are: University of
 Kansas, Washburn college, Friends
 university of Wichita; Kansas
 Wesleyan, Bethany college, Ottawa
 and Baker universities.
 Pennants and other decorations
 will be sent from Chicago's World
 Fair grounds, and foreign students
 from the various colleges are to
 appear in native costume. The as-
 sembly, to be held in the college
 auditorium, will not exceed two
 hours in length, during which time
 students of colleges representing
 nations will discuss war debts, dis-
 armament trade barriers, and
 monetary systems.
 This extensive educational pro-
 gram is being sponsored by the
 college Y. M. and Y. W. C. A.

ENGINEERS MAKE A DIVISION OF LABOR

Robert Alexander Will Manage
 Open House—Has
 Committee Aid.

Plans for the annual Engineer's
 Open House, which is to be held
 March 17 and 18, are getting un-
 der way by the choosing of the
 committees which are to handle
 the details of the project. As in the
 past, this two-day period is de-
 voted to the exhibiting and ex-
 plaining the use of many of the in-
 struments, machines and newly
 discovered appliances which the

public in general is not acquainted
 with. Another feature of the Open
 House will be the Engineer's Ball
 at which time St. Pat and St.
 Patrick will be elected.
 Robert Alexander, Independence,
 Mo., is to manage the open house.
 V. A. Elliott was elected secretary.
 The list of committees follows:
 Publicity—R. D. Compton, Man-
 hattan; H. C. Johnson, Marquette;
 L. W. Teall, Larned.
 Features and display—E. J. Fel-
 tier, Concordia; I. E. McDougal,
 Atwood; Clair Palmer, Kincaid.
 Routing—J. D. Woodruff, Dodge
 City; J. P. Woolcott, Manhattan.
 Prom—Carl Osmah, Concordia;
 O. S. Ek Dahl, Manhattan.

Aviation—L. A. Gore, Bushton.
 Chapel—K. U. Benjamin, Deer-
 field. Shop practice—Pat Murphy,
 Galena; Machine design—Roy Best,
 Manhattan; Leonard Eard, Car-
 thage, Mo. Ag engineering—P. W.
 Jeniece, Bushton; Con Christy,
 Scott City. Architecture—Harry
 Canstrom, Hollis; Keith Hinchcliff,
 Manhattan. Civil engineering—M.
 E. Phillips, Wichita; Don Gentry,
 Manhattan.

Chemical engineering—P. F.
 Warner, Whiting; H. M. Rivers,
 Manhattan. Electrical engineering—
 S. R. Mudge, Salina; H. R. Heck-
 endorn, Cedar Point; T. W. Ruck-
 er, Americus; Oran Harger, Man-
 hattan. Mechanical engineering—
 Richard Burdge, Parsons; V. C.
 Cavin, LaCrosse. Military—Hal Mc-
 Cord, R. C. Besler, and Robert
 Roberts, all of Manhattan.

Applied mechanics—J. P. Kes-
 ler, Oberbrook; J. W. Haupt, New-
 ton. Physics—J. H. Howard, Ober-
 lin. Signs—H. E. Rathbun, Man-

hattan; H. E. Rivers, Dodge City.
 Publications—M. H. Davison, Man-
 hattan. Flood lighting—Russel
 Stewart, Lowmont.

CHANGE BRINGS ILLNESS

Remove Wraps in Classroom, Col-
 lege Physician Advises
 A sudden change in the weather
 is apt to bring about much sick-
 ness among students, according to
 Dr. C. M. Siever, the college physi-
 cian. If the temperature remains
 about the same, even if it is cold,
 general health conditions are bet-

ter. Several colds and sore throats
 have resulted from the change.
 It is better not to dress too
 heavily even in cold weather, ac-
 cording to Doctor Siever. Heavy
 clothing tends to increase perspi-
 ration and as one goes out in the
 wind the body feels cold and is
 likely to become chilled. One of
 the best ways to catch cold is to
 leave coats and wraps on in the
 class room. Wraps are supposed to
 be used as regulators for body tem-
 perature, and cannot function as
 such if they are worn constantly.

ROLLED OATS

... 1924 Fremont no longer the Delta shelter, but a dorm for daddies dogs—open house Friday with the dancers dangerously dodging their dancs and dachunds.

... Freezing frosts and wintry blasts—some people retiring to bed and others attiring for bed! Don Wyatt (military magnet) of Phi Delta Theta—a swaddling child, mounting the steps in pajamas, plus four, golf socks, his head swathed in the depths of a turkish towel—rigorously reclining on a downy couch of steaming discarded beverage tins.

... "If you can't be true to one or two, then it might as well be three"—and they say Joel Kessler is very intriguingly involved with a certain Pi Phi at K. U.

... Bill Scales, the village dandy, off to a flying start on another two week's run of romance—this time it's Wildeen Middlecoff of the Concordia Middlecoffs—forwarded is forwarded—knows she not that the valient Scales has sworn to allow no bit of femininity to rule supreme his head and heart for more than fourteen days?

... Thelma Williams again urking in the shadows and dogging the footsteps of our erstwhile B. Brummel Luder.

... "Tis a rumor of a romance—a budding one—suppressed desires are released and musical and, Christian influences unite as Band Master Downey and our fair Dorothy McLeod were observed stealthily stealing (One 4 a. m. of a dim dark dawn) into the latter's lodgings.

... Six buxon, hale, and hearty Chi Omegas—to regain the lost allure of their once sylph like forms indulge heavily on sliced sunkist oranges and black coffee—there remains nothing but a discarded waistline and a feeble smile.

... Rex Jennings deserts this modern world of technocracy for a hermit's hovel on Humboldt—on a simple cot before his glowing hearth—he recalls and revels in his memories of a passionate past.

... The iron hand of fate at last discloses and brings to the surface two thwarted urges. Having worshipped from afar and been martyrs to the cause of self denial—these two—our rapidly rising to fame Don White, and our already risen Beryl Brummel—are now scaling the well known heights of ecstasy.

Social Calendar

Friday, February 10
Parent Education Institute
Glee Club—Fl. 5:00-6:00.

Saturday, February 11
Intersociety Oratorical contest, recreation center, 8:00.
Hamilton Literary society meeting, Hamilton hall, 7:30-9:30.
Athenian Literary society meeting, Athenian hall, 7:30-9:30.
Delta Delta Delta tea dance.
Webster Literary society dance, L58, 7:30-11:30.

Monday, February 13
Nebraska university, Kansas State basketball game, Nichols gymnasium, 7:30.
Y. W. C. A. Cabinet meeting, Calvin rest room, 7:30-8:30.
Glee club, Fl. 5:30-6:30.
Chorus, college auditorium, 7:00-10:00.
Missouri Valley Oratorical contest tryouts, recreation center, 4:00-6:00.

Alpha Kappa Lambda
Alpha Kappa Lambda announces the pledging of Glen Young, Kansas City.
Harold McElroy is visiting at the house this week.

Delta Delta Delta
Delta Delta Delta will entertain with an informal Valentine tea dance at the house tomorrow afternoon.
Thelma Williams, Caldwell, arrived Tuesday evening to visit until Sunday.

Theta Xi
The pledges will entertain the actives with a house party Saturday night, Feb. 11.

Phi Kappa Tau
John Woolcott, Harrisburg, Ill., has been elected president for the second semester. Norman Sollenberger, Manhattan, has been elected vice-president.
Larry Dornell, Osborne, has returned to school for the spring semester.
Robert Rychel, Downs, has returned to work on his master's degree.
Ivan Phetaplace, Smith Center, was a dinner guest Tuesday evening.

Clovie
Dinner guests at Clovie Thursday night were Misses Dorothy MacLeod, Stella Scurlock, Thelma McClure, and Ella Meyer.
Mary Wilson, Council Grove, visited her sister, Ruby, Wednesday.
Dinner guests Wednesday night were Mary Wilson and Ralph Rodrick.

Chi Omega
Louella Graham spent Tuesday in Topeka.
Wednesday night dinner guests were Mrs. Marcia Throckmorton and Dr. Mary T. Harmon.
Senior Women's Panhellenic council held their monthly meeting at the Chi Omega house Thursday evening.

Lambda Chi Alpha
Dean R. W. Babcock was a Wednesday dinner guest.
Bill Justus, Collins Crum, Don Gentry, and Archie French went to Topeka Sunday.

Alpha Gamma Rho
Sunday dinner guests were Wayne Herring, Tulsa, Texas;

Emanuel Zoglin, Kansas City; E. B. Winner, Topeka; A. T. Mislter, Leavenworth; A. R. Thiele, A. L. McDonald, and Wayne Bietler, Bremen; G. G. Lundgren, Clyde; Lloyd Davis and Robert French, Emporia; Morris Humes, Topeka; Prof. and Mrs. C. E. Aubel, and Professor Gilmore.

Alpha Delta Pi
Dinner guests Tuesday night were Charlotte Leutenberger and Mildred Haddock.
Gwendolyn Fisher was a luncheon guest Wednesday noon.
Mr. R. J. Roth, who was in Manhattan for Farm and Home week, visited his daughter, Myra, Wednesday.
Gertrude Brown and Susanne Beeson were dinner guests Thursday evening.

Phi Lambda Theta
Glen Brockett and Harley Harrison of Iowa State college were house guests last week.

Kappa Kappa Gamma
Susanne Beeson, Wamego, and Mildred Haddock, Lindsey, were dinner guests Monday evening.
Lucille Albright has returned to Lawrence to attend K. U.
Heleen Teichgraber, Marquette, and Marjorie Morrow, Parsons, are enrolled in school this semester.

Sigma Alpha Epsilon
Al Schothe was a dinner guest Thursday evening.
Gordon Towner, Dwight, was a guest at the house Wednesday night.
George Peck will spend this week end in Topeka.

Delta Tau Delta
Delta Tau Delta held open house Thursday evening.
Russell Webb, who has been ill at his home in Hartner, returned to school Tuesday.

Zeta Tau Alpha
Mrs. K. F. Baker, Baldwin, and Mrs. M. M. Melchert are visiting at the house.

Kappa Sigma
Kappa Sigma announces the pledging of Gerald Lake, Manhattan, and Robert Gouge, Sedalia, Mo.

Phi Delta Theta
Julius Anderson spent the weekend in Salina.

Lambda Chi Alpha
Ward Colwell, Onaga; Hugh Roth, Ness City; Clifford Alcorn, Carbondale; Paul Hardman, Hill City; returned to their homes this week.
Phil Justus, Hill City; and Frank Volek, returned to school for the rest of the semester.
Leonard Pike, Milford, was a weekend guest.
Archie French, Don Gentry, and Bill Justus spent the weekend in Kansas City.
Don Gentry left on a debate trip to Iowa.

Pi Beta Phi
Mrs. H. H. Packer, Kansas City, was a dinner guest last evening.
Janet Murdock, Wichita, will spend the week end at her home.
Beth Griffin, Iola, was a dinner guest Tuesday night.
Mary Kendall and Kathleen Mallon left yesterday to spend the weekend in Kansas City.
Charles Bader will spend the week end in Lyons.

Farm House
Dinner guests at the Farm House Saturday were Prof. and Mrs. M. H. Coe, and Wayne Gregory, Cheney.

Acacia Fraternity
Chester Hass, Holt, was a weekend guest at the house.
Floyd Tempero, Broughton, is a guest this week.

Phi Kappa Tau
Mr. V. Davis, Burr Oak, was a dinner guest Thursday.
Robert Rychel, Downs, has returned to work on his master's degree.
Larry Darnell, Osborne, has returned to school this semester.
Wesley Coblenz spent the weekend in Great Bend.

Lambda Chi Alpha
Bill Justus, Archie French, Don Gentry, and Collins Crum spent Sunday in Topeka.
Leonard Pike, Milford, and Garcel Hays, Kansas City, visited at the house over the weekend.
Ward Colwell left Monday for his home in Onaga.
Those who enrolled not in school last semester are Bill Justus, Frank Volek, and David Hays.

Beta Theta Pi
Jack Householder and Tye Lantz will spend the weekend in St. Louis.
Cecil Miller, Lyons, is returning home for the rest of the semester.
Harold Eddington, Dodge City, will accompany him home for the weekend.

Mr. and Mrs. "Duteh" Hoffman
Salina, announce the birth of a daughter, born February 5. Both Mr. and Mrs. Hoffman are former students at Kansas State and were enrolled in the department of industrial journalism. Mrs. Hoffman was, before her marriage, Ruth Green.

COSMOPOLITES FROM K. U. HERE SATURDAY

The University of Kansas and Kansas State Cosmopolitan clubs met Saturday, February 4, at the home of Louise Chalfant, 1311 Laramie. Plans were considered for a district spring convention of all Cosmopolitan clubs and foreign groups in neighboring colleges and cities. The group had dinner in the Pines cafeteria.

The Kansas university students present were: Wilbur Leatherman, Samuel Sass, S. Matsumoto, Jacob Park, Clifford Mesenheimer, Otis Brubaker, Henry Baker, William Blair, Carl Peters and Bud Perry. At the report of the national convention recently held, S. Matsumoto pictured the arrival and registration of delegates, Miss Chalfant outlined the work done by the national committees, presenting the idea of a closer relationship between American Cosmopolitan clubs and those situated in other parts of the world. She announced the tentative plan of having an international meeting in the near future, as discussed at the national convention.

Wilbur Leatherman presented the thoughts contained in the speeches given at the convention, and spoke of the plan to change the name of "The Cosmopolitan Student" to "The Cosmopolitan Review." Jacob Park briefly outlined the social functions at the convention, such as breakfasts, sightseeing trips, luncheons and dinners.

Y. M.-Y. W. HOLD JOINT PARTY
Jig-Saw Puzzles and Dancing Finnish Entertainment
Thirty guests were present at the joint freshman commission party held last Saturday night in Calvin hall. The evening was spent in dancing and working jig-saw puzzles. A special dance number was given by Cleo Wilson and Bonnie Gandy, accompanied by Helen Reid.
Guests present were: Dr. A. A. Holtz, Dorothy McLeod, Elizabeth Smith, Margaret Green, Ellen Payne, Maxine McKinley, Ruth Gresham, Ruth De Baun, Madge Gibbs, Maxine Gibbs, Marjorie Lomas, Frances Tannahill, Ethel Thurow, Bob Berkey, Monroe Coleman, Frank Elayer, Gilbert Gauman, Kenneth Pettijohn, Raymond Chitwood, Ray Lippenberger, Arthur James, Joseph Ward, LeRoy Butler, Max McCord, Arthur Ausherman, Elmer Winner, Raymond Beeler, Robert Blanche, Donald Long, Townsend Galley, Robert Spencer, Woodrow Leach, and Don White.

TAKES UP TURKEY RAISING
Marvin Vautravers Joins Robbins Ranch Near Belvedere
Marvin Vautravers, Centralia, who completed his college work last semester with a major in poultry husbandry, began his work yesterday at the Ed Robbins ranch near Belvedere, where he has secured a position. His duties will consist of the hatching and brooding of turkeys. Seven to eight thousand turkeys are reared to maturity annually on this farm.

DAIRY PROGRAM HELPFUL
Substitutes for Butter Are Featured in Talks By Authorities.
Opening the dairy program of Farm and Home week, Wednesday morning, W. J. Caulfield of the department of dairy husbandry, gave two outstanding demonstrations.

The first, "The Use of Lye Solutions in Sterilizing Machines," was illustrated with slides. In this, Mr. Caulfield explained the relative advantages of lye and chlorine as a sterilizing medium.

In the second demonstration, Mr. Caulfield explained the home dairy spread, a product to be used partially in place of butter.

"The home dairy spread cannot be used entirely in place of butter," he explained, "for there is no outlook for its commercial possibilities. It is cheap and satisfactory when made and used on the farm, but will probably not be used to any great extent to be sold.

Another product of this type is honey cream; this is a combination of honey and home dairy spread, and when made on the farm costs approximately 9 cents a pound.

The greatest advantage of these is that there is no churning; it is simply the attachment of the home dairy spread cover that separates the milk and cream to form this product.

D. M. Seath of the extension division gave the other address of the morning in the dairy program. His subject was "Work of the 400 Pound Bull Club."

LIVESTOCK PROGRAM GOOD

Prominent Speakers Discuss Economic Situation and Its Relation to Live-Stock
"We cannot prophecy, we cannot assure—but there are some things we can know to direct us through this period of depression," declared J. J. Moxley, extension animal husbandman, when opening the Thursday afternoon session of the Farm and Home week livestock program.

Speakers on the program included R. M. Green, department of agricultural economics, who spoke on "The Live-stock Outlook"; W. E. Connell, department of animal husbandry, "Alfalfa As a Hog Feed"; C. E. Aubel, department of animal husbandry, "Swine Feeding rations for Kansas"; and C. G. Elling, extension animal husbandman, "The Extension Swine Production Program for Kansas." C. W. Floyd of the Wichita Regional Agricultural Credit corporation who was scheduled for a discussion of the credit corporation, was unable to attend the meeting.

Inspection of animal husbandry herds, flocks, and experiments in the pavilion was held after the meeting.

ACKERT SUBMITS ARTICLE
"Why Students Fail" in Phi Kappa Phi Publication.
Dr. J. E. Ackert, dean of the division of graduate study, submitted the article, "Why Students Fail," to "The Temple of Phi Kappa," fraternity publication. It appeared along with the opinions of officials in representative schools.

According to Doctor Ackert's article, the factors in the age-old problem of "Why Students Fail" are numerous. Among them may be mentioned inadequate preparation, insufficient and excessive financial allowances, the lure of

Student Criticism Will Be Aired in Publication of Engineers
"Intake and Exhaust" is to be the name of a publication of the engineering division under the sponsorship of the Steel Ring, professional engineering organization. The paper, which is to be composed mostly of criticisms, commendatory or acrimonious, by students in the division, will come out at the second annual engineers "Alloy," February 18, according to Eugene Peltier, Concordia, president of Steel Ring. Other members of the publishing board are J. E. Veach, Manhattan, and J. B. Kepler, Fort Scott.

MONEY CAN'T BUY IT ALL, FARRELL SAYS

It's Beauty People Starve For, President Tells Iowa Farm Folk
Money is necessary and desirable, but "wealth" in its broadest definition means more than money, President F. D. Farrell told Iowa farmers and their wives Tuesday evening at the annual Farm and Home week held at Iowa State college.

If money meant wealth in its fullest term, "the rich would be happy and satisfied and none of the poor would be happy," President Farrell said. "This is not true. The rich—and the poor as well—find means of happiness which do not necessitate the spending of

extra-curricular activities, and lack of sufficient intellectual perseverance. With average mental power, good health and adequate financial support, the college student can carry the scholastic load and participate in one or two extra-curricular activities.

"People are starved for beauty," President Farrell said. "They can find it in shrubs, flowers, home beautification which doesn't cost anything, in being neighborly and in reading—in any of the old-fashioned things for which we have been trying to substitute money. We need money—but it won't buy some things."

LITERARY SOCIETY ELECTS

Officers for the second semester were elected January 21 by members of the Webster Literary society at their regular meeting in Nichols gymnasium.

The officers that will have charge of the society for the remainder of the year are: president, Joyce Miller, Sycamore; vice-president, Paul Vautravers, Centralia; recording secretary, Victor Hopeman, Independence; corresponding secretary, Roy Crist, Brewster; treasurer, Orville Denton, Denton; marshal, Elmer Munger, Manhattan; progress chairman, Gordon Carter, Bunker Hill; critic, Gilbert Moore, Louisburg.

MAT MEN MEET STRONG TEAM IN GYM TONIGHT

WILDCAT GRAPPLERS TO MEET
OKLAHOMA CENTRAL STATE
TEACHERS SQUAD

TEACHERS WON LAST YEAR

Kansas State Squad Is Selected After
Week of Tryouts in Which
All Wrestlers
Compete

Eight wrestlers have been chosen by Coach B. R. Patterson to represent Kansas State tonight against Oklahoma Central State Teachers college from Edmond, Okla. Tryouts have been held all week and the Wildcats are in first class condition for the matches. Although dope points toward a victory for the Teachers, Coach Patterson is confident that the 19-13 score by which the Wildcats were defeated last year will be reversed.

The matches will start at 7:30. A demonstration of the different holds used in collegiate wrestling will be given before the matches by George Watson, J. E. Veatch, and J. B. LeClerc. George Brannigan will be the official.

Following is the list of men picked by Coach Patterson to wrestle tonight: 118-pound class, F. W. Griffith; 126-pound class, A. R. McDonald; 135-pound class, R. L. Heinz; 145-pound class, Paul Warner; 155-pound class, Captain June Roberts; 165-pound class, Joyce Miller; 175-pound class, F. M. Bozarth; heavyweight, E. A. Houser.

The Spotlight

By Milfred Peters

Both Kansas university and Oklahoma, the conference leaders, will risk their positions in games tomorrow night. Kansas plays Missouri at Columbia and Oklahoma meets Nebraska at Norman. The two teams are now running a neck and neck race for the conference title, and a loss for either team at this stage of the game might mean the loss of the championship.

Kansas has the hardest assignment in turning back Missouri at Columbia. Playing the Tigers on the Missouri court has been a jinx to Jayhawk teams for a number of years. Although Kansas has won the conference title twice in the last five years, not since 1927 have they been able to defeat Missouri at Columbia.

Nebraska will give the Sooners plenty of competition in their game, but the Oklahomans should come out on the big end of the score. If Oklahoma loses, Kansas will get out in front by a considerable margin; if Kansas loses, the Sooners will go into first place ahead of the Jayhawks; if both teams win, they will be running even for the conference crown.

Kansas State plays two games here next week. Nebraska university Monday and St. Louis U. Wednesday. In their first meeting the Huskers surprised the Wildcats by defeating them. It probably will be a different story Monday, because the playing of the Kansas State quintet is much better now than it was a month ago. Nebraska is hard for any team to beat, but the Wildcats will be out to plaster the Huskers and will be playing on their home floor.

The wrestling team will also see plenty of action next week in two matches. On Thursday night they go to Salina to meet the Kansas Wesleyan matmen and on next Saturday night they will grapple with the Nebraska Cornhuskers here. In the Salina match it will be pupil against tutor, as the Kansas Wesleyan team is coached by Bill Doyle, Kansas State wrestling captain last year. If he has any kind of material at all, Doyle should turn out a team that is capable of giving the Wildcats a battle, as he himself is a crafty and clever wrestler.

Oklahoma university is doing something different. Lewie Hardage, head football coach, has announced that spring football practice will start next Wednesday. This is much earlier than most spring grid sessions begin, as the majority of colleges don't call spring practices till after the basketball season is over. A requirement of the training is that every freshman and varsity player must attend the practices regularly.

At last the coaching staff of the football team have announced themselves on football. The spring hours of practicing, the coaches have announced.

Little of Columbia, decided that there was no urge for drastic rules changes in the present code of football rules. This is in accord with three of the six conference coaches. A. N. (Bo) McMillin of Kansas State says that the game was all right as played last season. Ad Lindsey of Kansas thinks that there is no need to change the rules at all. George Veenker of Iowa State has expressed himself, "Let well enough alone."

For the last month nearly all of the proposed rules changes have had to do with the forward pass. The committee did much arguing pro and con about the forward pass, but none of the suggestions met the approval of the committee. Finally the coaches made six suggestions for the rules committee which meets today in Philadelphia.

The most important suggestion would eliminate the side line play. This change provided that the ball should be brought in 10 yards from the sideline anytime it is declared dead within 10 yards of the sideline. This would eliminate many wasted downs as the ball must now be run out of bounds before it can be brought in 15 yards from the sideline for further playing.

The second most drastic suggestion was that the penalty for clipping should be reduced from 25 to 15 yards. It was thought that officials would be more apt to enforce the clipping rule if the penalty were only 15 yards, as they sometimes hesitate to penalize a team 25 yards.

In an effort to cut officiating expenses by reducing the number of officials for a game, it was suggested that whenever an agreement was reached between contesting teams, time could be kept on the sidelines by representatives of the two teams, thus doing away with the services of a field judge.

Whether any of these suggested changes will be put in practice next fall is now up to the rules committee. Some of them are worth considering, and none of them are drastic. It is doubtful if any of the changes made will be as drastic as the ones made by the rules committee last year.

WRESTLING RULES SAME

The rules for intercollegiate wrestling this season are to remain the same, according to Coach B. R. Patterson. However, the prevention of stalling anytime during the wrestling match is to be more strictly enforced this year. Enforcing this rule will tend to make the matches more interesting and much faster, it is believed.

HAMILTON SOCIETY ELECTS

New officers for the second semester were named at an election held by the Hamilton literary society Saturday, January 21.

These men will direct the organization's activities for the remainder of the year: president, Robert Roberts, Manhattan; vice-president, Raymond Hughes, Manhattan; treasurer, Walter Babbitt, Willis; corresponding secretary, Alvin Fieger, Kinsley; recording secretary, Marvin Shaw, Holton; marshal, Al Green, Manhattan; prosecuting attorney, Ralph Van Camp, Council Grove; membership chairman, Penn Thompson, Manhattan; board of directors, Kenneth Davis, Manhattan, and John Latta, Holton; program committee, Wilbur Wahl, Wheaton, and Kenneth Davis, Manhattan.

Special officers for the annual banquet to be held in the spring were named as follows: toastmaster, Penn Thompson; manager, Albert Green, Manhattan, and assistant manager, John Latta, Holton.

ORATORY AWARD TO KIMBALL

Capper Trophy of Kansas Group to Kansas State Second Time

Ned Kimball, Kansas State debater and orator, painted a vivid word-picture of the grasshopper years in Kansas to win first prize award of the annual Native Sons and Daughters oratorical contest in Topeka Sunday, February 5.

Besides winning the contest in the morning to determine the winner in which a number of colleges of the state entered representatives, Kimball was invited to give his oration at the evening banquet of the Native Sons and Daughters at which Gov. Alfred M. Landon presented him with the Capper trophy. Ernest H. Reed, senior at the college, won the contest last year, delivering an oration entitled "The Quantrill Raid."

For the first time this year, the cup award was made the personal award of the individual winner.

WICHERS TO ABILENE

Architecture Professor Talks to Garden Club

H. E. Wichers, associate professor in the department of architecture, spoke before the Abilene Garden club at Abilene last night on the subject "Where Do We Go From Here."

The lecture was illustrated with lantern slides. Phases of domestic architecture were stressed in the talk.

FOOTBALL SCHEDULE INCLUDES NINE GAMES

Wildcats to Have Six Games on
Foreign Fields and Only Three
in Manhattan.

The 1933 Kansas State football team has nine games scheduled next fall. A tenth game may yet be added.

Several intercollegiate games are included in the schedule. Perhaps the biggest of these is the contest with Michigan State college at East Lansing, Mich., on November 8. Since the coaching position at Michigan State is still open, Charles W. Bachman, former Kansas State coach who recently resigned at Florida, is among those being considered for the position.

Another big game will be the affair with the Texas School of Technology at Lubbock, Texas, on Thanksgiving day. This school is nearly as large as Kansas State. Its fall enrollment was about 2,500.

Two other games will be played against teams outside the Big Six conference. These are with St. Louis and Emporia Teachers at Manhattan. There is a possibility of a game with Marquette university, but this is not definite.

Of the nine games, three are home affairs while six are away from home.

The schedule:

Sept. 30—Emporia Teachers at Manhattan.

Oct. 6—St. Louis university at St. Louis.

Oct. 14—Missouri university at Columbia.

Oct. 21—Nebraska university at Manhattan.

Oct. 28—Kansas university at Lawrence.

Nov. 8—Michigan State college at East Lansing.

Nov. 11—Iowa State college at Ames.

Nov. 18—Oklahoma university at Manhattan.

Nov. 30—Texas School of Technology at Lubbock.

At the Theatres

AT THE DICKINSON

"The Bitter Tea of General Yen"
This picture concerns a man of the East and a woman of the West. The setting is Oriental with all the action taking place in China. It gives a new slant on "East is East and West is West" that is as entertaining as it is interesting.

Barbara Stanwyck is excellent as Megan Davis who comes from across the sea to save souls in war-stricken China. Instead of doing missionary work, she eventually wrecks an empire. Nils Asther is the General Yen who entirely alters Miss Davis' plans in China. There is splendid acting and the plot of the story is unique. It takes the bitter tea to end things happily, in case you want to know the significance of the beverage. No doubt some missionaries wouldn't approve of this, but you'll like it.

AT THE VARSITY

"Hard to Handle"

Here's the story of the eighteen-day diet and all other such publicity stunts. There's every sort of a publicity gag promoted in this show. You'll get the inside dope on the way to "put things over" to the glibbie public.

James Cagney is his old self in this picture which is fast moving at times but monotonous in other ways. With the help of Mary Brian (who is a blonde now, by the way) and Ruth Donnelly, Mr. Cagney gives a splendid characterization of the swindler who is just bubbling over with "get-rich-quick" schemes. The schemes are clever though. There is neither good nor bad recommendation to be given to this show. You'll have to see it for yourself—and it's a wager that even then you won't know whether or not you liked it.

AT THE WAREHAM

"End of the Trail"

One of the most spectacular Indian pictures since "The Covered Wagon" is Columbia's "End of the Trail," starring Tim McCoy and featuring Luana Walters, and will be shown at the Wareham today and tomorrow.

McCoy has the role of a cavalry officer who is court-martialed and dismissed from the ranks in disgrace because an envious fellow officer makes it appear that McCoy, through his friendship with the Indians, is responsible for the massacres of several covered wagon trains entrusted to his care. McCoy, bitter and humiliated, goes to live with the Indians, but gives his own life halting another massacre. The entire picture holds you in suspense until the last when you find that McCoy is not a two-faced man.

Mitzi Green will make the funny-papers come to life in "Little Orphan Annie" at the Wareham Monday and Tuesday.

ILL WITH BRONCHITIS

Miss Ida Legler, Robinson, is confined to the college hospital with bronchitis.

Y. W. INTEREST GROUPS INTO FIRST SESSIONS

Thursday Nights Chosen for Meetings During Coming Semester

The Y. W. C. A. interest groups will meet Thursday night, Feb. 16, for their first meeting of the new semester. They will meet on Thursday night this semester instead of Wednesday night as they did last semester.

If enough girls are interested, groups for personality problems, modern arts, and economics will be added. The other groups to meet are the following: philosophy of life, dramatics, modern books, international questions, and life of Jesus.

Girls who wish to change committees or groups are asked to send or leave their names in the Y. W. office.

NEBRASKA COURT MEN HERE MONDAY NIGHT

Wildcats Seek Revenge From Early Season Defeat; Cornhuskers In Fourth Place

The Kansas State basketball team will start its last home stand when it meets the University of Nebraska here next Monday night. This will be the second game between the two teams this season. Nebraska defeated the Wildcats 31 to 25 at Lincoln early in the season.

Dope points toward a stiff battle. In the conference standings both the Wildcats and the Huskers rank about the same. Since the first game, however, the Kansas State quintet seems to have found itself and has started winning games. Another factor favoring the Wildcats is that they will still be playing under the sting of the previous defeat and will be eager to down the Huskers for revenge. Nebraska has been playing fairly consistent ball lately so will show plenty of fight.

Since both teams are in the second division, the outcome of the game will have no effect on the conference leaders. Nothing is at stake except the winning percentage of the teams.

In their second game next week, the Kansas State five will play the St. Louis university quintet on Wednesday here.

The Billikens also hold an early season victory over the Wildcats. Following this game the Wildcats take a 10 day rest before their next meeting with the University of Kansas here February 25.

NOT TACKY BUT DRESSED FOR COMFORT AT VARSITY

Depression Mix-Up Will Allow
"Cords" and Knitted
Sports Wear

"Cords," knitted sports dresses, and regular school clothing will be the vogue at the depression mix-up Saturday, February 11, announced today by Blake Wareham, varsity dance manager. Although, it will not be a tacky party as held in past years, it will allow students a chance to wear comfortable clothing and get a change from formal dress habits.

As at the last mix-up, there will be both "Stag" and "Doe" lines and men and women will enjoy equal "cut privileges." Few Co-eds took advantage of the opportunity to come to the last mix-up without an escort, but Wareham is optimistic that more will come this time.

June Layton and his anti-depression boys have worked up a special program and will play all the popular blues numbers that were heard in recent years, in commemoration of the period known as the depression.

The price of admission will be 40 cents per person.

LIVE IN INDIA AS WE DO

Cities Like American, But Rural
Life Differs, Says Indian
Student

More than 200 students and faculty members of the Sacred Heart academy heard Stephen P. Das, Bangalore, India, enrolled here in the agricultural division, speak on "Life and Scenes in India," Wednesday, February 8.

"City life in India," Das explained, "is very much the same as is the city life in the United States in regards to buildings, transportation and economic conditions. However, the Indian villages cannot be compared in any respect to those of this country."

"On Indian farms, oxen are used instead of horses for all the work, because these animals are capable of withstanding heat," he concluded. Das illustrated his talk with lantern slides showing various Indian temple architecture, portraits of princes, their palaces and possessions.

INDOOR TRACK SEASON INAUGURATED SOON

Kansas State Track Team to
Meet Missouri at Columbia
February 25.

The Kansas State track team will begin the indoor season in a meet with the University of Missouri at Columbia, February 25. For the past five weeks the Wildcats have been holding practices daily under the direction of Coach Ward Haylett.

The half mile is one of Kansas State's weakest events. P. H. Hostetter, Harper, is a squad man from last year and the only experienced runner available in this event. Norris Miller, a letterman from last year will not be eligible. Russell Smith, a letterman from 1931 and 1932, who placed in the conference meet last spring has not reported for practice. This lack of experienced men in the middle distances is a serious handicap as it necessitates a shift of either Don Landon or C. D. McNeal from the mile to the half mile.

The return of Lawrence Darnell, Osborne, a letterman from last year, strengthens the 440-yard dash considerably.

SIX KANSAS SCHOOLS ATTEND MODEL LEAGUE

Acceptances From Washburn,
Friends, Bethany, Wesleyan, Ot-
tawa, and Hays Received.

Delegations from six Kansas colleges will come here to take part in the model assembly of the League of Nations to be held the middle of February, according to replies to inquiries sent to various schools. Groups will come from Washburn college, Topeka; Friends university, Wichita; Bethany college, Lindsborg; Kansas Wesleyan, Salina; Ottawa university, Ottawa, and Fort Hays State college, Hays.

A number of the most important countries holding membership in the League will be represented by two delegates each. Native costumes and flags will be used to lend color to the occasion. Lucille Allman, chairman of properties and staging, said. Natives of the countries represented will serve as far as possible.

The session is tentatively set for February 10. Dr. Clark Elchberger, of the League of Nations association, will direct the affair. Willard Parker, Clearwater, is chairman of the planning committee. Miss Helen Hostetter of the department of journalism will direct the publicity; Barbara Lantz, La Junta, Colo., is chairman of the program committee; Lucille Allman, Manhattan, chairman of the properties and setting committee; and Dr. A. A. Holtz is assisting.

Engine House Noise

An estimated annual saving, to the company, of \$2,265 will be effected by Mr. Williams' suggestion, which pointed out that the practice of hanging separate power transformers when small motors are added to customers' lines was in many cases unnecessary.

Incidentally, Williams recently won the Edison Club checkers championship. He humorously says that his prize suggestion is the best "move" he has ever made.

Serious thoughts are beginning to take place in the engineering buildings with the annual open house only a month and a half away. A bigger and better open house seems to be the slogan adopted by the engineers when they decided to make this year's program the biggest of all open houses.

And along with the open house will come the annual Saint Patrick's Day affair. Another big affair to the engine men and plans are being formulated.

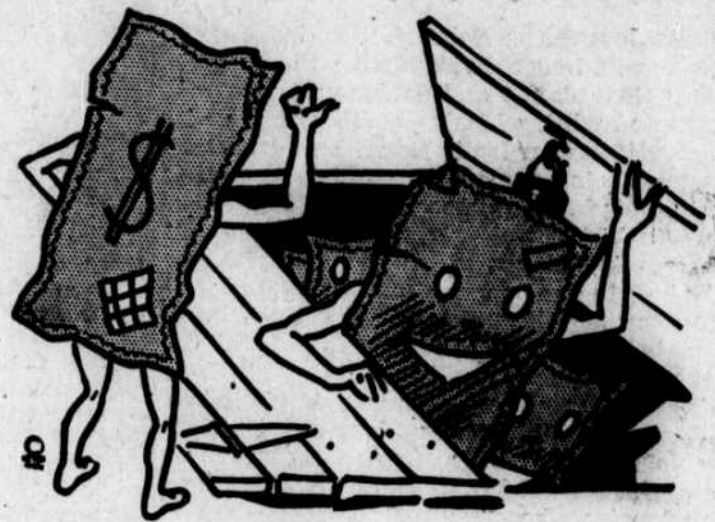

M. C. Watkins, electrical engineering '22, has recently been elected senior executive vice-president of the Chicago Junior Association of Commerce, with which he has been associated for some time.

There is no secret about the purpose of the imposing tower that has been erected recently behind the Civil building but among those who don't know, it is not uncommon to hear the tower called many things. The tower is for the television aerial.

FAIR "RUNNING ON TIME"

Gibson Notes Progress of World
Event at Chicago

W. E. Gibson of the applied mechanics department, met with the Mississippi valley conference of highway officials at Chicago last week. He was there from Tuesday to Saturday and found time to note the progress of the World's Fair which, he said, "was running on time."

RELEASED at LAST

THE DEPRESSION IS OVER

and everyone is going

MAT MEN MEET STRONG TEAM IN GYM TONIGHT

WILDCAT GRAFFLERS TO MEET
OKLAHOMA CENTRAL STATE
TEACHERS SQUAD

TEACHERS WON LAST YEAR

Kansas State Squad Is Selected After Week of Tryouts in Which All Wrestlers Compete

Eight wrestlers have been chosen by Coach B. R. Patterson to represent Kansas State tonight against Oklahoma Central State Teachers college from Edmond, Okla. Tryouts have been held all week and the Wildcats are in first class condition for the matches. Although dope points toward a victory for the Teachers, Coach Patterson is confident that the 19-13 score by which the Wildcats were defeated last year will be reversed.

The matches will start at 7:30. A demonstration of the different holds used in collegiate wrestling will be given before the matches by George Watson, J. E. Veatch, and J. B. LeClere. George Brannigan will be the official.

Following is the list of men picked by Coach Patterson to wrestle tonight: 118-pound class, P. W. Griffith; 126-pound class, A. R. McDonald; 135-pound class, R. L. Heinz; 145-pound class, Paul Warner; 155-pound class, Captain June Roberts; 165-pound class, Joyce Miller; 175-pound class, F. M. Bosarth; heavyweight, E. A. Houser.

The Spotlight

By Milfred Peters

Both Kansas university and Oklahoma, the conference leaders, will risk their positions in games tomorrow night. Kansas plays Missouri at Columbia and Oklahoma meets Nebraska at Norman. The two teams are now running a neck and neck race for the conference title, and a loss for either team at this stage of the game might mean the loss of the championship.

Kansas has the hardest assignment in turning back Missouri at Columbia. Playing the Tigers on the Missouri court has been a jinx to Jayhawk teams for a number of years. Although Kansas has won the conference title twice in the last five years, not since 1927 have they been able to defeat Missouri at Columbia.

Nebraska will give the Sooners plenty of competition in their game, but the Oklahomans should come out on the big end of the score. If Oklahoma loses, Kansas will get out in front by a considerable margin; if Kansas loses, the Sooners will go into first place ahead of the Jayhawks; if both teams win, they will be running even for the conference crown.

Kansas State plays two games here next week, Nebraska university Monday and St. Louis University Wednesday. In their first meeting the Huskers surprised the Wildcats by defeating them. It probably will be a different story Monday, because the playing of the Kansas State quintet is much better now than it was a month ago. Nebraska is hard for any team to beat, but the Wildcats will be out to plaster the Huskers and will be playing on their home floor.

The wrestling team will also see plenty of action next week in two matches. On Thursday night they go to Salina to meet the Kansas Wesleyan matmen and on next Saturday night they will grapple with the Nebraska Cornhuskers here. In the Salina match it will be pupil against tutor, as the Kansas Wesleyan team is coached by Bill Doyle, Kansas State wrestling captain last year. If he has any kind of material at all, Doyle should turn out a team that is capable of giving the Wildcats a battle, as he himself is a crafty and clever wrestler.

Oklahoma university is doing something different. Lewie Hargade, head football coach, has announced that spring football practice will start next Wednesday. This is much earlier than most spring grid sessions begin, as the majority of colleges don't call spring practices till after the basketball season is over. A requirement of the training is that every freshman and varsity player must attend the practices regularly.

At last the coaching heads of college football have expressed themselves on football rules changes. After hours of deliberating, the coaches committee, headed by Lou

Little of Columbia, decided that there was no urge for drastic rules changes in the present code of football rules. This is in accord with three of the six conference coaches. A. N. (Bo) McMillin of Kansas State says that the game was all right as played last season. Ad Lindsey of Kansas thinks that there is no need to change the rules at all. George Veenker of Iowa State has expressed himself, "Let well enough alone."

For the last month nearly all of the proposed rules changes have had to do with the forward pass. The committee did much arguing pro and con about the forward pass, but none of the suggestions met the approval of the committee. Finally the coaches made six suggestions for the rules committee which meets today in Philadelphia.

The most important suggestion would eliminate the side line play. This change provided that the ball should be brought in 10 yards from the sideline anytime it is declared dead within 10 yards of the sideline. This would eliminate many wasted downs as the ball must now be run out of bounds before it can be brought in 15 yards from the sideline for further playing.

The second most drastic suggestion was that the penalty for clipping should be reduced from 25 to 15 yards. It was thought that officials would be more apt to enforce the clipping rule if the penalty were only 15 yards, as they sometimes hesitate to penalize a team 25 yards.

In an effort to cut officiating expenses by reducing the number of officials for a game, it was suggested that whenever an agreement was reached between contesting teams, time could be kept on the sidelines by representatives of the two teams, thus doing away with the services of a field judge.

Whether any of these suggested changes will be put in practice next fall is now up to the rules committee. Some of them are worth considering, and none of them are drastic. It is doubtful if any of the changes made will be as drastic as the ones made by the rules committee last year.

WRESTLING RULES SAME

The rules for intercollegiate wrestling this season are to remain the same, according to Coach B. R. Patterson. However, the prevention of stalling anytime during the wrestling match is to be more strictly enforced this year. Enforcing this rule will tend to make the matches more interesting and much faster, it is believed.

HAMILTON SOCIETY ELECTS

New officers for the second semester were named at an election held by the Hamilton literary society Saturday, January 21.

These men will direct the organization's activities for the remainder of the year: president, Robert Roberts, Manhattan; vice-president, Raymond Hughes, Manhattan; treasurer, Walter Babbitt, Willis; corresponding secretary, Alvin Floger, Kinsley; recording secretary, Marvin Shaw, Holton; marshal, Al Green, Manhattan; prosecuting attorney, Ralph Van Camp, Council Grove; membership chairman, Penn Thompson, Manhattan; board of directors, Kenneth Davis, Manhattan, and John Latta, Holton; program committee, Wilbur Wahl, Wheaton, and Kenneth Davis, Manhattan.

Special officers for the annual banquet to be held in the spring were named as follows: toastmaster, Penn Thompson; manager, Albert Green, Manhattan, and assistant manager, John Latta, Holton.

ORATORY AWARD TO KIMBALL

Capper Trophy of Kansas Group to Kansas State Second Time

Ned Kimball, Kansas State debater and orator, painted a vivid word-picture of the grasshopper years in Kansas to win first prize award of the annual Native Sons and Daughters oratorical contest in Topeka Sunday, February 5.

Besides winning the contest in the morning to determine the winner in which a number of colleges of the state entered representatives, Kimball was invited to give his oration at the evening banquet of the Native Sons and Daughters at which Gov. Alfred M. Landon presented him with the Capper trophy. Ernest H. Reed, senior at the college, won the contest last year, delivering an oration entitled "The Quattrail Raid."

For the first time this year, the cup award was made the personal award of the individual winner.

WICHERS TO ABILENE

Architecture Professor Talks to Garden Club

H. E. Wichers, associate professor in the department of architecture, spoke before the Abilene Garden club at Abilene last night on the subject "Where Do We Go From Here?"

The lecture was illustrated with lantern slides. Phases of domestic architecture were stressed in the talk.

FOOTBALL SCHEDULE INCLUDES NINE GAMES

Wildcats to Have Six Games on Foreign Fields and Only Three in Manhattan.

The 1933 Kansas State football team has nine games scheduled next fall. A tenth game may yet be added.

Several inter-sectional games are included in the schedule. Perhaps the biggest of these is the contest with Michigan State college at East Lansing, Mich., on November 8. Since the coaching position at Michigan State is still open, Charles W. Bachman, former Kansas State coach who recently resigned at Florida, is among those being considered for the position.

Another big game will be the affair with the Texas School of Technology at Lubbock, Texas, on Thanksgiving day. This school is nearly as large as Kansas State. Its fall enrollment was about 2,500.

Two other games will be played against teams outside the Big Six conference. These are with St. Louis and Emporia Teachers at Manhattan. There is a possibility of a game with Marquette university, but this is not definite.

Of the nine games, three are home affairs while six are away from home.

The schedule:

Sept. 30—Emporia Teachers at Manhattan.
Oct. 6—St. Louis university at St. Louis.
Oct. 14—Missouri university at Columbia.
Oct. 21—Nebraska university at Manhattan.
Oct. 28—Kansas university at Lawrence.
Nov. 8—Michigan State college at East Lansing.
Nov. 11—Iowa State college at Ames.
Nov. 18—Oklahoma university at Manhattan.
Nov. 30—Texas School of Technology at Lubbock.

At the Theatres

AT THE DICKINSON

"The Bitter Tea of General Yen" This picture concerns a man of the East and a woman of the West. The setting is Oriental with all the action taking place in China. It gives a new slant on "East is East and West is West" that is as entertaining as it is interesting.

Barbara Stanwyck is excellent as Megan Davis who comes from across the sea to save souls in war-stricken China. Instead of doing missionary work, she eventually wrecks an empire. Nils Asther is the General Yen who entirely alters Miss Davis' plans in China. There is splendid acting and the plot of the story is unique. It takes the bitter tea to end things happily, in case you want to know the significance of the beverage. No doubt some missionaries wouldn't approve of this, but you'll like it.

AT THE VARSITY

"Hard to Handle" Here's the story of the eighteen-day diet and all other such publicity stunts. There's every sort of a publicity gag promoted in this show. You'll get the inside dope on the way to "put things over" to the gullible public.

James Cagney is his old self in this picture which is fast moving at times but monotonous in other ways. With the help of Mary Brian (who is a blonde now, by the way) and Ruth Donnelly, Mr. Cagney gives a splendid characterization of the swindler who is just bubbling over with "get-rich-quick" schemes. The schemes are clever though. There is neither good nor bad recommendation to be given in this show. You'll have to see it for yourself—and it's a wager that even then you won't know whether or not you liked it.

AT THE WAREHAM

"End of the Trail" One of the most spectacular Indian pictures since "The Covered Wagon" is Columbia's "End of the Trail," starring Tim McCoy and featuring Luana Walters, and will be shown at the Wareham today and tomorrow.

McCoy has the role of a cavalry officer who is court-martialed and dismissed from the ranks in disgrace because an envious fellow officer makes it appear that McCoy, through his friendship with the Indians, is responsible for the massacres of several covered wagon trains entrusted to his care. McCoy, bitter and humiliated, goes to live with the Indians, but gives his own life halting another massacre. The entire picture holds you in suspense until the last when you find that McCoy is not a two-faced man.

Mitzi Green will make the funny-papers come to life in "Little Orphan Annie" at the Wareham Monday and Tuesday.

ILL WITH BRONCHITIS

Miss Ida Legler, Robinson, is confined to the college hospital with bronchitis.

Y. W. INTEREST GROUPS INTO FIRST SESSIONS

Thursday Nights Chosen for Meetings During Coming Semester

The Y. W. C. A. interest groups will meet Thursday night, Feb. 23, for their first meeting of the new semester. They will meet on Thursday night this semester instead of Wednesday night as they did last semester.

If enough girls are interested, groups for personality problems, modern arts, and economics will be added. The other groups to meet are the following: philosophy of life, dramatics, modern books, international questions, and life of Jesus.

Girls who wish to change committees or groups are asked to send or leave their names in the Y. W. office.

NEBRASKA COURTMEN HERE MONDAY NIGHT

Wildcats Seek Revenge From Early Season Defeat; Cornhuskers In Fourth Place

The Kansas State basketball team will start its last home stand when it meets the University of Nebraska here next Monday night. This will be the second game between the two teams this season. Nebraska defeated the Wildcats 31 to 25 at Lincoln early in the season.

Dope points toward a stiff battle. In the conference standings both the Wildcats and the Huskers rank about the same. Since the first game, however, the Kansas State quintet seems to have found itself and has started winning games. Another factor favoring the Wildcats is that they will still be playing under the sting of the previous defeat and will be eager to down the Huskers for revenge. Nebraska has been playing fairly consistent ball lately so will show plenty of fight.

Since both teams are in the second division, the outcome of the game will have no effect on the conference leaders. Nothing is at stake except the winning percentage of the teams.

In their second game next week, the Kansas State five will play the St. Louis university quintet on Wednesday here.

The Billikens also hold an early season victory over the Wildcats. Following this game the Wildcats take a 10 day rest before their next meeting with the University of Kansas here February 25.

NOT TACKY BUT DRESSED FOR COMFORT AT VARSITY

Depression Mix-Up Will Allow "Cords" and Knitted Sports Wear

"Cords," knitted sports dresses, and regular school clothing will be the vogue at the depression mix-up Saturday, February 11, announced today by Blake Wareham, varsity dance manager. Although, it will not be a tacky party as held in past years, it will allow students a chance to wear comfortable clothing and get a change from formal dress habits.

As at the last mix-up, there will be both "Stag" and "Doe" lines and men and women will enjoy equal "cut privileges." Few Co-eds took advantage of the opportunity to come to the last mix-up without an escort, but Wareham is optimistic that more will come this time.

June Layton and his anti-depression boys have worked up a special program and will play all the popular blues numbers that were heard in recent years, in commemoration of the period known as the depression.

The price of admission will be 40 cents per person.

LIVE IN INDIA AS WE DO

Cities Like American, But Rural Life Differs, Says Indian Student

More than 200 students and faculty members of the Sacred Heart academy heard Stephen P. Das, Bangalore, India, enrolled here in the agricultural division, speak on "Life and Scenes in India," Wednesday, February 8.

"City life in India," Das explained, "is very much the same as is the city life in the United States in regards to buildings, transportation and economic conditions. However, the Indian villages cannot be compared in any respect to those of this country."

"On Indian farms, oxen are used instead of horses for all the work, because these animals are capable of withstanding heat," he concluded. Das illustrated his talk with lantern slides showing various Indian temple architecture, portraits of princes, their palaces and possessions.

INDOOR TRACK SEASON INAUGURATED SOON

Kansas State Track Team to Meet Missouri at Columbia February 25.

The Kansas State track team will begin the indoor season in a meet with the University of Missouri at Columbia, February 25. For the past five weeks the Wildcats have been holding practices daily under the direction of Coach Ward Haylett.

The half mile is one of Kansas State's weakest events. P. H. Hostetter, Harper, is a squad man from last year and the only experienced runner available in this event. Norris Miller, a letterman from last year will not be eligible. Russell Smith, a letterman from 1931 and 1932, who placed in the conference meet last spring has not reported for practice. This lack of experienced men in the middle distances is a serious handicap as it necessitates a shift of either Don Landon or C. D. McNeal from the mile to the half mile.

The return of Lawrence Darnell, Osborne, a letterman from last year, strengthens the 440-yard dash considerably.

SIX KANSAS SCHOOLS ATTEND MODEL LEAGUE

Acceptances From Washburn, Friends, Bethany, Wesleyan, Ottawa, and Hays Received.

Delegations from six Kansas colleges will come here to take part in the model assembly of the League of Nations to be held the middle of February, according to replies to inquiries sent to various schools. Groups will come from Washburn college, Topeka; Friends university, Wichita; Bethany college, Lindsborg; Kansas Wesleyan, Salina; Ottawa university, Ottawa, and Fort Hays State college, Hays.

A number of the most important countries holding membership in the League will be represented by two delegates each. Native costumes and flags will be used to lend color to the occasion. Lucille Allman, chairman of properties and staging, said. Natives of the countries represented will serve as far as possible.

The session is tentatively set for February 10. Dr. Clark Elchberger, of the League of Nations association, will direct the affair.

Willard Parker, Clearwater, is chairman of the planning committee. Miss Helen Hostetter of the department of journalism will direct the publicity; Barbara Latta, La Junta, Colo., is chairman of the program committee; Lucille Allman, Manhattan, chairman of the properties and setting committee; and Dr. A. A. Holtz is assisting.

Engine House Noise

An estimated annual saving, to the company, of \$2,285 will be effected by Mr. Williams' suggestion, which pointed out that the practice of hanging separate power transformers when small motors are added to customers' lines was in many cases unnecessary.

Incidentally, Williams recently won the Edison Club checkers championship. He humorously says that his prize suggestion is the best "move" he has ever made.

Serious thoughts are beginning to take place in the engineering buildings with the annual open house only a month and a half away. A bigger and better open house seems to be the slogan adopted by the engineers when they decided to make this year's program the biggest of all open houses.

And along with the open house will come the annual Saint Pat ball. Another big affair to the engine men and plans are being formulated.

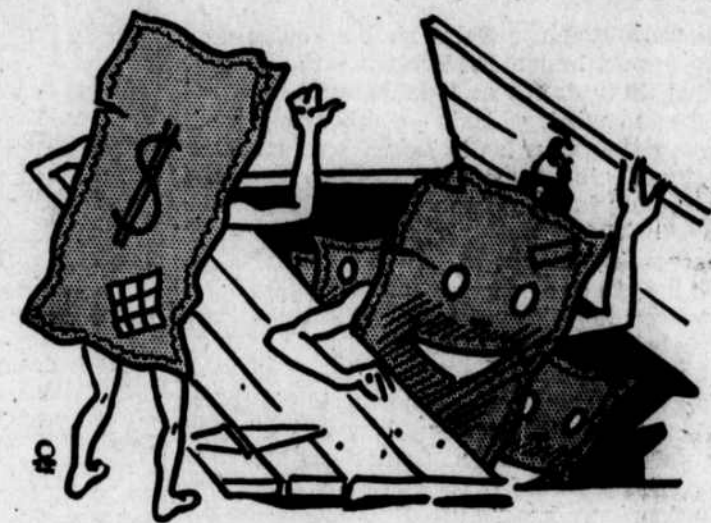

M. C. Watkins, electrical engineering '22, has recently been elected senior executive vice-president of the Chicago Junior Association of Commerce, with which he has been associated for some time.

There is no secret about the purpose of the imposing tower that has been erected recently behind the Civil building but among those who don't know, it is not uncommon to hear the tower called many things. The tower is for the television aerial.

FAIR "RUNNING ON TIME"

Gibson Notes Progress of World Event at Chicago

W. E. Gibson of the applied mechanics department, met with the Mississippi valley conference of highway officials at Chicago last week. He was there from Tuesday to Saturday and found time to note the progress of the World's Fair which, he said, "was running on time."

RELEASED at LAST

THE DEPRESSION IS OVER

and everyone is going
to celebrate at the

DEPRESSION MIX UP

Saturday, Feb. 11
WAREHAM
BALLROOM

40c

PER PERSON

Both "Stag" and "Doe" lines Cords or Regular School
Dress will be appropriate at this gala affair.

June Layton

and his anti-depression boys will play every popular
"Blue" number in commemoration of this event.

THE KANSAS STATE COLLEGIAN

Volume XXXIX

The Kansas State College of Agriculture and Applied Science, Manhattan, Kansas, February 14, 1933.

NUMBER 37

WILDCATS BEAT CORNHUSKERS

BIRTHDAY PARTY PLANS ALL LAID FOR BROADCAST

OLD GRADS MAY RE-LIVE
DAYS ON KANSAS
STATE CAMPUS.

ON AIR THURSDAY NIGHT

Broadcast Begins at 11 O'Clock and
Continues Until Two With
Music, Drama, Talks
and Telling.

Life at Kansas State will be portrayed to old grads and others listening in Thursday, February 16, to the radio broadcast over KSAC commemorating the 70th anniversary of the founding of the college.

Varied in subject and nature will be the parts of the program, as in addition to talks there will be dramatizations, vocal, orchestral, stringed and organ music; and even the tolling of the college bell in Anderson tower, carrying memories across the miles.

The talks will be short and along different lines. The speakers themselves will decide upon the topics of their remarks.

"No doubt it will be something in regard to their divisions," said Kenney L. Ford, alumni secretary, "and the changes that have occurred in the past seventy years."

Final arrangements were not completed until yesterday, when the allotted time was assigned each part of the broadcast, and it was given its place on the program.

The hours of broadcast were set late at night because reception can then be obtained at a far distance. The broadcast will begin at 11 o'clock and continue until 2 o'clock Friday morning.

Program Announced in Detail

The program was announced yesterday as follows:
11:00, Glee club and band, Alma Mater; 11:03, President P. D. Farrell; 11:05, Band selection; 11:10, Miss Jessie McDowell Macfarlane and college bell; 11:13, Pipe organ, Prof. Richard Jenson; 11:18, Dr. J. T. Willard; 11:28, Girl's glee club, directed by Prof. Edwin Sayre; 11:33, Dean Mary P. Van Zile; 11:35, Dean Margaret Justin; 11:37, Orchestra, directed by Prof. Lyle Downey; 11:42, Alumni (Kenney L. Ford, Prof. R. L. Barnett, Dr. W. E. Grimes) College bell.
12:00, 25-year group, Act 1; 12:30, Solo, Prof. William Lindquist; 12:35, Dean R. R. Dykstra; 12:37, Dean E. L. Holton; 12:39, Act 2; 12:54, Dean J. E. Ackert; 12:56, Dean Harry Umberger; 12:58, Solo, Prof. Max Martin.

1:03, Dean R. A. Seaton; 1:05, Dean L. E. Call; 1:07, Announcement; 1:15, Act 3; 1:30, Dean R. W. Babcock; 1:32, Dr. A. A. Holtz; 1:34, Trio, Mr. Downey, cello, Mr. Martin, violin, Mr. Jenson, piano; 1:37, Miss Grace Derby, Bo McMillin, Ralph Graham—and college bell; 1:42, Announcement; 1:45, Act 4; 2:00, Duet.

The committee that worked out the radio program included: Prof. L. L. Longsdorf, Prof. R. J. Barnett, Prof. H. T. Hill, Prof. H. Miles Heberer, Prof. William Lindquist, and Kenney Ford, secretary of the alumni association.

SOCIOLOGY PRIZE AWARDED

Paula Anne Bellinger Receives \$10
For Excellence in Subject

Paula Anne Bellinger, Manhattan, has been named winner of the annual award of the Chi Omega sorority for superior work in sociology. The award carries a cash stipulation of \$10.

Miss Bellinger is a senior in general science. Her grades were higher than those of any other sociology student, and would have made her eligible for first prize even without the new regulation that women students only are eligible for the award. Until this year the prize has been offered to both men and women.

HOWE WILL CONTINUE SPRING FORUM TALKS

Second Economic Situation Address Will Concern Flow of Goods.

The second of the series of student forums will take place Wednesday noon in the upstairs floor of the college cafeteria. Prof. Harold Howe of the agricultural economics department will be the speaker and the subject of his talk will be "The Flow of Economic Goods."

Professor Howe will talk about the need of intelligence on the part of people while the up-turn stage of the business cycle is being endured. The meeting will start at 12:15 o'clock. The public is welcome.

KANSAS STATE ARTISTS EXHIBIT IN KANSAS CITY

Five College Artists Represented in
Midwestern Artists' Exhibition.

Five Kansas State artists are represented in the Midwestern Artists' Exhibition which is being held in the Kansas City Art Institute this month. They are: John F. Helm, Jr., associate professor in the department of architecture; Linus Burr Smith, assistant professor in the department of architecture; Robert Lockard, an instructor in the department; Miss Thirza A. Mossman, assistant professor in the department of mathematics; and Alden Krider, a last semester senior in architecture, who is now studying in New York, with a scholarship from the New York Art Students League.

Representative work of artists of Missouri, Kansas, Oklahoma, Nebraska, and Colorado is being shown. Two hundred seventy-six exhibits, submitted by 196 artists have been accepted by the board of entrance.

Professor Helm is represented in the exhibition by an aquatint, "Guardians of the Mesa," and a drawing, "Approaching Storm." Water colors were submitted by Professor Smith, Alden Krider, and Robert Lockard. Professor Smith's is called "Sunset Jemez." Alden Krider's is "The Thinker." Local scenes were the inspiration of Mr. Lockard's two water colors. His "Out of Work" is a picture of the sand-dredge on the Kaw river near here; and "The Snow Blanket" is also a scene near Manhattan. An oil painting, "Farmyard, Pennsylvania," represents Miss Mossman.

KNEW IT 'AWAY BACK WHEN'

Vice-President Will Reminisce for
70th Anniversary Assembly
This Morning.

"Reminiscence of Former Days" is the topic which Dr. J. T. Willard, vice-president of the college, will discuss at student assembly this morning.

The program is dedicated to the 70th anniversary of Founder's Day dating back to 1863. At the same time Doctor Willard will observe the fiftieth anniversary of his graduation from Kansas State.

The illustrated lecture will show early scenes of the college and Doctor Willard will discuss early events.

A number of alumni of early date have been invited to attend this program.

VIE WITH SINGERS OF SEVEN NATIONS

Men's Quartet Will Attend Chicago
International Festival of
Chorus.

Kansas State may be represented by a men's quartet in the International festival of student choruses which is to be held next August in Chicago, according to Prof. William Lindquist. Student singers from Denmark, Germany, Hungary, Yugoslavia, Latvia, Poland, and Sweden are expected to attend.

America will present one large chorus, to be made up of quartet units from the member clubs of the Intercollegiate musical council. A quartet contest will also be held in connection with the festival. It is hoped that at least one quartet from here may enter this contest, as well as represent Kansas State in the large chorus.

Both religious and secular songs have been selected as contest numbers, as well as a group of typical college songs.

HONOR STUDENTS AS OUTSTANDING IN OWN DIVISION

THREE MEN AND THREE WOMEN
ANNOUNCED AS AMONG
SCHOOL'S BEST

NOT THE ONLY GOOD ONES

Each Is Merely Selected as Representative of Highest Type of
Scholars at Kansas State,
Says Dean

Six outstanding students, representing their respective college divisions, were recognized at the achievement banquet of Farm and Home week Friday night, when they were presented by Dean J. E. Ackert of the division of graduate study.

These honor students are named, as a rule, by the deans of their divisions. Occasionally a dean submits it to a vote of the department heads or faculty members. This year the graduate student was elected by the graduate club from a list of 21 candidates chosen by the department heads.

Not "The" Outstanding Students
These students are not 'the' outstanding students of their divisions, one dean commented yesterday. "They are outstanding students without the 'the', for we all realize that there are other outstanding students in every division. To choose 'the' outstanding student would be almost impossible, while to select 'an' outstanding student is within our power."

Each Division Represented
From the division of agriculture, John I. Miller, Prescott, has been chosen. He received freshman and sophomore recognition from Phi Kappa Phi. He has been on five college judging teams, and has had the management of several important agricultural student projects, including the Little American livestock show. He is president of the Block and Bridge club, and of the Agricultural Student association. He was also chosen as the Danforth Foundation fellow from Kansas from the college in 1932.

Mary Holton, Manhattan, has been chosen from the division of home economics. As a freshman, she received the Omicron Nu award for outstanding work. Now, she is a member of Omicron Nu, Dynams, and Phi Kappa Phi.

"A" in All Courses But One
Marjorie Pyle, Manhattan, from the division of general science, has the distinction of having a grade of "A" in all her work except for one laboratory course in which she made "B." She received sophomore and freshman Phi Kappa Phi honors, and her name is on the Mortar Board plaque as high ranking college freshman woman of 1929 and 1930. Now, she is a member of Mortar Board, Dynams, Phi Alpha Mu, Phi Kappa Phi, and Quill club, and the college orchestra.

From the division of engineering, Stuart R. Mudge, Salina, is the honor student chosen. He is a member of the student branch of the American Institute of Electrical Engineers; president of Kansas State Engineering association; and a member of Sigma Tau, honorary engineering fraternity. He is also a member of Phi Kappa Phi.

Highest Freshman Veterinary
Richard Duncan Turk, Manhattan, represents the veterinary medicine division. As a freshman, he received Phi Kappa Phi scholarship recognition, and attained the highest freshman grades ever made here in veterinary medicine. He has received the Physiology prize and the Therapeutics prize and he is a member of the Junior American Veterinary medical association, Phi Kappa Phi, and Acadia. He has worked as student assistant in the department of pathology.

In the division of graduate study, Laurel Kingsley, Manhattan, has been chosen. She attended college in North Dakota Agricultural college, Fargo, where she was a member of Phi Kappa Phi, Phi Kappa Mu, and Guidan. Coming here two years ago for her graduate work, she has the record of having a grade of "A" in every subject she has taken here. She has now completed the requirements for the degree, Master of Science.

GIVE "HENRY'S WEDDING"

The American Legion Auxiliary will present a comedy, "Henry's Wedding," at the high school auditorium on Wednesday and Thursday of this week. The cast will include 125 local people and many of them are former Kansas State students.

FIRST AID ADVICE GIVEN

College Physician Tells How to Attend to Common Mishaps.

Dr. Charles M. Siever, college physician, gave a radio talk last Thursday in which he discussed first aid for such common mishaps as fainting, shallow cuts, and nose bleeds. Doctor Siever mentioned the methods of artificial respiration and the dangers to be avoided in an attempt to rescue a drowning person.

RALPH VAN CAMP WINS IN ORATORICAL CONTEST

Glen Young Second in Inter-Society 33rd Annual Test of Speaking Honors.

In recreation center last Saturday night Ralph Van Camp of Council Grove, won the intersociety oratorical contest, using as a subject, "Democracy on Trial." Van Camp represented the Hamilton literary society, bringing to them the honor of their ninth victory.

Second honors were taken by Glen Young of Kansas City who spoke on "The Last Frontier." He represented the Franklin literary society, Russell Ballou, Glasco, representing the Athenian society, spoke on "The Duty of an Educated Man," and placed third.

The judges were: Harold A. Rohrer, examiner of titles, Junction City; F. A. Durand, Central National bank, Junction City; Roy Bailey, Salina Journal; F. V. Bergman, acting superintendent of Manhattan schools; and Dr. C. M. McClelland, district superintendent of the Methodist church.

This is the thirty-third year for the inter-society contest. Prizes of \$15, \$10 and \$5 were awarded the winners.

FROG CLUB TO ELECT HEAD

Helen Davis and Arlene Smith
Named for Highest Office in
Swimming Group

Arlene Smith and Helen Davis are the candidates for president of Frog club for women swimmers, which will hold its election Thursday evening.

Tonight a committee of five will meet to write a constitution for the club. The members are Helen Davis, Lucile Johtz, Katherine McKinnis, Arlene Smith and Ernestine Young.

Fifteen women have passed the necessary swimming requirements to become official members of Frog club and have been awarded frog emblems. They are: Ruth Dobson, Manhattan; Ernestine Young, Arkansas City; Betty Wagstaff, Topeka; Wilma Womer, Topeka; Rita Brown, Edmond; Thelma Coffman, Manhattan; Jane Harmon, Manhattan; Irma Jean Miller, Manhattan; Helen Davis, Topeka; Lucile Johtz, Abilene; Ona Lee Burson, Manhattan; Cora Oliphant, Olathe; Arlene Smith, Topeka; and Mae Gordon, De Soto. Miss Helen Baum is advisor of the club.

LOW PRICE VARSITY AGAIN THIS WEEKEND

Prices Cut to 40 Cents a Person
for Dates—Stags 75
Cents.

Due to the popularity of the "Mix-ups" in the past two weeks, Blake Wareham, varsity dance manager, has announced another for this week end. It will be Friday, February 17.

There will be a change in price, however, to try and encourage more to bring dates. The price on the previous two was 40 cents per person and the new price will be 40 cents per person if with dates but "Stags" will be charged 75 cents each.

The Mix-ups have met with the approval of everyone but there has been an excess of Stags. The change in price should have a tendency to equalize the crowds.

HELP WITH OPEN HOUSE

Additional Members Named for
Working Committees.

The following students have been added to the committee list for the Engineer's Open House, according to V. A. Elliott, secretary: H. C. Weathers, Haviland, civil engineering; John R. Long, Abilene, chemical engineering; H. K. Tatum, Larned, physics; Ray M. Nelson, Troy, routing; Irving M. Johnson, Smolan, flood lighting; and A. K. Bater, Junction City, architecture.

ONE STUDENT IN THREE LISTED IN GENERAL SCIENCE

VETERINARIANS CLAIM ONLY
SINGLE ENROLLMENT
IN FOURTEEN

LOSS SLIGHT SINCE FALL

Total of 2,287 Registered for Spring
Semester But 194 Less Than
Listed Last
September

With faint hopes for any more registrations to filter in at this late date, the spring semester enrollment stands at only 194 less than last semester. The grand total, not counting 14 withdrawals, is now 2,287, according to figures released at the office of the registrar, Miss Jessie McDowell Macfarlane.

The division of general science is the largest division for the semester, with its enrollment of 765, or slightly more than one-third of the entire enrollment. With only 158 students, the division of veterinary medicine is the smallest.

Notwithstanding its loss of 71 students from last semester, the greatest of any division, the engineering division retains its second place with a total of 583. The freshman class lost 39 members compared with last semester, having only 120 this semester. There are 31 less in the 151 enrollment of the sophomore class, eight more in the junior class of 161, ten less in the senior division of 150, and one special this semester compared with five of last.

Home economics is third in enrollment with 349 which is 19 less than last semester. There are 23 less freshmen, there now being only 105; the sophomore class decreased 10, with 86 this semester; junior class is 12 less, having 73; senior class increased 20 students over the 65 of last semester, and only one special student this semester to four of last.

The division of agriculture drops to a total of 234, losing 40 students. They have 23 less freshmen with 64 this semester, sophomores have 55 now compared to 62 last term, junior 49 with nine more than the 63 of last term, and two specials to four of last semester.

The general science division has not classified its enrollment so it cannot be compared with last semester's class enrollment.

Veterinary medicine does not have its enrollment classified but gives an estimate of 158. The graduate study department has decreased 42, having 187 graduate students this semester.

Weekend Visitor at Home May Be Fatal Student Indulgence

Weekend visits in the old home town and holiday revels with the gang back home have been labeled as dangerous indulgences. The rub comes in the contacts made, inasmuch as those contacts may infect the student with those ignominious and undesirable creatures known as disease germs, which may be in turn transported to the halls and students of the Kansas State campus.

"Coming from various sections of the state and out of the state after a vacation," Dr. C. M. Siever of the student health department said, "students should be examined immediately if they do not feel well."

Doctor Siever explained that having had the chance of coming into contact with contagious diseases while away, all students should watch their health. He stated that there is no more than the usual amount of sickness being reported to the office. Scarlet fever, diphtheria, measles, and smallpox are some of the prevalent contagious diseases which are likely to be found this time of the year, he said.

Down Goes Mercury Up Leaps Gas Bill To \$200 Flat Daily

With the thermometer sinking to nearly unimaginable and altogether unbearable depths, the gas bill for the college climbs to no less than an average of \$200 a day during such weather, according to G. R. Pauling, superintendent of building and repairs.

From February 6 at 8 o'clock in the morning to February 13—exactly one week—8,911,000 cubic feet of gas was consumed.

"That is better than a 50 per cent increase over the previous week which totaled 5,607,000 cubic feet," Mr. Pauling said. "The higher efficiency of the present plant, however, has kept this bill from being much higher. The maximum cost on fuel for the old plant was \$376."

TO ART TEACHERS SESSION

Six Members of Department Hear
Minnesota Speaker.

The Misses Dorothy Barfoot, Louise Everhardy, Vida A. Harris, Maria Morris, Pauline Pinckney, and Evelyn Dutton, all of the art department, attended the tenth annual meeting of the Kansas State Art Teachers association which was held in Topeka Friday and Saturday. Miss Ruth Raymond, professor of art education at the University of Minnesota, was the principal speaker.

TRAIN FOR G. R. LEADERS

Junior and Senior Women Eligible
For Advisers' Course
March 3-5.

A Girl Reserve Advisers' Training course, supervised by the department of education of the Y. W. C. A. will be held March 3-5 in room 58 of Calvin hall. Miss Florence Stone, executive secretary of the Kansas district of the Y. W. C. A., Wichita, will direct the meetings. The course is for all senior women and for junior women who plan to teach next year.

The first meeting will be Friday March 3, from 7 to 9 o'clock in the evening. "Characteristics of the Small Town" and "Groups at Work in the Community" will be discussed. On Saturday, March 4, from 9 to 12, "Characteristics of high school girls of today" and "The Y. W. C. A.—What it is," are the subjects for discussion.

In the afternoon, from 2 to 4 Miss Stone will outline the elements and activities entering into an all-around program for the organization and development of Girl Reserve clubs. The course will close Sunday morning with a meeting from 8 to 10 in which Miss Stone will summarize the resources and qualifications of a Girl Reserve director.

Registration for the course may be made at the Y. W. C. A. office. The fee is one dollar and closing date of registration is March 1. All girls who complete the course will receive a Girl Reserve certificate certifying their capability of directing Girl Reserve clubs.

LaFaun Astle, Hutchinson, is chairman of Miss Stone's program for the course.

KANSAS STATE GOES TO THIRD PLACE AFTER WINNING HARD COURT BATTLE

WILDCATS LEAD ENTIRE GAME BUT LATE RALLY BY
HUSKERS MAKES OUTCOME OF GAME
UNCERTAIN AT TIMES

GRAHAM LEADS SCORERS WITH THIRTEEN POINTS

Game Rough And Spectacular Shots From All Sections of
The Court Make It One of The Best
Games of The Year

In the same rough and wild playing which characterizes all games between Kansas State and the Nebraskas, the Wildcats won a hard fought battle from the Cornhusker cagers by a 36 to 30 score here last night, and stretched their conference winning streak to four games.

By chalking up this fourth Big Six victory, Kansas State went into a tie for third place with Missouri in the conference standings and broke even with the number of wins and losses this season. Nebraska is still in fifth place.

Lead Changes Often
During the game the lead changed hands four times and the score was tied three times. In the first half Graham was "hot" for Kansas State and Copple for Nebraska. Both men scored half their team's total for the first period. The score at half time was 20 to 16 in favor of the Wildcats.

Nebraska made use of every break and kept the Wildcats in hot water most of the initial period. The Kansas State playing was not quite as smooth as it has been but they managed to keep ahead of the Huskers.

Nebraska Scores First
Nebraska scored first as Copple dropped in a field goal. Graham soon tied the score, however, by sinking a beautiful one-handed pivot shot, and then put the Wildcats out in front with another field goal. Copple evened the count at 4-4, but counters by Skradski, Dalton, and Boyd for Kansas State and Belka for Nebraska put the Wildcats ahead 10 to 6 after 10 minutes of playing. For the remainder of the first half, Graham, Dalton, and Boyd did the scoring for Kansas State, and Copple, Mason, Henrion, and Hokuf for the Huskers, but never could Nebraska approach closer than two points within the Wildcats, until the Cornsawmen had a four point lead at the half.

The second half was wilder and rougher than the first. Both teams were playing at a fast pace, and the ball kept changing hands rapidly. At the beginning of the period, a let-down by the Kansas State five allowed Nebraska to break through for counters to knot the score at 21-21 after six minutes of playing. The Huskers then went into a brief lead as Lunney sank a short shot from the free throw line, but scores by Boyd, Dalton, Graham, and Breen put the Wildcats ahead by five points.

Huskies Rally Late
Another slump by the Wildcats and an inspired rally by the Huskers tied the count at 30-30 with only six minutes to play. That was the end of Nebraska scoring as they began to crack and get wild, and Graham broke through for a set-up and Boyd for two more as the final whistle ended another Kansas State rally with the Wildcats out in front 36 to 30.

Graham led the scorers by tallying 13 points, while Boyd, and Copple of the Huskers, each caged 10 points.

INITIATORY DINNER FOR COMMERCE MEN

Ten Will Be Received Tonight
Into Alpha Kappa Psi
Fraternity.

Alpha Kappa Psi, professional commerce fraternity, will hold initiation for ten new members tonight in Nichols gymnasium. Following the ceremony the new members will be entertained at a dinner at the college cafeteria with a number of alumni and members of the faculty attending.

Pledges who will be initiated are: Harry Brandon, Oswatimie; Don Hutchinson, Hutchinson; Bill Maxwell, Manhattan; Don Porter, Mt. Hope; Sid Robinson, Parsons; Ed Stone, Manhattan; Andrew Skradski, Kansas City, Mo.; Russell Webb, Hartner; Al Wilson, Manhattan; and Wayne Young, Alexander. L. C. Froelich, Abilene, is president of the fraternity.

Alpha Kappa Psi plans to sponsor another all-commerce student banquet this semester as was held in December. All commerce students are urged to attend this banquet which will probably be held in the Wareham hotel. Plans are under way and the date will be announced soon.

The box score:		G F T P	
Kansas State (36)			
Graham, f	13	6	12
Breen, f	10	2	
Stoner, f	0	1	0
Armstrong, f	0	0	0
Dalton, c	3	0	2
Skradski, g (C)	1	0	0
Boyd, g	4	2	2
Totals	16	4	8
Nebraska (30)			
Boswell, f	1	1	1
Parsons, f	0	0	0

Deserving Thanks

Do you know whom to thank for the interesting bits of entertainment that have been offered between halves at the basketball games this season? Few people realize that this added attraction is not a part of the program which they paid for, but is a feature provided for them by the Y. M. C. A.

Thanks is due this organization which has come to the rescue of basketball patrons who have heretofore had a hard struggle trying to find something to do during that ten minute intermission. Looking in all four directions, adjusting the clothing, combing the hair and reading the program can all be accomplished in about two minutes and spectators appeared at a loss for something to do.

The Y. M. C. A. has ended all this waiting. Their committee in charge of providing for these programs is to be commended for their fine work in making the first eight home games more enjoyable.

The committee in charge of the ten minute skits is composed of C. D. McNeal, H. B. Hudiburg, Jim North and Prof. C. S. Moll. McNeal is chairman of the group.

The Snooper

The military band, yea, Kansas State does have one, is one of the best arguments for complete disarmament and world peace that has ever been suggested. It is our suggestion that the pacifists of the United States be given the opportunity to hear the band over radio, and then send in monetary subscriptions to send the band to the next world arms conference to render (yes, brother, tear into a thousand bits) the celebrities over there a concert. Once they hear the band, they will fully realize what a terrible mistake a national military machine is and will promptly disarm. Then we can use the balance of the subscription fund to loan to other nations so they can pay us and we can balance our national budget.

The German band which made its social debut at a basketball game last sem. and entertained so well that the higher forms of music (you know, the forms of the bandmen, way up in the balcony) resorted to near mob violence, is going to run off to Abilene this week to render the same rare old German tunes. It certainly is a shame that Manhattan doesn't appreciate good music.

What do we mean by Rolled Oats. Well of all things. Really never heard of nonsensicalness. Well, Rolled Oats my dears, and dearests is what is left after Kansas States' wild oats have been gathered and run through the printing press of the Seaton Publishing company. And do we get good ones that never get through those rollers.

No one is supposed to know it but Ralph Marshall, the swig alp athlete lost his identification jewel to his latest flame. It happened only a month ago or is it three weeks that he has been going with her.

A rhetoric instructor (it was Matthews but we wouldn't dare mention his name here) said he got a letter from abroad. We wish he would give us her name and address so we could write to her too.

We haven't seen that red beret flashing its brilliant rays about the campus and blinding the hard working students as they sit at their desks. Maybe the Snooper has done a little good on the campus after all.

A swell go, Blake, that last "stag and doe" Varsity. Feed us some more like it.

And at the Varsity, were you with us when we saw the SANDS of time take that jolt that shook the house? We at first thought it June's burly bass drummer off a beat, but that couldn't be. So we looked around and there, right before our eyes were Sands of Time. A miracle! Well, folks, it's a great life if you don't week-end.

Judge For Yourself

(This column is conducted for the purpose of printing the opinion of any student that may desire to have his ideas published. The Collegian invites contributions but reserves the right to reject any contribution which it may regard as unfit for publication. The opinions expressed in this column are not necessarily those of the editorial staff of the paper.)

Questions concerning the payment of activity fees are now in order or at least it would seem so. The logical conclusion concerning the activity fee is that it is quite just and necessary. Almost anyone acquainted with the situation would have to agree to that. The difficulty is encountered in the compulsive acts and rules used in the forcing of the payment of this fee. Someone has asked why 250 students should have been released from paying this fee this semester. It is not right that if a student is borrowing the money to continue on to school that he should be helped in going to school as economically as possible? If a student is working his way through school should not some way be devised of making his financial problem easier for him? If one is going to school on a reduced margin of money for dances, dates, various other forms of entertainment, and clothing surely, no one could suggest that he have to skimp on these necessities so that he could purchase an activity book?

It is my belief that if the situation is considered carefully it will be found that many of our Kansas State students are confronted with these circumstances. The suggested method of solving the problem that is, strictly compulsory except in the case of colored students who have the optional buying of the activity books) is not necessarily a satisfactory solution to the problem as far as those concerned go, other than the colored students. The retaining of the optional buying in the case of colored students is quite just and fair when one sizes up the situation.

In conclusion, would it not seem that a better means of coping with the situation could be found? Should students be "railroaded" into payment of the activity fee by a few who may or may not be a group representative of the desires of the majority of the students on this particular issue?—George Monroe.

The recommendation which the student council has presented to the president of the college in regard to who shall buy and who shall not buy activity tickets will to some extent increase race prejudice on the campus of Kansas State. It hardly seems equal that the colored students should be exempt from this obligation when, without a doubt, there are many students in school who are just as financially unable to purchase an activity ticket as are the Negroes.

The fact that compulsory purchase of activity books is not unanimously favored on the hill may be seen in that each semester the number of requests for exemption increases. The students of Kansas State receive only athletic events in their tickets while students of other Kansas schools, in addition to having optional purchase, receive varsities, school plays, and other college activities. Doesn't it seem to you that this question could be settled once and for all by the adoption of a plan of optional purchase?—C. S. Newell.

On Other Hills

New economies are taking shape at the University of Pittsburg. The male quartet has been reduced to a trio.

Sixty-nine broken windows resulted from a friendly snow fight between two neighboring fraternities at Northwestern university, recently.

Student foresight and precaution while enrolling is demonstrated at Northwestern university. Professors whose classes meet on the third floor of university buildings complain of a shortage of pupils.

A survey at Dennison university disclosed that the average male spent an average of ten cents on a date with a coed. His biggest expense was an occasion trip to the picture show. Now the movie is closed.

"Joe Colleges are disappearing," a professor at George Washington university recently declared. There are few "collegiate" individuals on the average campus—most of them are found in the corner drug store, back home, he maintained.

The last straw in devices for the use of lazy professors has been patented by a professor at Ohio State university. The device automatically corrects certain types of examinations and calculates their scores.

There's at least one place where the girls are losing out. The University of Kentucky yearbook will carry pictures of the ten most popular professors in the space usually allotted to popular coeds.

Two new courses in anatomy and digestion of the furnace are meeting in the Kellogg dormitory boiler room at the University of Iowa. Residents of Iowa State complained that youths who fire their furnaces knew little of the technique of real fire-making, so President Walter A. Jesup introduced the new courses.

An instructor in psychology at Cornell is determined to know the literal meaning of "horse sense". Forty-five students are going to college in order to exhibit their intelligence and uphold the reputation of fellow horses the world over. They are given a series of tests which disclose memory, observation and color sense.

At the Theatres

AT THE WAREHAM

"Little Orphan Annie"

"Little Orphan Annie," the girl with ten million homes—but still an orphan, will be brought to life by Miltzi Green on the Wareham screen today. Don't miss it. She will carry you from a wave of laughter to a flood of grief.

Daddy Warbucks is forced away in poverty and Annie is left alone. Mickey takes a liking to her and follows Annie home. They both end up in an orphan's home. Adoption day comes and Annie, as clever as a master politician, conducts her campaign and Mickey is taken by an old lady. Miltzi soon grows lonesome for him and visits his new home. Here they get into trouble which winds up in a grand and glorious party after a lot of mischief and the return of prosperous Daddy Warbucks.

Old or young you'll all like it, sob over it, and laugh over it, but never forget it.

Wednesday and Thursday show, "Stranger in Town," with Chas. "Chick" Sale, will be ready for you to enjoy.

AT THE DICKINSON

"Hello Everybody"

The picture isn't much, but Kate Smith is everything. You've all heard this famous songbird of the South over the radio, so you can't miss her in pictures. She proves that she can act as well as sing. As a farm girl from California who sings her way to radio fame, Kate Smith is excellent. You'll admire her methods to fight the power company that is attempting to gain control of her home valley.

There's the old familiar tune of "When the Moon Comes Over the Mountain" as well as some catchy tunes in this show. The new group includes such hits as "Moon Song," "Pickaninies' Heaven," "Twenty Million People" and others, all sung by Kate Smith. Randolph Scott and Sally Blaine ably assist the radio favorite in this Fannie Hurst feature.

C. V. WILLIAMS TO SPEAK

To Deliver Talk to Freshmen Commission.

Prof. C. V. Williams, of the education department, will speak before the freshmen commission Thursday night. He will deliver the talk in the K room in Nichols gymnasium. The subject will be "How to Choose a Vocation." All freshman men are invited.

ELECTRIFICATION DISCUSSED

Power Company Representatives Meet With College Heads in Session Saturday.

"To bring about a better understanding between the power companies and the representatives of the college on the subject of rural electrification" was the purpose of the meeting held at Kansas State Saturday, February 11, between the rural service men of Kansas electric power companies and staff members of the college.

The meeting was presided over by President Farrell, of the college. There were 23 members of the divisions of agriculture, engineering, extension, and five utilities representatives present. President Farrell outlined briefly the history of the rural electrification movement in Kansas which started in 1924 and since that time the committee has met regularly at least once each year. President Farrell stated that the college is widely interested in the extension of electricity to farms because of the great improvement to living conditions.

Other speakers at the meeting were: Prof. F. C. Fenton, secretary of the Kansas committee; H. S. Hinrichs, rural service manager for the Kansas Power and Light company; Prof. M. A. Seaton, poultry extension specialist at Kansas State; Prof. L. F. Payne, head of the poultry department at the college; Miss Amy Kelly and Miss Marguerite Harper of the home economics division; and Mr. Sawyer of the Kansas City Power and Light company.

LAWMAKER SPEAKS HERE

C. C. Cunningham, '93, Addresses Alumni at Luncheon.

C. C. Cunningham, El Dorado, a member of the state legislature, was the main speaker at the alumni luncheon at the college cafeteria Friday noon, February 10. Prof. R. J. Barnett, of the horticulture department, was toastmaster. Fifty-one were present at the luncheon.

Mr. Cunningham was graduated from Kansas State in 1903. His daughter, Carol, is now enrolled at

Kansas State as a sophomore in the division of home economics.

FOREMAN BACK ON JOB

C. F. Spring, K. S. C. campus foreman, returned to his work yesterday after a week's confinement at his home at 1123 Laramie with the "flu." His assistant, Charles Howe, was in charge during his absence.

Miss Ina Holroyd and Dean Mary P. Van Zile attended the Kansas Dinner club meeting in Topeka Friday.

THE HUMAN CRICKET

BEATS OLYMPIC RECORD!

ILLUSION:

Josie, the lovely trapeze artist, stands upon a small platform. At the will of the magician she leaps twenty feet into the air to reach her trapeze. She uses no ropes, no ladder! A phenomenal leap for a woman... or a man!

EXPLANATION:

Josie didn't jump... she was sprung! The twenty-foot leap is not dependent on Josie's ability, but on a powerful spring mechanism hidden beneath the stage which propels the artist upward through the air. The force is so violent that the lady wears a light steel jacket which protects her from injury as she starts her astonishing leap.

IT'S FUN TO BE FOOLED

...IT'S MORE FUN TO KNOW

Magic has its place...but not in cigarette advertising.

Consider the illusion that there is a mysterious way to give cigarettes a superior "flavor."

EXPLANATION: Cigarette flavor can be controlled by adding artificial flavorings. By blending. And by the quality of tobaccos used.

Cheap, raw tobaccos can be "built up" or "fortified" by the lavish use of artificial flavorings.

Such magic, however, seldom holds the audience. Your taste finally tells you the truth.

The cigarette flavor that never stales, never varies, never loses its fresh appeal, comes from mild, ripe, fragrant, more expensive tobaccos...blended to bring out the full, round flavor of each type of leaf. It's the quality of the tobacco that counts!

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Because Camel actually pays millions more every year for choice tobaccos, you find in Camels an appealing mildness, a better flavor.

And Camels taste cooler because the welded Humidor Pack of three-ply, MOISTURE-PROOF cellophane keeps them fresh.

NO TRICKS

ROLLED OATS

...Cipperish Clay Reppert—like Viking of old—eyes, with never a wavering stare fixed leeringly on the Wareham timepiece—pacing with measured tread and tortured mind the length of the deserted lobby; awaiting the fitting time when one of his own "Knights of the Grip" should have bidden a fond and unsuspecting farewell to his evening's bitter half—

...Brawny Bob Wallerstedt and Dashing Dave Umberger in a bit of a tiff at Saturday's varsity—with Brawny Bob in his characteristic deep basso threatening to let him have it at most any moment—most any moment!

...And out of the South came our Texas Tornado—Andy Anderson, who rushes the season by issuing an invitation to the spring party—coily places an order for two Phi Delta pins—loses his appetite—and constantly whispers endearing phrases—These Texans don't lay seige—they storm.

...Then there was the suggestive pink unmentionable which Jaconette Lawrence received as a token of the goodly Saint Valentine spirit. Ah well! 'tis after all merely a womanly virtue.

...Midst shatter of glass—the meek members of Skarab—headed by Sagacious Steve Vesecky—filled from their Tuesday meeting—a meeting of staid, stolid, citizens—flowing with formality and bowed by their weight of responsibility—but to Citizen Vesecky the vintage glasses were a bit heavier than the responsibility.

...Life's latest victim to domesticity—Eldon Autker (Pride of the Valley) who next Saturday begins a dual roll with Mildred Purcell—and there once was a blonde by the name of Merriman??

...Children cry—women shudder—other humans stand with mouths agape—as Aimable Emmy, in connection with his hat, strides onto the boulevard—the brute!—taking advantage of those gullible few—who still believe that clothes make the man.

Social Calendar

Tuesday, February 14

Orchestra meeting, N1, 7:00-8:00.
Glee club, F1, 5:00-6:00.
Orchestra rehearsal, auditorium, 7:00-9:30.

Informal Teas for Journalists

Something new in the way of get-togethers is being instituted by the journalism faculty. They are giving a series of weekly teas in the office of Prof. C. E. Rogers, head of the department, with a different member of the faculty serving as host or hostess each week. The teas are informal.

Phi Delta Theta

Mrs. R. G. Taylor, Phi Delta Theta housemother, was in Topeka from Wednesday until Saturday attending a meeting of the representative committee of education. Mrs. Taylor was a member of this committee.

Andy Anderson spent the week end in St. Louis.

Zeta Tau Alpha

Mrs. Leslie King, Salina, spent the week end at the Zeta Tau Alpha house.

Miss Eloise White spent the week end at her home in Kalhart, Texas.

Miss Louise Jodon spent the week end at her home in Salina.

Mrs. Lucille Rust entertained Miss Alpha Latake and the pledges of Zeta Tau Alpha with a bridge-dinner Saturday evening.

Miss Ruth Tucker was a dinner guest at the Zeta Tau Alpha house Sunday.

The pledges of Zeta Tau Alpha entertained the actives with a twilight supper party Sunday afternoon at the home of Mrs. E. C. Miller.

Tau Kappa Epsilon

Prof. R. M. Green of the department of agricultural economics was a dinner guest Thursday evening.

Miss Dora Carpenter, Ellsworth, was a dinner guest Sunday.

Vaughn Combs, Linn, is spending a few days in Manhattan.

Clovio

Sunday dinner guests at Clovia were Mr. and Mrs. M. H. Coe.

Beulah Frey and Ellen Blair spent the week end at the latter's home in Williamsburg.

Marje Blythe visited at her home in White City Sunday.

Kansas State college during 1931 and 1932. Mrs. Wilson is a member of Phi Omega Pi and Mr. Wilson is a member of Omega Tau Epsilon.

Mrs. Wilson was accompanied to Manhattan by her sister, Miss Charlotte Brooks.

Phi Omega Pi

Phi Omega Pi entertained with a tea dance Saturday afternoon.

Week-end guests included Frances Sandusky, St. Joseph; Hazel Brooks, Kanorado; Charlotte Brooks, Brewster; and Beth Schaaf Porter, Topeka.

Frances Shewmaker was a Friday evening dinner guest.

Sunday dinner guests were Frances Sandusky, Martha Lang, and Vada Burson.

Martha Lang, Winchester, was a week-end guest of Blanche Curry.

Phi Kappa Tau

Phi Kappa Tau entertained Friday evening with a St. Valentine's dance. Guests included: Roberta Shannon, Glenda Mae Hodge, Eloise White, Jane Swenson, Margaret Patterson, Ethel Irene Call, Katherine Black, Barbara Lautz, Frances Doornbos, Elizabeth Poole, Ruth Stiles, Wilma Rhinehardt, Mary Horn, Mary Wilkes, Vera Thompson, Margaret Higdon, Marion Freedman, Bernice Covey, Mary Morgan and Beryl Arlingham.

Dinner guests Sunday were Ansel Tobias and D. I. Gillidett.

Farm House

Sunday dinner guests were Prof. and Mrs. George Dean, Manhattan; Miss Virginia Wagner, Richman; Miss Ethel Rosey, Junction City; and David Gregory, Cheney.

Farm House announces the pledging of Wayne Beidler.

Delta Delta Delta

Sunday dinner guests at the house were Elizabeth Smith, Vera Farrell, and Fern Gaston.

Alice Irwin, Garrison, was a week end guest.

Alpha Kappa Lambda

Mr. and Mrs. Leslie King were dinner guests Sunday.

Ralph Freeman, Kansas City, was a week end guest.

Orval Kleiss, Coffeyville, Orval Wahl, Wheaton, and Richard Burge, Parsons, spent the week end at their homes.

Dale Vawter and Leroy Quigley visited at Coffeyville Sunday.

Alpha Rho Chi

K. O. Pettijohn, Fort Morgan, Colo., was a Sunday dinner guest.

Alpha Rho Chi announces the pledging of Raymond Lippenberger, Fort Morgan, Colo.

George R. Crossen, Turner, has enrolled for this semester.

Walter Crossen, Turner, was a guest at the house last week.

Carol Carlgren, Scandia, called at the house last week.

Sigma Phi Epsilon

Dinner guests at the house Sunday were Dr. and Mrs. E. J. Frick, Dr. and Mrs. J. F. Lienhardt, and Doctor Jennings of the veterinary department.

Sigma Alpha Epsilon

Phillip Jackson, Hutchinson; Howard Moreen, Salina; and Bill Kaeser, Manhattan, spent the week-end in Kansas City.

Theta Xi

Theta Xi fraternity entertained with a skating party at Odd Fellows' lake Sunday afternoon.

J. Herbert Gumm, Manhattan, spent the week-end in Kansas City.

Sigma Nu

Harry Hasler, El Dorado; Jimmy North, Kansas City; Jimmy Mayden, Junction City, and Carl Paulson, El Dorado, visited at the Sigma Nu house in Lawrence Saturday night. They attended the auto show in Kansas City Sunday and returned Sunday evening.

Alpha Delta Pi

Ettie Mae Musgrove, Ft. Riley, was a luncheon guest at the house Friday.

Thelma Large, who has been visiting relatives in Kansas City, has returned to Manhattan to spend several days before returning to her home in Protection.

Doris Paulson and Lucille Johnitz spent Saturday night at the Alpha Delta Pi house in Lawrence. They drove to Kansas City Sunday to attend the auto show.

Mrs. J. Cooper King, Mrs. Walter Buck, Mrs. O. K. Stewart, Miss Mary Dexter, and Oscar Stewart, Wichita, were dinner guests at the house Sunday. They were visiting Mrs. Ransom Stephens, and attending the Diocesan convention of the Episcopal church.

Gwendolyn Fisher, Marion; Ethelyn Mae Elliott, Halstead; and Ivernia Danielson, Manhattan, were Sunday dinner guests at the house.

Albert Henry, Salina, visited Sunday afternoon with his daughter, Fern.

Brooks-Wilson

Miss Hazel Brooks, Brewster, and Mr. Armand Wilson, Manhattan, were married Sunday afternoon at 2:30 o'clock.

Mrs. Wilson is teaching school in Kanorado, and after completing her school term, will return to Manhattan. Mr. Wilson is associated with his father, C. T. Wilson, in the tire business in Manhattan.

Mr. and Mrs. Wilson attended

guests were President and Mrs. F. D. Farrell, Mr. and Mrs. R. K. Nabours, the Misses Bette and Mary Quinlan, Martha Kramer, Helen Hostetter, and Prof. Charles Matthews. Mr. and Mrs. Rogers took Miss Snead back to Kansas City Sunday evening.

Alpha Tau Omega

Mr. and Mrs. Morgan and Miss Wilson, Topeka, were dinner guests Sunday.

E. F. Keas, Chanute; W. V. Dexter, Waterville; D. A. Dillon, Highland; and N. I. Saven, Gardner, Mass., were dinner guests Sunday.

James Latucky, Westbury, and Bartlett Allen, Manhattan, attended the motor show at Kansas City over the week-end.

Arthur Attwood and John Biggs spent the week-end in Randolph.

Alpha Xi Delta

Dorothy Wagstaff, Topeka, spent the week end visiting her sister, Betty Wagstaff.

Mrs. Howard Jennings visited at the house Saturday.

Wilma Reinhardt, Bison; Louise Krebhel, Newton; Alice Barrier, Topeka; and Helen Davis, Topeka, were dinner guests of Mrs. C. M. Smith, Paddockford apartments, Friday evening.

Mrs. O. O. Wolf, Ottawa, visited her daughter, Winifred, during Farm and Home week.

Mrs. A. R. Sharp, Kansas City, visited her niece, Ruth Stiles, while she attended the teachers' convention here.

Beta Theta Pi

Jack Boyd, Joyce Wright, and Wallace Duncan spent the week-end at their homes in Topeka.

Jack Householder, Clay Center, spent Sunday at his home.

Cecil Miller left Saturday for his home in Lyons. He was accompanied by Harold Eddington.

Fred Millican and Lee Carlson, both of Topeka, spent the week-end at their homes.

Pat O'Connell, Marysville, and Forrest Faulkner, Clay Center, were weekend guests.

R. H. Rhoades and Ross Farrar, both of Arkansas City, were weekend guests of Howard Rhoades.

Mrs. Ruth Cooley Sweet, '06, and daughter, Mary, have returned to their home in Cerrillos, N. M., after a visit with friends here.

Kappa Kappa Gamma

Mrs. B. E. Collins, Washington, visited her daughter Fern, Sunday.

Mrs. J. C. King, Wichita, was a luncheon guest of Mary Emily Berryman on Monday.

Marie Vail, Marysville, Jeanne Bryan, Delia, and Dorothy Linge, Topeka, spent the week-end visiting at their homes.

Mary Jane Pae, Chi Omega, was a guest Thursday night for Pan-Hellenic exchange. Dorothy Cortel, you was a guest at the Chi Omega house.

Gale Anderson, Lincoln, was a Sunday dinner guest of Virginia Dole.

Rosemary Schmidt, Junction City, visited at her home over the week-end.

Miss Helen V. Snyder, national field secretary, will visit the chapter from Tuesday until Friday of this week. A special dinner is being given in her honor Tuesday night.

Van Zile Hall

Esther Mundell, Nickerson, and Shirley Jacobs, Lenora, spent the week-end in Topeka.

Elizabeth Crawford, Madison, spent the week-end in Burlingame.

Pauline Smith spent the week-end at her home in Talmage.

Bessie Wilson spent the week-end at her home in Kansas City.

Mary Sperling, Stafford, spent the week-end in Kansas City.

Irene Todd spent Sunday at her home in Topeka.

Dinner guests Sunday were Miss Dorothy Barfoot, Miss Iva Welsh, and Miss Dryden Quist.

Guest night this week will be observed Tuesday with a Valentine's day dinner.

GYMNASTICS FOR A PARTY

Engineers Will Have Activity Aplenty at Annual Alloy.

Gymnastics will constitute the biggest part of the program at the Alloy, a party for the division of engineering, next Thursday night, according to M. H. Davison, Manhattan, chairman of arrangements.

Boxing and wrestling matches and a tumbling team are to be on the program.

Prof. W. C. Davis of the mathematics department, is to appear on the program with a short, humorous speech. During refreshments, "Intake and Exhaust," division publication, will be distributed.

OMICRON NU WILL MEET

Omicron Nu, national home economics honorary society, will hold its regular meeting tonight at the home of Prof. Bessie Brooks, head of the department of institutional economics.

DON PORTER INJURED

Don Porter, Mount Hope, suffered a badly sprained ankle Monday morning when he fell down stairs.

Three more students are enrolled in the music department this semester than last, according to information from the music office. This is considered somewhat unusual, as the enrollment for the whole college is lower than for the first semester.

Rachel Lamprecht, who was graduated with the class of 1932 in industrial journalism and who is now employed with the Topeka Daily Capital, spent the week end in Manhattan visiting her mother, Mrs. Charlotte Lamprecht, 813 Osage.

Miss Gladys Roe, '32, who teaches at Riley, visited friends in Manhattan over the week end.

Miss Ruth Hartman, of the department of music, and Miss May Miles, of the extension division, attended the performance of the Mary Wigman dancers in Kansas City Saturday night.

Mrs. Mary Moyer, nee Mary Burnette, of the class of '26, is teaching music classes in the Manhattan junior high school this semester.

Miss Marjorie Lemon, Wakefield, a senior in music education, is doing substitute teaching at the Roosevelt school for a few weeks. Miss Lemon teaches the third, fourth, fifth and sixth grades.

WILDCAT GRAPPLERS WIN FIRST HOME MATCH

Wrestlers Down Powerful Oklahoma Central State Teachers 26 to 6

Kansas State wrestlers opened their home season with a 26-6 victory over the Oklahoma Central State Teachers of Edmond, Oklahoma, in Nichols gymnasium Friday night. A large crowd attended and much interest was shown in the matches.

The Wildcats lost but two matches, both by decision and one in an overtime period. Three falls, a forfeit, and two decisions, gave the Wildcats 26 points. Those winning by the falls were Paul Griffith, 118-pound class; Captain June Roberts, 155-pound class; and E. A. Houser, heavyweight.

The summary:
118-pound class: Griffith of Kansas State threw Jones of Central Teachers in 9:35.
126-pound class: Reynolds of Central Teachers won a decision over McDonald of Kansas State in an overtime match. Time advantage 2:21.

135-pound class: Heinz of Kansas State won the decision over Hayes of Central Teachers. Time advantage 6:48.

145-pound class: Tomlinson of Central Teachers won a decision over Warner of Kansas State. Time advantage 5:25.

155-pound class: Captain June Roberts of Kansas State threw Putnam of Central Teachers in 3:10.

165-pound class: Miller of Kansas State won a decision over Chilstead of Central Teachers. Time advantage 1:19.

175-pound class: Bozarth of Kansas State won from Kenemer of Central Teachers on a forfeit.

Heavyweight: Houser of Kansas State threw Caldwell of Central Teachers in 4:08.

Referee: G. F. Branigan, Nebraska.

SEVEN TAKEN INTO W. A. A.

Women Athletes Plan Skating Party for February 23.

Seven new members were initiated into the Women's Athletic association at the meeting held last Thursday. They were Fern Vesecky, Kansas City, Kan.; Pauline Crawford, Luray; Eleanor Wilkinson, Humboldt, Neb.; Mary Elizabeth Wilkes, Leavenworth; Grace Umberger, Manhattan; Lela Hahn, Glen Elder; and Margaret Easterday, Greeley, Colo.

Plans are being made for a W. A. A. skating party to be held on Thursday, February 23.

Following the meeting all members met at Browne's studio to have their pictures taken for the Royal Purple.

The Spotlight

Although the University of Kansas basketball team was hopeful of beating Missouri, they were sorely disappointed at the outcome of the game, as the Tigers again proved to be superior to the Jayhawks on their home court and won a hard fought game from the Kansas by a 21 to 17 score. By this victory the Tigers kept intact their six-year record of triumphs over the Jayhawks at Columbia.

The defeat was a blow to Kansas university hopes for the conference championship because they dropped into second place in the race behind the leading Oklahoma university quintet. The Sooners won their fifth consecutive Big Six contest and went into more than a game lead over the Kansas by defeating Nebraska 39 to 35 in a hard fought game at Norman. The Tiger victory put Missouri into third place and gave them an even break in their wins and losses so far. Nebraska is in fifth place and Iowa State last.

The Nebraska basketball game last night was dedicated to Emmet Breen, star forward and defense man. The game with St. Louis uni-

WILDCATS NEXT PROBLEM

versity tomorrow night will honor Lloyd Dalton, towering 6 foot 4 inch center who has been playing great ball this season. The last home game, against the Kansas university Jayhawks, will be dedicated to Captain Andy Skradski, stellar guard and generalissimo of the Wildcats. In this way the three senior members of the court team will be honored for their services.

It has become almost a certainty that Charles Bachman, former Kansas State football coach, will become head grid coach at Michigan State college at East Lansing, Mich., to replace Jimmy Crowley, who has gone to Fordham.

Since the Kansas State football team meets Michigan State next fall at East Lansing on November

8, it will be interesting to see which system, McMillin's or Bachman's, will win out.

The Kansas State wrestling team has shown itself to be decidedly stronger than both of the opponents it has met so far, as it downed Kansas university 33 to 5, and the Central Teachers of Edmond, Okla., 26 to 6. The Oklahomans had pre-

viously won three matches from the national champion Oklahoma A. and M. Redskins, so the defeat of the Bronchos at the hands of the Wildcats is an indication of Kansas State's strength, although the Oklahoma Aggies are not quite as strong this year as last year.

All of the Wildcats gave good accounts of themselves in the match Saturday night. Captain June Roberts' powerful body scissors won him a fall in the quickest time of all. Houser is a welcome addition to the team as a heavyweight. He went to work on his opponent and knew just what to do to throw him. Griffith had to work almost full time before he downed his man. Bozarth proved to be too much for his opponent and won on a forfeit after the Oklahoman was unable to continue the match. Both Miller and Heinz were capable grapplers in winning their bouts by the time advantage method.

The two Wildcats who lost their matches, McDonald and Warner, were defeated by more experienced grapplers than themselves. McDonald kept his man busy and might have won had he had a little more experience. After more experience

McDonald will be hard to beat. Warner was just up against a better wrestler. As good as he is, the Oklahoman was better.

Miller of the Wildcats showed real sportsmanship in his match. Time after time he could have hurt his opponent and worn down his resistance by roughing a boil on his neck, but as many times he refrained from doing so. Without the advantage of a neck hold Miller could not do much and just eked out a time decision over the Oklahoman star.

SIMMER DOWN TO EIGHT WRESTLERS

Varsity Try-Outs This Week Will Determine Team for Big Six Tourney

Coach B. R. Patterson started the finals in varsity wrestling try-outs over the week-end, and is continuing them the first of this week in order to pick the eight men to represent Kansas State in its remaining conference meets, including the Big Six championship tournament at Ames, Iowa, March 3-4.

As the result of the try-outs, L. E. Daily, Topeka, will wrestle P.

W. Griffith at 118 pounds for a varsity position; W. T. Walters, Manhattan, competes with A. R. McDonald, Bremen, for the 126-pound post; R. G. Fowler, Holton, in the 135-pound class; at 145 pounds, G. W. Watson, Clifton, tackles F. F. Warner, Whiting; in the 155-pound class C. C. Young, Ute, is to wrestle Captain June Roberts, Ford; in the 165-pound class J. E. Veatch, Manhattan, meets Joyce Miller, Sycamore; at 175 pounds, H. T. Niles, Olivet, tangles with F. M. Bozarth, Lenora; and in the heavyweight division A. R. Thiele, Bremen, wrestles E. A. Houser, Ford. These challengers won the try-outs in their respective weight divisions, and now meet the varsity men in their last and greatest effort to make the team.

Prof. Bessie Brookes, head of the department of institutional economics, was a speaker on the home economics program of Farm and Home week. She spoke on "Food Buying" at the meeting held last Wednesday morning.

Miss Mabel Smith of the extension division of 4-H club work, spent Sunday at her home in Eskridge.

Tobacco to smoke right

has to be a different kind of tobacco from that used in cigarettes...and it has to be made by an entirely different process...

OUT in Kentucky, where they have pretty women, fast horses, and blue grass, there grows a tobacco called White Burley. It doesn't grow anywhere else in the world.

There is a type of this White Burley that is best suited for pipe smoking. It is neither too thick nor too thin. It is not light and chaffy; at the same time, it is not rank or strong. "U. S. Type 31" is the government classification for White Burley.

Since no other pipe tobacco has yet been found which seems to equal White Burley, this is what we use in making Granger Rough Cut.

Next, we use the Wellman Method, a famous 1870 method of making pipe tobacco, to give Granger its fine flavor and fragrance. Then, too, Granger is "Rough Cut"—just like they used to "whittle" their tobacco off a plug with a jack-knife. It smokes cool, lasts longer and never gums a pipe.

And finally, we want to sell Granger for 10 cents. Good tobacco—right process—cut right. So we put Granger in a sensible soft foil pouch instead of an expensive package, knowing that a man can't smoke the package.

Granger has not been on sale very long, but it has grown to be a popular smoke. Folks seem to like it.

Volume XXXIX

The Kansas State College of Agriculture and Applied Science, Manhattan, Kansas, February 17, 1935.

NUMBER 38

ANOTHER BIRTHDAY FOR K. S. C.

WILLARD TELLS OF EARLY DAYS ON THE CAMPUS

EXCEPT FOR GOVERNOR, THE SCHOOL MIGHT HAVE BEEN K. U.

FARRELL PRESENTS GUESTS

Faculty Members Decades Ago and Some of Their Descendants Are Honored Guests at Assembly.

What a "narrow escape" K. S. C. had of being K. U. was revealed when Dr. J. T. Willard, vice-president of the college, discussed the early history of the school in an address Tuesday morning at Founders Day assembly.

"Blumont college had offered its property to the state," the vice-president explained, "on the condition that the state university be located at Manhattan. The state legislature accepted the proposition. But when it went to Governor Charles Robinson, he vetoed it because he preferred that Lawrence have the university."

Shows Pictures of Early Days
Doctor Willard graduated from K. S. C. nearly fifty years ago. As a part of his address, he commented upon slides shown of early scenes and former prominent people of the college. Some of the pictures had been heretofore unpublished.

Kansas State college was officially founded February 16, 1863. The first president was the Rev. Joseph Denison who was succeeded by the Rev. John A. Anderson in 1873. It was President Anderson, Doctor Willard said, who originated the Industrialist in 1875 which has continued publication up to the present time.

Preceding Doctor Willard's address, President F. D. Farrell presented a group of honor guests whose connections with the college were of long standing.

Honor to Special Group

The honor guests included: Miss Harriet A. Farkerson, Manhattan, niece of Dr. J. T. Goodnow, one who contributed much in service and money to the establishment of Blumont Central college; Mrs. Nellie D. Amos and Mrs. Alice M. Williams, Topeka, twins, who are granddaughters of Doctor Denison, first president of the college and daughters of Major Fred E. Miller, first professor of practical agriculture and superintendent of the farm.

Mrs. Eusebia Mudge Irish, Manhattan, daughter of Prof. Benjamin F. Mudge who did much to initiate education in science in early days of the college; Miss Mary Cornelia Lee, Manhattan, daughter of James Hervey Lee who was on the college faculty; Prof. George H. Frazier, Manhattan, professor of chemistry and physics fifty-five years ago; I. D. Graham, Topeka, superintendent of the telegraph department fifty-four years ago and also secretary of the college, and his son, Lloyd Graham, of Seattle.

Frederick A. Marlatt, Manhattan, son of Washington Marlatt one of the most active in promoting the establishment of Blumont Central college; C. A. Kimball, Manhattan, grandson of John Kimball one of the principal contributors of funds for the erection of the college; and E. M. Platt, Manhattan, whose father, Prof. J. E. Platt was a member of the faculty.

TO KANSAS DINNER CLUB

Women of Faculty Will Attend Function in Topeka

About fifteen women members of the Kansas State college faculty are planning to attend the social and business gathering of the Kansas Dinner club to be given in the Y. W. C. A. building at Topeka, Friday night. The dinner is held in connection with the meeting of the School Administration Council Friday and Saturday, although it is not a part of it.

This organization is composed of a select group of women teachers elected from schools all over Kansas and has been in existence for about ten years. Their purpose is to support legislation to help the schools of the state.

Fourteen Teams in Four Groups Will Play for Intramural Championship

Intramural basketball for women will commence next Monday with fourteen teams entered. The teams, which are divided into four groups, will play first for group winners and then group winners will play for the intramural championship.

The groups are: (1) Kappa Kappa Gamma, Alpha Delta Pi, X team, Pi Beta Phi; (2) Delta Delta Delta, Neophytes, Alpha Xi Delta, Winners; (3) Clovia, Beta Phi Alpha, Zeta Tau Alpha; (4) Van Zile hall, Phi Omega Pi, Kappa Delta.

The schedule for games is as follows:

Monday, Feb. 20: Kappa vs. Pi Phi, Tri Delt vs. Neophytes, Clovia vs. Zeta Tau Alpha.

Tuesday, Feb. 21: Van Zile vs. Kappa Delta, Alpha Deltas vs. X team, Alpha Xi vs. Winners.

Thursday, Feb. 23: Pi Phi vs. X team, Tri Delt vs. Alpha Xi, Clovia vs. Beta Phi Alpha.

Friday, Feb. 24: Neophytes vs. Alpha Xi, Kappa vs. Alpha Delt, Van Zile vs. Phi Omega Pi.

Monday, Feb. 27: Tri Delt vs. Winners, Beta Phi Alpha vs. Zeta Tau Alpha, Alpha Deltas vs. Pi Phi.

Tuesday, Feb. 28: Phi Omega Pi vs. Kappa Delt, Kappa vs. X team, Neophytes vs. Winners.

NEBRASKA MAT ARTISTS HERE SATURDAY NIGHT

Patterson Will Use Same Lineup That Defeated Edmond Last Friday

Kansas State matmen will have their fourth meet of the season Saturday night when they run up against the Nebraska Cornhuskers in Nichols gym. Having already defeated Kansas university and Oklahoma Central State Teachers college of Edmond, Okla., the Wildcats are doped to win by a large margin.

Coach Patterson will use the same men Saturday that he used against the Teachers last Friday. This combination seems to be the strongest that has been found to date and, barring injuries, the team should go far toward winning the Big Six championship.

Nebraska, usually strong contenders for the title, is somewhat weaker this year according to reports from Lincoln papers. Iowa State mat artists shut them out without a fall or decision last week, winning 38-0.

Coach Patterson and eight wrestlers left at one o'clock yesterday for Salina where they were to meet Kansas Wesleyan last night. The men who made the trip to Salina and who will meet Nebraska Saturday are as follows: 118-pound class, A. W. Griffith; 126-pound class, F. R. McDonald; 135-pound class, R. L. Heinz; 145-pound class, Paul Warner; 155-pound class, Captain June Roberts; 165-pound class, Joyce Miller; 175-pound class, F. M. Bosarth; heavyweight, E. A. Houser.

COLLEGE WOMEN LARGEST GROUP IN HOME STUDY

THEIR GROUP COMPRISES 289 OF 700 ENROLLMENT AT PRESENT.

STUDIES IN PHILIPPINES

Gemmell Tells of Experience in Radiogram His "Foreign" Pupil Sent When He Needed Another Lesson.

More college women are enrolled in home study courses at Kansas State than are any other group, according to Dr. George Gemmell who is in charge of home study. Of the total enrollment of 700, 289 are college women, 284 are college men, 71 are high school girls and 56 are high school boys. A decrease of 9.6 per cent has occurred in home study.

"Correspondence" papers find their way to the home study department from 26 states other than Kansas, and from the Philippine Islands.

"One interesting incident happened recently," Doctor Gemmell said. "We had just sent out several home study courses to Frank L. Howard, '25, who was stationed in the Philippine Islands. He sent a radiogram to us with the aid of an amateur just before boarding a ship for Hamburg, Germany. Clair Foster, operator of station WSHM, Carmel, California, picked up the message and sent it to this department. It was received five days later when it otherwise would have taken six weeks."

Illinois is represented with 21 students in Kansas State home study; Missouri with 12; Kentucky, 14; Texas, six; Nebraska, five; and Oklahoma and Wisconsin with four each. In Kansas, Riley, Shawnee, and Cloud counties, respectively, have the largest number.

Nearly all of the 51 college credit courses give three semester credit hours and there are enough high school courses for a student to complete four years.

PRAIRIE PRINTS KIND EVERYONE WILL LIKE

Helm Is Enthusiastic in Comment Upon Display Coming Next Week.

NEBRASKA MAT ARTISTS HERE SATURDAY NIGHT

Patterson Will Use Same Lineup That Defeated Edmond Last Friday

Kansas State matmen will have their fourth meet of the season Saturday night when they run up against the Nebraska Cornhuskers in Nichols gym. Having already defeated Kansas university and Oklahoma Central State Teachers college of Edmond, Okla., the Wildcats are doped to win by a large margin.

Coach Patterson will use the same men Saturday that he used against the Teachers last Friday. This combination seems to be the strongest that has been found to date and, barring injuries, the team should go far toward winning the Big Six championship.

Nebraska, usually strong contenders for the title, is somewhat weaker this year according to reports from Lincoln papers. Iowa State mat artists shut them out without a fall or decision last week, winning 38-0.

Coach Patterson and eight wrestlers left at one o'clock yesterday for Salina where they were to meet Kansas Wesleyan last night. The men who made the trip to Salina and who will meet Nebraska Saturday are as follows: 118-pound class, A. W. Griffith; 126-pound class, F. R. McDonald; 135-pound class, R. L. Heinz; 145-pound class, Paul Warner; 155-pound class, Captain June Roberts; 165-pound class, Joyce Miller; 175-pound class, F. M. Bosarth; heavyweight, E. A. Houser.

The exhibition will be opened in room 68, Anderson hall, for the meeting of the College Social club on Saturday evening at 8 o'clock. It will remain there for Professor Helm's lecture Monday night. On Tuesday it will be transferred to the gallery of the architecture department, where it will be shown until March 4.

Three professors in the division of engineering spoke before the Kansas Engineering society last Wednesday evening in Topeka. E. R. Dawley, secretary-treasurer of the society, spoke on "Wind resistance of the modern automobile."

W. E. Gibson, applied mechanics, spoke on "Bituminous mat materials" and L. E. Conrad, civil engineering, told of his visit to the Hoover dam.

Other professors who attended were: Dean R. A. Seaton and Assistant Dean M. A. Durland; applied mechanics, L. H. Koeltner; C. H. Scholer, and D. C. Taylor; agricultural engineering, F. C. Pennington and F. C. Zink; civil engineering, F. F. Frazier, M. W. Furr, and L. V. White; and L. M. Jorgenson, electrical engineering.

"Hail to Thee, Alma Mater"

Campus Is Glorified by Limestone's Rugged Charm

Few colleges can boast, as Kansas State can, that all of the buildings on the school campus are made of the same native rock taken from within a few miles radius of the campus.

According to Dr. J. T. Willard, vice-president of the school, the first building on the campus, built in 1870, was originally intended for a barn, but when it was decided to locate the center of the college grounds near that barn, the structure was remodeled into a general college building and today is Farm Machinery hall.

The oldest building on the campus was not a part of the college when it was built. It was a farmhouse, but the school purchased the land on which it was located, and today that building is the east wing of the student hospital.

Those two buildings were made of native limestone from a quarry in the nearby neighborhood, for in the late 19th century before the development of cement concrete, there were many rock quarries about Manhattan.

Architects wisely continued to make all the buildings of the same limestone. Several of the earlier ones were built by Ed and William Ulrich who operated a quarry for several years. They built Fairchild hall, which is said to be among the best constructed of any of the campus buildings.

All of the buildings with the exception of the library, which was built in 1926, are made of cottonwood limestone. Neva limestone, brought from a quarry on "K" hill, was used for the library.

CREATE DESIGNS IN LIGHT MUST BALANCE BUDGET

Artistic Display Will Entertain Visitors at Engineering Open House.

A new feature of this year's lighting displays for Engineer's Open House, March 17 and 18, will be a lighting effect known as the grid-glow ball, according to O. D. Hunt, assistant professor of electrical engineering.

With this new exhibit one will be able to stand near it and paint pictures with lights. By rubbing his hand over a circuit, working relays which operate lights throwing designs of flowers, pictures, and silhouettes upon the wall. R. P. Daniels, Topeka, and R. L. Heinsohn, Newton, are working on this project.

Another exhibit will consist of a small portion of a lighting display similar to those used in large ballrooms and theatres to make changing designs upon the walls and ceilings.

There will also be an illuminated model of an office building, showing the correct use of flood lighting.

ENGINEERING FACULTY MEMBERS TO TOPEKA

Dawley, Gibson, and Conrad Speak Before Kansas Professional Group

Three professors in the division of engineering spoke before the Kansas Engineering society last Wednesday evening in Topeka. E. R. Dawley, secretary-treasurer of the society, spoke on "Wind resistance of the modern automobile."

W. E. Gibson, applied mechanics, spoke on "Bituminous mat materials" and L. E. Conrad, civil engineering, told of his visit to the Hoover dam.

Other professors who attended were: Dean R. A. Seaton and Assistant Dean M. A. Durland; applied mechanics, L. H. Koeltner; C. H. Scholer, and D. C. Taylor; agricultural engineering, F. C. Pennington and F. C. Zink; civil engineering, F. F. Frazier, M. W. Furr, and L. V. White; and L. M. Jorgenson, electrical engineering.

STUDENT COUNCIL FACES PROBLEM DUE TO ACTIVITY FEE EXEMPTIONS

The student council will meet the last of this week to re-arrange its budget, an action necessitated by the large increase in exemptions from payment of the activity fee for the spring semester. No definite plans have been made as to what will be done to re-arrange the budget but something must be done, according to Maurice Dumars, president of the student council.

Membership of the student governing association is made possible upon payment of the student activity fee.

INDIVIDUAL PICTURES DUE

Royal Purple Announces Deal-Line on Pictures

All individual pictures for class or group section in the Royal Purple must be taken by Saturday, February 18, was the report given yesterday by Franklin Thacker, editor of the 1933 Royal Purple. Arrangements for taking the pictures are to be made at the Royal Purple office.

AGRONOMY PROFESSOR SPEAKS IN ABILENE

"Care and Maintenance of Lawns" Is Subject of Night School Speech.

Prof. J. W. Zahnlcy of the agronomy department gave an illustrated lecture Thursday night in Abilene on the "Care and Maintenance of Lawn Grasses." The lecture constituted one of a series of night schools being sponsored by the vocational agriculture department of the Abilene high school. Fred Allison, a graduate of Kansas State and teacher of agriculture in the Abilene school, has charge of this series of evening programs.

Professor Zahnlcy conducted experiments with lawn grasses at Kansas State last summer until they were discontinued due to lack of funds.

Nina Ward is gradually recovering from an attack of bronchitis.

THIRTEEN NAMED AS POSSIBILITIES FOR SWEETHEART

"MOST-FOUGHT-AFTER" WILL HAVE FULL PAGE IN 1933 ROYAL PURPLE

TO VOTE AT ANNUAL BALL

Everyone at Dance at Wareham Tuesday Night Will Be Given Ballot For Selection During Evening

Fraternalities on the hill named 13 girls yesterday to compete for honors as "Sweetheart of Kansas State." Tuesday night one girl will be presented by dancers at the annual Royal Purple Sweetheart Ball as the most sought-after girl on the campus. Tuesday will be an open night, since Wednesday is a holiday.

Each student attending the ball will cast one vote for his candidate. The girl who wins the coveted title may know she can speed up the pulse of more male dancers at the ball than any other girl on the floor.

The winner will be given a full page in the 1933 Royal Purple, according to Steve Vesceky, business manager. Votes will be counted during the party, and the result will be presented to her audience. June Layton and his Varsity Club orchestra will play for the dance, to be held in the Wareham ballroom.

Fraternalities who have not yet chosen their candidates must report their choices to the Royal Purple office by Tuesday noon, if they are to be counted.

The nominees are: Verna McAdams, Pi Beta Phi; Geraldine Hammond, Delta Delta Delta; Rowena Johnson, Delta Delta Delta; Alice Kimball, Alpha Xi Delta; Leora Light, Delta Delta Delta; Floye Poague, Kappa Kappa Gamma; Jane Harmon, Kappa Kappa Gamma; Meredith Manion, Delta Delta Delta; Eugenia Ebling, Pi Beta Phi; Ione Hill, Kappa Kappa Gamma; Doris Dalton, Delta Delta Delta; Miriam Clark, Pi Beta Phi; Ethel Eberhart, Beta Phi Alpha.

SWIMMERS PERFORM FIRST THIS SEASON TOMORROW

Match With Nebraska Promises to Demand Best Efforts of Mollmen

The Kansas State swimming team will get its first taste of competition when it meets the tankmen of the University of Nebraska in a dual meet here tomorrow at three o'clock. The meet will be held in the men's pool at Nichols gymnasium. Student activity tickets will afford entrance to the event which will be one of considerable interest.

Coach C. S. Moll announced yesterday the Wildcat swimmers and the events in which they will compete. They are: 60-yd. free style—J. F. Creed, Bartlesville, Okla.; C. C. Murphy, Clyde; L. B. Izard, Carthage, Mo.; 200-yd. breast stroke—W. V. Combs, Linn; 100-yd. free style—Creed and Murphy; 150-yd. back stroke—O. G. Steele, Barnes; E. A. Perez, Panama City, Panama; fancy diving—George Garrison, Goodland; 400-yd. free style relay—Garrison; Izard; W. N. Samuels, Manhattan; J. L. Hartman, Omaha, Neb.; 220-yd. free style—Creed and Murphy; 440-yd. free style—undecided; 300-yd. medley relay—back stroke, Steele; breast stroke, Combs; free style, Perez.

These tankmen have been practicing steadily for several weeks, and hope to upset the Cornhuskers for the first time in several years. Although doped as the underdogs, the Mollmen are considered to have nearly an even chance.

Last Saturday the Iowa State tankmen, conference champions, splashed their way to a 46 to 38 victory over the Nebraskans. This still gave the Huskers a slight advantage over the Wildcats, as Nebraska has ranked near the top in the conference for a number of years.

HOLIDAY ON WASHINGTON'S BIRTHDAY

Next Wednesday, February 22, is a holiday in all departments of the college, in honor of the birthday of George Washington. President F. D. Farrell said that the holiday begins at six o'clock Tuesday evening and comes to a close, as far as the college is concerned, at 6 o'clock Wednesday evening.

VETS TO KANSAS CITY

Dr. Herman Farley, department of veterinary pathology, and two seniors in veterinary medicine will make a trip to the Kansas City stockyards Monday, February 20, to collect serum for research purposes.

'INTAKE ANDEXHAUST' IS FUN FEATURE OF ALLOY

Faculty Refute Criticism in Humor Publication of Engineers Last Night

The charge that an "alcoholic, lazy, lousy, ornery yokel" is synonymous with engineer was made in a letter read by Prof. R. F. Morse last night at the "Alloy," annual engineers' party. It was pointed out that the charge was merely a part of the humor element pervading the evening, and that when taken together the first letters of the obnoxious words spell "alloy."

The high spot of the evening was the release of "Intake and Exhaust," comic sheet edited by Eugene Peltier, Manhattan, and published especially for Alloy.

Jibes against the faculty appearing in the sheet were refuted by Professor Morse and Prof. W. C. Jones. Peltier asserted that "Intake and Exhaust" had been printed without censorship either by editor or faculty.

Entertainment consisted of one musical number and a program of gymnastics. Vorass Elliott, McPherson, and Roland Elliott, Stafford, played a trumpet duet accompanied at the piano by Edwin Mariner, Fredonia.

Gymnastic events were: Wrestling, Kay Benjamin vs. Bob Kirk; Lamb vs. Schruben; juggling and tumbling, Bruford Baker, Stanley Roberts, O. T. Trusler; boxing, Tom Stone vs. Cliff Scott.

COSMOPOLITANS TO WORK

Eugene Kell, Margaret Kneer, Roymayne Cribbitt and Ruth McCammon Head Committees

Committees to serve the Cosmopolitan club for the remainder of the semester were announced at the special meeting held Wednesday, February 15, in the Browning Athenian hall. The program committee for this semester will consist of Eugene Kell, Manhattan, chairman; Paul Nomura, Hawaii, and Nathan Fligstein, Manhattan, associates.

The spring banquet committee is to be headed by Margaret Kneer, Manhattan. Sherman Todd, Olathe, Irma Stalcu, Rumania, and Ruth McCammon, Manhattan, will be the program committee for the banquet, while the publicity will be handled by Marion Stiles, Jewell, and John Veatch, Manhattan.

Laura Ward, St. Joseph, Mo., together with Jean Lyon, Webster Groves, Mo., will prepare the menu, while Francis and Margaret Kneer will aid with the decorations.

The membership committee will comprise Roymayne Cribbitt, Parsons, chairman; John Ferguson, Bazine, E. A. Perez, Panama, and Stephen P. Das, India. The constitution committee will include Ruth McCammon, Manhattan, chairman; Miss Kneer, Veatch, and Salvador B. Della, Philippine Islands.

Dr. I. M. Kolthoff, head of the department of analytical chemistry in the University of Minnesota and national ex-president of the Cosmopolitan club, spoke concerning the hope of having an international convention in the near future. Dr. Kolthoff said that many European universities are in favor of combining their international clubs with those of the Cosmopolitan clubs in the United States.

However, because of the economic crisis and various conflicting political disturbances in their countries, this plan cannot get underway at present. Dr. Kolthoff is to speak in Pittsburg tonight.

Marje Blythe, Clovia, has returned to her home in White City because of illness.

COLLEGE LOOKS BACK ON YEARS SINCE FOUNDING

THREE-HOUR BROADCAST LAST NIGHT COMMEMORATES ANNIVERSARY

SEVENTY YEARS YOUNG NOW

President Tells of Dreams Come True For Kansas State—Dramatizations Are Featured Part

Speeches by members of the Kansas State faculty, singing by the glee club, music by the college band and orchestra, a dramatization, ringing of the college bell, and the blowing of the college whistle all went to celebrate the seventieth anniversary of Kansas State in the alumni radio program. It was broadcast over station KSAC from 11 o'clock last night until 2 o'clock this morning.

"Tonight an attractive matron, who is known to nine thousand graduates and to many thousands of other former students of Kansas State college as Alma Mater is celebrating her seventieth birthday," President F. D. Farrell said, in greeting. "By sort of a transmigration of her soul from Blumont Central college she came into existence on February 16, 1863. She had been conceived in liberty and she was dedicated to the ideal that people who work should also think."

Her Dreams Become Realities
"Her quaint notion that there should be college degrees in agriculture has become quite respectable. It has been adopted by such ancient educational dames as the University of Cambridge, and the University of Oxford, England. Her fantastic theory that college training in home economics should be provided for young women has been adopted by hundreds of her older sisters who seventy years ago sniffed contemptuously at her and her preposterous ideas. The same is true of her plans for college education in mechanic arts, now called engineering. Her outlandish dreams have become respectable realities. Her contemptuous sisters who came to scoff remained to imitate."

"And now, on her seventieth birthday we find her an attractive matron dealing liberally and sympathetically with her thousands of sons and daughters. Tonight she sends these sons and daughters her greetings and her benediction. Although she is celebrating her seventieth birthday she is not an old lady at all, she is seventy years young," President Farrell concluded.

"Seventy Years Is a Long Time"
"Seventy years ago today Governor Carney signed the legislative act that located Kansas State Agricultural college at Manhattan," said Dr. Julius Terras Willard, vice-president of the college. "My good friends have seemed fit to link with this annual observance some recognition of the fact that this completes the fiftieth year since my graduation and first employment on the faculty of the college. Fifty years is a long time; it seems so even to an old man, and to you youngsters it seems interminable. A recent wisecrack asserts that no one really lives more than fifty years, after that he just hangs around. According to that I have been just hanging around for the last twenty years."

Dramatizations Interpreted
A four-act play "Anniversary," added to the merrymaking. It was given at four intervals throughout the program. The scene opened in the year of 2003 in February 16 at Ray Viser's broadcasting station KSC2AD. There had been an invention which made it possible to pick up everything that had happened in the world from the beginning of time. The first thing they picked up was a football game between Kansas State and the University of Kansas, in 1933. At this game the Kansas State alumni who had been with the college for 25 years were recognized and each extended greetings to the alumni.

Happenings of the years long past were picked up until it was time of the Crucifixion of Christ.

A Great Record

Little did those cultured pioneers who characterized the little institution of Bluemont Central College, realize that they were starting one of the greatest institutions of learning in the country.

Now that Kansas State college is enjoying its seventieth birthday, let's stop our toll for a moment and look back, back into the history of a great college.

On February 9, 1863 the college was started. It was opened as a denominational school. The school operated until 1863.

The Kansas State Agricultural College was established under the authorization of an act of congress, approved by Abraham Lincoln, July 2, 1862, the provisions of which were accepted by the state legislature, effective February 3, 1863.

The college was located at Manhattan, February 16, 1863. The location in Manhattan was probably due to the fact that the property of Bluemont Central was offered as a gift. The agricultural college opened its first term September 1, 1863.

Since the beginning, back in our grandfathers' time, the school has had three high purposes. First, to give to the young people of Kansas a high standard of training in agriculture, engineering, home economics, general science and veterinary medicine. Second, to investigate thorough experiment stations, the industrial and agricultural problems of Kansas. And third, by means of extension division, to carry the benefits of the college to the most remote parts of the state.

And now the college is seventy years old—all of them have been hard years, but each making it a greater institution. One of which any state can be proud. The school has been a success.

Straight thinking citizens have been turned back to the state. The chief aim of the school has been accomplished—it has developed intelligent and effective leadership.

The past seventy years have shown progress. The past seventy years have a wonderful record—one which the citizens of Kansas look back upon and pride themselves in owning such a school as Kansas State College.

The Ideal Student

"The ideal student is always in revolt," says William Allen White. "A conforming student is a Bourbon to start on, who never learns anything new and never forgets anything old."

"Conformity is death to youth. Later in life youth will learn to conform with wisdom, but at the home plate, with the bat in its hand, before the bases are run, youth should be in revolt—free, on its toes, rarin' to go."

There is so much in college to contend with if the student would be unconforming. Practically all the influences which exert themselves on his life are those which destroy his individuality and make him of the common mold.

It is not the surroundings of college which urge a youth to revolt. College would put its impress upon him and make him one of many.

The courage and strength which enables him to overcome the obstacles against individualism show themselves in his character. They are what makes the ideal student.

The ideal student is usually not the best scholastically. He usually is not a leader in extra-curricular activities.

The individualistic turn of mind which forces him critically to analyze the institutions around him tend to destroy his reputation with the mass of the students, who are Mr. White's "Bourbons" personified.

But it is this critical analysis which makes him the ideal student.—Silver & Gold.

The Snooper

The annual Pi Phi bribe was held last night for the football players. All of the Purple horde donned their manly muscles and came to the grand camouflage.

Bob Zebold is gradually recovering from the effects of playing cowboy with George "Three Feathers in the Wind" Washington. Hobbiling along on crutches the Sig Alph rock-crusher is temporarily handicapped from his regular weekends. The expression of pain on his face scares little children and young Betas.

The above space is that which is regularly dedicated to the achievements of our glorious musical merry-makers—the Little German Band and the College Band.

Between halves at the game Wednesday the crowd was astounded to find two lonely dancers performing on the floor. It was not until after the struggles of the ballet had waxed very strong that the "female" members of the team was recognized as being none other than Marion Pearce, cross country trackman.

A certain Chi Omega beauty queen has been rushing Tri Delta pledges lately. After the Chi Omega asked the usual rush question, the Tri Delta pledge finally convinced the Chi Omega (Luella Graham if you must know) that she had found her hearts desire in Delta Delta Delta a semester before.

COLLEGE LOOKS BACK ON YEARS SINCE FOUNDING

(Continued from page one)

The fear that the world was coming to an end caused a panic. The day and all were saved with the discovery they had tuned in on a station operated by a crazy man who finally kills himself.

The cast was composed of H. Miles Hebrer, associate professor of public speaking; Kingsley Given, associate professor of public speaking; M. D. Olmstead, Perry; J. H. Barhydt, Hutchinson; D. Williams, Manhattan; Doris Harman, Sand Springs, Okla. V. Johnson, Manhattan, operated the sound effects.

Faculty Have a Part

The 25-year group were: M. F. Ahearn, head of the department of physical education and director of athletics; Prof. W. H. Andrews, department of education; Associate Professor Ina F. Cowles, clothing and textiles; Dr. J. V. Cortelyou, head of the department of modern languages; Prof. C. A. Dean, head physics department; Associate Professor Ina Holroyd, department of mathematics; Dr. J. E. Kammeyer, head of the department of economics; Dr. H. H. King, head of the department of entomology; Prof. J. O. Hamilton, head of the department of chemistry; Prof. R. R. Price, head of the department of history and government; Prof. B. L. Remick, head of the department of mathematics; Prof. Ada Rice, department of English; and Dr. C. O. Swanson, head of the department of milling industry.

The remainder of the program was devoted to short talks by the deans of the seven divisions of Kansas State in which they gave a resume of their division in the last seventy years. Other speakers included: Miss Jessie McDowell Lachir, registrar; alumni—Kenney L. Ford, Prof. R. L. Barnett, Dr. W. E. Grimes; Miss Grace Derby, assistant librarian; A. N. "Bo" McMillin, head coach of athletics, and Ralph Graham, captain-elect of the 1933 football squad.

Music was furnished by the college glee club, band, and orchestra. To make the program seem more realistic to the alumni the college bell and whistle could be heard throughout the two hour broadcast.

BABCOCK HEADS KANSANS

Dean Will Serve as Chairman for National Association of Mathematicians.

Dean R. W. Babcock was elected chairman of the Kansas section of the Mathematical Association of America for the year 1933 and 1934 at the annual meeting in Topeka last Saturday. His contribution to the program was a paper entitled "Some Properties of the Orthogonal Functions."

Other instructors to attend the meeting were Professor B. L. Remick, Professor A. E. White, Profes-

or W. T. Stratton, Associate Professors Emma Hyde, C. F. Lewis, W. C. James, Ina E. Holroyd, and R. D. Daugherty. Miss Holroyd was re-elected editor of the Bulletin of the Kansas Association of Mathematics Teachers.

STEEL ARRIVES FOR BARN

Only Weather Conditions Delay Completion of Dairy Building.

A shipment of structural steel and building equipment has been received for the new dairy barn, making it possible for work to go forward toward completion just as soon as weather conditions will permit.

A temporary halt has been necessitated during the last few days because of the extremely cold weather.

SPONSORED BY THE ROYAL PURPLE

The Mysterious Rope

EXPLANATION: The chair's rear left leg is made of tubing. A hole is bored in the stage and the chair is placed so that the tube leg is over it. An assistant pushes the rope up through the chair leg under the victim's coat.

ILLUSION: Some member of the audience is politely requested to sit down on a chair. The magician tells him that his coat seems to be bunched up in the back, and offers to correct it. Whereupon he pulls out a big coil of rope.

IT'S FUN TO BE FOOLED... IT'S MORE FUN TO KNOW!

Let's look at the cigarette advertising trick called "Heat Treatment."

EXPLANATION: All cigarette tobaccos are treated with heat. But it is not from "heat treatment" that a cigarette gets flavor and mildness.

Mildness, flavor, throat-ease—all come from the use of costly, ripe tobaccos.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, more expensive tobaccos than any other popular brand.

Camels have given more people more pleasure than any other cigarette. Smoke Camels, and enjoy the fine delicate flavor of costlier tobaccos.

ROLLED OATS

Spring—a bit of balmy, beckoning, breeze—Murphy, Pratt, and Wickham opening the seasonal festivities in a "Back to the Quarry" movement. Every Napoleon has his Wellington—but it takes a quarry hillside to down our boisterous bourgeoisie Pratt—who abruptly, and without warning in a perfectly ripping roll—left his fellow barristers, like startled fawns; gazing down into the pink abyss—that had once been the prosperous Pratt. The remaining two effervescent youths—Mordid Murphy and Moping Max, without hesitancy, but to no avail, formed themselves into an intent searching party—the return of the rolling rover is awaited with the greatest of anxiety and expectancy.

Then there is the attempted assassination of President-Elect Roosevelt—and the exodus of numerous elderly Phi Deltas (including the genial brother Larry) to Kansas City—both in facts of national importance and distinctly designated as disturbing elements.

Beta brutes behaving badly!

The far reaching power of our social lion Lutz revealed itself today—when the Sigma Nus nominated the Swedish star—Garbo—as their candidate for Sweetheart of Kansas State.

Two of our more frostbitten freshmen have with careful consideration, obvious observation, and profound thought—come gradually to the conclusion that, without a doubt, Esther Row is the Phi Delt house mother.

As the paper goes to press—the music has started—those who will provide the sobriety of the evening are present—and betting is two to one that Harry Hasler will never reach the dance.

Social Calendar

Friday, February 17
Y. W. and Y. M. party, recreation center, 8:00-11:30.

Saturday, February 18
College Club party, recreation center, 8:00.

Hamilton-Ionian Literary society, N77, 7:30-9:30.

Athenian Literary society, Athenian hall, 7:30-9:30.

Franklin Literary party, L58, Calvin hall, 8:00-11:00.

Sigma Phi Epsilon formal dance, Wareham ballroom, 9:00-12:00.

Monday, February 20
Horticulture club, H31, Dickens hall, 7:00-9:00.

Y. W. C. A. cabinet meeting, Calvin rest room, 7:00-8:00.

Chorus, college auditorium, 7:00-10:00.

Art Study group, John Heim, "Prairie Print Makers," Anderson 68, 7:30.

Alpha Delta Phi
Several girls at the house entertained with a rabbit supper Sunday evening. The guests were Carl Crane, Oswego; John Hartman, John Meyers, Pat Murphy, Swede

Holmquist, Bill Priestly, Wilbur Combs, Norris Meek, Lawrence Daniels, Jack Wiseman, and Kenneth Benjamin.

Lillian Munal, Memphis, Tenn., was a dinner guest Monday evening.

Kathryn and Rose Emma Holman were dinner guests Tuesday evening.

Ivonia Danielson was a dinner guest last evening.

Kappa Kappa Gamma
Alumnae who were guests Wednesday night at a Valentine dinner included Mrs. N. D. Harwood, Mrs. Robert Spilman, Mrs. Edwin Sayre, Mrs. L. E. Hobbs, Mrs. F. E. Fenton, Misses Ingovar Leighton, Helen Teichgraber, and Eolia Gilson.

The dinner was given in honor of Miss Helen V. Snyder, national field secretary, who is visiting the chapter this week.

Grace Umberger and Jane Stone drove to Topeka Tuesday.

Helen Louise Davis, Manhattan, is planning to leave soon for a month's visit in Los Angeles, Calif., with her uncle, John Tedrow, and his family. She will be within ten miles of Whittier college, where Margaret Chaney is attending school.

Alpha Gamma Rho

Dinner guests at the Alpha Gamma Rho house Tuesday evening was A. J. Mistler, Leavenworth; H. H. Lamborn, Leavenworth; and F. M. Coleman, Sylvia.

Alpha Gamma Rho announces the pledging of Alvin Mistler, Leavenworth.

Van Zile Hall

Dinner guests at the Valentine dinner Tuesday evening were Elmer Roberts, P. M. Bozarth, John Roberts, Geneva Marble; Fernie Henry, Elsie Gottschalk, G. L. Ellithorpe, William Davis, Ralph Van Camp, Lenore Converse, Elsie Miller, Veva Brewer, Kay Brewer, Eleanor Wilkinson, Dean Mary P. Van Zile, Rex Woodard, Harold Weathers, Norris Miller, Fernie Vesecky, Mildred Kratchvil, Myra Ogg, Winifred Wolf, Lenora Jones, and Imogene Hubbard.

Delta Delta Delta

Delta Delta Delta announces the pledging of Elsie Mae Musgrove, Fort Riley.

Lambda Chi Alpha

James Scott, Kansas City, and Collins Crum, Onaga, spent last week end at their homes.

Jerry Powell, Everest, and Leonard Pike, Milford, were guests Saturday and Sunday.

Marlen Steffey, Valley Falls, was a dinner guest Tuesday.

A Thursday evening dinner guest was F. E. Brenner, Waterville.

Farm House

Tuesday evening dinner guests were Wayne Herring, Tulla, Texas, Earl Parsons, and Frank Parsons, Winfield.

Farm House will entertain with a party at the chapter house Saturday evening.

Davies Give Tea

Mr. and Mrs. H. W. Davis entertained the members of the English department at 4 o'clock tea, Wednesday afternoon.

Phi Delta Theta

Jack Carter, Topeka, and Teddy Schrevel were dinner guests Tuesday evening.

Alpha Xi Delta

Alpha Xi Delta wishes to announce the pledging of Vera Thompson, Harveyville.

Beta Phi Alpha

Josephine Arnett, Clay Center, visited at the house last week end.

Alpha Kappa Lambda

Alpha Kappa Lambda announces the pledging of Frank Emerson and Alvin Ploger, Kinsley.

Reverend David J. Arnold of the

Christian church was the forum speaker for Wednesday night.

Dale Warter left Wednesday for Des Moines, Iowa, where he has a job.

Pi Beta Phi

Pi Beta Phi gave their annual banquet for the football men who made letters, last evening. The dining room was decorated with serpentine and many colored balloons. Those who attended the dinner were: Mr. and Mrs. Bo McDill, Swede Anderson, Oss Maddox, Ralph Graham, Emmett Breen, Dan Blaine, Tom Bushby, Dougal Russel, Hank Dalton, Wally Zeckser, Ken Harter, Harry Hasler, Neil Weybrew, Melvin Wertberger, Homer Hanson, Leland Shaffer, George Maddox, Lee Morgan, Shelby Neely, and Lloyd Michael.

Chi Omega

Miss Mary Clay Williams, Tulsa, Okla., chapter inspector, was a guest Tuesday, Wednesday and Thursday.

Dinner guests Wednesday evening were Dean Mary P. Van Zile, Dr. Mary P. Harmon, and Mrs. Marcia Throckmorton.

Genevieve Johnson and Louise Fenner will spend the week end in Kansas City.

Phi Omega Pi

Mrs. Walter Johnson and son, Manhattan, were guests Tuesday afternoon.

Mrs. Leona Hill, Manhattan, was a dinner guest Thursday evening.

Delta Tau Delta

Mr. and Mrs. Clarence Henry, Chicago, were guests Thursday evening.

Clark Kostner, Don Lacey, Donald Porter, Mike Oberhelman, Russell Smith, Don Isaacson, Harry Brandon, and Lawrence Reed will spend this week end in Lawrence and Kansas City.

SIGMA DELTA CHI ELECTS KEN HARTER

Professional Journalism Fraternity Holds Election of Officers.

Ken Harter, El Dorado, was elected president of Sigma Delta Chi, professional journalism fraternity, at their regular meeting yesterday afternoon.

Nelson Reppert, Harris, was elected vice-president; Harold Dendurent, Goodland, secretary; and Milfred Peters, Halstead, treasurer.

The outgoing officers were: Maurice DuMars, Agra, president; Ward Colwell, Onaga, vice-president; David G. Griffiths, Manhattan, secretary; and Franklin Thackrey, Manhattan, treasurer.

At the Theatres

AT THE WAREHAM

"Luxury Liner"

"Luxury Liner," a dramatic cross-section of life aboard a stamship will open today and tomorrow at the Wareham theatre with George Brent, Zita Johann, Vivienne Osborne, Alice White and other well known players heading its passenger list.

The film spills the drama of the vessel from steerage to first cabin, exposing intimate lives from Germany to New York. A harassed doctor, trailing his wife, who has eloped with another man; a powerful financier; a girl in steerage exploiting her own charms to get herself above decks; a dying mother keeping herself alive long enough to see her son in New York once more—these are among the many whose lives are dissected by the camera.

Brent as the physician and Miss Johann as his nurse find happiness after Brent's wife commits a murder and suicide.

AT THE DICKINSON

"Child of Manhattan"

This show isn't to be bragged about, but it won't exactly bore you to see it. It is a rather far-fetched love story that is somewhat based on the principle of "Back Street." Nancy Carroll is cute and you can't help liking her portrayal of the little Irish girl who had had no "bringing up" whatsoever. John Boles, as the wealthiest man in New York who falls in love with her, is the best he has been for some time. Buck Jones is another suitor who is typically the dumb-bell. However, you'll admire him.

The plot of the picture isn't any too good. A scion of an old New York family falls in love with a sweet little dance hostess who is entirely out of his class. And as all such stories go, he offered her everything but marriage and she asked nothing but love. Don't worry, it ends happily for everyone concerned. A mediocre show!

Helen Louise Davis, who attended school here last semester, is spending the rest of the winter in California.

LEGION TO BROADCAST

The American Legion will broadcast a half hour program by remote control over station KFBI at Abilene Saturday. The broadcast will start at 11:45 a. m. and last until 12:15 o'clock.

June Layton's orchestra will play. Dr. Hill and Lloyd Beach will speak. Fred Seaton will announce.

SWIM AGAINST NEBRASKA

Coach Moll Makes Tentative List of Varsity Team for Event Saturday

A tentative selection of members of the varsity swimming team who will meet Nebraska Saturday afternoon has been announced by Coach C. S. Moll. The list so far includes: J. F. Creed, Bartlesville, Okla.; C. C. Murphy, Clyde; C. W. Coombs, Leavenworth; W. M. Samuel, Manhattan; L. B. Izard, Carthage, Mo.; E. A. Perez, Panama City, Panama; O. G. Steele, Barnes; and George Garrison, Goodland.

The 1933 Husker squad holds a considerable edge over the Wildcats in most events, indicating that the Mollmen will have stiff competition

here February 18. Nebraska is noted for its strong swimming teams.

Events held will be the 220-yd. breast stroke, the 60-yd. free style, 400-yd. free style relay, 100-yd. free style, 150-yd. back stroke, 440-yd. free style, fancy diving, 220-yd. free style, and medley relay (100-yd. back stroke, 100-yd. breast stroke, and 100-yd. free style).

Miss Myra Scott, of the English department, will spend the week-end in Lawrence.

DAVIDSON GIVES TALKS

Attends Future Farmer of America Meetings

Professor A. P. Davidson has been attending a series of banquets conducted by the Future Farmers of America this past week. He was in St. Francis Tuesday, Goodland Wednesday, and Wakeeney Thursday. He gave a short talk at each banquet and showed slides of what can be expected of the Future Farmers of America.

COMING SOON—"THE SIGN OF THE CROSS"

Wooden soldiers in the war against decay

To conquer the forces of decay which attack telephone poles, scientists of Bell Telephone Laboratories carry on a relentless campaign.

They study many kinds of wood, test many preservatives. They isolate wood destroying fungi and insects—study them in the laboratory—search for a practical means of combating their attack. They have set out armies of stub poles in Mississippi, Colorado and New Jersey where altitude, climate and soil vary widely. At regular intervals they inspect these poles to learn which woods and preservatives are best.

Such scientific thoroughness is one reason why Bell System plant becomes more efficient each year. And why telephone service is so dependable.

70 YEARS, STEADILY AHEAD!

Kansas and the entire United States are to be congratulated upon having as their own this great educational institution, Kansas State College.

Founded in days of pioneer privation and hardship, it has forged ahead steadily, until now—70 years later—it stands as a great and living symbol of learning, the Alma Mater of thousands of grateful citizens.

Our Forefathers Built Wisely!

CHAPPELL CREAMERY

1863 Kansas State College 1933

When the College Was Only 24 Years Old Away Back in 1887

When Bluemont College gave to the state of Kansas its property at Manhattan, Kansas, it gave to the commonwealth a child whose fanciful dreams were to become successful realities in progressive education.

The school opened as the Kansas State Agricultural college on September 1, 1863, in the Bluemont college building. Most of the work of the college was moved to the present site in 1873. The original arch of Bluemont is preserved

in the gallery of the new library, built in 1923.

On March 5, 1931, the name of the college was changed to the Kansas State College of Agriculture and Applied Science.

That college, which on February 16, 1933, celebrated its seventieth year of existence, was, in the words of President F. D. Farrell, "conceived in liberty and she was dedicated to the ideal that people who work should also think . . . Her outlandish dreams have become respectable realities."

Congratulations

on your 70th Birthday, Kansas State

It has been a pleasure to serve you
and we hope to continue.

DEADLINE!

For Individual Pictures in 1933 Royal Purple—Tomorrow

Saturday, February 18

If you want your pictures in organization or class sections, please make your appointment today. Remember to make your appointment in the Royal Purple office at once, if you want your picture in the yearbook.

THE KANSAS STATE COLLEGIAN

Volume XXXIX

The Kansas State College of Agriculture and Applied Science, Manhattan, Kansas, February 21, 1933

NUMBER 39

SWEETHEART FOR THIS YEAR TO BE CROWNED TONIGHT

PRESENTATION OF ROSES AT 11:30 WILL SIGNIFY CHOSEN GIRL

FOUR NEW NAMES ADDED

Seventeen Are Now Candidates for Honor of "Most-Sought" on Campus—Royal Purple Is Sponsor

Sweethearts! Here they are! Seventeen who have been recognized by fraternities on the hill as being beautiful and charming enough to be the one and only Sweetheart. Tonight, half an hour before the Sweetheart ball is over in the Wareham ballroom, the one who thrills the most hearts will be crowned the Kansas State Sweetheart. Even George Washington must yield honors to this queen who will reign supreme.

In addition to the thirteen names published Friday, these four have been added: Donalda Keeney, Lucas, a freshman Chi Omega; Margaret Mary Reddy, Baxter Springs, a junior Chi Omega; Edna Pearl Willis, Leoti, a sophomore Chi Omega; and Ethel Fairbanks, Manhattan, a sophomore Alpha Delta Pi.

Other nominees are Miriam Clark, Iola, a sophomore Pi Beta Phi; Leora Light, Liberal, junior Delta Delta Delta; Doris Dalton, St. George, freshman Delta Delta Delta; Ione Hill, Harper, freshman Kappa Kappa Gamma; Eugenia Ebling, Lindsborg, senior Pi Beta Phi.

Merrideth Manion, Goodland, junior Delta Delta Delta; Jane Harmon, Manhattan, freshman Kappa Kappa Gamma; Floye Roague, Havensville, sophomore Kappa Kappa Gamma; Geraldine Hammond, St. John, freshman Delta Delta Delta; Verna McAdams, Parsons, senior Pi Beta Phi; Rowena Johnson, Ft. Scott, junior Delta Delta Delta; Alice Kimball, Manhattan, junior Alpha Xi Delta; and Ethel Eberhart, Topeka, senior Beta Phi Alpha.

Preceding the crowning, June Layton's Varsity Club orchestra will play a medley of fraternity sweetheart songs. At 11:30 Steve Sescosky, business manager of the Royal Purple, will present the chosen Sweetheart with a bouquet of roses. A sweetheart song written for the first Kansas State Sweetheart will be dedicated to the 1933 Sweetheart. A full page picture of the winner will appear in the 1933 Royal Purple.

Everyone attending the ball will have the privilege of voting. The dance will be formal for women.

DOZEN STATES WERE TUNED TO PROGRAM

Radio Station Hears From Canada, Too, on Founders Day Broadcast

"Program coming in fine" has been received by station KSAC from seventeen states and Canada for the Founders Day broadcast last Thursday night. Messages have thus far been received from New York, New Jersey, Wisconsin, Massachusetts, Michigan, Connecticut, South Dakota, California, Pennsylvania, Ohio, Maryland, New Hampshire, Nebraska, Missouri, Tennessee, Colorado, Illinois, and Canada.

Most of the letters received since the broadcast are from broadcasting stations, although a few were from alumni of the college.

"HEART SISTERS" REVEALED

Kappa Phi Mystery Pals Will Hold Party Tonight

A mystery will be solved at the Kappa Phi "heart sister" party which will be held at 7:30 tonight at the home of Rev. B. A. Rogers, 1630 Osage.

The time has come for the secret to be revealed and Kappa Phi members who have been receiving candy and mysterious little messages every day during the past two weeks will learn who the persons responsible are.

The committee in charge of the affair is: Edna Fritz, Marcia Conrad, and Margaret Van Orsdel.

SERVE FACULTY DINNER

The faculty members of the division of home economics had a dinner at the college cafeteria last evening. The dinner was prepared and served by the students in the Institutional I class.

It's All In The Life Of Young Bridegrooms Aufer Has Concluded

Elden Aufer, Kansas State ex-athlete and of more than local fame, received a taste of what national heroes must put up with.

Calling at the Liberty Junior high school in Hutchinson to bring his bride, the former Miss Mildred Purcell, to Manhattan for the wedding, the well-known athlete was approached for a hand shake by numerous eager youngsters who were having a party for their departing teacher.

When the couple got in the car, a small girl ran across the street and cried enthusiastically. "Mr. Aufer, I've shaken hands with you eight times and I would like to make it ten. Shake." He shook—twice.

OTHER SIDE OF FENCE IS THEME OF ASSEMBLY TALK

President Farrell Will Discuss Pastures That Always Seem Greener Across the Fence

"Green Pastures" is the subject of the address to be given by President F. D. Farrell at the student assembly this morning. Miss Alice Jefferson and Miss Clarice Painter, professor and assistant professor, of the music department, will give a duo-piano number.

President Farrell chose "Green Pastures" as his title because of the proverb "Distant pastures are always greener" and "The grass is always greener on the other side of the fence," both common sayings with rural people.

"College students and graduates are often regretful," said President Farrell. "Some regret having gone to one college instead of another, others for completing in one course instead of another."

Dr. C. V. Williams of the department of education, will speak at the next student assembly, Tuesday, February 28.

"WILDCAT COURT PLAY PLEASURES" SAYS COACH

Corsaut Also Adds That the Enthusiasm and Sportsmanship of Crowds is to be Commended

Kansas State has played excellent basketball on its home court when one considers that they have won seven out of eight home games losing only to Oklahoma. It is hoped to make the outcome of the season, as far as the home games are concerned, eight out of nine after the Kansas university game which is scheduled for Saturday night, February 25.

Breen's night, the Monday night when Kansas State played Nebraska; and Dalton's night, Wednesday night when we played St. Louis university, ended in victory for the Kansas State court team. February 25 is Skradski's night and it is hoped that again the Kansas State basketball team will be victorious. Breen, Dalton, and Skradski will on that night play their last basketball game for Kansas State.

This week the team is putting in stiff practices getting in shape for the Kansas university game.

"I am very much pleased," says Coach Corsaut, "with the enthusiasm shown by the crowds at the home basketball games; also well pleased with the loyalty and enthusiasm shown by the members of the basketball team."

WEIGEL A SALINA SPEAKER

Architect Discusses Domestic Phase in America

"Domestic Architecture in America" was the subject of Prof. Paul Weigel's lecture before the Salina Art association last Saturday afternoon. While in Salina Professor Weigel attended a conference held in connection with the Kansas State Federation of Art, of which he is president. Tentative plans were made for the annual meeting of the federation in April.

RECITAL POSTPONED

Because of the illness of Miss Gene Maurits, soprano, the faculty recital which was to have been given Thursday night by Miss Maurits and Prof. Richard Jenson, organist, has been postponed.

FETE FOR CONGREGATIONALS

"Hatchets, cherry trees and everything" are promised for the Washington's birthday party for Congregational college students this evening. The party will begin at 7:30 in the north parlors of the church building.

THREE LENGTHY PARTS REPLACE ORPHEUM SKITS

MINSTREL, BURLESQUE AND ONE-ACT PLAY FOR THIS YEAR

REHEARSALS UNDER WAY

Important Persons on Hill Will Play in "Cabbages"—Women's Glee Club to Sing Sayre's Composition

The annual Ag-Orpheum will be held in the college auditorium the night of March 3 and 4. Harlan Rhodes, Manhattan, is manager of the production this year, and H. Miles Heberer director.

The plan of presenting the Orpheum this season is a radical change from those in the past. In former years, the production has been composed of several short stunts put on by fraternities, sororities, and other organized groups. This year the program consists of three parts in which a vaudeville idea is being carried out. The entries in the program this season are non-competitive.

The program as it is now outlined consists of a minstrel, a comedy burlesque, and a one-act play.

The minstrel is being directed by L. G. Langston, Hutchinson. The burlesque is being sponsored by the women's glee club. It is an original production written and composed by Edwin Sayre, associate professor of music. The production is burlesque on musical operettas.

The other part of the program will be a one-act play entitled "Cabbages." It is a farce-comedy affair and the cast will include several prominent stage names as well as several students. In the cast will be found Mary Myers Elliott; R. W. Babecek, dean of the general science division; C. M. Correll, assistant dean of the general science division; and Lyle Downey, associate professor of music and director of the college band and orchestra.

Music between acts will be furnished by a selected orchestra directed by J. C. Slechta, East St. Louis, Ill. This orchestra will also furnish music for the minstrel show.

Admission for the production will be 25 cents. First rehearsals for the production were held last night.

DIME DANCE PLANNED FOR TOMORROW NIGHT

Washington Birthday Event Will Begin at 8:30 in Rec Center

Another Y. M. C. A.-Y. W. C. A. dime dance is scheduled for Wednesday night, from 8:30 till 11:30 in recreation center of Anderson hall.

Entertainment in the form of games and dancing is planned for the evening's program. Harold Higginbottom's reproducing outfit will be used to furnish music for dancing. Inasmuch as the mixer is scheduled for the night of Washington's birthday, a large crowd is expected to attend.

LIBRARY OFFERS SAVING

Affords Enjoyment and Improvement, Davis Tells Radio Fans

Prof. H. W. Davis gave a radio talk on the national affairs program, Wednesday noon, in which he discussed the practical use of libraries, especially in this too well-known depression. According to Professor Davis, those who are forced to be idle can put their spare time to a use which will be profitable to them, later on, in dollars and cents. Or, if they prefer, they can use the library merely for enjoyment; they will still profit, because they will save money that might otherwise be spent for diversion.

HOLD INTER-SOCIETY PARTY

The Inter-Society council will have a dime party and dance this evening in Recreation center. Special entertainment will be given during the intermission, with Ray Stremel in charge. The party is scheduled from 8:30 to 11:30.

CAN GET DIRECTORIES

Students who were not in school the first semester can get student directories by applying at the Y. M. C. A. office. It was announced yesterday by the student council.

ILLNESS DELAYS PROGRAM

Miss Painter Unable to Take Part in Radio Broadcast

Because of the illness of Miss Clarice Painter, the two-act program which Miss Painter and Miss Alice Jefferson were to have broadcast on the young people's hour Wednesday night was not given. Prof. Charles Stratton was the soloist.

THREE LEAVE SCHOOL

Three students of the general science division have dropped school since the beginning of the second semester. They are: D. O. Kent, Monroe, Michigan; John Boettcher, Holton; and O. D. Moore, Byers.

Marje Blythe, White City, is at home with the measles.

PARTY FOR CONGREGATIONAL

His Talk on Prairie Print Makers Is Open to Public

Prof. John F. Helm, Jr., will speak before the art study group of the American Association of University Women on Monday evening at 7:30. His subject will be "Prairie Print Makers." The meeting, which is open to the public, will be held in room 68, Anderson hall.

THOMPSON AT FORUM TODAY

Luncheon Meeting in Thompson Hall Third of Discussions on Economics

The third of the series of student forums will be held this noon instead of Wednesday at 12:25 in Thompson hall. "Is Easy Money the Way Out," is the subject to be discussed by Prof. Ray Thompson of the economics department. The reason for the change in dates is on account of Wednesday being a holiday.

The fourth of the student forum series will be held on Wednesday, March 1, when Omar Ketchum, mayor of Topeka and president of the Topeka Trade council with speak on "Organized labor as a depression cure."

The next speaker in the series will be Wisner d'Hoot of Amsterdam, Holland, who will speak on March 8. Mr. d'Hoot is traveling secretary of the World Christian Student federation, and the subject of his speech will be "Problems of Disarmament."

The last speaker scheduled on the series will be Professor W. E. Grimes, agricultural economist, who will speak March 15 on "Coming Out of the Depression."

CAMP DRAMA STUDIED

Girl Scout National Officer Offers Course On Campus This Week

A course in simple campfire dramatics, with Miss Ann Roos, member of the national training staff of the Girl Scouts, as instructor, is being offered by the department of physical education for women.

The meetings for the course, which is open to junior and senior women, faculty members, and townswomen, will be held every afternoon at 4 o'clock and every evening at 7 o'clock all this week.

The fee for the entire course of 10 meetings will be one dollar and it is yet possible to enroll by attending today.

Miss Roos will lecture on simple dramatics suitable for use in summer camps, playgrounds, and schools as well as recreation groups.

HILL TOASTMASTER FOR ABILENE MEET

Interclub Gathering of Kiwanians Will Be This Evening in Hotel Sunflower

Dr. H. T. Hill of the public speaking department will act as toastmaster at a Kiwanis interclub meeting in the Sunflower hotel at Abilene this evening.

Dean William Irwin of Washburn will be the speaker. Tom Groody's German band will furnish the music. Members and their wives from the clubs in Salina, Abilene, and Concordia are expected to attend.

Groody's band will broadcast over KFBI this evening from 6 to 6:15. Members of the band are: Groody, Bill Pritch, Max McCord, John Abbott and Thurman Mathias.

WRESTLERS BEAT SALINA

Win All First Places With Aid of Six Falls

Kansas State matmen won six falls and two decisions at Salina last Thursday and defeated Kansas Wesleyan 36-0. This was the first meeting of the two schools on the mat. Of the exhibition matches Kansas State won one contest and Kansas Wesleyan the other.

PAN-HEL TROPHY IN BRONZE

Scholarship Award to Be Presented Winning Sorority in Two Weeks

A bronze statue of a young woman, typifying the ideals of college womanhood, is the new scholarship trophy of the Senior Women's Pan-hellenic organization. The statue, which stands about eighteen inches high, was designed by Bruce Moore of Wichita, and cast in bronze by the International Art Foundries, New York City. The pedestal was made in the college shops under the direction of Prof. W. W. Carlson.

A metal plate on the pedestal bears the inscription: "Women's Pan-hellenic Scholarship Trophy," and on this plate will be placed the name of the sorority whose active chapter has the highest grades for both the first and second semesters of last year.

The trophy will be presented in about two weeks, and will then be placed on exhibition in recreation center for a month. Later a permanent location will be chosen for it.

The previous scholarship award, a cup, has been based on the grades of active chapters for the spring semester and the following fall semester, and has been presented by the Manhattan City Pan-hellenic organization.

It is expected that the new trophy will serve not only as a recognition of scholarship in achievement, but will also stimulate scholastic efforts among the member organizations of Senior Women's Pan-hellenic.

NEW THOUGHT GROUP WILL HEAR LYON FIRST

Problems in Philosophy, Science and Religion Will Be Studied

"Beyond the Frontiers of Physics," "Mind" will be discussed by Prof. Erich R. Lyon, of the physics department at the Westminster Inquiry club, Tuesday, February 28.

This new campus group of 20 members was organized recently by W. U. Guerrant, Presbyterian student pastor, for students interested in the latest developments in philosophy, science, and religion. The organization, of which Gene Hobson, senior, is president, will meet the fourth Tuesday evening of every month at 315 North Fourteenth street.

A talk by a leader in one of these fields, an open forum discussion and a brief social period will feature each meeting. Some of the subjects to be discussed are: "Is Religion Essential?", "An Adequate Philosophy of Life," "The Oxford Group," and "Humanism."

MATH CLUB MEETS TODAY

The Mathematics club will meet this afternoon at four o'clock in A73. Professor A. E. White will discuss the subject "The Normal Curve."

Students in mathematics and in education will be interested in the treatment which may be readily understood. Faculty members working in physics, chemistry and biometry or any other subject using statistical treatment are cordially invited.

KNOWS FARM KITCHENS

A four-page circular is being issued by Prof. Walter G. Ward, to be called "A Convenient Kitchen for Kansas Farm Homes." It is being sent to the farm homes as a suggestion for the modern farm kitchens.

M'CORD IS HIGH MILITARY MAN FOR SEMESTER

BEESON, REED AND NIEMOLLER APPOINTED MAJORS IN R. O. T. C.

'APTITUDE' IS RECOGNIZED

List of Appointments for Spring Semester Is Released by Department Honoring Students of Ability

Appointments of R. O. T. C. officers for the spring semester have been announced by the military department.

These new officers are chosen because they have shown special aptitude in military training.

H. H. McCord, Jr., Manhattan, was named lieutenant-colonel, the highest rank in the R. O. T. C. to which students are eligible. Three men were appointed majors: C. J. Beeson, Wamego; E. H. Reed, Norton, and Arthur B. Niennoller, Wakefield.

Others appointments were as follows: captains—D. W. Wyatt, Stockton; Lynn N. Berry, Manhattan; Albert K. Bader, Junction City; G. D. Ferguson, McPherson; B. E. Hammond, Salina; W. R. Roberts, Manhattan; W. A. Sells, Effingham; Marion R. Stiles, Jewell; and Rex V. Woodward, Medicine Lodge.

First lieutenants: J. W. Householder; D. W. Dixon, Norcatur; D. H. Woodman, Manhattan; Floyd N. Kennedy, Anthony; and Jack G. Going, Topeka; second lieutenants—Edward L. Broghamer, Wilkes Barre, Pa.; Archie French, August, Ia.; C. D. Chalmers, Granton; Donald G. Gentry, Manhattan; John L. Hartman, Omaha, Neb.; Louis E. Hay, Clay Center; Ralph G. Hendrickson, Manhattan; H. C. Hibbs, Osborne.

William C. Lacy, Everest; Arthur R. Munns, Kansas City; C. N. Palmer, Kincaid; James C. Ruauards, Manhattan; Ben A. Sellers, Albert E. Siler, Garden City; William P. Simpson, Salina; J. E. Veatch, Manhattan; W. T. Walters, Manhattan; Orvitt M. Wells, Syracuse; Richard O. Hashagen, Leavenworth; C. E. Hughes, Stockton; Edward G. Kelly, Manhattan; and Charles H. Lockhart, Junction City.

ACKERT TO SPEAK AT K. U.

Zoologist's Subject Concerns Chicken Parasites

Dean J. E. Ackert, of the division of graduate study and professor of zoology, will give an illustrated lecture before the Zoological club at the University of Kansas, Tuesday evening. His subject, "Host-Parasite Relationships of Chickens and Their Intestinal Worms," is taken from his many years of investigation of the subject in the agricultural experiment station.

While in Lawrence, Mr. Ackert will also attend the conference of officials who are interested in problems pertaining to graduate study.

SEVEN IN POULTRY COURSE

Were Here Last Week to Learn Best Methods for Success

The seventh annual poultry short course opened Monday, February 13, with seven students attending. Last year about 15 took advantage of the course, which is designated for those who contemplate engaging in the poultry business or for those who are already so occupied and who wish to add to their knowledge of the latest and most successful practices in this field.

Those enrolled were: Edward Stinson, Lawrence; Richard Timcomb, Oberlin Park; J. C. McGann, Winfield; Vern Koepke, Herington; W. A. Smith and T. A. Carnahan of Manhattan.

Each day was devoted to certain phases of the poultry industry. Monday, the lectures were concerned with judging and breeding, with actual practice in the afternoon. Tuesday, incubation and brooding methods were discussed. The program for Wednesday included feeds and feeding and for Thursday, housing and equipment were the topics. Friday, sanitation and parasites were covered and Saturday, the last day, was devoted to a discussion of management and marketing problems.

R. C. Jensen, Herington, spent the weekend visiting friends in Washington.

So Starve We All If Feasting on Luscious Mushrooms Is Typical

It isn't all orange juice and dry toast for the dieticians (not dietitian, either)! Sometimes it's steak and mushrooms! And that when the common herd is enjoying its Irish pig and potatoes!

There's really no need to make moan for the Chi Omegas whose new semester resolutions turned toward smaller and better waists. Instead of pinning their lives away on butterless rolls (because of those rolls of fat of their own) they dine in high style at their very special "diet table." None of those horrid fattening foods appear there to augment that future shadow. But they don't starve.

They have even been known to find their way to an Aggieville drug store, there to enjoy their portion of cokes and even some candy. "Starving" is not so bad—when you starve on mushrooms!

INTEREST GROUPS OPEN SPRING MEETING SERIES

Thursday Night Gatherings Are First of Six Y. W. C. A. Affairs

"About Ourselves," "Jobs For Us," and "International Questions" are only three of the interest groups scheduled on the Y. W. C. A. program to start Thursday, February 23. Other groups are "Modern Books," "Modern Art," "Dramatics," and "The Life of Jesus."

The interest groups will meet from 7:15 to 8:15 each Thursday evening for the next six weeks.

The interest groups for several years have proved to be the agency to help women students correlate isolated facts picked up in the various class rooms, to evaluate them and fit them into their living and thinking. The Y. W. C. A. campaign for membership last October ended with 500 of the 800 enrolled women students on the Y. W. roster. The majority of the members are active in some division of the interest groups.

Directors and place of meeting for the groups are: "About Ourselves," A 67, Viola Barron; "Jobs For Us," L 26, Frances Rosser; "Dramatics," L 27, Esther Widdow; "Modern Books," L 58, Sue Irons; "Modern Art," A 55, Ruth Langenwalter; "International Questions," A 36, Barbara Lautz; and "The Life of Jesus," A 36, Evelyn Braden.

In the Thursday evening meeting of the Modern art group, Maria Morris, associate professor in the art department will discuss "Costume Design in Art."

AHEARN AND BABCOCK ON OPPORTUNITY HOUR

Outstanding Students in Various Activities Will Be Introduced

The second of a series of 16 KSAC radio programs, known as the young people's opportunity hours, will be presented on Wednesday night, February 22. M. F. Ahearn, athletic director, will tell of "The Place of Athletics in College" and Dean R. W. Babcock of the division of general science will speak on "The Division of General Science and Your Life Work."

Music will be presented by members of the department of music and prominent students of the college will speak.

E. L. Holton, dean of summer school, told of "Advantages of Attending College at the Present Time," at the first of this series of radio programs, given Wednesday night.

The introduction of outstanding students of the college is the new feature of the programs introduced this year by Prof. F. E. Charles of the department of industrial journalism department. Miss Margaret Glass, Manhattan girl who won the grand championship in the dairy division of the Little American Royal during Farm and Home week was introduced Wednesday night with Boyd Cathcart, Winchester, winner of the animal husbandry division of the contest.

Piano solos were given by Charles Stratton, department of music, and Miss Maria Morris, assistant professor in the art department, spoke on "The Art Curriculum and Its Responsibilities."

KITSELMAN RETURNS

Veterinary Instructor Back From Inspection Trip

Dr. C. H. Kitseleman, of the department of veterinary pathology, has returned from an animal disease investigation trip through central Kansas. Towns he visited and at which he inspected pathological conditions were Colby, Norton, and Rexford.

ONLY THREE ARE CANDIDATES FOR YEARBOOK STAFF

HARTER, REPPERT, PARKER SEEK POSITIONS FOR 1934 ANNUAL

FERNE VESECKY TO BOARD

Election of Be Unnecessary If Royal Purple Board Approves Applicants Without Competition

With only three students making application at the deadline yesterday for positions on the staff of the 1934 Royal Purple, it is probable that the three will be selected for the offices without further preliminaries and without the necessity of an election.

The three applicants are: For editor, Kenneth Harter, IJ3, El Dorado; for business manager, H. Clay Reppert, IJ3, Harris; and for secretary treasurer, R. L. Parker, Ag2, Kansas City.

At the same time that announcement was made of the applications received, it was revealed that the student council had temporarily appointed Ferne Vesecky, IJ2, Kansas City, Kans., to membership in the Royal Purple board, filling the vacancy left by the resignation of R. L. Parker some time ago.

The Royal Purple board is composed of two faculty representatives and three students who are appointed by the president of the student council. An appointment to the board by the student council is effective until a vacancy is caused by dropping from school or graduation. Parker was appointed to the board by Adolph Fraba; '32, in February, 1932.

We're Ready for Sunday Shows

The Sunday show issue has arisen in Manhattan again and this time it appears as a fight to the finish. The showmen say "We're right," and Manhattan's much-discussed welfare board says "We're right."

The welfare board is trying to uphold what is often termed as the law while the theaters are fighting for their rights as business concerns.

The problem isn't a new one. The case has come up in almost all cities in the state. It has come up before in Manhattan and the welfare board won out after the theaters had met the terms issued by the board. This time one theater opened after being warned against opening by the board. The case is in the air now and what will happen is yet to be seen.

The question will be settled and to settle it once and for all would be to permit the theaters to open their doors on Sunday's as well as any other day in the week. Times have changed. The people have changed and it is not with lack of information that we say that the people of Manhattan would gladly favor the opening of theaters in Manhattan on Sunday.

Manhattan is the largest city in the state of Kansas that does not have Sunday shows at the present time. Some have been running for only a short time while others have been operating on Sunday for several months. A large percentage of the towns in Kansas now have Sunday shows. It has been a gradual transformation because of the archaic laws on the statute books of the state that makes shows on the sabbath unconstitutional. Recent court rulings have paved the way for the opening of the shows that now operate but the law still remains on the state books. The supreme court of Kansas ruled recently that an injunction can not be brought against shows that operate on Sundays.

The court ordered does not apply in Manhattan because of the welfare board. The official title of the board is the City Board of Public Welfare. Its duties are what the name implies. But the work of the board is largely centered in regulating theaters and dances. The members of the board are appointed by the mayor of the city and their term of office is indefinite. As far as is known, the positions on the board are not remunerated. From all available information, the welfare board is the only one of its kind operating at the present time in Kansas in any city of first or second class.

The welfare board is also having its troubles. It cannot sanction Sunday shows without failing to comply with the oath with which they accepted the position. The necessity of the welfare board is questionable. The work of the welfare board is needed but modern ideas could be adopted and modern people pleased.

In the interest of persons desiring shows as their Sunday entertainment, several petitions have been circulated in the city. Less than half of the city has been accosted with the petition and more than 2000 signatures have been offered. A hasty glance over the petitions will bring to light the signatures of 70 business men—not employees, but owners of Manhattan's leading business establishments—not all of the business men, of course, but a fair and definite representation. Only in one instance were college students allowed to sign the sheets. Less than 100 student signatures appear on the lists. The welfare board has never inspected the petitions. They will not recognize the names listed as a fair representation.

Possibly you will ask why the theaters are so persistent in their demands for Sunday shows. This question is one that has answered itself in the past few years by the attendance at the performances. In the theater business, it is a custom to offer the week's best entertainment during the first few days of the week. The business in Manhattan theaters has been on the downgrade in the past because people are going to Sunday shows elsewhere. Shows are operating in nearly all cities surrounding Manhattan and if people want to see a show, they will drive to see one. They will spend more than if they stayed in this city but that is only money out of the pockets of Manhattan interests. A random count of automobiles surrounding the theaters at three cities close to Manhattan several Sunday's past netted \$30 Riley county cars.

Sunday is the day when people want their entertainment and Sunday shows are a logical solution. If they are not fit for showing on

Sunday, they should not pollute the minds of the public other days in the week. People want shows on Sunday. They should have Sunday shows. They will have Sunday shows eventually. Now is a good time to satisfy the public and at the same time give the theaters a chance to meet out-of-town competition.

Ballyhooed Technocracy

Since the promulgation of Technocracy a few months ago, people have learned why Christopher Columbus had such a hard time convincing his contemporaries that the world was round. Now, as then and apparently as it will forever be, new discoveries and philosophies have received a cold welcome into a skeptical world, composed of people who rebound from anything that would alter the present order. Technocracy has received such a welcome. It came before the public eye heralded by the press and over the radio in a blaze of noisy ballyhoo, and having risen to artificial heights, it is now marching out to the tune of criticisms by educators and statesmen.

The present thing known as Technocracy is a kind of Columbia University, formerly the seat of Technocracy, has parted ways with leading Technocrats and research in Technocracy is now being carried on mainly by private individuals rather than by educational institutions. This does not mean that the principles embodied in Technocracy are all wrong. In fact just the opposite may be true, perhaps so true and so revolutionary that Technocracy may in time uproot all orthodox economic theory. Cannot the attacks which noted professors are directing against Technocracy be a defense of the things they have been teaching? It would be quite a disillusionment to many professors suddenly to find out that what they had been believing for over thirty or forty years was misleading. Some of the principles of Technocracy, if proven, would do just that.

The Technocrats have learned at last one lesson. A new economic theory or philosophy is not like a new model automobile or a new cigarette which must be put before the public as loudly and as prominently as possible. If Technocracy has new principles they must be accepted as part of an evolutionary process which will extend over a period of years. Skepticism is a human characteristic which must always be overcome before people will consent even to try to understand anything that is new. In the meantime Technocracy of the ballyhoo sort will experience its exodus and remain as the subject which gave the newspapers and magazines something to write about after the 1932 presidential election.—Florida Alligator.

The Snooper

Who is "H. C."? Swede Lutz has been diligently searching here and there for the innocent young maiden who belongs to those initials. While sojourning in Salina on a worthy cause the past week-end, Swede received a special delivery letter which read: "Here I am sitting at home. I knew you were in a slight daze when you made the date, but I thought you'd come through. I should have taken Mother's advice—never trust a man, especially a Swede. (signed) H. C. Well, girls, when you enroll next semester take that three-hour lab course called "learn about men from Lutz."

The Coat and Hat exchange sponsored by two organizations of scholastic fame had its annual party last Thursday with Walt Bell officiating. Those who bet two to one that Harry Hasler would not be there lost their money; he arrived rather late but he still ran Doc Mathews, George Boone, and Swede Lutz a close race.

It is rumored that Wayne Amos had a slight mishap the other night in the Palace. For further details call Roberta Dowie at 4415.

The Betas will move in a body from 500 Sunset to the Wareham hotel for their annual get together. Tea and soda crackers will be served. Those who lost money on Harry Hasler might win it back on Harry Miller.

Kansas State students again expressed their desires for Sunday shows in Manhattan by their large attendance at a downtown theater last Sunday. The welfare commission, a branch of fossils apparently formed in the Paleozoic era has threatened to close the show house for this action. Such observance of the Sabbath went out when the automobile came in. In the good old days the "children" stayed at home while the father went to the saloon; now father stays home while the children go to the speakeasy. "Have Sunday shows and keep your children out of the speakeasy."

And now we know that at least one horse-shoe x female is not at home for a certain man-about-town. Upon dialing 4415 and asking for said member of the weaker sex, she was heard to say, "If that's—again, I'm not at home." But it wasn't Brother Blank calling so she answered the phone.

With the recent publishing of Steel Ring's "Intake & Exhaust", the Snooper was covered in shame. Its cruel and cold exposures so burned some of the orafs (pardon, professors) in the engineering division that the body of the Snooper turned green with envy (either that or gangrene).

Kansas State students who have been unflinching in their pursuit of an education since the first semester grades were issued will readily welcome the vacation tomorrow. This vacation is to honor the memory of four nation's first president. Great men have come and gone. (Scrooge, Martin, Mark Dab, and others) but our great national hero still lives on in the hearts of his countrymen. To celebrate the occasion flags will be waved and—this could go on forever but what's the use because most of us will spend the day in bed.

At the Theatres

AT THE DICKINSON
"State Fair"

This is one true-to-life picture for a change and it is outstanding. It has universal appeal. This cinema production is heralded by critics as one of the screen's foremost accomplishments, and you'll agree that it is.

The star cast includes two new romantic combinations—Janet Gaynor and Lew Ayres and Sally Eilers and Norman Foster. But the show would not be complete without the inimitable Will Rogers who, in the character of Farmer Frake, portrays one of the finest roles of his career. Louise Dresser, as the mother in the story, does some brilliant acting, also. This realistic picture concerning the life of the Frake family at the state fair is superb. By all means don't let this get by without your seeing it.

AT THE VARSITY
"What! No Beer?"

This is the newest in propaganda films. If you've never wanted beer to come back, you'll vote to get it now after you see this thirst-arousing comedy. It's short and snappy after it once gets started. There are plenty of good laughs, too.

Jimmy "Schnozzle" Durante and Buster Keaton share the acting honors. Keaton with his everlasting dumb look and Durante with his proverbial "hotcha cha cha" are as silly as ever. From taxidermist and barber they advance to national heroes as they bring back the old-time "real" beer. Congress must have seen this picture!

"State Trooper"

Wrap up four of the most malicious, leering arch-villains of the screen into one package, toss them into a motion picture and you'll have a screen play that fairly crackles with treachery and action.

That's exactly what happens in the Columbia thriller, "State Trooper", a romantic melodrama now at the Wareham theatre which not only lists a handful of the greatest

"leerers" among its cast but also throws in three fights, a rescue, a bombing, and, for good measure, the picture also has a strong love story.

Romantic love interest in the production is ably taken care of by Regis Toomey and Evelyn Knapp. "State Trooper" is an engrossing, fast-moving melodrama of a ruthless gasoline price-fixing war. It portrays the difficulty and extremely dangerous feat of transferring a fainting girl from a speeding, heavily-laden gasoline truck to a similarly speeding motorcycle sidcar. A thrill in every flicker.

ADVISES AGAINST PHILIPPINES

Mrs. McGarraugh Says Teaching Jobs Are Saturated There.

"All sorts of college military students land in the Philippines," writes Capt. Riley E. McGarraugh, formerly stationed here, 1925-28, and since in the Philippine Islands. "I have met two former Kansas students of mine who are soldiers here."

Captain McGarraugh received his degree at Kansas State in 1917 and his wife graduated in 1928 in journalism.

alism. Captain McGarraugh has been on the staff at Fort Mills on Corregidor for the past six months and his wife is teaching in the post school. She advises graduates not to come to the Philippines seeking teaching jobs as the teachers there are accepting grade school jobs for \$25 a month. "The teaching profession is saturated here," she said.

KEEP UP WESLEY WORK

Methodist Students Will Continue Foundation Here

Plans for a continuation of the work among students similar to that of last year were laid at a meeting of the directors of Kansas State Wesley Foundation chapter Monday.

The Rev. B. A. Rogers, associate pastor of the First Methodist church, and Mrs. Rogers, are being retained by the directors to continue their work among college students.

New officers and board members of the chapter were elected. After the meeting, college students joined the directors at dinner in the social room of the new student parsonage.

The PLATT Secretarial School
1026 Poyntz

Will give special individual instruction to those who expect to teach

Shorthand and Typewriting

or who wish to use it in their college work. These subjects added to a general or specialized education will be a great help. Come in and let us arrange your hours. Night school Monday and Thursday evening, 7 to 9.

FROG CLUB ELECTS
Arlene Smith, Topeka, was elected president of Frog club at its regular meeting Thursday evening. A constitution was drawn up and voted upon.

ROLLED OAT

Once more on that Treacherous Tuesday the feminine portion gird themselves with gracious grins—soulful sighs—and grim determination—to raise the fond family name from the dragging dust—and emblazon upon the paternal standard—and the masculine quota of inhabitants—surrounded by a female fervor of envy—"I'm the sweetheart of Kansas State!"

Beta's Pretty Pledges—and they raised their thunder—mug on high.

Not—"The Father of Our Country"—George Washington—but—"Our Strapping Son of the Soil"—bringing the Scarab Scamp (sordid affair) to an abrupt and unethical ending—standing in the midst of the swaying couples—arms uplifted, and in a voice choked with sorrow and fast filling fortitude—"Boys, the overcoats are gone!" A rapid rush—the floor cleared—came the utterly relieving discovery—all coats there but one—that was George's.

"I send my love with these roses"—Andy Anderson—again—that Texas Tornado.

Brick Garrison—giving of Medieval Manchester—detailed daylight events (there is no night life)—the naive natives retiring at 7—but owl Garrison prowling about in the dim, dark dawn of a Manchesterian 8 p. m.—with a mail-order jig-saw.

Jack Householder—storming the Palace—duckishly demanding "Is there a Beta in the house?"—no response—"Is there a tenor in the house?"—oh well both have the same capering characteristics!

Under the seven and three-eights green hat—came Sunny Luder—multitudinous feminine scalps dangling from his belt—three Sunday night dates—and his calendar week-ends hence forth filled—but comes the momentous decision—to wipe the slate clean—and begin anew—

Pi Kappa Alpha
Pi Kappa Alpha announces the pledging of Al Wilson of Detroit, Mich.
Hayden Phillips was a guest at the house over the weekend.
Harry Chester of Fort Worth, Texas visited at the house Friday.
Walter Kern, Leavenworth, was a dinner guest Sunday.
Delta Sigma Phi
Weekend guests of Delta Sigma Phi were: Raymond Bebermeyer, Talmage; George Young, Paola; Russel Warwick, Olathe; Clarence Gatch, Woodbine; Lloyd Moline, Randolph; and Doster Stewart, Abilene.
Initiation services were held for Richard Othberg, Scandia, and Clifford Newell, Manhattan, Saturday night.
Pi Beta Phi
Dinner guests Sunday included: Mr. and Mrs. Herman Cowdery, and Bobby, Lyons; Mr. and Mrs. J. H. Berglund, Lindsborg.
Mr. and Mrs. Jack Lawrence, Council Grove, visited at the house Sunday afternoon.
Marjorie Lemay spent Friday in Riley.
Phi Kappa
F. T. McMahon spent the weekend at his home in Beattie.
Elmer Petsch visited in Waterville over the weekend.
Sigma Phi Epsilon Formal
Sigma Phi Epsilon fraternity entertained with their annual spring formal at the Wareham ballroom Saturday evening. The following were guests: Miss Thelma Mathis, of Parke, Mo.; Margaret Easterday, Fern Collins, Margaret Patterson, Lucene Hudson, Verdette Waits, Shaffer, Donalda Keeney, Roberta Shannon, Frances Jack, Ethel Fairbanks, Marcia Wilcox, Dorothy Taylor, Thelma Large, Madge Mahoney, Rosalind Allen, Rose Mae Akerman, Myra Roth, Alice

weekend guest.
Dan Partner, El Dorado, spent the weekend at his home.
Arthur Cain spent last weekend in Lincoln, Neb.
Jack Householder spent last weekend in Norman, Okla.
Parcell-Auker Wedding
The marriage of Miss Mildred Parcell and Mr. Elden Auker took place Saturday noon at the home of the bride's parents, Mr. and Mrs. T. H. Parcell, 1416 Laramie. The Rev. W. T. Danner of the First Methodist church, Hutchinson, performed the ceremony in the presence of a few friends and relatives of the couple. Attending the bride was her sorority sister, Miss Helen Sloan, Manhattan. Mr. Dale Dixon, Norcatur, attended the bridegroom.
The bride wore a navy blue and gray suit with a short cape, her gray hat and other accessories of the same color completing the ensemble. She carried a bouquet of Madagascan Butterfly roses. Miss Sloan also wore blue with accessories of gray and carried jonquils.
Miss Lucille Correll played "To a Wild Rose" during the ceremony. Table decorations for the wedding dinner consisted of tall candles and a centerpiece of sweet peas and ferns.
Out of town guests included Mr. and Mrs. Fred Auker and Mr. Oral Brunk, Norcatur, and the Reverend Mr. Danner who performed the marriage ceremony for the bride's parents.
Mr. and Mrs. Auker are spending a few days in Kansas City from where Mr. Auker will entrain for Beaumont, Texas, where he will train with a Detroit ball team, and Mrs. Auker will return to Hutchinson to finish her year's teaching at Liberty Junior high school.
The couple are both Kansas State graduates and both took prominent parts in student activities. Mrs. Auker receiving a women's "K" and Mr. Auker a men's "K" for outstanding work in football, baseball, and basketball. He was an all-Big Six selection for football and basketball.
Mrs. Auker is a member of the Delta Delta Delta sorority and Mr. Auker a member of the Phi Sigma Kappa fraternity.

Professor and Mrs. R. I. Thackrey, Veva and Kay Brewer, Dorothy Haddell, and Helen Sloan will go to the Shubert in Kansas City to see "The Cat and the Fiddle" Wednesday afternoon.
Dean and Mrs. J. E. Ackert will spend Wednesday in Kansas City.
Clovia
Marjorie Blythe, White City, and Marie Annin, Sperry, have returned to school from an absence due to illness.
Kathryn Fuller and Margaret Rasmus, Topeka, were Saturday guests at Clovia, Ethel Rosey, Junction City, spent the weekend at her home.
Alpha Xi Delta
Initiation services were held Sunday morning, February 19, for the following: Dorothy Barfoot, Manhattan; Bernice Lathrop, Smith Center; Mary McMullen, Oberlin; Fern Vesceky, Kansas City, Kan.; Mary Elizabeth Wilkes, Leavenworth; and Eleanor Wilkinson, Lincoln, Neb.
Out-of-town alumnae attending initiation were: Katherine Fullender, Burns; Helen Hulse, Wamego; Helen Kimball, Burdick; Mary Marlene Tomson, Kansas City, Kan.; Rida Duckwall, Solomon; Gretchen Durham, Topeka; Blanche Jennings, Manhattan; Leona Paey, Olathe; Vera Noble, Republic; and Vivian Allbright, Robinson.

Following initiation breakfast was served to the active chapter and alumnae at the house. In addition to those already mentioned the following alumnae were present: Mrs. J. H. Parker, Mrs. E. B. Wells, Mrs. Emmett Chatter, Patty Kimball, Marjorie Lyles, and Iva Lee Hedge, all of Manhattan, and Barbara Brubaker, Holton.
Alpha Xi Delta announces the pledging of Hazel McKibben, Topeka.
Sigma Alpha Epsilon
Sigma Alpha Epsilon held formal initiation Sunday for the following: Lewis Cool, Glasco; Groydon Trusler, Junction City; Maurice Stauffer, Cottonwood Falls; Charles Clark, Manhattan; Fred Beeler, Jewell City; and Tom Bushby, Belleville.
Chi Omega
Genevieve Johnson and Virginia Haggart, both of Topeka, spent the weekend at their homes.
Mary Jane Pae went to Concordia for the weekend.
Thelma Mathes, Kansas City, was a guest over the weekend.
Zeta Tau Alpha
Initiation was held Sunday for the following: Clarissa Arnold, Frankfort; Ruth Parcells, Hiawatha; Evelyn Dielman, Finley; Elizabeth Miller, and Mary Elizabeth Cooper, Manhattan. A dinner was held in their honor Sunday noon at the Gillet hotel. Alumnae who attended the dinner were: Miss Faith Briscoe, Mrs. Lucille Rust, and Miss Adpha Latzki.
Miss Jenny Carns, Delta, and Miss Ruth Kimball, Topeka, were guests over the weekend.

Delta Delta Delta
Alice Irwin, Garrison, and Lucille Correll, Hoyt, were dinner guests Saturday evening.
Dr. and Mrs. M. O. Myers, Wichita, visited their daughter Margaret Sunday.
Ella Pouts, McPherson, was a weekend guest at the house.
Kappa Kappa Gamma
Mrs. Hal Harped of Marshfield, Oregon, was a dinner guest Friday night. Before her marriage last fall, Mrs. Harped was Miss Ruth Skinner.
Cecile Woody, Abilene, visited Fern Collins Saturday and Sunday, and attended the Sigma Phi Epsilon formal Saturday night.
Harriet Gilson, Louise Rust, and Mary Emily Berryman, went to Lawrence Friday night to attend the Delta Tau Delta party.
Vera Martin and Dorothy Cortel-y spent the weekend with Kathryn Black at her home in Council Grove.
Margaret Carr, Kansas City, went home for the weekend.
Mary Horn spent Friday afternoon in Topeka, and the rest of the weekend at her home in Holton.
Mrs. S. E. Poague, Havensville, visited her daughter, Floye Sunday afternoon.
Alpha Delta Pi
Alpha Delta Pi announces the pledging of Ivernia Danielson, of Manhattan.
Miss Kathryn Langford, of El Dorado, was a weekend guest at the house.
Mr. and Mrs. Ira Johnitz and Mr. and Mrs. H. E. Buchanan of Abilene spent Sunday afternoon visiting Lucille Johnitz.
J. S. Parker of Hill City visited with his daughter, Peggy, Saturday afternoon.
Doris Paulson drove to El Dorado Saturday afternoon and spent the weekend at home.
Eva Townsend, who has been at her home in Phillipsburg convalescing from a recent illness, is back in school again.
Thelma Large left last evening for her home in Protection.

3 HEADED Woman

SHE WINKS · SHE SMILES · SHE FROWNS
ALL AT ONCE!

ILLUSION:
Look at this remarkable lady... with three lovely and perfect heads... all attached to a normal body. She appears to sit on the stage, with the lower part of her body concealed by flowers. She can wink, smile, and nod. She can talk, laugh, and sing—all at the same time. Thousands of people have seen this feat of magic and pronounced it a wonderful sight!

EXPLANATION:
Audiences used to pay an extra fee to go behind the scenes to see how this trick was worked. They discovered that the three-headed woman was merely a reflection in a mirror. The glass showed the heads of three girls but the body of only one. The other two were cleverly hidden so that only their heads showed in the mirror.

SOURCE: "Magic Stage Illusions and Scientific Diversions" by Albert A. Hopkins... Munn & Co. New York

It's fun to be fooled —
...it's more fun to KNOW

This "three-headed woman" trick goes way back to the early days of magic. Also old is the suggestion that protection for your throat and freedom from coughing can be achieved through some magic trick.

THE EXPLANATION: The easiest cigarette on your throat is the cigarette that is made from the choicest, ripest tobaccos. Cheap, raw tobaccos are, as you would naturally expect, harsh to the throat. Ripe, costly tobaccos are mild, mellow—gentle. The question is whether a cigarette is made from cheap tobacco or the more expensive grades.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

American men and women have smoked more billions of Camels than any other brand because of the appeal of more expensive tobaccos and matchless blending. Won't you stack up your own experience with a cigarette made from milder, costlier tobaccos... against magic claims about "cigarettes and your throat"?

Try fresh Camels—in the air-tight, welded Humidor Pack that seals the freshness and coolness, the mildness and flavor of Camels... inside.

WRESTLERS WIN AND SWIMMERS LOSE TO HUSKERS

TANKMEN LOSE AFTERNOON
MEET 63-20; MATMEN WIN AT
NIGHT BY SCORE OF 34-0

FOURTH STRAIGHT MAT WIN

Win All First Places in Wrestling
Meet While Swimmers Fail
to Win Single
Match

Kansas State grapplers annexed their fourth victory of the season by defeating the Nebraska university matmen by the score of 34-0 last Saturday night in Nichols gym. The Wildcats won five falls and three decisions.

Captain June Roberts made short work of J. Thomas in the 155-pound class, throwing him in one minute and four seconds with a reverse half nelson. It took Ed Houser, Wildcat heavyweight, four minutes and forty-five seconds to pin his man with a bar arm and reverse half nelson. Paul Griffith worked six minutes and ten seconds before obtaining a fall with a keylock hold. A. R. McDonald, using a hook scissors and half nelson, threw his man in the short time of two minutes and fourteen seconds. F. M. Bozarth took four minutes and eight seconds in which to throw P. W. Meredith with a reverse half nelson.

Kansas State Has Won All
To date Kansas State wrestlers have defeated Kansas university, Oklahoma Central State Teachers, Salina Wesleyan and Nebraska.

The summary:
118-pound class: P. W. Griffith, K. S. C., threw W. McDaniel, Nebraska, in 6:10.

126-pound class: A. R. McDonald, K. S. C., threw J. Bishop, Nebraska, in 2:14.

135-pound class: E. A. Heinz, K. S. C., won a decision over A. Green, Nebraska. Time advantage 1:20.

145-pound class: Paul Warner won a decision over M. Wells, Nebraska. Time advantage 4:21.

155-pound class: June Roberts, K. S. C., threw J. Thomas, Nebraska, in 1:04.

165-pound class: Joyce Miller, K. S. C., won a decision over M. Eaton, Nebraska. Time advantage 4:20.

175-pound class: F. M. Bozarth, K. S. C., threw P. W. Meredith, Nebraska, in 4:08.

Heavyweight: E. Houser, K. S. C., threw D. B. Hurlbert, Nebraska, in 4:45.

Referee: George Branigan, Nebraska.

Swimmers Badly Beaten

The Nebraska Cornhuskers from Lincoln splashed to a 63-20 victory over the Kansas State tankmen last Saturday in Nichols gym. This was the first dual meet of the season for the Wildcat swimmers and the largest crowd ever to witness the swimmers in action turned out. The bleacher seats were full and all standing room available was taken.

Although unable to win a first place in any event the Kansas State team showed up well. Joe Creed, Kansas State, and Master-son of Nebraska battled to close finishes in both the 60 and 100 yard free style swims. Creed lost both races by only a handlength.

Easterday of Nebraska set a new pool record in the 440-yard swim, covering the distance in 5:58.9. His only rival in this event was Schwager of Nebraska. Easterday and Master-son were the only two Huskers to win two firsts in the meet.

Frank Myers, Kansas State, was referee and starter.

The Spotlight

By Mildred Peters

Only two more games remain on the Kansas State basketball schedule, Kansas university here Saturday night, and Missouri at Columbia, March 4. A week of hard practice will be climaxed by the battle between the Wildcats and the Jayhawkers. It will undoubtedly be the biggest and most important go of the season.

The university boys won a conference game from Kansas State but took two drubbings from the Wildcats in non-conference affairs. The superb showing the Corsautmen have made the last few weeks puts much confidence into hopes for a victory over the Jayhawk Saturday.

The Nebraska basketball team scored its third victory of the season by defeating the University of South Dakota 34 to 25 in a non-conference game at Lincoln Saturday night. The Huskers seem to be about as hard up for victories now as Kansas State was the first of the conference season.

The Wildcat wrestling team scored its first shut-out of the season by whitewashing Nebraska and made up for the defeat the Kansas State tankmen took from the Huskers the same day. This was the fourth straight match won by the K-Staters this season.

In their go with the Huskers, the Wildcat grapplers looked more and more like the conference champs they were two years ago. Iowa State probably will provide the strongest mat competition this year although the Sooners are not to be left out of it altogether.

Kansas State will be introduced to an Olympic champion when the University of Kansas grapplers come here tonight. He is Pete Mehringer, who won the light heavyweight title last summer in California. He was the only Jayhawk to score against the Wildcats recently and will probably cop the conference heavyweight crown this year.

Not a fall was scored in a recent mat go between the Oklahoma Sooners and the Oklahoma Aggies, traditional Oklahoma rivals. The score was 12 to 12, each team winning four decisions.

STATE TOURNAMENT HERE

State Wrestling and Swimming
Meets to Be Held Here
This Week End.

The 1933 Kansas state high school wrestling and swimming tournaments will be held in Nichols gymnasium this coming Friday and Saturday, February 24 and 25. Wrestling matches will be held in the main gymnasium and swimming events in the men's pool, no admission being charged for either. Wichita East is the defending wrestling champion, while Wichita North holds the swimming title.

MATMEN MEET KANSAS TEAM HERE TONIGHT

Wildcats Have Beaten University
Team Once This Season
By Large Score

Kansas' university's wrestling team will arrive today for a return match with Coach B. R. Patterson's grapplers. The Jayhawkers were defeated earlier in the season by the Wildcats by the score of 33-5. Peter Mehringer, Olympic champion, kept the university men from being blanked by throwing Thiele, Kansas State representative in the heavyweight class.

In the first meeting of the two schools this season K. U. forfeited two matches to Kansas State wrestlers because they had no one eligible to wrestle in the 118- and 126-pound class. Since that time they have secured eligible men in these two weights and will present a strong team in Nichols gym tonight.

The matches have been attracting large crowds this season and an extra section of bleachers will be erected to handle them. The matches will start at 7:30. George Branigan, Nebraska will referee.

THORNBROUGH WINS FREETHROW CONTEST

Leads 270 Contestants After Making 40 Out of 50 Attempts

Wayne Thornbrough, Lakin, won the intramural free throw contest last night by making good 40 free tosses out of fifty attempts. J. Bidnick, Kansas City, was winner of second place with 37 baskets out of the fifty attempts. By winning the first place, Thornbrough added seven points to the Sigma Phi Epsilon fraternity's intramural standing. Bidnick is a member of Tau Kappa Epsilon and made six points.

Third place in the contest was won by Merrill Carter of Smith Center. Fourth place was split by H. P. Pettibohn and N. Nelson. The team championship of the contest was not compiled last night. The meet was run off by members of the K fraternity and 270 men were entered.

Women's Sports

Intramural swimming practice will start next Monday. Teams are requested to sign on the bulletin board in the women's gymnasium. The meets will consist of three diving events, three speed events, two for stunts and two for form.

Each girl entered in the meet must attend three out of four practices, and no more than one half

of the team shall consist of physical education majors. No girl may enter more than three of the events, two of which may be for speed. Each girl participating must have a heart-and-lung card and an intramural fee card if she is not taking regular physical education work.

Class teams will be chosen from the best intramural swimmers and a class meet will be held.

Men's Intramurals

Intramural volleyball which was scheduled to begin the first of last week, has been postponed until February 27.

The reason for postponing volleyball was that only three open nights remained in February on which games could be scheduled. Rather than have the nights of the games so far apart, it was decided to begin competition when games could be played every night until the volleyball champion had been determined. So far 21 organizations have entered teams in volleyball.

Intramural handball has started this week, and the pairings in both doubles and singles matches have been posted on the intramural bulletin board. First round singles matches must be played by February 22 and first round doubles have been completed. Approximately 20 organizations have entered contestants in handball. Entries were due Wednesday for the intramural free throw contest, which began Monday.

TIRED?
Then you need this
**NATURAL ENERGY
FOOD**

When you see Niagara Falls on the package, you KNOW you have Shredded Wheat.

For a brisk, energizing breakfast or a sensible, satisfying lunch, try two golden brown biscuits of Shredded Wheat. Smother them in milk or cream, add some fruit . . . and you have a most delicious and sustaining meal for any time of day.

Shredded Wheat brings you all the natural energy of whole wheat . . . ready-cooked, ready to eat, nothing added, nothing taken away. All the bran is there, in the correct proportion that Nature provides. It's just what you need to chase away that tired feeling, to keep in trim to win! Join the healthy millions who eat this natural energy food at least once a day. It's at all campus eating places.

SPICY leaves of
TURKISH tobacco
are strung to dry
and cure in the sun.

Well, that's something about cigarettes
I never knew before

the cigarette that's Milder
the cigarette that Tastes Better

I'd never thought much about what's inside a Chesterfield cigarette. But I have just been reading something that made me think about it.

Just think of this, some of the tobacco in Chesterfield—the Turkish—comes from 4000 miles away! And before it is shipped every single leaf is packed by hand. All because Turkish tobacco is so small and delicate.

Of course I don't know much about making cigarettes, but I do know this—that Chesterfields are milder and have a very pleasing aroma and taste. They satisfy—and that's what counts with me!

NUMBER 40

GREEN PASTURES HERE FOR TAKING PRESIDENT AVERS

COLLEGE OFFERS EVERY STUDENT CHANCE TO BECOME LIBERALIZED.

READ OLD BOOKS FIRST

Elective Studies, Books, Exhibits and Activities Will Afford Valuable Experiences Says Farrell.

"Every time a new book comes out, go and read an old one." That was a part of the advice given by President F. D. Farrell in his assembly address Tuesday morning on "Green Pastures," in which he discussed opportunities to become liberalized in college. "Read the old books. Don't try to keep up with the new," was his suggestion.

College students who complain that they do not have the opportunity to receive a liberal education, President Farrell said, can usually attribute it to themselves, not to the college.

There is a liberal education packed away into three hundred volumes in the library, the president said. The books are known as the "browsing collection." Any student who will take the time to read those three hundred books, will give himself a liberal education, President Farrell said.

"Elect. Outside Your Own Field" "The grass always looks greener on the other side of the fence," the president quoted, then went on to say that that is the attitude of students who are continually regretting having chosen one course instead of another, or one college instead of a second.

Instead of electing the courses now that require the least effort, the speaker suggested that the student will get the utmost out of college if he chooses the hardest courses open to him, and conquers just as many as he can.

Can Liberalize in Five Ways Kansas State offers five good methods for broadening, President Farrell pointed out. He listed them as: intelligent study of elective subjects—choice of electives not related to the student's particular course; generous use of the library; patronization of art exhibits, concerts and plays; and participation in extra-curricular activities.

"All of these liberalizing activities are comparable to green pastures in that they afford an opportunity to enjoy something on the other side of the fence," explained the president. "I do not mean students should never loaf, but I do mean they would profit were they to use one-half the time they loaf for reading. Then the library would be crowded."

President Farrell said that the college can offer green pastures but students must make use of them.

Miss Alice Jefferson and Miss Clarice Painter, of the music department, gave a duo-piano number. Prof. F. L. Parrish of the history department led the devotions. The college orchestra played.

FIRST AID, LIFE-SAVING HELPS WILL BE OFFERED

St. Louis Red Cross Field Man to Be on Campus First of Next Week

A series of first aid and life-saving talks and demonstrations will be given Monday, Tuesday, and Wednesday nights of next week at 7:30 o'clock at the men's pool in Nichols gymnasium.

A. T. McCue, special life saving field representative of the national organization from the Red Cross midwestern branch office, St. Louis, will assist in the program. These talks and demonstrations are under the auspices of the Riley county Red Cross chapter. The examiners course is open to all senior life-savers and it is hoped that these members will review their life examining at least once every two years.

PRICE A CHURCH DELEGATE

Professor Will Head Discussion At Methodist Conference

Prof. R. B. Price, head of the history department, has been elected alternate lay delegate to the annual conference of the Methodist church which meets in Lawrence, March 8. He will be on the program of the laymen's association, which meets in connection with this conference, to lead a discussion of religious education.

Art Now Without Moon Coming Over Cowshed

"I'd like to have a red barn like that on my farm—if I had a farm." It was a confession of Prof. John F. Helm, renowned water-color artist of the hill.

His listeners were duly impressed. They crowded to see the gorgeous red barn after the professor had finished his talk Monday night at the Prairie Print Makers' exhibition.

"Marvelous," some said. "Too sweet for words." Maybe that was a freshman art student. "The noblest symbol of peace and contentment." Maybe they were thinking of contented cows. And the less artistic saw just an old red barn.

Professor Helm commented on the excellence of the technique and on the shades of red. Another gentleman visitor, perhaps trying to be

a devotee of red barns, said that he appreciated the technique—but he wouldn't choose such a subject for a picture to hang in his room.

"If I wanted to look at realistic subjects," he commented, "I'd move down by the railroad tracks."

It really was a nice barn, safely snuggled into an Ernest Watson wood block. But who would guess that a Krimson Kowshed could cause such a stir? The opinions of us hot-potato about red barns could be pretty neatly summed up in the quaint little dirge about the purple cow:

"I've never seen a Purple Cow, I never hope to see one.

(What! I've forgotten what goes here!)

But I'd rather see than be one."

AN ABLE CAPTAIN

ANDY SKRADSKI

"MIKADO" REHEARSALS TO BEGIN HERE NEXT WEEK

Popular Comic Opera, Last Given in 1928, Comes Back This Spring

Rehearsals for "The Mikado," Gilbert and Sullivan comic opera which will be given this spring in the college auditorium, will start next week, according to Prof. William Lindquist. Dates for the presentation will be announced later, as will the cast of characters. Professor Lindquist is chairman of the concert committees of the college and of the Chamber of Commerce.

"The Mikado" has been given here several times, the last time being in 1928. It is hoped that reduced prices this year will prove a special attraction. College students will be admitted for 35 cents and other persons 40 cents. No seats will be reserved. A special matinee for children will be given, the admission charge being 15 cents.

MISS HOSTETTER IS SPEAKER IN TOPEKA

Schools of China As She Saw Them Entertain Group of University Women.

"The Educational System in China" was the topic Miss Helen Hostetter of the journalism department chose when she spoke at a luncheon meeting of the American Association of University Women at the Kansan hotel in Topeka, February 18.

China's educational system shows most strongly the Japanese bureaucratic influence, she declared. The minister of education at Nanking appoints the commissioners of education for each province, she explained, and these commissioners choose the lesser administrators, officials, inspectors and teachers in their province. China's curricula, however, have been influenced by the United States especially in their stressing of science, vocational training, and physical education, Miss Hostetter said.

For three years Miss Hostetter taught in Lingnan university in Canton, China, returning last year to Kansas State.

WILDCATS AND JAYHAWKS FOR LAST HOME TILT

KANSAS STATE MEETS KANSAS U. FIVE HERE TOMORROW NIGHT.

BOTH CONFIDENT OF VICTORY

Kansas a Title Contender While Wildcats Want Another Win After a Poor Conference Start.

The big clash between the basketball teams of Kansas State and the University of Kansas in Nichols gymnasium tomorrow night will probably be the best game of the season and will bring to a climax the home court season for the Wildcats.

The stage is all set for the thriller of the year. Both teams have been pointing toward this game since the opening of the conference basketball season. It will be the fourth meeting of the two squads this year, and of the three games played so far, Kansas State has won two and Kansas university one, that a conference affair.

A Good Record for Wildcats The way the team has been playing since the first four conference games adds "much confidence to the outcome of the affair and will make it one of the finest court games to be played at home this year. The Wildcats have lost only two games at home the last two years, one to Kansas last year and the other to Oklahoma in one of the first Big Six encounters. So far the team has won seven out of eight home games this year, and are confident of making it tight out of nine after tomorrow night's contest.

The team has been taking strong workouts, all week. With the exception of Graham, star forward, the team is in good condition. Graham has developed a cold and will not practice today, but it is believed he will be all right by game time tomorrow night. Coach Charles Corsaut stated that he will start his regular five against the Jayhawks. These will be Skradski and Boyd at guard, Dalton at center, and Breen and Graham at forward. This combination has shown the finest team work of any five this season, and will be ready to go full speed, as not one is the least bit stale.

Jayhawks Have Scoring Punch That the Jayhawks have a scoring punch is seen in the fact that three of them, Johnson, Wells, and Harrington, are among the leading conference scorers. Coach Corsaut has developed a special type of defense which will be expected to cover these three men. Skradski will cover Johnson, Boyd will cover Wells, and Breen will be put on Harrington. These three defensive men are expected to do a lot toward holding down the Jayhawk score.

"If Graham is in shape, we think we'll win on the strength of our showing last month," Coach Corsaut said yesterday, and all indications seem to bear out his statement. In the last month the Wildcats have won five straight victories, four of them conference affairs, from Iowa State, Missouri and Nebraska, and the other one from the strong St. Louis university Billikens.

The game tomorrow night has been dedicated to Captain Andy Skradski, and the team intends to make it a good night for Andy. Both Breen and Dalton nights were highly successful and the team doesn't want to break the record now.

Last Home Game For Three The battle between the Wildcat and the Jayhawk will be the last chance for home court fans to see Skradski, Breen, and Dalton in action, as this is their last year of competition. All three of these men have been playing the best ball of their career this year and intend to make the last home game a good one.

The Wildcat team is going into the game with lots of pep and fight, and they are expecting the record crowd to come into the gym with the same enthusiasm, so that the entire affair will be a success.

E. C. Quigley will do the officiating tomorrow night.

Prof. L. F. Hall, assistant professor of education, was in Alta Vista where he visited the vocational agricultural department. He looked over the teachers training work given in the high school and made suggestion for the future training.

TREAT DOG BITES AT HOME BUT NOT OTHERS

Snake and Spider Wounds Call for Physician's Attention, Sleever Says

Dr. Charles M. Sleever continued his series of Thursday night talks over KSAC by speaking last Thursday on remedies for three common mishaps.

Snake and poisonous spider bites should be treated by a physician, Doctor Sleever said, although ordinary dog bites may be treated at home. A strong solution of soda will usually help to stop the itching and burning of insect bites.

MISS ABERLE WILL SPEAK

Works of Recent Assembly Speaker Her Radio Subject

Miss Nellie Aberle of the English department, will speak Tuesday afternoon over station KSAC on "Middle Western Poetry." She will discuss the works of John Neihardt, who was an assembly speaker here recently.

"SOLID SOUTH" TITLE OF NEXT THEATRE PLAY

Try-outs Saturday for Eight Parts; Three Negro Dialect Parts A Feature

The season's fourth production of the Manhattan Theatre company will be presented in the college auditorium March 24. The comedy selected for this program is "Solid South," a play which enjoyed a long run on Broadway recently. The story is as the title indicates, one of Dixieland with the "clinging vine beauty" and "the old colonel" taking the leads.

Try-outs will be held in G5 at one o'clock Saturday. All students wishing parts should be there. There are nine parts in the production. Three good dialect parts await those capable of handling the work. Two of the parts are for women and one for a man. There are also three other exceptionally good parts for women.

The part of the "old colonel" has been awarded to Kingsley Given of the public speaking department. The remaining eight parts will all be given to students.

It Won't Be Long Tra La! Tra La! If Signs Are Only True

Did you happen to notice the changes in activities and in costume that have taken place on the campus within the past two weeks? The coed, who declared that it would be at least another month before she'd send her fur furry coat back home, is now going without any coat at all. The boys have exchanged their overcoats for packets or sweaters.

But the change is not the most noticeable thing. Haven't you noticed that already the class rooms are beginning to look a little emptier than usual—and have you noticed how hard it is to find a booth at the Canteen? Quite a few people are even taking the time to walk down to Aggieville for their cokes.

Yes, there is an increase on cokes and a decrease in coffee and hot chocolates too. But there's one thing you surely haven't missed. The sure sign that spring, if it is not already here, will soon be here can be seen by the very apparent cases of spring fever. It is only a mere matter of days until the sororities and fraternities will be receiving their annual treat of cigars and chocolates. Then spring will be here again.

TWO JOURNALISTS ARE SCHEDULED TO SPEAK

W. A. Bailey and Eula Mae Currie Will Address Students in March.

Two speakers of considerable interest to journalism students will speak here in the near future. W. A. Bailey, president of the Kansas Press association and editor and manager of the Kansas City Kansan, will give the journalism lecture March 16. One week later Miss Eula Mae Currie, reporter on the Kansas City Star and former editor of the women's page, will speak. Miss Currie received her master's degree from Kansas State college.

BRANCH WORKERS HERE

Experiment Station Men Gather Today for Eighth Meeting

The eighth annual conference of branch station workers of the agricultural experiment station is scheduled for this morning in the east wing of Waters hall. L. E. Call, dean of agriculture, is chairman of the conference.

ALUMNI LETTERS OF APPRECIATION KEEP COMING IN

TELL OF HEARING COLLEGE BELL DURING FOUNDERS' DAY BROADCAST

DENVERITES HAD PARTY

New Jersey Heads List With Seventeen Notes of Former Students and Graduates From That State

Ring of the college bell during the Founders' day program may have made students in Manhattan wonder if the administration building were on fire or if K. U. were rattling the campus. But alumni tuned in to KSAC understood, and were thrilled to hear its tones. Many of the reminiscences it started were among dinner party groups, alumni parties, or family circles.

Fan mail has nearly swamped the alumni office since the broadcast February 16. Seventeen letters have been received from New Jersey, eleven from New York, seven from Massachusetts, six each from Connecticut and Pennsylvania, four each from Canada, Maryland, Ohio and Illinois, three from Michigan, two from California and Missouri and one apiece from Tennessee, South Dakota, Nebraska, Indiana and Kansas.

Heard It All in Denver

Former students and grads of Kansas State living in Denver had a Founders' day party and listened to the broadcast from beginning to end. They report that they enjoyed the program, and hearing the voices of the Kansas State faculty brought back fond memories. The persons making up the party were: Edith Haines, '23; Bly Ewalt Curtis, '21; Mrs. Rebecca Deal Oliver, '23; F. S. Pound, '86; Mr. and Mrs. H. A. Burt, '05; Robert Hake, '23; Amy Lemert Hake, '23; Phil Noble, '25; Paul Brookover, '31; Grace Justin Creek, '25; Arnold Mast, '30; G. C. Wheeler, '95; Kitty Smith Wheeler, '95; M. A. Kreek, former student; W. S. Hoyt, former student, and Hazel Hoyt, former student.

Telegrams Came In, Too

Telegrams were received from Mr. and Mrs. Alva Frasier, '22; Lawrence, Ivy Ann Fuller, '13; Minneapolis, Ind.; Mabel Crump MacCauley, '97; Homewood, Ill.; J. B. Brown, '89, Kansas City; Ethel Van Gilder, '22, Springfield, Ill.; and H. Miles Heberer's mother, Mrs. G. C. Heberer, East St. Louis.

Other alumni who have been heard from are: Clark K. Gibbon, '24, Joliet, Ill.; Mrs. Ruth Daum Pitts, '17, Johnson City, Tenn.; Tom F. Blackburn, former student, Chicago; A. E. Anderson, '14, Lincoln, Nebraska; Daniel P. Ehlers, '28, Harrisburg, Pa.; E. H. Kroeber, '29, Madison, Wis.; Kenneth Saper, '30, Madison, Wis.

"Although we have received a great many letters," said Kenney Ford, secretary of the alumni association, "we expect to hear from a lot more alumni."

WOULD ABOLISH GREEKS

Columbia "Spectator" Backs Proposal to Do Away With Fraternities Columbia university this week is recovering from the shock of the latest bombshell exploded by editors of Spectator, undergraduate daily, which proposes that all fraternities on the campus be abolished.

For weeks, Spectator has hinted that the university Greeks should not be taken at their face value, but should be considered as political groups, bent on controlling the student government.

These hints were crystallized in the form of direct charges when the paper alleged appointments and elections to student offices were dictated by a group of ten leading fraternities, which supported certain candidates as the result of political "deals." These deals, the editors charged, reached a low point when members of the houses combined "cold bloodedly" to auction off student offices "to the highest bidder."

Likening the situation to the "sins of Tammany" and the machinations of the notorious "Twed Ring," Spectator boldly proposed as a logical solution that the Greek societies be completely abolished. Now the editors are sitting back waiting for a storm of indignant protest to develop into the type of editorial and news copy on which the paper thrives.

ELECTED TO HIGH OFFICES

Scholar Heads Kansas Engineering Society for Year

Three members of the engineering faculty were elected to some of the most important offices of the Kansas Engineering society at its recent meeting in Topeka.

Prof. C. H. Scholer, head of the department of applied mechanics, was elected president and Prof. F. F. Frazier, civil engineering, was elected president of the Kansas section of the American society of Civil Engineers. Prof. E. R. Dawley, applied mechanics, was re-elected secretary-treasurer of the Kansas society.

Prof. L. E. Conrad, head of the department of civil engineering, presented the report of the American Engineering council on the national parks and the Hoover dam. E. R. Dawley, professor of engineering materials, described the results of research work upon the wind resistance of the automobile. Bituminous mat materials were discussed by W. E. Gibson professor of applied mechanics.

MARGARET MARY REDDY IS ELECTED SWEETHEART

Chi Omega Pledge Named Sweetheart at Royal Purple Ball

Margaret Mary Reddy, Baxter Springs, was crowned Kansas State Sweetheart at the sweetheart ball, Tuesday, February 21, at the Wareham ballroom. Shortly after intermission Miss Reddy was announced to the dancers by Steve Vesecky, business manager of the Royal Purple.

Preceding the crowning, June Layton's Varsity Club orchestra played a medley of fraternity sweetheart songs. In honor of the 1933 sweetheart the orchestra dedicated to Miss Redd a song written for the first Kansas State Sweetheart. The queen was presented with a bouquet of roses.

The sweetheart was elected by the popular vote of students attending the ball. Voting was continued until intermission when the ballot box was opened, and the votes counted by six officials.

Miss Reddy is from Baxter Springs, Kansas, "just a little town in the foothills of the Ozarks," the sweetheart says. She is enrolled as a junior in industrial journalism at Kansas State college, although this is her first year here. Her first two years were spent at Stevens college at Columbia, Missouri. She is a pledge of Chi Omega sorority. A full page picture of Miss Reddy will appear in the 1933 Royal Purple.

The interest shown by the student body not attending the ball was made evident by the frequent telephone calls a local newspaper received during the evening.

The ball was sponsored by the 1933 Royal Purple. Plans for the annual beauty contest will be announced next week.

ROYAL PURPLE BOARD TO CONSIDER THREE

Staff for 1934 Must Also Pass Student Council Before Acceptance.

The Royal Purple board will meet today to consider recommendations for the 1934 year book staff positions. A Student Council meeting will be called by Maurice DuMars, president, sometime this weekend to sanction the work of the board.

The three applicants are: editor, Kenneth Harter, IJ3, El Dorado; business manager, H. Clay Reppert, IJ3, Harris; and secretary treasurer, R. L. Parker, Ag 2, Kansas City.

It is possible, since no other candidates have entered in competition, that the three candidates will be chosen as the Royal Purple heads for next year.

MATTHEWS TO REVIEW TWO NEW AUSTIN BOOKS

One Work, "Earth Horizons," Was Guild Book of Last December.

Prof. C. W. Matthews, of the English department, will give a radio talk over station KSAC Friday afternoon. He will review the two latest books of Mary Austin, "Experiences Facing Death," and "Earth Horizons"—the latter one being the guild book for last December.

Miss Ina Cowles, of the clothing and textile department, has as her guest this week, her sister, Miss Ethel Cowles of Lawrence.

Helen Louise Davis, who attended school here last semester, left for California, Sunday, for an extended visit with relatives.

STATE MAT AND SWIM MEET HERE THIS WEEKEND

KANSAS HIGH SCHOOL ATHLETES HERE FOR WRESTLING AND SWIMMING TOURNEY.

FINAL MATCHES TOMORROW

Nine Schools Entered in Wrestling Events—Eight Send Swimming Teams—Wichita Teams to Defend Titles.

The annual Kansas state high school wrestling and swimming meets are being held in Nichols gymnasium today and tomorrow. Wrestling matches will start on the main gym floor this afternoon at 1:00 o'clock and be completed Saturday morning, while preliminaries in the swimming events will commence at 8:00 o'clock this evening in the men's pool with the finals scheduled for 2:00 o'clock Saturday afternoon.

Nine Schools Enter Wrestling Nine high schools, Wichita East, Wichita North, Wellington, El Dorado, Oberlin, Holton, Iola, Colby, and American Indian Institute of Wichita, have entered a total of over 50 boys in the wrestling tournament. There will be the following classes: 95-lb., 105-lb., 115-lb., 125-lb., 135-lb., 145-lb., 155-lb., 165-lb., and heavyweight division.

Wichita East is the defending state wrestling champion and also holder of the Ark Valley conference title for this season, which they won by one point from Wellington; Oberlin holds the Northwest Kansas league championship; and all the other schools entered have some good wrestlers.

Some Good Swimmers In swimming the eight schools entered are Wyandotte of Kansas City, Wichita North, Wichita East, Topeka, Lawrence, Emporia, Parsons, and Concordia, totaling approximately 70 contestants. Events held will be the 40-yd., free style, 200-yd., breast stroke, 100-yd., free style, 150-yd., back stroke, 400-yd., free style, 220-yd., free style, diving, and medley relay (110 back, 100 breast, and 100 free style.)

Wichita North won the swimming title last year, with Wichita East second and Wyandotte third. They all boast strong teams again this season, as have Topeka and Parsons.

These tournaments are authorized by the Kansas State High School Athletic association, of which E. A. Thomas of Topeka is secretary. They will be under the direction of Coaches B. R. Patterson and C. S. Moll, varsity wrestling and swimming coaches respectively, who will be assisted by their varsity squad members and K-men. The contestants are being housed at various fraternities and private homes near the campus.

Monkey Mack Finds New Home This Time In a College Office

If you should chance to drop in to the vice-president's office, you might be somewhat surprised to see a docile little monkey watching you, rather appraisingly. But that's what would happen, for the monkey's there, perched on the top of a filing cabinet, and his name is Mack.

Mack belongs to Miss Myrtle Zener, secretary to the vice-president. He (the monkey) is quite affectionate, and rather shy of strangers. Mack came from New York—which may or may not mean anything.

In addition to Mack, the filing cabinet has another decoration, a peanut! The peanut is tall, perhaps a foot, and he's dressed in tan vest, black trousers, a black "topper," and his costume is complete with cane and monocle, with a silk ribbon, if you please. Quite the Britisher, dancha know! But the peanut has inferiority complex bulging out all over him—because he has no name. Fancy that, by Jove, an Englishman without a name! What could be more humiliating!

But now that it's been called to the attention of the office force and the student body, perhaps "Peanut" may be given a name. He certainly deserves one.

Mrs. H. W. Davis's sister, Mrs. Walter Broberg, Spokane, is visiting at the Davis home.

A New Yearbook Problem

A peculiar incident happened on the campus the other day and probably went unnoticed by a majority of the student body. That incident was the applications for the staff of the Royal Purple. Perhaps it wasn't peculiar that only three men applied for the three positions but it is peculiar in the fact that so little interest is being taken in such an important factor of undergraduate life.

In the past, the scramble for positions on the staff has been one of the outstanding political displays of the year. It hasn't been uncommon for a score of persons to apply to the executive board for the chance of being in the candidacy for the jobs. It has always been a problem for the board to decide upon the six candidates who will run in the election. There have been troubles of all kinds—those that are expected in student elections.

This year it is different. Three students applied and there are still three jobs. It is probable that these three men will assume the duties for which they made application, without the usual contest. It is possible, however, that the Royal Purple may draft other candidates for the jobs. This will be done only in event the board decides that they are incapable of handling the jobs.

The reasons more persons did not take an interest in the jobs is a problem that cannot be known. The staff will receive the same salaries as in the past—a salary which is large enough to pay a student's way through school.

There are several reasons why students may not have taken a normal interest in the jobs. One of these may be doubtful concerning the finances of the book. The economic situation has hit the reserve account of the book in the past two years and hardly any money has been made over the actual expenses. It would be rather probable that students avoid the yearbook positions if the finances of the book are unstable.

There is also the possibility that no more than this handful of students on the hill felt capable of handling the work expected on such a responsibility. This argument is full of fallacies, especially when one considers the mental ability which the average student believes he possesses.

Another plausible reason for the lack of interest in the jobs is the marked decline in interest that students throughout the country are showing in college yearbooks. It has been noted in several cases that yearbooks are being abandoned because the student body has failed in their support. The value of the annual is expressed in several other media when this step is taken. Probably the most popular and logical tendency in this line is the publication of the college magazine. These are monthly magazines published by an undergraduate body and contain the same material as the yearbook. They are printed on a good grade of paper and contain high quality engraving as well as a certain amount of current features. The volumes are completed so that binding is possible.

WHEN 2032 COMES AROUND

Read this and laugh. Says Bertrand Russell, "The world in 2032, as I see it, will have one language, one newspaper, one wireless program. All people will be dressed alike, in clothes from the same factory. Children in schools will be taught exclusive loyalty to a world government. Marriage will die out. Women will live more like men; the state will father all children."

This noted English philosopher would have us take him seriously. He wants us to believe that our world will some day be reduced to a huge machinery whose sole purpose, if any, is the continuance of an extremely dull, systematized existence. He expects that "the business of breeding will be confined to a minority of women, set apart for that purpose—about one-fourth, and that the others, will probably be sterilized and live just like men." No marriages. About 95 per cent of the men sterilized, also.

Now this fantastic dream might merit more serious consideration, were it not for the fact that its originator consistently contradicts himself. Why does he think that two people marry and have children? Because they want to perpetuate the race? Certainly not! Rather because they find more enduring pleasure by concentrating their attentions upon one another,

by rearing children that originate with themselves that bring to their parents much of the affection and companionship for which mankind inherently yearns.

A child is born, mother and father are amused by his youthful antics, his clever little sayings. They watch him grow and try to shape his life after theirs, or what they feel theirs should have been. Where they have failed, he must succeed. His victories, his defeats are theirs, for he is their own. Do they want the state to breed and rear him, along with millions of others,

"All people will be dressed exactly alike, in clothes from the same factory." Why? Why should everyone dress exactly alike? Merely to further the cause of uniformity? Certainly not the women. But people don't want to be uniform; and for that reason alone they never will be. What is the aim of all this? Certainly not happiness. This Russell admits. The new world that he has conceived is by no means his Utopia. He concedes that we should be less happy in it, so why should we construct about this monstrous mechanism? His concluding statement demonstrates the inconsistency of his attitude. "The things that give positive excellence in human life are not in outward mechanism, but in mind and heart. What are they? Knowledge; the creation and enjoyment of beauty; the joy of life and human affection."

Philosopher though he is, Bertrand Russell seems to forget that different people are different. And they do not choose to sacrifice their own individuality at the throne of cold, scientific mechanism, more especially when that mechanism is destructive to their happiness. Certainly our civilization, yet not to the extent that he has deluded himself into believing. His psychic inclinations, have probably lead him to ignore the humanity of his subjects.—Aztec.

A PRECEDENT

By Ruth DeBauw

On January 24, 1933, Judge Joseph N. Ulman, of the Superior Court of Baltimore, rendered a decision against the University of Maryland in a suit for reinstatement by a freshman dropped last fall for refusal to enroll in military training. Ennis H. Coale, of Bel Air, Md., the student, had asked exemption from drill on the ground that he was conscientiously and religiously opposed to such instruction. As a member of the Methodist Episcopal Church he cited the opposition of that church to military training and their official petition to the Federal Government and to educational institutions to excuse their members when they plead conscientious objection to military training or military service.

Originally the college authorities intimated that Coale might be exempted from drill and allowed to take some other course, but summarily dropped him and Wayne L. Lees, a sophomore objector, the second week of college. On December 10, 1932, the Board of Regents refused the petitions of the boys, which were supported by a large number of organizations and prominent citizens. The students appealed to the courts, on the ground that the university was denying their religious freedom. Reuben Oppenheimer and John Henry Skeen, distinguished Baltimore attorneys, plead their case on constitutional grounds.

At the four day hearing before Judge Ulman, the university tried unsuccessfully to prove that the training was not military but "Citizenship" and that the students were guilty of "insubordination" in refusing to go R. O. T. C., when told to do so. The attorneys for Coale maintained that the government of the United States in war time exempts individuals upon the basis of their personal attitudes and not upon membership in some known pacifist sect. Judge Ulman's decision declared that by refusing admission to the state university because of religious pacifism, an illegal religious test was developed, denying the guarantees of religious freedom in both the state and the federal constitutions.

This is the first decision of its kind in American history, this sets a precedent and offers a serious threat to the "iron-clad" practices of land grant colleges and state universities. Student pacifists now have a clear cut precedent to refer to, and their legal position is greatly strengthened. In spite of the unequivocal attitude of the decision, Maryland university has announced its intention of appealing the case.

The Snooper

Again the Chi Omegas were dragged out of the gutter! This time by one of their pledges who has cut a caper or two before. A Chi Omega Ag queen—so nothing was to be done but to have a Chi Omega sweetheart thought Steve Vesceky. According to one person over 400 votes were cast. Another contends that Steve was carrying some ballots and the ballot box around for an hour before the dance. And still another says the stuffing forces of Tri Delta worked with groups of 25 votes while the stuffing forces of Chi Omega worked with 30 votes in their plans.

Mark Kannal should have a frame for that picture of the Chi Omega who despises a Mr. Amos for his booth activities in the Palace.

The Beta Pig with the Betas and a few fraternity men attending was a party that was already accepted as a truth before the opening of the ballroom. A couple of Beta freshmen were caught in the cloak room playing tidly-winks. About the only excitement was when a P. K. A. tried to play Romeo and Juliet and about fell out of the balcony.

Tella Hinshaw, the Bennington get-around, who came to the dance Friday night with Don Hutchinson also had the honor of coming back to the dance with Emmet Breen after Don had gone to be initiated into the great organization of Beta.

One of these early morning serenades consisting of several P. K. A's and two Sig Alphas browsed forth Tuesday morning. The spring season of serenades is about open as the weather is warming up to permit such entertainment.

If this spring weather keeps on the boys will start wandering around the hillsides and shady nooks trying to get inspired to write poetry about their one and only. A few suggestions concerning words that rhyme might be of help. For instance, sweet and feet, hair and pair, eyes and pies, nose and pose, lips and hips, perfume and exume, lovely and applesauce, and many others. For those who want help in actual poetry writing Shelby Neely may be able to offer a few timely suggestions.

Lloyd Michael, star center on the KSC football team has been saving his nickels and dimes to pay a \$1 towing charge. This charge was imposed upon him because he left his car, minus one wheel, in the middle of North Sixteenth Street near 318. Our Lloyd testified that the wheel came off of his automobile and leaving it (the auto of course) in the middle of the street he went home to bed. This all happened early Sunday morning. He testified further, in the police court, that some one was supposed to awaken him and failed to do so. Anyway after the complications had been disposed of the police court paroled Lloyd with the warning—"The next time you have to have a wheel come off of your car, let it come off in a drive way."

The last word today; THE BEST THING IN CALLING CARDS—FOUR ACES. Thanks, somebody.

On Other Hills

A summary of the things every girl should know before coming to college, according to a Syracuse university survey, included these points:

1. That she will be disillusioned about life and college.
2. How to be refined, "not the rah-rah type."
3. Everything about sex.
4. How to dance, drink and neck; and what these things are like.
5. Not to be vulgar; "whether or not she is going to give away her favors promiscuously."
6. How to develop will power and resistance.
7. How to live with other people, mend clothes, dress, handle money.
8. How to act with "it" men.
9. "That life is just give and take."

"I think most of the better collegians are as intelligent as the candidates for president last fall," the professor of a northern university recently replied when quizzed as to the intellect of college students.

"Really though," he continued, "college students are not working to capacity. A recent survey shows that most of them are not working up to the level even of average intellect. All they know is the American and the Saturday Evening Post with, perhaps, a dash of College Humor thrown in for luck."

University students read just as much plebian "stuff" as ordinary people, a survey of campus and off-campus magazines at the University of Minnesota revealed.

Collier's and the Saturday Evening Post are the most read periodicals on the campus, and such high-brow magazines as the Nation and the Golden Book make a very dismal showing in an atmosphere supposedly as intellectual as a university campus.

"Now that the long skirt is again fashionable," says an editorial short in the Daily Illini, University of Illinois Student Journal, "maybe the long marriage will also stage a comeback."

You merely take a chance, gents. A recent psychological survey at a northern university disclosed the fact that all beautiful girls are not necessarily dumb.

A Northwestern professor advises young men to marry a girl if she can run 100 yards in 13 seconds. He evidently likes them plenty fast.

"One reason why romance lasted longer in the old days," declares an editorial short in the Ohio State Lantern, student newspaper at Ohio State university, "was that the bride looked much the same after washing her face."

"The Indians," says a Southern college publication, "sold Manhattan island to the white man for a few plugs of tobacco and some coins. The white man is ready to trade back as soon as he can find some coins."

A liars' contest recently was held at the University of Minnesota, and a fitting trophy was awarded to the person who advanced the biggest lie and got away with it, in the limited time of three minutes.

When there are no social functions at Penn State, coeds have the privilege of being in fraternity houses until 10 o'clock at night.

According to statistics, bad checks were passed at the University of Missouri at the rate of 75 a day last year.

Reports have it that, seniors at Kentucky university remove corduroy trousers from underclassmen who dare to wear them and toss the offending froth into trees. A sacred privilege—this wearing of the corduroy.

Another change in the rushing rules, looking to a limitation in the number of pledges a fraternity may have, is the chief worry of the University of Chicago Interfraternity council.

ANNOUNCE OPEN HOUSE EXECUTIVE COMMITTEES

Engineer Show Scheduled for March 17 and 18; Bob Alexander Manager

"What's new and different" in the field of engineering will be shown at the annual two-day Engineers' Open House, March 17 and 18. One of the features of the show will be the presentation of St. Pat and St. Patricia at the Engineer's Ball on the last evening.

The executive committees have been announced by Robert Alexander, manager of the show, and the plans are under way. The list of committees are:

Publicity—R. D. Compton, Manhattan; H. C. Johnson, Marquette; L. W. Teall, Larned.

Features and display—E. J. Pelletier, Concordia; I. E. McDougal, Atwood; Clair Palmer, Kincaid.

Routing—J. D. Woodruff, Dodge City; J. P. Woolcott, Manhattan; R. M. Nelson, Troy.

Prom—Carl Ossmann, Concordia; O. S. Ekdahl, Manhattan.

Aviation—L. A. Gore, Bushton, Chapel—K. U. Benjamin, Deerfield, Shop practice—L. E. Murphy, Galena, Machine design—Roy Best, Manhattan; Leonard Ezard, Cart-hage, Mo. Ag engineering—J. W. Jenick, Bushton; Donald Christy, Scott City.

Architecture—Harry Ganstrom, Hollis; Keith Hincheliff, Manhattan; A. K. Bader, Junction City. Civil engineering—M. E. Phillips, Wichita; Don Gentry, Manhattan; H. C. Weathers, Haviland.

Chemical engineering—P. F. Warner, Whiting; H. M. Rivers, Manhattan. Electrical engineering—S. R. Mudge, Salina; H. R. Hecken-dorn, Cedar Point; A. W. Rucker, Americus; Oran Harger, Manhattan; John R. Long, Abilene.

Mechanical engineering—Richard Burge, Parsons; V. C. Cavin, La Crosse, Military—Hal McCord, R. C. Besler, and Robert Roberts, all of Manhattan.

Applied mechanics—J. P. Kessler, Overbrook; J. W. Haupt, Newton, Physics—J. H. Howard, Oberlin; H. K. Tatum, Larned. Signs—H. E. Rathbun, Manhattan; H. E. Rivers, Dodge City.

Publications—M. H. Davidson, Manhattan. Flood lighting—Russell Stewart, Lowmont; I. M. Johnson, Smolan.

Are You Grown Up? Test Yourself With This New Yardstick

Are we really grown up? We are not mature until we are emotionally grown up, said Miss Marion Quinlan of the state board of vocational education, in her talk at the home economics meeting.

As applicable to college students as to the homemakers are the tests for emotional maturity given by Miss Quinlan. The tests are: (1) An adult is able to make wise choices and then abide by them. (2) He is able to initiate a task—run on his own steam—and complete the task. (3) An adult is contributing to the constructive and worthwhile activities of the place in which he finds himself. (4) He organizes his behavior in relation to more remote ends. (5) He is able to defer gratification of an immediate desire.

(6) He is able to inhibit an emotional response, and to substitute a constructive for a destructive emotional response. (7) An adult selects these things to which he chooses to attend. (8) He is capable of and makes a practice of reflective and suspended judgment. (9) He takes an impersonal view of life. He sees himself in relation to the universe rather than as the center of the universe. (10) An adult has established relationship which to him are satisfactory with the Infinite, and allows every other man the same privilege.

These tests as given by Miss Quinlan were devised by Dr. Margaret Justin, dean of the division of home economics.

ENTOMOLOGISTS WILL CONVEIN IN ST. LOUIS

Four Faculty Men Plan to Attend National and Central States Meetings

Several members of the entomology department will attend meetings of the National and Central State Plant Boards and Central States Entomologists association which will be held in St. Louis, Mo., from February 28 to March 4.

Members of Kansas State faculty who will attend the meet are G. A. Dean, professor of entomology; Roger C. Smith, professor of entomology; Reginald Painter, associate professor of entomology; and G. A. Flinger, associate professor of horticulture.

Miss Dorothy B. Pettis, assistant professor of modern languages; Mrs. Lucile Rust, professor of education; and Miss Elizabeth Quinlan, assistant professor of clothing and textiles, went to Kansas City, February 22.

CO-OP GROUP TO MEET AT COLLEGE IN APRIL

Work Now Under Way in State Will Serve As Basis For Making Standards

Economic problems, securing and retaining members, and operating standards will be the topics for discussion of the managers, directors, and members of the annual Kansas Co-operative conference here April 6 and 7.

The securing and retaining of members will be considered at the opening session of the farm organization the afternoon of April 6. The evening program will be a discussion of prominent economic agriculture problems and the importance of co-operation in their solution.

The co-operative leaders will decide on their operating standards using the work that is under way in analyzing operation practices of Kansas elevators as the basis.

W. E. Grimes and R. M. Green, department of agricultural economics, and L. C. Williams and Vance M. Rucker, extension service, are on the committee of thirteen to plan the program. Nine other members are chosen from co-operative firms operating in this state.

WAREHAM OPEN SUNDAY

Theatre to Open Doors Despite Warnings of Welfare Board

The Wareham theatre has announced that its doors will be open to the theatre going public Sunday and will give three performances. The picture scheduled will be shown Monday and Tuesday also.

The Dickinson theatre was open last Sunday despite warnings on the part of the public welfare board. The theatre gave several shows that day to large and appreciative audiences. The Wareham theatre will be open despite the fact that the welfare board has not taken action upon the Dickinson case. The Dickinson case hearing comes tomorrow. A member of the welfare board is quoted as saying that the same procedure will be taken in the Wareham case as in the case of the Dickinson if the former is open Sunday.

COLLEGE GROUPS CONFER

Impressive List of Speakers Will Address "Y" Event at Emporia In March

What's the situation preventing four out of five college graduates from getting jobs? Is there a connection between war debts, tariffs, and armaments and so many men and women being unable to get either a job or college education? Friday night, Saturday, and Sunday morning, March 10 to 12, at Emporia, a Kansas intercollegiate conference on such phases as these in the economic crisis will be held for students, faculty, and friends.

Platform lectures and round table discussions led by experts will consider various problems. The conference will start with a depression dinner Friday evening. Speakers for Friday evening are Prof. W. E. Grimes, Kansas State college, who will speak on "Revolt in the Midwest," and Prof. W. A. Irwin, Washburn college, who will speak on "The American Scene."

Saturday morning at 8:40, Prof. John Ise, of the University of Kansas, will address the group. Afterward roundtable discussions will be held.

Saturday afternoon, Professor Ise will again speak and the round table discussions will be continued. Saturday night a conference banquet will be given. William Allen White, of the Emporia Gazette, will address the group on "Pioneers

of Yesterday" and Dr. Charles M. Sheldon, Topeka, will speak on "Pioneering on New Frontiers."

President W. O. Menenhall, Friends university, will speak at the closing meeting Sunday morning on "What a planned society implies for religious institutions and for the Christian's personal life." Brief statements will be made by representative students on "Where and how can a student take hold."

The registration fee for the conference is 75 cents. This includes the Saturday evening banquet and expenses of the conference. Registration may be made with the Y. W. C. A. office or directly through Wilma Turner, K. S. T. C., Emporia.

RETREAT CENTERS ON SCURLOCK DISCUSSIONS

Sixty Women Attend Spring Gathering at Episcopal Student House

"Jobs for Us," a discussion led by Miss Stella Scurlock, new regional secretary of the Y. W. C. A., was the central attraction at the Y. W. C. A. spring retreat Wednesday. "Myself and Others" was a secondary subject of the program. In her present position, Miss Scurlock works with 45 schools and is splendidly qualified to lead such discussion groups.

Retreat was at the Episcopal student house from 10 o'clock until 5 o'clock. Lunch was served at noon to sixty people. Several new girls who did not attend the retreat in the fall semester were present.

The PLATT Secretarial School

1026 Poyntz

Will give special individual instruction to those who expect to teach

Shorthand and Typewriting

or who wish to use it in their college work. These subjects added to a general or specialized education will be a great help. Come in and let us arrange your hours. Night school Monday and Thursday evening, 7 to 9.

ROLLED OATS

Dinners—dances—dinner dances—flags—picnics—serenades—mistaken identities—headaches—onion sandwiches—bromos—jitter pills—buttermilk—tomato juice—so came the vacation—Washington's birthday—and the good old American holiday hangover!

Bruce Roth and Mary Blackman—taking advantage of the Canteen's built-up booths.

Came the Beta Brothers' Pig—creative havoc—the importation of the foreign feminine element—Jouncing Johnson and the dazzling blonde—Wally Duncan and his liquid self confidence—the agglomerating alumni—deep in their cups—

Harry Hasler and Doris Paulson—celebrating their seventh anniversary of dusty domestication.

Pompous Professor Burns—of the Chicago Burns and the blue Reo insinuatingly inquiring of one of the gentler geologists—the wettest part of North America—excluding the Wareham!

Then there was the surprising and unannounced arrival of the Doris Doris Dove of the Washburn Alpha Phi—leaving our poiseless Peck by Crocker's side—swathed in mortification and covered with confusion.

Archaic Arch Miller—utterly repentant—for his cutting a cippish caper on the street of Council Grove—pacing ponderingly the length of a wretched cell—while held within its lawful custody.

Scornful Scales—publicly proclaiming his one-thirty secret trusts—oh, well—a word to the wise is after all merely a word to the wise—

Social Calendar

Friday, February 24

Faculty group dance, recreation center, 8:30-11:30.

Newman club dance, L58, 8:30-11:30.

League of Nations model assembly, college auditorium, 7:00-10:00.

4-H club dance, Thompson hall, 8:30-11:30.

Saturday, February 25

Kansas university-Kansas State basketball game, Nichols gymnasium, 7:30.

Band dance, recreation center, 8:30-11:30.

Sigma Nu house dance, 9:00-12:00.

Monday, February 27

Y. W. C. A. cabinet meeting, Calvin rest room, 7:00-8:30.

Chorus, college auditorium, 7:00-10:00.

Theta Xi

Theta Xi announces the pledging of A. R. Thiele, Bremen.

Attorney A. R. Springer was a dinner guest Wednesday night.

Alpha Delta Pi

Captain and Mrs. Van Meter, San Antonio, Tex., Mrs. Elizabeth Warner, and Miss Gertrude Brown were dinner guests Tuesday evening.

Vona Wandling visited Wednesday at her home in Sharon Springs.

Albert Henry, Salina, visited his daughter, Fern, Tuesday evening.

Kappa Kappa Gamma

Paula McDaniels, Topeka, visited Wilma Rae Womer this weekend.

Katherine Reid, Elvora Gilson, Frances Rosser, Marjorie Marrow, and Harrel Porter were guests of Kathryn Black Wednesday at her home in Council Grove.

Lorraine McMullen went to Topeka Wednesday.

Joyce Pennington, Hutchinson, was a guest this week of Grace Unberger. She attended the Beta Theta Pi pig dinner Wednesday night.

Marjorie Black, Topeka, attended the pig dinner. She is a member of Omega chapter of Kappa Kappa Gamma, K. U., at Lawrence.

Alpha Xi Delta

Hollis Sexton, Goodland, has been elected president for the ensuing year. Other officers elected were: Erma Schmedemann, Manhattan, vice-president; Alice Kimball, Manhattan, secretary; Winifred Wolf, Ottawa, treasurer; Alice Barrier, Topeka, pledge sponsor; and Mary McMullen, Oberlin, marshal.

Delta Tau Delta

Arthur Telljohn, Kansas City, and Herman Tietze, Kansas City, spent Wednesday at their homes.

Mrs. A. R. Sealey, Salina, visited at the house Wednesday.

Lambda Chi Alpha

James Scott, Kansas City, spent the weekend and Wednesday at his home.

Collins Crum, Onaga, spent Wednesday at home.

Ward Colwell, Onaga, and Evan Houghawant, Onaga, were Wednesday evening dinner guests.

Hal Harned, who has recently returned from California, was a guest Saturday evening.

Miss Ruby McMichael, Almena, and Miss Wilma Cook, Ash Valley, were dinner guests Sunday noon.

Mrs. Nellie Hawthorn, Lambda Chi Alpha housemother, was in Topeka Saturday.

Kappa Sigma

Kappa Sigma entertained with a picnic last Sunday evening. Guests included: Madge Mahoney, Atchison; Elizabeth Smith, Kansas City; Leora Lang, Cuba; Mildred Hadcock, Lindsey; Betty Shackelford, Manhattan; Louise Krehbiel, New-

ton; Adamae Tracy, Manhattan; Bernice Lathrop, Manhattan; and Betty Miller, Salina.

Farm House

Farm House announces the pledging of Kenneth Thompson, Wichita, and Dwight Thompson, Wichita.

They were Thursday evening dinner guests.

Beta Theta Pi Pig Dinner

The twenty-first annual Pig Dinner was held Wednesday evening at the chapter house, followed by dancing at the Wareham ballroom.

Chaperones were Dr. and Mrs. C. W. McCampbell, Professor and Mrs. Burr Smith, and Mrs. Elizabeth Sheetz, housemother.

Guests present were: Monita Harris, Dorothy Maltby, Helen Hanson, Gertrude Cowdery, Ambrosia McClaren, Mary Holton, Virginia Team, Lawrence; Patricia Kimball, Leora Light, Dorothy Linge, Ernestine Merritt, Rowena Johnson, Frances Wilkerson, Marjorie Hanson, Madge Mahoney, Mary Louise Hampshire, Betty Harold, Tella Hinchaw, Joyce Pennington, Jean McCachron, Frances Tannahill, Louise Ratliff, Martha Shaffer, Hutchinson; Virginia Flanders, Fee Dawson, Topeka; Jane Harmon, Paula McDaniel, Topeka; Margaret Burke, Kansas City; Mary Emily Berryman, Louise Rust, Harriet Shrack, Martha Eberhart, Salina; Charlene Baker, Donald Kenney, Helen Durham, Betty Sherer, Laura McFadden, Topeka; Marge Black, Topeka; Virginia Iobe, Topeka; Margaret Nordstrom, Lucille Lawson, Topeka; Mrs. Harold Kneeland, Mrs. Lloyd Miller, Hiawatha; Mrs. Burr Smith, Helen Hughes, Marvin H. Chieffelt, Topeka; Dwight Putnam, Salina; Harry Miller, Lloyd Miller, Hiawatha; Tine Lantz, George Boone, Jesse Dalton, Topeka; Dick Gosssett, Topeka; Dr. C. W. McCampbell, Professor Burr Smith, Tom Johnson, Forrest Faulkner, Clay Center; Harold Kneeland, Council Grove, and Cecil Miller, Lyons.

Beta Theta Pi

Formal initiation was held Tuesday night for Max Pfuetze, William Fitch, Franklin Colladay, Jay Wright, Jack Boyd, Howard Rhoads, and Burnette Stratford.

Kappa Sigma

Kappa Sigma announces the pledging of R. E. Omeahundro, Wellington.

Alpha Rho Chi

Alpha Rho Chi announces the initiation of Philip Rockwood, Parker; Charles Beal, Avoca, New York; and William Erdtmann, Ellsworth.

Sunday dinner guests were: LeRoy Butler, Independence; Donald Bammes, Manhattan; Kenneth Pettijohn, Fort Morgan, Colo.

Mrs. Bertha Napier spent Saturday in Topeka.

Carl Ossmann, Concordia, spent the weekend in Salina.

Valentine Party for Home Ec Club

The Home Economics club entertained the faculty members and guests at a party Thursday, February 16, in recreation center. Lorena Schlemmer was social chairman and the program was under the direction of Clara Bess Garrison and Florence McKinney. Mary McMullen, Gertrude Brown, Pauline Valle and Martha Rodda gave a fashion show; Amy Jaspersen gave two readings.

A skit, "When Mother Was a Girl, but Daughter, Oh!", was given by Grace Sholz, Hollis Sexton, Jewell Stockdale, Louise Krehbiel, Eleanor Wildinson, Esther Johnson, Geneva Suiter, Frances Moss, Evelyn Dzel, Marjorie Farnen, Mary Hanley, Elizabeth Lamprecht, Ruth Jorgenson, Gwen Fisher, Pauline Crawford, Mary Ann Snare, and Jean Pollon, of the Mason school of dancing, gave a colonial dance.

The room was decorated in valentine decorations, and valentine refreshments were served.

Initiate and Observe Founders' Day

The Sigma Phi Epsilon fraternity held formal initiation Saturday afternoon for the following: F. B. Majors, Elmo; Spencer Wyant, Topeka; Wayne Thornbrough, Laykin; Victor Krainbill, Bern; Gene Peery, Manhattan; P. H. Hostettler, Harper; and James Johnson, Sylvia.

Guests at the annual Founder's day banquet Sunday were R. J. Fordyce, Iowa City; D. M. Filippo, Abilene; A. L. Frasier, Tonganoxie; L. W. Newcomer, El Dorado; R. M. Sears, Gray Levitt, E. Von Rleson, Topeka; Dale H. Carmean, W. H. Murray, Topeka; W. G. Nicholson, Great Bend; H. G. Weber, Dodge City; H. G. Markley, Bennington; H. W. Cave, Leonard H. Brubaker, Niles F. Rash, Clair Jordan, F. E. Charles, H. H. Laude, R. W. Conover, W. K. Bloomberg, C. O. Granfield, Glenn Ankeny, Manhattan.

Wedding Anniversary Celebrated

Mr. and Mrs. F. Sierre DeSoto, of the Drexel apartments, entertained Sunday afternoon in honor of their fifth wedding anniversary. DeSoto was graduated last summer from the general science division of Kansas State.

Theta Pi

Theta Pi, college organization for Presbyterian women, held its annual Washington birthday dinner at the Westminster house, 315 North 14th street, Tuesday, February 21. The theme of the program was "Man and Himself." Grace Burson, chairman for the program, was assisted by Jessie Rowland, Elizabeth Knechtel, Juanita Shields, Ruth Gresham, and Helen Latta.

Delta Delta Delta

Jeanette Mosier spent Wednesday in Blue Rapids with her parents, Mr. and Mrs. P. D. Mosier.

Mrs. W. D. Mowery and children, Salina, and Ralph Exline were luncheon guests Wednesday.

Francis Jack spent Wednesday afternoon and evening in Topeka.

Mrs. Fred Sheaffer and Martha Sheaffer, Hutchinson, were guests at the house Wednesday and Thursday.

Virginia Team, Lawrence, and Margaret Burke, Kansas City, were guests Wednesday.

Virginia Iobe, Topeka, and Marjorie Hanson, Clay Center, visited at the house Wednesday and Thursday.

Mr. and Mrs. W. G. Hopkins, Louise and Martha Mae Baugh, and Mr. Horace Foster, Garfield City, arrived Tuesday evening to visit Ruth Hopkins. They spent Wednesday and Thursday in Topeka.

Margaret Myers visited in Junction City Tuesday.

Dinner guests Thursday evening were Miss Stella Scurlock, Denver, and Dorothy McLeod.

Sigma Alpha Epsilon

Sigma Alpha Epsilon held formal initiation Sunday for the following: Graydon Trusler, Tom Bushby, Charles Clark, Louis Cool, Frederick Beeler, and Maurice Stauffer.

Zeta Tau Alpha

Zeta Tau Alpha announces the pledging of Tanice Simch, Marysville.

Acacia

Acacia held its annual breakfast dance Wednesday morning. Guests included: Rita Brown, Miriam Conrad, Grace Light, Elouise White, Mariam Peck, Louise Fenner, Clara Bess Garrison, Mary McMullen, Lela Hahn, Alice Kimball, Jean Skinner, Mary Van Orsdel, Mary Elizabeth Wilkes, Luella Graham, Myra Roth, Ethel Turrow, Thelma McGinnis, Imogene Huginions, Cora Oliphant, Colleen Zacharias, Bob Kirk, Dale Martin, Alex Robinson, Bob Andrews, and Clair Palmer.

Pi Kappa Alpha

Pi Kappa Alpha announces the pledging of Francis Brenner of Waterville.

Mr. Windle and Mr. Leap of the University of Kansas were guests of Charles and Dale Maxwell Tuesday night.

Chi Omega

Doris Dove, Topeka, was a guest at the house Wednesday.

Louise Fenner and Zelma Conn will spend the week end in Kansas City.

Mary Emily Baum, Junction City, was a guest at the house Tuesday and Wednesday.

Professor and Mrs. J. E. Kammer were Tuesday dinner guests.

Clovie

Clovie held open house for Farm House Thursday night.

Jessie Dean and Mary Jordan were in Topeka Tuesday.

Phi Sigma Kappa

John Hartman spent Wednesday in Topeka.

Paul Rust visited in Eskridge Wednesday.

Senior Men's Pan-hellenic held their regular meeting at the Phi Sig house Monday evening.

Sigma Phi Epsilon

Sigma Phi Epsilon installed the following officers Wednesday night:

president, Earl Brookover, Scott City; vice-president, Albert Thornbrough, Laklin; secretary, James Ketchersid, Hope; marshal, John W. Frazier, Manhattan; guard, Henry Kirk, Scott City; marshal, George Garrison, Goodland; and historian, Delbert Costa, Hutchinson.

GO UP FROM STATION KSAC

Kenneth Putney and Fred Wein-garth Establish Precedent for Radio Students

A budding Walter Winchell or a Jimmy Wallington may be serving his apprenticeship at station KSAC. If he is, he has two predecessors in last year's class in radio announcing who are doing "graduate work."

Kenneth Putney and Fred Wein-garth, two members of last year's "pioneer class" in radio speaking and announcing, are now doing commercial work. Putney announces over station WIBW, at Topeka, and Wein-garth works the controls, writes continuity, and does about half of the announcing for station KFB, Abilene. Both of them had experience over station KSAC, in addition to the training which they received in class.

Students who are now enrolled in one of the radio classes, or who have been enrolled in them, are in charge of four programs a week over the college station, KSAC. These programs come from 1:10 to 1:30 in the afternoon. On Tuesday, the program is entitled "College News"; Wednesday, "National News"; and Thursday, "International News." When Friday comes around, John Barhydt tells "What's New in the World?"

For these programs the students have complete responsibility for securing speakers, writing continuity and announcing the programs.

GRASS IS FOR STUDENTS

So Let Them Walk On It, Says College President.

When signs recently appeared on the campus of Washington and Jefferson college saying "Please Walk on the Grass," students were inclined to put it down as the work of some wag.

But, Dr. Ralph C. Hutchinson, president of the college, revealed this week that the signs really mean what they say.

"The campus belongs to the students," he said, "so why shouldn't they walk on the grass? I want to walk on it myself."

And to critics who might object to his attitude, he added:

"I can only say that I am more interested in the students than I am in the grass."

SCHOOL TONIGHT VIA RADIO FILM STRIPS

Thousands Listeners in Twenty Counties Are "Enrolled" in KSAC College of the Air.

The third "school" in a series comprising a new venture in radio extension work will be broadcast over station KSAC this evening at 9 o'clock. Tuned in on the program, it is estimated, will be farmers and homemakers in twenty counties, who are availing themselves of the opportunity to "study poultrying by radio."

A film strip is thrown on the screen in the studio of the station and duplicate film strips are thrown on the screen at the community gatherings. These meetings are held in rural schools, high schools, and community meeting halls under the supervision of the local county agricultural agent.

In conducting the school the specialist who is in charge of the extension poultry program of Kansas will broadcast tales of the poultry work as he views pictures on the film strip. The county agent and his group will be tuned to the talk that is given by the specialist and turn to a corresponding picture upon signal by the specialist in the radio station.

The results of the previous two experiments on the radio film strip schools showed that approximately 1,000 listeners were tuned to the previous programs. The dates for these were December 30 when agronomy and dairy were studied, and January 20 with livestock and livestock insects.

In the 20 counties tuned in each time those gathered to hear varied from 10 to 160 in number. One county held as high as four community meetings.

Tonight's school will be under the direction of G. T. Klein and M. A. Seaton, extension poultrymen. They will be assisted by Walter G. Ward, extension architect, who cooperates with the poultrymen in drawing plans for the proper construction of poultry houses and equipment.

DUKE UNIVERSITY

SCHOOL OF MEDICINE

DURHAM, N. C.

Four terms of eleven weeks are given each year. These may be taken consecutively (M.D. in three years) or three terms may be taken each year (M.D. in four years). The entrance requirements are intelligence, character and at least two years of college work, including the subjects specified for Grade A Medical Schools. Catalogues and application forms may be obtained from the Dean.

NOTED BIOCHEMIST COMING

Dr. L. S. Palmer of Minnesota Will Speak at Banquet of Gamma Sigma Delta

Dr. L. S. Palmer, biochemist of the University of Minnesota, will give the principal address at the annual banquet meeting April 10 of the Kansas State chapter of Gamma Sigma Delta, national honorary agricultural fraternity.

At that time seniors and graduate students elected to membership in the organization will be initiated.

Doctor Palmer is recognized as one of the outstanding agricultural biochemists of America. Perhaps his most important single work was his determination of the mode of transmission of carotin and xanthophyll, both yellow pigments, to the body and milk fats of cattle and to the body of the chicken.

"This is truly a classic piece of work," said Prof. W. H. Riddell of the dairy department who took work under Doctor Palmer. "It was published in several research bulletins and has since been gathered together and published in monograph form by the Chemical Catalog company. This work has been made especially significant by the recent discovery of the close relation between carotin and vitamin A."

Officers of the Kansas State chapter of Gamma Sigma Delta are Dr. C. W. McCampbell, head of the department of animal husbandry, president; Dr. P. L. Gainey of the department of bacteriology, vice-president; Prof. H. M. Scott of the department of poultry husbandry, secretary; and Prof. H. E. Meyers of the department of agronomy, treasurer.

At the Theatres

AT THE VARSITY

"The King's Vacation"

This picture falls far short of the usual George Arliss characterizations. It is a would-be comedy of unemployed kings. The work of Arliss naturally is outstanding. Dick Powell and Patricia Ellis add atmosphere and that is about all.

Mr. Arliss is a king who abdicates his throne at the time of a revolution. He then attempts to take up his life where he had left it off eighteen years before his ascension to the kingship. His ex-Royal Highness finally finds happiness where he least expected to discover it. Except for Arliss, this show is nothing out of the ordinary.

SIR GALAHAD NO CHRISTIAN

Myth Had Origin in Paganism, Professor Finds

Dr. Arthur C. L. Brown, English literature professor at Northwestern university, this week shattered another illusion when he declared that the story of Sir Galahad and the Holy Grail is not Christian but pagan in origin.

After ten years of research, Dr. Brown reported that the Grail legend originated with the pagans, who recognized in it man's quest for the divine. He said he had traced the "ancestry" of the Grail myth through the Irish and Welsh to the form of the story which connected the chalice with King Arthur's court, the character of Sir Galahad and the Christian religion.

HEALTH EXECUTIVES MEET

Will Be Here to Plan Midwest Gathering in Wichita

A meeting of the executive council of Kansas State health and physical education association will be held Saturday morning at 10 o'clock in Prof. L. P. Washburn's office, Nichols gymnasium.

Prof. C. S. Moll, Professor Washburn and Miss Helen G. Saum, director of physical education for women, are the Kansas State mem-

bers of this staff. The major purpose of the meeting will be to make preparations for the convention of the physical education association to be held at Wichita, March 29 to April 1.

DON'T GET MONEY'S WORTH

Students Who Cut Class Pay for Something Not Received, Call Declares.

Every student at Kansas State pays from 50 cents to \$1.50 every time one of his classes convenes. This fact was pointed out by Dean L. E. Call of the division of agriculture in an address before the class in agricultural relationships.

The average student spends about \$500 a year for college, Dean Call estimated. During the school year, the student is asked to attend about 1,000 classes, making an average of 50 cents per class, whether or not the student attends. Of course, any increase in the yearly expenditure increases the corresponding cost of each class.

Dean Call said he thought college was the only place, where a young man or woman would be willing to pay money for a thing and then deliberately avoid receiving what he paid for. Students pay a relatively high price per class, the dean said, and it is up to them to get as much from them as they are able.

TEACH GOLD PANNING

"Elements of Prospecting" is the title of a course which the University of California extension division announced this week would be offered during the spring term. The class, which will include instruction in methods of panning gold, will be taught by Alfred Livingston, Jr., instructor at Los Angeles Junior college.

MAY PAY TO BE DUMB

Personality Counts More Than Brains, Facts Show

Maybe the beautiful but dumb girls have something after all!

According to observations made by Professor H. W. Mikesell, head of the psychology department at the University of Wichita, girls with personality, rather than brains, are most likely to succeed.

"Psychology has determined by actual experiment that success depends 85 per cent upon personality and only 15 per cent on brains," he said.

He criticized the tendency of colleges to "place high emphasis upon intelligence and little stress upon personality."

PROFS TO EDUCATIONAL MEET

Leave Tomorrow for Minneapolis for Series of Meetings

Professors Edwin L. Holton, V. L. Strickland, J. C. Peterson, of the educational department, and Mr. F. V. Bergman, principal of the Manhattan high school will leave Saturday noon for Minneapolis, Minn., to attend the National Educational Association for the Department of Superintendents. They will attend other allied meetings and plan to return the middle of next week.

CHARLES ARTICLE PRINTED

Advantages of Consolidating Newspapers Journalist's Theme

An article by Prof. F. E. Charles on the advantages of consolidating newspapers in small towns was printed in the National Printer-Journalist for February, 1933. Professor Charles in his article, "The Coffeyville (Kansas) Journal" showed how one newspaper could take the place of three.

SPEAKERS: Maurice DuMars and Esther

WRESTLERS WIN AGAIN

Wildcats Beat Kansas Second Time
This Season; Score
26-6

The Kansas State wrestling team, coached by B. E. Patterson, defeated the Kansas university matmen for the second time this season by the score of 26-6, last Tuesday in Nichols gym. Four falls and two decisions gave the Wildcats the meet. The largest crowd of the season attended the matches. All the bleacher seats near the ring were filled and a number stood around the track to see the mat artists in action.

Pete Mehringer, Kansas university's Olympic champion, and Ed Houser, Kansas State's heavyweight representative, gave the crowd the biggest thrill of the evening. Mehringer, a pre-meet favorite, found it impossible to pin Houser although he had him in some dangerous holds during the match. A time advantage of seven minutes and forty-seven seconds gave Mehringer the match.

Another bout which won the hearty approval of the crowd was that staged by Captain June Roberts of Kansas State and Frank Anneberg of the university. Although Roberts was unable to throw Anneberg, he had a time advantage of nine minutes and thirty seconds and gave the crowd some real entertainment.

Four Kansas State matmen won their matches by the fall route. Paul Griffith was the first to throw his opponent. Using a cradle hold he threw W. Sanderson of the university in five minutes.

A. R. McDonald, Kansas State 126-pound representative, put a three-quarter nelson on Elwood Leep to win in two minutes and 15 seconds.

F. M. Bozarth made use of a body scissor to throw J. K. Tilford of the university in three minutes and 67 seconds.

It took Joyce Miller nine minutes and 35 seconds to throw George Noland in the 165-pound class. Miller made use of a half nelson and arm scissor to obtain the fall.

The Spotlight

The last home game for the Kansas State basketball team will put the Wildcats against the Jayhawkers tomorrow night. The game means a lot to both teams, and both will be playing their best basketball to win it. Kansas State must win in order to get a crack at the first division teams in the final standings. Kansas university must win in order to remain one of the conference leaders.

The lead in the conference is tied up or changes hands continuously. Last week Kansas was in sole possession of first place most of the time, but Oklahoma again tied it up by trouncing Iowa State at Norman Monday night.

The Missouri Tigers, who are in third place, face a tough road trip this weekend. The Tigers can win at home easily, but falter when on the road. Tonight they play the last place Iowa State team at Ames and tomorrow night take on the fifth place Nebraska Cornhuskers at Lincoln.

Two Kansas university stars have grown stale this week, and that may or may not have any bearing on tomorrow night's game. Bill Johnson and Harrington were given a three day rest by Log Allen and are to report again today for practice before coming here.

Today and tomorrow the class of the state's high school wrestlers and swimmers will vie for honors here in the gym. This may be a good chance for the wrestling and swimming coaches to get a line on what they may expect as recruits for their respective teams next year.

All this squabbling and fussing over booby that Phog Allen of Kansas is doing seems to be rather useless. Maybe he is just making all this for the beating his Jayhawks took at Missouri the other week. Coach Charley Corsaut doesn't understand why there is so much of a controversy over it. There hasn't been any of it here at Kansas State. The crowds here are always courteous to both officials and opposing players, which is one thing both Coach Corsaut and his basketball players appreciate.

The wrestling match with Kansas university Tuesday was all that could be expected. It was thrilling, exciting, held the crowd breathless at times, and was climaxed by the titanic efforts of the Olympic champion, Pete Mehringer, to throw the Wildcat heavyweight, Ed Houser, who refused to be thrown.

Both Mehringer and Roberts, Kansas State, were in the same fix. Neither captain was able to pin his man, no matter how hard he tried. If Mehringer was the Olympic champion last summer, he failed to show championship class against Houser, and even his semi-professional tactics failed to bring results.

Glenn Cunningham, Kansas university runner, has proved to be the sensation of the eastern indoor meets. The sturdy Jayhawk has won all three of the races he has entered, and has twice beaten Gene Venzke, who was supposed to be unbeatable until he met Cunningham in California last summer. Cunningham is going to try to break Venzke's 4:10 mile in the national indoor race tomorrow night.

A speedy little Indian by the name of Ray Dunson is out for the Oklahoma university track team. Way back in 1927 the star hurdler wrote track history for the Sooners and is on his way to a comeback to do it again. Dunson is 30 years old, married, and hasn't had on a track shoe for five years.

The Kansas State track team will meet some tough competition when they run up against the Missouri Tigers at Columbia tomorrow in the first meet of the season for the two teams. The Wildcat-Tiger track duals have always been good affairs, with the teams alternating in the winning the last few years.

George Veenker, Iowa State grid coach, doesn't think the new football rules are so good. He says: "Football will become nothing more than a mechanical game if they keep on tying it up with rules." He doesn't like the new sideline rule because it doesn't give field generals their best opportunities to out-guess their opponents. The sideline rule change has been one of the most popular changes made this year.

Men's Intramurals

(Due to the fact that volleyball is being offered for the first time at Kansas State this year as an intramural sport and is new to most of the men who will participate, L. P. Washburn, professor of physical education, has written the following paragraphs that will benefit all men interested in intramural volleyball.)

Volleyball is being introduced as an intramural sport for men at Kansas State college this semester. Although being used in this school for the first time, it stands sixth in the list of sports most frequently used in intramural programs in the colleges of the United States. The game, when played in its best form, involves a great deal more team work than at first appears. In the following paragraphs we shall mention the more important rules and methods of play.

Volleyball is played on a court 60 by 30 feet. The net placed across the center of the court from side to side is stretched with its top eight feet high.

A team consists of six players. The players are located in two lines of three each across the court, parallel to the net, three near the net and three near the end line. These are designated as right, center and left forward and right, center and left back. Each player must be in his section when the ball is served. He may go outside of his own area to play only for a short time and a back is prohibited from "spiking" or "killing" the ball.

A substitute may take the place of a player and the player leaving the game may not re-enter the same game.

At the opening of a game the ball is put in play by the player in the right back position. He continues to serve until the referee calls "side out" and the serve then goes to the other team. "Side out" is called when the serving side fails to serve correctly, return the ball correctly or commits a foul. The team receiving the ball for service immediately rotates one position clockwise. That is each player moves one position to the right. Thus each player plays in all six sections of the court in rotation.

The server may hit the ball with the hand open or closed and with the back side or front of the hand. The ball may be struck with either an underhand swing or with an overarm swing. A service to be good must carry the ball over the net so that it does not touch it, and land within the opposite court. In case of a failure the serve automatically goes to the opponent.

A player may not touch the net with any part of his body at any time, except when the ball is dead. He may not reach over the net under any circumstances, nor reach under the net and touch the ball, or a player of the opposing team when the ball is in play on that side, nor touch the floor on the opposite side of the center line in playing a ball.

A man may hit the ball with any part of the body above the hips, but he must not catch or hold the ball; it must be quickly batted and not held momentarily. Dribbling, that is, when a player touches the ball more than once with any part of his body, when the ball meanwhile has not been touched by another player, is illegal. The ball may be touched only three times by one team before being returned over the net. This would allow the same player to play the ball twice, provided another player has touched it second.

Spiking means that the ball is struck when above the level of the top of the net and close enough to the net so that it is driven downward into the opposite court. This may be done only by men in front row positions.

Points are scored by the serving side when the receivers fail to return the ball legally to the opposite court; or commit a foul. "Side out" is called when the team serving fails to win its point or plays the ball illegally.

Usually a match consists of three or more 15 point games. However, in order to make the scheduling of games definite and without a possible waste of time, we are going to try out the scheme of playing one 40 point game in which the winner must have at least a two point lead. When either team has made 20 points the team will change courts and complete the game.

Team playing consists essentially of passing the ball, after the service, up toward the net and into a position so that one of the forwards can spike or kill it. In so doing he tries either to play the ball where the opponents cannot reach it or drive it with such speed that they cannot return it. Other things being equal, a tall man has the advantage in that he can reach higher into the air when playing the forward line for the purpose of spiking the ball. However, a shorter man, who can jump into the air, can also spike effectively. By the system of rotation of playing position at the beginning of each service, it brings every man up to the net where he can spike the ball if he has the ability. It also prevents one or two good spikers from performing that part of the play all the time.

The indoor track meet will be held Monday night at 7 o'clock in Nichols gymnasium. There will be ten events this year, with two of the events being changed from former years. A three man medley relay instead of the mile ran and the standing broad jump in place of the high hurdles are the changes made in this year's events. Entries for this meet are due in Prof. L. P. Washburn's office today.

Volleyball will start Tuesday night, February 28, with 22 teams entered up to date.

Both doubles and singles play in intramural handball has advanced to the second round.

Women's Intramurals

The first set of games in the women's intramural basketball meet has been played off with the following results: Kappa Kappa Gamma—18, Pi Beta Phi—11; Delta Delta—11, Neophytes—5; Zeta Tau Alpha—15; Glavia—6; Van Zile hall—20, Kappa Delta—7; Alpha Delta Pi—22, Xi team—20; Winners—13, Alpha Xi Delta—11.

Games this week and next will decide the four group winners who will play to decide the two teams to play in the finals.

Engine House Noise

Kenneth Bowman, '26 was called to Manhattan last week on account of the death of his father. He was accompanied by his wife and 17-months old baby and they made the trip by plane as far as Kansas City and return. Mr. Bowman is employed by the Westinghouse Electric and Mfg. Company, at New York City.

Bert Crowder, '26, was a college visitor last week. He has been employed by the Western Electric Co. of Chicago.

The Department of Machine Design has just received over 200 copies of "Technical Memorandums of the National Advisory Committee for Aeronautics," which completes to date the file of nearly 700 of those periodicals which are in print. The circulars contain information varying from studies in bird flight to rocket propulsion in addition to detailed information covering every phase of airplane design.

George Railsback and Walter Johnson, of the highway testing laboratory at the college, left Monday with a truck load of exhibits for the annual road show at Wichita February 21, 22, 23 and 24. Professor C. H. Scholer, of the department of applied mechanics, and Professor W. G. Ward, rural engineering department, will also attend the show for part of the session.

Several members of the department of architecture have exhibits this week at the Annual Midwest Artists Exposition at Kansas City. Professor John Helm is exhibiting an aquatint, Professor Burr Smith a water color, and R. I. Lockard two water colors.

The road exhibit which is an annual event at Wichita will begin today. A truck was sent from the

applied mechanics department with its exhibits and rural engineering will send an exhibit today.

Prof. O. D. Hunt, electrical engineer, reports that they have installed three rural power units within a radius of two or three miles of the college. One is a six volt and the other two are twelve volts.

EIGHTEEN ON TRACK TRIP

Haylett and Team Leave This Afternoon for Indoor Meet With Missouri University

Eighteen Kansas State track men will go to Columbia with Coach Ward Haylett this afternoon for their fourth indoor track and field meet with Missouri university. The meet will be held in Brewer Field house tomorrow night.

Of three previous meets, Missouri has won twice, the first time in 1930 with a score of 71-33 and the next in 1932, 56-37. Kansas State garnered 65 points against Missouri's 28 to win in 1931.

The men who will make the trip and the events which they will enter are: 60-yard dash—Going, Booth, or Herskowitz; mile run—Landon, Nixon; 60-yard high hurdles—Schmutz, Knappenberger; 440-yard run—Darnell, Castello; 60-yard low hurdles—Schmutz, Knappenberger; two mile run—Pearce, Daniels; 880-yard run—McNeal, Landon.

High jump—Roehman, Spring; pole vault—Schmutz, Booth; shot put—Wertzberger, Morgan; broad jump—Bliss, Kennedy; mile relay—Castello, Knappenberger, Darnell, Booth.

CROPS FLOURISH WHILE THEIR GROWERS SUFFER

Blaine Finds California Conditions Easier on Plants Than on Farmers

W. P. Blaine, foreman of the horticulture farm returned from Long Beach, Calif., Wednesday, February 15, after spending two months there, visiting relatives.

"Although the farmers in California are hard pressed and the economic situation there is quite critical, the crops and vegetables grown there flourish quite luxuriantly," Blaine said. "Nine inches of rain fell in southern California in the two-month period I was there. The bean crop, however, suffered due to the climatic conditions."

Barn Storms

Well, the tenth annual Little American Royal has become history. Despite polar weather resulting in a greatly depleted Farm and Home week attendance, the judging pavilion was filled with spectators the night of the show. And it was a good show, completely successful in the traditional manner. (Perhaps we shouldn't have said "in the traditional manner" since a coed established a precedent by walking off with the grand championship of the dairy show, but you know what we mean.) Bouquets, handclaps, and newspaper puffs are in order for the committees in charge of affairs.

We (editorial for "the ag who writes this" certainly prayed for the success of Margaret Glass the night of the show. We prayed audibly. That turned out to be poor form because the ag sitting next to us had fraternity brothers entered in the contest and cared absolutely nothing for the career of Margaret Glass. The Inscrutable Powers, however, were on our side, as events proved. Great joy welled within us as the judge's decision was announced and Dean Call awarded the silver trophy to the fair coed. It wasn't that we were personally interested in Miss Glass (not being acquainted with her). What we were interested in was a good lead for the story we had to grind out following the show. Good, let it be known, are "blank" hard to find. Many thanks to Margaret, the judges, Margaret's Ayshire heifer, and whatever gods there be.

Then there was Virginia Wagner of Richmond, showing a Hereford heifer in the animal husbandry portion of the contest. We prayed for her, too. When she won the championship of the beef cattle division of the contest a perfect peach of a lead for the separate Little American Royal story took form in our mind. She did a splendid job of showing in the contest finals and we thought she had the grand championship cinched. That was probably because she was showing immediately in front of us. Down at the other end of the ring Boyd Cathcart was showing a Percheron mare. He, it was, who won the grand championship. Good boy, Boyd—Phi Kappa Phi student, winner of last year's Capper award for agricultural journalism. But our lead, our beautiful lead...

Kay Brewer, Wichita; Dorothy Haddell, Manhattan; Helen Sloan, Manhattan; Veve Brewer, Wichita; and Mr. and Mrs. R. I. Thackrey drove to Kansas City February 22 to see "The Cat and The Piddle" at the Shubert.

A KANSAS HOPE

PAUL HARRINGTON

FOUR-H TO NEW HEIGHTS

Enrollment Goes Over the Top As Club Members Realize Return of \$373,397.

Record-breaking enrollment and members completing the year's work are the accomplishments of the Kansas 4-H club work this year. The new heights are 17,740 rural boys and girls belonging. Seventy-six per cent of these club members have finished their twelve month's activities, involving \$373,397.

The success is the result of strong support from the leaders, business men, commercial interests, civic organizations and other sponsors, according to a summary report of the work for 1932 by M. H. Coe, state club leader here.

Local community clubs reached 764, with 1,462 adult leaders and 772 junior leaders. Despite the low prices of 1932 the livestock club raised animals worth \$235,535. The gross returns of the crop and garden clubs were \$66,021 and the home economic projects yielded about \$71,841.

The state club leader reports that the greatest value received was not in money but in the efficient practice in agriculture and home making, training in organizing and conducting, and increased appreciation of rural life.

TELL OF JOINING FEDERATION

Student-Faculty Forum Will Hear Discussion of Subject.

"Shall Kansas State join the National Student Federation?" That question will be discussed at the second student-faculty forum of the year, to be held next Tuesday evening in recreation center at 7:30.

Esther Row, Larned, and Maurice DuMars, Agra, student council members who attended the national convention of the student federation in December, will speak. An open discussion will follow their talks.

Charles Cheney, Abilene, was injured while practicing high jumping, Tuesday.

FOUR DALLS BARN CONCRETE

Hope to Finish By April if Weather Remains Fair.

Work is again under way on the construction of the new college dairy barn, now that the weather is suitable for building operations. Superintendent G. R. Pauling of the building and repair department announced yesterday that about seventy-five cubic yards of concrete had been poured on the second floor since work had recommenced, and that the second floor stonework has also been started. The building may be finished by the first of April if weather conditions remain favorable from now on.

STUDENTS PREFER BIBLE

Stanford Students Choose Them Above All Others

Stanford university is not Godless, the Stanford Daily reported this week, after asking leading students the following question:

"What two books would you take with you if you were to spend the rest of your life on a desert island?" Most of them replied that they would take the Bible. Shakespeare's works was second choice for many of those questioned.

SAGES AND DUNCES ELECT

Lucille Ailstock Heads Inter-Racial Group for Semester.

Sages and Dunces, organization for promoting inter-racial friendship, elected officers Sunday afternoon. Lucille Ailstock, Wellington, was elected chairman; Esther Wiedower, secretary, and Winifred Wolf, program chairman. The program chairman will serve for two meetings, the other officers during the semester. Maxine Crouch, chairman last semester, presided.

New members initiated into Sages and Dunces this semester are Irene Branham, Louise Jones, Barbara Lautz, Jeanne Lyons, Marian Todd, and Esther Wiedower.

NUMBER 41

CO-EDS FALL IN PIRATE HANGOUT AT AG ORPHEUM

LUCILLE ALLMAN, PATRICIA
IRWIN AND ARTHA KNISELY
HAVE LEADING PARTS

BABCOCK IN STAGE DEBUT

Mary Myers Elliott and Dr. C. M.
Correll Co-Star in One-Act
Comedy; Men's Glee Club Is
Minstrel Outfit

"Petticoat Pirates" is the musical
travesty written and directed by
Prof. Edwin Sayre of the music de-
partment which will be one of the
features of the Ag Orpheum Fri-
day and Saturday nights, March 3
and 4. The production concerns
the adventures of three Kansas
State coeds with pirates.

The three coeds selected for the
cast are: Lucille Allman, Manhat-
tan; Patricia Irwin, Manhattan;
and Artha Kniseley, Liberal. Two
popular songs, "Hold Your Hands"
and "Look Who's Here" are inter-
polated into the score.

Notables on Hill in "Cabbages"
"Cabbages," the one act comedy
to be presented, is a story of a
German family who became wealthy
because of an oil strike on their
farm. They move to town and
Mrs. Grossmeier begins to trace the
Grossmeier family tree.

The leads are played by Mrs.
Mary Myers Elliott taking the part
of a huge fat German woman who
desires to be somebody, and As-
sistant Dean C. M. Correll playing
"Gus," a common old farmer who
wants to be nothing else. Dean R.
W. Babcock as a newspaper re-
porter and Prof. Lyle Downey as a
genealogy man are making their
first public appearance on the
stage. Olga Larson, Vesper, is a
poor neighbor and Gertrude Green-
wood, Kansas City, is the flapper
daughter.

Men's Glee Club in Minstrel
The minstrel is in charge of L.
G. Langston, Hutchinson. The
men's glee club will furnish the
chorus. Dick Hersig, Salina, will
be the featured soloist and Bill
Shade's quartet will be present.
Others participating in the minstrel
are M. D. Olmstead, Perry, Harold
Ross, Wamego, Jim Chapman,
Manhattan, L. G. Langston, Hutch-
inson, and Herbert Koon.

Music will be furnished Friday
night by June Layton and his Var-
sity Club orchestra and Saturday
night by Ken Bloembergen and his
College Club orchestra.
Cast Chosen for "Petticoat Pirates"
Rehearsals are in full swing for
"Petticoat Pirates" with the follow-
ing cast in addition to the three
coeds:

Captain of the pirates, Ernestine
Merritt, Haven; six preying pirates,
Betty Stanley, Wichita; Eleanor
Otto, Juliana Amos, Manhattan;
Josephine Baker, Miltonvale; Mar-
garet Higdon, South Haven; and
Cora Oliphant, Offerle; eight dan-
cing pirates; Lois Rosencrans, Man-
hattan; Jaquette Lawrence, Coun-
cil Grove; Ambrosia McClaren, Ga-
lena; Frances Pocke, LeRoy; Ro-
berta Jack, Russell; Ivernia Dan-
ielson, Manhattan; Rosemary
Schmidt, Junction City; and Fran-
ces Jack, Russell.

Pirate folk dance, Roberta Jack,
Cora Oliphant, and Juliana Amos;
solo dance, Rosemary Schmidt;
skeleton dance, Ellen Payne and
Dorothy Cortelyou, Manhattan;
singing pirates, Martha Singleton,
Benedict; Betty Shackleford, Man-
hattan; Marjorie Lemon, Wake
field; Harriet Mayer, Alta Vista;
Elizabeth Walbert, Columbus; Tel-
la Hinshaw, Bennington; Caroline
Janssen, Lorraine; Vera Trusler,
Junction City; Betty Ozment,
Manhattan.

Lela Hahn, Glen Elder; Gladys
Paulsen, Onaga; Marjorie Call,
Manhattan; Dorothy Bacon, Atch-
ison; Lois Lewellen, Newton; Milla
Flashney, Cleburne; Viola Barron,
Kensington; Julia Crow, Silver
Lake; Shirley Jacobs, Lenora; Mar-
ian Buck, Abilene; Kathleen Mal-
lon, Anthony; Roberta Shannon,
Geneseo; Ruth Parsons, Hiawatha;
Lois Darby, Morrowville; Mildred
Madden, Lenora; Amy Jasperson,
Colby; Bernice Light, Yates Cen-
ter; Helen Reed, Clircville; and
Laura Ward, St. Joseph, Wyvo; and
dance director, Freda Walker,
Manhattan. The costumes are in
charge of Betty Stanley, Josephine
Baker, Lois Rosencrans, Mildred
Madden, and Freda Walker. Betty
Shackleford has charge of the prop-
erties.

MISS BARFOOT WILL ADDRESS Y. W. GROUP

"Apples and Madonnas" Is Book to
Be Reviewed Thursday
Evening.

The Modern Literary interest
group of the Y. W. C. A. will have
as a speaker next Thursday eve-
ning Miss Dorothy Barfoot of the
are department who will review
"Apples and Madonnas," a book on
modern art by Bulliet. The group
will meet in Calvin hall at 7:15.
Miss Maria Morris spoke to a Y.
W. C. A. interest group February
23 on "Costume and Art."

TO ADDRESS JOURNALISTS

Lawson E. May Will Tell of Shang-
hai Newspapers

Shanghai newspapers will be
Lawson E. May's topic for discus-
sion Thursday afternoon in jour-
nalism lecture. Mr. May worked on
a paper in Shanghai, China, for
three years and is now city editor
of the Hutchinson Herald.

COSMOPOLITAN EMBLEM WILL APPEAR ON HILL

Stephen P. Das Tells of Rural and
City Life in His Native
India.

The national Cosmopolitan club
emblem will make its appearance
on the Kansas State campus soon,
as the result of a vote taken at
the open meeting held Thursday,
February 23. The emblem will be
hung in the club room in Nichols
gymnasium.

Stephen P. Das, Bangalore, India,
spoke on "Life, Architecture, and
Scenes in India," illustrating his
talk with lantern slides showing
Indian temple architecture, por-
traits of native princes, their pal-
aces and possessions.

"Transportation, economic con-
ditions, and buildings in the cities
of India are the same as they are
in the United States," Das said.
"But the Indian villages are not
comparable to the towns in this
country. Where American towns
are dependent for necessities of
life on the larger manufacturing
cities, the Indian villages are inde-
pendent."

"Each village, though employing
crude methods of transportation
and using no mechanical contriv-
ances with which to make clothes,
build homes, or harvest crops, is
independent. It may be this very
factor which has repelled the
world-wide depression there," he
said. "All work in the villages is
done by hand thus solving this
problem."

"The lowest profession in India
is that of the barber," Das con-
tinued. "Instead of going out to a
barber shop to have one's hair cut,
the barber shop comes to you. On
farms, oxen instead of horses are
used for the heavier work, because
they can stand the heat better."
Some of the guests present were:
Marguerite Stoops, Bellaire; Paul
Perry, Little River; J. W. Loth,
Buffalo, N. Y.; F. B. Wolberg, Er-
nest Dobrovinsky, and Mr. and Mrs.
Sierra De Soto, Manhattan.

NOMINATE FOR THE Y.W.C.A.

All Members May Express Choice
on Sheet Due in Office
Wednesday Night.

Nominating sheets are being sent
to all members of the Y. W. C. A.
for each member to designate her
preference for the 1933-1934 pres-
ident, vice-president, secretary, and
treasurer.

Women who will be most inter-
ested in the Y. W. C. A. and who will
be popular and good executives
desirable. Since the presidency cal-
for the widest possible experience
a junior should be nominated for
the office.

Cabinet and committee chairmen
positions are open for the applica-
tions of members. All members are
having the opportunity to express
their interest in this by arranging
for an interview with Dorothy
MacLeod, secretary of the Y. W. C. A.
Experience is not necessary.
To count, nominating sheets
must be returned to the Y. W. C. A.
office by Wednesday night, March 1.
The election will take place
March 16.

COMMISSIONS TO MEET

Joint Session Will Hear 't Hooft
Monday Evening.

The Y. W. and Y. M. freshman
commissions will have a joint
meeting Monday evening at 7:45
o'clock, March 6, at the home of
Dr. A. A. Holt, 419 Denison. Dr.
Visser 't Hooft, general secretary
of the World's Student Christian
Federation, will speak. Questions
and discussion will follow the talk.

VOLLEY BALL TO MAKE ITS DEBUT HERE TONIGHT

THE GAME AS INTRAMURAL
SPORT FOR FIRST TIME
TONIGHT

TWENTY-TWO TEAMS IN MEET

New U. S. Volley Ball Association
Rules to Be Observed by
Teams in Three
Groups

Tonight marks the opening of
intramural volley ball at Kansas
State. The games start at 6:15
o'clock tonight and will be held
again Thursday night at the same
time. Twenty-two teams have been
grouped for the contests: Group I—
Pi Kappa Alpha, Alpha Kappa
Lambda, Alpha Rho Chi, Sigma
Phi Epsilon, Wesley Foundation
Athletic Club, Delta Tau Delta, Phi
Delta Theta, Delta Sigma Phi,
Group II—Lambda Chi Alpha, Al-
pha Tau Omega, Phi Lambda Theta,
Tau Kappa Epsilon, Aggie
Knights, Alpha Gamma Rho, and
Kappa Sigma. Group III—Farm
House, Theta Xi, Phi Kappa, Lone
Stars, Sigma Alpha Epsilon, Phi
Sigma Kappa, and Phi Kappa Tau.

New Rules to Be Used
The games will be conducted un-
der the rules of the U. S. Volley Ball
association, which are as follows:
1. A ball striking the net, poles or
any obstruction above the playing
courts shall be considered a dead
ball. 2. A ball must pass over the
net between the net poles. 3. A
game is won when either team
scores a two point lead with 40 or
more points. One game shall con-
stitute a match. As soon as 20
points have been scored by one
team the teams shall change courts
and complete the game without
further change of courts.

Tonight's schedule is as follows:
Pi Kappa Alpha vs Alpha Kappa
Lambda, 6:15, east court; Alpha
Rho Chi vs Sigma Phi Epsilon,
7:00, east; W. F. A. C. vs Delta Tau
Delta, 7:45, east; Phi Delta Theta
vs Delta Sigma Phi, 8:30, east;
Lambda Chi Alpha vs Alpha Tau
Omega, 7:00, west; Phi Lambda
Theta vs Tau Kappa Epsilon, 7:45,
west; Aggie Knights vs Alpha
Gamma Rho, 8:30, west.

Thursday night's schedule is as
follows: Alpha Kappa Lambda vs
Alpha Rho Chi, 6:15, east; Sigma
Phi Epsilon vs W. F. A. C., 7:00,
east; Delta Tau Delta vs Phi Delta
Theta, 7:45, east; Delta Sigma Phi
vs Pi Kappa Alpha, 8:30, east;
Farm House vs Theta Xi, 7:00,
west; Phi Kappa vs Lone Stars,
7:45, west; Sigma Alpha Epsilon vs
Phi Sigma Kappa, 8:30, west.

This is the first year of intra-
mural volley ball at Kansas State.
Judging from the interest shown
and the number of teams entered it
is possible that it will become an
annual intramural sport.

JUNIOR PIANO PUPILS APPEAR IN A RECITAL

Miss Marion Felton in Charge of
Program Given Saturday
Morning

A recital by students in the junior
piano department of the college was
given Saturday morning in Alpha
Beta hall. The program was in
charge of Miss Marion Felton.

Students who took part were El-
aine Wichers, Mariana Snair, Helen
Elling, Ruth Ann Wolf, Joan Scheu,
Helen Otto, Joan Haylett, Harold
Elmer, Mary Iles, Jack Scheu, Mar-
garet Whitnah, Billy Wichers, Ruth
Fenton, Jeanne Wells, Margaret
Jean Lewis, Homer Elling, Virginia
Linn, Donald Rehm, Emily Jean
Wilson, Mary Charlson, Jimmy Mil-
ler, Jane Askert, Maxine Elling,
John Whitnah, Philip Smith, Cath-
erine Nabours, David Gates, Jean
Babcock, Gabe Sellers, Frances
James, and Irene Limper.

PLAN TO ENTERTAIN FOR INTERNATIONALS

Wesleyan Group Seeks to Foster
Mutual Acquaintance and
Appreciation

Plans are being made for a spe-
cial open house for all international
students. The Wesley Foundation,
with Margaret Knerr as chairman
of the international committee, is
sponsoring the affair, which will
give occasion for mutual apprecia-
tion and acquaintance between the
Wesley Foundation students and
the International group. The date
will be announced soon.

BOSTONIAN FOR ASSEMBLY

Wm. A. Frayer Will Speak Wednes-
day on "Mussolini and the
New Italy"

William A. Frayer, Boston, Mass.,
will talk at student assembly to-
morrow morning on the subject of
"Mussolini and the New Italy." Mr.
Frayer was formerly associate pro-
fessor of history at the University
of Michigan and is now associated
with the university travel bureau at
Boston, Mass.

Miss Dorothy Barfoot of the art
department has traveled two sum-
mers in Europe with the University
Travel bureau under the leadership
of this speaker. Miss Barfoot com-
mends him as "a very fascinating
speaker."

Dr. C. V. Williams, of the educa-
tion department, will talk March
30, on the topic which was an-
nounced for this assembly.

JOURNALISTS AND AG TO YEARBOOK STAFF

Student Council Approves Harter,
Reppert and Parker for
1934 Positions.

Kenneth W. Harter, El Dorado,
H. Clay Reppert, Harris, R. L.
Parker, Kansas City, will head the
Royal Purple staff for next year.
Due to the fact that these three
applications were the only ones
submitted to the Royal Purple
board and Student Council for
nomination, the student council
announced them elected without a
student election.

Harter, who will be editor, is a
junior in the department of in-
dustrial journalism. He was recent-
ly elected president of Sigma Delta
Chi, honorary journalistic fratern-
ity for men. He is a member of
Sigma Phi Epsilon.

H. Clay Reppert, who will be
business manager, is also a junior
in the department of industrial
journalism, and has had consider-
able experience of this type before.
At present he is business manager
of the Kansas State Collegian. He
is a member of Sigma Alpha Ep-
silon.

R. L. Parker, secretary-treasurer
is a sophomore in the division of
agriculture, and until his recent
resignation was a member of the
Royal Purple board. He is a mem-
ber of Phi Sigma Kappa.

PRESS OFFICIAL VISITS HERE

Ralph T. Baker Gives Talk to
Senior Journalism Students

Ralph T. Baker, secretary of the
Kansas Press association, addressed
the senior journalism students at
11 o'clock yesterday and was the
guest of Sigma Delta Chi at a
luncheon at noon in the cafeteria.
Mr. Baker is making a get-ac-
quainted trip, visiting Kansas
newspapers and newspapermen.

PANCAKE SUPPER PLANNED

Episcopalian Students Will Also
Have Dancing and Bridge.

A "crows-nest" dance and bridge
party are scheduled for Tuesday
evening at 7:30 at the student cen-
ter of the Episcopal church. The
entertainment will be preceded by
a pancake supper at 5:30. Both
events are sponsored by the Wise
club, student organization of the
church. A small admission fee will
be charged.

ANOTHER MIX-UP FRIDAY

Late Start Cuts Price to 25 Cents
Per Person With Dates

The only chance for students
dancing at a variety this week end
comes with the announcement of a
cut price mix-up at the Warehouse
ballroom Friday night. Dates will
be admitted at 25 cents per person
while stages will pay 50 cents each.

The lower than usual price for
the mix-up is being offered because
of the late hour at which the dance
will start, Friday and Saturday are
closed nights until ten o'clock be-
cause of the Ag Orpheum. The mix-
up will start promptly at 10 o'clock
with June Layton's orchestra fur-
nishing the music.

JUNIOR COLLEGE MEN MEET

Gemmell, Parrish and Durland
Were K. S. C. Representatives.

Dr. George Gemmell, Prof. Fred
L. Parrish, and Dean M. A. Dur-
land were in Kansas City Saturday
attending the thirteenth annual
meeting of the American Associa-
tion of Junior colleges. The faculty
members from here attending are
members of the committee of re-
lations with junior colleges at Kan-
sas State.

More than 150 delegates from ev-
ery section of the United States at-
tended. The largest delegation was
from the state of California, he
said.

BEGIN SALES CAMPAIGN

Sororities Must Fill Quota to Enter
Candidates in Beauty
Contest

Sororities on the hill are enrolling
their members in salesmanship
courses so that they may learn to
use their numerous abilities to the
best advantage in the 1933 beauty
contest.

Each year the Royal Purple
sponsors some form of competition
to select the most beautiful coeds
on the hill. To pay the expense of
the campaign, the yearbook staff
requires each organization to sell a
certain number of annuals in order
to enter a contestant. The girls will
receive their instructions Wednes-
day night and start out Thursday
morning to make the first sale of
this year's contest.

In previous years the girls have
been ranked from first to fifth
place according to their rating by
the judges. Due to the difference
in tastes of individuals as to types
of beauty, each of the five winning
contestants will be first according
to her type. Judges for the contest
have not been selected as yet.
Arrangements for the entering of
independent candidates are being
made. One page in the 1933 Royal
Purple will be devoted to each of
the five winners in the contest.

STUDENTS, FACULTY CONFER

S. G. A. President and Secretary
Will Explain National Fed-
eration Tonight.

Maurice DuMars, president of the
Student Governing association, and
Eather Row, secretary, will speak
tonight at 7:30 in recreation cen-
ter at the second student faculty
forum of the school year. They will
explain the aims and functioning
of the National Student Federation,
preliminary to an open discussion
on the question, "Shall Kansas
State join the Federation?"

DuMars and Miss Row attended
the national convention of the or-
ganization last December in New
Orleans.

DuMars described the federation
as the only student movement in
America whose sole interest is in
problems of the campus. It fosters
the inter-change of students with-
in and without the United States
in an effort to bring about mutual
understanding and appreciation.

All students and faculty mem-
bers are invited to tonight's forum.
These gatherings are sponsored by
Dynamis, local honorary scholastic
organization, authorized by the
student council.

FORMER STUDENTS TO HOLD GET-TOGETHER

Event Is Planned in Connection
With Wichita Livestock
Meeting

Graduates and former students of
Kansas State attending the annual
meeting of the Kansas Livestock
association at Wichita March 8, 9,
10 will have their usual "get-
together" luncheon Thursday noon,
March 9.

George Donaldson, Greensburg,
student here in the late '70's, is
president, and Wayne Rogier, Mats-
field Green, K. S. C., '26, is sec-
retary of the Kansas State college
section of the Kansas Livestock as-
sociation.

FIVE NOTED MEN WILL HAVE PART IN WORLD FORUM

NAMES APPEAR OVER COUN-
NAMES KNOWN OVER COUN-
OF MARCH 24-26

SAM HIGGINBOTTOM COMING

"India's Friend" Shares Schedule
With Bishop Meade, Chicago
Seminary Professor, Baptist
Leader and Minister

The annual Christian World
Forum session featuring five noted
men will be held March 24, 25, and
26. Sam Higginbottom, Dr. Wilhelm
Pauck, Dr. Allyn K. Foster, Bishop
Charles L. Meade, and Rev. Carter
Harrison will be the principal
speakers at the sessions, which will
be held in the high school, in the
college auditorium, and before var-
ious college groups.

Noted for Work in India

Mr. Higginbottom is president of
the Allahabad Agricultural Insti-
tute of India, which teaches how to
farm on a modern basis. Leading
Maharajahs and rulers, including
Mahatma Gandhi, have sought his
advice on improved agricultural
methods, during his twenty-two
years as lay-missionary in India.
This is his third visit here to tell
of his work in India. Mr. Higgin-
bottom is head of the Maimi Leper
asylum of Allahabad where 500 le-
pers are cared for. For public service
in England King George or the fa-
mous Kaisad-I-Hind (Arabic for
Emperor of India) has presented a
gold medal to the missionary.

Speakers Offer Variety

Doctor Pauck is a noted speaker
of the board of education, Baptist
Church North.
Bishop Meade is bishop of the
Kansas City area of the Methodist
Episcopal church.

Rev. Carter Harrison will tell of
his trip around the world and of
his two visits to Russia.

Doctor Pauck will speak before
the Science club at their open
meeting, Friday, March 24. The
complete World Forum program
will be announced at a later date.

Committees Meet Today

The general committees in charge
will meet at 4 o'clock today in re-
creation center to make arrange-
ments for the forum. Those mak-
ing up the committees are:
Executive committee: Beulah
Leach, chairman; David Reid, sec-
retary; Hollis Sexton, Leslie King,
John Latta; Dorothy McLeod, Dr.
A. A. Holt and Rev. Calvin Hol-
man, advisors.

Finance: Fred Hill, chairman;
Mayrie Griffith, Robert Spence,
Helen Reed; Rev. B. A. Rogers, ed-
visor.
Arrangements: Harry Wimmer,
chairman; Marie Davis, Florence
McKinney, Ethel Olney, Arthur
James.

RURAL SCHOOLS GIVE EDUCATORS TO STATE

Churches Claim Them, Too, Facts
Compiled by Gemmell
Demonstrate.

"Eighty-two per cent of the
members of the Kansas Educators
club at one time attended a rural
school," states "The Kansas Edu-
cator," year book of the organiza-
tion just sent out to its 155 mem-
bers. Dr. George Gemmell, head of
the extension division here, is
president of the Kansas Educators
club.

Doctor Gemmell, who compiled
the year book, has noted that all
members except one have some
church affiliations. Thirty-two dif-
ferent colleges first enrolled the
club membership, these schools be-
ing distributed over an area of
eleven states. Approximately 80
per cent of these colleges are Kan-
sas institutions.

The year book is mimeographed
and was gathered and published by
Professor Gemmell. It contains
data as to the standing mem-
bership, former and present activities
or associations of the members.

TWO TO COLLEGE HOSPITAL

Two students who went to the
college hospital Sunday were im-
proved yesterday. Dorothy Jobling,
Manhattan, has been suffering
with a touch of influenza, and
Carmy Page, Norton, has an attack
of acute indigestion.

Couldn't Take It— Now Zimba Is Meat For Vet Students

The carcass of Zimba, the timid
lion, lies in state in the veterinary
building of Kansas State. The lion
arrived yesterday morning as a
gift from B. F. Pfister, '21, who is
an assistant in the small animal
hospital where Zimba met his death
last Thursday night in a gas
chamber in Kansas City.

Zimba's master, Russell Voelpel,
had raised the lion from babyhood
and had recently donated it to the
Swope Park zoo, but due to the life
the animal had lived it was not
able to withstand the course foods
and caging which is necessary in
the park. Seeing the lion unhappy,
Voelpel decided to have it killed.
"The body of the lion will be used
for comparative anatomy," said
Dean R. R. Dykstra, head of the
veterinary division. The lion's hide
was taken off in Kansas City and
will be mounted.

CAST IS ANNOUNCED FOR COMEDY OF OLD SOUTH

Glenda Mae Hodge Is Belle of
Dixie, Malena Berglund
Her Mother.

Results of the tryouts for "Solid
South," Manhattan Theatre com-
edy, were announced today by
Professor H. M. Heberer of the
public speaking department. The
play, which was a success on
Broadway recently, will be given
March 24 at the college auditorium.
Kingsley W. Given, professor of
the public speaking department,
will portray the lead as an old man,
Major Bruce Follonsby, who has
never done a day's work in his life
and always depends on the women
of his family for support.

The Dixeland beauty, Bam, is
vitalized by Glenda Mae Hodge, Pi
Beta Phi, and her southern beauty
mother, Lella Mae, is played by
Malena Berglund, Kappa Kappa
Gamma. Geneva, a 60-year-old
lady, is characterized by Doris
Harmon, home economics fresh-
man. Patience, a negro woman
dialect character, will be handled
by Jeanne Virginia Bryan, Kappa
Kappa Gamma.

John Van Aken, Beta Theta P,
will portray Rex, the handsome 21-
year-old son of a millionaire. His
father, Edward V. T. B. Garrison
John Duncan, landscape garden-
ing, is an over-dressed and over-
polished gentleman.

Robert Chambers, church educa-
tion sophomore, droops around the
stage as the lazy young negro
17. Don Isaacson, Delta Tau Delta
is the 40-year-old awkward negro
Jasper.

Buy American—Buy At Home

There are several hundred students at Kansas State that own and drive automobiles. This is the time of the season when new license plates are being purchased and the prices range from \$4.50 to more than \$20. Students who do not reside in Riley county should bear in mind, when they buy tags, the money that paid for the tag also goes toward the support of their county and township roads.

The money that is collected for the license tags goes to the state. Ten cents of the original fee remains in the county treasurer's office and helps pay the expense of handling the transaction. The remainder of the collections go to the state. There the money collected from the 103 counties is amassed with the gasoline tax and is redistributed to the counties.

The money is returned to the counties in proportion to the miles of roads that each county possesses. One half of the sum allotted the counties goes to the upkeep of township roads and the county keeps the other half for state and county highways.

There are several things a car owner should keep in mind before purchasing his tag. One is that the number of cars has a direct bearing upon the miles of roads. Another is that the amount of money that is given to each county has as an indirect source, the number of automobiles registered in that county.

By purchasing at home the student also keeps his residence at that place. When the tag is purchased, the car is placed on the tax rolls of that county. Unless the car is new, it is a good bet that the machine is on the tax rolls of the county back home, and will remain there until official notice of removal is given. To purchase a tag in Riley county would be to add the car to another county's tax rolls. Why not pay those taxes in a place where they will do you the most good?

Riley county tax collectors are eager to drain the student coffers in any way possible. This has been plainly shown in the recent fraternity and sorority tax case. But when taxes have to be paid on the car, pay them at home. Let Riley county get its money from Riley county people—not visitors.

And just one more thing—don't be ashamed of your county's number. Dear old 33 or 70 or even 103 looks just as good as 30. They may indicate that your county has a smaller population but don't you think that your home is worth advertising? And, too, a foreign license number often saves embarrassing situations such as visiting the judge for parking a few minutes overtime.

The Twilight of America's Gods

We of America have had many gods. And some were knaves and some were fools.

The tanker, the financier, the captain of industry—these we worshiped as our idols. These we looked upon with awe, revered them as oracles, admired them as moulders of a mighty nation.

But no more. Chances have swept them from their pedestals. They have gone the way of their gilt-edged bonds.

Prosperity magnified them as giants. Adversity reveals them as pygmies.

They took us for a ride, these crafty men, and they rode us straight to ruin. They were the "leaders of America"—and in their blind imbecility they led America into the darkest jungle recorded in history.

Today, we are still lost in this wilderness, and nobody seems to know the way out. But today America starts a new era. An era of skepticism, of reason and caution and plain common sense.

No longer are we mesmerized by the hypnotic hokey of suave rogues. No longer are we dazzled by glittering platitudes, the blash and hokum of "successful men."

We now demand the facts. We demand to know what's going on in the secret chambers, behind locked doors. We demand the truth about our country.

We've learned much about these "financial wizards" whose gold bricks turned to brass—these "empire builders" who all but wrecked an empire—and we intend to know more.

It's the first show-down for them—and the final show-up for us.

It's the dawn of a new day for America. And the twilight of her gods—Real America.

The Snooper

Advertising note: Jacquenette Lawrence, the Pi Beta Phi wonder girl, is proclaiming to the world in general that she has been thrown over by her erstwhile lover, Ward Colwell. The "Diminutive Dempsey," dragged himself into town one night and found his dream girl in another's arms. With his eyes aglow he muttered into his grey beard, "Ah, at last I have discovered," and promptly faced the fair Lawrence with these words pouring from his foam-flecked mouth: "All is over betwixt us."

The modest "Little Miss Lawrence" further announces that she is in the market for a way (or ways) around from now on.

The betting is even on her probable social success. Mail your opinion to the Snooper who is conducting a school-wide survey in regard to this question.

Grace Umberger says she enjoyed the Sigma Nu picnic immensely.

Mary Lou Clark has taken up Luella Graham's tactics in rushing pledges. Mary Lou reposing in a booth at the Aggie Rexall saw a fair Alpha Delt basking in the gaze of several boys and immediately started over and began to rush one of the better Alpha Delt pledges. Only to find that an Alpha Delt pledge is an Alpha Delt pledge in anybody's drug store.

The Snooper has been asked not to mention certain names in the Collegian because of family connections. The usual alibi is: "You see my folks get the paper and they think I study during the weekend."

The Alpha Xi's boast of a new pledge—Lillian Munal of Del Rio, Texas. She is a niece of Dr. J. R. Brinkley of gubernatorial fame. After collecting pledge ribbons for a few days Lillian finally decided to affiliate with the girls of Alpha Xi Delta.

The Delta Sigma Phi's also ran into politics by getting Deane Munal of the Texas Munal's—he is — a nephew of Doctor Brinkley.

On Other Hills

"Rutloff graduated from Northwestern university, Russian branch, and speaks English like a college student—that's why I never let him broadcast," said Eddie Cantor recently in an exclusive imaginary interview with the Daily Northwestern, student publication at Northwestern university.

"Sure I think Northwestern is a great school. Prexy is a cousin of mine. Once he psycho-analyzed me and found out I had mental inhibitions, hydrophobia, a gold tooth and liver troubles; so I decided to go on the stage."

Instead of the customary beauty queen, women students excelling in scholarship and activities will receive full-page portraits in the Ohio Wesleyan annual this year. "College is not primarily a beauty contest," the Oregon State Barometer comments, "so why reward beauty in the pages of the yearbook? Ziegfeld glorified the American girl's beauty; let colleges glorify her brains."

Some professors really take their profession seriously, as is evidenced by the case of a chemistry professor at Syracuse, who lectured to his class from his bed in the hospital several blocks away. Using a microphone, the university's telephone exchange, and a loud speaker, the instructor was able to lecture without and discomfort to himself, or any inconvenience to the class.

You've heard of southern hospitality? Listen to this! Ninety students were barred from attending classes at the University of Mississippi until they paid for meals they ate at the college hospital. Hospitals and hospitality must have nothing in common.

University of Indiana students are perturbed by a bill introduced into the legislature prohibiting "hitch-hiking." If it passes, the Indiana Daily Student says, out-of-town sports contests will lose half of their home fans.

The Pennsylvania state highway patrol recently confiscated 25 cars owned by students of Lehigh university and classified them as "relics unfit to operate on the public streets." Possibly, they meant "unable."

An added convenience: The directory at the University of Minnesota has check marks before the names of all unmarried Profs. for the benefit of interested coeds.

The importance of social events at the University of Indiana is marked by stars in the society column. Half-stars are added when the number of automobiles at the event is large.

The student's aid of Vassar is publishing a booklet of advice for girls on house-party dates. The title will probably be "What Every Girl Should Know."

Among the freshman commandments published in the Utah Chronicle is: "Thou shalt not keep thyself in the presence of one woman: for it is not good."

A student's paradise: Tea and cookies were given to a class at Western Reserve university instead of the regular class examination.

At Marquette university, all students living in fraternities have their names, characteristics, and peculiarities listed with the police.

TREASURES IN ART TO BE SEEN THIS SEMESTER

Local, Oriental, English and Scottish Works Are Promised For Display.

An introduction to America's more radical artists—and in contrast the work of a conservative group from abroad—these are two of the five promising exhibitions to which art lovers may look forward during this semester.

The work of a local artist, Robert I. Lockard, will be followed by the rich colors and exotic combinations of Oriental artistry. These in turn will give way to another exhibition by a local artist, Prof. John F. Helm, Jr. These exhibits will be successively shown in the galleries of the architecture department this semester.

The exhibition of the American Print Makers, circulated by the Downtown Galleries, New York City, represents primarily a group of the more radical print makers, and includes many of the best known artists of the left wing. It will be shown from March 5 to 18.

Prints of the more conservative school are those from John Grant

of Edinburgh, Scotland. The artists represented here are mainly English, and will include such widely known men as Anders Zorn and Sir Seymour Haden. This exhibition is also sponsored by the architecture department and will be shown here March 20 to April 1. Later it will be circulated throughout the state through the Kansas State Federation of Art.

Robert I. Lockard, an instructor in the department of architecture, will exhibit a collection of his water colors and prints from April 3 to 15. The majority of these have for their subject local scenes, although a small number of them were done by Mr. Lockard when he was in Wyoming last summer.

Oriental rugs will form the exhibit to be shown from April 17 to 29. The collection is the property of Col. Charles W. Jacobsen of Syracuse, N. Y., and is a showing of antique, semi-antique, and modern pieces.

Later on in May there will be another local exhibition—that of Prof. John F. Helm, Jr., associate professor of architecture, which will show water colors and prints.

TO TAKE WEST POINT TEST

Omar Knox, Augusta, is excused from February 17 to March 2 to prepare for a West Point examination.

TELEVISION EXCEEDS HOPES

Elmer Jensen Watches Pictures at Home in Herington Sunday Morning.

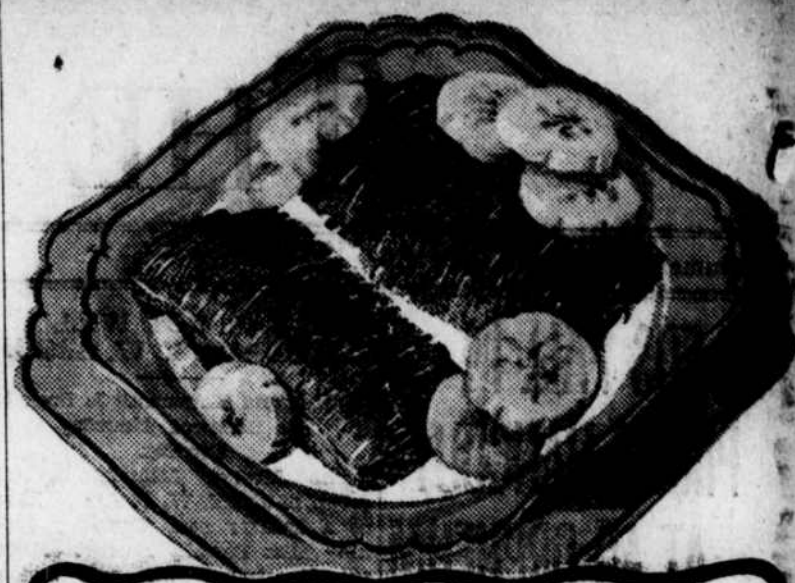

The test of the college television apparatus proved even more successful than expected, in an experiment made Sunday morning. This test was carried on between Elmer Jensen, at Herington, and L. C. Paslay, H. H. Higginbottom and Jasper Brubaker, at Manhattan.

Jensen installed a receiving set in his home, station W9FVR. He also has an amateur transmitter over which he talked back to the college station. The television receiving set was a new one and Jensen had difficulty in installing it. Mr. Higginbottom instructed him as to how to adjust it by radio.

Jensen reported that the pictures were clear. The signal strength was above expectations. The test lasted from 8:10 until 10:00 o'clock.

This experiment was a continuation of the testing of the new antenna. The department hopes to carry on similar tests in different directions.

Elizabeth Jo Cates, Salina, and Dorothy Jobling, Manhattan, each spent a day at the college hospital last week.

Just a few pennies
 for this bowlful of
**NATURAL
 ENERGY FOOD!**

When you see Niagara Falls on the package, you KNOW you have Shredded Wheat.

YOU GET your money's worth when you order Shredded Wheat. It's all of Nature's great energizing food... whole wheat. Nothing added, nothing taken away.

Just golden brown biscuits of whole wheat, ready-cooked, ready to eat, delicious and easy to digest. A treat you'll never tire of; a well-balanced meal with milk or cream and fresh or preserved fruit. And a sustaining meal that will help you SAVE MONEY! At all campus eating places.

ROLLED OATS

With shirts off—emitting mammalish growls—some of Manhattan's most malicious males—gorged gluttonishly at a pig dinner; and over the tumbling mugs—and the remains of poor Elizabeth (she had once been a ravishing Tuetonic blonde) told many a waggish tale.

The soothing silences of 7 to 8 meetings—are once more overcoming the rugged individualism of our Patriarchal H. Miller.

With Mae West—comes a revival of "Frankie and Johnny", bicycles built for two, hour-glass figures, bars and brass rails, flowered waistcoats, a reawakening of that dormant desire for 5c Lager Beer... and for "a man who takes his time."

Then there was the mysterious blanket bedecked maiden—so soundly sleeping in the locked car—parked discriminately before the door of the Phi Sig house? Quick Watson—question Franklin Thackrey as to his extra set of car keys—and R. L. Parker as to whereabouts and wanderings (physical, mentally, and morally) of Friday last—

And with an engulfing look from the saturating eyes of T. Johnson's last week's blonde—the Prentup will power—full of the eagers—dragged the depths—and thus were the sensibilities of one of our female intellectualists boined up—utterly boined up.

In the sombre sadness of a Sabbath morn—Edna Willis, Rex Rankin, Mary Jane Pae, and Frank Ford—indulging in a coy curbstone crouch—before the recreative Rexall.

The dashing Duke DuMars—flat in his refusal to sanction a one o'clock varsity—but—and thus spake he—"I don't give a hang if the whole student body stays out till dawn"—Pup tents are available at Jorgenson's hardware—Boy Scouts are also willing to cooperate—

Social Calendar

Tuesday, February 28
Orchestra meeting, N1, 7:00-10:00;
Orchestra rehearsal, college auditorium, 7:00-10:00.

Mens rehearsal of music department, Fl, 7:45-9:45.
Student forum, recreation center, 7:00.

Faculty women swimming class, N1, 7:30-8:30.
Panhellenic tea for presentation of trophy, recreation center, 4:00-6:00.

Thursday, March 2
Frog club, N1, 7:30-8:30.
W. A. A., N77, 4:45.

Mortar Board meeting, A36, 7:00-9:00.
4-H club, N77, 8:00-10:00.

Alpha Phi Omega, Browning Athenian hall, 7:30-10:00.

Alpha Kappa Lambda

Rev. and Mrs. B. A. Rogers, Manhattan, were Sunday dinner guests. Miss Mary T. Taylor was a dinner guest Thursday evening.

Warren Lytle, David Crippen, and Ed Sample visited at their homes in Council Grove over the weekend.

Vorras Elliott visited at his home in McPherson Wednesday and Thursday.

Mr. and Mrs. Guy Lytle, Council Grove, visited their son, Warren, Sunday.

Leslie King, Salina, was a guest at the house Saturday evening.

Sylvester Kelley spent the weekend at his home near Halstead.

Kappa Delta

The weekend guests were Elizabeth and Katherine Simms, Whiting; Edna Runciman, Salina; Helen Stewart, Salina; Mr. and Mrs. G. E. Packard, Belleville; and Lorene Lang, Cuba.

Wilda McNally, Olathe, went home Sunday.

Dorothy Blackman, Manhattan, has been elected delegate to the national convention of Kappa Delta sorority, which will be at Bemidji, Minn., June 26 to July 2. Mildred Forrester, Wamego, and Clara Jean Martin, Manhattan, were chosen as alternates.

Tau Kappa Epsilon

Tau Kappa Epsilon entertained at a house party Saturday evening, February 25. The guests included Elery Collins, 32, Melvern; Forrest Roulund, Melvern; David Hill, Melvern; R. R. Beeler, Mankato; R. F. McNitt, Washington; J. P. Coble, Odessa, Mo.; J. M. Andie, Kansas City, Mo.; J. L. Haki, Manhattan; Q. E. Huth, Cherokee, and D. K. Flint, Girard.

Judd Wolfman, province officer of Tau Kappa Epsilon, was in Manhattan Saturday and Sunday on official inspection of the local chapter.

Weekend guests were Don Cameron, El Dorado; and H. E. Yenser, Staffordville.

Cloveria

Cloveria entertained the executive council of the Collegiate 4-H club at dinner Sunday. Those present were Florence Melchert, Penn; Thompson, Frank Burson, and Wilfred Pine.

Andy Elson and Joe McNay were dinner guests Saturday night.

Wilma Cook visited friends in Bartlesville, Okla., last weekend.

Frances Berggren, Morganville, and Esther Johnson, Ottawa, spent the weekend at their homes.

Mr. and Mrs. Floyd Ogg, Ottawa, visited their daughter Myra, Sunday.

Mr. and Mrs. C. Greenwood and Violet, Kansas City, visited Gertrude Greenwood Sunday.

Dorothy Whitehead, Ethel Woodbury, and Ruth Jordan, Abilene, spent Saturday with Mary Jordan.

Beta Theta Pi

Burnette Stratford spent the weekend at his home in El Dorado. Mr. and Mrs. D. Willis Schoolcraft, Fredonia, were guests of their son, Weeks, Sunday.

Jack Boyd, Topeka, and Jack Householder, Clay Center, spent the weekend at their homes.

Franklin Coladay went to Kansas City Saturday with the debate team.

Kappa Kappa Gamma

Mary Ransopher, Clyde, spent the weekend in Wichita.

Lucille Albright, who is now a student at K. U., visited Harriet Gilson Saturday and Sunday.

Dorothy Ann Walker, Lawrence, was a weekend guest of Virginia Dole.

Dorothy Teichgraber, a student at K. U., visited her sister, Helen Teichgraber, this weekend.

Louise Rust, Jane, Whyte, Jane Stone, Wilma Rae Womer, and Elvira Gilson moved into the house Saturday, and will live there for two weeks.

Doris Harmon, Sand Springs, Okla., was a guest for Sunday dinner.

Mr. and Mrs. Robert McKee, Kansas City, Mo., were Sunday dinner guests. Mr. McKee is the brother of Mrs. John P. Ramseyer.

Miss Helen Hostetter was a guest of Mary Houser for Sunday dinner.

Jane Stone and Marian Wait spent as their guests Sunday, Eddie Wheeler and Joe Mallory, both of Lawrence.

Beta Phi Alpha

Beta Phi Alpha announces the pledging of Gladys Mellinger, Milford.

Weekend guests at the house were Bernice Cousins, Woodbine; Hazel McGuire, Blue Mound; Gladys Bradley, Topeka; and Beth Tyson, Blue Mound.

Almyra Jacobson spent the weekend in Salina.

Mildred Aspelin and Julia Rader visited in Lindsborg over the weekend.

Alice McCreight, Soldier, visited at the house Sunday.

Gladys Mellinger spent the weekend at her home in Milford.

A sports party was given at the house Saturday afternoon.

Alpha Rho Chi

Sunday dinner guests were Mrs. C. R. Larson, Concordia, and Frank Samuelson, Hutchinson.

Alpha Rho Chi announces the initiation of Fred Songer, Olathe.

Guests for dinner Thursday evening were Miss Dorothy Barfoot, and Miss Alice Jefferson, Manhattan.

Delta Sigma Phi

Weekend guests at the house were E. E. Stockebrand, Yates Center; and Walter Hinkle, Lenola.

Deane Munnal spent Sunday in Milford visiting relatives.

Everette King spent the weekend at his home in Abilene.

Van Zile Hall

Juanita Shields, Lost Springs, spent the weekend visiting friends in Independence.

Marian Buck, Abilene, spent the weekend at home.

Lola Lewellen, Newton, spent the weekend at home.

Pearl Thompson, Harveyville, was the weekend guest of her sister, Vera.

Alpha Xi Delta

Alpha Xi Delta announces the pledging of Lillian Munnal, Milford. Winifred Wolf, Ottawa, spent the weekend at home.

Alumnae who visited at the house over the weekend were: Polly Christenson, Mount Hope; Ruth Claren, Coffeyville; Joe Merryman, Topeka; and Helen Kimball, Burdick.

Lillian Munnal spent the weekend in Milford.

Sunday dinner guests were Patty Kimball, Manhattan; Joe Merryman, Topeka; and Mrs. Kathleen Atkinson, Burdick.

Violet Hyler, Wichita, was the weekend guests of Betty Wagstaff.

Lambda Chi Alpha

Sunday dinner guests were Mr. and Mrs. Paul Elliot, Manhattan; Mr. and Mrs. Don Nutter, Manhattan; Pat Casey, Corning; Glenn Meredith, Junction City; Leonard Pike, Milford; Ward Colwell, Onaga; Evan Haughawout, Onaga; and Mrs. Bell Hubbell, former house mother for Lambda Chi Alpha who has recently returned from California.

Bill Priestly and Wilbur Combs spent the weekend in Kansas City.

Dick Masters, Lawrence, was a guest this weekend.

Joe Creed spent the weekend in Bartlesville, Okla.

Delta Delta Delta

Judge G. L. Light, Liberal, visited his daughter, Leora, Sunday.

Mr. and Mrs. A. E. Morgan and son, Richard, Newton, were guests Sunday, visiting their daughter, Helen.

Elmer Pryor was the guest of Ethel Stewart at Emporia over the weekend.

Betty Stanley spent the weekend at her home in Wichita, visiting her parents, Mr. and Mrs. H. W. Stanley.

Allen Williams and Gordon Edwards, Lawrence, were dinner guests Saturday evening.

Pi Beta Phi

The following girls spent the weekend at their homes: Dorothy Maltby, Canton; Marion Todd, Leavenworth; and Betty Harold, Sabetha.

Jane Murdock and Virginia McCoy, Wichita, spent the weekend at the house.

Sunday dinner guests included Mr. and Mrs. C. G. Almen and daughter, and Jean and Joan Cotterill, McPherson.

Jean Sullivan spent the weekend at Fort Leavenworth.

The pledge class had a dinner at the Gillette hotel last Thursday evening after which everyone went to the show. Those girls present were Betty Miller, Kathleen Mallon, Rosalind Almen, Vance McClymonds, Voma Alcott, Malena Jane Berglund, Betty Harold, Weldene Middlekauf, Ambrosia McClaren, Mary Kendle, Tella Hinchaw, Jacqueline Lawrence, Janet Murdock, Glenda Mae Hodge, Vera Trussler, Mary Blackman, Jean Sullivan, Eleanor Hart, and Lucille Allman.

Phi Kappa

Larry Jones, John Florrell, Joe Cavanaugh, Elmer Petsch and his mother, Mrs. O. Petsch, Manhattan.

Chi Omega

Formal initiation was held Sunday for the following girls: Zelma Conn, Kirbyville, Texas; Jane Speed, Parsons; Florence Lovejoy, Almena; Nancy Jane Campbell, Lakini; Dorothy Taylor, Downs; Frances Doornbos, El Dorado. Following the initiation a dinner was

held at the house in honor of the new initiates.

Jane Kahl spent the weekend in Topeka.

Phi Omega Pi

Mr. and Mrs. E. B. Stockdale and Mrs. E. R. Franks, Kansas City, visited Jewel Stockdale over the weekend.

Cora Oliphant spent the weekend at her home in Offerle.

Laura Ward was at her home in St. Joseph for the weekend.

Beulah Hackler, Ruth Waters, John Parker, and Fred Hiller, all of Lawrence, visited Mae Gordon last weekend.

Jo Johnson, Coffeyville, was a luncheon guest Saturday.

Margaret DeVinney, Glen Elder, and Beulah Jenkins, Kansas City, were Sunday guests at the house.

Helen Burdick, Jamestown, visited Velma French this week. Velma French spent the weekend at her home in Concordia.

Farm House

The following alumni were back for the experiment station conference held this week: C. A. Jorgenson, Linden, Neb.; Henry Beachell, Beaumont, Texas; and Luther Jacobson, Hays.

Sunday dinner guests were Miss Mary McMullen, Oberlin; Miss Ruth Stiles, Kansas City; Miss Frances Moss, Lincoln; and Miss Esther Kelsky, Russell.

Phi Delta Theta

Formal initiation was held Sunday for V. J. Croskey, Kansas City; Edwin Smith, Great Bend; William Fuller, Ponca City, Okla.; Julius Anderson, Center; and William Schorer, Clyde.

Sigma Nu Paddle Party

Freshmen of Sigma Nu entertained the actives with a paddle party at the house Saturday evening.

Guests present included: Doris Paulson, Wilma Reinhardt, Helen Pickard, Arlene Smith, Lois Rosenkrans, Gladys Skinner, Marie Vail, Wilda McNally, Marion Davis, Verna McAdams, Katherine Reid, Jane Harmon, Lucille Johnitz, Jeanette Moser, Catherine Colver, Vera Trussler, Marjorie Lyle, Mary Elizabeth Fleenor, Wildine Middlekauf, Mary Emily Baum, Margaret Myers, Virginia Dole, Louise Rust, and Jane Daughters.

Out-of-town guests were Gay Wilson, Junction City; Louelle Albright, Lawrence; L. E. Garrison, Manchester; Ralph Olin, El Dorado; Fred Gemmill, Lawrence; Gerald Riggs, Marion; Gilbert McCollough, Marion; Bill Messenger, Tascio; W. Forsberg, Sabetha; Lawrence Younk, Junction City; Bob Doolittle, Kansas City; and Emmett Goss, Junction City.

WICHITA NORTH TAKES HONORS IN MAT-SWIM MEET

RETAIN SWIMMING TITLE AND TAKE WRESTLING TITLE FROM WICHITA EAST

SEVERAL NEW RECORDS SET

Competition Keen, Say Supervisors Moll and Patterson; Several Titles in Doubt Until Finish

Wichita North high school retained its state swimming championship and also took the wrestling title away from Wichita East in the state high school tank and mat meets held at the college last Friday and Saturday, February 24 and 25.

The North high athletes won the swimming meet with 44 points, setting three of the four new records made. Wichita East took second honors with 27 points, Wyandotte of Kansas City was third with 21 points, Parsons fourth with 10, Topeka fifth with 4 points to its credit. Lawrence, Emporia, and Concordia failed to place.

The summary: 160-yd. relay—Wichita East (Lochmann, Amsden, Hinkle, Brimmon), first; Wichita North, second; Wyandotte, third; Topeka, fourth. Time, 1:28.4 (new record, old record 1:30, Wichita East, 1931.)

40-yd. free style—Won by McCaskill, Wichita North; Whedbee, Wichita North, second; Hinkle, Wichita East, third; Briscoe, Wyandotte, fourth. Time, 2:04 (new record, old record 2:07, McCorkle, Wichita East, 1932.)

100-yd. breast stroke—Won by Barnes, Wichita North; Ashworth, Wichita East, second; Armbruster, Wyandotte, third; Yarnell, Wichita North, fourth. Time, 1:19.9.

220-yd. free style—Won by Lewis, Parsons; DeHon, Wichita North, second; Tens, Wyandotte, third; Colley, Wichita North, fourth. Time 2:55.9.

100-yd. back stroke—Won by Riley, Wichita North; Rankin, Wyandotte, second; Amsden, Wichita East, third; Gray, Wyandotte, fourth. Time, 1:14.3 (new record, old record 1:16.5, Lemon, Wyandotte, 1932.)

100-yd. free style—Won by Lochmann, Wichita East; McCaskill, Wichita North, second; Whedbee, Wichita North, third; Skorupan, Wyandotte, fourth. Time, 1:19.9.

Diving—Won by Messinger, Parsons, (68.9); Smith, Wyandotte, second, (67.1); Vail, Wichita North, third, (65); Still, Wichita East, fourth, (59.1).

Medley relay—Wichita North (Riley, Barnes, Wiles), first; Wichita East, second; Wyandotte, third; Topeka, fourth. Time, 2:00.3 (new record, old record 2:02.8, Wichita North, 1932.)

Win Wrestling Also

In the wrestling tournament Wichita North beat out Wichita East, champions the last two years, with 32 points to 24 for East. Wellington took third place with 22 points, Oberlin, fourth with 10, El Dorado fifth with 5, Iola sixth with 2, American Indian Institute of Wichita seventh with 1, and Holton's single entrant did not place.

Summary:

85-lb. class—Won by Leinbrock, Wichita East; Newlin, Wichita North, second; Oyler, Wellington, third.

105-lb. class—Won by Morrison, Wellington; Boggs, Wichita, North, second; W. Lengel, Wichita East, third.

115-lb. class—Won by Compton, Wellington; Norton, Oberlin, second, Gard, Wichita East, third.

125-lb. class—Won by Scrivens, Wellington; Greider, Wichita North, second; Van Vleet, Oberlin, third.

135-lb. class—Won by Jessup, Wichita East; Ellis, Wichita North, second; Crumbo, American Indian Institute, third.

145-lb. class—Won by H. Lengel, Wichita East; Smith, Wichita North, second; Segabaratt, Wellington, third.

155-lb. class—Won by Duff, Wichita North; Pottorf, Wichita East, second; McCartney, Oberlin, third.

165-lb. class—Won by Best, Wichita North; Mollahan, El Dorado, second; Minter, Wichita East, third.

Heavyweight—Won by Nelson, Wichita North; Hackney, Oberlin, second; Holland, Iola, third.

Competition Staff Say Promoters C. S. Moll and B. R. Patterson.

Kansas State varsity coaches of swimming and wrestling respectively, were in charge of the meets. Both reported that the competition was more intense this year than at any time in the past. Several swimming races were decided by only a few inches and many wrestling matches were forced into overtime periods. These state high school meets are annual events at the college, being sponsored by the Kansas State High School Athletic association.

Women's Intramurals

Finals in the women's intramural basketball will be played next Wednesday and Thursday. Scores of games last Thursday and Friday are as follows: X team 39, Pi Beta Phi 3; Delta Delta Delta 27, Alpha Xi Delta 5; Van Zile Hall 26, Phi Omega Pi 19; Beta Phi Alpha 22, Clovia 5; Alpha Xi Delta 21, Neophytes 9; Alpha Delta 31; Kappa Kappa Gamma 12.

Miss Katherine Geyer who is in charge of the sport is choosing class teams from the best intramural players and will announce them Friday. The class tournaments will be played off next week.

SIGMA PHI EPSILON FIRST IN INTRAMURAL TRACK MEET

Win Indoor Meet With One Point Margin Over Second Place Sig Alphas

Sigma Phi Epsilon added 27 more points to its intramural total last night by winning the intramural indoor track meet. Sigma Alpha Epsilon was second with 26 points. Wesley Foundation Athletic club and Phi Kappa Tau were third and fourth respectively. Eighteen other organizations were represented in the meet but eight failed to enter the scoring columns.

The winners: 35-yard dash—Morrison, Sigma Alpha Epsilon; 220 yard dash—Jensen, W. F. A. C.; 440 yard dash—E. Perry, Sigma Phi Epsilon; 880 yard dash, A. Tindal, Sigma Nu; medley relay—Beeler, Bushby, Hilyard of Sigma Alpha Epsilon; half mile relay—Abbot, Kirk, Perry, McAtee of Sigma Phi Epsilon; 35 yard low hurdles—H. C. Johnson, Phi Kappa Tau.

Standing broad jump—Butterfield, Sigma Phi Epsilon; high jump—Morrison, Sigma Alpha Epsilon; pole vault—M. Cheney, Sigma Alpha Epsilon.

Atwood Morrison was the star of the evening with first places in the 35 yard dash, and high jump. He holds the record for the 35 yard dash with the time of 4.1 seconds. He missed getting a new high jump mark by one tenth of an inch.

LOSE FINAL HOME GAME

Scoring Punch of University Captain Too Much and Wildcats Lose 33 to 25.

The University of Kansas basketball team proved to be too much for Kansas State last Saturday, and the Wildcats went down to a 33 to 25 defeat. The defeat dropped the Wildcats into fourth place and put the Jayhawks out in front, besides breaking the five-game winning streak of Kansas State.

Scoring honors went to Johnson as he tallied 18 points. Harrington, Kansas, made 10 points. Graham was the highest Kansas State scorer with nine points.

The game was dedicated to Captain Andy Skradski, and was also the last home appearance of three players, Emmett Breen, Hank Dalton, and Skradski.

The final game on the Kansas State schedule is with Missouri university at Columbia Saturday night. The Wildcats beat Missouri here recently, but will have to work hard to show the Tigers at Columbia, as they appear practically unbeatable on their home court.

TOURNEY TO PICK MAT TEAM

Coach Patterson to Select Team for Iowa State Meet After Elimination Tournament.

An elimination tournament to pick a varsity squad of wrestlers to represent Kansas State in the next Big Six meet was started yesterday by Coach B. R. Patterson. The meet will be held March 3 and 4 at Iowa State college at Ames, Iowa.

Having met and defeated five schools on the mat, the Wildcats loom as strong contenders for the Big Six crown which they won last in 1930.

Kansas university was defeated twice. The first score being 33-5 and the second 26-6. Oklahoma Central State Teachers college, of Edmond, Oklahoma, won only two decisions and was defeated 26-6. Kansas Wesleyan and Nebraska university were both blanked. The Wesleyan score was 38-0 and Nebraska 36-0. A return match with Kansas Wesleyan is scheduled later and will be held in Manhattan.

In Captain June Roberts the Wildcats have a leader that usually sets the pace at all meets. Only in one meet, that with Kansas in the last match, has Roberts failed to pin his man. In this match he had a time advantage of nine minutes and thirty seconds of the ten minute go.

Paul Rohn, Topeka, attended a student conference at Lindsborg on February 24 and 25.

TRACK TEAM TAKES AN INDOOR MEET FROM M.U.

Three Meet Records Set as Wildcats Sweep to Overwhelming Victory.

The Kansas State track team opened its indoor season with an overwhelming victory over Missouri at Columbia last Saturday night with a score of 64 1-2 to 28 1-2.

Coach Ward Haylett's stars swept through their opposition easily to score first places in nine of the twelve events. Three indoor meet records were swept aside by Wildcats runners. Schmutz set two new marks in the hurdles and Pearce added a two-mile run record. Another meet record was equalled by Going in the 60-yard dash. Kansas State took first and second in five of the events.

This victory evened meet standings between the Wildcats and the Tigers, as each team has won two. The Wildcats will again see action Saturday night against the Nebraska Cornhuskers at Lincoln.

The summary: 60-yard dash—Going, K. S. first; Cooley, M. U., second. Time 6.3. (Equals meet record.)

100-yard dash—Landon, K. S., first; Hackney, M. U., second. Time 4:32.8.

60-yard high hurdles—Schmutz, K. S., first; Knappenberger, K. S., second. Time 7.8. (New record.)

440-yard dash—Hibbard, M. U., first; Castello, K. S., second. Time 53.5.

60-yard low hurdles—Schmutz, K. S., first; Knappenberger, K. S., second. Time 7.1. (New record.)

Two-mile run—Pearce, K. S., first; Wagner, M. U., second. Time 10:16.5. (New record.)

880-yard run—McNeal, K. S., first; Landon, K. S., second. Time 2:00.3.

High jump—Roehman, K. S., first; Teter, M. U., second. Height 5 feet 11 inches.

Pole vault—Teter, M. U., first; Booth, K. S., second. Height 11 feet 9 inches.

Shot put—Wertzberger, K. S., first; Morgan, K. S., second. Distance 37 feet 8 inches.

Broad jump—Kennedy, K. S., first; Bliss, K. S., second. Distance 21 feet 2 3-4 inches.

100-yard dash—Wagner, M. U., first; Castello, K. S., second. Time 4:32.8.

60-yard high hurdles—Schmutz, K. S., first; Knappenberger, K. S., second. Time 7.8. (New record.)

440-yard dash—Hibbard, M. U., first; Castello, K. S., second. Time 53.5.

60-yard low hurdles—Schmutz, K. S., first; Knappenberger, K. S., second. Time 7.1. (New record.)

Two-mile run—Pearce, K. S., first; Wagner, M. U., second. Time 10:16.5. (New record.)

880-yard run—McNeal, K. S., first; Landon, K. S., second. Time 2:00.3.

High jump—Roehman, K. S., first; Teter, M. U., second. Height 5 feet 11 inches.

Pole vault—Teter, M. U., first; Booth, K. S., second. Height 11 feet 9 inches.

Shot put—Wertzberger, K. S., first; Morgan, K. S., second. Distance 37 feet 8 inches.

Broad jump—Kennedy, K. S., first; Bliss, K. S., second. Distance 21 feet 2 3-4 inches.

100-yard dash—Wagner, M. U., first; Castello, K. S., second. Time 4:32.8.

60-yard high hurdles—Schmutz, K. S., first; Knappenberger, K. S., second. Time 7.8. (New record.)

440-yard dash—Hibbard, M. U., first; Castello, K. S., second. Time 53.5.

60-yard low hurdles—Schmutz, K. S., first; Knappenberger, K. S., second. Time 7.1. (New record.)

Two-mile run—Pearce, K. S., first; Wagner, M. U., second. Time 10:16.5. (New record.)

880-yard run—McNeal, K. S., first; Landon, K. S., second. Time 2:00.3.

High jump—Roehman, K. S., first; Teter, M. U., second. Height 5 feet 11 inches.

Pole vault—Teter, M. U., first; Booth, K. S., second. Height 11 feet 9 inches.

Shot put—Wertzberger, K. S., first; Morgan, K. S., second. Distance 37 feet 8 inches.

Broad jump—Kennedy, K. S., first; Bliss, K. S., second. Distance 21 feet 2 3-4 inches.

100-yard dash—Wagner, M. U., first; Castello, K. S., second. Time 4:32.8.

60-yard high hurdles—Schmutz, K. S., first; Knappenberger, K. S., second. Time 7.8. (New record.)

440-yard dash—Hibbard, M. U., first; Castello, K. S., second. Time 53.5.

60-yard low hurdles—Schmutz, K. S., first; Knappenberger, K. S., second. Time 7.1. (New record.)

Two-mile run—Pearce, K. S., first; Wagner, M. U., second. Time 10:16.5. (New record.)

880-yard run—McNeal, K. S., first; Landon, K. S., second. Time 2:00.3.

High jump—Roehman, K. S., first; Teter, M. U., second. Height 5 feet 11 inches.

Pole vault—Teter, M. U., first; Booth, K. S., second. Height 11 feet 9 inches.

Shot put—Wertzberger, K. S., first; Morgan, K. S., second. Distance 37 feet 8 inches.

Broad jump—Kennedy, K. S., first; Bliss, K. S., second. Distance 21 feet 2 3-4 inches.

snappy and colorful with plenty of laughs. This novel musical comedy is a knockout!

AT THE WAREHAM
"The Mask of Fu Manchu"

"The Mask of Fu Manchu," with Boris Karloff as the sinister Asiatic wonder-worker, is terrorizing the Wareham screen audiences today.

Thrills of every sort, from the kidnapping of the scientist and his shipment to Shanghai in a mummy case, the weird tortures of the bell, the death of the spike room, the hurling of the death light which is to kill all the white races, the test of the sword of Ghengis Khan, the insertion of the poisonous fluid of spiders and snakes into white men, to the thrilling rescue of Fu Manchu's victims.

These daring white people are vitalized by Lewis Stone, Karen Morley, Myrna Loy, Jean Harlow, and Charles Starrett.

How and who turned living women into marble statues is being solved Wednesday, Thursday and Friday in the "Secrets of the French Police" at this theatre. Gwili Andre plays the woman who is marbled.

CABINET DINNER TO HONOR A HOLLANDER

Mrs. Holtz and Miss MacLeod Will Be Hostesses Next Monday Evening.

Mrs. A. A. Holtz and Dorothy MacLeod will entertain the Y. M. C. A. and Y. W. C. A. cabinets at a dinner in honor of Dr. Visser 't Hooft, general secretary of the World's Student Christian Federation, to be given at Mrs. Holtz's home, 419 Denison, Monday, March 6, at 6 o'clock. Informal discussion will conclude the dinner and will be based on Doctor Hooft's talk.

ISSUE BIDS TO PARTY FOR CAST OF "COURT"

More than 40 invitations have been sent to members of the cast who performed in the A. A. U. W. world court play, to attend an informal party Saturday, March 4, at the home of Miss Ada Billing, 714 Moro. Club members who aided the international relations study group to present the play have also been invited.

BASEBALL STARTS TODAY

Coach Charles Corsaut Sends Out Call for Players—Equipment Issued Today.

Coach Charles Corsaut today issued his annual call for baseball players.

The first meeting of the season will be held this afternoon in the K room at 4:30, and Coach Corsaut hopes that a large squad will turn out. This meeting will be a lecture on preliminary training, and caution in getting in shape will be stressed, as Coach Corsaut desires that the men gradually limber up their arms rather than throw them away the first time out for practice.

Uniforms will also be issued this afternoon to varsity candidates.

LOOK OUT FOR MINOR CUTS!

They May Prove Dangerous If Not Attended, Says Siever.

THE KANSAS STATE COLLEGIAN

Volume XXXIX

The Kansas State College of Agriculture and Applied Science, Manhattan, Kansas, March 3, 1933.

NUMBER 42

HOLLANDER TO SPEAK BEFORE STUDENT GROUPS

DR. VISSER 'T HOOFT, CHRISTIAN WORKER, BROUGHT HERE BY Y. W. AND Y. M.

HAS BEEN WORLD TRAVELER

His Talks Will Deal With Disarmament and the Necessary Steps to Economic Recovery.

Dr. Visser 't Hooft, a native of Holland with a doctor's degree from Leyden university and general secretary of the World's Student Christian Federation, will speak before groups at Kansas State college March 6 and 7.

Monday night, Doctor Hooft will be honor guest at a joint dinner meeting of the Y. W. C. A. and Y. M. C. A. cabinets, given by Mrs. A. A. Holtz and Dorothy MacLeod. Informal discussion will conclude the dinner. At 8 o'clock Monday night, Doctor Hooft will meet with the Y. W. and Y. M. C. A. commissions at the home of Dr. A. A. Holtz, 419 Denison. He will discuss problems of students the world over.

Tuesday, Doctor Hooft will speak on "Disarmament — a Necessary Step to Economic Recovery" at student forum in Thompson hall from 12:00 to 1:00 o'clock. As Geneva correspondent of "The Christian Century," he has followed the work of the League of Nations closely and particularly the work of the disarmament conference.

Doctor Hooft will speak at 2:10 Tuesday before the general assembly of Manhattan high school students. His subject will be "Students the World Over." A round table discussion in recreation center will be directed by Doctor Hooft at 4 o'clock Tuesday afternoon. He will discuss what students of many nations believe about Christianity, about nationalism, and about communism. Interviews with Doctor Hooft may be obtained by appointment through the Y. W. and Y. M. C. A. offices.

In his capacity as general secretary of the World's Student Christian Federation, Doctor Hooft has visited colleges in the leading nations of the world. He is most familiar with currents of life and thought, both religious and political, among the youth of the world. Doctor Hooft's home is in Amsterdam, Holland, and this is his fourth visit to the United States. Doctor Hooft will go to Emporia from Manhattan.

No Flying Fishes But Other Thrills Greet Mary French

Mardi Gras of picturesque old New Orleans, the quaint charm of the "Riviera of America," the hospitality of the gulf coast—these were the thrills being experienced this week by Mary French, Kansas State student two years ago. Miss French, who is a member of Phi Beta Phi, was awarded the trip as second prize in the Mercury-Chronicle's recent popularity contest.

Spending Tuesday and Wednesday in New Orleans, Miss French left for the Mississippi gulf coast, toured Biloxi, Gulfport and Pass Christian. She left Gulfport late last night and will arrive in St. Louis today. After spending this evening in St. Louis she will leave at midnight for Kansas City, and will arrive here at 1:30 o'clock tomorrow afternoon.

HONORARY SWIMMING CLUB TRYOUTS BEGIN

Frog Club Competition for Membership Opens Monday Night, March 6.

Spring try-outs for Frog club will be held this month, the first at 7:30, Monday evening, March 6, and the second at 5 o'clock on Thursday March 16. All women expecting to try-out are asked to sign the poster in the women's gymnasium. Try-outs will include back stroke, side underarm, and side overarm for form; one length side underarm and two lengths crawl or trudgeon for speed; standing front, running, and optional dives; and five lengths of the pool for endurance.

Merrylegs Betakes Herself to Fairer Climes—or Sausage

If his artistic temperament overcomes him too completely, H. Miles Heberer may do something as drastic as refusing to function at the Ag Orpheum—or something.

But this time he has cause. At least he thinks he has.

And if you hear him going around singing (that's a compliment) "Oh, where, oh where has my little dog gone," you'll know he means it.

For Merrylegs is gone. Dearly beloved, muchly coddled Merrylegs has failed to come back for her dinner. An ad in this morning's Chronicle vouchsafes for the disappearance of the wire-haired (and hatless) member of the Heberer family.

But cheer up, Heb. You've done the right thing, old man, in seeking the advertising columns. (This has amounted to a free one.) And if Merrylegs never comes back, what's that about the cur that "sausage did decline, because I notice in one link, that old gal of mine!"

CEREAL CHEMISTS WILL MEET HERE THIS MONTH

Tri-State Conference Will Take Up Methods of Testing Flour.

Approximately 40 cereal chemists of Kansas, Nebraska, and Missouri are expected to meet at Kansas State March 25 for the annual tri-state conference, according to Dr. C. O. Swanson, head of the milling department.

The meeting, which will be divided into morning and afternoon sessions, will be largely devoted to discussion of various methods of testing flour. Appearing on the program from the milling department will be Doctor Swanson, Dr. Earl B. Working, and E. J. Anderson, graduate student fellow. Faculty members of the chemistry department who will speak are Dr. E. L. Tague, Dr. H. N. Barham, and Dr. B. L. Smits.

H. W. Putman of Hays is president of the tri-state organization.

MUSSOLINI DISCUSSED BY ASSEMBLY SPEAKER

Italy's Dictator Plan Explained in Lecture by William Frayer of Boston

"Mussolini and the New Italy" was the topic William A. Frayer, Boston, discussed at student assembly Wednesday morning.

Mr. Frayer, formerly a professor of history at the University of Michigan, is president of the Bureau of University Travelers.

"Dictator," Mr. Frayer said, "the title which Mussolini holds, was invented by the Romans. Their idea was that when a nation faced a crisis that could not be met, the strongest citizen should be called forth and given absolute power for a limited period. The five dictators who have conformed to this definition have been Italians."

Mussolini, probably the most outstanding political leader of today, was born in 1883. His mother was a teacher and his father a blacksmith.

At the present time Germany is attempting a plan of dictatorship under Hitler. "Its success is doubtful," Mr. Frayer says, "because the whole trend of thinking now is for greater international cooperation."

Catherine Colver and Bill Fitch, Manhattan, played two instrumental duets before the lecture. They were accompanied by Charles Stratton, assistant professor of music.

FANS PREFER SACRED OR OLD-TIME MUSIC

Visiting Radio Station Manager Tells Some of Tricks of the Trade.

Clarence E. Coke, manager of station KFEQ, St. Joseph, Mo., Wednesday afternoon addressed the classes in radio speaking and announcing, and radio program. He surprised the students by telling them that the majority of listeners in the middle west, especially those of KFEQ, prefer sacred programs to all others. Their next preference, judging by mail received at his station, is for old-time music, Mr. Coke said.

A clever announcer can, by ridiculing poor musicians, enlist the sympathy of listeners for the musicians, and make the program more popular than it would have been with good ones, the KFEQ manager declared.

FACULTY OF K.S.C. IN PUBLIC EYE AT FARM CONFERENCE

FARRELL AND LONG ROSTER OF PROFESSORS SCHEDULED FOR DODGE CITY

C. R. JACCARD IS IN CHARGE

Dean Margaret Justin Heads Program Featuring Women's Interests at Regional Southwest Meet in Two Weeks

Faculty members of Kansas State will have a prominent part in the third southwest regional agricultural conference, to be held at Dodge City, March 14 and 15. The conference is sponsored by the Ford county farm bureau and by the Dodge City chamber of commerce. Prof. C. R. Jaccard of the extension division, district agent for southwest Kansas, has charge of the program.

This year's event will be something of an innovation in that it is planned to attract farm women as well as farm men. Hitherto the meetings have lasted only one day and the programs have been planned solely for farmers. Features of this year's program which will interest farm women include a discussion of insect pests by Prof. E. G. Kelly, extension entomologist of the college, and a talk on farm poultry by Prof. G. T. Klein, extension poultry specialist of the college.

An egg show, under the supervision of Professor Klein, will feature the women's program for the second day of the meeting. At noon of that day, the women will be entertained at luncheon by the Dodge City chamber of commerce, Dean Margaret M. Justin of the division of home economics will be the principal speaker.

The lead-off event in the farmers program will be the crops carnival under the supervision of Prof. E. B. Wells, college extension agronomist, and Professor Kelly. The carnival will consist of competitive exhibition of all classes of farm crops and of crop identification and judging contests for farmers. Prizes and ribbons will be awarded winners in the contests.

Another main feature of the first day's program will be the presentation of an agricultural analysis of eight counties of southwest Kansas by Professor Jaccard. The analysis includes a study of the adaptability of different crops for various soils, of wheat abandonment in that area over a period of 22 years, of cash returns from different farm industries in that area over a period of 22 years, and of the relative amount of land devoted to wheat, pasture, and other crops.

The second day of the meeting will be devoted largely to round-table discussion based on the program for the first day. Talks by representatives of government loan agencies will also be included.

Miss Lora Hilyard of the extension division will assist 4-H club members of Ford county with their part of the program.

The meeting will close with a banquet the evening of March 15 at which President F. D. Farrell of the college and Prof. R. M. Green of the department of agricultural economics will speak.

APPROPRIATION CUT MAY BRING FEE SLASH

Senate Passes Bill Providing for Reduction in Matriculation and Incidental Fees

A 25-cent reduction in matriculation and incidental fees at state schools is directed in a measure passed Tuesday by the state legislature. The same measure provides for the appropriation for state educational institutions for the 1934-35 school biennium. The figure is \$5,343,200, as compared with \$7,423,550 allowed two years ago and \$5,996,950 recommended by the budget.

The appropriation for Kansas State college is \$1,881,700, as compared with \$2,671,582 in 1931. When compared with the appropriation of \$1,787,500 for the University of Kansas, the figures show favorably for Kansas State. This is due, however, to the fact that various items such as agricultural and home economics extension work are included in the Kansas State budget.

The total reduction from 1931 amounts to 28 per cent.

A NEW DEAL

Franklin D. Roosevelt

G.R. COURSE BEGINS TONIGHT EXPRESS THEIR OPINIONS

Fifty-Five Are Already Enrolled—Registration Ends at Noon Today.

Fifty-five senior women tonight will begin the Girl Reserve training course under Miss Florence Stone, Wichita, executive secretary of the Kansas district of the Y. W. C. A. It is expected that a few more will enroll before registration closes at noon. The course, for all senior women and for junior women who plan to teach next year. It is sponsored by the department of education and the Y. W. C. A. The first meeting will be from 7 to 9 o'clock this evening. Topics to be discussed are: "Characteristics of the small town we know best," "Groups at work in the community," and "Underlying principles as a basis for meeting problems." On Saturday from 1 to 4 o'clock, "Characteristics of the high school girl of today," and "The Y. W. C. A.—what it is" are the subjects for discussion.

Tomorrow night from 7 to 9 o'clock, Miss Stone will outline the elements and activities entering into an all-around program for the organization and development of Girl Reserve clubs. The course will close Sunday morning with a meeting from 8 to 10 in which Miss Stone will summarize the resources and qualifications of a Girl Reserve director.

La Faun Astle, Hutchinson, is chairman of Miss Stone's program. Ellen Payne, Manhattan, will assist Miss Stone in the direction of Girl Reserve songs.

COLLEGE HOST TO CITY GROUP

Kansas Citizens Choose Holiday to Visit Kansas State College

A special Union Pacific train will bring about 150 Kansas Citizens, representing the Kansas City, Mo., South Central business association, to Kansas State college May 30. The visit, being on a holiday and during examination period, appears to be scheduled at an unfortunate time for viewing classes and student life.

The group will be here on a tour to western Kansas.

Interest Group Members Discuss Own and Other's Ideas on Many Subjects.

"Apples and Madonnas," "Technocracy," and "Sham" were three of the unusual subjects discussed in the Y. W. C. A. interest groups last night. The interest groups meet from 7:15 to 8:15 each Thursday night. The spring series lasts six weeks, and last night's meeting was the second of the series.

In the Modern Book group, Miss Dorothy Barfoot, associate professor of the art department, reviewed "Apples and Madonnas" by Bullett. Barbara Lautz led the discussion of "Technocracy" in the International group. "How Southwest Indians relate their art to nature" was the subject of Miss Louise Everhardy, associate professor of art, in the Modern Art group.

Frances Rosser led a discussion on "The job of growing up" in the group of Jobs For Us. The girls of the Dramatics group acted the social satire "Sham" under the direction of Esther Wiedower. Dr. Helen W. Ford, professor of child welfare and eugenics in the Home Economics division, talked to the group about ourselves on "Living—Plus or Minus."

Most of the Y. W. C. A. members are active in one of the interest groups offered this semester.

FOUR DROP OUT BUT RECORDS STAY HIGH

Withdrawals Fewer Than Last Year; Enrollment Stands At Even 2,300

Withdrawals in enrollment have decreased almost 75 per cent this semester according to reports from the registrar's office. Only four students have withdrawn from school this year while at the five weeks last semester 15 had dropped out.

The enrollment for this semester has reached the grand total of 2,300, not far below the 2,471 at the five weeks last semester. Authorities anticipate little change in the present figures this term.

DEPRESSION BUT LACK OF THINGS WE HAD BEFORE

—SAYS KETCHUM

TOPEKA MAYOR CLAIMS ONLY DIFFERENCE IS FORMER PROSPERITY.

'MACHINERY A GOOD THING'

Adjustment of Hours of Work Will Solve Way Out, American Federation of Labor Declares.

"The present depression is merely a repetition of old-fashioned 'hard times,'" said Mayor Omar Ketchum of Topeka in his address Wednesday before the student forum in Thompson hall. "It is the same lack of things we've been used to," Mayor Ketchum said, "the only difference from 'hard times' being the great prosperity we enjoyed just before this depression."

He went on to demonstrate that labor's principal problem and part in the depression is unemployment.

"The biggest business era we've ever had was the World War period, with the accompanying non-competitive and practically unlimited foreign market for our goods," he asserted. "During this period machines perforce took the place of manpower, in order to supply enough goods to meet the demand. For some time after the close of the war American products were still greatly in demand and labor-saving machinery was developed throughout the industrial field."

"As soon as Europe recommenced manufacturing and raising its own supplies again, however, protective tariffs were levied against American goods, our factories had to shut down, and the unemployment problem became prevalent. Unemployed people were forced to drop out of the trade cycle, reducing business further, and unemployment spread throughout the United States."

"All organized labor considers labor-saving machinery a good thing for mankind," the mayor said, "but it must be used moderately and not for selfish gain. The American Federation of Labor has decided that the best way out of the depression is to effect a readjustment of hours of work, and has accomplished much in blazing the way by regulating the working day and wage scale of its members."

"It usually takes nearly a generation to develop a new thought or idea throughout the nation, but in this case labor is adjusting itself to existing conditions very satisfactorily and fighting its way out of the depression," he asserted.

Mayor Evan Griffith of Manhattan introduced the speaker.

The next student forum speaker is Visser 't Hooft of Amsterdam, Holland, who is traveling secretary of the World Christian Student Federation. He will talk March 8 on "Problems of Disarmament." The last of this series of student forums will be held March 15, when Prof. W. E. Grimes of the department of agricultural economics will discuss "Coming Out of the Depression." These forums are held upstairs in the college cafeteria Wednesday noons from 12:20 to 12:50 and are open to the public.

LIST OF SPEAKERS IS AN IMPRESSIVE ARRAY

Weekend Conference at Emporia Will Afford Valuable Experience for Kansas Students

A delegation from Kansas State college will attend the Kansas intercollegiate conference at Emporia March 10 to 12.

Expenses for a banquet Saturday evening and for rooms Friday and Saturday nights with breakfast will be included in the registration fee of 75 cents. Transportation may be obtained for one dollar by making arrangements at the Y. W. C. A. office.

An impressive list of well known Kansas speakers includes: Prof. W. A. Irwin, dean of Washburn college; William Allen White, editor of the Emporia Gazette; President W. O. Mendenhall of Friends university; Prof. W. E. Grimes, Kansas State college; Prof. John Lee, University of Kansas; Prof. Fred R. Niehaus, Washburn.

Mary Alice Schnacke, president of the Y. W. C. A. at Kansas State, will represent the college in a student program.

Catch the Calf and The Rest Is Simple Charles Is Assured

It may be all right for some few general science students or possibly some city-bred folks but it would never find a place in a bulletin of the United States Department of Agriculture. It's on article submitted to Prof. F. E. Charles telling one how to teach a calf to drink skim milk from a bucket.

Here it is:

"To teach a calf to drink skim milk from a bucket or trough you should first catch the calf, lead it to the container of milk, and then put your finger in its mouth. It begins sucking your finger as if it were the cow's teat. While it is sucking the finger, lower its head into the milk. By repeating this process three or more times, the calf learns to drink the milk."

The article was an assignment in a journalism class to write in feature style on the development of a new device or devices for doing things about the farm.

Particularly good, Professor Charles admitted, is the advice, "first catch the calf."

RULE TO DELAY RUSH WEEK DINNER DATING

Sororities Are Ordered to Withhold Invitations Until Second Day.

A new ruling which will make a radical change in the rush week procedure next fall has been adopted by the Senior Women's Panhellenic organization.

It provides that the last date of rush week, the formal dinner date, must be left open until after lunch on the second day of rush week. Sororities may then ask rushees in whom they are interested to attend their dinner. Formerly this dinner date could be accepted at any time just as other dates for the week.

This change in rules has recently been tried in various other colleges, such as Washburn and Nebraska university, and has been found very satisfactory.

COURT SEASON TO END WITH MISSOURI GAME

A Win Will Give the Wildcats a Tie For Third Place

The Kansas State quintet will close its 1933 basketball season against the Missouri Tigers at Columbia tomorrow night.

"In the last three years Missouri has not lost a game on its home court except to Kansas State, who won in 1931 by a 31 to 29 score," Coach Charles Corsaut said yesterday. "The boys are going to try hard to repeat that game and win tomorrow night," he added.

If Kansas State wins tomorrow night they will be in a tie with Missouri for third place with five wins and five losses. Coach Charles Corsaut has been working his men hard this week, putting them through hard scrimmages the last two nights in preparation for this game. They will go through a light workout today before leaving.

The game will mark the end of college basketball competition for Captain Andy Skradski, Lloyd Dalton, and Emmett Breen. Skradski will report to Coach Corsaut next week for baseball practice, and Breen, who is captain of the track team, will report to Coach Ward Haylett. Dalton will join the Kansas City Life basketball team for the national A. U. tournament. Coach Corsaut and his men will leave by automobile today noon. Those making the trip are Captain Andy Skradski, Ralph Graham, Emmett Breen, Bus Boyd, Lloyd Dalton, Oren Stoner, Dan Blaine, and Ralph Armstrong. The regular five men will start the game tomorrow night.

ORCHESTRIS ELECTS HEAD

Arlene Smith Is New President—Lucille Johnitz Secretary.

Arlene Smith, Topeka, was elected president of Orchestris, honorary dancing organization, at the regular meeting last Tuesday evening. Lucille Johnitz, Abilene, was elected secretary-treasurer.

Orchestris members plan to present a program of dances at the Midwest association of physical education for women which will be held in Wichita the latter part of this month.

ORPHEUM SURE TO PLEASE SAY THOSE IN CHARGE

FOUR FEATURED ACTS IN PROGRAM; A VARIATION FROM OFFERINGS IN PAST

SHOWS TONIGHT-SATURDAY

Dean Babcock, Assistant Dean Correll, and Mary Myers Elliott Take Leads in One Act Play

"Cabbages," the one act comedy to be presented at Ag Orpheum tonight and Saturday night will make you wonder if Assistant Dean C. M. Correll and Dean R. W. Babcock haven't been practicing their lines for several years within the privacy of their office.

Mary Myers Elliott, who is playing the lead, represents a huge German woman whose greatest desire is to be recognized as somebody. Assistant Dean Correll, her husband, is a common farmer and evidently is proud of the fact. Dean Babcock is a newspaper reporter and Prof. Lyle Downey portrays a genealogy man. Olga Larsen, Vesper, is a poor neighbor and Gertrude Greenwood, Kansas City, is the flapper daughter.

The men's glee club will furnish the chorus for the minstrel and Dick Herzig, Salina, will be featured as a soloist. Bill Shade's quartet will also be present. L. G. Langston, Hutchinson, who has charge of the minstrel, is assisted in the presentation by M. D. Oimstead, Perry; Harold Ross, Wamego; Jim Chapman, Manhattan; and Herbert Keon.

"Petticoat Pirates," the musical travesty written and directed by Prof. Edwin Sayre of the music department, relates the adventures of three Kansas State coeds with pirates. Lucille Allman, Patricia Irwin, Manhattan, and Artha Kinsley, Liberal, are the three coeds. Two popular songs, "Hold Up Your Hands" and "Look Who's Here" are interpolated into the score.

Because of the new idea in presenting the Orpheum and because of the excellent talent offered in the several acts, Harlan Rhodes expects the Orpheum to be one of the most pleasing bits of entertainment offered on the campus this season.

Admission for the performance, which will start at 8 o'clock, will be 25 cents. Harlan Rhodes, Manhattan, is manager of the production and H. Miles Heberer, director. Tom Groody, Manhattan, is publicity manager.

The following cast besides the three coeds participating in "Petticoat Pirates":

Captain of the pirates, Ernestine Merritt, Haven; six preying pirates, Betty Stanley, Wichita; Eleanor Otto, Juliana Amos, Manhattan; Josephine Baker, Miltonvale; Margaret Higdon, South Haven; and Cora Oliphant, Offerle; eight dancing pirates, Lois Rosencrans, Manhattan; Jaquette Lawrence, Council Grove; Ambrosia McClaren, Galena; Frances Focke, LeRoy; Roberta Jack, Russell; Ivernina Danielson, Manhattan; Rosemary Schmidt, Junction City; and Frances Jack, Russell.

Pirate folk dance, Roberta Jack, Cora Oliphant, and Juliana Amos; solo dance, Rosemary Schmidt; skeleton dance, Ellen Payne and Dorothy Cortelyou, Manhattan; singing pirates, Martha Singleton, Benedict; Betty Shackelford, Manhattan; Marjorie Lemon, Wakefield; Harriet Mayer, Alta Vista; Elizabeth Walbert, Columbus; Tella Hinshaw, Bennington; Caroline Janssen, Lorraine; Vera Trusler, Junction City; Betty Ozmert, Manhattan.

Lela Hahn, Glen Elder; Gladys Paulsen, Onaga; Marjorie Call, Manhattan; Dorothea Bacon, Atchison; Lois Lewellen, Newton; Mila Pishney, Cleburne; Viola Barron, Kensington; Julia Crow, Silver Lake; Shirley Jacobs, Lenora; Marian Buck, Abilene; Kathleen Mallon, Anthony; Roberta Shannon, Geneseo; Ruth Parcells, Hiawatha; Lois Darby, Merrowville; Mildred Masden, Lenora; Amy Jaspersen, Colby; Bernice Light, Yates Center; Helen Reed, Circleville; and Laura Ward, St. Joseph, Wyo.

The dance director is Freda Walker, Manhattan. The costumes are in charge of Betty Stanley, Josephine Baker, Lois Rosencrans, Mildred Masden, and Freda Walker. Betty Shackelford has charge of the properties.

A NEW DEAL

Tomorrow marks the beginning of the new deal. Franklin Delano Roosevelt gets the chance to play his ace in the great United States game. We will have to wait for results in the deal but play is about to start.

Roosevelt will take the stand tomorrow at one of those times that try men's souls. But there is also a bright outlook for the coming president. Several things are in his favor and all of these taken together should formulate into favorable circumstances for the incoming executive.

In the first place, the people of the United States are behind Roosevelt. The public is strong for him and expects great things from him. Business is behind him, too. Industry is ready for a change. It expects a change for the better.

Isn't it a great time of the year to start anew? Spring is just around the corner and life seems to put on a new dress. The spirits of the people are beginning to rise and everything looks rosy.

With the combination that confronts the new administration, it looks like the new deal will be a reality. The first thing that we shall expect is the lifting of the curtain that has been shadowing our economic system. And following this we want a stride back to normalcy.

The eyes of the world are upon Mr. Roosevelt and we expect to march onward and upward—with him and the new deal.

Is It a Rehearsal?

One shot started a world war in 1914. But there is no great reason to believe that the war would have been avoided if that shot had not been fired.

One bomb which may or may not have exploded in Manchuria in September, 1931, has started a row in the Far East which may lead to another world conflict. That bomb was not important. The important fact was that Japan was ready to invade Manchuria. The question now unsolved is whether or not the rest of the world is ready to go to war to stop her.

Japan, found guilty of aggression by the League of Nations, has virtually withdrawn from the League. According to the covenant of the League, Japan must wait two years before she may withdraw. The next logical step, under the covenant, is for the other nations to declare an economic boycott against Japan, unless she yields. This, of course, must be enforced by arms, and means a virtual declaration of war.

Japan has decided that the province of Jehol is in reality a part of Manchuria, and has determined that she must conquer it in order to hold Manchuria. In this new conquest she is succeeding today beyond her fondest dreams.

The rest of the world may forget about Manchuria, but the war is getting alarmingly close to North China proper, where large foreign interests are involved. And reports within the last few days indicate that Japan is sending warships to South China for the "protection of Japanese there."

Other nations cannot help wondering a bit whether or not the Shanghai incident may be repeated. Although few official statements have been published as yet about this new development, it seems probable that interested powers will not be slow in sending warships to the orient "for the protection of their own citizens." Thus the stage is being set, quickly, surely. What will the new "show" be?—F. T.

On Other Hills

Maybe this little verse had its origin with the fact that scientists discovered a way of making chewing tobacco which tastes like liquor:

Pretty little coeds
 Away from maw and paw
 And a hay nonny nonny
 And a hot chaw chaw.

The new course in love-making which has been added to the curriculum at Middleburg college in Vermont seems like a waste of time. The old school of "larnin'" believes that experience is the best teacher, after all. But who would turn down such a course, especially if a lab period was held in connection—oh, yes, in connection?

To the many, a university is a colony of cor-

mitories where youth may sleep a few years more, pleasantly unaware that the world is rushing by and leaving them permanently behind.—Washington Student Life.

A highbrow, according to the Oklahoma Daily, is a person who feels astonished when he discovers ordinary people have as much sense as he has.

And right after Michigan State college officials had established a new record for allowing coeds to stay out until 4 o'clock the morning after the J-hop, the University of California decided that the girls might stay out as late as they liked after "big game" nights.

At North Carolina university, each afternoon a conference is held in which certain students are forced to review their grammar. Any mistake in English, whether written or spoken, makes one eligible for entry to the conferences. All students are forced to attend when called.

A recent questionnaire of the Pitt weekly did not decide the University of Pittsburgh student who is most likely to succeed; but it provided an interesting sidelight on college English—and egotism.

"The bozo you're looking at," was the direct answer of one student to the question, "In your opinion, what Pitt student is most likely to succeed after graduation?" This student backed his modest judgment with the assertion that "if innate ability, baloney, huey and a good line meant anything, they should watch out for me."

The 61-year ban on dancing at Ohio Northern university having recently been removed, the college held its first dance since 1871 a short time ago.

To the question "Have you ever been in love?" 56 out of 203 freshmen women at Syracuse university answered: "Many times". What one of this 56 will fail to say "Never" four years from now?

Yes, even the bootleggers admit that this education is a great thing. It concentrates markets.

Elizabeth Arden, famed beauty expert of New York, will be the judge of the Jayhawker beauty queens at the University of Kansas. It has been announced. Thirty women are entered.

Toothaches were common to prehistoric Indians, the head of the school of social science, University of Oregon, discovered after conducting a research on the subject.

Freshmen at Grinnell college must take their Friday and Saturday night showers before 5 o'clock. The reason for this action is that a better distribution of the hot water will be obtained, according to the council of house presidents, who made the law.

The Snooper

Fritz Pfeutze of the Beta Pfeutze's got his daily dozen by walking to Aggieville the other morning. A very congenial friend took him home after the show. Upon waking in the morning Fritz discovered that he had left his car in Aggieville the night before.

Mike Ahearn has recently hit upon a novel idea of dispensing with the little German Band. Finding a musical instrument in the bleachers Mike (the old rascal) hid the instrument in his office. When the owner returned to get his horn in order to add embellishments to the military band he discovered it was gone—finally after many restless moments he came upon it in Mike's office. Mike's original idea may be food for thought, so if you find a tuba under your bed or a piccolo under your pillow you will know some innocent freshman has become aggravated at the efforts of the various bands on the hills and has started a campaign to exterminate some of the musical talent of Kansas State.

The Tri Deltis have just finished their "Ideal week" (known as Hell Week to the average student) with a midnight burlesque. This was strictly a women's affair, of course, so reports in regard to the success of the show are lacking.

Most of the students (also including the faculty) who have their major interests in the journalistic field have been thinking of going to Shanghai to exhibit their journalistic talent. Lawson May in his journalism lecture (otherwise known as a seminary) declaimed vividly of bars and cabarets and occasionally mentioned journalism as his main reason for going to China. Of course journalists like Clay Reppert and Don Wyatt are not interested in Chinese bars.

If you are approached with a sweet smile with a girl behind it, you know that you are being led into the idea of buying a Royal Purple. This contest conducted on the spelling bee plan is to foster bigger and better beauties from the sorority houses. If one of the fair maidens can sell you and nineteen other guys a Royal Purple her sorority can nominate one candidate for beauty queen, and if she sells you and thirty-nine other guys a yearbook she can have her whole sorority nominated. With a sales talk memorized from last year's files, the girls have begun their annual "we wanna queen from our sorority campaign."

It is rumored that a Miss Hudson and a Miss Rinsch of the Kappa Kappa Gamma sorority have been telephoning around to different fraternity houses trying to obtain funds for certain reasons. Whether these girls are sincere in their intentions, it is hard to say.

WANT TO KNOW WHERE ACTIVITY FEE GOES

Students Ask for Open Meeting on
Why and How Their Money is
Spent By Council.

Demands that the students be given a chance to learn where the money goes that they spend for their activity fees promise to bring results in the form of an open meeting on activity tickets—their exemptions and abuses.

N. F. Morehouse, chairman of the Dynamics committee in charge of student-faculty forums, revealed last night that permission has not yet been obtained for the meeting on the activity fee, but that once permission is obtained, plans will go forward at once for arranging for the meeting.

A second request voiced at the student-faculty forum Tuesday night was that the work of the student council be aired before the student body in such a way that it will be understandable by every member of the Student Governing association, including every student who has paid his activity fee for the semester.

Maurice Du Mars, president of the Student Governing association, and Esther Row, secretary, sketched their work briefly at Tuesday night's meeting in recreation center. They recommended that Kansas State join the National Student Federation whose convention they attended in New Orleans in December.

Opinions were voiced favoring and opposing federation with the national student movement—some holding that the move was too expensive, others maintaining that the expense was justifiable.

Ralph Van Camp presided at the forum.

Morehouse said that it will be known soon whether or not the activity fee meeting may be held.

MORTAR BOARD ASKS JUNIORS FOR CHOICES

Recommendations for Women to
Be Honored Will Be Made by
Four Groups.

Junior women are making recommendations for nomination of the most outstanding junior women to Mortar Board. Each has been asked to nominate ten from the junior class indicating five out of the ten as those best fitted for the honor.

Each spring the most outstanding junior women are given the privilege of being elected to Mortar

Board, national honorary society for senior women. They are selected as members upon their merits of leadership, service, and scholarship. Louise Chalfant, Wichita, is president of the Kansas State college chapter of Mortar Board.

Recommendations for membership are made by junior women, deans, representative members of the faculty, and the active chapter of Mortar Board.

CONTEST STORIES ARE DUE

All Undergraduates on Hill Are
Eligible to Compete for
\$50 Prize.

The short story contest for the \$50 Edwin M. Hopkins Quill prize will close March 31, Veva Brewer, chancellor of the Kansas State chapter, said today. The contest, sponsored by the American College Quill club, is open to all undergraduates in Kansas State and all other American colleges and universities.

The story must contain 3,000 words or over before it will be judged. The prize winner will be announced as soon after May 1 as possible and will be published in the "Parchment," the Quill magazine. The manuscripts judged the first ten best will also be available for publication.

Three copies, two carbons, of the story are to be typed, double-spaced, on 8 1/2 by 11 inch paper, marked with the author's pen-name and mailed flat. The writer's real name, class, and the registrar's statement that he is regularly enrolled and an undergraduate student are to be sent in a sealed envelope along with the manuscript.

ROLLED OATS

March 4th.—Saturday—Inauguration—Delt party—and the return of Toots Charles—mottled country squire—laden with the usual dribble glasses and the bitter beers.

Our commanding instrumentalist Sorrells—is sipping of life's bitter dregs—with beady eye—furrowed brow—and the "Oh gawd what pain" expression—he greets each female with a scornful hiss (Captain of the hussars)—for last summer's coy Colorado conquest—has found solace in a Phi Delt pin—and bidden our shaggy-browed Adrian the usual "may we always be friends"—adieu! But knowing the bitter hunger of the shunned—plays he now with more masterly ease—more lofty inward music—and with purposeful chinline—carries on—

Two kittenish Kappas—in realms of lolling leisure—calling froppish fraternity members—soliciting aid for the foundation of homes for unfortunate girls—tsk! tsk! children—the off-told tale of souls for sables—or it may be mere paltry philanthropy—

Tyne Pearman—civic sinner—heads Beta Theta Pi for '33—expectations rise to the surface—to soon see all brothers afflicted with staggers, jiggers, knickers, and the bockers—but once condemned to corruption—ach!—depressingly unthinkable.

Puffed with pride, stuffed with satisfaction, and whistling through their teeth—the Tri Deltas—cut, clear, and complete—initiate 100% strong—Oh well—heck we can't all whistle!

Burr Smith—of the brick and mortar Smiths—with a submerged yen for a foreign finish—obtained through devious ways and hidden means—13 victrola recordings of "how to learn French in three easy lessons"—or money refunded—Borish Burr has become an ardent addict of the rotating brass cylinder—

Ruth Miller of the K. C. school of social and business science—whose flame is practically acetylene in calibre—has returned—Doc Kennedy's vague presence is in constant attendance.

Oh Pshaw! No longer can I forbear the mentioning of Scornful Scales, and Heart-rendering Hasler—Oh Pshaw!!!

Social Calendar

Friday, March 3

Ag Orpheum, college auditorium, 8:00-10:00.

Saturday, March 4

Ag Orpheum, college auditorium, 7:00-10:00.

Misouri university-Kansas State basketball game at Columbia.

Graduate club party, recreation center, 8:00-11:00.

Monday, March 5

Horticulture club meeting, H31, 7:00-9:30.

Y. W. C. A. cabinet meeting, Calvin rest room, 7:00-8:00.

Chorus, auditorium, 7:00-10:00.

Alpha Kappa Lambda

Alpha Kappa Lambda announces the pledging of Carl Rupp, Moundridge.

Beta Theta Pi

Officers for the spring semester were elected last Wednesday night, March 1. The new officers are: president, L. A. Pearman, Holton; vice-president, Edward Kelly, Manhattan; treasurer, W. H. Prentice, Clay Center; secretary, D. W. Miller, Hanover.

Jack Householder, Clay Center, visited relatives in Topeka last weekend.

Pi Beta Phi

Mrs. T. F. Merritt, Ernestine Merritt, and Janet Murdock drove to Wichita Tuesday. They were accompanied by Jane Murdock and Virginia McCoy, Wichita.

Mildred Beard, McPherson, was a guest at the house Wednesday night.

Mrs. R. W. Torrey spent Wednesday in Topeka.

Marybelle Henning, Salina, will visit at the house this weekend.

Van Zile Hall

Mrs. W. J. Cates, Salina, will be the guest of her daughter, Elizabeth Jo, this evening. Both will return to Salina for the weekend.

Leora Lang, Cuba, was a dinner guest Thursday evening.

Kappa Phi

Kappa Phi pledges celebrated with a pot luck supper at the student parsonage Wednesday night at 5:30. Guests were: Marcia Conrad, Mary Elizabeth Allman, and Mrs. B. A. Rogers.

Alpha Delta Pi

Alpha Delta Pi announces the pledging of Roberta Odle, Manhattan.

Mrs. H. C. Call, Kansas City, is spending a few days at the house visiting her daughter, Ethel Irene.

Mrs. J. S. Parker, Hill City, stopped yesterday to visit her daughter, Peggy, before going on to Kansas City.

Zeta Tau Alpha

Mrs. A. W. Evans went to Topeka Tuesday.

Mr. and Mrs. Julius Bierman, Kensington, are visiting their daughter, Margaret.

Chi Omega

Margaret Gard will spend this weekend in Kansas City.

Charlotte Buchanan and Helen

Mrs. W. H. Martin, and P. B. Wolberg.

Earl Brookover and Emmett Benjamin attended the Sig Ep initiation services at K. U., Lawrence, Sunday.

Farm House

Dinner guests Tuesday evening were Wayne Herring and Elmer Haas.

Phi Kappa Tau

Newly elected officers of Phi Kappa Tau are: president, Norman Nelson, Jennings; vice-president, Glenn Stuke, Steamboat Springs, Colo.; secretary, J. P. Vandergriff, Douglas; treasurer, Harry Johnson, Marquette; and rush captain, Merrill Carter, Smith Center.

Phi Kappa Tau announces the pledging of Ivan Thetatlac, Smith Center.

Kappa Kappa Gamma

Mrs. A. G. Rosser, Pratt, arrived Thursday evening to spend a few days with her daughter, Francis.

Miss Katherine Addison, Salina, was a dinner guest Thursday evening.

At the Theatres

AT THE WAREHAM

"Secrets of the French Police"

Mesmerism, thought transference, hypnotism and other forms of mental domination, all employed toward criminal ends, are laid out for you in "Secrets of the French Police" at the Wareham today and tonight.

Gwill Andre, Frank Morgan, Gregory Ratoff, and John Warburton re-live for you the story of an attempt of a Russian nobleman to hypnotize a Parisian flower girl into believing she is a princess. He imparts by forceful suggestions a new personality into the girl and empties her mind of all remembrances of the past.

"Texas Gun Fighter" brings Ken Maynard in the old romantic West from a new angle of action on Saturday only. Ken Maynard leaps from an outlaw to a sheriff for Sheila Mannors and later is forced to capture his own gang.

Finally the paths of the famous stars, Tallulah Bankhead and Robert Montgomery, have crossed in "Faithless" at the Wareham Sunday, Monday, and Tuesday. It is the sweeping tale of two young "idle rich" becoming stepchildren of the depression. They suddenly find themselves sucked in the whirlpool of present-day economic adversity. She wears clothes designed by Adrian, too.

Clivia

Clivia entertained the executive council of the Collegiate 4-H club at dinner Sunday. Guests present were Florence Meichert, Penn Thompson, Frank Burson, and Wilfred Pine.

Andy Elson and Joe McNay were dinner guests Saturday evening.

Wilma Cook visited friends in Bartlesville, Okla., last weekend.

Frances Berggren, Morganville, and Esther Johnson, Ottawa, spent the weekend at their homes.

Mr. and Mrs. Floyd Ogg, Ottawa, visited their daughter, Myra, Sunday.

Mr. and Mrs. C. Greenwood and Violet, Kansas City, visited Gertrude Greenwood Sunday.

Thursday dinner guests at Clivia were Vida Schindler, Barnes; Morina Howell, Garrison; Austin Alm, Marion Louise Coe, and Maynard and Harold Coe, Manhattan.

Sigma Alpha Epsilon

Dr. L. E. McFarlane was a dinner guest Thursday evening.

George Peck spent Tuesday in Topeka.

Robert A. Zebold spent the weekend in El Dorado.

James J. Yeager, Hays, was a weekend guest.

Saturday night dinner guests from Lawrence were Junior Coen, Miss La Verne Wright, and Ray Ebling.

Pi Kappa Alpha

Pi Kappa Alpha announces the initiation of Charles Zinklers, Kansas City, Mo.; James Edwards, Manhattan; Lloyd Michael, Eudora, and Leland Rose, Council Grove.

J. Wilbur Wolfe, Omaha, Neb., was a guest Thursday.

Irvin Hollingsworth, Salina, was a guest Wednesday.

J. Wilbur Woise, Omaha, Neb., was a weekend guest.

Chris Covington and St Green spent the weekend in Topeka.

Walter Kern was a dinner guest at the house Sunday.

Alpha Gamma Rho

Sunday dinner guests were Miss Hazel Greenwood, Madison; Gertrude Brown, Sedan; and Mr. G. G. Ludden, Clyde.

T. L. Bond, Manhattan, spent the weekend in Kansas City.

Acacia

Formal initiation was held Sunday for Maxwell Wann, Manhattan; George Jobling, Manhattan; and Gene Humphill, Clay Center.

Weekend guests at the house were Howard L. Bess, Jake Ogden, Paul Nelson, Albert Smith, Frank Ellis, and Edward Merolin, all of Wichita.

Mrs. Mary Jobling, Manhattan, was a Sunday dinner guest.

Phi Lambda Theta

Phi Lambda Theta will entertain Saturday evening with a house party.

John Blaisdel, Sylvia, was a guest at the house Sunday and Monday.

Sigma Phi Epsilon

Sunday dinner guests were Prof. and Mrs. W. J. Caulfield, Prof. and

AT THE DICKINSON

"The Woman Accused"

This is the picture based on the Liberty magazine story which was written by ten famous American authors. It concerns the case history of a certain Glenda O'Brien as described by these world-famous men and women: Rupert Hughes, Vicki Baum, Zane Grey, Vina Delmar, Irvin S. Cobb, Gertrude Atherton, J. P. McEvoy, Ursula Parrott, Polan Banks, and Sophie Kerr.

Nancy Carroll is the beautiful young lady accused of murder by John Halliday and defended by Cary Grant. She murders an ex-sweetheart for a good purpose and then is trapped by the murdered man's law partner. However, due to the efforts of her most recent fiancé, Cary Grant, she is saved from the usual murder penalty. It's a good show and gives a new light on the way to obtain a confession.

ART CLASSES TO HEAR HALL

Home Economics Students and Public Also Invited March 18.

Edward H. Hall of Davenport, Iowa, representing the Wallpaper

association of America, will speak to the art and home economics classes March 18. His subject will be "The Four Values of Decoration."

He will speak at 2 o'clock in the afternoon in room 68 in Anderson hall. The talk is open to anyone who wishes to attend.

REAL BARNWARMING TO BE AG FAIR THIS YEAR

Call Asks That New Dairy Barn Be Scene of Festivities This Spring.

A "Barnwarming," to be held in the new dairy barn when it is finished, will probably take the place of the annual Ag Fair, as requested by Dean L. E. Call, agricultural division, at the Dairy club meeting Tuesday. This social function will be sponsored by the Ag association.

Prof. F. W. Wolberg, dairy husbandry; P. H. Hostetter, Ag 3; and G. Garrison, Ag 2, were appointed by F. W. Castello, president, to make investigations in regard to the "Barnwarming." The program committee consists of R. J. Cohorst, Ag 4; and W. W. Babbit, Ag 4.

NEW ARRIVALS

Every Mother's Daughter will want one of these new Spring Dresses

Beautiful New Prints and Rough Crepes that proclaim Spring is here. . .

\$975

Others \$5.95 to \$18.00

Spring Coats

They're handing us compliments, right and left—all those Smartly Dressed Girls who hurry here for the Newest Styles of the season. Our collection of Spring Coats is remarkable in that it features all the individual, easy-to-wear details which make for high style, yet we continue to maintain a moderate price policy.

PLAY TONIGHT FOR BIG SIX COURT TITLE

KANSAS AND OKLAHOMA MEET
IN LAWRENCE IN GAME THAT
WILL DECIDE CONFER-
ENCE CHAMPIONSHIP

BOTH HAVE TITLE CHANCES

Sooners Defeated Kansas Once
This Season 25 to 23; "Hot
Shooters" Will Be
Winners

Lawrence, Kan., March 2—"Keep Oklahoma's three busy bees from laying any honey" is the slogan the University of Kansas basketball team has adopted for the crucial Big Six basketball game to be played in the Kansas auditorium here tonight. The three Oklahoma busy bees are Beck, Bross and Browning, all of whom are hot shots for the basket.

Enthusiasm for the game is growing high on the Kansas campus and throughout the state as a victory for the Jayhawkers would clinch for them their third consecutive conference title. The fact that Oklahoma defeated Kansas 25 to 23 at Norman earlier this season is taken to indicate here that the two teams are very evenly matched and that it is all a matter of which is the "hottest" Friday night when it comes to determining the winner. Kansas fans point out that the Sooners have not taken a game on the Lawrence court since 1929 and that the Oklahomaans have lost two of their three games away from home so far this season.

Kansas Leads Scorers
William Johnson, Kansas center who is leading the conference in individual scoring, is the big scoring threat for the Jayhawkers, but he will have able assistance from Wells and Harrington, who also rate in the first ten individual scorers of the conference this season. Johnson has always been good for points against the Sooners. In 1931 he scored 15 points at Lawrence and 12 at Norman; in 1932 he scored six points at Norman and eight at Lawrence; this year he scored 13 points at Norman. That makes a total of 54 points in five games against Oklahoma, giving Johnson an average of 10.8 points per game against the Sooners.

In Several Championship Tiffs
Kansas students and fans also are getting a "break" for the fourth consecutive year in that the final home game of the season can decide the conference championship. In 1930 Missouri beat Kansas here, 23 to 18, and won the title, Kansas taking second; in 1931 Kansas beat Iowa State here, 27 to 16 and clinched at least a tie for the title, and a later victory of the Kansas Aggies over Nebraska left Kansas undisputed champ and Nebraska second; last year Oklahoma came to Lawrence for battle, the Jayhawkers won 33 to 29 and became champions when the same evening the Kansas Aggies beat Missouri at Manhattan.

The game tonight is drawing the record crowd of the season and will pass the three thousand mark. There will be seats available for all who come. Dr. F. C. Allen, K. U. director of athletics says. Reserved seats are 75 cents and general admission 50 cents.

Men's Intramurals

Volleyball was played for the first time last Tuesday night as an intramural sport at Kansas State. More than 20 teams have entered the contest which will continue the next few weeks until the winner is decided.

The games Tuesday night ended in all kinds of scores, with some games hard fought, others easy. Playing was ragged because many of the teams had never practiced together before the games and failed to utilize their possibilities. Inexperience in the game showed up in many different places.

Results of the games Tuesday night are: Pi Kappa Alpha 40, Alpha Kappa Lambda 27; Alpha Rho Chi 30, Sigma Phi Epsilon 40; Delta Tau Delta 40, W. F. A. C. 31; Delta Sigma Phi 40, Phi Delta Theta 5; Lambda Chi Alpha 33, Alpha Tau Omega 40; Phi Lambda Theta 40, Tau Kappa Epsilon 34; Aggie Knights 40, Alpha Gamma Rho 13.

Handball is still in the second round in both singles and doubles.

The results of seven intramural volleyball games played last night are:

Theta Xi 40, Farm House 29.
W. F. A. C. 40, Sigma Phi Epsilon 30.
Alpha Rho Chi 40, Alpha Kappa Lambda 36.
Sigma Alpha Epsilon 1, Phi Sig-

ma Kappa 0 (forfeit).
Delta Tau Delta 40, Phi Delta Theta 5.
Delta Sigma Phi 40, Pi Kappa Alpha 21.
Lone Stars 40, Phi Kappa 15.

Women's Intramurals

Thirteen teams have started practice for the intramural swimming meet for women which will start March 13. The events will be as follows: 100-foot freestyle (crawl or trudgen); 50-foot side overarm; 100 foot medley (two girls, one side underarm and one crawl); side underarm (for form); elementary back (for form); surface dive for speed; balloon race; diving—standing front, running front, optional. Points toward the W. A. A. intramural cup and individual points will be awarded at the close of the meet.

WRESTLERS TO IOWA STATE

Eight Go to Conference Mat Tournament at Ames—Expect Strong Competition.

Eight Kansas State wrestlers, accompanied by Coach B. R. Patterson, left early Thursday morning for Ames, Iowa, where they will take part in the annual Big Six wrestling tournament. The matches start today and the finals will be held Saturday night.

Richard Fowler, Holton, will take the place of E. A. Heinz in the 135-pound class. Heinz has been having trouble all week with an injured shoulder. Other than this change the team will be the same that has met and defeated five schools this season.

The meet at Ames will probably be a three-cornered affair between Iowa State, Oklahoma, and Kansas State matmen. All three teams have impressive records this season, but have failed to meet each other.

The men who will represent Kansas State are as follows:
118 pounds: Paul Griffith.
126 pounds: A. R. McDonald.
135 pounds: Richard Fowler.
145 pounds: Paul Warner.
155 pounds: Captain June Roberts.

165 pounds: Joyce Miller.
175 pounds: F. M. Bozarth.
Heavyweight: Ed Houser.

Edna Pearl Willis, Chi Omega, who has been suffering from a cold, went to the college hospital Wednesday.

THIRTY-FIVE TO TRY FOR PLACES ON DIAMOND TEAM

PRACTICE STARTED LAST MON-
DAY WITH SEVENTEEN SUITS
ALREADY ISSUED

COACH EXPECTS A WINNER

Corsaut Says a Powerful Team Will
Develop If Pitchers Can
Be Found

The baseball season is officially here and Kansas State athletes are turning out in large numbers for practice. Between 30 and 35 men have turned out so far. Last Monday was the first practice. For the present practice will be in the city park.

Those out for baseball are: Lyle Heinz, Jack Lowell, A. F. Lane, H. C. Lacy, Robert Teagarden, William Walker, Harold Wierenga, George Watson, Roy Smith, Earl Simms, John Scott, P. D. Rockwood, L. H. Nelson, Lee Morgan, D. W. Maxwell, Jim LeClere, R. D. Morgan, Ralph Marshall, Walter Babbitt, B. H. Bulkstra, Wes Brinkman, John Underwood, M. L. Carter, L. E. Davidson, Charles Gentz, E. Honeycutt, R. L. Herzig, Harry Hasler, Dan Blaine, Bus Boyd, Andy Skradski, and D. E. Kratzer.

Baseball suits have been issued to: Marshall, Carter, Lowell, Hasler, Bulkstra, Watson, LeClere, Blaine, Nelson, Boyd, Wierenga, Heinz, Underwood, Skradski, Rockwood, Gentz, and Simms.

"If men can be found to successfully hold down the position of pitcher," says Coach C. W. Corsaut in commenting on the prospects of the season, "we will have one of the best baseball teams that Kansas State has ever had."

FRESHMAN WRESTLING TOURNAMENT MONDAY

Numeral Sweater Awards for the
Winners in Each
Weight

Wrestling Coach B. R. Patterson has announced that the annual freshman wrestling tournament will be held in the varsity wrest-

ling room Monday and Tuesday, March 6 and 7, from 4:00 to 6:00 o'clock. If necessary, the matches will also be extended over Wednesday.

The winner of each weight will receive a numeral sweater. Coach Patterson would like to have all interested freshmen enter the tournament in order to get a line on varsity material for next year.

All contestants will weigh in Monday morning. Many freshmen are working out regularly, and the tournament should have a large and representative list.

TRACKSTERS TO MEET NEBRASKA TOMORROW

Games in Lincoln Promise Excite-
ment Since Each Has
Strong Team

Kansas State's track team will go to Lincoln tomorrow to meet the Cornhuskers in a dual meet. This meet is the second dual affair this season. In dual meets, each school is allowed three entries in each event, although they are not required to enter that many men.

With Kansas State breaking four and tying one record in the meet with Missouri, this meet promises to be a close contest. Nebraska showed up well last week against Minnesota by winning seven firsts to Minnesota's four. Their scores, however, were much lower than those of the Wildcats against Missouri.

The men who will make the trip and the events in which they are entered, according to Ward Haylett, track coach, are the following:

60-yard dash—Going and Herakowitz.

60-yard low hurdles—Schmutz, Knappenberger and Spring.

60-yard high hurdles—Schmutz, and Knappenberger.

440-yard dash—Castello, Darnell, and Abbott.

880-yard dash—McNeal, Landon, and Hostettler.

Mile run—Landon, McNeal, and McNay.

Two-mile run—Pearce, Nixon, and Daniels.

Shot put—Wertzberger, Morgan, and Veatch.

High jump—Roehman, Spring, and Mayhew.

Broad jump—Kennedy, Bliss, and Spring.

Pole vault—Schmutz and Booth.

And Cheney if their injuries improve.

Relay team—To be picked from Castello, Bliss, Knappenberger, Darnell, Hostettler and McNay.

The Spotlight

The 1933 Big Six basketball race has swung into the last week of play. With only three games left on the schedule, Kansas and Oklahoma are still running their nip and tuck race for the championship.

Kansas jumped a nose ahead of the Sooners when they defeated Kansas State Saturday. These two leaders will get together tonight in what will probably be the deciding game of the court battle, as Oklahoma is to be conceded the Nebraska game at Lincoln tomorrow night.

Kansas State must win its last game with Missouri in order to get a tie for third place with the Tigers, who are now a notch ahead of the Wildcats after their two-game road trip last week, in which they lost to Iowa State by one point and then decisively licked the Cornhuskers.

The two trailing teams, Iowa State and Nebraska, battled last Tuesday night to see which one would keep out of the cellar. Nebraska completely outclassed the Cyclones to win 43 to 16 and clinch fifth place.

Sport events are minus at Kansas State this week, but three Wildcat teams will uphold the honor of the school away from home. The wrest-

ling team will be in Ames today and tomorrow for the conference grappling tournament. Tomorrow night the track team runs up against Nebraska at Lincoln and the basketball team writes finis to its season at Columbia.

Wagner is running Johnson a close race for conference scoring honors. He is only four points behind the Jayhawk star, with only one game for each remaining. He'll have to do things in a big way against Kansas State in order to catch Johnson, if the Jayhawk performs against Oklahoma as he did in the Wildcat game.

Another Carideo is making his bid for football fame. Angelo Marquina Carideo has entered Missouri university and will do all his learning under the watchful eye of his illustrious brother, Frank, Tiger grid mentor.

When Andy Beck, Sooner forward, scored 24 points against Iowa State recently, he established a new individual scoring record for the Sooner fieldhouse. However, the record for Sooner scoring is 47 points in one game.

The national A. A. U. basketball tournament in Kansas City next week is drawing its share of college stars and teams. Approximately 20 college teams will compete. Four star Kansas college centers will join the ranks of independent teams. Hank Dalton, Kansas State, will be with Kansas City Life; Bill Johnson, Kansas university, has joined the Southern Kansas Stage Lines quintet; Ernie Schmidt, Pittsburg, has decided to throw in with the Hutchinson Renos; and Elmer Schaake, Kansas, will play with Kansas City Life. Each of these players must compete in three games with their respective teams before they are eligible for tournament play.

Missouri wrestlers took several shellackings in Oklahoma last week. Oklahoma A. and M. beat them 38 to 0, and Oklahoma university downed them 32 to 0. They had

previously beaten Kansas university and lost to Iowa State.

MAY TALKS TO JOURNALISTS

City Editor of Hutchinson Herald
Tells of Experience in
Shanghai.

According to Lawson E. May, in his talk to the journalism assembly yesterday afternoon, "Shanghai is a swell city." Mr. May once spent six months working on a paper there and enjoyed life to its greatest extent. He says you spend a lot of money but your wages are high and you can afford it. While there he covered three civil wars, such as they were. The first lasted two days, the second five, and the third ten; none were serious.

Daily routine in Shanghai is work from 9 o'clock to 12, lunch and siesta until 2, work from 2 to 4, golf from 4 to 6, then dress for dinner and drink until it is served at 9 o'clock. After dinner you usually go to a cabaret or night club, or what you will.

Mr. May started in newspaper business while just a boy. He then carried the Hutchinson Herald. He studied at Kansas university and through an uncle was able to get a job on a Manila paper. He worked there for three years and then went to Shanghai where a friend got him work on a city paper. He worked for six months, returned to the United States, and worked in New York for a while but did not like it. He is now city editor of the Hutchinson Herald.

CO-ED INJURED IN FALL

Chi Omega Pledge Injures Spine
In Fall on Stairs

Mary Jane Pae, a freshman in journalism from Concordia, received severe spinal injuries early Wednesday morning when she slipped on the stairs and fell their entire length. An ambulance was summoned which rushed her to the Charlotte Swift hospital where she will be confined for two weeks before being taken to her home in Concordia. She will not complete her school work for this semester. Miss Pae was a pledge of Chi Omega sorority.

Coal . . . silk stockings . . . meat
—and the telephone

Keenly aware of the problems of business, large and small, Bell System commercial men are constantly devising special telephone plans to custom-fit service to the user's needs.

For example, a plan they worked out for a coal distributor helped him to contact 50% more dealers. A manufacturer, using a telephone selling plan, sold 700 dozen pairs of hosiery through one Long Distance call. A great meat packer handles complex sales and distribution problems efficiently with the aid of planned Long Distance and private wire services.

Systematic telephone plans are helping many users to build business—cut costs—handle collections—unify nationwide organizations—increase profits. And Bell System men are seeking still other ways to make the telephone more useful.

GIRL DISAPPEARS IN THIN AIR

ILLUSION:

The Oriental girl reclines on a sheet of plate glass supported by two slaves. The magician waves a white sheet in front of the pretty maiden . . . pronounces a few magic words . . . Presto! She has disappeared in thin air.

EXPLANATION:

"Disappearing" acts are among the most popular in the repertoire of the magician. Dogs, horses, girls, whole rooms disappear—whisked into wings, dropped through trapdoors, hidden by mirrors. But this "disappearance" is a bit different. One of the "slaves" is a hollow dummy. When the magician holds up the sheet the little lady disappears completely—into the convenient figure of the dummy.

CAMELS

Copyright, 1933, R. J. Reynolds Tobacco Company

It's FUN TO BE FOOLED
...IT'S MORE FUN TO KNOW

There is also a trick of cigarette advertising, whereby a few magic words are used to create the illusion of "Coolness."

EXPLANATION: Coolness is determined by the speed of burning. Fresh cigarettes, retaining their full moisture, burn more slowly . . . smoke cooler. Parched, dry cigarettes burn fast. They taste hot. This makes the method of wrapping very important.

Improperly wrapped cigarettes begin to dry out as soon as packed.

Camels are cooler because they come in the famous Humidor Pack of welded, three-ply, MOISTURE-PROOF cellophane . . . and because they contain better tobaccos.

A cigarette that is fresh, full of natural moisture, and blended from choice, ripe tobaccos tastes cooler than one that is harsh and acrid. For coolness, choose a fresh cigarette, made from costlier tobaccos.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Try Camels . . . give your taste a chance to sense the difference. You'll appreciate it!

NO TRICKS

The Kansas State College of Agriculture and Applied Science, Manhattan, Kansas, March 7, 1933.

NUMBER 43

THRILL TO TALK OF HOLLANDER, A CAMPUS VISITOR

DR. W. A. VISSER 'T HOOFT
WINS STUDENTS BY INSIGHT
INTO CAMPUS PROBLEMS

FORUM TO HEAR HIM TODAY

Round-Table in Recreation Center
At 4 O'Clock Provides Another
Chance to Hear Man Who
Knows World's Youth

Dr. W. A. Visser 't Hooft, a native of Holland, arrived on the campus yesterday for a two-day visit to Kansas State college and is appearing today at several assemblies on the hill and in Manhattan.

Students who last night heard Dr. Visser 't Hooft were thrilled by the doctor's keen insight into and interpretation of their own problems, and those of students of Europe. In forceful, striking phrases the Hollander dealt with problems personal, national and world-wide. The occasion of his talk was a dinner meeting of the Y. W. C. A. and Y. M. C. A. cabinets.

His Reputation World Wide
Doctor Visser 't Hooft is general secretary of the World's Student Christian Federation, and in that capacity has visited colleges in the leading nations of the world. He is the person who is most familiar with currents of life and thought, both religious and political, among the youth of the world.

His religion is scholarly, decisive, personal, and practical. While not a "Barthian" he has learned a great deal from Karl Barth, as all younger theologians have. He also has been much interested in other Christian movements. Doctor Visser 't Hooft holds a doctor's degree from Leyden university.

Speaks Today at Forum
Today at Student Forum in Thompson hall from 12:00 to 1:00 o'clock, he will speak on "Disarmament—A Necessary Step to Economic Recovery." As Geneva correspondent of "The Christian Century" he has followed closely the work of the League of Nations, particularly of the disarmament conference. It is not his fault, he whimsically observes, if the conference fails.

At 2:10 he will appear before the general assembly of Manhattan high school students. His subject is "Students the World Over." He will conclude his meetings this afternoon at 4 o'clock at the round table discussion on Christianity, nationalism, and communism which will be held in recreation center. Shortly after this meeting he will leave for Emporia, going from there to Norman, Okla.

Honor Guest at Dinner Meeting
The meeting last night at which the doctor spoke and was the guest of honor was held at the home of Dr. and Mrs. A. A. Holtz. The two cabinets and a few additional guests were entertained at a dinner given by the Holtz's and Miss Dorothy MacLeod, executive secretary of Y. W. C. A. Informal discussion followed, and the freshman commissions met with the group at 8 o'clock.

It Isn't What They Get But How To Get There Worries Them

Two other coaches besides "Bo" McMillin are worried about their athletic teams, though they are not bothered by the fact they might be defeated. Their problem is getting to the field of action.

Coach Ward Haylett and his indoor track men want very badly to go to Columbia, Missouri, for their shot at the indoor championship of the Big Six.

"I've got a \$25 bus book that will take us to Columbia and back but I'm afraid that a gasoline diet wouldn't win very many first places," Coach Haylett said yesterday, his eyes twinkling.

"If I had a hundred dollars they would only give me five for it," wailed Coach C. S. Moll, who is losing sleep at night trying to find a way for his tankmen to get to Lincoln, Nebraska, for the Big Six swimming meet. "Unless we can cash a check before Friday, Kansas State will not be represented at Lincoln."

Miss Ina Cowles, of the department of clothing and textiles, visited at her home in Vinford over Sunday.

Campus Guests Today

DR. W. A. VISSER 'T HOOFT

SAYRE TRAVESTY WINS APPLAUSE AT ORPHEUM

"Petticoat Pirates" Enacted by Women's Glee Club Is One of Popular Parts of Program.

"Petticoat Pirates," the musical travesty written and directed by Prof. Edwin Sayre, was one of the popular features of Ag Orpheum, annual campus talent production sponsored by the Y. M. C. A. and directed by H. Miles Heberer. Orpheum had a sizeable audience Friday night in the college auditorium, and inclement weather Saturday reduced the attendance.

The leads of "Petticoat Pirates" were carried by Artha Knisely, Libby; Patricia Irwin, and Lucille Allman, Manhattan, playing the parts of three co-eds adventuring in a pirates' haunt.

"Cabbages" a one-act farce comedy directed by Mrs. Mary Myers Elliott received favorable comment. The cast included Dean R. W. Babcock and Assistant Dean C. M. Correll of the general science division; Mrs. Mary Myers Elliott, Prof. Lyle Downey, Gertrude Greenwood, Kansas City, and Olga Larsen, Vesper.

L. G. Langston, Hutchinson, directed the "Southern Minstrel." Members of the cast were M. D. Olmstead, Perry; Jim Chapman, Manhattan; Gene Ross, Wamego; M. G. Langston, and Herbert Koon. Members of the men's glee club furnished the chorus.

"Watch Your Step" was the stunt presented by Stanley Roberts, Chanute; G. T. Trusler, Junction City; and B. D. Baker, Chanute, of the physical education department.

Music was furnished Friday night by June Layton and his Varsity club orchestra and Saturday night by Ken Bloomberg and his College Club orchestra.

The production staff was composed of: manager, Harlan C. Rhodes, Manhattan; assistant manager, Gene Ross, Wamego; advertising and publicity, Tom C. Groody, Manhattan; and business manager, Paul Fairbanks, Topeka.

MUSIC PROGRAM TODAY

Trio, Duet and Solo Selections Will Be Played By Students in Recital.

Unusual features of the student recital this afternoon are a string trio, music for two pianos, and a duet for organ and piano. The program, which will be at 5 o'clock in the auditorium, is a pot-pourri of European and American composers.

The string trio, composed of Harriet Mayer, piano; Margaret Higdon, violin, and Maurice Schruben, cello, will play "Trio-Sonata" by Corelli-Moffat.

Piano duets will be played by Ruth Thomas and Esther Wiedower. Harold Engle and Donald Engle.

Students who will be presented in solo recital are: Betty Stanley, Margaret Higdon, Bernice Covey, Maurine Polom, Mildred Miller, J. R. Cribbett, and Alice Bozarth.

The Mozart Sonata to be played by Miss Thomas and Miss Wiedower is the original one in C major, with a part for second piano written by the Norwegian composer, Grieg. The Trio Sonata, by the Italian Corelli, who died in 1713 was arranged by Moffat.

The other composers whose work will be presented are modern. Among them are Yon, an Italian organist; Lecuona, a modern Spaniard, and DeBeriot, a Frenchman.

HOME FROM WASHINGTON
Dr. Margaret Justin, dean of the division of home economics, returned Sunday from a trip to Washington, D. C. She attended a meeting of the Kansas Council of Health, Education and Welfare, in Topeka Monday.

Holiday Meaning Discussed by Professors

By Hazel Dobson

A ray of light gleams through the present economic shadow that enveloped Kansas State with the proclamation of the bank holiday. At least some of the economic and sociology professors see the dawn.

"The college group is probably the one that has been the most affected by the bank holiday," said Randall C. Hill, associate professor of sociology. "They did most of their transactions through banks. Sororities, fraternities, and boarding houses will carry the students over, but it is the person who has been eating at restaurant on a cash basis who will be the most concerned."

"There is actually nothing to fear, money is safe enough. It is just tied up. Banks are better off now than they were," Professor Hill said.

"First Step Toward Recovery"
"The situation looks very encouraging to me," said Prof. Charles

Ray Thompson, assistant professor of economics and sociology. "It is the first step toward recovery."

"The banks are safe, but it was the continual drain from the deposits by persons who feared their safety that made the proclamation issued by President Roosevelt necessary," Professor Thompson asserted.

"Something had to be done to overcome the tendency people had of hoarding their money," said Prof. R. M. Green, of the department of agricultural economics. "With the issuance of scrip money there will be no use to keep scrip as it will be needless when the ban is lifted and the scrip money is cancelled."

Last week from three hundred to four hundred million dollars were drawn out of the banks. There is only 5 to 10 billion in currency in our banking system, and the rest of the money, estimated at approximately 42 billion, is nothing but credit. If there had continued to be

a drain on the present currency, there would soon have been nothing left to stand behind all of this credit. It was necessary that some drastic move be taken, according to Professor Green.

Credit Only Hope, Says Green

"Business will have to be transacted on a credit basis," he declared. "Measures are being taken at the present time for the issuance of scrip money in Manhattan, and clearing house certificates in Kansas City. It is probable some medium of exchange will be issued to enable the transaction of business from state to state. The present issuance of scrip money, good only within a community, will centralize the business within that community. Scrip money will be used for purchasing what we need, it will not be used for speculation."

In 1907 a similar situation occurred, but the panic was centered in the United States. Scrip money was issued and business was carried on in the same manner as before the scrip was in existence.

There was no notice of a change in the economical situation, recalled Professor Green who was a senior in high school at the time.

Tells of Panic of 1893

He said he remembers hearing his parents tell of the panic of 1893. There was much suffering at that time due to the sparsely settled country. The present economical situation is not much different from others that have been survived.

"It is a very hopeful sign that business will soon be on the upward grade. In other depressions such steps as this have marked the ending of hard times," Professor Green said.

The United States has not gone off the gold standard. This country owns a large share of the world's gold. Professors Hill, Thompson, and Green agreed.

DISPUTED SUBJECT IS DISCUSSED IN SEMINAR

Prof. John O. Hamilton Talks on "Cosmic Rays" Before Physics Students

"Cosmic Rays," a subject much in dispute at the present time, constituted the theme of a talk by Prof. John O. Hamilton, head of the physics department, given at the physics seminar Tuesday.

Professor Hamilton reviewed the research work done in this field since the time of its discovery up to the present time. Of particular interest was a review of the good-natured argument on cosmic rays between Doctor Millikan and Doctor Compton. These eminent authorities hold widely different views with respect to the origin of cosmic rays. This subject like so many others on the borderline of the field of physics is at present unsettled.

FIVE TO HOSPITAL FOR VARIETY OF AILMENTS

Betty Miller Severs Thumb—C. E. McKee Runs Tubing Into Hand—Others Have "Troubles."

Two accidents, a boxing mishap, appendicitis, and plain old germ diseases account for an enlarged guest list at the student hospital.

Betty Miller, Salina, had an accident Friday in chemistry laboratory, and cut the tip of one thumb almost entirely off.

She was taken to Dr. Charles Siever's office immediately, and it was clipped back together. It is healing nicely now.

C. E. McKee, Dodge City, ran a piece of glass tubing into his hand Monday morning.

Kenneth Thompson, Wichita, dislocated his left shoulder while boxing Saturday.

Miss Gene Maurits of the department of music was taken to the hospital Saturday night suffering from sinus trouble. Miss Maurits is an instructor in voice. This is her first year at Kansas State college.

Clair Palmer, Kincaid, who has been ill in the college hospital with appendicitis was discharged yesterday. Paul Brandly, who has been suffering from boils and enlarged glands, was reported to be improving. John W. Dennis was admitted to the hospital for treatment yesterday. Dennis has been running a temperature and was said to have symptoms of influenza.

TAXI VARSITY A BOON TO BROKE STUDENTS

Nickel a Dance and Dance When You Like Is Theme of Friday Night Party

The depression is over and the panic is on—and right in keeping with the flat pocketbook comes the announcement of a taxi varsity at the Wareham Friday night. It is one that will appeal to the broke student since the admission price will only be ten cents and if you don't want to dance all of the time, you won't have to pay. It will cost ten cents to get in and five cents for each dance in which you take part.

June Layton will furnish the music and he promises that each dance will be plenty long—even longer than usual. And because the dances will be longer, the band will start early. Eight o'clock will see June Layton's band swing into form and rhythm.

But remember to take a date. A stag won't have a ghost of a chance unless someone gives him a break and lets him dance with the girl friend.

Checks, pennies, scrip, or even money will be accepted as legal tender, says the manager of the dance.

LIQUID AIR IS TOPIC FOR OPEN HOUSE TALK

University of Kansas Professor Featured at Engineering Annual Festivities

A featured speaker in connection with the Engineers' open house will be Prof. H. P. Cady, head of the chemistry department at the University of Kansas.

Professor Cady will give a lecture on "Liquid Air" Friday evening March 17, in the auditorium, according to E. J. Peltier, Concordia, and Clair Palmer, Kincaid, who are in charge of the committee on lectures and displays.

An exhibit of apparatus and demonstrations in connection with engineer's open house is being prepared by Prof. G. W. Maxwell in cooperation with the students of the engineering division.

BASEBALL INTO LIMELIGHT IN SPORT PROGRAM

ORGANIZED PRACTICE STARTS THIS WEEK — HAVE BEEN LIMBERING UP PAST WEEK.

CATCHERS AND FELDERS NEW

Only Two Games Scheduled—No Conference Title This Year—Kansas and Nebraska Have No Teams.

With the basketball season finished, baseball practice at Kansas State will get under way in earnest this week. The addition of several basketball players will round out the squad.

Last week was spent in limbering up practice to get the squad into shape. It consisted mainly of tossing the ball around and hitting a few. Coach Charles Corsaut will have full charge of the team from now on, as he is through with varsity basketball.

Catcher and Outfield New

The selection of a catcher and an entire new outfield will be two of the jobs facing Coach Corsaut. The group of receivers out this year have all been out before with the exception of Ralph Marshall, Kansas City. However, Marshall played some excellent ball with the Wareham Ice in the twilight leagues here last summer.

Others seeking the receiving berth include R. B. Smith, Council Grove; G. W. Watson, Clifton; and H. A. Daily, Waverly. Skradski has also had experience behind the plate.

Several Pitchers Out

Several good pitchers are out for the mound assignments. E. E. Simms, LeRoy, and J. A. Lowell, Glen Elder, did part of the twirling last season. B. J. Bulks, Cawker City, and P. D. Rockwood, Parker, were also members of the mound staff last year. R. L. Heinz, Grainfield, who pitched unusual ball in the intramural games last year, and N. Nelson, a newcomer, who is rated high, are the other candidates.

Three candidates are available for the first base position: Bus Boyd, Phillipsburg; Lloyd Michael, Eudora; and John Underwood, Manhattan. There is a possibility that perhaps one or two of these players may be shifted to the outfield. The outcome will depend upon the hitting ability of the three contestants.

Captain M. L. Carter, Smith Center, has as his opponent for the second base position, D. E. Kratzer, Salina. It is expected that Skradski will seek the shortstop position, with J. B. LeClere, Coffeyville, as his opposition. Charles Gentz, Herington, is opposed by Harold Wieringer, Cawker City, at third.

Lee Morgan, Hugoton; Harry Hasler, El Dorado; and Dan Blaine, El Dorado, are candidates for the outfield. Others possibly seeking positions in the outfield squad are Douglas Russell, McDonald, Pa., and E. Honeycutt, Blue Rapids.

Kansas university and Nebraska will have no baseball teams this year because of drastic cuts in their athletic appropriations. Therefore there will be no conference play. Kansas State has only two games scheduled for their diamond squad so far, but other games are being arranged and it is probable that several others will be added to the schedule. The two games already scheduled are with Missouri university.

**BARBARA LAUTZ AT
COLORADO ASSEMBLY**

Student Gives Principal Address at Conference of High School Girl Reserves.

Miss Barbara Lautz was the main speaker at a regional Girl Reserve conference Saturday in LaJunta, Colo. The topic of the conference was "International Relations."

Miss Lautz, who attended student conferences in England, Germany, and Czechoslovakia last summer, spoke to the girls about the work of students in establishing friendly international relations.

CAFETERIA TAKES CHECKS

The college cafeteria will take checks from its regular customers for meal tickets for a few days, according to Mrs. Bessie Brooks West, professor and head of the department of institutional economics.

PRAIRIE PRINTS HIS SUBJECT

Helm Will Address A. A. U. W. and Discuss Exhibit Here

"Prints and Print Making" will be discussed by John F. Helm, Jr., of the department of architecture, at the March meeting of A. A. U. W. The meeting will be Thursday evening, March 9, at 7:30 in recreation center. Mr. Helm will supplement his talk with the American Print Makers exhibit, formed and circulated by the Downtown Galleries of New York City.

Music for the program will be furnished by Catherine Colver and Margaret Spencer.

VET STUDENTS TO DANCE

Veterinary students are invited to a free dance Thursday, March 9 in recreation center. All A. V. M. A. members and their guests are urged to be present.

TAKE CHECKS FOR ANNUALS

Beauty Queen Campaigners Are Given Permission to Accept Them in Payment for Books.

Today the millionaire and the average Kansas State college student are on the same plane in the economic world. The dimes of the butlers in the Pierpont Morgan home are as welcome to their employer as the dollar of the fraternity man is to his brothers. The banks are closed, stock exchanges are having a holiday, but the Royal Purple office refuses to stop business.

Editor Franklin Thackrey announces it will accept a check for the exact amount of any purchase or insertion made by a student or an organization—and that in spite of the fact that two students paid \$10 and \$7 respectively, in currency, after the holiday was announced.

Sorority girls working for the honor of the beautiful coeds in their house have heard heart-breaking stories of financial conditions of would-be buyers of the Royal Purple. But the beauty contest need not suffer in business because cash is not in circulation. The girls are permitted to take checks in payment for a yearbook.

The Royal Purple is also extending the time on insertions of pictures. Most of the pages will soon be sent to the engravers, but until they are sent, pictures can still be taken. The snapshot pages are not yet full, so that any student may hand in pictures for these pages.

The exact size of the 1933 yearbook is not yet determined because some organizations have not taken the usual space for their pictures. This may necessitate fewer pages in the book. However, all sororities and fraternities have taken the usual space. Realizing the limited finances of the yearbook, several students and faculty members have cooperated with the staff by giving their time in an effort to offset these limitations. As a result, the yearbook will have some exceptional photographs and sketches.

HEALTH A MATTER OF POETRY

Siever Quotes Soldier's Doggerel as Help in Keeping Fit

A poem written by a young English soldier during the World War was quoted by Dr. Charles M. Siever in a radio talk over station KSAC Thursday night. Although the poem is humorous in tone, it is indicative of a mental attitude which is very helpful in maintaining health, according to Doctor Siever. The first verse follows:

"Give me a good digestion, Lord, And also something to digest; But when and how that something comes I leave to Thee, who knowest best."

VESPERS FOR LENT BEGIN

This Afternoon's Session Will Be Led By Rev. W. A. Jonnard.

Lenten Vesper services will be held in room 58 (second floor) of Calvin hall at 5 o'clock Tuesday. Devotions and meditation will be led by Rev. W. A. Jonnard. This service is sponsored by the Y. W. C. A. and by the Wise club, Episcopal student organization.

MISS HOSTETTER A SPEAKER

Presbyterian Group Will Hear Her Tonight on Chinese Girls.

The "modern" girl in China will be the theme upon which Miss Helen Hostetter, assistant professor in the department of journalism, will base her talk to members of Theta Phi, organization of the Presbyterian college women, at 7:15 this evening. The meeting will be held at Westminster house.

CALLOWAY'S SISTER COMING

St. Pat Prom Will Have Member of Negro Family Made Famous By Rhythm King.

Cab Calloway's sister's orchestra has been booked for the engineer's annual St. Pat's prom to be held in the gymnasium March 18, it was announced yesterday. The orchestra, on a coast to coast tour, will play the Junior-Senior Prom at K. U. the evening before their Kansas State date.

In keeping with tradition the title of St. Pat will be conferred on the most outstanding engineering student and the name of St. Patricia on co-ed most popular among engineers. Last year was the first time a St. Patricia was elected and due to its success will be repeated. Last year's St. Patricia was Vera Bowersox, Great Bend, and St. Pat was Ralph Hay, Parker.

Speculation is ripe, even at this early date, as to who will be Hay's successor. Detailed plans for the event, which proved to be the school's largest all-school function in past years, will be announced at a later date.

SEVEN ASPIRE TO EXAMINING

Five of Applicants Have Been Life Savers or Taught Beginning Swimmers.

Seven made applications for appointment or reappointment as an examiner for the American National Red Cross life-saving service, in connection with the first aid and life-saving, talks and demonstrations held at the men's pool in Nichols gymnasium Monday, Tuesday, and Wednesday nights of last week.

In this position they agree to carry out and extend the purposes and ideals of the American Red Cross, cooperate with the local chapter in maintaining the highest standards of the life saving practice test, and to assist the American National Red Cross in an active effort to reduce the loss of life by drowning.

Those filling out applications for appointment or reappointment as examiners were Mac McCord, Manhattan; Hubert Rivers, Hutchinson; Wilma Ray Womer, Topeka; Lorraine Maytum, Manhattan; Leslie Murphy, Galena; Charles Schubert, Centuria; Robert Johnston, Manhattan. Five of these persons have had experience as life savers, or as teachers of beginners.

THREE TO CONFERENCE

Mrs. Katherine Hess, Miss Esther Brunner and Miss Alpha Latzke, instructors in the department of clothing and textiles, attended the clothing and textile research conference in Chicago last week.

MORE CUTS YET FOR COLLEGE IF MEASURES PASS

HARD YEARS AHEAD FOR KANSAS STATE AND REST OF STATE SCHOOLS

ILLEGAL TO ASSESS FEES

Drastic Delaney Bill Would Let State Take Over Fees Paid by Students at Enrollment; Salaries May Go Still Lower

A cut of approximately 17 per cent from the amount of funds available in the last two years for Kansas State will be put into effect if the educational appropriation bill, which was approved by the senate, is passed by the house. Kansas State is allowed the largest funds of any state educational institution for the biennium—\$940,850 in 1934 and the same for 1935. The University of Kansas, Lawrence, is next with \$926,000 for 1934 and \$861,500 for 1935.

Two Millions Less Than 1932-33

The indicated slash, passed without a dissenting vote in the senate, reduced the biennial allowance from \$7,423,500 to \$5,343,200. The total for the next two years is \$2,080,350 less than for the last two years.

The cut in direct appropriations amounted to 25 per cent. The reason this reduction shown in the direct allotment is not conclusive here is that about one-third of the income is derived from fees paid by students. Some of the fees were reduced but others remain untouched. Therefore the ways and means committee figures the actual reduction here is 17 per cent instead of 25 per cent.

Blow Due Schools, Perhaps

All fees collected by the educational institutions may be turned in to the state treasury if a bill by Senator A. O. Delaney, Doniphan county, goes into effect. This will be a blow to the schools since a third of the money used comes from fees. The bill would actually destroy the system, according to school representatives.

Kansas taxpayers have raised the question whether it is lawful to charge fees to the students in state (Continued on page two)

PRESENT MILLER BY RADIO

Outstanding Ag Student Will Be Introduced by F. E. Charles.

The outstanding student whose presentation tonight over station KSAC will be the feature of the Young People's Opportunity hour is John I. Miller, Prescott, a senior in the division of agriculture. He will be presented at 9:45 by Prof. F. E. Charles of the journalism department, who introduced the presentation of outstanding students as a new feature of this series.

Miller is president of the agricultural student body, a member of Phi Kappa Phi, and has been a prominent member of the judging teams during his college work.

ROGERS WISE CLUB SPEAKER

"Communist Propaganda" was the subject which Prof. C. E. Rogers of the journalism department discussed before the Wise club, young people's society of the Episcopal church, on last Sunday evening.

United We Stand

We have become a united nation. This fact has become evident in the past few days and is an indication of the confidence that people have in the United States and state governments. They have shown their dependence and their willingness to cooperate and now is the time for the upward drift to start.

There is one thing left to do, that is that people keep their heads and increase their confidence while financiers and officials work out a plan with which we can emerge from the present banking crisis. Order must be preserved because the actions that will be taken must be nation wide. Every interest is toward the single purpose—that of sound adjustment. Secretary of the Treasury Woodin said, after taking up his duties in the new cabinet, "This is the start of the real thing. I think we're on the bottom and will not go lower."

The newly dedicated administration has already shown that it will assume the responsibility in which the people have so optimistically placed their faith. It has acted quickly and decisively. The president's inaugural address was inspiring and inclusive. The definite plan of restoring confidence was pointed out. Public interests are to be protected and steps which will return to normalcy, the wheels of industry, were outlined.

With the confidence in his decisions, the president has dictated several meaningful issues. Not waiting for the special session of legislature which has been called for Thursday, the president has shown that he will give the people the strong leadership which they expected when he was elected as their leader.

Emergency action such as has been taken is necessary. We can expect it in times of crisis. The cheerfulness with which the people have accepted this new deal, adds to the value of powerful leadership and confidence.

Kansas Is Striking

Kansas people are showing a noteworthy calmness and a commendable spirit in connection with the rapid-fire development in the bank situation. It has been generally realized by this body that everything that is being done is entirely protective. Order is being preserved because they know that their money is being entirely protected.

There have been no marches nor public demonstrations. The people have met their part of the obligation and they have united in hurdlings the obstacle. The state legislature has acted sanely and has proved its worthy leadership.

And when the time comes, Kansas will be ready to assume its place as a leader in a sound economic situation. They have been a leader before. They will not relinquish this lead because their money is tied up. Everybody's money is in the same hard-to-get place. And when the curtain rises, Kansas will again be on top.

What Is Clearing House Scrip?

What of scrip money? What is it all about? What good will it do us? How will I benefit from it?—Those are probably some of the questions that have been bothering you for the past two days since the announcement that scrip money will be issued.

A definition of scrip will disclose that it is nothing more than paper certificates based on bank deposits. The clearing house scrip with which we shall soon become familiar is nothing more than scrip issued by a group of banks rather than by individual banks. Then we see that clearing house scrip is a new kind of money. It will be as usable as regular currency in business transactions.

The details of the plan have not been made public but it is supposed that a depositor appearing at the bank to cash a check will be given scrip to the full amount of the check. During the emergency, gold or silver will not be offered in place of scrip so the bank funds will not be depleted. Bankers say that once scrip is accepted for deposits at parity by all clearing house members, it will serve as a satisfactory medium of exchange.

No new indebtedness will be created. Scrip will furnish a convenient medium of exchange which will lessen, if not temporarily eliminate, the present existing confusion.

The Student and the Crisis

The student has weathered the depression to his best ability up until the present time but now the problem takes on a new face. This time it is one that cannot be so easily solved.

The problem of existence is not the present issue—it is one of the future.

Times have been bad and money scarce but all has seemed rosy when thoughts are sent back to recent months—and years. The student then had money and he has money now but it can't be had. It is beyond all doubt unfortunate that students should be thus affected.

Probably more serious than any other large group of persons in the state is the plight of the college students. They are away from home and away from their money supply. The surplus of cash carried by the average student is small and didn't last long after Friday night had arrived and the checks from home couldn't be cashed.

The student who takes his meals at a restaurant and pays cash is the one who will be the first to feel the pinch. The restaurants will extend credit to their best customers. But there is a limit to all of this. Time will bring on the crisis of the student situation and we hope the ultimate end will not be the withdrawal of students to home bonds because their money is of no use.

The Snooper

"When the girl friend is away the athletes play." First Emmett Breen, then Dougal Russell. The Kappa flash Lucienne Hudson has been attending Varsityes, etc., under the guiding hand of Mr. Russell. Well it was William Shakespeare or Don White that said "All's fair in love and war."

The banks closing—girls running around in groups—unpressed suits—dull frowns—and then the rain spoiling the long cigarette butts. Such is the panic. The depression wasn't bad.

Tom Groody, old original jokester that he is, very nonchalantly asked Max Burk and Bill Fitch to ride home with him. Ushering Burk and Fitch into a car of the same make and model as Groody usually drives, Groody went around to drive them off. But after waiting for a time, Burk and Fitch wondered why Groody did not get in; much to their disgust they got out to see Groody down the street a block giving them the Rogue's Ransberry. He had put them in Prof. Copover's car.

It is final that there are to be no Sunday shows in Manhattan. A strict observance of the modern Sabbath and the uplifting of the populace is like perpetual motion—it will not work. Old family albums and poker are to be the chief amusements. A few members of the Welfare board attended the show Sunday merely to prove the wickedness of it all, evidently they hadn't been attending meetings regularly and didn't know of the "snake in the grass."

The Taxi dance Friday night will bring enlightenment to the dampened spirits (moral spirits by the way) of the depression struck college student. Of course jewelry and wooden nickels will not be accepted for admission but a few dimes found between cracks in the floor or under automobile seats will admit the owners into a shuffle that promises to be a gala event.

What new member of Tri Delta said "I'd like to sleep with my new pin on but I dare not because I sleep on my stomach."

Several issues ago in "Rolled Oats" the colloquial, convincing, collateral, convulsive, capering, and chronic column written by M. M. Reddy there appeared the word "Intelligentialists." Since most college students don't know the meaning of this word they might look on page 1122 of Webster's New International Dictionary to find the nearest approach to the meaning of this self-coined word of Reddy's.

The "Survival of the Fittest" battle between Andy Skradski, Mark Kannal, and George Davidson with Luella Graham judging, has held the attention of a few light comedy fans lately. It is not known who has the time advantage but maybe the complications arising from the difficulties will be straightened out in the near future.

Ken Harter has been playing Dick Grace (the movie wrecking ace) lately. In the last two months Ken has been in two wrecks—collisions. The ambulance was called to the south-east end of the park the other day to pick up Ken. The doctors arrived expecting to collect vertebrae and stray teeth. But they were disappointed when they found Ken all in one piece.

The luckiest man in the world—The guy who can sing "Here It Is Monday and I Still Have a Dollar."

On Other Hills

Students at Michigan university may take out insurance against flunking. If a student flunks, the company gives him enough money to pay his way through summer school.

A student entered Ozark Wesleyan college last fall with a record of never having worn shoes before.

A psychology professor at Drake university contends that jig-saw puzzles measure general ability and are a challenge of skill, intelligence and persistence.

According to statistics, bad checks were passed at the rate of 75 a day at the University of Missouri last year.

More college graduates among organized nudist colonies claim Harvard as their alma mater than any other institution.

SCIENCE GROUP HEARS GERMAN GENETICIST

Dr. Kurt Stern of Wilhelm Institute Lectures to Sigma Xi

Dr. Kurt Stern of the Kaiser Wilhelm Institute of Biology, Berlin, Germany, spoke last night in C26 on "The Structure of Chromosomes." The lecture was sponsored by Sigma Xi, honorary science fraternity.

Doctor Stern is an internationally known geneticist. He has done most of his work with the fruit fly, *Drosophila*, in which he studied sex-inheritance. He was the first investigator to find evidence of the presence of genes in the Y chromosome of *Drosophila*. He has also done considerable work in the field of cytogenetics, studying the relation of chromosome structure to Mendelian inheritance.

The German scientist came to America to attend the International Genetics Congress at Cornell university last August. At the congress he presented a paper on cytogenetics. Since then he has spent most of the time at the California Institute of Technology in Pasadena, working in the laboratory of Dr. T. H. Morgan, probably America's greatest geneticist.

This is Doctor Stern's second visit to the United States. His previous visit was made in 1933 after he had received his doctor's degree in Berlin. During this visit he did post-doctorate work in the laboratory of Doctor Morgan, who was then at Columbia university.

Doctor Stern spoke at 4 o'clock yesterday afternoon in agronomy seminar. Dr. P. L. Gainey of the department of bacteriology who had been scheduled to present a paper at this week's seminar will address the seminar next week.

Doctor Stern is planning to leave this afternoon for Lawrence, where he will speak at the university. From there he will go to the University of Missouri where he will also speak. He is making these stops while on the way back to Germany.

Officers of the Kansas State chapter of Sigma Xi are Prof. L. E. Conrad, head of the department of civil engineering, president; Dr. D. D. Warren of the department of poultry husbandry, vice-president; Dr. C. W. Colver of the department of chemistry, secretary; and Dr. J. L. Hall of the department of

A. A. Anderson, '14, and I. E. Taylor, '13, were looking around the civil engineering department several days ago. Anderson is assistant engineer of the Portland cement company with offices in Chicago. Taylor is engineer of maintenance of the highway department.

AT THE DICKINSON

"From Hell to Heaven"
 Eleven people stake their lives on different horses and all bet to win in this picture on horse racing. To the best hotel in Luray Springs come these people who are staking their own lives on the winning horse in the famous \$50,000 "Capitol Handicap." Every horse is a favorite in this show for all these eleven people do not bet the same. And there's a real horse race worth watching.

Carole Lombard, David Manners, Jack Oakie, Walter Walker, Verna Hillie, James C. Eagles, Adrienne Ames, and Sidney Blackmer represent the majority of folks who are in Luray Springs for the races. As in "Grand Hotel" each character is concerned in a plot of his own, yet all have betting on the "handicap" race. The show is effective.

AT THE VARSITY

"The Mystery of the Wax Museum"
 This is a thriller in the sense that it will make your hair stand on end for a good hour or so. Perhaps you

can bring in a few laughs now and then if you're not too much of a "scary cat." This show which is of the same caliber as "Doctor X" is cast in technicolor. Lionel Atwill, Fay Wray, Glenda Farrell, and Frank McHugh are the featured players in this mystery drama.

The show opens in London years ago where the Russian sculptor Igor has begun to attract the attention of art connoisseurs with his unusual collection of wax models. The scene then shifts to New York at the present time. Again we find Igor with his workshop and wax figures. However, at this time there is great mystery attached to his art collection in that his wax statues often resemble prominent persons of the city who have disappeared recently. But you'd better see for yourself how a woman newspaper reporter uncovers the whole gruesome affair.

MORE CUTS YET FOR COLLEGE IF MEASURES PASS

(Continued from page one)
 educational institutions, since their legal setup is that of free schools.

Each year the fee collections have increased until those paid at the state university amounted to \$442,802 and this payment has been taken into consideration in the appropriations, according to Senator D. Knapp, chairman of the senate ways and means committee. If this bill is passed Kansas State will be compelled to survive on \$940,850 in 1934 and the same in 1935.

Salaries on Carpet Again
 Higher salary brackets reductions might be made in excess of 25 per cent, Senator Knapp said in reply to questioners hesitating to leave the fixing of salaries to the board

of regents, as it is now. Many have been in favor of a salary schedule in the bill, leaving nothing to the discretion of the board of regents.

But the possibility that a hard and fast rule on salaries and wages in the institutions probably would have a destructive effect was recognized after the original discussion in committee of the whole. The schools may lose the more valuable faculty members and retain those less valuable, unless there could be some flexibility in the handling of salaries. In view of this fact little sentiment for a fixed salary schedule is apparent now.

ROLLED OATS

Inaugural ball, flunk slips, Delt party, and other lesser and more unmentionable activities—all O'er shadowed in a wave of uncashable checks, unobtainable C. O. D. packages, unpayable taxi fares, and incalculable remorse. Into prominence come Aggieville's free lending libraries, and the curbsides of N. Manhattan avenue. Discarded milk bottle caps—and ancient bedraggled gum wrappers—vie as the most preferably and profitable medium of exchange.

Stalwarts tags and a rigid receiving line—avoiding with unanticipated agility—the antique antics of Saturday's most colubrinish couple—Neddie Kimball, of the Long Island-Puget Sound Kimballs, and our Ernestine, one of the Merritt's musical morsels—oh well! just this beating of barbaric blood—and the surging of savage influences! ! !

The bowed brows—gleaning glances—and tender treads—of a few too prominent persons—who suddenly find their names listed in something besides the student directory—and only a week away lies the founder's day of those jolly S. A. E's.

Out of the sown seeds of sorrow is reaped one benevolent benefit from the money mortuorum—no longer will the paternal Teets—pace the hearth-stones of his home—and shake shaggy brows over this backstreet woman "Aggie Rexall"—whom son Herm—(by his bank certificates) seems to be completely supporting.—Poor Agnes—and she came from such a lovely family! ! !

Bears and Bulls—at a standstill—but activity in the outgoing pin-market increases. Deltish Al Wilson finds himself deeply involved—and the newly acquired diamond of Jack Boyd's—just doesn't stand a chance.

Kappa Delta

Weekend guests were: Edana Stewart, Eskridge; Edna Runceiman, Salina; Marjorie Walker, Eskridge; May Harlan, Culver; and Mabel Brasche, Alma.

Dorothy Leshosky, Cuba, went home this weekend.

A faculty dinner was given Sunday at one o'clock for the following guests: Dr. and Mrs. P. L. Gainey, Prof. and Mrs. H. W. Davis, Miss Helen Hostetter, Miss Alice Jefferson, Miss Cornelia Crittenden, Miss Florence Day, and Miss Katherine Zepsie.

Kappa Kappa Gamma

Mrs. Charles Rust was a guest of her daughter, Louise, at dinner Sunday. Helen Teichgraber and Ruth Wilkerson were guests of Mary Houser.

Marjorie Morrow visited in Topeka over the weekend.

Lorraine McMullen went to her home in Hutchinson Saturday.

Barbara Lautz attended a conference in La Junta, Colo., this weekend.

Jane and Marcia Wilcox were guests of Frances Bell for the weekend; Esther Silliman, Chi Omega from Kansas university, was the guest of Wilma Rae Womer and Maurine Bryan, Delta, was the guest of Jeanne Bryan.

Mrs. G. G. Rosser is visiting her daughter, Frances. They were in Topeka Saturday.

Jane Harmon moved into the house Saturday for a week.

Kappa Phi

"Roads to Peace" is the theme of the Kappa Phi program to be held at the student paragon to-night at 7:30. Zella Kieven is in charge. Pledging services will be conducted for Maxine and Madge Gibbs, Wilma Brewer, and Marie Pigelow.

Theta Xi

At initiation, conducted Saturday night, Dr. H. N. Barham, of the chemistry department, was brought in as an honorary. The other initiates were W. G. Ransom, Manhattan; John M. Rutherford, Fort Riley; and Manual C. Eastner, Manhattan.

Horshaw, Manhattan; and Paul Rust, Ottawa.

Lambda Chi Alpha

Members of Lambda Chi Alpha entertained with a house party Saturday evening.

Sunday dinner guests were Miss Reba Miller, Haviland; Miss Dixie Milligan, Kansas City; Marlin Steyfe, Valley Falls; Monroe Coleman, Sylva; Marjorie Call, Manhattan; Mr. and Mrs. Don Nutter, Manhattan; and Mr. and Mrs. Joe Dole.

Saturday guests were Miss Arline Kelley, Topeka; Miss Mary Carl, Topeka; and Barkley Rolls, Topeka.

Delta Tau Delta

Delta Tau Delta entertained with a stag dinner followed by a formal dance at the Wareham ballroom Saturday, March 4. Bug's House orchestra from Lawrence furnished the music. The ballroom was decorated in black and white, with streamers making a false ceiling and modernistic black and white illuminated columns at one end of the room. Confetti and balloons were thrown from the balcony.

Guests from Manhattan were Ruth Strickland, Roberta Strowig, Ruth Oberland, Louise Ratliff, Louise Rust, Jane Harmon, Mary Elizabeth Flenor, Harriet Gilson, Dorothy Haddell, Jane Stone, Charlene Baker, Louise Shen, Juliana Amos, Patricia Irwin, Maxine Roper, Marjorie Call, Wildine Middlekauf, Esther Walters, Beryl Brummett, Dorothy Schowengerdt, Leo Salisbery, Jim Richards, Ned Kimball, Jay Kimball, Red Clency, Swede Lutz, Swede Holmquist, Jim Ryan, Ralph Blackledge, Allen Wilson, Tad Brooks, Charles Hoffman, Donald Springer, Mr. and Mrs. Hugh Bryan, Mr. and Mrs. Lloyd Beach, Mr. and Mrs. Ralph Campbell, and Mr. and Mrs. Max Brumbaugh.

Other guests were Mildred Mow-

ery, Salina; Jane Whyte, Wallula; Helen Pickrell, Minneapolis; Adeline Reid, Iola; Maxine Blankenship, Downs; Mary Emily Berryman, Fredonia; Nancy Jane Campbell, Lakin; Luella Graham, Topeka; Virginia Dole, Salina; Jacqueline Lawrence, Council Grove; Dorothy Taylor, Downs; Mildred Sands, Wichita; Glenda Mae Hodge, McPherson; Jane Speed, Parsons; Mary Kendall, Great Bend; Margaret Mary Reddy, Baxter Springs; Frances Fockele, LeRoy; Eugenia Ebling, Lindsborg; Tella Hinchaw, Bennington; Merrideth Manion, Goodland; Ernestine Merritt, Haven; Evelyn Osborne, Lawton, Okla.; Jane Kahl, Topeka; Roberta Downie, Garden City; Lois Naramore, Topeka; Ione Hill, Harper; Ella Warren, Stapleton; Leora Light, Liberal; Doris Paulson, El Dorado; Allen Cheatham, Valley Falls; Margaret Ryan, Lawrence; Eleanor Jones, Lawrence; Virginia Rose, Lawrence; Hal Poole, Lawrence; Max Hamler, Council Grove; Dwight Platt, Overbrook; Reed Verand, Lawrence; Ray Stiles, Lawrence; Ed Murphy, Kansas City; Jim Kethersid, Hope; Harry Hinkley, Barnard; Don Hutchinson, Hutchinson; Bill Scales, Kansas City, Mo.; Clay

Reppert, Harris; Ed Kuner, Wamego; Lee Morgan, Hugoton; Burnett Stratford, El Dorado; Harry Hagler, El Dorado; Everett Hughes, Stockton; Henry Kirk, Scott City; Ralph Larkin, Emporia; D. A. MacDonald, Iola; Bus Fetham, Iola; Huck Mark, Abilene; Bob Johnson, Abilene; William Murray, Hutchinson; Tudor Charles, Republic; Richard Edelblutte, Topeka; Mr. and Mrs. Joe Haines, Abilene. Chaperones for the dance were Dean and Mrs. L. E. Call and the housemother, Miss Collins.

Chi Omega

Dinner guests Sunday included Mr. and Mrs. Glick Fockele, LeRoy; Marvin Taylor, Downs; Mano Stukey, Wichita; Jack Beeber, Kansas City.

Margaret Gaud, Zelma Conn, Kirbyville, Texas; and Louise Feulner, Jewel City, spent the weekend in Kansas City.

Helen Hanson and Charlotte Buchmann spent the weekend at their homes in Clay Center.

Eleanor Wright visited her family in Concordia over the weekend. Muriel Miller, Topeka, and Ellen Jones, Kansas university, visited at the house Saturday.

Mary Jane Pac, who has been in

the Charlotte Swift hospital, will return Tuesday to her home in Concordia for the remainder of the semester.

Isabelle Nelson, Delphos, is a guest at the house.

Alpha Rho Chi

Members of Alpha Rho Chi who spent the weekend at their homes are: Carl Osaman, Concordia; Fred Songer, Olathe; Arthur Munns, Kansas City; and Floyd Kennedy, Anthony.

Raymond Lippenberger, Fort Morgan, Colo., spent the weekend in Olathe.

Mrs. Bertha Napier visited friends in Concordia Sunday.

Charles Best, Avoca, N. Y., and Dick Crossen, Turner, spent Sunday in Concordia.

Delta Delta Delta

Delta Delta Delta held formal initiation Friday evening for the following girls: Josephine Donnelly, Goodland; Margaret Green, Pratt; Harriet Shrack, Pratt; Madge Mahoney, Atchison; Lela Hahn, Glen Elder; Geraldine Hammond, St. John; Betty Stanley, Wichita; Mildred Mowery, Salina; Margaret Myers, Wichita; Artha Lee Knisley, Liberal; Dorothea Bacon, Atch-

ison; Elizabeth Lamprecht, Manhattan; Mary Elizabeth Flenor, Manhattan; Eleanor Otto, Manhattan; and Doris Dalton, St. George.

Mrs. Harry Stanley and Miss Harriet Stanley, Wichita, were weekend guests at the house.

Vera Farrell, Clay Center, visited at the house over the weekend.

Marion Riordan and Doris Wapler, Wakefield, visited at the house Sunday.

Sunday dinner guests included Mrs. Harry Stanley, and Miss Harriet Stanley, Wichita; Mrs. A. C. Fielding, Mrs. Hurst Majors, Ruth Thomas, Helen Sloan, Marion Roper and Charlotte Remick, Manhattan; Dorothy Schowengerdt, Osawatomie; Vera Farrell, Clay Center; Alice Irwin, Garrison; Mrs. Eldon Auker, Hutchinson; Lucille Correll, Hoyt; and Fern Gaston, Randolph.

Kappa Sigma

Sunday afternoon guests included A. L. Smith, Norton; W. R. Bridges, Norton; and S. E. Welch, Wellington.

Mr. Welch was a guest of Gene Omahundo.

Mrs. C. A. Wharton spent Monday in Topeka.

WILDCATS TAKE SECOND IN BIG SIX MAT MEET

IOWA STATE WINS FIRST WITH KANSAS STATE SECOND AND KANSAS THIRD

FIRST IN ONE WEIGHT

Griffith Wins Big Six Crown in 118 Pound Class; Roberts and Bozarth in Finals, Too

Kansas State wrestlers finished second to Iowa State matmen in the Big Six wrestling meet held at Ames, Iowa, last Friday and Saturday. The Cyclones amassed a total of 48 points to win the team title and only Kansas State and Kansas university shared in the individual honors.

The team scores were: Iowa State 48, Kansas State 18, Oklahoma 15, Kansas 8, Nebraska 5, Missouri 4.

Griffith of Kansas State overcame a time advantage in his match with Gibson of Iowa State, defending champion in the 118 pound class, and won by a decision with a time advantage of 1:51.

Pete Mehringer, Kansas university's heavyweight representative and Olympic champion, was hard pushed to win from Bashara of Oklahoma in the only final match to go overtime. He had a time advantage of 2:16 at the end of the match.

In the consolation round Kansas State won three seconds and a third, Oklahoma two seconds and four thirds, Nebraska one second and one third, Missouri and Iowa State each one second, and Kansas university two thirds places.

Iowa State college held the Big Six championship last in 1929. The Oklahoma Sooners were victorious in 1930 and 1932 while the Kansas State Wildcat wore the crown in 1931.

Summaries:

118-pound class—Griffith, Kansas State, won a decision over Gibson, Iowa State. Time advantage 1:51.

126-pound class—Golden, Iowa State, threw Engle, K. U., in seven minutes.

135-pound class—Rosenberg, Iowa State, won from Jackson, Oklahoma, (Jackson dislocated his elbow and forfeited).

145-pound class—Ruggles, Iowa State, won a decision from Sisney, Oklahoma. Time advantage 2:24.

155-pound class—Frevert, Iowa State, threw Roberts, Kansas State, in 4:45.

165-pound class—Martin, Iowa State, won a decision from Forman, Oklahoma, with a time advantage of 3:28.

175-pound class—Hess, Iowa State, threw Bozarth, Kansas State, in 6:45.

Heavyweight—Mehringer, K. U., won a decision over Bashara, Oklahoma, with a time advantage of 2:16 (Overtime).

LOSE INDOOR TRACK MEET TO NEBRASKA

Five New Records Made in Games; Two of Them Beat World Marks

Nebraska university defeated Kansas State 69-35 in their dual indoor track meet held at Lincoln Saturday afternoon, March 4. During the meet five records were broken, including two world marks and one national collegiate record.

Lambertus of Nebraska set new world's records in winning the 60-yd. dash and 60-yd. low hurdles, but they will not officially be accepted. He was not officially checked. However, official watchers will be held on Lambertus in the conference meet this week.

Other records broken were the national collegiate broad jump of 23 feet, 10 inches and the meet records for the 60-yd. high hurdles and the 880-yd. run. Gray of Nebraska leaped 24 feet, 3 1/2 inches to better the broad jump record, while Schmutz and Landon of Kansas State set new meet records in the high hurdles and half-mile, respectively.

Lambertus led the Cornhuskers in scoring with two firsts and tied with Landon and Schmutz for high point honors of the meet. Nebraska placed first in eight of the twelve events and swept the shot put and broad jump, to roll up their lead over the Wildcats.

Summary of the meet: 60-yd. dash: Won by Lambertus, N. U.; Lee, N. U., second; Going, K. S., third. Time, 6.1 (new world's record).

60-yd. low hurdles: Won by Lambertus, N. U.; Schmutz, K. S., second; Dohrman, N. U., third. Time, 6.4 (New world's record).

60-yd. high hurdles: Won by Schmutz, K. S.; Dohrman, N. U., second; Knappenberger, K. S., third. Time, 7.7 (new meet record).

440-yd. dash: Won by Roberts, N. U.; Darnell, K. S., second; Castello, K. S., third. Time, 53 seconds.

880-yd. run: Won by Landon, K. S.; Storey, N. U., second; McNeal, K. S., third. Time, 2:01.2 (new meet record).

1-mile run: Won by Landon, K. S.; Storey, N. U., second; Funk, N. U., third. Time, 4:32.1.

2-mile run: Won by Blosser, N. U.; Pearce, K. S., second; Hoffman, N. U., third. Time, 10:04.

Shot put: Won by Hubka, N. U.; Mead, N. U., second; Beatty, N. U., third. Distance, 43 feet, 2 1/2 inches.

High jump: Won by Roehman, K. S.; Gray and Toman, N. U., tie for second. Height, 6 feet.

Broad jump: Won by Gray N. U.; Lee, N. U., second; Roby, N. U., third. Distance, 24 feet, 3 1/2 inches. (new national collegiate record).

Pole vault: Won by Roby, N. U.; Schmutz, K. S., and Skewes, N. U., tie for second. Height, 12 feet, 2 inches.

1-mile relay: Won by Nebraska (Roby, McDonald, Roberts, Lee). Time, 3:36.3.

The only remaining indoor track meet on the Kansas State schedule is the Big Six conference championship meet at Columbia Saturday, March 11. Coach Haylett expects to take a strong Wildcat team to Missouri to try for the honors.

Nebraska is the defending champion and is favored to repeat this year, but Kansas, Kansas State, and Oklahoma, who finished in that order last year, should be able to give the Huskers stiff competition. Missouri is weak this year, and Iowa State is an unknown quantity.

Men's Intramurals

Intramural volleyball is getting well under way and seems to be gaining popularity as a sport at Kansas State. This is the first year that volleyball has been played as an intramural sport here, and, although the season is just going into its second week, it is drawing nearly as much interest as basketball did the first semester. By the end of this week all the teams will have played at least once.

The organizations competing in volleyball are divided into three groups, the winners of which will play for the school championship. Each team plays a round robin schedule with every other team in its group, the same as in basketball. Group I is composed of Phi Kappa Alpha, Alpha Kappa Lambda, Alpha Rho Chi, Sigma Phi Epsilon, Wesley Foundation Athletic club, Delta Tau Delta, Phi Delta Theta, and Delta Sigma Phi.

Group II consists of Lambda Chi Alpha, Alpha Tau Omega, Phi Lambda Theta, Tau Kappa Epsilon, Aggie Knights, Alpha Gamma Rho, and Kappa Sigma. In group III are Farm House, Theta Xi, Phi Kappa, Sigma Alpha Epsilon, Lone Star A. C., Phi Sigma Kappa, and Phi Kappa Tau.

Games this week: tonight—Farm House vs. Phi Kappa Tau, 7:00, east; Phi Delta Theta vs. Sigma Phi Epsilon, 7:00, west; Theta Xi vs. Sigma Alpha Epsilon, 7:45, east; Phi Kappa Alpha vs. Delta Tau Delta, 7:45, west; W. F. A. C. vs. Alpha Kappa Lambda, 8:30, east; Alpha Rho Chi vs. Delta Sigma Phi, 8:30, west.

Thursday—Alpha Gamma Rho vs. Alpha Tau Omega, 7:00, east; Theta Xi vs. Phi Kappa Tau, 7:00, west; Lambda Chi Alpha vs. Tau Kappa Epsilon, 7:45, east; Phi Kappa vs. Sigma Alpha Epsilon, 7:45, west; Phi Lambda Theta vs. Kappa Sigma, 8:30, east; Lone Stars vs. Farm House, 8:30, west.

TO HOLD ANNUAL SMOKER Alpha Xeta, national honorary agricultural fraternity, will hold its annual smoker in the community house, downtown, tonight. The purpose of the smoker is to acquaint Alpha Xeta members with those students who are eligible scholastically for the organization. A program and eats are scheduled.

SPRING GRID DRILL SEES FEW OUT FOR PRACTICE

Weather-Conditions Keep Attendance Down—Only 15 Out

Spring football practice began yesterday afternoon with only about 15 men reporting. The adverse weather conditions are probably responsible for the small number reporting for the first night's practice. About sixty men are expected to report when the weather is improved.

Only light drills and limbering exercises were held yesterday. The workout was held under the east wing of the stadium. During dry weather, the practice fields will be used.

Nine football games, three at home and six on foreign fields, make up the schedule for the 1933 Wildcat team.

Two intersectional games make their appearance on the list. On Nov. 4 the Wildcats go to East Lansing, Michigan, to engage Michigan State college. Charlie Bachman, formerly professor of football at Kansas State college, is now coach at Michigan State and fans are looking forward to the meeting.

On November 23, the Texas School of Technology at Lubbock, Texas, will be host to the Kansas State team. This is the first meeting of these two schools in any form of sport.

The complete schedule is as follows: Sept. 30—Kansas State Teachers college of Emporia at Manhattan. Oct. 6—St. Louis university at St. Louis. (Night).

Oct. 14—Missouri university at Columbia. Oct. 21—Nebraska university at Manhattan.

Oct. 28—Kansas university at Lawrence. Nov. 4—Michigan State college at East Lansing, Mich.

Nov. 11—Iowa State college at Ames. Nov. 18—Oklahoma university at Manhattan.

Nov. 23—Texas School of Technology at Lubbock, Texas.

Miss Lula Faulkner, Topeka, was the guest of Mrs. H. W. Brewer Sunday.

TOURNAMENT TO PICK THE NUMERAL WINNERS

Eight Winners in Frosh Wrestling Meet To Be Given Sweaters.

An elimination tournament to pick eight numeral men in freshman wrestling was started yesterday afternoon by Coach B. R. Patterson. Between 35 and 40 men are entered in the tournament and competition will be strong. Second round matches will be this afternoon with the finals tomorrow.

A large squad of freshman mat aspirants have been working out daily for the past three weeks and Coach Patterson is well pleased with the showing made by them with the variety.

A numeral sweater will be given to the winner in each of the eight classes, providing he has passed twenty-four hours of college work at the end of the spring semester. The sweaters are white with the purple 1936 across the front.

The game, Wagner's swan song as a Big Six star, saw him garner eighteen points to wrest Big Six scoring honors from Kansas university's Bill Johnson. The two points which tied the score made Wagner winner instead of runner up for scoring honors. In the extra period the Missouri captain managed to gather four more points to bring his total to 114 for the season.

Captain Skradski, Breen, and Dalton were also winding up their college careers but it was Boyd who furnished the fire works for Kansas State, with his side shots.

The score at the half was tied at 15 all. After the Tigers had gained a lead of 26 to 19, a goal by Dalton and four long ones by Boyd put the Wildcats in front 29 to 27 with two minutes to go. Neither team scored for a minute as Kansas State fought to retain possession of the ball. It was then that Wagner tossed the deciding score.

Dalton, who has since joined the Kansas City Life team, scored three goals from the field. Cooper, Missouri's jump shot expert, made 14 points.

The summary:

DROP FINAL BIG SIX COURT GAME TO M. U.

Wildcats Lose Last Game and End Season in Fourth Place in Conference.

Had thirty-nine instead of forty minutes been the regulation time for a basketball game, Kansas State would have emerged the victors in its final game Saturday night. As it was Captain Wagner of Missouri tossed a goal in that last sixty seconds, tying the score, and in the play-off, Missouri ended up in front, 37 to 33.

Despite the uncanny basket shooting of Bus Boyd, Kansas State guard who scored seventeen points, the Wildcats were forced to content themselves with defeat and fourth place in the final Big Six standing. Should Missouri have lost Kansas State would have drawn up into a tie with the Tigers for third place.

The game, Wagner's swan song as a Big Six star, saw him garner eighteen points to wrest Big Six scoring honors from Kansas university's Bill Johnson. The two points which tied the score made Wagner winner instead of runner up for scoring honors. In the extra period the Missouri captain managed to gather four more points to bring his total to 114 for the season.

Captain Skradski, Breen, and Dalton were also winding up their college careers but it was Boyd who furnished the fire works for Kansas State, with his side shots.

The score at the half was tied at 15 all. After the Tigers had gained a lead of 26 to 19, a goal by Dalton and four long ones by Boyd put the Wildcats in front 29 to 27 with two minutes to go. Neither team scored for a minute as Kansas State fought to retain possession of the ball. It was then that Wagner tossed the deciding score.

Dalton, who has since joined the Kansas City Life team, scored three goals from the field. Cooper, Missouri's jump shot expert, made 14 points.

Don't you get Pipe Hungry

once in a while?

"MAYBE it's back to Nature. Maybe it's something else. I don't know just what it is, but somehow or other I've just got to slip out in the woods and sit down on a log. I always take the old pipe along. Thinking somehow seems easier when you are smoking a pipe. I can fill up my pipe with Granger, and somehow just seem to see things clearer than at any other time. "Don't know what it is about Granger, but it must be made for pipes—real pipe tobacco. "Somehow, there's a flavor and aroma about Granger I never found in any other tobacco. When I pack my old pipe tight and good with these big Granger flakes, it's about the coolest smoke I ever enjoyed. It makes me downright pipe hungry every time I look at the package." Some years ago we made a painstaking,

scientific study to find out, if we could, the kind of tobacco best suited for pipes. Down in the Blue Grass regions of Kentucky, we found a tobacco called White Burley. There is a grade of this tobacco between the kind used for chewing and the varieties suitable for cigarettes that is best suited for pipes. This tobacco is used in Granger. This tobacco is prepared by a method worked out many years ago by Mr. J. N.

Wellman. It gives Granger a fragrance and mellowness that pipe smokers like, and makes it burn to a clean, dry ash. Granger never gums a pipe. Granger has not been on sale very long, but it has come to be popular, and there is this much about it: We have yet to know of a man who started smoking it, who didn't keep on. Folks seem to like it. Liggitt & Myers Tobacco Co.

ACTIVITY FUND PAYS OFF LAST YEAR'S LOSSES

STUDENT COUNCIL VOTES \$200
TO EDITOR CHAPMAN
FOR YEARBOOKS

SHIP OUT OLD ROYAL PURPLES

Unsold Books Will Serve As Pub-
licity and Relieve Heavy In-
debtedness Caused by Stu-
dents' Failing to Pay.

Action taken by the student council at a meeting held Wednesday night, March 8, provides the payment of \$200 of the student activity fund to James Chapman, editor of the 1932 yearbook, to be used for the purchase of last year's Royal Purples to be sent as publicity material to Kansas high schools.

Due to a curtailment in the Kansas State appropriations last year, the annual allotment given the Royal Purple by the state through the office of the vice-president, J. T. Willard, was cut from \$700 to \$400. The \$400 went towards the purchase of 100 Royal Purples which were sent to the governor, members of the board of regents, and the larger high schools in Kansas.

The money appropriated Wednesday night by the student council will pay for additional books sent to high schools, formerly on a list made up by the vice-president's office, but which did not receive books last year due to the limited amount purchased.

Maurice DuMars, president of the student council, said the council took this action to relieve the 1932 Royal Purple of some of its indebtedness.

Faculty members of the Royal Purple board were unable to state how many copies of the 1932 yearbook could be purchased with the \$200 appropriated. They agreed that details should be left to Chapman.

"It is probable that 200 copies will be sent," Chapman said. He added that 386 last year's Royal Purples were on hand.

The reason for the unusually large amount of Royal Purples left in the hands of the staff is due to the fact that many students last year paid deposits on the books but failed to claim them at the time of publication.

The vice president's office will pay the postage on the year books purchased by the council to be sent to high schools.

MUSIC GROUP ENTERTAINS

Day at Music Camp Features Rec-
ital and Campfire Gathering
in Assembly.

Mu Phi Epsilon and Phi Mu Alpha, women's and men's honorary music organizations, respectively, presented a program, "A Day at a Music Camp," at student assembly Wednesday morning.

Miss Clarice Painter played the opening number, "Toccata" (The Rippling Brook) by Gillette. The Rev. J. David Arnold, pastor of the First Christian church, led the devotions.

In part one—"A Program Presented at Camp," the first number was a piano and organ duet played by Juliana Amos and Frances Jack—"Romance" by Clokey. Miss Emily Rumold played a violin solo, "Scherzo" by Cecil Burleigh.

"Juba Dance" by Dett was played as a piano duet by Edith Goerwitz and Juliana Amos. Edgar A. Cooper played a trumpet solo, "Stars in Velvet Night" by Clarke. "Toccata" (Miniature Suite), an organ number, was played by Miss Frances Jack.

In part two—"Evening Around the Fire," the group assembled with flashlights about a campfire. "Sweetheart Song" by Fulton was sung by Phi Mu Alpha, followed by "Music in the Air" by the girls' quartette. Leona Maas, Mabel Russell, Mary Moyer, and Frances Jack.

The last number, Victor Herbert's "Gypsy Love Song," was sung by the chorus with Mr. Herzog as soloist. Miss Marion Peñon and Mr. Charles Stratton were the accompanists.

Temples in Siam are built of broken porcelain plates.

Don't Count Sheep Try The Library If Insomnia Troubles

Attention, all insomnia chasers! A new remedy for sleeplessness has been found, one which seems to be infinitely better than the time-worn method of counting sheep. It's simply this: gather all your books, go to the library and find some sheltered corner where you can study undisturbed. In five or ten minutes the print will begin to get vague, and in five or ten more your head will be down on the table-top, and you'll be settled for the afternoon.

If you don't believe us, do what we did—go over to the library some quiet afternoon, and count the number of "cat-nappers."

Work of Radical Artists Draws Fa-
vorable Comment and Causes
Some Surprise

The introduction to America's more radical artists, offered by the American Print Makers exhibition now in the gallery of the architecture department, is proving an agreeable surprise to many doubtful visitors this week.

Coming in apprehension of what the left wing of American artists may have done to "art," most of the visitors are pleased to find that they like the exhibition.

"The truth is," said Prof. John F. Helm, Jr., "that most of them come with the firm conviction that they aren't going to like the pictures—and then when they do—why they're very pleasantly surprised!"

Circulated by the Downtown Galleries, New York City, this group of 115 pictures forms one of the largest exhibits which has been shown here this year, and includes the work of many of the best known artists of the radical group.

A large proportion of the group was used by Professor Helm to illustrate his lecture on print making which he gave before the open meeting of the art study group of the A. A. U. W. in Anderson hall last night.

The exhibit will be shown here until March 18.

GO ON WITH EMPORIA MEET THIS WEEKEND

Entire Trip Will Cost Not More
Than \$2.50 Is Estimate of Those
in Charge.

Regardless of the financial crisis the Y. M.-Y. W. Kansas intercollegiate economic conference will be held in Emporia, today, tomorrow, and Sunday, according to notices received by Miss Dorothy MacLeod, Y. W. C. A. secretary, here. Credit will be extended to delegates, and everything possible will be done in supplying food and other necessities for the visitors while at the conference.

The total cost during the entire conference has been estimated at \$2.00 to \$2.50. In a letter to "Doc" A. A. Holtz, Y. M. C. A. secretary, it was stated that 50 University of Kansas students are expected to attend. It was expected here that the conference would be postponed. However, notices to the contrary were sent to all colleges who will participate in the meeting. Groups of students are expected from Washburn college, College of Emporia, Kansas State college, Emporia State Teachers college, and Kansas university.

"Revolt in the Midwest" and "The Farmer's Plight" are the subjects to be discussed at the conference by Dr. W. E. Grimes, head of the department of agricultural economics here. Round table discussions will be held on subjects such as "Areas of Tension in the Economic Crisis," "International Problems," "Trade Restrictions," and "International Debts and Monetary Problems."

RESERVE OFFICERS MEET

Pistol Firing and Discussion by Ma-
jor T. H. Humphries

The reserve officers of Manhattan and the immediate vicinity held their semi-monthly meeting Wednesday night in the military offices at the college. Major T. H. Humphries of the military department conducted a conference and talked on "Procurement of Supplies and Equipment."

Before the meeting the reserve officers met at the range in the stadium where pistol firing was conducted from 6:30 to 7:45. Lieutenant H. H. Myrah had charge of the range.

NO PROGRESS IN PEACE PROGRAM SAYS SPEAKER

DR. VISSER 't HOOFT DECLARES
THAT DISARMAMENT IS
FAR AWAY.

OLD MILITARY SPIRIT GONE

All Negotiations So Far Have Been
Monologues—No Governments
Wish to Comprom-
ise.

"Guns have a habit to go off," said Dr. W. A. Visser 't Hooft in his truly Dutch way in a talk before student forum Tuesday noon. There are moral and economic reasons as well, asserted the general secretary of the World's Student Christian Foundation, in giving the reasons for disarmament. But this distressing habit of guns "to go off" is an even more powerful one, he declared, since the next war is likely to mean the end of western civilization.

No Progress Has Been Made
"Why has there been no progress?" he asked. "Surely no western nation can say that it actually desires war!" In answer to his own question, he stated the story of the World Disarmament conference at Geneva in February, at which he was present. Hopes for its success were high. Not only were the league members represented, but also United States and Russia, powerful nations outside the League. But before the meetings began, the "guns went off in Shanghai."

Dr. Visser 't Hooft, a native of Holland, is well acquainted with the problems and questions confronting European nations today, and presented the viewpoint of both the French and German people. The French fear another German invasion like those of 1870 and 1914, and wish to protect their national security. The Germans know that the defensive weapons of the French could be used for aggression and, in turn, fear for their own security. Dr. Visser 't Hooft explained.

Old Militaristic Spirit Gone

"So far, negotiations for disarmament have consisted of a series of monologues," he said, "never of dialogues, with governments willing to compromise." The United States gave as an example, wants to take away European arms, but is not willing to cooperate with European nations by joining an organization for international government.

He concluded by saying that the old militaristic spirit is gone, but although "we wish peace, we do not wish the means of peace."

CLASSICAL MUSIC TO FORE

Students Are Presented in First
Recital of Spring Series
for Department.

A varied program of music was presented Tuesday at 5 o'clock in the auditorium in the first student recital of the semester. A string trio, a number for organ and piano, and a duo-piano number were featured.

The recital opened with music for two pianos, Mozart's Third Sonata, with an accompaniment for second piano by Grieg. Ruth Thomas and Esther Wiedower played. In the conventional three movements, listeners heard typically "Griegian" harmonizations intertwining with the classic theme of Mozart.

"Dear Love, I now Must Leave Thee" (Strauss), and the delicate "Passepied" by Delibes were sung by Betty Stanley. Following this, Margaret Higdon played "Northern Lights," a descriptive piece by the Norwegian composer, Torjussen.

Mendelssohn's well known "Rondo Capriccioso" was played by Maurine Polom.

"Adagio from Concerto Gregoriano" for organ and piano, by Yon, played by Donald Engle and Harold Engle, was followed by Copland's "Sentimental Dance," presented by J. R. Cribbett.

Corelli-Moffat's "Trio-Sonata," in three movements was given by Harriet Mayer, piano, Margaret Higdon, violin, and Maurice Schruben, cello. Nice feeling for the classic theme of Corelli was shown throughout.

Leucuna's "Malaguena" closed the program, with Alice Bozarth as soloist. The Malaguena is a dance of the province of Malaga, which is a Mediterranean island off the coast of Spain.

Goblins 'll Get You If You Don't Watch These

"Now, dear, you must take this, you simply must! It has vitamin A in it," says Johnny's mother firmly holding a teaspoon of oozy cod liver oil before his strained face.

"Aw, heck, ma, why didn't you put that vitamin stuff in a cake anyhow? Huh, ma?" he asks. But Johnny has to take the "stuff" because he has not had enough fresh green vegetables, cheese, eggs, and the like his growing body needs.

College students speak glibly of their vitamins, for their comparatively recent discovery and their importance have made the word "vitamin" a household by-word. Notwithstanding, of not such common knowledge are their exact properties and the important duties they fulfill in the body.

There are five other known vitamins besides A known as B, C, D, E, and G.

Vitamin B, found in milk, fresh

vegetables, tomatoes, fruits, nuts, potatoes and yeast, is responsible for our appetites. Its absence causes nervous disorders and a disease known as beriberi.

Vitamin C prevents scurvy. It is easily destroyed in cooking. It hides out in oranges, lemons, grapefruit, bananas, tomatoes, spinach, cabbage, and onions.

Vitamin D enables the body to make proper disposal of the minerals ingested. Without it the body is very susceptible to rickets. It is found in cod liver oil, egg yolk, and in direct sunlight.

Vitamin E is essential for reproduction. It occurs in wheat grain, oats, corn, and green leaves.

Vitamin G is essential to growth and prevents pellagra, a disease caused by eating the wrong food and which easily shows itself by strange kind of reddening and scaling of the skin. It occurs in milk, lean beef, and in green vegetables.

TWO SCIENTISTS BROADCAST

Dr. J. T. Willard and L. P. Elliott
Will Speak on Program of
Kansas Academy.

Dr. J. T. Willard, vice-president of Kansas State college, and L. P. Elliott, Manhattan high school instructor, will be the featured speakers on the first of a series of ten-minute broadcasts of the Kansas Academy of Science over KSAC at 8:50 p. m. on Saturday, March 11. The academy is an organization of scientists in Kansas of which George E. Johnson, professor of zoology here, is secretary. It will hold its annual meeting at Manhattan on April 13-14.

Vice-President Willard, who has been a member of the academy since 1883, in his talk will tell something of its history leading up to the organization's 65th annual program and meeting next month.

The Junior Academy of Science, which is a branch or section of the Kansas Academy and an affiliation of high school science clubs all over the state, will be discussed by Mr. Elliott on this broadcast.

Succeeding broadcasts will be March 25 and April 8.

BAD WEATHER HOLDS UP SPRING FOOTBALL DRILL

Official Practice Is To Begin Mon-
day—Every Prospect Urged
To Turn Out

Official spring football practice will start Monday, March 13. Due to the overcast skies and wet grounds last Monday, there was an exceptionally small turnout for practice and the postponement was necessary.

From fifteen to twenty men have been turning out every afternoon and receiving special instruction in fundamentals from O. W. Maddox, varsity line coach, and Carl "Swede" Anderson, freshman coach.

Every man who played football in high school, but has not turned out for practice here, is urged to check out equipment and report at the stadium next Monday. Coach McMillin is anxious to uncover any new material that has been overlooked because of failure to report for varsity football.

The first half of the spring session will consist of calisthenics and fundamentals in blocking, tackling, and acquiring the proper stance. Later, regular games are to be played between picked teams from the squad.

Practice will be held every afternoon at 4 o'clock for a month.

METHODISTS PLAN FOR BIG ANNUAL MEETING

Kappa Phi Will Entertain Chapters
From Three States Here
April 21-23.

Kansas State chapter of Kappa Phi will be hostess to four other chapters and more than fifty sponsors and national officers of the Methodist women's organization at the annual Kora meeting which will be held here April 21 to 23.

The Iowa chapter, K. S. C., will entertain representatives from the following chapters: Alpha chapter, Kansas university; Theta chapter, Oklahoma A. and M. college; Kappa chapter, University of Oklahoma; Zeta chapter, University of Nebraska.

BARTHIAN THEOLOGY AIRED

College Group Takes Up Discus-
sion of Europe's Religious
Leader

The philosophy and ideals of Karl Barth, the young Swiss who has revived European interest in religion, were the topic of discussion in a Y. W. C. A. group meeting Thursday night.

Dr. Visser 't Hooft, of Holland, in a talk last Monday night before the Y. W. and Y. M. cabinets, created a great deal of interest in the new movement, Barthianism. Thursday's discussion came as a result of the desire of his listeners to learn more about the movement.

TRI-DELTA BASKETEERS WIN WOMEN'S TOURNAY

Alpha Delta Pi Is Runner-up for
Annual Intramural
Championship

Delta Delta Delta won the women's intramural basketball championship by defeating Alpha Delta Pi 11 to 10 last week in the final game.

Class teams have been chosen from the best players entered in the intramurals. On the senior class team, positions went to Dorothy Maltby, McPherson; Martha Rodda, Arma; Gladys Tonn, Haven; Le Nora Shara, Narka; Betty Wagstaff, Topeka; Helen Davis, Topeka; Ernestine Young, Arkansas City; Milla Pishney, Cleburne; and Marlene Campbell, Hollis.

Junior women selected for the class team were: Leora Light, Liberal; Helen Morgan, Newton; Katherine McKinney and Florence McKinney, Bartlesville, Okla.; Jane Swenson, Phoenix, Ariz.; Katherine Reid, Erma Jean Miller, Manhattan; Justine Brenning, Burns; Alice Wilsey, Washington; Mae Gordon, De Soto; and Cora Oliphant, O'ferle.

Sophomores making their class team were: Jeanne Bryan, Delia; Merideth Manion, Goodland; Eva Brownwell, Wichita; Shirley Jacobs, Lenora; Margaret Easterday, Greeley, Colo.; Rose Skradski, Kansas City, Mo.; Alice White, Jewell; Roberta Strowig, Paxico; Edna Swank, Hill City; Arlene Smith, Topeka; and Lois Rosencrans, Manhattan.

On the freshman team were: Kathryn Black, Council Grove; Ambrosia McClaren, Galena; Harriet Shrack, Pratt; Georgia Appel, Bushton; Evelyn Diehlman, Findlay, Ohio; Opau Schieckau, Haven; Wilma Womer, Topeka; Iola Meier, Abilene; and Mary Elizabeth Fleenor and Ono Lee Burson, Manhattan.

Last night the freshmen played the juniors and the sophomores the seniors. Tonight's schedule is freshmen vs. seniors, sophomores vs. juniors, and tomorrow freshmen vs. sophomores and juniors vs. the seniors.

Girls who play on class teams receive 50 W. A. A. points in addition to the points they receive for playing on an intramural team.

NEW X-RAY MACHINE ARRIVES

College Physics and Zoology Tech-
nicians Will Use Addition

A new X-ray machine was received by the physics department last Saturday. It is one of the largest machines usually installed for laboratory and clinical work, according to Prof. John O. Hamilton, head of the department.

The new machine will be used in research work by the physics and zoology departments. It is to be used in part of the work done by technicians in those departments.

PREACH CHRIST TURNED OUT TO BE PLOW CORN

SAM HIGGINBOTTOM FOUND
INDIA NEEDED HIM
AS FARMER.

GOSPEL FOR SOUL, NOT SOUL

Kansas State Will Have as World
Forum Speaker Man Honored by
King and Princeton for His
Unselfish Service.

The old problem of the dreaming youth—whether the "P. C." he thought he espied in the clouds meant "preach Christ" or "plow corn"—found itself answered agriculturally by Sam Higginbottom.

For trying to teach modern methods of agriculture in a land where the cow is sacred and the plow is little more than a stick has been the task for the past 22 years of Sam Higginbottom, world known "friend of India," who is one of the foremost speakers for World Forum, to be held here March 24 to 26.

As president of the Allahabad Agricultural Institute, Sam Higginbottom is a leader in instilling new methods into the age-old farming of India. His accomplishments have been publicly acknowledged by the presentation by King George V of a gold medal "for public service in India." Gandhi, the British Viceroy, and other leaders in India today have visited his school.

Mr. Higginbottom graduated from Princeton in 1903 with a B. A. degree and went immediately to India to become an evangelist. He stayed to become a teacher of agriculture and economics because he saw quickly that the gospel of Christ would mean nothing unless translated into practical terms.

With this end in view he returned to the United States after five and a half years to study at Ohio State university for a degree of bachelor of science in agriculture. Eight years ago his alma mater, Princeton, conferred on Mr. Higginbottom the degree of "doctor of philosophy." He is the first American so honored.

As head of the Naini loper asylum of Allahabad where 500 lepers are cared for, and as honorary superintendent of the Allahabad blind asylum, Mr. Higginbottom has been able to carry out to a great extent this philanthropy.

Mr. Higginbottom in his visit to the coast ten years ago spoke in nearly every college and university in California. Huge audiences not only in India but on his furloughs to the United States have heard of the needs of improved agricultural education in India and of the progress made.

MODEL LEAGUE IS DELAYED

Conflict With World Forum Makes
Necessary Change in Plans
for Assembly

The session of the model assembly of the League of Nations, tentatively scheduled for February, has been indefinitely postponed. This decision has been made as a result of the conflict between the model assembly and the World Forum scheduled for March 24, 25, and 26.

Delegates are planning to attend from Washburn college, Topeka; Friends university, Wichita; Bethany college, Lindsborg; Kansas Wesleyan, Salina; Ottawa university, Ottawa, and Fort Hays State college, Hays.

Willard Parker, Clearwater, is chairman of the planning committee. Miss Helen Hostetter of the department of Journalism will direct the publicity; Barbara Lautz, LaJunta, Colo., is chairman of the program committee; Lucille Allman, Manhattan, chairman of the properties and setting committee; and Dr. A. A. Holtz is assisting.

JOHN BIRD TO WASHINGTON

Former Student to Act As Secre-
tary for Kansas Representative

Mr. and Mrs. John Bird, Jr., Hays, stopped at Kansas State Tuesday, March 7, enroute to Washington D. C. where Mr. Bird will be secretary to Mrs. Katherine O'Laughlin McCarthy, Kansas woman representative.

Mr. Bird was graduated in industrial Journalism with the class of 1932. Mrs. Bird was graduated in home economics in 1932.

Choose If You Must This New Gray Shade But Vivify the Rouge

Gray is the thing this spring, co-
eds, but be careful how you use it.
It is the warning given by Miss Dor-
othy Barfoot, instructor in art.

It is a very tricky color, she advised, that can do strange things to the appearance of the skin and hair. Either blondes or brunettes can wear gray becomingly, but their skin must be of a warm, vivid, color—never sallow.

Miss Barfoot explained there are several shades of gray and that each shade blends with certain types. A "warm" gray blends best with yellow, "cool" gray with tints of blue. Blue-gray is particularly suitable for blue-eyed blondes.

Bright make-up must be worn with gray but the brunette must not use a dark shade of powder which will give that sallow color so fatal when used with gray.

'SOLID SOUTH' PUT OFF TWO WEEKS FROM FRIDAY

Tickets Scheduled for This Week-end
Will Admit to Manhattan
Theatre Play March 24.

"Solid South," a rollicking comedy of Dixieland, will be presented March 24 by the Manhattan Theatre company in the college auditorium.

H. Miles Heberer, director of the company plays says, "It was unavoidable having to postpone the play from March 10 and 11 to March 24, and the colorful, humorous story of southern aristocrats is going to be real entertainment."

Kingsley W. Given, professor of the public speaking department, will portray the leading character as the old colonel, Major Bruce Follonsby, who has never done a day's work in his life and depends on the women of his family for support.

The clinging vine beauty of Dixieland, Bam, is dramatized by Glenda Mae Hodge, McPherson, and her lovely southern mother Lella Mae, is played by Malena Berglung, Lindsborg. Doris Harmon, Sand Springs, Oklahoma, will characterize Geneva, a 60-year old lady who lives in her ideas of southern chivalry. Patience, a negro woman dialect character, will be handled by Jeanne Bryan, Delia.

John Van Aken, Manhattan, will portray Rex, the handsome 21-year old son of a millionaire. His father, Edward V. T. B. Garrison, is an over-dressed and over polished gentleman characterized by John Duncan, Manhattan. Robert Chambers, Manhattan, droops around the stage as the lazy young negro of 17 and Don Isaacson, Topeka, is the 40-year old awkward negro, Jasper.

WRONG DISCOUNTS THE GOOD

Only Net Efficiency Counts in Long
Run, Dr. O. W. Alm Tells
Radio Audience

"A person's true success in life must be measured by subtracting his wrong habits from his right habits. It is net efficiency which counts in the long run." That was the statement of Dr. O. W. Alm of the psychology department who spoke over station KSAC on "The Effect of Wrong Habits Upon Learning."

Doctor Alm said, "All our actions are largely habits, which are the result of learning. The effects of wrong habits upon the formation of new habits are: first, the loss in amount learned; second, blocking of new habits followed by discouragement to the student which causes him to give up; and third, the influence of old habits produces an increase in errors and other disturbances that lowers the quality of work done."

He quoted William James, who said, "We must make automatic and habitual as early as possible, as many useful actions as we can, and guard against the growing into ways that are likely to be disadvantageous to us, as we should guard against the plague."

SOUNDS LIKE EASTER-TIME

Thousand Baby Chicks Peep
Through in College Brooders

One thousand little chicks set February 21, are housed at the poultry farm in four brooder houses. An experiment is being made to determine the efficiency and operating expense of these brooders, two of which are heated by electricity, one by oil, and one by a coal-burner. Prof. C. A. Logan of the agricultural engineering department is cooperating with the poultry department in the experiment. R. T. Harper, agriculture student, is in charge.

DOZEN CHOSEN NOMINEES FOR PAT, PATRICIA

ENGINEERING DEPARTMENTS
LIST CHOICES
FOR BOTH

PAIR TO BE NAMED AT PROM

Finishing Touches Are Put on Ex-
hibits and Programs for Thir-
teenth Annual Open House
Festivities

Nominees for St. Pat and St. Patricia, who will be elected at the St. Pat's Prom March 18, were announced last night by Oscar Ek-dahl, Manhattan, who is in charge of the dance. The nominations were made at elections in various engineering seminars yesterday afternoon.

As in the past, each department in the engineering division elects one man and one woman student to represent their section as St. Pat and St. Patricia. From these ten nominees two will be chosen.

Election of St. Pat depends upon the nominee's popularity, scholarship, and his qualifications as a good engineer. St. Patricia, when elected, should be the most popular woman among engineers and their guests at the prom. Each student attending will be entitled to a vote for the St. Pat and St. Patricia of their choice.

These Names on the Ballot

The nominees and the depart-
ments from which they were nomi-
nated are as follows:

Architectural engineering—Bob Alexander, Independence, and Ruth Strickland, Manhattan.

Mechanical engineering—Roy Best, Manhattan, and Merideth Manion, Goodland.

Civil engineering—Gene Peltier, Concordia, and Ethel Fairbanks, Manhattan.

Electrical engineering—Kenneth Benjamin, Deerfield, and Charles Baker, Greensburg.

Chemical engineering—Paul Warner, Whiting, and Adelaide Reid, Iola.

Agricultural engineering—W. L. Mc

MONKEYS—STUDENTS—HOODLUMS

After several days of research, we have hit upon a plan of presenting a chapel program that will be about the most amusing that could be offered at any college. This program that we have in mind would necessitate placing about one-third of the Kansas State student body on the stage in the auditorium, and let the remainder of the audience, and those who are to present the program, set in the seats and watch the show.

We guarantee that it would be a good show if the one-third of the student body that was selected was the portion of the audience that was responsible for the money business at the last assembly. About all that these students would be required to do would be to act natural and they would be a scream. If it would be impossible to get this group to perform, a tribe of monkeys from someone's zoo or a few inmates from some school for the insane would put on about the same show.

The conduct of several hundred students at last Wednesday's chapel was an outrage. It would be impossible to explain this conduct because the mob spirit which prevailed was that of a bunch of nincompoops. It wasn't funny—an insult we will call it.

Why did all of this happen? As it was said before, no one knows. Not even the bunch of cute little fellows that thought they could make a good bluish by exchanging a questionable remark, not even the aviation minded nit-wit that knows how to fold paper, and not even the lug-head that has to whistle and move (his boat-like feet, too) every time he takes a breath.

But in all truth and sincerity, it is a deplorable condition when a person cannot go to an assembly program and hear and see what is going on unless one sets in the first three or four rows.

The college goes to considerable expense in presenting features that appear each week on the chapel program and if the student doesn't care to act civilized, why doesn't he stay away. Chapels are not compulsory.

The performers in the programs all know before hand that they will appear before a group of college students and they expect an intelligent audience. But what do they get? The speakers or musicians or whoever is trying to please the audience is doing his best and should get some thanks or at least encouragement. It's a sadly misplaced speaker though, that doesn't realize that the average college boy believes his mental capacities are greater than all of the guest speakers put together.

Not only at last Wednesday's program did the bedlam prevail, it has been brewing in all of the programs. But this week's was unforgivable. If you don't expect to respect your privilege, stay away from the next chapel. If you can act like college men and women—be there.

Judge For Yourself

In student assembly this week we were painfully reminded of the verity of Emily Dickenson's lines:

The show is not the show
But they that go.
Menagerie to me
My neighbor be.

Paper airplanes, loud whistling, booing, laughing, talking—sweet memories of childhood. The student body of our college is, perhaps, composed mostly of Peter Pan?—K. D.

"WHY DON'T YOU GET LOST?"

One of the first things a baby learns to do is to open its mouth and make a noise. It takes a little more intelligence to learn the great feat of flying a paper aeroplane.

Attendance at chapel is not compulsory. Some people might better spend their time at the Canteen or in Aggieville rather than exhibiting their ill breeding by disturbing people, who wish to enjoy the chapel program.—M. K.

On Other Hill

Men who wear suits on the University of Southern California campus are labelled "capitalists" by the school paper.

Now that girl truck-drivers are being issued licenses, won't it be fun to go home and tell the

little woman how you got pretty tough and had that truck driver in tears?

A recent editorial in the Michigan Daily did its work when it advised students to get their barber work done out of town until a 15-cent reduction was secured. Hair-cutting prices soon came down to 35 cents.

An organization among coeds who want to remain faithful to far-away lovers has been formed at Northwestern university. The men have retaliated with a similar organization, the members of which wear a bit of black crepe.

A real course in bluffing is being offered by professors in the English and history departments at the University of Washington. They believe that everyone has to learn to bluff some time in life and that college is as good a place as any.

A blanket tax plan to finance student activities at the University of Kansas was voted on by students recently. The plan, under which events now costing students attending a total of \$26.75, was favored by more than two-thirds of the students and will admit them to all activities for \$2.75.

A Nebraska university professor points to the fact that a package of Awgwans (humor publication) was left lying unguarded for two days in a college building without being disturbed, evidencing either the honesty of college students or a reflection on the quality of the publication.

With apologies to Joyce Kilmer:

I think that I shall never see
A "D" as lovely as a "B".
A "B" whose rounded form is best
Upon the pages of the blest.
"D's" are made by fools like me,
But only work can make a "B".
—Southwestern.

It has been asserted by tailors at the Oklahoma Agricultural and Mechanical college that men spend just as much time primping as the women, and are seen in beauty shops a great deal more than is admitted. While the girl sneaks modestly down town to make an addition to her wardrobe, the collegiate mister is spending his time inquiring of friends just which will be best for the coming months, light grays or tans. He spends the afternoons of several weeks down town browsing around trying on clothes, and then makes a few trips to the campus shops. By this time he has decided on what he wants and is ready to make a purchase.

Phog Allen of the University of Kansas, admittedly the best basketball coach in the country, has made an outstanding bid for unpopularity by his campaign against the whooping fans who dare to criticize officials. Tom Kiene of the Concordia Blade-Empire reminds Doctor Allen that he has surely forgotten that the average citizen believes the admission price entitles him not only to a seat but also to the right to fill the gymnasium with his vocal protests at any wrong done to the home boys. Losing either the seat or the chance to exercise his lungs, he may come to the conclusion that he might as well stay at home, listen to the game over the radio and holler at his wife.

The Snooper

For one week-end at least the Pi Phi's will not contaminate collegiate society on late dates. A national officer is coming to visit the wearers of the arrow and our local gals must put up a bold front, therefore it is useless to bargain for a late date.

Have the Kappas started smoking pipes?—A groundless report says that a certain Kappa placed a pipe of the saxophone form and garbage smelling type on the front steps of the Kappa house one night. Some boys, also connected with the pipe incident, returned the next day to claim the article and found it gone. Now the question is where has the pipe gone? The pipe was, according to the groundless reporter, strong enough to walk inside by itself.

Ned Kimball whose blundering carcass emits sweet words of joy and love to Ernestine Merritt has gradually been going Tri DeL—Why?—(quote) There just isn't enough competition at the Pi Phi house for me. (unquote).

The St. Pat Prom, the engineers delight, will bring Jean Calloway of the "Hi-De-Ho" Calloways into town with a torrid band to entertain those who attend this affair. A St. Pat and Ste. Patricia will be elected to represent the most heavenly-eyed engineer and the fairest of the opposite sex.

The weekly study hour held between 10:15 and 11 o'clock was slightly interrupted by dimmed lights and paper kites. The audience disgusted at the program started the engineer seminar tactics of throwing things. One person on the lower floor was lucky enough to extract a volume of Shakespeare's plays from the debris. Finer points on the program consisted of the seasons healthiest ramble from the southeast corner while the audience amused themselves making kites out of the score cards and applauding profoundly.

Poems owe their existence mainly to the need of filler for blank spaces—
Why have depressions in times like these,
When men say no, and ladies please—
With sliced allowances and small checks.
Those who ride go around in wrecks.
Every day the banks do burst.
Things going from worse to worst.
Patrick Henry II—Give me liberty or else some credit.
I'll stop—poems are so terrible hard to edit.

At The Theatres

AT THE VARSITY "Men Must Fight"

It's a war story, but it's war from an entirely different angle! Instead of emphasizing the glamorous side of war, it gives for the first time, a mother's attitude toward war.

Diana Wynyard, the new English actress, who after seeing her lover killed in the world war becomes an ardent pacifist. The story centers about the conflict that arises in the secretary of state's family when the Eurasian-American war breaks out in 1940. Phillip Holmes, the son, who has been brought up to hate war, is torn between his life long convictions and his American tendencies.

Girls will be interested in seeing what the fashion experts predict for the 1940 styles. The most spectacular scene is the bombing of New York by invading planes. You see the Empire State building the Brooklyn Bridge crumble to ruins before your eyes.

AT THE DICKINSON

"A Lady's Profession"

Allison Skipworth, Roland Young and Sari Maritza are starred in the current production, "A Lady's Profession" at the Dickinson Theatre.

Allison Skipworth, playing the comedy part of an English lady of ancient antecedents, comes to America to regain a fortune lost through the ignorance of her brother, played by Roland Young.

Coming to this country of rackets, the English "lady" is plunged into a life in a speakeasy and through various machinations, restores her wealth, marries her niece, Sari Maritza, to a millionaire's son, and then goes back to England.

The play is almost entirely low comedy. No thought is required to follow the plot or to figure the ending. Despite exaggerations, the dialogue is well done. The action in many places lapses, but on the

whole, the story skims through to a satisfactory conclusion. Skipworth, as the English aunt, plays possibly the best part in the show, while Roland Young, the younger brother, depicted as the exceedingly dumb Englishman follows closely. Lose interest is woven around Sari Maritza, who also does well. A good show for a pleasant afternoon or evening.

KEEPS HER BUSY TALKING

Miss Louise Everhardy Finds Her Talks on Art Are In Popular Demand

Miss Louise Everhardy, of the art department is nearly eligible for the public speaking department. She has given four talks on art during the past ten days.

On Tuesday, February 28, she spoke to P. E. O. members on "Symbolism in Indian Life." The meeting was at the home of Mrs. A. A. Holtz.

On Thursday, March 2, Miss Everhardy talked on "The Art of the Ancients" at the meeting of the modern art group of the Y. W. C. A.

"Flowers Along the Way" was the topic Miss Everhardy spoke on last Wednesday morning during the Housewife's half hour broadcast over station KSAC. On Wednesday afternoon she broadcast a talk on "The Pima Basket" during the national events hour.

INTEREST GROUPS SEE SEASON HALF ENDED

New Religious Thought in Europe Taken Up in Discussion Led by Dorothy MacLeod

The ideas of a young European whose philosophy and ideals are changing the religious thought of Europe were under discussion Thursday night in a Y. W. C. A. interest group, led by Miss Dorothy MacLeod, secretary. "Barthianism," as the movement is called, original-

ed in the "new Christianity" of Karl Barth, a young Swiss.

The interest groups are half over—three more will complete the spring series. The meetings are scheduled for 7:15 to 8:15 each Thursday night.

The Modern Art Group met with the A. A. U. W. group to hear Prof. John F. Helm, Jr., talk on "Prints and Print Making." Professor Helm explained an exhibit of modern work from New York now on display in architectural hall. Esther Wiedower read and discussed several one-act plays before the dramatics group. In the modern books group, Miss Gratia Burns of the modern language department, reviewed a biography.

Ruth Linscott led a discussion on "The Far East" in the international group, and other discussions were held on "The Job of Growing Up," led by Frances Rosser and "Pioneering in Charm," led by Viola Barron.

FARRELL AND GRIMES TO ECONOMICS COUNCIL

Kansas Chamber of Commerce Calls Conference at Topeka Next Monday.

President F. D. Farrell, and Prof. W. E. Grimes of the agricultural economics department, will attend a meeting of the economics council of the Kansas Chamber of Commerce, which will be held in Topeka, March 13.

SECRETARY ILL

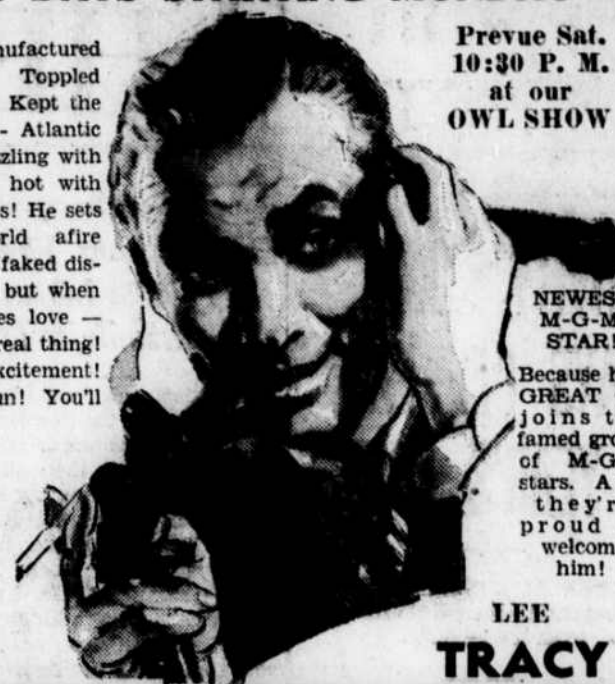

Miss Myrtle Zener, secretary to the vice-president, has been confined to her home for the past few days due to illness.

TRIO ENTERTAINS CLUB

A trio composed of Prof. William Lindquist, Prof. Edwin Sayre, and Mrs. James Daugherty, sang the third act of "Aida," before the Manhattan Women's club yesterday afternoon. The presentation was part of the program of the club, which was a study of the famous Verdi opera.

VARSITY

DANCING ON GLASS

ILLUSION.

In India, the fakirs present a spectacle to tourists. Two lovely performers break bottles and lamp chimneys before the eyes of the audience, and throw the jagged pieces into a box already filled with broken glass. They step barefooted into the box and do an Oriental dance in the glass without injury.

EXPLANATION:

The performers toughen their feet in a strong solution of alum water and thoroughly rub them with pulverized resin before they appear. They throw the freshly broken glass around the edges of the platform. The glass on which they actually do dance is very thick, heavy, and filed or ground so that the sharp edges are rounded off. The girls just pretend to dance on the sharp glass.

SOURCE: "Magic Stage Illusions and Scientific Diversions" by Albert A. Hopkins, Mann & Co., New York.

It's FUN TO BE FOOLED

...IT'S MORE FUN TO KNOW

One of the tricks of cigarette advertising is to pretend that "Heat Treatment" is an exclusive process, making one cigarette better than any other.

EXPLANATION: All cigarette manufacturers use heat treatment. It is a routine process of manufacture. The first Camel cigarette ever made was manufactured under the heat-treating

process. Every one of the billions of Camels produced since has received the necessary heat treatment.

Harsh, raw tobaccos require intensive processing under high temperatures. The more expensive tobaccos, which are naturally mild, call for only a moderate application of heat. Heat treatment never can make cheap, inferior tobacco good.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

This is the most important statement ever made in a cigarette advertisement. Weigh its words. Consider what it means. Then try Camels.

Camels are fresh... in the air-tight, welded Humidor Pack.

In Society...

ROLLED OAT

The twenty three prominent vodkateers—filled with detached pensiveness.

Ten of old Phi Delta Theta's paralytic pledges—rapidly organized—through a sense of sanitation and self preservation—into a brigade of moping moppers; in waking moments and hours of fitful sleeping—doefully dogging the footsteps of a newly acquired meddlesome mastiff—who really should know better—but just doesn't seem to give a darn!!

Wednesday's chapel—bedlam reigned and raucous razzberries ran riot—those in the first row heard—those in the second row saw—those in the great beyond neither saw nor heard—self defense was the common lot and 'twas great to be alive!!

And the sagacious scholar who so aptly replied to Miss Hostetter's question, "Where could one obtain a morgue story on Ralph Graham?"—"Meredith Manion, teacher, Meredith Manion—"

In the midst of aridness comes the Journalistic Questionnaire—"How many bottles of ginger ale and mixers have you purchased in the last year—if so—what brand—if so—how appreciated—if so—did your family know—if so—why??"—So wonder we—maybe they have heard the one on "Why is a bug?"—or "What's the difference between a duck?"

Our campus currency curiosity—Hal Poole—the much pursued—who even during the depansion (depression plus panic—get it?) pays braggadocio bets with dollar bills—too bad Blankenship so roughly refused those earnest late date efforts.

Comes a request for the publication of the name of Janet Murdock of the Wichita Eagle—Murdocks—which with no connection, however, just brings the reminder that the Phi Phis are having two telephones removed?

And when Harry Miller greets the answers of telephone queries with "Hello, you little ray of sunshine"—well, it's just the last straw!

Social Calendar

Friday, March 10

Phi Kappa
Weekend guests at the house were: George Wallerius, Salina; Philip Schneider, Beattie; Ed Kotapish, Blue Rapids; and Joe Kuffler, Parsons.
Leonard Zerell spent the weekend at his home in Ellis.
George Wallerius, Salina, visited at the house last weekend.
Leonard Zerell spent the weekend in Ellis.
Ed Kotapish, Blue Rapids, visited at the house Tuesday and Wednesday.
Joe Kussler, Paris, Ill., is a guest this week.
Alex Nigro, Clarence Reynolds, Francis Summers, all of Kansas City, will be guests at the house this weekend.
Raymond Whitehair, Abilene, is visiting Larry Froelich a few days this week.
Robert Pafford, Jr., Salina, and Ed Habiger, Bushton, will be guests this weekend.
Mrs. Ann Kiley, Phi Kappa housemother, will spend this weekend in Topeka.

Theta Pi
Theta Pi met Tuesday evening at the Presbyterian student home. Miss Helen Hostetter, of the department of journalism, gave an illustrated discussion of educational methods in China. Nancy Jane Campbell, Lakin, and Dorothy Taylor, Downs, played a viola and piano selection.

Phi Kappa Tau
Dinner guests Tuesday evening were Don Carr, Wichita, and Leonard Carrell, Topeka.
Frentis Willis, Manhattan, and J. A. Lowell, Glen Elder, were dinner guests Thursday evening.

Delta Delta Delta
Dinner guests Thursday evening were Elizabeth Smith, Kansas City, and Lily Lee, Hongkong, China.

Tau Kappa Epsilon
Tau Kappa Epsilon announces the pledging of W. R. Adair, Los Angeles, Calif.

Guests for dinner on Sunday included the following: Wayne Her-ring, Tulsa, Texas; W. R. Adair, Los Angeles, Calif.; Keith Casto, Hutchinson, and C. J. Crandell, Falls City, Neb.

Prof. L. W. Hartel of the physics department was a guest Thursday evening. Prof. Hartel gave a brief discussion on astronomy after dinner.

Kappa Kappa Gamma
The regular Pan-Hellenic meeting was held at the Kappa house Thursday evening. Peggy Parker, Hill City, was a dinner guest.
Actives were cleverly entertained Wednesday evening with a fashion

Phi Kappa Alpha

Phi Kappa Alpha held their annual Founder's day banquet Saturday at the house. The following alumni were present: Carl Berger, Irvin Hollingsworth, Carl Buening, and Hayden Phillips, Salina; Paul Swan, Washington; Arthur Scott, Pittsburg; Oscar Hardtarter, Lawrence; Melvin Cowan and Gordon Blair, Junction City; Thomas Hoffman, Otis Walker, and Gene Enlow, Topeka; Bert Hostinsky, Wilson; T. Taylor, Downs; Edgery and P. Nordin, Council Grove; John Hepler, Prof. R. I. Throckmorton, Dr. W. E. Grimes, Kenneth Chappell, O. R. Tackwell, H. E. Langford, Carl Isaacson, Manhattan.
Senior men's Panhellenic met at the house last night.

Phi Beta Phi

Formal initiation was held Saturday afternoon for the following pledges: Betty Miller, Salina; Kathleen Mallon, Anthony; Betty Harold, Sabetha; Malena Jane Berglund, Lindsborg; Ambrosia McClaren, Galena; Mary Kendall, Great Bend; Janet Murdock, Wichita; Jacquette Lawrence, Council Grove; Tella Hinshaw, Bennington; Vera Trusler, Junction City; Glenda Mae Hodge, Cherokee, Okla.; Jean Sullivan, Lucille Allman, and Mary Blackman, Manhattan; Eleanor Hart, Overbrook; and Voma Alcott, Colby.

Weekend guests were: Agnes McClaren, Galena; June Fleming, Council Grove; Margaret Havens, Herington; Margaret Ryan, Lawrence; and Eleanor Rose, Dodge City.

Mrs. R. W. Torrey spent Saturday in Enterprise. Tella Hinshaw and Jacquette Lawrence spent Sunday in Council Grove.

Mr. and Mrs. Baline Miller, Hays, were dinner guests Sunday.

Rosalind Almen spent the weekend in Kansas City.

Vance McClmonds is visiting at her home in Walton.

Lambda Chi Alpha

Lambda Chi Alpha held open house for the members of Delta Delta Delta, Tuesday evening.
Leonard Pike, Milford, and Glen Meredith, Junction City, visited at the house Wednesday.

Alpha Delta Pi

Alpha Delta Pi held formal initiation Wednesday evening for the following: Vona Wandling, Sharon Springs; Sarah Anna Grimes, Manhattan; Fern Henry, Salina; Amelia Kroft, Wilson; Amy Jasperson, Colby; Betty Deming, Manhattan; Peggy Parker, Hill City; Geraldine Lancaster, Parsons; Jane Swenson,

Phoenix, Ariz.; Margaret Patterson, Kansas City, Mo.; Ethel Irene Call, Mound Valley; Rose Skradski, Kansas City; and Lois Darby, Morrowville.
Doris aulson drove to El Dorado Thursday afternoon.

Van Zile Hall

Jessie Rowland, Clay Center, Margaret Jones, White City, Iola Meier, Abilene, and Elizabeth Jo Cates, Salina, spent last weekend at home.

Vera Thompson, Harveyville, and Juanita Shields, Lost Springs, spent last Sunday in Topeka.
Mrs. Nina Rhoades spent last weekend in Kansas City, Mo.

Miss Dorothy Barfoot, Miss Iva Welsh, and Miss Dryden Quist, were dinner guests Sunday.

Miss Bertha Barre was a dinner guest Monday evening.

The social committee has chosen March 25 as the date of the annual spring formal which will be a dinner dance.

Housemother's Club

Members of the Housemother's Club held their regular monthly meeting at the Tri Delta house Thursday afternoon. Hostesses were Mrs. Emma Passmore, Mrs.

Mervin Chafflin, Mrs. C. E. Reid, Mrs. Frederick Gordon, and Mrs. Henry Pehling.

Following the business meeting led by Mrs. R. W. West, president, the afternoon was spent in playing bridge. Mrs. Samuel Sheetz won the first prize for high score and Mrs. Arthur Evan won the consolation prize.

Acacia

Acacia entertained alumnae at a dinner Wednesday. Guests were Charles Logan, Dr. L. D. Bushnell, Red Meseke, Vernon Foltz, Dr. N. D. Harwood, H. L. Backett, Lincoln Lund, Dr. J. E. Kammeyer, Dr. J. T. Willard, R. E. Seaton, J. T. Roberts, Dr. J. H. Parker, Dr. R. J. Barnett, L. H. Dryer, Ray Corn, and Floyd Tempero.

Alpha Tau Omega

Dean Harris, Holdrege, Nebr., is a guest at the house this week.
Duke Watson was a dinner guest Sunday.

Sigma Nu

Sigma Nu fraternity had formal initiation Sunday morning for the following: Sheppard Smyth, St. Joseph, Mo.; Carl Paulson, El Dorado; Herbert Beeman, Hutchinson;

George Haynes, Abilene; Clarence Higdon, Kansas City; Arthur Tindall, Hutchinson; George Eicholtz, Abilene; and James Mayden, Junction City.

Alpha Delta Pi

Mary Jeffers and Susan Schumacher, Emporia, spent the weekend visiting Alce White.
Mrs. J. S. Parker and Mrs. E. E. Hedgepath, Hill City, visited Sunday afternoon with Peggy Parker.

Phi Delta Theta

Don Wyatt and Edwin Smith spent the weekend in Stockton.
Victor Croskey and Andy Anderson were in Kansas City over the weekend.

Cloveria

Clair Finney, Rocky Ford, was a Sunday dinner guest at Cloveria.
Kathryn Brannick, Junction City, is visiting Ethel Rosey.

Marje Blythe spent the weekend with Wilma Cook at her home near Larned.

Ethel Rosey, Junction City, was at home Saturday and Sunday.

Sigma Alpha Epsilon

Phil Jackson, Hutchinson, and Maurice Stauffer, Hymer, spent the

weekend at the latter's home, in Hymer.

Jack McClung was a dinner guest Sunday.

R. A. Zebald went to El Dorado Sunday.

Nelson Reppert spent the weekend in Delphos.

Alpha Gamma Rho

Weekend guests were Noel Wightman, Braymer, Mo.; Charles Kieferle and Orval Ihde, Hope; Glen Joines, Grand Junction, Colo.; and Joe Smercheck, Garnett.

Joe Knappenberger spent the weekend in Lincoln, Nebr.

Gene Sundgren went to Falun for the weekend.

Harry Coberly and Thomas Bond

visited in Gove over the weekend.

Lester Zerbe spent the weekend in Bazarria and Jim Quantie visited in Riley.

Adpha Gamma Rho announces the pledging of Horace Landown, Leavenworth, and Marcus Bergsten, Cleburne.

R. D. Spencer, Leavenworth, was a Thursday dinner guest.

Sigma Phi Epsilon

Fred Hunt, John Moss, and Charles Justice, Nebraska university, Lincoln, were weekend guests at the house.

Kage Benjamin, Wayne Thornbrough and Spencer Wyant spent the weekend with the latter's parents in Topeka.

TRACK STARS TO VIE FOR HONORS IN BIG SIX MEET

FIFTEEN WILDCAT ATHLETES
TO LEAVE FOR COLUMBIA
TODAY NOON

NEBRASKA IS DOPED TO WIN

Oklahoma Is Rated Second, With
Kansas State and Kansas
Favored to Fight It
Out for Third

Coach Ward Haylett and 15 men will leave today noon for the Big Six conference indoor track meet to be held at Columbia tomorrow. All the schools of the Big Six will be represented by full teams, 15 men being the maximum number each school is allowed to enter, according to a conference ruling.

Nebraska, the defending indoor champion, is highly favored to repeat its victories of the last three years, with Oklahoma rated second, Kansas State and Kansas university doped to fight it out for third and fourth, Iowa State fifth, and Missouri last. Many outstanding performers of last year are returning and quite a few new men have shown up well this season, so it looks as though the battle for places will be close in all events. Last year Kansas finished second to Nebraska, Kansas State was third, Oklahoma fourth, Iowa State fifth, and Missouri sixth.

The meet will have two outstanding stars who should turn in excellent performances. One of these is Glenn Cunningham, who showed his heels to Gene Venzke twice in eastern meets and who will attempt to repeat his victory of last year in the mile run. The other star is Heye Lambertus, Nebraska sprinter. Lambertus has beaten world records in the low hurdles and the 60-yard dash and is practically assured of victories in these events.

Kansas State men making the trip and the events in which they will compete are: 60-yd. dash—Goring, 60-yd. low hurdles—Schmutz, Spring, Breen, 440-yd. dash—Schmutz, Breen, 880-yd. run—McNell, Hostettler, Mile run—McNell, Landon, Nixon, 2-mile run—Pearce, Nixon, Landon, Shot put—Wertzberger, Pole vault—Schmutz, High jump—Roehman, Spring, Broad jump—Kreen, Kennedy, Bliss, Mile relay—Bliss, Hostettler, Darnell, Castello.

Knappenberger, who had been counted on for points in the low hurdles, recently pulled a leg muscle and will not be able to compete. Booth will not make the trip because of a bruised heel. He is a promising pole vaulter and dash man.

Men's Intramurals

The volleyball season is now in its second week, and the teams are beginning to string out in the standings, according to Prof. L. P. Washburn, head of the physical education department and director of intramural athletics. Games won will count 18 points for the winners, while the losers will receive six; there can be no ties under the present rules.

This week's volleyball results: Monday—Sigma Alpha Epsilon 40, Phi Kappa Tau 29; Alpha Tau Omega 40, Phi Lambda Theta 21; Aggie Knights 40, Tau Kappa Epsilon 4; Kappa Sigma 40, Lambda Chi Alpha 28.

Tuesday—Delta Tau Delta 40, Phi Kappa Alpha 7; Sigma Alpha Epsilon 40, Theta Xi 14; Sigma Phi Epsilon 40, Phi Delta Theta 24; W. F. A. C. 40, Alpha Kappa Lambda 6; Delta Sigma Phi 40, Alpha Rho Chi 27.

Schedule for tonight—Alpha Kappa Lambda vs. Phi Delta Theta, 7:00 o'clock, east court; Delta Tau Delta vs. Alpha Rho Chi, 7:00 o'clock, west court; Sigma Phi Epsilon vs. Phi Kappa Alpha, 7:45 o'clock, east court; Delta Sigma Phi vs. W. F. A. C., 7:45 o'clock, west court.

Intramural standings of the first ten organizations and their points to date are as follows: Delta Sigma Phi, 668 points, first; Phi Kappa Tau, 600 points, second; Delta Tau Delta, 571 points, third; Alpha Gamma Rho, 561 points, fourth; Sigma Alpha Epsilon, 558 points, fifth; Aggie Knights, 508 points, sixth; Kappa Sigma, 478 points, seventh; Lone Stars, 449 points, eighth; Sigma Phi Epsilon, 435 points, ninth; W. F. A. C., 426 points, tenth. There are about thirty fraternities and independent organizations competing in intramural sports.

Thursday night's volleyball scores were as follows: Lambda Chi Alpha 1, Tau Kappa Epsilon 0, forfeit; Alpha Tau Omega 40, Alpha

Gamma Rho 24; Phi Kappa Tau 40, Theta Xi 35; Sigma Alpha Epsilon 40; Phi Kappa 15; Kappa Sigma 40, Phi Lambda Theta 16; Lone Stars 40, Farm House 21.

TANKMEN TO NEBRASKA FOR BIG SIX SWIM MEET

Coach C. S. Moll to Enter Seven
Men in Fight for Confer-
ence Championship

Seven Kansas State tankmen, accompanied by Coach C. S. Moll, will leave at one o'clock today for Lincoln, Neb., to enter the Big Six swimming meet.

Six members of the team have been named by Coach Moll and the seventh place will be filled by either L. B. Izard or E. A. Perez. If Perez goes he will enter the 60-yard dash and possibly the medley relay, besides the free-style relay.

Bob Chambers will be entered in the medley relay, diving, and the free style relay. Stuart will swim the 50-yard and 100-yard dashes and free style relay.

L. E. Murphy will be entered in the 50-, 100-, and 220-yard dashes. Ray Steele will swim the backstroke and in the medley relay. Joe Creed will be entered in the 100- and 220-yard dashes and possibly the 50-yard dash.

This meet is the second one of the season for the Wildcat tankmen. They were defeated by Nebraska university earlier in the season.

Drawing for the meet will be made at 9 o'clock tomorrow morning. The preliminaries will start at 10 o'clock with the finals scheduled for 3:30 in the afternoon.

Women's Sports

The sophomore class won the women's class basketball championship by defeating each of the other classes in the tournament held this week.

Scores of the games were as follows: Juniors 35, Freshmen 13; Sophomores 21, Seniors 6; Freshmen 15, Seniors 12; Sophomores 17, Juniors 14; Sophomores 28, Freshmen 14; Juniors 19, Seniors 7.

Class teams were chosen from the best intramural basketball players. Each girl making the class team and playing in the tournament receives 50 W. A. A. points in addition to intramural points.

ONLY TWO MATCHES IN FROSH MAT MEET LEFT

Numeral Winners in All Except the
155-Pound and Heavyweight
Classes Decided.

Finals in the freshman elimination wrestling tournament to determine who will receive numeral sweaters have been completed in all except the 155-pound and heavyweight classes. These two matches will be run off this afternoon. The winners must also pass twenty-four hours of college work to receive the sweaters.

The winners in each weight are as follows:

118-pound class—W. J. Sherar, Latham.

126-pound class—E. P. Marx, Manhattan.

135-pound class—E. E. Howe, Stockdale.

145-pound class—L. W. Butler, Independence.

155-pound class—Winner of the L. M. Davies versus Loyal Van Doren match.

165-pound class—Bob Kirk, Scott City.

175-pound class—H. H. Stark, Wellington.

Heavyweight—Winner of the M. C. Kohrs versus C. D. Griffing match.

OPEN HOUSE VISITORS WILL BE 'TELEVISIONED'

Subject May See His Own Image
On Screen Just as Shown in
Receiving Set.

Open House visitors will find a television set ready to broadcast their faces. The subject will stand before a battery of lights, a scanning disc will catch the light reflected from his face, other mechanism will throw it out on the air, and a receiving set in the room will pick up the waves and portray the face on the screen.

It now appears certain that this development will be ready for Open House for, as H. H. Higginbottom facetiously said, "We are working night and day for the advancement of science."

Higginbottom and L. C. Pasley are working on a new phase of television—animate object transmission.

ANOTHER HOLIDAY PARTY

Congregational Students to Hold
Parody Party.

A bread line will feature the bank holiday party to be given for the Congregational college students in the church at 7:30 this evening. The gathering, aimed to relieve the strain which financial difficulties have brought to many, will parody recent developments.

CHANGE PLAY DATE
The Manhattan Theatre company play, "Down South," which was scheduled for last night and tonight has been postponed until Friday, March 24. Tickets bearing the previous dates will be honored March 24.

AGS TURN OUT TO ANNUAL SMOKER HUNDRED STRONG

Alpha Zeta Holds Get-Acquainted
Gathering for Members and
Eligible Students.

Alpha Zeta, national honorary agricultural fraternity, held its annual smoker in the community house downtown Tuesday night. Approximately 100 members and agriculture students attended.

L. A. Wilhelm, graduate student from Arkansas City, was master of ceremonies. Talks were made by Prof. J. B. Fitch, head of the department of dairy husbandry; Prof. R. M. Green of the department of agricultural economics; Prof. R. F. Cox of the department of animal husbandry; and Prof. R. I. Throckmorton, head of the department of agronomy.

Special music was furnished by the Collegiate 4-H club and by David Crippen, Council Grove, who played a piano selection.

The purpose of the smoker is to acquaint members of Alpha Zeta with those agriculture students who are scholastically eligible for membership in the organization. Glenn S. Fox, Rozel, is chancellor of the fraternity.

ATTEND ART EXHIBIT

Representative Group Goes to Wich-
ita for Art Meeting.

Prof. H. E. Wichers and Robert Lockard of the architect department; Roy C. Langford, instructor in the department of education; and Clifford Black, Hutchinson, attended the exhibit and lecture sponsored by the Wichita branch of the Kansas State Federation of Art, at the Lassen hotel, Wichita, Friday evening.

Paul Gardner, director of the Nelson Art Gallery, Kansas City, spoke before an enthusiastic audience of over three hundred people on contemporary art. In his discussion he reviewed the outstanding painting and sculpture of the western world since 1910. The exhibit was an unusual collection of paintings and water colors, all the property of Wichita people.

SEVEN-COME-ELEVEN IS THEME FOR DIME DANCE

Fennies Will Pop Up for Tomorrow
Night's Frolic Under
Y. W. Y. M.

In view of the frozen assets in banks, due to the "holiday," a "Y. Come 11" Y. M.-Y. W. dance party is planned to take the place of the regular dime dance tomorrow evening, beginning at 8:30 o'clock.

Stags and does will pay 11 cents while dates will only be charged 14 cents instead of the usual 20 cents. Although a special program has not as yet been formulated, Fred Hill, Huntington, W. Va., program chairman, has suggested that individuals will be given numbers and for several dances men and women bearing the same number will be able to dance uninterruptedly, without fear of being "cut in."

ENTERTAIN TOPEKA CLUB

Miss Alice Jefferson, pianist, and Max Martin, violinist, of the department of music, furnished special music for the Topeka Woman's club at 11 o'clock last Thursday morning.

GOSPEL TEAM TO ONAGA

A gospel team composed of Alice Bozarth, Bessie Jacobus, Gladys Paulsen, Ralph Brindle, Martin Keck, and Ralph Van Camp will visit the Congregational church in Onaga Sunday evening.

Mrs. May Brewer, Mount Hope, will arrive Saturday to visit her daughters, Veva and Kay.

402 Poyntz

DOZEN CHOSEN NOMINEES FOR PAT, PATRICIA

(Continued from page one)
program, which consists of musical numbers by the engineers, has been arranged. A male quartet composed of engineers will sing. The college orchestra will play and there will be a trumpet trio composed of V. A. Elliott, McPherson; A. R. Elliott, Stafford; and T. B. Haines, Casper, Wyo.

Round Up the Exhibits

Students and faculty members of the engineering division are working hard this week in preparing for the "Biggest and Best" engineers' open house. Contacts are being made with large corporations for interesting and educational exhibits which will enable the public to better understand manufacturing and uses of newly invented appliances.

The engine house is being decorated, so to speak, such as is seen at open house. An electrical sign now hangs above the door of the electrical laboratory. New noiseless burners are being installed in the mechanical laboratory under the test boilers in order that visitors may see boilers operating to the best advantage.

Show How Dial System Works
One of the most used commodities, the automatic telephone, will be fully explained by students who have made a special study of automatic relays. Toy trains will be controlled by telephone. Visitors will be able to paint light pictures upon the wall by means of the "grid-glow" ball. The civil engineering department will have models of intersections with traffic to pass with cars crossing on the same level and also models of the latest types of bridge designs. Every person who passes through the doors of the engineering building during open house will be counted by the "photo-electric" eye which records on an electric sign the number of times the light stream has been broken.

To top off this gala event will be the St. Pat prom with Jean Calloway and her Victor recording orchestra in Nichols gymnasium Saturday night.

BRUSH UP ON THE NEW COSMETICS THIS SPRING

Fashion Trends Another Topic for
Home Economics Club
Meeting.

"Spring Fashion Trend" will be the subject discussed by Miss Alpha Latzke, associate professor in the department of clothing and textiles, at a meeting of the Home Economics club, March 16.

Harriet Swan, Washington, and Florence Melchert, Ottawa, will talk on cosmetics.

ACTIVITY FEE IS DUE GRILLING IN FORUM THURSDAY

"WHAT AND WHY" OF CHARGE
WILL BE EXPLAINED AT
OPEN MEETING.

CHANCE FOR ALL TO TALK

Ahearn, McCord and Davis to Tell
Facts—Faculty and All Members
of S. G. A. Are Invited
to Attend.

Opinions of students will be heard as to whether or not they wish the activity fee continued, in an open forum Thursday night, March 16 in recreation center. Announcement of the meeting has been made by N. F. Morehouse, chairman of the project committee of Dynamics, which sponsors the forums.

The question "The Activity Fee—What and Why" is the outgrowth of a demand of students as to where their money goes.

Preceding the open discussion, three persons familiar with the fee's use will discuss three phases. Prof. M. F. Ahearn, head of the department of athletics, will consider the fee from the standpoint of his department.

Hal McCord, a member of the budget committee, will tell of the difficulties encountered by his committee because of the great increase in the number of exemptions this semester.

Prof. H. W. Davis, senior faculty member of the budget committee, will discuss the history of the activity fee here at Kansas State, and its uses.

Announcements of the meeting are being sent to all students who are members of the Student Governing association, that is, all those who paid their activity fee for the spring semester. Faculty members are also welcome to attend.

TALK ON HEAVENS WILL BE OPEN TO STUDENTS

Planetarium Lecturer Is On Program
for Kansas Academy of
Science in April.

An illustrated lecture on "Architecture of the Heavens" by Dr. Philip Fox, Chicago, will be one of the meetings in which students will be interested when the Kansas Academy of Science convenes here in its 65th annual session April 13-15.

Doctor Fox, who lectures frequently in the famous Planetarium in Chicago, is a former Kansas State student. The public will be welcome to hear him Friday evening, April 14. His address is being financed by the Science club and Sigma Xi.

Prof. G. E. Johnson, of the department of zoology, is secretary of the academy and is in charge of the program. Prof. L. E. Melchers of the botany department, has charge of arrangements for the meetings.

Dr. Paul B. Lawson, of the Kansas university faculty, will speak on "Spiders," Thursday evening. Doctor Lawson is dean of men at the university.

Other sessions which will be along general lines and therefore of interest to the public will be on Friday and Saturday mornings. Friday afternoon will be given over to sectional meetings for the various sciences. Saturday afternoon the Kansas Entomological society will hold its meeting, as will the Junior Academy of Science, which consists of various affiliated high school science clubs over the state.

At the annual banquet, Friday evening, Dr. Robert Taft, of Kansas university, will give his presidential address, "Old Photographs." This will be a brief illustrated review of photography.

MUSIC TEA ON WEDNESDAY

College Musicians Will Play at
Club Guest Meeting and Tea.

The Manhattan music club will hold a guest meeting and tea Wednesday evening at 8 o'clock in the Presbyterian church. The program will be given by Miss Marion Pelton, organist, assisted by Mrs. Lillian Daugherty, soprano; Prof. William Lindquist, baritone; Catherine Colver, flutist; and Miss Ruth Hartman and Miss Alice Jefferson, accompanists.

The program is in five groups.

SPRING GARDEN GOES IN AS HEAT PROJECT

Hotbeds Are Specially Constructed
for Experiment by Logan
and Balch

Tomatoes, cabbages, and lettuce are some of the plants which will be grown in an experiment being conducted by Prof. W. B. Balch of the horticulture department and Prof. C. A. Logan of the agricultural engineering department.

These vegetables are being planted this week in specially constructed hotbeds. The hotbeds are heated by electricity, by steam, or by heat from flues. Comparison of the efficiency in operation and expense of these three types of hotbeds will form the basis of the experiment.

GREEKS EXEMPT FROM PAYING BACK TAXES

Senate Passes Bill Exempting Organizations at K. U., K. S., and Baker From 1930-31-32 Taxes.

Fraternities and sororities at Kansas State college and Kansas and Baker universities will not have to pay back taxes if a bill passed by the senate last week becomes a law. The bill which is now pending further action, states that 1930, 1931, and 1932 taxes imposed on fraternities and sororities will be remitted or canceled.

The organizations of the three colleges recently lost a suit in the supreme court to prevent county officials from placing their property on the tax rolls.

The property of college and university Greeks in Riley and Douglas counties was included on the tax rolls for three years while that of similar societies in other counties was not, according to the preamble to the bill introduced by the assessment and taxation committee.

Property of Kansas sororities and fraternities was not taxed before 1930.

EMPORIA EVENT DRAWS FROM ALL OVER STATE

Delegation Enjoyed Intercollegiate
Conference On Economic
Problems.

Seven students and four faculty members represented Kansas State at the Kansas Intercollegiate Economic conference held at Emporia this weekend. Approximately 300 delegates attended—50 from Emporia Teachers and College of Emporia and 250 from other schools all over the state of Kansas. It had been expected that the bank holiday would lower the attendance.

Those who attended from here expressed much pleasure at having attended and commented upon the success of the conference.

Professor W. E. Grimes of K. S. C. gave an address before the entire assembly Friday night, on "Revolt in the Midwest." Round tables Saturday morning were concerned with the farmer's plight, religious organization, economics of war, education for the mastery of machines, world economy, invisible government in a democracy, and economic insecurity.

Speakers included Dr. Charles M. Sheldon, Topeka; Dr. W. O. Mendenhall, president of Friends University, Wichita; Prof. F. R. Niehaus, Washburn, and other Kansas leaders.

The delegates from Kansas State were Dr. W. E. Grimes, Dr. A. A. Holtz, Dr. Dorothy Triplett, Miss Dorothy MacLeod, and the following students: Mary Alice Schnacke, Le Crosse; Jean Scheel Emporia; L. G. Langston, Hutchinson; Geraldine Grass, La Crosse; Esther Row, Larned; Ellen Payne, Manhattan; and Charlotte Buchanan, Clay Center. The conference was sponsored by student Y. M. C. A.'s and student Y. W. C. A.'s.

SECOND VESPERS FOR LENT

Episcopalian Students and Pastor
Are Sponsoring Services.

The second of the series of Lenten vesper services led by the Rev. W. A. Jonnard will be held Tuesday at 5:05 o'clock in Calvin 55. There was a good attendance at the first of the Lenten vespers, which are sponsored by Wise club, student organization of the Episcopalian church. The public is welcome.

WHITNAH WILL SPEAK

"Milk Sugars" is the subject of a talk to be given by Prof. C. H. Whitnah at a meeting of the Kansas State section of the American Chemical society, March 21. The meeting will be held in room 26, Denison hall, at 4 o'clock.

CO-EDS NO IDOLS FOR HOME GIRLS REPORTER FINDS

HIGH SCHOOL SENIOR TELLS
WHAT SHE THINKS OF
COLLEGE WOMEN

DRESS, BEHAVE NO BETTER

Sororities, Fraternities Stressed Too
Much; College-Town High
Schools Have to Pay in Athletics
and Practice Teachers

(Interview by Collegian Reporter)
Co-eds at Kansas State may think they are "world-beaters" in the eyes of their home town high school girls, but at least one senior high school lass thinks that the appearance of college students is not, on the whole, much better than that of the high school students, and that their behavior is not as good.

Leaning leisurely back among the pillows on the davenport, this Manhattan high school girl told me that, given the same amount of money, the high school girl dressed as well as the college co-ed without attempting to copy her styles. High school students, she said, acquire good taste in dress from their homes and from fashion magazines.

Having a college in the same town doesn't better the behavior of the high school students, said this college town girl.

"Trying to copy college students," she declared, "doesn't improve their personality any. They aren't 'specially good examples.'"

Despite the lack of influence of co-eds on the high school girl, this senior feels that the high school and college are closely connected because the college students and teachers speak to the high school students so often.

Scores the Practice Teachers

"What about the college students who come down to practice teaching?" she was asked. She straightened up and a spark of indignation shone in her eyes. "There are lots of advantages and lots of disadvantages in going to high school in a college town," she asserted, "but everyone thinks practice teachers are the greatest disadvantage!"

"Another disadvantage of having to attend high school in a college town," she went on, "is the fact that going to college seems to be just another step in one's education. You grow up with the idea that you will never amount to anything if you don't go to college, while, in other towns, it is considered an advantage to go to college."

Athletics Have a Protest, Too

The college "ruins things" in sports, too, she has concluded. This senior maintained that it is impossible to have the support of the townspeople for high school sports in a college town. Everything in (Continued on page four)

SALES DEADLINE SATURDAY

Sororities Must Have Orders for
Royal Purples in March 18
to Count in Contest

Entrants in the 1933 Beauty Contest should reach a maximum number this year. Sorority girls have been stopping students on the campus to sell them Royal Purples. These same organizations have sent representatives to the homes of possible buyers to induce them to buy the yearbook. One sorority reports eligibility for one contestant and possibly two.

The time allowed for entrance in the contest will end Saturday, March 18.

Several fraternity, departmental, and group pages have been sent to the engravers, the editor, Franklin Thackrey, said. Snapshot pages will be sent in soon, so pictures for that section must be handed in immediately.

Thackrey and Steve Vesecky, business manager, spent Thursday in Kansas City discussing plans with the engraving and printing companies. In going over the dummy, the editor tentatively reduced the number of pages from the number in last year's book. Some organizations and departments have had their usual space reduced because they have not been paying the cost of their pages in the book. This year the Royal Purple is being planned so that there will be no indebtedness at the end of the year.

SCHOLARSHIP TO TALBOT

Riley County 4-H Boy Wins Annual
Union Pacific Award.

The agricultural college scholarship offered annually by the Union Pacific railroad has been awarded Oran Talbot, member of the College Hill 4-H club, it was announced recently.

The award, which carries with it the citation for outstanding work in the 4-H club, stipulates a sum toward college expenses.

Talbot was president of his club last year, has been taking leadership work, and is reporter for the Riley county 4-H council, in which he has had an active part.

He has been on several demonstration teams in his club, and as representative of his county. He was on the Riley county judging team and the seed potato demonstration team at the 1932 4-H club roundup at Kansas State college, the grasshopper demonstration team which performed at the Kansas Farmers Produce day in Lawrence, and the county poultry judging team at the Topeka fair in 1931.

WOMAN FOR FORUM, TOO

Wife of Dr. Samuel Higginbottom
Will Tell of Her Work in
India.

Mrs. Sam Higginbottom, wife of the only American upon whom Princeton has conferred the degree of doctor of philosophy, is to accompany Doctor Higginbottom on his trip here when he will speak before the World Forum, Friday, Saturday, and Sunday, March 24, 25, and 26. This fact was disclosed in a letter received Monday, March 13, by "Doc" A. A. Holtz, secretary of the Y. M. C. A.

Mrs. Higginbottom is active in women's work in India while Doctor Higginbottom is engaged in the educational, evangelistic, and medical phases. They have aided the Calcutta university commission in gathering material for the British government concerning India's relation to the government.

Both are well known speakers and will talk on subjects concerning the welfare of India, and India in relation to present social and economic trends. Mrs. Higginbottom will discuss the women's phase of life in the Indian communities and explain changes in the social status of women.

PHOTOGRAPHS OF CAMPUS AMONG HANNA DISPLAY

Night-Blooming Serus Is Subject
of One Work Being Shown
in Illustrations.

With his "Photograph of Some Night-Blooming Serus" as his outstanding print, F. J. Hanna, head of the department of illustrations, displayed his photographic prints at the March meeting of the Camera club, Wednesday evening.

Mr. Hanna had photographs of the campus and an unusual one of a private garden. George Wiley, assistant to Mr. Hanna, displayed a collection of prints which were loaned to him for the occasion, and which were taken in Europe 80 or 70 years ago.

Members of the club, with R. C. Langford of the education department as leader, discussed the prints, and it was decided to place them on exhibit in the illustrations building until the end of March. Hereafter, it will be the policy of the club to place the photographs discussed in meeting on display until the end of the month.

The next meeting of the club will be April 13, when E. J. Wimmer, of the zoology department, will present his prints for discussion.

The Camera club is now planning to make a collection of old photographs of the campus and of Manhattan, and will be glad to have anyone who knows of some, to report to L. R. Quinlan, of the horticulture department.

MARY MEYER A VISITOR

Miss Mary Meyer, 29, visited Kansas State Saturday, March 11. She has been teaching history and mathematics in the Hutchinson high school for the last three years. Miss Meyer was graduated in the general science division. She expects to spend this summer at Columbia university.

Miss Myrtle Zener, secretary to Dr. J. T. Willard, vice president of Kansas State returned to work Friday, March 10, after an absence on account of illness.

Edith Webber, Waterville, went home to undergo treatment for an affected ear.

STAFF TO BE SELECTED

Engineering Publication Staff Nominations Due

The engineer managing board is announcing that nominations are open for staff positions on the '33 and '34 Kansas State Engineer. Although the board makes the final choice, each nominee will be given fair consideration, said M. H. Davison, Manhattan, the present editor. The new staff will put out the final edition of the Engineer for the year.

SPEAKS TO CHURCH GROUP

Dr. Randall Hill Talks on Christianity and Social Order

"Christianity and a Changing Social Order" was the subject of a talk given by Dr. Randall Hill of the department of sociology for the college young people group at the First Christian church Sunday evening. An open forum discussion followed the talk. Dr. Hill is the first of a number of college professors who will speak before the group during the next few weeks.

JUDGE BY DIFFICULTIES

Helm Says Prints Can Be Evaluated
Only by Understanding of
Limitations

"In order truly to appreciate a picture, you have to understand the limitations under which the artist worked," Prof. John F. Helm, Jr., of the architecture department told listeners at his lecture on prints and print making March 9. "Then, you can, by studying the picture decide for yourself," he continued, "whether the artist has brought out its full possibilities within the limitations set by the medium he has chosen."

Herein lies the distinct advantage for Mr. Average Man in knowing how the different prints are made and what the artist has to contend with in creating his picture, Professor Helm said.

He explained how the various prints—engravings, etchings, drypoints, soft grounds, wood cuts, linoleum blocks, lithographs—are made, illustrating his lecture with examples from the American Print Makers exhibit now being shown in the gallery of the architecture department.

"One thing I want to stress," he went on, "Don't judge a print hurriedly. Don't walk into a room and say, 'Well, I don't like this one!' and that one surely looks queer! Judge the print by remembering how it has been made—and remember that it takes time to decide what's really in a print."

COSMO CLUB PLANS DINNER GATHERINGS

Members Will Gather First and
Third Thursdays of Month
at Cafeteria

To increase the number of meetings and to give members who are unable to come to regular meetings a chance to get together on informal grounds with the rest of the organization, the Cosmopolitan club voted to have two dinners a month to be held the first and third Thursdays of each month. The vote was taken at the regular meeting held Thursday, March 9.

The first of these dinners will be held this Thursday, March 16, at the college cafeteria at 6 o'clock. The plan is for each member to order his own meal as usual, and all members will sit at the same table. There may or may not be a program, just as the organization may wish. This will be the first time this will have been tried on the Kansas State campus.

The program of the March 9 meeting which was held in the Franklin hall consisted of extemporaneous speeches on subjects chosen by Eugene Kell, program chairman.

Miss Louise Chalfant, president of the organization, announced that constitutional revisions would be discussed at the next regular meeting, March 23, as well as the Cosmopolitan students' loan fund. A Filipino night is being planned to be held Saturday, March 25, of which all Filipino student members will be in charge.

WRESTLERS MEET SALINA

Last Meet of Season Here
Wednesday

Kansas State matmen will have their last meet of the season next Wednesday, March 15, when they will meet Kansas Wesleyan university from Salina in a return match here.

In an earlier meeting of the two teams the Wildcats won 36-0. A tournament to pack the men to represent Kansas State against the Salina team started yesterday and will be completed Monday.

The meet will be held in Nichols gym and will start at 7:30.

BLACKMAN, LAUTZ NAMED NOMINEES FOR Y. W. HELM

LIST RELEASED LAST NIGHT
NAMING CANDIDATES
FOR 1933-34.

ELECTION WILL BE THURSDAY

Vice-Presidential Candidates Chosen
Are Mayrie Griffith and
Ruth Langenwaller—"Unusually Strong Ticket."

Nominations were announced last night for the Y. W. C. A. election, which will be held Thursday, March 16, in recreation center.

Barbara Lautz, Amarillo, Texas; and Dorothy Blackman, Manhattan, are the candidates for president.

Mayrie Griffith, Topeka, and Ruth Langenwaller, Wichita, are nominees for vice president. The two chosen to be voted on for secretary are Ruth Gresham, Manhattan, and Margaret Elizabeth Green, Pratt. Candidates for treasurer are Evelyn Braden, Wichita, and Harriet Reed, Holton.

These nominees, who were selected with the help of the entire Y. W. membership, have all had experience in Y. W. work. Dorothy Blackman has held the office of treasurer during the present year. Barbara Lautz has been secretary during the present year and has served as chairman of the international group.

Mayrie Griffith was chairman of Aggie Pop. Ruth Langenwaller was chairman of the industry group first semester and second semester, chairman of the group studying modern art.

Both candidates for secretary have worked on the freshman commission this year. Margaret Green is president of the commission, and Ruth Gresham is publicity chairman.

Harriet Reed has done college sister work (formerly known as big and little sister), and has been working on the "world forum" committee. Evelyn Braden is a member of both the membership and the finance committees.

Other cabinet members will be chosen later. Girls who are interested in Y. W. work and in training for executive positions are invited to have an interview with Dorothy MacLeod, secretary of the Y. W. C. A., sometime this week. Experience is not necessary, just willingness and interest.

In speaking of the nominees for president, vice-president, secretary, and treasurer, Miss MacLeod said, "I believe that we have an unusually strong ticket to choose from this year."

WEEK EVENTFUL FOR GRADUATE STUDENTS

Reports Due March 15 on Candidates for Master's Degrees
in June

This week is an important week for candidates for master's degrees. On March 15 all major instructors will make a report on those working under their direction.

They will state whether they think the candidates will be able to complete their work by the end of the semester.

Candidates whose work is reported unfavorably for receiving their degree at that time will not have another opportunity until the close of summer school.

HOLIDAY NO BOTHER AT ALL

Everything Progressed as Usual in
Cafeteria Schedule

Students who were depending on the college cafeteria for their daily bread encountered no difficulties while the bank holiday was on. The cafeteria accepted the checks of their patrons for the exact amount, to hold until the holiday was over, and many who had meal tickets had no trouble at all. Everything progressed as usual, the same customers eating there regularly, the management said.

KANSAN EDITOR COMING

Journalists Will Hear W. A. Bailey
Thursday Afternoon

W. A. Bailey, president of the Kansas Press association and editor and manager of the Kansas City Kansan, will speak in journalism lecture Thursday afternoon.

KAPPA SIGMA VOTED BACK TO PAN-HELLENIC

Re-Instatement Comes After Suspension for Violation of Rushing Rules

Kappa Sigma's petition for re-instatement into the men's Pan-Hellenic council was accepted by nearly unanimous vote at the regular meeting of the council held at the Pi Kappa Alpha house last Monday night.

The fraternity was expelled from the organization on alleged violation of a Pan-Hellenic rushing rule last September. Full re-instatement will take place at the next meeting of the Pan-Hellenic council to be held at the Sigma Phi Epsilon house March 20.

BAILEY, HERE LAST TERM FEARED KILLED IN QUAKE

Kappa Sigma Pledge Was Known
to Be at Long Beach, Calif.;
Known Facts Tally

The name of Warren Bailey, enrolled at Kansas State as a junior in architecture last semester, was included in the list of earthquake casualties at Long Beach, Calif., Friday night. Absolute confirmation of the K. S. C. student's death has not been received here but friends of Bailey feel certain he is the person concerned. It is known that he was in Long Beach at the time of the disaster and his age was the same as that given in the news dispatches.

Bailey was a pledge of the Kappa Sigma fraternity. He was a student at Wentworth Military school before coming here. His home was in New Hampton, Iowa.

STATE VOCATIONAL AG ASSEMBLY HERE IN MAY

Thirteenth Annual Meeting Scheduled for May 1
and 2

Kansas high school students in vocational agriculture will meet here for the thirteenth annual high school judging contests May 1 and 2. The fifth annual meeting of the Kansas Association of Future Farmers of America will be held at the same time.

Tours of the college campus and college farms will be arranged for the visitors by Prof. W. E. Grimes, head of the department of agricultural economics. K. S. Ford, alumni secretary, is in charge of housing arrangements for the visitors. As in former years, cots will be placed in Nichols gymnasium for those visitors desiring to stay there.

Individual and team awards will be made on the basis of proficiency in judging all four of the following groups: (1) beef cattle, horses, hogs, and sheep; (2) dairy cattle; (3) grain; (4) poultry. Prizes will also be awarded to high individuals and team in each of these four contests. Each team in these contests will consist of three students.

No individual or team is eligible for these contests that has previously competed in any judging contest of state-wide or national importance, and no individual or team is eligible that has inspected or worked on college livestock within 10 days previous to the contest.

College faculty members supervising the competitions are Prof. L. F. Ayne, head of the department of poultry husbandry, in charge of the poultry judging contest; Prof. R. I. Throckmorton, head of the agronomy department, in charge of the grain judging contest; Prof. B. Fitch, of the department of dairy husbandry, in charge of the dairy cattle judging contest; and Dr. C. W. McCampbell, head of the department of animal husbandry, in charge of the animal husbandry contest.

In addition to the judging contests, farm mechanics contests will be held. These are divided into two sections, an agricultural engineering section of which Prof. F. J. Zink of the department of agricultural engineering is in charge, and a shop practice section of which Prof. E. C. Graham of the department of shop practice is in charge. The agricultural engineering competition will consist of the timing of a single cylinder gasoline engine, the mixing of concrete and casting of a beam using steel reinforcement, and of the proper identification of parts of 1933 plows, disc harrows, and drag harrows.

The shop practice competition will consist of welding; identification of samples of wood, metal, hardware, and other articles in common use; and a test of skill by a series of operations on a piece of wood, requiring the skillful use of about five common tools.

FINAL TOUCHES TO OPEN HOUSE AS DATE NEARS

EACH DEPARTMENT WILL
HAVE ITS EXHIBITS FOR
PUBLIC TO SEE.

WHOLE HALL A SHOWPLACE

Television, Pictures in Light, Frying on Ice Are Few of Unusual
Sights for Weekend Event
of Engineers.

"What's new and different" in engineering will be shown at the 13th annual Engineers' Open House, March 17 and 18. Students and faculty members are working overtime devising exhibits and novelties that will entertain as well as instruct.

On the basement floor of the engine house will be shown the exhibits of the electrical division and part of the exhibits of the civil engineering department. The exhibits will show how blue prints are made and will explain the different processes in the making.

Fry Frankfurters on Ice

The electricals' array will take most of the room on the down floor. In the west wing will be found the electrical laboratory which will be the home of the many novel displays being arranged. Frankfurters will fry on ice, a wooden man will dance the jig, and a wireless lamp will be burning there along with the other novelties. In addition to these displays will be the demonstration of the dynamos and the equipment used by the students in electrical engineering.

In the basement will also be found a demonstration on the principle of the automatic telephone. Students who have made a special study of these instruments will fully explain them to the public. In connection with this exhibit will be a toy train which can be operated by talking into a telephone transmitter.

Television a "Blue Ribbon" Show

Probably the most interesting display in this division will be the television station. All visitors will have a chance to see their pictures thrown upon the wall by means of this set-up. A special scanning disc is being constructed for this experiment which will contain lens so that the entire scope of the subject's face can be picked up.

On the second floor as one enters the building will be set up a "photo-electric" eye which will record on an electric sign, immediately in front of the person every time the light is broken. On this floor will be found a lighting display in charge of the students in the illumination class. This year a new feature is being presented in the form of the "grid-glow" ball. With this exhibit one stands near the ball and is able to paint pictures with lights upon the wall by rubbing his hand over the ball. Lighting effects similar to those used in large ballrooms and theatres will be demonstrated.

Bridges, Intersections Displayed

On the top floor of the engine house will be shown the work of the architects and civils. Models of bridges of the latest design will be shown. A model motor intersection on which no car will have to pass another car on its own level is to be displayed. The architects will display drawing plates and designs which they have been working on this year.

In the strength-of-materials laboratory one will see demonstrated the machines which test the strength of every kind of metal.

For the enjoyment of people who like to see big wheels turn, the mechanicals will have the big Corliss steam engine running in steam-and-gas lab. The gas and diesel engines will also be given tests. New noiseless burners have been installed under the boilers in the mechanical laboratory and they have their first test at the open house at which time a 24-hour run (Continued on page four)

STUDENT FORUM FRIDAY

Student forum, which was to have been held tomorrow has been postponed until Friday. Dr. W. E. Grimes will speak on "The Banking Holiday and What Will Come Out of It." Doctor Grimes was called out of town because of the death of his father-in-law.

Economy Too Far!

A move was made yesterday by the governor of the state of Oklahoma which we hope will not become a precedent for the Kansas executive. Headlines on news stories concerning the move included such words as "Murray Puts Ax to C. U." The lines do not exaggerate the substance of the action in the least. The move was exactly what the head indicated—it is a slash that should be avoided or could at least have been modified in execution.

The most important items in the order included the abolition of the school of engineering at the state university and the removal of all normal courses from the Agricultural and Mechanical college and the university. Elimination of duplication was the executive's reason for the drastic change which is supposed to effect economy.

Further changes include the transfer of the department of geology to the university from A. and M. college. All pre-law and pre-medicine courses now offered at the Agricultural and Mechanical college at Stillwater will be removed to the university at Norman. Home economics courses will be taken from Norman to Stillwater.

There are no doubt many good qualities to this shakeup. But at the present time it is only an experiment. The students in the colleges will be the ones to suffer the consequences.

They will suffer, too. First, they will be denied the privilege of a liberal education. They will either be required to specialize or change their schools.

Second, the location of the schools in the state will necessitate unnecessary travel. The center of Oklahoma's population is near Norman. Why push an engineer or a home economics student so far from the chief city? On the other hand, why force a northern student down to Norman. If they are not going to pay any attention to this mileage principal, why have two state schools? If they argue that mileage means nothing to students desiring specialization, a large single institution would suit the purpose, and would effect an economy too.

Third, will the experiment work? The mere fact that such radical movements have not been successful in the past is surely enough proof that the new idea will be a failure.

When the schools were organized, each was to serve a purpose. One was to be a fine arts school and the other was an agricultural and mechanical college. The schools are both old and have grown because of the popularity of the inducement. The addition of extra courses at the schools has shown that the courses were needed. They have been added because there has been a need for them, not because the two schools are attempting to duplicate. Liberal education is their goal.

Where does the economy principle fit into the picture? The fact that dollars will be saved eventually is no balance to the loss that the system will place upon individuals. Several professors will be released and departmental money will be saved, after a time. But at the present, it appears an expensive experiment.

Rivalry between the two state schools is undoubtedly similar to that of Kansas State and K. U. Pride and principles will have to be destroyed if the students are to be shuffled and dealt to another school. Oklahoma will lose students by this experiment.

On Other Hill

Publications at the University of Utah are permitted to use cigarette advertising only so long as the advertisements do not suggest that women smoke.

A 60-day moratorium in the payment of deferred tuition notes at the University of Michigan was granted by the board of regents last week.

Several fraternities at the University of Michigan passed out of existence with the coming of the "bank holiday."

A club made up of students from Maine has been organized at Northwestern University. The name of the organization is "Mainiacs."

Silver dining service stolen from Stanford University has been discovered in the dining hall of a New England college and in China.

According to the Daily Cardinal there is a small college in England with a faculty of 40 professors and a student body which never exceeds 18.

Because they walked out of a final exam after announcing their refusal to compete with the cribbing taking place, five men caused the entire class to receive a mark of "incomplete."

Thirteen freshmen men at Stanford university face expulsion for entering the women's dormitory after a rally. For 60 years it has been a tradition of men students to attempt this, but for the first time it was successful.

If a student even exceptionally brilliant, went to the University of North Carolina and took all the courses offered by the department of English during its regular session, it would take him twenty-nine years to finish.

The board of trustees at the University of Indiana has recently ruled that the student will no longer be compelled to purchase an activity book. It is part of a campaign to lessen the financial burden of the student.

Newton D. Baker declares in an article written for the student journal at Princeton university that there are three types of men who go to colleges: "Those who are willing to be educated, those who want to be educated, and those who are determined to be educated."

Having failed in three attempts to restore life to the dead with his "back to life" machine, Dr. Robert E. Cornish, research associate in anatomy at the University of California and inventor of the machine, indicated that future experiments would be made on animals.

Premier Benito Mussolini has asked "Jumping Joe" Savoldi, formerly one of Notre Dame's galloping backs, to bring two football squads to Italy next spring to popularize the sport in that country. One team will be composed entirely of Irish players and the other will be completely Italian. Pity the poor radio announcer.

Students at Antioch college in Ohio were required to pick turnips for a few days in place of attending regular gym classes. A large field of the vegetables were going to waste near the campus, and the students were asked to pick them for the benefit of the unemployed. And, may we ask, what were the unemployed doing?

Ten married men in a Penn college public speaking class asked to bring their wives to class—at "one fare and a half" per couple. Said the dean: "Any married man who has the courage to train his wife to speak even more fluently than she does now should be congratulated. Our studies must have given you unusual self-confidence, and you deserve a reward. Bring your wives along."

An English professor at Michigan State college set his mind on impressing students that they should be to class on time by installing a night lock on the classroom door and locking it as soon as class was called. Late students would be admitted upon knocking at the door. But, alas, when the class started to leave the inside knob of the door wouldn't turn and it was not until a half hour later when the janitor made his appearance that the class was released.

A report on causes and methods of eliminating student dishonesty at the University of Nebraska was made last week by a welfare committee. It was the opinion of the committee that the pertinent factor in student dishonesty was the lack of personal contact between faculty members and students.

Suggestions for remedy included such items as more student invitations to faculty homes; more oral examinations, and faculty seminars more oral examinations, and faculty seminars for personal counseling.

The Snooper

Madge Mahoney of the Tri Deltas has been writing poetry to Wally Duncan (why the red face Wally?). Madge and Charley Team usually appear together at dances—maybe Charley doesn't offer enough inspirations.

A certain hygiene teacher on the hill says that petting is perfectly proper, inasmuch as it is quite natural for the young people.

At a Lambda Chi party Sunday night a certain girl and a member of this fair organization came in only to find, to their mutual embarrassment, that the boy had an excess of lipstick on his ear. . . . Who is the "natural" ear chewer, around here?

Incoming pins—Cecil Stoner to Jo Donnelly. Unsteady pins—Lutz, Prentiss, Boone.

The questionnaire distributed by the Journalism department to about 10 per cent of the student body has been taking the spare moments of about 300 students when they try to think of the best drink mixers, how many pairs of under-arms, how many times they have had their hair dyed, and so forth. Rosemary Schmidt says she smokes old briar pipes; Bob Wallerstedt uses razor blades for "outdoor men with tough hands"; Jacqueline Lawrence writes "tak tak" for drink mixers; Harry "Joe College" Hinkley heartily indorses Zilches Liver Pills; and Dorothy Cortelyou prefers packages of very tasty chewing gum.

Inconceivable amounts of choice bits of gossip have been floating around the last two or three days, but the events included in this gossip prohibit its publication.

Society

Delta Delta Delta
Francis Jack and Grace Light attended the Kappa Sigma party at Washburn, Topeka, Saturday night.

Elmer Pryor spent the weekend in Topeka. She was accompanied back Sunday afternoon by her parents, Mr. and Mrs. Ralph Pryor and son.

Mabel Louise Whitford returned Monday from spending the weekend in Hutchinson.

Margaret Myers visited relatives in Kansas City over the weekend. Virginia Team and Muriel Smith Lawrence, were weekend guests at the house.

Mr. and Mrs. J. P. Heffelfinger and son Jack, Newton, were guests Sunday of their daughter, Betty.

Sunday dinner guests were Miss Dorothy Painter, Virginia Team and Muriel Smith, Lawrence; Theima Hutchings, Olin Dixon and Cecil Stoner, Wichita.

Elizabeth Smith, Kansas City, and Fern Gaston, Randolph, were dinner guests Monday evening.

Mrs. H. S. Hahn, Glen Elder, is visiting a few days this week with her daughter, Lela.

Ethel Stewart, Emporia, was a guest at the house Sunday.

Delta Tau Delta

Delta Tau Delta held formal initiation for Ralph Exline, Salina; Leon Sealey, Salina; Harold Weathers, Haviland; Donald McNeal, Boyle; and Arthur Telljohn, Kansas City.

Frank Groves, Atchison; Andy Skradski, Kansas City, and Bill Blowers, Kansas City, attended the final tournament games in Kansas City this weekend.

Sunday dinner guests were President F. D. Farrell and Frank Root, Manhattan.

Pi Beta Phi

A formal tea was given Sunday afternoon for Mrs. Lutzer Hill Starke of Orange, Texas, national grand-secretary of Pi Beta Phi. The

tea table was centered with a green bowl filled with yellow daffodils. Mrs. F. D. Farrell and Mrs. E. L. Holton poured.

Dinner guests Saturday night included: Marybelle Henning, Salina; Virginia Birch, and Helen Teter, El Dorado; Elizabeth Mountain, Wichita; Mildred Beard, and Ruth Helstrom, McPherson; Ione Strickland, Helen Hughes, and Margaret Ughes.

Mrs. Lutzer Hill Starke, national grand-secretary of Pi Beta Phi, visited the chapter over the weekend.

Elizabeth Mountain, Wichita; Virginia Birch, and Helen Teter, El Dorado; Marybelle Henning, Salina; Mildred Beard and Ruth Helstrom, McPherson; and Betty Shearer, Abilene, were weekend guests.

Weekend guests were Mrs. Joyce Braddock, Mrs. Hoyt Purcell, Kansas City; Mildred White and Margaret Keller, Kansas university.

Marjorie Dove and Winifred Killian, both of Topeka, were guests of Genevieve Johnson over the weekend. Mrs. Fred Childs, Holington, has been visiting since Thursday with her daughter, Marion, who has been in the college hospital.

Geraldine Grass, La Crosse, and Charlotte Buchmann, Clay Center, attended the economic conference at Emporia this weekend.

Frances Doornbos, El Dorado, visited at her home over the weekend.

Kappa Kappa Gamma

Initiation was held Saturday afternoon for the following girls: Virginia Dole, Salina; Rosemary Schmidt, Junction City; Jane Harmon, Bound Creek, N. J.; Jane Whyte, Margaret Carr, Kansas City; Mary Edna Van Tuyl, Louise Rust, El Dorado; Marion Gilson, Manhattan; Marie Vill, Marysville; Floye Poague, Havensville; Fern Collins, Washington, and Katherine Black, Council Grove.

A luncheon at the college cafeteria preceded the initiation ceremony. On Saturday evening a formal banquet was held at the Gil-

lett hotel for the new initiates.

Ione Hill was the guest of Mary Emily Berryman at her home in Fredonia over the weekend. Lucenne Hudson also visited her home in Fredonia. They returned Sunday with Mr. and Mrs. W. F. Berryman. Rex Singleton accompanied his daughter, Martha Jean, and Mary Horn to Benedict where they spent the weekend.

Sunday visitors included Mr. and Mrs. C. W. Black, Council Grove; Mr. and Mrs. S. E. Poague, Havensville; and Mr. and Mrs. John Hartman, Salina.

Rosemary Schmidt and Wilma Ray Womer, Topeka, went to the Kappa Sigma party at Topeka Saturday evening.

Clovia

The following girls were installed Wednesday evening as officers for next year: president, Jessie Dean, Ottawa; vice-president, Wilma Cook, Larned; treasurer, Grace Burson, Oakley; secretary, Gertrude Greenwood, Kansas City; marshal, Ruby Corr, Clearwater; and chaplain, Leonice Fisher, Ft. Scott.

Dinner guests Wednesday night were Mr. and Mrs. O. W. Alm and Mrs. W. S. Allman.

Myra Ogg, Ottawa, spent the weekend at her home.

Marie Antrim visited Blanche Tomson at her home in Dover this weekend.

Virginia Wagner and Frances Berggren visited in El Dorado Sunday.

Jessie Dean and Gertrude Greenwood were in Kansas City Thursday.

Chi Omega

New officers elected at meeting Wednesday were: president, Evelyn Osborn, Lawton; vice-president, Charlotte Buckman, Clay Center; secretary, Jean Dexter, Columbus, Georgia; treasurer, Esther Walters, Manhattan; chapter correspondent, Marjory Call, Manhattan; pledge mistress, Florence Lovejoy, Almena; panhellenic representative, Zelma Conn, Kirbyville, Texas; rush captain, Jane Kuhl, Topeka.

Mrs. R. I. Throckmorton was a dinner guest Wednesday. Adelaide Reid spent the weekend in Iola.

"The history of the last 15 years proves that nations have too long a memory," says Professor George Allen of Lafayette College.

SAWING
A
WOMAN
IN HALF

ILLUSION:

A large packing case is exhibited on a raised platform. A young woman climbs into the box. Head, hands and feet protrude, and are held by spectators while the magician takes a crosscut saw and, with the help of an assistant, saws through the center of the box and apparently through the woman.

EXPLANATION:

There are many explanations for this illusion. One method of performing this illusion requires the presence of two girls in the box. One girl curls up in the left half of the box with her head and hands protruding, giving the effect you see illustrated above. The other girl is doubled up in the right half of the box, with only her feet showing. Nobody is sawed in half.

It's fun to be fooled —
...it's more fun to KNOW

Cigarette advertising, too, has its tricks. Consider the illusion that "Flavor" can be achieved by some kind of magical hocus-pocus in manufacturing.

EXPLANATION: Just three factors control the flavor of a cigarette. The addition of artificial flavoring. The blending of various tobaccos. And the quality of the tobaccos themselves.

Quality is by far the most important. Domestic cigarette tobaccos vary in price from 5¢ a pound up to 40¢ a pound. Imported tobaccos vary from 50¢ a pound to \$1.15.

No wonder, then, that cigarettes differ in taste—since distinctive, pleasing flavor depends so largely upon the blending of the costlier tobaccos.

It is a fact, well known by most tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Try Camels. Give your taste a chance to sense the subtle difference that lies in costlier tobaccos... a difference that means all the world in smoking pleasure... in pure, unalloyed satisfaction.

NO TRICKS
...JUST COSTLIER
TOBACCOS
IN A MATCHLESS BLEND

CAMELS

-- In Society --

ROLLED OATS

Offices empty—plows standing idle—cattle left unfed—oats uncropped—as the Sig Alph alumni—who couldn't remember what they came to forget—arrived. Officially nothing should have happened—socially—it did. Pledges pondered with pallid politeness—while founders floundered. All came in a hysterical finish—in Bill Kaiser's magnificent effort at "old pals from thee".

Last Friday's varsity—with Mark Kannal pouring out his soul at five cents a dance—Claude Causner, avoiding the observing glances of swaying couples, from an outside sideline—Murdoch, of the Wichita elegancia assisted by an alluring alternate—chivalry to the surface always the gallant—Lacy.

Betty Shearer—both shorn and shunned—by belligerent Beta Boone.

Flags at half-mast—and the nation bowed in sorrow—as come the orders for the disbandment of Pi Kappa Chi—organized for public good—community welfare—and improvement of garden plots and truck farming. Its loss will be deeply felt and bemoaned by country club members, would be orchestra leaders, spontaneous tap dancers (that Salisbury lad!!)—and the rest of the nation's best.

In spite of the morals, methods, and far reaching influence of the national officer of Pi Beta Phi—came the unusual occurrences of various "dim dawn" episodes and incidents—and the path that runs behind the house is worn just a little thinner.

And Catherine Reed says farewell to arms—and appears with Jimmy Towner.

'Tis with the greatest of reticence that I omit the name of Edwin Smith—of the Stalwart Stockton Smiths—all due to deep knee pleadings, ethics—and a bit of mental discipline.

Farm House
Formal initiation was held Sunday for Gordon Carter, Bunker Hill; Royce Murphy, Norton; Lowell Myler, Andover; Ned Thompson, Manhattan.
Sunday dinner guests were David Gregory, Cheney; Ruth Kirk, Abilene; and Harold Haas, Almena.
Farm House announces the pledging of David Gregory, Cheney.

Phi Sigma Kappa
Donald Fox spent the weekend at his home in Longford.
John Hartman and Leslie Murphy spent the weekend in Omaha and Lincoln.
Kenneth Banks spent the weekend at his home in Gypsum.

Van Zile Hall
Marian Buck, Abilene, spent the weekend at her home.
Elizabeth Smith, Kansas City, spent the weekend in Topeka.
Bessie Wilson spent the weekend at her home in Kansas City.
Mary Alice Schmacke, La Crosse, spent the weekend in Emporia.
Iola Meier, Abilene, spent the weekend in Kansas City.
Juanita Shields, Lost Springs, spent Sunday in Abilene.
Mr. and Mrs. Lewellman, Newton, were Sunday dinner guests of their daughter, Lois.
Mildred Olds, Delphos, was a Sunday dinner guest of her sister, Agnes.

Delta Sigma Phi
Paul Stunkle, Cottonwood Falls, was a weekend guest at the house of Everett Hinz, Abilene; Ray Chaffee, Talmadge; and Charles Stewart, Hunter, visited at their homes this weekend.
Waldo Wilcox spent the weekend at Hunter visiting relatives.

Pi Kappa Alpha

Sid Robinson, Charles Vinckers, Paul Rayburn, and Si Green spent the weekend in Kansas City.
Sunday dinner guests included: Walter Kern, Wayne Young, Alexander; Paul Griffith, Edmond; and Don Pearson, Kelso.
W. C. Covington spent the weekend in Wellington.
Paul Buening and Hayden Phillips, Salina, were weekend guests at the house.

Phi Kappa Tau

Formal initiation was held Saturday for Henry Stark, Wellington.
Dwight Sisney was a dinner guest Sunday.

Phi Lambda Theta

The active chapter had a smoker Saturday night.
Harvey Holm spent the weekend at his home in Dwight.
George Marles and John Baidell, Topeka, attended the smoker Saturday night.

Prof. Lyle Downey, Prof. Richard Jenson, Prof. Max Martin, and Ashley Monahan attended a concert in Lawrence Thursday night given by Jascha Heifetz, violinist.

Miss Bertha Hornaday, Kansas City, national officer of Mu Phi Epsilon, honorary musical fraternity for women, will be in Manhattan Thursday and Friday to inspect Mu Mu chapter.

Sigma Nu

Harry Hasler, Jimmy North, Carl Paulson, Jimmy Mayden, Clarence Higdon, Hal Doolittle, and Hank Dalton spent the weekend in Kansas City.
Johnny Stewart went to Lincoln, Neb., Friday with the varsity swimming team.
Jack Going was in Columbia, Mo., this weekend.

Alpha Delta Pi

Ellen Warren, Doris Paulson, Lucile Johnitz, Bertha White, Margaret Easterday and Amy Jasper spent the weekend at the Alpha Delta Pi house in Lawrence.
The following girls went home for the week end: Lois Darby, Morrowville; Arlene Marshall, Herington; and Vona Wandling, Sharon Springs.
Marianna Thompson, McPherson, spent the weekend at the house.
Frances Tindoll and Barbara Isobel, Lawrence, were guests at the house Saturday night and Sunday.
Rose Skadski and Sarah Anna Grimes accompanied Dr. W. E. Grimes to Emporia Friday evening.

Pi Kappa

Formal initiation was held last Saturday evening for Wayne Fitzmorris, Fredonia; Martin Seibel, Ellis; James O'Malley, St. Joseph, Mo., and John Donnelly, Kansas City, Mo.
Ray Whitehair, Phi Kappa of Pi chapter at Lincoln, Neb., was a weekend guest.
Joe Kuffler, Parsons, and Ed Kotajish, Blue Rapids, returned to their homes after spending a week at the house.
"Bo" Petsch visited in Waterville and Hanover Sunday.
Phil Schneider, Beattie, visited at the house last week.
Martin Klotzback, John Stone, Dave Carlson, Joe Cavanaugh, and John Florell, Manhattan, attended the initiation Saturday.

Kappa Sigma

The following attended the Washburn chapter's formal dance held at the Jayhawk hotel in Topeka Saturday: Don Mace, Max Burk, Lamont Gipton, Leslie King, Robert Googe, John Rader, Townsend Galley, Roy Engler, George Hoopingarner, Bob Cole, Don Fullmer, Rosemary Schmidt, Bernice Lathrop, Wilda McNally, Grace Light, Wilma Ray Women, Leona Lang, and Mary Elizabeth Wilkes.

Beta Phi Alpha

Formal initiation was held Sunday morning for Blanche Pierce of Burden. An initiation breakfast followed the ceremony. Alumnae present were: Conie Foote, Emma Hyde, Ruth Tucker, Dorothy Obrecht, and Lorraine Smith Davis.
Bernice Cousins, Woodbine, spent the weekend at the house.
Dorothy Obrecht, Solomon, was a weekend visitor at the house.

Phi Omega Pi

Phi Omega Pi entertained with a Japanese tea dance Saturday afternoon.
Frances Shewmaker was a dinner guest Sunday.
Guests at the house Saturday were Geraldine Foley, Linn; Mrs. J. T. Willard, Mrs. B. F. Sweet, Mrs. Mary Zink, and Mrs. Leona Hill.
Ruth Crawford Dennison, was a guest at the house Sunday.

Phi Delta Theta

Delmos Price, Junction City; Max Leak, Great Bend; and Arthur Lovitt, Great Bend, were guests this weekend.

Lambda Chi Alpha

Lambda Chi Alpha announces the pledging of Leonard Sweeney, Omaha, Neb.
Robert Vaupel, New Cambria, and Collins Crum, Onaga, spent the weekend at their homes.
Ward Colwell, Onaga; Pat Casey, Corning; and Leonard Pike, Milford, were weekend guests.
Sunday dinner guests were Mr. and Mrs. F. F. Gentry, Manhattan; Ralph Kembrook, Chicago; and Mr. and Mrs. Paul McCall, Manhattan.

Kappa Delta

Maxine and Alvin Gottschalk were luncheon guests Friday noon.
Elsie Gottschalk and Geneva Marble went on to Kansas City with them to the A. A. U. basketball tournament.
Mildred Forester, Wamego, went home this weekend.
Leora Lang, Louise Scheu, and Wilda McNally were in Topeka Saturday.
Mildred Sands was in Kansas City Sunday.
Kappa Delta announces the pledging of Eunice Brown, Sylvia, Elizabeth Cates, Salina, and Maxine Osbourne, Manhattan.

Sponsored by Kansas State Engineers

WILDCATS TAKE THIRD IN BIG SIX SWIMMING MEET

IOWA STATE, 1932 CHAMPS, TIE
WITH CORNHUSKERS
FOR TITLE

FOUR RECORDS SHATTERED

Joe Creed Is Outstanding Kansas
State Performer As He Wins
Three Third Places in Free
Style Races

Kansas State college tankmen scored 12 points and finished in third place in the Big Six swimming meet at Lincoln last Saturday. Nebraska and Iowa State swam to a 46-46 tie for the championship of the conference.

The Iowa State Cyclones, 1932 champs, were doped to repeat but only a crack 300-yard medley relay team kept the Cornhuskers from keeping the crown in Lincoln. The University of Kansas scored 8 points and Oklahoma 3. Missouri did not compete.

Four Records Broken
Four conference records were broken and another was equalled. Murphy of Iowa State beat the record in both the 220- and 440-yard dashes and Bernie Masterson of Nebraska bettered the 50-yard free style record. The Iowa State medley relay team set a new mark and bands of Iowa State equalled the 200-yard breast stroke record.

Summary:
400-yard free style relay—Iowa State first, Time 4 minutes, 17.7 seconds. Kansas State third.

200-yard breast stroke—Won by Bands, Iowa State. Time 2 minutes and 48 seconds. (Equals Big Six record.)

150-yard backstroke—Gerry, Iowa State. Time 1 minute and 59.9 seconds.

50-yard free style—Won by Masterson, Nebraska. Time 1 minute 7 seconds. Creed, Kansas State, third. (new conference record.)

440-yard free style—Won by Murphy, Iowa State. Time 5 minutes 48.8 seconds. (new conference record.)

100-yard free style—Won by Masterson, Nebraska. Time, 1 minute 7 seconds. Creed, Kansas State, third.

220-yard free style—Won by Murphy, Iowa State. Time 2 minutes 40.4 seconds. Creed, Kansas State, third. (New conference record.)

Diving—Won by Minor, Nebraska, 108.93 points.

300-yard medley relay—Won by Iowa State. Time, 3 minutes, 32 seconds. (new conference record.)

Men's Intramurals

Volley ball scores for last Friday were: Phi Delta Theta 40, Alpha Kappa Lambda 34; Sigma Phi Epsilon 40, Pi Kappa Alpha 34; W. F. A. C. 40, Delta Sigma Phi 35. The Delta Tau Delta-Alpha Rho Chi game was postponed and will probably be played Thursday, March 16, at 8:30. Other games scheduled for Thursday are: Kappa Sigma vs. Alpha Tau Omega, 7:00, east court; Sigma Alpha Epsilon vs. Lone Stars, 7:00, west court; Phi Lambda Theta vs. Alpha Gamma Rho, 7:45, east court; Phi Kappa Tau vs. Phi Kappa, 7:45, west court; Aggie Knights vs. Lambda Chi Alpha, 8:30, east court.

The intramural handball tournament is nearing the quarter-finals in both singles and doubles, and many interesting matches are being played since the weaker men have been eliminated. All the remaining matches in both tournaments should be close and hard-fought.

Events scheduled for tonight in the intramural swimming meet, starting at 7:30 o'clock, are the 40-yd. free style, the 80-yd. back stroke, the 100-yd. free style, and the medley relay (20 back, 20 breast, and 20 free style.)

Results of last night's swimming meet were: 160 yard relay—first, Pi Kappa Alpha; second, Sigma Nu; third, Sigma Alpha Epsilon-Beta Theta Pi (tie). Time—1:42.

60-yard breast stroke—First, Vinokier, Pi Kappa Alpha; second, Gilligan, Phi Kappa; third, Blanch, Independent. Time—64.5 seconds.

Fancy diving—First, Underwood, Lone Stars; second, Trusler, Sigma Alpha Epsilon; third, Pinter, W. F. A. C.; fourth, Darnell, Phi Kappa Tau.

20-yard free style—(preliminary heats). Winners—Munial, Delta Sigma Phi; Trusler, Sigma Alpha Epsilon; Umberger, Beta Theta Pi; Grage, Sigma Nu. Finals tomorrow night.

Women's Sports

Intramural swimming started last night with ten teams entered.

The teams are divided into three groups. The first group is made up of Pi Beta Phi, Alpha Xi Delta, and Chi Omega; the second of X Team, Alpha Delta Pi, Van Zile, and the Neophytes; and the third, Winners, Kappa Kappa Gamma, and Kappa Delta.

The schedule for the meets has been posted on the bulletin board in the women's gymnasium. Following the intramural meet, class teams will be chosen from the best swimmers and will compete in a class tournament.

Two honor basketball teams, which are picked from the best players on the class teams, have been chosen and the members will receive 50 W. A. A. points in addition to those already earned. The team of non-physical education majors is made up of Florence McKinney, Bartlesville, Okla.; Justine Brenning, Burns; Mae Gordon, De Soto; Merride Manion, Goodland; Alice White, Jewell; and Edna Swank, Hill City. The major team includes Katherine Black, Council Grove; Opal Schlickau, Haven; Eva Brownwell, Wichita; Leora Light, Liberal; Cora Oliphant, Offerle; and Helen Morgan, Newton.

KANSAS STATE SCORES FOURTH IN TRACK MEET

Oklahoma Puts End to Husker
Reign By Tying Nebraska
For Championship.

The Kansas State trackmen beat out Iowa State and Missouri to win fourth place in the Big Six conference indoor track meet at Columbia last Saturday. Nebraska, defending champion, and Oklahoma finished in a tie for the championship with 33 points each. Kansas took third with 29 1-2 points, Kansas State fourth with 18, Iowa State fifth with 17, and Missouri placed last with 1 1-2 points.

Glenn Cunningham, Kansas university's great distance man, set a new conference record of 4 minutes, 21.8 seconds in the mile run, but did not enter any other events, as he is saving himself for another meeting with Gene Venzke, the eastern sensation, this week. With Cunningham's help in other events, Kansas would in all probability have won the meet.

Two conference records were tied in the meet, Lambertus of Nebraska running the 60-yd. low hurdles in 7 seconds flat and Oklahoma's sophomore mile relay team equalling the old record of 3 minutes, 29 seconds.

Oklahoma showed surprising strength in all events and led throughout the latter part of the meet, until Roby of Nebraska beat out Gray of Kansas in the pole vault, the next to last event, to give the Cornhuskers a slight lead, which the Sooners promptly erased by running off with the mile relay. Nebraska finished third in this event, however, to give them a share in the championship.

In conference meets the first four places are counted in each event, instead of the first three as in dual meets; first place counts five points, second place three points, third two points, and fourth one point. Kansas State took one first, won one second and tied for another, took one third and tied for another, and won four fourths. Landon won the two-mile run, with Pearce second. Roehrman tied for second in the high jump, Schmutz and Breen took third and fourth respectively, in the 60-yd. high hurdles, Breen tied for third in the broad jump, McNeal won fourths in the mile and half-mile, and Darnell took fourth in the 440-yd. dash for the rest of the Wildcats' points.

CO-EDS NO IDOLS FOR HOME GIRLS REPORTER FINDS

(Continued from page one)

high school sports seems inferior to that in college, she said.

When asked whether high school students got much impression of college teachers she laughed and said: "Yes, you really do. You hear that this teacher is 'kinda dumb'; you can't get an 'A' out of this one; that teacher is eccentric—if you get on the good side of him it will be fine; if you don't get on the good side of her it will be just too bad; this one is hard on the students; and another one wouldn't exempt anyone if he had to. Yes, we get an idea of practically every one of them."

She got up, walked over to the radio, and with one turn switched off a speaker to get Wayne King's orchestra while she continued by telling me that getting an impression of the teachers can be both good and bad. It is a disadvantage because "other people can't tell you whom you're going to like."

"If you once get an impression of a teacher I imagine you are apt to keep it," she added. "It is an advantage, however, to know about the teachers so that you can pick the best ones when you start to college."

Greeks Too Much in Limelight

A part of the college life that is stressed too much, according to this girl, is the sororities and fraternities. She said that she did

think, however, that they were not emphasized on Kansas State campus as much as on some others. She felt that if a student did not have the "pull" of a fraternity or sorority he or she would not be a leader.

"For instance," she suggested, "a boy couldn't be elected captain of a football team without the pull of a fraternity, probably."

In her opinion a student will run around with some group in college and a sorority or fraternity would probably be the better group. Quite a few girls, she thought, go to college just in order to join a sorority, "but sororities probably don't amount to so much in the long run."

High school students do not come up on the campus often. They attend some entertainments in the auditorium. A few high school students come to English lectures.

"I used to," she laughed, adding the fact that she also used to come up and skate down the hills when younger. With a twinkle in her eye and a laugh she told me that the campus, especially lover's lane, was a very lovely place for evening drives.

FINAL TOUCHES TO OPEN HOUSE AS DATE NEARS

(Continued from page one)

will be made to determine the efficiency of the plant.

Cady of K. U. a Friday Speaker

In connection with the open house will be a speaking program which will be centered around Professor H. F. Cady, head of the chemistry department at K. U.

Franklin W. McCurry, vice-president of the Derby Oil refineries of Wichita, and Prof. J. E. Kammeyer, head of the department of economics.

Professor Cady will give a lecture in the college auditorium, Friday evening, March 17, at 7:15 on "Liquid Air." He has traveled over a large part of Kansas giving this lecture. One of the interesting experiments he will perform will be the running of a small steam engine with ice as fuel.

"Mr. Curry will give lectures on oil refining in room 26 of Denison hall. He brings with him a model of the Derby Oil refinery located at Wichita.

Prof. J. E. Kammeyer will be featured at the Engineers' chapel, March 18 at 11 o'clock. The subject of his talk will be "The Limiting Factor." Other numbers on the program will be music by the engineers, the college orchestra, and a trumpet trio composed of V. A. Elliott, McPherson, A. R. Elliott, Stafford, and T. B. Haines, Casper, Wyo.

The four morning classes will be run during the first three hours from 8 to 11, shortening them in

accordance with the assembly day schedule.

At the close of these two days of festivities for the engineers will come the important social event of open house—St. Pat's Prom, at which time St. Pat and Ste. Patricia will be elected. To be nominated as St. Pat depends upon the student's popularity and his qualifications as a good engineer. Ste. Patricia, when elected, should be the most popular girl among the engineers. Last year Ralph Hay, Parker, and Vera Bowersox, Great Bend, were elected to be St. Pat and Ste. Patricia.

The list of nominees which were chosen last week at the various engineering seminars are as follows:

St. Pat—Bob Alexander, Independence; Roy Best, Manhattan; Gene Feltner, Concordia; Kenneth Benjamin, Deerfield; Paul Warner, Whiting; and W. L. McMillen, Manhattan.

Ste. Patricia—Ruth Strickland, Manhattan; Merrideth Manion, Goodland; Ethel Fairbanks, Manhattan; Charleen Baker, Greensburg; Adelaide Reid, Iola; and Ethel Eberhart, Topeka.

R. A. Seaton, dean of the engineering division, will present rings to the winning St. Pat and Ste. Patricia. One hour of the dance will be broadcast from station KSAC from 10:30 to 11:30. Jean Calloway, sister of Cab Calloway, and her Victor recording orchestra will play. Due to the large crowds which have formerly attended, the St. Pat Prom will be held in Nichols gymnasium this year.

SCOUTING FRATERNITY WILL MEET MARCH 16

Paul Gibson, Chanute, Elected
Treasurer, Succeeding
Virgil Lundberg

Alpha Phi Omega, national honorary scouting fraternity, will hold its regular meeting in its hall in Nichols gymnasium on Thursday, March 16 at 8 o'clock.

At the last meeting held on March 2, the results of the special election of a chapter treasurer was announced, Paul Gibson, Chanute, having been chosen to hold the office recently vacated by Virgil Lundberg, Falun, who is not in school this semester.

Five guests were present at the meeting. They were W. D. Wetlaufer, Ned Kimball, Wayne Webster, Manhattan; Dale Garvey, Waverly; and Gene Roper.

For reasons of economy, co-eds at Tulane university have taken up pipe smoking.

At The Theatres

AT THE VARSITY "Clear All Wires"

Lee Tracy is the foreign correspondent for the Chicago Globe newspaper. All wires are cleared for the news stories he sends back to his paper. The majority of his fantastic stories are fictitious, and he keeps a rival correspondent alert on his trail wherever he goes. Mr. Tracy jumps from one predicament into another, but he always manages to get out alive.

The show is monotonous at times. If it weren't for the clever Mr. Tracy with his line of consistent wise-cracks, the show might be called boring. Una Merkel helps to enliven the picture at times. The rest of the cast is none too excellent.

AT THE DICKINSON "Nagana"

There's one thing that can make you forget the panic and that's "Nagana," featuring Tala Birell

and Melvyn Douglas, on its last day at the Dickinson today. When you live this screen life in the heart of Africa with its roaring lions, tigress women, and human sacrifices, you never know there was a bank holiday in existence. The only thing to bring you near to reality is an English educated son of the chief.

It's the fight between woman and science to save the entire native population. Only the man shows a little more will power this time to give the plot a much more interesting twist. It takes a lot to let the woman you love be taken out to the stake and eaten by crocodiles just for the sake of someone who doesn't appreciate it. Just imagine yourself tied to a tree and crocodiles creeping closer and closer. Well, just go to the Dickinson today and see.

TO HEAR PSYCHOLOGIST
"Why Worry?" will be the topic of discussion led by one of the psychology professors of the department of education at freshman women's commission Thursday, March 16, at 8:15 in L58.

Cigarettes, like Foods need Seasoning

That's the part Turkish
Tobaccos play in making
Chesterfields Taste Better

SMOKERS notice a certain "touch" in Chesterfields that comes from having just enough Turkish tobacco in them...a spicy, aromatic flavor that's much the same to a cigarette as seasoning is to food.

For only by blending and cross-blending the right amounts of mild Domestic tobaccos with the right amount of Turkish can we get the flavor and aroma that Chesterfield smokers enjoy.

Next time, ask for "The Cigarette that Satisfies"...you'll get Chesterfields, with Milder, Better Taste.

'NO EXEMPTIONS' IS DEMAND MADE BY FORUM VOTE

LAST NIGHT'S ASSEMBLY SEEKS TEETH FOR RULING ON PARTIALITY

CHANGE THE CONSTITUTION?

Recommendation Goes to Council for General Meeting to Amend the Section Delegating Power of Selection to President

No exemption from payment of the student activity fee will be allowed if the recommendation made by last night's Student-Faculty forum is followed by the Student Governing association. The forum last night by a close vote recommended to the student council that a general meeting of the S. G. A. be called to consider an amendment to the S. G. A. constitution which would make an iron-clad rule of no exemptions from activity fees.

At present the S. G. A. constitution says "exemption from payment of this fee to be allowed by permission of the president of the college." Only by an amendment to the constitution can this provision be changed. The constitution can be amended by a two-thirds vote of the S. G. A. members present at a meeting called by the student council. The S. G. A. consists of all students who have paid their activity fee.

Study Funds of Other Schools
A discussion of the apportionment of the activity fee at Kansas State culminated in the recommendation, by the forum, that next year's budget committee consider carefully the apportionment situation here, and also make a study of apportionment of similar funds at other schools. Some believed that the present allotment of funds was not equitable, while others expressed their complete satisfaction. About 150 students and faculty attended.

Three speakers, Prof. H. W. Davis, Hal McCord, Jr., and Prof. M. F. Ahern, told of the history of the activity fee, difficulties because of exemptions and reduced enrollment, and the athletic department's attitude toward the fee.

Athletics Get 72 Per Cent
Professor Davis dispelled the popular misconception before those present that the entire fund is expended by the athletic department while as a matter of fact, the department receives only 72 per cent or \$3.60 of each \$5 fee. The balance, he explained, is expended on other activities such as the college band, judging teams, glee clubs, foresters, etc. The money spent in this manner publicizes the school and greatly aids maintenance of its high educational standard, he pointed out.

Prof. L. E. Call, dean of the division of agriculture, corroborated this statement by stating his belief that interest in text material of agriculture is enhanced by active competition on judging teams made possible by the student activity fund.

McCord Blames Enrollment
Hal McCord, Jr., one of the student members of the budget committee, said the amount of appropriations were all decreased three per cent because the number of exemptions combined with the decrease in enrollment, which he indicated accounted for a large share.

Prof. M. F. Ahern, director of athletics, presented figures showing just how the money received from the fund has been used and compared the financial condition of the athletic department of this college with those of other colleges.

"The gate receipts at the average baseball game," he said, "are not even enough to pay the umpire."

Only Football Self-Supporting

"Football is the only activity that pays its own way. Basketball comes very close to doing it. Money made on football has been spent on tennis courts, sowing the space south of the engineering building with grass, building the baseball field, two intramural fields and the fences around the courts and stadium."

Mr. Ahern also pointed out a common misnomer: "Athletic book." It is not an athletic book but an activity book, he declared, because the money spent for it goes for other activities besides athletics. The athletic department just happens to be the only department issuing a book of tickets in return, he said.

ENGINEER FRATERNITY ELECTS NEW OFFICERS

Clair Palmer Elected President of Sigma Tau—11 Pledges Start Hell Week.

Clair Palmer, Kincaid, was elected president of Sigma Tau, national honorary engineering fraternity, last Thursday night, March 9, and V. A. Elliot, McPherson, secretary. They took office immediately. Prof. L. V. White, civil engineering, is the faculty advisor for the coming year.

Hell week began Wednesday morning for the group of pledges voted in that night. They are: Hal Poole, Wichita; Archie French, Augusta; Hugh Maxwell, Wichita; H. K. Tatum, Larned; E. E. Comstock, Wichita; Cecil Arens, Topeka; Dean Swift, Olathe; Raymond Nelson, Troy; Edgar Cooper, Stafford; John Veatch, Manhattan; and H. C. Weathers, Haviland.

WORLD FORUM GROUPS ALLOT LEADERS' TIME

Hours for Meetings Are Allotted Speakers for Event Under Y. M.-Y. W. Auspices

World Forum committees met Tuesday to arrange the details of next weekend's program as to speakers, hours, and places.

The committees consist of: Beulah Leach, Bird City, chairman of the executive committee; David Reid, Manhattan, secretary; Hollis Sexton, Goodland; Leslie King, Wichita; John Latta, Holton; Dorothy MacLeod, the Rev. C. E. Holman, and "Doc" A. A. Holtz, Manhattan; committee members.

The program committee comprises: Harriet Reed, Holton, chairman; Ruth Jorgenson, Manhattan; Claude Uhrig, Preston; and Orville Denton, Denton, with Dr. Holtz, advisor. The finance committee is made up of Fred Hill, Huntington, W. Va., chairman; Mary Beth Allen, Manhattan; Ernest Reed, Norton; Ray Stremel, Garden City; and the Rev. W. U. Guerrant, advisor.

The publicity committee is composed of Don White, Kansas City, Mo., chairman; Mayrie Griffith, Topeka; Bob Spencer, Leavenworth; Helen Reed, Circleville; and the Rev. B. A. Rogers, advisor. The arrangements committee is constituted of Harry Wimmer, St. George, chairman; Marie Davis, Nebraska; Florence McKinney, Bartlesville, Okla.; Ethel Olney, St. Joseph; and Arthur James, Macon, Mo. The committee for interviews is made up of Vida McDaniels, Edson; and Miss Dorothy MacLeod.

Hens Lay Two Eggs Daily and Don't Get Even Chance to Kick

Competing for honors with the fabulous goose that laid the golden egg is a flock of hens at the Kansas State poultry farm which are trying to "enrich" their keepers by quite consistently laying two eggs a day.

One white Leghorn hen has established a record for the group by laying two eggs a day eleven times during an experiment to determine the effects of feeding on the yolks of eggs. Hens of several breeds were placed in individual compartments of a battery last October. Since that time approximately one-third of the thirty-two hens have laid two eggs in a day.

The housing system provides compartments 14 by 18 by 18 inches. Each compartment is equipped with running water, an electric light, and a food hopper. The floor of the pens are of wire netting making it impossible for the hens to get the ordinary amount of exercise through scratching.

L. A. Wilhelm, a graduate student, who is conducting research for the Kansas Poultry and Egg Shippers association, stated that the electric lights had been used to increase the length of the day for the chickens. This he believes is the cause for their unusual egg laying tendencies.

During their solitary confinement, Wilhelm has detected that the chickens eat much less but drink more water than those kept in ordinary conditions. He stated that the health of the chickens did not seem to be impaired by their novel environment.

ON CHURCH PROGRAM

An evening on music is planned for the Sunday night service of the Congregational church. The program will be presented by Miss Marion Pelton, organist, Prof. Lyle Downey, Catherine Colver, and the college quartet. The Reverend Perry L. Platt, Jr., will give a short talk on the music of Bach.

FIRST RUMBLING, THEN SHAKE, IS WITNESS' STORY

BROTHER OF PROFESSOR HERE WAS IN LOS ANGELES DURING SHOCK

CORTLEYOU SAW IT ALL

Wonderful Only 70 of 150,000 Killed While No Unexpected Disorder or Looting Occurred, Letter Says

"First I heard a rumbling like a fast moving train, then the ground began to dance, the trees to sway crazily, and next, people all began rushing out of their houses like ants out of an ant hill." That is the way which Spencer Cortleyou, writing a letter to his brother, Prof. J. V. Cortleyou, head of the department of modern languages, described the beginning of the earthquake as he had felt it in Los Angeles.

Mr. Cortleyou, who is district engineer for the California state highway commission, went on to say, "Our highway south of Long Beach certainly must have danced a shimmy dance; it is badly out of line and grade for nearly twelve miles, though the bridges are all O. K."

"I was down there yesterday (Saturday). With my official car we got through the police lines and went right through the center of Long Beach, where the greatest damage was done. It is hard to describe or realize the extent of the damage, and it is wonderful that with 150,000 people in Long Beach, only some 70 people were killed."

Then, with typical California spirit—he has lived there 31 years—Mr. Cortleyou continued, "No unexpected disorder, no looting, and prompt rushing of relief into the devastated area, together with police, naval forces, marines, fire departments, and American Legion promptly being made available where worst needed certainly kept the suffering at a minimum."

"In Long Beach and Compton, many of those who were killed, rushed from the buildings after the shock, just in time to be struck down by falling bricks and stones from cornices; and a number died of fright. . . . People there are so alarmed by the recurring shocks that they are sleeping and eating out in the open spaces."

The letter concluded with another reference to the condition of the state highway: "Our men have worked hard to get the road open and safe for travel, and that is just what we did at six o'clock tonight (Sunday)—had it open for traffic. But it will take weeks to make permanent repairs, and will cost some \$150,000 or more to do the work."

ALPHA ZETA INITIATES

Honorary Ag Fraternity to Hold Initiation and Dinner-Dance Tonight.

The Kansas State chapter of Alpha Zeta, national honorary agricultural fraternity, will initiate six newly elected members at 4 o'clock this afternoon. Those to be initiated are W. M. Lewis, Larned; F. G. Parsons, Winfield; E. E. Sundgren, Falun; A. A. Thoroughgood, Lakin; Harold Kugler, Abilene; and Edwin Abmeyer, Grantville.

Elections to Alpha Zeta are based on scholarship, leadership and personality. Students must have completed three semesters of college work to be eligible for membership. Glenn S. Fox, Roel, is chancellor of the organization.

Tonight Alpha Zeta will hold its annual dinner-dance in Thompson hall. The principal speaker on the program following the dinner will be Merl J. Howard of the Hall-Baker Grain company of Kansas City, Mo. The company represented by Howard is a branch of the Farmer's National grain corporation of Chicago, a cooperative organization sponsored by the farm board.

TOPEKA BISHOP HERE

Episcopal Minister Will Give First in Series of Lectures. Bishop James Wise of the Episcopal church will give the first of a series of teaching and preaching missions on Friday evening at 7:30 at St. Paul's church. The subject to be discussed is "God." College students and faculty are particularly invited, and there will be a discussion after the service.

BILL TO CUT PAY DEFEATED IN HOUSE

Attempt Made to Set Maximum Salary Level For Teachers in State

When the bill proposing maximum salary levels for teachers and other employees of state public schools was defeated in the house Wednesday, the last evidence of local and home rule was saved. The bill was rejected 56 to 48.

The strongest opposition to this bill in the house was that it would tend to retain the inferior instructors and lose some of the most valuable teachers. This bill was strongly resented locally because the school board meetings offered the only official meeting in the districts and the putting of the fixation of public school salaries into the hands of the state would have insinuated that the district had inferior judgment.

HOUSE PASSES BILL CUTTING ALLOWANCES

Legislature Approves Cut of 17 Per Cent in Kansas State Appropriation

The bill trimming about 17 per cent from the biennial allowance of Kansas State college for the next two years passed the house at Topeka 108-1, Wednesday. The total cut for all state schools in Kansas was \$2,137,000 or approximately a 30 per cent cut from the funds available in the last two years. A 25 per cent fee cut amendment to the bill was not passed.

Still Kansas State is allowed the largest amount of \$940,850 for each of the 2 years. The 30 per cent cut is not conclusive here because one-third of the income is derived from fees. Last week, taxpayers brought up the question of whether it is lawful for students in state colleges to pay fees since the schools legal set up is that of free schools. This question has not been settled yet, but educational authorities say it is decided illegal.

NEW BOOKS RECEIVED AT COLLEGE LIBRARY

Economic Situation Stressed in Many of the New Volumes Received

Many new books with crinkly white pages fresh from the presses await students at the college library who choose that source for information concerning our social and economic dilemma.

"Recent Social Trends in the United States," volumes I and II, has just been released at the loan desk by Miss Grace Derby, associate librarian. The book consists of the reports of ex-president Hoover's research committee on social trends, with a foreword by Hoover, in which he says that the report should serve to help all of us to see where social stresses are occurring and where major efforts should be undertaken to deal with them constructively. Some of the subjects treated in the book by the committee are "Population Trends in the United States," "Problems of Education in the United States," "Rural Social Trends," "The Arts in American Life," and "Political, Social and Economic Activities of Women."

Other new books at the library are: "Strategy in Handling People" by Webb and Morgan; "Parent Education," a report of the committee on the Family and Parent Education, and White House conference on Child Health and Protection; "American Society of Landscape Architects," illustrations of work of members during 1932; "Vibration Prevention in Engineering," Beard; "Pork Packing," Goedert and Maddux; "Planning Residence Halls," Hayes; "A Textbook of Metallography," Tamman; "Sections in American History," Turner.

"Managing Minds," Allen and Tiemann; "Individuality and Clothes," Story; "The D. U. Technical Series, Mechanical Testing," Bateman; "Principles of Marketing," Clark; "Der Junge Goethe," Fleissner; "Initiation au Theatre," Gerard and Rice; "The Family and Its Relationships," Groves, Skinner, Swenson; and "Elementary Differential Equations," Kells.

"Servicing Super-Heterodynes," Rider; "Mathematics of Finance," Sinal; "Sixth Annual Field Conference," Kansas Geological Society; "Partial Differential Equations," Bateman; "Principles of Marketing," Clark; "Der Junge Goethe," Fleissner; "Initiation au Theatre," Gerard and Rice; "The Family and Its Relationships," Groves, Skinner, Swenson; and "Elementary Differential Equations," Kells.

BLACKMAN Y. W. PRESIDENT FOR FOLLOWING YEAR

RUTH LANGENWALTER, RUTH GRESHAM, AND HARRIET REED ALSO WIN POSTS

CABINET TO BE CHOSEN

Leaders of Interest Groups and Others Chosen by President and Y. W. Secretary to Constitute New Cabinet

Officers who were elected by the Y. W. C. A. yesterday are Dorothy Blackman, Manhattan, president; Ruth Langenwaller, Wichita, vice-president; Ruth Gresham, Manhattan, secretary; and Harriet Reed, Holton, treasurer. They will begin their work around the first week in April and continue until the same time next year.

New Cabinet To Be Chosen
A new cabinet will take office at the same time that the new officers are installed. The cabinet, which has not been chosen, will be selected jointly by Dorothy MacLeod, Y. W. secretary, and the new officers. Girls who would like to be on the new cabinet are invited to see Miss MacLeod sometime before next Wednesday, March 22.

The interest groups this year have included philosophy of life, dramatics, modern books, modern art, industry, international relations, leadership, and the life of Jesus. The leaders of these, or whatever other groups may be selected, will be on the cabinet.

Many Groups Listed
Other groups which offer opportunities for work include freshman commission, social committee, membership, publicity, finance, social service, student forum, college sister work, programs, and Aggie-Pop. In one of these, college sister work, there are 18 possibilities for executive positions.

Cabinet to Training Conference
The new cabinet will attend a cabinet training conference scheduled tentatively for April 21, 22, and 23, to be held at Ottawa university for Y. M. and Y. W. cabinets over the eastern portion of the state. A similar conference, held last year at K. U., was quite successful.

PRINTS FROM ABROAD IN NEXT ART EXHIBIT

Collection of Works of Many Famed Artists in Exhibit Opening Monday

Prints from abroad will form the next exhibition in the department of architecture gallery, beginning next Monday. The collection of 46 papers, which is one formed and circulated by Pohn Grant of Edinburgh, Scotland, and includes etchings, aquatints, engravings, and drypoints, gives promise of proving very popular with visitors. It includes such widely known old masters of etching as the English Sir Francis Seymour Haden; Anders Zorn, the Swedish artist; and two Frenchmen, Eugene Bejot and Alphonse Legros.

It is in the main, however, a showing of English artists. Among the contemporary masters who will be represented are E. Blampied, Bouverie Hoyton, Detmold, Martin Hardie, Dame Laura Knight, Macleod, Nevinson, Job Nixon, Sir Frank Short, E. S. Lumsden, and Tunnick.

In addition, two American artists of note, Herman Webster and Louis Rosenberg, will be shown. Rosenberg's "The Fez Gate, Tangiers," which is included in this showing, has been chosen by American art dealers for the book of the one hundred best American etchings, called "Contemporary American Etching."

Others in the group have been included by Leipzig in his "History of French Etching" and by Sparrow's "Book of British Etching."

Most of the artists included in this exhibition were shown here last fall in a very popular exhibit, during which half of the prints were sold.

The exhibition will remain here until April 1, when it will be circulated by the architecture department in other Kansas cities and towns.

Dr. E. J. Wimmer, of the zoology department, spent the weekend in Milwaukee.

Ah 'Tis Spring—And the Vivarium Pets Eat Once More

It's a sure sign of spring—for the alligators, turtles, and snakes in the museum vivarium of the zoology department are coming out of their winter lethargies.

The alligators, especially sullen, glance up disgustedly, with a peculiar sound, half-snort and half-yawn; for, like everyone else, they think they need "just a little more sleep."

According to their keeper, Neal Morehouse, their appetites are coming back, and he mentioned that he fed them a number of rats the other day.

SATURDAY CLASSES MEET

Assembly Schedule As Usual for Engineers Assembly and Kammeyer Talk

Prof. J. E. Kennmeyer will talk on "The Limiting Factor" at the Engineers' assembly Saturday at 11 o'clock.

All Saturday morning classes will meet, each class being shortened as on other assembly days. The hours of meeting will be just the same as on the regular assembly schedule, except that instead of assembly when the bell rings at 10:15, there will be fourth hour classes.

There will be music by the engineers, the college orchestra, and a trumpet trio composed of V. A. Elliott, McPherson; A. R. Elliott, Stafford; and T. B. Haines, Casper, Wyo.

BAILEY YET AMONG LIVING

Same Name and Age But Different Youth Killed in Quake at Long Beach

A coincidence in the list of casualties from the earthquake reported by the Associated Press caused much anxiety for Warren Bailey, formerly enrolled at Kansas State in architecture.

A delayed telegram from Bailey assured friends that he was uninjured in the Long Beach catastrophe.

ESTES CONVENTION PLANNED

Arrangements Made for Summer Camp—Cost to Be Low.

The conference to be held at Estes this summer will be in tune with the times—expenses will be reduced to only twelve or thirteen dollars for the ten-day period, including a seven-dollar registration fee and five or six dollars for groceries and other supplies. Students will live in housekeeping cabins, do their own cooking and house-keeping, so that this reduction in expenses may be made possible.

The conference, which is sponsored by the Y. M. and Y. W., will be held from June 7 to June 17, and will be attended by delegates from Kansas, Nebraska and Colorado. The theme is to be "Purposive Living in an Age of Confusion."

MILITARY TALKS ON RADIO

Wednesday Night Program Has Student and Faculty Speakers

Hal McCord, Jr., ranking officer in the coast artillery division of the R. O. T. C. here, was chosen as the outstanding student of the military department to speak over KSAC on the young people's opportunity hour, last Wednesday. Lieutenant-Colonel John Sullivan talked of the outstanding students in advanced military training at the college.

Dean R. W. Babcock spoke on "General Science and Your Life Work" and Miss Margaret Ahlborn of the home economics division read Dean Margaret Justin's speech as the dean was unable to appear. At least one outstanding student is presented on these weekly broadcasts which come over KSAC weekly from 9:30 to 10:30.

HARMAN TO TALK ON BIRDS

Zoology Professor to Lecture to Girl Scouts Saturday.

Mary T. Harman, of the department of zoology, will give a bird lecture before the local group of Girl Scouts, Saturday morning at 10 o'clock, in Fairchild. "This is so they may be able to recognize bird habits and habitats," Miss Harman explained, "and become better acquainted with the birds, especially those of this part of the country."

There are about 150 girls in the scout organization, who are expected to attend the lecture.

THIS WEEKEND WILL BE ENGINEERS FOR DISPLAYS, CHAPEL AND PROM

"WOMAN FLOATING IN AIR" IS ANNOUNCED AS DISPLAYING; "LIQUID AIR" SUBJECT FOR LECTURE; SEEING BY AIR A FACT

DOORS OPEN TONIGHT ON THIRTEENTH ANNUAL EVENT

Engine Using Ice As Fuel, Automatic Bean Sorter, Train That Runs by Talking to It, Climbing Arc Light—These Are Among Exhibits in Engineering Hall

SENIOR INVITATIONS
Senior invitations should be selected at the Y. M. C. A. office in recreation center during the next week. Three different styles will be offered for selection. The choice can be made any day during class hours except Monday, Wednesday, and Friday afternoons.

COSMOPOLITANS ASKED FROM STATES NEARBY

Convention Will Be Held Here Latter Part of April As Planned Now

The value of a Cosmopolitan club, its place on the campus, the relations between foreign students and American students, and the furthering of international fellowship have been selected as subjects for discussion for the Cosmopolitan convention to be held here April 22 to 23, or 29 to 30, two tentative dates.

Plans are being formulated for making the annual spring banquet held during the latter part of April by the local chapter the outstanding social event of the convention. Round table discussions, speeches and suggestions from national officers of the Association of Cosmopolitan clubs and other prominent Cosmopolitan students are being arranged.

Invitations to attend the convention have been issued to four colleges in Colorado, ten in Kansas, six in Missouri, three in Nebraska and two in Oklahoma.

Intense interest has been expressed in the replies received, particularly by the Kansas schools. According to Miss Louise Chalfant, Wichita, president of the local Cosmopolitan chapter, who is directing the work for the convention, some of the out-of-state schools feel that they cannot afford to send a delegate because of the economic situation.

MUSIC ADVISOR ON HILL

Mu Phi Epsilon, Honorary, Entertains Miss Bertha Hornaday

Miss Bertha Hornaday, national musical advisor of Mu Phi Epsilon, national honorary musical sorority for women, arrived in Manhattan last evening for the annual inspection. Miss Hornaday is a teacher at the Kansas City Horner conservatory.

Faculty members of Mu Phi Epsilon gave a dinner for Miss Hornaday last evening. Mrs. F. D. Farrell and Mrs. H. W. Davis, patronesses, were hostesses at a reception at the president's home after the dinner. A musical program was given by student members of Mu Phi Epsilon.

This morning is being given over to interviews and to formal initiation for Dorothea Bacon, Atchison, and Mildred Miller, Manhattan. A luncheon in honor of Miss Hornaday and the new initiates will be given today at the cafeteria, after which there will be a business meeting. Miss Hornaday will leave this evening.

K. U. PROF. TO DEMONSTRATE

Popularized Lecture, in Connection With Open House, Given Tonight

Prof. H. P. Cady, head of the chemistry department at the University of Kansas, will give a popularized lecture in connection with Open House at the auditorium tonight at 7:15.

Professor Cady is an experienced speaker having appeared on chautauqua and lyceum circuits. He will include a liquid air demonstration in his lecture which will conclude in time for Open House visitors to inspect the engineering building.

B. V. D., a trade name for men's wear, was derived from the names of the manufacturers, Beverly, Voris, and Day.

Beri Beri or Beer. She Had to Have Her Beer—But Never More

There's one feminine drinker on the campus that the student council couldn't expell and she was born and raised by professors on this campus, too. Without her yeast for a week or ten days she fairly went into fits with a nervous disorder called Beri-Beri.

She just acted so awful that they put her on exhibition in the home economics department as a lesson of what shouldn't be done.

Then two handsome singing specialists in this typical deficiency disorder decided to play heroes. They took this unhappy specimen and gave her some Vitamin B from yeast (commonly known to college students as beer) to counteract the jitter pills. The magic worked and up she came flying about like a fairy; even pecking nails. Soon the effect left and out flickered that little thing called life with it from this dissipated one.

Moral—(Maybe) Miss Chicken Fowl died from alcoholism.

AN ENEMY TO BEAT

While we are having our taste of depression, we can look back at diminutions of the past and be glad that we are living now instead of then. Depressions aren't new and this is not the worst the country has known. We know too, that it hasn't a chance of being the most severe because we have everything under control and we are back on the road to prosperity. Prosperity is truly just around the corner. The largest steps around that corner have been taken. All that remains to be done is straightening the course and we'll be on our way again.

Depressions have a habit of coming around about every five years or so. At least these facts come to light when we look at history which shows that we have had some 20 depressions in the past 100 years. Some have been only slight, while others have been more severe. Many persons now alive recall the days in 1893 when a real panic was in progress. Then too, there was the 1873 panic which has much in common with the present situation.

But the country has survived them all and after they have passed, we have gone on with progress, each time reaching a new high peak in prosperity. This year's special session is not the first time that a special session of congress has been called to cope with problems threatening collapse of the monetary standard.

We went off the gold standard completely in the period between the Civil war and 1873. But we came back. In 1893 the gold reserve fell so low that we came within hours of leaving the standard again. The reserve was then down to \$41,000,000. In accord with those figures, we have nothing to worry about today, with gold holdings close to four billions. At that same time back in the nineties we had 156 railroads in the hands of the receivers but nearly all survived. Clearing house scrip isn't anything with which to measure a country's wealth. It was issued in 1907 in place of money. That has been forgotten—because we have survived.

Unemployment isn't a new evil. Soup lines, bread lines, broken figures of humanity, low prices, and low wages aren't out of the ordinary in a period of financial crisis. This isn't the first time that banks have failed in wholesale lots. The stock exchange was closed twice before—once on July 31, 1914 and another time in September, 1873.

There are many other parallels in past history that should prove to us that the period which we are now enduring is nothing for which we should lose hope, or dread with unbearable fear.

A depression always means something better for us. They have benefited in the past with the great lessons they teach. The depression of 1873 gave us our great national treasury system; it was the forebear in the agitation for a ten-hour working day; it removed the evil of imprisonment for debt, and it was a great stimulus to humanitarian and progressive movements.

Today's depression will give us similar benefits—some more important, and some of benefit only to the future. The sources of worry and fear today are bad enough and are hard to endure, but they are neither new nor unprecedented. They are enemies which we have beaten before.

On Other Hills

The Oklahoma Daily suggests at least one good that came from the bank moratorium; you hardly ever heard anyone discussing the weather.

Vocation and not vacation is the term that can be applied to the 600 Southern California students who earned a total of \$8,300 during the Christmas holidays.

Gary Cooper hasn't always been the same romantic hero in the eyes of the people. While he was a student at Grinnell he met failure three times in attempts to break into the college dramatics club.

A "Pan Program" is to be held at Drake in two weeks. A cast of thirty persons has been selected to play the parts in the show which is to give up the low down on campus activities which had heretofore been in the dark.

Somehow it's gotten around that the title of the booklet that will shortly go to press at Vas-

sar on advice to the girls on house party dates will be titled, "What Every Girl Should No."—Michigan Daily.

A student at the University of Michigan recently crashed into a sorority house at that college and after nearly wrecking the place decided to call it a day. The police took a hand and the lad didn't have a day—he had several. It was rumored that he had been drinking before the spree.

The depression, with its far reaching fangs, has called for drastic curtailment of expenses in connection with the annual Junior Prom at Butler college. The party has been rated as a \$1,000 affair in the past but this year will be only one of the 400.

To supply smoke for one of their theatricals, Minnesota university students obtained a smoke bomb from the local National Guard unit. The bomb produced so much smoke that it drove everyone out of the theatre and it was not until later that it was discovered that one bomb would screen 45 acres.

A Colorado boy has recently sued his father in an attempt to force the latter to pay for his education. A Denver court dismissed the case, so the boy is taking it to the supreme court. The son charged that in return for "love, affection, and other valuable considerations," his father had promised to pay his college expenses.

A Kansas university co-ed was paid \$5 to see "The Mystery of the Wax Museum," alone in a theatre at midnight. She came to the theatre in an ambulance, sat in the theatre for 15 minutes in complete darkness to "provide the proper atmosphere for the picture," and then viewed the showing. She was able to go home without the aid of the ambulance.

Governor William H. Murray of Oklahoma issued a drastic executive order Monday that will affect approximately 100 faculty members and property valued at \$1,000,000 at the University of Oklahoma A. and M. college. The governor abolished the colleges of engineering and education and the school of home economics at the university, transferring them to the A. and M. college and six state teachers' colleges. To balance the order, Governor Murray assigned all pre-law, pre-medical and geology students to the university.

Faculty members who have been teaching the subjects abolished will be dismissed from the several schools and no more money spent for such purposes. The change is part of a program in which the governor plans to make large reductions in the state school budget.

The Snooper

What's so thrilling as to have Mark Kattal narrate about the activity fee? Bringing the Russian government, taxation without representation, bank holidays and the beer question into his argument he displays hidden talents in the oratorical field.

The unworthy Sig Eps have been casting their childish tricks aside to go in for deeper things. A Sig Ep arriving home the other morning about 2 o'clock found when he went to bed that a good-sized snake was staring him in the face. (No, this was not an optical illusion).

A certain Lambda Chi tried to move in a sorority house the other night. While visiting a sweet young thing his "brothers and friends" packed his clothes into trunks and shoe boxes and put them on the front porch of the sorority house. Much embarrassed, he finally explained to the girls that he had nothing whatsoever to do with the incident.

Betty Smith the dream girl of the Alpha Xi's has finally gone Tri Delta. The Alpha Xi's were dumbfounded when they heard the news; with red eyes and sniffling noses they go around with blank looks on their faces, saying, "Well, we've lost another to Tri Delta."

The majority of the Pi Phi chapter have been campused for the week-end. Those who cannot bear the thought of remaining in the house will make excursions home. Vance McClymonds, Tella Hinshaw, Jaconette Lawrence and a few others will be entertained by the efforts of our melody girl Merritt, who will sing requests in her own little way.

June Layton has been requested to play southern songs for the Phi Sig party Saturday night.

Again Wally Duncan crashes through. While playing baseball with a broomstick our Herculean Wally smote a ball through the windshield of a car. Run! shouted the mob—but Duncan the Decisive said, "Run? Know not you gentlemen the ethics of a man? I'll not run—I'll go up and take the blame." After laying his innocence at the feet of the car owner, Wally was surprised to be addressed thus: "It doesn't matter, it was broken anyway."

A few experiments upon "The Effects of Alcohol upon Chickens," have been conducted lately and the experiments have proved exceptionally successful. A chicken dying from the effects of some disease was immediately given some yeast in the form of beer or beer in the form of yeast—well anyway after a few bottles the chicken became unruly. Observing the chicken from points of safety the experimenters reported such activities in this barnyard fowl that were not becoming to one of her species. The true actions of the chicken were not revealed but she died from the effects of alcohol and from her inability to perform well in her stunt flying.

ROYAL PURPLE SALES CAMPAIGN TO AN END

Sororities Must Complete Orders by Saturday Night to Enter Beauty Candidate

Despite the earnest efforts of sorority girls to sell enough Royal Purples to enter a sister in the 1933 Beauty contest, a few good prospects have been passed up. In the last week more than one student has come to the Royal Purple office to buy his book.

There are still two days more in which to buy or sell yearbooks. At 6 o'clock Saturday evening, March 18, every sorority that has sold 20 books may enter one contestant in the 1933 Beauty contest. If 30 have been sold there may be two entries, and 40 sales grant an unlimited number of candidates.

People who intend to buy yearbooks must order one soon, for the final specification form from the printing company has been received, according to the editor, Franklin Thackrey. This form includes the exact number of pages in the book and the number of copies wanted. The business manager believes there will be about 500 less copies ordered this year than last, as there were many copies of the 1932 Royal Purple that have remained unsold.

ALPHA ZETA PLEDGES

Honorary Ag Fraternity Takes Six New Men.

Six undergraduate students in agriculture were pledged by Alpha Zeta, national honorary agricultural fraternity, in agricultural division seminar Thursday afternoon. Announcement of pledges was made by Glen S. Fox, Rozel, chancellor of the organization.

Students pledged were Erwin Abmyer, Grantville; Harold Kugler, Abilene; Walter Lewis, Larned; Frank G. Parsons, Winfield; Eugene Sundgren, Falun; and A. A. Thornbrough, Lakin.

A voter in the Virgin Islands must have an income of at least \$300 a year.

THIS WEEKEND WILL BE ENGINEERS FOR DISPLAYS, CHAPEL AND FROM

(Continued from page one) to the ones sent by various corporations.

The Graybar Electric will have products. The flood-lighting for the engineering building, which consists of seven mammoth flood lights, will be used through the courtesy of the Graybar company. Many of the larger electric companies have

responded to the engineers' requests and will be represented at the open house by displays. One exhibit of interest which has been sent by the Western Electric company is an artificial larynx which enables a person without vocal cords to speak.

Even a Hypnotism Show In the electrical department will be found exhibits which have been made by students—an automatic bean sorter that throws out all colors except black, a program dispenser which throws out a program just as a person reaches for one, and Jacob's ladder, an arc that climbs between two poles. A hypnotized woman floating in air will also be shown. In connection with these displays will be a teletype writer with the receiving end of it in the engineering building and the sending end down town.

One of the displays which the students are working hard on is that explaining the principle of the automatic telephone. Students who are studying this particular line will show the public how these instruments work. In addition to this exhibit will be a toy train which

runs by merely talking into a transmitter.

Television Mysteries Made Plain Probably the most interesting display in this division will be the television station. All visitors will have a chance to see their pictures thrown upon the wall by means of this set-up. A special scanning disc is being constructed for this experiment which will contain lens so that the entire scope of the subject's face can be picked up.

As one enters the building he will cross the light stream which is shining upon a "photo-electric eye." Breaking the flow in this manner will cause the number to be recorded upon an electric sign. In this way the engineers hope to keep accurate check of how many attend open house.

Just Like Blue Fountain Room! In room 128 will be found a lighting display in charge of the students in the illumination class. This year a new feature is being presented in the form of the "grid-glow" ball. With this exhibit one stands near the ball and is able to paint pictures with lights upon the wall by rubbing his hand over

the ball. Lighting effects similar to those used in large ballrooms and theatres will be demonstrated.

The top two floors will be taken over by the architects and civil engineers. Models of bridges of the latest design will be shown. A model motor intersection on which no car will have to pass another car on its own level is to be displayed. The architects will display model houses and some of the latest work in modernistic paintings.

For the enjoyment of people who like to see big wheels turn, the mechanicals will have the big Corliss Steam engine running in steam-and-gas lab. The gas and diesel engines will also be given tests. New noiseless burners have been installed under the boilers in the mechanical laboratory and they have their first test tonight at which time a 24-hour run will be made to determine the efficiency of the plant.

ROLLED OATS

Comes the anti-curfew protest, the airing of various winter coverings, and the rising of porch swings and hammocks—Spring's here—a sudden "back to the land movement"—lots staked out on Sunset—hi-way property selling as low as fifty cents (it should) sale high noon in A-42—a lot gets a lot—come early—lots of lovely lonesome lots—when your deepest thoughts are dredged—what is life without a lot???

Bowed with the weight of centuries—and laden with responsibilities—our Shepherd of the Flock Landon—drags protesting pledges from dens of iniquity—life's human pitfalls—and the proverbial road to ruin.

The elegiac victimized—life among the lowly begins—and skating is in vogue. Laborers and capitalists in a convention for churchly children. Twenty-five cents for an evening spent in resting upon the posterior extremity of the trunk—and remaining quiescent!!

Fifteen days—pardoning the parody—"Just a Little Foam for the Old Soaks"—beer legalized—Brass rails—and power of suggestion brings a slight limp to the right leg.

With the comely combination of Baker and Merritt—for oblivion we recommend Mae West—it may have been celebration—it may have been consolation—or it may have been a J. Richard's inspiration. Paralyzed Palace patrons remained in a state of stupor as these genial gentlemen and mischievous maidens tangoed among the tables.

The Pride of Mount Hope gains entrance to the Kappa house through the efforts of M. E. Berriman—these kind Kappas!!

And then there's Eggs Sorrell's clipping from the W. C. T. U. Sentinel—"I've Drunk my Last Glass Boys, I've Drunk my Last Glass".

Social Calendar

Friday, March 17
Engineer's Open House.
Mortar Board dance, recreation center, 8:00.

Phi Kappa Tau house dance.
Alpha Zeta dinner dance, Thompson hall.
College club party.
Engineer's lecture, Dr. H. P. Cady of K. U., 7:15.

Engineer's lecture, Franklin McCurry, Denison 26, 7:30.

Saturday, March 18
Engineer's Open House. Meeting, Thompson hall, 7:00.

St. Pat's prom, Nichols gymnasium.
Alpha Xi Delta dinner dance, Country club.

Phi Sigma Kappa Founder's Day banquet and formal dance, Wareham.

Monday, March 20
Horticulture club meeting, Dickinson hall 31, 7:00.

Y. W. C. A. cabinet meeting, Calvin rest room, 7:00.
Chorus, auditorium, 7:00.

Alpha Kappa Lambda
Mrs. H. K. Everly and Warren Little spent Saturday afternoon at the latter's home in Council Grove.

David Crippen and Ed Sample spent Saturday at their homes in Council Grove.

Le Roy Quigley spent the weekend at his home in Halstead.

Alpha Kappa Lambda announces the pledging of Clarence Keith, Ottawa.

Zeta Tau Alpha
Eloise White, Dalhart, Texas, was elected president Wednesday evening.

Other new officers are: vice-president, Evelyn Diehlman, Findlay, Ohio; secretary, Harriet Reed, Holton; treasurer, Jo Elizabeth Miller, Manhattan; historian, Mary Elizabeth Cooper, Manhattan; guard, Muriel Fulton, Wichita; rush captain, Elizabeth Walbert, Columbus; house manager, Ruth Parsons, Hawatha.

Beta Theta Pi
Pete Fairbank spent Friday and Saturday in Kansas City attending the national basketball tournament.

Jack Boyd, Topeka, spent the weekend at his home.

Harold Eddington visited in Dodge City Saturday and Sunday.

Jack Householder spent the weekend at his home in Clay Center.

Professor Burr Smith, Dr. C. W. Campbell, and Dan Walters, were dinner guests Wednesday.

Phi Beta Phi
Janet Murdock, Weldene Middlekauff, and Charlene Baker will attend the Phi Beta Phi party at Washburn Saturday night.

Eugenia Ebling will spend the weekend at her home in Lindsborg.

Dinner guests Tuesday night included: Mabel Grant, Overbrook; and Marylouise Graham, Ellinwood. Tella Hinshaw and Jaquette Lawrence will spend the weekend in Bennington.

Phi Lambda Theta
Prof. Harry Stewart spoke at dinner Tuesday night. Other guests for dinner were: F. L. Parrish, A. J. Mack, and D. C. Warren.

Phi Omega Pi
Formal initiation was held for Jewel Stockdale, Kansas City, Wednesday night.

The pledges entertained the activities and alumnae at dinner, Wednesday evening. Alumnae present were: Anna M. Sturmer, Vada and Marjorie Burson, Marie Wilson, Avis Hall, Mary Zink, Leona Hill, and Ruth McCammon.

Lambda Chi Alpha
Lambda Chi Alpha announces the pledging of Edward Orrick, Topeka.

James Scott, Kansas City, and Guilford Rallsback, Langdon, will spend the weekend at their homes.

Delta Delta Delta
Dinner guests Tuesday evening included Elizabeth Smith, Herbert Beaman, Ralph Edrie, Bruce Smith, Phil Jackson, Gene Perry, Walter Lewis, Harry Hineckley, Don Kennedy, Lee Morgan, Jim Richards, John Correll, F. T. McMahon, Kenneth Harris, Charles Team, Sid Robinson, Larry Antenen, Warren Keller, James Towner, Art Tellejohn, Dale Dixon, Ed Murphy, and Thomas Galley.

Delta Delta Delta announces the pledging of Elizabeth Smith, Kansas City.

Thursday evening dinner guests were Jean Roper, Katherine Correll, Janet Samuel, Corinne Scott, Margaret Spencer, Dorothy Hughes, and Edna Johnson.

Lela Hahn accompanied her mother, Mrs. H. S. Hahn to Salina yesterday. They returned today and plan to go to Kansas City Saturday to spend the weekend.

Madge Mahoney was called home Wednesday by the death of her father.

Josephine Donnelly left last night for her home in Goodland where she will spend the weekend with her parents, Mr. and Mrs. Thomas Donnelly.

Leora Light, Elkhart, Pryor, and Erma Jean Miller visited in Topeka Wednesday evening.

Beta Phi Alpha
Beta Phi Alpha entertained Alpha Rho Chi at open house Thursday evening.

Alpha Gamma Rho
Thursday evening dinner guests were Howard Haas, Almena; Frank Parsons, Winfield; and Earl Parsons, Winfield.

Kappa Delta
The following officers were elected for the rest of this semester and next fall: Dorothy Blackman, president; Mildred Sands, vice-president; Lois Stingley, secretary; Mary Lucille McConathy, treasurer; Dorothy Leshosky, assistant secretary; Mildred Forester, rush captain; Leona Shultz, editor, and Clara Jean Martin, pan-hellenic representative.

Sigma Alpha Epsilon
Phil Jackson and Bill Scales went to Hutchinson Thursday where they will spend the weekend with friends and relatives.

Mrs. E. A. Kinnard, Wichita, was a dinner guest Wednesday evening. Mrs. Kinnard is a sister of Mrs. Emma Passmore, Sig Alpha house-mother.

Delta Tau Delta
Delta Tau Delta entertained the following girls at open house Thursday evening: Mildred Mowery, Roberta Strowig, Dorothea Haddrell, Harriet Gilson, Helen Pickrel, Jane Whyte, Lois Narramore, Maxine Blankenship, Luella Graham, Nancy Jane Campbell, Jane Speed, Margaret Mary Reddy, and Jaquette Lawrence.

Ciovia
Tuesday dinner guests at Ciovia were Margaret Jones, White City; Helen Hanson, Clifton; and Gladys Larson, Elmo.

Open house for Tau Kappa Epsilon was held Thursday evening.

Blanche Tomson, Dover, has moved into the house.

Delta Sigma Phi
Delta Sigma Phi announces the engagement of Miss Shirley Jacobs Lenora, to William Kilmer, Kirwin.

Delta Sigma Phi announces the pledging of John Long, Abilene.

Kappa Sigma

Kappa Sigma will entertain with a pig dinner this evening at six o'clock in celebration of the founding of their original chapter which was called "Shamrock Club."

Presbyterian Banquet

The Presbyterian students held their annual formal banquet Friday night, March 10 in the church basement. The theme of the banquet, "Good Luck," was carried out in the decorations and in the toasts.

The banquet was followed by dancing in recreation center.

Guests included: Rita Brown, Edmond; Gladys Butkara, Ruth Gresham, Lorene Logan, Mary Sayre, Esther Sayre, Madeline McKinley, Betty Davidson, Zella Ackenhauser, Muriel Morgan, Mary Morgan, Elsie Miller, Margaret Glass, Florence Keller, Carol Owsley, Grace Mary Oustinson, Pauline Compton, Grace Scholtz, Genevieve Hoyt, Manhattan; Marie Davis, Nebraska City.

Elmer Thurow, Macksville; Alice Maxner, Wilson; Alice Droz, Humboldt; Kathryn Knechtel, Wichita; Junita Shields, Lost Springs; Jewel Stockdale, Kansas City; Sue Irons, Winter Haven, Florida; Florence Melchert, Ottawa; Ruth Cook, Abilene; Myra Lorimer, Olathe; Maxine Morehead, Baltimore, Ohio; Elizabeth Knechtel, Wichita; Grace Burson, Oakley; Eleanor Irwin, Highland; Jessie Rowland, Clay Center.

Geneva Sutter, Effingham; Agnes Olds, Delphos; Mildred Cooper, Chase; Helen Latta, Holton; Eunice Reed, Kanopolis; Irene Morris, Paxico; Luke Schruben, Hoxie; Dean Swift, Olathe; Arlie Paige, Minneapolis; Lewis Bacon, Sylvan Grove; Frank Elayer, Hugo Lucas, Max Wible, Fred Peery, Olin Sandlin, George Hahn, W. R. Smith, Paul Sayre, Keith Hinchcliff, Laurel Owsley, Hiram McGehee, Medway Hollis, Manhattan.

L. H. Dalton, Lewis Hay, Clay Center; Eugene Hobson, Atchison; Joyce Miller, Sycamore; Sam Kelsall, Lawrence; Dwight Thompson, Wichita; Glenn Fox, Larned; Leslie King, Salina; Ralph Hendrickson, Dayton, Ohio; Harold Kugler, Leslie Bryson, Abilene; Harvey Holm, D. Wright; Pete Neuschwanger, Osborne; Gordon Carter, Bunker Hill; Walter Babbitt, Willis; Neil McCormick, Oatville; E. J. Stockholm, Dwight; Pete Neuschwanger, Iola, Clayton; Harold Heckendorn, Cedar Point; G. E. Feldhausen, Frankfort.

Carl Channon, Scranton; William Warner, Wellington; Kenneth Thompson, Wichita; James Haupt, Newton; Harold Rowland, Clay Center; Loren Skinner, Tyro; Tom Avery, Coldwater; Mr. and Mrs. Daniel Blanchard, Rev. and Mrs. W. U. Guerrant, Dr. and Mrs. D. H. Fisher.

A dinner party was held at the Palace Drug store, Monday evening.

Those present were Dorothy Cortelyou, Dorothy Washington, Mary Louise Hampshire, Louise Ratliff, Lois Rosenkrans, Marjorie Call, Ella Rae Davis, Leona Follett, and Elizabeth Lamprecht. After the dinner the party went to the home of Miss Marjorie Call for further entertainment.

At The Theatres

AT THE VARSITY
The Varsity theatre is staging a few low price shows this weekend which are really high class shows—but only revivals. Smoldering Jean Harlow and the mannish Clark Gable return in that well-known picture "Red Dust" tonight. Tomorrow night Laurel and Hardy struggle through their antics in that laugh treat "Pack Up Your Troubles." Both of these revivals are good shows but don't forget that you may have seen them before at this very same theatre only a short time back.

DICKINSON THEATRE
You should hear that crowd chew up "Sailor's Luck" with that James Dunn and Sally Eilers flavor at 20 and 25 cents a stick at the Dickinson theatre today and tomorrow plus the extra feature.

You'll never hear so many hearty Joe E. Brown laughs in your life. You might learn the art of real "hickling" from Will Santon, too. It has this "You-can't-hold-a-good-girl-down" plot, James Dunn the sailor may have had a girl in every port before but not after he bought the four and a half gold wedding ring.

The added feature for Saturday in Bob Steele in "Riders of the Desert" and here's a chance to get your weekly diet of a western picture since the Wareham is at rest.

"Nature in the raw is seldom mild" with Buster Crabbe, the new lion man, but it didn't take Frances Dee long to tame him in the long waited for "King of the Jungle" coming Monday through Wednesday at the Dickinson.

SCABARD AND BLADE ELECT
Scabard and Blade, national honorary military fraternity, held election of officers last night. Those elected are: captain, Cecil Arens, Topeka; first lieutenant, Roland Renwans, Enterprise; second lieutenant, E. L. Metcalf, Manhattan; secretary, Harold Hibbs, Osborne.

The newly elected officers will be installed at the next meeting, March 27.

Y. W. INTEREST GROUPS COMBINE FOR REVIEW

Book Review and Dramatic Sections Hear Sue Irons Discuss "Larry."

The Y. W. "book review" and "dramatic" groups were combined last night, so that the members of both groups might hear a book review given by Sue Irons, Winter Haven, Fla. The book she reviewed is a rather well-known one, "Larry," the journal of an actual college student. It consists of his themes, letters to his parents and his "girl," and his diary.

STUDENT FORUM TODAY

Grimes to Talk on Bank Holiday Situation in Cafeteria Today

"The National Bank Holiday and What Will Come Out of It" is the subject Dr. W. E. Grimes, professor of agriculture economics, will discuss at student forum today.

This will be held in the cafeteria today instead of Wednesday and begins at 12:20. The subject is one which should be of especial interest to everyone at this time.

ATTEND ICE CREAM MEET

Fitch and Martin Attend the District Meet at Wareham

Prof. W. H. Martin and Prof. J. E. Fitch of the dairy husbandry department, attended the district meeting of ice cream manufacturers held at the Wareham hotel Thursday. The meeting, which was held under the auspices of the Kansas Association of Ice Cream Manufacturers, was for the purpose of formulating the association's business policy for the coming year.

CHURCH TEAM TO DOVER

Shirley Jacobs, Lenora; Mildred Hanson, Topeka; Ralph Brindley, Fredonia; Ralph Van Camp, Council Grove; and Kenneth Davis, Manhattan are members of the Congregational gospel team which will visit Dover next Sunday evening.

TWO ON RADIO PROGRAM

Special music for the young people's radio hour Wednesday evening was furnished by Prof. Max Martin, violinist, and Miss Alice Jefferson, accompanist. The program was broadcast at 9:30 o'clock over station KSAC.

Mr. Martin and Miss Jefferson played the first movement of Grieg's C minor sonata for violin and piano. Professor Martin next played two solos, "Andante," from a symphony by Lalo, and "Capriccio-valse," by Wienawski.

JOURNALISTS MEET
A meeting of Sigma Delta Chi, professional journalism fraternity for men, was held Thursday at four o'clock. The meeting, which had been scheduled for five, was moved up because journalism lecture was cancelled.

CALLAHAN GIVES TALK
Prof. J. P. Callahan of the English department spoke to the members of the Domestic Science club of Manhattan yesterday afternoon on "The Literature of Kansas."

The meeting was held at the home of Mrs. H. W. Davis, 1727 Fairview.

German Speech Club TO BE ORGANIZED SOON

Language Group May Start Body To Practice German Conversation

An evening of music is planned speaking club will be made when students of the German language will meet Wednesday, March 22, according to Prof. J. V. Cortelyou, head of the modern language department. The purpose of the organization will be to practice conversation.

Professor Cortelyou will address the group, according to J. W. Loh, Buffalo, N. Y., regarding the formation of the club. It is believed that the organization will either meet once a week or once every two weeks.

MORTAR BOARD WILL HOLD ST. PAT PARTY

Jack Burke and His Orchestra Will Furnish Music for Dance To-night in Recreation Center

Mortar Board will hold its annual St. Pat's program and dance in recreation center tonight at 8 o'clock. Anyone wishing can attend the party, Jack Burke and his orchestra will furnish the music. Admission will be 40 cents a couple or 25 cents per person. The attendance will be limited to 150 couples.

GOSPEL TEAM MAKES TRIP
The Westminster gospel team made a trip to Ramona, College Hill, and Abilene last Sunday. The members of the team making the trip were: Harold Kugler, Abilene; Ralph Hendrickson, Dayton, Ohio; Junita Shields, Lost Springs; Kenneth Thompson and Dwight Thompson, Wichita; Selma Turner, Manhattan; and Glenn Fox, Rozel.

GERMAN SPEECH CLUB TO BE ORGANIZED SOON

Language Group May Start Body To Practice German Conversation

An evening of music is planned speaking club will be made when students of the German language will meet Wednesday, March 22, according to Prof. J. V. Cortelyou, head of the modern language department. The purpose of the organization will be to practice conversation.

Professor Cortelyou will address the group, according to J. W. Loh, Buffalo, N. Y., regarding the formation of the club. It is believed that the organization will either meet once a week or once every two weeks.

MORTAR BOARD WILL HOLD ST. PAT PARTY

Jack Burke and His Orchestra Will Furnish Music for Dance To-night in Recreation Center

Mortar Board will hold its annual St. Pat's program and dance in recreation center tonight at 8 o'clock. Anyone wishing can attend the party, Jack Burke and his orchestra will furnish the music. Admission will be 40 cents a couple or 25 cents per person. The attendance will be limited to 150 couples.

GOSPEL TEAM MAKES TRIP
The Westminster gospel team made a trip to Ramona, College Hill, and Abilene last Sunday. The members of the team making the trip were: Harold Kugler, Abilene; Ralph Hendrickson, Dayton, Ohio; Junita Shields, Lost Springs; Kenneth Thompson and Dwight Thompson, Wichita; Selma Turner, Manhattan; and Glenn Fox, Rozel.

QUILL MANUSCRIPTS DUE
Manuscripts for those desiring admittance to the local chapter of the national Quill club should have their manuscripts to Prof. C. E. Rogers before April 1. Manuscripts will be accepted any time before that date. Professor Rogers is chairman of the membership committee of the local chapter of U. R. M.

ADD MENS INTRAMURALS
Entries for both intramural baseball and tennis have been sent to organizations and have been posted on the bulletin board. These entries must be turned in to the intramural office not later than Wednesday, March 22.

MATHEWS VISITS COLLEGE
H. W. Mathews, '31, visited at the college last Monday. He is at the present time employed as agricultural agent for Swift & company at Chicago.

GRAPPLERS WIN OVER WESLEYAN IN FINAL MATCH

KANSAS STATE WRESTLERS SCORE SEVEN FALLS TO OP-

SPLIT TWO EXHIBITION BOUTS

Two Veterans, Roberts and Bozarth, Finish Mat Careers With Victorics—Walters and Young New to Team.

Kansas State wrestlers closed their season with a 35-3 victory over Kansas Wesleyan university from Salina in Nichols gymnasium last Wednesday. Wildcat matmen won seven of the eight bouts by the fall route.

Clarence Houser, Wesleyan heavyweight representative, won a decision over his brother, Ed, in the heavyweight class. The exhibition matches were split, Wesleyan winning one and Kansas State the other.

Paul Griffith, Kansas State 118-pounder and Big Six champion in his class, won the first match by throwing Sid Dillenger, Wesleyan, using a half Nelson and bar arm hold.

Roberts Uses Airplane Spin
Captain June Roberts of the Wildcat squad, threw Eugene Reed, Wesleyan, with an airplane spin in three minutes and twenty seconds. This was probably the best match of the evening.

Billy Walters, in his first match of the season for Kansas State, made short work of Harry Melstrom, Wesleyan, throwing him in one minute and thirty seconds. He used a hook scissor and a reverse half Nelson. Walters took A. R. McDonald's place in the Wildcat lineup.

Dick Fowler pinned Garnett Gaum of the visitors with a three-quarter Nelson. Paul Warner used a body smother hold to throw DeMerle Eckert. Claude Young, replacing Joyce Miller for Kansas State, also used the body smother to win his match. F. M. Bozarth pinned his opponent with a bar arm and half Nelson.

Split Exhibition Matches
Lester Boyd, Wesleyan, won the first exhibition match with a fall over Ed Lamb of Kansas State. Boyd had a height advantage of some eight inches that Lamb could not overcome. A. R. Thiele, Kansas State, lacked but 42 seconds of having a ten-minute time advantage over Clifford Davis in the second exhibition match of the evening.

This match closed the collegiate wrestling careers of three men, Captain June Roberts, Farrell Bozarth, and Joyce Miller. Both Roberts and Bozarth ended their competition with falls. Miller did not wrestle in this last match, giving up his place on the team to Claude Young, in order that Young might gain experience for next year.

Men's Intramurals

Sigma Alpha Epsilon won the intramural swimming meet held last Monday and Tuesday evenings by scoring 47 points. Pi Kappa Alpha finished second with 37 points, and Beta Theta Pi took third with 32½ points. Lambda Chi Alpha, last year's swimming champions, failed to place this season.

Dave Umberger, Beta Theta Pi, won individual honors of the meet by winning the 20-yard and 100-yard free style races and tying for second in the 40-yard free style. He also swam on the 160-yard relay team which tied for second place.

A swimming trophy will be awarded to the Sig Alphas for winning the meet, and all points made will be counted toward the intramural challenge trophy.

Summary of the meet:
100-yd. relay: Won by Sigma Nu (Hasler, Grage, Smiley, Mayden); Sigma Alpha Epsilon and Beta Theta Pi tied for second; W. F. A. C. fourth. Time, 1:43.

60-yd. breast stroke: Won by Vinchier, Pi Kappa Alpha; Gilligan, Phi Kappa, second; Blanche, Independent third; R. Smith, Delta Tau Delta, fourth. Time, 54.5 seconds.

Fancy diving: Won by Trusler, Sigma Alpha Epsilon; Pinter, W. F. A. C., second; Darnell, Phi Kappa Tau, third; Saip, Delta Tau Delta, fourth. (Underwood won diving but was disqualified by officials.)

20-yd. free style: Won by Umberger, Beta Theta Pi; Grage, Sigma Nu, second; Munal, Delta Sigma Phi, third; Smiley, Sigma Nu, fourth. Time, 10.7 seconds.

40-yd. free style: Won by Trusler, Sigma Alpha Epsilon; Munal, Delta Sigma Phi, and Umberger, tied for second; Partner, Beta Theta Pi, fourth. Time, 24 seconds.

80-yd. back stroke: Won by Carbiener, Pi Kappa Alpha; R. Smith, Delta Tau Delta, second; Zerull, Phi Kappa, third; Nomura, W. F. A. C., fourth. Time, 1:09.

100-yd. free style: Won by Umberger, Beta Theta Pi; Munal, Delta Sigma Phi, second; Vinchier, Pi Kappa Alpha, third; Clark, Sigma Alpha Epsilon, fourth. Time, 1:13.2.
Medley relay: Won by Pi Kappa Alpha (Harris, Maxwell, D. Maxwell); Sigma Alpha Epsilon, second; Theta Xi, third; Kappa Sigma, fourth. Time, 1:39.2.

Handball and volleyball are now in about the middle of their schedules, and the stronger entries are beginning to lead out in the standings. Leading teams in handball are Delta Sigma Phi, Lone Stars, and Kappa Sigma, while those out in front in volleyball are Delta Tau Delta, Sigma Alpha Epsilon, Lone tars, and Aggie Knights.

STRONG INFELD LINED UP ON BASEBALL TEAM

Coach Charles Corsaut Also Has Bright Prospect for a Good Wildcat Battery

After several weeks of practice, Coach Charles Corsaut has lined up a strong infield and has bright prospects for a good battery staff on the Kansas State baseball team.

Many veteran players are included in the list of candidates for this year's team. However, there are a few new men who are showing promise, and some of the veterans may have a hard time holding down positions. Such men as D. E. Kratzer, Jim LeClere, John Underwood, Douglas Russell, and Harold Wierenga are crowding the veteran players for regular positions.

Coach Corsaut is about ready to name the players for the various positions, although the outfield and pitching groups are not settled. The weather has not been warm and the pitchers have not been out long enough to select the best of the 10 candidates for the pitching berths.

The game schedule is not yet completed, with only four games agreed upon. Missouri university will play a two-game series here April 10 and 11, and Kansas State will play return games April 28 and 29 at Columbia.

Coach Corsaut is trying to schedule home games with Emporia, Southwestern, and Haskell. A tentative game has been considered with Kirksville Teachers at Kirksville, Mo., to be played when the Kansas State team goes to Missouri.

Women's Sports

The results of the first intramural swimming meet are as follows: Group 2, Alpha Xi Delta 30, Pi Beta Phi 25, Chi Omega 11; group 3, Van Zile 60, X team, 64, Alpha Delta Pi 45, Neophytes 27; group 4, Winners 20, Kappa Kappa Gamma 30, Kappa Delta 40.

The second meets will be held next Monday and Tuesday, and group winners will swim for the championship on Wednesday. Class tournaments will be held next Thursday and Friday.

LOST—Parker pencil, burgundy and black. \$1 reward. Mrs. Lillian Mosshard, phone 2-8369.

FIFTY MEN ANSWER CALL FOR SPRING GRID DRILL

Coach McMullin Divides Squad Into Two Groups—Will Scrimmage Next Week

Fifty men answered the call for spring football practice last Monday afternoon. Head coach A. N. "Bo" McMullin is in charge and is being assisted by O. W. "Oes" Maddox, line coach, and Carl "Swede" Anderson, freshman coach.

To make the practice convenient for the men who have classes or work until late in the afternoons the squad has been cut into two groups. The first group meets at 4:15 o'clock and practices until 5:15, when the second group reports for work.

The practice during the past week has been made up of passing, punting, and learning of new formations and plays. Scrimmage will probably start next week.

The Spotlight

Last week's two championship meets had unusual endings. The two titles were captured by four teams, two tying for each championship.

In the two championship affairs a total of five records was broken and three old marks were equalled. Glenn Cunningham of Kansas set a new conference record in the mile by breaking the tape in 4:21.8. This time was almost 8 seconds slower than his victories in the east last month.

Kansas State raised its standing in swimming over that of the last few years by taking third. The last time the Wildcat team ranked that high was in 1930. The two tying victors of the event completely ran away from the rest of the teams with a 46 score. Kansas State had 12, K. U. 8 and Oklahoma 3.

Kansas State wrestling fans will have their last chance to see the Wildcat grapplers in action this year tomorrow night. Pat Patterson's boys will meet Kansas Wesleyan from Salina, a team they blanked about a month ago.

Every year Pat gives a trophy to the wrestler scoring the most points during the season. So far this year three men are bunched at the top, each having a chance for the award, with the outcome of the matches tomorrow night deciding the winner. Paul Griffith has scored 31 points, Farrell Bozarth 28, and June Roberts 26.

Three men will close their wrestling careers at Kansas State tomorrow night. They are Joyce Miller, Captain June Roberts, and Farrell Bozarth. Miller is giving up his place on the team for the last match to Claude Young, in order that Young might gain experience for next year.

The 1933 basketball season is over, and again the quintet from

the University of Kansas under the tutelage of "Phog" Allen has emerged at the top of the heap to win its third straight conference championship.

After trailing Johnson in scoring all season, Wagner, Missouri center, caged 18 points in his last court game against Kansas State to forge ahead of the Jayhawk pivot man and win the Big Six scoring title with a total of 114 points, five ahead of Johnson.

Andy Beck, Oklahoma, led the forwards of the conference in scoring with a total of 90 points, two in front of Cooper, Missouri. Bus Boyd ranked first in scoring among the guards for the second straight year. His rank among all scorers was sixth this season, while it was eleventh last year.

Picking an all-star basketball team is a difficult job. With the exception of one or two players, it is a matter of personal opinion. Although you try as hard as you can, still the team you select fails to please everyone, as each person selects the team as he sees it, and different persons see players through different eyes.

Here is our all-star Big Six team:

First Team
Johnson, Kansas, forward.
Beck, Oklahoma, forward.
Wagner, Missouri, center.
Boyd, Kansas State, guard.
Hokuf, Nebraska, guard.
Second Team
Harrington, Kansas, forward.
Wells, Kansas, forward.
Dalton, Kansas State, center.
Browning, Oklahoma, guard.
Schake, Kansas, guard.
Honorable Mention
Cooper, Missouri, forward; Wagner, Iowa State, center; Miller, Missouri, guard; Gray, Kansas, guard; Graham, Kansas State, forward.

The Kansas State College of Agriculture and Applied Science, Manhattan, Kansas, March 21, 1935.

Number 47

BENJAMIN AND FAIRBANKS ARE PROM'S CHOICE

NAMED PATRICK AND PATRICIA BEFORE 600 OPEN HOUSE MERRYMAKERS.

'EYE' SEES FIVE THOUSAND

Engineers' Visitors Partial to Television Demonstration, But Find Interest in Other Effective Shows.

K. U. Benjamin, Deerfield, and Ethel Fairbanks, Manhattan, were elected St. Pat and Ste. Patricia at the annual St. Pat Prom, held in Nichols gymnasium last Saturday night as a concluding feature of engineers' open house.

The engagement of Miss Fairbanks to Benjamin was announced several weeks ago, and their simultaneous election was a surprise for party-goers: Miss Fairbanks is a sophomore in commerce, was an honorary officer of the R. O. T. C. unit this year, and is a member of Alpha Delta Pi sorority.

Benjamin is a senior in electrical engineering, is business manager of the Kansas State Engineer, president of Pi Epsilon Pi and Steel Ring, and is the retiring president of his social organization, Sigma Phi Epsilon.

They were presented to the radio audience as well as to the large dance crowd.

This year's St. Pat Prom was one of the most enjoyable of the season's parties. About 600 couples were present to dance to the music of Jean Calloway and her Victor recording orchestra.

According to the count of the "photo-electric eye," which was located at the entrance of Engineering hall, 5,430 persons came through the door to see the 13th annual open house.

The building was brilliantly lighted by a battery of flood lights sent to the engineers by Graybar Electric company. Inside the building the most popular exhibit seemed to be the television station. In the basement was the transmitting station where musical numbers from various people were presented and on the next floor was the reception from where one could see the performance that was being carried on in the basement.

Professor H. P. Cady's lecture on "Liquid Air," which was held in the auditorium Friday night, attracted a large number. One of the interesting experiments that Professor Cady performed was the running of a small steam engine with ice as fuel.

Franklin W. McCurry gave a lecture on oil refining in Denison hall Saturday afternoon. Mr. McCurry is vice-president of the Derby Oil refineries at Wichita. He brought a model refinery with which he demonstrated his lecture.

Some of the displays that attracted a large number of people were frying hamburgers on ice, Diogenes' Lantern, the automatic bean sower, the suspended lady, the grid-glow ball, the tin pan motors, the paper saw, remote controlled radios, teletypewriters, dictaphone exhibit, the bouncing ball-bearings, artificial larynx, and the automatic telephone explanation.

HISTORY TEACHERS MEET

Farrish, Price, Iles, and Shannon to Pittsburg, Saturday

"New Books in History" will be the subject of a round table discussion to be conducted by Prof. R. R. Price of the history department at the seventh annual meeting of the Kansas History Teachers' association which will convene at Kansas State Teachers college, Pittsburg, Saturday. Prof. Fred L. Parrish, who is secretary-treasurer of the association, Prof. I. L. Iles, and Prof. Fred A. Shannon, of the history department also will attend the meeting.

The principal idea of the round-table discussion will be to bring out the principal viewpoints being developed on American, European and far eastern questions. In discussing his subject, Professor Price will present a list of new books and suggest the particular interpretation or emphasis of each.

Two fraternities at Northwestern university had a snowball fight and broke 51 windows in one house and 18 in the other.

FRATERNITY SING WILL BE HELD LATE IN APRIL

Annual Contest Scheduled for April 21—Entries Not All In.

Contestants for the annual inter-fraternity sing will perform in the college auditorium the evening of April 21 in competition for the two cups to be awarded the winning sorority and fraternity. Letters asking for entries are now at the houses and are expected back soon.

The contest is about the same as last year with each fraternity and sorority singing a song and putting on a stunt for their part of the program, according to Edgar Cooper, student manager. The organization will also be permitted to hire entertainers. The quality of the songs will carry more weight in selecting the winner than the stunt. At the close of the performance the best sorority act and the best fraternity act will each receive a cup. Ten organizations entered last year.

The program will be broadcast over station KSAC and a public speaking department member will do the announcing. The judges have not been chosen as yet.

AG FRATERNITY ELECTS

Twenty-One Seniors and Graduate Students Offered Membership in Gamma Sigma Delta.

Twenty-one seniors and graduate students in agriculture and related sciences were elected to membership in the Kansas State chapter of Gamma Sigma Delta, national honorary agricultural fraternity, last week. Announcement of the elections was made by Prof. H. M. Scott of the poultry department, secretary of the organization.

Following, listed by the divisions in which they are enrolled, are the names of the newly elected members:

Agriculture—Erwin Abmeyer, Grantville; Boyd Cathcart, Winchester; Herbert Clutter, Larned; Orville Denton, Denton; Andrew Erhart, Timken; Glenn Fox, Rozel; Everett McNay, Clay Center; John I. Miller, Prescott; John B. Roberts, Manhattan; and Luke Schrubben, Dresden.

Veterinary medicine—Elmer Finke, Manhattan; Harlow Hudson, Manhattan; William H. Lindley, Vicksburg, Miss.; and Richard D. Turk, Manhattan.

Agricultural engineering—Donald E. Christy, Scott City.

Graduate study—John E. Anderson, Belvue; John Correll, Manhattan; E. L. Gann, Burden; L. O. Gilmore, Freeborn, Minn.; Laurence Kinsley, Manhattan; Maynard H. Solt, Manhattan.

Initiation of the new members will be held the evening of April 10, following the annual banquet of the fraternity. Dr. L. S. Palmer, noted biochemist of the University of Minnesota, will give the annual Gamma Sigma Delta address on the subject "Heredity and Nutrition."

Officers of the Kansas State chapter are Dr. C. W. McCampbell, department of animal husbandry, president; Dr. P. L. Gainey, department of bacteriology, vice-president; Prof. H. M. Scott, department of poultry husbandry, secretary; and Prof. H. E. Myers of the department of agronomy, treasurer.

WILL HONOR WILLARD AT FACULTY DINNER

Semi-Centennial Dinner Planned for Vice-President Celebrating Semi-Centennial

The semi-centennial of Dr. J. T. Willard's graduation from connection with Kansas State college will be celebrated at the annual faculty dinner on April 5.

The dinner honoring Kansas State's vice president is sponsored by the Manhattan branch of the American Association of University Women.

The dinners heretofore have been in celebration of the hundredth anniversary of important persons. The first dinner in the spring of 1929 was devoted to William Shakespeare, the following year Benjamin Franklin's centennial was celebrated and last year the Alice in Wonderland dinner commemorated the birth of Lewis Carroll 100 years ago.

The purpose of the faculty dinners always has been to have one large social affair of the year for faculty members and members of the American Association of University Women.

The will of a widow at Olathe, Kan., set aside \$10,000 to provide an annual Christmas dinner for hungry horses, the Daily Kansas states. The will specified the amount of hay and grain that constitutes a Christmas dinner. Relatives were left \$37,000.

Shepard's Crook, Once Prized and Fought for Flaunts Dapper Banners of Classes Since '98

By D. E. SISNEY

The Shepherd's Crook, the staff on which hangs a ribbon for every class since 1898, at which time it became one of the standing traditions of Kansas State, may become just a museum piece unless the junior-senior prom becomes more popular.

In times past it has been a momentous occasion when the crook passed from the hands of the senior class president into the hands of the junior class president. Each year the sophomores (at times aided by freshmen) would wrack their brains throughout the year for some plan to obtain possession of the crook—and at least twice succeeded.

Another War Back in 1918 In 1918 when the graduating class should have passed it on to the class of '17, the college was in a state of wild excitement for weeks. First the crook was swiped by the sophomores on the night of the prom. That same night a regular inquisition was held in the basement of the Acacia house by the seniors. Underclassmen were dragged in until morning but there was no sign of the crook. The freshman-sophomore "Hop" was broken into several nights later by the seniors in an attempt to steal the "campus

key", which the sophomores presented the freshmen.

In the meantime, a duplicate crook was made by the seniors without the knowledge of the president and he, thinking it was the original, presented it to the junior class. Although the original crook was returned this duplicate is still missing.

Into Hibernation Wood, Out Brass In 1907 the crook disappeared for two years, was recovered by the class of 1910, and when the class of 1911 received it, the crook was made of brass tubing whereas from 1898 until 1907 it had been made of wood. The mystery of the change was not cleared up until 1927 when Ed Dearborn, '10, wrote the Industrialist how his class had remade the crook. It has not changed since that time except for corrosion and more class ribbons. It is pointed out that it may be taken apart and secreted in a small place (a telescope was once used).

There is some doubt as to whether the classes of '17, '19, '23 and '26 retained possession of the crook because their ribbons are not on the crook. The year of '00 does not have a ribbon because they refused to recognize the crook as the rightful successor of "the Spade." The class of '01 started the practice of putting black-crepe for the year '00. The '00 class that failed to deliver the

crook to the juniors by hanging black vrede for the year '00. The '00 class was much incensed by this and for several years tried to steal the crook with the avowed purpose of destroying it.

Spade Had Worthy Aim The "spade", according to Dr. J. T. Willard, was handed to succeeding classes to be used to plant something on the campus. The class of 1895 were lazy and tradition has it that they threw the spade into the Blue river which then ran along the east edge of the campus. Then the class of:

'96 dragged the river—no luck.

'97 led a staid existence.

'98 Emmett Hoffman to Louise Maelzer (first ribbon).

'00 rejected.

'01 hid it in vault under old chapel (rec center).

'07 disappeared.

'08 still hunting.

'09 A. G. Kittell handed it to Ed Dearborn.

'10 to Clig Stratton.

'11 to Lee Gould.

'12 to E. O. Graper.

'13 to Will Sweet ('00 still trying to get their hands on it.)

'14 and '15 not accounted for.

'16 to Joe Sweet.

'17 to Geo. C. Gibbons.

'18 George Gibbons was fallen upon by thieves as he emerged from Tri-Delt house.

'19 no trace but crook shows that seniors upheld honor.

'20 to Merton Otto.

'21 to J. W. Barger in the gymnasium. Lights turned off, taken to roof of gym and sent across to Calvin Hall attic on a wire.

'22 to A. R. Paden.

'23 to Herman Fleming.

'24 to Vincent Bates.

'25 to Paul Brantingham under a terrific charge of underclassmen.

'26 to Lyle Read (Newspaper for this year says—seriously hurt; hundreds injured). That might not be accurate but the implication was that there was a small battle.

In 1928 there was a slight skirmish and Paul Pruetz threw the crook behind the piano and saved the seniors' dignity.

It is noticeable that rivalry has gradually died out since the early twenties. The prom which used to be such a big event dwindled so that it would not pay out. It then was thrown open to the public (all classes) and tickets were sold.

Last year it was discontinued altogether but there is hope this year of more enthusiasm and Lawrence Daniels, St. Francis, is in charge of arrangements for a junior-senior prom that will this year be one of the biggest social functions. The tentative date is March 25.

MUST CONTROL LIMITING FACTORS, SAYS KAMMEYER

Sociologist Pays Tribute to Builders in Engineers' Annual Chapel

"The Limiting Factor," defined as, "that agency or force which is the least efficient in the production of any good or service," was discussed at the engineers' chapel by Dr. J. E. Kammeier, head of the department of sociology.

"In economic life," said Doctor Kammeier, "it is the human factor which cannot be controlled. The engineer has given us refrigeration, light, food, and television, but he has not produced it commercially. That is the task of the business man."

"I do not feel that capitalism and democratic government have broken down, but the people responsible have failed in certain particulars to measure limiting factors in their mental, moral and spiritual selves."

"The engineer, who is a composite of scientist, inventor, designer, and builder has shown conspicuous leadership during the past hundred years. Before that time industrial and agricultural processes were static. The limiting factors were the forces of nature: man power, only, was plentiful. The engineers have bridged rivers, built faster ships, built concrete highways, and have conquered earth, sea, and sky, and the forces they contain," stated Doctor Kammeier.

"There is no other way to go than up and on in our economic system, he said in conclusion. We must bring the limiting factors under control so that we may rise in the near future to higher levels of thought, life, and purpose than ever before."

A band number, "The Sunflower State March," was prelude to the main program. Prof. C. E. Pearce, head of the department of machine design, led the devotions. A trumpet trio composed of V. A. Elliott, A. R. Elliott, and T. B. Haines, played "Three Solitaires" by Victor Herbert. As an encore they played "The Rosary" by Nevin. The engineer's quartet, D. K. Flint, Joe Kessler, A. K. Bader, and W. S. Schade sang "The Old Road" by Scott, and "Cornfield Melody."

FROG CLUB ELECTS

Five New Members Admitted to Swimming Club

Five new members were elected to the Frog Club this week as a result of spring try-outs. They are Lois Rosenkrans, Mildred Forrester, Myrtle Andres, Evelyn Young and Ruth Thomas. The next meeting will be held this evening at 8 o'clock when the members will play water polo.

Y. W. GROUPS TO MEET

The "modern book" and "dramatic" sections of the Y. W. C. A. interest groups will have a combined meeting Thursday night to hear a book review by Esther Wiedower. The book that she will review is "Wild Ducks," by Heinrich Ibsen, the well-known Scandinavian writer.

Mohammedans pray five times daily, facing Mecca.

JOURNALISTS TO HEAR CURRIE

Eula Mae Currie, Kansas State graduate of 1928 and now a Kansas City Star reporter, will speak in journalism lecture Thursday afternoon at 4 o'clock. She received her master's degree at Kansas State in the summer of 1929 and went to the Star as assistant to Nell Sneed, women's editor. Since then she has been promoted to a reporting position.

FOUR-H GUESTS BY RADIO

President Farrell One of Speakers for Broadcast of Young People's Hour

The college will have as its guests by radio 4-H club members of Kansas at a broadcast March 29 of an open session of the Collegiate 4-H club. The club proceedings will be featured on the Young People's Opportunity hour from 9:30 until 10:30 that evening.

President F. D. Farrell will speak on "What Is an Educated Person." A second ten-minute talk will be given by M. A. Durland, assistant dean of the division of engineering, who will speak on the engineering profession. The place of social life in college will be discussed by Dean Mary P. Van Zile.

The introduction of an outstanding student of 4-H club work will be a programmed feature. Music will be furnished by the department of music. Herbert Clutter, Larned, president of the Collegiate 4-H club, will be the presiding officer.

RECITAL TODAY WILL BEGIN AT 5 O'CLOCK

Students Will Present Numbers for Glee Club, Violin, Trombone, Oboe, Voice, Piano.

Students of the department of music will be presented in recital this afternoon at 5 o'clock in the college auditorium. Features of the program will be solos for trombone and for oboe, and a number by the second women's glee club. Piano, voice, and violin music will be presented, as well as music for two pianos.

Mendelssohn's "Rondo Capriccioso," played by Robert Giotzbach, will open the program, followed by "Ah, Twine No Blossoms" (Giere), and "Debt" (Rasbach), sung by Mildred Miller.

A trombone solo to be given by William Farmer is "Berceuse" from Jocelyn, by Godard. Frances Fockele will play "May Night" (Palmgren). "Chanson Louis XIII and Pavane" by Couperin-Kreisler is a violin solo to be played by Margaret Higdon.

William F. and Prof. Richard Jenson will present the "Andantino" from Sonata for oboe and piano, Op. 166, by the French composer, Saint-Saens. Music for two pianos, played by Miss Clarice Painter and Alice Bozarth, will include "Le Solr" (Chaminade), and "Liebeslieder," Op. 52, Set I, by Brahms.

The second women's glee club, directed by Miss Ruth Hartman, will conclude the program with "A Mother Goose Arabesque," by Jessie Merrill Tukey.

Accompanists will be Alice Bozarth, Harriet Mayer, and Grace Umberger.

MATH CLUB TO MEET

The Mathematics club will meet Tuesday, March 21 at 4 o'clock in A73. Two talks "Invariants" and "Conformal Mapping" will be given by Emma Hyde and T. A. Mossman of the mathematics department.

The subjects will be discussed in their primary aspects in order that students might follow the discussions. Students and faculty interested in mathematics are invited to

STILL SELL ROYAL PURPLES

Kappa Gamma Nears Enough Sales to Allow Unlimited Number of Candidates.

Moratorium spelled possible success of many sororities on the hill Saturday afternoon. Due to the banks' holiday Steve Vesecky, business manager of the 1935 Royal Purple, announced extension of time of book sales for the Beauty contest until Thursday, March 23, at 6:00 o'clock.

This additional time allows the Kappa Kappa Gamma sorority to sell the few books needed to make the total of 40 which gives it an unlimited number of entries in the contest. It also gives other sororities a chance to reach the 20, 30, or even the 40 mark. Four other sororities have reported 20 or more books sold. They are Alpha Delta Pi, Alpha Xi Delta, Chi Omega, and Delta Delta Delta.

The deadline for the purchase of a Royal Purple this year is April 1. There will be no additional books ordered this spring. Arrangements for all individual and organization pictures must be made by 6:00 o'clock Thursday, March 23. This includes the orders of those individuals who have had pictures taken for one section, but now want them placed in with another group.

The 1935 yearbook contains many outstanding features. The opening section and division pages have attracted considerable attention, as a nationally known advertising company has asked the staff for permission to buy these plates after the yearbook is published. Due to the cooperation of faculty and students, the Royal Purple has been able to obtain outstanding photographs and sketches.

NO BACK TAXES ASKED HOUSE AGREES ON IT

Senate Bill Exempting Fraternities Up to 1933 Pases in Lower Body.

Fraternities and sororities at Kansas State college and Baker and Kansas universities definitely will not have to pay their 1930, 1931 and 1932 property back taxes. The senate bill with that provision was approved by the house Saturday.

The back tax exemption is the result of a suit filed by the organizations last year in a belief that they should be exempt. The state supreme court recently ruled taxes must be paid on houses and other property of sororities and fraternities, which were formerly exempted.

Men who wear suits on the U. S. C. campus are labelled as "capitalists" in the local argot.

CHARLES STRATTON TO PLAY WEDNESDAY EVE

Recital Music Will Include Work of Bach, Liszt and Modern Russian Composers

Prof. Charles Stratton, pianist, will give a recital tomorrow evening at 8:20 o'clock in the college auditorium. Three groups, by Bach, Liszt, and a modern Russian group will be presented.

The program will open with a group of Chorale Preludes of Bach. Liszt's "Sonata in B minor," will follow the Bach group. Typically Liszt-like, the sonata is in one movement instead of the usual three or four.

"Suggestion diabolique," Op. 4, No. 4 and "Marche" from the opera "L'Amour des Trois Oranges," Op. 33, by Prokofiev, will be played next. Prokofiev is a Russian composer and pianist who has appeared as soloist with a number of American symphony orchestras this season.

Concluding numbers on the Russian program are Rachmaninoff, and Liszt group will be compositions of Liszt.

TROPHY TO PAUL GRIFFITH

With Three Points More Than Bozarth 168-Pound Wrestler Takes Patterson Award

The trophy annually awarded by B. R. Patterson, Kansas State wrestling coach, to the man scoring the most points at wrestling during the season has been won by Paul Griffith, 118-pound grappler. Griffith scored a total of 36 points during the season, three more than his closest competitor. Griffith has never been defeated this year. He also won the Big Six championship in the 118-pound division, scoring a fall and decision in winning it.

Farrell Bozarth was second high scorer with 33 points, and Captain June Roberts followed close behind him with 31 points.

Griffith will be given a statuette of a wrestler. Roberts and Griffith will give a demonstration of holds at the Kiwanis meeting tonight.

ENGLISH TEACHERS MEET

State College English Professors to Convene Here April 7 and 8

Prof. H. W. Davis, head of the department of English, will be a speaker on the program of the college English teachers of Kansas when they meet at Kansas State college April 7 and 8. His subject will be "The Appreciation of Contemporary Poetry."

Karl Wilson, a graduate of Kansas State in journalism, and who is now at Coffeyville Junior college, will speak on "The Contribution of Journalism to the Education of English Teachers." Professors from Baker university, Kansas university, Sterling college, Southwestern, and St. Marys are also on the program.

Meetings will be held in recreation center in the afternoon and evening of April 7, and in the morning of April 8. About 50 English teachers from colleges and junior colleges in Kansas are expected to attend. Members of the English department of Kansas State will furnish added entertainment for the visiting teachers. The meeting was held in Pittsburg last year.

BARN WARMING IS SURE

Frolic in New Dairy Barn Will Replace Ag Fair This Year.

The all-college Ag Fair barn dance will be given in the new dairy barn May 13 to replace the annual Ag Fair according to Francis W. Castello, chairman of the Ag Fair board. The event will be sponsored by the Ag Fair board in connection with the Agriculture association. Other members of the board are Harry Coberly, Ag 4, Gove; Val Silkett, Ag 3, Downs; and Frank Brandenburg, AA 4, Riley.

MUSIC STUDENTS ON RADIO

Department of Music to Furnish Program for Young People's Hour

Music for the Young People's radio hour tomorrow night will be furnished by students of the department of music. The program which will start at 9:30 o'clock, follows:

"The Prize Song," from Die Meistersinger (Wagner), Richard Herzog; "The Son of Puzza (Keiser-Bela), Emily Rumold; "A Watteau Paysage" (Godowsky), and "Etude in F sharp" (Bortkiewicz), Alice Bozarth.

"Air for the G string" (Mattheson), and "Scherzo" (Burligh), Emily Rumold; "Wings of Night" (Watts), and "Into a Ship Dreaming" (Crist), Lucille Allman; "Waltz in C sharp minor" (Chopin), Julia Crow.

LEADERS FROM NEAR AND FAR COMING FRIDAY

HIGGINBOTTOM HEADS LIST OF SIX NOTABLES HERE FOR EVENT

CHAPEL OPENS FORUM

Speakers May Be Heard at Luncheon Forum, Class Sessions, Churches, Seminars, Literary Groups, and Interviews

World Forum, held annually on Kansas State campus, will open officially Friday morning, March 24, at 10:15 o'clock, when Dr. Sam Higginbottom, "Christian ambassador to India," speaks at a special student assembly.

World Forum is an event made possible through a co-operative effort of the college and the churches of Manhattan.

This year's program, as announced last night, brings to Kansas State five men and one woman, outstanding in their respective fields of endeavor.

Speakers From Near and Far From India come Dr. and Mrs. Sam Higginbottom, world-famous for their work there. Doctor Higginbottom is president of the Allahabad (India) Agricultural Institute, and has received recognition for his work there and at the asylum for the blind, as well as at the Naini leper asylum. Mrs. Higginbottom's work is primarily with the women of India.

Dr. Allyn K. Foster is traveling secretary of the board of education of the Northern Baptist convention, and is recommended as a speaker who can reconcile science and religion understandingly.

From the Chicago Theological Seminary comes Dr. Wilhelm Pauck, professor of church history, a leader in modern theological thought, and a recognized historian as well.

Nearer home are Bishop Charles L. Mead, Kansas City; and the Rev. Carter H. Harrison, Lawrence. Bishop Mead is bishop of the Kansas City area of the Methodist Episcopal church. The Rev. Mr. Harrison serves in a double capacity as rector of Trinity Episcopal church, Lawrence, and as student pastor for Episcopalian students at the University of Kansas.

Intensive Program Outlined "India in Transition" is the subject for Doctor Higginbottom's assembly address Friday. The World Forum continues with an address by the Rev. Mr. Harrison at a luncheon forum in the college cafeteria. His subject will be "The Background of Present Russia."

At 2:30 o'clock, Mrs. Higginbottom will address the women's missionary societies at the Presbyterian church on the subject, "The New Women of India." Doctor Higginbottom will be present at the Ag seminar at 4:00 o'clock and all speakers except Doctor Pauck will be guests of fraternity groups during the dinner hour.

At 7:15 o'clock, Doctor Pauck will speak to the Science club in recreation center. His subject will be, "The Crisis of Western Civilization." Bishop Mead will be entertained by the Franklin Literary (Continued on page two)

FORUM DELAYED TILL FRIDAY FOR HARRISON

Weekly Luncheon Gathering Will Hear Lawrence Minister Speak on Russia

The Rev. Carter Harrison, popular young rector of Trinity Episcopal church, Lawrence, will speak in student forum Friday. He is well qualified to speak on his subject, "The Background of Present-Day Russia," having twice been in Russia where he saw conditions for himself.

The forum, which is ordinarily held on Wednesday, is being held on Friday because of World Forum which is being held here this weekend, and for which Reverend Harrison is a speaker.

MYSTERIOUS ANIMAL DISEASE

A "mysterious" animal disease called Dr. H. F. Lienhardt, head of the department of veterinary pathology, and several senior veterinary students to Belleville Wednesday where they attempted diagnosis. The results of the examination were not announced.

Judge For Yourself

In spite of the fact that the student activity fee was one of the most widely discussed topics on the campus at the beginning of the semester, only about one-third of the people at the student-faculty forum last week were students. In round numbers probably not more than 40 or 50. There had been plenty of publicity—surely students knew the forum was to be held. But it was the same old story—when the time came for students to do something, there were too many OTHER things to do.

There was plenty of discussion at the forum—warm discussion at times, as it probably should have been. Two motions were passed—one of them asking the student council to call a meeting of the S. G. A. in order to consider an amendment to the S. G. A. constitution specifying no more exemptions to the activity fee. The student council can hardly ignore this request for a meeting, and one will probably be called. (The constitution provides that a meeting of the association must be held the second week in April, anyway.)

Surely, students will have some opinions on whether or not they would approve of an amendment providing for no more exemptions to the activity fee. There are worthy cases in which exemptions are justified, but abuse of the privilege by students really able to pay was the cause of agitation this semester.

If a meeting of the S. G. A. is called, will the students take enough interest in it to attend and express their opinions on this matter of a student activity fee? Or will there be too many OTHER things to do?

Ralph Van Camp.

Do Something About It

Last Thursday night students at Kansas State passed up a good chance to display their sentiments towards the student activity fee when the student-faculty forum was held in recreation center. About one-third of the total audience present was students. That was about fifty students.

Faculty members were aware of the importance of the forum and were represented by a large number of delegates. Several student groups had members present to offer their views in the distribution of the fund.

Not long ago there was considerable student agitation in both directions regarding the exemption of more than 250 students from paying the fee this semester. The disturbance prompted Dynamics, the forum sponsors, to call the meeting. It was expected that a large number of students would attend, especially those 250 students who were permitted to register without paying the fee. And there are students who were not allowed exemptions. In all consideration, one would expect this body out in large numbers to seek redress. But they were not there and as a result, they will probably keep on paying the activity fee.

The subjects of what should be considered in the allotment of the money collected was also dealt with. Some said that too much went to support minor athletics. Others wanted more concerts and stage entertainment.

The forum voted to submit two recommendations to the student council. The first asks that the student council call a general meeting of the S. G. A. to vote upon an amendment to the S. G. A. constitution prohibiting exemptions from the fee.

The second recommendation is that next year's budgeting committee, before making the budget, study similar activity fee plans at other schools to see how their funds are apportioned.

These recommendations have been submitted to the student council and it is probable that they will be carried out in accordance with the decisions reached by the forum audience. An S. G. A. meeting is to be called to act upon the suggestions.

When the student council calls this meeting, every student interested in the student activity fee should see that his ideals are represented, and be there himself.

There may be excuses in several cases when students fail to attend such important student-faculty forums as the last, but many don't realize the worthiness of the meetings. Dynamics sponsors these forums and spends money to see that the students know of their occurrence. If you have opinions on these subjects discussed, your place is at the next forum of this kind. Don't stand around in Aggieville and argue. Be at the student-faculty forum and carry on your

arguments where they will be represented—and will get results.

On Other Hills

It has been rumored that a sign on the dean's office at Creighton university reads, "Get your grades here" and beneath it, "Pass out quietly."

Days of superstition may be past and college students may consider themselves far past the superstitious age, but in a test recently given to students at the University of Washington it was found that one-fifth of those who took the test still believed that—1. A shock may cause one's hair to turn gray overnight.

2. Men of high intelligence are more likely to become insane than men of average intelligence.

3. Men with fine skins are more sensitive than men with thick skins.

4. One's character can be told by one's handwriting.

5. A long screw driver is more powerful than a short one.

6. A college student who makes very high grades is less likely to succeed in later life than a man who makes average grades.

7. Given sufficient energy, ambition and persistence, any man can summon ability enough to succeed in any career of his choice.

An Oklahoma university junior in engineering lost both hands Sunday as the result of a prank that was to be played in a secret engineering society initiation held on the banks of a river four miles west of Norman. A two-foot cannon, known as "Old Trusty," was discharged prematurely when the student, George Yates, was being initiated into the Loyal Knights of Old Trusty. Officials of the university have investigated the injury and indicated they probably would not take disciplinary action.

"Compare our \$250 funerals with those costing \$400 or more elsewhere," invites a mortuary advertisement. Well, as far as we're concerned, we'll shop around a bit longer before we go in and get measured up.—K. S. in the Michigan Daily.

Butler university is offering a special course dealing with matrimonial troubles and domestic relations in an attempt to check the evils of divorce. Of course, it may or may not interest you, but the instructor is an attorney who has been married twice.

A college student can be classified by the following answers if the Marquette Tribune is correct:

Fresh: "I don't know."
 Soph: "I am not prepared."
 Junior: "I do not remember."
 Senior: "I don't believe I can add anything to what has already been said."

Appreciation of faculty members and employees of the University of Denver to the board of regents was displayed recently when they contributed \$57,560 to the university which enabled the school to balance its budget.

The McPherson Republican raises an interesting question: When one barber cuts another barber's hair, which one does the talking?

The Snooper

Two new orchestra leaders were in town Saturday—Jean Calloway and her hot band and Walter Bell and his Royal Street Cleaners. Arguments have been slung pro and con relative to the respective merits of these two popular dance masters. Walt Bell with his personality dance and individual reading of "Horatio at the Trestle" (taken from the Collegian files of 1932 relative to a similar incident). Jean Calloway also, not to be outdone, danced with her feet up in the air—one at a time of course. The crowd also watched the trumpet player who looked like a strangled umbrella handle when he played high notes.

The engineers were blessed with a large crowd at their dance. Even the Phi Sig affair and the Alpha Xi party did not keep the crowd away. This dance closed the engineers' open house. This open house was a place where one sees a lot of machines with a surplus of dials on them. Every so often an engineer steps up and starts explaining the intricacies of the gadget. Nodding your approval and appreciation, you move off to another gadget about which you will learn just as much—or little.

It must have been the Phi Sig party that brought the pin to Betty Heffelfinger from Gene Larson.

The height of foolishness—Ned Kimball calmly reposing in a booth at the Palace reading a he-man novel while the crowd waited for seats. Oh! Omega's and ATO's playing "Follow the Leader." John Van Aken falling off of the stage during a play practice. The Chi Omega's entertaining themselves by going to the skating rink in Aggieville. Luella Graham falling down eleven times. The eleventh time the already loosened windows of the building fell out.

The revival of old traditions! The Shepherd's Crook with class colors and ribbons stained with the sweat from the brows of laboring freshmen and sophomores who try to steal this crook before it is presented. A dramatic incident in the lives of upperclassmen in foregoing years—this year the crook was found under the debris in Anderson hall and rescued; people stood around gawping at the bedecked staff and asking one another what it was. Finally some one who had been around here for six or twenty years recalled old memories of the Shepherd's Crook. And so ended another mystery.

LEADERS FROM NEAR AND FAR COMING FRIDAY

(Continued from page one)

society at 7:15 o'clock.

Interviews on Saturday
 The Saturday program will consist chiefly of 16-minute interviews, which may be arranged through the interview committee headed by Edith McDaniels, Edson, and Miss Dorothy MacLeod, Y. W. C. A. secretary.

Interviews will be given in the church offices in Illustration building. Those desiring these personal talks with the leaders may arrange for them at the office of the Y. W. C. A.

Saturday morning, several of the visitors will address various class sessions. Doctor Pauck will speak in recreation center at 1 o'clock in the afternoon on "The Uprising of German Youth and Karl Barth."

During the dinner hour, the speakers will visit fraternity groups. The Athenian-Browning literary society will entertain the Rev. Mr. Harrison, while the Hamilton-Ionian literary society will have Doctor Pauck as their guest for the evening. Doctor Foster will visit the Webster literary society.

At the Churches Sunday
 The Sunday program, beginning with the church school period at 10 o'clock, will find Doctor Pauck at the Baptist church; the Reverend Mr. Harrison at the Christian church; Doctor Higginbottom at the Congregational church, and Mrs. Higginbottom at the United Presbyterian church.

At 11 o'clock Doctor Foster will speak at the Baptist church, Mrs. Higginbottom will be present at the Christian church, Doctor Pauck will be at the Congregational church, Doctor Pauck will be at the Congregational church, The Rev. Mr. Harrison will be at the Episcopal church, and Doctor Higginbottom at the Presbyterian church.

Mass Meetings in Evening
 At 6:30 o'clock the Rev. Mr. Harrison will talk in a gathering for all high school students at the Christian church on "America in Transition." Doctor Foster's sub-

ject will be "Does Evolution Deny God?" for an address to college students at the Presbyterian church. "The Teachings of Jesus in Relation to Present World Problems," will be the Rev. Mr. Harrison's subject when he talks before a mass meeting in the Methodist church at 7:30 o'clock. Doctor Foster will speak at the Congregational church. His subject will be "The Crucifixion of Christ in the Twentieth Century."

The evening services conclude World Forum. Groups co-operating in the event are: The college, the Intersociety Council, and the Christian associations of the college; and the following Manhattan churches: Baptist, Christian, Congregational, First Methodist, Presbyterian, St. Paul's Episcopal and United Presbyterian.

At The Theatres

AT THE VARSITY

"Fast Workers"

This picture has been called a riveting romance in that it concerns the adventures of two riveters with the fairer sex. John Gilbert and Robert Armstrong are the fast workers who brave thrills on top of skyscrapers. Mae Clark is the lady of shady reputation who almost ruins the friendship of the steel workers.

There are many breath-taking scenes some ninety stories in the air as the construction men are shown walking along girders a few inches wide. There's an exciting struggle on the edge of a ravelling platform between Gilbert and Armstrong. Incidentally this is Gilbert's latest picture—and probably his last.

DICKINSON THEATRE

"King of the Jungles"

The earthquake may have wrecked California but wait until you see what the wild animals' stampede did to this city in "King of the Jungles" at the Dickinson today and tomorrow.

Buster Crabbe, the lion man, was

not only King of the jungles but of Frances Dee, too, after studying his primer for a year. It's funny how quickly he learned the art of kissing, and liked it, too—so will you. First we have him saying goodbye to his animals but not to love, then marriage, now a circus fire and the saving of his lions.

The tigers, elephants, lions and whatnots turn civilized streets into an African jungle spreading death and destruction in this panicky city. But when all calms down the call of the jungle wans out, so in the fade-out we see the English savage and his wife ready to make their home in the midst of Africa.

TRADITIONS OF DIXIE ENACTED FRIDAY NIGHT

Prices Remain at 25 Cents for Manhattan Theatre Play "Solid South."

"It's witty, adroit," H. Miles Heberer, director, says of the Manhattan Little Theatre play, "Solid South," which is to be given at the

college auditorium Friday night, March 24 at 8:15.

"It's a comedy of an impoverished southern family who refuse to lower their pride by admitting their poverty," Heberer explained. "The old southern colonel rules his family with an iron hand and when he finds his granddaughter and daughter-in-law falling in love with northern guests, he 'tears the roof.' Eventually the northerners come to the rescue of the family, buy the plantation, marry the men folks, and leave the old colonel declaring vengeance against all northerners and particularly the Republican party."

Kingsley W. Given of the public speaking department portrays the old colonel, Major Bruce Polonsky, who has never done a day's work in his life and depends on the women of his family for support. During the successful run of this play in New York City, Richard Bennett carried the leading role which Mr. Given has.

Malena Jane Berglund, Lindasborg, who is a graduate student plays the part of the old colonel's daughter-in-law, Lella Mae Polonsky. The role of Lella Mae's lovely young daughter, Alabama,

the old colonel's granddaughter, is enacted by Glenda Mae Hodge, McPherson.

Doris Harmon, Sand Springs, Oklahoma, characterizes Geneva, the maiden sister of Colonel Polonsky, who lives in her ideas of southern chivalry. John Duncan, Manhattan, and John Van Aken, Manhattan, are the wealthy northern guests. Patience, a negro woman dialect character, will be handled by Jeanne Bryan, Delia.

Other members of the east are Robert Chambers, Manhattan, and Donald Isaacson, Topeka, as lazy plantation negro servants. This is the first appearance of Miss Berglund, Miss Hodge, and Miss Harmon with the Manhattan Theatre.

General admission is twenty-five cents and reserved seats are ten cents extra. The box office at the auditorium will open Thursday morning at 9 o'clock and will continue open until the performance. Holders of season tickets will receive a refund as a result of the lowering of the admission price. Tickets originally for the Thursday night performance can be exchanged for the Friday night performance any time Thursday or Friday at the box office.

GROWING A FLOWER GIRL

ILLUSION:

The magician exhibits a flower pot with hinged sides on a table in the center of the stage. He opens out the sides to show that this container is empty. Closing it up, he places a screen between it and the audience. After a short period of magic incantations he removes the screen. The astounded audience sees a beautiful girl, covered to the shoulders in lovely flowers, rising from the "empty" container. Where did she come from?

EXPLANATION:

The girl was hiding behind the drape of the table. There is a trap door in the bottom of the flower pot, with a hole large enough to allow her to crawl through. The flowers, called "magicians' feather flowers," are a regular part of a magician's outfit. The flower girl wears a rubber tunic and a bathing cap to keep the flowers compressed into small space. She slides the tunic down and the flowers expand when she emerges.

Copyright, 1933, R. Z. Reynolds Tobacco Company

CAMELS

It's FUN TO BE FOOLED

...IT'S MORE FUN TO KNOW

A trick frequently worked in cigarette advertising is the *illusion* that mildness in a cigarette comes from mysterious processes of manufacture.

EXPLANATION: All popular cigarettes today are made in modern sanitary factories with up-to-date machinery. All are *heat treated*—some more intensively than others, because raw, inferior tobaccos require more inten-

sive treatment than choice, ripe tobaccos.

The real difference comes in the tobaccos that are used. The better the tobacco, the milder it is.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

That is why Camels are so mild. That is why Camels have given more pleasure to more people than any other cigarette ever made.

It's the secret of Camels' rich "bouquet"—their cool flavor...their non-irritating mildness.

Give your taste a chance to appreciate the greater pleasure and satisfaction of the more expensive tobaccos.

NO TRICKS JUST COSTLIER TOBACCOS

SPORTS SURVEY SEES ATHLETES WORKING HARD

**BASEBALL, TRACK, AND TENNIS
SOON TO TAKE PLACES
AGAIN IN SPORT REALM.**

EXPECT FAIR DIAMOND TEAM

**Track Forecast Expects Wildcats
to Finish Fourth—Tennis
Status is Doubt-
ful.**

(By Milfred Peters)

It won't be long now until sport fans will hear the crack of the bat, the smack of ball against leather, the crunch of spiked shoes on the cinder path, and the thud of a bouncing ball on the hard packed tennis court, for within the next three weeks these sports will get into action.

On April 8 the outdoor track team will meet its first competition in the persons of the Emporia Teachers on the home field. The following Monday and Tuesday, April 10 and 11, the baseball team of the University of Missouri will cross bats with the Kansas State nine here.

Track Gets Good Start

For the past few weeks Coach Charles Corsaut has been working hard to round the baseball team into shape. It is giving promise of being one of the best in recent years. Coach Corsaut has five veteran lettermen around which to build his team. They are Captain L. Carter, Charles Gentz, Dan Boyd, Andy Skradski, and Dan Blaine. In addition to these there are many new men out for the team who are giving these men a little for places on the team—and some of them give promise of displacing a few of the lettermen.

According to Coach Corsaut, this year's team will be hard to beat if the pitchers come through. He is now working on seven twirlers, which should turn out a dependable mound staff. Lowell, Simms, Bulkatra, and Rockwood are pitchers who have some experience from last year. In addition to these, Nelson, Walker, and Heinz, will add much strength to the mound division.

No conference round robin schedule will be played, but the Big Six winner will be determined on a basis of percentage when the season is over. All schools of the conference have teams this year with the exception of Nebraska and Kansas university.

Expect Good Ball Team

With the indoor track season over, Coach Ward Haylett is turning his attention to outdoor track.

He has fourteen lettermen back this semester to form the nucleus of a strong Kansas State team. There is going in the dashes, Captain Emmett Breen and Schmutz in the hurdles, Darnell and Castello in the 440, McNeal in the half mile, Landon and Nixon in the mile, Pearce and Daniels in the two-mile, Bliss and Kennedy along with Breen in the broad-jump, and Veatch and Laird in the javelin. There are no lettermen in the high jump, shot put, pole vault, and discuss.

The ability of the veterans is known. The best of the new men as shown from their performances in the indoor season are Roehman in the high jump, Knappenberger and Spring in the hurdles, Booth in the pole vault, and Wertabeger in the shot.

Besides Breen, Stoner in the shot and hurdles and Phelps in the 440 and 880 have reported for practice since the close of the basketball season. They should prove a help to the team during the outdoor season.

The running of McNeal and Landon in the 880 has been an agreeable surprise. This event was thought to be weak this year with Miller ineligible and Russell Smith falling to report for the team. These two men were veterans in this event last year. McNeal set a new varsity indoor record in the half mile in the Missouri dual.

Schmutz has improved a great deal in both hurdles. So far the shot put, discuss, and pole vault are giving Coach Haylett the most trouble.

The Big Six outdoor track meet will be held at Lincoln May 19 and 20. Coach Haylett expects Nebraska, Oklahoma, and Kansas university to battle it out for the championship. This leaves Kansas State and Iowa State in the scrap for fourth place. Oklahoma has received added strength in the javelin, as they have several strong men in that event. Kansas will have the addition of Cunningham in both the half mile and mile. In the indoor event the Jayhawk indoor star did not run the 880. Kansas State will do better in the hurdles, as they are better in the

longer hurdle races than in the short 60-yard indoor events.

Tennis is in the Air

Tennis at Kansas State is up in the air. As there are no outstanding men for this event this year, it has not yet been decided whether or not there will be a Wildcat team. Coach C. S. Moll said he did not have any definite information on the matter until the athletic council takes up the matter soon.

The conference tennis championship will be decided by tournament at Lawrence May 19 and 20. As usual Kansas university will be represented by a strong team captained by Wilbur P. Coen. Oklahoma university has several lettermen back and will make a strong bid for the Big Six title.

Men's Intramurals

The intramural volleyball season is about two-thirds finished, but the winners have not been decided as yet in any of the brackets. In group I, Delta Tau Delta is leading with five games won and none lost, being closely followed by W. F. A. C. and Sigma Phi Epsilon, each with four wins and one defeat. Group II is headed jointly by two undefeated teams, Alpha Tau Omega and Aggie Knights, the A. T. O's having won four games and the Aggie Knights three. Sigma Alpha Epsilon leads group III with four wins and no losses, closely followed by the Lone Stars, who have been defeated only once in four games.

Volley ball games for this week: Tonight—Pi Kappa Alpha vs. Alpha Rho Chi, 7:00, east court; Aggie Knights vs. Kappa Sigma, 7:00, west court; W. F. A. C. vs. Phi Delta Theta, 7:45, east court; Tau Kappa Epsilon vs. Alpha Gamma Rho, 7:45, west court; Sigma Phi Epsilon vs. Delta Tau Delta, 8:30, east court; Phi Lambda Theta vs. Lambda Chi Alpha, 8:30, west court.

Thursday—W. F. A. C. vs. Pi Kappa Alpha, 7:00, east court; Delta Tau Delta vs. Alpha Kappa Lambda, 7:00, west court; Alpha Rho Chi vs. Phi Delta Theta, 7:45, east court; Phi Kappa vs. Farm House, 7:45, west court; Sigma Phi Epsilon vs. Delta Sigma Phi, 8:30, east court; Lone Stars vs. Theta Xi, 8:30, west court.

The date for the beginning of intramural tennis and baseball has been set for March 29. Entries for both of these events must be in the intramural office by tomorrow.

Baseball will be divided into playground ball and hard baseball, as it has in the past.

RIFLE MATCHES CONTINUE

Men and Women Teams Now Firing in Hearst Trophy Match

The Hearst Trophy match is now being fired by the men's and women's rifle teams. Kansas State finished 10th in the 7th Corps area match.

Both teams will continue in telegraphic matches until April 1.

Based upon scores fired to date, the following is a list of the ten high scoring women: Viola Barron, Kensington; Harriot Swan, Washington; Maxine McKinley, Manhattan; Marian Evans, Hartford; Velma Wunder, Valley Falls; Olive Wimmer, St. George; Fern Henry, Salina; Wilma Cook, Ash Valley; Myra Roth, Ness City; and Margaret Madaus, Hutchinson.

The ten high men are: J. W. Wells, Winona; J. L. Hartman, Omaha, Neb.; A. B. Niemolier, Wakefield; H. H. Kirby, Toronto; W. E. Laird, Burr Oak; J. M. Rutherford, Ft. Riley; D. R. Johnston, Manhattan; Donald Christy, Scott City; Hal McCord, Manhattan; and G. D. Ferguson, McPherson.

In Society

Alpha Tau Omega

Alpha Tau Omega fraternity held formal initiation services Sunday morning for the following: Reece Morgan, Hugoton; Lloyd Riggs, Manhattan; James Rexroad, Hutchinson; Wesley Brinkman, Kenosha, Wis.; Maurice Hanson and Marvin Hanson, Newton; Clarence Crawford, Luray; and James I. tucky, Westbury, N. Y.

Following initiation the annual Founders' Day banquet was held. Guests and alumni present for the banquet were Prof. G. A. Sellers, Manhattan; La Vergne Banks, Salina; Eli Daman and Richard Owen, Ft. Riley; Clair Worthing, Wetmore; Dale Thomas, Ellsworth; Walter Denman, Keats; and Kenneth Brubaker, Hugoton. The speakers at the banquet were Prof. Sellers, Kenneth Brubaker, and Eli Daman.

Officers for the second semester are: Edward E. Criner, Wichita, president; Bartlett Allen, Manhattan, vice-president; Arthur Daman, East Lansing, Mich., secretary; and Lee Morgan, Hugoton, treasurer.

Alpha Delta Phi

Rita Woodbury, Marie Buchanan, and Hannah Merrill, Abilene, spent the weekend at the house visiting with Lucile Johns.

Mildred Henry, Salina, spent the weekend with her sister, Fern. Miriam Davis was called to her home in Holton, Saturday morning

because of the death of her uncle.

Lela Edlin, Herington, spent Saturday and Sunday with Arlene Marshall.

Alice White and Margaret Madaus were in Kansas City, Sunday. Rita Woodbury, Marie Buchanan, Hannah Merrill, Lela Edlin, Mildred Henry, Maxine Huse, Nadine Wallace, Margaret Spencer, Kathryn Correll, Corinne Solt, Lorraine Platt, Carolyn Dawley, and Pauline Roberts were Sunday dinner guests.

Gwendoline Fisher, Gertrude Brown, Ruby Bittler, and Sea Willard Holmes were dinner guests last evening.

Chi Omega

Martha Peyton, Topeka, and Lola McDougall, Atwood, were weekend guests.

Luella Graham and Genevieve Johnson spent the weekend at their homes in Topeka.

Charlotte Buchmann and Helen Hanson, Clay Center, were home over the weekend.

Roberta Shannon, Geneseo, and Margaret Gard, Kansas City, visited in Kansas City for the weekend.

Zeta Tau Alpha

Mr. and Mrs. C. D. Schlickau and son, George, Haven, visited their daughter, Opal, over the weekend. Miss Jennie Karns, Dehila, and Miss Eula Bierman, Kensington, were weekend guests at the house.

ASSEMBLY THIS MORNING FIRST FORUM SESSION

SAM HIGGINBOTTOM OPENS DISCUSSIONS OF WORLD INTEREST TODAY

NOTABLES WEEKEND HERE

Students Will Hear Authorities on Religious and Social Problems Speak at Gatherings Till Sunday Night

The student assembly today starts the weekend's World Forum program, beginning with Dr. Sam Higginbottom's address on the economic effects of social customs and beliefs in India. Programs for World Forum will be distributed to those attending the assembly.

Doctor Higginbottom who is president of the Allahabad Agricultural Institute in India, is a world figure known for his work in agriculture, missions and medicine. The British government awarded him the Kaiser-I-Hind medal for public service in India, while he was granted the first Doctor of Philosophy degree from Princeton, his alma mater.

With Doctor Higginbottom comes his wife who is noted for her activity in women's work in India. She will explain the new women of India to the Manhattan Missionary societies at 2:30 o'clock.

Knows Russia of Today

The Rev. Carter Harrison of Lawrence will address the Student Forum at noon on "The Background of Present Russia," a subject with which he has familiarized himself during his European travels. He has been around the world and is popular as a lecturer on world travels. The Reverend Mr. Harrison is pastor and student pastor of the Trinity Episcopal church of Lawrence.

Mead and Foster Not Unknown

Bishop Charles L. Mead of Kansas City, will address the junior high school today, while Dr. Allen K. Foster, traveling secretary of the board of education of the Northern Baptist convention, will talk to the senior high school. Bishop Mead was formerly pastor of the New York area and later Bishop of the Colorado area. He is a noted speaker and at present is chairman of the national Wesley Foundation. Doctor Foster is the author of "Cartoons in Character" and "The Coming Revival of Religion." He has appeared on the Kansas State campus before and of those who know him are assured of hearing interesting discussions.

Pauck Heard Tonight

In the evening at 7:15 o'clock in recreation center, Dr. Wilhelm Pauck of the University of Chicago will speak to the Science club on "The Crisis of Western Civilization." Born and educated in Germany, he is one of the foremost speakers on current religious problems in America or Europe.

Saturday's Interviews Will Take Up Most of the Time

Saturday's interviews will take up most of the time, with the exception of an address by Doctor Pauck at 1 o'clock in recreation center on "The Uprising of German Youth and Karl Barth." The Forum speakers will visit fraternities and other campus organizations during the evening.

Sunday a Full Day

Sunday, the last day of the World Forum program, will begin with the visiting speakers attending church schools and services. "America in Transition" will be the Reverend Mr. Harrison's subject when he speaks to the high school group at the Christian church. Doctor Foster's discussion, "Does Evolution Deny God?" will be given before the college group in the Presbyterian church, and will be followed an hour later with the talk on "The Crucifixion of Christ in the Twentieth Century," to be delivered at the Congregational church. The Reverend Mr. Harrison will also talk at the Methodist church on "The Teachings of Jesus in Relation to Present World Problems."

STUDENT FORUM TODAY

Special Meeting Will Have World Traveler As Speaker

A special student forum will be held today noon at the cafeteria, the topic to be "Background of Present Day Russia." The speaker, Dr. Carter Harrison, is a world traveler, and has been in Russia twice since the rise of communism.

"The Sign of the Cross," Dickinson, April 3, 4 and 5.

Forum Speaker

WILHELM PAUCK

WILDCATS RANK SECOND IN ALL-SPORT AVERAGE

Kansas State Boosts Standing With Two-Mile Title—Nebraska Is First

In the standings of all sports in the Big Six conference to date Kansas State ranks second in a tie with Oklahoma university. Nebraska university is at the top.

The following is the ranking of the schools, the low score being highest: Nebraska 17; Kansas State 18; Oklahoma 13; Kansas university 20; Iowa State 21; and Missouri 31.

With the exception of Missouri, each school has won or tied for a conference championship. Nebraska won football and tied for swimming and indoor track; Kansas State captured the two-mile team title; Oklahoma tied in indoor track with Nebraska; Kansas university took basketball; and Iowa State won wrestling and tied for swimming honors.

Kansas State was fourth in each of the three major sports, football, basketball, and track, while in minor sports Wildcat athletes took first in the two-mile, second in wrestling, and third in swimming.

'MIKADO' CAST ANNOUNCED

Eight Students, Two Faculty, Will Sing in Famous Light Opera in May

Eight students and two faculty members are named in the cast for the "Mikado," popular light opera which will be given here May 4 and 5, in an announcement by William Lindquist.

The leading parts will be taken as follows:

"Yum-Yum," Lucille Allman, Manhattan; "Pitti-Sing," Margaret Higdon, South Haven; "Peep-Bo," Betty Stanley, Wichita; "Katisha," Cora Oliphant, Offerle; "The Mikado," James Chapman, Manhattan; "Nanki-Poo," Richard Herzog, Salina; "Pooh-Bah," Harry Hinckley, Barnard; "Pish-Tush," Elden Stephens, Manhattan; "Ko-Ko," William Lindquist, Manhattan; "Nee-Ban," Frank Myers, Manhattan.

A chorus of 50, selected from the glee clubs, and a selected orchestra of about 35, under the direction of Prof. Lyle Downey, will support the principals. The performance is being sponsored by the Manhattan Chamber of Commerce.

Popular prices, for the first time in Manhattan's light opera history, will be featured. Special stage settings and unusual costumes will contribute toward making the performance a "gala" one.

"The Mikado" is one of the better known of the Gilbert and Sullivan operas, and is considered the best by many people. It has been enjoyed here at every performance.

TALK ONLY GERMAN IN NEW CLUB ON CAMPUS

Speeches Are Given by Cortelou, Hartel and Dobrovolsky at First Meeting.

Three talks, given entirely in German, were a feature at the Wednesday night meeting of the newly-formed German club.

J. W. Loth, a sophomore in electrical engineering, was chairman, and introduced the three speakers: Dr. J. V. Cortelou, head of the department of modern languages; Prof. L. W. Hartel, of the department of physics; and Ernest Dobrovolsky, sophomore in the division of general science. All three of the talks were given entirely in German.

German songs were sung by the group. Harriet Meyer, accompanied at the piano by Margaret Higdon, sang the German versions of two songs, "Two Hearts Beating in Waltz Time," and "Still as the Night."

The club will have its second meeting next Tuesday night at 7:30 in room 77 of Nichols gymnasium.

"The Sign of the Cross," Dickinson, April 3, 4 and 5.

DIXIE'S ROMANCE COMES NORTH IN COMEDY TONIGHT

KINGSLEY GIVEN INTERPRETS SPIRIT OF "SOLID SOUTH" IN LEADING ROLE.

LOW PRICES ARE CONTINUED

General Admission Tickets Go on Sale at Twenty-Five Cents With Dime Additional for Reserved Seats.

A rollicking comedy of the blue grass country, universally known for chivalry and thoroughbreds, will invade the north Friday night, March 24, at 8:15, when the "Solid South" is produced at the college auditorium by the Manhattan Little Theatre.

General admission is twenty-five cents and reserved seats are ten cents extra. The box office at the auditorium opened yesterday and will continue open for business until the performance. Holders of season tickets will receive a refund as a result of the lowering of the admission price which proved so successful at the last Theatre play. Tickets originally for the Thursday night performance may be exchanged for the Friday night performance any time today at the box office.

Kingsley W. Given of the public speaking department portrays the old colonel, Major Bruce Follonsby, who is a lazy southerner allowing the women of his family to support him. During the successful run of this play in New York City, Richard Bennett carried this leading role.

Glenda Mae Hodge, McPherson, will enact the role of Colonel Follonsby's lovely young granddaughter, Alabama, who has a mind of her own. Alabama's mother, Lella Mae Follonsby, will be played by Maena Jane Berglund, Lindborg, who is a graduate student.

The maiden sister of the Colonel, an elderly lady who lives in her ideas of southern chivalry, will be portrayed by Doris Harmon, Sand Springs, Okla. John Duncan, Manhattan, and John Van Aken, Manhattan, are the wealthy "yankees" who are guests in the southern home. Patience, a negro woman dialect character, will be handled by Jeanne Bryan, Delia.

Other members of the cast are Robert Chambers, Manhattan, and Donald Isaacson, Topeka, as lazy plantation negro servants. "It's clever, subtle," H. Miles Heber, director, declared. "It's a comedy of an impoverished southern family who refuse to lower their pride by admitting their poverty. The predicaments into which their pride leads them will keep a northern audience chuckling to the last curtain."

BEAUTY CANDIDATE LIST GROWS DAILY

Four Houses Have Sales Enough to Allow Unlimited Number of Entries

Beauty candidates will have keen competition in the 1933 contest. Four houses have sold the required number of Royal Purples, 40 or more, to allow them an unlimited number of entries—the whole chapter, if desired.

The houses with 40 or more books sold are Alpha Delta Pi, Chi Omega, Kappa Kappa Gamma, and Phi Beta Phi. Those selling approximately 30 are Alpha Xi Delta and Delta Delta Delta. The ones having made between 30 and 30 sales are Beta Phi Alpha, Kappa Delta, Zeta Tau Alpha, Clovia, and Van Zile Hall.

Due to lack of time before this publication, Steve Vesceky, business manager of the Royal Purple was not able to check the exact number of books sold by each sorority last night. These will be published in the next issue of the Collegian.

All pictures will be in the hands of the engravers within a short time as a few sections are going out every day. As soon as a section has been sent to the engraving company, it is definitely closed to any other entry.

The Royal Purple staff cannot give a definite date for the publication of the book. Sales for the book will be closed at the end of this month.

Students who fall asleep in the library at Swarthmore college are given warnings; after three warnings they are fined.

Prof, Dear Prof, How Does the Garden Grow?

Now that Old Sol has started his trip northward from the equator, garden-making is attracting the attention of a large number of K. S. C. faculty members and perhaps one or two of the student body—say an Acacia or so!

Mathematics profs are computing by calculus the exact number of radish seed in a row 'n' feet long, and members of the art department are debating the desirability of delphiniums or peleronioms for that splash of raw color against the garage.

Though many devotees of the garden habit fall by the wayside when the July sun has baked the surface of the ground, and pigweed and purslane have claimed for their own the last tired row of beans—now while the smell of spring is in the air and the first fishworms wriggle in an upturned forkful of loam, enthusiasm is at its height and seedsmen rejoice.

Local merchants are displaying seedboxes packed with brightly lithographed packets of everything from Asparagus, Moss-Curled (or is it Long Green), to Zinnia, Giant, Mixed. Even the most seasoned back-yard farmer cannot resist spending just another nickel for that packet of kohlrabi—this year it might grow. One grower's pet purchase is gourds—somehow there is never quite enough room for them.

There is something about the very atmosphere of a seed store that intrigues the amateur gardener. Perhaps it is the pungent odor of a combination of fertilizer, oil meal, cracked feed and various bulbs, seeds and potted plants that is so inviting.

Here, for instance, he encounters a basket of bluegrass seed—beautiful, reclaimed 21-pound bluegrass. Immediately that shady place next to the fence comes to mind—that bare spot where no grass has grown for years, where water stands during the rains and where the children play hopscotch when it is dry. Ah—bluegrass! The very thing. Five pounds, please. The fact that experiment has shown that bluegrass will not thrive under those conditions bears no weight—let's try it again this year.

And what are these, George? The label says they're bulbs. Oh, yes—tuberoses! Why, I never knew that roses grew from bulbs! Whad-dy'r know about that—oh, I mean, fancy that! Isn't it odd? Here's some—let me look—peony roots, and cannas. We ought to have some cannas, don't you think, Mama? That place under the south window—

QUILL MANUSCRIPTS DUE SETS ITS OWN DEATH RATE

All Students Except Second-Semester Seniors May Try For Writers' Honorary

The spring deadline for submitting manuscripts to Quill club has been set for April 1. Manuscripts are to be turned in to Prof. C. E. Rogers, head of the Journalism department, who is chairman of the membership committee of Ur Rube, local Quill club chapter.

Any student except second semester seniors may submit material. The material should be sufficient to indicate to the judges the ability of the writer, but may be varied in subject and style. If the pieces submitted are very short, more than one should be included. Manuscripts are judged on creative ability and originality.

All students who submit material are requested to make three copies of each piece. The name of the individual must be written on a slip of paper and placed in a sealed envelope which carries the name of the material submitted. Manuscripts are not to be signed.

The manuscripts will be judged immediately after April 1 and the names of new members will be announced in the Collegian.

SHOW THEIR HOSPITALITY PHILIPPINE MUSIC IN STORE

"Lantern in Her Hand" Is Theme For Home Ec Visiting Days April 27-29

"A Lantern in Her Hand" will be the theme of the program planned for Hospitality Week, April 27, 28, and 29. Hospitality week is sponsored by the Home Economics club, with each department in the division of home economics contributing.

The primary aim is to acquaint the high school students with the work of the division. The home economics department of various high schools throughout the state usually visit the college at this time.

Other purposes are to acquaint students, faculty, townspeople and others with the nature and work in the division; to give students in the division experience in organizing and directing such a project; and to promote cooperation between the faculty and students and between the different departments of the division.

Committees in charge of the project have been named as follows: Executive—Elizabeth Crawford, Madison, president of the Home Economics club; Martha Rodda, Arma, chairman; Mary Dexter, Columbus, Ga.; Lorena Schlemmer, Kansas City, Mo.; Ruth Jorgenson, Manhattan; and Virginia Dole, Salina.

Program—Roberta Jack, Russell; and Wilma Reinhardt, Blisn. Banquet—Mae Gordon, DeSoto, chairman; Mary Hanley, Topeka; and Jean Dexter, Columbus, Ga. Tea—Sue Irons, Winter Haven, Fla., chairman; Fern Falkinburg, Manhattan, and Neva Hilton, Atchita.

Incoming mail at the federal Office of Education during the past year totaled approximately 250,000 pieces.

HONOR MANY IN SPECIAL CHAPEL FOR ATHLETES

M. F. AHEARN AWARDS LETTERS, TROPHIES, AND SWEATERS TO 150 MEN.

SEVENTEEN GET GRID LETTERS

Men and Women in All Sports Honored in Special Recognition Day Assembly.

Athletic recognition day assembly was held Wednesday at 10:15. The program was directed by Prof. M. F. Ahearn of the athletic department. As an introduction he said "The purpose of this program is to give recognition to the members of all athletic teams who have earned honors."

Miss Helen Saum, professor of physical education for women, presented Betty Wagstaff, president of W. A. A., who introduced those girls who earned 1200 points in athletic competition, and won letters and sweaters. They are: Florence McKinney, Bartlesville, Okla.; Leora Light, Liberal; Erma Jean Miller, Manhattan; Marcine Campbell, Hollis; Dorothy Maltby, McPherson; Cora Oliphant, Offerle; Evelyn Young, Arkansas City; Helen Davis, Topeka; Mila Pishney, Cleburne; Myrtle Andres, Alta Vista.

Award 17 Football Men

The football letters were awarded to seventeen men by football coach A. N. McMillin. The honors awarded in football, basketball, swimming, wrestling, and the two-mile team were for this year's competition. The two-mile team was winner of the Big-Six conference championship. All recognition in other sports was for last year's competition.

The men receiving recognition were:

Football—Captain Walter Zeckser, Alma; Dan Blaine, El Dorado; Emmett Breen, El Dorado; Tom Bushby, Belleville; Lloyd Dalton, Ottawa; Ralph Graham, El Dorado; Harry Hasler, El Dorado; Homer Hanson, Riley; Kenneth Harter, El Dorado; George Maddox, Greenville, Tex.; Lloyd Michael, Eudora; Lee Morgan, Hugoton; Shelby Neely, Pratt; Douglas Russell, McDonald, Pa.; Leland Shaffer, Dodge City; Melvon Wertzeberger, Alma; Neil Webber, Wamego.

Basketball—Captain Andrew Skradski, Kansas City; Emmett Breen, El Dorado; Francis Boyd, Phillipsburg; Lloyd Dalton, Ottawa; Ralph Graham, El Dorado; Oren Stoner, Sabetha.

Track—Captain H. W. Hinckley, Barnard; Emmett Breen, El Dorado; F. W. Castello, McCune; L. R. Daniels, St. Francis; Lawrence Darnell, Osborne; Jack Going, Topeka; J. W. Jordan, Claflin; E. R. (Continued on page two)

SPECIAL ASSEMBLY TO BE HELD THIS MORNING

Sam Higginbottom Will Tell of Economic Conditions in India Today.

"The Economic Effects of Social Customs and Religious Beliefs in India" will be discussed by Sam Higginbottom of Allahabad, India, in a special student assembly at 10:15 this morning. The assembly is part of the annual World Forum program.

The music numbers will be "Come to the Fair" by Martin, and "Oh, Lucinda" by Depper. They will be sung by the Episcopal church male quartette—Edwin Sayre, first tenor; Dudley Flint, second tenor; Ralph Blackledge, first bass; and Orval Ruth, second bass. Mrs. Sayre is the accompanist.

ARRANGE FOR INTERVIEWS

Conferences With Forum Speakers Can Be Arranged at Y. W. Office

Students who wish to have interviews with the World Forum speakers are invited to go to the Y. W. office, in Anderson, to arrange for them. Most of the interviews will be on Saturday afternoon, from 2:00 to 5:00, but some of them may be on Friday afternoon during the speakers' free hours.

As Miss MacLeod said, it is not necessary to have any "burning question" about which to ask their advice—the fifteen minutes may be profitably spent in getting acquainted with them.

Opens Sessions

DR. SAM HIGGINBOTTOM

WILL TAKE PROMINENT PART IN WICHITA MEET

Saum, Washburn and Orchesis Members Appear on Program Next Week Before Convention.

Instructors and students from the physical education department of Kansas State college are planning to attend the Mid-West Physical Education Association convention to be held at the Allis Hotel in Wichita March 29 to April 1.

Delegates will convene on Wednesday, March 29, and general meetings, sectional meetings, and programs will be held during the week.

Miss Saum Will Speak

On Tuesday, March 28, previous to the first general meeting, the Women's College Directors' association will have their sessions. Miss Helen Saum, head of the physical education department for women at Kansas State, will speak at a banquet Tuesday night given for the women directors.

On Wednesday morning registration will be held for all the delegates to the mid-west convention. The general theme of the sessions this year will be "The Adjustment of the Program of Health and Physical Education to Meet the Present Situation." The first morning will be spent in a tour of the city and a tour of schools in Wichita.

Washburn, Orchesis Programmed L. P. Washburn, of the Kansas State department of physical education, will preside at the "States Luncheon" on Thursday and will speak at the men's college section on Friday. Thirteen members of the Kansas State Orchesis, dancing organization, have been chosen to give a demonstration dance on Friday.

Members of Kansas State faculty planning to attend the convention are Miss Helen Saum, Miss Bernice Patterson, Miss Lorraine Maytum, Miss Katherine Geyer, L. P. Washburn and C. S. Moll.

Students Plan to Go

Among the students planning to go are Betty Wagstaff, Topeka; Mary Lou Clark, Burr Oak; Marcine Campbell, Hollis; Doris Paulson, El Dorado; Zada McCutcheon, Kingman; Evelyn Young, Arkansas City; Eva Brownwell, Wichita; Arline Smith, Topeka; Jane Swenson, Phoenix, Ariz.; Lois Rosencrans, Manhattan; Lucille Johtz, Abilene; Emmett Breen, El Dorado; Earl Morrison, Colby; Clyde Lewis, Topeka; Earl Simms, Republic; Shelby Neely, Hopewell; and Harry Hasler, El Dorado.

Members of the National Amateur Athletic federation and the Women's Athletic association from colleges all over the west are especially invited to the convention. Saturday, April 1, will be the big day for students. Saturday morning the N. A. A. F. will entertain with a breakfast to which W. A. A. members are invited. On Saturday afternoon the members of the University of Wichita W. A. A. will be hosts to a Sports Day for all Kansas W. A. A. members.

Complete programs for the convention may be found in the March issue of the Journal of Health and Physical Education.

PAYNE AND FITCH TO SPEAK

Will Give Series of Talks at Swift and Company Meetings.

Prof. L. F. Payne of the poultry husbandry department will lecture at three Swift day meetings this spring. The Swift days are sponsored annually by Swift and Company for its patrons. Professor Payne will speak at Parsons, March 29; Garden City, March 30; and Sabetha, April 6. Professor J. B. Fitch of the dairy husbandry department will lecture at the Swift and Company's meeting in Clay Center, April 3.

"The Sign of the Cross," Dickinson, April 3, 4 and 5.

THIEVES STEAL CROOK ON EVE OF PROMENADE

SENIOR PRESIDENT VICTIM OF UNDERCLASSMEN AS SHEPHERD'S CROOK DISAPPEARS

PARTY TO GO ON REGARDLESS

Police, Detectives, and Dance Managers Expect Crook Ready When Ceremony Takes Place.

Thieves! Crook! Deep in the night, Tuesday, the staff's guard had left his post, thieves sneaked into the Big Ep sleeping porch, snatched the black trunk which held the precious shepherd's crook, carried it to—the vandals only know.

Police and upperclassmen are making every effort to uncover this strange mystery before the Junior-Senior Prom tomorrow night at which Lawrence Daniels, senior class president, is to present Shepherd's Crook to the junior class at 11 o'clock.

No Clues Found Yet

No clues have been uncovered concerning this thirty-five year old staff which is decorated with ribbons of every color from classes as far back as 1898. Sneaky freshmen and sophomores are under suspicion.

"I have notified police, questioned fraternity houses, freshmen and sophomores and even my own brothers, but to no avail. Carefully I disconnected the brass crook into three pieces, laid it in the black steamer trunk which is 18 inches high, four and one-half feet long and two and one-half feet wide, and locked it. At 6 o'clock I put the crook in the sleeping porch so it would be safe and undisturbed until the next morning when I intended to take it to the Palace guard store for display—now it is gone and no one can find it," grieved Mr. Daniels. "The thieves couldn't have taken it out the window, they must have carried the trunk down the stairs and out the front door without anyone seeing them. I don't see how it was possible."

A Detective On Trail

According to the dance managers, "It won't be long now." Blake Wareham, manager of the Wareham ballroom at which the party will be staged, has taken measures to assure party-goers that the crook will be there. "One crook will be in jail and the Shepherd's Crook will be presented to the president of the junior class at 11 o'clock," Mr. Wareham is fairly sure in saying that because he has secured the services of a member of the Burns Detective agency who is at the present time working on the mystery.

Many old time local wars were staged over the possession of this crook, but this is the first in seven years. At times it was absent from many annual proms and then returned entirely transformed—but went on until another kidnapping. In some of these battles, the newspapers report, several were seriously injured.

Party to Go On Anyway

"The party will go on anyway in hopes of the crook's returning with the crook before time to present it," said the senior class president. "I have great confidence in the Manhattan police solving this mystery before the biggest informal social function of the year."

CEREAL CHEMISTS ON THE HILL TOMORROW

Forty Men From Three States Are Expected for Annual Conference

Approximately 40 cereal chemists of Kansas, Nebraska, and Missouri are expected to meet at the college tomorrow for the annual tri-state conference, according to Dr. C. O. Swanson, head of the department of milling industry.

The meetings will be largely devoted to discussions of various methods of testing flour. Appearing on the program from the department of milling industry are Doctor Swanson, Dr. Earl B. Working, and E. J. Anderson, graduate student fellow. Faculty members of the chemistry department who will speak are Dr. E. L. Tague, Dr. H. N. Barham, and Dr. B. L. Smits. H. W. Pfitman of Hays is president of the tri-state organization.

The Eye or the Ear

Is Roosevelt the first of a new line of presidents? That question has come up many times in the past few months and will not be settled for several years. Perhaps Hoover was the beginning of a new line of presidents and maybe Roosevelt is a continuation of an old line. Regardless of much controversy in recent months, there has apparently been a change in the type of men who have been chosen for the country's leader. Roosevelt is getting much accomplished in his few days as chief executive of these United States but it is not due to the fact that Hoover was incapable. Roosevelt has a congress with which he can work. Hoover's law makers were, for political reasons, not expected to work with him during the late days of his term.

The methods with which the two men attack a problem is an outstanding difference. Mr. Hoover was noted for his independence. He gathered information in the form of documents, papers and reports and studied them. After he had made a careful study of the situation, as his subordinates had reported to him, he made an independent decision, one which he had decided upon himself.

Mr. Roosevelt is opposite in this respect in many cases. Instead of relying upon reports and papers, he calls men most familiar with the problem to council and there the problem is discussed orally. The executive listens. He has reason to listen because he invites leaders in their particular line. He listens to their ideas, treats each plan in every phase possible, their philosophies are aired and the problem is well thought out by the time the council ends.

This oral discussion method of Mr. Roosevelt's has often been referred to as the "ear method." Hoover with his paper and report system could then be referred to as the eye method. It will be interesting to see if the ear method will be successful in such a time as confronts the country today.

When interviewing reporters, Mr. Roosevelt invites the newspaper men into his office. There he tries to answer their questions in an oral fashion. The type of question is limited, of course.

But at this it has a decided step from the method used by the past president, which required the news hawks to submit questions in writing before the interview and the questions were usually answered in written form.

The ear method as used by Mr. Roosevelt has its merits in the fact that the people know their voice is being heard by their leader. This bit of satisfaction is an aid to the confidence of the populace which is so necessary to the success of a great democracy. The plan has as its chief fault the possibility that some minor theory may be mistaken for the will of the people.

It is hard to conclude which type of administration includes the higher value. The plans have both been used in the past and each has been successful. No president since Theodore Roosevelt has withstood granting newspapermen personal interviews. This year is the first time that the gentlemen of the press will get their news direct from the chief executive. The only requirements are that the regular staff of capital correspondents be the only ones included in the interviews and that the president be quoted correctly.

Leaders of both the Hoover and Roosevelt types are need in such a great task as being president of the United States. One will be better in certain times while in other periods this system would not function. Mr. Hoover no doubt had trouble because of his formality in handling state affairs. It is possible the Roosevelt type is needed in such a state of abundant theories and characters as prevail in this stage of our democracy.

Mr. Roosevelt has gained popular support in the short time that he has had the office. Hoover had sound policies but was not supported in many undertakings. If those principles can be accepted, it is possible that Mr. Roosevelt and his working plan is what is needed to provide strength and progress and progress.

On Other Hills

One reason why romance lasted longer in the old days was because a bride looked much the same after washing her face. Daily Trojan.

The prize to the person selling the most subscriptions to the Kansas university yearbook, the Jayhawk, will be a free trip to the world's fair at Chicago this summer.

In the Fordham-St. Mary's game last fall, Gilbert of St. Mary's was consistently tackling Harlow of Fordham, while Garbo sat on the bench.

Baron Munchhausen, or someone with the same name, was a contributor to the editorial pages of The Californian ten years ago. His column was "Things Every Girl Should Know."

The old tradition that a Lehigh college freshman must not wear a mustache was enforced this year and several freshmen who had been given warnings are now clean-shaven.

The republican party should be well organized by 1936, states the Oklahoma Daily. Democrats have taken steps to insure themselves that their chief opposition will not be interrupted in its reorganizing by performing governmental tasks.

Figure this out. Butler university will offer a course dealing with matrimonial troubles and domestic relations in an attempt to check the divorce evil. The instructor of this special course will be an attorney who has been married twice.

Generally it's a case of eliminating the raspberry which occasionally pops up in the course of a football game. But last fall the University of Alabama started a number of movements to stop students from throwing apple cores during the games.

Duties of the college professor have changed along with everything else. At the University of Rochester, the first professor hired, many years ago, had as one of his duties, the chasing of cows off the campus.

A university investigation committee of the state legislature of Nebraska recently proposed a salary cut for the university in which no employee would receive over \$5,000 annually, including the chancellor.

We believe that Haskell Institute was on the receiving end of the smallest penalty to be meted out during the 1932 football season. Toward the close of the Haskell-Creighton game the Indians, with the ball on their own six-inch line, were penalized half the distance to the goal for excessive substitution.

Henocrazy, so they tell us, is the latest fad. A poultryman in the south is raising 50,000 hens in an empty fashionable hotel in Florida. There the hens are so scientifically raised that they do not even see the eggs they lay. As soon as they are laid, they roll down a trough into a "gathering basket." The old job of finding the newly-laid eggs has even disappeared. Daily Nebraskan.

St. Pat's day, as it is celebrated by many engineering schools, originated at the University of Missouri in 1903 as the result of a student prank. It all came about when, a few days before March 17, an amateur cartoonist in an engineering class, drew a picture of St. Pat on the blackboard. Under the picture someone added the caption, "St. Pat was an engineer," and from this someone had the idea to celebrate St. Pat's day as an engineer's holiday. The idea has spread to more than 25 schools since then.

The Snapper

Jacquette Lawrence of the ex-Colwell Lawrence's is up to her old tricks. Breaking a date to "go home and see her folks" she appears at the Phi Sig party when she is supposed to be home telling the folks about her grades (?) and how nice the boys treat her in Manhattan.

The Shepherd's Crook is gone! A defective is working on the case, and he promises to get one crook in jail and the other crook at the dance. The crook who hooked the crook must have been a crook who wanted to get the crook so he could be a big crook. The crook (Shepherd's) is probably hidden in some deep dark crook in a corner of a crooked fence, but of course the crook (chief) may have taken the crook (Shepherd's) to some other cranny or nook to hid it.

Breaking eggs over each others skulls, eating onions, milk, castor-oil, chewing tobacco, and what have you, the K fraternity pledges are having a big time. Pledges with their "built for speed and not for comfort" dogs have daily races in front of the Gym. Carrying an assortment of articles too numerous to mention these pledges must follow the whims, ideas or instructions of Dan Blaine. Ralph Graham, not of the biscuit Graham's, was spattered with an egg while standing too near one of the pledges wiping the great American breakfast from his face and sweater, he went into hysterics and with forceful speech finally obtained a confession from poor innocent Tom Bushby.

The Chi Omegas are having a big convention or hey-day in Kansas City April 8. Of course this does not mean anything but Chi Omegas will be Chi Omegas at anybody's convention.

Due to the absence of activities during the past few days and the shortness of the above column let the reader be advised that there are some good pictures on page 2651 of Webster's New International Dictionary.

HONOR MANY IN SPECIAL CHAPEL FOR ATHLETES

(Continued from page one)

Kennedy, Chase; Don Landon, Topeka; C. D. McNeal, Boyle; N. E. Miller, Kansas City; M. E. Nixon, Manhattan; Marion Pearce, Miltonvale; L. R. Schmutz, Chanute; Russell Smith, Manhattan; J. Vetch, Manhattan. In absentia—E. R. Claassen, Newton; Milton Ehrlich, Marion; H. A. Elwell, Hutchinson; M. Hammel, Clay Center; Glen R. Harsh, El Dorado; F. L. Schooley, Hutchinson; L. Shirek, Waterville.

Baseball—Captain Frank Prentiss, Fort Riley; Dan Blaine, El Dorado; Francis Boyd, Phillipsburg; M. L. Carter, Smith Center; Paul Fairbank, Topeka; C. W. Genz, Herington; Harry Hasler, El Dorado; Andrew Skradski, Kansas City. In absentia—Elden Auker, Norcatur; Robert Lang, Denver, Colo.

Golf—Dale Maxwell, Columbus. In absentia—Captain Joe Menzie, Manhattan; A. A. Hostetter, Hutchinson; Joe Walker, Junction City. Tennis—Ralph Graham, El Dorado. In absentia—J. S. Silverwood, Ellsworth; Glen Hoglund, Miller; W. D. Larson, Manhattan. Swimming—Joe Creed, Bartlesville, Okla.

Wrestling—Captain June Roberts, Ford; F. M. Bozarth, Lenora; P. Griffith, Edmond; E. A. Hinz, Abilene; Ed Houser, Rock; A. McDonald, Bremen; Joyce Miller, Sycamore; Paul Warner, Atlat.

Two-mile track—Captain Marion Pearce, Miltonvale; Don Landon, Topeka; Joe McNay, Manhattan; C. D. McNeal, Boyle; M. E. Nixon, Manhattan.

Intramural—Sweater with emblem: D. Barkalow, Burden; R. G. Fowler, Holton; E. S. Will, Wilsey; E. L. Broghamer, Wilkes Barre, Pa.; W. Hinkle, Chestnut, Colo.; I. Welsy, Hill City; O. Koontz, L. Moore; G. Boys, Linwood; T. F. McMahon, Beattie; E. L. Simms, Republic. Emblems: V. Unruh, Pawnee Rock; J. Meyers, Merriam; A. Stelz, Topeka; H. C. Johnson, Marquette; L. E. Murphy, Galena. Ralph Armstrong, Riley; J. Hanson, Concordia; L. Van Dorn, Manhattan; C. Beckman, Randolph; Hal McCord, Manhattan.

Freshman football numerals—Claude H. Denchfield, Piedmont; W. V. Dexter, Waterville; James B. Edwards, Manhattan; R. D. Churchill, Junction City; Donald Flentrop, Wamego; Bill Fuller, Ponca City, Okla.; Dale M. Garvey, Waverly; Dean Griffing, Council Grove; Gene Keas, Chanute; Robert W. Kirk, Scott City; Milton C. Kohrs, Elmo; LeRoy Kratochvii, Irving; R. S. Jensen, Leavenworth; H. D. Munal, Milford; Royce Murphy, Norton; Don McNeal, Boyle; Bud Sandels, Belleville; Durward A. Watson, Osborne; Joe Zitznik, Seamon.

Freshman track numerals (1932)—Norman Booth, Topeka; William Gilligan, Schenectady, N. Y.; Joe Knappenberger, Penola; J. B. Nixon, Stockdale; Douglas Russell, McDonald, Pa.; Oren Stober, Sabetha; J. E. Spring, Pittsburg; Atwood Morrison, Hutchinson. In absentia—E. Colson, Hutchinson; H. E. Drier, Kansas City; Joe Mor-

ton, Altoona; R. L. Stephenson, Clements.

The band played two numbers, "Goldman Band" by King, and "Maggie Garden Overture" by King. Devotions were led by Ralph Van Camp.

At The Theatres

AT THE VARSITY

"Grand Slam"

This could well be called a take-off on the world famous bridge expert, Culbertson. You'll learn all you need to know about the game called contract bridge from this picture. It's good satire on the form of pleasure that has wrecked many a happy home and even caused murder.

Paul Lukas and Loretta Young do famously as the bridge sweethearts of America. Love, marriage, fame, separation, and reconciliation are their experiences. This is a show that will help you to appreciate in a new light the card game that is today stirring the world. It's a grand slam comedy.

AT THE DICKINSON

"Private Jones"

Lee Track certainly scooped the notch in this picture "Private Jones," playing at the Dickinson Theatre today and tomorrow. He plays the part of independence in the full meaning, but doesn't get by with it in the army. On the day of the death of his mother he finds himself in a war he didn't start, fighting the Germans.

By his misconduct he spends most of his time peeling potatoes even with a medal of bravery on his chest, but he could take it. He wise cracks from the beginning to the end, even making you forget the famous Will Rogers. He thought he was fresh until some of the higher officials put him in his place, namely the kitchen. Don't miss this sensational equibistic act of the great Maurice and Madame X for only one reason—you'll never see a worse one. The comedy supplied by the audience was much better than that less-than-amateur act.

Society

Alpha Delta Pi

Gwen Fisher and Ruby Bittler were dinner guests Monday evening. Doris Paulson and Margaret Easterday drove to El Dorado Tuesday afternoon.

Gwen Fisher spent Tuesday night at the house.

Theta Pi

Members of Theta Pi, Presbyterian girls' club, entertained with a dinner meeting Tuesday evening at 6 o'clock at Westminster home. Members of the cast in the play, "The Pill Box," were Juanita Shields, Alleen Runale, Gladys Bulckra, Jewel Stockdale, Elizabeth Knechtel, Ruth Gresham, Marie Henney, Mary Morgan, Muriel Morgan, Florence McKinney, Virginia Haggart, Betty Ozmert, Dorothy Blackman, Hazel Faust, and

Maxine Moorehead. Music was furnished by Marjorie Pyle and her brother. Special guests were Dean Mary P. Van Zile and Mrs. D. H. Fisher.

Beta Phi Alpha

Beta Phi Alpha entertained with a bridge party Tuesday evening. Martha Gordon, Waterville, was a Tuesday evening dinner guest.

Alpha Xi Delta

Open house was held for the Phi Kappa Tau Thursday night. Lillian Munal, Milford, is spending the week in Memphis, Tenn.

Lambda Chi Alpha

Mr. and Mrs. R. M. Babcock, Mr. and Mrs. R. G. Kioeffler, and Mr. W. E. Beals were Sunday dinner guests.

Pat Casey, Corning, spent the weekend at the Lambda Chi house. James Scott, Kansas City, and Guilford Rallsback, Langdon, spent the weekend at their homes. Lambda Chi Alpha announces the pledging of Joe Lane, Manhattan.

Reuben Youngquist, traveling secretary from Indianapolis, Ind., spent Wednesday and Thursday at the house.

Kappa Sigma

Dr. Sam Higginbottom, speaker at the World Forum this week, will be a dinner guest Friday evening.

Phi Delta Theta

Don Landon, Topeka, spent the weekend at home.

Phi Delta Theta announces the pledging of Herbert Schretel, Holington.

Homer Taylor was in Topeka over the weekend.

Delta Sigma Phi

Delta Sigma Phi elected officers for the ensuing year Wednesday night. Floyd Caldwell, Parsons, was elected president; Richard Othberg, Scandia, vice-president; Everett Hinz, Abilene, secretary; Waldo Wilcox, Wichita, treasurer; and Charles Stewart, Hunter, marshal.

Farm House

Sunday dinner guests were Mr. and Mrs. J. W. Zahnlcy.

John Miller, Prescott; and Gross Page, Norton, spent the weekend in Topeka.

Howard Fox, Harold Fox, and Emmett Fox, all of Rozell, spent the weekend at the house visiting Glenn Fox.

Alpha Zeta

A semi-formal dinner dance was given Friday evening in honor of the newly initiated members of Alpha Zeta, honorary agricultural fraternity. Both the banquet and dance were held at the college cafeteria. For the banquet the tables were decorated in blue and gold, the fraternity colors.

After the dinner Glen Fox, Rozell, acted as toastmaster and introduced the new members. They were Albert Thornbrough, Lakin; Harold Kugler, Abilene; Walter Lewis, Larned; Eugene Sundgren, Falun; Frank Parsons, Rulston; and Erwin Abmeyer, Grantville. John Latta, Holton, gave a welcoming speech for the new men of Alpha Zeta to which Harold Kug-

PUSHED ENEMIES OVER CLIFF, TOOK KINGDOM

Captain Rehm Tells of Thrilling Chapter in History of Romantic Hawaii.

How the army of King Kamehameha pushed the valiant defenders of the island of Oahu over a 700-foot cliff and established thereby the first kingdom of Hawaii was told in a graphic manner by Captain William F. Rehm of the military department last Wednesday in a talk over station KSAC. "The kingdom that Kamehameha founded," said Captain Rehm, "was recognized by the United States in 1842, and friendly relations were maintained with Hawaii throughout the period of its existence as a kingdom. In 1894 a republic was set up on the islands, with Sanford B. Dole, of pineapple fame, as its president. Four years later the islands petitioned for annexation to the United States, and were admitted July 7, 1898."

Captain Rehm described the islands as having an average temperature of about 72 degrees, and about the same rainfall as Kansas. Absolutely clear days in Honolulu are rare, there being almost always clouds hovering about the tops of the volcanic mountain range in the center of the island, the captain said.

The world's largest sugar mill is located on the island of Maui, Captain Rehm said, and on all the inhabited islands coffee, rice, and pineapples are raised.

This fall there will be many good positions open for capable secretaries and stenographers. Prepare now at the Platt Secretarial School, 1026 Poyntz.

Estelle Winters, graduate student, spent Tuesday at her home in Onaga.

Clovis

Weekend guests at Clovis were Mildred Hoch, Emporia; Violet Greenwood, Kansas City; Norma Cook and Nevin Bates, Larned.

Mattie Tally, Council Grove, and Mildred Gibbs, Manhattan, were Sunday dinner guests.

Mr. and Mrs. J. C. Carr and Josephine, Clearwater, visited their daughter, Ruby, Sunday.

Virginia Wagner visited friends in Clinton last weekend.

Myra Ogg spent the weekend with Frances Berggren at her home at Morganville.

Marie Antrim, Spivey; Marian Stahlman, Potwin; and Ethel Rosey, Junction City, spent the weekend at their homes.

Miss Ruth Hartman was a dinner guest Tuesday night.

Jessie Dean was in Topeka Tuesday.

Opal Bowers has been out of school on account of illness.

Violet Greenwood returned to her home in Kansas City Wednesday after visiting her sister, Gertrude.

Sigma Nu

The following spent the weekend at their homes: Jimmy Mayday and Billy Brown, Junction City; Herbert Beeman and Howard Peterson, Topeka; and Johnny Stewart and George Haynes, Abilene.

Mr. and Mrs. Garrison, Parsons, drove to Manhattan Friday to attend engineer's open house and visit their son, Fred.

Doris Paulson, Ellen Warren, Lois Rosencrans, Lucile Johnst, and Amelia Kroft were dinner guests Sunday.

Phi Beta Phi
Eugenia Ehling spent the weekend at her home in Lindsborg.

Weldene Middlekauff attended the Phi Delta party in Topeka Saturday night.

Bernice Mosser and Lucille Graybill, Larned, spent the weekend at the house.

Tella Hinshaw visited at her home in Bennington over the weekend.

Rosalind Almen has returned to school. She has been ill at her home for the past week.

Mrs. Carl Mallon, Anthony, visited her daughter, Kathleen, over the weekend.

Marjory Lemon spent the weekend in Wakefield.

Verna McAdams is visiting in Parsons.

Ernestine Merritt spent Sunday in Bennington.

Mrs. J. F. Packard of Kansas City was a dinner guest Wednesday evening.

Verna McAdams, who spent the weekend in Parsons, returned to school Tuesday.

Jacquette Lawrence and Eugenia Ehling will spend Friday in Lawrence.

Dinner guests last night included: Caroline Dolly, Corrine Solt, Maxine Huse, Dorothy Hughes, and Margaret Spencer.

The following girls will spend the weekend at home: Mary Kendall, Great Bend; Malena Berglund, Lindsborg, and Billee Cowdery, Lyons.

Delta Tau Delta
Homer French, Pretty Prairie, spent the weekend at home.

Mr. and Mrs. R. J. Blowers and Mr. and Mrs. W. N. Eagle, all of Kansas City, spent Sunday at the Delta Tau Delta house.

Sunday dinner guests were Ruth Strickland, Manhattan; Adelaide

Reid, Tois; and Maxine Blankenship, Downs.

Mrs. Pealey and Mr. R. A. Exline, Salina, were guests Sunday.

Kappa Delta

Mr. Paul Cook, national secretary of the educational scholastic fraternity, Phi Delta Kappa, was here inspecting the local chapter Tuesday and Wednesday of this week.

A luncheon was given in his honor Wednesday at the cafeteria.

After a general inspection of the college campus he left for the Pacific coast. While in Manhattan Mr. Cook was the guest of Prof. and Mrs. W. H. Andrews.

Lou Brown, Hutchinson, Mabel Brasche, Albia, and Louise Schien, Hutchinson, were guests this weekend.

Mrs. J. C. Heberling and Mr. Fred Henney were lunch guests Friday noon.

Marie Henney, Hutchinson, went home this weekend.

Kappa Delta gave a buffet dinner for some of the town alumnae and friends at 5 o'clock Sunday evening.

The guests were Prof. and Mrs. Rufus Cox, Mr. and Mrs. L. S. Fry, Prof. and Mrs. J. B. Fitch, Mr. and Mrs. Paul Ayers, Dr. and Mrs. Holtz, Mrs. Anne Taylor, and Mrs. H. D. Puetze.

Beta Theta Pi
The following spent the weekend in Topeka: Joyce Wright, Lee Carlson, Fred Millican, Franklin Coloday, and Jack Boyd.

Elva Kennedy and Harold Edgington visited in Wichita Saturday and Sunday.

Wicks Schoolcraft spent Sunday in Halstead visiting his mother who is in the hospital there.

William Farmer spent the weekend at his home in Kansas City.

Burnett Stratford, El Dorado, spent the weekend at his home.

Diller-Jensen Marriage
Mr. and Mrs. H. H. Diller of Morrowville announce the marriage of their daughter, Dorothy Evelyn, to Elmer Jensen of Herlington. The marriage took place at the office of the bride's uncle, Judge R. L. Rust of Washington December 28, 1932, where the bride has been employed as her uncle's assistant for the past two years.

Mrs. Jensen graduated with the class of 1930 from Morrowville high school, spending the following summer at Lincoln, Nebr., where she took special training in music.

Mr. Jensen is a student in the electrical engineering department at the Kansas State college. He is a member of the Phi Lambda Theta and Sigma Tau fraternities. The couple will be at home in Manhattan until after Mr. Jensen's graduation in June.

Lambda Chi Alpha
Sunday dinner guests were Mr. and Mrs. R. G. Koeffler, Mr. and Mrs. R. M. Babcock, and Mr. W. E. Beals.

Pat Casey, Corning, was a weekend guest.

Sigma Alpha Epsilon
Mr. I. W. McDougall, and daughter Lola, Atwood, were dinner guests Friday evening. Mr. McDougall spent the weekend at the house.

Robert Zebold spent the weekend in El Dorado.

Carl Stevenson visited in Topeka over the weekend.

James Towner spent the weekend at his home in Dwight.

Tom Bushby visited in Belleville over the weekend.

Sunday dinner guests were Mr. and Mrs. C. E. Rogers, Mr. and Mrs. R. I. Thackrey, Mr. and Mrs. B. R. Patterson, Mr. and Mrs. John Cordts, and Mr. I. W. McDougall.

Monday luncheon guests were June Layton and Max Collins.

Phi Lambda Theta
Pascal Roniter, Elmdale, spent the weekend at the house.

Sunday dinner guests included Mary Thurston, Elmdale; Mr. and Mrs. Sell, Martha Pancerel, Effingham; Wilma Stuart, Elizabeth Roniter, Manhattan; Arlie Higgins, Ingles; and Pascal Roniter, Elmdale.

Virgil Lundberg and Carl Anterson, Falun, spent the weekend here.

Phi Kappa Tau
Dinner guests Sunday included A. C. Heichberg, Lincoln, Neb.; Mrs. C. A. Whitaker, and Doris Whitaker, Hayden, Colo.; and Charles Funk, Iola.

The pledges entertained the alives with a party at the house Friday night. The guests were: Eleanor Hart, Margaret Patterson, Mary Wilkes, Doris Whitaker, Verna Wendling, Ima Jean Hubbard, Elizabeth Pogue, Myra Roth, and Vera Thompson.

Pi Kappa Alpha
Major and Mrs. H. E. Van Tui were dinner guests Sunday.

William Rose, Council Grove, was a weekend guest.

William Rose, Council Grove, was a weekend guest.

Dale Maxwell spent the weekend in Lawrence.

BUS BOYD WILL CAPTAIN COURT FIVE NEXT YEAR

ELECTION TAKES PLACE AT
ANNUAL KIWANIS CLUB DIN-
NER TUESDAY

WRESTLERS SHOW HOLDS

Captain June Roberts and P. W.
Griffith of the Kansas State
Grappling Team Put on Ex-
hibition For Diners

F. W. "Bus" Boyd, Phillipsburg, will captain the 1933-34 basketball team at Kansas State. It was announced Tuesday night at the annual Kiwanis club dinner honoring the college basketball squad. Boyd succeeds Andy Skradski, this year's captain.

Boyd a Two-Letter Man
Boyd is a two-letter man in basketball and has also won a letter in baseball. He has been one of the outstanding guards of the Big Six conference during the two years he has been a member of the State team, and this last season was one of the high scorers of the conference. He has led the guards of the conference in scoring the last two years. The captain-elect played the varsity first base position in baseball last year and will probably have a regular berth in the outfield this spring. In class work his work is well above the average. He is a junior in industrial journalism, has been elected to membership in Sigma Delta Chi, professional journalism fraternity, and is a member of Phi Delta Theta social fraternity.

Coch Corsaut Praises Squad
Other members of the basketball squad present at the dinner where the election and announcement took place were Emmett Breen, El Dorado; Lloyd Dalton, Ottawa; Andy Skradski, Kansas City, Kan.; Ralph Graham, El Dorado; Oren Stoner, Sabetha; Homer Hanson, Riley; Dan Blaine, El Dorado; R. E. Armstrong, Riley; E. P. Farrell, St. Marys; and K. J. Phelps, Manhattan.

Coch C. W. Corsaut paid tribute to the squad for their splendid cooperation throughout the season, and included Athletic Director M. F. "Mike" Ahearn and Assistant Coach Frank Root in his praise.

Grapplers Demonstrate Holds
Wrestling Coach B. R. Patterson and two of his grapplers, P. W. Griffith and Captain June Roberts, were also guests of the club and put on an exhibition of wrestling holds. Griffith is the Big Six champion in the 118-pound class, and Roberts won second place this year in the 155-pound class. They answered many questions of the Kiwanians concerning the fine points of amateur and professional wrestling.

Other guests at the dinner were Prof. R. I. Thackrey of the college journalism department and Edward Werner of Buffalo, N. Y.

Men's Intramurals

Entries for intramural tennis and baseball show that 23 organizations have entered men in the net sport. Twelve will have teams in hard baseball, and a like number in playground ball. Competition in these two events will begin next Wednesday, March 29.

Four volley ball games tonight will close the regular schedule in this sport. Following these games, bracket winners will play for the intramural championship.

The games tonight are: Aggie Knights vs. Phi Lambda Theta, 7:00, east court; Alpha Gamma Rho vs. Kappa Sigma, 7:00, west court; Alpha Tau Omega vs. Tau Kappa Epsilon, 7:45, east court; Delta Sigma Phi vs. Alpha Kappa Lambda, 7:45, west court.

Results of games last Tuesday: Pi Kappa Alpha 40, Alpha Rho Chi 34; W. F. A. C. 40, Phi Delta Theta 11; Sigma Phi Epsilon 18, Delta Tau Delta 40; Aggie Knights 41, Kappa Sigma 39; Tau Kappa Epsilon 1, Alpha Gamma Rho 0, forfeit; Lambda Chi Alpha 40, Phi Delta Theta 26; Sigma Phi Epsilon 40, Alpha Kappa Lambda 23; Phi Kappa Tau 40, Phi Kappa 38.

The results of last night's volley ball games are Phi Kappa 41, Farm House 39; Alpha Tau Omega 40, Alpha Kappa Lambda 18; W. F. A. C. 40, Pi Kappa Alpha 18; Alpha Rho Chi 40, Phi Delta Theta 31; Delta Sigma Phi 40, Sigma Alpha Epsilon 19; Theta Xi 40, Lone Stars 23.

HOME EC STAFF MEETS

The regular dinner and meeting of the staff of the division of home economics was held in Thompson hall Wednesday evening. The subject for discussion was "Comprehensive Examinations." It was led by Dr. Martha Pittman and Miss Alpha Latzke.

HARMAN TO GIVE RADIO TALK

Will Speak Saturday Morning Over
KSAC

Dr. Hary T. Harman, of the zoology department, will be one of the speakers Saturday morning, in the second of a series of 10-minute broadcasts sponsored by the Kansas Academy of Science. She will speak at 8:50 over station KSAC on "The Kansas Academy of Science and the Junior Academy", in an effort to promote further interest in the academy meetings which will be held here April 13-15.

Earl Dearborn, a Manhattan high school student, and secretary and treasurer of the junior academy, will talk at 8:55 on "Science Clubs in the High Schools."

Women's Intramurals

X-team won the women's intramural swimming meet last Wednesday night with Kappa Delta placing second.

Class teams have been picked from the best swimmers entered in intramurals, and results of the class tournament will be announced next week.

Girls on the class teams are: freshmen, Ona Lee Burson, Manhattan; Ruth Dobson, Manhattan; Jane Harman, Manhattan; Betty Harold, Sabetha; Weldene Middlekauff, Concordia; Wilma Womer, Topeka.

Sophomores: Pauline Compton, Manhattan; Wilma Cowdery, Lyons; Jean Dexter, Columbus, Ga.; Lois Rosencrans, Manhattan; Nancy Schultz, Manhattan; Arline Smith, Topeka.

Juniors, Rita Brown, Edmond; Mildred Forrester, Wamego; Alice Kimball, Manhattan; Madge Gibbs, Manhattan; Katherine McKinney, Bartlesville, Okla.; Jane Swenson, Phoenix, Ariz.

Seniors, Christine Church, Kansas City, Mo.; Helen Davis, Topeka; Geraldine Grass, LaCrosse; Dorothy Maltby, McPherson; Betty Wagstaff, Topeka; Evelyn Young, Arkansas City.

HOLLYWOOD PREMIERE TO THEATRE FANS

Premier Party Will Be Staged at
Dickinson Wednesday
Night.

Hollywood's rarest treat will take place here next Wednesday evening when a grand premiere party for the picture fans of central Kansas is held at the Dickinson theatre.

Hollywood stars will not take part, but will be characterized by local talent of such a nicety that folk will see no difference.

"All the grand slam attending a Hollywood premiere showing will be carried out by the Dickinson," John Cretores, manager, said this morning. "We have fourteen entries for the big show and expect thirty before the entries close."

Substantial rewards for the best of the lot of entries are offered by the Dickinson management, in the form of money prizes and time passes.

The stars on parade will enter the theatre with all the spectacular pomp which surrounds these events in Hollywood. A platform will be erected in front of the theatre, over which the stars will cross in full view of the crowd, and they will each broadcast a greeting to the crowd as they reach the reviewing stand. Later they will strut their stuff on the Dickinson stage.

Students at Oklahoma Baptist college are paying tuition with pigs, chickens, produce and cows.

WORLD FAIR WITHIN REACH OF AMBITIOUS

Way to Earn Admittance Being
Worked Out for Members of
Y. W. Y. M. C. A.

Students desiring to attend the World fair and who have no capital to work with have a chance to earn it, according to "Doc" A. A. Holtz, Y. M. C. A. secretary, who is a member of the Kansas executive committee. Arrangements have been completed for the construction of a special community to be called Beacon City, in Chicago, in which it is planned to house all Y. M. and Y. W. members who buy or win tickets.

One can win a ticket by selling ten tickets at \$3.45, and thereby earn free admission to all the fair including meals, lodging, guides, daily transportation, and free parking of cars. Those who may be interested may see "Doc" Holtz about the plan.

hear a report by Esther Wiedowar on Henrik Ibsen's "The Wild Duck." The play, which is in five acts, is built around a simple theme, and the entire play is occupied with the exposition of that theme.

FARRISH GIVES ADDRESS

History Professor Speaks at National Honor Society Banquet
Prof. Fred L. Parrish of the history department gave an address on "The Challenge of Leadership" at the annual banquet and initiation of the National Honor society of the Manhattan high school Wednesday evening.

The 22 seniors recently elected and the alumni members attended. J. H. Moyer, acting principal of the high school was toastmaster.

TO STATE HOME EC MEET

Many Professors of Home Economics Division Attend Sessions.

The state home economics convention at Topeka this weekend will be attended by the following instructors from the college: Dr. Martha Pittman, Dr. Martha Kramer, Miss Margaret Ahlborn, Miss Ruth Tucker, Miss Gladys Vail, Miss Eva McMillan, Miss Nina Browning, Miss Ruth McCammon, Miss Alice Brill, Miss Bernice Ku-

north, of the department of food and nutrition.

Miss Alpha Latzke, Mrs. Katharine Hess, Miss Anna Coles, Miss Esther Bruner, Miss Pearl Haas, Miss Elizabeth Quinlan, and Miss Leola White, of the department of clothing and textiles.

Dr. Margaret Justin, dean of the home economics division and Mrs. Lucile Rust, president of the state organization, will also attend.

MONEY IN CHICKS BELIEF

Visitor Anticipates Good Prices in Poultry By Fall.

Dr. Raymond T. Parkhurst and L. J. Walsh, representatives of the National Oil Products company visited at the poultry department Wednesday. Doctor Parkhurst, who has visited a number of state colleges in the south, stated that although interest in poultry is good, the sale of baby chicks is considerably behind that of last year.

He was of the opinion that those who raise as many chicks as they can easily accommodate this spring and summer, will be in position to take advantage of what appears to be good prices for poultry and eggs next fall and winter.

GO TO TOPEKA GATHERING

Faculty members of the art department planning to attend the

convention of Kansas Home Economics association in Topeka Friday and Saturday are Miss Evelyn Dutton, Miss Maria Morris, Miss Dorothy Barfoot, and Miss Louise Everhardy.

Y. W. GROUP MEETS

The Y. W. interest group on international affairs, in charge of Barbara Lautz, had a meeting Thursday night.

The freshman commission of the Y. W. C. A. will not meet again until the first week in April, or after nine-weeks quizzes have been given.

The modern art group of the Y. W. C. A. heard an interesting talk Thursday night by Miss Dorothy Barfoot, associate professor of art. Miss Barfoot, who has traveled in Europe, spoke from her experiences there.

A course in Secretarial Training, or shorthand and typewriting, will give you an excellent opening wedge to a fine position. Platt Secretarial School will give you careful and thorough training.

48-3

BELL & LUTZ

RELEASE OF TWO COACHES STUNS ATHLETIC FANS

CHARLES CORSAUT AND O. W. MADDOX TO BE RELEASED AT END OF MAY.

BASEBALL SCHEDULE IS OUT

Eight Home Games Included and Two More May Be Added—Six Conference Games.

Many people were startled last weekend by the announcement that Charles Corsaut, basketball and baseball coach, and O. W. Maddox, assistant football coach, would be dropped from the Kansas State athletic staff at the close of this year.

This action by the athletic council, surprising to many, came as a result of the curtailment of funds for the athletic department, when seen that a general reduction in salaries would not relieve the situation.

While the board expressed its satisfaction with the work of the two coaches, it also regretted that it was forced to release them.

This action is following the trend of other schools in the conference in the reduction of staffs and in the hiring of men who can coach several different sports. A council believed that the positions held by Coach Corsaut and Assistant Coach Maddox could be filled by other members of the department.

Root to Coach Basketball

Frank Root will take over the basketball coaching duties in addition to teaching physical education classes, looking after equipment, and acting as manager while the team is on trips. Athletic Director M. F. "Mike" Ahern will coach the basketball team. Frank Root and Ward Haylett will act as assistants to Head Coach A. N. "Bo" McMillin in football.

Appears as a Strike

The action showed all the appearances of a strike, but most of the players were reluctant in calling it that. Later they were of the opinion that practice was not held because many thought the field was too wet. Others said they did not know that diamond drill was scheduled for Saturday afternoon.

Coach Corsaut talked to the "striking" players yesterday and announced that practice would be held as usual. All members of the squad were present for the drill yesterday.

The announcement of a baseball schedule that is nearly complete also came yesterday. Eight games are definitely scheduled to be played here and two more will be added if the dates are accepted by the schools concerned.

The schedule so far is:

- April 7—Haskell Indians at Lawrence.
- April 10-11—Missouri here.
- April 21—College of Emporia at Emporia.
- April 22—Kirkville Teachers here (tentative).
- April 26-27—Maryville (Mo.) Teachers there (tentative).
- April 28-29—Missouri at Columbia.
- May 2-3—Oklahoma here.
- May 5—Maryville Teachers here (tentative).
- May 8—Haskell here.
- May 10—College of Emporia here.
- May 12-13—Southwestern here.

FOSTER SPEAKS IN FORUM

Scheduled Speaker Fails to Arrive and Foster Substitutes.

The Rev. Carter Harrison, who was scheduled to speak at the student forum, Friday, on the topic "The Background of Present Russia" did not arrive in Manhattan in time to speak to the audience, which was the largest this season.

His place was taken by Dr. Allyn K. Foster, traveling secretary of the board of education of the Northern Baptist convention. His topic was the close relation of science and religion, and their interdependence.

PATRICIA PLACES IN 'HOLLYWOOD PREMIERE'

Ethel Fairbanks Is Awarded Fourth Place for Impersonation of Screen Actress

For her impersonation of Irene Dunn, movie star, Ethel Fairbanks, recently elected Ste. Patricia of Kansas State, was awarded fourth place in the Varsity theater's "Hollywood Premiere" last night.

A similar feature will be presented tomorrow night at the Dickinson. In all the imitated dress, make up, and personalities of famous movie stars, 25 local people will appear in competition for prizes on the Dickinson stage at 6:45 and 8:45 tomorrow night only.

First prize is \$5, second is a three month's pass to the theater, and third is a month's pass.

Some of the stars to be imitated are Slim Summerville, Joan Crawford, Charles Ruggles, Charlie Chaplin, Laurel and Hardy, Eddie Cantor, Sylvia Sydney, Al Jolson, the two Marx brothers, Jean Harlowe, Nancy Carroll, Clara Bow, Janet Gaynor and many others.

"Topaze" with John Barrymore on the screen will follow these presentations.

Y. W. CABINET IS NAMED TO OTTAWA THIS WEEKEND

Group Selected Will Go to Ottawa Next Weekend for Training Conference There

Cabinet members of the Y. W. C. A. for next year were made known last evening when the women selected for cabinet positions were asked to meet to make plans for a conference at Ottawa next weekend.

Headed by Dorothy Blackman, president, and the three other officers elected a week ago, next fall will see the following at Y. W. posts.

Barbara Lautz, Amarillo, Texas, head of freshman commission; Winifred Wolf, Ottawa, college sister chairman; Elizabeth Lamprecht, Manhattan, office; Muriel Fulton, Wichita, membership; Betty Ozment, Manhattan, social service; Kathryn Knechtel, Larned; and Alice Wilsey, Washington, social.

Eileen Payne, Manhattan, hostess; Virginia Haggart, Topeka, publicity; Ruth Jorgenson, Manhattan, finance; Evelyn Braden, Wichita, retreats; Viola Barron, Kensington, world forum; Frances Tannahill, Manhattan, programs; Helen Morgan, Newton, Aggie Pop; interest groups—Mayrle Griffith, Topeka, interest group head; Jessie Deap, Princeton; Ruth De Baun, Topeka; Ethel Olney, St. Joseph. Two additional interest group chairmen and the chairman of student forums are yet to be named.

The cabinet will be installed the second week in April. Ruth Langenwalter, who will be installed as vice-president, will also serve as chairman of an interest group. In addition to her office of secretary, Ruth Gresham will be chairman of the Christmas bazaar. The 1933-34 secretary is Harriet Reed.

The training conference this weekend at Ottawa university, Ottawa, will have delegations from all the eastern Kansas colleges. The first session is at noon Saturday and the final Sunday afternoon. A program of discussions, round-tables and addresses is planned with several social functions. Kansas State had a large delegation at the conference last year, which was held at Lawrence.

Y. W. INTEREST GROUPS INTO FINAL SESSIONS

Bodies Organized for Study to Finish Series of Meetings This Week

The Y. W. interest groups will hold their final meetings this week. The "Modern Books" group, headed by Sue Irons, Winter Haven, Fla., will meet in L88 to hear Miss Emma Hyde, associate professor of mathematics, give a review of "Flowering Wilderness", by Galsworthy.

The "International" group, whose chairman is Barbara Lautz, Amarillo, Texas, will have as their final subject, a review of current topics. This group will meet in A36. The newly-formed "Barthian" group, headed by Evelyn Braden, Wichita, and Dorothy MacLeod, will meet in A77 for further discussion of Karl Barth's theology. Last week, the group listened to a talk by Dr. Wilhelm Pauck of the University of Chicago, one of the World Forum speakers.

SMITH TO TESTIFY

Dr. B. L. Smith, food analyst of the chemistry department, is in Smith Center this week testifying in a liquor case. He plans to return Thursday.

FOREIGNER AND SEVENTY OTHERS ARE CANDIDATES

MAJOR INSTRUCTORS REPORT THOSE WHO MAY EXPECT THEIR LETTERS

GRANT M. S. DEGREES JUNE 1

Texas, Wyoming and Montana Each Has Student on List Announced—Manhattan Claims 25 From Remaining

A foreign student, G. E. Juan, Philippine Islands, is included in the candidates for master's degrees at the June graduation this year. Juan will receive the degree of master of science in horticulture. Three of the 71 students reported by their major instructors as candidates are out-of-state students, each from a different state.

H. M. Beachell, Beaumont, Texas, is a student in agronomy; G. F. Branigan, Alban, Wyo., in civil engineering; and F. E. Homann, Bozeman, Mont., in shop practice.

The list submitted to Dean J. E. Ackert of the division of graduate study includes 25 students giving their addresses as Manhattan. All the others except the four named are from other Kansas towns. They include:

J. E. Anderson, Belvue, milling industry; Rhoda Austin, Emporia, general home economics; A. E. Bate, Wichita, bacteriology; C. R. Bradley, Mayetta, horticulture; Alice Brill, Westmoreland, food economics and nutrition; Faith Briscoe, Cambridge, bacteriology; Vance L. Burch, Manhattan, history; W. R. Burgin, Manhattan, horticulture; M. J. Caldwell, El Dorado, chemistry; Ida Chitwood, Medford, food economics and nutrition; C. R. Collins, Wellsville, entomology.

John Correll, Manhattan, agrichemistry; S. B. Della, Manhattan, agricultural economics; Miriam Dexter, Manhattan, journalism; Avis Downey, Manhattan, English; Max L. Eaton, Colby, chemical engineering; P. J. Edwards, Athol, electrical engineering; Sina Fowler, Manhattan, institutional economics; W. E. Gibson, Manhattan, civil engineering; Ben Glading, Manhattan, zoology; Frederic Groetsman, Manhattan, zoology; Pearl Hass, Hutchinson, clothing and textiles; Helen Halstead, Manhattan, English; Hosea Hollingsworth, Wichita, entomology.

Ann Howarth, Raton, clothing and textiles; William Huey, Ogden, history; Ollie Hulise, Manhattan, education; O. W. Johnson, Reamsdale, zoology; Faith Johnston, Oakley, clothing and textiles; R. W. Kellogg, Sedan, chemical engineering; Laurel L. Lingsley, Manhattan, zoology; Malcolm Laman, Concordia, history; Lindsay B. Loring, Manhattan, botany; (H. W. Loy, Chanute, chemistry; Carl J. Martinez, Manhattan, physics; B. J. Miller, Piedmont, agricultural economics; W. F. Mitchell, Salina, economics and sociology; W. E. Moring, Manhattan, chemistry; Reed F. Morse, Manhattan, civil engineering; Pearl Musgrave, Hillsdale, clothing and textiles; R. G. Obrecht, Topeka, electrical engineering.

G. S. Quantie, Riley, agricultural economics; Sarah Roberts, Manhattan, clothing and textiles; Ben D. Russum, Topeka, industrial chemistry; C. W. Sabrosky, Manhattan, zoology; Hildred Schweitzer, Wichita, bacteriology; B. L. Shepherd, Manhattan, entomology; L. J. Simmons, Manhattan, poultry husbandry; Mildred Skinner, Marion, clothing and textiles; A. L. Steele, Manhattan, electrical engineering; Charles W. Stratton, Manhattan, English; W. H. Von Trebra, Manhattan, agronomy; L. A. Wilhelm, Arkansas City, poultry husbandry; C. L. Wilson, Ottawa, mechanical engineering; Estelle Winters, Onaga, zoology; C. A. Wismer, Pampa, botany and agronomy; and Isaac Zahm, Manhattan, history.

SUMMER NOT SO FAR, THOUGH

Despite snow and breezes, Catalogues Are Sign of Warmth. Summer school bulletins arrived today, a reminder that in spite of the snow freezing on the ground and the wind whipping around the daffodils, summer is in the offing. About 4,000 of the bulletins will be sent out to the county school teachers, graduate students, and junior and senior high school teachers, according to Miss Myrtle Zener, secretary to Vice President J. T. Willard.

PRIZE PLANS FOR AN OPERA HOUSE SHOWN

Entries in Paris Competition Are on Display in Architecture Hall This Week.

Final entries in the twenty-fifth annual Paris Prize Competition of the Society of Beaux Arts Architects, are on exhibition in the department of architecture gallery this week. The subject for the competition was a national opera house for Washington, D. C.

The exhibition includes the prize winning piece, and the next two ranking entries. The contest, which is conducted annually throughout the United States, is open to all American citizens 27 years old or under; and the award of first place carries with it a three-year scholarship in Paris.

The collection of prints from John Grant of Edinburgh, Scotland, which was to have been shown in the gallery, is being held up in Kansas City because of a customs release.

INTEREST FOR STUDENTS, TOO

"Spiders" and Architecture of Heavens Recommended by Johnson

"There will be more interesting lectures and papers this year than ever before," said George E. Johnson, of the zoology department, speaking of the Kansas Academy of Science meetings to be held here April 13-15.

Professor Johnson, who is secretary of the academy, recommended that college students attend at least the two popular lectures—"Spiders," which is to be an illustrated talk by Dr. Paul B. Lawson of the University of Kansas; and "Architecture of the Heavens," by Dr. Philip Fox, of the Adler Planetarium, Chicago.

The academy technical papers will be given Friday, April 14, but will probably be of interest only to those who have a more technical knowledge of the sciences, Professor Johnson said.

The banquet on Friday evening is open to all members and friends of the academy. Anyone who is interested is invited to attend.

LAST YEARBOOK PLANS IN

Thackrey Will Complete Layout for Royal Purple; No Changes Afterward

Final plans for the 1933 Royal Purple will go to the printers the end of this week according to Editor Franklin Thackrey. The plans will include the exact number of pages, the amount of color work, and the number of copies sold at that time. Any changes from these plans will be difficult to make, as well as expensive.

Since a number of departments and organizations have cut the amount of money they are paying to the yearbook, the space devoted to them will probably be somewhat smaller than last year. This may result in fewer pages in the yearbook. Fraternities and sororities on the campus have cooperated well with the yearbook staff, and their sections of the book will not be affected.

It Was Real Human Interest When Higginbottom Related Life In India

By Max Burk

The man whose twenty-two years of work as a missionary, a teacher, and as the head of a colony for lepers and blind in India has brought him international recognition, impressed all with the distinguished yet quiet and forceful air about him.

Perhaps it was those very dark, steady eyes glistening through gold-rimmed glasses, or his strong features molded in a leathery skin toughened to withstand India's constant 120 degree temperatures. He was impressive.

Dr. Sam Higginbottom, for it was he whom we were confronting, rested his bulky shoulders comfortably in a big leather chair to tell a Collegian reporter, in his very deliberate manner of speaking, of some of his experiences in India.

Of Gandhi: "He is like any of us. He doesn't want his people to look up to the British any more than you or I would want Americans to. His political party is the largest in India and is composed of Hindus, Moslems, and others whose only cement to hold them together is hatred of the British—and that is a very poor cement."

Spontaneously telling of India's climate: "In India, we cannot use table linens because the air is so humid. Linens absorb too much moisture so we must use cotton."

PLAN TO ENTERTAIN COSMOPOLITAN CLUBS

Convention Committee Will Meet Today to Arrange Program for April 29, 30

The Cosmopolitan convention committee appointed Thursday will meet at recreation center today at 4 o'clock to arrange and plan the program for the convention of Cosmopolitan clubs and foreign groups to be held here April 29 and 30.

Those on the convention committee are: Mrs. Josephine Jelinek, Manhattan; E. A. Perez, Panama; Marion Stiles, Jewell; Salvador B. Della, Philippine Islands; and Nathan Flugstein, Manhattan.

Saturday, April 29, was the date decided upon to hold the annual spring banquet at the Warehouse hotel. This will be the social event of the convention as well as the year for the local organization. Members will meet at the college cafeteria at 6 o'clock Thursday, March 30, for the regular informal dinner.

ASK HOUR LATER SUNDAY

Student Council Petitions for 11:30 for Women Students Instead of 10:30 Rule.

Women students may be allowed to stay out until 11:30 Sunday nights if the faculty council and Pres. F. D. Farrell approve the resolution passed unanimously by the Student Governing association yesterday.

Women students have been required to be in the house at 10:30 on Sunday nights in the past while at some other colleges the hours are 11 and 11:30.

The seven members of the Faculty Council will probably meet some time this week to sanction or reject the change for the S. G. A. regulations governing social functions.

Members of the council are: Dean Mary P. Van Zile, chairman; Grace E. Derby, librarian; Harold Howe, associate professor of agricultural economics; F. P. Root, assistant professor of physical education; A. A. Holtz, assistant professor of economics and sociology; R. L. Throckmorton, professor of agronomy; and L. E. Conrad, professor of civil engineering.

QUILL TO ENTERTAIN

Will Be Host to All Kansas Quill Clubs May 6

Ur Rune, local Quill club chapter, has set May 6 as the tentative date for entertaining all Kansas Quill clubs. There are Runes at Washburn, Kansas university, and the College of Emporia.

Invitations have been extended and acceptances indicate the presence of delegates from each Rune.

COOKE AND WAGNER HERE

Emporia Architects Visit Former Professors Yesterday Afternoon

Ernest Cooke and Raph Wagner, Emporia, visited faculty members of the architecture department yesterday afternoon. They have recently completed plans for a new consolidated grade and high school building which is to be built at Tonaway, about one hundred miles south of here, during the spring and summer.

KINGSLEY GIVEN GIVES AUDIENCE THE REAL DIXIE

PROUD OLD SOUTHERN COLONEL COMES TO LIFE IN "SOLID SOUTH."

LIGHTER PARTS WELL TAKEN

Doris Harmon and Malena Berglund Do Excellent Work as Ladies of the Household of Follonsby.

"Solid South," a farce comedy by Lawton Campbell, was the offering of the Manhattan Theatre at the college auditorium Friday evening. The play presents a farcical situation in an impoverished Southern family, most of whose pride is centered in Major Bruce Follonsby. Every advantage is taken of the whims of the Major and the remains of his once proud and haughty line—too much advantage, if the truth must be told.

However, the presentation of the play and the acting of the nine members in the cast more than made up for whatever lack of convincingness there is in Mr. Campbell's farce. Kingsley Given, as the Major, did an excellent piece of character work and looked the part to a nicety. His portrayal of the explosive irascibility demanded for the role was finished and not overdone, as it might have been overdone by a less thoughtful actor.

Doris Harmon, as Geneva Follonsby, peppery, old-maid sister of the Major, and Malena Berglund, as Lella Mae Follonsby, the daughter-in-law who vacillates pitifully between duty and romance, vied with each other for honors second to those accorded Mr. Given. Both the roles were difficult, and hard to make believable, but Miss Harmon and Miss Berglund played them with pleasing results. Glenda Mae Hodge, as Alabama Follonsby, daughter of Lella Mae, also did excellent work.

The impoverished negro following of the impoverished Follonsby family was also delightfully presented. Jeanne Bryan, as Patience, cook and woman about the house, was most amusing and truly likeable. Robert Chambers and Don (Continued on page three)

NEW DEAL FOR FROSH IS WILLIAMS' THEME

Professor of Education Will Discuss Plan in Assembly on Thursday.

"A New Deal for the Freshmen" is the subject of an address which Dr. C. V. Williams will discuss in student assembly Thursday morning.

This week marks the shifting of assembly from Wednesday to Thursday. The change is made so that the same classes will not always be shortened for assembly.

AGGIEVILLE MERCHANT AND PARTY IN CRASH

Three Severely Injured Sunday Afternoon as Car Skids and Crashes.

Barney Youngcamp, Aggieville clothing merchant, his daughter, Mrs. Virginia Youngcamp Forslund, were seriously injured and her husband, P. Leonard Forslund, lost his left leg when the roadster in which they were riding skidded in the gravel on highway U. S. 40N one and one-half miles east of Keats, went into a ditch, and struck a highline pole late Sunday afternoon. Miss Ellen Davies, proprietress of Ellen's dress shop in Aggieville, a fourth occupant of the car, was bruised.

Mr. Youngcamp's right hip, right ankle, and two of his ribs were broken. Mrs. Forslund sustained a fracture of the pelvis, bruises and lacerations. The three were reported doing satisfactorily at Park View hospital.

The party was on the way to Mr. Youngcamp's farm when the accident occurred. Mr. Youngcamp was driving. Mr. and Mrs. Forslund were married less than a month ago.

STARVE AMID PLENTY WHILE COWS GROW FAT

India Could Be Richest of All Nations But for Her Beliefs and Customs.

"India could be the richest country on the face of God's earth, but is cursed with poverty she will never get rid of as long as she clings to her social customs and religious beliefs," said Dr. Sam Higginbottom, at a special assembly Friday, as a part of the World Forum program.

Doctor Higginbottom, who is president of the Allahabad (India) Agricultural Institute and Presbyterian missionary to India, spoke on the cramping effects of social customs and religious beliefs in that country.

"The food problem of the people of India does not lie in the inability of the country to grow crops, but in the social customs and religious beliefs of the people themselves," Doctor Higginbottom said.

Their Gods Cow and Monkey

"Animals, the cow and the monkey in particular, are the Indian's gods," he said. "The Hindu will not destroy any living thing—not even an insect. He has to raise crops the animals do not like because it is a sin to destroy the animal."

"The Indian learns religion at his mother's knee, just as we do, and is taught to venerate animals. There are 177 million bovine cattle in India, which it costs more to support than to support the army."

People Hold Back Country

The speaker went on to state that India could be the richest agricultural country in the world, with its rich soil and twelve-month growing season, but for the attitude of the people. The most pleasant time of the year is from November to March, and at that time the climate is as enjoyable as any place on earth.

There is a three-month rainy season, during which approximately 39 of the 40 inches of rain per year fall. Doctor Higginbottom said he had measured four and one-half inches of water after a 40-minute downpour, and 24 inches after a 24-hour rain. During this rainy season the Ganges river often carries down eight times as much silt as our Mississippi carries in a year.

A great variety of crops are grown in India, most of which show very heavy yields, yet 60 to 70 millions of people, from the cradle to the grave, are undernourished. Many of the poorer people live on melons or rice exclusively.

Starve in Land of Plenty

Doctor Higginbottom told of half-starved children whose spindly bodies supported enormous, protruberant stomachs because of their rice diet, milk not being available for any but the rich. In short, India is a land of poverty in the midst of plenty.

Speaking of the Hindu belief in transmigration after death, Mr. Higginbottom said that he respects the doctrine because it is an effort to answer the question everyone asks, "When I die, shall I live again?"

To the Indian, the speaker said, life is a burden and a weariness to be escaped. He believes that he has 800 million lives to go through. Therefore, Indians bathe in the "sacred" Ganges river believing that each time they will escape 100 thousand lives.

Doctor Higginbottom has lived in India more than twenty years, and believes that existing conditions will not improve until the people become converted to practical living.

WORLD'S NEEDS STIR CROWDS IN FORUM SESSIONS

BEST ALL-ROUND GROUP HERE IN YEARS, SAY THOSE WHO HEARD.

TEN THOUSAND HEAR TALKS

Powerful Addresses Draw Audiences to Hear Leaders Familiar With Events Important in Current History.

Mass meetings that aggregated an attendance of more than 2,000 Sunday night heard time final addresses in the round of World Forum discussions which filled the campus program this weekend.

A check on the attendance at the 39 meetings showed that a number approaching 10,000 persons heard the six speakers during their three-day stay here. This figure does not, of course, allow for duplications. The largest attendance was at the special student assembly Friday morning addressed by Sam Higginbottom. Small class sessions lowered the average attendance.

Harrison Speaks to 1,100

The largest of Sunday's gatherings was the evening service in the Methodist church, at which Rev. Carter Harrison, Lawrence, spoke on the answers of Jesus to today's world questions. Rev. Calvin Holman, pastor, estimated the audience at 1,100.

About 500 college students heard Dr. Allyn K. Foster's address at the Presbyterian church at 6:30. Doctor Foster showed how science is reconciled with religion, and serves rather to supplement than to contradict religion.

At the same hour Mr. Harrison spoke to about 250 high school students at the Christian church. The 7:30 service at the Congregational church had about 200 to hear Doctor Foster's address.

Best Group in Years

"I have heard a great many people say this year's group of speakers was the best all-around group that we have had for a World Forum in years," said "Doc" A. A. Holtz, secretary of Y. M. C. A. "The attendance was equally as good this year, despite the decrease in college enrollment."

A spirit of sincerity and fervor pervaded the sessions.

Doctor Foster's addresses were popular for their friendly informality and the sympathetic insight the doctor showed in his relations with young people.

The fascination in Sam Higginbottom's work among India's lepers and farmers appealed widely. Mrs. Higginbottom's accounts of her work were heard and enjoyed by many, especially by the women of the churches.

Know By Books and Sight

By his scholarly approach to today's needs, Dr. Wilhelm Pauck of Chicago Theological seminary attracted a considerable following among World Forum attendants.

His first hand acquaintance with Russia gave a special appeal to Carter Harrison's talks, in most of which he referred to the Russian situation.

At Slight Cost to College

The only expense entailed by the college in any way was that for hotel bills, meals, transportation in Manhattan, printing and minor miscellanies. The total local expense amounted to only about \$100. "Doc" Holtz said. Offerings were received at the meetings Sunday night to take charge of this. If there are students wishing to make further contributions, they may do so at the office of the Y. M. C. A.

The chief items of expense are borne by the Manhattan churches and their denominational boards, who arrange to bring the speakers to Manhattan. This year the following churches arranged for speakers: Baptist, Methodist, Presbyterian, Episcopal and Congregational. Next year the Christian church, the United Presbyterian church and the college Christian associations will be responsible.

CURRIE COMING THURSDAY

Miss Eula Mae Currie, of the Kansas City Star, who was to have talked last week to students in journalism, will speak at the journalism lecture Thursday of this week. Miss Currie is a graduate of the department in the class of 1928, and received her master's degree in 1929.

Good Work

The student council yesterday adopted a resolution which they will extend to the faculty council which will make it possible for women living in sororities to remain out of the house until 11:30 o'clock on Sunday nights. This rule, if adopted will supply a long needed permission on the part of sorority women, who have suffered the inconvenience of rushing around on Sunday evenings to make sure that they are in by 10:30. If the plan is adopted, it will add an hour to the evening and will make the evening more than just one in which everything was hurried.

It seems no more than fair that women be permitted to remain out until the later hour. The plan may have its weak points, but these arguments are meager in the face of the many features that the plan gives. In the first place, there is little that can be gained by requiring the girls to be in early. The difference in studying will be slight. Very little time will be wasted if there is any studying to do. And there will still be no requirements that the girl stay out until late if she has studying that must be done.

It doesn't seem reasonable that the hour should be set up so early on Sunday night if the women are allowed to remain out until one o'clock on Friday nights. The same student will probably have about the same amount of studying on Sunday as on Friday nights. It appears that the study item should have very little bearing on the closing hours.

But probably the best argument favoring the late closing hour is the fact that a week end at home is usually drawn to a poor ending by the necessary return to Manhattan "before the door is locked". Sunday is a very satisfactory day to rest at home after a strenuous week on the hill and dinner at home that day seems almost necessary. But that is hardly possible with the present requirements. The trip back to school must start early or at least in the late afternoon because of traffic and other delays that may force the student to break the 10:30 rule.

Along with the prevailing opinion that exists among the student body, the action on the part of the student council is to be commended. They were not forced to pass the resolution. There were no petitions circulated among the students and presented to the governing body to persuade such action. It was entirely voluntary because they realized the necessity.

AFTER SCHOOL WHAT?

When Johnny comes marching home from school this summer, will he toss his hat on the sofa, slip his legs under the table cloth, and settle down for a summer of relaxation? Will he continue to confine his labors to the manipulation of a knife and fork, with an occasional dance to keep in condition?

Ah, gaudy butterfly, the times have changed. Whether Joe returns home a graduate or not, dad is sure to take a narrow-minded viewpoint on this business of pocket money. It is not inconceivable that Joe may be expected to earn his own living, and in almost unbelievable cases, to help out the family budget.

Soon, June, mosquitoes, and vacation will be here, and thousands of students will be worrying a million employers for jobs. To some of these students a job will mean whether they are to continue their education or not. Doubtless the competition will be keen. The successful young man will of necessity be full of all of those qualities such as determination, perseverance, and ingenuity which he always suspects he has but seldom finds occasion to use.

The only sure way to get a job is to want one bad enough to go after it. Of course it is not to be expected that the applicant will be successful the first time; it may take ten tries or a hundred, but there isn't a strong chance that it will come without plenty of trying.—University Kansan.

Beer in Kansas

How can anyone stop the flow of beer that is going to gush into Kansas from Missouri as soon as the beverage is legalized? We have heard much about the option of the states and the protection that the federal authorities will give the dry states against the liquor traffic from an adjoining wet neighbor, but it is hard to believe that Kansans will not enjoy their brew as will their Missouri friends.

In the years before national prohibition, when Kansas was dry and Missouri wet, very little was done to stem the flow of liquor that poured into this state. As we see it, the job then might have been rather easy because of the comparatively slow means of transportation. But with motor cars and airplanes ready to whisk the stuff into our fair state, we can appreciate the task that is ahead.

The job of the police will be doubled because it is quite evident that the return of beer will not abolish the family bootlegger and his weekly visits. The law seems to have more than it can handle with the bootleggers already.

The younger generation will not be satisfied with the tame brew that is proposed and will continue to "spike" its beer. So, it seems that the bootlegger has nothing to worry about.—University Kansan.

The Dictator Claims His Own

Not so many years ago it appeared that democracy was the government to which all countries, sickened of their monarchies, would eventually turn. Now the opposite trend is apparent. The day of dictatorship is here.

There is no denying that one great leader is preferable to a hundred mediocre leaders. In times of national stress or of crisis, a single firm and able man is needed to rescue a nation from disaster. The current depression possibly is as great a crisis as the world has seen. True, it is devoid of the sensation which accompanies war and strife, but it is just as much a threat to national stability as an invading force of an armed enemy.

In Germany Handsome Adolf is outdoing Italy's bombastic Mussolini. In Russia, Stalin continues to rule with an iron hand, Austria and the United States are both dominated with but an individual. Persia and Turkey are under the control of single leaders. The prime minister of England has assumed powers that usually are left to Parliament.

In normal times the dictators may find their quickly-made thrones no stable seats, but so long as the future is uncertain and the needs of the world imperative, they will rule as certainly and as powerfully as the Caesars of old.—Collegian.

Nothing Can Hold Back The Dawn

1933, will go down in history as the year of revelations. Most men and most businesses have proved to be just shells. We needed to know, and from here on we will know, where to pin our faith. We won't bank on anybody or on anything that crumpled under the big steaks. On the other hand, we can stake our lives, and will, on those who took the cold steel unflinchingly. In the past we have judged too much by what a man had in the bank and not enough by what he had on the ball. Recent months have brought forth new standards. False standards have been condemned and tossed aside. From now on we need make no more mistakes of appraisal. From the lowest to the highest every man is tagged. Further deception or pretense is impossible.

The following are commended for bravery in action:

- the cop who shot it out with armed bandits and took his share of lead at \$165 a month that he didn't get.
 - the school teacher who uttered her same old cheerful "Good morning, children," without her breakfast.
 - the man who disregarded all advice and kept his property in his own name.
 - the wife who stuck.
 - the banker who protected his depositors.
 - the manufacturer and the merchant who refused to cut the quality and, in spite of "hell and high water," kept their flags flying.
 - and last, but most important, the patriot who has kept his faith in God and America.
- The Chicago Daily News still believes in the eternal verities—that honest effort still wins its reward, that the never-ending cycle of night into day still persists—and that nothing can hold back the dawn.—Chicago News

What Is Success?

The other day, a professor at an American university, in speaking on the inconsistency of our systems of education, made a statement which is well worth consideration. "The success doctrine," he is quoted as saying, "means nothing more than win at your neighbor's expense." He made reference, to prove his point, to "the history of the vicious influences of the stock exchange, the purchase for resale at pyramided prices" of commodities, both useful and useless.

If this is true, if our education serves merely to install in us the idea that to be successful we must beat the other man, then the system is truly inconsistent. Success may be reviewed from an absolute, as well as a relative standard. We may consider that man successful, who achieves a position superior to his fellow-man; or, our conception of the successful man may be of one who has improved his own position, without considering his position relative to that of others.

If success can be achieved only by the exploitation of others, then happiness is nothing more than a vain ideal. How can we be happy when we must at all times be suspicious of the efforts of our neighbors, when we must crush them, or be crushed?

But why not look at success from another point of view? If we measure our success, not by our position relative to others, but according to the advance we have made over ourselves as we were, then there will be room for ambition on the part of every one, and if success is attained, it will be at the expense of none, and to the advantage of all.—McGill Daily.

On Other Hills

Women at Swarthmore college voted to abolish sororities next fall because it was evident that almost all social activities were limited to sorority members.

Lectures on a commission: Professors in Berlin are paid a salary and a commission on each student in their lecture courses. With this proposition, no doubt a "dry" professor would soon move on.

In a cartoon of the Denver Clarions we see that if all the rats used in experiments in that university this year were allowed to multiply, there would be enough rats, if piled in a heap, to make a mountain as high as Pike's Peak.

Seventy per cent of the inmates of Minnesota state prison who are enrolled in correspondence courses at the University of Minnesota receive grades of "A" or "B". It must be the home work that counts.

Classes of the Compton Junior college in California, which were halted by the recent earthquake, were resumed yesterday in tents and small temporary buildings.

An editor at the University of Missouri recently stated in a speech that he preferred a cow to a saxophone. For his reason, he said that in addition to making the same noise, the cow gives milk.

Fines are collected from students at the University of Edinburgh in Scotland who cut classes, for the purpose of buying the president's Christmas present. It is rumored that last year he received an excellent cigar.

Fourteen New York City college students, who were suspended for more than a month for taking part in a mock trial of President Frederick B. Robinson, were admitted to classes last week.

Why the Following Morning? Administrators at Michigan State college have ruled that all students attending formal dances may cut classes after 3 p. m., on the same day of the dance, and all classes the following morning.

It wasn't a professor but a student who was experimenting this time. A student at the University of Manitoba, seeking to determine the effect of fire upon brilliantine, applied a lighted match to the slick hair of a classroom neighbor. It burned.

According to the Stevens State, the height of something or other was reached by the freshman co-ed at the University of Texas who stopped a passing street car, placed one foot on the lower step, tied her shoe lace, thanked the conductor, and walked off.

A mass meeting of students at the University of Nebraska was recently held to voice protests against the state legislature slashing the university appropriation. Students at Nebraska have expressed great disapproval of the appropriation slash and the Daily Nebraskan is making a great effort toward presenting the campus sentiment to the legislators.

Ten cent meals will be served to needy Indiana university students at the college cafeteria starting early in April. The students who sign up for the boarding club will do their own serving, dishwashing and carrying of dishes and food, to and from the main kitchen. Members may bring products from home which will be bought at market price.

The Snooper

The Kannal, Skradski, Zilch, and Finklestine feud has been divided this week. Skradski gained a slight lead by walking off of the hill with L. Graham but lost it to Kannal when Mark sat in the same booth in the Canteen with the Great Graham.

Feature Duke DuMars wagering 15c that the Shepherd's Crook would never be returned. After being tipped off, Duke played the part of the Black Knight; he jumped into his study car and went after the crook, (Shepherd's). On his way back, after finding the crook, DuMars the Villain was stopped by a few sophomores. DuMars pleaded for his life finally bartering his life and soul for the return of the crook by the sophomores. Then the sophomores re-hid the crook in a dark and deep hay-loft. The crook was returned for the dance that night in time to be given to the juniors. DuMars paid his bet; Daniels temper cooled somewhat, and the sophomores (hunky brutes that they were) did not get the glory that they thought would come their way.

Roscoe Pitts, the individual pep organization, is slated to be on the stage Wednesday night. Along with other perspiring "actors" he will attempt to imitate some movie characters, for a cash prize and all of the good fruit that he can collect on the stage.

Miscellaneous—Margaret Elder of Alpha Delta Pi receiving proposals over long distance telephone. Franklin Thackery popping pop-corn garbed in the "cutest little apron."

John Reinecke, waiting about on Southern breezes.

A Kappa pledge getting a rush card from a Baker U. sorority.

The student council submits a resolution to the faculty council and the president so the co-eds may stay out until 11:30 on Sunday nights.

At The Theatres

DICKINSON THEATRE

"Pick Up"

"Pick Up" your hat and come to the Dickinson today to see the innocent bad girl, Sylvia Sidney, and the slick George Raft in "Pick Up." She starts her life in prison as a not-guilty inmate, works up to a beautiful home and back again as a taxi-driver's wife—and happy, too.

She can bring your tears in a minute and dry them just as fast. Accused of being bad, the ex-convict really goes bad for the sake of love, loses her man to a rich snob and then wins him again by saving his life which brought her the pain of having her innocent past splattered all over the front pages after it was all forgotten.

Your mouth will flop from one side of your face to the other when the GRAND HOLLYWOOD PREMIER with 25 local persons impersonating Hollywood stars hits the stage at 6:45 and 8:45 tomorrow night. I saw some of their pictures and it would be plenty hard to tell them from the real stars, especially Joan Crawford and Slim Summerville. You won't find the customary dumb motion picture accompanying this sparkling attraction. After you have viewed all the stars you can lean back in your seats and prepare for the deep rooted John Barrymore in "To Pique." The preview shows that he believes that "honesty is the best policy" but you can never tell what a professor will do when Myrna Loy, the sneaking-crouching temptress, comes around Wednesday and Thursday.

AT THE VARSITY

"Rasputin and the Empress"

The Barrymore family has added more renown to its already famous name, with this powerful picture. This tremendous production will no doubt go down in history as one of Metro-Goldwyn-Mayer's greatest achievements. The famous story of the Romanoff reign in Russia from 1913 to 1917, has been retold in sound and picture.

Lionel Barrymore plays the role of the mad monk of Russia, John that of Prince Chgodisti, and Ethel, the ill-fated empress. The excellence of the production is due largely to the superb acting of this Royal Family of the Theatre. Though the story of the Rasputin's power over Russia is almost grotesque at times, the picture will hold your interest to the end. This is a grand production, one which you will not forget so soon.

TWO MORE TO HOSPITAL

Donald White and Robert Eychner are in the college hospital. L. S. Gore was discharged from the hospital yesterday.

A course in Secretarial Training or shorthand and typewriting, will give you an excellent opening wedge to a fine position. Platt Secretarial School will give you careful and thorough training, 49-2

VISITS SEARCHLIGHT

While attending the state home economics meeting in Topeka, this weekend, Miss Esther Bruner and Mrs. Mary Taylor visited the Searchlight, an experimental home used in connection with the Household magazine and other Gupper publications.

Silver Gray worsted Suits, single or double breasted, \$20 at Don and Jerry, Clothiers. 49-1

SHIRTS AND SHORTS AT A QUARTER A PIECE

New Patterns, all guaranteed.

HAL MCCORD

A brand new, grand new way to make EXTRA MONEY and do your classmate a favor at the same time.

Most of your friends, smoke, don't they? Ten to one, it's one of the nationally known brands shown here.

Here's a plan for selling them the cigarettes that they'll be buying anyway—making money by the transaction—and putting them in a position to make money, too!

The Allied Sales Plan shows you how. It's simple, easy, profitable—and even non-smokers will be interested in it.

Write and find out how you can earn all those little extras that are such a boon to college, men, and women.

FILL IN AND MAIL THIS COUPON TODAY.
ALLIED SALES PLAN, Inc., 311 W. 47th St., New York
Send me, without obligation full details of the Allied Extra Money Sales Plan.

Into the Shop with Betty Coed

NOTHING helps the disposition like a good dinner. Meat, potatoes, vegetable, salad, drink and dessert for only 30 cents at the Tavern. And they're deliciously cooked.

SPRING'S arrival sounds the trumpet call for the appearance of white shoes upon the campus. White pigskin is forecast as this season's favorite in pumps, straps, and oxfords. Brownbilt's white shoes are priced so you may feel "up to the minute" down to your toes. Prices range from \$4 to \$6 with sizes up to 9—Brownbilt shoe store, 402 Poyntz avenue.

DIHEL-Hedge Furniture company has a wide assortment of new porch furniture—gliders with brightly colored cushions, waterproof—or, if you prefer, rustic furniture of old hickory. 304 Poyntz.

STRAGGLY hairs beneath a new spring hat aren't very attractive. End curls have risen to the occasion as the popular spring hair-dress—\$3 to \$7.50. Nu Style beauty shop. Phone 4314.

SHOPPING for cents? They bring lost allure to last spring's best—and Lenthier's "Miracle" at the Palace only 87 cents per dram.—3549 and they deliver.

WHY not have your evening slippers tinted to match your formal for that important spring party? The Ideal Shoe Repair Shop in Aggieville specializes in tinting.

in the latest spring shades. Call 3460.

If you have a mental picture of just the dress or coat you want, you should consult Mrs. May McNiff, who can incorporate your "different" ideas into a costume of true Easter spirit. For any sewing call her at 2-8428.

HERE'S something for the men! Gibbs Clothing company have a line of new spring suits in gray and tan, the popular new shades; the price is so low it is almost unbelievable—\$11.50 to \$18.50. They also have shoes, hats, and sweaters at popular prices. 200 Poyntz.

WHY not ice cream for your picnic? City Dairy's Sunday special, 15c a quart; other days, 20c. They also handle a general line of dairy products.

YOU can keep your light shoes looking new by cleaning them with a good cleaner. Rosencrans' Shoe Service carries a full line of white and light-colored polishes, cleaners and laces. They call for and deliver, too.

SPRING is here—the time to take those snapshots. Have your films developed at the Studio Royal in Aggieville.

A true expression of personality—distinctive and tailored writing paper—Cascade, suede finish—with letter postal scale—at the Aggie Rexall.

It takes resourcefulness...

Time and again, Bell System engineers have demonstrated their pioneering bent in working out unusual telephone construction problems.

For example, they laid a huge conduit under the Harlem River. They dredged a trench in the river bottom, lowered enormous sections of iron pipe, sent down divers to join the sections, encased the finished tube in concrete. Through this they ran telephone cables forming one of New York's main lines of communication. Across the Gila River in Arizona they constructed a catenary span 2373 feet long. To bridge oceans, they developed radio telephony. They have built telephone lines over mountains, across deserts, through swamps.

Their resourcefulness in getting through, over or under natural barriers makes possible telephone service that is practically world wide in reach.

KANSAS RELAY ENTRIES INDICATE BIG FIELD

Many Strong Teams Entered in Relay Carnival Scheduled for April 22

Lawrence, Kan., March 27—Indications that the field of athletes in the Eleventh Annual Kansas Relays will be little if any reduced over past years despite unsettled conditions in athletic departments of colleges and universities were strong as preliminary cards of intention to enter teams continued to come to Dr. F. C. Allen, director of athletics at the University of Kansas and manager of the Kansas Relays which will be held here April 22.

With the date of the Kansas carnival still a month away response to the announcement of the Kansas relays program of eleven relay races and nine special individual events has been instant and the preliminary reports of intention to enter teams continue to come in to the University of Kansas athletic office daily.

Among the first university class institutions saying they intend to have athletes in the Kansas Relays are Kansas State college, Texas, Drake university, Kansas, Loyola university of Chicago, Oklahoma A. & M., Oklahoma, Grinnell college, Illinois.

Those of the college class institutions already reporting they hoped to have teams here April 22 included Pittsburg (Kansas) Teachers, Wichita university, Washburn college, Emporia (Kansas) Teachers, McKendree college of Lebanon, Ill., Baker university, McPherson college, Yankton college of Yankton, S. D., Kearney (Nebraska) Teachers College of Emporia, Iowa Wesleyan, Simpson college of Indianola, Ia.; Maryville (Missouri) Teachers, Carleton college of Northfield, Minn.; and Oklahoma Baptist university of Shawnee, Okla.

Men's Intramurals

The first games of intramural baseball will be played tomorrow afternoon when playground ball goes into action.

Thirteen teams have entered the soft ball division. These teams have been divided into two groups, each playing a round robin schedule with the rest of the teams in its group. The two bracket winners will then play for the playground ball championship.

Group A in soft ball is made up of Alpha Tau Omega, Phi Kappa, Pi Kappa Alpha, Acacia, Farm House, Tau Kappa Epsilon, and Phi Lambda Theta. Group B is composed of Delta Sigma Phi, Phi Kappa Tau, Lambda Chi Alpha, Sigma Nu, Phi Delta Theta, and Lone Stars.

The 13 teams in hard baseball have also been divided into two groups. The championship of this division will be decided the same way as in soft ball.

Group A consists of Kappa Sigma, Sigma Phi Epsilon, Phi Sigma Kappa, Alpha Gamma Rho, Beta Theta Pi, Aggie Knights, and W. F. A. C. Group B includes Delta Tau Delta, Sigma Alpha Epsilon, Alpha Kappa Lambda, Alpha Rho Chi, Theta Xi, and the Vet A. C.

Tomorrow's soft ball games are: Alpha Tau Omega vs. Phi Kappa, 4:15, NW; Acacia vs. Pi Kappa Alpha, 4:15, SE; Tau Kappa Epsilon vs. Farm House, 5:15, NW; Delta Sigma Phi vs. Lone Stars, 5:15, SE. Thursday's games are: Phi Kappa Tau vs. Phi Lambda Theta, 5:15, NW; Lambda Chi Alpha vs. Sigma Nu, 5:15, SE.

Delta Tau Delta won the finals in volleyball last night after defeating Alpha Tau Omega, 40-11. In the semi-finals, the Deltas defeated Sigma Alpha Epsilon 40-8. Sigma Alpha Epsilon won second place after defeating the A. T. O.'s 40-38.

E. L. Broghamer, Wilkes Barre, Pa., defeated E. L. Simms, Republic, in the finals in handball singles yesterday to win the championship. Broghamer won the title last year.

Handball doubles have advanced to the quarter finals.

The first round of tennis singles was started yesterday.

Women's Sports

With only two more sports, tennis and baseball, to be played, intramural competition is drawing to a close. Fifteen teams have received points for participation in sports, and several of them are running a close race for the intramural cup. Alpha Delta Pi is ahead with 240 points, and X team is second with 235. Alpha Xi Delta and Van Zile hall each has 225.

The sports that are finished are archery, horseback riding,

volleyball, dancing, posture, basketball, and swimming.

CHEMISTS TO WASHINGTON

King, Hughes, Whitnah, and Latshaw Attend Chemical Meet. Doctors H. H. King, J. H. Hughes, C. H. Whitnah, and Prof. W. L. Latshaw of the chemistry department are in Washington, D. C., attending a meeting of the American Chemical society this week. They left Manhattan last Saturday morning and plan to return April 3.

SCRIMMAGE IN GRID DRILL

Game Between Picked Teams Featured in Saturday's Practice.

Coach "Bo" McMillin and his squad of spring football players made up for loss of time due to bad weather with two hours of practice in the city park Saturday. An hour and a half of this practice was given to scrimmage.

Because of the bad weather last week two lectures, or chalk talks, were given by Coach McMillin. Plays were explained and diagrammed and the assignments of the backs and linemen were made clear. Outdoor practice was held under the west side of the stadium.

Saturday the squad was divided into two groups with the lettermen, squadmen, and freshmen equally divided and a regular game was played between the two teams. One team wore the purple jerseys and the other wore green. After about thirty minutes of play Captain Ralph Graham went through his own left guard and ran thirty-five yards for a touchdown and the only score of the game. The green team threatened to tie the score in the last five minutes by completing a thirty-yard pass but they failed to gain by running plays and the game was over.

Coach McMillin seemed well pleased with the showing made by the two teams and although the wet ground made fast play impossible, some good football was shown. Another scrimmage will be held Wednesday between the same teams.

MAT TOURNAY MAY BE HERE

Kansas State Has a Chance for Missouri Valley A. A. U. Wrestling Meet April 17-18

There is a chance that the Missouri Valley A. A. U. wrestling tournament will be held at Kansas State this year. The date for the matches has been set for April 17 and 18. Missouri also has a chance for the meet.

Kansas State will enter a full team in the tourney. Kansas Wesleyan, Missouri, Nebraska, Kansas university, Oklahoma, and Iowa State probably will have representatives in the contest.

PURPLE PEPSTERS ELECT

Women's Pep Organization Invites 21 to Membership

Twenty-one women have received invitations to become members of the Purple Pepsters, women's pep organization. Those who have been asked to join are Ellen Payne, Manhattan; Winifred Wolf, Ottawa; Wilma Ray Womer, Topeka; Lucile Johnitz, Abilene; Elsie Gottschalk, Wichita; Katherine Black, Council Grove; Pauline Compton, Manhattan; Grace Umberger, Manhattan; Cora Oliphant, Offerle; Rose Skradski, Kansas City, Mo.; Sarah Ann Grimes, Manhattan.

Margaret Easterday, Greeley, Colo.; Ruth Dobson, Manhattan; Elouise White, Dalhart, Tex.; Cleo Wilson, Manhattan; Elizabeth Lamprecht, Manhattan; Clara Bess Garrison, Lincolnville; Jean Sullivan, Manhattan; Myra Roth, Ness City; and Lucile Allman, Manhattan.

The date of initiation is to be announced later.

NEW WRINKLES AND OLD FOR HOME EC DISPLAYS

Modern Cooking Utensils Share Exhibit With Brass Pieces From Many Lands.

Two unusual exhibits are being displayed by the division of home economics in Calvin hall, this week. One is of ingenious devices for cooking, loaned by the Waters hardware store. Among these are a new kind of can and bottle opener, fancy cookie cutter, noodle cutter, and vegetable cutter which simplify cooking.

The other exhibit is comprised of Martha Kramer loaned a unique candlestick from Russia. There is a brass tea pot and tea cannister from England, loaned by Mrs. W. H. Ridell. Another English piece is a christening spoon from Windsor with a handle of the figure of St. George, loaned by Dr. Martha Kramer.

SOPHS HAND BACK CROOK JUST AS PROM CLOSES

School's Traditional Staff Lives Through Another of Its Historic Episodes

Only fifteen minutes before the orchestra played the last piece at the Junior-Senior Prom Saturday night, the Shepherd's Crook, traditionally presented by the president of the senior class to the juniors at this annual social function, was returned to the seniors by sophomore who had effected its capture last Tuesday.

On its return, Ned Kimball, in behalf of the sophomore class, presented the thirty-five year old crook to Lawrence Daniels, senior class president, who was thus enabled to present it to the juniors as originally planned.

The crook was stolen from the sleeping porch of the Sig Ep house and concealed on the Art Williams farm, about four miles northeast of Manhattan. The rod rested in peace until early Saturday afternoon when Maurice DuMars, a senior in journalism and reporter for the Mercury-Chronicle, was tipped off as to its whereabouts. DuMars immediately left with J. D. Woodruff, Dodge City, for the farm where it was hidden.

Meanwhile, word of DuMars' trip reached George Garrison, Goodland. He obtained the aid of other sophomores—Al Thornbrough, Lakin; Max Burk, Manhattan, and James Ketchersid, Hope—and escorted DuMars as he was returning to town with the crook which, according to Saturday's evening paper, he obtained by "subterfuge."

The sophomores turned their car crosswise in the road and forced DuMars to the ditch where his car mired down.

The underclassmen, unable to find the key to the back of DuMars' coupe, forced the lock and got the much-wanted crook. The senior, anxious to beat the "deadline" of his paper, started hitch-hiking but was picked up and taken to town by Woodruff after the quartet of sophomores removed his car from the ditch.

The quartet again concealed the staff on the Williams farm, but, learning of seniors enlisting the aid of police, removed themselves from the vicinity of Manhattan.

Saturday night they got the crook and "crashed" the Prom.

Thus was more history woven about the ribbons of the Shepherd's Crook—as another banner joins its fellows.

VISITS KANSAS TOWNS

Prof. L. F. Hall Does Teacher Training Work Over the State Prof. Lawrence F. Hall of the department of education is making a series of visits to the towns in Kansas this week for the purpose of doing some teacher training work.

He was scheduled to be in Glasco and Delphos March 20; Concordia, Linn, and Washington March 21; Haddam and Morrowville, March 22; Miltonvale, Clay Center and Wakefield March 23. He plans to be in Carbondale March 24 where he will attend a father and son banquet as well as conduct his routine business.

MILLERS' FROM THREE STATES CONVEY HERE

Chemists and Milling Engineers Have Part in Discussions on Campus Saturday.

Methods for testing flour were one of the principal subjects for discussion at the tri-section conference of the American Association of Cereal Chemists, held at the college Saturday. About 50 members of the organization from Kansas, Nebraska, and Missouri were in attendance.

"Characteristics of Flours as Revealed by the Recording Dough Mixer" was the subject discussed during the morning session by Dr. C. O. Swanson, head of the department of milling industry at the college. The dough mixer was developed by Doctor Swanson and Dr. Earl B. Working and constructed for them by Prof. W. W. Carlson of the shop practice department.

J. E. Anderson, an assistant in the milling department, spoke on the "Use of the Tag-Heppental Moisture Tester." He explained that by making use of the proper electric conductivity, it was possible to obtain a quick test of the amount of moisture in wheat. The Tag-Heppental tester, he stated, is being used with highly satisfactory results.

Talks by Doctor Working, and Dr. B. L. Smits of the chemistry

department of the college, were also features of the morning session. During the afternoon meeting, Dr. E. E. Tague of the chemistry department of the college, talked on "X-ray Patterns of Flour Proteins." Doctor Tague is using the x-ray in studying the patterns of crystals of the proteins of flour. The work is purely scientific, and he has accomplished some outstanding results.

The afternoon program included talks by Dr. H. N. Barham of the chemistry department, and by Doctor Working. Following the talks a short business session was held.

DEAN JUSTIN TO WICHITA

Will Speak in Social Workers Meetings This Weekend

Dr. Margaret Justin, as secretary of the Kansas State Council for health, education and welfare, will preside over that division at the Conference of Social Workers at Wichita Thursday, Friday and Saturday. She will speak at a tea given by the American Association of University Women for the senior women of the University of Wichita on "Woman and the Changing Order."

Dean Justin, as a member of the committee on recognition of colleges and universities of the American Association of University Women, will inspect the Kansas State Teachers college at Emporia Tuesday and Wednesday of this week.

LECTURES ON INDIA

A slide lecture on life in India was given by Stephen Das of Bangalore, India, as a feature of the

tional church in Wakefield last Sunday night. Other members of the team were Alice Bozarth, Lenora; Lily Lee, Hangkong, China; Bessie Jacobus, Manhattan; Lucy Elkins, Wakefield; and Ralph Van Camp, Council Grove.

NEW 'Y' OFFICERS TO ATTEND SPRING CAMP

Men's Christian Association Will Elect Soon Its Next Year's Cabinet.

Y. M. C. A. officers who are to be elected soon and Y. M. C. A. cabinet members will be eligible to attend the fifth annual spring officers' training camp in cooperation with the University of Nebraska and Kansas university, according to a vote taken at the cabinet meeting held last Tuesday afternoon, in "Doc" Holtz's office. The date and place of the camp has as yet not been decided upon.

The nominating committee headed by Dr. Howard T. Hill, head of the public speaking department, is to announce those nominated, and pick the date for the election of officers.

PLEDGE SCOUT FRATERNITY

Alpha Phi Omega Holds Service for Garvey, Webster, and Roper

Alpha Phi Omega, national honorary and professional Scouting fraternity, held formal pledging services for Dale Garvey, Waverly; Wayne Webster, Manhattan; and Charles Eugene Roper, Atchison, Thursday.

C. O. Daily, Scout commissioner, told about the Sea Scout program.

Max McCluggage, Manhattan, grand master of the local chapter, named a radio committee, which will be in charge of a series of talks over KSAC in regard to the camping program of the Manhattan Boy Scout council.

PAUCK AT SCIENCE CLUB

Dr. Wilhelm Pauck, formerly of the Kaiser Wilhelm Institute, Berlin, will address the Science club in recreation center, tonight at 7:15 o'clock. His topic will be "The Crisis of the Western Civilization."

Dr. Pauck is now a professor in the Theological seminary, Chicago. An analysis of conference basketball records by George Edwards, Missouri mentor, has shown that the new rules have not changed the game as much as it was thought they would.

RECITAL GIVEN TUESDAY

Music Students Give Program in Auditorium

Students of the department of music were presented in recital Tuesday at 5 o'clock in the auditorium. A number by the second women's glee club, directed by Miss Ruth Hartman, and solos for oboe and for trombone, were features of the program. Voice, violin, piano, and duo piano numbers were also given.

Students who took part were Robert Glotzbach, Mildred Miller, William Farmer, Frances Fockele, Margaret Higdon, William Fitch, and Alice Bozarth, Miss Clarice Painter played with Miss Bozarth in the duo piano numbers. Accompanists were Alice Bozarth, Harriet Mayer, Grace Umberger, and Prof. Richard Jesson.

GROWING A FLOWER GIRL ILLUSION: The magician exhibits a flower pot with hinged sides on a table in the center of the stage. He opens out the sides to show that this container is empty. Closing it up, he places a screen between it and the audience. After a short period of magic incantations he removes the screen. The astounded audience sees a beautiful girl, covered to the shoulders in lovely flowers, rising from the "empty" container. Where did she come from? EXPLANATION: The girl was hiding behind the drape of the table. There is a trap door in the bottom of the flower pot, with a hole large enough to allow her to crawl through. The flowers, called "magicians' feather flowers," are a regular part of a magician's outfit. The flower girl wears a rubber tunic and a bathing cap to keep the flowers compressed into small space. She slides the tunic down and the flowers expand when she emerges. CAMELS It's FUN TO BE FOOLED ...IT'S MORE FUN TO KNOW A trick frequently worked in cigarette advertising is the illusion that mildness in a cigarette comes from mysterious processes of manufacture. EXPLANATION: All popular cigarettes today are made in modern sanitary factories with up-to-date machinery. All are heat treated—some more intensively than others, because raw, inferior tobaccos require more intensive treatment than choice, ripe tobaccos. The real difference comes in the tobaccos that are used. The better the tobacco, the milder it is. It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. That is why Camels are so mild. That is why Camels have given more pleasure to more people than any other cigarette ever made. It's the secret of Camels' rich "bouquet"...their cool flavor...their non-irritating mildness. Give your taste a chance to appreciate the greater pleasure and satisfaction of the more expensive tobaccos. NO TRICKS JUST COSTLIER TOBACCOS IN A MATCHLESS BLEND

TEN PICK THEIR CANDIDATES FOR BEAUTY QUEENS

VAN ZILE HALL AND NINE SORORITIES LIST THIRTY

FIVE TYPES ARE NAMED

Nominees Have Chance to Place as Vivacious, Demure, Aristocratic, Exotic or Athletic Princesses

Is she vivacious? Is she demure? Or perhaps aristocratic? And if she isn't any of these three, then she is exotic and charming or as a last resort she is the sports type. These are the qualifications of the beauty candidates in the 1933 beauty contest.

Instead of having five winners in one type of beauty, the Royal Purple staff has chosen five types of beauty, and each will have one winner who is first in her class. The judging will be done locally and by a nationally-known beauty judge.

The following organizations have submitted these entries for the contest:

Alpha Delta Pi: Bertha White, Jewell; Lois Darby, Washington; Adamae Tracy, Manhattan; Lois Rosencrans, Manhattan; Myra Roth, Ness City.

Alpha Xi Delta: Alice Kimball, Manhattan.

Beta Phi Alpha: Helen Smerchek, Garnett.

Chi Omega: Lois Narramore, Elmdale; Jane Speed, Parsons; Nancy Jane Campbell, Lakin; Margaret Mary Reddy, Baxter Springs; Tonoloda Keeney, Lucas; Geraldine Grass, LaCrosse.

Clover: Marie Antrim, Spivey.

Delta Delta Delta: Mary Whitelaw, Kingman; Jeanette Mosier, Blue Rapids; Doris Dalton, St. George; Meredith Manion, Goodland; Erma Jean Miller, Manhattan.

Kappa Kappa Gamma: Jane Whyte, Wallula; Jane Harmon, Manhattan; Jane Stone, Manhattan; Floye Poague, Havensville.

Pi Beta Phi: Mary Brookshier, Osborne; Malena Jane Berghund, Lindborg; Tella Hinchshaw, Bennington; Betty Miller, Salina; Vance McClymonds, Walton.

Zeta Tau Alpha: Virginia Speer, Manhattan.

Van Zile hall: Pauline Vail, Plains.

These organizations which have not chosen their candidates yet will announce them in the next issue of the Collegian.

One week remains in which a Royal Purple for 1933 can be purchased. Steve Vesceky, business manager, last night announced a reduced down payment for the yearbook during the coming week. As small an amount as \$1.75 down will order a book.

This year the staff is not ordering extra copies of the yearbook from the printing company. This is to eliminate a waste of unsold books ordered. The staff has been sending copy to the engraving company for the last month, and the editor believes that they will be ready to send the work to the printers within a week. In order to have a Royal Purple for 1933 at the time of publication, it is necessary to make at least a down payment immediately.

HOLD LAST MEETINGS

Y. W. Interest Groups End Series of Group Meetings.

The Y. W. Interest groups met Thursday evening for the last time this year. The modern book group heard a review of Galsworthy's "The Flowering Wilderness" by Miss Emma Hyde, associate professor of mathematics.

The Barthian group discussed parts of Dr. Wilhelm Pauck's book, "Karl Barth," and the International group, under the leadership of Barbara Lautz, held a review of current topics.

NABOURS TO IOWA CITY

Will Lecture in Biological Seminar at Iowa University.

Dr. R. K. Nabours, of the zoology department, is spending the weekend at the University of Iowa, Iowa City, where he will lecture before the biological seminar on "Inheritance in Grouse Locusts."

Light Gray Worsteds Suits, \$20 at Don and Jerry, Clothiers. 50-1

Pan-Hellenic Trophy

Statue by Bruce Moore provided by Womens Pan-Hellenic as scholarship trophy.

STATUETTE TYPIFIES THE COLLEGE WOMAN

Scholarship, Athletics, Service to Others Expressed in Pan-Hel-Trophy

A bronze statuette to typify the college woman designed by Bruce Moore, Wichita, artist, was selected as the permanent scholarship trophy to be competed for annually by members of the Women's Pan-Hellenic association here. This trophy expresses not only desire for high scholarship, but a wholesome interest in athletics, and a desire to be of service to others. The Pi Beta Phi sorority, this year's winner, is the first to appear on the trophy.

The statuette, which was cast abroad, is 20 inches high and set on a walnut base made by the college shops. The plaque is on the base and will be engraved each year with the name of the sorority, as a group having the highest scholastic standing of the year.

This type of trophy was chosen to vary from the customary cups and plaques usually offered and given to the winner to keep in the house for a year. Beginning this year the statuette will be kept in the library if a suitable place can be found. It is now on display in recreation center, where it is causing considerable comment.

KNEW HIM IN OTHER YEARS

Names Figuring in College History Head List of Guests to Honor Willard

Names such as Nichols, Waters, Fairchild, are familiar to all who have attended Kansas State college. To the casual student of a semester or two they are only names of buildings on the hill but to those who have been here longer they bring to mind persons who have been instrumental in the development of the school to its present stature.

One who has seen most of them come, do their part and leave and who is now an active figure in the life of the college is Dr. J. T. Willard.

The fiftieth year of the vice-president's graduation from the college and connection with Kansas State's faculty will be commemorated at the annual faculty dinner on Wednesday, April 5.

Those people who have known Doctor Willard in other years will be among those to honor him at the dinner: former President and Mrs. E. R. Nichols; Mrs. H. J. Waters of Kansas City; Mrs. Agnes Kirohner of Kansas City, a daughter of former President Fairchild; Prof. George H. Failer, Manhattan, a retired member of the faculty, and Dr. and Mrs. F. B. Dains of Lawrence.

Dr. Charles J. Willard of Ohio State university and Mrs. Willard will be here from Columbus, Ohio, to be present at this dinner for his father.

Reservations for the dinner may be made before Monday night by faculty members, their wives, and A. A. U. W. members. Tickets for the dinner are one dollar. Mrs. E. L. Holton is general chairman of the dinner while committee chairmen are Miss Anna Sturmer, Mrs. Roy Langford and Miss La Velle Wood.

'36 GRAD VISITS CAMPUS

Mrs. Elva Palmer Thackrey, Bushon, visited Kansas State Wednesday, March 29. Mrs. Thackrey was graduated with the class of '36 in the division of general science.

COUNCILS MEET WITH REGENTS ON ACTIVITY PLANS

COMMITTEES FROM KANSAS STATE AND K. U. MEET WITH REGENTS COMMITTEE

COMPULSORY QUESTION UP

K. U. Plans to Adopt Activity Fee Plan; Kansas State Wants Compulsory Problem Settled

Kansas State and Kansas university student council committees will meet with the Board of Regents committee in Topeka today to discuss a compulsory activity fee.

Plans are being made at Kansas university to adopt some type of activity fee. The school has no general activity fee at the present time and the compulsory plan is being considered.

And too, the Kansas State council would like to have the regents give their views on the compulsory side of the proposition. Considerable agitation has arisen on the local campus during the past year because of the large number of exemptions from the present activity payment.

Bob Alexander, Independence; Hal McCord, Manhattan; and Maurice DuMars, Agra, will represent Kansas State at the meeting. Drew McLaughlin, Paola; Oscar Stauffer, Arkansas City; and Wesley Wallace, Larned, will be the committee of the Board of Regents.

"Something must be done about the activity fee," Du Mars said. "More than 13 per cent of the students were exempt this semester. This is the largest number of exemptions Kansas State has ever had."

HIGH HOPES FOR STRATTON

Matthews Looks for College Pianist's Name to Be Among Those of First Magnitude.

In a review of the program of piano pieces played by Prof. Charles Stratton of the department of music last week, Prof. C. W. Matthews expresses the belief that Mr. Stratton "has the potentiality of becoming a concert pianist of the first magnitude." The review appears in the Kansas Industrialist of this week.

College students among whom Mr. Stratton is a favorite will be interested in these paragraphs of Mr. Matthews' review. Mr. Matthews is professor of English.

"No doubt, a number who have heard Mr. Stratton play have asked themselves whether he has the potentiality of becoming a concert pianist of the first magnitude. My own opinion is yes. With the exception of Horowitz, Gieseking, and Liszt, I think I have heard every pianist of note that has appeared on the American concert platform during the last quarter of a century; and in my humble opinion, there is no good reason why Mr. Stratton's name should not eventually be among them. He has a superb memory; a faultless technique; remarkably good taste; he can play anything that he can read and he reads everything. If he is lacking in one element, it is that unrestrained abandon which makes an artist oblivious of self, oblivious of audience, oblivious of instrument—that divine insanity which creates a new heaven and a new earth in an infinity of unembodied sound."

"Glancing over the foregoing comments, my sober second-thought tells me that it would be the better part of wisdom to reserve at least one superlative for the sunset—but I would not change it; for Mr. Stratton played last Wednesday evening as he has never played before."

HOME ECS TO CONVENTION

Miss Vida Harris of the art department attended the Home Economics association convention at Topeka last Friday. The following students accompanied her: Edna Fritz, Manhattan; Mary Hurley, Paola; and Grace Van Scoyoc, Mt. Ida.

George P. Potter, Peabody, visited Kansas State last week. He was graduated with the class of 1907.

Sleeveless Slip-over Sweaters, \$1 and \$1.50. Don and Jerry, Clothiers.

Two-thirds of Japan's railroads are state owned.

Red Propaganda Is Posted Along Hall Of Staid Anderson

Red propaganda is invading the halls of Kansas State!

Direct from Russia comes the "propaganda" in the form of effective posters whose brilliant flashes of red attract the eye of the passer-by as he passes the bulletin board of the art department on the second floor of Anderson hall. The posters were employed in Russia for furthering interest in the Five-Year plan.

The posters, vivid and striking in appearance, are radical in design, using grotesque figures as symbols, and radical in meaning, encouraging workers to disjoin from capitalism and to show interest in the various phases of Russia's new government.

So effective are the illustrations, a good idea of the messages they carry can be gained without translating the Russian phrases accompanying them. A number of the posters in the exhibit have small, typed translations.

COUNCIL CANDIDATES PETITIONS DUE SOON

Recommendation Signed by 25 S. G. A. Members Must Be to Esther Row by April 13

All petitions for candidates for the student council positions must be in the hands of Esther Row, secretary of the student council, by noon on Thursday April 13, according to Maurice DuMars, president of the student council.

The petitions must be signed by 25 members of the Student Government association. This means that no one who hasn't paid the \$5 activity fee this semester can sign, and no one can sign more than one petition.

The date for the election has not been set but it is believed that it will be during the week following the Easter vacation.

NO MORE STUDENT FORUMS

Blanche Christensen and Virgil Chapman Complete Task.

Last week's student forum, at which Dr. Allyn Foster spoke, was the last and largest of the group of student forums for this year. These luncheon meetings, which have brought a number of outstanding speakers to Kansas State, are presented through the joint efforts of the Y. W. C. A. and the Y. M. C. A.

The student chairmen this year were Blanche Christensen, Bushong, and Virgil Chapman, Manhattan. They were presented to the gathering at last Friday's forum.

MUSIC FACULTY WILL HONOR BRAHMS FETE

Miss Gene Maurits and College Trio Will Be Presented in Recital Sunday

Music in recognition of the Brahms centennial will be featured on the faculty recital Sunday afternoon given by Miss Gene Maurits, soprano, and the college trio. Members of the trio are Richard R. Jesson, piano, Max R. Martin, violin, and Lyle Downey cello. Miss Clarice Painter will accompany Miss Maurits. The program will be given in the auditorium, and will start at 4:15 o'clock.

Following is the program: "Vaghissima sembianza" (Donaudy); "Ah, mai non cessate" (Donaudy); "Allerseelen" (Strauss); "Oh hebliche Wanger" (Brahms)—Miss Maurits.

"Trio in G major"—Andante, Poco adagio, Presto, Rondo all'On-gare (Haydn)—Trio.

"Recitative and Aria", Nobles seigneurs, from Les Huguenots, (Meyerbeer)—Miss Maurits.

"Trio in E flat", Op. 40—Andante, Adagio maesta, Allegro con brio (Brahms)—Trio.

"Edelweiss" (Furndrain); "Chanson Norvegienne" (Furndrain); "Nocturne" (W. B. Oids); "Nature's Holiday" (Hageman)—Miss Maurits.

NO CUTTING AT Y DIME DANCE

Men Must Ask Permission and Cutting Will Be Eliminated.

Cutting at the Y-Dime dance will be eliminated, according to Fred Hill, Huntington, W. Va., chairman of the dance committee. The plan of having a limit of three numbers to each dance will be attempted tonight at recreation center and students will be instructed to ask for the dance ahead of time. There will be several minutes recess to give men an opportunity to do this before the next dance continues.

Dean Seaton has sent out questionnaires to the various departments on the campus to see if it will be possible to do away with some of the phones in each department, thus cutting down the expenditures. Dean Seaton expects to have his report ready for President Farrell by April 15.

Gray Tweed Trousers, \$2.45 at Don and Jerry Clothiers. 50-1

BETTER START FOR FRESHMAN IS ASSEMBLY THEME

DR. C. V. WILLIAMS TALKS OF FRESHMAN PROBLEMS IN ASSEMBLY YESTERDAY

NEED INSPECTION COURSES

Williams Claims That the Freshmen Should Start Out With More Knowledge About

"The freshman should be guided and inspired when he begins his college work," said Dr. C. V. Williams of the education department in his talk, "A New Deal for the Freshmen" at student assembly yesterday.

"When the freshman comes to college, he faces a new world, an atmosphere of which he knows very little. Often he develops an inferiority complex," Doctor Williams stated.

He stressed the value of the orientation courses for freshmen, which some colleges have as part of their curriculum. Their purpose is to break in the freshmen as real students, and to inspire them to worthwhile effort in the least possible time.

"There are four things a freshman needs," said Doctor Williams. "They are: To have the proper appreciation of college tradition and of scholastic effort, to know the position and layout of his campus, to know how to study, and to have an inventory of himself, made possible by freshmen psychology tests."

The College Should Help, Too. "Also," stated Doctor Williams, "there are four things a college could do for the freshman: hold out a welcoming hand, help solve his problems, help him organize himself for scholastic effort, and motivate him in undertaking his work."

Motivation is important in getting the best results in scholarship. The student should be aided in developing himself, and the faculty should have a helpful attitude toward him.

TRY OUT FOR LAST PLAY

"The Ninth Guest" on April 28 Will End Season for Manhattan Theater Company

Try-outs for the final Manhattan Theater company's play of the season will be held in G56 at 1 o'clock, Saturday afternoon. The play selected is "The Ninth Guest," a mystery melodrama written by Owen Davis.

Owen Davis is one of America's most popular play writers, having written more than 33 plays for the American stage. Two of his recent plays have been Pulitzer prize winners. One of these, "Ice Bound", was popular several seasons ago.

"The Ninth Guest" is a mystery play of a different sort and is one that will be an innovation in the local theater productions. The production recently finished an extended run in New York where the play was presented more than 100 times.

This play, which has been termed "fascinating" by H. Miles Heberer who will direct its presentation, has nine parts. Six of these are for men and the other three for women. Any college student or professor wishing to try for a part may do so by appearing at the try-outs tomorrow. The play will be presented one night only, April 28.

FEWER CAMPUS PHONES NEXT IN ECONOMY PLAN

President Orders Survey Which May Eliminate Many College Telephones.

Due to the necessity of a cut in expenditures for the coming year, President F. D. Farrell has asked Dean R. A. Seaton to make a survey in the number of telephones on the campus to see if it will be possible to do away with any of them.

Dean Seaton has sent out questionnaires to the various departments on the campus to see if it will be possible to do away with some of the phones in each department, thus cutting down the expenditures. Dean Seaton expects to have his report ready for President Farrell by April 15.

THE STAR'S ONLY WOMAN REPORTER TALKS HERE

Eula Mae Currie, 28, Says Life of News Writer Is Not One Long Adventure

The "woman's angle" of news reporting was presented to journalism students Thursday afternoon by Miss Eula Mae Currie, of the Kansas City Star staff.

Miss Currie graduated in journalism at Kansas State in 1928, and received her master of science degree in English here in 1929. She was assistant to the women's editor of The Star until last year, when she was transferred to the city news desk.

Women readers of newspapers are new converts, Miss Currie said, and editors are anxious to have news that appeals to women from their viewpoint. Miss Currie is the only woman reporter in the city room of The Star, and her job is to cover news from this angle.

The life of a reporter is not one continuous adventure, Miss Currie said. There are long periods of monotonous reporting of humdrum affairs, interspersed with enough "big breaks" to make the work thrilling. During these lulls, a reporter must completely relax, if he expects to be able to stand the strain of rush work. When a big story "breaks" in a newspaper office, every member of the staff works at top speed to get the news and get the paper on the press. These tense moments take a heavy toll on nervous energy, and reporters must learn to adjust themselves to irregular working periods, the speaker said.

Interviewing celebrities is one of the most tedious jobs a reporter has, Miss Currie said, though she has found that truly great people make interviewing easy for the reporter. Among those whom Miss Currie has interviewed are Miss Frances Perkins, new secretary of labor; Mrs. Almee Semple McPherson Hutton, evangelist; Miss Mary Pershing, sister of General John Pershing, and Rosa Ponselle, Metropolitan opera star.

After the talk, in discussing reporting Miss Currie gave some advice to women students in journalism who might consider going into newspaper work. Miss Currie said that the newspaper office is not a marriage mart, and that the woman reporter finds herself competing on the same basis as men for a place on the staff.

OPEN HOUSE COURTESY WINS HIS GRATITUDE

Visitor During Engineers' Festival Writes to Thank Willard for His Interest.

Courtesy shown during Engineering open house two weeks ago is given recognition in a letter received by Vice President J. T. Willard. The writer is T. R. Mercer, principal of the Dwight rural high school.

Mr. Mercer brought his senior class to Kansas State to visit the various departments here. When they found the engineers open house was in full swing they remained for the liquid air lecture.

Mercer says that he found the trip was both instructive and entertaining to his students, and thanked Doctor Willard for his interest in the class.

APPLICATIONS DUE

Collegian Business Manager and Editor to Be Chosen Saturday

Applications for the positions of editor and business manager of the Collegian for the remainder of the semester are to be handed to Ralph Van Camp, chairman of the Collegian board before tomorrow noon.

Gray Tweed Trousers, \$2.45 at Don and Jerry Clothiers. 50-1

CUT INCIDENTAL FEES A FOURTH COLLEGE LOSES

STUDENT SAVES \$6.25 EACH SEMESTER UNDER NEW REGULATION

INTO EFFECT THIS SUMMER

Matriculation Fee Sliced; Took as Legislature Makes Reduced Allowment for Kansas State 1933-34

Kansas students enrolling at Kansas State next fall will pay \$6.25 less than they paid at registration this semester as an incidental fee. The fall semester fee will be \$18.75 instead of \$25 as heretofore, under a requirement in the appropriation act recently enacted by the state legislature.

Summer school students will be the first to benefit by the reduction. Instead of the \$20 previously paid, they will be asked only \$15. Moreover, if they wish to matriculate, their matriculation fee will amount to only \$7.50 instead of \$10. The reduced fee applies also for freshmen next fall.

These reductions result from the 25 per cent cut stipulated by the appropriations bill. This will entail a loss of approximately \$75,000 in the college revenues for the biennium.

Taking into account the final reduction in appropriations for the support of the college, branch experiment stations and extension service, Kansas State is allotted 28.9 per cent less for 1933-34 than it was allowed in 1931. For the biennium beginning July 1, 1933, \$1,954,700 has been appropriated.

The actual legislature reduction is only 18 per cent less than the present since \$427,972 was called back by the state board of regents from the 1931 appropriations and returned to the state treasurer by legislative action. The future amount is \$298,080 or 13.2 per cent less than that recommended by the state board of regents, budget director, and the retiring governor.

Of the total \$1,954,700 allotted, \$73,000 is for the expenditures of the branch experiment stations and \$1,881,700 for the support of college and extension service.

The accompanying table shows the amount appropriated for the present biennium that allowed for the next biennium in the college and branch experiment stations. The omission of items for new buildings made possible the large savings in the branch stations.

HIS WORK AT THE VARSITY

Eugene Thackrey Had Part in Screen Production of "Gabriel at the White House"

Eugene Thackrey, Hollywood, collaborated the screen version of the book "Gabriel at the White House" which is being shown at the Varsity theatre next week.

Thackrey is a cousin of R. I. Thackrey, assistant professor of industrial journalism, and a son of the Reverend and Mrs. John F. Thackrey, both graduates of Kansas State. Thackrey is a political reporter for the New York World in Washington and in New York. He has been the technical advisor for the series of political pictures in Hollywood.

In "Gabriel at the White House," Thackrey plays a minor part as a political reporter.

SCIENCE STARDOM TO GRADUATE OF K. S. C.

American Men of Science Include Dr. D. F. Jones on Their List of Notables

Reception into the "inner circle" of science is the honor accorded Dr. D. F. Jones, '11, now of the Connecticut experiment station, New Haven. Doctor Jones is one of the 250 men chosen to be added to the coveted starred list of the biographical directory of American Men of Science.

Dr. R. K. Nabours, head of the college department of zoology, was elected to the honor group in 1928.

Dr. Philip Fox, '37, who is to speak on this campus in April, has been a starred scientist for several years. Two deceased K. S. C. graduates had also attained this distinction: Ernest Fox Nichols, '09, and S. W. Williston, '72.

A LAZY IDEA

The invasion of government into business appears an immediate possibility in our larger industries and transportation systems. The present economic situation forces the public to look to the future, and government ownership instead of privately owned concerns is one conclusion. This assumption is easily reached because the government has been successful in several enterprises and should handle a large scale business in the same successful fashion as the government of the country.

A look into the future of state ownership will present the other side of the argument. This is the program with which we shall continue if the economic bearings stand up and private ownership remains in its successful stride. State ownership should be avoided as long as possible and probably will be avoided until it is found to be a necessity.

The invasion of the state into business will another individual initiative and private enterprise. Government ownership lacks originality and as a theory, lacks imagination. It is the product of lazy minds and loafing ambitions. It is not a new theory. It has its ancestry in a long line of trifling political soothsayers. It has never carried the country out of an economic crisis in any way except furnishing a few jobs now and then. Conspicuous government failures have been in countries sponsoring government ownership. The most outstanding cases of failures in democracy have been in countries where resulting heavy taxes lead to revolt or property confiscation.

The principal cause of high taxes is too much government. The taxpayers are suffering from their own folly because they have been careless in many cases. But government ownership is an expensive proposition to American taxpayers since it provides the sustenance for huge political combinations. It appears that government ownership will be the machine by which political wastefulness and government deficits will be paid for from profits of industries now privately owned. Politics will then become the national dividend producer instead of business.

Interference of state into business can be stopped, and any unfair governmental invasions into business can be halted by cutting off the flow of tax money into such activities. There is no money for political demagogues unless the taxpayer agrees with his principles.

To this, we see but one alternative. That is to reduce taxes. When this is done, the remainder of our economic ills will solve their own problems because they are nearly all outgrowths of excessive taxation. Reduction of taxation is the most serious task that faces American business and citizens today.

Henry Swift Ives, special counsel of the Association of Casualty and Surety Executives, once said, "What we need most in America is a speedy return to the democratic faith of our fathers, a dramatic revival of government under the Constitution and a solemn reaffirmation of traditional individual rights—our most priceless heritage."

On Other Hill

More than \$10,000 is spent annually on the commencement party at Harvard university.

Long good-nights are not modern by any means. In 1917 the women at Barnard college in Michigan were placed under a new faculty

ruling—callers were to go at 10:30, but 15 minutes extra were allowed for "good-nights."

During the recent bank spooratorium, the average Harvard university student was shown by a survey to have only 22 cents.

A Stockton, Calif., family owns a rooster with four legs, and thus will have two extra drumsticks for Sunday dinner. Can it be that this inflation movement has spread to the barnyard, too?—Daily O'Collegian.

"The world is not going to hell," if the students at Columbia university are any judge. A recent questionnaire on the subject showed 147 voting "no," 32 "yes," and 39 "perhaps."

A psychology professor at the University of Kansas considers that the best "grade-getters" are dumb. "The best 'grade-getters' I have seen are those who know the professor's pet-hobbies and throws them back at him. They all get excellent grades—but they're dumb."

The faculty of the University of California favor legalized beer, a census just completed by the campus newspaper shows. The general opinion of the instructors is "Let them have beer if they want it." One of the professors, from Canada, said: "Beer will be fine, but why not make it stronger."

Plans to "cull out" a number of non-active honorary and professional fraternities at the University of Oklahoma are being made by the men's governing body. A tabulation two years ago revealed over 300 honorary groups.

Students at North Carolina university voiced their desire for a longer spring vacation at a mass meeting called by the president of the student body. They favored a nine-day vacation beginning Saturday, April 15, and extending through Sunday, April 23.

In England there is a college with a staff of forty professors, although the student enrollment is never over eighteen.

Bing Crosby's newest theme song, You're Just a Beautiful Melody of Love, was written by a student at the University of Pennsylvania and was dedicated to a co-ed at Western Maryland.

The University of California reports that students use the word "swell" to describe 2,792 situations.

A liar's contest at the University of Minnesota was held and a trophy awarded to the contestant who could tell the 'biggest one' in the space of three minutes.

Back in the good old days of beer mugs and bustles an annual prize was offered at the University of Chicago for the most elaborate mustache worn by a senior.

No official excuses for cuts are now required at the University of Kansas because the maintenance cost of the absence file in the dean's office was too great.

Co-eds with activity records instead of beauty will be included in the yearbook at the University of Cincinnati.

In the Ursinus Weekly it is said that the students at Amherst bet on the number of the hymn to be called for in chapel.

The Snooper

Mike Oberhelman and Roberta Downie, of the 1016 Leavenworth Downie's staged a good old-fashioned hand holding act in the show the other night—with two people sitting between them! Our Melancholy Mike with his long lovable arms stretched over the back of the seat and Roberta likewise spread over the audience were able to transfer beautiful thoughts to each other.

"My what an interesting chapel," said Janet Murdoch and her sisters in the bond as they read the article on page 22 of College Humor.

Spring must be here! H. Miles Heberer took his hat off when he strolled through Anderson Hall the other day.

Jane Harmon, who has quit wearing hose already, was reprimanded (called down) in a class the other day for playing with a bottle opener.

The great mystery. Is Jane Stone engaged or does that Delt pin just go with certain dresses?

The Beta's reported a robbery last Tuesday night. Some gasoline and a few choice wheels from automobiles were stolen. A few other things were whisked from under their noses such as pledges and old tin cans.

Columns may come and columns may go but Lawrence rattles on forever.

Marion Freedlun got ducked the other day by his co-architects. The pool of Diana in this instance was a sink full of water in engineering hall. (thanks somebody). The significance of the pool of Diana is a bit too deep for most of us but with a little research it is found that Diana was a goddess who stood by a pool gazing intently to the very depths of the blue-green water.

A complaint—The Pi Phi's say the Chi Omega's drive up in their back yard when they come in from their late dates.

Ray Nelson and Katherine Reid have been together quite a lot lately; of course a jeweled pin means very little to a girl.

VETS WIDEN INTERESTS AS JOBS GROW SCARCE

Dykstra Explains Formula for
Placing 365 of 352 Graduates in
His Division

"The abnormal conditions of business will affect the graduating students in veterinary medicine as much as in any other field of work," R. R. Dykstra, dean of the veterinary division, believes.

"Of the 40 men graduating from our division this spring," Dean Dykstra told a Collegian reporter, "undoubtedly the greatest percent of them will start their life's work as general practitioners. Some of them will probably be located in small towns while others will go to work for some firm already well established."

"Salaried jobs, as we know, are very scarce under present conditions," he said, "and from what we can tell now, government jobs in veterinary medicine will be cut to the minimum. We have given the seniors lists of practitioners in all parts of the United States. The students have written to them and have had some very promising replies."

"This depression," he continued, "has made the veterinary doctors spread out in their line. Prior to these hard times they paid little attention to poultry diseases and other minor lines of work, but now the average veterinary doctor is more than willing to branch into this service. We also find many of our profession acting as meat and milk inspectors. Animal parasite eradication programs have been given much attention."

"The student who graduates in veterinary medicine now is much better educated in laboratory technique than are some of the old practitioners of human medicine," Dean Dykstra said. "This provides a source of income for some of our men who do blood tests, microscopic diagnoses, and other laboratory work which the local physicians may not know how to handle."

Since 1907, when the first degrees in veterinary medicine were conferred at Kansas State, there have been 352 graduates of the veterinary division, and of this number 305 are now engaged in veterinary work of some kind.

ANNOUNCING—
 MANHATTAN'S
 PRE-EASTER
 STYLE SHOW

So They All Lived Happily Ever After Without Basketball

There will be no more girls basketball tournaments in Squashville. The board of education and the townspeople have voted it down following a heated discussion of the matter.

The whole array of officials constituted a class and three physical education instructors, Miss Katharine Geyer, Miss Helen Baum, and Miss Lorraine Maytum were the board of education, and the class was the townspeople.

It all began when students in Miss Geyer's basketball technique class for physical education majors started discussing interscholastic basketball for girls. The class decided to have a debate on the subject.

Irma Jean Miller, Manhattan, and Leora Light, Liberal, argued on the affirmative side, and Helen Morgan, Newton, and Alice Wilsey, Washington, took the negative side of the question: "Resolved that there should be interscholastic basketball for girls."

The negatives won the case, arguing that basketball is injurious to high school girls, that it develops undesirable qualities in the girls, and that only a picked few

in the school may participate. The debaters brought out that girls in small high schools especially, need a well-rounded physical education program instead of concentrating on one sport only.

MARTIN TO ST. LOUIS
 Prof. W. H. Martin of the dairy

husbandry department will go to St. Louis, Mo., April 3 to address a meeting of the sales manager council of the International Association of Ice Cream manufacturers. The subject of his talk will be "Developing Stability in Local Trade Areas."

In Society ...

Over the Back Fence

Questions of the hour: Who was the mysterious woman in black seen with Swede Lutz on the moonlit mountain road Tuesday night? ... Who's calling for dates now, Mary Emily Berryman or Don Porter? ... Did Sonny Luder return with the much-discussed pin? ...

Familiar scenes: George Boone and Harry Miller giving free advice on every street corner ... Jack Hensley and Jane Whyte returning after intermission at the Scabbard and Blade party. Was his face red—lipstick or embarrassment? ... The Great Graham and Erma Jean Miller ... Emmie Breen chiseling again, this time with Leora Light ... Price Berryman draped all over the telephone in the wee small hours of the morning calling all of the sorority houses.

Just check Mark Kannal off "Ag Queen" Graham's list—he has the urge to go Tri Delt. Step right up, Skrad! ... A plot is afoot to stunt young romance—Bill Seales and Weldene Middlekauff are campused each weekend ... Dave Horshem is at last taking his school work seriously; he has been doing a lot of research work lately. But is it all at the library? ... You will be interested to know that Smitty of the Palace will take the fatal step Sunday ... And then there's the Betas that very willingly changed a flat tire for the Pi Phi house mother only to discover at the last minute that they had changed the wrong one ... And to the brawl we go—or maybe it's the Phi Delt party.

Social Calendar

- Friday, March 31**

Franklin Literary society hike, Sunset park, 5:00.
- Sunday, April 2**
Music department, trio recital, auditorium, 4:00.
- Monday, April 3**
Horticulture club meeting, H31, 7:00.
Y. W. C. A. cabinet meeting, Calvin rest room, 7:00.
Chorus, auditorium, 7:00.
- Farm House**
At election of officers Wednesday evening John Miller, Prescott, was elected president; Charles Fisher, Cuba, business manager; Wilfred Paine, Lawrence, recording secretary; Neilyn Nelson, Belle Plaine, treasurer; Charles Murphy, pledge master; George Rogler, Green, social secretary; Herbert Niles, Olivet, corresponding secretary; Kenneth Davis, Manhattan, alumni secretary; Walter Lewis, Larned, pan-hellenic representative; Lawrence Harmon, Hutchinson, historian; and Wayne Jacobs, Harper, athletic director.
- Sigma Nu**
Quinton Seibert, Jack Goring, and Fred Garrison went to Topeka last weekend.
Mr. J. Wright, Sigma Nu of North Carolina was a guest at the house Saturday evening.
The following officers were elected Monday evening: president, Kay Bader; vice-president, John Stewart; secretary, Clarence Higdon; treasurer, James North; assistant treasurer, James Mayden; marshal, Carl Paulson; sentinel, Herbert Beeman; and reporter, Bob Wallerstedt.
- Alpha Delta Pi**
Alpha Delta Pi announces the pledging of Florence and Kathryn McKinney, Bartlesville, Okla.
Theodore and Gene Grimes were dinner guests Tuesday evening.
Doris Paulson, Lucille Johnitz, Jane Swenson, Lois Rosencrans, Ivernia Danielson, Roberta Odle, and Mary Lou Clark are in Wichita this week attending the physical education convention.
- Lambda Chi Alpha**
Leonard Pike, Milford, was a guest at the house last weekend.
Collins Crum, Onaga, and James Scott, Kansas City, will spend the weekend at their homes.
Bill Roebrock, Kansas City, is spending the weekend at the house.
"Bo" McMillin was a Tuesday evening guest. He spoke at the fraternity forum that evening.
Edwin Orrick visited in Topeka Thursday afternoon.
James Scott was elected marshal and Clifford Railsback, historian, for the rest of this year.
- Pi Beta Phi**
Mrs. W. H. Almen, McPherson, has been visiting her daughter, Rosalind.
Virginia Webb, Mary Short, Thelma Testerman, Ruth Broker, Concordia, spent Thursday with Weldene Middlekauff.
Janet Murdock, Charline Baker, Nellie Allman, Ernestine Merritt, and Tella Hinshaw will visit in Wichita this weekend.
- Phi Kappa**
Tuesday evening dinner guests were Bill Brady, Frankfort; and Charles Frey, Alma.
Fred Bramlage, Junction City, was a guest for lunch Wednesday noon.
Thursday evening dinner guests were Prof. and Mr. H. H. Haymaker.
- Phi Omega Pi**
Miss Katherine Bower was a dinner guest Tuesday evening.
- Kappa Sigma**
Mr. and Mrs. R. B. Baylor and son were guests Tuesday noon.
- Delta Delta Delta**
Charline Latimer, Columbia, Mo., was a luncheon guest Thursday noon.
- Phi Delta Theta**
Delmos Price, Abilene, was a guest Wednesday.
- Ambrosia McClaren and Juliana Amos** are going to Wichita for Orchestral meeting Friday.
Dorothy Maltby has been in Wichita the past week attending a mid-west physical education convention.
- Phi Kappa Tau**
Lorraine Johnson and Ivan Phetaplace will spend the weekend in Smith Center.
- Phi Lambda Theta**
Phi Lambda Theta announces the pledging of G. W. Harder, Sabetha, Dr. W. E. Grimes spoke at dinner Tuesday evening.
- Miss Currie Honored at Tea**
Miss Eula Mae Currie of Kansas City, Mo., was guest of honor at a tea given Thursday afternoon by members of Theta Sigma Phi at the home of Prof. and Mrs. R. W. Conover.
Mrs. R. I. Thackrey and Miss Helen Hostetter poured.
Guests in addition to Miss Currie included: Mrs. Charles Currie, Mrs. Kenneth Stowenstein, Mrs. Eusebia Thompson, Mrs. Tommy Thompson, Mr. and Mrs. R. I. Thackrey, Mr. and Mrs. F. E. Charles, Mr. and Mrs. H. W. Davis, Mr. C. E. Rogers, Miriam Dexter, Helen Sloan, Mayrie Griffith, Virginia Haggart, Edith Dobson, LaFaun Astle, Mary Alice Schacke, Ruth Stiles, Marie Henney, Dorothea Hadsell, Veva Brewer, Franklin Thackrey, Miss Hostetter, Mr. and Mrs. Conover.
- Alpha Tau Omega**
Mothers of the boys met at the chapter house with Mrs. Kinneburgh, housemother, Wednesday, to organize a Mothers' club. Officers elected were: Mrs. A. E. White, Manhattan, president; Mrs. J. R. Mathews, Manhattan, vice-president; Mrs. J. B. Owen, Ft. Riley, secretary-treasurer.
Milton Peterson, Marysville, was a dinner guest Wednesday evening.
- Zeta Tau Alpha**
Mrs. Herbert Hempker, Kansas City was a guest at the house Wednesday.
- Sigma Alpha Epsilon**
Ralph Hanson, Concordia, was a guest for lunch Thursday.
- Clovie**
Tuesday dinner guests at Clovie were Dean Van Zile, Miss Knittle, Mrs. Laura Baxter and Virginia Baxter.
Miss Mabel Smith was a guest for dinner Wednesday night.
- LUMB GIVES POULTRY TALKS**
Prof. J. W. Lumb of the college extension division spoke at three Farm Bureau meetings in Riley county last Wednesday, on the subject of poultry disease. Moving pictures were used to illustrate his talks.

One Decade or Another Girls are Same at Heart

By Ruth De Baun
Mary Pierce Van Zile, dean of women, chatted freely with a reporter yesterday afternoon at her quiet office in old Anderson hall. Seated at her small desk whose cubby holes are stuffed with letters and papers, her white hair caught all the light coming in from the lone window of the office and a smile hovered around her lips as she listened to the questions of the reporter.

"Dean Van Zile, do you really think college girls of today are much different than in the time you went to school?"

"Just Live in Different World. With a laugh and a negative shake of her head she answered. "No indeed. Inherently girls are the same—but they are living in a different world. The code of living has changed and certain customs which are accepted now were not thought of years ago. You see it is the world in which we live that shapes our lives more than our individual inherent qualities, and underneath it all I believe girls are very much the same."

When girls first come to college, she said, the ones who have been cut in the business world or to preparatory school are less difficult to meet on common ground and work out problems with than high school girls just graduated. Girls who have never been away from home and their parents or guardians frequently do not have the maturity of judgment to meet problems of college adjustment.

To complicate the situation, Dean Van Zile added, many of these girls believe the first time they are away from home is their hour of freedom and to express this freedom is their primary object. The first two years of college is the deciding factor, the critical time in a girl's college life, for it is at this time her associate circle is made and her ideals and evaluation of circumstances formed.

Regrets to See Girls Smoke
With reticence, Dean Van Zile spoke of smoking and drinking. She expressed the belief that when a girl smokes or drinks, something fine is destroyed. She said, "It is with regret I sometimes find girls that I hold in high esteem smoke. They slip into a lower place in my respect. Of course drinking is not to be condoned. It is a violation of civil law and its ultimate results in one's life are serious. At least that is my opinion." She declined to make any statement on Mrs. Franklin D. Roosevelt's radio speech about American girls drinking, other than that she thought Mrs. Roosevelt used very poor judgment in publishing universally her opinion of the situation.

Tapping the full page of a date book with a slender forefinger to

ENGLISH TEACHERS OF KANSAS HERE IN APRIL

Davis, Babcock, Conover Will Have Part of Two-Day Program of Varied Thought.

Speakers on the program at a meeting here of Kansas college English teachers will deal with a wide variety of subjects, including poetry, literature, drama, and English usage. The meetings will be April 7 and 8 on the Kansas State campus.

Prof. H. W. Davis, head of the English department, is scheduled to discuss the subjects of modern American poetry. Dean R. W. Babcock will address the convention on the subject "The English Department and the College." Of the speakers, all except one are connected with Kansas colleges, the exception being Miss Edith Campbell of the Manhattan high school who will talk on supervising teaching participation.

The speakers announced include, besides those already mentioned: Josephine M. Burnham and Wm. S. Johnson, University of Kansas; D. L. MacFarlane, Southwestern college; Hattie C. Green, Sterling; C. C. Alexander, Baker; Sister Leo Gonzaga, St. Mary's; Karl M. Wilson, Coffeyville junior college; Ernest Bennett, Pittsburg Teachers.

The members of the English department of Kansas State will give a buffet supper, Friday evening, for the visiting teachers. Prof. R. W. Copover is in charge of a dramatic reading to be given at the function.

PARTY FOR 4-H CLUB
The 4-H club spring party will be held April 12 in Thompson hall according to Beulah Frey, social chairman.

SCIENTIFIC TOYS HAVE INTEREST AND VALUE

Chapin Tells How Playthings Develop Into Practical Machines for Industry.

Scientific toys have had a great part in the progress of science, invention, and industry, said Prof. Ernest K. Chapin of the physics department in a radio talk on the subject, "Scientific Toys."

Some scientific toys which arouse interest, Professor Chapin said, are balloons, tops, kites, magnets, magnetizing glasses, and bouncing balls. "For example," he said, "consider the common top which, supported only at one point, reels around and around in apparent violation of the law of gravitation. Many inventions have come from this principle. Mount a top in suitable bearings and it becomes a gyro. One type of gyro is called a gyro-compass which takes the place of, and is a more reliable indicator of direction than a magnetic compass. Another type of gyro is called a gyro-compass which is used to pilot ships automatically. A third application is to be found in the hold of some modern ships. These tops are very massive and rotate at high speeds. Their purpose is to keep the ship from rolling and pitching in a heavy sea. They are called gyro-stabilizers."

This fall there will be many good positions open for capable secretaries and stenographers. Prepare now at the Platt Secretarial School, 1026 Poyntz.

At The Theatres

DICKINSON THEATRE
"Topsy"
Roscoe Pitts really floored them last night in his imitation of Parina in the grand Hollywood Premier at the Dickinson theatre. I wasn't close enough to see if he had his new pledge button on. When asked what music he preferred for his tap dance he answered that it didn't make any difference, he didn't pay any attention to it anyway—true—but it was good comedy until he tried to sing—then came the hysterics.

When this hip throwing, staggering, and vamping was over John Barrymore shows you how a simpson is made a man in the world with the aid of Myrna Loy in "Topsy." This novel plot will still be showing at the Dickinson this afternoon and tonight. Imagine starting out as an absent-minded professor in a French school, becoming a fake scientist in the outside world, turning the tables, becoming a man and winning Myrna Loy all in about an hour and a half.

A special treat is in store for you—a double feature Friday and Saturday featuring Genevieve Tobin and Roland Young in "Pleasure Cruise" and your weekly western "Hell Fire Austin." From the preview it looks as if the lady

really takes a pleasure vacation on her marriage holiday—anyway, enough so she couldn't recognize her husband's kiss.

"The Sign of the Cross" makes Monday, Tuesday, and Wednesday red letter days. Fredric March, Elissa Landi, Claudette Colbert, Charles Laughton and 7,500 others take you from the bathtub filled with milk and rose petals to the inhuman sacrifice of innocent Christians in the arena for the enjoyment of bloodthirsty Romans. That's a sign to cross these three dates and go.

AT THE VARSITY
"Blondie Johnson"
Playing in a role that suits her type to the last flicker, Joan Blondell puts across one of the cleverest screen performances of her career in Blondie Johnson. Yes, she is Blondie Johnson and what a gal. Her mother's death due to lack of money for medicine because she is out of work starts Blondie on the war path. She disregards all social codes and starts a life that will get her dough. She gets plenty and by crooked schemes that gangsters would be afraid to attempt. She has several partners in her crimes. The head man (Chester Morris) leaves her because she refuses to mix love with business and all goes well until a few bullets directed at the glitter from her henchmen's guns makes her realize that all is

not dough and she double-crosses everyone including herself. A peach of a show.

BASEBALL TEAM ROUNDING INTO SHAPE RAPIDLY

WILDCATS SHOW FORM IN
TWO PRACTICE GAMES
THIS WEEK.

INFIELD IS LOOKING GOOD

Two Outfield Positions Are Filled
With Several Candidates Working
for Other Post-First
Game Next Week.

The Kansas State baseball team is rapidly rounding into form and should be in good shape for its first game of the season with the Haskell Indians here a week from today.

The team is looking good in practice and from all appearances will come up to Coach Charles Corsaut's predictions that it will be one of the best he has turned out here. The Wildcats have won two championships under Coach Corsaut and are pointing strongly for another.

Play Practice Games

Several shifts in the team from that of last year have strengthened the club a great deal. Coach Corsaut has developed a great infield and the pitchers and outfielders are shaping up rapidly to equal the infield.

Several practice games have been played this week with the pitchers putting more stuff on the ball than before. Jack "Lefty" Lowell, Philip Rockwood, T. H. Nelson, and B. H. Bulksra saw action in these games. Other hurlers taking form are E. L. Simms, and R. L. Heinz. So far the twirlers are showing up well for this time in the season.

Center Field Post Still Open

The present infield has John Underwood on first base, Captain M. L. Carter on second, Jimmy LeClere shortstop, Andy Skradski on third, and Ralph Marshall behind the plate. Bus Boyd, first baseman last year, is in right field, and Charles Gentz, third baseman last year, is in left.

The center field position is still open with several candidates working for the position. Among them are Douglas Russell, Dan Blaine, Lee Morgan, Stephen Asbill, and Harold Wierenga.

SOONER BASEBALL TEAM TO OPEN THEIR SEASON

Oklahoma University's Diamond
Nine Meet Southwestern Teachers
in Two-Game Series

Norman, March 30—Although he will take a green team to Weatherford Friday for the opening games of the season Friday and Saturday with Coach Rankin Williams' Southwestern Bulldogs, Oklahoma Intercollegiate conference baseball champions, Coach Lawrence "Jap" Haskell believes his University of Oklahoma club will give a good account of itself.

"We have better team spirit this year because all the boys are young and hustling and want to make good. I think we ought to be a better hitting and fielding club this year than last, with more speed and better throwing in most positions. Beck and Brand are the only returning letter men, and Brand should be a better fielder this year since he isn't handicapped by the charley horse and lame ankle that slowed him up last season. Ray Watson, catcher, will be hard to replace but in Aggers and Tolleson we have two big fellows who look promising," says the coach.

The Spotlight

If nothing unexpected happens, Kansas State baseball fans can expect a classy team this year. The way the players are looking now it seems that they should go through the season's schedule in a big way.

Coach Charles Corsaut has developed an infield that will be hard to beat. The combination of Underwood on first, Carter on second, LeClere at shortstop, and Skradski on third is working with clock-like precision. They are handling the ball in a sure and certain manner and are tossing the pill from bag to bag with steam and accuracy.

Jimmy LeClere is fitting in the keystone combination with Carter and Skradski perfectly. Besides being able to field well, he has a mighty throwing arm. Marshall is working nicely behind the plate.

This week the hurlers have been opening up. Maybe a few of them opened too much. Rockwood has a

sore arm and Lowell a sore leg where he got hit by a stinging drive after one of his deliveries.

Douglas Russell reported for practice the first of this week and should add some power to the team. Although a bit rusty with the bat at first, Russell is rapidly improving with his stick work as his eye is becoming more accustomed to the ball. Russell played good ball in the twilight league here last summer, so should prove a valuable addition to the squad.

Officials for the eleventh annual Kansas relays to be held April 22 have been selected. Governor "Al" M. Landon of Kansas will be the honorary referee. Henry F. Schulte, veteran track coach at the University of Nebraska, will be referee. John C. Grover of Kansas City will be the official starter for the tenth consecutive time.

Oklahoma's baseball team is getting up into big money. Joe Levine, baseball scout for the New York Yankees, may sit in on some of the university's home baseball games this year.

Coach Ward Haylett is hard at work with his track team getting them in shape for the first outdoor meet of the season with Emporia Teachers here on April 8. The day before that the baseball team will open its season against the Haskell Indians here. A two-game series with Missouri university follows on the next Monday and Tuesday, April 10 and 11.

Men's Intramurals

Four games Wednesday afternoon opened the intramural baseball season in soft ball competition. Phi Kappa won over Alpha Tau Omega 6 to 4; Pi Kappa Alpha beat Acacia 13 to 11; Tau Kappa Epsilon defeated Farm House 8 to 4; and the Lone Stars came out on the big end of a 17 to 14 score against Delta Sigma Phi.

Two more games were played yesterday afternoon. Phi Kappa Tau went on a scoring spree to beat Phi Delta Theta 21 to 5 and Sigma Nu blanked Lambda Chi Alpha to win 5 to 0.

This afternoon marks the inauguration of the hard baseball schedule. The games are: Kappa Sigma vs. Sigma Phi Epsilon, 4:15, NW field; Alpha Gamma Rho vs. Phi Sigma Kappa, 4:15, SE; Aggie Knights vs. Beta Theta Pi, 5:15, NW; Delta Tau Delta vs. Vet A. C., 5:15, SE.

The four baseball games on Monday are: Sigma Alpha Epsilon vs. Theta Xi, 4:15, NW field; Alpha Kappa Lambda vs. Alpha Gamma Rho, 4:15, SE; Sigma Phi Epsilon vs. Phi Sigma Kappa, 5:15,

NW; and Alpha Gamma Rho vs. Beta Theta Pi, 5:15, SE.

The first round in tennis singles is now in progress and must be played by Monday. The doubles schedule in handball is in the fifth round.

COMBINE JOURNALISM AND ART IN PROJECT

Roberta Jack and Betty Gaston
Are Collaborators in Assembling
Novel Portfolio

The correlation of art training and journalism is shown in a project carried out by Roberta Jack, Russell, a senior in art, and Elizabeth Gaston, Manhattan, who completed her course in journalism last semester.

When women in the art department have completed their required work, they are allowed to select problems to work out for extra credit. Miss Jack and Miss Gaston chose to investigate book illustration and advertising.

They devised a portfolio in which the book form was followed containing material arranged according to the laws of design and conforming to high standards of journalism. The early history of book making and the methods of reproduction comprised the greater part of the written material.

The latter part of the book was entirely creative. Miss Gaston used the simple layouts of advertising with dynamic symmetry as a guide.

Miss Jack completed her work with examples of etchings, woodcuts, engravings, and pen and ink sketches. She designed a woodcut as an endpiece which was published in the "Trident", the Delta Delta Delta national magazine.

The work was supervised by Miss Pauline A. Pickney of the art department, and may be seen at her office.

COUNTY EDUCATORS IN CONFERENCE ON HILL

Superintendents Here Today From
Six Sections to Discuss
Their Problems.

A sectional meeting of county superintendents is to be held in Education hall today starting at 10 o'clock. Representatives from Marshall, Geary, Clay, Wabawsee, Pottawatomie, and Riley county will be present.

The morning meeting in charge of Dean E. L. Holton will consist of two talks, one by Dr. C. V. Williams, the other by Prof. V. L. Strickland. The afternoon meeting will be discussion of the problems of the superintendents in charge of Miss Agnes Engstrand, Riley county superintendent.

A course in Secretarial Training or shorthand and typewriting, will give you an excellent opening wedge to a fine position. Platt Secretarial School will give you careful and thorough training. 49-2.

MILITARY PARADE ON MAY DAY THIS SPRING

Colonel R. H. McMaster Announced
As Reviewing Officer for Annual Inspection.

The annual spring R. O. T. C. parade and inspection, always a gala event on the campus, will be staged this year on Monday and Tuesday, May 1 and 2. The reviewing officer will be Colonel R. H. McMaster of the Seventh Corps Area headquarters, Omaha, Neb.

Colonel McMaster will inspect both classroom and field work of all units. He will be assisted by Major Joseph Murphy, Wichita; Major H. L. King, Topeka; and Major John Miner, Fort Riley.

"Every boy should have some military training in order to fit him for the duties of life," declared Lieutenant-Colonel John S. Sullivan, in announcing the spring inspection.

Colonel Sullivan, who is head of the military department at Kansas State college, expressed the belief that the Citizens Military Training camps are "fine things to develop manhood." Every summer, the colonel said, about 35,000 youths between the ages of 17 and 21 attend these 30-day camps.

Colonel Sullivan went on to say that the regular army affords a fine career of interesting work, high standards, travel in many parts of the world, and many opportunities for display of initiative and leadership.

"Promotion is slow, because of the fact that line officers move up in turn according to their position on the promotion list, and wages are not exceptionally high," he said, "but by frugal living one can get along very well, and always be sure of employment."

"The fact that the regular army cannot accommodate all applicants was pointed out by Colonel Sullivan, who explained that the strength of the standing army always remains the same, all vacancies in the enlisted ranks being

filled through recruiting offices throughout the country.

"Under the National Defense Act of 1920," he explained, "the army of the United States consists of three component parts: regular army, national guard, and organized reserves. The Kansas State R. O. T. C. is part of the organized reserves, and is composed of three units—Infantry, Coast Artillery, and Veterinary corps. The number of advanced course students in each unit is limited by U. S. war department programs."

BLOCK AND BRIDLE INITIATES

Ag Group Takes in Twelve New Members.

Block and Bridle club initiation was held Thursday evening March 23, in the college judging pavilion. New members are Lee Brewer, Hartford; Henry Brown, Fall River; Louis Cool, Jr., Glasco; Harold Fulker, Salina; Paul W. Griffith, Edmond; Hubert Hein, Washington; J. Edwin McCollum, Emporia; Donald K. McKenzie, Solomon; Herbert T. Niles, Olivet; Carl H. Rupp, Moundridge; Lloyd Soonce, Halstead; and Eugene Ward, Lawrence.

FIRST PROGRAM OF ITS KIND GOES ON THE AIR

Facts of Interest Are Brought to
Light as 4-H Club Holds
Session by Radio.

For the first time since station KSAC was established here several years ago, a regular meeting of a group of college young people was put on the air when the Collegiate 4-H club presented a broadcast Wednesday evening.

The purpose of the broadcast was to offer to the 4-H club members of the state of Kansas a model meeting for a guide to be followed in the model club meeting contest to be held this spring under the direction of the state club department.

Dean L. E. Call of the division of agriculture pointed out some interesting facts in his talk on "The Part of the 4-H Club in the Life of the College Student." Dean Call said that about half of the men enrolled in the division of agriculture are former 4-H club members.

The senior Ag with the highest grades for this year is a former 4-H club member, and fifty per

cent of the men on the senior livestock judging teams are former club members.

Of the three men elected to Phi Kappa Phi last year, two of them were former 4-H club members. Not only in the division of agriculture will you find active 4-H club members, but also in all other divisions of the college, the dean declared.

The two students chosen as the outstanding members of the club as shown by their activities in the college were Florence Melchert, Ottawa, and Gaylord Munson, Junction City. Both are seniors and have outstanding records both in 4-H club achievements and in their achievements in college.

The program included music by the 4-H club girls trio, the male quartette, and the club orchestra.

Harold Kugler played a xylophone solo and Wilma Cook gave a talk on "Recreation and the 4-H Club." M. H. Coe, state club leader for the 4-H, spoke on the work of the club members for the summer.

OKLAHOMA BREAKS RECORD

O. U. Relay Team Runs Fastest
Mile in Sooner State.

Norman, March 30—The fastest mile relay ever run in Oklahoma, 3 minutes, 19.7 seconds, was the achievement of four University of Oklahoma sophomores in the first Oklahoma Amateur meet at Owen field here Saturday.

The Sooner quartet was forced to that figure by Coach Vic Hurt's powerful Oklahoma Baptist university team, which lost by seven yards after a great race.

The Human Fort STOPS CANNON BALL!

ILLUSION:

A "strong man" once gave public performances in which he stopped a 9 lb. cannon ball shot from a fully charged cannon. The audience gasped when the gun flashed and the human Gibraltar stepped forward out of the smoke uninjured, with the 9 lb. shot in his hands.

EXPLANATION:

The trick lay in the way an assistant prepared the cannon for the performance. He used the regulation amount of powder and wadding, but placed the greater part of the charge of powder ahead of the shot. The cannon ball was propelled only by the small charge behind it which was just sufficient to lob the 9 lb. ball over to the strong man.

NO TRICKS
..JUST COSTLIER
TOBACCOS

IN A MATCHLESS BLEND

It's fun to be fooled —
...it's more fun to KNOW

A performance sometimes staged in cigarette advertising is the illusion that cigarettes are made easy on the throat by some special process of manufacture.

EXPLANATION: All cigarettes are made in almost exactly the same way. Manufacturing methods are

standard and used by all. A cigarette is only as good as the tobacco it contains.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

In costly tobaccos you will find mildness, good taste, throat-ease. Smoke Camels critically, and give your taste a chance to appreciate the greater pleasure and satisfaction offered by the more expensive tobaccos. Other cigarettes, we believe, will taste flat and insipid to you forever after.

TRACK TEAM TO MEET TEACHERS HERE SATURDAY

KANSAS STATE-EMPORIA CLASH FIRST FOR WILDCATS THIS SEASON

SQUADS EVENLY MATCHED

The Affair Gives Promise of Being Hotly Contested—Coach Ward Haylett Held Tryouts Last Week

The track meet next Saturday afternoon between Emporia State Teachers and Kansas State will undoubtedly be a close affair, and, unless the team comes through with the best that they have in them, the outcome is uncertain. This will be the first of this year's meets for Kansas State and the third meet in recent years with Emporia Teachers. In past years the meet with the Teachers has been one of the most important and hotly contested meets scheduled by Kansas State.

In the meet at Emporia last year Kansas State overcame them with a score of 94 to 37. Through graduation and inability to come to school, the Wildcats have lost the winners of 41 points as far as this year's track team is concerned. Emporia has lost few of their point men and have acquired several new men of exceptional ability. Another advantage for the Teachers lies in the fact that they may use freshmen and all can compete four years for varsity sports due to differences in their eligibility rules.

Harring, of Emporia Teachers, who last year had not sufficiently recovered from the mumps to be in the meet, has developed into one of the best hurdlers in the state. In the College of Emporia-Emporia Teachers meet last week he won the 120-yard high hurdles in 15 seconds flat, and the 220-yard low hurdles in 23.6 seconds. Both of these records are better than the records at Kansas State.

Morgan, who last week won the mile and two mile for Emporia Teachers against C. of E., was not in the meet last year because of a minor operation. This gives the Teachers added strength in the distance runs.

The Teachers will be exceptionally strong in the 880-yard run with Rhoades, who won last year in good time, and Bridges who won the half mile in the state high school meet last year. Competing in the dashes will be Croones, a negro freshman, from Hutchinson, and Holder, who won the hundred yard dash against Elwell of Kansas State last year, the chief threats in the sprints. Most of their strength in field events lies in the shot and the broad jump.

Darnell of Kansas State last year won the 440 and should do so again this year. Captain Breen of Kansas State was individual point winner last year with a first in the broad jump and the high hurdles, a second in low hurdles, and a tie for second in the high jump. He will likely compete in these events again Saturday, but will probably find keen competition in all but the broad jump.

London, Pierce, McNeal, and Nixon should score heavily in the mile and two mile runs, with Hostetter, Phelps, and McNay possibly coming in for a few scattering points.

The high jump and javelin seem to be the field events in which Kansas State should score most heavily, with Roehman, Breen, and Mayhew entered. In the javelin Costa, Veach, and Laird should be point winners. The discus and pole vault are a toss up.

Last Friday and Saturday Coach Ward Haylett held try-outs to determine who would represent Kansas State in the various events next Saturday.

MARION FELTON TO PLAY

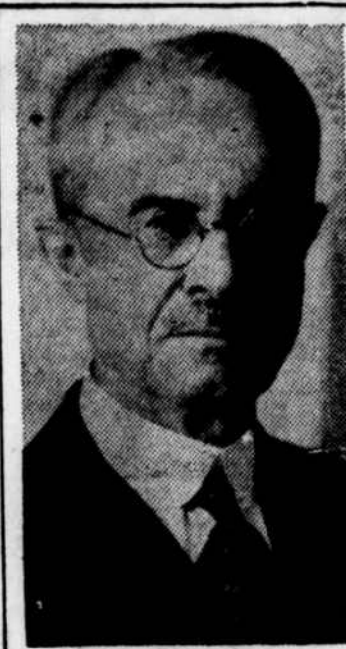

Organ Music Will Be Heard on Opportunity Hour.

Miss Marion Felton, organist, will furnish the music for the young people's radio hour at 9:30 o'clock tomorrow night. Two groups will be presented:

"Allegro Vivace" from the Reformation Symphony (Mendelssohn); "To the Rising Sun" (Tortsen); "The Kettle Boils" (Cloykey).

"Prelude" (Clerebault); "Cantabile" from Symphony No. 6, (Widor); "Toccata" from Symphony No. 5 (Widor).

Honor Guest

J. T. WILLARD

Dr. Willard will be honored, Wednesday night at a faculty dinner, for his 50 years connection with the college.

FARM LEADERS OF STATE COMING HERE THIS WEEK

Cal A. Ward and Ralph Snyder Are Included in Speakers for Thursday and Friday

Thirteen different farmers cooperative organizations will be represented by speakers on the program when Kansas Farm cooperative leaders meet at the college Thursday and Friday for their annual conference. The detailed program for the meeting was announced by Dr. W. E. Grimes, head of the department of agricultural economics, who is chairman of the program committee.

Cal A. Ward, president of the Kansas Farmers Union, will preside at the opening session Thursday afternoon, the first of the three sessions.

Thursday evening a banquet will be held at the Wareham hotel with Ralph Snyder, president of the Kansas State farm bureau, as toastmaster. Speakers for the evening include President F. D. Farrell of the college, B. B. Derrick of the federal farm board, Washington, D. C., and Doctor Grimes.

The closing session will be held Friday morning, April 7, with Dean H. Umberger of the extension division, Prof. R. M. Green of the department of agricultural economics, and Prof. Vance M. Rucker of the extension division listed among the speakers.

The Thursday afternoon session will consist largely of a general discussion of securing and retaining members in farmers cooperative organizations. There will be a series of 10-minute reports by cooperative leaders on various phases of the problems facing the organizations. The closing session will consist of talks on the planning of operations for cooperatives, the use of operating standards by Kansas cooperative elevators, and the relations between county agents and cooperatives. A general discussion will conclude the session.

ORDER ROYAL PURPLES AFTER NEXT SATURDAY

Once Number Is Sent to Printing Company, No More Books Will Be Sold, Says Editor

Saturday of this week concludes the sales campaign for the 1933 Royal Purple. After this time the final order will be sent to the printing company. All persons desiring a yearbook must make a down payment on it immediately. Payment of \$1.75 cash will reserve a copy of the book.

Franklin Thackrey, editor, and Steve Vesceky, business manager of the 1933 Royal Purple, were in Kansas City last weekend making final plans for the book with engraving and printing companies. The dummy was completely revised, and the final printing specifications which include color work and paper stock, were drafted.

A temporary order of 750 books was made at the printing company. This is about 500 less than the number of copies ordered last year. This order will be made final at the end of the week. A number of books remained unsold at the end of last year. Because of this the staff this year plans to order only the approximate number of books sold, and to make no sales campaign at the end of the year.

Beauty contestants should make immediate arrangements with the business manager to have their pictures taken.

New fad at Oklahoma university is the playing of bridge in five languages.

Y. W. CABINET IS LARGEST PRESENT AT OTTAWA MEET

TRENTY-THREE MAKE TRIP AS TRAINING FOR COMING YEAR.

NEXT CONFERENCE IS HERE

Seven Colleges Send Delegations to Discuss Methods Found Most Successful in Campus Work of Group.

Kansas State college was represented by the largest cabinet delegation at the Y. W. C. A. training conference in Ottawa Saturday and Sunday. The 1934 training conference will be held at Kansas State.

Twenty-three women, headed by Dorothy Blackman, president for 1933-34, drove to Ottawa in a bus, arriving at noon Saturday for the "get acquainted" luncheon.

Eleanor Lister, Ottawa, presided at all meetings of the conference. Saturday afternoon, Mrs. Willis Floyd, faculty adviser for Ottawa university, and Dorothy MacLeod, secretary of Kansas State college Y. W., directed the group meetings. Separate discussion groups and round table discussions were led by selected leaders from the different schools.

Miss Stella Scurlock, director of the conference, spoke on "The Ever Changing Place of the Y. W. C. A. on an Ever Changing Campus" Saturday night at the conference banquet. Following the banquet all conference guests were entertained at an April Fools' party.

On Sunday, worship service and discussion groups were held in the morning. The conference closed with a musical program and a talk by Miss Scurlock on "The Leader Herself."

Schools represented by delegations were: Kansas State College, Kansas university, Washburn, College of Emporia, Kansas State Teachers college (Emporia), Ottawa university, and Baker university. The conference of 1932 was held at Kansas university.

Women attending the conference were: Dorothy Blackman, Dorothy MacLeod, Barbara Lautz, Winifred Wolf, Elizabeth Lamprecht, Muriel Fulton, Betty Ozmert, Kathryn Knechtal, Alice Wiley, Ellen Payne, Virginia Haggert, Ruth Jorgenson, Mary Alice Schnacke, Frances Tannahill, Mayrie Griffith, Jessie Dean, Ruth DeBaun, Ethel Olney, Ruth Langenwaller, Ruth Gresham, Harriet Reed, Louise Chalfont, and Jeannette Mosler.

HILL TO WICHITA MEET

Economist Has Part in Conference of Kansas Social Workers.

Dr. Randall C. Hill of the department of economics and sociology, drove to Wichita Friday to attend the twenty-eighth annual meeting of the Kansas Conference of Social Work. He is a member of the board of directors for the conference, and was chairman of the Kansas Social teachers discussion, which met Friday at noon.

"Colleges are O. K." Eddie Cantor Says in Interview

By Fern Vesceky

"Say! tell your Aggie students to try biting a bull's tail—it makes fine s-zoup," recommended Eddie Cantor, rolling his famous enormous eyes at this Collegian reporter who interviewed him during his personal appearance at Kansas City, Saturday.

Eddie was surprised when this unknown reporter popped up unexpectedly in his room, during intermission, without any previous arrangements. He curiously surveyed me, offered me a chair and gave me that "what the devil" look by lifting his heavy eyebrows up into the center of his forehead.

"Poit-t-t-t, poit-t-t-t, where's your pencil and paper? No wonder I didn't recognize the college reporter," he wisecracked as I introduced myself.

He turned to pour a glass of water and I had a chance to observe his appearance as I now could see something other than his clear, dark, ball-bearing eyes. His black hair was parted slick to his head. This diminutive stage, radio, and movie veteran was so heavily made-up with rust sun-tan powder that his other features, except many wrinkles, were not noticeable.

As quick as a flash he faced about, shoved me the glass of water and asked, "How'd you like by Greta Garbo impersonation—oh boy—I sure got some legs."

"Fine," I answered "too bad she's in Sweden, but what do you think about colleges?"

Colleges are OK—fine—but the trouble is that 75 per cent of the students don't know what they are there for until they get out. They

don't take it seriously," he lectured, beating each word out with his hand. "The desire must come from the inner part of the soul and it can't come from a heel. You know—it's funny how people make fun of colleges, but look at Lincoln. Where did he go but to a cow college?" he ended with a poit-t-t-t poit-t-t-t, again showering my face and clapping his hands.

"Say, I picked your beauties last year—hope you didn't have any rows. Potatoes are cheaper, Kansas State will get weaker," he sang. "No, I can't do it now but if you'll send me a copy of this year's Royal Purple I'll write you a little K. S. C. song and a page of wise-cracks for the book," he promised.

"Did you really get into the arena with that vicious bull in 'The Kid from Spain'?" I inquired.

"Did I—did I really get in with that bull! Say, listen—I got on this side of him—that side of him—under, on top, and up in the air ahead!" At this he grabbed his clean shirt for the next act and declared: "I made a torreador wave to the right side and the bull goes to the left side. The camera man holler 'Eddie, don't you know your part?' 'Sure,' I said, 'but the bull don't know his—' We try it again and the bull makes a compromise. He hit right in the middle—e-utahhhhh," he ended with a grunt after demonstrating every previous move in his comedian strut.

I heard the orchestra start and knew my exit was in order so I ran out the stage entrance, down the alley, into the theater and there was Eddie on the stage in the clean shirt, tie, and suit.

LIKED ART ENOUGH TO BUY

Twelve of 47 Prints Are Sold to Visitors Who Chose for Work, Not Names

During its short stay the collection of prints from John Grant, Edinburgh, Scotland, which was shown in the department of architecture gallery from Wednesday through Saturday of last week, received an enthusiastic reception. Twelve of the 47 prints were sold. According to Prof. John F. Helm, Jr., of the department, the papers sold were not those of only two or three special artists, but were chosen just occasionally throughout the whole group.

"Most of the people bought what they liked," Professor Helm explained, "regardless of names! Only one or two purchased with the collectors' view of names and their monetary value in mind."

The exhibition, which had been scheduled for March 20, had been held up in Kansas City for a customs release. Although it included such widely known masters of etching as Sir Francis Seymour Haden, Augustus Legros, Anders Zorn, and Eugene Bojot, the showing was primarily one of contemporary English artists. Two important American artists, Herman Webster and Louis Rosenbort, were also shown in the collection.

The exhibition will be circulated by the architecture department in other Kansas cities and towns, including Lindsborg, Salina, and Topeka.

FRATERNITY SING IN MAY

Conflict in Rehearsals Necessitates Delay in Annual Music Competition.

The annual competitive singing event for Kansas State fraternities and sororities will be held the week following the presentation of "The Mikado," which will be given May 4 and 5 by an all-college cast. The date, originally set for April 21, has been delayed on account of conflicting rehearsals, according to Milfred Peters, manager of the singing which is sponsored by Phi Mu Alpha, men's honorary music fraternity.

Fraternities are not permitted to use extra-fraternity talent under the rules of the inter-fraternity singing. If arrangements can be made with station WIBW, Topeka, with which KSAC shares time, a part of the sing will be broadcast by the college radio station.

B. A. ROGERS COMES BACK

Methodist Student Pastor Begins His Twelfth Year in Manhattan Rev. B. A. Rogers was reassigned as associate pastor in charge of college student work for the First Methodist church, at the annual conference held last weekend in Kansas City. Mr. Rogers is beginning his twelfth year here.

Dr. C. E. Holman, pastor of the church, and Dr. J. M. McClelland, superintendent of this district of the church, were likewise reassigned.

REED WINS MEN'S EXTEMPORE TITLE AT KANSAS MEET

NORTON STUDENT HERE ALSO PLACES THIRD IN ORATORY

FOURTEENSCHOOLS CONTEST

State Championship Comes as Another Step in Series of Successes Since High School Debating Days

Ernest H. Reed, Norton, again showed his speaking ability when he placed first in the men's extemporaneous speaking contest sponsored by Phi Kappa Delta, national honorary forensic fraternity, held at Emporia, March 31 and April 1. Reed also placed third in the oratorical event held there at the same time. Fourteen Kansas colleges were represented.

"Taxation" was the general field from which the problems of the men's division of the extempore class were chosen. Thirty minutes before speaking the contestants drew the specific subject from which they were to talk. Reed drew as his title, "The Effect of Taxation on Business." The general field for the women's class was "Prohibition."

In oratory Mr. Reed had selected as his speech, "Facts or Fallacies." In the past three weeks he has presented his views on this topic before the Chamber of Commerce, Kiwanis and Rotary clubs, and other organizations in several cities near Manhattan. At the Missouri Valley oratorical contest at Columbia, Mo., held March 23, in which eight colleges were competing, Reed won second place on the same talk.

The Kansas State orator's experience in public speaking started when he was in high school. He was a member of his high school debating team, and also won first honors one year in the state high school oratorical contest. As a member of Kansas State's debate team, he made a trip South to debate two years ago. Last year he placed first in the Native Sons and Daughters of Kansas oratorical contest held at Topeka. He is now enrolled as a senior in the general science division. Two years ago he was president of the local chapter of Phi Kappa Delta, and is now president of the Y. M. C. A.

Other Kansas State entries in the Emporia contest were eliminated in the preliminary tryouts in extemporaneous speaking. The other contestants from Manhattan were Lorraine McMullen, Hutchinson; Helen Morgan, Newton; and James Ketchersid, Hope. Mrs. Mary Myers Elliott, instructor in the public speaking department, accompanied the group.

A. V. M. A. TO MEET THURSDAY

The regular meeting of the Junior American Veterinary Medical association will be held Thursday evening at 7:30 o'clock in the Veterinary hall. Matters of interest to every member will be discussed.

STILL INFLATION NO MATTER WHAT, HE SAYS

Kammeyer Will Tell Kiwanians His Views on "Gentleman From Texas" and His Bill.

Dr. J. E. Kammeyer, head of the department of economics and sociology, will speak to the Manhattan Kiwanis club today on "The Gentleman From Texas," who is Congressman Patman. Doctor Kammeyer will analyze the bill which Mr. Patman has introduced into this special session of congress for the issuance of two to five billion United States notes for the purpose of raising prices. Congressman Patman claims that this bill is not inflationary, but Doctor Kammeyer thinks that it is.

FOUR IN HOSPITAL

The following students are confined in the college hospital: Wayne Gibson, Manhattan; Alice Boszarth, Lenora; Dean McNeal, Boyle; and L. L. Nicolay, Scranton.

GENE MAURITS AND TRIO PRESENTED IN RECITAL

Jesson, Martin and Downey Share Sunday Afternoon Musical With Soprano.

An audience with lukewarm enthusiasm greeted Miss Gene Maurits, soprano, and the college trio Sunday afternoon in one of the finest recitals of the year. The program, which was at 4:15 o'clock, was given in the college auditorium. The trio is composed of Richard Jesson, piano; Max Martin, violin; and Lyle Downey, cello. Miss Clarice Painter was the accompanist.

The program opened with Miss Maurits singing "Vaghiissima sembianza" and "Ah, mal non cessate" (Donaudy), "Allerseelen" (Strauss), and "O liebliche Wägen" (Brahms). Wearing a floor length wine-red dress, Miss Maurits gave an unusually pleasing impression, and the audience, as always, was responsive to attractiveness.

Haydn's "Trío I in G Major" introduced the trio. The composition is in three movements—Andante, Poco adagio, and Presto Rondo all'Opere. In typical Haydn style, the trio is light and colorful, and the performance was characterized by clean cut precision. The gay mood of the whole is maintained throughout, although tempo changes are abrupt.

Miss Maurits' next number, the Recitative and Aria "Nobles seigneurs" from Meyerbeer's Les Huguenots, was probably the most interesting from the standpoint of audience enjoyment.

Brahms' "Trío in E flat, Op. 40" was particularly well done. The second movement is tremendous. The powerful intellect of Brahms is shown throughout the trio, and emotional exhaustion follows a performance of this kind.

Miss Maurits' concluding group was modern, consisting of "Edelweiss" (Poundrain); "Chanson Norvegienne" (Poundrain); "Nocturne" (W. B. Oids); and "Nature's Holiday" (Hageman). All four are nice, with unusual accompaniments, particularly the Hageman number.

The recital was quite enjoyable. Miss Maurits was in exceptionally good voice, and the trio played superbly.

Despite the excellency of the performance, the audience maintained its reputation from other musical recitals—that of "You make me like it and I'll clap!"—R. T.

CAN FOLLOW JESUS IN PRINCIPLE IF NO MORE

Correll Denounces Un-Christian Practice and Throws Out a Challenge.

"Applications of Christian Principles to the Modern Social Order" was the subject of a talk given by Prof. C. M. Correll, assistant dean of the division of general science, to members of the Christian Endeavor at the First Christian church Sunday night.

He spoke of the impracticability in modern civilization of following Jesus in practice but of the desirability of following him in principle. He spoke also of some of the un-Christian practices existing today in America, a nation which calls itself Christian, and challenged the younger generation to attempt to amend these practices.

Professor Correll expressed the belief that the national state is not an eternal thing and thinks it inevitable that it will pass on into history just as the old feudal state did. In the years to come something will take its place—perhaps some kind of a world order, because the nations today are all so tied together, Professor Correll believes.

COWBOY DANCERS ARE POPULAR AT P. E. CONVENTION

MOLL SAYS THEY EXCEEDED OWN AND HIS HOPES FOR THEM.

ORCHESTRAS GROUP PERFORMS

Kansas State Has Large Delegation of Physical Education Majors and Instructors at Midwest Gathering.

Surprising their "dancing-master" and themselves, a cowboy dancing team from Kansas State won the greatest applause of 35 numbers at the annual convention in Wichita last week of the Midwest physical education association.

Costumed in corduroy trousers, imitation chaps, guns, khaki shirts and bandana neckerchiefs, the sixteen freshmen physical education majors performed in a manner creditable to themselves and to their instructor, C. S. Moll.

"Out of the class of 24 who learned the dance, 16 took part in it at Wichita," said Coach Moll. "The dance was given at Wichita better than the boys had ever given it before. They demonstrated their ability as cow-boys and dancers beyond both my expectations and their own. There were 35 numbers on the program and the cowboy dance gained the greatest applause of any presentation."

The dance was originated by J. G. Hoffer, physical education director at the Y. M. C. A. in Wichita and general chairman of the Wichita convention.

Orchestra Gives Rhythm Dance. As their part of the demonstration, thirteen members of Orchestra gave a rhythmic dance in German technique. The dance was original and was given to the beat of a tom tom.

Of all the various meetings of physical education instructors held during the convention from Wednesday to Saturday, probably the most interesting of the convention was the demonstration Friday evening in the Forum. The program consisted of physical education and health education activities from the kindergarten through college activities and including Y. M. C. A., Y. W. C. A. and Boy and Girl Scout activities.

The Midwest section includes 16 stations comprised of states between Colorado and Michigan and from and from Kansas to Minnesota.

Next year the convention will be held at St. Louis if the Midwest section is not divided. There is some talk of dividing the section and having the states east of the Mississippi river meet at Cleveland, Ohio, and those west meet at St. Paul.

Large Delegation From Here. Those who participated in the orchestra dance were: Lucille Ahlman, Roberta Odle, Louise Roseff, Marianne Ozmert, Ivernia Danielson, and Julianna Amos, all of Manhattan; Margaret Carr, Kansas City, Mo.; Lucille Johny, Abilene; Rosemary Schmidt, Junction City; Ambrosia McClaren, Galena; Evelyn and Ernestine Young, Arkansas City; and Arlene Smith, Topeka.

Those who took part in the cowboy dance were: L. E. Abbott, Phillipsburg; R. F. McAtee, Council Grove; D. H. Martin, Allen; G. M. Mott, Burlington; E. F. Keas, Chanute; R. L. Heinz, Grainfield; J. B. Edwards, Manhattan; G. W. Watson, Clifton; G. T. Trusler, Junction City; R. D. Churchill, Junction City; R. D. Gage, Manhattan; W. C. Erdman, Ellsworth; D. A. Watson, Osborne; F. A. Jenkins, Osgood; R. S. Leavenworth, W. J. Sherr, Latham; L. F. Kralovich, Irving; and V. P. Marks, Ogden, Topeka.

The following women's physical education majors from Kansas State attended the convention: Betty Wagstaff, Topeka; Dorothy Malby, McPherson; Doris Paulsen, El Dorado; Mary Lou Clark, Burr Oak; Jane Swenson, Phoenix, Ariz.; and Oma Lee Burson, Manhattan. A number of Kansas State alumnae were there also, including the following: Grace Editha Reed, Holton; Mildred Huddleston, Concordia; Helen Eiling, Junction City; Hope Dawley, Coffeyville; Jo Johnston, Coffeyville; Ruth Frost, Parsons; and Esther Hobson, Kingman.

As a protest against the coeds' adoption of football as a major sport, the men at the University of Melbourne have taken up knitting.

We Elect a Student Council

Along with the announcement that student council petitions are due April 13 comes the awakening of school politics. The council election which will take place during the latter part of April should interest all students and will deserve particular interest this season because all new members will be elected.

All of the present council will end their careers when the new council takes office late in the school year. That means that seven new members must be chosen from students of sophomore and junior classes now in school. It is assured that the majority of the council will be juniors but a few sophomores are needed because an entirely new council is something to avoid. It is unfortunate that there will be no experienced members on next year's governing body.

To some, the student governing election is just another election that will clutter up Anderson hall. To others, it is important. It is an occasion which students should take seriously and in which they should take part.

If you are one of those students who care nothing about the student governing association and don't know you are a member, it is well that you wake up to the fact that you are given a chance in this election to prove your worth in the student body. You can voice your opinions forever in your rooming house and you can talk all day about a trivial matter in which the student council didn't agree with your opinions, but here is your real chance to do something about it.

There are several plans which can be followed in doing this. One would be to enter the council election as a candidate. This probably wouldn't get results because backing is needed. The only plan to follow is to get a group organized and install a system of electioneering. There you will have an organization behind you and working for you even though you may take things rather quietly in order to avoid obnoxious publicity.

For the student who is familiar with student elections, we can offer little advice. But it will be well to remember political ethics. Don't override your fraternal support by depending too much on a brother or sister. Don't get up a gang and install slicker methods, and don't try high-powered the independent student. Take things as they come and work hard. Be sure that you have dependable support that is likely to remain friendly till the last vote is cast.

To the campus politician we also have a word or two. Here is a chance for some good work. By good work we do not mean spending huge sums of money or trying spectacular publicity stunts. It has been obvious in the past that the student election is won by student merit and not by high-powered political schemes. There may be no big problem at hand and the election of certain students to the council will not change any school organization which will affect the outward appearance of the college. The election is one in which deserving students are given reward by the highest honors that can be bestowed upon an undergraduate student. Student voice will be heard and student opinion will take a front seat but high-powered methods of political demagogues will not bear weight.

Student politics have been in the background the past two years and little interest has been shown in several student elections. It is obvious that organized political parties are the cause of strife and worry which all seems unnecessary. But some organization is necessary. To find the best candidates, political unity is primary. The various parties always select popular students and those who will fill the offices to a certain degree of perfection. That is needed in a college of this size because the ability of each student isn't known by every student. We all think that our personal friends will make the best council members but we fail to regard the talent of the majority which we know only by sight—if at all. It is to the interest of everyone that abilities of certain students be respected. This can be done only by political organization which will narrow down the field to select candidates. It appears that more student political activity

is necessary—not to the extent of being harmful but to the point where only choice candidates are on the ticket and the party with the best platform and ideals will be the winner.

The election of five men and two women to the offices of the council of the Student Governing association will probably take place immediately after the Easter holidays. Now is the time to start and when election day comes, see that your opinion, your candidate, and your proposition is represented. And when election day comes, see that you vote.

The Campus Big-Shot

When one is elected to a student body office or editor of a publication and gets what is known in the Alps as the swellhead, he becomes subject to the perils of the great open spaces, represented as Public Opinion. Subsequently he lays himself open to 14 sundry diseases, among them being the Desire to Please the Public. Evolved then is the Big Shot.

It takes about three weeks for the embryo Big Shot to realize his position. The glory of being elected has died away and the plaudits of others no longer ring in his ears. It is then he begins to compensate the loss by affectation, usually assumed sophistication or non-chalance. Compensation grows with passage of time and consequent loss of prestige in other's eyes.

As this occurs, the Big Shot kids himself with the supposed dignity of his office. He tries to impress his acquaintances with the prestige of his job, although by now he is growing tired of working without receiving honor.

To impress those persons whom he does not know, the Big Shot refuses to notice the proletariat, and walks with that springy step indicative of a busy man, taking time off for just a minute to speak to some good-looking coed who too is a Big Shot. He has found that it does not pay to pause for those who are small fry, unless he is feeling particularly charitable. But all his pose is not assumed. He really imagines that when he walks down to the square, either in his busy walk or his jaunty swing, showing his sophistication, every one is noticing him, envying him, whispering about him. He sees students whom never before has he seen, and imagines that they know who he is, for certainly those students have heard of him.

He enters the door of the Varsity Inn, nonchalantly, in perfect pose, then says hello to as many people there as possible. This is demonstrating his popularity. When he goes out he has that swing to his shoulders that all must see and be amazed. Should he join a crowd, it is plain to all just who is the real leader. The Big Shot knows that he stands out. He is individual.

As the time approaches for his leaving office, he fights vainly for his vanishing self-esteem. Chances are he retains his exaggerated ego. He is a Big Shot.—Arizona Wildcat.

A Sensible Attitude on Drinking

The national legalization of beer, even though Kansas as a state will remain dry, will present a problem that will call for a fine spirit of cooperation between students and the administration of the University of Kansas. There is no doubt that some students will go to Kansas City on week ends and at other times and drink. Whether the percentage of drinking students will increase is a debatable point, but for a while at least, there will probably be some student intemperance.

Students who fling discretion to the winds and conduct themselves with reckless abandon will work irreparable damage to the university. On the other hand, the administration should be guided by tolerance and understanding. Dealing with this question calls for use of good common sense.

An extremely sensible statement on the question was issued recently by President Alexander G. Ruthven, of the University of Michigan. It might well serve as the basis for handling the situation at the university.

"The attitude of the university toward drinking and drunkenness has been consistent for many years, and new circumstances will make no changes in it," President Ruthven said. "We have always expected each student to conduct himself so that he will bring no discredit to this institution. This applies to drunkenness as well as to any other unbecoming act.

"The fact that the government has made beer a legal beverage makes no change in this principle, nor in its application toward the problem of student drinking. We still expect the students to behave themselves in a becoming manner, and action toward offenders will be the same in the future as in the past.

"The withdrawal of the support of the law, however, puts the matter more squarely up to the students than before. They have always had a share in this responsibility, but it is now theirs alone."—University Kansas

In Freudian Fashion

Psychologists, particularly those who act as parrots for Freud, like to remind the world that women of college age are passing through an emotional stage which demands understanding and finesse on the part of their elders. It would be a great burden off the shoulders of these college women if they could believe that all their own pettiness, stupid jealousies, insignificant quarrels and quick criticisms of each other were due to their age.

The rapidity with which women undergraduates take offense and the duration of their antagonisms often make university living centers an actual purgatory on earth, for inhabitants. Each one considers her own feelings of most importance, and it is rarely that a college woman will make a sacrifice to insure the comfort and mental ease of a fellow student.

Perhaps it would be better if the psychologists stopped attempting to teach immature minds mature facts. Perhaps it would be of more value to the student if he knew a little less about himself, and learned instead how to control his conduct. If the college woman were not quite so prominently aware of her emotional status, she would not indulge in the orgies of moods

and temperament that she now seems to feel are necessary to her successful existence.

Such a program of procedure might deprive the woman undergraduate of some knowledge. But in its place, she would learn how to live in a manner which would not only be best for herself but also for her fellow residents. The psychological theories can be saved until the student's mind is open to truth which can be understood.—Syracuse Daily Orange.

The Great Adventure

The collegian and his world are often the envious of those outside of college, who only see the brilliant and gay in college life; the parties, the athletic events, and the carefree atmosphere.

A look at the real world of college would convince such a person that the college world is not materially different from his own. The collegian is a dull, stoogy person who spends most of his time in books—not the brilliant books of the world, but dull, gray textbooks.

The collegian usually is a Babbitt, with a Babbitt's ambition, his ignorance, and his narrow viewpoint.

Most of us need a great adventure. Any kind of adventure, anything to get away from the shop-talk of grades, women, parties, or professors.

Romance—not the sort of instinctive attraction for the other sex we usually think of—but the real romance of adventure, of doing something new, is what we need.

Romance is where one makes it. There is no need to travel to the South Seas or the Arctic wastes to find the glamour of life. Every day brings us an opportunity to find the darling and the unusual.

One can find romance without stirring out of his armchair—if he will only seek it. The great adventure is finding an escape from our dull environment.—Silver and Gold.

On Other Hills

The town-car of a fraternity at Colorado university was returned last week after being kidnapped and held for several days. A ransom note received during the time it was missing reads as follows: "We mean business. It's gone, and we demand a ransom of four bits (fifty cents) for its safe return. If not paid by noon, Saturday, March 4, 1933, it will lose its tires, battery and gas. The thing has been too damn much of a nuisance on the campus."

Baylor university rightfully boasts of a coed with an extraordinary constitution. She can dis-joint both her hips and her arms; has double knees; is knocked-kneed; has an eye in which the muscle is paralyzed; is minus a rib; has a cracked skull; and has one toe cut off. In spite of all these handicaps, she takes part in sports and activities.

A petition signed by 50 students at the University of Texas requesting that "we be hung, drawn, and quartered on the front steps of Main building at high noon, April 4, 1933 was denied by the president of the university. The reason for the strange petition was the statement "that we are desperate over the present state of things and are at our rope's end anyway."

The Daily O'Collegian, Oklahoma A. & M.'s student newspaper published an April Fool's edition, entitled, "The Dazed Paper." Some of the headlines read: "Students' Apartments Are Approved for Entertaining Dates," "Student Senate Decides to Return State to Indians," "Plenty of Good Material Enters Ag Queen Race," "Dean of Women Holds Smoker," "Art Exhibition Will Be A Wow Thinks Writer," and other impossibilities.

The Snooper

With fear on their faces, hair blown back, hiding onto all available parts, seven Tri Deltis breeze through Aggieville terrorizing the native residents. Incorporating their ideas and pooling their Sunday school collections for the last three weeks, these seven Tri Deltis bought a Ford. It is a four-wheel job with the latest improvements in regard to ventilation. Its name is "Zinzi-berace" but for short it answers to "Martha-Bessie." The Tri Deltis, loyally believing in the stamina of their vehicle, challenge all comers in the light car class to a race. (The Kappa revelation, Gertrude, should be a good opponent). Anyone desiring to accept this challenge should send the make of their car, name of owner and driver, piston displacement, and insurance policy to the Snooper in care of the Collegian.

Kingsley Given, listed in the Kansas State college bulletin, catalogue number as associate professor of public speaking, has been giving tap dancing lessons in his public speaking classes. Well—that's expression.

Anyone wanting to locate Ernest Reed may find him at the Alpha Xi house—but he doesn't live there.

Captain Swift of the infantry made a bargain with Captain Max Martin of the military band: If Martin would keep his assortment of musicians inside on Monday morning drill periods, and let the infantry drill in peace on the campus, Captain Swift would take the infantry to the park on Monday afternoons and let the band drill on the campus.

Fern Vesceky interviewed Eddie Cantor for the second time last weekend in Kansas City. Going backstage to see Mr. Cantor she obtained admittance into his dressing room. Fern walked boldly into a dimly lighted room, but was slightly abashed when the Wild Eyed Gentleman threw his arms around her—finally discovered his mistake and cried, "Oh! I thought you were Flo Ziegfeld's daughter."

At The Theatres

DICKINSON THEATRE

"The Sign of the Cross"

"Ben Hur" in the dust by presenting a true picture of the Christian fight for faith against Rome's cruel hate. Rome burns, Nero is defied, and Christians are accused at the Dickinson theatre today and tomorrow.

The beauty, Poppaea, played by Claudette Colbert, puts into the show everything she has within her power, but still can't offset the strong love, Fredia March, Prefect of Rome, has for the determined blond Christian, Elissa Landi. It's a show that mixes animals, blood-thirsty humans, Christian beings, faith, hate, love, jealousy, and terror all under the simple but mighty sign of the cross.

It'll make you gasp. It has the church appeal by showing the cradle of Christianity, the sacrifice for a cause. This is the base of the church today—see it through your own eyes as only the cruel Nero, Charles Laughton, can show it to you.

AT THE VARSITY

"Gabriel Over the White House"

This is the picture of a president of the United States who is virtually a second Mussolini. Walter Huston is Jud Hammond, the president, who really creates history in ruling the country as he sees fit. Jud Hammond commences his stay in the White House as just another weak-spined politician, who is lucky enough to win an election. There is an accident and the president is injured. With his recovery, Jud Hammond is transformed into a hard, decisive "iron man," who fires his cabinet and then tells congress what to do and how to do it.

You'll enjoy this political drama, for it's a composite of current problems. It's interesting to watch what this dictator-president does with regard to prohibition, disarmament, war debts, and the depression as a whole. Karen Morley and Fanchot Tone enliven the romantic element of the show.

Society

Farm House

Sunday dinner guests at the house were W. H. Wiswell, Manhattan; Howard Hass, Almena, and Henry Ford, Eureka.

Harold Kugler, Abilene, and Gene Shields, Emporia, visited at their homes over the weekend. Shelby Neely returned Sunday from the physical education conference at Wichita.

Delta Sigma Phi

The following guests were entertained at a dinner dance Saturday at the house: Mateel Ulin, Hunter; Helen Gugel, Kansas City; Katherine McClintock, Green; Genevieve Freed, Scandia; Alice Willcox, Lillian Mundell, Esther Johnson, Alice Kimball, Ruth Gresham, Lenore Converse, Jean Roper, Marie Blythe, Alfreda Meyer, Eleanor Tague, and Mrs. C. E. Newell.

Delta Sigma Phi announces the engagement of Miss Mateel Ulin, Hunter, and Mr. Charles Stewart, Hunter.

Sunday dinner guests were: Mr. and Mrs. J. R. Stewart and daughter, Ellen, Hunter; Eddy Crans, Lenora; and Jack Burk, Manhattan.

Alpha Gamma Rho

Members of Alpha Gamma Rho entertained with a house dance Saturday evening.

Sunday dinner guests were Mary Jordan, Margaret Green, Gladys Dukstra, Grace Burson, Mary Tilton, Maurine Steele, Helen Teseman, Chester A. Wimmer, Joe Smerchek, and Doctor and Mrs. C. M. Hook, Braymer, Mo.

Howard Coberly and Thomas Bond, spent the weekend in Cove. Lester Zerby visited in Salina over the weekend.

Carl Conger and Gaylord Munson spent Saturday in Topeka.

Phi Sigma Kappa

John Hartman and Leslie Murchphy spent the weekend in Lincoln and Omaha.

Steve Vesceky and R. L. Parker spent the weekend in Kansas City. Donald Fox spent the weekend at his home in Longford.

Sunday dinner guests were P. J. Longley, Lebanon; H. C. Getty, Winchester; S. R. Mudge, Salina; and Edward Hartley, Tucson, Ariz.

R. O. T. C. Ball

The Reserve Officers Training Corps of the University of Missouri has invited the Kansas State cadet officers, P. M. S. and T., to attend its 33rd annual military ball, which will be given Wednesday, April 12, at the Club Bengal ballroom, Columbia, Mo.

The old-fashioned lunch box, long associated with rural school children, is fast becoming a vogue on the campus of the University of Minnesota.

YOUR FAVORITE CRITIC SAYS

When an audience in Manhattan is moved to applaud, it is moved. And the audience sat during "Gabriel Over the White House," obeying the impulse to applaud as it never has in our recollection of a good many hours of motion picture attendance.

"Gabriel Over the White House" is the greatest piece of dramatic propaganda that we have ever witnessed. It is not plastered with obvious tactics. Here is a perfect production.

By all means see this picture. We'll guarantee it. And if you are moved to applaud, do it!

—H. MILES HEBERER.

THEY TELL ME

That the scarcity of students-eager-for-knowledge in the classrooms yesterday morning was not due to the after-effects of nine weeks quizzes but to the Phi Delta party—and as chaperones will say, "It was the dryst party of the year." Prominent among those losing their equilibrium was Johnny Scherzinger, the dapper dentist from Kansas City. . . . Evidently "Great Lover" Isaacson got his lines crossed again this week end, Helen Pickrell was seen in Aggieville with a bandage on her chin Among the early Sunday morning strollers were seen two Chi Omegas with their evening dresses under their arms Katherine Reid, the Kappa fly-about, has decided to get along without the Sigma Nu star And another Phi Delta pin has found its way to the Chi Omega house, this time it's Victor Croskey and Zelma Conn. . . .

John Van Aken has left the fold, and has announced that he is ready to sow wild oats—power to you John! George Boone is now running competition with Jim Richards for Betty Shearer's affections Lee Morgan and Leora Light have discovered that there is no one quite like themselves and after shopping around have again become the ideal couple One of these days Wally Duncan is going to grow up on us—Saturday morning he attempted to smoke his first cigarette, and the world, instead of turning once every 24 hours, was doing at least 240.

And we have only to add—"so this is college!"

Social Calendar

Tuesday, April 4
Orchestra meeting, N1, 7:00-9:00.
Orchestra rehearsal, auditorium, 7:00-9:00.

Sigma Alpha Epsilon
Sigma Alpha Epsilon announces the pledging of Forrest Petty, Clay Center.
Dinner guests Sunday were Mr. and Mrs. Paul Peak, Mr. John McClung, Jack McClung, and Mary Ratliff.
Chi Omega
Weekend guests at the house were Mary Nubar, Kansas City; Margaret Keller, Lawrence; and Marion Fitzwater, Lawrence.
Mayrie Griffith and Virginia Haggart attended the Y. W. C. A. convention in Ottawa Saturday and Sunday.
Rex Rankin, Corning, and Victor Crosky, Kansas City, were dinner guests Sunday.
Charlotte Buchmann spent the weekend at her home in Clay Center.
Pi Kappa Alpha
Dale Maxwell and Charles Maxwell, Columbus, spent the weekend in Kansas City.
Paul Rayburn, Newton, and James Edward, Manhattan, spent the weekend in Wichita.
Leland Rose visited at his home in Council Grove over the weekend.
Max Fockele, Ottawa, was a guest at the house Friday.
Walter Kern, Leavenworth, was a Sunday dinner guest.
Sigma Phi Epsilon
Dinner guests at the house Sunday included Prof. and Mrs. L. E. Conrad, Prof. and Mrs. M. A. Durland, Gene Comstock, and Miss Berniece Benjamin.
Saturday visitors were Margaret Wyant, Mrs. Z. E. Wyant, and Jean and Betty Thomas, all of Topeka.
Alpha Tau Omega
Lee Morgan, Reece Morgan, and Ward Shurtz went to Topeka Friday night.
Arthur Schmersey, Marion, was a guest of Lloyd Riggs Sunday.
Misses Nevah, Charlene, and Clara Irby, all of Newton, and Kirk Ward, Solomon, were Sunday dinner guests.
Phi Omega Pi
Beulah Jenkins, Kansas City, was a weekend guest of Mae Gordon.
Ethel Wells, Monument; and Frances Shewmaker were Saturday evening dinner guests.
Sue Lyon, Nevada, Mo., visited at the house Monday afternoon.
Jewel Stockdale, Laura Ward, and Helen Reed were in Junction City, Sunday.
Velma French spent the weekend in Concordia.
Alpha Delta Pi
Doris Paulson, Roberta Odle, Jane Swenson, Lucile Johtz, Ivernia Danielson, and Lois Rosencrans returned Saturday evening from

the Physical Education convention in Wichita.
Lois Darby spent the weekend at her home in Morrowville.
Bernice Benjamin, Chicago, was a guest at the house Sunday.
Mrs. Grimes and daughter, Gwen, were dinner guests Sunday.
Bertha White spent the weekend at her home in Jewell.
Vona Wandling was at her home in Sharon Springs over the weekend.
Alpha Delta Pi announces the pledging of Gwendolne Fisher, Marion, Monday.
Kappa Delta
Dorothy Leshosky, Cuba, and Mildred Forrester, Wamego, spent the weekend at their homes.
Dorothy Blackman went to a Y. W. C. A. Cabinet Training Conference at Ottawa this weekend.
Mrs. Grace Metz, her daughter, Jean, and Phyllis Munzler, Concordia, were guests this weekend.
Esther Page, Milwaukee, Wis., was a dinner guest Sunday.
Louise Scheut went to Clay Center this weekend to visit friends.
Kappa Sigma
The following were guests at a seven to eight o'clock house party last Thursday evening: Margaret Myers, Marion Todd, Jane Harmon, Mary Elizabeth Wilkes, Betty Shackleford, Margaret Joyce, Elouise White, Elizabeth Smith, Leora Lang, Dorothy Leshosky, Helen Morgan, Alice Schnacke, Edith Ramey, Cora Oliphant, Beta Burson, Harrel Porter, Margaret Jones, Madge Mahoney, Louise Kreihel, Amy Jaspersen, and Frances Jack.
A. R. "Monk" Edwards, Mrs. Smetz and daughter, Jeanne, Concordia; Chet Freeman, Junction City, Lee Murry, Topeka; and W. E. Beals, Manhattan, were Sunday dinner guests.
Phi Kappa
Elmer Petach, Hanover, spent the weekend at home.
Morton Fitzmorris, Lillis Wempe, and William Gilligan were in Topeka Friday.
Jim Le Cleere was a dinner guest Friday evening.
Morton Fitzmorris and William Gilligan spent Thursday in Salina.
Phi Kappa Tau
Charles Funk and Velton Stewart, Salina, were guests this weekend.
C. C. Young, Utica, was a dinner guest Sunday.
Harry Canstrom and Lorraine Johnson spent the weekend in Concordia.
Ivan Phetaplace, Smith Center, went home this weekend.
Alpha Rho Chi
Beulah Jenkins, Kansas City, was a Sunday dinner guest.
Dwight Gillidette, Plains; and William Erdtman, Ellsworth, spent the weekend in Wichita.
Leo Stafford called at the house Monday.
Clover
Mrs. J. T. Russell and Ruth, Clearwater, visited Ruby Corr Saturday.
Marion Louise Coe was a Sunday dinner guest.
Mrs. Emil Johnson, Ottawa, visited her daughter, Esther, Sunday.
Ethel Rosey, Junction City, Ruby Wilson, Council Grove, and Jessie Dean, Ottawa, spent the weekend at their homes.
Alpha Kappa Lambda
Special initiation was held Sunday for Roland A. Munsell, Sedgewick, Fletcher Booth, 30, and Ray Fox, 31, both of Manhattan, were present at the service.
Wilbur Naylor and Clarence Brehm, Burr Oak, were weekend guests.
Byron Stephenson went to Wichita for the weekend.
Wilbur Wahl spent the weekend at his home near Wheaton.
Miss Everly spent Wednesday in Topeka.
Howard Kindsvater made a chemistry inspection trip to Wichita.
Sigma Nu
K. Bate is confined at his home in Junction City because of illness.
Ralph Olin, El Dorado, was a weekend guest.
Carl Paulson spent the weekend at his home in El Dorado.
Harry Hasler spent the weekend in Wichita.
Roberta Strowig and Elizabeth Fleenor were Sunday dinner guests.
Lambda Chi Alpha
Ward Colwell, Onaga, spent the weekend at the house.
Clifford Scott, Bill Justus and Foster Scott were in Topeka Friday.
Bob Vaupel and Collins Crum left Sunday night for Denver. They will return the latter part of the week.
Delta Delta Delta
Saturday dinner guests were Herbert Beckquett, Howard Divine and George Hopkins, Garden City.
Weekend guests were Vera Farrell, Clay Center; Fern Gaston, Randolph; Marion Roerdon, Wakefield; Thelma Williams, Caldwell, and Mrs. Thomas Donnelly, Goodland.
Guests at the house Saturday evening were Mary Lou Barker and Miss Murton, Clay Center; and

Virginia Dangerfield and Margaret Sooner, Topeka.
Sunday dinner guests were Katherine Roper, Virginia Freed, Scandia; and Thelma Crawford, Salina.
Jeannette Moser, Ellen Payne, and Elizabeth Lamprecht attended the Y. W. C. A. convention in Ottawa over the weekend.
Helen Morgan spent Friday in Emporia attending the Pi Kappa Delta state meet.
Rowena Johnson spent the weekend in Kansas City.
Kappa Kappa Gamma
Kappa Kappa Gamma entertained with a spring house party Saturday night. The dance was chaperoned by Mrs. J. P. Ramseyer, and Mr. and Mrs. F. C. Fenton.
Guests at the party were: Jane Keel, Abilene; Nadine Wallace, Caroline Dolly, Corinne Solt, Doris Harmon, Maurine Bryan, Betty Songster, Joyce Pennington, Cornelia Prather, Roy Best, Don Isaacson, Clark Kostner, Dave Hays, Ned Kimball, Howard Rhoads, Clifford Scott, Don Porter, Wicks Schoolcraft, Martin Cheney, Maurice DuMars, Lomar Fearnman, Everett Merkeley, Ned McCormick, Burnett Stratford, Herbert Beeman, K. Benjamin, Russell Smith, Hal McCord, Price Berryman, Al Wilson, Charles Cheney, Russell Webb, Jack Hensley, Don Lacey, Dick Owen, Douglas Russell, Denny Olmstead, Ray Scritchfield, Larry Froelich, Kermit Pierson, Leland Rose, Swede Salisbury, Fritz Beeler, Harold Eddington, R. Sandels, Don Green, Orville Nuffer, St Sartorius, Elwin Athey, Don McNeal, Victor Meseke, Jim Pratt, Jack Knittle, Paul Vandergriff, Dave Umberger, Bob Wallerstedt, Oran Emrich, Max Gallagher, Carlisle Grage, Fred Garrison, Ed Stone, Time Lantz, Doc Kennedy, Bert Thornbrough, Ray Nelson, Oran Emrich, Ralph Marshall.
Joyce Pennington, Maurice Bryan, and Betty Songster were guests for the weekend.
Lorraine McMullen spent the weekend in Emporia.
Rosemary Schmidt and Margaret Carr attended an Orchestral meeting at Wichita Friday and Saturday.
Barbara Lautz went to Ottawa Sunday to the Y. W. Leadership Training conference.
Kathryn Black, Mary Horn, and Wilma Womer were in Topeka Saturday.
Van Zile Hall
Juanita Shields, Lost Springs, went to Council Grove for the weekend.
Mary Alice Schnacke, La Crosse, spent Saturday in Ottawa.
Agnes Olds, Delphos, and Ethlyn Mae Elliott, spent the weekend in Halstead.
Elsie Fulk, Langdon, spent the weekend in Junction City.
Margaret Jones, White City, Arliss Honstead, Waterville, and Elizabeth Jo Cates, Salina, spent the weekend at home.
Dinner guests Sunday were Prof. and Mrs. W. T. Stratton, Mrs. Besie Brooks West, Major West, Miss Gladys Vail, Miss Martha Cullipher, and Mr. and Mrs. P. H. Forbes.

JAYHAWKS GETTING READY FOR THE KANSAS RELAYS

Track and Field Stars From Nearby Doses States Will Compete at Lawrence April 22

Lawrence, Kan., April 3—With the date for the eleventh annual Kansas Relays—April 22—now only three weeks away, spring-like temperatures have come to the mid-west and enabled workmen at the University of Kansas stadium to begin preparations on the quarter-mile track and 220 yard straight-away where this annual major sports event has brought hundreds of the United States' leading track and field performers to hang up brilliant records through the past decade.

Indoor marks already made this season indicate that the carryover from the Olympic year will again mean a field of high class contestants for the major outdoor meets this season, and it is certain from advance information concerning entries that the Kansas games will draw a goodly portion of the present crop of track and field stars from some dozen or more states.

In the Big Ten conference indoor meet this spring three records tumbled, the pole vault mark being set at 13 feet 10 inches by Estil Lennington of the University of Illinois, who tied for second at the Kansas Relays last year, and the half mile run record being set at 1:53.9 by Hornbostel of the championship University of Indiana team, who ran a leg on the Hoosier team that won the four mile relay at the Kansas games last year. In the Big Six conference the only record to fall in the indoor meet was lowered by Glenn Cunningham, University of Kansas star miler and conqueror of Gene Venzke in three mile races this season, who set the new indoor mile mark in the conference at 3:18.8, and who four days later ran a 4:12 mile in New York. Cunningham will probably run again in the 1,500 meter race at the Kansas relays, an event he won last year here in 4:02.5 without being pressed.

The University of Oklahoma has served notice that Coach John Jacobs has a mile relay team that will have to be reckoned with this season when his Sooner quartet won that event in 3 minutes 19.7 seconds at Norman, Okla., recently in defeating the Oklahoma Baptist mile relay team of Coach Victor Hurt. The mile relay record in the university of Iowa since 1926, while in the college section Oklahoma Baptists hold the mile relay record at 3 minutes 21 seconds.

Men's Intramurals

With two-thirds of the intramural season over and only the spring sports remaining, a compilation of intramural standings shows that Delta Sigma Phi is still out in front in the race for the championship trophy with a total of 801 1/2 points. Three teams are in the 700's with a chance to catch up with the Delta Sigs before the year is over.

Delta Tau Delta is in second place with a total of 787 1/2 points. Sigma Alpha Epsilon is close on the heels of the Deltas with a 753 total. Behind them are Phi Kappa Tau 729, Aggie Knights 622, Kappa Sigma 597, and Alpha Gamma Rho 581.

Last week saw the baseball schedule getting well under way. In Friday afternoon's games two teams rolled up big scores. Kappa Sigma drubbed Sigma Phi Epsilon 19 to 3; the Aggie Knights were not hard pressed to turn in a 15 to 3 victory over Beta Theta Pi; the Vet A. C. took a 4 to 1 game from Delta Tau Delta; and Phi Sigma Kappa fished out Alpha Gamma Rho 3 to 2.

Yesterday afternoon's contests saw one close game. Alpha Kappa Lambda won from Alpha Rho Chi 2 to 1. In the other affair Beta Theta Pi stopped Alpha Gamma Rho to win 13 to 8.

Four soft ball games are on tap this afternoon. They are: Phi Kappa vs. Phi Kappa Alpha, 4:15 NW; Acacia vs. Farm House, 4:15 SE; Phi Lambda Theta vs. Alpha Tau Omega, 5:15 NW; and Phi Kappa Tau vs. Lone Stars, 5:15 SE.

Competition in hard baseball will be resumed tomorrow. The games are: W. F. A. C. vs. Kappa Sigma, 4:15 NW; Sigma Alpha Epsilon vs. Vet A. C., 4:15 SE; Alpha Kappa Lambda vs. Theta Xi, 5:15 NW.

There will be two soft ball contests Thursday afternoon. They are: Lambda Chi Alpha vs. Phi Lambda Theta, 5:15 SE; and Sigma Nu vs. Delta Sigma Phi, 5:15 NW.

The first round in tennis singles was completed yesterday. Games in the first round of doubles have been posted on the intramural bulletin board. Handball doubles are nearly over. One pair of players has reached the finals, and two others are still in the semi-finals.

TENNIS MEETING WEDNESDAY

Anyone Interested in Tennis Should be Present
A tennis meeting will be held Wednesday at 4:15 o'clock in "K" room, Nichols gymnasium. Anyone who is interested in trying out for a place on the varsity team is urged to be present at this meeting.

Women's Sports

Practices for women's intramural baseball will start next Monday. Those planning to take part are asked to sign up this week. Baseball manager this year is Leora Light, Liberal. The baseball diamonds will be moved farther north due to work on the lawn where some of the old diamonds were.

SEASON OPENER FRIDAY

Kansas State Baseball Team to Clash With Haskell Indians On Home Diamond

The Kansas State baseball team is winding up its training season this week and will meet its first competition Friday afternoon when the Haskell Indians come here for one game.

Nearly all the squad members are in condition for the starting of the season. This week will be spent in getting the team in the best shape possible before the opening contest.

Coach Charles Corsaut is working hard now to improve the batting work of the Wildcats. He is spending time with several of the players who are weak with the bat to get them hitting before Friday. A short practice game will probably be played every afternoon this week.

Two Western league scouts were in town Saturday afternoon and looked over the Kansas State

squad. They expressed their approval of the club and were impressed by the work of Captain M. L. Carter, Jimmy LeClere, Andy Skradski, Charlie Gents, and Douglas Russell.

YOUNG MUSICIANS HEARD

Federation of Women's Clubs Holds Annual Audition Friday in College Auditorium

The seventh annual audition sponsored by the Federation of Women's clubs of the fifth district was held Friday afternoon in the college auditorium. Musicians of several cities were contestants.

The audition is in the form of a competitive event for first-year entrants. Performers in succeeding years are scored for progress.

Winners in the first-year competition this year were Margaret Stratton, Fort Riley, piano; and Dorothy Moore, Belleville, voice.

Progress was recognized in the following musicians: piano—Elinor Welch, Abilene, second year; Henry Barber, Junction City, third year; Jane Case, Abilene, fourth year. Voice—John Brown, Washington, second year. There was only one contestant in the violin contest, Vesta Wood, Junction City. She was given first place.

Awards were a "certificate of merit" and \$5 for first year winners; "certificate of progress" and \$10 for second year entrants; "certificate of advancement" and \$10 for third year, and a "young artist certificate" and \$10 for fourth year entrants.

Judges were Miss Gene Maurits, Miss Clarice Painter, Miss Reefa Tordoff, Prof. Edwin Sayre, Prof. Max Martin, and Prof. Lyle Downey, all of the music faculty. Prof. William Lindquist had charge of the audition.

FRESHMEN DISCUSS POETRY

Women's Commission Will Hear Poems That Appeal to Members.
Y. W. Freshman women's commission will have a poetry meeting Thursday evening at 8:15 o'clock in Calvin lounge. Each girl is to read one or two of her favorite poems, and tell why these poems appeal to

her. Helen Rudbeck will read a paper, "How I Feel When I Read a Great Poem."

The meeting will end promptly at 9 o'clock, and all girls who are interested in reading or hearing their favorite poems are urged to attend. Ellen Payne is leader.

LOOK FOR 30 ENGLISH TEACHERS THIS WEEK

Students and Faculty Welcome to Attend Sessions at State Conference Here

Approximately thirty guests are expected at Kansas State Friday and Saturday, April 7 and 8, to attend the Annual Conference of Kansas College Teachers of English, according to Miss Helen E. Elcock of the English department, who is chairman of the conference.

The conference will be divided into three sessions, Friday afternoon, Friday night, and Saturday morning, with a buffet supper in recreation center Friday evening at 6:30 o'clock and a luncheon in the cafeteria at noon Saturday for guests who will remain in Manhattan.

Faculty members and interested students are invited to all of the public sessions.

Dean R. W. Babcock will speak Friday afternoon on "The English Department and the College" and Prof. H. W. Davis will speak on "The Subjects of Modern American Poetry." Prof. R. W. Conover will be in charge of an illustrative dramatic reading Friday night.

Representatives are expected from Lawrence, Pittsburg, Emporia, Wichita, Hutchinson, Coffeyville, Leavenworth, Winfield, and Sterling.

WILLIAMS TO WATERVILLE
Prof. C. V. Williams of the education department will go to Waterville Friday to attend a Father

and Son banquet. He will give a short talk and show a future farmer film.

LOCKARD'S WATER COLORS COMPRISE ONE-MAN SHOW

Kansas, Colorado and Wyoming Give Atmosphere for Work of Faculty Artist

Art lovers are given a veritable feast of color and galaxy of scenes in the exhibition of water colors by Robert Lockard, instructor in the department of architecture, which are being shown in the department's gallery this week.

The group of thirty water colors includes compositions drawn from scenes in Wyoming, where Mr. Lockard spent last summer, Colorado, and Kansas, especially the locality around Manhattan.

"About half a dozen of the paintings," Mr. Lockard said, "were not inspired by any scene, but are more or less purely imaginative compositions."

"We are very proud of this exhibition of water colors," Prof. John F. Helm, Jr., of the architecture department declared of the artist's work. "Mr. Lockard's work is outstanding technically as well as artistically. Certainly his water colors have the finesse which characterizes the work of older and more experienced painters."

Included in the collection are paintings which have won recognition in the Midwestern Artists' exhibition which is held in Kansas

ELLING AND COX TALK AT SHEEP FIELD DAY

Mall Flock at Clay Center is Subject of Inspection and Discussion By Producers.

Prof. R. F. Cox of the animal husbandry department and Prof. Carl Eling of the college extension division spoke last Friday on the program of the Sheep Improvement Field day, held on the farm of J. P. Mall near Clay Center.

The field day was sponsored by the Clay county farm bureau and managed by J. B. Taylor, agricultural agent for Clay county. The first part of the program consisted of the inspection of Mr. Mall's breeding flock. Mr. Mall makes a specialty of producing high grade lambs for the early spring market. In his breeding flock, he uses a registered Hampshire ram purchased from the college.

Following the inspection of the flocks, Mr. Mall told how he manages his breeding flock during the year and how he manages and feeds ewes and lambs. Professor Cox spoke on "The Farm Flock and Producing Spring Lambs for Market." Professor Eling closed the speaking program with a discussion of the talks which had been given.

VESPER SERVICES FOR TUESDAY

The fifth of the series of Lenten vesper services will be held in Calvin hall, room 58, Tuesday at 5 o'clock. The service is conducted by Rev. W. A. Jonnard and sponsored by Wise club, student organization of the Episcopal church.

Brahmans of India always eat and drink without touching their lips.

THE footwear slogan this season becomes "White shoes for Easter." Pigskin out-distances all rivals as the favorite shoe material, but kid in dress styles and elk and calf in sport oxfords are running a close second. White shoes, smart and well fitting, are economically priced from \$2.45 to \$3.95 at the Nu Wae Shoe Store, 311 Poyntz Ave.

MANHATTAN Cleaners are justly famous for their fine work in laundry. It is time to think about having your wool dresses cleaned and put away and wool blankets washed. Just dial 2943 for quick service.

CURVES are in again—and it's reach for a sweet—the Easter-day greeting expressed by a box of delicious candies—from the Palace.

IT pays to buy good shoes and keep them in good shape by having them repaired at the Ideal Shoe Repair Shop in Aggieville.

NYOREN'S Shoe Store has this smart leather T strap slipper, popular new shades, gray and tan, only \$11.50 to \$18.50. Also new spring shoes, hats and sweaters at modest prices. Gibbs Clothing company at 200 Poyntz.

SILK hosiery in the smartest shades: dawngray, natural beige, deausan, chukker. 59 cents a pair, two for \$1.10. Brownbilt Shoe Store, 402 Poyntz Ave.

FOR a Mother's Day gift—have your picture taken at the Studio Royal in Aggieville.

ROSECRAN'S Shoe Service gives you delivery service and they do a wonderful job of cementing soles on ladies' shoes—a brand new feature.

SUNNY days suggest glorious fun therefore, new sporting goods, and therefore, the Waters hardware store, where there are tennis and golf supplies, fishing tackle, and baseball goods. Waters hardware store is at 318 Poyntz avenue.

THEY'RE Milder— THEY TASTE BETTER

THE KANSAS STATE COLLEGIAN

Volume XXXIX

The Kansas State College of Agriculture and Applied Science, Manhattan, Kansas, April 7, 1933.

Number 52

FOUR PLAYS WILL CONTEST TONIGHT FOR SIXTH TITLE

STUDENTS AND TOWNSFOLK
ARE INVITED TO BE GUESTS
OF SOCIETIES

HAMPS-IO ONLY CHAMPIONS

Three Groups Challenge Winners
of Past Five Years for Title in
Annual Competition of
Dramatic Ability

A title of five years' standing will be defended by the Hamilton-Ionian literary societies tonight when they compete with three other groups in the sixth annual intersociety play contest. During the five years in which the contests have been held the Hamilton-Ionians have been the champions. Ruth McCammon, Manhattan, who is coaching their play, "Just Fate" this year, also coached their winning production, "Good Medicine" last year.

The Alpha Beta society, which last year won second place with the play, "His First Dress Suit," did not enter the competition this year. Four plays will be presented by the title defenders, the Franklin, Athenian-Browning and Webster societies.

The first play will start at 8 o'clock. There is no admission charge and townspeople as well as students are welcome to attend the evening's entertainment.

"Just Fate" is the name of the play to be presented by the Hamilton-Ionian societies. The cast is composed of Ruth Gresham, Manhattan; Wayne Herring, Tulsa, Texas; and Winifred Wolf, Ottawa. Ruth McCammon, Manhattan, is coaching the production.

"Finders-Keepers" will be presented by the Browning-Athenian societies. The cast: George Boys, Linwood; Elizabeth Walbert, Columbus; and Olga Larson, Vesper. Esther Wiedower, Spearville, is coach.

"His Wife's First Husband" will be presented by the Franklin society. The cast: David Gregory, Cheney; Althea Siddons, Blaine; Bertha Cook, Effingham; and Glenn Young, Kansas City. Florence Landrum, Effingham, is coach.

"The Girl" will be presented by the Webster society. The cast: Ralph Hendrickson, Manhattan; Joyce Miller, Sycamore; and Frank McCurdy, Leavenworth. Hendrickson is coach.

Judges for the contest will be Mrs. Mary Myers Elliott, W. R. Purkayle, and Rev. B. A. Rogers. Stage manager for the plays is E. Siler, Garden City. D. A. Bly, Pierceville, and P. B. Vautravers, Centralia, are members of the play committee.

LARRY FUNK BAND PLAYS HERE TONIGHT

One of Countries Leading Dance
Bands Plays for Dance at
Harrisons Tonight

One of the outstanding dance orchestras of the country will play for a dance in Harrison's hall in Aggieville tonight. This band under the direction of Larry Funk is one of the foremost dance bands and has played in many large cities in the United States.

The orchestra is known as "the band of a thousand melodies" and carries several excellent vocalists. They come to Manhattan direct from the Terrace cafe of the Hotel Bellevue in Kansas City. They broadcasted until recently over both NBC and Columbia chains. They are now making a short tour of the midwest and the local dance manager regards it as fortunate that they are able to book such an outstanding attraction.

MacLEOD SPECIAL SPEAKER

Will Give Talk at Congregational
Easter Breakfast

Miss Dorothy MacLeod, secretary of the Y. W. C. A., is to be the special speaker at the Congregational Easter breakfast to be held Sunday morning in the basement of the church. Tom Haines, Casper, Wyo., will play a trumpet solo, and Vinton Johnson, Manhattan, will play a piano solo. Mary Alice Schnacke, La Crosse, has charge of devotions. Tickets for the breakfast are 15 cents each.

BEAUTY LIST LARGEST YEARBOOK EVER RAN

Elsie Gottschalk is 31st Candidate
Entered in Competition; Pic-
tures Being Taken

Beauty candidates for the 1933 contest have reached a total of 31 with the entering of Elsie Gottschalk, Wichita, by the Kappa Delta sorority. This is the largest number that has ever been entered in a beauty contest at Kansas State according to Arthur O. Browne, photographer.

Pictures for the final judging of the beauties are being taken this week. The girls who are entering as sports type contestants are wearing sports clothes while the others are wearing formal dresses. Browne has prepared a special background for the pictures which are being taken full length.

This week concludes the sales campaign for the Royal Purple. It will still be possible to purchase a book within the next few days. A down payment of \$1.75 is necessary to hold the yearbook.

SIXTY WILL HAVE WORK BEFORE SCIENCE GROUP

Academy Will Spend Much Time
Listening to Papers of Kan-
sas State Folk

When the Kansas Academy of Science meets here April 13 to 15 for its sixty-fifth annual meeting, approximately 60 of the scientific papers it will hear will be the work of Kansas State students and faculty members. The papers will present a vast amount of material of interest to scientists, and will constitute an important part of the three-day program.

Besides the interest college students will feel on account of the part being taken by local persons, there will be an additional attraction in two lectures, according to Prof. George E. Johnson, who is secretary of the academy.

Dr. Philip Fox, astronomer and director of the Adler Planetarium, Chicago, will give an illustrated talk on "Architecture of the Heavens." "Spiders" will be the subject of another illustrated lecture by Dr. Paul B. Lawson of the University of Kansas. Both are open evening meetings. Doctor Lawson's on Thursday and Doctor Fox's on Friday.

Arrangements for entertaining the scientists are being made by a local committee composed of Prof. L. E. Melchers, Prof. E. R. Lyon, Dr. A. T. Perkins, Dr. D. C. Warren, Dr. Martha Kramer and Dr. Mary T. Harman.

College people who will have a part on the program include Dr. J. V. Cortelyou and Prof. Louise E. V. Cortelyou who will be on the Junior Academy program; Professor Melchers and Vice-President J. T. Willard who are programmed for the banquet Friday evening in Thompson hall, and the following faculty members and students who have written or collaborated in writing papers to be read:

F. J. Duley, Elsa Horn, J. E. Ackert, H. H. Haymaker, C. W. Sabrosky, Ida Chitwood, Vernice L. Kunerth, H. E. Myers, E. W. Johnson, Mary T. Harman, C. L. Lefebvre, C. R. Bradley, L. E. Melchers, Eunice L. Kingsley, C. O. Johnston, C. G. Dobrovolsky, Marjorie Prickett Dobrovolsky, G. E. Johnson, M. A. Foster, R. M. Coco, E. L. Gann, F. C. Gates, J. R. Bentley, C. A. Wisner, J. H. Wilmoth, Leslie Eisenbrandt, Ben Glading, Marjorie Dean, R. B. Casey, M. J. Harbaugh, Estelle Winters, L. A. Wilhelm, Frederic Groetssema, H. H. King, B. L. Smith, B. Beadle, R. M. Conrad, J. L. Hall, M. J. Caldwell, E. R. Lyon, Carl Martinez, Lawrence Hartel, Lee Gemmell, Roy C. Langford.

O. W. Alm, B. H. Fleener, G. A. Dean, S. G. Kelly, D. R. Musser, George Gemmell, J. C. Peterson, H. J. Peterson, H. H. Higginbottom, Ruth B. McCammon, Alice Brill, C. R. Smith, M. V. Redding, H. L. Nonamaker, C. R. Collins, H. R. Bryson, F. S. Kruger, D. A. Wilbur, R. H. Painter and R. O. Snelling.

AG ECONOMICS CLUB NAMES FRANK BURSON

Dean McNeal Is Elected New Vice-
President for Coming
Year

Frank Burson of Monument, junior in agricultural administration department, was elected president of the Agricultural Economics club at a meeting of the organization held last Tuesday.

Burson succeeds O. F. Denton, who headed the club during the past year. Other officers chosen were: Dean McNeal of Boyle, vice-president; O. G. Steele of Barnes, recording secretary; Ben Kohrs of Elmo, corresponding secretary; Harry Coberly of Gove, treasurer.

'MIKADO' CHORUS OF FIFTY-THREE IS MADE PUBLIC

LINDQUIST AND SAYRE NAME
STUDENTS TAKING PART
IN LIGHT OPERA

PRACTICE UNDER WAY NOW

Popular Music Production Will Be
Brought Back to Manhattan
For Two Performances
May 4 and 5

Fifty-three students have been selected to take part in the "Mikado," light opera to be presented May 4 and 5 in the college auditorium. Professors William Lindquist and Edwin Sayre made the selections.

Rehearsals are being held regularly, and it is thought that this year's will be one of the best productions of the Gilbert and Sullivan opera ever given here. "The Mikado" has been a favorite with Kansas State audiences.

The cast of ten principal parts, recently announced, comprises eight students and two faculty members: Lucille Allman, Margaret Higdon, Betty Stanley, Cora Oliphant, James Chapman, Richard Herzog, Harry Hinckley, Elden Stephens, Prof. William Lindquist and Frank Myers, assistant director of athletics.

Students who will take part in the chorus are:

First sopranos—Zelda Ackenhansen, Manhattan; Ivernia Danielson, Manhattan; Tella Hinshaw, Bennington; Jacquette Lawrence, Council Grove; Marjorie Lemon, Wakefield; Harriet Mayer, Alta Vista; Ambrosia McClaren, Galena; Myrna McClure, Manhattan; Mabel Russell, Manhattan; Betty Shackelford, Manhattan.

Second sopranos—Viola Barron, Kensington; Julia Crow, Silver Lake; Frances Focke, LeRoy; Frances Jack, Russell; Vera Trusler, Junction City.

Alto—Juliana Amos, Manhattan; Josephine Baker, Miltonvale; Althea Keller, Enterprise; Artha Lee Knisley, Liberal; Mildred Masden, Lenora; Ernestine Merritt, Haven; Ruth Parsons, Hiawatha; Ellen Payne, Manhattan; Roberta Shannon, Geneseo; Laura Ward, St. Joseph, Wyo.

First tenors—G. W. Edelen, Kansas City; Dudley Flint, Girard; F. H. Fulker, Manhattan; Melvin Rogers, Glasco; Norman Sollenberger, Manhattan; J. B. Wilcox, Lawrence.

Second tenors—H. D. Chilen, Miltonvale; G. S. Fox, Rozel; Harold Kugler, Abilene; G. Lundgren, Clyde; Norris Nelson, Manhattan; George Rogler, Green; F. E. Smith, Stockton.

First basses—Paul Blackwood, Talmo; John Duncan, Manhattan; Dale Edelblute, Keats; George Ellinger, Abilene; John Miller, Prescott; Willard Parker, Clearwater; Leland Roberts, Manhattan; Maurice Schruben, Dresden; W. Wallace, Augusta.

Second basses—W. W. Fechner, Alta Vista; Orval Ruth, Cherokee; Jean Scheel, Emporia; Dean Swift, Olathe; J. S. Todd, Olathe; M. Young, Manhattan.

President F. D. Farrell gave a talk before the Kansas Co-operative Club Thursday evening.

College Aunt Sammy Is Detective-Postmistress

Business in the college postoffice flourishes at mid-semester, and Miss Nellie May, postmistress, and her assistant, are kept busy with flunk slips and grade cards.

It is not, however, only at nine weeks that Miss May is kept busy, for there is more to her work than counting out stamps and putting letters in boxes. Sometimes she is called upon to play detective!

Not long ago a letter arrived with a New Jersey post mark addressed only to Kansas State college, Manhattan, Kansas. Dr. J. T. Willard, who takes charge of the lost mail, opened the letter, but it gave him no clue as to whom it was sent. One day a boy from New York inquired for mail, and Miss May asked him if he knew of any New Jersey students. He gave her

a boy's name, she sent for the boy, gave him the letter, and it proved to be his!

The lost and found box of the college is kept in the postoffice, and Miss May has a collection of lost articles ranging from rings to raincoats. She played Sherlock Holmes another time when a class ring with initials inside and dated 1930, from Delia, Kansas, was turned into the office. She looked through the student directory, found a girl from Delia enrolled in school, and through her traced the owner of the ring.

Working in the post office isn't such a humdrum life as it may seem, for it has its mystery, its exciting moments, its humor, and human interest appeal, Miss May declares.

CAST FOR 'NINTH GUEST' OUT

Mystery Play Will Be Presented As
Last Production of Season of
Manhattan Theatre

The cast of "The Ninth Guest," the play to be given April 28 by the Manhattan Theatre, has been completely chosen, according to H. Miles Heberer, director. "The Ninth Guest" is a mystery play which will be given one night only, as has been the custom for the last two Manhattan Theatre plays.

Donald Williams will play the part of Jason Osgood, a politician just defeated in an election. Dorothy Cortelyou will be Mrs. Margaret Chisholm, a society woman. The two other feminine parts will be played by Margaret Kridger as Sylvia Inglesby, a woman lawyer; and Betty Shackelford as Jean Trent, a Hollywood actress.

"The First Guest" will be portrayed by John Barhydt, while Don Isaacson is cast as a college dean. Dr. Murray Chalmers Reid, Hank Abbott, just dismissed from Reid's faculty, is played by Jim Pratt. Don Porter was chosen for the part of Tim Salmon, a politician, and John Van Aken for Peter Daly, a reporter.

Most of the cast have had previous experience in Manhattan Theatre productions, and, with new talent added, they will no doubt make "The Ninth Guest" a play well worth seeing.

EXTRA HOUR REFUSED BY FACULTY COUNCIL

Refuse Proposal to Allow Sorority
Women Extra Hour on Sat-
urday Nights

The student council proposal that women living in sororities be permitted to remain out until 11:30 o'clock on Sunday nights was voted down in the faculty council on student affairs meeting yesterday afternoon.

Under the present ruling, women must check in at their various houses before 10:30 o'clock on Sunday nights. Due to some influences, the student council last week adopted a resolution which allowed the women to keep the later hour. Before the plan could be adopted, it was subject to the approval of the faculty council.

The faculty council refused to grant the later hour due to the fact that they did not consider student opinion favoring the change as sufficient. Little work has been done on the part of interested parties and the faculty council did not consider student consensus in favor of the change.

TOLD HOW THEY LEARNED IT

German Speaking Group Discuss
Selves and Where They Began
Talking Foreign Language

Where he learned to speak German was told by each member of the newly organized German club at the second meeting Tuesday night in Nichols gymnasium. The club, which had its first meeting two weeks ago, is an organization for students and faculty members who are studying the language or can speak it already.

John W. Loth, a sophomore in electrical engineering, was chairman of the meeting. Professor L. H. Limper, of the department of modern languages, read a short excerpt of a letter which had been sent to Manhattan by a student in Berlin. It was, of course, written in German.

The club sang several songs, including "Die Lorelei" and "Roselein." Harriet Mayer, Altha Vista, accompanied the group on the piano. "Die Lorelei," which is familiar to most Americans in its English translation, is based on a legend concerning the Lorelei rock, on the east bank of the Rhine, between Bingen and Coblenz. The words to the song were written by Heinrich Heine, a German Jew.

TRI DELTS MEET TODAY

All-State Convention Will Be Held
All Day Saturday at
House

Members of the active chapter and the Manhattan alliance of Delta Delta Delta will be hostesses at a Tri Delta All-State convention to be held at the house Saturday, April 8. Invitations have been sent to all state alumnae, to the chapter at Baker university, Baldwin; and to the Alliance chapters at Wichita and Kansas City.

Miss Mary Chapin, Lincoln, Neb., former Tri Delta national treasurer, will be the main speaker at the formal meeting. Miss Agnes Husband, dean of women at Kansas university, and an alumna member of the Baker university chapter, will be a guest of honor.

Proceedings for the day will take place exclusively at the house, and with luncheon at 12:30, followed by a formal meeting at two o'clock, round table discussions at four o'clock. Fireside entertainment, which will be furnished at nine o'clock will be the final event of the day.

Dress Up for Easter at Don and

BASEBALL TEAM IN SEASON'S BOW AGAINST HASKELL

GAME SCHEDULED FOR 4 O-
CLOCK THIS AFTERNOON
ON COLLEGE DIAMOND

LOWELL GETS HURLING JOB

Team in Good Shape for the Game
—Open Conference Play
Against Missouri Here Mon-
day and Tuesday

With the umpire's call, "play ball," the Kansas State baseball season will swing into action as the Wildcats clash with the Haskell Indians on the college diamond here this afternoon. The game will start at 4 o'clock.

Yesterday afternoon the Wildcats finished their training season. This week has been disagreeable for baseball practices and has not given the squad much chance to open up. Nearly all members of the team are in good shape for the game.

Haskell Power Unknown
Not much is known of the Indians this year, but in the past they have always brought good teams to Kansas State. Coach Charles Corsaut expects a good game.

Since Douglas Russell is ineligible, the remaining outfield post has been filled to complete the team lineup. The infield will have John Underwood at first base, Captain M. L. Carter on second, Jimmy LeClere at short stop, Andy Skradski on third, either Ralph Marshall or George Watson behind the bat.

The outfield will find Bud Boyd in right field, Stephen Ashbill in center field, and Charlie Gentz in left field. Dan Blaine and Lee Morgan may also see action in the outfield and Kratzer in the infield.

Lowell to Pitch for Wildcats
Coach Corsaut has given Lefty Lowell the starting pitching assignment. In case the wind is in the wrong direction for a pitcher, he will start someone else. Simms and Heinz are two other hurlers that will probably get into the game. Coach Corsaut is holding Nelson from the game until he rounds into better shape.

On Monday and Tuesday of next week the Wildcats will meet the Missouri Tigers on the home diamond in the first conference series.

Admission for the game today will be 25 cents, half of what it was last year.

MATRIX PRINTS STORY TWO STUDENTS WROTE

Marie Henney and La Faun Astle
Have Interview in Theta Sigma
Phi Official Magazine

Marie Henney and LaFaun Astle, both journalism students from Hutchinson, are the authors of the story of an interview with Mrs. W. V. Morgan, editor of the Hutchinson News and Herald, which was published in the April Matrix, official publication of Theta Sigma Phi.

Miss Henney and Miss Astle are seniors in journalism and members of Theta Sigma Phi, women's honorary journalistic organization.

At the University of Chattanooga students hold a contest each year to elect the Bachelor of Ugliness.

SENIOR INVITATIONS

The committee in charge of the senior invitations announces that it is necessary that all seniors order their invitations before next Thursday because the contract must be sent in April 12.

The invitations are on display in the Y. M. C. A. office.

The hours in which the orders may be placed at the office are: Today—9-12 and 2-5 o'clock. Saturday—9-12 o'clock. Monday—11-12 and 2-5 o'clock. Tuesday—2-5 o'clock. Wednesday—11-12 and 2-5 o'clock.

MAKE GOSPEL TRIP

Elma Edwards, Athol; Vinton Johnson, Manhattan; Lula Corroll, Manhattan; Ralph Brindle, Fredonia; and Ralph Van Camp, Council Grove, were members of a Congregational team which visited Dover last Sunday.

TRIBUTE TO WILLARD ON SEMI-CENTENNIAL DATE

Vice-President Is Honored as Dean
and as Scientist—Mrs. Willard
Shares the Glory

Those attending the dinner which was in honor of Dr. J. T. Willard, vice-president of the college, for his fifty years of service, more than filled the cafeteria and many were unable to get in. President F. D. Farrell was the master of ceremonies at the affair, which was given by the American Association of University Women.

A bouquet of flowers was presented to Mrs. Willard in behalf of the college faculty and a bouquet of roses to Doctor Willard from Mrs. H. J. Waters, Kansas City, who was unable to be present. Mrs. Waters is the widow of the former president of Kansas State college.

Speakers of the evening were: Prof. M. F. Ahearn, head of the college athletic department, who spoke on "Dr. Willard as Dean"; Dr. H. H. King, head of the chemistry department, who spoke on "Doctor Willard as a Scientist"; and Miss Ina E. Holroyd of the mathematics department, using the subject "Doctor Willard's Better Half."

Professor Ahearn stated that while Doctor Willard was stern and austere at times, he talked kindly to those with whom he came in contact. The speech was based on Doctor Willard's activities while he was dean of the general science division.

Doctor King showed X-ray pictures made by Doctor Willard, the first such pictures to be made in Kansas and the first to be used in the diagnosis of injuries. The early life and Dr. and Mrs. Willard was portrayed with pictures shown by Doctor King, and a brief history of the Willard family was shown in pictures. Doctor King also discussed the scientific work of Doctor Willard, especially in the milling field, where his work has done much to make Kansas State outstanding in the field of milling chemistry.

Doctor Willard, in his talk, asserted that he believed the opportunities for young men and women to attain individual success formerly were greater than today, but stated that he hoped that less stress would be placed on individual success and that people would give more attention to art, music, and learning how to live.

Two sonnets were read on "A Man I Knew" by Professor H. W. Davis, head of the college English department, who composed the pieces for this occasion. Special music was furnished by the college string trio, composed of Richard Jenson, Max Martin and Lyle Downey, and by Edwin Sayre and William Lindquist, all of the music department. Charles Stratton of the music department was the accompanist for the two numbers.

It has been the custom of the A. U. W. to honor some important person or important event with an annual dinner, and they this year chose the Willard semi-centennial.

HAIEN SPEAKS HERE

World Fair Director Addresses 4-H
Club Last Night

Dr. John Haien, director of Beacon City, in the World's Fair layout, spoke last night at the regular meeting of the Collegiate 4-H club in the Hamp-10-4-H hall. Formerly a member of the Babson statistical institute, Dr. Haien is now being sponsored by the Y. M. C. A., Y. W. C. A., and the 4-H club in connection with the Century of Progress of the Chicago World Fair.

COME FROM ALL OVER STATE FOR CO-OP GATHERING

MORE THAN 150 FARM LEADERS
OF KANSAS ARE ON CAMPUS
FOR TWO DAYS

LAST SESSION THIS MORNING

Ralph Snyder, C. A. Ward, C. C. Cogswell Are Among Prominent
Men Taking Part in Conference
On Cooperative Plans

More than 150 leaders in Kansas cooperative farming are on the campus today for the closing session of a two-day conference.

Beginning Thursday afternoon, the conference has continued with a full program of discussions and addresses. A banquet at the Wareham hotel last evening was the social feature of the meeting.

Into Final Session at 9 O'Clock
At the concluding session of the conference beginning at 9 o'clock, C. C. Cogswell will preside. Mr. Cogswell is master of the Kansas State Grange.

The program for today's session includes: "Planning Operations for Cooperatives" by R. M. Green, of the agricultural economics department; "The Use of Operating Standards by Kansas Cooperative Elevators" by Prof. V. M. Rucker of the college extension division; "The County Agent and Cooperatives" by Prof. H. Umberger, director of extension at the college.

The last part of today's session will be given in discussion by F. W. Lake, manager of the Hall-Baker Grain company, Kansas City, Mo.; H. C. Morton, manager of the Farmers Cooperative Commission company, Hutchinson; H. E. Witham, secretary of the Farmers Union Jobbing association of Kansas City, Mo.; M. H. Howard of the Hall-Baker Grain company, of Kansas City, Mo.; E. H. Teagarden, farm agent of Stafford county.

C. A. Ward, president of the Kansas Farmers Union presided at the Thursday afternoon conference. The opening session was given to ten-minute discussions by co-operative leaders regarding their experience in securing and retaining members and business phases of their respective organizations.

B. M. Colglazier, manager of the Cooperative elevator at Radium, and Clifford Miller, secretary of the Farmers Cooperative association at Brewster, spoke on "Grain" at the opening session.

"Livestock" was the topic of talks given by Glen L. Leopold, manager of the Farmers Union Shipping association at Frankfort, W. T. Angle, manager of the Producers Commission association, Kansas City, Mo., also spoke on the subjects of "Livestock."

Many Speakers Are Heard
Other speakers on yesterday's program were: Dr. O. O. Wolf, director of the Midwest Wool Marketing association, Ottawa; O. V. Browning, director of the Kaw Valley Potato Growers association, Linwood; C. A. Wilson, manager of the Nemaha Cooperative Creamery association, Sabetha; O. W. Schell, manager of the Farmers Union Co-operative Creamery, Colony; Ralph Felton, Kansas State Farm bureau, Emporia; and H. L. Cowden, president of the Union Oil company, North Kansas City, Mo.

Ralph Snyder of Manhattan, president of the Kansas State Farm Bureau, acted as toastmaster of the banquet Thursday night.

B. B. Derrick of the federal farm board, Washington, D. C., discussed "The Work of a Cooperative Council." "The Place of Cooperation in Developing a Satisfactory Farm Life" was the subject of a talk given by President F. D. Farrell. Doctor Grimes spoke on "The Outlook" at the banquet last night.

Program arrangements for the two day meeting, which ends at noon today, were made by Dr. F. D. Farrell. Doctor Ghimes spoke on "The Outlook" at the banquet last night.

SENIOR PAN-HELLENIC MEETS
The senior men's pan-hellenic council of Kansas State college held its regular meeting Monday evening at the Sigma Nu house. Members of the council were entertained at dinner by the fraternity and afterwards held a short business session, according to E. E. Criner, president of the senior men's council.

When College Students Fail

That age old problem of students failing in college work has received much attention in the past and it appears that a solution is still far away. Men will continue to fail in college work as long as we have colleges. But there are several agencies working on this question at the present time. They are not trying for a solution or a remedy—that would be impossible. What they are after is data that will benefit the student having trouble in recognizing the seriousness of study.

Theories and books of theories have been advanced on this single question but none have come to conclusions more finding than personal opinion. One recent survey, of particular note, made recently among eleven leading midwestern colleges offers facts that appear convincing regardless of lack of detail. At these eleven schools, one of the outstanding educators at each was asked the question of why students fail. Each submitted his answer based upon experience at each institution. The results were pooled and we now have what might be called a worthwhile result of study on this social problem.

As it was expected, many different and often contradicting answers were given. In some cases it was noted that an inefficiency on the part of the school system was an important factor. In other cases it was found that the student as an individual was at fault while in other conclusions it was made clear that there is no single cause for scholastic failure.

Outstanding among the reasons given was the lack of serious intent and the failure of the system to make the student study. Nine of the eleven educators reporting for the eleven schools listed this as a major cause. They called it different names but all meaning laziness, disguised under the name of lack of application or inattention to studies.

Contrary to common belief, fraternities were not among the leaders in cases of failures. Little blame was placed on fraternal organizations in case of insufficient work. In mentioning the Greek-letter systems, the educators noted that some men are not fitted for fraternity life, while others made alliances with organizations not suited for their particular character. Social activities received their share of the blame, but even then not as much as that given extra-curricular activities.

It is obvious that extra-curricular activities share a major berth in the list of reasons for college student failures. It was agreed among this small group of educators that too much time was spent by most students in outside work or school work for which he received no scholastic credit. Along this same line comes information that college students often spend too much time in professional work or some particular work.

The opinion advanced by J. E. Ackert, dean of the division of graduate study at Kansas State, was that with average mental power, good health, and adequate financial support, any college man could carry the scholastic load and at the same time participate in one or two outside activities.

With particular interest we note that financial problems are offered as a reason by several of the school leaders. Some said that lack of financial support was in many cases a major problem and still in other cases, it was agreed that excessive allowances were often as harmful as too meager ones. In connection with financial problems but listed as a separate head, we find that many students fail because too much time has been devoted to self support.

There seems to be one more major cause of can be termed as lack of enthusiasm. This is can be termed as lack of enthusiasm. There is somewhat similar to lack of serious intent but is often referred to as lack of perseverance, failure to establish a purpose, or ignoring of true reason for attending college.

One of the most interesting answers were given by M. L. Fisher, dean of men at Purdue University. An excerpt from the explanation reads: "A very important cause of failure, es-

pecially in the first year is the inability of the student to keep his balance; that is, to distinguish between the important and the unimportant phases of college life. Many students put in their time on the side shows, and lose sight of the main tent. That is often true of upperclassmen; they allow themselves to be occupied with campus activities to the neglect of studies."

On Other Hills

A recent student election at St. Lawrence university was invalidated because, although only 465 ballots were handed out, 485 votes were cast.

Chewing gum improves a student's pep about eight per cent, according to a psychology professor at Colgate.

A student at St. Bonaventure college, when asked in a history class who Karl Marx was, calmly and dutifully replied: "I think he's the one that plays the harp."

A professor whose name is listed in "Who's Who" was among the 86 unemployed teachers who applied for work at \$15 a week at the temporary relief administration in New York state.

Students in a labor problem course at New York university recently threatened strikes and sabotage and advocated collective bargaining to reduce outside reading assignments from 18 to 6 volumes—and succeeded.

For the second time in two years students at the University of Maryland rifled an instructor's office in order to steal examination papers during the mid-terms. The student publication asked for vigorous punishment, accusing the university administration of laxity.

If a girl wishes to take a taxi at the University of Missouri she must first ask permission of the dean of women. No girl is allowed to go to a doctor's office or upstairs in an office building without a college chaperon. No girl is allowed to take a bath before six o'clock in the morning.

A survey recently completed by the National Interfraternity conference showed that scholastic averages in a majority of western colleges were higher for fraternity men than for non-fraternity. Kansas State was included in the survey. By a study of the data collected, the conference committee was able to state that national groups are making their members "scholarship conscious."

Even Princeton university, where students are supposed to be above the average, is a paradise for grafters. About 600 of them, at the beginning of the present term, advanced \$25 each for all the laundry service they would need until June. Police are now looking for Herman Medgebrov who did the cleaning job. It is estimated that the laundryman still owes the students \$12,000.

The Snooper

The "3.2% Specialists" go to Kansas City for the week-end. Many leave in cars, some in trains, while a few hitch-hike—anyway all roads point east. "Go to Kansas City and see your friends", is the battle cry of the mob. The best excuse is to get to Missouri to attend a convention or to visit some friends. Unlikely few who will not have the honor of attending a celebration which will be so great that it will make the Chicago fire of 1871 look like sparks from an empty cigarette lighter.

This is taken from "The Kansas Industrialist"

Fifty Years Ago

The board of regents adjourned after a busy and harmonious session, during which they expressed themselves well pleased with the superb condition in which they found the college. That was around 1883—here it is 1933 and the college financial condition is so low that they can't even find it let alone compliment upon it.

Another initiation—Scarab has requested it's pledges to don derbies, white vests, and canes as standard equipment. Something in the party line was held one night this week but nothing much can be told about it, (censorship). Even a campus Big Shot will not give information.

Spring showers bring pretty roses,
And so does a funeral.
Excess indulgence brings red noses,
And so does sunburn.
Every baby has his bottle,
And so does—
Every car has a throttle,
And so does a train.
Every ocean has some fish,
And so does a gold-fish bowl.
Every girl has her wish,
And so does a small baby.
Every book has its flaps,
And so does a poem.

The Tri Delt's tiring of pushing "Marthena-Bessie" two blocks every day to start her have finally given the vehicle back to the original owner. For a license tag, Spencer Wyant let the girls use his car (?) four days. With the return of the car the Tri Delt's (brave as they are) withdraw the challenge for a race.

What a dull place this is between week-ends—

A Kansas State coed who believes in that "outdoor face" or a "skin you love to touch" or "do your hose have runs—" (no that's something else) bought her boy friend a razor the other day.

ONLY THREE OF TEN GRADUATES LAST YEAR IDLE

PRESIDENT'S SURVEY SHOWS THAT 464 OF 604 ARE EMPLOYED.

ALL VETS ARE AT WORK NOW

Not All Find Jobs in Chosen Profession But Large Share Are at Least Able to Make Own Way, Figures Indicate.

A few bright colors were dabbed on the dark picture of economic distress when a survey revealed that about 77 per cent of last year's K. S. C. graduates are employed. These figures, compiled by President F. D. Farrell, showed that out of a class of 604 graduates in June and August, 464 or 76.82 per cent have jobs. The employment of the veterinary medicine division is 100 per cent.

However, an additional 32, or 5.30 per cent, are enrolled in graduate work at Kansas State or elsewhere. It is not known whether or not 34 graduates, or 5.63 per cent, are employed, but 73 are definitely known to be without work.

"White Collar" Jobs Few
Many of the employed in this summary are undoubtedly doing work other than their chosen profession and for small pay. For instance civil engineers are doing road work offered to high school boys a few years ago, out they are making a living.

The 30 graduates of the division of veterinary medicine in 1933 are all employed or have their own practice. Dean R. R. Dyke announced.

The agricultural division was second, with 70 of the 71 graduates working; 34 are farming, 36 in professional work, seven in commercial work and one unemployed. The agricultural students were more sure in times of depression than those of any other division because they could return to farms. Many of the students had always planned to own farms while others intended to teach or do extension work.

The wheels of industry employed 121 out of the 133 graduates of engineering, leaving only 17 unemployed.

Work to 96 in General Science.
General science, which includes industrial journalism, commerce,

music, physical education, industrial chemistry and general science proper, placed 96 in positions out of the 186 degrees granted. This small percentage is accounted for by 32 taking graduate work and the same number unaccounted for at this time. Only six are definitely unemployed.

The division of home economics has the largest number of certain unemployed as 63 have jobs and 25 of the 89 are not working. One of this division is dead. The graduate study division has 93 employed, 24 jobless and two uncertain of the 119 degrees granted.

Y. W. GOLDEN JUBILEE

CABINET IN NEXT WEEK

Dorothy Blackman Heads Christian Association As Anniversary Year Comes In

The golden jubilee cabinet, of the Y. W. C. A. will be installed Monday night at 7:30 in recreation center. Fifty years ago the Y. W. C. A. was started on the Kansas State college campus.

The following officers and cabinet members will be installed at the service, which is open to all college women:

President, Dorothy Blackman, Manhattan; vice-president, Ruth Langenwalter, Wichita; secretary, Ruth Gresham, Manhattan; treasurer, Harriet Reed, Holton; head of freshman commission, Barbara Lautz, Amarillo, Texas.

College sister chairman, Winifred Wolf, Ottawa; office, Elizabeth Lamprecht, Manhattan; membership, Muriel Fulton, Wichita; social service, Betty Ozmert, Manhattan; social, Alice Wiley, Washington, and Kathryn Kitchel, Larned; hostess, Ellen Payne, Manhattan.

Publicity, Virginia Haggart, Topeka; finance, Ruth Jorgenson, Manhattan; retreats, Evelyn Braden, Wichita; world forum, Viola Barron, Kensington; programs, Frances Tannahill, Manhattan; Aggie Pop, Helen Morgan, Newton; interest groups—Mayrie Griffith, Topeka; Jessie Dean, Princeton; Ruth DeBaun, Topeka; Ethel Olney, St. Joseph. Two additional interest group chairmen and the chairman of student forums are yet to be named.

The cabinet will be installed by Aileen Rundle, Clay Center; Mary Alice Schnacke, La Crosse; Dorothy Blackman, Manhattan; Beulah Leach, Bird City; Louise Chalfant, Wichita, and Mrs. Arthur Peine, Manhattan, president of the advisory board.

Special music will be furnished by a string quartette composed of Margaret Higdon, South Haven, first violin; Viola Barron, Ken-

sington, second violin; Josephine Baker, Miltonvale, viola; and Lucille Herndon, Gighton, cello.

The new cabinet will start working on the plans for next year Y. W. C. A. activities immediately. The first big project is with the college sister movement which has proved so successful for several semesters.

PALMER TO ADDRESS

AG FRATERNITY MONDAY

Noted Minnesota Biochemist to Deliver Principal Talk at Gamma Sigma Delta Meeting

Dr. L. S. Palmer, biochemist of the University of Minnesota, will deliver the principal address at the annual meeting of the Kansas State chapter of Gamma Sigma Delta, national honorary agricultural fraternity, next Monday night. The subject of his address is "Heredity and Nutrition."

At this meeting, which will be held as a banquet in Thompson hall, 21 seniors and graduate students elected to membership in the organization will be initiated. Initiation ceremonies will precede the banquet. Both the banquet and the program following are open to the public. Those desiring to attend should communicate with Prof. H. M. Scott of the poultry department, secretary of the organization. The banquet is at 6:30 and the address will begin at 7:30.

Doctor Palmer will also speak Tuesday afternoon, April 11, at the nutrition seminar at 4 o'clock in room 58, Calvin hall. At this meeting, the noted scientist will discuss the nutrition work which he is carrying on at Minnesota.

Following, listed by the divisions in which they are enrolled, are the names of the members to be initiated Monday night:

Agriculture—Erwin Abmeyer, Grantville; Boyd Cathcart, Winchester; Herbert Clutter, Larned; Orville Denton, Denton; Andrew Erhart, Timken; Glenn Fox, Rozel; Everett McNay, Clay Center; John I. Miller, Prescott; John B. Roberts, Manhattan; Luke Schruben, Dresden.

Veterinary medicine—Elmer Finkle, Manhattan; Harlow Hudson, Manhattan; William H. Lindley, Vicksburg, Miss.; Richard D. Turk, Manhattan.

Agricultural Engineering—Donald E. Christy, Scott City.

Graduate study—John E. Anderson, Belvue; John Correll, Manhattan; E. L. Gann, Burden; L. O. Gilmore, Freeborn, Minn.; Laurel Kingsley, Manhattan; Maynard Solt, Manhattan.

Officers of the Kansas State chapter, in addition to Professor Scott, are Dr. C. W. McCampbell, head of the department of animal

husbandry, president; Dr. P. L. Gainey of the department of bacteriology, vice-president; and Prof. H. E. Myers of the department of agronomy, treasurer.

COULDN'T KEEP NEW OFFICE

Al A. Thornbrough Resigns From Club Presidency Because of His Ineligibility

Because the constitution of the Block and Bridle club requires that all officers of the organization be animal husbandry majors, Al A. Thornbrough, Lakin, recently elected club president, resigned from that office Tuesday night. Thornbrough is enrolled in agricultural administration and majoring in agricultural economics.

With Thornbrough's resignation, Howard Moreen, Salina, who was recently elected vice-president, automatically became president. Walter Lewis, Larned, was elected vice-president. Other officers of the organization are R. R. Teagarden, La Cynge, secretary; Eugene Sundgren, Falun, treasurer; W. S. Coblenz, Great Bend, publicity manager; and J. R. Ketchersid, Hope, marshal.

According to the Institute of Family Relations, the college campus is rapidly replacing the church societies as a popular meeting-ground. One of every six marriages, end in divorce; one in seventy-five sown in college crash.

As a result of a hearing test given to students at the University of Utah, it was deemed advisable to give a course in lip-reading.

In Society...

THEY TELL ME

That with the coming of spring a young man's fancy turns lightly to thoughts of love. Evidences of this are seen around the campus with the new romances that have sprung up. Kay Brewer and Bill Justus are seen constantly in each other's company; Frankie "Snooper" Shideler says he is just making neighborly calls at the Alpha Delta house; Artha Lee Knisely is one of the latest passengers in "Joe College" Hinkley's Ford; and then none other than Don Lacy is treading down that flower strewn path with Donalda Keeney.

Girls! Women! and children! Clark Kostner is now starting a riding academy—He is seen on alternate afternoons with different girls. Although Clark denies that he has been on a horse for two years, we wonder if the riding clothes are just another K. S. C. picnic? . . . Is John Van Aken responsible for Dorothy Cortelyou going dramatic on us all of a sudden? . . . Harry "Caretaker" Miller was seen gambling on the Phi front lawn the other day—why doesn't he take his shower baths at home? . . .

The Phi Deltas were afraid that Sonny Luter would be accused of gold hoarding by the government, so the other night while Sonny was in the arms of Morpheus—someone took out his gold filling. Sonny is still wondering who the guilty party is. . . . Evidently Mary Ransopher and Ned McCormack are training for a summer camping trip or maybe they were just playing "Tenting Tonight on the Old Campground". Anyway, they had quite a coy little tent fixed up Sunday night by means of a curtain and a divan! . . . It is rumored that Ione Hill is wearing Swede Salisbury's pin. . . . Don Porter is very disgruntled because Berryman took a special privilege to go to the picture show with Chuck Clark—and Porter had been counting on saving those for picnics this spring . . .

Social Calendar

Friday, April 7

Inter-society play contest, auditorium, 8:00.
Ag economics meeting, Ag 331, 8:00 a. m.—12:30.
English Teachers' meeting, recreation center, 2:00-10:00 p. m.
Alpha Tau Omega spring party, Horticulture club party, 1215 Larmie, 7:30-11:30.

Saturday, April 8

Hamilton-Tonian dinner dance, country club, 6:15-12:00.
English Teachers' meeting, recreation center, 8:00-12:00.
Y. M.-Y. W. mixer, recreation center, 8:00-11:30.
Student group, 1127 Vattler, 9:00-12:00.
Theta Xi house dance.
Alpha Kappa Lambda house dance.

Monday, April 10

Y. W. cabinet meeting, Calvin hall lounge, 7:00-8:30.
Chorus, auditorium, 7:00-10:00.
Gamma Sigma Delta initiation, banquet and lecture, Thompson hall, 8:00.
Alpha Zeta meeting, Ag 332, 7:00-9:00.

Sigma Nu

Senior's Men's Pan-hellenic met at the Sigma Nu house Monday evening.

The following Sigma Nu alumni were guests for dinner Wednesday evening: Lieutenant Myrah, Hauley Haymaker, Chet Brewer, Walter Bell, Harry Lutz, Jim Pratt, Dr. J. D. Colt, Jr., Paul Pearson, Dr. C. Lefebvre, Clem/Todd/Lucien Hobbs, and Prof. A. P. Davidson.

Acacia

The local chapter of the Acacia fraternity elected and installed the following new officers at their meeting Wednesday night: president, Elmer Metcalf, Manhattan; rush captain, George Kerr, Washington, D. C.; treasurer, Dean Swift, Olathe; secretary, Gilbert Noble, Lyons; steward, Sam Caughron, Manhattan; pen-hellenic representative, George Jobling, Manhattan.

Kappa Kappa Gamma

Joyce Pennington, who spent the weekend at the house, returned to her home in Hutchinson Tuesday. Kathryn Black went to her home in Council Grove Tuesday afternoon and returned Wednesday morning.

Mrs. Leah Ransopher, Clyde, spent Friday visiting her daughter, Mary.

Dr. and Mrs. E. F. Kubin, McPherson, spent Tuesday visiting their daughter, Ellnor.

Gladys Skinner went to her home in Topeka Tuesday afternoon. She returned Wednesday.

Mr. and Mrs. John Hardman, Salina, visited friends in Manhattan Monday. Mrs. Hardman was formerly Miriam Blankenship.

Alpha Delta Phi

Margaret Easterday, Greeley, Colo., Amy Jaspersen, Colby, and Mrs. John V. Hepler, spent Tuesday afternoon in Topeka.

Marianna Thompson, McPherson, arrived Thursday and will spend the weekend at the house.

Vona Wandling, Sharon Springs left Thursday morning for Indianapolis, Ind., where she will attend the Kappa Beta convention.

The following officers were elected Wednesday, April 5, and will hold office for the year 1933-34: president, Myra Roth, Ness City; vice-president, Arlene Marshall, Herington; treasurer, Margaret Madans, Hutchinson; recording secretary, Sarah Anna Grimes, Man-

hattan; corresponding secretary, Peggy Parker, Hill City; guard, Ethel Irene Call, Mound Valley; reporter, Margaret Easterday; chaplain, Margaret Patterson, Kansas City, Mo.; executive chairman, Rose Skradski, Kansas City; scholarship chairman, Vona Wandling, Sharon Springs; freshman king, Jane Swenson, Phoenix, Ariz.; rush captains, Amy Jaspersen, Colby, and Peggy Parker, Hill City.

Pi Kappa Alpha

Dean McNeal, Boyle, is the new Pi Kappa Alpha fraternity president. Don Collins, Junction City, is vice-president; Chris Covington, Wellington, is treasurer, and Charles Vinckler, Kansas City, Mo., secretary.

Paul Swan, Washington, was a dinner guest at the house, Tuesday evening.

John Hepler and Admiral Freeman were dinner guests of the Pi Kappa Alpha fraternity Wednesday evening.

Pi Beta Phi

Sunday dinner guests included: Mrs. D. K. Maltby, Yetta Maltby, Mrs. W. C. Maltby and daughter, Canton; Eunice Almen and Ernest Wall, McPherson.

Vance McClymonds, Walton; Glenda Mae Hodge, Cherokee, Okla.; and Kathleen Mallon Anthony spent the weekend at their homes.

Betty Shearer, Abilene; Virginia Flanders, Salina; Virginia Burch, and Helen Teter, El Dorado, visited at their homes last weekend.

Frank Prentup, Major Bliss, Dick McCord, Ken Brady, and Pete Fairbanks were dinner guests last evening.

Jean Sullivan entertained the pledges of this year at a dinner party at her home last evening. Those girls present were: Weldene Middlekauff, Mary Kendall, Jacqueline Lawrence, Janet Murdock, Vera Trusler, Malena Jane Berglund, Voma Alcott, Vance McClymonds, Rosalind Almen, Betty Miller, Mary Blackman, and Lucille Allman.

Phi Omega Phi

Mrs. D. B. Keller, Enterprise, visited her daughter, Althea, Wednesday.

Alpha Kappa Lambda

Formal initiation was held for Roland Munsell.

Weekend guests were Wilbur Naylor and Clarence Brehm.

Howard Kindsater spent the weekend at his home in Wichita.

Tom Dicken, Pawnee county agent, was a guest at the house this week.

Delta Delta Delta

Miss Georgia Baldwin was a dinner guest Tuesday evening.

Farm House

John Barhydt, Hutchinson, and L. E. Wenger, Powhattan, were Tuesday dinner guests.

Alpha Xi Delta

The Alpha Xi Delta Founder's Day banquet will be held Sunday, April 23 in the chapter house. Saturday night a house dance will be given by the members and alumnae.

Dean Mary P. Van Zile was a dinner guest at the house Thursday evening.

The chapter held open house for the Kappa Sigma fraternity Tuesday evening.

Zeta Tau Alpha

Dean and Mrs. E. L. Holton and Mr. and Mrs. Andrews were entertained at dinner Sunday.

Florence Melchert spent the weekend at her home in Ottawa and attended the Y. W. conference.

Harriet Reed, Holton, and Muriel Pulton, Wichita, attended the Y. W. conference in Ottawa.

Margaret Bierman spent the weekend at her home in Kensington.

Elizabeth Steele and Hazel Bland drove to Topeka Sunday.

Helen Black of the University of Nebraska visited at the house Saturday.

Jennie Karns, Dehlla, spent the weekend here.

Gladys Tonn, Haven, spent the weekend at home. Her sister, Wilma, returned with her.

A Brothers' Day dinner will be given Sunday, and a formal dinner Monday evening.

Phi Kappa Tau

Dave Reed, L. E. Menger, and Floyd Schaffer were dinner guests Thursday evening.

Clovie

Dinner guests Tuesday evening were Mrs. Helen Kelly and Mrs. Hazel Pfuetze.

Phi Delta Theta

Everett Hughes left last evening to attend a province convention of Phi Delta Theta at St. Louis. He will return Sunday.

Max Leek, Great Bend, and Ralph Horchem, Ransome, left Wednesday after spending a few days at the house.

Beta Phi Alpha

Beta Phi Alpha will entertain guests and alumni with a house party this evening.

Phi Lambda Theta

Phi Lambda Theta held open house Thursday evening for members of Zeta Tau Alpha.

Alpha Gamma Rho

Alpha Gamma Rho held their Founders' Day banquet at the house Tuesday evening. Dr. George Gemmell was the main speaker of the evening. Music was furnished by the 4-H club quartette.

Newly elected officers for the coming year are: president, Joe Knappenger, Penabosa; vice-president, F. E. Davidson, Madison; president, Eugene Sundgren, Falmur; secretary, Lester Zerbe, Bavaria; treasurer, F. E. Davidson, Madison; noble chaplain, Dale Edelblute, Topeka; usher, Harry Coberly, Gove; chapter reporter, Johnson Hook, Vermont, Mo.

At The Theatres

DICKINSON THEATRE

"Murders in the Zoo"

Animals, animals, animals. As many shows as they are featured in, there must not be any left in the jungles after "King of the Jungle", "Sign of the Cross", and now "Murders in the Zoo" at the Dickinson today. And how that crowd does eat them up.

It takes a press agent to think of an idea like this. Listen! Give a banquet for the aristocrats in the zoo amongst lions, tigers, monkeys, elephants and snakes. It's a good thing a murder came before the first course because they wouldn't have much of an appetite. There's not much difference between the villain of this picture and an animal when he throws his wife to the allegators. If you want a new sensation to add to your collection, experience this one.

The last of the famous Saturday double features is marked by "Destination Unknown" and Tim McCoy in "Silent Men." James Fenimore Cooper should see this sea story and try to write one to beat it in thrills. You better take your western while you can get it.

This animal march will be climaxed by Clyde Beatty in "The Big Cage," according to Moffett of The Kansas City Star. This famous trainer dares his life by putting 20 tigers and 20 lions together and taming them. Do you think he can do it? Well, he does. See for yourself Monday, Tuesday and Wednesday at the Dickinson.

BEER WILL MEAN NO BREAD FOR FAMILY, SAYS SIEVER

Tax Will Be Small, and Regular Drinking Will Lead to Degeneration, Physician Declares

"Drinking may not be bad for a person when indulged in once or twice a year, but the regular drinker keeps his system saturated with the stuff which acts as a poison to his vital organs, and eventually leads to degeneration. As for the tax derived from liquor, it will be very small and will, in many cases, take from the family the milk and bread which is so necessary."

That was the sentiment of Dr. C. M. Siever, expressed in a radio talk Thursday over station KSAC. His subject was "Prohibition and Health." He presented four or five common arguments against prohibition and then told why these were not good reasons.

Personal liberty is one argument often used against prohibition, but by over-indulging an individual may become a menace to the public, the doctor declared. The fact that alcohol was used and has been used for many years is a poor argument also because slavery and polygamy were also practiced. Our civilization, the speaker said, has developed above these things.

"To determine the value or detriment of customs such as drinking, polygamy, or slavery, we have to take into consideration the times and conditions prevailing," Doctor Siever asserted. The body does not need alcohol, he said. In certain cases alcohol, may act as a temporary stimulant to tide one over a crisis, but in the end no real good has been done the body. It is dangerous for tired, weak nervous people.

"The good, if there is any derived from the use of alcohol, must be weighed in the balance of poverty, vice and crime directly traceable to it," said Doctor Siever. "If the saloon is to be the poor man's club, as some people suggest, does it seem possible that cards, gambling, jazz music, dancing, wine, women and cigars would be the proper thing to quiet the poor laboring man?"

Poverty is increased by drinking, too, he pointed out. This would mean a hardship on his family.

In conclusion, Doctor Siever, addressing the older people who know what alcohol does, asked, "Would it not be wise for us to unite and have a slogan against this demon, 'Health and Morality' or 'Morality and Health,' which ever you choose. But in either case, one greatly assists the other and both together make for the highest type of manhood and womanhood."

A recent Carnegie foundation culture test showed that freshman students knew more than senior students in mathematics and English.

POETRY PRIZE WON BY FORMER STUDENT

Kenneth Kitch's Poem "The Trail to Romance" Wins Award in "Illustration."

Kenneth Kitch, a student in journalism at K. S. C. during the year '27 and '28 recently won third prize with his poem "The Trail to Romance" published in the "Illustration" in a contemporary verse contest.

The poem begins:

"We have trailed the road to romance
Of which the poet sings
In our search for truth and beauty
And a hundred different things;
We have felt the call of distance—
Vague horizons beckon on—
Each new vista charming—haunting—
With enchantment all its own."

Following the trail to romance along mountain, desert, sea, and city, Mr. Kitch closes with:

"Teeming cities—you may have them—
Clots of bone and whirling wheel
For the road to romance lingers
Not in realm of stone and steel,
We have trailed the road to romance,
Found the one and hundred things
We have searched for, in the mountains,
Ocean, desert, trees and springs."

Kitch is now a member of the English department of La Bette county Community high school at Altamont, where he does special work in the field of industrial and business English, and is one of the athletic coaches of the high school.

QUILL PLANS CONFERENCE

Kathleen Fields Is Named Head of Program Committee for All-Kansas Affair

Kathleen Fields, Atchison, has been appointed chairman of the program committee for the all-Kansas Quill meeting which will be held in Manhattan May 6. Other committee chairmen are Charlotte Buchmann, Clay Center, tea; Esther Smiley, Manhattan, entertainment; Foster Scott, Manhattan, publicity; Fred Peery, Manhattan, invitations.

There are four rungs, or chapters, of the American College Quill club in the state, and all plan to have representatives at the meeting. Dr. E. M. Hopkins, founder of the organization, is in Manhattan today attending the meeting of instructors of English. Doctor Hopkins is a professor of English at the University of Kansas.

According to one sagacious student, the ten most beautiful words in the English language are: "Please find enclosed check for pocket change as per request."

EXCHANGE BALLOT FOR GRAVY, ASSERTS JUDGE

Greed and Selfishness Ruin Good Citizenship, McDermott Tells Assembly

"The majority of private citizens in their greed give their votes in exchange for what gravy congressmen can be coaxed or bribed into giving them," said Judge George T. McDermott of the United States circuit court in assembly Thursday morning.

Indifference and selfishness of ordinary voters are the major causes for high taxes used to support such things as veteran relief, Judge McDermott declared in his address, which was sponsored by Alpha Phi Omega, scouting fraternity, in observance of Good Citizenship week. Organized minorities have been able to frighten congressmen into legislation in their favor, said the speaker. Most of the voters believe the "sweet nothings" congressmen whisper in their ears. They seem to have a child-like faith in their promises. The last election even promised to repeal

the law of supply and demand and in some states politicians promised to repeal the law of evolution!

"If an organized minority organized in an effort to repeal the law of gravity," said Judge McDermott, "congressmen would even promise that."

"Although I'm not a democrat," he said, "I very much admire President Roosevelt for having courage to take over from congress the power to repeal vicious laws, which legislators were afraid to touch."

Judge McDermott told of 300 young men in a neighboring state university, who vowed that under no circumstances would they fight for their country in time of war.

"Our country isn't worth anything if it isn't worth fighting for," said the judge. "If this country carries on it will do so by intelligence, unselfishness and interest of the young voters as they come along."

The librarian at Harvard university is a former general in the Russian Imperial army.

Ten schools and departments of the University of Oklahoma maintain small libraries for the convenience of students.

Statistics show that bad checks at the rate of 75 a day were passed at Michigan university last year.

A church in Middletown, New Jersey, is supported by money left Captain Kidd.

TRACK TEAM IN SEASON OPENER HERE TOMORROW

KANSAS STATE-EMPORIA MEET TO BEGIN AT 2 O'CLOCK IN STADIUM.

RECORDS DUE FOR A FALL

Many Performances This Spring Have Bettered Existing Marks—Manhattan High Also in Competition.

The Kansas State track team will open the outdoor season tomorrow afternoon with a dual match with the Emporia Teachers. At the same time the Manhattan Blues and Salina will compete on the Kansas State track. The college meet will begin at 2 o'clock and the high school meet at 1:30.

The Teachers will be making a strong bid to reverse the defeat handed them by the Wildcats last year. While Kansas State has lost several point winners, Emporia has gained in strength. Last year Coach Haylett's men chalked up a 94 to 37 victory.

Dope Favors Neither Team
Although the Wildcats did lose some point winners, the results of the tryouts held last week give hopes that other good point winners are in the making. Dope on the outcome of the meet points to a hotly contested affair with the number of firsts divided equally between the two teams. The team that wins will probably be the one that can score the most seconds and thirds.

In the tryouts, Delbert Costa turned in an outstanding performance in the javelin throw. He tossed the spear 181 feet 7 inches, 40 feet farther than he threw it last year in workouts, and only a few feet short of the college record. Schmutz, Breen, and Going also made good showings in the tryouts.

Kansas State's strength lies in the 440-yard dash, and mile and two-mile runs, the javelin throw, high jump, pole vault, and broad jump. Emporia should garner their firsts in the dashes, the hurdles, and several field events.

Meet Records Will Probably Fall

From the performances turned in by the two teams in meets and tryouts so far this season, indications are that many of the meet records will take a tumble. More than half of the standing records have been bettered this spring. Of the 15 events on the official program, Kansas State holds records in 11 of them.

Frank Myers will be official start-

er and referee of the meet. Frank Root will be head judge of the finish. M. F. Ahearn, head timer; B. R. Patterson head field judge; and C. S. Moll, clerk of the course. Members of Coach Haylett's track and field lab class will act as judges and measurers of the weights and jumps.

The entries:
100-yard dash—K. S.: Booth, Goings, Knappenberger. Emporia: Crooms, Holder Fischer.
220-yard dash—K. S.: Booth, Castello, Knappenberger. Emporia: Crooms, Fraley, Knight, Holder.
440-yard dash—K. S.: Darnell, Castello, Phelps. Emporia: Knight, Grant, Fraley, Mack.
880-yard dash—K. S.: McNeal, Hostetler, Phelps. Emporia: Bridges, Rhoades, Clark.
1 mile—K. S.: Landon, McNeal, Nixon, McNay. Emporia: Morgan, Rhoades.
Two mile run—K. S.: Landon, Pearce, Nixon. Emporia: Foff, Morgan, Campbell.
120-yard high hurdles—Kansas State: Schmutz, Breen, Stoner. Emporia: Haring, Gould, Carroll.
220-yard low hurdles—K. S.: Knappenberger, Spring, Breen. Emporia: Haring, Gould, Fraley.
High jump—K. S.: Roehman, Breen, Mayhew. Emporia: Kirkpatrick, Carroll.
Broad jump—K. S.: Breen, Bliss. Emporia: Crooms, Kirkpatrick, Carroll.
Pole vault—K. S.: Schmutz, Booth. Emporia: Hardy, Holder.
Shot put—K. S.: Wertzberger, Stoner. Emporia: Colton, Morrill, Brewster, Dryer.
Javelin throw—K. S.: Veatch, Laird, Costo. Emporia: Morrill, Colton, Edwards.
Discus—K. S.: Laird, Wertzberger, Marshall. Emporia: Colton, Morrill, Edwards.
Relay—K. S.: Bliss, Phelps, Castello, Darnell, Hostetler, McNeal. Emporia: Knight, Grant, Morgan, Rhoades, Fraley, Mack.

Without a doubt the Wildcat infield is one of the best in the conference. Anyway, that is the opinion of the two Western league scouts who were watching the team work out Saturday afternoon. The scouts were Jack Charvat of Topeka and Danny McMullen of Springfield.

This is their opinion: that Kansas State has one of the best Big Six teams they have seen in a long time; and that the Wildcat infield is the best they have ever seen in the conference. And they saw all this on a day which was not ideal for baseball practice because it was cold and windy.

The track team will be in for a tough afternoon. The way the Teachers romped over the College of Emporia is enough to cause any coach to worry. The teams are so evenly matched, however, that the number of firsts that will be won by each are almost even. It will be the seconds and thirds that will in all probability decide the outcome of the meet.

Men's Intramurals

Intramural baseball games are being run off as scheduled this week although several of the games have been played against strong north winds. Delta Tau Delta and Phi Lambda Theta did not finish their game Wednesday night on account of the wind.

Phi Kappa Alpha defeated Phi Kappa 15-13 Tuesday. Farm House won from Acacia 3-1, and Phi Kappa Tau defeated the Lone Stars 4-2.

Wednesday, the Vets beat Sigma Alpha Epsilon 7-0, Wesley Foundation won from Kappa Sigma 9-2, and Alpha Kappa Lambda won from Theta Xi 9-5.

JOURNALISM WOMEN MEET

Prospective Members Discussed for Honor Organization

The Theta Sigma Phi, women's honorary journalistic fraternity, met last night to discuss prospective members and to make plans for the sale of tickets for "The White Sister," which they intend to sponsor.

The prospective members will be elected before Easter, according to Mayrie Griffith, local president of Theta Sigma Phi.

The Theta Sigma Phi convention which was to have been held in Indianapolis this year will be postponed until 1934 due to financial reasons.

The Spotlight

Two events this week end will inaugurate the spring sport season at Kansas State. This afternoon at 4 o'clock the baseball team will go into action against the Haskell Indians. Tomorrow afternoon at 2 o'clock the Wildcats and Emporia Teachers clash on the cinder path.

There is no dope available about the strength of the Indians on the diamond, but the affair should be a good game as Haskell has nearly always turned out a good ball club. This will be the first test of the Kansas State team and will give followers of the team a chance to see how the organization shapes up.

Without a doubt the Wildcat infield is one of the best in the conference. Anyway, that is the opinion of the two Western league scouts who were watching the team work out Saturday afternoon. The scouts were Jack Charvat of Topeka and Danny McMullen of Springfield.

This is their opinion: that Kansas State has one of the best Big Six teams they have seen in a long time; and that the Wildcat infield is the best they have ever seen in the conference. And they saw all this on a day which was not ideal for baseball practice because it was cold and windy.

The track team will be in for a tough afternoon. The way the Teachers romped over the College of Emporia is enough to cause any coach to worry. The teams are so evenly matched, however, that the number of firsts that will be won by each are almost even. It will be the seconds and thirds that will in all probability decide the outcome of the meet.

Glenn Cunningham was defeated at Tulsa last Saturday, and not by Gene Venzke either. The fellow was Glenn Dawson of Oklahoma university. It is surprising to see that Cunningham was beaten, as the time of the winner was 4:29.9, almost 18 seconds slower than the Jayhawk's fastest time this season. Oklahoma won the indoor meet and Kansas took second.

Twenty-two Kansas amateur boxers are entered in the Missouri Valley A. A. U. tournament at Kansas City this week. Among them are Bus Breese, Kansas State. Breese was the only fighter from the Missouri Valley to qualify for a shot at a place on the Olympic team last summer.

Jim Bausch won't compete in the Missouri Valley decathlon event after all. He's going back to the theater again, to sing and give talks on athletics.

No medals or awards will be given individuals winning events at the Kansas Relays this year. They will be running for individual and team

glory only. Only the winning teams of the relay races will be given challenge trophies.

TENNIS PRACTICE STARTS

First Drill on Varsity Courts Held Last Night—Nine at Meeting Wednesday Afternoon

Tennis began yesterday at Kansas State with the first practice held on the varsity courts.

In answer to Coach C. S. Moll's call, nine men turned out for a tennis meeting at Nichols gym Wednesday afternoon. Those present at the meeting were: R. G. Fowler, W. P. Simpson, D. B. Fullmer, H. S. Greve, Garland Hoglund, Ralph Armstrong, E. L. Broghamer, and Butler. Butler is a junior college transfer and not eligible for competition this spring. Ralph Graham, the only letter man, will probably be out for practice as soon as spring football is over.

Chinese bridges are built crooked to prevent evil spirits from crossing.

Freshmen at Lynchburg college, in Virginia, have chosen as their motto "Green things must grow."

SPRING GRID DRILL ENDS WITH A PRACTICE GAME

Opening of Baseball and Track Season Make It Inadvisable to Continue Sessions

Spring football practice ended last night with a game between the purple and green teams. It was expected to hold the practice season longer, but with the baseball season opening today and the Emporia track meet here tomorrow, it seemed inadvisable to continue football practice, according to Coach A. N. McMillin, head grid mentor.

"I feel the boys have enjoyed the practices this spring," Coach McMillin said. "The squad has been broken into two groups, one working out from 4 to 5 o'clock and another from 5 to 6 o'clock. Several players expressed the opinion that the system has made practices more enjoyable and interesting and did

not interfere with school or work schedules. No player was required to practice more than an hour or hour and a half each night, although the coaches remained two to three hours. The coaching staff feels that the boys have put more in to the practices, had more fun, and more concentrated work, yet the results are pleasing. It is expected to work along these lines next fall, according to "Bo."

The third practice scrimmage game last night started at 4:30. The purple team won the first game against the green when Captain Ralph Graham ran 60 yards for a touchdown. In the second game the purple team tied with the green, although the green line had more weight and experience than the purple.

JUSTIN TO OKLAHOMA

Is Inspecting Tulsa U. for the A. A. U. W.
Dr. Margaret Justin, dean of the home economics division, is in Tulsa, Okla., this week making an inspection of the University of Tulsa

for the American Association of University Women. Next week she will make an inspection of Yanktown college at Yanktown, S. D.

BROWNING SOCIETY TO MEET
The Browning literary society will have a Princess Feast at its meeting tomorrow afternoon at 2 o'clock. All members are asked to attend, but no visitors will be admitted.

MASON PERMIT REVOKED

Council Recalls License After Dance Is Held on Closed Night.

The permit to hold dances held by the Mason School of Dancing was revoked Monday by action of the student council. The permit was recalled after the management of the school was found to have spon-

sored a varsity dance on a night which was closed to all social functions because of a Manhattan Theatre play. The manager of the dance claimed that he was not notified by proper authorities that the night was closed.

THOMPSON ON LIONS GROUP

Economics Professor Elected to Economic Guidance Body.

Prof. C. R. Thompson, of the department of economics and sociology, has accepted an appointment as a member of 50 of the Lions International club. This is a committee of economic guidance representing business and professional interests of the country. The purpose is the promotion of satisfactory business conditions.

STYLE HEADQUARTERS

THROWING KNIVES BLINDFOLDED!

ILLUSION:
You see knives flash from the magician's hand and plunge into the board, framing the girl so closely that she cannot move.

EXPLANATION:
Here is one way the blindfold knife throw is done: The knife thrower lets the knife go over his shoulder into the wings. The knife that you see quivering beside the girl is another knife. The girl standing against the board presses at the right place and a knife is sprung from behind the board into position.

It's fun to be fooled — ...it's more fun to KNOW

A clever trick employed in cigarette advertising is the illusion that manufacturing processes account for mildness in a cigarette.

EXPLANATION: All popular cigarettes are made in much the same way. Cigarettes vary greatly in mildness because they vary greatly in the quality of tobaccos used. Mildness, as well as character and good taste, depends upon the quality of tobaccos used.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

This is the most important statement ever made in a cigarette advertisement. Weigh its words. Consider what it means. Smoke Camels critically and learn to appreciate what costlier tobaccos can mean to you in mildness, in throat-ease... in added pleasure! Other cigarettes, we believe, will taste flat and insipid to you forever after.

BASEBALL TEAM TAKES FIRST OF TWO M.U. GAMES

KANSAS STATE SCORED 11 TO 5 VICTORY IN CITY PARK YESTERDAY

ANOTHER CONTEST TODAY

Game Will Start at 4 O'Clock—Heinz and Lowell Will Probably Pitch in This Afternoon's Affair

The Kansas State baseball team opened its drive for the Big Six championship by pouncing out a 11 to 5 victory over the University of Missouri here yesterday afternoon in the first of a two-game series.

The second game will be played this afternoon at 4 o'clock either in the city park or on the college diamond, depending much on the weather. Coach Charles Corsaut will probably use much the same lineup as he did yesterday. Heinz and Lowell will probably see action in the pitcher's box in this game, but it is possible any of the other hurlers might work.

Wildcat Play Spotty
The playing of the Wildcats yesterday was rather spotty. At times they looked great, but at other times they were not so good. In the first part of the game, particularly, the playing of the infield was ragged. Later in the game, however, they executed the first double play of the season. Five errors were chalked up against the Wildcats.

Kansas State started the fireworks in the second inning when they went into a two-run lead. After Skradski got on base by an error and Marshall drew a pass, Simms cracked out a three-base hit into left field to drive them both home. Missouri tied the score in the third inning when Smith and Patton scored.

Have Big Inning
The Wildcats went into a big lead in the fourth frame when they bunched three hits, a walk, and one error to score four runs. Skradski started the inning off with a hit and advanced on Underwood's single. Both advanced on Asbill's bunt. Patton, Missouri pitcher, then got wild, issuing Marshall a walk which sent Skradski home. Underwood and Asbill scored on fielder's choices.

In the fifth inning the Tigers crept within a run of the Wildcats when errors and walks gave them three runs. In their half of the inning the Wildcats scored two more runs to go into an 8 to 5 lead. Skradski and Underwood scored the runs. Missouri failed to tally after that.

Simms Pitches Well
Kansas State increased its lead in the seventh inning when Wierenga and Marshall scored, and again in the eighth when a triple steal, after two were out, brought Carter home.

Simms did a good job pitching until he was taken out in the fifth inning. He gave up only one hit in the four and one half innings he worked. Nelson finished the game. Kansas State made all their 10 safeties off Patton, first Missouri hurler.

Marshall lead the Wildcat batters by drawing three walks and getting one hit in his only official time at bat. Wierenga also got one hit in one time at bat. Simms, Asbill, and Nelson each got one in two trips to the plate, and Gentz and Underwood two out of four.

COUNCIL ELECTION TO TAKE PLACE APRIL 25

Five Men and Two Women Will Be New Members of Next Year's Council.

The date of the election to choose members for next year's student council has been set for Tuesday, April 25. Five men and two women will be chosen for the seven positions which will be filled by new members due to no hold over members in school next year.

Those desiring their names on the ballots must have a petition, signed by 25 members of the student governing association, turned in to Esther Row, secretary of the present council, before tonight.

An umbrella is part of every Chinese soldier's equipment.

ANNUAL EASTER EVENT OBSERVED BY CONGOS

Dorothy MacLeod Is Principal Speaker at Breakfast Sunday Morning at the Church.

About sixty students attended the Congregational annual Easter breakfast in the basement of the church Sunday morning. Tables were arranged in the form of a double cross with bowls of nasturtiums for decoration.

Miss Dorothy MacLeod, secretary of the Y. W. C. A., gave the principal address on "New Lamps." Vinton Johnson, Manhattan, played a piano solo, "Alaskan Twilight" by Sarola; Tom Haines, Casper, Wyo., played a trumpet solo, "Angels Serenade" by Braza. Mary Alice Schnacke had charge of the devotions.

Miss Dale Norris, Raymond, was food chairman, and Bert Suler, Garden City, had charge of the arrangements.

GROODY, LANGSTON HEAD Y. M. ELECTION TICKET

Votes Are Being Cast Today for Christian Association Officers for 1934.

Tom Groody, Manhattan, and L. G. Langston, Hutchinson, are candidates for the presidency of the Y. M. C. A., whose election is being held today in Anderson hall. Three vice-presidents will be elected from the six nominees.

A member of the election board will occupy a desk near the central stairway in Anderson between 9 a. m. and 5 p. m. to receive votes. Ballots may be mailed in the college postoffice before 5 p. m.

Members of the election board are: Art Munns, Kansas City; Roy Crist, Brewster; B. C. Forbes, Leavenworth; Junior Howard, Oberlin; and Willard Parker, chairman, Clearwater.

Candidates in addition to the presidential nominees are:

Vice-president: (vote for three) Virgil Chapman, Manhattan; Joe Creed, Bartlesville, Okla.; F. H. Elayer, Manhattan; Fred Hill, Huntington, W. Va.; Clarence Keith, Ottawa; Leonard Izard, Carthage, Mo.

Recording secretary: Max McCord, Manhattan; and Richard New, Leavenworth.

Board—students: (vote for five) Cecil Arens, Topeka; Frank Burson, Monument; Vorras Elliott, McPherson; Ken Harter, El Dorado; J. F. Knappenberger, Penasola; Dean McNeal Boyle, J. C. North, Kansas City, Mo.; Clay Reppert, Harris; Gene Ross, Wamego; Oren Stoner, Sabetha.

Board—faculty: (vote for three) Dr. H. H. King; Dr. Howard T. Hill; Walter E. Moore.

Members of the nominating committee were: Gaylord Munson, Junction City; Joel Kesler, Overbrook; Pete Fairbanks, Topeka; Hal McCord, jr., Manhattan; Howard T. Hill, chairman.

DANCERS POSE IN ACTION

Orchestra Pictures in Royal Purple Will Portray Rhythmic Bodily Movement.

Action pictures were taken in the formal gardens Saturday of members of Orchestra, honorary dancing organization, for the Royal Purple. Group unity and opposition were portrayed in pictures involving leaps, German technique and poses with scarfs.

Prof. Kingsley W. Given took the pictures, and Prof. John T. Helm directed the groupings. Franklin Thackery also assisted.

These members of Orchestra were present: Lucille Allman, Roberta Odle, Zeldia Ackenhansen, Lois Ackenhansen, Ivernia Danielson, Marian Osmont, all of Manhattan; Arlene Smith, Topeka; Margaret Carr, Kansas City, Mo.; Mary Brookshire, Osborne; Lucille Johnitz, Abilene; and Margaret Patterson, Kansas City.

VARSITY TOMORROW NIGHT

New Band Will Furnish Music for Dance Approved by S. G. A.

A new band will make its debut into college varieties Wednesday night when the Varsity Nine furnish music for a varsity at Harrison's hall in Aggieville. The dance has been approved by college authorities and will be a regular all school varsity.

The orchestra has been playing together for many dances but this is the first time that they have played for a college dance in Manhattan. The musicians are a selection from several former college and local orchestras.

FRANKLINS TAKE PLAY TITLE FROM ONLY CHAMPIONS

FLORENCE LANDRUM COACHES WINNERS IN LITERARY SOCIETY CONTEST.

HAMILTON-IONIANS SECOND

Althea Siddens, Bertha Cook, David Gregory and Glenn Young Make Up Cast of "His Wife's First Husband." Play Judged Best.

Wrestling a title of five years standing from the Hamilton-Ionians, the Franklin literary society won the sixth annual intersociety play contest with their play "His Wife's First Husband." Friday night in the auditorium. The Hamilton-Ionians won second place with "Just Fate."

The plays were given to a large audience which responded enthusiastically to the program.

The Franklin play was ably coached by Florence Landrum. Althea Siddens portrayed well the character of Violet Pennington, the wife who was continually nagging her husband. She was assisted by Bertha Cook as the mother-in-law who succeeded thoroughly in making life unbearable for Percival, the hen-pecked second husband, played by David Gregory. The name of John Harmon, the ex-husband, hilariously portrayed by Glenn Young, is constantly thrown up to poor Percival as the example of a perfect husband.

Just as Percival reaches the point of exasperation, John appears on the scene to take a room at the Pennington home. Together the two, husband and ex-husband of Violet, turn the tables on the wretched un-livable place for Percival.

"Just Fate," the one-act comedy production of the Hamilton-Ionians which took second place, was excellently done by a cast of three: Ruth Gresham, Wayne Herring, and Winifred Wolf, and coached by Ruth McCammon.

The Browning Athenian play "Finders Keepers" with a cast composed of George Boys, Elizabeth Walbert, and Olga Larson, received a notable amount of applause. Esther Wiedow coached the play.

"The Girl," presented by the Webster literary society proved to have no women in it after all, but the cast of three men succeeded in holding the interest of the audience to the point of tenseness. Joyce Miller, Ralph Hendrickson, and Frank McCurdy comprised the cast, and Hendrickson coached the play.

Music between plays was furnished by members of the societies as follows: Hamilton-Ionian: trumpet solo, Vorras Elliott, accompanied by Ed Mariner; Athenian: violin solo, Elizabeth Sloop accompanied by Esther Wiedow; Franklin: piano duet, Lucille Herndon and Julia Crow; cello solo, Maurice Schruben, accompanied by Elden Stephen; Webster: harp solo, Gordon Carter, and guitar solo, Tom Haines.

Judges in the contest were Mrs. Mary Myers Elliott of the public speaking department; Rev. B. A. Rogers, student pastor of the Methodist church; and W. R. Purkayle, Manhattan high school public speaking instructor.

LATTA HEADS ALPHA ZETA

Honorary Ag Fraternity Chooses Holton Junior Chancellor for Coming Year.

John Latta, Ag 3, Holton, was elected chancellor for the coming year of the Kansas State chapter of Alpha Zeta, national honorary agricultural fraternity, at its meeting held recently. Other officers elected are: scribe, Wilfred Pine, Lawrence; treasurer, Pius Hostetter, Harper; censor, Paul Griffith, Edmond; chronicler, Frank G. Parsons, Winfield; historian, Charles Fisher, Cuba; and sergeant-at-arms, Harry Coberly, Gove.

Installation of the newly-elected officers will be held one week from last night in Thompson hall. Following the election, Dr. W. H. Metzger of the agronomy department spoke on "Student Life on Other Campuses."

Friendly Five Sport Shoes \$5. Don and Jerry, Clothiers. 53-1

STRING QUARTET IS IN TODAY'S RECITAL

Music Students in Piano and Voice Also to Be Presented at 5 O'Clock Program

A string quartet, and solos for organ will be featured in the student recital this afternoon at 5 o'clock in the auditorium. Piano and vocal solos will also be given. This is the third recital this semester in the student series.

The program will open with a piano number, "The Lark" (Olinak-Balakirev), played by Wilma Kathryn Price. This will be followed by an organ solo "Northern Lights" (Torjussen). Mabel Russell is the soloist.

"Song of the Robin" (Case) will be presented by Harriet Mayer, and Rosemary Schmidt will play Cyril Scott's "Valse Caprice." Margaret Spencer will play an organ solo, "Scherzetto," by Viene.

Two numbers by a string quartet will conclude the program, "Air" (after J. Aubert), by Pochon, and "Presto," from quartette No. 2, by Haydn. Students in the quartet are: Dorothea Bacon, first violin; Bernice Covey, second violin; Emily Rumold, viola; and Maurice Schruben, cello.

Y. W. C. A. CABINET GOES IN

Dorothy Blackman Takes Over Presidency, Succeeding Mary Alice Schnacke

In the glow of candlelight and the fragrance of sweet peas, the golden jubilee cabinet of the Y. W. C. A. last evening was installed. The service took place in Calvin hall under the direction of Louise Chalfant.

In the symbolic ceremony in which the retiring officers committed their offices to the new cabinet, each member of the association was given a sweet pea.

Music by a string quartet added much to the occasion. Those who played were: Margaret Higdon, first violin; Viola Barron, second violin; Josephine Baker, viola; and Lucille Herndon, cello.

Dorothy Blackman, Manhattan, was installed as the fiftieth president of the Y. W. on Kansas State campus. She succeeded Mary Alice Schnacke, LaCrosse.

Other officers installed were: Vice-president, Ruth Langenwalter; secretary, Ruth Gresham; treasurer, Harriet Reed; head of freshman commission, Barbara Lautz.

College sister chairman, Winifred Wolf; office, Elizabeth Lamprecht; membership, Muriel Fulton; social service, Betty Ozmert; social, Alice Wilsey and Kathryn Knechtel; hostess, Ellen Payne; student forums, Lucille Allman.

Publicity, Virginia Haggar; finance, Ruth Jorgenson; retreats, Evelyn Braden; world forum, Viola Barron; programs, Frances Tannahill; Aggie Pop, Helen Morgan; interest groups, Mayrie Griffith, Jessie Dean, Ruth DeBau, Ethel Olney, and Jeanette Moser.

WANT MASH, REJECT GREENS

Six Hens Used to Dry Diet Take Attitude of "Give Me This or Give Me Death"

Liberty meant little to six hens when they were granted their freedom recently after having served an "experimental sentence" in a battery since last October. While individually confined in the battery they were given portions of dry mash and caused to work overtime by electric lights used to make their days longer. The battery was so constructed that they were not given even an opportunity to scratch.

Finally L. A. Wilhelm, a graduate student who is conducting research for the Kansas Poultry shippers association, turned them loose on a plot of green wheat, rye and alfalfa. But they refused to eat any of the green sprouts. They failed to profit by the examples set by other hens that had not "served time" in a hen battery and so relied on the green food.

The hens were taken from the battery and subjected to green food diet by Wilhelm as the final phase of an experiment which he is conducting to test the effect of feeding on the yolks of eggs.

HODGES TO WASHINGTON

Prof. J. A. Hodges of the agricultural economics department left yesterday for Washington where he will spend the remainder of the week assisting L. N. Chapman in Farm Bureau Farm Management association field work in the northern part of the state.

New Shape Easter Hats \$3.50. Don and Jerry, Clothiers. 53-1

WRESTLERS TO LEAVE MONDAY FOR COLUMBIA

Thirteen Wildcat Matmen Entered in Missouri Valley A. A. U. Tournament

Coach B. R. Patterson and a group of Kansas State wrestlers will leave Monday for Columbia, Missouri, where the Missouri Valley A. A. U. grappling tournament will be held April 18 and 19.

Coach Patterson said that anyone can go that wants to. There will be no tryouts for the tournament. So far 13 wrestlers from Kansas State have been entered.

Last year Kansas State won the team championship of the Missouri Valley. Three Wildcat entrants will be defending champions. They are Paul Warner, Joyce Miller, and June Roberts. Paul Griffith was champion two years ago but did not compete last year. Winners of this tournament are eligible to compete in the national A. A. U. meet.

Kansas State's entrants are: 125-pound class: Griffith and Walters. 135-pound class: McDonald and Heinz. 145-pound class: Warner and Lamb. 155-pound class: Roberts. 165-pound class: Arnett, Young, and Miller. 175-pound class: Bozarth and Houser. Heavyweight: Thiele.

McKINNEY TO W. A. A. HEAD

Arlene Smith Is New Vice President for Women's Athletic Organization.

Katharine McKinney, Bartlesville, Okla., was elected president of the Women's Athletic association at a meeting held last Thursday afternoon.

Other officers elected are: Vice-president, Arlene Smith, Topeka; secretary, Irma Jean Miller, Manhattan; treasurer, Mildred Forrester, Wamego; marshal, Helen Morgan, Newton; program chairman, Ellen Payne, Manhattan; publicity manager, Margaret Easterday, Greeley, Colo.; costume manager, Jean Dexter, Columbus, Ga.

The following were elected sport managers: volleyball, Lois Rosenkrans, Manhattan; tennis, Mae Gordon, De Soto; baseball, Jack Swenson, Phoenix, Ariz.; dancing, Lucile Johnitz, Abilene; archery, Leora Light, Liberal; swimming, Pauline Compton, Manhattan; field and track, Katherine Black, Council Grove; hiking, Alice Kimball, Manhattan; posture, Florence McKinney, Bartlesville, Okla.; rifle, Myra Roth, Ness City; tennis, Wilma Womer, Topeka; basketball, Rose Skradski, Kansas City, Kan.

Plans for a Play day, when members of Kansas State W. A. A. will be hostesses to members from other schools, were discussed. The Play day will be held on May 6.

Ernestine and Evelyn Young, Arkansas City, entertained with a shadow dance at the meeting.

LIFE INSURANCE FINDS FRIEND IN PROFESSOR

"Only Plan to Guarantee Certain Income," Stewart Declares in Radio address

"How to protect your time with life insurance," was the subject discussed by Prof. H. M. Stewart of the department of economics and sociology over station KSAC.

"Many persons have so much time at their disposal that they don't know what to do with it," Professor Stewart said. "In the future, due to more efficient machinery, each individual will be required to spend less time at work and will have more leisure. For many people who do not know what to do with their time, life is a drag and a bore. Time should be spent in rest and recreation which is as important as systematic methods of business."

"A person should do work that is inspiring and enjoyable," said the speaker, "and in doing things worthwhile, one finds happiness. It requires thought, study, and training to discover and use talents. In school one should learn proper habits, good judgment, initiative, and patience. Every life represents a real investment in time and money."

"Life insurance," he continued, "can guarantee one's dependents the result of years of work. As fire, property, business interruption, and rent insurance are important, life insurance is even more necessary. It is the only plan which guarantees a safe and certain income to one's self and dependents, and it is not uncertain, as investments often are."

Calvin Coolidge was quoted by the speaker as saying, "Life insurance is as safe as any financial institution can be."

SMITH HURT IN BASEBALL
W. B. Smith, Holington, cracked a bone in his little finger while playing baseball a few days ago.

SCIENCE ACADEMY CONVENING HERE AMONG EARLIEST

GROUP IN KANSAS IS ONE OF OLDEST IN COUNTRY, SAYS NABOURS.

NOTABLES IN GROUP'S RANKS

Program for Convention This Week Is Made Known—Speakers Will Come From Chicago and All Over Kansas.

The 65th annual meeting of the Kansas Academy of Science will be held at Kansas State, April 13-15. The Kansas group is one of the oldest academies of science in the country, according to Prof. R. K. Nabours, head of the department of zoology.

Many members of the Kansas academy of science have become distinguished in various branches of science throughout the country. Professor Nabours said. Among the members who have attained distinction are: S. W. Williston and Ernest Fox Nichols, now deceased; Dr. C. E. McClung, and Dr. Phillip Fox. Doctor Fox is a graduate of Kansas State with the class of '91 and he will be one of the feature speakers at the forthcoming meetings.

Considerable publicity has been given the meeting by stations KSAC and KFKU.

The meeting of the Kansas academy of science rotates between the University of Kansas, Kansas State, and other colleges in Kansas.

Formal Program Announced
The program has been announced as follows:

April 13: 8:15 p. m.—An illustrated lecture on "Spiders" by Dr. Paul E. Lawson of the University of Kansas, in recreation center, Anderson hall.

April 14: 9:00 a. m.—General papers in Denison hall, room 26. 1:00 p. m.—Exhibits and demonstrations in Denison hall, room 33; and the junior academy of science in Denison hall, room 55.

1:30 p. m.—Sectional programs: a. Biology in Denison hall, room 27. b. Chemistry in Denison hall, room 26. c. Physics in Denison hall, room 58. d. Psychology in Denison hall, room 55.

5:45 p. m.—Banquet at the college cafeteria. The toastmaster will be Prof. Leo Melchers, head of the department of botany and plant pathology. Addresses of welcome by Dr. J. T. Willard, vice-president of Kansas State, Presidential address, "Old Photographs," a brief review of American photography in the period 1840-1880, by Robert Taft of the University of Kansas.

8:15 p. m.—Dr. Phillip Fox, astronomer and director of the Adler Planetarium, Chicago, will give an illustrated lecture address on "Architecture of the Heavens" under the auspices of the science club and Sigma Xi of Kansas State and the Kansas Academy of Science in the college auditorium.

April 15: 8:15 a. m.—General papers and business in Denison hall, room 26. 12 m.—Meeting of the new executive council. 1:30 p. m.—Entomology papers in Fairchild hall, room 52.

The officers of the Kansas Academy of Science are: Robert Taft, Lawrence, president; J. Willard, Hershey, McPherson, first vice-president; W. H. Matthews, Pittsburg, second vice-president; George F. Johnson, Manhattan, secretary; Harvey A. Zinszer, Hays, treasurer.

The local committee is composed of Dr. A. T. Perkins, assistant professor of chemistry; Dr. D. C. Warren, professor of poultry husbandry; Dr. Martha M. Kramer, professor of food economics and nutrition; and Dr. Mary T. Harman, professor of zoology; Prof. E. R. Lyon, associate professor of physics; and Prof. L. E. Melchers of the botany department.

SOCIETIES PLAN DANCE

Pre-Easter Party Will Be held in Rec Center Wednesday

The pre-Easter inter-society dance Wednesday night in recreation center will have as a feature an intermission program by the Mason school of dancing.

New records have been procured by Ray Stremel for the party and will be used on his electrical transcription system.

"The party is going to be bigger and better than ever," Stremel said.

Easter Gift Neckwear \$1.00. Don and Jerry, Clothiers. 53-1

TYPHOID'S OUNCE OF PREVENTION OFFERED

College Students Are At Most Dangerous Age, Stever Gives Warning

Innoculations for typhoid fever are necessary for students of college age, according to Dr. Charles M. Stever, at whose office the treatments are being given. Innoculations must be taken in three different doses, each a week apart. It is well to receive each dose either before Sunday or before a weekend in order to have a day or two for the reaction to take place, according to Doctor Stever.

College students are at the age when typhoid fever is most likely to strike, and therefore should take every precaution possible to avoid contracting the disease, the doctor said. A student enrolled at Kansas State last year died of the fever.

EXPECT PRIZES TO DRAW MANY JUDGING ENTRANTS

Crops, Dairy and Animal Husbandry Sections Will Be Held on Successive Saturdays

An impressive prize list, combined with the well-known economic distress, is expected to attract a large number of entries for the annual student's agricultural judging contests this spring. Dates have been selected and plans are well under way for the three competitions. The crops judging contest will be held in the afternoon of April 22, the dairy judging contest the afternoon of April 29, and the animal husbandry contest May 6.

Prizes for the crops judging contest total \$135. Fifty dollars are offered in scholarships, \$50 in cash and trophies, and \$35 in merchandise. There will be 18 prize winners. The prizes are donated by agricultural business houses and publications.

Must Know Seeds and Weeds
This contest consists of the identification of seed, head, and green samples of crop plants; the identification of seed and green samples of common weeds; and the grading and judging of grain samples.

The contest is divided into three sections: a freshman section for those who have not taken the course in farm crops; a junior section for those who have had or are taking the course in grain grading and judging. The entry fee for this contest is 25 cents.

The event is sponsored by the Kiod and Kernel club, agronomy departmental organization. Andrew B. Erhart, Timken, is in charge and he will be assisted by members of this year's crops judging team. Professors J. W. Zahnley and C. D. Davis of the agronomy department are the faculty members supervising the contest.

Eight Classes in Dairy Section
The dairy judging contest, sponsored by the Dairy club and supervised by Walter W. Babbitt, Willis, will consist of the judging of eight classes of dairy animals—four of cows and four of heifers. There will be four animals in each class and each class will consist of representative animals of a single breed. The breeds to be judged are Guernsey, Jersey, Holstein-Friesian, and Aberdeen-Angus.

This contest will be divided into a senior division for those who have had advanced dairy judging and a junior division for those who have not had advanced dairy judging. Each individual entered in the senior division must give oral reasons on four of the eight classes judged. In the junior division, all reasons will be written.

Awards will be made for the top ten placings in each division and also to the top placing in each breed. A loving cup will be awarded the winner of the senior division. The other prizes have not yet been announced.

May Hold Girls Contest
Babbitt indicated that a special contest for girls might be held "if enough entries can be secured." Judges of these competitions will be members of the dairy department faculty.

Howard Moreen, Salina, president of the Block and Bridle club, is in charge of the animal husbandry livestock judging contest. He has appointed the following contest committee: John I. Miller, Prescott; L. R. Daniels, St. Francis; Gaylord Munson, Junction City; and Earl C. Coulter, Willis.

NO COLLEGIAN FOR VACATION

The Collegian will not be issued during the Easter vacation, on either Friday or Tuesday morning. The next issue will be that of Friday, April 21.

Easter Gift Socks, 25c, 35c, 50c. Don and Jerry, Clothiers. 53-1

FREDERIC MARCH WILL JUDGE THE BEAUTY CONTEST

ROYAL PURPLE STAFF FINALLY LOCATES HIM RESTING AT YOSEMITE

BEST MALE ACTOR ACCEPTS

Telegraph Signifies Acceptance to Choose Most Attractive of Five Different Types of Pulchritude

Frederic March, noted actor of stage and screen, telegraphed his consent to judge the 1933 beauty contest conducted by the Royal Purple in a message delivered to the office of the yearbook late yesterday afternoon.

After several unsuccessful attempts to communicate with him, the staff finally located Mr. March at Yosemite National park, where he is taking a short rest.

Mr. March, who was given an award by the Motion Picture academy last year for doing the best work of any male actor during the year, played stellar roles in "The Sign of the Cross" and in "Smilin' Thru." He is a graduate of the University of Wisconsin.

The last of the 31 girls entered in the contest was photographed yesterday. Arthur O. Browne, photographer, asserts that this is the largest number of girls even entered in such a contest here, and that, in his opinion, it will be the most difficult to judge. Either the number of good

Spring Again.

If your calendar could speak, it would tell you that spring is here. Yes, spring—the time when a young man's fancy turns to love and all that sort of thing. But a look at the weather will tell us that we can't be too sure it is time for fancies to change—and all that sort of thing.

Little can be done about the manner in which the weather man selects to favor us. But the atmosphere of spring is here. Today is fair, tomorrow it may be fair and warmer, and still it may rain—and even snow. But 'tis spring. Little signs of this and that remind us that spring isn't just around the corner. Down by the river the kids are digging, playing, and fighting too. But all around us the things we like most look better. Those barren trees are taking on their new dress. The bushes, too, are getting their coating of green—and it isn't because they are jealous of the freshmen.

Now and then a new red tie appears. Then again we aren't sure. But a light green tie and perhaps one done in yellow reminds us that it is just that time of year. A fair coed will assure us this with a streaming (and maybe screaming) outfit in baby blue. Or is it baby pink? And of course the classy looking gray suit that go hand in hand with those snazzy frocks don't help at all to forget that it is time for a young man's fancy to turn once more.

Spring, when a young man's fancy turns to baseball too. The crack of the bat and the thud of that catch seems to echo and ring to the tune of "howdy fellers, let's live again." Peanuts, popcorn, and soda pop all come hand in hand to remind us that baseball is here again and when baseball returns—Ah-ha 'tis spring again.

Out in a western park discords from a howling phonograph and smelly smells from half burning campfires remind us that once again we can plan those picnics and parties which almost always bring April showers.

Breezes wafting in the half open windows fan the pages of neglected text books. Little melodies of feathered clarions of song fan in the windows too. And all go unnoticed for we are probably out sipping cokes or swapping stories 'neath the moon.

It's in the air now. It looks like the depression corner has been turned and studies can be accomplished with some ease. It isn't all so new, but it is great. And little spots of rain don't seem to bother much since sunshine makes it all forgotten in such a short time. Yes sir! 'tis spring again.

On Other Hills

Two-thirds of the students at the University of Paris are Americans.

A new division was established at the University of Southern California last week, the university junior college.

A police car containing a short wave radio set was recently placed in operation on the University of California campus.

A professor at Washington university estimates the human body is worth about 7 cents a pound.

For the first time in 20 years, Washington university at St. Louis failed to elect a fraternity man as captain of their football team.

A Cornell professor announced to his class that he had discovered an English rhyme copied

word for word from a book. He asked the guilty man to see him at the end of the hour, he was confronted by no less than five men.

Two hundred nineteen thousand, three hundred seventy telephone calls go through the Creighton university switchboard during business hours in one year.

Girls today, according to a college dean, go hungry to buy clothes. Why don't they then?—Cawker City Ledger.

Coeds taking courses in home economics at Temple university have to play nursemaid to a group of nice fluffy rats.

Janitors at the University of Minnesota recently drew lots to determine which one would carry skeletons across the campus from one lab to another.

A regulation at Denison University: "The student may be reinstated only if the absence is caused by severe illness or death."

Action by the R. O. T. C. was taken against a California student who ordered 2,500 anti-militaristic handbills to be printed and distributed at his expense.

Hazing has been discontinued at Lincoln Memorial university in Tennessee since one of the younger professors was thought to be a frosh at a recent demonstration.

As a protest against the co-ed's adoption of football as one of their major sports, the men students of Melbourne university have taken to knitting.

Clothes may make the man, but they don't identify him if he has a fraternity brother of the same size.—Pittsburg Collegio.

Students at the University of Minnesota bartered fountain pens, clothing, jewelry and other articles valued at a dollar each for admittance to the Engineers' dance held last week.

At a fraternity house at DePauw, six men pooled a total of 81 cents, and then flipped a coin to see who should get the money for a date.

A professor whose name is listed in "Who's Who" was among the 86 unemployed teachers who applied for work at \$15 a week at the temporary emergency relief administration of New York state, according to the Butler Collegian.

Oklahoma A. and M. college wants to change its name. We suggest Oklahoma P. M. college. This would give the students a chance to sleep a little later.—Wisconsin Cardinal.

Virtually placing himself on the auction block, a student at Texarkana Junior college has offered five years of his services to any bidder who would give him \$3,000 to complete his educational career at the University of Texas. He is an honor student, football player, and hopes to become a lawyer.

Faculty control of fraternities at the University of Denver is made more apparent by the recent ruling that fraternities will have to make public all board and room expenses, all fees and dues, and cannot change them without consent of the fraternity faculty advisor.

A. V. Proudfoot, president of the board of trustees at Simpson College, Iowa, was pelted with eggs thrown by students when he recently addressed them in chapel, according to an Associated Press dispatch. Proudfoot had ordered the suspension of six students for refusing to sign pledges that they would not violate the college rule against dancing.

The Snooper

Sunday afternoon wild animal lovers and plain lovers around Sunset park were treated to a wild beast show. Al (Tom Mix) Wilson, of the Pl. K. A. clan, borrowed a burro from an innocent little boy and with the gusto of an old frontiersman, Al sprang upon the animal. The burro started sun-fishing, nose-diving, side-wheeling, and bucking; (these terms are from volume 2 of "Horse-back Riding for Beginners.") all of the time Al was hanging on for dear life. Losing his hold the third time around Sunset park Al was thrown far into space by the burro.

The two conventions this week-end were a success, (as far as conventions go.) The Tri Delta mustered up a band of sisters from nearby villages and hamlets, mixed them with the sisters from large cities and turned out a fair convention. All but five of the Chi Omegas journeyed to Kansas City and do doubt the Chi O's had a successful convention.

Mary Berryman must not like her new Delta Tau Delta pin. Or maybe she is waiting for an opportune time to display it.

With the coming of spring the Beta's with their harsh husky voices throw forth into the warm sephyras mighty Tarzan yells. Holding their hands across mighty chests and faces upturned to the pale yellow moon, the Beta boys stand on their veranda giving the love call of the lion or the battle cry of the bull-moose.

Joe Menzie and Tom Kimball the two Bolsheviks from Michigan have come back to revolutionize some of the Kansas State College traditions.

The first Varsity in several weeks will be held in Harrison hall next Wednesday night. This dance approved by the S. G. A. will give the students a chance to brush up on their choice steps before going back to their respective homes or Kansas City for the Easter vacation.

At The Theatres

DICKINSON THEATER

"The Big Cage"

Clyde Beatty mixes lions and tigers in "The Big Cage" at the Dickinson Theater today and tomorrow. This dare-devil picture will not only raise your hair but drop your heart to your heels when he has the nerve to mix lions and tigers—in the same cage—and get in with them—Whew!

Something must have happened to Anita Page, maybe she had her face lifted, but she certainly doesn't look the sickening sweet girl in this picture. With lions rushing at her she does her part and makes you feel for her.

You just want to get up and run when the lightning strikes the circus tent in the midst of the performance, mixing wild animals, actors, acrobats, and audience. I don't know which are the most scared.

This is no fake picture. It has been brought from the real sawdust to the screen so more than a crowded tent can see what no one else has ever dared to try.—F. V.

AT THE VARSITY

"The Secret of Madame Blanche"

Even with a couple of lowbrows behind you to make two rows miserable with their sarcastic comments, you'll like Irene Dunn in "The Secret of Madame Blanche."

If you recall Irene Dunn's acting in "Cimarron," you'll know what to look for in this show. And she's

the whole show—in a part that gives a brilliant actress a good opportunity for sympathetic character portrayal.

Don't look for detective thrillers. Hidden behind an ill-boding title is a wholesome story of mother-love and sacrifice. Not all of it. There are snappy points, too, in which Lionel Atwill and Phillips Holmes do their part. There's even musical comedy.

If you like good acting in a go-go actress, you'll want to see Irene Dunn today and tomorrow. An added feature at 9 o'clock is a pre-Easter style show.

WOMEN JOURNALISTS TO SPONSOR MOVIE

"White Sister," With Helen Hayes and Clark Gable to Be After Easter at Varsity

"White Sister," starring Clark Gable and Helen Hayes, which will be shown at the Varsity theatre April 17-19 will be sponsored by Theta Sigma Phi, women's honorary journalistic association. Helen Hayes won the 1932 award for the best acting among women screen stars.

Tickets will be available in Kedzie hall and in addition all members of Theta Sigma Phi will have tickets for sale.

One thousand tickets is the goal set, according to Mayrie Griffith, president of the Theta Sigma Phi's.

A professor at Boston university fell asleep while setting in on a history of education class.

BENEFIT SHOW

Theta Sigma Phi, Women's Journalism Fraternity, will sell tickets for

"The White Sister"

25c Tickets on Sale in Kedzie Hall and from Theta Sig members.

Were you BORN TIRED?

HO, HUM . . . another day, another dollar. But why let it put you in a state of vertical collapse, when the nearest campus eating place has the best pick-me-up awaiting your command?

It's Shredded Wheat, the food that's VITALLY DIFFERENT, that puts the spring in your step. Some folks call it "energy by the bowlful." And it is—for Shredded Wheat is whole wheat, the one cereal grain that's packed with proteins, carbohydrates, minerals and vitamins. All these vital, life-sustaining elements—nothing added, nothing taken away—come to you in Shredded Wheat. With just the right amount of bran, measured for you by Nature.

You'll like the taste. Millions say they do. Have it served any way you like—with milk or cream, fresh or preserved fruit. It will even put new life in your pocket-book . . . it's a lot of food for a little!

Phi Kappa Alpha
Phi Kappa Alpha announces the initiation of Charles Maxwell, Donald Green, and Loren Carlbien.

Lloyd Michaels spent Saturday and Sunday at Topeka.

Hayden Phillips, Salina, and Oscar Hardfefer, Lawrence, were weekend guests at the house.

Chi Omega

Those who attended the Founders' Day banquet at the Newbern hotel in Kansas City, Saturday evening, were: Frances Fockele, Florence Lovejoy, Donald Keeney, Margaret Gard, Frances Doornbos, Evelyn Osborn, Luella Graham, Louise Fenner, Genevieve Johnson.

Roberta Shannon, Helen Hanson, Nancy Jane Campbell, Charlotte Buckman, Maxine Blankenship, Dorothy Taylor, Mayrie Griffith, Margaret Reddy, Geraldine Grass, Jane Speed, Cybil Crocker, Marion Crocker, Beryl Brummitt, Frances Jacks, and Donelda Shafer.

Virginia Haggart spent the weekend at her home in Topeka.

Isabella Nelson, Delphos, is a guest at the house.

Dinner guests at the house Saturday were: Claude Ross, Bob Bessler, Dan Blaine, Bus Boyd, Victor Crocker, and Joel Kessler.

Farm House

Orville Chestnut, Quinter, was a Sunday dinner guest.

Members of Farm House fraternity entertained guests with a house party Saturday evening.

Clothier-McNay Marriage

The marriage of Ione O. Clothier and Everett J. McNay, both of Manhattan, was revealed last evening at a formal dinner of Zeta Tau Alpha.

The Rev. Mr. Williams, pastor of the Congregational church at Coun-

cil Grove, performed the service there on November 28, 1932. The bride was attended by a sorority sister, Harriet Reed, Holton, and Mr. McNay by a fraternity brother, E. Verle Bogle, Pittsburg.

Mrs. McNay is a member of Zeta Tau Alpha sorority and of American College Quill club, honorary organization of college writers.

Mr. McNay is a member of Tau Kappa Epsilon, social fraternity, and last night was initiated into Gamma Sigma Delta, honorary agricultural fraternity. After graduation in June he intends to continue his studies here, working toward a master's degree in horticultural entomology.

Clovia

Myra Ogg and Esther Johnson were in Kansas City last weekend. Ethel Bellis and Jessie Dean spent Sunday at Emporia visiting friends.

Phi Kappa Tau

Don Gilliland, Topeka, Charles Funk, Salina, and Velton Stewart, Salina, were weekend guests.

Dinner guests Sunday were C. C. Young, N. A. McCormick, and Lloyd Shaeffer.

The newly installed officers are: president, Norman Nelson; vice-president, L. Glenn Stuke; recording secretary, Paul Vander-

griff; treasurer, Harry Johnson, and corresponding secretary, Wallace Martin.

Phi Omega Pi

Helen Reed, Laura Ward, Velma French, and Jewel Stockdale spent Sunday in Topeka.

Hazel Wilson, Kanarado, and Charlotte Brooks, Brewster, visited at the house Saturday afternoon.

Mrs. O. G. French, Concordia, and Josephine Swenson, Jamestown, visited Velma French, Monday.

Marie and Cleo Wilson entertained with a buffet supper, Saturday evening, in honor of Mr. and Mrs. Armand Wilson. Guests included: Mrs. F. Gordon, Jewel Stockdale, Helen Reed, Helen Shedd, Mae Gordon, Cora Oliphant, Velma French, Laura Ward, Marcia Conrad, Leona Hill, Marjorie Berger, Althea Keller, and Charlotte Brooks, of Phi Omega Pi; and Lucille Byarlay, Green; Ethel Thurow, Verna Lee Brooks and Mrs. John Brooks, Brewster.

Delta Tau Delta

Don Isaacson spent the weekend at his home in Topeka.

Lewis Speer, Baker university, Baldwin, was a weekend guest at the house.

Andy Skradski visited at his home in Kansas City over the weekend.

Carl Smith spent Sunday in Topeka.

Clarence Healy, Lawrence, and Roy Telljohn, Kansas City, were weekend guests.

Pi Beta Phi

Virginia Flanders, Salina, is visiting at the house this weekend.

The following girls spent the weekend at their homes: Eugenia Ebling and Malena Jane Berglund, Lindsborg; Betty Miller, Salina.

Margaret McClymonds, Walton, spent the weekend with her sister, Vance.

Harriet Todd, Leavenworth, was a Sunday dinner guest.

Dorothy Maltby spent Saturday and Sunday in Topeka.

Caroline Dawley, Beth Bryant, Corinne Solt, Margaret Spencer, and Dorothy Hughes will be dinner guests this evening.

Julie Ann Amos drove to Hutchinson Saturday.

Van Zile Hall

Hazel McKibben, Topeka, and Arillas Homstead spent the weekend in Waterville.

Mrs. Guy Astle, Hutchinson, was a weekend guest of her daughter, La Faun.

Mr. and Mrs. Muri Feagins, Hutchinson, were dinner guests Saturday.

Mrs. E. C. Lewellan, Newton, was a guest of her daughter, Lois, last Thursday.

Eunice Reed spent Sunday at her home in Kanapolis.

Amelia Manker, Vernal, Utah, went to Milford Saturday.

Charlotte Leuenberger, Kansas City, has returned home until after the Easter holidays.

Helen Mundell was a weekend guest of Esther Mundell.

Miss Dorothy Barfoot was a dinner guest Thursday.

Sigma Alpha Epsilon

Sigma Alpha Epsilon announces the initiation of Frank Shideler, Girard; Chandler Price Berryman, Fredonia; William C. Seales, Kansas City, Mo.; Elwin Athey, Junction City; and David Dwight Klingler, Ashland.

R. H. Reppert and H. C. Reppert, Harris, were guests at the house Thursday and Friday.

Mr. and Mrs. W. S. Berryman, Fredonia, visited at the house Monday.

Frederick Beeler, Jewell, spent the weekend in Lexington, Mo.

Lambda Chi Alpha

Initiation was held last Thursday and Friday evening for Clifford Scott, Norway; Berand Geraghty, Selden; Donald Gentry, Manhattan; and William Priestly, Paola.

Edwin Orrick spent the weekend in Topeka.

Robert Baupel and Collins Crum returned from a business trip to Denver Friday afternoon.

Members of Lambda Chi Alpha entertained the following girls at their Sweetheart Dinner Sunday: Amelia Krott, Imogene Hubbard, Myra Roth, Margaret Kelley, Marjorie Call, Ernestine Merritt, Elsie Gottschalk, Elizabeth Jo Miller, Kay and Veva Brewer, Mary Clark, Wilma Crook, Reva Miller and Mr. and Mrs. Roy Smith.

Elton Fuls and Roger Ulrich.

Langdon, were guests at the house over the weekend.

Robert Baupel, Collins Crum and Bill Justis spent Friday night in Topeka.

Garcel Hays, Kansas City, called at the house Monday.

Leonard Pike, Milford, was a weekend guest.

James Scott, Boyce Hartman, and Collins Crum spent Sunday evening in Topeka.

Delta Delta Delta

The active chapter and local alliance of Delta Delta Delta were hostesses at Tri-Delta All-State day at the house Saturday. One hundred and twenty-five Tri Delta's were present, representing the chapter at Baker university, Baldwin, the Wichita Alliance, the Kan-

sas City Alliance, and other alumni from Topeka and Hutchinson.

Mrs. R. F. Roth, Russell, Kansas province deputy, presided at the meetings. Mrs. Bertha Smith, Lincoln, Neb., was the main speaker at the formal meeting.

Miss Elinor Pryor was taken to her home in Wichita Wednesday where she will recuperate from a recent illness.

Miss Helen Bradley was called to Kansas City Sunday to attend the funeral of her uncle.

Tau Kappa Epsilon

Tau Kappa Epsilon announces the pledging of C. O. Peles, Overland Park.

Weekend guests included Elroy Collins, Joe Burns, Frank Judd, and Harold Finnegan, Melvern; and Karl Wilson and Joe Reynolds, Coffeyville. Mr. Wilson is the assistant dean at the Coffeyville Junior college.

C. W. Turner and Eob Teagarden were in Wichita over the weekend.

Rev. F. L. Platt, pastor of the Congregational church, was a dinner guest Thursday evening. Following dinner Rev. Platt gave a short talk on student life in German universities.

Fivetimes more swimming records have been broken in the last ten years than any other sport.

Into the Shops with Betty Coed

OPEN Sunday so that you can buy those buns for picnics, the B AND B Baking company at 225 Poyntz features fresh cakes and breads to complete any menu.

FOR her Easter gift, why not jewelry of distinction? She will be proud of a genuine Indian bracelet, necklace, ring, or ear rings. The PINE'S Cafe in Aggieville is showing a collection of all-sterling jewelry, hand-made from Mexico. There are also baskets, pottery, and paintings at all prices.

IN KEDZIE you can buy tickets to "The White Sister" for 25 cents for any performance of the movie. Theta Sigma Phi is sponsoring the show at the VARSITY theater.

DOESN'T your mouth always water for that first piece of fried chicken about this time of year? You can get a big fried chicken sandwich with potato salad at the CANTEN for 25c.

CURVES are in again—and it's a reach for a sweet—the Easter-day greeting expressed by a box of delicious candies from the PALACE drug store.

EVERY day we're seeing more white shoes—on the street and about the campus. You can keep them looking nice by using that wonderful One White shoe cleaner for all white leathers and fabrics, and you can buy it at ROSENCRAN'S Shoe Service in Aggieville.

LILIES, hydrangeas, calceolarias, and all out flowers in season. Buy your Easter flowers at the MANHATTAN Floral Company. Dial 3322.

YOU will be spending lots of time out-of-doors from now on. Your hours will be more enjoyable in a glider swing with brightly colored cushions. The DIEHL-HEDGE Furniture Company has a wide assortment of new porch furniture, 304 Poyntz.

FOR those coming picnics, try our fresh potato chips. Open Sundays. HALL'S Carmelcrisp Shop, 107 South Fourth.

A permanent wave which withstands wind-blowing days is featured by the LADY BEAUTIFUL shop at \$3.50. A steam permanent wave is \$5.00.

FOR your going home wardrobe, you should see the many dainty and practical dresses now on display at the AGGIEVILLE Hat and

Frock Shop, 1210 Moro. The price is only \$5.95 for garments you would expect to pay much more for.

SURPRISE Mother and take your clothes home clean for a change, MANHATTAN Laundry will give you prompt service. They will have them ready for you to pack by Thursday. You know they do Dry Cleaning too. Dial 2943.

MEN, how will you look beside her new Easter outfit? You can dress up at remarkably low cost this spring.

GIBBS Clothing Company at 200 Poyntz has suits in the popular tans and grays at \$11.50 to \$18.50. Their shoes, hats, and sweaters are equally reasonable.

FIT as a fiddle and ready for tennis is the co-ed who swings the new special light-weight racket. The COLLEGE book store has a spring supply prices at \$2.50, \$4.00, and \$5.50.

YOUR hair should be dressed up to go with your new Easter outfit. Fashion says end curls this season. Permanents are \$3 to \$7.50 at the NU STYLE Beauty Shop.

A True expression of personality is in distinctive and tailored writing paper which you can choose at the Aggieville REXALL drug store.

DEVELOP that winning stroke with a racket that has been restrung at the COLLEGE book store. Expert work and prompt service. \$2.25 up.

A smooth hair cut, a necessity for a good grooming, is the work of the GILLETT barbers who trim bobs for 35 cents.

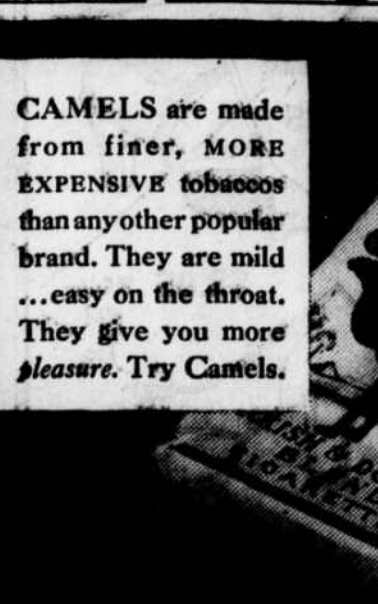

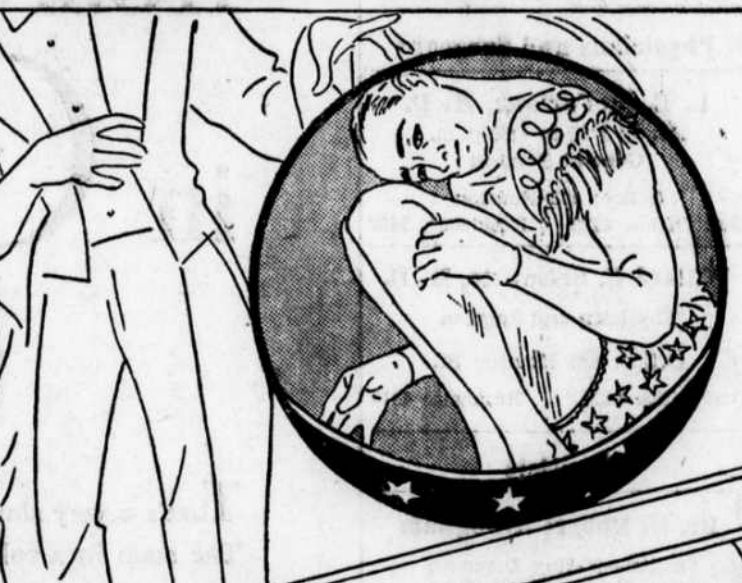

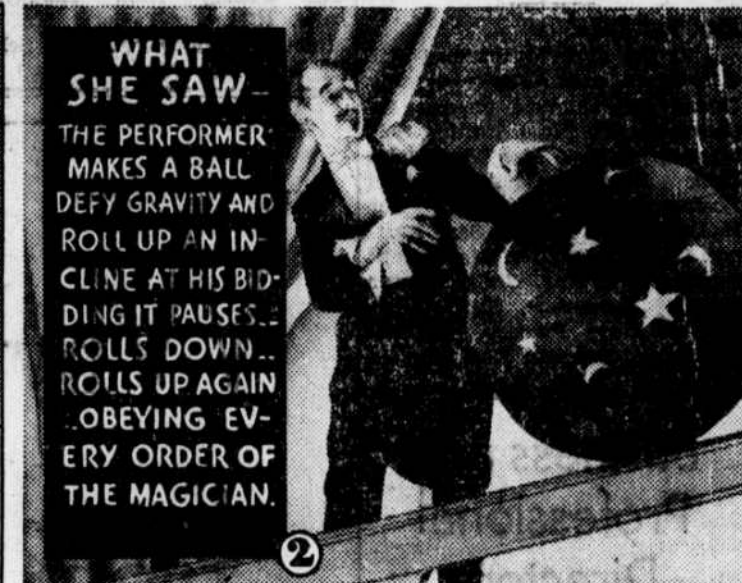

THE CITY DAIRY sells Golden-Flake buttermilk, a nutritious luncheon beverage, at seven cents a quart, and sweet milk at 16 quarts for one dollar.

FOR those coming picnics, try our fresh potato chips. Open Sundays. HALL'S Carmelcrisp Shop, 107 South Fourth.

A permanent wave which withstands wind-blowing days is featured by the LADY BEAUTIFUL shop at \$3.50. A steam permanent wave is \$5.00.

MANY RECORDS FALL IN WILDCAT-EMPORIA DUAL

Nine New Marks Set as Teachers Defeat Kansas State 69-62 Here Saturday

Nine dual track meet records were broken last Saturday in the track meet between Kansas State and Emporia Teachers. This is unusual when one considers that in all there were only fifteen events.

Before the final event was run Kansas State had 62 points while Emporia Teachers had 64 points. By winning the relay the Teachers clinched the meet. The final score was Emporia 69, Kansas State 62. Captain Breen of Kansas State and Crooms of Emporia tied for scoring honors by winning 11 points. In addition to breaking the dual meet record in the broad jump Captain Breen set a new varsity broad jump record when he leaped 23 feet five and a half inches. Colton and Haring of Emporia and Schmitz of Kansas State each scored 10 points. Emporia swept two events and the Wildcats two others. The 220-yard dash and the shot put were the events Emporia swept, while Kansas State took all places in the high jump and two-mile run.

WILDCATS DOWN INDIANS

Score 8 to 4 Victory in First Game of Season—Carter and Gentz Get Homers

By bunching a home run, a single, and two errors in the sixth inning to score five runs, the Kansas State baseball team won an 8 to 4 victory from Haskell Institute here Friday afternoon.

This was the first win the Wildcats have taken from the Indians in a number of years. Last year Haskell won 4 to 3, and the year before by a 17 to 5 score.

In the second inning Haskell went into a three run lead. In the third and fourth innings Kansas State tied the count. The Wildcats scored twice in the third when LeClerc drew a walk and came home on Gentz' home run into left field. In the fourth Skradski tied the score when he hit safely, advanced on Underwood's hit and LeClerc's walk, and came home on a fielder's choice when Lowell fled out to center field.

Haskell again took the lead in the sixth inning by scoring a run on a pair of hits. In that same frame, however, Kansas State scored five runs to make the count 8 to 4. Skradski, the first man up for the Wildcats, got to first when the shortstop muffed his grounder. Underwood walked, and both advanced when the pitcher muffed Asbill's bunt to fill the bases. Marshall singled to score Skradski and Underwood and place Asbill on third. Asbill came home, Marshall went to second on a fielder's choice. Carter hit a home run to clear the bases.

Jack Lowell did a good job pitching for Kansas State. Although he allowed 8 hits and 3 walks, he fanned five batters. Kansas State got six hits and five walks from the two Haskell pitchers, Darling and Fobb. Darling fanned four.

Underwood took batting honors for Kansas State by clubbing out two hits in three times at the plate. Coats and Darling also got two safeties in three trips to the plate for the Indians.

Women's Sports

Intramural tennis tournament play is on. The deadline is set for the Tuesday after Easter—April 18. All games must be run off by then. Each competing group has a manager, and the rules are posted on the bulletin board. Points are given for games played, the number of girls participating, number of upper classmen competing, the winning team, group winners, and for consistent good sportsmanship of a group.

Golf classes started last week, under the instruction of Miss Gueyer. Quite a number of faculty members and graduate students are enrolled.

Horseback riding lessons are being offered for 50 cents a lesson. Those desiring instruction may call Mr. Baum at 3-7477.

A Girl Scout training course for junior majors and any others wishing instruction, started yesterday. The meetings, sponsored by town women, are held in the parlors of the Episcopal church at 2:30 or 7:30. The enrollment fee is \$1.00. This is a course in advance Scout-ing, and an out-of-town leader has been secured to teach the classes.

Practices started yesterday for intramural baseball. That means more sore arms. Students are required to be out for three or four practices to be eligible to play. Practice schedules are posted on the

bulletin board in the women's gymnasium.

Classes in tennis are starting practice on the courts now. Idle passers-by find watching them quite entertaining, to say the least. It's great sport, think lookers-on, to watch some ambitious little girl toss the ball high into the air, come down with a powerful swing, miss the ball completely, and crack her left leg so hard with the racket she almost falls down. Then there's the bowlegged girl who lets all the balls go through a too nearly perfect circle, and well, lots of others. And—in all justice—it must be added that there are a few who aren't bad at all.

Men's Intramurals

Team points made in handball have been tabulated but do not materially affect the leading teams in intramural competition. Delta Sigma Phi still is in first place with 92½ points. Delta Tau Delta is second with 84½.

Phi Kappa Tau displaced Sigma Alpha Epsilon to go into third place with a total of 803 points. The Sig Alphas have 792 points. Aggie Knights are fifth with 750; Kappa Sigma sixth, 642; Alpha Gamma Rho seventh, 635; W. F. A. C., eighth, 630½; and Lone Stars ninth, 630.

The Aggie Knights won the handball team championship by scoring 128 points. Delta Sigma Phi was next with 124. The Lone Stars made 101, W. F. A. C., 82, and Phi Kappa Tau 74. Only four intramural baseball games will be played this week because of Easter vacation and varsity ball games. Tomorrow afternoon's games are: Aggie Knights vs. Sigma Phi Epsilon, 4:15, NW; Kappa Sigma vs. Alpha Gamma Rho, 4:15, SE; Phi Sigma Kappa vs. W. F. A. C., 5:15, NW; and Delta Tau Delta vs. Sigma Alpha Epsilon, 5:15, SE.

THIRTY-FIVE PLAN TO MAKE CHICAGO TRIP

Group Traveling Decreases Cost of Inspection Tour and Others May Be Able to Go.

A group of about 35 architects, architectural engineers, and civil engineers will make the annual inspection trip to Chicago, May 23 to 28. Prof. L. E. Conrad, civil engineering, and Prof. Paul Weigel, head of the architecture department, will accompany them.

The trip is made possible by the very low transportation rates which traveling in a group makes possible, and there is some indication that on this account students from other divisions will also make the trip.

STEEL PIERCES HIS EYE

F. L. Van Scoyoc Is One of Five Going to Hospital

The following students have been in the college hospital recently: F. L. Van Scoyoc, Oak Hill, with a piece of steel lodged in his eye; Vide Schmidler, Barnes, due to ear trouble; Jack Bishop; Don Isaacson, Topeka; and E. J. Von Lebe, Clifton.

Zeta Tau Alpha

The alumnae and active chapters held a formal dinner last night. Twenty-eight alumnae and active members were present. The spring blossom theme was used in the decorations.

Guests at the house Sunday for the Brothers' Day dinner were: Bill Maxwell, Eddie Canjennine, Junior Speer, Jordan Miller, Jimmie Cooper, Francis Gould, Edna Maxwell, and George Rogler. Jennie Karns spent the weekend in Delhi.

Mother-Daughter Dinner Tonight

Kappa Beta, organization of college women affiliated with the First Christian church, will have its annual Mother-Daughter banquet this evening in the church.

Included on the program are Agnes Chartier, national president the past year; Esther Walters, newly elected president of the local chapter, and Vona Wandling, Louise Chalfant, president the past year, will preside.

Beta Theta Pi

Art Cain, Leavenworth, spent the weekend at his home.

Jack Boyd spent the weekend at his home in Topeka.

The following were dinner guests last Thursday night: Eleanor Hart, Ambrosia McClaeren, Gertrude Cowdery, Marian Todd, Betty Harold, Tella Hinshaw, Verna McAdams, Glenda Mae Hodge, Mary Holton, and Mary Louise Hampshire.

Pete Fairbank spent the weekend in Topeka.

Alpha Tau Omega

Miss Maude Kinneburgh, Denver, daughter of Mrs. Kinneburgh, housemother, is a guest at the house.

Joe McNay, Manhattan, and Jim Wheatley, Chanute, were dinner guests Sunday.

Ed Criner, Wichita, went home Sunday.

John Biggs spent the weekend at Fort Riley as the guest of Robert Owen.

Phi Kappa

The weekend guests were Robert Coyze and John Peterson of Madison, Wis.

Leonard Zerull, Ellis, spent the weekend at home.

Elmer Petch and Lillis Wempe spent the weekend at Kansas City.

Beta Phi Alpha

Beta Phi Alpha entertained with a house dance Friday evening. Guests and alumnae present included Maxine Huse, Corrine Solt, Mary Sayre, Elsie Mae West, Helen Rust, Bernice Cousins, Esther Rockey, Francis Chapman, Don Hadsell, Ralph Justice, Sam Kastner, Dale Jones, all of Manhattan; Emerson Thwing, Craig; Preston Terrill, Syracuse; Karl Goss, Dwight; Larry Froelich, Abilene; Art Thiele, Bremen; Karl Hemker.

Ruth Barnes, Abilene, was a guest of Mary Emily Berryman over the weekend.

Mr. and Mrs. W. S. Berryman, Fredonia, visited Mary Emily Cundey evening.

Martha Jean Singleton, Benedict, spent the weekend in Kansas City.

Barbara Lautz, Amarilla, Texas, and Dorothy Cortelyou, Manhattan, spent Saturday and Sunday in Topeka.

Mary Lucile Matthews, Lawrence, was the guest of Lucienne Hudson, Fredonia, Friday.

Phi Sigma Kappa

Donald Fulton, Lyons, was a guest at the house Thursday and Friday.

George Wiggins, Cherryvale, was a guest Saturday.

Donald Wiggins, Hutchinson, was a guest Friday and Saturday.

Sunday dinner guests were Mills Brown, Manhattan; H. C. Getty, Winchester; and Paul Schoonhoven, Manhattan.

ORCHESTRA FOR ASSEMBLY

Lyle Downey Will Direct College Musicians in Program Thursday Morning

A program by the college orchestra will be presented in student assembly Thursday morning. The orchestra will be under the direction of Lyle Downey, assistant professor of music.

The following numbers are included on the program: Overture to the opera "Oberon" (von Weber); The Wooling from "Hawatha" suite, (Coleridge-Taylor); "In the Mosque" (Ippitw-Iwanw); Selection from "Nina Rsa" (Rmberg).

LAST DAY FOR EXHIBIT

Lockard Water Colors Will Be Taken Down After Today Many Admirers Pieces

Roy I. Lockard's exhibition of water colors, which will be taken down after today in the gallery of the architecture department, has proved popular with many visitors this week.

"The variety of scenes, strong color contrasts, and beautiful composition of his drawings," said Prof. John F. Helm of the department, "have aroused enthusiastic response in the visitors."

The artist has caught the spirit of the Kansas prairie in picture after picture. There is "Monday Morning," a telling study of a typical farm scene, the wash hung out, on a Monday; and "The Bend," fresh and direct in its appeal to the visitor, in which the delicate use of color makes it a beautiful bit of water color technique.

Related to his Kansas scenes are "Wyoming Ranch House" and "Wyoming Prairie," compositions upon which Mr. Lockard worked while in Arizona last summer.

"In them," declared Prof. Paul Weigel, head of the department, "Mr. Lockard displays a feeling for

perspective and depth, a versatility in color harmony ranging from the intense forms to delicate color values, and excellent draftsmanship."

In contrast to the water colors in delicate values there are those executed with a more restrained technique in brilliant colors. "Sheep Herder's Monument" and "Sheep Mountain" are studied compositions of this type.

The "Snow Blanket," in which the artist has caught the sense of the biting cold and the isolation which surrounds a small Kansas farm in deep winter, and "Out of Work," a water color of a sand dredge, standing idle on the banks of the Kaw, in which the artist has reflected a sense of the present depression, are among the more notable of the exhibition.

In Lockard's water color technique perhaps at its best.

A feature of the exhibit which will delight visitors is the subtle humor so characteristic of many of the artist's compositions, which pervades such pictures as "Banker's Farm" and "The Vacation."

The collection includes paintings which have won recognition in the Midwestern Artist's exhibition which is held in Kansas City each year. Mr. Lockard was awarded the bronze medal for "The Corn Crib" when it was shown in the exhibition last spring. This year two

more of his Kansas scenes were accepted for exhibition.

Three of his water colors depicting Kansas scenes are now being shown in the exhibition of the Society of Independent Artists at the Grand Central Palace in New York City; and another three are

included in the exhibit of Kansas Artists' work now being circulated throughout the state by the Kansas State Federation of Art.

In addition to his water colors, Mr. Lockard has worked in oil and has produced some remarkable prints.

Why is the Stem removed from the tobaccos used in Chesterfield?

That's a very simple question to answer. The stem in a tobacco leaf, like the stem in most other plants, is "woody". It hasn't any of the flavor or the aroma that you want when you smoke. And it doesn't burn right.

So after tobacco has been properly aged, one of the first things to do is to remove the stems.

But what has this to do with your enjoyment of Chesterfield cigarettes? Just this. It means that we start right when we make Chesterfield—the right kind of leaf with the stem removed, the right manufacture—everything that science knows that can make CHESTERFIELD a milder cigarette, a cigarette that tastes better.

That's why people say "They Satisfy."

Tobacco used to be stemmed by hand—Now this machine stems 14,300 leaves every hour.

PHI ALPHA MU HOLDS HIGHEST GRADE AVERAGE

**WOMEN SCIENTISTS OUTRANK
ALL OTHER GROUPS IN
SCHOLARSHIP.**

ALPHA XI DELTA A WINNER

**Farm House Is Second for Social
Organizations—Chemical Hon-
oraries Next Only to the
Highest.**

Phi Alpha Mu, the local general science sorority for women, led all other organizations in scholarship last semester, a report released by the registrar reveals.

The average grade of the members of that organization was 93.95. Phi Lambda Upsilon, national chemical honorary society, was second with an average of 92.09.

Alpha Xi Delta sorority, with a grade average of 86.96, led all of the social Greek organizations in scholarship. The Farm House fraternity ranked second among the Greek organizations with an average of 86.89. Chi Omega was second among the social sororities with the grade of 85.95. Alpha Gamma Rho was second among the fraternities with the average of 86.39.

Mu Phi Epsilon, women's music society, has the highest grade average among the professional groups. While leading the entire list of all organizations, Phi Alpha Mu also led among the honorary organizations.

KIMBALL WINS SCHOLARSHIP

**Former Kansas State Student Gets
Traveling Award at Harvard.**

A traveling fellowship has been awarded to Solon T. Kimball, Manhattan, at Harvard university during the academic year 1933-34. Kimball received his B. S. degree from Kansas State college in 1930 and is pursuing advanced work in anthropology.

The award was one of eleven traveling fellowships, making possible foreign travel and study for students at Harvard university. Of the eleven awards, four were made to graduates of Harvard and the remainder to graduates of other colleges who have pursued graduate work at Harvard university. Included on the list are Yale, Princeton, Brown, Bates, Syracuse, Cornell, and Kansas State. The average amount of the awards is about \$1,500.

WOMEN ATHLETES' GUESTS COME FROM FOUR STATES

**Indian Theme With Pow Wow Will
Be Used in Play Day on Sat-
urday, May 6**

Members of the Women's Athletic Association of Kansas State will entertain W. A. A. members from four other Kansas schools at a Play Day on Saturday, May 6.

The feature of Play Day will be an Indian pow wow with the Indian theme carried throughout the day's activities. Schools to be represented are College of Emporia, Emporia State Teachers college, Washburn, and Kansas university.

The program will start at 9 o'clock Saturday morning and will continue through the day as follows: 10:00—team games, baseball, tennis, and basketball; 12:30—lunch in the college cafeteria; 2:15—stunts, challenges, races, tennis, swimming, and social dancing; 4:30—awards, tea.

The following committees have been named to take charge of Play Day: service committee—Emily McKenzie, Wayne; equipment—Marianne Campbell, Hollis; Opal Schickau, Haven; Maxine Gibbs, Manhattan; Myrtle Andrews, Alta Vista; Arlene Smith, Topeka.

Transportation—Doris Paulson, El Dorado; Lucille Johtz, Abilene; Lois Rosencrans, Manhattan; hostesses—Ellen Warren, Dalt, Tex.; Jane Swenson, Phoenix, Ariz.; publicity—Zada McCutcheon, Kingman; Katherine McKinney, Bartlesville, Okla.; Erma Jean Miller, Manhattan; social—Mildred Forrester, Wamego; Helen Morgan, Newton; Cora Oliphant, Offerle.

JUDGE CROPS TOMORROW FOR ARRAY OF PRIZES

**Total of \$135 Offered in Cash,
Scholarships and Merchandise—
Open to All Students.**

Prizes totaling \$135 will be competed for in the annual students crop judging contest in East Waters hall tomorrow afternoon. Andrew B. Erhart, Timken, is manager of the event, which is sponsored by the Klod and Kernel Klub, agronomy departmental organization, and he will be assisted by members of this year's crops judging team. Professors J. W. Zahmley and C. D. Davis of the agronomy department are faculty members supervising the contest.

The prizes consist of \$50 offered in scholarships, \$50 in cash and trophies, and \$35 in merchandise. There will be 18 prize winners.

This contest consists of the identification of seed, head, and green samples of crop plants; the identification of seed and green samples of common weeds; and the grading and judging of grain samples.

The annual dairy judging contest for students will be held the afternoon of April 29, a week from tomorrow, and the animal husbandry contest will be held May 6. Walter W. Babbitt, Willis, is manager of the former event and Howard Moreen, Salina, has charge of the latter.

NEBRASKA BOTANIST SPEAKS

**Many Students and Faculty Hear
Prof. J. E. Weaver's Talk**

Professor J. E. Weaver, plant ecologist of the department of botany, University of Nebraska, spoke Wednesday before the botanical seminar on the subject, "Studies of the Grasslands."

Professor Weaver has spent many years in a detailed study of the root systems of plants, especially the plants of the prairie, including grasses. A large number of students and faculty members of various departments attended the botanical seminar.

JUNIOR WOMEN HONORED WHEN PRIX ELECTS

**HONORARY JUNIOR WOMEN'S
SORORITY INITIATES TEN
TO MEMBERSHIP**

HELD INITIATION LAST WEEK

**Scholarship, Activities, and Popu-
larity Basis for Election of
Each Woman to Group**

Ten junior women students received the high honor of becoming members of Prix, honorary women's organization when initiation was held for them last week.

The women students who were honored by initiation into Prix are Barbara Lautz, La Junta, Colo.; Miffiea Conrad, Manhattan; Helen Morgan, Newton; Mayrie Griffith, Topeka; Myra Roth, Ness City; Florence McKinney, Bartlesville, Okla.; Kathryn McKinney, Bartlesville, Okla.; Florence Melchert, Ottawa; Hollis Sexton, Goodland; and Dorothy Blackman, Manhattan.

Prix is an honorary organization which was started in 1916 and has taken active interest in campus activities since then. It is a secret fraternal group which elects ten junior women to membership near the close of each school year. These women, seniors next year, will handle the organization's business at that time.

Barbara Lautz, who became active last week, is president for the next year. During her attendance here, she has been a member of the Y. W. C. A. cabinet, Women's Athletic association, Purple Peppers, Omicron Nu, president of Kappa Kappa Gamma, and received the freshman and sophomore Phi Kappa Phi honors.

Marcia Conrad, Phi Omega Pi, is secretary-treasurer of Prix for next year. She is also vice-president of the Ionian literary society and Kappa Phi, and is serving on the Y. W. C. A. and Wesley Foundation cabinet. Miss Conrad was elected freshman and sophomore Phi Kappa Phi representative.

Helen Morgan, Delta Delta Delta, is a member of W. A. A., Purple Peppers, Senior Women's Pan-hellenic, Y. W. C. A., and the college debate team. She has taken part in two Manhattan theatre plays.

Mayrie Griffith is a member of Chi Omega, president of Theta Sigma Phi, manager of Aggie Pop, a member of the Collegian board Y. W. C. A. cabinet, Dynamis, W. A. A., and freshman and sophomore Phi Kappa Phi representative.

Myra Roth, president of Alpha Delta Pi, is a member of the Senior Women's Pan-hellenic, Y. W. C. A., Home Economics club, W. A. A., and Purple Peppers. She has also earned an honorary sweater on the rifle team.

Florence McKinney, Alpha Delta Pi, is president of Theta Pi, and a member of Omicron Nu, Home Economics club, W. A. A., Y. W. C. A., and Purple Peppers.

Kathryn McKinney, Alpha Delta Pi, has been active in W. A. A., Y. W. C. A., Purple Peppers, Theta Pi, K. Fraternity and Frog club.

Florence Melchert, Zeta Tau Alpha, is the Collegiate 4-H club secretary and vice-president. She has participated in Inter-collegiate debate and has announced over the college radio station for the 4-H club. She is a member of the Home Economics club, college orchestra, Y. W. C. A. big-sister captain, and social chairman of Zeta Tau Alpha.

Hollis Sexton, president of Alpha Xi Delta, is secretary of the Home Economics club and a member of the council, vice-president of Kappa Beta, and is Y. W. C. A. big-sister captain.

Dorothy Blackman, Kappa Delta, is a member of Theta Pi, Phi Alpha Mu Enchiladas, Senior Women's Pan-hellenic, and president of Y. W. C. A. She also received freshman and sophomore Phi Kappa Phi honors.

SCHOOL MEN HERE THURSDAY
Superintendents of schools and members of school boards from north central Kansas met in Manhattan yesterday. The meeting was for the purpose of discussing the new school laws passed this last legislature. State Superintendent W. T. Markham was present.

Prof. L. F. Hall and Supervisor L. B. Pollock, Topeka, attended Angus Field day in Chapman yesterday.

INFLATION CANNOT HELP

**Kammeyer Takes Negative Side on
Remedy for Economic Ills.**

Dr. J. E. Kammeyer, head of the department of economics and sociology, spoke at the weekly meeting of the Junction City Rotary club Tuesday noon. His address was on the subject, "Can Currency Inflation Help Us?" He discussed the question from the negative side, and Ralph Snyder, president of the Kansas Farm Bureau, the affirmative.

CONGOS TO MEET OUTDOORS

The Good Fellowship society of the Congregational church will hold an outdoor meeting at Sunset Park Sunday evening. Prof. C. M. Correll will speak at the meeting, after which a discussion by the group will be held. The group will meet at 5 o'clock south of Nichols gymnasium.

LATTA IS AWARDED HONOR

**Ralph Van Camp Likewise Receives
Recognition as Valuable to
Literary Society**

John Latta, Holton, was chosen as the outstanding junior in the Hamilton Literary society at the twenty-sixth annual Hamilton-Jonian dinner dance April 8, at the Country club. Latta was presented with a cane, the token bestowed on the most prominent junior yearly since 1922.

Ralph Van Camp, Council Grove, was recognized for his work in the Intersociety oratorical contest. The society gave him a Hamilton pin.

Penn Thompson, Manhattan, as toastmaster, introduced the following program: Invocation, Dr. A. A. Holtz; welcome, Frank G. Parsons; response, Ruth Jorgenson; "A Fair Deal," Albert Green; "To the Ace," Robert Roberts; "Play," Ruth McCallum; "A Good Bet," Dean E. L. Holton.

YEARBOOK BOARD NAMED

**Winifred Wolf, Joe Kepler, Al
Thornbrough Selected to Oversee
1933 Royal Purple.**

A new Royal Purple board was appointed by the Student Council Tuesday evening. The three members are Winifred Wolf, Alpha Delta from Ottawa; Joe Kepler, Sigma Alpha Epsilon from Ft. Scott; and Albert Thornbrough, Sigma Phi Epsilon from Lakin.

This group together with H. W. Davis, head of the department of English, must approve all contracts before they are let and oversee the publication of the 1934 Royal Purple.

The annual will be edited by Kenneth Harter, El Dorado, Sigma Phi Epsilon, next year.

C. OF E. GAME TODAY IF WEATHER PERMITS

**Ball Team Will Go to Emporia Un-
less Contest is Canceled Due
to Rain.**

The Kansas State baseball team will play its first game away from home this season against the College of Emporia today unless the contest is cancelled because of wet grounds due to the rain which fell yesterday and last night.

Coach Charles Corsaut has not announced a definite lineup for the game, provided it will be played. The infield will probably be the same one that has played in the first three games, with John Underwood on first, Captain Carter on second, Jimmy LeClere at short stop, Andy Skradski on third, and Ralph Marshall behind the plate.

In the outfield Charlie Gentz will probably start in left field, Bus Boyd in right field, and either Lee Morgan, Asbill, or Wierenga in center field. Blaine may also get to play in the game. Morgan has a good chance at the center field position as he has been hitting and fielding well.

Earl Simms will get the starting hurling assignment, with any of the other pitchers getting a workout in the game.

FERN PANNEHILL IS PAN-HELL PRESIDENT

**Goes Up From Vice-Presidency to
Succeed Eleanor Wright Among
Women Greeks.**

Ferne Tannahill was elected the new president of the Senior Women's Panhellenic association at their meeting last night. Mae Gordon was elected vice-president and Blanche Pearce, secretary-treasurer.

The retiring officers are: president, Eleanor Wright; vice-president, Fern Tannahill; and secretary-treasurer, Mae Gordon.

HEAD OF JOURNALISM AT IOWA SPEAKS HERE

**Prof. Blair Converse Advises Would-
Be Writers That They Must Look
to Changing Times.**

Blair Converse, head of the department of technical journalism at Iowa State college, Ames, talked to students in industrial journalism at lecture Thursday afternoon.

Professor Converse appealed to would-be journalists to be alert to changing times, and to reflect this transition in true proportion in the changing press.

The visitor met with the members of Sigma Delta Chi last night at the home of Prof. F. E. Charles.

Professor Converse, who is a prominent member nationally of Sigma Delta Chi, talked to the members about the activities of the organization.

SAVE ON CAMPUS PHONES

**Use Wall Phones Instead of Desk,
Party Lines and Fewer Exten-
sions Under Seaton Plan.**

Telephone rental costs on the campus will be reduced about 20 per cent May 1 through readjustments in telephone equipment as recommended by Dean R. A. Seaton. At the request of President F. D. Farrell, Dean Seaton has made a survey of the possibility of doing away with some of the phones on the campus.

The readjustment involves some substitution of wall phones for desk phones; substitution of party lines for main lines; and the discontinuance of some extensions. The public telephone booths will not be affected.

These changes are made for the purpose of reducing college expenses. They involve the sacrifice of convenience for the sake of saving money.

NO INTER-FRATERNITY SING

**Conflict With Other Events Makes
It Inadvisable for Music
Group to Hold It**

The Inter-Fraternity and Sorority Sing will not be held this year, according to Mildred Peters, chairman of the committee in charge.

The sing, sponsored by Phi Mu Alpha, men's honorary music fraternity, was scheduled for May 12, but had to be canceled because of the small number of organizations entered—not enough to make it really successful. Apparently too many other school activities are claiming the time and attention of the students, Peters said.

The contest probably will be held next year just as usual. Only the unavoidable conflicts with other events caused it to be put aside this spring.

ESTES DELEGATES OF PAST OR FUTURE HIKE

**Winifred Wolf and Harold Kugler
Are in Charge of Group Meet-
ing to Discuss Conference**

Estes "has-beens" and "would-be-to-be" will meet in front of Anderson tonight at five to go for a jaunt to Cedar Bend, Fellowship, fun, food, and discussion of conference life in the "Y" camp of Estes park, Colorado, are to be features of the rally.

The Y. W. C. A. and Y. M. C. A. conference from June 7-17 in Estes park this year has the theme, "Purposeful Living in an Age of Confusion." The speakers are to include: President W. O. Mendenhall, Friends university, Wichita; Dr. Bruce Curry, Union Theological Seminary, Chicago; Powers Hapgood, Columbia Conservatory company, New York; Ben M. Cherrington, University of Denver, Denver, and others to be announced later.

The expense of the conference has been greatly reduced for 1933. Registration charge is \$7.50 and room is \$7.50. Each delegation will prepare its own meals, so board depends upon the individual groups. The cottages on the Y. M. C. A. grounds in Estes park are completely equipped. Transportation will be arranged through the Y offices.

In 1932 thirteen delegates attended the conference from Kansas State. Posters showing their experiences are on the bulletin boards of the Y offices in "Estes art galleries."

Winifred Wolf, Ottawa; Harold Kugler, Abilene; Betty Ozmert, Manhattan; and Penn Thompson, Manhattan, all 1932 delegates to Estes will talk on conference life. Winifred Wolf and Harold Kugler are in charge of the rally.

Students who are interested are requested to sign up by noon today and leave a time in either the Y. M. or Y. W. offices.

WILDCAT MAT TEAM SWEEPS M. V. TOURNEY

**TEN KANSAS STATE GRAP-
PLERS GET THROUGH TO
FINAL MATCHES**

SIX WIN CHAMPIONSHIPS

**Griffith, Heinz, Roberts, Houser,
Miller, and Bozarth Victors—
Qualify for National
A. A. U. Meet**

Kansas State matmen again proved their dominance of the Missouri Valley by winning six of the eight championships in the district A. A. U. tournament at the University of Missouri Wednesday.

Ten Wildcat wrestlers swept through the semi-finals without a defeat and moved into the finals. Six won championships, three placed second, and one third.

The only titles not won by Kansas State were in the 115- and 145-pound divisions. The Wildcats did not have any entrants in the 115-pound class, and E. Lamb, Kansas State, was defeated in the finals in the 145-pound class.

Two 1932 district champions, June Roberts in the 155-pound class and Joyce Miller in the 175-pound class, both of Kansas State, successfully defended their titles.

In the 125-, 135-, and 165-pound classes, Kansas State placed both finalists. In the 125-pound division Paul Griffith threw W. Walters for the championship. Everett Heinz won a fall from A. R. McDonald in the 135-pound class. Ed Houser won a decision from Claude Young in the finals of the 165-pound class. June Roberts won his title by throwing Arthur Paschal, Northeastern Oklahoma Teachers, Joyce Miller defeated Fowler Young, Missouri, in the finals of the 175-pound class. Farrell Bozarth won a decision over Marvin Fender, Missouri, in the heavyweight division.

The winners of the Missouri Valley district qualified for the national A. A. U. championships which will be held at Chicago April 28 and 29.

The champions, second, and third place winners:

115 pounds—Dave Dougherty, Columbia, first; Paul Stittington, Wentworth, second; Roy Cook, Columbia, third.

125 pounds—P. W. Griffith, Kansas State, first; W. Walters, Kansas State, second; Norman Steele, Kansas City Y. M. H. A., third.

135 pounds—E. Heinz, Kansas State, first; A. R. McDonald, Kansas State, second; H. McGrew, Kemper, third.

145 pounds—Guy Sappington, Missouri, first; E. Lamb, Kansas State, second; E. Goetz, Marceline, third.

155 pounds—June Roberts, Kansas State, first; Arthur Paschal, Northeastern Oklahoma Teachers, second; Martin May, Missouri, third.

165 pounds—Ed Houser, Kansas State, first; M. M. Miller, Missouri, second; Claud Young, Kansas State, third.

175 pounds—Joyce Miller, Kansas State, first; Jerry Cebe, Missouri, second; Fowler Young, Missouri, third.

Heavyweight—F. M. Bozarth, Kansas State, first; J. R. Jennings, Kemper, second; Marvin Fender, Missouri, third.

HELM'S LAST TALK ON ART IS MONDAY NIGHT

**Public Is Invited to Hear Him on
Oriental Rugs at A. A. U. W.
Gathering.**

Prof. John F. Helm Jr. will give his last lecture before the art study group of the A. A. U. W. on Monday evening at 7:30. The meeting will be an open one, held in room 68, Anderson hall.

Professor Helm's subject will be oriental rugs, and will be illustrated with pieces from the oriental rug collection now being shown in the gallery of the architecture department.

JUSTIN TO A. A. U. W. MEET
Dean Margaret Justin of the home economics division is leaving for Hutchinson today to attend the state meeting of the American Association of University Women. Miss Justin will speak on "A Marching Song" at the meeting Saturday.

Kappa Phi President

MARGARET L. WIENER

METHODIST CO-EDS HERE TODAY FOR CONFERENCE

**Three States Send Delegates to
Three-Day Meet Attended by
Noted Women.**

More than seventy college women will be guests of the Kansas State chapter of Kappa Phi, Methodist organization, at the three-day meeting which starts here today.

The biennial meeting will be attended by representatives of the Alpha chapter at Lawrence; Zeta chapter at Lincoln, Neb.; Theta chapter at Stillwater, Okla.; and Kappa chapter at Norman, Okla. Psi chapter, petitioning group from the Fort Hays State college is to be installed during the meeting.

Miss Margaret L. Wiener, Lincoln, Neb., grand president of Kappa Phi as well as president of this area will preside over the meeting.

Other speakers at the meeting will be: Mrs. Charles Mead of Kansas City, wife of the Bishop Mead, and Miss Dorothy Russell, who is deaconess in charge of the Methodist Ponce mission at Ponce City, Okla. Mrs. Mead will address the women at the Sunday school hour and Miss Russell will talk at luncheon Saturday.

The theme of the entire meeting will be "Builders" which will be the national program topic next year.

Mary Elizabeth Allman, Manhattan, president of the local chapter, announces a program of social and business functions. Registration will begin Friday afternoon at 3 o'clock at Wesley hall, 1630 Osage street. Opening services, supper, and a party will be held Friday night.

Discussions, program, and business meeting will take place Saturday morning. An auto trip to Fort Riley is planned for the visitors Saturday afternoon, a tea at the college dormitory at 4:30, and a banquet at the Wareham hotel, Saturday night.

Sunday morning services will be held at the Methodist church, after which there will be a dinner in Wesley hall followed by the closing service and adjournment.

FOX TO K. U. CONFERENCE

**Will Speak for Kansas State at
Meeting of Student Councilors
During This Week**

Glen Fox, Rozel, is representing the Student Council at a convention of the west central region of the National Student Federation of America at Lawrence, Wednesday through Saturday.

The problem for compulsory payment of the activity fee will be the principal question for discussion. Other problems and difficulties that the councils have experienced will be talked over at this meeting.

Bus Boyd, Phillipsburg; prominent in athletics, 1934 basketball captain, "K" fraternity, Sigma Delta Chi, and Phi Delta Theta.

Vorris Elliot, McPherson; secretary of 1933 Engineer's Open House, Senior Men's Pan-hellenic council, secretary of Sigma Tau, Steel Ring, president college band, Y. M. C. A. board, and Alpha Kappa Lambda.

Nevelyn Nelson, Belle Plaine; Alpha Zeta, Pi Epsilon Pi, Collegiate 4-H club, Agricultural Economics club, Freshman Men's Pan-hellenic representative, social secretary and treasurer of Farm House.

Joe Creed, Bartlesville, Okla.; outstanding in many college activities on the hill and a member of Lambda Chi Alpha.

Ed Kelly, Manhattan; Pi Kappa Delta, Kansas State Engineer Staff, and a member of Beta Theta Pi.

Wilfred Wallace, Augusta; Steel Ring, Scabbard, and Kappa Sigma.

Inflation—A New Trade Deal

The current problem brought about by congressional sentiment towards inflation has been referred to the president of the United States and with swift action to combat the obstacle offered by deflation. Mr. Roosevelt has acted.

The plan which has been offered by the president is one which will get more money into the hands of the people. There is little favor to outright currency expansion. His suggestion offers the people of the country a chance to get their money standard back near a mark equal to that in other countries.

An immediate depreciation of the dollar in relation to foreign currencies is the method by which the present system will work its way. Trade conditions among the many countries of the world are upset and stabilization of the currencies near the present low level is the goal of the inflationists.

The United States has not acted alone in this inflation movement. They are following the trend already set by foreign countries who have acted before on the problem. Trade conditions with Britain and other European countries have undergone considerable friction in the past because of this difference in the currency level. It isn't that the United States is greedy for foreign trade, but must have some. The problem comes when we notice that trade conditions throughout the world are upset. Depression prices are prevalent throughout the world and another problem confronts the American exporter when competition enters in the form of a deflated currency.

It is stabilization of currency that has caused the president and his colleagues to take such action concerning inflation. They have adopted what is known as a "controlled inflation". This is inflation that will remove an important obstacle in world trade by a stabilization of currency at a level necessitated by present world economic conditions.

It is planned that the new system will in time develop a world currency level that will afford a sturdy backbone on which exports from the United States will again be built. With the value of the United States dollar down to the level of foreign rates, exports will increase. An increase in exports will bring about higher prices for commodities.

The value of such a plan to the average United States citizen will not be noticed immediately. Money will get back into circulation and a general rise in prices will be felt throughout the country. But increased buying and increased production will naturally come hand in hand with rising prices.

To the man on a salary, the inflation idea is not so good. The scale of salaries throughout the country never varies as hurriedly or slowly as the increase or decrease of the cost of commodities. This is caused by the unbalanced price level that prevails at all times. The salaried man will find that his wages will not go up although his living costs will increase as soon as the plan starts functioning. In time, his wages may raise but that will be after the employer has been assured that the increase in commodity prices and living costs isn't temporary.

General inflation is something that has been expected and worked upon since the beginning of the present economic crisis. It was expected that such action as now exists was in the offing. The manner in which the subject was to be treated was the problem that confronted the interests that control the value of the dollar. Inflation is new in present economic history. None know the outcome of the present undertaking but it is believed that a system is being worked out that will function long enough to bring back normal trade conditions. The path is open and rash action must be guarded against. Too much inflation is more harmful than no inflation at all.

Mr. Roosevelt's plan has possibilities and if worked properly, may be the answer to the problem that now confronts national trade conditions. It is a plan in which an economic balance can be obtained if the nations of the world will cooperate and develop Mr. Roosevelt's new trade deal.

On Other Hills

The janitor of the chemistry building at Montana State college holds a law degree from the University of Michigan.

The Florida Alligator will publish its annual "Gripe and Grievance" edition April 30. Students who have gripes to make will be given column space providing they sign their names.

Students in printing at the Teachers college at Pittsburg are making and working jig-saw puzzles as a part of their laboratory exercises.

A riding club has been founded at Northwestern university for the purpose of creating interest for a varsity polo squad.

The University of Kansas museum has traded two moose heads to the National museum at Washington, D. C., for a camel skeleton.

The University of Hawaii will send a number of exchange students to American colleges this year. The different colleges and universities have already selected the students they intend to send to Hawaii.

A gold King's Crown is awarded annually to students of Columbia university who rank in campus activities outside of athletics. This year 19 students received the gold awards and 58 were given silver awards. Six of the gold recipients are members of the staff of the 'Spectator', undergraduate daily newspaper.

Unemployed college graduates in New York have formed an organization which will present their problems to government officials in an effort to create jobs for themselves. Sponsors of the plan, according to the statement of the executive committee, include John Dewey, Norman Thomas and Reinhold Niebuhr.

"The Orient," traditional saloon which University of Michigan students of the present generation sing about but have never visited, will not be able to open. It was thought at first that the famous old saloon would be put back in commission. However, the beer bill emphatically bans the "saloon," the idea evidently being that while it is all right to drink beer sitting down, it is demoralizing to imbibe while standing.—Indiana Daily Student.

The Snooper

Various big-shots, half-shots, and blanks are locking horns this week in the grand battle for a place on the S. G. A. Advertising their good points and burying, for the present, their bad points these Good Samaritans of the campus offer reductions in taxes, sewer improvements, and softer seats in public parks as their platforms.

Week-end festivities include a Chi Omega party, a Delta—on Friday night. And on Saturday night, a TKE get-together, a PIKA rejuvenator, a Kappa Sig organizer, and an incorporated affair by the Acaia and Phi Kappa outfits. Of course along with these parties there will be individual goings on around Sunset, the 9th hole and various other places.

Fletcher Wellemeyer, the Phi Sig shrimp eater, was one of the lucky few who journeyed about 125 miles east over the vacation. While in the city Fletcher ordered some shrimp—telling everybody he had just finished Lydia E. Pinkham's set of etiquette books he dunked the shrimp in horse radish and proceeded to eat it. Contentedly chewing the sea food he looked as if he did know table manners. Then a waiter stepped up and told him that the shell of the shrimp is not to be eaten. The waiter seeing the surprised look on Wellemeyer's face also told him to keep his elbows off of the table and not to wear the napkin as a bib.

Since 3.2 beer is back "Sweet Adaline" has become the "Bottle Hymn of the Republic."

Tella Hinshaw and Ernestine Merritt had Don Hutchinson and Ned Kimball take them to Wichita (Janet Murdoch's home town in case she has not told you) so that Tella and Ernestine could get a hair cut. Don and Ned (this sounds like some radio team) had to wait for them an hour and a half on a street corner. During this time Don and Ned cursed and raved, but Ned was consoled when Ernestine came up singing, "Willow Weep for Me". Don and Tella must have buried the hatchet also because some say that Tella is wearing a Beta pin donated by Mr. Hutchinson.

Bus (Flat-Foot) Boyd after putting his pin on Mary Dexter has been calling up several sorority houses for late dates.

Speaking of pins reminds some people of Bill Scales and Weldene Middlekauff.

Margaret Mary Reddy has been receiving letters from some fan in Illinois. This fan, Abner we shall call him, saw her picture after she became Kansas State Sweetheart and started writing to her. He asks: "What color of hair do you have? I have a barnyard red. Yellow and purple are my favorite colors what are yours? What church do you belong to? I'm an Methodist. I'm about 6 ft. tall and weigh 130 lbs. I'm pretty good looking because I was in our high school play called "Sullen Pansies." What is your mothers name, mine is Daisy." Abner closes his letter with sweet words of love and many X-marks. He gives his address but he would get too many letters from KSC co-eds if it was published. Miss Reddy will not disclose the date of the wedding but it no doubt will be in the near future.

At The Theatres

AT THE WAREHAM

"The Kid From Spain"
Maybe you haven't had the opportunity before to see Eddie Cantor in his laughingest picture. Maybe you're another who is going back to see him the second time. It's the fashion to do so.

As Eddie told a Collegian reporter in Kansas City recently, he really fights the bull. And if the bull got a swig of chloroform—well, it wasn't Eddie's fault.

Eddie's bevy of beautiful girls support him as usual, and their dancing isn't hard to take. "The Kid From Spain" is playing through Saturday at the Wareham.

AT THE DICKINSON

"Out All Night"
"I build a love nest and you make a joint out of it." Strong words, but never before applied in so innocent and ludicrous a situation as Slim Summerville and ZaSu Pitts find themselves in "Out All Night," the latest universal comedy now showing at the Dickinson theater through Saturday.

It seems that two bashful lovers in the persons of Slim and ZaSu had wandered into a "sample" bedroom designated as "the love nest" in a department store at about closing time, and were unsuspectingly locked in by the night watchman. They had to stay all night! They were discovered next morning by the flabbergasted manager and Slim's doting manager, calmly asleep.

Consequently Slim's mother forced the marriage and that's where the fun begins, honeymooning, lovemaking accompanied by Slim's mother, and last but not least Slim's comeback as a regular guy. Use part of tonight to see "Out All Night."

SING UNDER MISS HARTMAN

Pupils of Woodrow Wilson School Will Be At High School Tonight
"The Year in Song," and a cantata, "The Spider and the Fly," will be presented by pupils of the Woodrow Wilson school this evening at 7:30 o'clock in the

high school auditorium. Miss Ruth Hartman of the department of music at Kansas State, is directing the performance.
"The Year in Song" is an original program made up of songs, characterizations, and dances. It will be given by the kindergarten and primary grades. The cantata will be given by the intermediate grades.

Dean E. L. Holton spent part of the vacation in Langston, Okla., inspecting the Oklahoma Colored Agricultural and Normal university there.

Student Council Candidates—Tuesday's issue of the Collegian will be on the same day as election. Be sure and get your advertisement in.

IT'S FUN TO BE FOOLED

• NOW SHOWING •
**HARDEEN
PACKING CASE ESCAPE**

LAST NIGHT I SAW HARDEEN DO A WONDERFUL ESCAPE ACT.

WHAT HE SAW

SHACKLED, NAILED IN A PACKING CASE, AND ROPED, HARDEEN, FAMOUS BROTHER OF HOUDINI, ESCAPED FROM THE BOX!

YOU KNOW WHAT THAT TRICK IS DON'T YOU?

NO—WHAT IS THE CATCH?

HE HOLDS THE KEY TO THE HANDCUFFS BETWEEN HIS TEETH. THE ORIGINAL NAILS THAT HELD THE BOX TOGETHER HAVE BEEN REPLACED BY LITTLE SHORT NAILS SO THAT HARDEEN CAN PUSH A BOARD UP AND CRAWL OUT. THEN HE PUTS THE BOARD BACK TO MAKE THE BOX LOOK O-KAY.

I SEE THE TRICK NOW. HAVE A CIGARETTE?

NOT THAT KIND.

WHY NOT? THEY'RE Milder AREN'T THEY?

SAY BUDDY, THERE'S NO MAGIC IN CIGARETTES. IT'S THE TOBACCO THAT COUNTS.

THIS IS Milder. I HAVE BEEN FOOLING MYSELF ABOUT CIGARETTES.

"IT'S MORE FUN TO KNOW" ISN'T IT?

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. Learn to appreciate the true mildness of costlier tobaccos. After smoking Camels, we believe you will find that other cigarettes taste flat and insipid.

THEY TELL ME

That, as a whole, Easter vacation was quite successful. Little Billie Scales reports that the Easter bunny left him two bottles of the new 3.2. Quite enough for an egg hunt. . . . Easter seemed to have an effect on the Phi Deltas, too. Two pins were put out: Floyd Poague and Orville Nuffer, and Mary Dexter and Bus "Peaches" Boyd

Speaking of pins, Betty Shackelford, the leading lady in the newest Manhattan Theatre play, is wearing a Delt pin—Don Porter doesn't deny anything. . . . Does Eleanor Wright know how much she resembles a whatsit jumping rope on the Chi Omega side porch in those tricky little cretonne shorts? Harold Eddington had his fortune told during vacation, only to discover that one of his girl friends has been lying to him. Tsk! Tsk! Imagine!

Note: Maybe Elwyn Athey should start reading more advertisements. He is getting that old "shunned by society" feeling because he has had so many dates broken on him lately. . . . For the proper modulation of tone in saying "Good morning Judge" we refer you to Sonny Luder and Dave Horshem. . . . Our Miss Patterson of the Phys. Ed. department is no longer Miss Patterson. She took the famous "walk-down-the-aisle" during the Easter holidays. . . . "Buffalo Bill" Reppert has moved back to the Sig Alpha house after the Phi Deltas refused to pledge him this vacation. . . .

This promises to be a big weekend with the Chi Omega, Delt, Pi K. A., Kappa Sig, and the Phi Kappa-Acacia parties on their way. And Monday will bring forth the shotguns—teachers, is there no justice?

Social Calendar

Friday, April 21

Phi Kappa Phi election, L58, 5:00-6:30.

Lecture by Prof. Mitchell of K. U., C26, 7:30-9:30.

Kappa Phi Kora.

Delta Tau Delta spring party, 9:00-12:00.

Chi Omega dinner dance, Country club, 7:00-12:00.

Y. M.-Y. W. Estes hike, Cedar Bend, 5:00-7:30.

Saturday, April 22

Acacia-Phi Kappa spring party, Wareham ball room, 9:00-12:00.

Tau Kappa Epsilon spring party, Harrison's hall, 9:00-12:00.

Kappa Phi banquet, Wareham hotel, 7:00.

Y. M.-Y. W. mixer, recreation center, 8:00-11:30.

Pi Kappa Alpha spring party, chapter house, 9:00-12:00.

Kappa Sigma spring party, country club, 9:00-12:00.

Sunday, April 23

Kappa Phi convention.

Monday, April 24

Y. M. cabinet, Calvin hall lounge, 7:00-8:30.

Chorus, auditorium, 7:00-10:00.

A. A. U. W. art group, open meeting, A68, lecture on oriental rugs, by Prof. John Helm, 7:30-9:30.

Alpha Zeta meeting, Ag 332, 7:30-9:00.

College Social club meeting, recreation center, 2:00-5:00.

Phi Kappa Alpha.

The Phi Kappa Alpha spring supper dance will be given at the fraternity house Saturday night. The party will be formal for women and semi-formal for men. A buffet supper will be served during intermission instead of before the dance.

Paul Rayburn and Roy Miller spent last night in Kansas City.

Alpha Xi Delta.

The Alpha Xi Delta Founder's Day banquet will be held in the chapter house Sunday noon. Many alumni will be present.

A. E. Barrier, Topeka, was a guest of his daughter, Alice, at lunch at the house Tuesday.

Winifred Wolf, Ottawa, spent the weekend with Marion Buck at her home in Abilene.

Wilma Reinhardt, Bison, visited with Fern Vesecky at her home in Kansas City during Easter vacation.

Alice Barrier, Topeka, spent part of Easter vacation with Mary Elizabeth Wilkes in Leavenworth.

Sigma Phi Epsilon.

Phi members attended the district convention held Friday on the roof garden of the Ambassador hotel, Kansas City. Those attending were: Al Thornbrough, Lakin; L. R. Daniels, St. Francis; Walter Dicke, Louisville; David Butterfield, Kansas City; E. S. Shonyo, Bushton; and Bob Besler, Manhattan.

Alpha Tau Omega.

Lee Morgan went to McFarland Monday evening.

Mrs. Kinneburgh, housemother, spent the vacation in Lincoln, Neb., and Kansas City.

Scabard and Blade meeting was held at the chapter house Tuesday night.

Home Ecs Hear of Other Lands.

The Home Economics club held an "international" meeting at four o'clock yesterday afternoon in Calvin hall. Lily Lee, Hongkong, China, discussed Chinese foods. Maurine Steele, Manhattan, gave a talk on dishes from foreign lands. A piano solo by Bernice Light, Yates Center, concluded the program, after which election of officers was held.

Patterson-Shannon.

The marriage of Miss Bernice Patterson and Mr. W. H. Shannon

night with a picnic for patrons of the society and their families. Evelyn Diehlman of Findlay, Ohio, and Mary Elizabeth Cooper, Manhattan, spent Easter vacation with Gladys Tom of Haven.

Hazel Bland of Garden City spent the weekend with Clarissa Arnold at Frankfort.

Mr. Zach Brown of Independence was a dinner guest at the house Tuesday night.

Delta Sigma Phi.

Delta Sigma Phi announces the pledging of W. L. Schade, Manhattan.

Phi Lambda Theta.

Frank Elayer spent the vacation at Clarkson, as a guest of F. J. Stoklasa.

Beta Phi Alpha.

Julia Rader visited at the home of Mildred Aspelin, in Dwight, over the vacation.

Helen Tedman spent the vacation at the home of Helen Smerchek in Garnett.

Ethel Eberhart was in Wichita visiting her sister during the vacation.

Mildred Aspelin and Julia Rader attended the Messiah in Lindsborg Easter Sunday.

Mrs. Edith Dodd spent the Easter vacation in Fredonia.

Mildred Masden visited in Anselmy, Nebraska, over the weekend.

Phi Omega Pi.

Phi Omega Pi has elected the following officers for the remainder of this year and next: President, Cora Oliphant; vice-president, Jewel Stockdale; recording secretary, Marcia Conrad; treasurer, Helen Reed; corresponding secretary, Mae Gordon; pledge proctor, Laura Ward; alumnae secretary and Pentagon editor, Velma French; Pan-hellenic representative, Mae Gordon; stewards, Uaura Ward; rush captain, Mae Gordon.

Marcia Conrad spent the weekend in Jewell City, and Mrs. F. Gordon visited in Kansas City during vacation.

Phi Sigma Kappa.

John Mogge spent Easter vacation in Kansas City visiting Flecher Wellemeyer.

Leonard Hibbs spent the weekend in Concordia.

Clovia.

Thursday dinner guests were Lois Narramore, Elmdale; Marian Buck, Abilene; Elizabeth Roniger, Elmdale; and Florence Keller, Delia.

Grace Burson spent Easter vacation with Mary Jordan at her home in Beloit.

Opal Bowers visited friends in Lincoln, Nebr., during Easter vacation.

Phi Kappa Tau.

Harry Ganstrom spent the vacation in Omaha, John Woolcott in Wichita, Pete Pocock in Kansas City, and Eldon Stokopf in Kansas City.

Mr. and Mrs. Lowell Burghart, who were married recently, were

guests at the house Wednesday. Mrs. Burghart was formerly Miss Delight Anderson and is a member of Delta Delta Delta.

Kappa Delta.

Marie Henney and Mabel Brasche spent the vacation visiting in Olathe.

Geneva Marble and Marjorie Ramey went to Topeka with the meats judging team Thursday.

Phi Kappa.

Phi Kappa elected the following new officers at their meeting Wednesday night: Jim O'Malley, president; Thumol McMahon, vice-president; Larry Froelich, treasurer; Bill Gilligan, intramural; Jim Richards, rush captain; Lillis Wempe, social secretary; Martin Seibel, historian; and Wayne Plamorris, marshal.

Phi Kappa entertained the Acadias at their annual smoker and beer drink Tuesday evening, April 11.

Elmer Petsch and John Donnelly went to Kansas City on the Engineers' inspection trip during the vacation.

Jim Corrigan visited in Salina, Joe Murphy in Sac City, Iowa, Bill Gilligan in Kansas City and Morton Plamorris in Wichita over the weekend.

Bob Cayze, Green Bay, Wis., visited at the house Thursday, on his way to California.

Vince Hoffman and Thomas McGinnis, Topeka, were guests at the house Wednesday noon.

The Rev. A. J. Luckey and Prof. H. S. Bueche were dinner guests Wednesday evening.

Prof. Harold Howe and F. G. Ackerman were dinner guests Thursday evening.

Mrs. Ann Kiley, housemother of Phi Kappa, spent Easter vacation in Concordia with her mother.

The regular Pax meeting was held at the house on Monday night, April 10.

MANY STARS TO COMPETE IN THE KANSAS RELAYS

SIX HUNDRED ATHLETES ENTER MAIN PROGRAM STARTING TOMORROW

THIRTEEN ON WILDCAT TEAM

Kansas State Shuttle Hurdle Team Has Good Chance to Win—Five Are in Special Events

Lawrence, Kan., April 21—Six hundred picked athletes of fifty universities and colleges in eleven states, including a half dozen Olympic stars, were either in Lawrence today or speeding here by motor car and train to be on hand for the eleventh annual University of Kansas Relays, the main program of which will start at Memorial stadium tomorrow afternoon at 2 o'clock.

The weekend of athletic activities got underway here today when a thousand athletes of more than a

hundred Kansas high schools competed in a track and field meet and a field of star all-around athletes contested the first five events of the Kansas Relays decathlon which will be concluded with the final five events tomorrow morning.

The Kansas Relays program of twelve relay races and nine individual events gets under way with preliminaries in the 100-yard dash and 120-yard high hurdles tomorrow morning. The program proper begins at 1:55 p. m. with a flag raising and music by the University of Kansas band, followed by the official opening of the relays by a brief address by Gov. Alf M. Landon of Kansas, honorary referee of the Kansas Relays. The entire afternoon program will be broadcast by KFKU, the University of Kansas radio station beginning at 1:45 p. m.

Wildcats Well Represented
A team of 13 men will represent Kansas State in the various events at the Relays. The Wildcat relay teams have been doing good work in practice and have good chances of placing in the events.

"The Wildcat 480-yard shuttle hurdle team, which took second last year, has been doing well in practice, and should have a good chance to win this special feature," Coach Ward Haylett said yesterday. The team is made up of Captain Breen, Schmutz, Knappenberger, and Stoner or Spring.

It is possible that Pearce, Nixon, McNay and Daniels may be entered in the 4-mile relay event representing the Wildcats. The medley relay team, which is made up of Castello, 440; Darnell, 880; McNeal, 1/2 mile; and Landon, mile, should place high, although Indiana and Iowa State will be hard to beat. Hostettler, Darnell, McNeal, and Landon will be entered as the Kansas State 2-mile relay team.

Nine special individual events will also be a feature of the relays. Schmutz and Captain Breen are entered in the 120-yard high hurdles, Roehman in the high jump, Veatch and Costa in the javelin, and Breen in the broad jump.

Student Council Candidates—Tuesday's issue of the Collegian will be on the same day as election. Be sure and get your advertisement in.

Men's Intramurals

Although the Easter vacation interrupted the intramural baseball schedule, games are being played as usual again. In the hard ball competition Kappa Sigma won from Beta Theta Pi 11-4. The Aggie Knights defeated Phi Sigma Kappa 10-0 and Alpha Rho Chi won from Theta Xi 11-10. The Vet A. C. defeated Alpha Kappa Lambda 18-1.

Tonight's hard ball games are: Aggie Knights vs. Sigma Phi Epsilon, Vet. A. C. vs. Alpha Rho Chi, Phi Sigma Kappa vs. W. F. A. C., Theta Xi vs. Delta Tau Delta, Kappa Sigma vs. Alpha Gamma Rho, and Sigma Alpha Epsilon vs. Alpha Kappa Lambda.

More games have been played in soft ball competition. In Tuesday and Wednesday games, Phi Kappa won from Tau Kappa Epsilon 4-0; Acacia forfeited to Alpha Tau Omega, and Phi Kappa Alpha defeated Phi Lambda Theta 16-1. Phi Kappa Tau defeated Delta Sigma Phi 8-7, Sigma Nu won from Phi Delta Theta 21-4, and the Lone Stars forfeited to Lambda Chi Alpha. The outdoor track meet will be held Monday and Tuesday, May 8 and 9.

Women's Sports

Play day is coming. Tra la, tra la. "Won't you come over and play?" has been the question asked of other schools in the state, and the response has proved their eagerness to participate in such a program. So it is that Kansas State will be hostess to visitors from other schools. A little organized recreation is always welcome—especially about the time that spring fever comes on.

A bulletin is up for the signatures of those wishing to participate in class competition in field and track. The track meet is divided into three parts. The first one, held yesterday from 4 to 5 o'clock, included javelin, step hop and jump, and the running broad jump. Another will be held next

Tuesday and it will continue with the basketball throw and the baseball throw. The final meet on Thursday, April 27, will consist of competition in the 500-yard dash, the running high jump and discus throw.

Baseball practices are in full swing. Three diamonds are being used. Three out of four practices must be attended before a girl is eligible to play in intramural games. Practices are scheduled to be completed by April 25.

Ever smoke
"whittle"
tobacco?

Well... here it is... already
whittled FOR you. Granger
Rough Cut is tobacco whittled right... that's one
reason why it burns so slow
and cool.

WHEN we started to make Granger
Rough Cut we knew that fine tobacco
burnt hot because it burnt so fast. It
kept your pipe hot. You could hardly
hold your pipe in your hand, it got so
hot at times.

Then we remembered that some folks
back yonder used to "whittle" their tobacco.
So we made GRANGER just like
"whittle" tobacco — "Rough Cut." It
smokes cooler and lasts a lot longer. And
also, you'll find it never gums the pipe.

So far, so good. Now we wanted to sell
this tobacco for 10c. Good tobacco—right
process—cut right. It was a question of
how to do it for the price.

So we put GRANGER in a sensible soft
foil pouch instead of an expensive package,
knowing that a man can't smoke a package.
We gave smokers this good GRANGER
tobacco in a common-sense pouch for 10c.

GRANGER has not been on sale very
long, but it has grown to be a popular
smoke. And there is this much about it
—we have yet to know of a man who
started to smoke it, who didn't keep on.
Folks seem to like it.

Liggett & Myers Tobacco Co.

The Granger pouch
keeps the tobacco fresh

COUNCIL ELECTION ON TODAY

PHI KAPPA PHI'S SPRING MEMBERS ARE MADE PUBLIC

THIRTY-NINE HONORED BY
ELECTION TO NATIONAL
HONORARY GROUP.

SIX CHOSEN FROM FACULTY

Recognition Day Will Be May 19
for List of 27 Seniors, Six College
Staff Members and Six
Graduate Students.

Names of 39 new members to Phi Kappa Phi, national honorary scholastic organization, were announced today by Miss Ada Rice, professor of English and president of the Kansas State chapter. The upper ten per cent in scholarship of the senior class are eligible for membership, half being elected in the fall, and half in the spring.

Twenty-seven of those chosen were undergraduates, six were from the division of graduate study, and six were faculty members. A number of the undergraduates are first semester seniors who were juniors last fall.

In a Recognition assembly on May 19, the new members will be formally recognized as a part of the organization.

Those honored by election to Phi Kappa Phi are:

Division of agriculture—Erwin Ahmeyer, Grantville; Luke Michael Schrubben, Dresden; Orville F. Denton, Denton.

Division of engineering—Nathan Lee Axon, El Dorado; Hughel Kamlage Tatum, Larned; Donald Christy, Scott City; Lynn Alvin Gore, Bushton; Robert Joseph Alexander, Independence, Mo.; James Wilbur Haupt, Newton; James Byron Stephenson, Sedan; Eugene Peltier, Concordia.

Division of general science—Victor Wayne Bollinger, El Dorado; James Romaine Cribbitt, Parsons; Oma Louise Bishop, Abilene; Miriam Clark, Iola; Ralph Martin Conrad, Manhattan; Robert Jerome Wilson, Ft. Riley; Mabel Louise Whitford, Hutchinson; Frances Marie Jack, Russell; Dorothy Lorraine Maltby, McPherson.

Division of home economics—Louise Rust, Manhattan; Florence Mae Thompson, Harper; Martha Hess Rodda, Arma; Wilma Elizabeth Reinhardt, Elson; Mabel Virginia Hodgson, Little River.

Division of veterinary medicine—Harlow Kenyon Hudson, Manhattan; Elmer Fred Finks, Manhattan.

Division of graduate study—Curle William Sabrosky, Manhattan; Frederic Groetsche, Manhattan; John Trumbull Correll, Manhattan; Henry Wilbur Loy, Jr., Chanute; Sina Fowler, Manhattan; Chester Aaron Wisner, Pomona.

Faculty members—John F. Helm, of the department of architecture; Miss Helen E. Elcock, department of English; Mrs. Katherine Hess, department of clothing and textiles; L. R. Quinlan, department of horticulture; H. H. Laude, department of agronomy; Miss Helen G. Saum, department of physical education for women.

PHILOSOPHY THEIR TOPIC

Congregational Student Group Hears Correll Comments on Essay
Prof. C. M. Correll, assistant dean of the division of general science, reviewed a philosophical essay, "The Metaphysical Conception of the Essential Man," before the Congregational Good Fellowship meeting Sunday evening. The article was written by Kenneth Davis, a student in the division of agriculture. This is the third of a series of articles by Davis and Romaine Cribbitt.

The gathering was held at Sunset park and a picnic preceded the Mr. Correll's review.

SEVEN TRY OUT HOSPITAL

The following students have been confined to the college hospital recently: Donald Miller, Hanover; Wayne Thornbrough, Lakin; Glen Ferguson, McPherson; Ralph McAttee, Council Grove; Ed Stocklassa, Clarkson; Alunda Hays, Onaga; and Agnes Olds, Delphos.

Students at Missouri U. can drink all the 32 beer they like unless they get drunk.

HOME EC CLUB NAMES NEXT YEAR OFFICERS

Florence McKinney Will Be President, Hollis Sexton Vice President—Others Are Selected

Florence McKinney of Bartlesville, Okla., will head the Home Economics club next year. Other officers chosen at the "international" meeting of the club held last Thursday are: vice-president, Hollis Sexton, Goodland; secretary, Ruth Jorgenson, Manhattan; and treasurer, Elizabeth Lamprecht, Manhattan.

Mary Dexter of Columbus, Ga., and Mae Gordon, De Soto, will be the senior representatives for the coming year. The junior representatives are Clara Bess Garrison, Lincolnville, and Arlene Marshall, Herington; sophomore representatives, Elizabeth Pittman, Lewistown, Mont., and Virginia Dole, Salina.

The freshman representatives will be elected next fall, when the various chairmen will also be appointed.

FOUND NATIONAL PEP CLUB HERE SATURDAY

Nebraska and Kansas Universities
Send Delegates to Meet
Purple Peppers

Phi Sigma Chi, a pep club for women which its founders hope to make a national society, was organized last Saturday when delegates from the University of Nebraska and the University of Kansas met here as the guests of the Purple Peppers of Kansas State.

The purpose of Phi Sigma Chi is to create fellowship and cooperation among girls' pep organizations of colleges and universities and to promote enthusiasm, sportsmanship and character. Only three schools are charter members, but an extension program for forming chapters in other schools is being worked out.

The convention next year will be held at the University of Kansas. The Tassels, pep club at Nebraska, was represented by Ann Bunting, Jane Youngson, and Mildred Huff; the Jay Jaynes of Kansas university by Mable Spindler, Arlene Wade, and Wanda Edmonds, and the official Purple Pepper delegates were Helen Morgan, Newton; Leora Light, Liberal; and Jane Swenson, Phoenix, Ariz.

Features of the convention consisted of a meeting of the delegates Saturday morning, a luncheon in the college cafeteria at noon, and a round table for the delegates and Purple Peppers Saturday afternoon.

Ann Bunting of Nebraska was elected national president, Wanda Edmonds of Kansas university the national vice-president, and Leora Light of Kansas State secretary-treasurer.

INTEREST IN PHOTO SHOW

Character Studies and Landscapes
Are Included in Collection
Now in Library

Photographs taken by Dr. Frank A. Waugh of Amherst college are now being exhibited in the college library by the Manhattan Camera club.

The collection consists of portraits, character studies, and formal, naturalistic, and picturesque landscapes. Portraits of Ray Standard Backer (David Grayson), and the late Professor Albert Dickens are two of the most interesting in this class. A number of pictures of English and Scottish villages are included in this collection. A major portion of the collection is made up of scenes of California gardens and parks and includes the beautiful "Study at San Diego."

That the collection is of considerable merit and will be enjoyed both intrinsically and extrinsically is the belief of Professor L. R. Quinlan, a member of the Camera club.

RENOVIZING REACHES CAMPUS

Paint and Lights Make Embryo
Display Look Like New.

The embryo display in the east hall of Fairchild is not new, although since the case has been renovated and moved to a more prominent spot, it is attracting considerable attention.

The old case was modernized by the use of white paint, glass shelves and electric lights. The collection itself has been in Fairchild for years.

"There isn't an hour in the day that someone isn't looking at the collection," said Dr. Mary Harman, who made some of the models herself.

HOSPITALITY IS EXTENDED TO ALL HOME EC GUESTS

DISPLAYS OF ALL KINDS ARE
ARRANGED FOR VISITORS
THIS WEEKEND.

DISPLAYS FEATURE EVENT

Cookery, Clothing, Lighting Effects
and Guinea Pigs Are Among
Variety of Shows to Be
Seen in Halls.

A variety of exhibits will be features of the annual Hospitality Week of the home economics division, April 27, 28, and 29.

Displays will be shown in Calvin and Thompson halls and in the art department of Anderson.

A chance to view the exhibits will be given Friday evening to those unable to attend the daytime showings. The exhibits will be open from 7 to 8 o'clock, just before the Manhattan Theater play. Especially interesting will be the lighting exhibits in Thompson hall. Ideal lighting arrangements and effective home lighting displays are to be shown.

Modern textiles in new weaves and designs from New York City, student art work, and refinishing of old furniture will be included in the art exhibit.

The clothing displays will show the make-over possibilities of old clothes, various complete ensembles, and modern fabrics.

Rats and guinea pigs in their cages will be evidence of the importance of vitamin A in the diet; a cheese display will show the calcium content of various varieties; foods in orderly array will give hints for economy in family buying, explaining what foods are best ordered canned, fresh, packaged, or in bulk. Another exhibit will show appropriate market orders for families of different levels of income, with an adequate diet for each.

Other exhibits will include demonstration of new cookery gadgets; garnishes, inexpensive articles for table decoration, formal table arrangements for homes.

Thompson hall will be the center of attraction on the opening day, Thursday, April 27. College women enrolled in institutional economics will demonstrate that afternoon the use of quantity coolery apparatus.

Tests for high school girls, teas, and daily tours which will take in the two practice houses, an Ziegler hall, the formal gardens, Anderson hall, and Thompson hall. The tea will follow each day's 3 o'clock program.

Objective tests based upon the two year's state course of study in home economics will be given each day between 8 and 9:30 o'clock and each afternoon between 1 and 2 o'clock.

The three days' activities are an annual affair of the home economics division to acquaint people throughout the state with the work being done by the division.

ART CRITICS TO GIVE TWO LECTURES HERE

Gardner of Nelson Art Galleries
Coming Monday for Illustrated
Addresses.

Paul Gardner of the Nelson Art Galleries in Kansas City will give two public lectures in Recreation center of Anderson hall next Monday, May 1.

At three o'clock in the afternoon, Mr. Gardner will give an illustrated lecture on "Chinese and Japanese Art from the Chow to the Sung and Tempoy Periods." After the talk there will be a tea for him in Thompson hall, at which time people who wish to meet Mr. Gardner may do so.

Monday evening at 7:30 o'clock, Mr. Gardner will talk on "Contemporary Art." Modern painting, architecture, sculpture and all subjects will be illustrated.

Tickets which will include both programs may be purchased for 25 cents each from instructors in the department of art and in the department of architecture. Tickets are not sold for the lectures separately.

FRESHMAN WOMEN TO HAVE POTLUCK PICNIC

Y. W. C. A. Commission Will Meet
Thursday in Lovers Grove for
an Outing.

All freshmen women of the Y. W. C. A. who have been interested in Freshman Commission work this year will meet Thursday evening at 5:30 in the Y. W. office in Anderson hall to go on a pot luck picnic. This is the last meeting of the year, and the picnic is to be from 5:30 to 7:30 in Lovers grove on the east side of the campus.

Each girl is requested to bring some item of food for the picnic. Suggestions of what to bring can be obtained in the Y. W. office. The committee planning the pot luck picnic are: Ellen Payne, Manhattan, food; Ione Hill, Harper, games; and Ruth Gresham, Manhattan, publicity.

NEW QUILL MEMBERS IN AT ALL-STATE MEETING

Founder of National Fraternity Will
Preside at Ceremony Here
On May 6

Newly elected members of the college chapter of the American College Quill club will be initiated into the organization at an all-state meeting in Manhattan Saturday, May 6.

New members are Mary Elizabeth Rust, Manhattan; Stanley Morris, Paxico; and Paul Perry, Little River. Patricia Paff, Sedgewick, also will be initiated.

Doctor E. M. Hopkins, professor of English at the University of Kansas and founder of the organization, will be master of ceremonies for the initiation.

The tentative program includes round-table discussions on creative writing in poetry, short story and drama, both from a writing and a selling point of view, and several short talks. Delegates from chapters at the University of Kansas, College of Emporia, and Washburn college will attend the convention.

The meeting will open with a luncheon at the college cafeteria at noon, and will conclude with a dinner and model initiation service in the evening.

TEN 'K' WOMEN TAKEN INTO HONORARY GROUP

Winners of Sweaters Go Through
Initiation and Are Made Mem-
bers of Fraternity

Ten women who have been awarded "K" sweaters were initiated into women's "K" fraternity on Tuesday, April 11.

The new members are Evelyn and Ernestine Young, Arkansas City; Milla Pishney, Clebourne; Leora Light, Liberal; Erma Jean Miller, Manhattan; Marlene Campbell, Hollis; Cora Oliphant, Offerle; Myrtle Andres, Alta Vista; Helen Davis, Topeka; and Dorothy Maltby, McPherson.

PAYNE TO HONOR POST

Prof. L. F. Payne of the poultry husbandry department was recently elected an honorary member of the board of governors for the Institute of American Poultry, Chicago. The organization has as its objective the encouragement of a closer cooperation and better understanding between producers, packers, and distributors of poultry products.

INVITED TO 'FOREST ARMY'

Dr. C. M. Siever, college physician, has been invited to go on the Roosevelt reforestation outfit as a reserve officer for six months. These reforestation outfits are taking medical reserve officers with them. Doctor Siever said, however, that he did not intend to go.

MARYLANDER SPEAKS HERE

Dr. W. E. McCoughlin, Silver Springs, Maryland, research associate for the Celanese Corporation of America, talked Friday afternoon in Calvin hall in the topic of "New Synthetic Fabrics." Doctor McCoughlin is a representative of the Institute of Dyers and Cleaners.

Prof. H. M. Stewart of the department of economics attended the relays at Lawrence last weekend, and also attended the district convocation of Alpha Kappa Lambda fraternity.

A new social club has been organized at Michigan U. Only girls named "Helen" may join.

NINTH GUEST TO BE OFFERED FRIDAY NIGHT

MYSTERY THRILLER DIRECTED
BY H. MILES HEBERER PRE-
SENTED FRIDAY NIGHT.

LAST PLAY THEATRE SEASON

Suggestion Made That Tickets Be
Bought Early to Avoid Late
Box Office
Rush.

"The Ninth Guest" by the Manhattan Theatre company will give two hours of blood-curdling chills to the audience Friday night, April 28 in the auditorium. H. Miles Heberer will direct this mystery play.

By mysterious telegrams eight people who detest each other are assembled to hear a mysterious voice, the ninth guest, inform them that each will die as a result of his own hands. Death will furnish them with entertainment and be their host. The only means of evading death will be to resist the power of suggestion. Only three of the original eight survive to give the unexpected climax.

The ninth guest is left for the audience, but here are the eight present. John Barhydt will be the "First Guest" to arrive and will be met by Don Isaacson as the college dean, Dr. Murray Chalmers Reid. Jim Pratt will portray the part of Hank Abbott who was just fired from Reid's faculty. The politician, Tim Salmon, will be played by Don Porter and the cleverness of a newspaper reporter will be found in John Van Aken as Peter Daly.

The party of a defeated politician, Jason Osgood, is enacted by Donald Williams. Dorothy Cortel you will be Mrs. Margaret Chisholm, the society woman. The traits of a lawyer woman will be seen in Margaret Krider and those of a Hollywood actress in Betty Shackelford.

"Buy your tickets early as the last two plays have been disturbed by the last minute," advised Mr. Heberer.

TRY OUT FOR RIDING CLUB

Bit and Bridle Will View Candidates
In Demonstration Thursday
At City Park

Bit and Bridle, women's riding club, will hold its spring tryout on Thursday, April 27 at 4 o'clock in the city park. The group will meet near the swimming pool. There will be a charge of 15c to pay for the use of the horses. The tryout will consist of the applicant's demonstrating her ability to ride three different horses in walk, trot and canter, as well as form in mounting and dismounting.

Those interested are asked to sign on the bulletin board in the women's gymnasium. Emblems of the riding club are perky red and black jockey caps and felt emblems, to be worn on the riding costume, which bear the name of the organization and a picture of a horse's head.

Thursday's tryouts are tentative. Those passing this first test have to further qualify by meeting requirements of an improvement chart. This chart and complete instruction are posted on the bulletin board. Present members of the Bit and Bridle club are: Mary Jordan, Beloit; Clara Bess Garrison, Lincolnville; Ruby Wilson, Council Grove; Ann Washington, Alice Kimball, and Esther Walters, all of Manhattan.

STUDENT WORK DISPLAYED

An exhibit of work done by students in art courses has been sent to the convention of the Western arts association, which will meet in Columbus, Ohio, May 3 to 6, inclusive. The exhibit includes 21 pieces, representing all the various kinds of work done in the department of art.

STUDENT RECITAL DELAYED

The student recital which was to have been given this afternoon in the auditorium has been postponed until two weeks from today, May 9.

Miss Dorothy Barfoot of the department of art attended a meeting of the Kansas Federation of Art in Wichita, Saturday, April 22.

INVITED TO PULITZER DINNER

Shannon, Prize Winner, Is Asked
to New York Function, May 4.

Prof. Fred A. Shannon, of the division of history, returned last week from Chicago where he attended a convention of the Mississippi Valley Historical association.

Professor Shannon, as a winner of a Pulitzer prize, received an invitation to a dinner in New York, May 4, given to all the persons who have won a Pulitzer prize. At this dinner the past year's winners will be announced.

KAMMEYER OPPOSES SNYDER

Prof. J. E. Kammeier, head of the department of economics and sociology of the college, will debate with Ralph Snyder, president of the Kansas State Farm Bureau on the question, "Can Currency Inflation Help Us?" Doctor Kammeier is taking the negative side. The debate will be held Thursday evening before the monthly meeting of the Chamber of Commerce.

KAPPA PHI SEES RECORD CONFERENCE ATTENDANCE

Three States Send 75 Delegates to
Biennial Methodist Co-Ed
Meet Held Here.

A record attendance at the Kappa Phi Kora convention held in Manhattan, Friday, Saturday, and Sunday was reported by Mary Elizabeth Allman, president of the local chapter.

Seven-five out-of-town girls from three states, Kansas, Nebraska, and Oklahoma, were the guests of Kansas State. Local members present brought the attendance up to 130 at the opening services Friday night, and 145 attended the banquet at the Wareham hotel Saturday night.

Miss Margaret L. Wiener, of Lincoln, Neb., grand president of the Methodist organization for college women, presided over the meetings, most of which were held at the Wesley hall, 1630 Osage.

Mrs. Charlie Mead of Kansas City, wife of the Bishop Mead, and Miss Dorothy Russell, of Ponca City, also were speakers during the meetings.

Miss Elsie Montgomery of Oklahoma U. was toastmistress at the banquet Saturday night. Honored guests were: Mrs. Mary P. Van Zile, dean of women, Mrs. F. D. Farrell, Miss Dorothy MacLeod, secretary of the Y. W. C. A., Mrs. C. L. Mead, Mrs. J. M. McClelland, wife of the Methodist district superintendent, Mrs. W. S. Allman, Dr. Ida M. Rogers, and Mrs. Nina Rhoades of Van Zile hall.

Over 200 attended the party o games and program at the Methodist church after the banquet.

Officers elected at the business meeting Saturday morning, are: Kora sponsor, Miss L. Hill, Zeta chapter, Nebraska U.; Kora president, Elizabeth Day, Alpha, Kansas U.; Kora secretary, Montgomery, Kappa, Okla. U.

The convention is a biennial meeting.

PELTIER IS HONORED BY KANSAS ENGINEERS

Junior Membership in American
Society Awarded Senior for
High Scholarship.

Eugene J. Peltier, Concordia, senior student of civil engineering, was honored recently by the Kansas State section of the American Society of Civil Engineers.

Because of having the highest scholastic standing of the civil engineering senior group, he was awarded a prize if the payment of the initiation fee required for Junior membership in the society. He was a guest of the society at a dinner held in the Hotel Kansas, Topeka, Friday evening.

E. B. Black, director of the society for this district, was the principal speaker. Mr. Black is connected with the firm Black and Veatch, consulting engineers, Kansas City, Mo.

Those who attended from here were: Prof. F. F. Frazer, president of the Kansas State section, Prof. M. W. Furr, Prof. L. V. White, R. E. Eberle, Emporia; R. C. McIntyre, Belleville, president of Kansas State College chapter; A. A. Holmquist, Manhattan; J. D. Woodruff, Dodge City; M. E. Phillips, Wichita; J. S. Biggs, Washington, D. C.; and E. J. Peltier, Concordia.

Miss Iva Welch, director of the college cafeteria, was called to Pittsburg Monday by the unexpected death of her father.

TWENTY-SIX CANDIDATES ARE IN RACE FOR SEVEN COUNCIL POSTS

EXPECT RECORD VOTE AS LARGE GROUP FILES FOR
STUDENT COUNCIL JOBS NEXT YEAR—
ENTIRE NEW STAFF GOES IN

SIX OF GROUP ARE WOMEN, TWENTY REMAINING MEN

All Students Who Have Paid Athletic Fee for Semester
May Vote Today in Recreation Center
From 8 Until 5 O'Clock

With twenty-six students in the race for the seven positions on the 1933-34 student council, today's election is more than just an ordinary election.

Student leaders in all lines of college work and divisions have declared themselves able to fill the offices for which they are running. Six women are in the field for the two positions allotted for women members.

An attempt at the probable number of votes would be useless because of the unusual interest being shown and the large number of candidates who are after the jobs.

An attempt at the probable number of votes would be useless because of the unusual interest being shown and the large number of candidates who are after the jobs.

SCREENSTAR PICKS BEAUTIES

Fredric March Makes Selections
For 1933 Royal Purple
Beauty Queen

"Beauty judging isn't as easy a task as I previously believed," wrote Fredric March in a letter to the Royal Purple staff received yesterday. He added that he had sent his selections for the 1933 beauty contest, but they had not been received at the office late yesterday.

Mr. March said that he almost resorted to shutting his eyes and putting his finger on the photograph to determine his selection, for the contest was so close.

Announcement of the winners will be made at an early date.

ORIENTAL RUGS MAY BE SEEN TODAY LAST TIME

Antique and Modern Exhibit Will
Be Taken Down After Today
In Ancient Hall

Today is the last day visitors may delight in the rich colors and intricate patterns of the oriental rugs being shown in the gallery of the department of architecture. During the week's stay here, the rug display has won many admirers among students and faculty members.

The collection is from Col. Charles W. Jacobson of Syracuse, N. Y., and includes twenty-one antique, semi-antique, and modern pieces. The modern group includes both rugs which have been chemically treated to soften their colors, and others which are untreated.

"Colonel Jacobson," stated Prof. John F. Helm, Jr., of the department, "tried to send us a collection that would give us a cross section of the present day rug market."

Thus sixteen different weaves, in a variety of colorful combinations, are presented in the collection, which represents every rug-weaving country in the world except China.

PLATES SHOW STEPS IN ENGRAVING WORK

Capper Makes Gift to Department
of Journalism and Printing for
Laboratory Study.

The stages of both halftone and zinc engravings are illustrated in a display just received for the college by E. M. Amos, assistant professor of industrial journalism and printing. The display was presented by the Capper Engraving company, through J. W. Fazel.

The stages of a halftone etching are the first shown. The negative is exposed to a sensitized copper plate. Next is a plate etched but unfinished followed by a finished plate and proof.

The zinc exhibit begins with a line negative from a drawing, then transferred to zinc, followed by the plate etched and routed—that is, the picture to be printed is in relief on the zinc. The last is the proof from the finished plate.

"This exhibit will be in the printing laboratory for the use of students of typography and journalism and all interested," Mr. Amos said.

An attempt at the probable number of votes would be useless because of the unusual interest being shown and the large number of candidates who are after the jobs.

THE CANDIDATES

Men
John Reinecke
Clay Reppert
Merrill Carter
Harold Hibbs
Joe Knappenberger
Bus Boyd
Vernon Elliot
Nevlyn Nelson
Joe Creed
Ed Kelley
Wilfred Wallace
E. L. Begerheimer
Mike Oberhelman
Clarence Keith
Claire Palmer
Ralph Graham
K. Bader
Fred Hill
John Loth
Dean McNeal
Women
Merrideth Manion
Mayrie Griffith
Jeanne Bryan
Winifred Wolf
Mildred Forrester
Ernestine Merritt

Only those students who have paid their activity fee for this semester will be allowed to cast a vote. It is also necessary that each student voting mark seven names on the ballot. Unless two women and five men receive votes on each ballot, the entire ballot will be thrown out.

The names of those students that were in school the first semester and not in school this term have been scratched from the director's list that will be used by the election clerks. This will eliminate votes being cast by interested politicians for those students not in school.

Of the twenty-six students listed on the ballot, only two are independent candidates. One fraternity has three candidates representing its organization.

The polls will open at eight o'clock this morning and will remain open until five o'clock this afternoon. The polls will close at 12:45 o'clock in order that students having eight hours of classes today will be given a chance to cast their ballots. The voting will take place in the north side of recreation center of Anderson hall. The ballots will be counted at five o'clock.

A record vote was cast last year in the council election when 1,250 ballots were cast. It is expected that today's election will bring out several hundred more voters than last year.

The list of candidates running in today's election, their home towns, and their organizations are as follows:

Merrideth Manion, Goodland, Delta Delta Delta; Jeanne Bryan, Delia, Kappa Kappa Gamma; Mildred Forrester, Wamego, Kappa Delta; Ernestine Merritt, Haver, Pi Beta Phi; Mayrie Griffith, Topeka, Chi Omega; and Winifred Wolf, Ottawa, Alpha Xi Delta.

The men candidates are: John Reinecke, Great Bend, Phi Sigma Kappa; Clay Reppert, Harris, Sigma Alpha Epsilon; Merrill Carter, Smith Center, Phi Kappa Tau; Harold Hibbs, Osborne, Alpha Tau Omega; Joe Knappenberger, Pennington, Alpha Gamma Rho.

Bus Boyd, Phillipsburg, Phi Delta

Today's Election

The student council election today will probably bring out more student voters than any other election of its kind in many years. The list of candidates is unusually large and it is one of the best picked list of candidates that could be selected from such a large group as the Kansas State student body.

From every department of the school and all types of organization have come these twenty-six candidates working for the seven offices on the council.

A position on the student council is an honorable one. There is no salary for the members of the body. They receive no compensation for their work except that which comes from the glory of serving their school and being a student leader.

Election to the council signifies the confidence that the student body has in the individual running for office. They are responsible for his being in office and they expect returns for their support. The student council is the governing body of the student body and besides running student affairs, the council has as its duty, that of distributing funds to organizations on the campus that are not self supporting.

It is only natural that those in the council be well suited for the office. It cannot be said that some of the candidates are not capable of holding office in the student council but it is obvious that some are capitalizing on their popularity in other activities during their first three years in college. None can expect this problem to be eradicated from the election and none suspect that any student now in the race is doing this because of his own greed.

It seems in all accord that a student that is well along in other activities and has made a success in his particular line of work is the one for the council positions. Character is one of the redeeming features of a position such as that which is necessary for a member of the student council. It is probably an assurity that a student who has made good in his other work on the campus, will make a good member of the council.

There are three powerful factions working in the race for the seven offices. As a whole these political groups are working with their fellows in what each thinks is a good layout of candidates. In this selection of twenty-one candidates. In this selection of twenty-one candidates. In this selection of twenty-one candidates. The power of such political organizations is known; and from results in the past, must be respected. They each have several good candidates in their ranks and ones that will fill the bill.

It is unfortunate that such political organization cannot be avoided. But pooling votes from the seven houses is one way in being sure that their candidates will show some chance of election. It is not probable that any one of the groups will have all of its seven candidates elected because the influence of friendship and names will have a powerful influence.

The independent vote is one factor that works the seven houses is one way of being sure that independent students do not vote as a body. They vote for the candidate that meets their approval and will not listen to bragging from political demagogues or big names. They vote for their friends and those that they expect to fill the qualifications. One political organization has in all appearances ruined its chances of election by making promises to the independent student and trying to powerhouse his vote. Independents are independent and will remain that way.

To vote today will be your chance to be of service to your school. Not to vote today is to miss an excellent chance to do something about your theories in school management. It will be interesting to note the many students that will pass through Anderson hall today and not vote merely because they don't want to. It isn't because they don't know about the election. It isn't because they don't take an interest in the school governing council. It is because they expect the other fellow to do it for them.

Let's all take interest in today's election and put men and women in office that we are sure

that will be able to handle the job. But let's not make it a popularity contest. May the best man win.

Judge For Yourself

Today the students of Kansas State go to the polls to select those who, theoretically, will guide the student body throughout the next school year. This note is addressed to the independent and hence (in this case) unsophisticated voters for student council members.

Certain students—who undoubtedly will go far in the world of hard practicalities—have conceived the idea of applying the scientific method to this balloting on candidates, and today they are applying it. Their idea is that the empirical, hit-or-miss method is much too inefficient, in elections as in other operations, and should be replaced by the inductive method, based on a knowledge of cause and effect.

There are, as you know, seven members on the student council, five boys and two girls. Here then, is how the scientific method is applied to the democratic operation. Seven Greek-letter organizations, five fraternities and two sororities, having entered candidates by petition, form a block and agree to pool their votes, each member of the seven organizations voting for the seven candidates put up by the block. By this simple procedure, something over 200 votes are guaranteed each of these candidates. For instance, when I go to the polls today I will have with me a list of seven names, the names which I am to check on my ballot. My vote, you see, was pledged over two weeks ago (though I had nothing to do with the matter).

Last year this method seemed to work rather well, there being only two blocks formed. But this year three blocks, entering 21 candidates, have greatly complicated matters, resulting actually in a cancellation of votes. So it's up to you independents! Remember, all the candidates you vote for, though they may have nothing else, have personality!

It is evident that a new system of selecting candidates is necessary, appointment by a student-faculty committee perhaps. Otherwise we had better abolish the student council altogether.—K. D.

On Other Hills

Sophomores at Butler took the afternoon off last week for a card party. Prizes were given to the highest scoring team members. Proceeds from the party will go to the class treasury.

The following want ad was seen this week in the Minnesota Daily: "WANTED—TWO MEN who would like to bid on a University dance to be given April 29. Leave qualifications in P. O. 8672 before April 22."

We have just discovered that approximately one person in every three families in Rumania is on the government payroll. We'll bet it sure is a burden on those people, taxing themselves to death so they can pay their salary.

The Snooper

SCORE BOARD

The Chi Omega party featuring Helen (KKG) Durham. ****
Acacia—Phi Kappa, with the Masons and sea food boys. **
Delt, slow but sure. ***
Pi K. A., (Who fell down?) ****
TKE and the Kappa Sigs tied with one score apiece.
* Means relative humidity, saturation or most anything.

Before leaving town for the week-end Billy Scales told Weldene Middlekauff not to be running around with any men. Weldene, the true little Pi Phi that she is, kept her promise by going to a party with "Bouncing Bobby" Walenstedt.

Artha Lee Knisely, the Tri Delt heart breaker, is continually saying that she and Harry (Jimmy University) Hinckley have seen each other for the last time. The other night she became so radical that Harry had to leave her at 3:30 (P. M.), by 9 o'clock she was listening joyfully to the rattles and squeaks of Harry's Ford.

With a group of staunch friends quietly sitting around holding hands, Walt Bell again delivered his famous oration—"Zlich at the Cross-Roads," last Thursday night.

The three political cliques, Winkem, Blinkem, and Nod are in danger of being smothered by a new political organization. This new "party" (this party is not the headache kind) will be made up of the defeated candidates. An appropriate name has not been selected yet, as everyone of the twenty-six candidates thinks that he or she will be one of the seven elected to office. Some of the choice names already submitted are: Also Rans, Defeated Dumbbells, Body Odor Castouts, and Raspberry Get-Arounds.

Ward Coldwell should have an advance guard to serve him when he comes out of Onaga so that he will not have so much trouble bumping into people.

Don White the boy from the City, who was going to run for S. G. A. and be the only Freshman ever to fill that position says in a recent interview out at the Ag barns: "You can fool some of the old fools some of the time and some of the time you can foolpart of the people once but you can't hook anybody twice in succession."

At The Theatres

AT THE WAREHAM

"Terror Aboard"

If Frankenstein was tame to you and Rasputin only brought a faint tinge of interest, you're the one to see "Terror Aboard." One by one the guests aboard the millionaire's yacht died—murdered. Each death was well covered. Who was responsible—and why?

This isn't exactly the sort of show for youngsters. College students should stand it without a qualm.
O. L. B.

DICKINSON THEATRE

"A Bedtime Story"

This is "A Bedtime Story" that would keep a person with sleeping sickness awake with laughs and cries. Maurice Chevalier and Helen Twelvetrees are brought to you on the screen at the Dickinson theatre today and tomorrow with this unbelievable story. Chevalier only sings four songs, too.

It's surprising how an innocent baby can show up the bad of some people and the good of others. Imagine this Parisian gentleman finding a baby in his car when he has the night filled with dates—well, "True Story" doesn't have a chance with the rare French ones he pulls. Here he comes to a dinner party at his fiancée's home with a baby and a pretty nurse—What would you think? So did they. Still he would n't give it up but took it home and bought it.
F. V.

AT THE VARSITY

"Today We Live"

This is another of the war films but it surpasses the majority of them in excellence of production and story. It is a war-time romance with more fighting than love-making. Particular emphasis is laid on the part played by the two-man torpedo boats known as the "sneaker fleet" in the great world war. There are a number of scenes showing the warring activities of the air forces as well.

Joan Crawford and Gary Cooper are for the first time starred together in this film. Both give splendid performance as far as acting is concerned. However, Fan-chot Tone, a newcomer to the screen, almost steals the acting honors with his interpretation of Ronnie, the brother of Miss Crawford. Robert Young, as her childhood sweetheart also does a nice bit of dramatizing. This is something new in the line of clear-cut war pictures, and you should like it.

in the history of the college that a free contest of this kind has been held. Students having had work in advance judging are required to enter the senior division.

The following prizes are to be awarded: Senior division: Medals awarded to the three high point winners; junior division: A silver loving cup given by the American Royal Livestock show to the winner.

Medals will be given for the second and third places. Ribbons will also be given for the first five placings of each of the four classes of livestock.

JUDGING MEET ATTRACTS

Prizes of \$135 Are Competed for By 35 Students in Crops Section.

Thirty-five students, competing for prizes totaling \$135, were entered in the annual students crops judging contest, held Saturday afternoon in East Waters hall.

The contest consisted of the identification of seed, head, and green samples of crop plants; the identification of seed and green samples of common weeds; and the grading and judging of grain samples.

Following is the list of winners: Senior division—J. O. Miller, Meriden, first; H. T. Niles, Olivet, second; W. H. Pine, Lawrence, third; T. E. Hall, Manhattan, fourth; H. W. Coberly, Gove, fifth; and J. R. Latta, Holton, sixth.

Junior division—J. W. Taylor, Lawrence, first; D. R. Cornelius, Wheaton, second; W. M. Lewis, Larned, third; G. A. Rogler, Matfield, fourth; F. E. Davidson, Madison, fifth; and J. W. Mather, Grinnell, sixth.

Freshman section—L. E. Wenger, Powhattan, first; R. P. Murphy, Norton, second; K. G. Shoemaker, Ramona, third; J. E. McColm, Emporia, fourth; E. F. Collins, Wells-

ville, fifth; and Earl Parsons, Winfield, sixth.

Prizes consisted of \$50 in scholarships, \$50 in cash and trophies, and \$35 in merchandise. They were donated by agricultural business houses and publications.

The contest was sponsored by the Klot and Kernel Klub, agronomy departmental organization, and managed by A. B. Erhart, Timken. Professors J. W. Zahnley and C. D. Davis of the agronomy department were the faculty members supervising the contest.

The students dairy judging contest, sponsored by the Dairy club and supervised by Walter W. Babbit, Willis, will be held next Saturday afternoon in the judging pavilion. This contest will be something of an innovation in that it is planned to provide a special section for girls.

The contest will consist of the judging of eight classes of dairy animals—four of cows and four of heifers.

TWENTY-SIX CANDIDATES ARE IN THE RACE

(Continued from page one)

Theta; Vorras Elliot, McPherson, Alpha Kappa Lambda; Neilyn Nelson, Belle Plaine, Farm House; Joe Creed, Bartlesville, Okla., Lambda Chi Alpha; Ed Kelley, Manhattan, Beta Theta Pi; Wilfred Wallace, Augusta, Kappa Sigma; E. L. Bogheimer, Independent; Mike Oberhelman, Randolph, Delta Tau Delta; Clarence Keith, Ottawa, Alpha Kappa Lambda.

Clair Palmer, Kincaid, Acacia; Ralph Graham, El Dorado, Sigma Phi Epsilon; K. Bader, Junction City, Sigma Nu; Fred Hill, Huntington, W. Va., Alpha Kappa Lambda; John Loth, Buffalo, N. Y., Independent; Dean McNeal, Boyle, Pi Kappa Alpha.

Professors R. F. Cox of the department of animal husbandry and Carl Eiling of the extension division spoke on the program of a sheep day held Wednesday of this week in Fowler.

"ELMER
THE GREAT"

In Society...

THEY TELL ME, THAT

Spring has sprung! All of our athletic sorority girls are seen tripping around on the campus in baby blue gym suits carrying bats and balls. Some of those suits may conceal a second Babe Ruth. . . .

All of the parties were quite a success, what with the boys and girls eating raw doughnuts in the Palace Sunday morning, and one of the S. G. A. members frantically calling on housemothers and the High Heaven for help. . . . Mark Babb is an expert juggler of chairs, but when it comes to sitting on them—well, that's just his little problem! . . . J. P. Morgan and Rockefeller beware! Cotton Tietze and Al Wilson, two great financiers of the age, gathered up all the books at the Delt house and sold them at the exchange. Anyway the Delt won't need them. . . .

A wave of sleeping sickness seems to be sweeping the campus. Mr. Forrester wishes to inform "Wobbly" Towle that the basement of the Palace is not a hotel. . . . Don Lacy has given up his role of "The Good Samaritan" in favor of "Sleeping Beauty." He is doing this character now in all of the better picture shows, and is expecting to sign up with big time within a few weeks. . . . Glenda Mae "Oklahoma" Hodge woke up the other night to find herself dashing down a strange road. She was told that she was on her way to Kansas City, and that she would be allowed to return to her former haunts in a few days. However, remembering the Johnstown flood, the abductors turned around at St. George and the hysterics stopped. . . .

In case anyone is wondering what the well-dressed man of 1933 will wear, we refer you to "Beau Brummel" Wilson, the pride of the P. K. A's. He appeared at the Chi Omega party unshaven and in a sleeveless sweater, and didn't that pledge button look just too charming on the sweater? . . . The Tri Delt is using tissue paper for their campaign signs in the S. G. A. election. They recently received a gilt roll prominently marked "For Advertising Purposes Only." . . . The eternal triangle—Pickrell, Allman and Isaacson was in full swing Friday night, with "Don Juan" Isaacson running around in circles at the Delt party. My, My, room-mates certainly are handy things! . . .

Social Calendar

Tuesday, April 25:

ler, Howard Kindsvater, Don Christy, John Hamon, Roland Munsell, Ed Sample, Roland Elliott, Roy Crist, Glen Young, Clarence Keith, and Ralph Freeman, Kansas City. Alpha Kappa Lambda announces the pledging of Warren Rowland, Clay Center.

Alpha Xi Delta

The Alpha Xi Delta chapter celebrated the fortieth birthday of the national chapter by a formal banquet at the sorority house Sunday. Winifred Wolf, Junior, was toastmistress, and toasts were given by Ruth Stiles, Ila Wells, chapter advisor; Ruth Wagstaff, Mary McAlumnae who came back for dent.

The alumnae who came back for the banquet were Agnes Charter, Marjorie Lyles, Jerry Cornwell, Patty Kimball, Mrs. E. Wells, Mrs. K. Blanchard, Tottie Pigman, Lorraine Root, Elizabeth Quail, Helen Heise, and Mrs. John Parker.

Delta Delta Delta

Dinner guests Saturday evening were Marcella Downey and Ruth Anna Jones, Garden City.

Weekend guests at the house were Mrs. A. R. Edwards, Virginia Webb, and Jane Boyd, all of Concordia; Jane Orr, Pittsburg; Elaine Roadcap, Kansas City; Vera Carter, St. Joseph, Mo.; Fern Gaston, Randolph; and Oleta Markham, Lawrence.

Mabel Louise Whitford visited friends at the Alpha Delta Pi house in Lawrence over the weekend.

Kappa Kappa Gamma

Lorraine McMullen, Hutchinson; Dorothy Cortelyou, Manhattan; Jeanne Bryan, Delia; Marion Walt, Superior, Nebr.; Frances Rosser, Pratt; and Mary Ransopher, Clyde, went to Kansas City Saturday.

Mary Emily Berryman, Fredonia, and Jane Stone, Manhattan, went to Lawrence Saturday.

Weekend guests at the house were: Marrietta Isaacson, Topeka; Ruth Limbird, Anthony; Helen Miller and Katherine Hunt, Kansas City, Mo.; Ruth Magerkurth, Sa-

ter.

Sunday dinner guests were: Betty and Bud Stockton, Kansas City, Mo.; Carroll Joachim, Wichita; Evelyn King, Wichita; Oleta Markham, Lawrence; A. R. Edwards, Concordia; John Hanson, Concordia; Carl and Roy Holiday, Kansas City; Lud Fiser, Washington; Glen Lowell, Kansas City; C. M. Rhoades and Ralph Rhoades, Newton; Velma Worline, Newton; Leora Lang, Betty Shackleford, Lols Stingley, Louise Krehbiel, Helen Morgan, Grape Light, Cora Oliphant, Helen Shackleford, Walter Herrman, Inez Hielman, Edith Ramey, Elita Jones, Elizabeth Smith, Ivaloe Hedge, and Delite Martin.

Kappa Sigma announces the pledging of Walter Herrman, Of-

ferle.

Alpha Kappa Lambda

Thirteen members spent Sunday in Lawrence attending the Found-

er's day banquet and district con-

clave. Members of the Kansas City alumni chapter were also present.

Those from here who attended were Mrs. H. K. Everly, Prof. Harry Stewart, Arla Steele, Le Roy Quig-

ley, Warren Lytle, Sylvester Kel-

lin; and Helen Jernard, Manhattan.

Mr. and Mrs. C. W. Black, Coun-

cil Grove, spent the weekend with

their daughter, Katherine.

Marie Vail went to her home in

Marysville Monday.

Acacia

Sunday dinner guests at the house

were Doris Obley, Edith Lynette

Tarbed, Margaret Johnitz, and Mar-

garet Brown.

Alpha Gamma Rho

Adolph Peck, Emporia, was a

weekend guest at the house.

Sunday dinner guests were Pro-

fessor and Mrs. Throckmorton,

Wayne Herring, and Joe Zitnich.

Alpha Gamma Rho announces the

pledging of G. W. Folmer,

Olathe.

Phi Omega Pi

Maria Samuels Rector, Topeka,

visited at the house Sunday.

Marie Davis and Rachael Baker,

from the University of Nebraska,

were house guests last weekend.

Phi Lambda Theta

Willard Hoffman and Howard

Fry visited friends at the house

Sunday.

Willetha Hill, who is teaching at

Clay Center, spent the weekend at

the house.

Kathryn McKinney attended the

national W. A. A. convention at

Austin, Texas, last week.

Kathryn Langford, El Dorado,

was a weekend guest at the house.

Clubs

Annabel Standard and Helen

Kotes, Lincoln, Nebr., were weekend

guests.

Miss LaVelle Wood was a Sun-

day dinner guest.

Ethel Rosey spent the weekend

at her home near Junction City.

Phi Sigma Kappa

John Hartman spent Friday and

Saturday in Kansas City.

Donald Fox spent Saturday in

Longford.

Paul Rust spent the weekend vis-

iting friends at Eskridge.

Donald Wiggins, Hutchinson; El-

mer Black, and Byron Black, Uica,

were weekend guests.

Sunday dinner guests were Joe

Manges, Courtland; and W. H. D.

White, Kansas City.

TRACKSTERS WIN LAURELS AT THE KANSAS RELAYS

MEDLEY RELAY TEAM SETS
NEW MEET RECORD IN WIN-
NING THAT EVENT

TAKE TWO SECOND PLACES

Shuttle Hurdle Quartet and Two-
Mile Four Finish Next to
Winners in Their
Races

Kansas State athletes won a relay event last Saturday at the eleventh annual Kansas Relays for the first time since the meet was started when the Wildcat medley team took first in that event. The 480-yard shuttle hurdle team took a second place. This is indeed commendable in consideration of the fact that there were about 600 athletes participating in the meet representing some 50 colleges, universities, and junior colleges throughout the mid-west.

The Kansas State medley team composed of Castello, 440; Darnell, 880; McNeal, 3-4 mile; and Landon, mile; won their event with a time of 10:27.4, beating the old record by Marquette made in 1930 with a time of 10:28.7. Nebraska was second; Indiana, third; and Butler, fourth. Pre-meet dope gave Indiana and Butler the best chance to win, but the race turned out to be a two team affair between Kansas State and Nebraska.

Castello led off for the Wildcats with Jerry Lee running the 440 for Nebraska. Although Castello ran the best quarter he has ever run, Lee beat him by a small margin. Roberts of Nebraska took the baton slightly ahead of Darnell for the 880-yard run. However, Darnell made up this distance and turned over a fair lead to McNeal at the start of the 3-4 mile. McNeal was opposed by Funk of Nebraska, who ran a great race. He passed McNeal in about the middle of the race and drew away until at the start of the mile Story of Nebraska had a lead of about 35 yards on Landon.

Story had placed third in the mile in the conference meet and it looked as if Landon had taken over an almost impossible task. However, Landon, knowing his pace and having sense enough to stick to it, gradually began to cut down the lead which Story held. When the gun sounded for the final lap, Landon speeded up and soon overtook Story. Nevertheless, the Nebraska man was game and hung on desperately until the runners had come into the final stretch, when he again tried to challenge. It was a hopeless cause, as the Wildcat star opened up with a burst of speed that left the Cornhusker far behind.

This performance in the medley was especially good since Darnell, McNeal and Landon had already teamed with Hostettler to force Iowa to tie the meet record in order to beat them in the two mile relay. The Ames team ran the two mile relay in 7:52.2 with the Kansas State team right on their heels all the way.

The shuttle hurdle team placed second to Minnesota in a race which forced Minnesota to beat the old record by 3 of a second. Breen, Stoner, Knappenberger, and Schmutz composed the team.

In all three races the time of the Wildcats was better than the varsity records for these events.

Women's Sports

The intramural baseball tournament proper will start Wednesday of this week following the final practices held the other two days.

The schedule reads: Wednesday, April 26, X team vs. Van Zile hall; Kappa Delta vs. Alpha Delta Pi; Phi Omega Pi vs. Zeta Tau Alpha. Thursday, April 27, Winners vs. Alpha Xi Delta; Beta Phi Alpha vs. Chi Omega; and Clovia vs. Kappa Kappa Gamma.

Friday, April 28, Neophytes vs. Delta Delta Delta; and Alpha Xi Delta vs. Beta Phi Alpha. Monday, May 1, Kappa Delta vs. Kappa Kappa Gamma; Phi Omega Pi vs. Neophytes; and Winners vs. Pi Beta Phi. Tuesday, May 2, Van Zile hall vs. Beta Phi Alpha; Kappa Delta vs. Clovia; and Zeta Tau Alpha vs. Delta Delta Delta.

Wednesday, May 3, X team vs. Chi Omega; Alpha Delta Pi vs. Clovia; and Phi Omega Pi vs. Delta Delta Delta. Thursday, May 4, Van Zile hall vs. Chi Omega; Alpha Delta Pi vs. Kappa Kappa Gamma; and Zeta Tau Alpha vs. Neophytes. Friday, May 5, group winners. Monday, May 8, finals.

All this means that the walls at the southeast corner of the campus will be lined with "interested young men"—that is, if history repeats itself. No doubt many will be disappointed to find that a good

view of as many of the games cannot be obtained from that post this year. Bleachers or easy chairs are suggested to keep the crowd of spectators from dwindling. Their moral support is needed, the players declare.

There will be a W. W. A. meeting in N 77 Thursday at 4:45.

Results of the tennis tournament are not out yet as the rain delayed some of the games.

MATMEN TO CHICAGO TOURNAMENT BY AIR

Griffith, Heinz, and Roberts to
Leave Thursday For
National Meet

For the first time a Kansas State athletic team will make a trip by air when three Wildcat wrestlers will leave early Thursday morning for the national A. A. U. championships at Chicago Friday and Saturday. The plane will be piloted by Everett Heinz, a licensed flyer and mechanic, and one of the three grapplers. The wrestlers must get permission from their parents before they make the flight. They will leave about daybreak Thursday and expect to arrive at Chicago around noon.

As passengers with Heinz will be Captain June Roberts and next year's captain, Paul Griffith. The three matmen won the chance to compete in the national tournament by winning championships in the district meet at Columbia last week.

The tourney will be held in the Central Department, Y. M. C. A. Gold medals emblematic of the championships of the United States will be awarded the winners in each class, a silver medal to second and a bronze medal to third place winners. Griffith will wrestle in the 125-pound class, Heinz in the 135-pound class, and Roberts in the 155-pound class.

THREE-GAME ROAD TRIP FOR KANSAS STATE NINE

Will Meet Maryville Thursday and
Missouri on Friday and
Saturday

The Kansas State baseball team will leave Wednesday noon on a three-day road trip into Missouri. On Thursday they will play the Maryville Teachers and on Friday and Saturday they will engage the Missouri Tigers in a two-game conference series at Columbia.

In their two previous conference games with Missouri the Wildcats split the series, winning the first game and then losing the second.

Kansas State was rained out of their away-from-home game with the College of Emporia last Friday.

INTO THE SHOPS

WITH
Betty Coed

STYLE SHOP "Where Style Starts,"
404 Poyntz, has a lovely line of new

sport silk frocks, some with sun tan backs, others with button trimmed jackets, ranging from \$7.50 to \$12.50. They come in various colors and the white frocks with contrasting jackets are especially attractive.

FOR first class work and prompt service have your dyeing and cleaning and pressing done at the Aggieville Laundry and Dry Cleaners, 1219 Moro.

SPECIAL Permanent end curls for \$1.50 at the Marcelle Beauty Shoppe. Dial 2345. 404-A Poyntz.

EVERY DAY we're seeing more white shoes on the street and about the campus. You can keep them looking nice by using that wonderful One White Shoe Cleaner for all white leathers and fabrics. You can get it at Rosencrans Shoe Service in Aggieville.

DIAL 2943. That is the magic number that will cut your spring house cleaning in two. Just bundle your curtains, winter weary blankets and heavy winter suits off to the Manhattan Cleaners. They have a laundry, too. If you would rather have your things washed.

YOU CAN GET delicious ice cream delivered from City Dairy for 20 cents a quart and for 15 cents on Sunday. Call 2005. Milk is 16 quarts for \$1.00 and buttermilk 7 cents a quart.

HEADQUARTERS for men's clothes—Stevensons. All the new spring weaves and shades in men's and boys' wear. They have a particularly nice line of pajamas, with the new extra long coat—an added appeal to tall men. 317-319 Poyntz.

The game has been postponed until May 5.

Coach Charles Corsaut said yesterday that he would take approximately 15 players on the Missouri invasion. The regular infield will find John Underwood at first, Captain Carter at second, Jimmy LeClere as shortstop, Andy Skradski at third, and Ralph Marshall behind the plate. He will probably carry along an extra catcher, George Watson.

The first four pitchers are likely to make the trip. They are Jack (Lefty) Lowell, Earl Sims, R. L. Heinz, and Nelson. The outfielders will be Bus Boyd, Char' Gentz, Lee Morgan, and Stephen Asbill. Coach Corsaut has not yet decided which pitchers will start the different games.

A two-game series with the University of Oklahoma here May 2 and 3 will follow the Missouri games.

Men's Intramurals

Time has been extended for the third round singles in men's intramural tennis competition until Wednesday night at six o'clock, and for the second round doubles until Thursday night at six o'clock, according to C. S. Moll.

PAUL GRIFFITH CHOSEN MAT CAPTAIN FOR 1934

He Is Honored at A Dinner Given
For Lettermen by Coach
B. R. Patterson

Paul Griffith was elected captain of the Kansas State wrestling team for 1934 at a dinner given lettermen by Coach B. R. Patterson at the cafeteria last week.

The following lettermen were present: Paul Griffith, A. R. McDonald, Everett Heinz, Paul Warner, June Roberts, Joyce Miller, Farrell Bozarth, and Ed Houser.

Dean Rodney W. Babcock, Athletic Director M. F. Ahearn, and Russell I. Thackrey, of the journalism department, were guests at the dinner.

"The Present Financial Situation and Insurance" was the subject discussed by Prof. H. M. Stewart at Veterinary club last Thursday evening.

The state meeting of the American Association of University Women at Hutchinson, Saturday, was attended by the following from here: Dean Margaret H. Justin, Mrs. Bessie Brooks West, Mrs. J. E. Ackert, and Miss Alpha Latzke.

Mrs. Lucile O. Rust of the education department will attend a state meeting of the Kansas Congress of Parents and Teachers in Topeka Wednesday. As chairman of the Home Making committee, Mrs. Rust will give a report.

WHOLE FAMILY IS A JOURNALISTIC BUNCH

Mrs. E. L. Holton Will Discuss
Current Magazines as One
Who Knows Two Sides.

Coming from a family widely known in the field of journalism, Mrs. E. L. Holton will be doubly prepared to discuss her subject when she speaks this afternoon at 5 o'clock on "Current Magazines." Mrs. Holton's address will be broadcast over station KSAC.

Mrs. Holton, whose husband is dean of the summer school, is the daughter of the late Major M. M. Beck, who for years was editor and publisher of the Holton Recorder, and a sister of W. T. Beck and Miss Martha Beck who hold editorial positions formerly occupied by their father. Another brother, E. S. Beck, is editor of the Chicago Tribune. She is intimately associated with the problems of modern education through the various organizations

connected with the college in which she takes an active part.

The talk she will give was prepared originally as a part of the

program for the first meeting of the Domestic Science club this year. The paper elicited so much favorable comment that Mrs. Hol-

ton was invited to read her study given every Tuesday afternoon at five o'clock over the college station.

**Spring
Fever!**

SPRING FEVER? G'wan! All you need is the right something to eat. And here it is—two Shredded Wheat biscuits. Add milk or cream. Then fruit. And go to it.

You'll soon be hitting high again, for Shredded Wheat is a born youth-preserver—a VITALLY DIFFERENT food that puts new spring in your step.

Shredded Wheat is nothing more or less than true whole wheat. Packed with body-builders, energy-makers—and just the right proportion of Nature's friendly regulator, bran.

Eat Shredded Wheat any way you like it—with milk or cream, with fresh or preserved fruit, with butter or poached eggs. Eat it every day for ten days straight (your pocketbook won't kick). And watch this VITALLY DIFFERENT food take the tempus verum februs (spring fever, m'lud) for a long, long ride!

Volume XXXIX

The Kansas State College of Agriculture and Applied Science, Manhattan, Kansas, April 28, 1933.

Number 50

NEW COUNCIL TO OFFICES MONDAY AS OLD RETIRES

OVER THOUSAND VOTES CAST AS SEVEN MEMBERS ARE SELECTED.

WILL ELECT OWN OFFICERS

All Inexperienced Workers Go in to Handle the Student Governing Association for School Year 1933-1934.

THE NEW COUNCIL

Women
Merrideth Manion
Mayrie Griffith
Men
Ralph Graham
A. K. Bader
Clay Reppert
Joe Knappenberger
Merrill Carter

An entirely new student council will take office Monday at a meeting in which new officers for the coming year will be elected. The seven members of the 1933-34 student council were selected Tuesday in an election in which approximately 1,075 votes were cast.

The new members and the number of votes received by each are: A. K. Bader, 511; Ralph Graham, 409; Clay Reppert, 423; Joe Knappenberger, 348; Merrill Carter, 338; Merrideth Manion, 526; and Mayrie Griffith, 504.

Present Council Will Retire

These members of the new council are student leaders in their respective lines of college work. The two women were selected from six women candidates and the five men from the 20 men seeking the office.

The members of the old council which leaves office Monday are: Maurice L. DuMars, Agra, president of the council, a senior in industrial journalism and a member of Sigma Phi Epsilon.

Glen S. Fox, Rozel, vice-president, a senior in agriculture, and a member of Farm House fraternity.

Esther Row, Larned, secretary, a senior in general science and a member of Alpha Delta Pi.

Robert Alexander, Independence, treasurer, a senior in architecture and a member of Sigma Alpha Epsilon.

Hal McCord, Manhattan, a senior in architecture, and a member of Kappa Sigma.

Ruth Stiles, Kansas City, a senior in industrial journalism and a member of Alpha Xi Delta.

New Members Activities Listed
The new council members and some of their outstanding activities are:

Merrideth Manion, Goodland, a member of W. A. A., prominent in all women's athletics, and a member of Delta Delta Delta.

Mayrie Griffith, Topeka, a junior in industrial journalism, Collegian board, president of Theta Sigma Phi, Dynamis, W. A. A., Y. W. C. A. cabinet, manager of Agra Pop, and a member of Chi Omega.

Ralph Graham, El Dorado, a junior in physical education, all athletics with two letters in football and basketball and one in tennis, captain-elect of the football team, half-back Big Six conference team last year, and a member of Sigma Phi Epsilon.

A. K. Bader, Junction City, a senior in architectural engineering, Kansas State Engineer staff Steel Ring, Scabbard and Blade, and Sigma Nu president.

Clay Reppert, Harris, a junior in industrial journalism, business manager of the Kansas State Collegian, business manager of the 1934 Royal Purple, Y. M. C. A. board, and president of Sigma Alpha Epsilon.

Joe Knappenberger, Lenola, a sophomore in veterinary medicine, varsity track, president American Country Life association, Wampus Cats, and president of Alpha Gamma Rho.

Merrill Carter, Smith Center, a junior in industrial chemistry, Kappa fraternity, Senior Men's Panhellenic, captain of the baseball team, and a member of Phi Kappa Tau.

Prof. A. P. Davidson was in Havensville Tuesday attending a father and son F. F. A. meeting. At the meeting he showed a Future Farmer film and gave a short talk. Professor Davidson was a guest at the home of L. E. Croy. Mr. Croy is instructor of vocational agriculture at Havensville.

White Buck Fortune Oxfords, \$3.50, Don and Jerry, Clothiers.

AUKER GETS COACHING JOB

Former Wildcat Athlete Will Teach Atwood High Next Year.

Eldon Auker, former Kansas State athlete who starred in football, basketball, and baseball, has secured the position as coach in the Atwood high school for next year.

Auker is now pitching for the Beaumont baseball club in the Texas league. He won his first three games with Beaumont, twirling a one-hit game in his first victory.

ESTES PICNIC TODAY

Hike Postponed From Last Week Is Re-Scheduled

A picnic planned last week by students who have attended the "Y" conference in Estes park, Colorado, or who plan to attend in the future, will be held this afternoon. Inclement weather necessitated the postponement of the hike.

The same arrangements will hold for the picnic, the group meeting at 5 o'clock this afternoon at the south door of Anderson.

SERVICES TO BE TODAY FOR STUDENT ENGINEER

Charles Clark Rites and Interment Will Be at Logan, Birthplace of Accident Victim.

Funeral services this afternoon at 2 o'clock for Charles Clark, 18, Kansas State freshman, who was fatally injured late Tuesday evening, will be conducted and interment will be made at Logan, Clark's birthplace.

Services were held at 10 o'clock yesterday morning at the Sigma Alpha Epsilon house, of which fraternity Clark was a member. Dr. J. M. McClelland, Manhattan district superintendent of the Methodist church, read the Scripture and offered a prayer. The fraternity conducted the ritualistic service.

Pallbearers were Fred Becker, Jewell; Price Berryman, Fredonia; William Scates, Kansas City; Louis Cool, Glasco; Maurice Stauffer, Hymer; Graydon Trusler, Junction City; and Clay Reppert, Harris, all members of Clark's fraternity; and W. L. Dole of Almena, a close friend of Clark.

Clark died of a fracture of the skull sustained when he ran into a car Tuesday evening in crossing the street near the college gymnasium. He died early Wednesday morning.

The student lived with his mother, Mrs. Ward Clark, and sister, Regis, at 1447 Anderson. They moved here from Almena this year so Clark could attend college. Mr. Clark is a contractor and is out of the city most of the time. He was at Glen Elder at the time of the accident, and came to Manhattan at once.

ALUMNI ASKS BOARD TO THINK IT OVER

Changes in Athletic Staff Are Proposed by Group Meeting On Campus.

Asking the Kansas State athletic board to reconsider carefully the recent changes in the coaching staff, a committee of five alumni, all former athletes of the college, met with the board Wednesday.

The action is a repercussion from the recent dismissal of Charles W. Corsaut, head basketball coach, an O. W. "Oss" Maddox, football coach.

The board, through its chairman, Dr. H. H. King, head of the chemistry department, assured the group that the board had made and would make every effort to give perfectly fair consideration to all persons concerned and to carefully weigh all facts in the case.

Athletic Director M. F. Ahern and other members of the board reiterated their belief that the places made vacant by the recent decision of the board could more easily and efficiently be filled than could the places of other coaches.

President F. D. Farrell repeated emphatically that neither of the coaches had been dismissed because of dissatisfaction with their work, and that curtailment of athletic funds had made the changes necessary. He said the coaches had been notified of the fact they would not be retained just as soon as the board had made its decision and that the board had reached its conclusion just as soon as it became certain financial necessity would force a reduction in the staff.

The Wiskerino contest, recently held at the University of Oregon, will end in a dance on April 25. Sophomores will be honored guests at the affair.

Old hair brushes which have become soft can be made quite hard and firm by dipping them in a strong solution of alum.

CADETS PARADE MONDAY IN FULL MILITARY STYLE

ENTIRE CORPS WILL BE SEEN ON EASTERN SIDE OF COLLEGE CAMPUS.

'SHAMBATTLE' AFTERREVIEW

Military Students Will Be Excused From Classes To Prepare for and Take Part in Annual Inspection of R. O. T. C. Unit.

The most spectacular event of the military year will take place Monday afternoon at 2:30, when the entire corps and the honorary cadet officers, elected early in the year, will gather on the field north-east of the cafeteria to stage a review. This will be the only time when the entire corps is gathered together during the entire annual inspection, which begins next Monday morning at 8 o'clock and ends at 5 Tuesday.

Immediately following the review the cadets will give a display of combat tactics in the City park. In the "sham battle" either blank ammunition will be used, or there will be no firing.

Cadets Excused From Classes
The rating of R. O. T. C. units is no longer competitive, according to Major T. O. Humphreys, but Kansas State's R. O. T. C. has, for a number of years, received an excellent rating, and it is striving hard to maintain its high standard. Preparatory exercises will be held Friday afternoon from 3 to 5 o'clock and Saturday morning from 9 to 12.

President F. D. Farrell has excused all students taking military training from the classes which they would regularly attend at this time, and attendance of the entire unit at these preparatory exercises will be required.

Omaha Staff Officer Coming

Col. Richard H. McMaster, F. A., the R. O. T. C. officer on the staff of the Commanding General, Seventh Corps Area, Omaha, Neb., will be in charge of the inspection. His duties will include a review of the corps and an administrative inspection. Inspecting officers are: Major J. M. Murphy, Infantry, Wichita university; Major J. W. Miner, V. C., Fort Riley; and Major H. L. King, C. A., on duty with organized reserves at Topeka.

Major Murphy will make a technical inspection of the Infantry Unit, whose senior instructor is Capt. W. A. Swift, I. C. (D. O. L.). Major Miner will make a technical inspection of the Veterinary Unit, whose senior instructor is Major H. E. Van Tuyl, V. C. (D. O. L.). Major King will make a technical inspection of the Coast Artillery Unit, whose senior instructor is Major T. O. Humphreys, C. A. C. (D. O. L.).

Review in Theory, Too
These inspections will consist of both theoretical and practical tests. The theoretical tests will be a review of each class by the inspecting officer, covering the entire year's work of the class. The practical tests will consist of demonstrations of drill, mass calisthenics, first aid, rifle marksmanship, extended order for combat, and similar practical work, by batteries, companies or detachments selected at random by the inspector.

In the temporary absence of Col. J. S. Sullivan, Infantry, (D. O. L.), commandant of the college R. O. T. C., Major T. O. Humphreys, C. A. C. (D. O. L.), is in charge of preparations for the annual inspection.

Y. M. C. A. RETREAT SUNDAY

Will Spend Afternoon in Fun and Business at Camp Rotary.

A Y. M. C. A. fellowship retreat will be held Sunday at Camp Rotary. The group will start from the south side of Nichols gymnasium at 3:30 o'clock and will go in cars to the camp where the meeting will convene.

Installation services for new members of the cabinet and board will take place during the program. Dean R. W. Babcock will preside and will be assisted by Walter E. Moore and others.

The retreat will end at 7:30 o'clock after eats, fun, and fellowship have been extended. All those expecting to join in the attendance are requested to bring a dime along to cover their share of the expenses.

The Chinese are said to be personally free from race prejudice.

As advertised in Liberty, Fortune Shoes, \$3 and \$3.50, Don and Jerry, Clothiers.

SPRINTER REALLY FLIES

Iowa State Runner Takes to Air to Be Sure That He Places in Meet Ames, Iowa, April 25—"The" Nelson of St. Joseph, Mo., may legitimately be said to have wings on his heels—he's one of the best sprinters on Coach Bob Simpson's Cyclone track team.

That isn't so unusual. But the use to which Nelson puts wings as a hitch-hiker sets him in a class by himself.

When the Iowa State track team went to Columbia, Mo., early in the spring for an indoor track meet there was one man too many for the two cars provided for the trip. Nelson drew the short straw and was elected to hitch-hike. He left Ames at the same time as the other men—and got to Columbia an hour ahead.

The answer was that he caught an auto ride to Des Moines, and there put on wings—bumped an airplane ride the rest of the way!

MAN IS FIRST, THEN SCORE

Character and Sportsmanship Precede Winning, "Bo" McMillin Says in Church Address

"Never sacrifice sportsmanship to win a game" is the motto of the Kansas State athletic department," said Coach A. N. "Bo" McMillin in a talk before the Christian Endeavor society of the First Christian church Sunday night.

"The rough-neck type of college athlete is passing," he continued, "and is being replaced by the college athlete who conducts himself like a gentleman, both on and off the field."

Likewise, there is a change in the coaching field, Coach McMillin believes. Unfortunately there are still a few coaches in the field of athletics who have the winning of games as their major objective, but these men are being rapidly crowded out of the field by those who have the higher purpose of making true sportsmen of their men, McMillin said.

"Character and sportsmanship first, winning or games second," he said emphatically, in closing.

PRESBYTERIANS WILL ELECT

Annual Retreat Is Held Antecedent to Selection of Leaders of Christian Endeavor

The Presbyterian Christian Endeavor will hold election of officers at social hour next Sunday evening. Candidates for office are the following:

President—Pete Neushwanger, Osborne, and Dwight Thompson, Wichita; vice-president—Dean Swift, Olathe, and Neal McCormick, Olathe; treasurer—Kathryn Knechtel, Larned, and Helen Latta, Holton; recording secretary—Muriel Morgan, Manhattan, and Alice Droz, Humboldt; corresponding secretary—Margaret Glass, Manhattan, and Maxine McKinley, Manhattan.

About fifty students, comprising the present and future leaders of the group, attended the retreat Sunday at the cabin on Stag hill.

The purpose of this annual retreat is to provide a time and place for those interested in the philosophy of life to meet and informally discuss the problems that confront youth today.

The general theme of the entire program was "The Principles of Jesus applied to Everyday Life."

The sunrise meeting, held from 7:00 to 8:30 was on the subject "Guilty of Maladministration," and was led by Marie Davis. Pete Neushwanger lead the meeting following on the subject of "Guilty of Maladministration." After dinner at noon, a round table discussion on the subject of "God and Nature" was held. A mid-afternoon meeting on malnutrition was led by Sue Irons. Following the evening meal there was a vesper service in charge of Glen Fox.

Harold Kugler was in charge of the evening meeting on the subject of "Maladjustment." Firelight melodies and group singing around the campfire ended the day's program.

CLUB MAKES CROP AWARDS

Klod and Kernel Members Recognize Excellence in Judging.

Winners in the crop judging contest held last Saturday afternoon in East Waters hall were given their awards by the Klod and Kernel Club at its regular meeting Tuesday evening. Andrew B. Erhart was manager of the contest and he was assisted by Professors J. W. Zahnley and C. D. Davis of the agronomy department who acted as supervisors in the contest.

The prizes consisted of \$50 scholarships, \$50 in cash and trophies, and \$35 in merchandise.

COMMENCEMENT WEEK

SUNDAY, MAY 28

8:00 p. m. Baccalaureate services, college auditorium. Sermon by Dr. W. O. Thompson, president emeritus, Ohio State university, Columbus.

MONDAY, MAY 29

8:00 a. m. Mortar Board breakfast, Thompson hall.

TUESDAY, MAY 30

4:00 to 5:30 p. m. Alumni-senior reception, president's residence.

WEDNESDAY, MAY 31

Alumni Day

12:00 noon. Class luncheons.

2:00 p. m. Alumni business meeting, recreation center.

6:00 p. m. Alumni banquet to seniors, Nichols gymnasium.

THURSDAY, JUNE 1

Commencement Exercises

9:30 a. m. Academic procession.

10:00 a. m. Graduation exercises.

Address by Sir Wilmot Lewis, correspondent for the London Times, Washington, D. C.

MUSICAL TREAT IN 'MIKADO'

Elaborate stage settings, new scenery, and new costumes will help make "The Mikado" a memorable production here next week. The popular Gilbert and Sullivan comic opera will be given May 4 and 5 under the auspices of the music department of the college and the Manhattan Chamber of Commerce.

Students and faculty members are rehearsing every night for the production. Prof. William Lindquist is directing the performance. Principals of the cast are Lucille Loman, Betty Stanley, Margaret Higdon, Cora Oliphant, Richard Herzog, William Lindquist, Frank Root, and William Chapman.

Ticket sales start today. For the first time in Manhattan the opera is being given at popular prices. Matinee performance Friday afternoon will be 15 cents for grade and high school students. A special price of 35 cents for any performance for college students and a general admission price of 45 cents for others will be charged.

HEADS STATE ART GROUP

Paul Weigel Succeeds Himself as President of Federation—Helm Returns, Too

Prof. Paul Weigel, head of the department of architecture, was re-elected president of the Kansas State Federation of Art at the annual meeting of the organization held in Wichita last weekend.

Prof. John F. Helm, Jr., of the architecture department, was re-elected secretary-treasurer of the federation.

The purpose of the federation is to further art education and art interest throughout the state. Through its work it makes lectures, exhibitions, and other attractions available to the members and to other interested groups at a minimum of expense, and helps develop a greater appreciation of art in the state. In this way the organization serves as a clearing house for the art interests in Kansas.

NEWS FIELD GIVES STUDENTS A CHANCE

Press Official Says Graduates Are Becoming Greater Factor in Good Journalism.

Speaking in journalism lecture Thursday afternoon, Ralph T. Baker, field secretary of the Kansas Press association gave as the purpose of the organization the centralizing of the work of newspapers in the state.

In explaining his work, Mr. Baker gave as a definition of a trade association "a mutual organization founded on cooperation for the individuals banded together. It has three phases—trade promotion and development of market, improvement of newspapers, and improvement of internal relations."

The Kansas Press association has been under way for ten years, the last two of which it has been conducted under fire, though there is a vital necessity for such an organization in Kansas. Mr. Baker asserted. College work in journalism has an important influence on the improvement of newspapers, he said, and Kansas State students, graduating from the school of journalism here, are becoming more and more a leading factor in the development of better journalism in this state.

GUESTS THROUGH SECOND ANNUAL HOME EC SHOW

PROGRAM INCLUDING TOURS OF CAMPUS, LECTURES, AND MUSIC DRAWS MANY

SEVENTY-THREE IN CONTESTS

Interesting Schedule of Events Will Continue Today and Tomorrow; Banquet Saturday Night

"Thompson Hall Day," yesterday, marked the opening of the second annual Hospitality Week of the home economics division. The afternoon students enrolled in institutional economics gave demonstrations of quantity cooking apparatus.

About 200 students from high schools within driving distance of Manhattan are registered. Seventy-three high school students enrolled in the contests, objective tests based on the two years state course of study in home economics. These tests were given between 8 and 9:30 o'clock in the morning and 1 and 2 o'clock in the afternoon.

Personal Tours Featured
Personally conducted tours of the campus from 10 to 11:30 and from 1 to 2 included the home management houses, Van Zile hall, Calvin and Thompson halls, the art department of Anderson, and the formal gardens.

A program at 3 o'clock consisted of a violin solo by Dorothea Bacon with Betty Stanley, accompanist; "Our Aims and Purposes," Martha Rodda; and "The Prophet" and "Lanterns of Today," Mary Holton. Following the program tea was served in Thompson hall.

Evening Show Tonight
Today's schedule is the same as yesterday's with the added feature of an evening showing of the exhibits from 7 to 8 o'clock for those unable to attend the daytime displays.

At the 3 o'clock program tomorrow afternoon, Florence Melcher will give a demonstration of cosmetics.

The three day's activities will close Saturday night with the home economics banquet in Thompson hall. Wilma Reinhardt is to be toastmistress. The program will consist of a piano solo by Mary Clark; violin solo by Florence Melcher; "A Lantern in Her Hand," Marie Antrim; "Lantern Lights," Dean Margaret Justin; and group singing.

INDEPENDENTS GET IN AS AG POLITICAL POT BOILS

Latta Wins Over Coberly by Ten Votes; Barnwarmer Cannot Be in Dairy Barn

A political war between two organized blocks resulted in the election yesterday of a number of independents to offices in the Agricultural association. The association comprises the entire agricultural student body and the election was held at the regular seminar period.

John Latta, Holton, was elected president, defeating H. W. Coberly, Gove, by ten votes. Other officers selected were A. A. Thornbrough, Lakin, vice-president; Paul Griffith, Edmond, secretary; and Harry Grass, LaCrosse, treasurer.

Bob Teagarden, LaCynge, was elected manager of the 1933 Ag Barnwarmer. Frank G. Parsons, Winfield, and Frank Burson, Monmouth, were elected assistant manager and treasurer, respectively.

Pius Hostetter, Harper, was elected editor of the Kansas Agricultural Student, division publication, for the coming year and Howard Moore, Salina, was elected business manager. The association decided not to select officers for the 1934 Ag Fair at this election, since it is doubtful whether the fair will be held next year.

It was decided to hold a Barnwarmer May 13 in Nichols gymnasium instead of in the new dairy barn as previously planned, since the contractors will not allow a dance to be held in the barn this spring. John I. Miller, Prescott, president of the association for the last year, was chairman of the meeting.

Students on the campus of Oregon State college celebrated Arbor Day for the spring term on April 15. The main object of holding such a day is the building of a road and fire trail to the lookout tower and along the main ridge line, which will lessen work in the future because it offers an easy entrance to the arboretum. The students will work in groups.

As advertised in Liberty, Fortune Shoes, \$3 and \$3.50, Don and Jerry, Clothiers.

COLLEGE BAND PLAYS FOR RADIO PROGRAM

Dean Mary P. Van Zile, Miss Hess and Weigel Are Speakers for Young Folks' Hour

The college band, directed by Prof. Lyle Downey, furnished the music for the Young People's Opportunity Hour on radio station KSAC Wednesday evening.

Professor Paul Weigel, head of the department of architecture, talked on the training necessary for architecture. Miss Katherine Hess, department of clothing and textiles, spoke on "The New Picture of Textiles." "Fraternalities and Sororities in College Life" was the subject of a talk by Mrs. Mary P. Van Zile, dean of women.

The band program included: "Sunflower State" (Leach); "The Skater Waltz" (Waldteufel); "The Golden Band" (King); "Mexican Kisses" (Roberts); "World's Fair Century of Progress" (Groff); "Shadow Land" (Gilbert); and "Fez March" (Panella).

COSMO CONVENTION SATURDAY AND SUNDAY

Invitations Have Been Sent 25 Colleges in Missouri, Kansas, Nebraska, Colorado and Oklahoma

With plans formulated to make the annual spring banquet of the local Cosmopolitan club the grand finale of the first day of the Cosmopolitan convention to be held here Saturday and Sunday, an extensive program has been arranged for both days with subjects dealing with the value of such an organization, its place on the campus, the relations between foreign students and American students, and the furthering of international fellowship.

E. A. Perez, Panama; and Stephen P. Das, India, were appointed to decorate recreation center in which the convention will be held. Vera Ellithorpe, Russell, will head the reception committee. A large attendance is expected despite financial conditions. Invitations to attend the convention were sent to four colleges in Colorado, ten in Kansas, six in Missouri, three in Nebraska, and two in Oklahoma.

The theme chosen for the convention is "International Friendship." The program will start Saturday at 10 o'clock and extend to 11:30, at which time the convention will adjourn for lunch.

Dr. J. T. Willard, vice-president of Kansas State college, will present the opening talk at 10 o'clock and will be followed by Miss Jessie McDowell Machir, advisor of the local club, and Myron Messenheimer, national president of the A. C. C. from Kansas university, who will greet the delegates. Miss Louise Chalfant, president of the local Cosmopolitan club who heads the convention committee, will speak on "The Purpose of the Cosmopolitan Conference." All delegates will introduce themselves and present reviews of their Cosmo groups.

After luncheon the convention will convene at 2:30 o'clock. The World Up-to-date will be discussed at round table meetings when the Philippine situation will be analyzed. This discussion will be headed by Salvador B. Della, and Dr. Francisco Taberner, Philippine Islands. Y. S. Kim, China will start off the Chinese-Japanese crisis, and the Jewish situation will also be taken into consideration. These subjects will be debated by students of those respective nationalities.

The semi-formal spring banquet for the graduating members of the local Cosmopolitan club will be the finale of the first day and is to be held in the dining room of the Wareham hotel at 6:30 o'clock.

The Sunday program will start at 8:30 o'clock with outdoor worship at the horticultural farm led by Wilbur Letherman of Kansas university. Informal round table discussions will follow on these subjects: "How to Make Our Individual Organizations Alive," "The Idea Cosmopolitan Member," and other subjects which general opinion can help. The convention will conclude with a basket lunch. Music will be furnished by members of the Cosmopolitan groups during the convention. All who are interested are invited to attend the convention.

Students on the campus of Oregon State college celebrated Arbor Day for the spring term on April 15. The main object of holding such a day is the building of a road and fire trail to the lookout tower and along the main ridge line, which will lessen work in the future because it offers an easy entrance to the arboretum. The students will work in groups.

As advertised in Liberty, Fortune Shoes, \$3 and \$3.50, Don and Jerry, Clothiers.

NO LESSON FOR TONIGHT'S PLAY JUST PLEASURE

THREE ACTS OF ENTERTAINMENT OFFERED AS MANHATTAN THEATER'S LAST PLAY

'NINTH GUEST' HOLDS STAGE

Heberer Production in Auditorium Will Keep Audience on Tiptoes As Thrilling Mystery Is Played by Able Cast

"The Ninth Guest," to be seen at the auditorium tonight when it is presented by the Manhattan Theatre under the direction of H. Miles Heberer, is a mystery drama by Owen Davis, founded on the novel of Gwen Bristow and Bruce Manning.

The story of the play revolves around an unusual party in a penthouse, atop an office building and fifteen stories above the ground. To this penthouse eight people are invited. It is a decidedly peculiar party for, as one character remarks, "Everyone here knows of someone else here with whom he wouldn't be found dead." These eight people suddenly find themselves locked in the penthouse with no means of escape, the while they are compelled to await the arrival of the ninth guest.

John Barhydt is the "First Guest" to arrive, and is met by Don Isaacson as the college dean, Dr. Murray Chalmers Reid. Hank Abbott, who has just been fired from Reid's faculty, will be played by Jim Pratt. Don Porter will portray the part of Tim Salmon, the politician. John Van Aken will play the part of Peter Daly, a clever newspaper reporter.

"Don Williams is a defeated politician, Jason Osgood, Dorothy Corley will be Mrs. Margaret Chisholm, the society woman. A woman lawyer will be portrayed by Margaret Kridler, and a Hollywood actress by Betty Shackelford.

"The Ninth Guest" is certain to be one of the most interesting, most thrilling, and most exciting plays of the entire season. There is no lesson or moral to be taught—no beliefs or convictions to be presented—it is just entertainment, the kind that keeps you guessing and sitting on the edge of your chair while the guessing, wondering, and thrill of it all will keep the audience excited for the three dramatic acts.

Play-goers are urged to buy their tickets early to avoid the confusion that has prevailed at the last two plays.

NEW EDUCATION

It doesn't take more than a few facts to make us realize that the educational system in America is one of the few institutions now functioning that has not kept pace with the rapid progress made by similar social units.

The youth of today receives his educational development from about the same source and with many of the same methods that were in use generations ago. It is an antiquated piece of machinery. It can be laid to no fault of the American civilization; it can not be charged to the faults of the people, but it can surely be charged to education itself.

In America, we will find many brilliant minds. In all types of business and dealings in which man comes in contact with his fellows, we find intelligence of the highest type. If that is true, why is it that we say our educational systems are not adequate? It isn't that the system now employed is inadequate, but comes because we have no means of measuring intelligence. That is no fault of education. We can see the question in another light when we stop to make a survey of the brilliant minds that are now in existence.

With a glance in that direction, we could start an argument in a hurry by asking the question concerning the mentality of such individuals if they had been trained under a different educational system. Would his intelligence rating be more or less? Without a reasonable method of measurement, it would be hard to say. But a sane guess would be that the now brilliant mind would be even more brilliant if he had been subjected to better learning facilities.

There are several exceptions to the old out and dried types of schooling. An excellent example of this style of procedure would be that plan in operation at the University of Chicago. The student's individuality is respected at that school. He is bound by no school rules compelling his attendance at class. He selects his own courses and follows his own individual curriculum. He is graded according to his initiative with a modern system of grading. His individuality is stressed and important time is spent in developing his mentality.

In the average American college, students spend time in classes in which their mind is working upon some subject foreign to the discussion in every respect. He does not belong in that class. Perhaps that will happen only seldom but an inattentive student is often the break in the class room project. His answers to questions will naturally be incoherent and a serious attitude on the part of other students will dissolve when they find that their line of thought has been interrupted. Class attendance for some students should be optional. For the student that cannot take his work seriously enough to pay attention and cannot attend class often enough to get the benefit necessary, should not be in college. He will not be able to stay in college if that becomes the case.

This is not an essay in favor of optional class attendance but enforced attendance is one of the faults of the present educational systems in most schools. It may not be a fault and it probably should not be called a fault because it is almost necessary to have some restrictions on students now filling the halls of the American colleges. About the only remedy for such a problem would be to weed out the student bodies of colleges until only those with initiative and individuality remained. As the colleges are now, they are not the place for every high school graduate. They should not be. They should be the place where an individual with a better-than-average mind is given the opportunity of higher learning.

The graduate of today, in most cases, has his mind loaded with laws, dates, theories, equations, rules, names, and traditions that will be of practically no use when the time comes to pay for bread and butter. It is only reasonable that something other than this clutter of facts should find its place in the mind of the graduate. The graduate of today should be trained

to be alert. He should have an inquisitive mind. The questioning mind should be the aim of every college.

In the annual meeting of the English Speaking union in Chicago recently, the program included a lecture by Dr. Stephen Butler Leacock, a professor of economics at McGill university. In this talk, Dr. Leacock criticized the educational methods of today with several exclamations of wisdom which we must respect.

"The last of the students is dead. What we need is the old-fashioned professor who is a little flustered and a little foolish. There are no more of them either."

"Our universities kill poets all of the time. If a poet comes to us, we soon knock it out of him with our required courses and our examination systems."

Doctor Leacock is known for his humor. He is also known for his sane thinking and reasoning. His sagacity is readily seen in the above statement.

Some will say that only a radical and cynical mind would criticize the present educational system. The experiment of Chicago university is then radical, too. But results have been positive at Chicago university—so much so that the need for a better educational system in American colleges is imperative.

A Man I Know

For J. T. Willard

I know a man, whose way of life has been as steady as the sweep of stars at night; For half a century he's borne the bright But modest light of truth to students in A' college on a hill. The discipline Of honest thought has led him to delight In humble worth; made him alert to fight For truth, and smile what is not genuine. Somewhere, I guess, he must have come upon The magic wand that brings back youth in age And rouses energy like bursting dawn To make each day a useful pilgrimage. With growing crowds of friends and duties done Lining his path, he greets each morning's sun.

II

To give one's life by days, by months, by years. Minutely and with unremitting zeal. And smilingly in retrospect to feel How good it was to give must silence fears That life's an empty farce. Voices one hears From out the fading past must softly steal To cheer the heart and gradually reveal A truth too stark for youth's too eager ears: Only by giving all do we retain The little that is more than all that's given. Only by tolling on do we regain The urge of youth that makes this world a heaven; A meagre wage is ours until we sense A host of friends as life's chief recompense.

—H. W. Davis

The Weapon of a Coward

Anonymity is the weapon of a coward. No thinking person will give credence to rumors, opinions, or criticisms for which the author will not assume responsibility. This fact is a good one to remember in these days of instability and excitement. The past few weeks furnish several examples of the danger of accepting anonymous statements at their face value. Wild rumors about the precarious conditions of the banks caused runs which no bank, no matter how safe, could endure and precipitated the "bank holiday." The authors of these stories may well protect themselves by denying responsibility for their statements, since spreading rumors about any bank's instability is a criminal offense. Now that confidence in the financial institutions seems stronger, we need not worry so much about this type of story.

The irresponsible exaggerations of radio announcers and newspapers in their descriptions of the recent local earthquake undoubtedly caused much unnecessary anxiety and suffering by people whose relatives or friends live in the stricken area. These reports were all unlined; their sources could not be ascertained. They illustrate anonymity at its worst.

A similar example has risen on the campus. Many students have recently received from unknown friends one or more religious "tracts," which, they treated in various ways, sometimes reading them, sometimes merely discarding them but in every case wondering a little as to their source. Recently, however, the tracts have been abandoned in favor of anonymous letters criticizing the theological beliefs and religious doctrines of Occidental students and faculty members. Ignoring the fact that such beliefs are primarily the concern of the individual, we may point out that such letters arouse nothing but contempt for their writers, and the cause they represent.—Junior Collegian.

WHEN AMERICA READS

American culture has been criticized by our European neighbors so extensively that such criticism is no longer regarded as serious. It is not difficult when faced with such figures as the following, however, to realize upon what the European bases his deductions:

In an official bulletin from Washington, the figures of the national soft drink bill for the United States is given as 11 times as large as the Public Library bill. The radio bill for the States is 12 1/4 times as large; while the candy bill is 28 times as large. It would appear that the American public is more interested in satisfying a physical appetite than in exercising the intellect.

When over one-half million Americans read a book, the book is regarded as unusually successful. Few books are even rated as a success in an European country unless circulated among twice as many individuals. Some of the books that have reached the half million reader mark in this country are: "All Quiet on the Western Front," "Main Street," and the "Story of Philosophy."

The American reading public peruses more printed words in periodicals, magazines, and

newspapers than any other public in the world. Our reading habits are typically American; we prefer the "sandwich" type of reading matter which can be taken in a gulp at short intervals of leisure. Our magazines boast enormous circulation figures. Our newspaper readers are counted by the tens of millions.

Perhaps in the future we may become "bookish." Just now, it appears, Americans are "magazineish," or "newspaperish."—Junior Collegian.

On Other Hills

Possibility that the University of Wisconsin will lose the \$350,000 it receives annually from the federal government loomed Tuesday when word was received from Washington that President Franklin Roosevelt has been urged to withdraw all federal support from the military training units in the several state universities.

The Iowa State Student, newspaper at Iowa State college, is carrying a series of articles on "hell week" written by men in campus fraternities. Most of them believe the practice of paddling freshmen is obsolete.

University professors who have taken drastic salary cuts are making up their losses in different ways. At the University of California they are said to be selling synthetic lemonade to the student body at four cents a glass.

During the school year nearly \$600,000 in scholarships, fellowships, prizes and loans are awarded to students at Columbia university.

Serenading of University of Illinois sororities by male students has been discouraged by Urbana authorities for some time, but drastic action to throttle nocturnal outbursts of song was taken only recently when nine members of a prominent campus fraternity were arrested and fined for disturbing the peace.

Steps for obtaining more freedom for senior women with high scholastic averages was taken last week at the University of Michigan. The Michigan Daily, student newspaper, had previously shown that University of Michigan women were forced to observe more stringent rules than were women of other institutions.

Students at Oklahoma A. & M. are having a chance to voice their opinions on whether or not they would like 3.2 beer. The Daily O'Collegian is conducting a straw vote.

Echoes of the University of Minnesota's wild-throwing election riot of last spring were heard last week when the attorney for Carl Zaffe, former mines student who attempted to destroy a ballot box with acid, settled for \$600 with Jacqueline Molleran, junior in education, who was injured by the splattering acid. The original suit called for \$15,000 damages.

Finances at the University of Michigan are so low that employees of the institution will be forced to take one-half of their April checks and wait for the remainder.

And now Yale has ordered the campus cops to reduce. The officers of the law will take an hour's supervised calisthenics in the gymnasium each day.

The Snooper

The Tri Deltis and Phi Kappas have been playing ball and flying kites in the Tri Delt's back yard. While the Kappas are traipsing for the spring ball season the Alpha Deltis are watching them to discover any secret signals. The Chi Omegas go for the sport in a big way; they wear gym suits and seem to take the game seriously. The Phi Phis are getting ready for their late dates and do not play ball at all in the evening. The Betas with their revolving telescope view all this display of womanhood and Phi Kappa manhood with utter disdain. Dan Partner says, "Women should be cooks instead of ball players." Charley Team taking the opposite side says, "I prefer the athletic type of girl."

The R. O. T. C. inspection Monday afternoon will climax the undiminished efforts of officers and cadets. The men in the R. O. T. C. have worked together to such an extent that a few have learned which foot is the left and which is the right when a red string is tied to the left knee. Last fall the rookies knew enough to carry their rifles on their right shoulder when commanded to do so, but now they may do anything on any command. The command "Bquad Right, March," may turn into a deployment formation, an attack, a right turn, or an ice cream social. Monday afternoon the youthful male populace of the campus will don their brown uniforms and with grim faces these mere boys will charge down battle zones and over the campus to rout an imaginary enemy. Part of the time will be devoted to the inspectors who will ask questions pertaining to nothing in particular but all important as far as national defense is concerned.

"Spud" Morgan has been training her pinto race horse, Oswald, to enter some of the easy spring races. She (Spud) keeps Oswald directly west of the Tri Delt house on good pasture. Spud says that her pony is one of the best in its class. Hank Dalton has been chartered to ride the best in the first race and Dave Horchem has qualified to be the head stable boy.

The S. G. A. election with broken clicks, rolling eyes, and character talks has been settled for another time. Many people think that for once there was a straight election, but of course some think it was a wee bit crooked, but an election is an election in anybody's campaign.

At The Theatres

AT THE DICKINSON

"Hello, Sister"

Here we have Zasu Pitts picking up a man on the streets in "Hello, Sister!" at the Dickinson theatre, through Saturday. This is great to see James Dunn and Boots Mallory so madly in love, even though he overacts in many places.

It isn't long before we have the inevitable misunderstanding which comes with a happy climax. Zasu's hands have very little to do with the humor of this picture but her mouth leads the way to laughter. Listen to her, "A boy made a pass at me on a dark street one night and I didn't duck. When we came to a street light he said that now you always say in prayers and ran." I'll never be able to tell you; just come and pay your visit to the Dickinson.

AT THE VARSITY

"Ex-Lady"

This is a sh-s picture for it is really daring. As an ultra-modern love story this show rates four stars. It is so outspoken that it becomes ludicrous at times. However there's a new slant to romance and marriage that's rather entertaining for a change.

The very "blondined" Bette Davis has the starring role with excellent support from the also (natural) "blondined" Gene Raymond. Frank McHugh provides the humor that helps carry through the show. We can't say whether or not you'll like it but it will entertain and amuse you (hilariously so) for the full length of the film. E. E.

AT THE WAREHAM

"Strictly Personal"

Lonely hearts found a haven in this straight-gate club until a crook came along to turn it all upside down. And things began to happen—thief, burglaries, murders, revenge!

Eddie Quillan and Dorothy Jordan do a nice bit, and Marjorie Rambeau is better as the wife of "I'm a Fugitive" Muni. Perhaps the nicest thing about "Strictly Personal," though is the fact that it leaves you with that 1928 feeling—that everybody's happy and you're sitting on top of the world. See it for a show you'll like.

The Wareham is doubling up Saturday with a Ball Island feature "Goona Goona" and Tom Mix in "Terror Trail."

FROM THE BEGINNING

In Society...

THEY TELL ME, THAT . . .

That in the murky, mysterious moments just before the dawn of Wednesday morning, the celebrated political organization Scarab was out disturbing the peaceful slumbers of the sorority girls with what they (the Scarab members) termed a beautiful serenade. In the interval between songs the reluctant listeners were treated to stump speeches (without the stumps) and pep talks . . .

Hear ye! Hear ye! Dan Partner, the prize pledge of the Betas was stood up the other night by a beautiful blond Kappa. Partner is now a qualified member of Athey's literary club "Home and Fireside" . . . Spring is definitely here! Vera Trusler is hot on the trail of a book of sonnets—is she going to quote them into Ken's shell-like (clam shell) ears? . . . There is a revolution in regard to grammar going on in the Ag division. "You shall not use incorrect English," say the profe—but heard in passing one of the professors, "Them that's been working on it all their lives" . . . Plastered all over the front of the auditorium is a sign advertising the "Thrilling Mystery"—is it going to be an opera or just another Manhattan theater play? . . . What a wonderful thing personality is! Si Sartorius was rolling his eyes at the Home Ec girls Tuesday afternoon to get them to vote for Bus Boyd. Evidently his eyes didn't quite make the complete circle! . . . Dorothy Rosencrans is seen wearing a jeweled Phi Kappa pin which belongs to John Donnelly . . . The Phi Deltas have lost faith in humanity since the Chi Omegas failed to live up to their contract in the S. G. A. election . . . All of which reminds us that with Merrieth Manion and Ralph Graham both on Student Council we wonder if school affairs will be given the proper attention . . .

Familiar scenes: "Little Boy" Skradski pedaling his weary way back to the gym every evening with an urchin running behind him with tears streaming down his face. Skrad is the kind who would kick little babies in the teeth! . . . Eleanor Hart and Don Collins swinging down the street arm in arm . . . The dapper Sig Alphas wobbling around to classes in their multi-colored pajama tops which they swear are sweaters. There's many a way to have time . . . Max Bickford looking down the bridge of his nose as he rides by weary travel-worn pedestrians in the Bickford Buick . . .

Social Calendar

Friday, April 28
Manhattan Theatre play, auditorium, 8 o'clock.
Hospitality Week:
Exhibits in Anderson, Calvin, and Thompson halls, 8 a. m.-8 p. m.
Special program—Calvin 58, 3 o'clock.

Delta Delta Delta
Jane Thompson, Catherine Green, and Mr. W. R. Green, Pratt, were guests at the house Wednesday evening and Thursday.

Dinner guests Tuesday evening were Dean Mary P. Van Zile, Miss Eva McMillan, Miss Beth Quinlan, and Miss Ruth Tucker.
Betty Heffelfinger spent Thursday afternoon in Florence.
Mrs. Henry Pehling spent Wednesday afternoon in Topeka.

Zeta Tau Alpha
Misses Lucille Rust, Alpha Latzke, and Almee Kelley entertained senior members at a dinner in the cafeteria Tuesday evening.
Elizabeth Walbert spent the weekend in Lawrence.

Elsie Rand and Lillian Steinmeyer, Wamego, were guests at the house Sunday.
Mrs. Harvey Booth, Baldwin, visited the house Sunday.
Mrs. A. W. Evans spent Wednesday in Topeka.

Faith Briscoe visited at the house over the weekend.

Tau Kappa Epsilon
Tau Kappa Epsilon entertained Saturday evening at a semi-formal party at Harrison hall. Many colored balloons were hung over the dance floor to form a triangle, and banked against the wall in the corners of the room were ferns and palms. The fraternity badge, lighted, was also used in decoration. The closing selection by Paul Waller's orchestra was the T. K. E. Sweetheart song, the words of which were flashed upon a screen and sung by the entire group of guests. Guests included: Robert Teagarden, LaCygne; Margaret Lynch, Hutchinson; Mrs. Blanche A. Jackson; Dr. and Mrs. R. H. Painter, and Prof. Leo Hudiburg, Manhattan; Dean Mary P. Van Zile, Prof. Lyle Downey, Mr. and Mrs. George Gemmel, Mr. and Mrs. John Glass, Mr. and Mrs. Ward Haylett, Dr. and Mrs. R. L. Parker, Mr. and Mrs. Roy Sherer, Prof. and Mrs. D. A. Wilbur, Dr. and Mrs. V. L. Strickland, Dr. and Mrs. E. E. Leasure, and Mr. and Mrs. Lahr, Clair Palmer, George Jobling, R. G. Munson, Vorras Elliott, Carl Ossman, Jimmy LeClere, Joyce Wright, F. W. Caldwell, William Blowers, Joel Kesler, Andy Skradski, Glen Fox, L. W. Teel, Max McCord, Joe Creed, Cecil Arens, Lillie Wempe, Deith Lassen, "Wek" Coblenz, Allen Mayhew, Hubert Heins, H. C. Holm, Jimmy Neuber, Howard Moreen, A. K. Bader, Jimmy Ketchersid, K. M. Hemker, K. W.

Beta Theta Pi
Dinner guests at the house Thursday evening were: Martha Singleton, Jane Harmon, Marion Walte, Dorothy Cortelyou, Dorothy Linge, Ione Hill and Rosemary Schmidt. Jack Walnwright, Fort Riley, was also a guest.
Tom Sutherland, Wichita, was a weekend guest.
Burnett Stratford, Franklin Caloday, Fred Millican, Lee Carlson, George Wright and Ed Murphy spent Sunday in Topeka.

Lambda Chi Alpha
Lambda Chi Alpha entertained with a dinner-dance Saturday night. A three-course dinner was served. The guests were: Verna Adams, Amelia Krot, Myra Roth, Miriam Clark, Margaret Kelley, Fernie Henry, Imogene Hubbard, Wilma Womer, Marjorie Call, Elizabeth Jo Cates, Mary Clark, Winifred Purviance, Mary Kimball, Wilma Cook, Reba Miller, Jo Baker, Mary McCormick, Ruby Wilson, Mrs. Don Nutter, Margaret Wright, Elizabeth Husher, Phyllis Monier, Concordia; Carolyn Stark, Topeka; Dixie Milligan, Kansas City; Mo; Elsie Kaden, Junction City; Maxine Gagebin, Hutchinson; and Lois Gilbert, Emporia.

Chi Omega
Chi Omega entertained with a formal dinner-dance at the Country club Friday evening. Guests present were Mike Oberhelman, Howard Moreen, Jay Kimball, Victor Crocsey, Dan Partner, Hank Dalton, Bill Waddell, Dave Horsheim, Arch Miller, Max Burke, Bud Sandies, Gene Henderson, Joe Kepler, Sherman Todd, Jim Nickols, Harry Miller, Charles Vinker, Rex Rankin, Harold Weathers, R. L. Parker, Emmett Hutton, Bob Besler, Joel Kessler, George Boone, Charles Team, Elwyn Shonyo, Frank Byrne, Ralph Graham, Maurice Street, Don Lacey, Bill Brown, Lawrence Reed, Loren Carbiener, Gus Rayburn, Everett Hughes, George Washington, Sam Caugh-

Phi Kappa Tau
Howard Elwell, Hutchinson, visited at the house Tuesday.

Kappa Kappa Gamma
Marie Vail sent Tuesday at her home in Marysville.

Sigma Alpha Epsilon
James Scheu was a dinner guest Tuesday evening.

Phi Omega Pi
Frances Shoemaker and Lora Hilyard were dinner guests Wednesday evening.

Alpha Xi Delta
Alpha Xi Delta announces the pledging of Marian Buck, Abilene. The chapter will have its annual breakfast picnic Sunday and a "Sweethearts Dinner" Sunday, May 14.

Phi Kappa Alpha
Phi Kappa Alpha fraternity entertained dinner guests at the house Sunday. They were Harriet Shrack, Margaret Green, Ione Hill, Ruth Lindberg, Walter Kern, and John Davidson.

Lambda Chi Alpha
Lambda Chi Alpha entertained with a dinner-dance Saturday night. A three-course dinner was served. The guests were: Verna Adams, Amelia Krot, Myra Roth, Miriam Clark, Margaret Kelley, Fernie Henry, Imogene Hubbard, Wilma Womer, Marjorie Call, Elizabeth Jo Cates, Mary Clark, Winifred Purviance, Mary Kimball, Wilma Cook, Reba Miller, Jo Baker, Mary McCormick, Ruby Wilson, Mrs. Don Nutter, Margaret Wright, Elizabeth Husher, Phyllis Monier, Concordia; Carolyn Stark, Topeka; Dixie Milligan, Kansas City; Mo; Elsie Kaden, Junction City; Maxine Gagebin, Hutchinson; and Lois Gilbert, Emporia.

Harris, Dick Hamilton, Ronald Musser, Ben Gladding, Tony Borecky, Gerald Ferris, Marion Caldwell, Harold Nonamaker, Fred Kruger, Merle Allen, "Swede" Nelson, Harry Johnson, M. F. Keck, Wilbur Wahl, Monroe Coleman, Frank G. Parsons, L. H. Arnett, John Perrier, Ephram Schwab, G. D. Stewart, De Wayne Jones, Frederic Zeckfoose, Sam Kessall, Glenn James, Forrest Rouland, Junior Galbraith, William Hathaway, Jud Wolfram, Victor Peterson, Fred Storz, Jake Underwood, Kenneth Comfort, Ted Gengrich, Vaughn Combs, Lonnie Kemper, Louis Perkins, Henry Schwartz, Don Stoltz, Edward Tabb, Kenneth Burger, Louis Ayers, Hobart Smith, Merle Hubbard, Karl Wilson, Elery Collins, Rodney Hadsell, Zabel Tesendorf, Warren Baxter, Jack Brink, Con Cameron, A. B. Cash, Eldon Cessna, Russell Dade, Glenn Rucker, Paul Vohs, Don Hutchins, Porter McKinnie, George Jenkins, Louis Long, Warren Moore, Glenn Niquette, Albert Schaffer, Joseph Thackrey, Joseph Watson, Charles Jones, Verle Bogie, Frank Kiser, Merrill Watt, Wilma Reinhardt, Clara Jean Martin, Mrs. E. J. McNay, Alice Barrier, Macine Gagnebue, Lucille Dempsey, Harriet Yezer, Hazel Heikes, Virginia Spencer, Catherine Jones, Owen Gosney, Laura Ward, Helen Davis, Estey Johnson, Gwen Fisher, Veda Burson, Doris Jaedick, Verle Lovell, Cleo Wilson, Verdetta Watts, Clarissa Arnold, Jane Orr, Blanche Tomson, Lucille Laloutte, Betty Steele, Harriet Reed, Ruby Wilson, Mrs. V. W. McGinnis, Margaret Lynch, Betty Wagstaff, Rosalind Almen, Lucille Herndon, Louise Krehbuhl, Dorothy Sollenberger, Leda Ackenhansen, Mildred Anderson, Mildred Aspelin, Marjorie Dean, Dorothy McLeod, Ruth Wilderson, Jeanne Burt, Agnes Olds, Pauline Oole, and Elsie Rand.

Delta Tau Delta
Delta Tau Delta entertained their annual spring party in their chapter house Friday evening. Guests present included Mr. and Mrs. Don Blanchard, Mr. and Mrs. Werner Blanchard, Buffalo, New York; Mr. and Mrs. Frank Root, Mr. and Mrs. Thomas Thompson, and Mr. and Mrs. Ralph Blackledge.

Rosemary Schmidt, Ruth Strickland, Mary Emily Berryman, Maxine Blankenship, Dorothy Taylor, Marjorie Marrow, Rowena Johnson, Roberta Strowig, Mildred Saps, Charlene Baker, Adelaide Reed, Jane Stone, Lucille Allman, Dorothy Hadsell, Marian Waite, Jacquette Lawrence, Louise Ratliff, Jane White, Mary Berkshire, Frances Bell, Alice Irwin, Harriet Gillson, Helen Pickrell, Mildred Mowery, Jeanette Moser, Louise Rust, Ione Hill, Esther Walters, Erma Jean Miller, and Jane Harmon.

Out-of-town guests were Nick Schowengerdt, Dorothy Schowengerdt, Osawatonic; Wilson Reitz, Elsie Ruth Rand, Kansas City; Jerry Ford, Solomon; Fern Gaston, Randolph; Johnnie Demand, Lincolnville; Gene Henderson, and Marrietta Isaacson, Topeka; Phyllis Minior, Concordia; Hunter Munford, and E. J. Collins, Belleville.

Other guests were Milton Skaggs, Herten Sand, Glen Benedict, Jack McClung, Maurice Street, Gene Willoughby, and Mills Brown.

Lawrence Reed, Don McNeal, Dick Armstrong, and Joe Sapp attended the K. U. Relays in Lawrence Saturday.

Arnold Purger, Netawaka, was a Sunday dinner guest.

The following sisters attended the Delta Tau Sister dinner at the house Sunday: Ruth Gamber, Manhattan; Freda McNeal, Kansas City; Merle Ross, Louise Ross, Wamego; Margaret Reed and Marrietta Isaacson, Topeka; Rose Skradski, Kansas City; Madeline Weather, Vivian Conary, Julianne Amos, Patricia Irwin, and Betty Stanley.

Delta Sigma Phi
Clyde Beckman, Randolph, and Clarence Gatch, Woodbine, were weekend guests at the house.

Sigma Nu
George Elcholtz spent the weekend at his home in Abilene.

Harry Hasler and Carl Paulson were in Kansas City Saturday.

Ralph Olin, El Dorado, spent the weekend at the house.

Bill Brown spent the weekend at his home in Junction City.

Phi Kappa Tau
Howard Elwell, Hutchinson, visited at the house Tuesday.

Kappa Kappa Gamma
Marie Vail sent Tuesday at her home in Marysville.

Sigma Alpha Epsilon
James Scheu was a dinner guest Tuesday evening.

Phi Omega Pi
Frances Shoemaker and Lora Hilyard were dinner guests Wednesday evening.

Alpha Xi Delta
Alpha Xi Delta announces the pledging of Marian Buck, Abilene. The chapter will have its annual breakfast picnic Sunday and a "Sweethearts Dinner" Sunday, May 14.

Phi Kappa Alpha
Phi Kappa Alpha fraternity entertained dinner guests at the house Sunday. They were Harriet Shrack, Margaret Green, Ione Hill, Ruth Lindberg, Walter Kern, and John Davidson.

Lambda Chi Alpha
Lambda Chi Alpha entertained with a dinner-dance Saturday night. A three-course dinner was served. The guests were: Verna Adams, Amelia Krot, Myra Roth, Miriam Clark, Margaret Kelley, Fernie Henry, Imogene Hubbard, Wilma Womer, Marjorie Call, Elizabeth Jo Cates, Mary Clark, Winifred Purviance, Mary Kimball, Wilma Cook, Reba Miller, Jo Baker, Mary McCormick, Ruby Wilson, Mrs. Don Nutter, Margaret Wright, Elizabeth Husher, Phyllis Monier, Concordia; Carolyn Stark, Topeka; Dixie Milligan, Kansas City; Mo; Elsie Kaden, Junction City; Maxine Gagebin, Hutchinson; and Lois Gilbert, Emporia.

Swede Lutz, Harry Johnson, Steve Myra, Joe McNay, Glen Benedict, Horton Laude, Harvey Neel, Merle Clemmins, Dale Harmon, Ray Eakins and Jay Gard. James Cables Ernest Green, Concordia; Dale Burkholder, Wamego; Maynard Williams, Hutchinson; Ward Colwell, Evan Haughawout, Onaga; Glen Meredith, Junction City; Leonard Pike, Milford; and Orville Hays, Hays. Mrs. Nellie Hawthorne, housemother, and Mr. and Mrs. Paul Elliot chaperoned the party.

Sunday, the annual founders day banquet honoring visiting alumni was held at the chapter house. Dean R. W. Babcock was the speaker. Guests were: Mr. and Mrs. W. Babcock, Mr. and Mrs. Paul Elliot, Leonard Pike, Glen Meredith, Ernest Green, James Cables and Orville Hays.

Collins Crum, Joe Creed, Don

erpn, Orrin Grover, Jimmy Richards, Sonny Luder, Swede Lutz, Fred Garrison, Karl Smith, Farmer, Max Wiekham, Elwin Athey, Jack Going, Raymond Spencer, Mae McCormick, Tyne Lantz, Ed Smith, Hank Dalton, Don Landon, Sid Robinson, Gene Ross, Emmett Breen, James Wilcox, Si Sartorius, Herman Teitz, Clay Reppert, Steve Vesceky, Andy Skradski, Kay Bader, Walt Bell, Vetter Nichols, Bill Sharer, Maurice Stauffer, Claud Ross, Junior Grass, Carl Isaacson, Don Collins, Kenneth Harris, Si Green, H. B. Hudelburg, Wallace Duncan, Atwood Morrison, Pete Pocock, and Duke Du Mars.

GERMAN STUDENT IS FRUGAL AND SERIOUS
Lucille Allman Discusses School Life as She Observed It During Year There.

"Student life in Germany—dress, social customs, college life, and recreation was the theme of the talk given by Lucille Allman, Manhattan in her assembly talk last week.

Miss Allman studied in the University of Munich, Germany, last year and is enrolled this year at Kansas State as a freshman in industrial journalism.

"The student in Germany," said Miss Allman, "can live on \$10 a month—much cheaper than our American student can live."

German students wear very plain costumes to school and eat rather lightly, the speaker said. They spend a great deal of their spare moments in the various beer gardens, and their social activities are mainly duels and fights between the various fraternities. Colored caps distinguish one fraternity man from another.

When a student enrolls in the University, he must fill out pages and pages of questionnaire pertaining to his life history. The classes are all lecture classes and the German student may take his examination when he feels he has sufficient knowledge of the subject.

German students find recreation in various kinds of sports but the most exciting, in Miss Allman's opinion, is skiing.

"It's a thrilling experience to ski down a mountain—the hot sun beating down on the Alps, the snow blowing up in your face, passing trees at a terrific rate of speed," said Miss Allman.

Miller, Prescott, for the undergraduate group. Dr. C. W. McCampbell, head of the department of animal husbandry, was toastmaster.

MANY PRIZES OFFERED WINNERS IN AG CONTEST

Tomorrow's Dairy Judging Prizes Consist of Many Valuable Articles

A silver loving cup, a pen and pencil desk set, a gold medal, and twenty-two other worthwhile prizes will be competed for in the annual students dairy-judging contest in the judging pavilion tomorrow afternoon. A special contest for girls will feature this year's competition, this being the first year such a contest has been held.

The contest, sponsored by the Dairy club and supervised by Walter W. Babbitt, Willis, will consist of the judging of eight classes of dairy animals.

The men's contest will be divided into a senior division for those who have had advanced dairy judging and a junior division for those who have not had this course. Each individual entered in the senior division must have oral reasons on four of the eight classes judged. In the junior division, reasons on four classes will be written. In the girls' contest, reasons will be written on four of the eight classes.

The loving cup will be awarded the top man in the senior division, the desk set goes to the top man in the junior division, and the gold medal will be awarded the high individual in the girls' contest. Ribbons will be presented for the top five placings in the senior and junior divisions and for the top three placings in the girls' contest. A ribbon will also be awarded the high individual on each breed in each division. Other prizes will be subscriptions to breeder's magazines and a history of the Holstein breed.

The prizes will be presented at the next Dairy club meeting, a week from next Tuesday.

This contest is open to all under-

graduates at Kansas State. Tickets, priced at 25 cents, may be secured from members of the Dairy club or at the dairy office. All competitors will meet at one o'clock tomorrow afternoon in Ag. 7.

Howard Moreen, Salina, president of the Block and Bridle club, has charge of the animal husbandry livestock judging contest which will be held a week from tomorrow.

TONIGHT A CLOSED NIGHT
All Social Functions Restricted in Favor of Theatre Play

Tonight has been closed to all social functions by college authorities because of the presentation of the Manhattan Theatre play tonight in the college auditorium.

It has been a custom in the past for all social functions to be restricted on nights in which such entertainment is being offered.

A dance in an Aggieville ballroom tonight has not been authorized by the student council. Attendance by college students is forbidden under the present student governing association rules.

HONORARY AG GROUP HEARS BIOCHEMIST
Twenty-One Initiated As Gamma Sigma Delta Holds Program and Banquet

Dr. L. S. Palmer, noted biochemist of the University of Minnesota, delivered the principal address at the annual banquet of the Kansas State chapter of Gamma Sigma Delta, national honorary agricultural fraternity, in Thompson hall, April 10.

Doctor Palmer's subject was "Heredity and Nutrition" and in so linking two such apparently dissimilar fields of research, he necessarily touched on the old question of relative importance of heredity and environment.

The lecture was illustrated with slides giving the tabulated data resulting from the experiments conducted at Minnesota university.

Preceding the banquet, 21 seniors and graduate students in agriculture and related sciences were initiated into Gamma Sigma Delta. At the banquet, Dr. J. E. Ackert, dean of the division of graduate study, welcomed the initiates in an address on behalf of the fraternity. Responses were given by John Correll, Manhattan, for the graduate group of initiates and John I.

SECOND PLACE IN CONFERENCE IS WILDCAT AIM

TWO BALL GAMES WITH TIGERS AT COLUMBIA WILL DECIDE BIG SIX STANDING.

CORSAUTMEN MUST WIN

Victory in Either Game Will Clinch Runner-Up Berth—Simms Will Oppose Norman Wagner On Mound.

With second place in the conference at stake, Kansas State will open a two-game series with the Missouri Tigers at Columbia today. If Kansas State wins either of the two games they will remain in second place, as Missouri must win both games in order to pass the Wildcats.

Wagner vs. Simms on Mound Earl Simms has been slated by Coach Charles Corsaut to pitch the first game. He will probably be opposed by Norman Wagner, Missouri's captain, who has not lost a conference game in three years of competition. Jack Lowell will get the starting assignment on the mound for the Wildcats Saturday afternoon, with T. H. Nelson being held in reserve.

R. L. Heinz pitched the game against the Maryville Teachers yesterday afternoon.

Oklahoma still leads the conference as a result of their two victories over the Tigers at Norman last week. Both the Sooners and Iowa State are out of the conference picture this week as neither has any Big Six games scheduled.

Oklahoma Here Tuesday Missouri will play Kansas State in a two-game series here next Tuesday and Wednesday.

The Wildcats who made the Missouri trip are: catchers—Ralph Marshall and George Watson; pitchers—Heinz, Simms, Lowell, and Nelson; infielders—John Underwood, Capt. M. L. Carter, Jimmy LeClere, Andy Skradski, and D. E. Kratzer; outfielders—Charlie Gentz, Bus Boyd, Lee Morgan, and Stephen Ashill.

Men's Intramurals

Sigma Nu won the second bracket in the playground ball by winning five games. The Vet. A. C. are the winners in the second bracket of the hard ball division also winning five games. Third rounds will begin just as soon as schedules can be made.

Results in the playground division are: Farm House won from Phi Lambda Theta 6-0, Tau Kappa Epsilon from Acadia 18-17, Alpha Tau Omega defeated Phi Kappa Alpha 7-6, Delta Sigma Phi from Phi Delta Theta 16-2, Sigma Nu from Lone Stars 7-2, and Phi Kappa Tau from Lambda Chi Alpha 10-5.

Six games were played Wednesday evening. The results of these games are: Tau Kappa Epsilon defeated Alpha Tau Omega 16-15, Phi Kappa from Farm House 4-3, Phi Lambda Theta won from Acadia 7-4, Delta Sigma Phi won from Lambda Chi Alpha 5-1, Sigma Nu defeated Phi Kappa Tau 10-2 and the Lone Stars won from Phi Delta Theta 8-1.

Since the field is in condition again hard ball games are in progress. Wednesday's games last week resulted as follows: Kappa Sigma defeated Beta Theta Pi 11-4, Aggie Knights won from Phi Sigma Kappa 10-1, Alpha Rho Chi from Theta Xi 11-19, Vet. A. C. from Alpha Kappa Lambda 8-1. The Vet. A. C.-Alpha Rho Chi game which was postponed, resulted in a win for Vet. A. C. 8-2, when played.

The results of Tuesday's games are: Aggie Knights won from Kappa Sigma 4-2, Sigma Alpha Epsilon won from Beta Theta Pi 9-2, Delta Tau Delta won from Alpha Kappa Lambda 6-4, W. F. A. C. won from Alpha Gamma Rho, Alpha Rho Chi defeated Sigma Alpha Epsilon 7-6 and Vet. A. C. defeated Theta Xi 11-3.

Last night's games were: Beta Theta Pi vs. W. F. A. C., Alpha Gamma Rho vs. Aggie Knights, and Phi Sigma Kappa vs. Kappa Sigma.

There will be no hard ball games until May 5 because of the R. O. T. C. inspection.

The Aggie Knights have three wins and W. F. A. C. two wins with no losses in the first group, hard ball division. They are heading the list.

Phi Kappa, Phi Kappa Alpha and Tau Kappa Epsilon all have three

wins and one loss in a close race in the playground division.

The outdoor track meet will be held May 8 and 9. Events for the meet are: 100 yard dash, 220 yard dash, 400 yard dash, 800 yard dash, 1600 yard dash, 3200 yard dash, 5000 yard dash, 10000 yard dash, 20000 yard dash, 40000 yard dash, 80000 yard dash, 160000 yard dash, 320000 yard dash, 640000 yard dash, 1280000 yard dash, 2560000 yard dash, 5120000 yard dash, 10240000 yard dash, 20480000 yard dash, 40960000 yard dash, 81920000 yard dash, 163840000 Number 57

WILDCATS MEET SOONERS TODAY ON HOME FIELD

KANSAS STATE NINE CLINCHES SECOND POSITION ON MISSOURI TRIP

TEAMS LEAD CONFERENCE

Victories in Two-Game Series Would Shove Undeclared Oklahomans Down to Second Berth in Conference

After playing three games away from home, the Kansas State baseball team will play a two-game series with the University of Oklahoma here today and tomorrow. Both games are called for 4 o'clock.

The Missouri series firmly entrenched the Wildcats in second place in the Big Six diamond race with a record of two games won and one lost. Both of the victories and the loss were the results of games with the Tigers.

Oklahoma is now in the lead in the conference with two victories and no defeats. The Sooners victories were won from Missouri several weeks ago. The Wildcats could go into first place by winning both games from Oklahoma.

Kansas State ended last week's road trip with an even break. On Thursday the Wildcats lost to the Maryville Teachers, on Friday they won from Missouri; the third game with the Tigers was called off because of rain.

In the Maryville game the Teachers went on a spree in the sixth inning to score six runs and put the game on ice. The final score was 11 to 4. Twelve errors on the part of the Wildcats aided in the Kansas State loss. Nelson and Heinz worked the game.

Kansas State knocked the offerings of Norman Wagner all over the diamond in the opening Missouri game to win 12 to 1. The Wildcats collected 20 hits off the Tiger hurler to hand him his first conference defeat in three years. Andy Skradski and Captain Merrill Carter led the Wildcat attack. Skradski hit a home run with the bases loaded in addition to driving out a triple. Earl Simms held the Tigers to six hits, three of them coming in the first inning for three Missouri runs, after which he kept them scoreless.

Kansas State was ahead 2 to 1 in the second game when it was called off. Jack (Lefty) Lowell was on the mound for the Wildcats.

Friday the Kansas State nine goes to Emporia to play the College of Emporia in a game that was postponed two weeks ago.

FORTY ARE COMING TO PLAY

Kansas State Women Invited to Take Part Even If Not Members of the W. A. A.

Approximately 40 women are expected here next Saturday for W. A. A. Play Day, according to Mary Lou Clark, Burr Oak, who is in charge of registration. The College of Emporia, Emporia State Teachers College, Washburn, and Kansas university will be represented.

The day's activities include stunts sports, a luncheon at the college cafeteria, and a tea. The program will be carried out in an Indian theme, and each girl taking part in the activities will be on a team with an Indian name. At the end of the day the team with the highest number of points gained in the games and stunts will be awarded prizes.

Miss Lorraine Maytum of the physical education department, who is in charge of the Play Day program, encourages all Kansas State women to attend and take part in the activities. It will be an excellent opportunity to meet women from other schools, and it is not necessary to be a W. A. A. member to attend, Miss Maytum said. Registration will be held at 9 o'clock Saturday morning, and there will be games, stunts, sports, dancing and challenges until 4:30 when the program will close with the awards and the tea.

THOMPSON AT AG CLUB

"Some practical aspects of economic theory" is the subject to be discussed by Prof. C. R. Thompson of the department of economics at Agricultural Economics club Tuesday evening in Waters hall.

Don't miss the varsity at the Wareham Friday night.

NOTED CHEMIST HERE TONIGHT FOR ADDRESS

Dr. Howard Bartow Will Give Talk With Illustrations on Oriental Methods

"Observations in the Orient" will be the subject of a lecture by Dr. Edward Bartow, chemical department head at Iowa university, Iowa City, to be given here at 7:30 this evening in room 26 of the chemistry building. This illustrated talk will show the treatment of water and sewage in China and Japan.

Mr. Bartow is an international authority on water and sewage and has spent some time in the orient giving advice on these matters. The American Chemical society and Science club are cooperating in bringing the doctor, formerly of Kansas university, here to speak to the students.

ORATE AT K. U. TODAY

Lawrence, Kan., May 2.—The annual freshman-sophomore oratorical contest is being held at the University of Kansas today. Eight students are entered in the contest which will include discussion of subjects pertaining to education, war, economics, and religion.

HOSPITALITY EXHIBITS ATTRACT MANY GUESTS

More Than 600 Visitors Are Shown Displays of Progress During Three Days

Marked interest was shown in exhibits and programs by visitors to Hospitality week of the home economics division. Tours of the campus, teas, contests for high school girls, talks and demonstrations filled the schedule for the guests last Thursday, Friday, and Saturday.

Between 600 and 800 persons visited the division, it is estimated, during the three days' activities, approximately 400 being high school girls. Two hundred and three girls competed in the contests which were objective tests based on the two years state course of study in home economics. Thirty high schools within driving distance of Manhattan were represented. The girls came to Kansas State in groups with a teacher as leader, different groups attending each day. Winners of the contests have not been announced as yet.

The foods exhibits held great attraction for the visitors. One illustrated the way to get perfect angel food and chocolate cakes—information gained through intensive research. Another presided over by students of the division demonstrated the gadgets for food frills, including tea cookie guns, butter curl makers, and the like. Market baskets had piled into them the week's adequate food supply for a family of five, one at a cost of \$4.75, another of \$10.

The clothing exhibits stressing selection as well as construction were informative. Make-over possibilities of old clothes were also shown. Modern and colonial fabrics in interesting designs and weaves were featured in the art exhibit in Anderson hall.

The lighting exhibit in the cafeteria was especially interesting during the night exhibit on Friday. A living room showing proper lighting and arrangement of lamps was shown.

This was the second annual Hospitality week of the division. Last year's exhibits showed the contrast between old and modern ways of cooking, dressing and the like. The exhibits this year showed the progress being made by the division. They stressed the necessity of beauty and good taste in selection and construction of clothing, and adequacy of diet in foods, despite the necessity of economy.

IF CHARLEY WAS NOT THERE, STORY HOLDS

Cortelyou Tells Legends of German Villagers at Club Gathering

Dr. John V. Cortelyou, head of the department of modern languages, gave several amusing extracts from a book entitled "Die Schildbürger" in a talk before the German club Tuesday night. The book is a collection of legends about the villagers who live at Schild. The only possible answer to a doubt about their veracity, Dr. Cortelyou admitted, is to ask another question—"Vos you dere, Schollie?"

K. I. CHURCH VISITS HERE

K. I. Whurch, a graduate in civil engineering in 1924, visited with friends in the civil engineering and architecture departments last Thursday. Church is now employed by the Portland Cement association, Chicago, Ill.

VOCATIONAL AG STUDENTS HERE IN COMPETITION

KANSAS HIGH SCHOOL BOYS ARE HERE 350 STRONG FOR TWO DAYS.

CONTEST THIRTEENTH HELD

Future Farmers Meet in Conjunction With Event—Judging Ability Is Being Tested in Many Fields of Knowledge.

Three hundred fifty vocational agriculture students from Kansas high schools are on Kansas State campus participating in the thirteenth annual judging contests. In conjunction with the meeting is being held the fifth annual program of the Kansas Association of Future Farmers of America.

Contests were in progress yesterday and will be finished today. The results will be announced and individual and team prizes will be awarded at the banquet tonight which is being given by the Chamber of Commerce in the community house. Prof. A. P. Davidson of the college who is in charge of the dinner said that 450 persons have made arrangements to attend the banquet.

Teams or individuals entering the judging contests will be ranked on a basis of their proficiency in rating all four of the following groups: (1) beef cattle, horses, hogs, and sheep; (2) dairy cattle; (3) grain; and (4) poultry. The boys will also be tested on each of the groups separately.

Sixty-seven squads have entered the livestock and crops judging contests. This is the largest number of entries for any one group. Three boys and one alternate make up a squad. There are 20 teams entered in the farm mechanics contest. Two members and one alternate comprise a team. There were five entries in the public speaking contest for this morning. Instructors accompany the teams from each school.

No individual or team is eligible to enter these contests that had previously competed in any judging contest of state-wide or national importance. The boys also may not enter if they have inspected or worked on the college livestock during the 10 days previous to the contest.

The agricultural engineering contests will consist of the timing of a gasoline engine, mixing concrete and casting a beam using steel reinforcements, and of the proper identification of the parts of farm machines. The shop practice competition will be composed of welding; identification of samples of wood, metal, hardware, and other articles in common use; and a test of skill by a series of operations on a piece of wood, requiring the use of about five common tools.

The contests are supervised by the following faculty members: Prof. C. W. McCampbell, in charge of animal husbandry; Prof. J. B. Fitch, dairy husbandry; Prof. R. I. Brockmorton, crops; Prof. L. F. Payne, poultry; Prof. Frank J. Zink, agricultural engineering; and Prof. Eugene C. Graham, shop practice. The farm mechanics contests are sponsored by the department of agricultural engineering and shop practice of the college. The educational department is in charge of the public speaking contests.

Dr. W. E. Grimes, head of the agricultural economics department is conducting the campus and farm tours. Kenney L. Ford, alumni secretary, is at the head of the housing committee. Arrangements for the groups wanting to stay in the gymnasium have been made.

REQUEST VARSITY FRIDAY

First Varsity in Weeks Scheduled Friday With Layton Playing. June Layton and his Varsity Club orchestra will play an "all request" program at an all-school varsity at the Wareham ballroom Friday night.

Due to a full party schedule and many out of town bookings, the Layton orchestra has not been available for a varsity recently. This is to be the first since March 31. Layton and his band have been contracted to play at the Hiawatha Gardens in Colorado Springs during the summer months.

The varsity Friday night will feature an all request program and anyone having a request should mail it to the Collegian office or hand it to June Layton the night of the party.

ARCHITECTS' WORK SHOWN AT WICHITA

Thirty Students Contribute to Display of Designs Representing Art of Department

The work of students in the architectural design courses here is being exhibited at the University of Wichita this week. The exhibition includes 40 pieces, representing the work of about 30 students and is planned to give a cross section of the design work done in the architecture department.

After a two weeks' stay in Wichita, the exhibition will be sent to Topeka, where it will show in the art gallery of the Topeka high school for another two weeks before being returned to the department of architecture here.

RUSH RULES MADE CLEARER

Meeting Is Called of Sorority Representatives at Four O'Clock Next Tuesday.

New and old rush rules for next September will be discussed at a meeting in recreation center at 4 o'clock Tuesday afternoon, May 9. The president, Pan-Hellenic representative, rush captain and one or two members from each sorority are asked to be present. Ferns Tannahill, president of Senior Women's Pan-Hellenic, will preside.

This meeting is called to avoid violations by any possible misunderstanding of the new rules or old regulations.

CADET RANKS FILE BY OFFICERS AND CROWDS

Annual Inspection This Year Includes Showing of Combat Tactics.

Pomp and ceremony reigned supreme yesterday afternoon when the R. O. T. C. corps passed in review before high military officials and a large crowd of interested spectators. The reviewing grounds was the plot of the campus east of the cafeteria.

The event yesterday was the annual inspection of the R. O. T. C. corps at Kansas State. Included in the parade were the honorary cadet officers and Vice-President J. T. Willard of the college.

Military officers here to review the student maneuvers were pleased with the show put on by the student ranks. The rating of this year's corps will not be known for some time. During past years, the rating was excellent and it is expected that this year's standing will equal or exceed the high standard set in recent years. The rating of military units is not competitive.

Colonel Richard H. McMaster, F. A. the R. O. T. C. officer on the staff of the Commanding General, Seventh Corps Area, Omaha, Neb., was in charge of the inspection. His duties included a review of the corps and an administrative inspection. Inspection officers were: Major J. M. Murphy, Infantry, Wichita university; Major J. W. Minor, V. C., Fort Riley; and Major H. L. King, C. A. C., on duty with the organized reserves at Topeka.

Immediately following the review the cadets gave a display of combat tactics in the city park. The inspection consisted of both practical and theoretical tests.

The practical tests consisted of a demonstration of drill, first aid, mass calisthenics, rifle marksmanship, extended order for combat, and similar practical work by batteries, companies, and detachments selected at random by the inspection officers. Theoretical tests included a review of each military class by the inspecting officers, covering the entire year's work for the class.

INSPECTS COLORADO SCHOOLS

Dean Justin Visits This Week at Greeley and Ft. Collins

Miss Margaret Justin, dean of the division of home economics, is in Fort Collins, Colo., this week inspecting the Colorado State Agricultural college for the American Association of University Women. Thursday and Friday Miss Justin will be in Greeley conducting a similar inspection of the Colorado State Teachers' college.

4-H ON AFTERNOON PROGRAMS

Broadcasts Will Present Members and Faculty People

The College 4-H club is beginning a series of radio program to be given at 4:30 on Monday and Friday afternoons. The programs will consist of music and talks by student members as well as talks by faculty members. The programs will continue until June 6.

PAUL GARDNER TALKS ON ART OLD AND NEW

Department of Art Sponsors Lectures By Critic From Nelson Galleries

Two lectures by Paul Gardner of the Nelson Art Galleries of Kansas City were given yesterday under the auspices of the department of art of the college.

Monday afternoon Mr. Gardner discussed Oriental art, illustrating his talk with lantern slides showing forms and processes. Monday night he talked on "Contemporary Art" also using lantern slides.

Following the afternoon talk, members of the art department faculty served tea in the recreation center, complimentary to Mr. Gardner.

TO LAKE TO STUDY BIRDS

Class Spends Sunday at Bennington Under Guidance of Instructor A. L. Goodrich

Three car loads of students of the bird class of A. L. Goodrich, instructor of zoology, spent Sunday at the state lake near Bennington. Leaving Manhattan at 7:30, they went to the lake, had a picnic lunch there and returned at 5 o'clock.

"The primary purpose of the trip was to see the water birds," said Mr. Goodrich, "but the season was late and some of the birds had already migrated on north. We didn't have such a satisfactory trip."

Those who went were: Thelma Coffman, Manhattan; Marjorie Dean, Manhattan; Margaret Kneer, Manhattan; Harold Wierenga, Cawker City; Harold Nonemaker, Osborne; James Wilmoth, Bu. Rapids; Ben Glading, Manhattan; Estelle Winters, Otago; Prof. Donald Wilbur, assistant professor of entomology, and Mr. Goodrich.

NAME COLLEGE SISTER CAPTAINS NEXT YEAR

Y. W. C. A. Looks to Plans for Fall as Freshman "Pals" Volunteer Their Service.

Twenty college sister group captains for next September were appointed yesterday. The purpose of this group is to plan the work of "Y" Kansas State women in helping new girls with registration, introducing them to campus activities and helping them in whatever way possible.

Each captain will be in charge of a group of college sisters including new and former students. Cards were mailed yesterday to Y. W. members giving them an opportunity to signify if they cared to act as college sisters to freshmen.

The duties of a college sister are: to correspond with her little sister during the summer; to call her as soon as possible in the fall; to take her to the registration tea in the Y. W. C. A. office; take her to the first assembly; see that she meets Dean Van Zile and Dorothy MacLeod; help her become acquainted with the work of the Y. W. C. A., especially Freshman Commission; take her to church the first Sunday; and to the student mixer at her church; call on her in her room at least once during the opening part of school; make her acquainted with the campus, the college activities, and college traditions; and to try in every way to be a friend worthwhile to her.

The college sister group captains for 1933 are: Frances Rosser, Pratt; Alberta Burdette, Kansas City; Harriett Reed, Holton; Margaret Madaus, Hutchinson; Kathryn McKinney, Bartlesville, Okla.; Barbara Lautz, Amarillo, Texas; Oma Bissop, Abilene; Esther Walters, Manhattan; Clara Bess Garrison, Lincolnville; Mildred Forrester, Wamego; Marian Buck, Abilene; Mae Gordon, De Soto; Virginia Dole, Salina; Betty Ozmert, Manhattan; Mary Jordan, Beloit; Ruth DeBaun, Topeka; Ruth Linscott, Farmington; Doris Harmon, Sand Springs, Okla.; Madge Gibbs, Manhattan; Wilma Cowdery, Lyons.

SEE THEIR STORY IN PRINT

"Matrix" Arrives With Interview By Marie Henney and La Faun Astle

Subscribers to Matrix, official publication of Theta Sigma Phi, are receiving their copies of the magazine containing an interview by Marie Henney and La Faun Astle with journalism students. The interview was with Mrs. W. Y. Morgan, editor of the Hutchinson News and Herald.

Miss Astle and Miss Henney are both members of Theta Sigma Phi women's professional organization and will graduate in June.

HILL SEES JAZZ AND ROMANCE AS AGE'S EARMARKS

PROFESSOR JUMPS YEARS TO SEE 1933 IN RETROSPECT AT CHAPEL FRIDAY

'LOOKS BACK' SIXTY YEARS

Links Popular Song Titles to Bring Laughter from Audience; Slings Gets Its Due, Too, in Mock Dialogue

"Back in 1933, students lived in a jazzified age of romance," said Dr. Howard T. Hill, head of the public speaking department, in his assembly talk Friday morning.

Outbursts of laughter and loud applause from the audience interrupted throughout the talk.

Doctor Hill imagined himself living in 1933, talking with an old Kansas State professor. The professor had preserved a list of song titles descriptive of the period of romance in '33. Run together, the titles read:

"I Can't Do Without Love, so Flapperette, Get a Shine On Your Shoes, Start Coaxing the Piano, and Let's Be Goin' To Town. Ain't She Got Music, Polly, Then Cut Out The Monkey Bizness, Quit Messin' Around, Cheer Up The Lone Some Cowboy, Be a One-Man-Woman and say Farewell to Arms Except Mine, Take a Chance—What Have We Got to Lose? I'll Quit the Poker Chips, I'll Promise You Anything Dear, If You'll Just Take My Fraternity Pin."

Says She—I Know You're Lying But I Love It, I Surrender, Dear All of Me, You're Dispossessin' Me, I'm Off the Co-ed Capers, so If You Meant What You Said Last Night, I'll Be Cheatin' On the Moon With You, You're an Old Smoothie, but You're the Cream in My Coffee and I'm in High Society.

The "slang-usage" of the day was illustrated by the speaker in an arranged campus chat between a senior and a freshman. Says the senior:

"Listen Goofy, I'm gonna hand you the straight dope on the three major jobs around college, the Profs, the Frats, and the Dams. Now about the dames—is that a subject or is that a subject, I ask you. There's a lotta snappy mamas around here, cute, slick, you know, keen babies. Then too, there's dumb to get the hang of anything, or starvin' grub grabbers or just a kinda half baked. Don't be a sap and get hooked by one of them. Give 'em the air, they slay me anyway. Don't give any of 'em too much banana oil, they'll believe anything if there's spondulicks in sight."

The green freshman listened, and finally broke in. "Now listen, you big gorilla, you big campus hot shot, I'm goin' to tell one—you've been tellin' me about this campus, but you don't click, I'm not goofy, and you're all wet on this stuff anyway, you lingo gets me down, it isn't even funny. I'm gonna get grab four bits off my roomie, chisel in on his date, forget tomorrow's quiz, mull in on the upper classmen's love racket, go to some movie dump and lamp a thriller, make a little whoopee, and come back to camp to hit the hay and pound the old ear till morning. Drop around for another bull fest some time. Now scram!"

In a more serious moment, Doctor Hill said that the people of '33 seemed to have preserved a sense of humor that together with college prepared leadership has been a great factor in solving world problems. War, sweatshops and unemployment—these, said Doctor Hill, are problems unsolved in 1933. Will they be solved by 1993? "I wonder," he said.

POSTURE QUEEN CHOSEN

Haskell Girl Honored in Last of Play Day Events

Lawrence, Kan., May 1.—Lillian Saul, of Haskell Indian Institute was chosen "posture queen" as the concluding event of the Play Day sponsored by the women's physical education department at the University of Kansas. Nearly 100 girls from high schools in this part of the state participated in the various competitive events of the day.

Cities represented included Atchison, Valley Falls, Kansas City (Argentine High) Haskell, Lawrence, Ottawa, Osawatomie, Colony, and Ozawie.

Jade and Silk of Orient are Gifts Sent Coed Sisters

Gifts from the orient were received Friday by Veva and Kay Brewer from their foster brother Gale Dutcher, who spent the winter in Singapore, Hongkong, and Sidney, Australia. He returned to the United States a week ago and mailed the package from San Diego.

A blue silk mandarin coat with a gold metallic dragon embroidered on the back, a piece of Chinese brocade, two pieces of Chinese crepe, and a blue crepe bed jacket with rose silk embroidery were purchased in Hongkong. Several linen handkerchiefs, two jade rings, a compact, two cloisonne vases, a Chinese silhouette, and an incense burner came from Singapore.

The vases were packed in lined bamboo boxes, while the handkerchiefs were in paper envelopes of which Chinese characters were written.

Veva Brewer will be graduated this spring in industrial journalism while Kay Brewer is a special student enrolled in the general science division. Their home is at Wichita.

'NINTH GUEST' IS PLAYED BEFORE SIZABLE CROWD

Mysterious Murders Afford Theme for Last Manhattan Theatre Play of the Season

There was murder aplenty at the college auditorium on Friday evening, April 28, when the Manhattan Theatre players presented to a large crowd, "The Ninth Guest," a homicidal mystery drama by Owen Davis.

Poison, highly charged wires, maxim silencers, and a harmless-enough-looking but too-hard-to-understand radio were the chief instruments of torture, devastation and death. The players succumbed to a tom-tom precision that was thrilling plus in intention but soporific in continuance. One got used to sudden death that he grew as nonchalant about it as the actors themselves now and then seemed to be.

According to Mr. Owen Davis, who wrote the play and ought to know, eight guests, each of whom has half a dozen motives for making way with each of the other seven, find themselves invited to a penthouse party by wire-identical telegrams, if you can imagine it.

As soon as they have gathered and exposed their antipathies, the radio voice grabs the controls and announces a program of gradual but uncompromising extermination. Everybody immediately suspects an inside job and nominates his favorite enemy as the perpetrator of the evening's diversion. There is a lot of argument about it and then the players begin suffering violent deaths. Finally everybody is a corpse except the real villain and two lovers, who have been at each other's throats, but not necks, most of the evening because they have a fuss about selling some oil and or something. They solve the mystery, forced the wicked host to let them out, and leave him to drink his fatal hemlock in the quiet of his charming slaughter house. But the curtain cuts him off, and nobody knows whether he does or doesn't. Death wins with a batting average of 625 and possibly 750.

That the play was gripping throughout and full of thrills for the audience goes without saying. But it offered scant opportunity for any of the very able and nicely balanced cast to display his talents. There was not much for anybody to do but die when his time came. James Pratt, as Hank Abbott, the real murderer, Margaret Krider, as Sylvia Inglesby, Donald Porter, as Tim Salmon, and John Van Aken, as Peter Daly, were perhaps more successful in making their roles convincing and satisfactory than the others.

But they had little margin over Donald Williams, as Jason Osgood, Dorothy Cortelyou as Mrs. Margaret Chisholm, Donald Isaacson, as Dr. Murray Chalmers Reid, and Betty Shackelford, as Jean Trent. Lieban Langston did a good job of mysterious butting; but John Barhydt, the first guest to arrive already dead through the fireplace, had no chance to demonstrate his histrionic wares.

The college orchestra, under the direction of Lyle Downey, played "If I Were King," by Adam, for the overture and selections from "Nina Rosa" and "Of Thee I Sing" between acts. —H. W. D.

ADDRESSES TOPEKA CLUB

Dr. J. E. Kammeyer, head of the department of economics and sociology, spoke to the Topeka Kiwanis club at the Hotel Kansas Monday noon. His subject was "Inflation."

MIKADO BRINGS LOVE STORY OF BLOSSOM LAND

QUAINT STORY OF OLD JAPAN IS THEME FOR OPERA THIS WEEKEND.

GIVE THREE PERFORMANCES

Popular Prices. Puch Ticket Sales for Programs Thursday and Friday—Special Orchestra to Play Accompaniment.

"This Mikado" is a Topsy-Turvy-dom tricked out in cherry blossoms and chrysanthemums; it is London tripping in Liberty silks. It is the native pricked up in terms of the exotic." This comment of Isaac Goldberg in his book "The Story of Gilbert and Sullivan" was quoted by Prof. William Lindquist to a Collegian reporter yesterday as he told something of the history of the opera to be given here Thursday and Friday nights and Friday afternoon of this week. It will be produced under the auspices of the department of music of K. S. C. and the Manhattan Chamber of Commerce.

"The story concerns the trials and setbacks of Nanki-Poo, son of the Mikado, in his amorous pursuits," said Professor Lindquist. "Finding that Yum-Yum, the girl he loves, is about to become the bride of her 'ogre guardian', Ko-Ko, Lord High Executioner of Titipu. Nanki-Poo resolves to commit suicide.

Meanwhile Ko-Ko is about to lose his office because of a drastic death of executions. To their mutual advantage, Nanki-Poo is going to allow himself to be executed royally in return for which he is to have Yum-Yum for a month previous to his execution.

Scenery for the production is being painted by Niles Resch, a student in the department of architecture. Reproductions of actual Japanese designs will be used.

Ticket sales indicate that the performance will be well attended, as it is being given at popular prices.

Principals in the cast are Lucille Allman, Betty Stanley, Margaret Higdon, Cora Oliphant, Richard Herzog, William Lindquist, Frank Root, William Chapman, and Harry Hineley. A chorus of fifty-three voices will be used.

A 24-piece orchestra, under the direction of Prof. Lyle W. Downey, will play the accompaniments. Members of the orchestra are: violins—Dorothea Bacon, Doris Dalton, La Vane Fossnight, Marjorie Pyle, Emma Schmedmann, Joe Slechia, Herbert Ribers, Wilbur Combs, Cleo Wilson, Wilbur Wahl; viola, Emily Rumlund; cello, Maurice Schruben; bass, Thelma Coffman; clarinet, Ralph Van Camo, Max McCord; cello, William Fitch; flute, Catharine Colver; French horn, Tom Groody; trombones, William Farmer, Kenneth Thompson; trumpet, W. B. Purviance, Edgar Cooper, C. F. Crandell, Theodore Emerson.

UNIVERSITY STARTS BASKETBALL PRACTICE

Next Year's Court Squad Held First Spring Session Last Night.

Lawrence, Kans., May 1.—University of Kansas basketball candidates will start preparations for the attempt to retain their 1933 Big Six championship next year when they take the floor for the opening spring practice session next Monday night at Robinson gymnasium. Dr. F. C. Allen has issued the call for workouts that will be held Monday, Tuesday and Wednesday nights from 7:30 to 8:30 for the next four weeks. All varsity and freshman candidates will work together in the spring sessions and Doctor Allen will be assisted in the coaching by Forrest Cox, freshman coach, who formerly starred at guard for Kansas in basketball and at halfback in football.

Prospects for next year's team are bright with only Bill Johnson, all-Big Six center, and Elmer Schaeke, all-Big Six guard, left through graduation. Those expected out for spring workouts include the following letter men: Carl Benn, Newton; Bob Curd, Lawrence; Gordon Gray, Newton; Paul Harrington, Kansas City, Mo.; Raymond Urie, Ellis; Roy Klaas, Lawrence; and Dick Wells, Hutchinson.

Women at the University of Pittsburgh, for the first time in its history, will have representation in the student council after April 25.

Eliminate the Hazard

It is unfortunate that tragedy should bring to light again the necessity of traffic regulations on Anderson avenue along the south boundary of the campus.

Something must be done. Last week's tragedy was not the fault of any parties concerned. It may be called a result of fate. But the danger of such existing conditions is brought before us. Something must be done.

The street is narrow and traffic is heavy. There is about as much traffic on that street as any in the city. It has been noticed that travel is often at a high rate of speed. But since the street is one of the main traffic lanes of the city, it is only natural that speed prevails.

The street is by no means a speedway. The street is narrow and with cars parked on both sides, ordinary speeds seem dangerous. With cars parked on both sides, there is very little clearance for more than two lanes of travel which then make the passageway rather congested. The elimination of parking on one side of the street would help the situation in several ways. But this would then bring about the parking problem which never seems to end. Allowing car drivers to park their cars on the campus would relieve the parking problem on the streets bordering the campus. But with cars parked on the campus, the danger risks would be increased on the campus proper. But at that, parking on one side of campus drives would not increase the danger to any noticeable extent.

But even if the parking hazard was removed, there would still remain the problem of speed and driving that at times becomes reckless and dangerous. To widen the street by the elimination of parking would only increase the incentive for higher speeds.

In recent years, trucks bearing livestock, merchandise, and other cargoes have come to use Anderson avenue as an entry to the city rather than north 40 highway which necessitates the climbing of the steep hill on seventeenth street. The trucks use Anderson avenue until they come to fourteenth and then go south until they meet the highway again. By this route they lose no distance and avoid a steep climb. It is only natural that these drivers will take advantage of this Anderson route.

It would be useless to suggest that these trucks be kept off the streets near the campus. But they have been responsible for a noticeable increase in traffic. Their speed is often above that of the man in the pleasure car. The elimination of this excess traffic would help matters but since it seems rather doubtful that this can be done, we must consider more seriously the problem that confronts us.

Visibility and high speed seem to be the two outstanding items that must be considered. Both are problems that call for scientific solutions. The speed problem is probably the minor of the two but must be dealt with if the hazards are to be removed.

The addition of stop signs on the street appears as a possible solution. They would cut down speeding but at the same time they would increase the congestion. The street would be filled with slower moving cars and students would be tempted to take more chances in order to get to classes or get home on time. Stop signs would be the logical solution to the speed problem if they were placed in strategic locations so that drivers would be forced to notice them. It would be necessary that every driver see the warnings and consistent convictions would be necessary in order to enforce the regulations.

We must remember that it takes only one poor driver or one mistake to cause a disaster. The idea of stop signs would probably help the situation but they must be placed in a position so that every driver will be able to see them. And that will have no excuse for not heeding their warning.

With the worst still foremost in our minds, we would now favor about any kind of betterment of conditions. Perhaps a similar accident may happen tomorrow and perhaps nothing as serious may ever happen in our generation. It is up to us to see that chances for such accidents be removed. Proper action can be taken

by city and college officials—and in the near future. They too, must surely realize the importance of the traffic hazard which prevails.

The Violets Are Out

And the sweet williams, those long stemmed, fragrant blue flowers that grow along the creek banks, waiting to be plucked in great bunches. On the higher ground are the crab-apple trees, just beginning to bloom. The trees look a mass of reddish-pink from a short distance, but on closer inspection the green of the leaves and the brown twigs blend into a darker color. The buds are red, and folded like tiny paper lanterns, which opening, burst into pink blossoms that cover the small trees in profusion.

The redbuds are falling now, but along the dusty roads in farmhouse yards are great lilac bushes in full bloom. Away from the road and back in the shaded slopes of the pastures are violets, hundreds of them, many growing long-stemmed through the pads of brown leaves left from last fall. The leaves blow in the spring breezes and go scattering like little animals, or like ghosts of the severed hand in the famous gruesome short story. Other leaves have fallen into the little rills and lie spotted and brown, looking far down in the clear, nitrogen-charged water.

There are scores of other little flowers, whose names are known only to the botanists or to those who have seen and known them before: six-petaled white blossoms, large yellow flowers on short stems—like giant dandelions—dandelions themselves, of course, wherever there is bluegrass, sheep's sorrel, oak-buds growing from saplings, another tree filled with bloom like the crab apple, only white—hawthorn, perhaps. The Easter lilies are gone, leaving a pod nestled against the ground at the end of the long stem; unnoticed except for the two pointed leaves standing so proudly by. And the may apples—May umbrellas—are almost ready to bloom.—University Kansan.

Real Results of World Cooperation

Perhaps the failures of various projects of international cooperation loom more conspicuously than its successes, but with the occasional examples of what is accomplished by various world organizations it would be hard to substantiate the charge that no progress is being made toward international promotion of peace and cooperation.

The World court has recently handed down a decision in connection with a dispute between Norway and Denmark over certain territory in Greenland. The decision was rendered in favor of Denmark. Immediately after the decision was made known, the Norwegian premier sent a message of congratulation to the head of the Danish government and issued orders for the withdrawal of Norwegian troops from the disputed territory.

Greenland may seem somewhat remote, and the importance of Norway and Denmark as "world powers" may be deprecated, but the manner in which the affair was settled affords a prime illustration of what can be accomplished if the right spirit is present. The importance of the Greenland territory was probably relatively just as great to both countries as the importance of any disputed territory in any other part of the world over which nations continue to bicker. Of course, if Norway had chosen to go to war over the matter, she might have won title to the land.

Recently, too, the League of Nations has been granted complete authority to control the manufacture and distribution of narcotics. The matter is considerably more significant than purely because it gives prospects of eliminating the tremendous evil of dope peddling. Its real significance lies in the fact that twenty-five nations surrendered to a degree that ancient and supposedly sacred thing called national sovereignty.

National sovereignty indicates the complete independence of a state to control its own affairs. For centuries this sovereignty has been zealously guarded, and it is still a hallowed subject. Nations are inclined to peremptorily reject any proposal which seems to impinge on that sacred sovereignty.

Consequently it cannot be regarded as an important precedent when twenty-five nations surrender this sovereignty to the extent of granting the League power to dictate absolutely how much narcotics each may produce, and to control the distribution of this production.—Daily Nebraskan.

Teaching Asset a Philosophy

When a man dedicates himself to a cause he has at least two things, a plan and a philosophy. The plan is necessary; without it he could never know what he is going to do. A philosophy, though, is vital; without it he could never begin. Teaching requires these qualifications. In many cases the plan is already in operation; as a result, superintendents are placing double stress on the philosophy of the teaching applicant.

A Michigan superintendent says, "Those who approach the task as a job, sometimes to be 'worked-at' five days of the week, will find that the door to this job is closed. Those who approach the task as an opportunity, a special treat to 'work-with' and direct growing minds, will find that the door to this opportunity opens easier."

A philosophy that looks on teaching as an opportunity embodies certain fundamental principles. As an individual interested in being of the greatest service to the community, a teacher with his philosophy understands that students are products of environment and heredity. A thorough knowledge of these two factors is this teacher's first objective in making his teaching the needs of the community. This knowledge is the basis of the material he teaches, the determiner of the manner and the attitude he cultivates in presenting this material, the criterion of the quality of the work he expects of his students.

Such a teacher believes that the courses he is essentially a thinking being having and having had experiences even as the teacher. The

teacher uses this personal experience to discover the right approach to that which the student has in his heart, and thus in his mind.

Such a teacher believes that the course he is teaching are a "give-and-take" between the students and teacher, that each has something to learn from the other.

Such a teacher works on the assumption that students are individuals, not machines, and therefore not to be expected to react to one stimulus. He knows that the student is a kaleidoscope, reflecting numerous patterns.

Such a teacher understands that the student is living in a society, that a sense of social justice, of social responsibility needs to be developed in the student. That to do this the student must know certain facts and information which the teacher can best present. The student must acquire certain skills, possess ideals, have ideas, be able to think independently. All these things this teacher will find time to stimulate.

As a criterion of his own teaching, this teacher will question his own teaching technique if he has to force the student to develop these necessary traits.

Good teachers are being made now in colleges. These individuals are now roughly hewing-out the pattern of their own philosophies. A philosophy is an asset that is required. Its possession may mean the difference between having and not having a job.—Indiana Statesman.

On Other Hills

Two girls at Northwestern university recently refused appointments as cheer leaders, saying that it was undignified.

Barnard college of New York has bought a ten-acre tract of land in Winchester county for use as a summer camp for students.

Americanism: Visiting the zoo and amusing ourselves by watching the monkeys; visiting celebrities for much the same purpose.—Daily Trojan.

When professors at Amherst university delay for more than ten days in giving students their marks, they are fined a dollar for each additional day of delay.

The star freshman at the University of Chicago is a World war veteran, 36 years old, who enrolled because he could find nothing else to do.

Sophomores at Lake Forest recently went on a haircutting spree at the expense of freshmen. Seniors, needing a little pin money, served as body guards for 50 cents.

Students at the University of Minnesota are now allowed to keep beer in the dormitory, according to an announcement issued by the assistant dean of student affairs.

The better clothes bureau of the University of Utah has been so successful in its campaign to help poor coeds wear better clothing, that its activities are being extended to the men students.

Each chapter of a sorority at Oregon State college is holding a "nickel dance" for the benefit of the Y. W. C. A. The dance is an open house affair, and each guest gets a ribbon of a designated color. To get a sorority ribbon a man must dance at least once at that house.

The Snooper

The Sigma Nu party run on the varsity or Pan-Hell principle was an affair for those who go to bed early and those who are the proud owners of white shoes; most of these white shoes changed color twice during the evening—the first time was about intermission time when they were grey, after the 15-minute interlude the shoes changed again to black.

Farm House celebrated their defeat in the Ag election by having a quiet little party at some place other than their house.

The Hinkley-Knizeley battle has been at least temporarily settled in Harry's favor. He has been able to donate a Sig Ep pin to Artha Lee.

The military inspection run on the house party plan ended in a friendly visit between captains, corporals, sergeants, and other needless necessities. Nothing happened in the way of excitement except an honorary cadet colonel saluting with her left hand and the vice president of K.S.C. being the only one in step when he marched around the parade grounds with a group of officers. Now and then the silence of warfare was marred by a vet spitting tobacco juice at the shiny boots of a sergeant. The military band was, for some unknown reason, a shade better than usual—instead of playing several different tunes at the same time, they played several different parts of the same tune at different times.

Two dominating Deltas were seen boating along the Blue river lately. The motive power for the boat was furnished by two Kappa Deltas who were placed on the end of two oars in the early part of the afternoon.

Again the stewdents of KSC can dance to June Layton and his band. The first real Varsity that June has played for many moons, is going to be an "all request" affair. The amplifier and speaker system will be used by the orchestra for the circulation of music and Bob "Musclebound" Wallerstedt can use it to announce to the girls that he has arrived.

At The Theatres

AT THE VARSITY

"Elmer the Great"

Chalk up another hit for Joe E. Brown as the conceited ball player in "Elmer the Great." Although the show is essentially a comedy it has its pathetic moments, especially the scene where Joe talks over a fake microphone to his mother.

Joe as Elmer is a small town hick who shows all the big-leaguers how to play baseball. As in all sport stories, the coach allows Joe to play at the last minute to win the world series for the Cubs by knocking a home run with three men on bases.

As usual many scenes show Joe's voracious appetite, but he eventually overcomes his love for eating and takes on his great love, the village storekeeper played by Patricia Ellis. This show is recommended to Brown fans, and also to anyone in need of a good laugh. J. L.

AT THE WAREHAM

"Bondage"

Dorothy Jordan gives you a picture of a true mother's love for her child in "Bondage" at the Wareham theater, through Wednesday. Bring your handkerchief for you'll need it.

She can draw on your emotions in this picture without the least effort on your part. "Bondage" will show you how life can turn a character from strong to weak and leave it there. Dorothy begins life going straight until she trusts a man and ends up in a home where her child is taken from her and dies. From this time on, what she does or what anyone else does to her makes little difference. She is determined to take her grudge out on the world.

"Krazy Kats" soon change your mood and drive you into hysterics. The four Marx brothers, Joe E. Brown, Jimmy Durante, Laurel and Hardy, and other famous stars are cartooned in this comedy.—P. V.

AT THE DICKINSON

"Secrets"

If every woman would see Mary Pickford in "Secrets" at the Dickinson, through Wednesday, there would not be so many unhappy marriages and divorces. Mary sums up the good points of her entire career and puts them into one picture which will make her live forever.

She shows her strength of character, faith, and courage in this role. I know those words will sound trite until you have seen this picture. This first lady of the movies gives you a better understanding of life and how to live for the most that's in it.

Leslie Howard portrays the part of the weak man, easily fascinated and tempted. By Mary's faith in him and real understanding she is able to keep his true love throughout life. Even to the end when they are old they go back to the west, where they shared their hardships, to end life sharing their secrets, which are revealed at the Dickinson.—P. V.

N. U. OFFERS SCHOLARSHIPS

No Student Able to Pay Own Way May Win \$100 Awards

Lincoln, Neb.—Through the generosity of friends of the university and alumni, the University of Nebraska has available several scholarships of \$100 each.

The candidate in order to receive a scholarship must show high grade averages, industry and perseverance as well as a reasonable promise for the future. No student who is well able to pay his own way financially will be eligible for the scholarships.

Any undergraduate student is eligible to try for one of the awards. The names of the students winning the awards will be announced later in the season.

Don't miss the varsity at the Wareham Friday night.

FORTY-NINE COMPETE IN DAIRY JUDGING CONTEST

First Places Go to Miller, McCalm and Virginia Wagner in Three Divisions.

J. I. Miller, Prescott; J. E. McCalm, Emporia; and Virginia Wagner, Richmond, took top placings in the three divisions of the annual students' dairy judging contest last Saturday afternoon. The three won in the senior, junior, and girls' divisions respectively. The contest, sponsored by the Dairy club, consisted of the judging of a class of heifers and a class of cows of each of the four breeds of dairy animals: Guernsey, Ayrshire, Holstein-Friesian, and Jersey.

Miller will be awarded a silver loving cup; McCalm, a pen and pencil desk set; and Miss Wagner, a gold medal. The presentation will be made at the Dairy club meeting a week from tonight. Ribbons will be presented for the top five placings in the junior and senior divisions and for the three placings in the girls' division. A ribbon will also be awarded the high individual on each breed in each division. Other prizes consist of subscriptions to breeders' magazines and a history of the Holstein breed.

There were 49 entrants in this year's contest, 19 in the senior division, 27 in the junior division, and three in the girls' division. This is the first year that a special contest has been provided for young women.

Miller scored 1,025 points to take first place in the senior division. J. W. Taylor, Lawrence, was second with 1,023 points, and Frank Burson, Monument, was third with 993 points. Other high placings, in order, were Walter Lewis, Larned; W. S. Coblenz, Great Bend; Walter Babbitt, Willis; R. J. Cohorst, Marvsville; B. C. Kohrs, Elmo; C. M. Stay, Radley, Calif.; and C. E. Murphv, Leoti.

Miller was high in judging Jerseys and Holsteins. Stay was high on Guernseys, and Coblenz on Ayrshires.

In the junior division, McCalm scored 1,003 points. H. J. Walker was second with 998 points, and V. E. Burnett, Manchester, was third with 976 points. The next high contestants were Wayne Herring, Tullia, Texas; R. M. Mitley, Lawrence; H. A. Moreen, Salina; Royce Murphv, Norton; W. R. Smittle, Columbus; Bob Teagarden, LaCynge; and Willis Thompson, McCune.

Walker was high in judging Jerseys, Thompson in Ayrshires, Moreen in Holsteins, and Burnett in Guernseys.

In Society...

Yesterday was a great day for the army. All the boys generals and such. Prominent among that great horde engaged in military service was our own little Rex Rankin, clumping around in the gunboats the lieutenant gave him for shoes. All he had to show for his day's efforts along military lines was a torn shirt which he severed in his graceful effort to "present arms"....

"Joe College" Hinkley has again put out his pin, this time on Artha Lee Knisely. Will he never learn that women are not to be trusted?.... "Jammer" Ralph Graham was seen tripping around in his bare feet Sunday night. We hope that the "Jammer" has not outgrown his shoes, too, since his hats will no longer fit him.... "Swede" Lutz was running a temperature yesterday morning because he thought that someone had taken his pin while he was enjoying a short period of slumber the other evening. However, his usual calm was restored when his favorite blond came walking in and handed it to him....

You've all heard the old tale about the fellow's best friend who takes care of his girl. The little play has been enacted again with these characters: Alice Irwin, the girl; Gene Livingston, the trusting Delt; Phil Glunt, the wolf in sheep's clothing. After three acts two Delt pins changed places, and Livingston has just taken his last curtain call....

Just one more parting shot (a la sham battle) about the army parade and we're through. Does the general know that Sergeant Kostner dismissed his little platoon in back of the Delt house while he went in and had his afternoon repast?....

French, H. Neubauer, Bus Boyd, Dave Horchem, Rex Hankin, Cecil Arens, Horton Laude, Kenneth Conwell, Joe Eckart, Jean Willoughby, Jack McClung, Mills Brown, and Paul Schoonhoven.

Chi Omega

Weekend guests at the house were Varel Pierce, Topeka; Dorothy Wright, Kansas City, and Ruby McMichael, Almena.

Virginia Haggart and Genevieve Johnson spent the weekend at their homes in Topeka.

Charlotte Buchman spent the weekend in Clay Center.

Frances Doornbos visited in Alma Saturday and Sunday.

Margaret Gurd spent the weekend in Kansas City.

Phi Kappa Tau

Formal initiation was held Saturday night for Lorraine Johnson, Talmo; William Warner, Wellington.

Guests were: Lieutenant and Mrs. H. H. Myrah, Dr. C. L. Lefebvre, Mr. and Mrs. W. Bell, Harry Lutz, Lawrence Pratt, James Pratt, Clail Todd, Bun Wallerstedt, Abilene; Mr. and Mrs. Paul Pearson, Mr. and Mrs. Ivan Robertson, Abilene; Mr. and Mrs. Earl Crocker, Salina; Mr. and Mrs. William Smith, Cottonwood Falls; Prof. and Mrs. C. W. Colver, Mr. and Mrs. Harold Forrester, Frank Salisbury, Winifred Walker, Dean Griffith, Mr. and Mrs. C. R. Hamilton, Abilene; Mr. and Mrs. Carl Isaacson, Hugh Jones, Bill Phillips, J. V. D. Foltz, and Mr. and Mrs. L. R. Quinlan.

Doris Paulson, Wilma Reinhardt, Marie Vail, Miriam Clark, Roberta Strowig, Verna McAdams, Barbara Lautz, Marjorie Lyle, Catherine Colver, Mary Elizabeth Fleener, Weldine Middlekauff, Malena Jane Berglund, Lois Rosencrans, Gladys Skinner, Frances Jack, Miriam Davis, Lucille Johnst, Wilda McNally, Elsie Gottschalk, Jeanette Moser, Louise Rust, Ivernia Danielson, Catherine Reid, Aileen Smith, Ione Hill, Mary Emily Berryman, Fern Collins, Lucine Hudson, Margaret Seaton, Jane Harmon, Dorothy Corbelyou, Lillian Munnal, Mary Louise Hampshire, Mary Kendall, Jane White, Ellen Warren, Erma Jean Miller, Marion Crocker, Sybille Crocker, Margaret Mary Reddy, Lorene Schlimmer, Betty Heffelfinger, Betty Wagstaff.

Lucille Albright, Lawrence; Jerry Cornwell, Topeka; John Lautz, Salina; William Kronich, Salina; Scott Howard, Wichita; Bill Green, Abilene; Wayne Mellor, Abilene; Glen Meek, Floyd Miller, Norman Davidson, Marjorie Shumway, Dorothy Dearing, Grace Pichett, and Charles Sackewitz, Kansas City; Bob Schermerhorn, Topeka; Don Grace, and John Manns, Topeka; John Rallick, Kenneth Strange and Pat Powell, Hutchinson; Jack Kuhns, El Dorado; Philip James, Hutchinson; Elmo Young, and Duana Brackett, Hutchinson.

Don Porter, Maurice Du Mars, F. McMahon, Jim Corrigan, Joe Murphy, E. Stockoff, J. Vandergriff, Jean Brooks, A. Regier, Pete Pocock, J. V. Coblenz, Jay Moleke, L. C. Hoener, O. H. Douglas, R. L. Parker, Steve Vecesky, John Reinicke, G. Larson, John Myers, H. Hudiburg, Don Collins, L. Antenen,

ton; Ben Butler, Phoenix, Ariz.; and Keith Lassan, Phoenix, Ariz. Robert Rychel spent the weekend in Downs.

Pete Pocock spent the weekend in Kansas City, Mo.

Zeta Tau Alpha

Mr. and Mrs. M. H. Coe and Miss Quist were guests at dinner Sunday.

Elouise White spent the weekend in Topeka.

Florence Melchert and Elizabeth Walbert spent Sunday in Atchison.

Miss Elina Andrick, Lorraine, called at the house last week.

Miss Virginia Anderson spent Saturday at the house.

Muriel Fulton, Wichita, was called home Sunday by the sudden death of her father.

Kappa Delta

May Harland, Franklin; Alice Linn, Harrowville; Mabel Brasche, Alma; and El' Dana Stewart, Eskridge, were guests this weekend.

Marie Henney and Marjory Ramsey spent the weekend in Hutchinson.

Maxine Hardy is visiting at the house this week.

Kappa Sigma

Guests at the alumni banquet at the house Sunday were: Clarence Little, Judge R. P. Evans, Hurst Majors, Ellis West, John Correll, Ted Platt, Bus Schwartz, Evert Willis, Chester Freeman, and Roy Carr.

Alpha Gamma Rho

Everett Miller, Ottawa, was a guest Saturday night.

Phi Kappa

Jim O'Malley, Thormal McMahan,

Wayne Callahan, and Larry Froelich visited in Abilene Saturday.

Morton Fitzmorris spent the weekend in McFarlane visiting friends.

Leonard Zerull was in Topeka this weekend.

Wilda McNally was a dinner guest Sunday.

Founders Day will be celebrated with a banquet Tuesday evening at the house.

Elmer Petach was in Seneca this weekend attending a Knights of Columbus initiation.

Alpha Tau Omega

Alpha Tau Omega announces the pledging of Wayne Dexter, Waterville.

J. E. Moore, Muscotah, was a dinner guest Sunday.

Maurice Hanson and Marvin Hanson, Newton, and Barney Purviance, Milford, went home over the weekend.

Arthur Daman went to Marysville Saturday.

Beta Phi Alpha

The following girls spent the weekend at their respective homes: Mildred Aspin, Dwight; Gladys Paulsen, Onaga; and Gladys Mel-linger, Milford.

Mary Alice McCreight, Havensville, was a weekend visitor at the house.

Phi Lambda Theta

Bill Sells and Wallace Thurston were in Topeka Friday.

Russell Stewart spent Saturday in Emporia.

Alpha Delta Pi

Alice White and Margaret Madaus spent the weekend in Jewell, visiting at Miss White's home.

Mrs. Charles Oles was a dinner guest Saturday evening.

Vona Wandling spent the weekend at her home in Sharon Springs.

Donna Jean Henry, Salina, spent the weekend at the house with her sister, Fern.

Ruth Jenkins, Jewell, and Lucille Benning, Salina, are guests at the house this week.

Janice Smith, El Dorado, spent the weekend at the house visiting Doris Paulson.

Lois Darby was a weekend guest at her home.

Margaret Seaton, Fredonia, is spending this week at the house.

ton; Ben Butler, Phoenix, Ariz.; and Keith Lassan, Phoenix, Ariz. Robert Rychel spent the weekend in Downs.

Pete Pocock spent the weekend in Kansas City, Mo.

Zeta Tau Alpha

Mr. and Mrs. M. H. Coe and Miss Quist were guests at dinner Sunday.

Elouise White spent the weekend in Topeka.

Florence Melchert and Elizabeth Walbert spent Sunday in Atchison.

Miss Elina Andrick, Lorraine, called at the house last week.

Miss Virginia Anderson spent Saturday at the house.

Muriel Fulton, Wichita, was called home Sunday by the sudden death of her father.

Kappa Delta

May Harland, Franklin; Alice Linn, Harrowville; Mabel Brasche, Alma; and El' Dana Stewart, Eskridge, were guests this weekend.

Marie Henney and Marjory Ramsey spent the weekend in Hutchinson.

Maxine Hardy is visiting at the house this week.

Kappa Sigma

Guests at the alumni banquet at the house Sunday were: Clarence Little, Judge R. P. Evans, Hurst Majors, Ellis West, John Correll, Ted Platt, Bus Schwartz, Evert Willis, Chester Freeman, and Roy Carr.

Alpha Gamma Rho

Everett Miller, Ottawa, was a guest Saturday night.

Phi Kappa

Jim O'Malley, Thormal McMahan,

Wayne Callahan, and Larry Froelich visited in Abilene Saturday.

Morton Fitzmorris spent the weekend in McFarlane visiting friends.

Leonard Zerull was in Topeka this weekend.

Wilda McNally was a dinner guest Sunday.

Founders Day will be celebrated with a banquet Tuesday evening at the house.

Elmer Petach was in Seneca this weekend attending a Knights of Columbus initiation.

Alpha Tau Omega

Alpha Tau Omega announces the pledging of Wayne Dexter, Waterville.

J. E. Moore, Muscotah, was a dinner guest Sunday.

Alpha Delta Pi

Alice White and Margaret Madaus spent the weekend in Jewell, visiting at Miss White's home.

Mrs. Charles Oles was a dinner guest Saturday evening.

Vona Wandling spent the weekend at her home in Sharon Springs.

Donna Jean Henry, Salina, spent the weekend at the house with her sister, Fern.

Ruth Jenkins, Jewell, and Lucille Benning, Salina, are guests at the house this week.

Janice Smith, El Dorado, spent the weekend at the house visiting Doris Paulson.

Lois Darby was a weekend guest at her home.

Margaret Seaton, Fredonia, is spending this week at the house.

Delta Tau Delta

Russell Webb and Bob Chambers

Sunday dinner guests were Elizabeth Nabours, Rose Ethel Grimes, Justine Brening, Arlene Smith, Eula Lash, Dorothy Jane Bell, Maxine Danielson, Donna Jean Henry, Ruth Jenkins, Lucille Benning, Margaret Seaton, Janice Smith, and Jean Halstead.

Delta Sigma Phi

Walter Wilcox and Mrs. Chaffin spent the weekend in Wichita.

Rugh Tuttle was in Winfield over the weekend.

Mrs. Chaffin was in Leavenworth Thursday.

Nabours Entertain

Dr. and Mrs. R. K. Nabours entertained the members of the staff, graduate and advanced students of the department of zoology with a picnic dinner at the Country club Thursday.

Lambda Chi Alpha

Ward Colwell, Onaga, spent the weekend at the house.

Bill Dole went to his home at Almont for the weekend.

Bill Justus was in Kansas City Saturday and Sunday.

Willie Barber, Topeka, was a guest of Cliff Scott Thursday and Friday.

Sunday dinner guests were Helen Rallsback, Charles Smucker, Hutchinson; Margaret Potts, W. H. Potts, Kansas City; Isabel Potts, Katherine Potts, Paola, and William P. Riestly, Bartlesville, Okla.

Mrs. Nellie Hawthorne was in Topeka Thursday attending the convention of the O. E. S.

Phi Delta Theta

Bruce Nock, Walter Carter, and Harold Newborn were guests at the house this weekend.

Clovie

Maurine Knouse, Emporia, was a weekend guest.

Sunday dinner guests were Miss Ida Hogue and Fern Robertson.

Ethel Rosey spent the weekend at her home near Junction City.

Jessie Dean visited her sister at Emporia last weekend.

The pledges entertained the activities at a picnic at Long's park Monday evening.

Delta Tau Delta

Russell Webb and Bob Chambers

Sunday dinner guests were Elizabeth Nabours, Rose Ethel Grimes, Justine Brening, Arlene Smith, Eula Lash, Dorothy Jane Bell, Maxine Danielson, Donna Jean Henry, Ruth Jenkins, Lucille Benning, Margaret Seaton, Janice Smith, and Jean Halstead.

Delta Sigma Phi

Walter Wilcox and Mrs. Chaffin spent the weekend in Wichita.

Rugh Tuttle was in Winfield over the weekend.

Mrs. Chaffin was in Leavenworth Thursday.

Nabours Entertain

Dr. and Mrs. R. K. Nabours entertained the members of the staff, graduate and advanced students of the department of zoology with a picnic dinner at the Country club Thursday.

WHEN LINDQUIST HAD FEMININE LEAD

At the age of twelve, Prof. Wm. Lindquist (center) played the role of Yum-Yum in a Chicago production of "The Mikado." In the presentation in the college auditor-

ium Thursday and Friday, the head of the music department will be seen in the part of Ko-Ko, the Lord High Executioner. With Yum-Yum Higdon and Betty Stanley. Lucille above are Pitti-Sing (left) played

by Wilbur Roberts and Peep-Bo, played by Valle Steele. The parts are to be taken here by Margaret Higdon and Betty Stanley. Lucille Allman will be Yum-Yum.

went to Kansas City to hear Paul Whiteman.

Elmo Young and Phil Fanes of Hutchinson were weekend guests.

Don Isaacson spent the weekend in Topeka.

Charlie Nauhmie of Randolph was a Sunday dinner guest.

Edgar Temple of Wakeney is spending a few days at the house.

Phi Kappa Alpha

George Schooven was a Sunday dinner guest at the Phi Kappa Alpha chapter house.

Charles Maxwell and Chris Covington spent the weekend in Topeka.

James Epperson and Paul Rayburn were in Lincoln, Neb., Saturday and Sunday.

Alpha Xi Delta

Jerry Cornwell, Topeka, and Ruth Cook, Abilene, spent the weekend at the Alpha Xi Delta house.

Pearl Tompson was a guest for lunch at the house Monday.

Mother's Day banquet will be given May 14 for the chapter mothers.

Beta Theta Pi

Burnette Stratford, Wicks Schoolcraft, Lee Carlson, and Howard Rhoades spent Sunday in Topeka.

Jack Boyd, Topeka, spent the weekend at his home.

Mr. and Mrs. C. B. Team were guests of their son, Charlie Team, for Sunday dinner.

Phi Sigma Kappa

Clair Harris, Dale Martin, Joe Manges, C. C. Arnett, and Cecil Getty were Sunday dinner guests at the Phi Sigma Kappa house.

John Hartman and Pat Murphy spent the weekend at Jewell.

Mark Kannal visited his parents in Kansas City, Saturday and Sunday.

The Phi Sig Mother's Day banquet will be given at the house Sunday, May 14.

Delta Delta Delta

Mrs. Clara Bramwell, Belleville, is a guest of her sister, Mrs. Henry Pehling, at the house.

Mrs. Ruth Burns and Miss Esther Hyatt, Wichita, were guests at the house Sunday and Monday.

Weekend guests included Arlene Galbreith and Josephine Dalton, Ottawa; Paula McDaniel, Topeka; and Fern Gaston, Randolph.

Thelma Williams, Caldwell, arrived Saturday to spend a few days at the house.

Misses Katherine Anne Reinhardt,

Mary Hawes and Marion Wilson, Sabetha, were guests at the house Sunday.

Saturday evening dinner guests were Lucille Correll and Lydia Green, Hoyt.

Mr. and Mrs. J. B. Heffelfinger, Miss Ella Johnson, S. P. Schlag, Newton, visited Betty Heffelfinger Sunday.

Compulsory attendance at Sunday school is used as a disciplinary measure at the University of Colorado, according to the DePaw.

HAVE NO ACTIVITY FEES

TRACK STARS OF WIDE REPUTE HERE SATURDAY

Cunningham of K. U. and Lambertus of Nebraska Will Be Noted Athletes in Meet

A galaxy of conference champions will be here Saturday afternoon in a triangular track meet between Kansas State, Kansas university, and Nebraska university. Most of the outstanding track men of the conference will be in action.

One of the outstanding of these will be Glenn Cunningham, the University of Kansas' star miler, and the conqueror of Gene Venzke and Glenn Dawson. Cunningham is undoubtedly the conference's distance runner, who will probably compete in the half mile and the mile. He is the indoor champion of 1932 and 1933 in the mile. Another conference distance champion is Don Landon of Kansas State. Landon is the 1933 indoor two-mile winner.

Nebraska will bring a star sprinter here. He is Heye Lambertus, winner of the indoor sprints and low hurdles, and also conference champion in the 220-yard high hurdles. Another Nebraska champion is Blaser, 1932 outdoor two-mile winner.

A great Jayhawk hurdler who will compete here is Raymond Flick, winner of the 120-yard high hurdles in 1932, and again in 1933.

Gray in the broad jump and Roby in the pole vault are other Nebraska stars.

Besides these there will be several others on each team who have won places in the big meets last year and so far this year.

WIN THREE PLACES AT DRAKE

Two Seconds and a Third in Track Compare Well With Competing Schools

The Kansas State track team came home from the Drake relays with two seconds and one third to their credit. The meet was held in Des Moines last Friday and Saturday.

The Wildcat medley relay team came in second to Indiana with a time of 10:20.6. This was 6.8 seconds faster than the team ran it in winning the event at the Kansas relays the week before. Two of the four Indiana runners, Fuqua and Hornbostel, were members of the United States Olympic team last year.

In running the anchor mile for Kansas State, Landon was faced with a difficult task. He started his mile 80 yards behind Watson of Indiana and gradually cut down his distance coming, from fifth to second place and almost catching Watson at the tape. Landon ran his mile in 4:17.6. Other runners on the medley relay team were Darnell, 880; Castello, 440; and McNeal, three-fourths mile.

The two mile quartet came in second to Iowa State, the same team which won the event at the Kansas relays. Hostettler, Darnell, McNeal, and Landon ran the two miles in 7:54.

The third place was won by Captain Emmett Breen in the hop, step, and jump. Breen's distance was 44 feet 9 1/2 inches.

The shuttle hurdle relay team got off to a bad start. Spring fell at the tenth hurdle of the first section, and Schmutz, in trying to make up the distance, overran a hurdle and had to run around the next one to avoid a bad spill. This disqualified the team.

Kansas State's placings compared fairly well with those of the other conference schools. Nebraska won second in the half mile relay, second in the broad jump, and fourth in the discus. Kansas university placed first in the shot put and fourth in the hurdles. Iowa State got a first in the two mile relay. Oklahoma tied for second in the high jump, won a second in the javelin, a third in the broad jump, and a third and fourth in two other relays.

Women's Sports

The sophomores seem to be the hottest and fastest of the women athletes. At least, they came out with the largest score in the inter-class track meet. They had a total of 23 points. The juniors were second with 15 points, and the freshmen third with 13 points. The seniors scored three points.

The comparative rating in the various entries is as follows:

Freshmen, high jump, 5; discus, 1; javelin, 1; dash, 3; basketball throw, 3; total, 13.

Sophomores, high jump, 4; discus, 5; dash, 3; broad jump, 6; basketball throw, 5; total, 23.

Juniors, discus, 3; javelin, 5; dash, 3; broad jump, 3; basketball throw, 1; total, 15.

Seniors, javelin, 3; total, 3. Class teams probably will not be announced until at the banquet.

Intramural baseball games played so far have been won by these groups: Phi Omega Pi from Zeta Tau Alpha, Van Zile hall from X Team, Alpha Delta Pi from Kappa Delta, Van Zile hall from Beta Phi

Alpha, Neophyte from Tri Delta, Alpha Xi Delta from Winners, Beta Phi Alpha from Chi Omega, Kappa Kappa Gamma from Clovia, and Alpha Xi Delta from Pi Beta Phi.

Temporary new members of the Bit and Bridle Riding club as a result of recent tryouts are: Wilma Cook, Ash Valley; Virginia Wagner, Richmond; Lois Lewellen, Marion; Geraldine Hammond, St. John; Jane Whyte, Wallula; Jane Harmon, Manhattan; Leona Schultz, Manhattan; and Jean Sullivan, Manhattan. Election of officers was held last night at five.

WIN LAURELS AT CHICAGO

Roberts and Griffith Capture Third Places in National A. A. U. Wrestling

The Kansas State three-man wrestling team won two third places in the national A. A. U. tournament in Chicago last weekend. The two grapplers to place were Captain June Roberts and Captain-elect Paul Griffith.

Roberts went through his competition to reach the finals, in which he was defeated by George Belshaw of Indiana university. In the semi-finals Roberts won from Merrill Prevost of Iowa State, who had previously defeated him in the Big Six tournament, and who had won the national collegiate title. They were in the 155-pound class. Roberts had his shoulder knocked down in one of his tournament matches.

Griffith lost out in the semi-finals to Milton Andes of the Baltimore Y. M. C. A., in the 125-pound division. Everett Hinz was eliminated in the first round.

The Wildcat wrestlers made the trip to Chicago in Hinz's plane. Hinz is a licensed pilot and mechanic.

Men's Intramurals

The baseball intramural schedule has been broken by the R. O. T. C. military inspection. Games will be resumed tonight in the playground division and Friday in the hard ball division. A postponed Aggie Knight and W. F. A. C. hard ball game will be played tonight.

The playground games Thursday are: Farm House vs. Pi Kappa Alpha, NW diamond; Phi Kappa vs. Acacia, SE diamond; and Tau Kappa Epsilon vs. Phi Lambda Theta, varsity diamond. In the hardball division Friday, Sigma Alpha Epsilon will meet Delta Tau Delta. NW; Beta Theta Pi vs. Phi Sigma Kappa, NE; and Sigma Phi Epsilon vs. Alpha Gamma Rho, SE diamond.

The Aggie Knights won from Alpha Gamma Rho 6-5 and Kappa Sigma defeated Phi Sigma Kappa 4-3 in hard ball competition Thursday.

Some changes were also made in the intramural tennis matches due to the R. O. T. C. inspection. Tennis singles were extended until tonight instead of last Saturday. Second round tennis doubles are also due to be played tonight and third round doubles must be played by Saturday, May 6.

END SPRING GRID DRILL WITH A GAME AT K. U.

Lindsey Pleased With Showing of Next Fall's Football Material

Lawrence, Kan., May 1.—Football material for the fall of 1933 for the University of Kansas was given a try-out, and some of the new football rules were tested in a full-time game Friday afternoon between sections of the K. U. squad. The game, which closed the spring football practice season, was fairly even, but the Blues got away to a couple touchdowns, while the Golds failed to score, in spite of some good passing work, and a preponderance of first downs.

Ernest Casini scooped up the ball on a blocked kick and ran 30 or 35 yards for a touchdown. Officials and coaches argued a bit about the play, but it was found the new rules sanction such procedure when the ball touches a member of the kicking team before it comes into possession of the receiving team.

The Blues' other score resulted from a pass by Eugene Manning, caught by John Peterson, of Winfield, who ran 75 or 80 yards with Gold players in close pursuit, but unable to overtake him.

Comparatively little distance was made from scrimmage, and a goodly share of the passes went wild. The Blues intercepted three passes, and the Golds two. Punters were frequent, totaling 260 yards for one team and 190 for the other.

In spite of the hot afternoon, the game was played rapidly, and there was little time taken out.

Cochman Adrian Lindsey expressed himself as well pleased with the showing of material that will be available for next fall's team.

MORE GET CUT PRIVILEGES. East Lansing, Mich.—A total of 313 students are taking advantage of cut privileges with a "B" average at Michigan State this semester. This is an increase of 47 over the number last semester.

HELM, WATER COLORS AND PRINTS ON DISPLAY

Both New and Familiar Works of College Artist Being Seen Now at Architectural Hall

A versatile range in subject matter and media characterizes the exhibition of prints and water colors by John F. Helm, Jr., which will be shown in the department's gallery for the next two weeks. Thirty-seven prints, including etchings, dry-points, aquatints, block prints, and wood engravings, portray scenes drawn from Kansas, Colorado, eastern United States, and Europe.

Some of the prints are new, never having been shown before, while others have appeared in such notable exhibitions as those of the National Academy of Design and the American Society of Etchers, both in New York City; the Philadelphia Art Alliance and the Philadelphia Art Alliance Circulating Picture Club, Philadelphia; the Washington Water Color Society, Washington, D. C.; the Midwestern Artists Exhibit, which shows annually in Kansas City; the Prairie Print Makers' traveling exhibitions; and the Northwest Print Makers, Seattle.

Those of the art enthusiasts who are lovers of color will delight in the water colors of the collection, twelve in number, all of which are new and have been drawn from local scenes.

Professor Helm has been a member of the architecture department faculty since his graduation from the fine arts school of Syracuse university, Syracuse, N. Y., in 1924. He has studied with Montague Charman, the English water colorist, at Syracuse, and with Dr. Birger Sandzen at Lindsborg. During the summer of 1927 Professor Helm travelled and studied in Europe.

Water color is his favorite medium, although he has worked with both oil and prints. Of his print media, his preference is the aquatint.

Professor Helm's collection gives promise of bringing many visitors to the gallery during the next two weeks, as his past exhibitions have proved very popular, and have gained him a following of art lovers.

QUILL SESSIONS ARE OPEN

Public Is Invited to Convention Saturday of Kansas Runes of Writing Society.

The public is invited to attend the sessions of the Quill club convention to be held at the college next Saturday, according to Veva Brewer, chancellor of the Kansas State chapter.

At this time the Kansas State chapter will be host to runes of the state including representatives from the organizations at the University of Kansas, Washburn college, and College of Emporia.

According to the plans announced by Kathleen Fields, chairman of the program committee, registration for the visiting members will take place at 11:30 Saturday morning.

The afternoon session will be held in Calvin 58, beginning at 1:30. Prof. Ada Rice of the department of English will welcome the out-of-town Quill representatives. Dr. E. M. Hopkins of the department of English at University of Kansas and founder of Quill club will give the response. Both the welcome and

ALL STUDENTS WELCOME

Livestock Judging Contest Is Open and Free to Anyone Caring to Enter.

No entry fee is to be charged for the students' livestock judging contest next Saturday afternoon, May 6. The annual contest, sponsored by the Block and Bridle club, is open to any undergraduate in the college who has not represented the school in intercollegiate competition. This year's event is the first free contest of its kind ever to be held at Kansas State.

The contest consists of judging the four main classes of farm animals—beef cattle, horses, swine and sheep. It is divided into a senior division for those who have had advanced judging work, and a junior division open to all who have not had advanced work. Reasons will be given orally in the senior division and written in the junior division.

Prizes in the senior division include a gold medal, donated by the national office of the Block and Bridle club, for first place; bronze medals donated by the local club for second and third places; and more than a dozen subscriptions to

farm and breed magazines for other placings.

A silver trophy cup, donated by the American Royal Livestock show, will be awarded the first place winner in the junior division. Bronze medals will be awarded the second and third place winners and ribbons will be presented for the top five placings in each of the four classes.

Prof. F. W. Bell, coach of the Kansas State livestock judging teams, will supervise the contest. He will be assisted by the following members of this year's team: E. C. Coulter, Willis; John I. Miller, Prescott; G. R. Munson, Junction City; L. R. Daniels, St. Francis; and H. A. Daily.

Something to Say

not just saying something

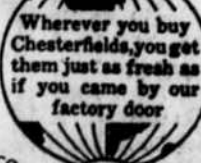

A friend of CHESTERFIELD writes us of a salesman who had "something to say":

"I dropped into a little tobacco shop, and when I asked for a pack of Chesterfields the man smiled and told me I was the seventh customer without a break to ask for Chesterfields. 'Smoker after smoker,' he said, 'tells me that Chesterfields click... I sell five times as many Chesterfields as I did a while back.'"

Yes, there's something to say about Chesterfields and it takes just six words to say it—"They're mild and yet they satisfy."

they Satisfy

RUSH RULES FOR NEXT FALL MADE MORE STRINGENT

HOURS FOR SEEING RUSHEES ARE LISTED UNDER REGULATIONS.

RESTRICT THE SORORITIES

Invitation to Formal Dinner Cannot Be Issued Until Thursday of Rush Week—Make Two Dates Early.

Changes in sorority rush rules were made yesterday in a meeting at recreation center of Senior Women's Pan-Hellenic, and presidents, rush captains, and members of each sorority.

Rushing will be permitted only at the sorority houses and only during the rush functions listed on the rush card. The organizations will be permitted to see the prospective pledges from 2 to 5 p. m. and 7:30 to 10 p. m. on Wednesday, September 6; from 11:30 a. m. to 1:30 p. m., 2:30 to 5 p. m., and from 7 to 10 p. m. on Thursday; and from 11:30 a. m. to 1:30 p. m., 2:30 to 5 p. m., and from 7 to 10:30 p. m. on Friday.

However, the sororities are permitted to talk over the telephone to any rushee from 2 to 10 p. m. Wednesday, from 9 a. m. to 10 p. m. Thursday, and from 11:30 a. m. to 10:30 p. m. Friday. Last year rushing was permitted from the first function of each day through the intervals to the last and telephoning was only from 9 to 11 p. m.

Another change, previously made, is that an invitation for the formal dinner is not to be given nor is to be taken by the rushee before 9 a. m. Thursday of rush week. This is to have at this last function only the girls the sorority is interested in and the rushee is to accept the date with the sorority of her preference. Splitting the date is not prohibited but with this new rule and understanding the rushee probably will not accept two. Last year this formal date could be signed at any time.

Invitations to promise to pledge, issued according to the system of preferential bidding, will be called for by the rushee at Dean Van Zile's office, Saturday, September 9 at 3 p. m. Last year they were not given out until 6 p. m. which made it late to plan the dinner for the ribbon pledges.

Formal pledge services by chapters will not be held until Monday after fall enrollment because it is impossible to get the permits through the registrar's office before that time.

A rushee may not accept, on her rush card, more than two dates, besides the Panhellenic tea, with any one sorority until rush week begins. This clause of the rushing rules was stressed so as to afford each rushee an opportunity to have some rush dates open for a larger number of sororities before rush week. There is no limit after this time except the formal dinner.

Miss Grace Derby, Senior Women's Panhellenic advisor, placed extra emphasis upon the rules prohibiting sororities from seeing rushees outside of rush functions in their houses, getting dates for them or double dating, and making train dates with the prospective members.

"If we don't all enforce these rules," Miss Derby said, "then there is no use in having them."

ELECT WOMEN JOURNALISTS

Theta Sigma Phi, Professional Group, Will Pledge Nine Next Monday Afternoon

Election of eight women journalists to Theta Sigma Phi, women's professional organization, was announced last night by Mayrie Griffith, fifth, president. The group consists of women students of at least sophomore standing who have shown special journalistic merit.

Pledging services will be held at a tea given at the home of Miss Helen Hostetter, assistant professor of journalism, Monday afternoon.

Those to be pledged are: Gertrude Blair, Junction City; Charlotte Buchmann, Clay Center; Jessie Dean, Princeton; Margaret Easterday, Greeley, Colo.; Ruth Thomas, Baxter Springs; Winifred Wolf, Ottawa; Mary Whitelaw, Kingman; Esther Wiedow, Spearville; and Oma Bishop, Abilene who was elected last fall.

CONGOS GIVE DINNER FOR THEIR SENIORS

Annual Banquet Will Be May 9 With Dr. J. E. Ackert Giving Principal Address

The annual senior banquet of the Congregational church will be held next Tuesday, May 9, at the church. Dean J. E. Ackert of the division of graduate study is to be the principal speaker. Toasts will be given by college students, and also by a high school senior. Clara Bess Garrison, Lincolnville, will be toastmaster.

HAMILTONS INITIATE EIGHT

Six Towns Are Represented in Group Entering Literary Society Eight new members were initiated into the Hamilton literary society Monday night. They are: Earl Parsons, Winfield; R. B. Kendall, Dwight; Lee Madsen, Corbin; Val Sillett, Downs; Gerald Lake, Manhattan; Edward Millenbruck, Herkimer; Wayne Trittsler, and W. W. Wilson, Manhattan.

GEOLOGY SUMMER CAMP A RESTFUL EDUCATION

Prof. A. B. Sperry Will Spend His Eleventh Year at Science Lodge in Colorado

Prof. A. B. Sperry is making plans for his eleventh year at the Science Lodge Mountain laboratory. He has been a professor in geology there since a year after the laboratory was established in 1921.

Although there are usually two students from Kansas State who take part in the Colorado field trips, no one has gone to see Professor Sperry about it this spring. The headquarters are at Science Lodge on the flank at Mount Niwot, an outlier of the Snowy range, close to the Continental Divide, and 28 miles from Boulder. The "lodge" now comprises a group of three buildings for laboratory, collections, library, class rooms and study; and a hall for the social use of the students and the staff.

Twenty-four cottages provide living quarters; and an excellent kitchen and dining hall, bath houses and laundry complete the physical plant. The camp is at an elevation of 9,500 feet, and is adjacent to the University camp, maintained by the University of Colorado for summer recreation and as a starting point for excursions into the surrounding mountains. The Rocky Mountain National park lies a few miles north of the camp.

The foothills and the snow range with rugged peaks, glaciers, streams, lakes and forests threaded with roads and trails, afford exceptional opportunities for the study of many phases of geology and biology. Botany has also been added to the list of studies offered.

"The average attendance is about 25 students a term," Professor Sperry said. "Students from every part of the country attend."

There are two terms, according to Professor Sperry. The first term is from June 19 to July 21, while the second term is from July 24 to August 25. The terms are equivalent to about one-third of a semester's work. There are enough courses offered to enable a student to obtain a master's degree at the university camp.

"The fee is \$115," said Professor Sperry. "That includes all of the expenses. The camp owns its own buses and during the five weeks period, four or five 100-mile trips are taken. One trip is to Estes park and the party stays there over night. The \$115 includes these field trips, furnished cottages, board, and all expenses that might come up, except notebooks and supplies and such as that."

Professor Sperry is the only professor from Kansas at the university camp. There are three professors from the University of Colorado, one professor from Knox college, and one from North Central college.

ITALIANS REQUEST BULLETIN

Makers of Famous Racing Cars Ask Information on Wind Resistance

The Fiat Automobile company at Torino, Italy, has written Prof. L. E. Conrad, head of the department of civil engineering, a letter requesting bulletin No. 18 on "Atmospheric Resistance of Motor Vehicles," by Professor Conrad and Prof. E. R. Dawley. The Fiat company is one of the large European makers of automobiles and also the manufacturer of the famous Fiat racing cars.

The engineering experiment station has conducted exhaustive tests on wind resistances and has attracted attention from numerous sources which were interested in the results obtained, but this is the first request to be received from Italy. Other foreign countries have also requested these bulletins.

CURTAIN UP ON MIKADO'S THIRD SEASON ON HILL

COMIC OPERA RETURNS HERE FOR ANOTHER PRODUCTION UNDER LINDQUIST

TWO PERFORMANCES TODAY

Music Department and Chamber of Commerce Cooperate in Making Possible Favorite Gilbert and Sullivan Show

"The Mikado" opened its third season at Kansas State college last night with the first of three performances being given under the direction of Prof. William Lindquist, head of the music department.

The comic opera will be repeated at 2:45 this afternoon and 8:15 this evening. It is being sponsored by the college department of music and the Manhattan Chamber of Commerce.

School children who wish to go to the matinee this afternoon are being excused from classes. The afternoon price is 15 cents for both grade and high school students. College students are being admitted to any performance for 35 cents.

A chorus of 53 and a 24-piece orchestra, directed by Prof. Lyle Downey, are featured.

Scenery for the production has been painted by Niles Resch, who reproduced designs from actual Japanese prints and color plates. Resch received his master's degree in architecture from Kansas State last year.

The cast is composed of Lucille Allman, who plays the part of Yum-Yum; Petti-Sing, and Peep-Bo, her sisters, and wards of the Lord High Executioner, Margaret Higdon and Betty Stanley; Richard Herzog, who is Nanki-Poo; James Chapman, the Mikado; Frank Myers, Nee-Bo; Harry Hincley, Pooh-Bah, the shrewd statesman; Cora Oliphant, Katisha, and Professor Lindquist, who plays the part of Ko-Ko, Lord High Executioner.

The two previous productions of "The Mikado," both under the direction of Professor Lindquist, were in 1923 and 1928.

"I like to do the Gilbert and Sullivan operas," said Professor Lindquist. "Gilbert, you know, did for the comic libretto exactly what Wagner achieved for the tragic, that is—a new synthesis based upon a fresh outlook. His characterizations are excellent. Pooh-Bah in 'The Mikado' is one of his most effective creations. Unlike so many of the comic opera writers Gilbert and Sullivan always have a well defined plot—not just song and dance loosely connected."

"And the music is lovely. From the opening chorus to the final curtain, 'The Mikado' is full of melody and excellent orchestration."

PRIZES INTEREST JUDGERS

All Students May Enter Contest Tomorrow Without Paying Any Entrance Fee

Attractive prizes offered "with no strings attached" are expected to interest a larger than usual number in the annual livestock judging contest sponsored by Block and Bridge. The contest is scheduled for 12:45 Saturday afternoon.

A total of 41 prizes are to be awarded as follows: Senior division—first prize, National Block and Bridge gold medal, ribbon, and a three year subscription to the Weekly Breeder's Gazette; second and third, Block and Bridge silver medals and ribbons. Ribbons will also be given for the fourth and fifth places.

Junior division—First, silver water pitcher given by the American Royal Livestock Show; second and third places, medals. Ribbons will also be given for the first three placings of each of the four classes of livestock.

A Royal Purple rosette ribbon will be awarded to the high individual of the contest, and subscriptions to fourteen breed magazines will be given to high individuals of each of the four classes of livestock of both the junior and senior divisions.

President Roosevelt was chosen the most popular living person recently at Santa Barbara State college, Lincoln led the list of past personages.

SCOUTING GROUP NOMINATES

Max McCluggage and Paul Gibson Are Up For Grand Master

At the regular meeting of Alpha Phi Omega, national honorary Scouting fraternity, the following members were nominated for chapter officers for the fall semester of 1933:

Grand master, Max McCluggage, Manhattan, and Paul G. Gibson, Chanute; for deputy grand master, Donald White, Kansas City, Mo., and Ronald Brebner, Manhattan; scribe, Dale Garvey, Waverly; Gene Roper, Atchison; treasurer, Paul Gibson, Chanute and Wayne Webster, Manhattan; sergeant at arms, Ronald Grebner, Manhattan; Gene Roper, Atchison, and John Wadham, Marysville; senior faculty advisors, R. O. Pence, L. E. Washburn, C. V. Williams. The balloting will be by mail by May 12 and the officers will be announced at the annual spring banquet at the Hotel Wareham on May 17.

HIGH SORORITIES TO BE CITED FOR SCHOLARSHIP

Silver Basket Will Go To House With Best Average for Year—Honor Others.

Recognition of superior scholarship among organizations will be made at the formal scholarship banquet to be given by the City Women's Pan-Hellenic in the Gillette hotel at 7 o'clock, Saturday, May 20.

The silver basket will be awarded to the sorority having the highest scholarship for the spring semester of last year and the fall semester of this year. The entire winning chapter will be given invitations to attend. This chapter keeps the trophy in its house until the next year at this time when it will be awarded again.

If they can win it three consecutive years the silver basket is theirs permanently. The Alpha Delta won the last one three years straight and kept this one for two and a half years when they lost it to the Pi Beta Phi chapter last year.

In each sorority the four actives and two spring initiates, highest in scholarship, will receive honorable mention at the banquet. The highest of the actives and the highest of the pledges will receive special recognition along with those elected to the scholarship organizations of Omicron Nu, Phi Alpha Mu, Mu Phi Epsilon, and Phi Kappa Phi at the college. The chapter having no failures for the semester will be given mention. Four alumni from each of the organizations will be invited to attend this annual affair.

The entire program has not yet been completed by the council and a list of the students who are honored with an invitation to attend will be announced next week by Mrs. Lucille Rust, vice-president. Miss Emma Hyde is president and Mrs. H. M. Heberer is secretary of the council.

PLAY DAY FESTIVITIES

WILL BE RAIN OR SHINE

If Weather Is Bad, Guests From Other Schools Will Be Entertained Indoors.

"Rain, rain, go away, Kansas State wants to play!" That is the song and the prayer of members of the Women's Athletic association who are expecting delegates from four other Kansas colleges here this weekend for Play Day.

However, according to Miss Lorraine Maytum, of the physical education department, if the weather continues to be stormy, no one will be disappointed, and Play Day will be held in the men's gymnasium. Volleyball, tennis, stunts, dancing, and swimming are sports the guests will enjoy rain or shine.

Approximately forty girls from Kansas university, Washburn, College of Emporia, and Emporia State Teachers college are expected to arrive Saturday morning and will spend the day as guests of the Kansas State W. A. A.

Play Day is to have an Indian pow wow as its theme, and the idea will be carried out during the day's activities, which in addition to the sports, challenges, and games, include a luncheon, social dancing, awarding of prizes, and a tea.

Registration will be at 9 o'clock tomorrow morning in the women's gymnasium. All Kansas State women, whether or not they are W. A. A. members, are invited to take part in the day's program. There is a small charge for the luncheon and tea, but registration is free.

The remainder of the activities is free. W. A. A. promises a lot of fun, a chance to take part in a favorite sport, and an opportunity to meet women from other schools.

TRIANGULAR MEET TO DRAW BIG SIX STARS TOMORROW

KANSAS UNIVERSITY, NEBRASKA, AND KANSAS STATE ATHLETES ARE FEATURED

THREE-IN-ONE TRACK AFFAIR

Duals Between Wildcats and Jayhawkers, Cornhuskers and Jayhawkers, Are Included in the Big Carnival

With such track stars as Cunningham, Kansas university; Landon, Kansas State; and Lambertus, of Nebraska, featured in the triangular track meet to be held tomorrow afternoon at Memorial stadium, track fans may anticipate the best track meet which has been held in Manhattan for several years. The triangular meets between Nebraska, Kansas State, and Kansas university were held during 1926, '27, and '28, but have been discontinued since 1928. Plans are being formulated to make this an annual event from now on.

In the four meets held previously Kansas university has won once, while Nebraska has won the rest. Kansas State has never taken more than third place. Kansas State totals tomorrow should, however, be considerably more than ever before. This is not necessarily predicting that the Wildcats will take more than third place this year.

Dual Meets Included This meet is unique in that it is not only a triangular affair, but also two dual meets in one, the one afternoon's events constituting the equivalent of three meets. As well as the triangular meet dual meets between Kansas university and Kansas State, and Nebraska and Kansas university are featured.

Events will be run simultaneously for the three meets with each event being run only once. The meet will begin at 1:30 o'clock.

Many outstanding Kansas relays and Drake relays stars are entered and some of them are:

Hall of Kansas university, who won the 100 yard dash at the Kansas relays; and Lembertus, 60-yard indoor champion, who took third in the 100 yard dash at the Kansas relays. Both the 100- and 220-yard dashes will probably be between Hall and Lambertus with Hall favored to win. Lee, Nebraska; Going, Kansas State; and Plumley, Kansas university, are other possible point winners in the sprints.

Many Close Races In the 440 yard dash Darnell, Kansas State, is the only Wildcat who entered and placed in the indoor meet in this event. Costello, Kansas State, has been running better in the last two weeks than ever before in his collegiate career.

Roberts, Nebraska, is favored to win the 440. If Coach Henry F. Schulte, of Nebraska should decide to keep Lee out of the sprints and (Continued on page four)

NEW SOUND SYSTEM AT THE VARSITY TONIGHT

Layton and Band Will Introduce Use of Amplification at Dance At Wareham

June Layton and his orchestra will furnish music for the varsity that is being held in the Wareham ballroom tonight. This is the first varsity in over a month due to a full party schedule at the ballroom and with all available orchestras.

An added feature of tonight's party is the introduction of a new sound amplification system which has been purchased by Layton and his band. The loud speaker system is one which is manufactured to suit the needs of a dance band which features specialty acts and vocal parts.

With the new sound system in operation, the voice of the vocalist will be heard with ease in all parts of the ballroom. The system is an aid to the singer too in that he or she will not be required to strain their voices in order that they can be heard from the band platform.

The amplification system was purchased by the orchestra several months ago but this is the first time that it will be used in the local ballroom. They have made several experiments with the apparatus in out of town engagements.

The varsity tonight will start at 8 o'clock and will last until 12. The party is authorized by college authorities and the admission price will be one dollar plus tax.

MUST PROTECT BLEACHERS

Indiana Student Newspaper Finds Supporters for Plan.

Bloomington, Ind.—Five campus organizations have joined with the Indiana Daily Student, the Indiana university newspaper, in a campaign to erect a screen in front of the bleachers to protect fans when the university baseball team plays in Bloomington.

In order to gather funds for the purchase of the screens, the organized body, is sponsoring a benefit baseball game between the alumni and varsity nines of the university. Proceeds from the game and concessions will be used to purchase the netting for protection of spectators in future games.

Upperclassmen at Roanoke college have organized a club for freshmen. The frosh must swallow a live gold-fish before they can join.

QUILL READY FOR CLUBS FROM ALL OVER KANSAS

Founder of College Writers' Group Will Be Outstanding Leader of Meeting Tomorrow

Final arrangements were made for the convention of Kansas Quill clubs, which will be held at the college tomorrow, at a meeting of the local organization last night. This will be the first all-state meeting of the honorary writing organization for the purpose of discussing creative literature. It will include representatives from the Quill clubs at the University of Kansas, College of Emporia, and Washburn college.

According to Miss Kathleen Fields, chairman of the program committee, registration for visiting members is scheduled for 11:30 tomorrow morning in room 58 of Calvin hall. Following a luncheon at the college cafeteria the members will meet in room 58 of Calvin hall at 2:00 where the out-of-town guests will be welcomed by Professor Ada Rice of the department of English.

Dr. Edwin M. Hopkins, head of the department of English at the University of Kansas and founder of the American College Quill club, will give the response. Both the welcoming addresses and the response will be given in Old English dialect.

Prof. H. W. Davis, head of the department of English here, will be the principal speaker of the afternoon session. Professor Davis' subject will be "Poetry in Kansas."

Marguerite Davies, student at the University of Kansas, will talk on "Rune Problems." The remainder of the afternoon session will be devoted to roundtable discussions of creative literature. Professor R. W. Conover of the department of English will have charge of the play writing group; Helen Sloan, the poetry session; Professor Rice will lead the short story writing discussions.

An afternoon tea complimentary to the visiting Quill members, is being arranged by Charlotte Buchmann, member of the local organization.

Veva Brewer, chancellor of the Kansas State chapter, said that the public is invited to attend the convention meetings.

Features of the evening program will be a dinner in the Crystal dining room of Hotel Wareham and initiation services for candidates newly elected to Quill.

Four Kansas State students and several out-of-town candidates will be initiated into the organization with Doctor Hopkins acting as master of ceremonies. The Kansas State group includes: Patricia Paff, Sedgwick; Paul C. Perry, Fredonia; Stanley Morris, Paxico; and Mary Elizabeth Rust, Manhattan.

COLLEGIAN'S SECOND ANNUAL PICNIC SOON

All Journalists Are Invited to Frolic Sponsored by Two Professional Groups

All students of the department of journalism are invited to attend the second annual Collegian picnic, to be held Tuesday, May 9. The journalists will meet at Kedzie hall, leaving there at 5:30 in cars.

Those who plan to go are asked to sign the list in the journalism practice room and secure tickets at twenty cents each from Mayrie Griffith or Ken Harter.

A. V. M. A. HEARS NEBRASKAN Dr. Frank Breed of the Norden laboratories, Lincoln, Neb., was the speaker at the Junior A. V. M. A. meeting Thursday evening. Doctor Breed spoke on the evolution of the veterinary profession, different subjects studied by the veterinary of today, and the manner in which the modern practitioner should conduct himself.

HONOR TO SCHOLARS IN ASSEMBLY FOR TENTH ANNUAL RECOGNITION

STUDENTS OUTSTANDING IN SCHOLARSHIP IN ALL FIELDS OF ENDEAVOR WILL BE ACCORDED MENTION THIS MORNING

DEANS WILL PRESENT NAMES IN THEIR DIVISIONS

Announcement of New Members of Mortar Board Will Be Culminating Event; Prizes and Medals to Be Awarded

Students excelling in scholarships in all divisions of the college will be honored this morning in Kansas State's Tenth Annual Recognition Day program at 10:15 o'clock, the regular assembly hour.

Recognition Day does not include recognition of spring members of Phi Kappa Phi, national scholastic fraternity, as a special annual day is observed for Phi Kappa Phi during the fall semester.

A high point of the assembly will be the announcement of new members of Mortar Board, national senior women's honorary. Selections were made recently from junior women and kept secret until today.

Mortar Board members are chosen for scholarship, leadership and general excellence. Dean E. L. Holton of the summer school will preside this morning. The dean of each division will announce the students in his division cited for outstanding work or elected to honorary societies. Two assistant deans will represent their divisions. Assistant Dean Margaret Ahlborn acting for Dean Margaret Justin of the division of home economics; and Assistant Dean M. A. Durland for Dean R. A. Seaton of the division of engineering.

DIVISION OF AGRICULTURE Intercollegiate Judging Live Stock—Earl Coulter, Willis; Laurence Daniels, St. Francis; John I. Miller, Prescott; Gaylord Munson, Junction City; Gross Paces, North; Arthur Thomson, McCune.

Meats—Laurence Daniels; Harold Kugler, Abilene; John I. Miller; Gaylord Munson. Dairy—Orville Denton, Denton; Pius Hostetter, Harper; Wayne Jacobs, Harper; Gross Paces, Norton. Dairy Products—Harley Chilson, Oberlin; Harry Coberly, Gove; Floyd Davidson, Madison; Wilfred Pine, Lawrence.

Crops—Lester Chilson, Oberlin; Herbert Clutter, Larned; Andrew Erhart, Timken; Glenn Fox, Rozel; Orville Denton, Denton; Thomas Hall, Manhattan. Poultry—Thomas Avery, Coldwater; Clarence Anderson, Richmond; Raymond Harper, Manhattan; Gilbert Moore, Louisburg; Jerrold Wardell, Plattville, Colo.

Apple—Erwin Abmeyer, Grantville; Phares Decker, Holton; Y. S. Kim, Shanghai, China; Leonard Patton, Manhattan.

Elections to Honorary Fraternities Gamma Sigma Delta—Erwin Abmeyer, Grantville; Boyd Cathcart, Winchester; Herbert Clutter, Larned; Orville Denton, Denton; Andrew Erhart, Timken; Glenn Fox, Rozel; Everett McNay, Clay Center; John I. Miller, Prescott; John Roberts, Manhattan; Luke Schrubben, Dresden; Elmer Finke, Manhattan; Harlow Hudson, Manhattan; William Lindley, Vicksburg, Miss.; Richard Turk, Manhattan; Donald Christy, Scott City.

Alpha Zeta—Erwin Abmeyer, Grantville; Harry Coberly, Gove; Orville Denton, Denton; Charles Fisher, Cuba; Pius Hostetter, Harper; Wayne Jacobs, Harper; Harold Kugler, Abilene; Walter Lewis, Larned; Nevelyn Nelson, Belle Plaine; Frank Parsons, Winfield; Wilfred Pine, Lawrence; Eugene Sundgren, Palun; Arthur Thomson, McCune; Albert Thornbrough, Lakin. The Alpha Zeta freshman scholarship medal was awarded to Albert Thornbrough.

DIVISION OF GENERAL SCIENCE Men's Rifle Team—J. W. Wells, Winona; H. H. Kirby, Toronto; J. L. Hartman, Omaha, Neb.; A. B. Niemoller, Wakefield; W. E. Laird, Burr Oak; D. R. Johnston, Manhattan; G. D. Ferguson, McPherson; J. M. Rutherford, Ft. Riley; Donald Christy, Scott City; H. D. Benstrup, Deerfield.

Women's Rifle Team—Viola Barron, Kensington; Harriet Swan Washington; Velda Wunder, Walling Falls; Marian Evans, Hartford; Maxine McKinley, Manhattan; Olive Wimmer, St. George; Myra Roth, Ness City; Maxine Gibbs, Manhattan; Fern Henry, Salina; Margaret Madaus, Hutchinson.

Oratorical Contest of Native Sons and Daughters of Kansas—Ned Kimball, Manhattan, first place and Capper Trophy.

Missouri Valley Oratorical Contest—Ernest Reed, Norton, second place.

Phi Mu Alpha (men's music)—James Ketchersid, Hope; J. H. McClesky, Abilene; W. B. Purviance, Milford; Val Sillett, Downs; William Lucy, Everest; Richard Herzog, Salina; Melvin Tack, Gaylord; C. H. Ludvickson, Severy.

Quill Club (writers of literature)—Lucille Allman, Manhattan; Charlotte Buchmann, Clay Center; Kenneth Davis, Manhattan; Kathleen Fields, Atchison; Ella Pouts, McPherson; William Dekker, Manhattan; Elizabeth Keegan, Great Bend; Frederick Peery, Manhattan; Ellen Payne, Manhattan; Stanley Morris, Paxico; Paul Perry, Manhattan; Mary Elizabeth Rust, Manhattan; Patricia Paff, Sedgwick.

An Honor Indeed

In assembly this morning many of Kansas State's students will be honored in recognition day chapel. This is one of the outstanding programs of the entire year. It is the time when many students are awarded the honors which are due them for their meritorious work in their fields.

Practically all of these awards are for scholarship. But some are for work that needs recognition because it is outside of the general run of duty. Some have made excellent marks in judging events, some have made new discoveries, some have done exceptional art work, and some have shown their value to the science in which they are working.

There is no source of funds for the purchase of awards. About all that the student gets in most of these cases is a good word or two. No money is available for sweaters, none for letters, and only a few will be given medals. In almost all cases the recognition will be made permanent in college records and the name will go down as that of an outstanding student. Not as a Joe College, not as a Betty Good, not as a star half back or high jumper, but as a student that has done work that needs recognition.

The work which furnishes the source for many of the awards is extra-curricular. They have worked hard and deserve all of the thanks that is being given them in this morning's assembly.

Though these students may not be receiving anything nearly so valuable as a queenship of a kingship in one of the college social organizations, their award is far above all of that. There are so many Ag queens, and beauty queens, and village queens being elected all of the time that such occasions are becoming rather monotonous.

The acknowledgment of today's students is one that should be respected. If the college were to elect the outstanding students in the school, they would no doubt go to this list for their candidates. If employers were to select men for their jobs, they would select from this list. If the average student was to have his choice, his name would be on this list. When you read the names of the students who have earned honors, remember that the honors mean something.

"This University Merry-Go-Round"

Is America educating too many of her young people? That question came into our mind the other night while we were listening to an oration on "This University Merry-Go-Round." The question has been one of considerable importance for at least the last 10 years, and yet in the last collegiate year, universities the country over have been letting down the bars and admitting all and any who could pay the price of a college education.

More than a million students are attending the various universities and colleges in the United States today, each June marking the exit from collegiate life of nearly one-fifth of that number, tossing them profusely upon an already overcrowded labor market. Because they have struggled through four years in some university, these people believe they are entitled to the pot of gold at the end of the rainbow. But are they any better prepared than some of their fellow workers who have gone only as far as high school? It would be a safe bet to say that about one-half of them have wasted the time and money they expended in getting their degrees.

American schools, staggering along with decreased appropriations and decreased enrollments, have thrown requirements to the winds, admitting one and all to their classrooms, asking only for their shekels in return for a "college degree." Flunking out has almost become a thing of the past. Entrance requirements have hit the very bottom—the great collegiate merry-go-round goes on, and as long as we hold the brass rings, we may keep on riding.

The sacrifice of educational ideals for the sake of full coffers is now the "way out" of present difficulties. Rather it is only rooting the problems deeper and deeper. Those really

desirous of a college education will desert the money-grabbing schools and those same schools will sooner or later close their doors. And then their horse on the merry-go-round will be thrown on the junk-pile.—Montana Kaimin.

On Other Hills

The captain of the Oklahoma university track team was recently jailed for hitch-hiking.

The University of Pittsburgh has a new 40-story building.

Students living in one of the dorms at the University of Georgia recently were warned that if they didn't refrain from taking so many baths an extra fee would be charged them, says the Purdue Exponent.

The University of Chicago will offer a special course in the summer session for persons who will be in the Windy City to witness "A Century of Progress."

A Kansas City man bought two jigsaw puzzles, mixed up the parts, and then sent them to his wife, putting her pretty much in the position of a senator sitting down to look over his pet bill just after its return from the House with amendments, says the Michigan Daily.

Charges of "sacrilege" were hurled by University of Washington religious groups upon the appearance of the February Columns, humor publication. The cover design, labelled as "very poor taste," showed a portion of an art gallery with two portraits, Napoleon and The Madonna. The Madonna is shown handing The Beloved Infant to the general with the words, "You hold it awhile, I'm tired."

A group of 57 senior men with smooth and relatively clean shaven faces gathered at the "C" bench at the University of Chicago recently to inaugurate the annual senior "mustache" derby. For two weeks, notwithstanding dates and social gatherings, the upper lips of the prospective graduates must not, under certain penalties, be desecrated by the touch of a razor. The chief penalty is nothing less than being tossed into the botany pond.

Robert Maynard Hutchins, president of the University of Chicago, recently told Warren Thompson, editor of the Daily Maroon, that student interest in extra-curricular activities is declining. He said:

"Extra-curricular activities in the colleges and universities all over the country are being affected seriously by the economic factor, and this factor no doubt accounts to some degree for the decrease in student interest in activities here. The depression has had a good psychological effect upon the student, causing him to feel to an increased degree the importance of passing all courses, of economizing on the time spent in school and on the funds his parents are supplying to him."

The Snooper

The young farm boys who have been wandering around the campus with their mouths open are not Ags. These boys are just many high school boys who are in the "city" for a judging business of some sort. Farm House and the Phi Deltas have seen their opportunity to grab up a few choice rushees; these two fraternities have been at each others' throats all week trying to get one or two of the choice boys. "Yes, but my Uncle Ned says that these rats are just speak-easies in disguise," said one of the rushees. "No, you're wrong there, my boy, a fraternity is a place where high standards prevail," answered a Phi Delta.

Heard at a baseball game—"Mama, what is that ape-faced animal doing out there on the ball diamond?" "Hush, son, that isn't an animal, that's Dan Blaine running around trying to catch a ball with his mouth closed."

The organization of degenerates and those who are not in college, known as Scarab is going to hold its occasional knock-down-drag-out beginning Friday and ending sometime Sunday evening or early Monday morning.

An object that calls himself Smith-the-Vet has been asking Tri Deltas for a date to the annual Vet corn beef and cabbage feed linked with a shin-dig. Afterward Professor Smiley will lecture on "Horse Rascals in Siberia" and Al Cahol of the Humane society will talk on "The Position of the Modern Vet as Compared With Other Low Forms of Life." A few vocal selections will be given before the guests retire to the ballroom for further entertainment.

If you don't think that June Layton has a great band go to the Varsity and see Mark "Tarzan" Kannal and his cigar-box uke; Bill "Panther-man" Kaeser tote the drumsticks around while Sid "Constrictor" Robinson wraps himself around a saxophone and plays "The Dance of the Rich Old Squaw," or maybe you prefer the slinging of Maxine Harding. And of course there are always a few choice dark spots for those who do not care to dance.

What is so rare as a day in June? A glass of water at a bar-tenders picnic.

A certain instructor on the hill bought his wife a box of chocolates the other day. This in itself is unusual, but when he charged it to the milk bill things began to happen. The wife was overjoyed at the interest shown by her husband but she did not think so much of him when she found out that she had to pay for the chocolates as they were charged to her part of the family budget.

EDUCATORS MEET TONIGHT

Dr. J. C. Peterson Will Show His New Self-Scoring Card Operates

Phi Delta Kappa, honorary education society, is entertaining the chapters of the universities of Kansas and Nebraska at a dinner in the college cafeteria at 6:30 o'clock this evening.

After dinner there will be several short talks, and Dr. J. C. Peterson will demonstrate a new mechanical test scoring machine he has devised.

IONIANS CAMP OVERNIGHT

Outstanding Junior Girl Will Be Given Traditional Wooden Spoon at Ceremony

Members of the Ionian Literary society will hold their annual camp on the Wagner farm north of Manhattan Saturday night and following an expected serenade by members of the Hamilton Literary society Sunday morning will present a wooden spoon to the outstanding junior member of Ionian.

Mary Alice Schnacke who holds the spoon at present will make the presentation. This will be the twenty-third year the spoon has been passed along. It is a large wooden spoon carved with the crest and the name of the organization. Each girl who has been trusted with its keeping has placed a pair of colored ribbons on the handle. Those in recent years bear the name of the holder for the year, while before 1925 the ribbons were embroidered with the date.

Accompanying the spoon is a memory book recording the history of the organization to date. In regard to the Io Camp of 1930, the book records that permission to wear gym bloomers on the camp was denied until the girls were outside the city limits.

This year arrangements for the camp are in charge of Ruth Jorgenson, president of the organization. Mrs. B. A. Rogers will be a special guest.

At The Theatres

AT THE VARSITY

"Looking Forward"

This show is a relief after the many tragic-ending pictures that we have had lately. Although it is a little slow-moving at first, by the time you get to the end of the picture you have decided that you liked it after all.

The acting honors are divided between Lewis Stone and Lionel Barrymore, the featured player. They seem to carry the picture along and the rest of the cast just supports them.

Of course the depression figures in this show, but it is brought in quietly with no hair-raising scenes.

AT THE WAREHAM

"Rome Express"

A "Grand Hotel" on wheels comes to us as the offering of the Wareham theatre. The action of the entire show takes place on a fast moving train speeding across Europe. The Rome express is the train which is so loaded with thrills. Thrills are many in this fast moving drama which includes several plots and entanglements of incidents.

"Rome Express" is very much like

"Shanghai Express" and "Gran Hotel." Not as good as either but interesting.

Tomorrow, Buck Jones in "Whirlwind" will be added to the already complete program to make a double feature affair.

AT THE DICKINSON

"The Kiss Before the Mirror"

You wouldn't trust your own mother after seeing "The Kiss Before the Mirror" at the Dickinson today and tomorrow. Gloria Stewart starts the whole thing by deceiving Paul Lucas, her husband.

Right at the first we have a murder and then the strenuous reaction of Lucas which almost drives him mad. Frank Morgan, through the evidence derived from this case, suspects Nancy Carroll, his wife, and finds out that she is unfaithful. In this plot you can see that it would be possible if he killed her or if he didn't. It seems to be a matter of his own opinion. The defense plea is handled skillfully which makes you rather surprised the way things finally turn out.

A morbid outlet on married life is the result of this picture. Just an interesting phase of life which will be worth a quarter to you, if not for the present you may use it for future warning.—F. V.

FORENSIC HONORS TO NINE

Phi Kappa Delta, National Honorary Fraternity, Initiates Public Speakers

Nine men and women were initiated into Phi Kappa Delta, national honorary forensic fraternity, last Monday evening.

The new initiates are Helen Morgan, Newton, Rowena Johnson, Fort Scott; John Wadham, Marysville; James Rexroads, Hutchinson; and E. C. Sommerville, Jay Kimball, Robert Groesbeck, Donald Gentry, Ed Stone, all of Manhattan.

Following the initiation services, a banquet was given at the Wareham hotel in honor of the new members. Edward Kelley, Manhattan, was toastmaster, and Dr. J. E. Ackert spoke on "A Trip Through Cambridge."

UNIVERSITY ENGINEERS VISITORS LAST NIGHT

Thirty Make Trip from Lawrence Despite Rain; Picnic Turns Into Dinner

Approximately thirty students in electrical engineering at the University of Kansas were guests of Kansas State electrical engineers here last night.

Plans had been made to entertain the university students with a steak fry in Sunset Park but due to rain they were served dinner in the college cafeteria.

After dinner the students met in recreation center for the reading of technical papers by the students and for a short talk by assistant Dean M. A. Durland, and a talk by Dr. Howard T. Hill, head of the department of public speaking.

The students who attended the meeting are members of the student branches of the American Institute of Electrical Engineers. The Kansas State group was entertained at Lawrence last year.

In Society...

The Palace last night was full of would-be Chinamen. These yellow faces and eye-brows with a Marlene Dietrich twist on the end were not visiting Japanese noblemen, but merely part of the cast of the "Mikado". The opera went off very well with only a few of the wigs falling off at various intervals.

Don "Sherlock Holmes" Wyatt was helping the watchman at dress rehearsal the other night by chasing away all intruders who were trying to peek in under the closed blinds. All the Sig Alphas were given a pep talk the other night by the president, and were requested to come home early Saturday night so that they could appear at dinner Sunday without the customary blood shot eyes—reason: President Farrell is to be a dinner guest Sunday. Little Billie Scales has been nursing a broken heart this week, is he about to back into circulation? Flutter, flutter little hearts! Three Tri Deltis inspired by the show "Pick Up" are now practicing a little on the side. The objects of their latest escapade were three gullible Oklahoma ball players. Jack Hensley, the Delt bouncing ball, is a wee bit perturbed because Si Sartorius, the wonder man, has been chiseling in on his love affair. Is Johnny Ratliff going athletic on us, or is he just reducing? It is rumored around that he is now taking five-mile hikes before breakfast—by request! Three eternal "freshmen men" namely Harry Miller, Clay Reppert, and Dave Umberger are anxiously awaiting the fall semester and a new pledge class. Because their lines are about worn out now, and no doubt the new freshmen will think that they are "just wunnerful".

Pine still seem to be changing hands at a rapid rate. Doris Eberle and Elmer Pryer are the latest names to be added to the list. Rumor has it that Ernestine Merritt is to put on a pin next weekend—it will probably be just her Pi Phi pin!

Social Calendar

Friday, May 5
"Mikado" Auditorium, matinee 2:30; evening, 8:00.
Webster Literary society party, recreation center, 8:00-11:30.
Phi Lambda Theta spring party, Country club, 9:00-12:00.
Browning Athenian Owl Bake, Cedar Bend, 5:30-10:00, (L&B in case of rain).

Saturday, May 6
Wranglers, Thompson hall, 7:00-11:00.
Jr. A. V. M. A. dinner-dance, Wareham ballroom, 6:30-12:00.
Scarab dinner-dance, Country Club, 6:30-12:00.
Phi Omega Pi spring party, 9:00-12:00.
Y. M.-Y. W. mixer, recreation center, 8:30-11:30.
W. A. A. tea, recreation center 3:30-5:00.
Delta Sigma Phi house dance, Graduate club hike, Pillsbury, 5:00.

Monday, May 8
Y. W. Cabinet meeting, Calvin Hall lounge, 7:00-8:30.
Chorus, auditorium, 7:00-10:00.
Alpha Zeta meeting, N77, 7:00-9:00.

Alpha Rho Chi
Alpha Rho Chi entertained at their annual spring party in their chapter house Saturday evening. Guests were: Prof. and Mrs. Paul Weigel, Prof. and Mrs. John H. Helm, Prof. and Mrs. I. P. Smith, and Mr. and Mrs. Robert Osborn.
Harold Hibbs, Wallace Duncan, Harry Miller, V. J. Cockey, John Todd, J. G. Mogge, Mark Kannal, F. T. McMahon, I. C. Moelick, Dean Swift, Edgar Cooper, Niles Resch, Jack Carr, Harry Ganstrom, Joe Oread, Leroy Wilkerson, Bob Alexander, K. Bader, Benjamin Lance, Hal McCord, John Hermerish, Mr. and Mrs. Leo Reid, Lyons; Kenneth Cook, Kansas City, Mo.; Clarence Rinnard, Salina; May Gregory, and May Lessig, Ellsworth; Beulah Jenkins and Evelyn Von Gortz, Kansas City; Katherine Kynce, Wichita; and Edith Temperton.

Weekend guests were Kenneth Cook, Kansas City, Mo.; and Clarence Rinnard, Salina.
Sunday dinner guests were Misses Evelyn Von Gortz and Beulah Jenkins, Kansas City; May Gregory and May Lessig, Ellsworth; and Alice Osborn, Manhattan.

Farm House Formal

Farm House held its annual spring party at the Country Club Saturday night. Ralph Weider's orchestra furnished the music.

Members of the faculty of the college who were present were: Mr. and Mrs. John Parker, Mr. and Mrs. H. M. Scott, Mr. and Mrs. W. Cave, Mr. and Mrs. W. H. Riddell, Mr. and Mrs. L. L. Longsdorf, Mr. and Mrs. M. H. Coe, Mr. and Mrs. C. S. Moll, Mr. and Mrs. E. C. Miller and Prof. Lyle Downey.

Other guests were Jack Evans, Washington; Robert Holms, Wichita; Dale Scheel, Concordia; Eber Schults, Cottonwood Falls; Luther Jacobson, Hays; Alonso Lambertson, Fairview; Ken Bacous, Kansas City; Opal Porter, Florence; Bonnie Fox, Great Bend; Ruth Osborne, Hanston; Lela Johnson, Trousdale; Bernice Olson, Russell; Katie Fuller, Topeka; Marie George, Marion; Ruth Cook, Abilene; Evelyn Ester, Coffeyville; Elsie Lamberton, Topeka; Esther Kolsky, Luray; Barbara Brubaker, Holton; Margaret Bromberg, Lindsborg; and Albert Eber, Arthur Peterson, Harold Cordes, Mark Hackman, Victor Ridiger, Ray Pearson, Hanlan Anderson, Donald Joy, and John Loycesteen, all of Lincoln, Neb.

da entertained with a house party Saturday evening. Several alumnae were among those present.

Sunday afternoon Alpha Kappa Lambda observed its annual Sweetheart's day and dinner. Guests were: Mary Elizabeth Allman, Manhattan; Bertha Cook, Effingham; Ruth Kistler, Kingman; Elizabeth Knechtel, Larned; Alta Lewis, Manhattan; Ruth Linscott, Farmington; Helen Niemeler, Manhattan; Hester Perry, Fredonia; Elizabeth Smith, Manhattan; Marie Wilson, Manhattan; Jessie Wilson, Kansas City; Geraldine Ward, Stafford; Pauline Vail, Plains, Alumnal and other guests present were John Harmon, Valley Falls; John Schaefer, Fredonia; G. Le Roy Quigley, St. Marys; Gerald Ward, Stafford; and Mrs. J. H. Elliott, Stafford.

Wednesday evening the pledges entertained guests with an out-door party and picnic at Pillsbury Crossing.

Beta Phi Alpha

Pauline Aker, South Haven, was a dinner guest Tuesday evening. Beta Phi Alpha held open house for the Farm House fraternity Tuesday evening.

Founders' Day will be observed Sunday with a dinner at the house. A short program will be given in honor of the occasion.

Delta Delta Delta

Arlene Smith was a dinner guest Tuesday evening.

Mrs. Clara Bramwell, Belleville, left for her home Wednesday after spending a few days with her sister, Mrs. Henry Pehling at the Tri Delta house.

Guests for luncheon Thursday noon were Miss Harriet Shellenberger and Miss Elliott Borden, both of Hutchinson, and Mrs. George Baldry, Manhattan.

Mr. and Mrs. George Baldry were dinner guests Thursday evening.

Kappa Delta

Georgia Lewis, Bernice Brown, Mortan Fitzmorris, Wynne Fitzmorris, John Barhyde, Leon Brooks, Gaylord Munyer, William Gilligan, John Rader, Bart Allen, Ed Criner, Merle Allen, and Marvin Busby were dinner guests Thursday evening.

Bernice Brown, Sylvia, is visiting her sister, Eunice, this week.

Phi Kappa

The annual Founders' Day banquet was given at the house Tuesday evening. The guests were Dave Carlson, Harry Bueche, John Stone, John Florell, and Frank Burns.

Sigma Phi Epsilon

Sigma Phi Epsilon announces the pledging of C. C. Young, Ulica, and Robert Kirk, Scott City.

Annual Vet. Dinner-Dance

Members of the Junior American Veterinary Medical Association will hold their annual dinner-dance at the Wareham ballroom Saturday evening.

Alpha Delta Pi

Corinne Solt, Beth Bryant, Maxine Huse, Kathryn Correll, Margaret Spencer, Katharine Wallace, Caroline Dawley and Lorraine Platt, were dinner guests Tuesday evening.

Kathleen O'Donnell, Junction City, was a luncheon guest Monday. Ruth Jenkins and Lucille Buening returned to Salina Tuesday, after visiting several days at the house.

Margaret Seaton left for her home in Fredonia this morning.

Bridge Shower for Bride

Mrs. Hal Shannon, the former Miss Bernice Patterson, who teaches in the women's physical education department of the college, was honored at a bridge party and linen shower last Tuesday evening at the home of Louise Scheu, 535 North Manhattan. The party was given by Mary Lou Clark, Doris Paulson, and Louise Scheu.

Prize for high score in bridge was won by Miss Katherine Geyer. Mrs. Shannon was awarded a guest prize. Refreshments were served at the close of the evening.

Guests were Miss Helen Saum, Miss Katherine Geyer, Miss Lorraine Maytum, Jane Swenson, Leora Light, Zada McCutcheon, Helen Morgan, Erma Jean Miller, Myrtle Andres, Lois Rosencrans, Cora Oliphant, Lois Stingley, Mildred Forester, Evelyn Young, Alice Wilsey, Helen Toile, Marcine Campbell, Betty Wagstaff, Dorothy Maltby, Emily McKenzie, and Katherine McKinney.

APPLY FOR COLLEGIAN POSITIONS BY MAY 19

Offices of Editor and Business Manager are Open to Undergraduates

Applications for editor and business manager of the Collegian are due and are being received by the Collegian board.

All undergraduates are eligible to apply for the positions. Applications should include qualifications and references, and must be submitted by May 19 to Ralph Van Camp, chairman of the board, or to Prof. C. E. Rogers, head of the department of journalism.

Andrews, Manhattan; B. W. Beadle, St. Marys; J. C. Slechts, East St. Louis, Ill.; T. M. Buck, Abilene.

DIVISION OF ENGINEERING
Department of Architecture
American Institute of Architects
Awards—to seniors for general excellence in architecture: Oscar Ek-dahl, Manhattan, medal; Ethel Eberhart, Topeka, book. To a junior for general excellence in architecture: Howard Rivers, Dodge City, book.

Alpha Rho Chi Award—to a senior for leadership, service, and professional merit: Robert Alexander, Independence, Mo., medal.

J. H. Jensen Award of Merit—to a freshman for general excellence in architecture: Donald Bammes, Manhattan, book.

Kansas State Fair Art Awards—Clifford Black, Hutchinson, three first places and two second places.

Art Students' League of New York, Annual Scholarship Competition Award—Alden Krider, Manhattan, Schnackenberg scholarship of \$125.

Beaux-Arts Institute of Design, Honorable Mention Awards—in architectural design: Howard Rivers, Dodge City, in two competitions.

Department of Civil Engineering
Kansas Section, American Society of Civil Engineers Award—to a senior for excellence in civil engineering: Eugene Peltier, Concordia, in-litigation fee.

Department of Electrical Engineering
Faculty prizes—to seniors for excellence in electrical engineering: Stuart Mudge, Salina; gold medal; Douglas Bly, Pierceville, silver medal. To juniors for excellence in all work: Clair Palmer, Kincaid, gold medal; Archie French, Augusta; silver medal.

Sigma Tau—awards to freshmen of 1931-32 for high scholarship: Junior Howard, Oberlin, gold medal; Wilbur Combs, Bartlesville, Okla., silver medal; Fred Benson, Grainfield, bronze medal. Honorable mention by Sigma Tau for high scholarships: John Baptist, Uniontown; Howard Hartman, Holington; Robert Adams, Wellington; Dale Johnson, O'Brien; John Rutherford, Ft. Riley; Frederick Hill, Huntington, W. Va.; George Hommon, Smith Center; Howard Hudiburg, Independence.

Sigma Tau Members elected 1932-1933—K. H. Hinchcliff, Manhattan; E. M. Newman, Holton; M. E. Phillips, Salina; O. A. Harger, Manhattan; W. R. Roberts, Manhattan; A. W. Rucker, Americus; J. W. Haupt, Newton; A. R. Munns, Kansas City; D. G. Gentry, Manhattan; F. A. Vaughn, Hartford; C. N. Palmer, Kincaid; V. A. Elliott, McPherson; W. H. Sunderland, Fairview; L. W. Teal, Larned; C. F. Arens, Topeka; E. E. Comstock, Wichita; E. A. Cooper, Stafford; Archie French, Augusta; H. L. Greene, Topeka; Hugh Maxwell, Wichita; Hal Poole, Manhattan; D. E. Swift, Olathe; K. K. Tatum, Larned; J. E. Veatch, Manhattan; W. C. Weathers, Haviland; R. M. Nelson, Troy.

DIVISION OF HOME ECONOMICS
Mary Elizabeth Crawford, Madison, recognized as the home economics senior ranking highest in scholarship for entire four years, also highest for junior and senior years.

Election to Omicron Nu—Helen Boler, Dover; Mabel Hodgson, Little River; Roberta Jack, Russell; Amelia Kroft, Wilson; Barbara Lautz, Amarillo, Tex.; Florence McKinney, Bartlesville, Okla.; Maxine Reinhardt, Bison; Martha Rodda, Arma; Louise Rust, Manhattan; Esther Smiley, Manhattan; Agnes Wolkenstorfer, Herndon; Virginia Steele, Manhattan; Florence Thompson, Harper.

Honorable Mention by Omicron Nu for Scholarship—Susanne Beeson, Wamego; Betty Miller, Salina; Doris Harman, Sand Springs, Okla.; Josephine Miller, Manhattan; Doris Thompson, Marion; Ruth De Baun, Topeka; Jean Dexter, Columbus, Ga.; Elizabeth Walbert, Columbus.

Doris Thompson, Marion, was awarded the Omicron Nu freshman scholarship prize for 1931-1932.

DIVISION OF VETERINARY MEDICINE

Harwood Prizes in Physiology: first prize, \$5.00 each, Oscar Frederick Fisher, Junction City, and Edgar William Millenbruch, Herkimer. Second prize, \$4.00, to Donald Kelley, Great Bend.

Jensen-Salsbery Prizes in Therapeutics: first prize, \$7.50 to Bradbury Coale, Manhattan. Second prize, \$3.75 each, Paul Edmond Chiebout, Manhattan, and Carl Schulz, Independence, Mo.

Franklin Prizes in Pathology: first prize, \$10.00, to Richard Turk, Manhattan. Second prize, \$5.00, to William Lindley, Vicksburg, Miss.

Schmoker Prizes in General Proficiency: first prize, \$7.50, to Richard Turk, Manhattan. Second prize, \$3.75 each, Harlow Hudson, Manhattan, and William Lindley, Vicksburg, Miss.

Journal of Veterinary Medicine Prize: for the best veterinary article submitted by K. S. C. student in veterinary medicine, \$10.00, to Eugene Peck, Manhattan.

DIVISION OF GRADUATE STUDY
Candidates for the Master's Degree with the Highest Scholarship Average: Laurel Kingsley, Manhattan, 3.0; Curtis Sabrosky, Manhattan, 3.0.

Election to Honorary Societies
Gamma Sigma Delta—John Anderson, Belvue; John Correll, Manhattan; Eldred Gann, Burden; Lester Gilmore, Freeborn, Minn.; Laurel Kingsley, Manhattan; Maynard Solt, Manhattan.

Omicron Nu—Alice Brill, Westmoreland; Sina Fowler, Manhattan; Golda Haas, Hutchinson; Pearl Rorabaugh, Manhattan; Mildred Skinner, Marion.
Sigma Xi—Marion Caldwell, El Dorado; Curtis Sabrosky, John Anderson, Chris Bradley, Luce Brill, John Correll, Marjorie Dean, Frederic Groetsma, Laurel Kingsley, Manhattan; Lester Gilmore, Free-

born, Minn.; Henry Loy, Jr., Chasom, University of California; Dale Maynard Solt, Manhattan; Estel Winters, Onaga.

Graduate Appointments, Class of 1932, for the Doctor's Degree: Ted Beach, Tulane university; Howard Bertsch, Oregon State college; Carl Dorf, Kansas State college; Abram Hostetter, Kansas State college; Ernest Lahr, Carnegie Institution, N. Y.; Hiram McGehee, Kansas State college; Dale Porter, Johns Hopkins university; Elizabeth Rans-50 yard free style and third in the Sling, Iowa State college.

INTO THE SHOPS WITH Betty Coed

JOIN the white parade with a pair of smart and comfortable white shoes from the Nu Wae. Pumps and

ties are featured on the style calendar of this spring. Prices range from \$2.45 to \$3.95 at the Nu Wae Shoe Store, 311 Poyntz Ave.

THE Lady Beautiful shop in Aggieville gives excellent finger waves. Phone 2208.

CITY Dairy sells whipping cream at the low price of 30 cents a quart. It's 20 cents a pint and 10 cents a half pint. Cream is 20 cents per quart. Dial 2005.

THE new deal is here—at the Walkover Shoe Store in Aggieville. Men, here is your chance to get a smart looking shoe at a reasonable price.

\$2.95, \$3.50 or \$5.00. Ladies can find satisfaction, also, with good looking shoes priced from \$1.95 to \$6.00. Incidentally a pair of hosiery is only 59 cents.

PERMANENTS are our specialty. Try the Nu-Style Beauty shop. Phone 4314.

IT will be a pleasure to both your Mother and you if you give her a box of Hutch's chocolates for Mother's Day. Delicious, wholesome and freshly made—packed just to suit Mother. Hutch's Sweet Shoppe has a large variety of boxes in style and price. Make your selections early—they may be laid away until you want them. Prices range from 65 cents to \$1.25 per pound. Phone 2519 or call at 619 North Twelfth street.

WILDCATS GET EVEN BREAK IN SOONER SERIES

WIN SECOND GAME 7-6 AFTER
O. U. TAKES FIRST IN
12 INNINGS.

FINISH BIG SIX SCHEDULE

Kansas State Holds Second Place
—Final Standing Will Depend
On Results of Oklahoma
Games at Missouri.

The Kansas State baseball team finished its conference schedule by splitting a two game series with the University of Oklahoma here Tuesday and Wednesday. The Sooners won the first game 7 to 6 in 12 innings, and the Wildcats took the second 7 to 6. Only non-conference games will be played the rest of the season.

The results of the two games left the Wildcats in second place in the Big Six, with a record of three victories and two defeats. Two of the victories and one of the defeats were taken from Missouri, and the other win and loss from Oklahoma.

Openly Hotly Contested
The first game with the Sooners took 12 innings to decide and kept the large crowd on the edge of their seats from the sixth inning on to the end, when the Oklahomans was a fight from start to finish. Oklahoma started the game off by getting out in front with a two-run lead in the first frame on a home run by Tolleson after Dunson got on by a walk.

The Wildcats opened their barrage in the second inning to score five runs. One of these was Underwood's homer. Then Skradski walked, Boyd singled, Simms got on first on an error, and LeClere cleaned the bases with a homer.

Score Tied In Sixth
The Sooners tied the score in the fifth, when Beck's triple scored three of his team mates, and went into a one run lead in the sixth. Boyd tied the score in the last of the same inning.

From that point on to the twelfth the game was a pitcher's battle between Simms and Hinson, neither team scoring. Both teams were waiting for the other to make a break so they could push over a score. Several times the Wildcats were in a position to tally, but failed to bring the man home. The break came in the twelfth. Cobb of Oklahoma got on base on Skradski's bad throw to first, Brand singled and went to third when Cobb was tagged out between third and home, and scored when LeClere muffed Woodson's ground ball. Kansas State tried hard in their half of the inning, but couldn't score, so the Sooners won the game.

Simms worked hard on the mound for the Wildcats and pitched good ball. Kansas State was hitting the ball hard, but the Sooners were putting on a fine fielding exhibition and many long Wildcat drives went for outs.

Bunts Figure in Victory
The second game was equally as interesting and hotly contested as the first, as the ball game wasn't won till the last out was made. Bunts figured largely in producing the winning Kansas State runs. Marshall scored the first Wildcat run in the initial inning. Errors in the fifth inning on the part of the Wildcats let in a Sooner tally, tying the score.

In their half of the sixth, the Sooners stepped out in front with a four-run lead, when Aggers cracked out a homer between center and left field and Brand, Woodson, and Blakewell scored on bunts. Carter added another Wildcat counter in the last of the sixth when he drove out a two-bagger, took third on a fielder's choice, and scored on Skradski's hit to center field.

Wildcats Rally In Seventh
The Sooners again scored in the seventh inning, making the count 6 to 2. The Wildcats then climbed to within one run of the Sooners in their half of the same inning. Lowell drew a pass, advanced on LeClere's single, and scored on Morgan's hit to left field. LeClere advanced with the single and went on to third. Morgan took second when the Sooners tried to get LeClere at third, and both scored when Skradski's drive went through the third baseman.

In the last half of the eighth the Wildcats tied the score and then showed across the winning run. Gents got a walk, advanced to third on Marshall's single, and scored on Lowell's bunt. Marshall went to third on the play and came home with the winning run when LeClere bunted the second pitch.

Lowell Strikes Out Eight
Brand of the Sooners got hitting honors by pounding out two hits in three times at bat. Morgan and

Don't miss the Ag Frolic, May 13.
58-1

Skradski got two out of four for the Wildcats.

Lowell pitched a nice game for Kansas State, allowing 12 hits and striking out eight. Six of the Sooners hits came in the sixth inning when Oklahoma scored four runs. The others were well scattered. Fuls of the Sooners allowed seven hits, giving only one in the first five innings.

Men's Intramurals

Intramural baseball will be over tonight except for postponed and other out of schedule games. Last night's games were: Farm House vs. Phi Kappa Alpha, Phi Kappa vs. Acacia and Tau Kappa Epsilon vs. Phi Lambda Theta.

Tonight in the hardball division Sigma Alpha Epsilon will play Delta Tau Delta at 4:15, NW diamond; W. F. A. C. vs. Phi Sigma Kappa, 4:15, SE; and Sigma Phi Epsilon vs. Alpha Gamma Rho, 5:15, SE. The playground ball games scheduled for tonight are Phi Lambda Theta vs. Phi Kappa, 4:15, SE; Phi Kappa Alpha vs. Tau Kappa Epsilon, 4:15, park; and Farm House vs. Alpha Tau Omega, 5:15, park.

There will be no intramural baseball games Monday and Tuesday evening, since the outdoor track meet will be held those two nights. Five hardball games which have been postponed will be played Wednesday evening, May 10.

Entry blanks for the outdoor track meet Monday and Tuesday were circulated among fraternities and organizations and reports from managers point toward the meet as one of the most interesting spring events.

The events will start promptly at 4:15 both days. Events will be in the following order: Monday, 4:15, 100 yard dash, broad jump, pole vault and discus; 4:50, 440 yard dash; 5:10, mile run.

Tuesday at 4:15 the 220 yard dash, high jump and shot put are scheduled; and at 4:50, low hurdles; 5:05, half mile; and 5:35, half mile relay.

Women's Sports

Not a bad proposition is posted on the bulletin board in the women's physical department. Not bad at least for certain people. Here's the way the notice reads: "Bit and Bridle members, if you bring two pledges with you, Mr. Baum will let you ride free. This holds for the period the girls are passing the improvement chart—May 16."

Intramural group winners will play baseball tonight at five. The finals will be played off Monday. These are the groups: Group 1, X team and Van Zile hall; Beta Phi Alpha and Chi Omega. Group 2, Kappa Delta and Alpha Delta Phi; Gamma and Kappa Kappa Gamma; Group 3, Phi Omega Pi and Zeta Tau Alpha; Neophytes and Tri Delta. Group 4, Winners, Alpha Xi Delta, Phi Beta Phi.

Posters are up where those wishing to sign up for Play Day, The Indian Pow Wow, may do so. All are cordially invited.

NET TEAM TO EMPORIA TO OPEN SEASON TODAY

Four Wildcat Players Headed by
Captain Ralph Graham Will Meet
College of Emporia

The Kansas State tennis team went to Emporia today for their first match of the season with the College of Emporia team.

Although no definite schedule has been made out for this season, Bethany college at Lindsborg will come here Tuesday for a match with Kansas State. If possible, return matches will be arranged with both of these schools before the Big Six meet at Lawrence May 19-20. Plans have been made to play at Nebraska May 13, with a return match here May 17. These two meets are not definitely scheduled. Kansas State will send a four man team to the conference meet at Lawrence this year.

The men that Coach C. S. Moll is working with and from which he will pick his team for the various matches are Ralph Graham, Richard Fowler, Bill Simpson, Ralph Armstrong, Garland Hoglund, H. S. Greve, Bill Lacy, Bob Fuller, and E. L. Broghamer.

O. U. STUDENT EXPELLED

Student Out as Result of Drinking Party—Others Implicated.

Norman, Okla., May 3.—One student at the University of Oklahoma was expelled from the college Tuesday following action of the student conduct committee relating to a drinking party staged last Friday night, and three former students at the university, also connected with the party, will not be permitted to re-enter the university without the permission of the conduct board.

The names of the students implicated in the party were not made public.

BASEBALL TEAM OFF FOR EMPORIA THIS MORNING

Postponed Game With the College
of Emporia Will Be Today, If
The Weather Permits

Sixteen Kansas State baseball players and the tennis team will leave at 10 o'clock this morning for Emporia for a ball game and tennis match with the College of Emporia, provided the game hasn't been called off because of rain.

This game is the one which was postponed three weeks ago because of wet grounds. Coach Charles Corsaut said yesterday that he would take several members of the baseball squad for the game that have not made a trip this year. No regular practice was held last night, but some of the pitchers worked out.

The following is a list of the players making the trip: catchers—Marshall, Watson, and Smith; infielders—Underwood, Carter; LeClere, and Skradski; outfielders—Gentz, Boyd, Morgan, Blaine, Asbill, and Wierenga; pitchers—Simms, Heinz, and Bulkstra.

NOVEL SCORING IN MEET

Double-Dual and Triangular Track
Meet to Cause Score Keepers
Worry.

Lawrence, Kan., May 4.—A somewhat novel track meet will be held this coming Saturday afternoon at Manhattan when a combination double-dual and triangular meet will be staged. Kansas, Kansas State, and Nebraska will be the three participants.

One of the dual meets will be between Kansas and Kansas State while the other dual will be run as between Kansas and Nebraska. The triangular meet will be composed of the three schools.

Each event will only be run once, but by keeping a record of the first six men in each event, the proper scoring records can be kept so as to run the three meets at the same time. For instance, take the mile run. The first six men to finish might finish in this order: Kansas first, Nebraska second, Kansas State third, Nebraska fourth, Kansas fifth, and Kansas State sixth.

On the basis of the above race the scoring for the triangular meet would be: Kansas 5; Nebraska 3; Kansas State 2; Nebraska 1 point. Now for the dual between Kansas and Nebraska, the Kansas State runners would be counted out and subsequent runners moved up so the result would be Kansas 5, Nebraska 3 and Nebraska 1.

Similarly to score the Kansas-Kansas State dual, the Nebraska runners will be eliminated and the result of the mile run would be Kansas 5, Kansas State 3 and Kansas 1. Each of the events of the meet will be scored in this manner and the triple-meet will be run.

TRIANGULAR MEET TO DRAW BIG SIX STARS TOMORROW

(Continued from Page One)
run him in the quarter, Roberts would have a good chance in this event.

In the 880-yard run Funk, Nebraska, and McNeal, Kansas State, should have a good battle. Other half milers who may place are Taylor, Kansas university, and Hostettler, Kansas State. In the mile Cunningham is favored with Landon giving a good race, while Storey, Nebraska, should take

third. Fourth place in the mile is a toss up between several representatives of each school.

Landon, who won the indoor championship in the two-mile, should not have much trouble; although Blaser, of Nebraska, who won the conference outdoor championship last year in this event will offer good competition. Pearce of Kansas State, who took second in the conference indoor two-mile this year, has a slightly sprained ankle and may not place as high as was expected in this event.

Outstanding Hurdlers Here
Practically all the hurdlers in the conference will be seen in action in the meet tomorrow. Flick, Kansas; Dohrman, Nebraska; and Schmutz and Breen, Kansas State, finished in this order in the high hurdles at the indoor conference meet and the race tomorrow could again come out in this order although both Schmutz and Breen might beat Dohrman for second place. In the low hurdles, Lambertus, Nebraska, Flick, Kansas, and Breen of Kansas State have been consistent point winners the last two years and will likely get the first three places Saturday with Knappenberger and Spring, Kansas State, and Plumley, Kansas, fighting it out for fourth place.

Kansas State's chances in the shot and discus are extremely poor and it looks as if Kansas university and Nebraska will about break even in these events with Dees of Kansas, champion in the conference indoor meet and the Drake relays, favored to win in the shot, and Skewas, Nebraska, the likely winner in the discus.

The javelin should be a closely contested event with Veatch, Costa, and Laird, Kansas State; Hokuf and Jones, Nebraska; and Harrington, Kansas, all capable of doing between 180 and 185 feet. Gray, Kansas, and Roby, Nebraska, will have a good battle in the pole vault with Gray favored to win.

In the high jump, Roehman, Kansas State, Dumm, Kansas, and Toman, Nebraska, have all cleared six feet one inch so a great battle should be staged in this event. In the broad jump, Gray of Nebraska should be an undisputed winner as he has been jumping 24 feet consistently. Breen of Kansas State and Hall of Kansas tied for third

in the conference indoor meet and they will no doubt put up an interesting fight for second and third place. Lee and Roby, Nebraska, Plumley, Kansas, and Bliss of Kansas State should be contenders for the remaining place.

According to previous dope, the mile relay should be a victory for Nebraska with Kansas taking sec-

ond place. Although Kansas State is not favored to win this event, they have shown considerable improvement in the last few weeks and may turn in a surprising performance.

IT'S FUN TO BE FOOLED.. **SHOWING TODAY Duck Flies Out of Your Coat**

HERE'S A FUNNY ONE THAT HAPPENED TO ME LAST NIGHT AT A MAGIC SHOW.

WILL A GENTLEMAN PLEASE STEP UP ON THE STAGE AND SIT DOWN? THANK YOU.

ALL RIGHT. I'LL BITE.

WHY, SIR, DO YOU GO AROUND WITH A DUCK INSIDE YOUR COAT?

I DON'T! LET ME OUT OF HERE!

HA! HA! HA! WANT TO KNOW HOW HE DID IT?

YES...IF YOU KNOW...

Here's the Trick

HE GOT THE DUCK OUT OF A CANVAS BAG FIXED ON THE BACK OF THE CHAIR

THE BACK OF THE CHAIR IS NOT AS INNOCENT AS IT LOOKS. VELVET PANEL SLIDES DOWN, DUCK POES OUT.

ROD VELVET TUBE VELVET OUTSIDE CANVAS BAG

HAVE A CIGARETTE?

NOT ONE OF THOSE, THANKS.

I HAD THE IDEA THESE WERE MILDERS.

QUIT KIDDING YOURSELF. CAMELS ARE MILDERS. TRY ONE AND SEE.

GOSH, I GUESS YOU'RE RIGHT. CAMELS DO SEEM MILDERS AND TASTE BETTER TOO.

THERE'S NO FOOLIN' ABOUT THAT LINE. IT'S THE TOBACCO THAT COUNTS!

O.K. I'LL TAKE A CHANCE!

IT'S MORE FUN TO KNOW

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. Try Camels and give your taste a chance to appreciate those costlier tobaccos.

NO TRICKS IN CAMELS — JUST COSTLIER TOBACCOS

MORTAR BOARD'S 'HIGHEST HONOR' TO NINE JUNIORS

TEN RETIRING MEMBERS GIVE
UP THEIR PLACES TO
NEWCOMERS

ARE OUTSTANDING IN CLASS

Scholarship, Leadership and Service on the Campus are Basic Points Upon Which Selection Is Made to Honorary Group

Mortar Board, senior women's honorary society, will initiate nine new members this spring. These pledges were chosen from the women of the junior class as outstanding in service on the campus, scholarship, and leadership.

Those who have obtained the highest honor a senior woman can obtain on the hill are: Oma Bishop, Abilene; Dorothy Blackman, Manhattan; Barbara Lautz, Amarillo, Texas; Hollis Sexson, Goodland; Harriet Reed, Holton; Florence McKinney and Kathryn McKinney, Bartlesville, Okla.; Ruth Langenwelter, Wichita; and Mayrie Griffith, Topeka.

This organization is a secret fraternal group which elects members from the junior class at the close of each year to be the active chapter during their senior year. Each year those elected are kept secret until recognition day when they are announced as pledges. The new officers for next year will be elected at a joint meeting of the new and old members at the home of Louise Chalfant, president, at 7 o'clock, Friday evening, May 12.

Mortar Board sponsors two annual events during the year. The traditional breakfast for senior women will be given in the cafeteria May 30. The pledges will give stunts for the program. Each year the freshman girl with the highest scholarship in the preceding year is all girls given each fall by Mortar Board. The winner's name is engraved on a plaque which hangs in recreation center.

Oma Bishop, one of the new pledges, has been assistant editor of the Collegian this spring and last spring. She is a member of Phi Kappa Phi, Theta Sigma Phi and Quill Club. In previous years she has been given freshman and sophomore Phi Kappa Phi recognition, edited "The Broadcaster," Y. W. C. A. publication, was a member of the rural press team and attended the Y. W. Estes Park conference.

Dorothy Blackman, Kappa Delta, is a member of Theta Pi, Phi Alpha Mu, P. R. I., Enchiridion, Senior Women's Pan-Hellenic, and president of Y. W. C. A. She also received Phi Kappa Phi honors in her freshman and sophomore years.

Barbara Lautz, Kappa Kappa Gamma president, is president of P. R. I., a member of Y. W. C. A. cabinet, Women's Athletic Association, Purple Peppers, Omicron Nu, and received the freshman and sophomore Phi Kappa Phi honors.

Hollis Sexson, president of Alpha Xi Delta, is a member of P. R. I., secretary of the Home Economics club and a member of the council, vice-president of Kappa Beta, and is Y. W. C. A. big sister captain.

Harriet Reed, Zeta Tau Alpha, is a member of Dynamis, Ionian literary society, and Phi Lambda Mu. Florence McKinney, Alpha Delta Pi, is president of Theta Pi, and a member of Omicron Nu, Home Economics club, Women's Athletic Association, Purple Peppers, and P. R. I.

Kathryn McKinney, Alpha Delta Pi, has been active in the Women's Athletic Association, Purple Peppers, Theta Pi, K. K. fraternity, P. R. I., and Frog Club.

Ruth Langenwelter will be next year's vice-president of Y. W. C. A. and was group chairman this year. She was head of the engineer's open house exhibit for girls.

Mayrie Griffith, Chi Omega, is president of Theta Sigma Phi, new member of the Student Council, Collegian board, Y. W. C. A. cabinet, Dynamis, Women's Athletic Association, was manager of Aggie Pop this year and received freshman and sophomore Phi Kappa Phi honors.

The active Mortar Board members are: Frances Bell, Louise Chalfant, Mary Lou Clark, Elizabeth Crawford, Ethel Eberhart, Frances Jack, Roberta Jack, Marjorie Pyle, Mary Alice Schnecke, and Ruth Stiles.

'Y' CABINETS PICNIC AND PLAN FOR ESTES

Dorothy Blackman and T. C. Groody
Direct Joint Outdoor Session
of New Executives.

The Y. W. and Y. M. cabinets held a joint picnic meeting last night.

Dorothy Blackman, Manhattan, president of the Y. W. for 1933-34, and T. C. Groody, Manhattan, president of the Y. M. for 1933-34 directed the meeting. Barbara Lautz, Amarillo, Texas, talked of the "Y" Student conference to be held in Estes Park, Colorado, from June 7 to 17 this spring.

Recreation was in charge of Alice Wilsey, Washington, and W. E. Gildersleeve, Kingston. Betty Ozmment, Manhattan, and William Spencer, Manhattan, had charge of refreshments.

PLAY DAY BRINGS WOMEN FROM TOPEKA AND EMPORIA

Fifty-Four Attend Indian Pow-Wow of Athletic Association—Award to Emporia

The Indian Pow-Wow, the form taken this year by the annual play-day of the W. A. A., was attended last Saturday by 54 students. There were ten representatives from Emporia, 11 from the College of Emporia, and the others were from Kansas State.

Participants were divided into groups which competed throughout the day. At the closing tea the Iroquois received the award for having the highest total score. Each member of the team was given a toy dancing Indian. The College of Emporia was given a bow and arrow for presenting the best song.

Names of the different teams were: Iroquois, Squaws, Chipewas, Braves, Red Skins, and Papooses. Each team was marked with a different color.

The program for the day was run as scheduled: 9:00-10:00, registration; 10:00 to 12:00, team games; Squaws vs. Papooses, baseball; Red Skins vs. Braves, bat ball; and Chipewas vs. Iroquois, tennis; 12:30, luncheon at the college cafeteria with program and song contest; 2:00 to 2:30, folk dances in the gymnasium; 2:15 to 3:30, challenges at tennis, pyramids, and relays; 3:30 to 4:30, swim at gymnasium and social dancing in recreation center; 4:30 to 5:30, tea in recreation center and awards.

NEW METHODIST CABINET IN

Alice Wilsey Succeeds Mary Beth Allman as President of Kappa Phi at Last Meeting.

At a dinner Tuesday evening Kappa Phi, Methodist women's organization, installed its cabinet for the coming year. The dinner was held at the parsonage. The theme of the meeting, the last of the year, was "Scattering the Leaves."

Farewell gifts of New Testaments were presented to the graduates of this year, and Mrs. B. A. Rogers, wife of the student pastor, was honored with a handkerchief shower and cake for her birthday.

The following cabinet members took office: president, Alice Wilsey, succeeding Mary Beth Allman, who was presented a gift in appreciation of her work during the year; vice-president, Edna Fritz; secretary, Ethel Olney; treasurer, Olga Larson; corresponding secretary, Rosema Holman; chaplain, Lenore Converse.

Historian, Wilma Byers; pianist, Julia Crow; social chairman, Katherine Holman; membership, Irma Lyle Stanberry; program, Mary Beth Allman; religious efforts, Margaret Ploger; invitations, Christine Overly; favors, Ruth Johnson; Candidean, Alma Wilsey; decorations, Ruth Cook; hostess, Fern Geyer; publicity, Wilma Marsh; supplies, Marcia Conrad; the Wesley Foundation, Katherine Pelton; chorister, Althea Keller; alumnae secretary, Ruth Jorgensen; alumnae representative, Evelyn Griffiths.

Senior girls who were presented farewell gifts were: Molly McBride; Elsie Krueger, Cleta Keck, Margaret Knerr, Evelyn Miezman, LaFaua Astle, Ermine Nixon, Velma Capper, Pauline Smith, Louise Jones, Beulah Frey and Ruth McInay. The degree of the rose was conferred upon the alumnae members.

BALDRY A VISITOR HERE

W. E. Baldry, city engineer of Topeka, visited the local student chapter of the American Society of Civil Engineers Thursday. Mr. Baldry is contact member of the student chapter in this locality. Professor E. R. Dawley of the applied mechanics department gave a talk on "Concrete Mixers."

FARRELL SALARY REDUCED THIRTY PER CENT A YEAR

BOARD OF REGENTS REDUCE
CHANCELLOR LINDLEY'S
SALARY LIKEWISE

SLASHES FOR ALL FACULTY

C. M. Harger Says Board Is Meeting
Expectation of State in
Taking 15 to 25 Per Cent
From All Salaries

The salaries of faculty members of the five state schools were reduced 15 to 25 per cent yesterday by the state board of regents. The cut was made in keeping with the appropriation slashes made recently by the state legislature. The new scale of wages will be 15 to 25 per cent under that allowed in the 1931-32 budgets.

The plan adopted by the regents included a 30 per cent cut in the salaries of F. D. Farrell, president of Kansas State, and E. H. Lindley, chancellor of the University of Kansas. The salary of each of these men was \$10,000 a year prior to the 10 per cent salary cut put into effect in all state schools last year. The school heads at Emporia, Pittsburg, and Hays are to receive \$5,000 instead of \$7,000.

When announcing the new salary policy, C. M. Harger, chairman of the state board of regents, said:

"The board has endeavored to meet fully the expectation of the legislature and the citizens of Kansas in reducing the expenses of the five state schools to the greatest degree possible, with the intention of maintaining the efficiency of the institutions."

INVITE KANSANS OF ALL PARTS TO AGRONOMY DAY

Days Are Set Aside for Various
Groups to Make Inspection
of Experiment Plots

Residents from various sections of the state have been invited to attend the agronomy field days to be held May 16, 17, 18 at the college. The state has been divided into districts according to the work they are interested in and each district will have experimental work conducted for it on the various days.

"Agronomy field days offer an opportunity for the citizens of Kansas who are interested in the improvement and production of crops and in soils and soil management to visit their experimental farm at Manhattan and learn by observation in the field of work being done," said Prof. R. I. Throckmorton, head of the agronomy department.

Discussions will all take place around the experimental plots in the field where visitors can see crops or systems under discussion. The department of dairy husbandry, poultry husbandry, and horticulture are cooperating with the agronomy department again this year. The dairy herds, new dairy barn and equipment will be viewed each morning from 10 to 11 o'clock.

A special program in the afternoon will be available for the women. They will be taken on a tour through the gardens, greenhouse, and about the campus to see the better methods of gardening and caring for the lawn and shrubs. This tour will be conducted by the department of horticulture and agronomy.

The effect of different rotations, cropping systems and methods of seedbed preparation on the growth of crops and the methods of utilizing alfalfa, sweet clover, and soybeans in the rotation will be discussed in the field.

VET ELECTION THURSDAY

The Junior Chapter of the American Veterinary Medical Association will have election of officers Thursday evening in veterinary hall.

Pauline Smith, Talmage, and Bessie Wilson, Kansas City, went to Garrison Saturday.

TENNIS TODAY

The Kansas State tennis team will engage the racquet wielders of Bethany college of Lindsborg on the college courts this afternoon at 3:30 o'clock.

Seniors Loll in Luxury For It's No Work Today

Kansas State is today a senior-less college if class attendance can be used as a medium of judgment. It's senior sneak day.

The Aggieville sandwich and soda vendors are getting a big rush and parks are enjoying the company of many picnic parties.

Senior sneak day is a tradition at Kansas State. The beginning of this holiday dates back to the beginning of the college itself. It is the day when all seniors cut loose and enjoy a day of freedom out among the meadows, wind and cigarette smoke, with an occasional movie or party thrown in to make sure that the day is a success.

There is no set date for this roller day for the departing seniors. It has always been a Tuesday in the past few years. This has been to assure no conflicts with other events.

Senior sneak day might be called a day of rest and training for the graduating class because in only a few days they will find themselves

busy with final examinations and graduation events.

This year's senior sneak day includes no special plans for gatherings during the day but a dance is scheduled for tonight at the Wareham ballroom. June Layton and his orchestra will furnish the music. Plans for the dance were not made until last night when it was learned that the orchestra would be rehearsing at the ballroom at that time. The committee in charge says that the dance will be open to all students that have 25 cents because that's what June will charge to hear his orchestra rehearse. The party will start at 8:30 o'clock and will be a sport affair.

Plans for this year's sneak were in the hands of a committee whose names will not be made public for various reasons. The officers of the senior class, selected recently by Scarab, are: Lawrence Daniels, president; Bob Zebold, vice-president; John Meyers, treasurer; G. R. Munson, secretary; Harold Kugler, devotional leader.

IO SPOON TO HARRIET REED

Society's Outstanding Junior Girl Is
Recognized at Annual Camp
On Wagner Farm.

Recognition of Harriet Reed, Holton, as the outstanding junior girl in the society was a feature of the annual Ionian camp Saturday night. Miss Reed was elected by the senior members of Ionian, according to their tradition, and was given a wooden spoon in token of her superior work in the society.

The spoon was presented by Mary Alice Schacke, holder of the spoon during the past year.

Leaving Manhattan at five o'clock Saturday afternoon, the group drove to the Wagner farm north of town. There they cooked their supper outdoors, camped overnight, and at sunrise were serenaded by members of Hamilton, brother society. Together the campers cooked their breakfast and later returned to town.

KETCHERSID PAN-HEL CHOICE

James North and Harry Coberley
to Other Positions on Senior
Men's Group.

James Ketchersid, Hope, Sigma Phi Epsilon, Monday night was elected president of Senior Men's Pan-Hellenic at a meeting held at the Theta Xi fraternity. James North, Kansas City, Mo., was elected vice president. North is a member of Sigma Nu.

Ketchersid is the retiring secretary-treasurer, and is succeeded by Harry W. Coberley, Alpha Gamma Rho. The retiring president is E. E. Criner, Wichita, Alpha Tau Omega, and the vice president, R. L. Parker, Kansas City, Psi Sigma Kappa.

DYNAMIS ELECTS 20 TO MEMBERSHIP IN GROUP

Harold Heckendorf Is Chosen
President for Coming Year;
Other Officers Are Named

Election of twenty students to Dynamis, honorary local organization, was announced last night at the same time the new officers were made known. Harold Heckendorf, Cedar Point, is the president for 1934. Other officers are: Vice-president, George Rogler, Green; secretary, Arlene Marshall, Herington; treasurer, Paul Blackwood, Talmage; publicity director, Alice Barrier, Topeka.

The new membership includes: Alice Bozarth, Lenora; Wilbur Combs, Linn; Erma Schmiedemann, Manhattan; J. V. Baptist, Uniontown; Wilma Cowdry, Lyons; Glenn Young, Kansas City; Arlene Marshall, Herington; Julia Crow, Silver Lake; George Rogler, Green; Pauline Vail, Green; Dorothy Rosencrans, Manhattan; Paul Blackwood, Talmage.

Bernice Covey, Miltonvale; Pauline Compton, Manhattan; Elmer Heaton, Norton; Leslie King, Wichita; Frank Parsons, Winfield; Alice Barrier, Topeka; Donald W. Miller, Hanover; and Ruth Jorgensen, Manhattan.

TEA FOR THETA SIGMA PHI

Miss Helen Hostetter Entertains
Pledges of Journalism Group
Pledges of Theta Sigma Phi, women's professional journalism fraternity, were entertained at tea at the apartment of Miss Helen Hostetter, 1212 Fremont, Monday evening after pledging services. Active assisted Miss Hostetter in serving tea.

LINDQUIST TAKES 'MIKADO' HONORS AS CROWD HOWLS

INTERPRETATION OF KO-KO
BRINGS CURTAIN CALLS
FOR MUSIC HEAD.

OPERA AS POPULAR AS EVER

Cast Show Up Well in Presentation
of Hilarious Comedy Sponsored By
College and Manhattan Chamber
of Commerce.

Coy Japanese schoolgirls shuffled about, political graft flourished, love despaired and was revived, and an audience laughed and demanded more of an inimitably fine Ko-Ko, Lord High Executioner in the Friday night performance of Gilbert and Sullivan's "The Mikado." An Ko-Ko really "ran off" with the show, in spite of his denunciations of the production.

The production was given under the auspices of the college department of music and the Manhattan Chamber of Commerce. A chorus of 53, and a 24-piece orchestra, directed by Prof. Lyle Downey, gave excellent support to the cast.

An outstanding "hit" was Ko-Ko's song in which he told of people here like to execute, since an execution was necessary for him to keep his office, among them, other than the aforementioned humorist, people with flabby handshakes, "goat-gland specialists," and the Collegian Snooper.

The alliterative trio by Pooh-Ban Ko-Ko, and Pish-Tush, was smoothly done, and Ko-Ko's sad wail, "I've got to take under my wing, tra-la, A most unattractive old thing, tra-la, With a caricature of a face," brought down, perhaps not thunderous applause, but enough to call him back to the stage four times—which is "something" for Manhattan audiences.

Lucille Allman, as Yum-Yum, ward of Ko-Ko, gave an excellent characterization—her acting was extremely pleasing and not forced, and her songs were nicely handled. Richard Herzog, as Nanki-Poo, son of the Mikado, showed his splendid tenor to good advantage, and Harry Hineley was a surprisingly dignified and arrogant Pooh-Bah, Lord High Everything Else, of the great grasping statesman superb, and the personification of a neat grafter.

James Chapman made a good Mikado, and Frank Myers, as Nee-Ban, was ridiculous enough as he bounced about elastically, trying to talk to pretty girls and keep a parol over the Mikado's divine head. Cora Oliphant made a delightful and convincingly pathetic Kishida. Elden Stephens played the part of Pish-Tush, and the parts of Pitt-Sing and Peep-Bo, sisters of Yum-Yum, were played by Margaret Higdon and Betty Stanley.

A colorful background of predominantly black and red scenery, with reproductions of actual Japanese designs, made the opera attractive. Niles Resch, who received his master's degree in architecture from Kansas State last spring, made the scenery.

The performance was splendid—and more enjoyable entertainment like this, and more of Professor Lindquist's incomparable comic characterizations would be most welcome.—R. T.

'K' MEN BACK CORSAUT

His Removal Will Hurt College's
Standing, They Claim.

With the opinion in mind that Coach Charles Corsaut should be retained on the faculty of Kansas State, the "K" club held a meeting last week and adopted a resolution to that effect and sent it to Dr. H. H. King, head of the Kansas State athletic council.

The group attending the meeting agreed that something must be done about the present financial situation of the athletic department but were of the opinion that the release of Coach Corsaut would be harmful to the athletic standing of the school.

Miss Verna Latzke, who is teaching at Alma, visited friends on the campus Sunday. Miss Latzke was graduated from K. S. C. in 1930.

North Carolina coeds list bigness and ugliness among the prime requisites of their "ideal man."

Inside Dope on All The Journalists To Be Aired Thursday

The journalism lecture on Thursday, for journalism students only, has all the earmarks of being worth an hour of any journalist's time.

"Inside stuff," apt to spring anything and "gold couldn't buy immunity from exposure" are the words of warning that dominate the posters on the Kedzie hall bulletin board.

Slapstick comedy filled with pathos and sincere understanding will put "Kedzie Kapers," an exclusive presentation, in the hall of fame and renown.

The hear all, see all, know all clan, lurking in the corners, pecking through the key holes, have "the goods" and they're ready to let the journalists in on it.

ROYAL PURPLE BEAUTY QUEENS OUT SATURDAY

June Layton Will Play for Annual
Ball at Wareham Announcing
March's Choices

Along with the beauties of Kansas State! This opportunity will be given the men at the spring formal beauty ball, Saturday, May 13, in the Wareham ballroom. Girls are to wear formal dresses, and men wear white flannels and dark coats.

Sam Sosna, manager of the variety theater, is trying to make arrangements for screen tests of the entrants in the beauty contest. If the plans are completed, the pictures will be taken by an M-G-M cameraman before the party and will be shown at the theater at some time during the next two weeks.

Permission is being sought from station WIBW, Topeka, to broadcast the dance from 11 to 12 over station KSAC. The beauties will be announced during this time. June Layton and his Varsity club orchestra will play, using their new sound amplifying apparatus.

The winners of the contest have been chosen on the basis of five types of beauty: vivacious, demure, aristocratic, exotic and charming, and sport. A full page of each will be in the 1933 Royal Purple yearbook a description of the type of beauty she represents. Besides each picture will be a pen sketch of the entrance to the winner's scorty house.

The candidates from whom the beauties have been chosen are as follows:

Alpha Delta Pi: Bertha White, Jewell; Lois Darby, Washington; Adamae Tracy, Manhattan; Lois Rosencrans, Manhattan; Myra Roth, Ness City.

Alpha Xi Delta: Alice Kimball, Manhattan.

Beta Phi Alpha: Helen Smerchek, Garnett.

Chi Omega: Lois Narramore, Elmdale; Jane Speed, Parsons; Nancy Jane Campbell, Lakin; Margaret Mary Reddy, Baxter Springs; Donald Keeney, Lucas; Geraldine Grass, LaCrosse.

Clover: Marie Antrim, Spivey.

Delta Delta Delta: Mary Whitelaw, Kingman; Jeanette Moser, Blue Rapids; Doris Dalton, St. George; Meredith Manion, Goodland; Erma Jean Miller, Manhattan.

Kappa Delta: Elsie Gottschalk, Wichita.

Kappa Kappa Gamma: Jane Whyte, Wallula; Jane Harmon, Manhattan; Jane Stone, Manhattan; Floye Poague, Havensville.

Pi Beta Phi: Mary Brookshier, Osborne; Malena Jane Berglund, Lindsborg; Tella Hinshaw, Bennington; Betty Miller, Salina; Vance McClymonds, Walton.

Zeta Tau Alpha: Virginia Speer, Manhattan.

Van Zile hall: Pauline Vail, Plains.

FRANK BURSON HEADS 4-H

Frank Parsons Is New Vice-President for Coming Year.

Frank Burson, Monument, was elected president of the Collegiate 4-H club at the regular meeting last week. Other officers are: Frank G. Parsons, Winfield, vice-president; Helen Hanson, Clifton, secretary-treasurer; Walter Lewis Larned, Marshall; Wilma Cook, Ash Valley, corresponding secretary.

ENGINEERS SEE HOW TO DO IT

A large truck demonstrating the new Westinghouse "Surge Proof" transformers paid Kansas State a visit yesterday morning. This apparatus is being shown at colleges where electrical engineering is taught. The demonstration was held in front of the engineering building before a large crowd of engineers.

Read the Collegian ads.

K. U. ENGINEERS MAY BE SHIFTED TO KANSAS STATE

ENGINEERING SCHOOL MAY BE
DISCONTINUED AT THE
UNIVERSITY.

PROPOSAL ONLY IN EMBRYO

Economy on Faculty, Equipment,
and Housing Would Be Realized
Were Kansas State to
Get Students.

Five hundred engineering students now enrolled at K. U. will find themselves or their successors at Kansas State in 1935-36 if a proposed change becomes a fact. The change involves the transfer of the engineering school of the University to Kansas State college, according to a press dispatch from Lawrence yesterday.

The proposal comes as an effort to economize in the higher educational institutions by eliminating duplication of courses. Such a proposal has been in the minds of authorities for several years, and comes on the heels of an order of Governor Murray of Oklahoma, providing for the abolishment of the engineering school at the Oklahoma state university and dismissal of all members of the faculty.

"The last session of the Kansas legislature created a legislative council to make a general survey of educational conditions, hoping thereby to reduce materially the cost of the various institutions to the taxpayers," said the dispatch.

"Although this council has not as yet been organized, some members have engaged themselves in getting data so that they will be prepared to make recommendations when the body gets together."

"The cost of operating the higher educational institutions aroused considerable discussion in the last general assembly. The result of the legislative council's investigation is expected to result in recommendations for severe consolidations of various branches of educational work now said to be carried on in duplicated form in the state colleges."

No official information on such a change had been received here as far as was known at the college engineering division. It was said yesterday.

Kansas State's engineering division, widely known for the high quality of its graduates, has an enrollment of about 800. Should the 500 engineering students of the university be shifted here, more equipment would be necessary to care for them, a college official said.

MUSIC PROGRAM FOR TODAY

Students in Violin, Piano and Voice Will Be Presented in
Public Recital

Students of the department of music will be presented in recital this afternoon at 5 o'clock in the auditorium. A special recital of organ students will be given in the auditorium Monday, May 22, at 8 o'clock.

Voice, piano, violin, and duopiano numbers will be featured this afternoon. The program will open with "Variationen"—Uebereine Thema vom Grafen von Waldstein (Beethoven), played by Julia Crow and Bernice Covey, followed by a piano solo, "Nocturne in F Major" (Schumann) by Shirley Ann Sanders.

Harriet Mayer will sing two songs, "The Morning Is Calling" (Terry) and "A Spring Fancy" (Densmore).

Continuing the program with a piano solo, Lucille Herndon will play "En Bateau" (Debussy), and Mary Clark will give "An Evening in Seville" (Niemann). A violin solo, "Gavotte" (Marchand-Press) will be played by Doris Dalton.

Miss Mayer will again be presented playing "Nocturne" (Mae Fayden), and Betty Stanley will play "Valse, Op. 34, No. 1 (Chopin). Mildred Miller will sing two numbers, "Wanderer's Night Song" (Liszt), and "Serenade" (Strauss).

"Valse in E Minor" (Chopin) will be given by Rosemary Schmidt. The program will close with a duopiano number, "First Arabesque" (Debussy), to be played by Ruth Thomas and Esther Wiesdower.

Rachel Lamprecht of the Topeka Capital staff was home for the weekend.

We'll Be Specialists
The lure of being a big business man has lost some of its attractiveness in the past few years. A recent survey at Harvard brought out that only 36 of the 508 senior men were intending to enter administrative business after leaving the school. This small number which voted in favor of business was only six per cent of the graduating class.

Professors With a Message
Academic economists who once lectured to their classes on general principles of the balance of trade, the gold standard, the benefits of competitive business, the laws of supply and demand and other well known textbook topics have decided to leave their college halls to expound on the present ills of the world.

Coed Smoking Ceases to Be A Moral Problem
Amid cries that morals were being lowered and coed purity endangered, Washington university officials have torn down the "No Smoking" placards which formerly decorated women's dormitories and sorority houses. Henceforth individuals may make their own rules. Coeds no longer will be obliged to emulate little boys sneaking into alleys and closets to experiment with the dangers and joys of Lady Nicotine.

On Other Hills
Four professors at the University of Wisconsin have filed for offices in the Madison municipal government, all listed on the socialist ticket.

Business Brokers of America, of Los Angeles, offering to buy the entire university outright for cash.

Students are busy forming a Socialist club on the campus of Louisiana State university.

A student at Tulane is earning his tuition by selling tape-worms to the research laboratory.

The swimming tank at the University of California will be closed this summer because of lack of funds. Students are trying to raise enough money to operate it.

Concerted action of every campus organization at Michigan State college is being given to protest against a legislature bill which would reduce the college appropriations by half a million dollars.

Members of an audience at a Northwestern debate showed their attitude on war when they voted, 68 to 17, that they would not "under any circumstances take part in international war to defend the constitution of the United States."

A Stanford university student recently proved that it takes more than a gallon of 3.2 to produce intoxication. After drinking eight bottles of the new legal beer, he passed the Palo Alto police department's sobriety tests.

Eggs and fruit, both past the stage of maturity, were pelted at the president of the board of trustees at Simpson college when he recently announced that he would suspend any student he caught dancing.

Women at the University of Nebraska are going to show the campus that they can be as funny as their male contemporaries. The April issue of the Awgwan, humor publication, is being prepared by a staff composed entirely of women.

One of the university houses at Marquette has a skunk for a mascot, but he underwent a minor operation before he was initiated.

The Indiana Daily Student is convinced that two things always appear around examination time—full moons and good movies.

Two grandmothers have joined the freshman class at Long Island university. Mrs. Anna Rosenberg Cohn wants to brush up on English, history, biology, German, and speaking. Besides her studies she keeps house, runs a real estate business and is writing a book. Mrs. Louis V. Frank is trying for a master's degree in sociology.

The Old Gold and Black of Wake Forest college tells us that 62 per cent of the Syracuse co-eds talk over their love affairs with their mothers. Thirty-one per cent said that they had no love affairs and that makes one hundred per cent liars.—The Crimson-White.

Something new in the way of "Arm-pit" athletes was introduced Monday when the intramural track season opened. Athletic events nearly over shadowing those of the ancient Romans were run off in quick order. Even the Delts had their greatest drawback, Selp (do not confuse this with Oberhelman) out doing a chorus and posing for a group picture of him self. Some of the parlor-room athletes carried rabbits feet, bottle openers, and favorite neck bands as tokens of good luck. Of course their hopes were blasted but a dead rabbit's foot can't kick every time. Most of the races were run in good time, but practically all of them were run in shorts.

Franklin Thackrey has been subject to an attack of spring fever, or something that has those symptoms. The doctor, Jessie Dean, says that she likes her new pin very much.

Early weekend parties were rather dull, but some of the later-in-the-evening affairs were filled with merriment.

A few of the so-called better looking girls of K.S.C. are patiently waiting for the announcement as to the winner of the beauty queen contest. Fredric March is the referee and the score will be announced Saturday at the Beauty Ball.

Marjorie Lyles says in describing her boy friend, Hal Doolittle, "He has eyes that I like and that is about all."

Glenda Mae Hodge says that she don't see why some one has not written a book about "What Young College Girls Should Know." Most any sorority literature or fraternity section of a college yearbook would give that information.

With all of these spring formals coming off rather sudden like, Steve Vesceky wants to inform all freshman and others of the minority that the proper costume for these affairs is a dark coat with white flannels, together with shoes, shirts and ties of course. Gloves and overcoats can be left at home as they are no longer necessary.

The "They Tell Me" column written by our Lounging Lawrence seems to be pretty large for a girl that was naughty and had to be campused. Surely those Betas should keep still about the showers at their house.

A Dose of Digitalis
While Whirlwind Roosevelt is sweeping 'em off their feet it might be advisable for a few courageous souls to step aside and calmly consider our supposedly changing scene.

The newspapers of today tell us that the new president is revolutionizing industry and labor. Everything is going to be lovely and just around the corner lies Utopia. But if Utopia has passed us by thus far we may be sure that Franklin D. will not help us to attain it. A few minutes of introspection and a series of hurried glances through any history book will demonstrate the fact that in reality the present administration is only temporizing.

All the plans that have been put into effect and all those plans proposed, lead back to the system that has brought us to this state of "chaos." Roosevelt is attempting to re-establish the solidarity of the time-worn system that has always required huge doses of artificial stimulus.

One can not revitalize forever. Systems, human and governmental, deteriorate swiftly under that plan of existence. Sooner or later new ideas must be evolved. The world is waiting.—University Kansan.

Judge For Yourself
If women's pan-Hellenic council at Kansas State continues to stringintize the sorority rushing rules, it won't be long until everybody will go through rush week masked and wigged to prevent acquaintance.

If the condition grows much worse, gags will be in order to prevent speech altogether. All modern conveniences such as automobiles and telephones can soon be dispensed with also.

When it comes time for pledging, the rushee will probably tip-toe up to the fifth assistant secretary to the chairman of the sub-committee on sorority rushing, who represents the faculty advisor to senior women's pan-hellenic, who in turn represents the faculty council on students affairs and cooperates with the dean of women.

After the tip-toe act the rushee will glance wildly about in all directions, pause fearfully, finally decide to throw care to the winds, and whisper into the ear of the secretary that she'd like to be Chi Ki gal.

When this information is passed along to the proper authorities, the secretary will turn to page 1066, volume five, report II, on the opinion Chi Ki has of said rushee. Found to coincide, a detective will be assigned to make sure that no communication has been between sorority and rushee since May 9, 1915, and if no indication of graft is found—

The rushee will be escorted by an R. O. T. C. detail, armed to the teeth, to an armored tank, in which she is conveyed to the Chi Ki sorority house. Outside the door, she is masked, gagged, blindfolded, and warned thoroughly. Inside, the girls all have hands tied besides the same apparatus for non-communication with which the rushee has been provided.

Entertainment follows. If the rushee faints—that being the only freedom left her—she cannot become a Chi Ki, but if she stands the gaff, she may pledge and in due time be initiated to live happily ever after in the sisterhood of her choice.—A student.

The Mothers' club at Utah university is taking a hand in the hectic fight against student hazing. Officers of various student societies declare, however, that new initiates would be found if the present ones persisted against the ancient ceremony of applying the paddle.

Cow-paths aren't limited to mid-western colleges and universities. The men's student senate at Syracuse university is waging a campaign to eliminate cow-paths on the campus. Students have been asked to stop playing baseball on the campus and to cease walking on the grass.

Beloit college has agreed to furnish gas for its working students, who live within the 30-mile radius of the campus, reports the Junior Collegian, published at Los Angeles junior college.

Eastern college bands are small in comparison to those in the Western conference, says the Rutgers university Targum. The University of Illinois has one containing 300 pieces, Northwestern 200, and Michigan only 150.

Professors in English and history at the University of Washington have joined in issuing the following advice to college students: "It is better to know; but when in doubt, bluff."

University for sale? The dean of the college of social science at the University of Oregon received a letter from the Atkins corporation,

THEY TELL ME THAT...

"I don't know how true this may be. But I'll tell it to you as 'twas told to me!" (since we was campused).

Is anything wrong with the meals at the Sig Alpha house? Bill Seales was a weekend visitor at the Delta house. . . . Harry Miller, the campus menace, is now trying to lure unsuspecting coeds out to play golf with him. You see Harry knows all about those hidden nooks and crannies. . . . As Jack Hensley says, he would be 6'4" if he could just straighten his legs out, and Jack you're not alone! . . . Clay Reppert instead of hunting buffalos this weekend as is his usual custom is now on the trail of an elusive necktie. . . .

Any shieks who lack the most important mode of transportation, namely a wheeled vehicle just call 4438 the Union Station as the Tri Deltas are now furnishing the cars. . . . Dave (B. B.) Horshem's affliction is steadily growing worse. Back in '00 he only had to have the brothers find his date on the dance floor, but now they have to tell him is there any water in the swimming pool. . . .

After this our fair-haired boy Tietze had better stick to his own department. Although he got by the guard at the door at the Vet dance, once inside a husky, slightly inebriated Vet chose him. Dashing to his rescue came four Deltas and Marjor Van Tuyl—Cotton spent the rest of the evening ably chaperoned by Major Van Tuyl. . . . Campus buddies of Major Bliss and Jim Richards are wondering just whose fist hits like a baseball. The optimistic boys are endeavoring to credit their blackened lamps to the erratic course of a batted ball. . . . Surely Billee Cowdery and Roberta Downie haven't been taking boxing lessons from Pa-looka Prentup! . . .

In case Professor Alm is looking for volunteers for his rat maze in the basement of Education we suggest Tyne Pearman and Forest Faulconer who never can find their way out of the shower at the Beta house. . . . Christmas has nothing on Baker and Doc Kennedy as they start out on a picnic. . . . and Swede Lutz is still scratching because of the itching powder Milt Regier sifted on him during his afternoon siesta. . . .

And a young man's fancy continues to turn, as Franklin Thackrey's pin goes on Jessie Dean. . . .

Alpha Kappa Lambda
Alpha Kappa Lambda observed Mother's and Sister's day at dinner Sunday. Those present were: Mrs. Charles Harmon, Valley Falls; Mrs. William Wahl, Westmoreland; Mrs. Guy Lytle, Mrs. Glen Crippen, and Miss Sample, all of Council Grove; Mrs. Y. B. Emerson, Wellington; Miss Margaret Ploger, Kinsley; Mrs. R. W. Walters and daughter, and Mrs. Laura Owsley, and daughter Carol, all of Manhattan.

Initiation was held for the following members Sunday morning: Roland Elliott, Elwin Sample, Clarence Keith, and Alvin Ploger. Guests over the weekend were Leslie King, McPherson; Sid North, Kansas City; W. E. Steps, Halstead; John Hamon, Valley Falls; Gene Schaffer and Ralph Stapleton, Jewell.

Sigma Alpha Epsilon
Sunday dinner guests were Pres. and Mrs. F. D. Farrell, vice-president and Mrs. J. T. Willard, and Miss Jessie M. Machir. Carl Stephenson spent the weekend in Clements. Maurice Stauffer visited in Lawrence Sunday. James Towner spent the weekend at his home in Dwight.

Delta Delta Delta
Newly elected officers of Delta Delta Delta are: president, Mary Whitelaw, Kingman; vice-president, Jeanette Moser, Blue Rapids; recording secretary, Grace Light, Liberal; treasurer, Louise Ramif, Manhattan; marshal, Mildred Mowery, Salina; corresponding secretary, Harriet Shrack, Pratt; chaplain, Madge Mahoney, Atchison; historian, Dorothea Bacon, Atchison; librarian, Leora Light, Liberal; rush captain, Betty Stanley, Wichita; house manager, Ruth Hopkins, Garden City; activity manager, Helen Morgan, Newton, and Pan-Hellenic representative, Elizabeth Lamprecht, Manhattan.
Delta Delta Delta observed their annual Parent's Day with a dinner

Brady, Ernest Reed, Wek Goblentz, Eldon Stoskat, and Charles Funk.

Kappa Phi Tea for Mothers
Members of Kappa Phi, Methodist women's organization, held their annual tea complimentary to their mothers on Sunday from 3 to 5 o'clock at the home of Rev. and Mrs. B. A. Rogers. Each girl brought her own mother or a guest. Mrs. Allman poured. A color scheme of yellow and lavender was used, and the favors were yellow and lavender pansies.

Kappa Sigma
Glen Cunningham of Kansas university, was a dinner guest Saturday noon.
Mr. and Mrs. George E. King, Wichita, were guests over the weekend.
Sunday dinner guests were: Mr. and Mrs. R. P. Martini, Mrs. H. B. Peery, Mr. and Mrs. I. E. Davis, Topeka; Mr. and Mrs. J. J. Ediger, Newton; Mrs. D. Ross, Manhattan; and Mrs. R. R. Omahundro, Wellington.

Gives Tea for Topeka Guests
Miss Rachel Lamprecht, 32, who reports for the Topeka Capital, had as weekend guests at her home, Miss Constance Van Natta, of the Topeka Capital, and Miss Jane Rockwell of WIBW, Topeka. Miss Lamprecht entertained at a tea in their honor Sunday afternoon.
Guests included: Mrs. R. I. Thackrey, Mrs. R. D. Compton, Miss Helen Hostetter, Mary Alice Schnacke, La Faun Astle, Virginia Haggart, Dorothy Hadsell, Vova Brewer, Marie Henney, Edith Dobson, Louise Ratliff, all of Manhattan; Nelda Carson, Morganville, and Geraldine Gourley, Nickerson.

Kappa Delta
Dorothy Leshosky went to Wakefield Sunday afternoon.
Bethie Muhleisen, Ellis, will be here until school is out.
El Dana Stewart, Eskridge, visited this weekend.
Elizabeth Jo Cates, Salina, went home for the weekend.
The annual Mother's Day dinner was Sunday, May 7 at the house. The guests were Mrs. E. G. For-

rester, Wamego; Mrs. Fred Henney, Hutchinson; Mrs. Brown, Sylvia; Mrs. C. T. Blackman, Manhattan; Mrs. Thomas Martin; Mrs. H. S. Ramey; and Mrs. J. H. Burt.

Omicron Nu Tea
Mrs. F. D. Farrell and Dean Margaret Justin will entertain with a tea for members of Omicron Nu this afternoon from 4 to 5 o'clock.

Phi Kappa Tau
Elmer Pestch, Hanover, went home this weekend.
Leonard Zurli, Ellis, spent the weekend at home.
Morton Fitzmorris was in Kansas City this weekend.
Tom McGinnis, Topeka, visited at the house Sunday.
Formal initiation was held Saturday afternoon for Wayne Callahan, Coffeyville.

Phi Lambda Theta
Phi Lambda Theta entertained with its annual spring party Friday evening, May 5, at the Manhattan Country Club. Faculty members present were Dean Mary P. Van Zile, Dr. and Mrs. D. C. Warren, Prof. and Mrs. A. J. Mack, Mr. and Mrs. Harris Evans, and Prof. and Mrs. Fred Parrish. Out of town guests were: Millicent Aspell, Dwight; Marjorie Diller, Morrowville; Orrella Lavering, Washington; Helen Byers, Sabetha; Martha Panzeram, Effingham; Harold Laverne Harper, Topeka; Delmar Shreve, Augusta; Louis Schwanke, Alma; Conway McCleavy, Dwight, and C. C. Milligan.

Phi Lambda Theta held its annual Sweethearts and Sisters Day, Sunday, May 7. Guests present were Esther McPhillin, Wilma Stewart, Bethel George, Ethel Thurov, Muriel Morgan, Laurel Kingsley, Mae Gordon, Esther Wright, Alice Wilcox, Orrella Lavering, Washington; Miss Phelps, Junction City; and Fern Roehman, White City.

Beta Phi Alpha
Beta Phi Alpha held its annual Founders day, May 7. Speakers on the program were Helen Tedman, Mildred Aspell, Helen Smerchek, Miss Emma Hyde, Marcine Campbell, and Blanche Pierce. Alleen Rundle was toastmistress. Alumnae present were Mary Alice McCright, Havensville; Laverne Huse, Esther Rocky, Elsie Mae West,

Marion Rude, Conie Foot, Ruth Tucker, Helen Rust, Miss Emma Hyde, all of Manhattan; Bernice Cousins, Woodbine; Thelma Huse, Topeka.

Phi Sigma Kappa
Sunday dinner guests were Jim Scheu, Manhattan, Mr. and Mrs. Maurice Hill, Manhattan, and S. W. Peterson, Manhattan.

Paul Rust spent the weekend in Eskridge.
Frank Garrett, Gypsum, was a house guest during the weekend.
John Reinecke, Harry Grass, and Myron Hicks spent Saturday evening in Topeka.

Phi Sigma Kappa announces the pledging of H. C. Getty, Winchester; J. D. Manges, Courtland; and P. J. Longley of Lebanon.

Phi Beta Phi
The annual Mother's Day dinner was held Sunday. Those mothers present were: Mrs. C. E. Mallon, Anthony; Mrs. G. D. Merritt, Haven; Mrs. E. J. Harold, Sabetha; Mrs. J. T. McAdams, Parsons; Mrs. G. E. Hodges, Cherokee, Okla.; Mrs. D. K. Hart, Overbrook; Mrs. Ray Middlekauff, Marge Vindernagle, Beatrice, Nebr.; Mrs. A. L. Lemon, Wakefield; Mrs. Grace Husted,

Kansas City; and Mrs. J. B. Lawrence, Council Grove.

The following officers for next year were elected: president, Glenda Mae Hodge, Cherokee, Okla.; vice-president, Kathleen Mallon, Anthony; corresponding secretary, Billee Cowdery, Lyons; treasurer, Ambrosia McClaren, Galena; social chairman, Jacquette Lawrence, Council Grove; censors, Tella Hinshaw, Bennington, and Vera Trusler, Junction City.
Betty Shearer, Abilene, spent the weekend at the house.

Miss Ina Cowles, clothing and textiles department, spent the weekend at Dinland.

At The Theatres

AT THE VARSITY

"The Working Man"

George Arliss is this whole show. Not since "The Millionaire" has this great actor been more characteristic in a comedy role. As a working man, the head of a large show concern, he is perfectly cast. Then as a fisherman, as an adopted father, as the rival head of his own

concern, you'll enjoy George Arliss the most you have in some time.

Bette Davis, one of the newest among Hollywood stars, supports Arliss remarkably well. Hardie Albright and Theodore Newton, a newcomer to the screen, add much to the comedy of this picture. But the great Mr. George Arliss is too good for any one to miss seeing.—E. E.

AT THE WAREHAM

"The Circus Queen Murder"

Mystery! It's there in plenty right before your eyes when the world-famous aerialist is stricken in a strange manner while whirling and swinging high in the high top in "The Circus Queen Murder" at the Wareham theater today and tomorrow at one dime a person, including college students.

Any one of thirteen individuals might have caused her death but which one was it? Leave it to Colt, police commissioner, who will open your eyes like the last page of a detective story magazine, but Greta Nissen is the one who had to give her life for this thrill (not really). It is "kinda gruesome" for a dime show but you will forget it. Might get your mind in practice solving puzzles like this as you can solve

some of those exams coming in about a week or two.

AT THE DICKINSON

"Song of the Eagle"

Richard Arlen is spreading some good propaganda if the police force and citizens would only swallow it. This picture shows a way to utilize the unemployed army men who fought in the World War. The plot starts from years before and takes the beer story in the future past 3.2 per cent. The gangsters still try to keep their world and have these legal producers come under their wing of protection for a cut. This seems to work until the ex-army brewer takes things in hand. Then the true, and most probable in a couple years, excitement begins. He brings all the soldiers who are out of work and they make war on the gangsters, not verbally, but just the way they fought together in France. You know how they came out. They did the same thing here.

A short love story follows these ups and downs of beer. All the acting was great in a plot covering so long a time. Maybe it was the beer served at the entrance of the Dickinson before that supplied the atmosphere, but I liked it without the so-called tempter.—F. V.

NO TRICKS IN CAMELS—JUST COSTLIER TOBACCOS

NEBRASKA WINS IN TRIANGULAR TRACK CARNIVAL

HUSKERS SCORE 71 POINTS IN
MEET—KANSAS IS SECOND
AND KANSAS STATE THIRD

JAYHAWKS TRIM WILDCATS

University Tracksters Take Dual 73
to 58—Cunningham, Hall, and
Lee Put on Outstanding
Performances

For the fourth time the Nebraska university track team carried away the winning honors in the annual triangular track meet between Nebraska, Kansas, and Kansas State. By placing enough men in second and third places the Huskers were able to score victory again Saturday.

Nebraska's final score was 71, Kansas had 53 2-3, and Kansas State 37 1-3. The meet was also a dual meet between Kansas and Kansas State, with Kansas winning over the Wildcats 73 to 58; and between Nebraska and Kansas with the Huskers winning 73 1/2 to 57 1/2.

High scoring honors were carried off by Cunningham and Hall of Kansas, and Lee of Nebraska, each making 10 points in the afternoon. Hall and Cunningham got additional honors because they were members of the winning relay team.

Cunningham knocked almost 10 seconds off the mile mark and over two seconds off the half mile record Saturday. The relay team, on which he ran third, cut almost three seconds off the old mark set by a Kansas team in 1928. Hall, the other outstanding member of the Kansas team, won first in the 100-yard dash and the 220-yard dash and was a member of the record relay team. His time for both sprints tied old records.

Lee of Nebraska won a third in the century, then took a second in the 220-yard dash and finally won the broad jump.

The battle for the victory in the 120-yard high hurdles was one of the more interesting contests in the meet. Flick of Kansas and Schmutz of Kansas State breasted the tape almost at the same instant. The stop watches of the timers could not register the difference in their times.

Dees of Kansas added four feet to the shot mark when he put the iron ball 48 feet 8 1/4 inches. Hokuf of Nebraska added 12 feet 5 1/4 inches to the javelin record by tossing it 193 feet 2 inches.

Landon of Kansas State and Lambertus of Nebraska were also high scorers. Landon ran second to Cunningham in the mile and won the two-mile. Lambertus scored a second in the century and won the 220-yard low hurdle event. In running second to Cunningham in the mile, Landon broke the varsity record.

The summary:
Mile—Won by Cunningham, Kansas; second, Landon, Kansas State; third, Punk, Nebraska; fourth, Borrell, Kansas. Time 4:17.4 (New meet record. Old record 4:28.3 held by Moody, Kansas State).
100-yard dash—Won by Hall of

Kansas; second, Lambertus, Nebraska; third, Lee, Nebraska; fourth, Plumley, Kansas. Time 10. (Ties meet record).

Shot put—Won by Dees of Kansas; second, Beach, Kansas; third, Mead, Nebraska; fourth, Hubka, Nebraska. Distance 48 feet, 8 1/4 inches. (New meet record. Old record 44 ft. 8 3/4 inches held by Thornhill of K. U.).

440-yard dash—Won by Roberts, Nebraska; second, Castello, Kansas State; third, Darnell, Kansas State; fourth, Graves, Kansas. Time 5:11. High jump—Tie for first between Roehrman, Kansas State, and To-man, Nebraska; third, tie between Breen, Kansas State and Schmutz, Kansas State, and Dunn, Kansas. Height 6 feet, 1-4 inch.

120-yard high hurdles—Won by Flick, Kansas; second, Schmutz, Kansas State; third, Dohrman, Nebraska; fourth, Breen, Kansas State. Time 15.5.

880-yard run—Won by Cunningham, Kansas; second, McNeal, Kansas State; third, Roberts, Nebraska; fourth, Hostettler, Kansas State. Time 1:55.7. (New meet record. Old record 1:57 held by Johnson, Nebraska).

220-yard run—Won by Hall, Kansas; second, Lee, Nebraska; third, Roby, Nebraska; fourth, Booth, Kansas State. Time 22.1. (Ties meet record).

Pole vault—Won by Gray, Kansas; tie for second between Roby and Skewes, Nebraska; tie for fourth between Rogers and Beatty, Kansas, and Booth, Kansas State. Height 12 ft. 3 in.

Two-mile run—Won by Landon, Kansas State; second, Storey, Nebraska; third, Punk, Nebraska; fourth, Pearce, Kansas State. Time 10:06.8.

220-yard low hurdles—Won by Lambertus, Nebraska; second, Plumley, Kansas; third, Flick, Kansas; fourth, Knappenberger, Kansas State. Time 25.3.

Discus—Won by Sauer, Nebraska; second, Skewes, Nebraska; third, Hokuf, Nebraska; fourth, Beach, Kansas. Distance 138 ft. 10 in.

Javelin—Won by Hokuf, Nebraska; second, Chambers, Nebraska; third, Costa, Kansas State; fourth, Veatch, Kansas State. Distance 193 ft. 2 in. (New meet record. Old record 180 ft. 8 1-2 in. held by Ward, Kansas State).

Broad jump—Won by Lee, Nebraska; second, Gray, Nebraska; third, Roby, Nebraska; fourth, Breen, Kansas State. Distance 24 ft. (New meet record. Old record 23 ft. 4 in. held by Stephens, Nebraska).

Mile relay—Won by Kansas (Gay, Graves, Cunningham, Hall); second, Kansas State. Time 3:22.4. (New meet record. Old record 3:25.3 held by Kansas).

WASHBURN HERE TODAY FOR DUAL TRACK MEET

Wildcats and Ichabods Battle on
Cinder Path in Stadium
at 4 O'clock

This afternoon at 4 o'clock Washburn college tracksters will meet the Kansas State trackmen in a dual meet in Memorial stadium. The Wildcats should score heavily in the distance and hurdle events.

Washburn will undoubtedly be strong in the sprints and field events. The best men in the Washburn string are: Edwinton, pole vault and javelin; McKay, high jump, broad jump, and sprints; Cobean, hurdles and high jump; Briggs, sprints; Platt, distances; Mathias, low hurdles; Thompson, sprints; and Owen, weights.

Coach Haylett's entries are: 100-yard dash—Going, Booth, Castello. 220-yard dash—Castello, Booth, Going. 440-yard dash—Darnell, Castello, Phelps.

880-yard dash—McNeal, Landon, Hostettler, McNay. Mile run—Landon, McNeal, Pearce, Nixon, McNay, Daniels. Two-mile run—Landon, Pearce, Nixon, Daniels.

120-yard high hurdles—Schmutz, Breen, Stoner, Knappenberger. 220-yard high hurdles—Breen, Knappenberger, Spring, Schmutz. Shot—Wertzberger, Stoner. Discus—Wertzberger, Laird, Marshall.

Javelin—Costa, Veatch, Laird, Marshall. High jump—Roehrman, Breen, Schmutz. Broad jump—Breen, Bliss, Going.

Pole vault—Schmutz, Booth. Relay—Hostettler, McNeal, Darnell, Castello, Booth, Breen, and Phelps.

Women's Sports

April showers despite May flowers necessitated the postponement of some of the intramural baseball games last week. But "Here Comes the Sun" with a promise that this week both the group winners will have a chance to compete, and the finals will be played off. And that will conclude one of the latter chapters of the story.

All Frogs, take notice. Frog club will jump in the pond (N1) Thursday night from 7:30-8:30. However, it is hoped that none of them will

croak, despite the fact that most frogs do. There is something in being different, you know.

Men's Intramurals

Intramural track got under way last night taking these events as scheduled for the first day. Results of the relays, hurdles and other events are not complete.

The Varsity track meet with Washburn tonight prevented intramural track to be completed as scheduled tonight. Second day events have been postponed until Monday, May 15, at 4:15 o'clock. The 220-yard dash, high jump, shot put, low hurdles, half mile run, and half mile relay are scheduled.

Tonight, six baseball games will be played. Phi Kappa will play Phi Lambda Theta at 4:15, NW diamond; Phi Sigma Kappa vs. Beta Theta Pi, 4:15, SE; Theta Xi vs. Delta Tau Delta, 4:15, park; Kappa Sigma vs. Alpha Kappa Lambda, 5:15, SE; and Pi Kappa Alpha vs. Tau Kappa Epsilon, 5:15, park. Four of these games are in the hard ball division and two are soft ball games.

The Vet A. C. will play the Aggie Knights Thursday. All games are nearing the completion of their respective brackets and champions can be determined soon. Games are becoming more interesting as the winning teams fight for the championship.

EMPORIA HERE TOMORROW

Kansas State Baseball Team
Clashes With the College of Em-
poria Nine at 4 O'clock

Kansas State baseball fans will be treated to another baseball game tomorrow afternoon when the Wildcats and the College of Emporia nine cross bats on the college diamond at 4 o'clock.

Two previous games with the Emporians at Emporia have been rained out, so it is hoped that Old

Man Weather will be with the teams tomorrow. The postponed game will probably be played at Emporia sometime soon.

Not much is known of the Emporia baseball team, but the Wildcats should be able to taken them handily.

Two more games will be played this week when Southwestern comes here for a series Friday and Saturday.

WILDCATS TIED WITH OKLAHOMA FOR FIRST

Baseball Race Is All Even With
Both Teams Having Record of
Three Won, Two Lost

As a result of the University of

Oklahoma defeat at the hands of the Missouri Tigers last week at Columbia, Kansas State and the Sooners are tied for first place in the conference baseball race. Each team has won three games and lost two.

The Big Six championship will not be definitely decided until the Tigers and Iowa State play off their remaining two-game series.

If Missouri wins one of these games, the Wildcats will be tied with Oklahoma for the championship.

Miss Florence Stebbins, assistant professor in zoology, spent the weekend at her home in Ellis.

"As long as We're Settling things"

SUPPOSE YOU
TELL ME WHY
YOU SMOKE
GRANGER

"WELL, it's like this. Back in the old days, when men wore high hats and frock coats, they had plenty of time to think things out, and they had sense, too. They used to sit down on a log and take the time to whittle their tobacco from a plug, to be sure of having a cool smoke.

"In those days, a man named Wellman, right here in Quincy, Ill., made about the best tobacco you could get. He knew how to keep the flavor fine and mellow.

"Well, sir, the people who make this Granger Rough Cut acquired Mr. Wellman's method, and they must have known how the old boys used to whittle their tobacco to make it smoke cool. Yes, sir, this Granger is the real stuff. The same mellowness and fine flavor that Wellman used to hand out to his friends. And it's whittled into big shaggy flakes all ready for the pipe. 'Rough Cut' they call it—'cut rough to smoke cool' is the best way I can describe it.

© 1933
LIGGETT & MYERS
TOBACCO CO.

TEN CENTS

The Granger pouch
keeps the tobacco fresh

"Regardless of price, Granger is about the best pipe tobacco I ever smoked. That's why I smoke it, and that's why they call it America's Pipe Tobacco, sir."

Now we wanted to sell Granger for 10¢. It was just a question of how to do it for the price. So we pack Granger in a sensible foil pouch instead of an expensive package, knowing that a man can't smoke the package. We give smokers this good

GRANGER tobacco in a common-sense pouch for 10¢.

GRANGER has not been on sale very long, but it has grown to be a popular smoke. And there is this much about it—we have yet to know of a man who started to smoke it, who didn't keep on. Folks seem to like it.

Liggett & Myers Tobacco Co.

Get going, Fella! HERE'S HOW

Vitally different!

When you see Niagara Falls on the package, you KNOW you have Shredded Wheat.

you like best. It's delicious; it's easy on your allowance. And it helps you keep in trim to lick the world.

D RAG your feet to the nearest campus lunch bar. Say "Shredded Wheat and half-and-half. Make it a pair."

You'll be treating yourself well. For Shredded Wheat is one food that's VITALLY DIFFERENT.

It brings you all the proteins, carbohydrates, minerals, vitamins that Nature stores in her richest cereal, whole wheat. For it is whole wheat—nothing added, nothing taken away—whole wheat, crisp-baked for easy digestion. All the bran is there, as Nature intended.

Try it with milk or cream and the fresh or canned fruit

QUEENS OF FIVE BEAUTY TYPES IN DEBUT SATURDAY

CAMERAMAN WILL TAKE PICTURES OF BALL AND SCREEN TESTS OF WINNING GIRLS.

MARCHAUTOGRAHS PHOTOS

Announcement of Year's Prettiest Quintet According to Five Standards Will Come During Broadcast.

Surrounded by anxious smiles and quickly beating hearts, five Kansas State coeds will be awarded beauty prizes at the annual Royal Purple Beauty Ball Saturday night.

The Royal Purple Beauty Ball is the outstanding spring party for Kansas State students and Saturday night will cap the social season for the year. To make the party more outstanding than ever, the management has taken precaution this year to make the party anything but just another dance or variety.

An added attraction to Saturday night's Royal Purple party that has never happened at Kansas State before is the addition of motion picture photographers who will take shots of the Ball, beauties, and broadcast. Roger H. Dawson, Hollywood, cinematographer, representing Metro-Goldwyn-Mayer Pictures, Inc., will take pictures of the Ball. He will be assisted by Roger Willis of Hollywood, an experienced continuity director.

Take Moving Pictures of Crowd Pictures will be taken of the crowd with the aid of floor sweep lights. Pictures will also be taken of the 31 beauty contestants. Individual screen tests will be made of the five winning beauties. All of the pictures except the screen tests will be shown at the Varsity theatre at a later date.

The music for the evening's entertainment will be furnished by June Layton and his Varsity Club orchestra which has gained considerable distinction in the past in many out-of-town engagements.

The last hour of the program from 11 until 12 o'clock, will be broadcast over radio station KSAC. John G. Mogge, senior in commerce, will act as master of ceremonies and will handle the announcing in the broadcast.

Broadcast During Presentation The highlights of the evening's entertainment will be the presentation of the awards to the five coeds winning the beauty contest sponsored each year by the Royal Purple. These awards will be given during the hour of the broadcast.

Five beauties representing the vivacious, aristocratic, demure, exotic and charming, and sports types will be winners announced for the first time at the Ball. The beauties were chosen this year by Fredric March of stage and screen fame.

The photographs were forwarded (Continued on page three)

VISIT THE COLLEGE FIELDS

Barnett and Throckmorton Inspect Progress at Stations

Prof. R. J. Barnett, head of the department of horticulture, together with Prof. R. I. Throckmorton, head of the agronomy department, is visiting experimental fields in northeastern Kansas today.

They are to study the experimental work done up-to-date at soils and crops field. McClouth; the orchard field, Blair; the orchard field, Atchison; and the potato field, Newman. Russell Rietz, superintendent of all these fields, will act as guide.

TO A. A. U. CONVENTION

Dean Justin and Mrs. West Will Go to Minneapolis Next Week

Dr. Margaret Justin, dean of the division of home economics, and Mrs. Bessie West, head of the institutional economics department, will be in Minneapolis, Minn., next week attending the national meeting of the American Association of University Women, which will be held May 17, 18 and 19.

HALL SEES STUDENT WORK

Professor L. V. Hall is visiting the high schools out over the state looking over the class projects of vocational agricultural students.

Be at the Beauty Ball Saturday night at the Wareham. 59-1

ELECT KENNETH DAVIS TO HEAD CONGO GROUP

New Cabinet for Good Fellowship Society Will Be Installed Next Saturday Night

Kenneth Davis, Manhattan, was elected president of the Congregational Good Fellowship society for the fall semester at a meeting Sunday. Oma Bishop, Abilene, was elected vice president in charge of programs.

The new cabinet will be installed at a retreat next Sunday evening. Other officers are: treasurer, Vincent Johnson, Manhattan; social chairman, Clara Bess Garrison, Lincolnville; foods, Alice Britschge; music, Gladys Paulsen, Onaga; decorations, Doris Clydesdale, Gaylord; gospel teams, Bert Siler, Garden city; kitchen police, Willard Chandler, Sedgwick; cabin master, Norman Booth, Topeka.

SENIORS GIVE NOTHING TO CHIMES TOWER THIS YEAR

Graduation Fee Cut From \$10 to \$7.50 Allows No Surplus for \$80,000 Fund.

With the lowering of the graduation fee to \$7.50 from its former \$10 mark, the fund which is being collected for the erection of the proposed chimes tower will not be increased by this year's graduating class.

In the past few years, one of the ten dollars that is paid by each graduating senior was given to the fund which will in the future pay for the chimes tower. The state board of regents in a recent meeting lowered the fee paid by each senior.

The fee goes towards the expenses of the commencement exercises which include the payment of expenses for a commencement speaker, a baccalaureate speaker, senior graduation banquet, senior musical concert, invitation sent by the college, diplomas, and other miscellaneous expenses.

Besides the elimination of the chimes fund payment, the expense of the concert for the graduating class is deducted from this year's graduating fee.

The chimes tower fund was started by the class of 1929. Since that time, each graduate has contributed one dollar to the fund which is now used by the alumni association as a student loan fund. About \$2,400 has been contributed towards the tower. The money is drawing interest for its use in the loan fund. The cost of the tower and chimes as it is proposed will be nearly \$80,000.

FRANKLIN'S ENGINE RIDE WILL BE NEXT SATURDAY

Hayracks and Tractor Will Take Literary Society on Frolic Horticultural Farm

Franklin Literary society members will have their annual "engine ride" Saturday afternoon, leaving the engineering building at 2 o'clock. Three hayracks and a tractor have been engaged for the ride, which will terminate west of the horticultural farm, where are scheduled games, cats, and a program around a campfire.

New officers were elected for the ensuing year at the meeting last Saturday night. They are: Marie Davis, Nebraska City, Neb., president; Ted Somers, Leoti, vice-president; Elma Edwards, recording secretary; Warren Rowland, Clay Center, corresponding secretary; Jessie Rowland, Clay Center, treasurer; Glen Young, Kansas City, Mo., critic; Albert Duree, Perry, marshal; Ruth Cook, Wamego, assistant marshal; Doris Streeter, Milford, Bertha Cook, Effingham, and Florence Schwendener, Abilene, board of directors; Emma Anne Storer, Kansas City, Ruth Cook, Larned, and David Gregory, Cheney, program committee; Marie Davis and Glen Young, intersociety council members; Marguerite Stoops, Bellaire, chorister; and Emma Anne Storer, pianist.

INSPECT NEW CONSTRUCTION

Highway Engineers Visit Modern Bridge at Marysville

Prof. M. W. Furr and members of the senior highway engineering II laboratory class drove to Marysville yesterday afternoon to inspect a new type of reinforced concrete viaduct and highway bridge under construction there.

The new and old Mortar Board members will have their first meeting Friday evening at the home of Louise Chalfant, president.

TEAGARDEN AND MOUW ARE HIGH MEN IN CONTEST

WINNERS ARE ANNOUNCED AT ANNUAL BLOCK AND BRIDLE BANQUET

EIGHTY-ONE ENTER JUDGING

Prizes of Many Kinds Are Presented Top Scorers in Saturday's All-Student Livestock Judging Event

Robert Teagarden, LaCynge, and J. A. Mouw, Edgerton, Minn., took top placings in the two divisions of the students livestock judging contest Saturday afternoon. The winners in the contest, which was sponsored by the Block and Bridle club, were announced at the annual banquet of the organization, held Monday night in Thompson hall.

The contest consisted of judging two classes of each of the four main types of farm animals—horses, swine, beef cattle, and sheep. It was divided into a senior division for those who have had judging work and a junior division for those who have not had advanced work. Each class consisted of three animals in the junior division and of four in the senior division.

Eighty-One in Competition Teagarden, scoring 508 points, was first in the senior division and Mouw, scoring 544 points, was first in the junior division. There were 81 entrants in the entire contest, 23 in the senior division and 58 in the junior.

In the senior division, Robert Lukens, Beloit, was second with 497 points; Walter Zeckler, Alma, was third with 466 points; and Wesley Coblenz, Great Bend, and C. B. Team, Wichita, tied for fourth and fifth places, scoring 485 points. In the junior division, C. W. Myers, Bancroft, placed second with 531 points; Howard Moreen, Salina, was third with 527 points; Ed McCole, Emporia, fourth with 515 points; and E. C. Sample, Council Grove, fifth with 508 points.

High Men Are Listed In the senior division, the high men for each of the four types of animals judged were:

Horses—first, Robert Lukens, Beloit; second, R. M. Craft, Latham; tied for third and fourth, Harry Coberly, and C. B. Team, Wichita; and fifth, Walter Zeckler, Alma.

Beef cattle—first, Walter Zeckler; second, John O. Miller, Meriden; third, Wesley Coblenz, Great Bend; and tied for fourth and fifth, Herbert Niles, Olivet, and Robert Teagarden, LaCynge.

Swine—first, P. W. Griffith, Edmond; second, Robert Teagarden; third, Warren Mather, Grinnell; fourth, Walter Babbitt, Willis; and fifth, H. C. Holm, Dwight.

Sheep—first, P. W. Griffith; second, Frank Burson, Monument; tied for third and fourth, H. C. Holm and Wayne Jacobs, Harper; and fifth, Raymond Wagner, Richmond.

In the junior division, the high (Continued on page four)

HOLTZ NEW CO-OP CLUB HEAD

He and Three Professors Attend Meeting in Lawrence

Dr. A. A. Holtz, newly elected president of the Manhattan Co-operative club, attended the thirty-eighth district convention of the Co-operative club International at the Hotel Eldridge, Lawrence, last night.

Other members of the faculty who attended the meeting were: Professors C. O. Price, Wendell Beals, and Eric Lyon.

GRADUATE FINISHES BRIDGE

H. L. Brown Visits Campus, Coming Here From Lake of Ozarks

H. L. Brown, civil engineering '32, now a construction engineer for the Clinton Bridge Works, Clinton, Iowa, was a visitor of the department Tuesday afternoon. Mr. Brown has just finished the construction of a new self-anchoring suspension bridge over the Niangua river, near the Lake of the Ozarks, Missouri.

SPECIAL TRAIN FOR TRIP

The annual senior civil engineering inspection will be a trip to Chicago this year, starting May 23 and lasting until May 28. Civil engineers attending will travel by special train with the architectural students, enjoying the same rates.

Linen or Mesh Caps, 75c. 85c. Don and Jerry Clothiers. 60-1

Student Officers at Kansas State

Above are the seven Kansas State college students recently elected to membership in the student council. They are: (1) Mayrie Griffith, Topeka; (2) A. K. Bader, Junction City; (3) Merrideth Manion, Goodland; (4) Ralph Graham, El Dorado; (5) M. L. Carter, Smith Center; (6) Joe Knappenberger, Penafca; (7) Clay Reppert, Harris.

Three Groups Will Appear on Program of Music in Next to Last Assembly Period

JOURNALISTS ARE HONORED SING IN CHAPEL TODAY

Jean Scheel, Ferne Vesceky, and Kenneth Davis Are Given Reporting Awards

Jean Scheel, Emporia; Ferne Vesceky, Kansas City; and Kenneth Davis, Manhattan, were honored at journalism lecture yesterday by awards for achievement in reporting for the year.

Scheel was presented as the winner of the Capper award for the best work done in agricultural journalism. The Capper plaque is engraved each year with the name of the student who has done the most outstanding work in this field. Usually the winner is a student in the department of journalism, Prof. F. E. Charles said, in making the award to Scheel.

Ferne Vesceky and Kenneth Davis were chosen as the best woman and man reporter for the year. They were selected by instructors in the department and by John Reinecke, editor of the Collegian. Miss Vesceky was presented with a set of bracelets, and Mr. Davis with a traveling set. This is the first time such an award has gone to a student in any other department than journalism. Davis is a student in the division of agriculture. The awards were presented by Clay Reppert, business manager of the Collegian.

In addition to the three receiving awards, other prominent students were "put on the spot" for their activities during the school year. Maurice L. DuMars, as master of ceremonies, presented trophies symbolic of their accomplishments, and "pet bones." Even faculty members were not immune to the razzing.

HERE FROM FIVE SCHOOLS

Honorary Education Fraternity Chapter Here Entertains Out-of-Town Group.

Members of the Kansas State chapter of Phi Delta Kappa, national honorary educational fraternity, entertained visiting members from Kansas university, Nebraska university, and Nebraska Wesleyan Friday afternoon and evening. The program included a luncheon, an afternoon of golf, and dinner. Dr. W. H. Andrews of the department of education presided.

Those besides local high school and college faculty members attending were: J. M. Howie, Dean B. E. McProud, and R. W. Deal of Nebraska Wesleyan; William Bronson, Dr. H. E. Bradford, C. C. Minter, Dr. A. R. Condon, and Dr. R. E. Cochran of Nebraska university; Garland Downum, E. Bales, Alvin Komer, F. F. Penney, H. Dilley, Dr. Twente, Dr. F. B. O'Brien, Dr. C. I. Althous, and J. E. Offerman of K. U. Principal O. P. Snyder of St. Marys, Principal M. W. Patterson, and Superintendent J. J. Vineyard of Junction City.

Nelda Carson, Morganville, and Geraldine Gouley, Nickerson, visited friends in Manhattan over the weekend.

Official Straw Hat Day Saturday

DEGREES IN JUNE TO FIVE HUNDRED CANDIDATES HERE

SIR WILLMOTT LEWIS WILL SPEAK AT COMMENCEMENT FOR SWOLLEN LIST

CLIMAX WEEK OF FESTIVITIES

Alumni of Yesterday and Long Ago Will Hold Reunions; Willard and His Class Will Take Spotlight Among Celebrations

More than 500 seniors and graduate students will take an active part in commencement week, Sunday, May 28 to Thursday, June 1. Baccalaureate services, Mortar Board breakfast, alumni-senior reception, alumni day and banquet, and commencement exercises will mark the senior's five days' march to his diploma.

Class reunions of every fifth class from '83 to '33 will be held before the official opening of commencement week. The alumni from 40, 45, and 50 years back will be honored by the college furnishing them with caps and gowns and having them march in the academic procession to the graduation exercises.

Baccalaureate services at the college auditorium at 8 p. m. Sunday, May 28 will begin the week for the seniors. Dr. W. O. Thompson, president emeritus, Ohio State university, Columbus, will deliver the sermon.

Mortar Board, senior women's honorary society, will give the senior girls a breakfast at 8 a. m. in the college cafeteria. The new pledges will give stunts for the program.

The alumni and seniors will have a chance to get acquainted at the reception given at Pres. F. D. Farrell's residence from 4 to 5:30 p. m., Tuesday, May 30.

Alumni from Massachusetts to California will meet Wednesday and register in recreation center in the morning. Each class will have a luncheon wherever they decide. They will then return to recreation center for a business meeting at 2 p. m., when they will elect officers, give the annual report and account of the association.

Dr. J. T. Willard, vice-president of Kansas State, and his class of 1893 will be honored at a banquet given to the seniors by the alumni at 6 p. m. in Nichols gymnasium.

He has served 50 years at Kansas State. The living members of his class are: J. W. Berry, Manhattan; Mary (Bower) Ady, Topeka; Lewis W. Call, Garrett Park, Maryland; Phoebe (Haines) McKeen, Marietta, Ohio; Hortense Martin (Mrs. A. G. Martin, Miami, Florida; Jacob Lund, Manhattan; Kate I. (McGuire) Sheldon, address unknown; J. Dana Needham, Lane; and J. T. Willard, Manhattan. Three members of the class are dead. All of the above class will not be here but the ones who live near will attend.

Seniors will receive free tickets for the banquet and the alumni and parents can purchase them for \$1 at the alumni office before 9 a. m. of that day. A dance will be given in the gymnasium after the banquet.

The academic procession, in which the graduates of over 40 years ago will march with the seniors, will begin at 9:30 a. m., Thursday, June 1. Sir Willmott Lewis, correspondent for the London Times, Washington, D. C., will deliver the address at the graduation exercises at 10 a. m.

The seniors will receive definite instructions soon in a pamphlet as to the particulars for each day.

NEW "Y" CABINET IN SESSION

Committee Reports Are Given Consideration at Meeting

The newly installed cabinet of the college Y. M. C. A. held a short business meeting in Dr. A. A. Holtz's office yesterday afternoon, from 4 to 5 o'clock. At this meeting the various committee chairmen turned in reports of the organization and work of their respective committees, which were then discussed by the group.

MID-WEEK VARSITY TUESDAY

The second mid-week varsity will be given for all students in recreation center Tuesday evening from 6:45 to 7:45. The admission is a dime and Jack Burke's orchestra will play.

Be at the Beauty Ball Saturday

MARJORIE PYLE IS OFFERED TWO AWARDS

Phi Kappa Phi \$500 Cash Stipend and Yale Study Award to Senior

Marjorie Pyle, Manhattan, has been offered two \$500 scholarships for graduate study. She is a senior in the division of general science, and a candidate for a degree in June.

One of the scholarships carries with it the stipulation that the receiver will not accept any other scholarship and Miss Pyle has not yet decided which one she will accept.

The Phi Kappa Phi cash scholarship of \$500 has been offered to Miss Pyle. There are two of these scholarships offered annually for outstanding scholastic ability. The other scholarship is a \$500 tuition and fee award in the Yale school of medicine, the highest offered a freshman at Yale.

CLAY REPERT PRESIDENT OF S. G. A. COMING YEAR

A. K. Bader Is Vice-President of Council; Election Took Place Last Night

Clay Reppert, Harris, a junior in industrial journalism, last night was elected president of the student council at a joint meeting of the new and retiring councils.

Reppert succeeds Maurice "Duke" DuMars, also a journalist, who has served during the past year.

A. K. Bader was elected vice-president of the council. Bader is a senior in architectural engineering. His home is at Junction City. As its treasurer, the council elected Joe Knappenberger, Penafca, sophomore in veterinary medicine, and as secretary Merrideth Manion, Goodland, a special student.

The new officers will serve during the remainder of the semester and next year.

LIVESTOCK FEEDERS WILL VISIT COLLEGE NEXT WEEK

Governor Alfred Landon Will Share Program With College Men and Cattlemen

Reports on cattle feeding experiments conducted at the Kansas State agricultural experiment station and addresses by outstanding personalities who are in the cattle business will be the two outstanding features of the twenty-first annual Kansas Livestock Feeders' day here Saturday, May 27. James Tod, Maple Hall, president of the Kansas Livestock association will preside.

The forenoon session will start at 10 o'clock with Pres. F. D. Farrell of Kansas State welcoming the farmers in attendance. L. E. Call, dean of the division of agriculture and director of the Kansas agricultural experiment station, will follow, speaking on "Financing the Farmer."

Governor Alfred M. Landon will speak next on a subject which he will announce later. The afternoon will be devoted to a discussion of the results of cattle feeding experiments by members of the department of animal husbandry, the results of which are intended to answer the questions in the minds of Kansas farmers and will include economical supplements for fattening rations, the use of ground limestone in feeds, and whether cattle feeding can be made a stable and profitable agricultural activity.

The last number on the program will be the question box in which for the past years interest has been shown. The attendance in other years has varied from 500 to 2,500 visitors, depending on the weather conditions. It is expected that the number of visiting farmers will approach the record average.

McCAMPBELL GIVES ADDRESS

Meat Board Invites Head of Animal Husbandry to Topeka

"Food Pads and Meat Sales" was the subject on which Dr. C. W. McCampbell, head of the animal husbandry department, spoke Wednesday evening, May 10, before the meat demonstration held in Topeka. The demonstration was put on by the National Livestock and Meat board. L. J. Brazier, instructor in the animal husbandry department, accompanied Doctor McCampbell.

CALL PROSPECTIVE TEACHERS

All students wishing teaching participation during the year 1933-1934 will meet Tuesday, May 16 at 4 o'clock in Denison, room 28, according to Dr. V. L. Strickland.

WILDCATS BEAT EMPORIA NINE IN BALL GAME

KANSAS STATE HAS TWO BIG INNINGS IN TALLYING 11 TO 6 WIN.

SEVEN SCORES IN FOURTH

Courtsmen Mix Hits and Errors Well in Victory—Meek of C. of E. Pounds Out the Only Home Run.

In a game marked by 10 errors and several timely hits, Kansas State defeated the College of Emporia baseball team 11 to 6 here yesterday afternoon.

Although out 11 to 9, the Wildcats made their hits count, while Nelson kept the Emporia bingles well scattered until the ninth inning. Kansas State had two big innings, the first in which they scored three runs, and the fourth in which they shoved over seven scores.

Wildcats Started Well Kansas State started out strong in their half of the initial frame, mixing three Emporia errors with two hits for three runs, scored by LeClere, Carter, and Underwood. Boyd got one of his two two-base hits in this inning.

Emporia scored one run in the second inning when Nelson walked Ames and Graves, and Hardin poked out a single scoring Ames. In their half of the third the Wildcats added another run to their score when Underwood got on first by error, stole second, and scored on Asbill's hit.

Seven Runs in Fourth

Seven Wildcats runs crossed the plate in the fourth inning, ending the Kansas State scoring for the game. Watson cracked out a single to right field, went to second on an error, and scored on first baseman's error, which advanced Nelson to second. Kratzer hit sent Nelson home. LeClere grounded out, Kratzer going on to third, and scoring on an error. Carter then walked, and Underwood got on first by fielder's choice, advancing Carter to second. Boyd then pounded a two-base line drive into right field, which scored Carter and Underwood. Agbill went out. Morgan was hit by pitcher and stole second. Watson's hit drove Boyd and Morgan home.

Emporia Rallies In Ninth

In the last of the fifth frame, a hit and three Wildcat errors let in one Emporia score. From then on till the ninth both teams failed to score. In that frame the Emporians stage a rally, netting them three runs. Two of these came by way of Meek's home run, scoring the man in front of him.

Watson and Boyd led the Kansas State hitting. Watson getting two hits out of three times at bat, and Boyd getting two out of four. For the visitors Hardin got one hit in two times up, and Ames two out of four.

Nelson, Wildcat pitcher, kept out of difficulty most of the game by scattering the 11 Emporia hits, three of them coming in the ninth inning. Hardin of Emporia gave up eight hits before he was relieved by Graves in the fifth. The Wildcats could get only one hit off Graves in the last four innings. Nelson struck out four, and issued four walks.

MUSIC RECITAL LAST ONE FOR THIS SPRING

Special Program Is Yet to Be Given By Organ Students Next Monday Evening.

The final student recital of the year in the regular series was given Tuesday evening at 5 o'clock in the auditorium. There will be a special recital of organ students Monday, May 22, at 8 o'clock in the evening. Violin, piano, and vocal solos, as well as music for two pianos and piano duets were presented.

Those who took part were Julia Crow, Bernice Covey, Shirley Ann Sanders, Harriet Mayer, Lucille Hendon, Mary Clark, Doris Dalton, Betty Stanley, Mildred Miller, Rosemary Schmidt, Ruth Thomas, and Esther Wiedower. Accompanists were Margaret Higdon, Jetty Stanley, and Alice Bozarth.

Stamp collectors from all parts of Wisconsin were recently entertained by the University of Wisconsin Stamp club.

NO CHIMES TOWER?

The state board of regents in a recent ruling assured Kansas State students that they would have to wait even a few years longer for the chimes tower which has been proposed.

In 1929 several students and faculty members began dreaming about a chimes tower for Kansas State. They formulated plans and passed their dream around. A move was started to provide funds for such a structure and all available methods of getting collections were surveyed. It was decided that a contribution from each graduating senior would start the fund off. So this was done and each member of that class donated one dollar towards the Chimes Tower Fund.

Since then, every member of each graduating class has contributed his dollar. The total of the fund has grown until it is around \$2400 which is a good start for the tower which was to cost \$80,000 but will probably be built for less than that amount.

But the board of regents have put an end to the growth of the chimes fund. In order to lessen the burden of the graduating student, the graduation fee has been lowered from its \$10 mark to \$7.50. This is no doubt a good move and very timely.

The graduation fee goes towards the expenses of the commencement which includes such things as a senior class banquet, cost of diploma, expenses of a commencement speaker, expenses of a baccalaureate speaker, cost of invitations sent out by the college and other similar items. The musical concert usually given the graduating class and the chimes tower are the two major graduation fee has been lowered from its \$10 banquet appropriations by the regents.

The regents were probably justified in their removal of the chimes item from the budget but some substitute must be made in order that the chimes idea will not die out. The money that is collected for the chimes fund does not remain idle. The money is turned over to the Alumni association as it is collected and is entered on the student loan fund where it compounds interest.

One method by which the chimes fund could be sustained would be for the regents to make some provision that would allow a portion of the remaining graduation fee to go towards the chimes fund. This could be done by cutting down expenses of other items included in the expenditures of the money collected.

Another and more satisfactory method of continuing the chimes fund would be to take a part of the \$12 that each senior is required to pay to the Royal Purple. The reason given for the collection of this fee is that the senior class must support the yearbook. Five dollars goes towards the purchase of a book and another dollar or two goes to pay for the pictures that the senior has in the book. Where the remainder of the twelve dollars goes is somewhat of a mystery which is called support of the yearbook.

It seems very likely that a dollar could be taken from each twelve paid the Royal Purple. It might call for a smaller and less lavish yearbook but that would mean very little. The day of college annuals is rapidly drawing to a close because of the expense that they add to each student's education.

This deduction of one dollar would not harm the yearbook much because a smaller book with fewer frills would still fill the purpose. The chimes tower would be a memorial that would be remembered long after the Royal Purple becomes just the name of a dusty book in the attic.

The chimes fund must go on. It has a good start and we must not give up. After the fund has grown until the tower is nearly a realization, it will be more of an incentive for alumni and other benefactors to aid in the project with contributions. It will take time and patience but the college will have a memorial of which it can be proud when the chimes tower is completed. Let's don't give up.

On Other Hills

Football rules of Yugoslavia have recently been changed to prohibit the player from jumping on an opponent with both feet. And football was abolished at Long Island university this year in favor of horseshoe pitching.

Editorials have been abolished in the Ashland college paper because of the belief that the editor's ideas are no better than those of the student body and that they do not represent the policy of the paper.

The majority of Iowa State college men prefer to date coeds who drink beer, according to a recent survey made by a church dignitary, and 60 per cent of the coeds said they would date men drinkers.

A youth with a five-inch mouth-spread won the laughing contest prize at Oklahoma Baptist university.

A committee was appointed by the fraternity council at Syracuse to investigate charges that different prices were being charged fraternities for pages in the yearbook. The business manager of the Onordagan, the annual, denied the charges.

A Depauw university sorority, wanting to spend only \$250 for an orchestra, wired Ted Weems to find out how large an orchestra they could obtain for that amount. The reply was "Three sheets of music and a piccolo player."

The Colorado Agricultural college will put on a real "ride-em-cowboy" show as part of their annual college carnival. Only college students will be eligible to enter.

And now the student publication at the University of South Dakota has submitted a solution for the depression.

It advocates putting the farmers in the political offices because they don't know how to spend money, and putting the politicians out on the farms because they don't know how to create a surplus.

The Snooper

Nobody seems to know whether the Buick that the Pi Phi's are driving around is a new pledge or not. Janet Murdock was seen with Ned Kimball out riding some six or seven miles from town the other noon and Jaconette Lawrence drives it part of the time. Maybe it is the chapter car secured to promote and uplift the dating ability of the noble organization.

The Tri Deltas were presented with a very small box of candy the other evening. In it, along with some mouldy chocolates, the following poem was found:

We hope we'll be happy,
We both are so snappy.
We've both been so sportin'
Thru our game of courtin'.
So give us a chance,
In our little romance.
Lee and Leora.

A great many parties are being held this weekend. Everything from a dinner dance to an egg roast will be on Friday. On Saturday the Royal Purple Beauty Ball; Tri Delt dinner dance and the Barnwarmer dance in the Gym. The Barnwarmer will feature Clarence Love and his "All-Africans."

Two English instructors were overheard telling stories the other day. The sorority girls that overheard them said the stories were pretty good. Of course the average run of student stories are getting pretty dull and a little addition by the faculty might improve things somewhat.

The Royal Purple Beauty Ball supposedly held to "give the male populace of K.S.C. a chance to dance with the beauties." The ball is really a wolf in sheep's clothing. Its purpose is to introduce to K.S.C. students the six different types of beauties—the most sarcastic, the best all-around-date, the cheapest and highest (financially), the smartest, and the most heartless.

Taking other people's names in vain seems to be a major sport on the hill. Judging by the number of people that attended the Journalism lecture (Seminar to a few) just to let "Poker Face" DuMars smite them with his mighty power of eloquence. Even Don White, of the Journal-Post Newsboys association, applauded when his turn to be advertised came.

A few terms defined in Zilche's Collegiate Directory are:

Campus—the act of requiring pledges to remain upon the immediate surrounding locality over night for a change. Campusing is usually the result of late dates, low grades or bad table manners.
Fraternity—a place where a group of boys eat, sleep, sometimes study, and wear someone else's clothing. The back door knob is usually worn shiny from excessive wear and tear.
Sorority—a place where an outfit of girls with similar intentions eat, sleep, and use as a base for late dates. A sorority always has a fire escape which is used late at night for other purposes than fires. Sororities are sometimes known as marriage bureaus.

College—a round-about course taken by many young people to a position in their fathers business. Also it means a place where people go for an education or a temporary resting place between high school and marriage.

At The Theatres

AT THE DICKINSON

"So This Is Africa"

It is here! The show you've been waiting for. Nobody but Wheeler and Woolsey themselves with their wisecracks, women, wild women, in fact, and what I mean plenty of them, in their very latest picture, "So This Is Africa," showing now through Wednesday at the Dickinson.

The two nit wits are discovered by a motion picture producer doing a tame lion act with a bunch of tame lions that hadn't seen any horse meat for some time. In fact, Wheeler and Woolsey themselves didn't even know what a horse looked like. They are sent to Africa with a woman as a director (as you would suspect), with the intentions of making a motion picture of Africa as it really is or, better yet, as they would have it. Woolsey makes love to the woman director in the heart of the jungle. Wheeler is kidnapped by a wild woman while walking in his sleep, and then both are carried away by the Amazon tribe of wild women, and the "scenes" that follow you cannot, positively cannot, afford to miss. Its up to you Wheeler and Woolsey fans to see it. Don't miss it! D. F.

AT THE VARSITY

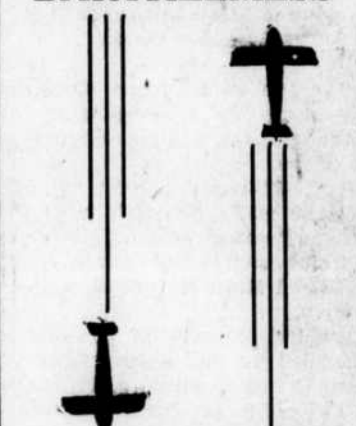

"Central Airport"

Delightful entertainment characterizes this picture which again brings Richard Barthelmess to the screen. Particularly interesting are the air scenes which include everything from hazardous stunt flying to desperate rescue feats.

Richard Barthelmess, in the starring role, seems to improve rather than deteriorate with con-

tinuous film service. He is capably cast as the daring young flyer who leaves an eye in Nicaragua, a heel in Chile, and a heart with the girl who married his brother. Sally Eilers, as the girl, and Tom Brown as the brother, do splendid acting in assisting Mr. Barthelmess. The ending is unusual but a tribute to the high standard of the picture. E. E.

PRESS TEAM RETURNS FROM PHILLIPS COUNTY

Four Are Guests of Former Kansas State Students While Issuing Newspaper

The members of the press team from the journalism department who edited the Phillips County Review at Phillipsburg this week returned to Manhattan Wednesday night. Members of the team were Ralph Van Camp, Council Grove; Gertrude Blair, Junction City;

Frances Shields, Hoxie; Revis Sisney, Bonner Springs.

The students were responsible for the collection of all news in the community and for the soliciting of advertising. While in Phillipsburg, they were the guests of Mr. and Mrs. F. W. Boyd, owners of The Review, and both former students at Kansas State.

K. I. CHURCH A VISITOR

K. I. Church, agricultural engineering, '23, visited the department last week. Church is now employed by the Portland Cement company, with headquarters at Wichita.

E. L. Barger, instructor in agricultural engineering, underwent an operation for appendicitis Wednesday evening. He seems to be recovering nicely at present.

Dr. C. V. Williams is to deliver the baccalaureate address at Whetton, Sunday, May 14.

-- In Society ...

THEY TELL ME THAT ...

Our personal nomination for oblivion are those seniors who went to class on the famous "Senior Sneak Day". However, in spite of these "wet blankets" the day was quite a success, especially the dance that night. Most of the seniors were so worn out from going to classes that they couldn't get to the dance ...

The other night Lucine Hudson fancied that she was a horse in a steeplechase, as an innocent bystander remarked she was half right—there was no steeplechase! ... Ned Kimball has announced his candidacy as a volunteer fireman on the bucket brigade this summer. He was trying to get in shape the other night by running up and down the fire escape ... No doubt you have all heard of the old custom of putting a notch in your gun every time you killed a man, this dates back to the good old wild west days when men were men. This practise has recently been revived by a Sig Ep who puts a notch in his pin every time it is returned ... That celestial body that revolves around the earth in little less than a lunar month, namely the moon, seems to be an essential thing to lovelinking. These cloudy nights have rather dampened the ardor of the inveterate lovers. For the benefit of those languishing with tenderness, Kay Brewer and Bill Justus have found an able substitute—a streetlight! Of course it doesn't have that luminary radiance, but it serves its purpose ... Popularity! The thing that many long for and never attain. Clark Kostner has reached the peak—Clark now requires his girlfriends from out of town to give him ten-day notice before putting in their appearance in Manhattan! Perhaps this is "Success at Twenty-One" ...

May always brings Maypole dancing. It is reported that Dean Babcock, Dr. Nabours, and Dr. Ackert were seen yesterday frolicking lightly around in a Maypole dance at the Eugene Field school ...

House Mothers' Luncheon

Mrs. F. D. Farrell, Mrs. J. T. Willard, and Dean Mary P. Van Zile were the guests of honor at the annual House Mother's bridge-luncheon held at the Gillett hotel Thursday noon. Spring flowers and hand made favors were used. Forty one guests were present.

Kappa Kappa Gamma

Weekend guests were: Betty Mauck, Junction City; Mary Lou Barker, Clay Center; Paula McDaniels, Topeka; Joy Simmons, Wamego; Lucille Woodworth, Holton; Pauline Pope, Ottawa; Janet Ross, Muriel Fowler, Holton.

Mother's day dinner guests were: Mrs. F. L. Dole, Salina; Mrs. C. W. Black, Council Grove; Mrs. Bertha Collins, Washington; Mrs. Leah Ransopher, Mrs. W. H. Hays, Clyde; Mrs. L. E. Stone, Mrs. H. W. Davis, Mrs. J. V. Corleyou, Mrs. S. W. Gilson, Mrs. T. E. Mudge, Mrs. Hatch, all of Manhattan.

Mary Emily Berryman went to Topeka Sunday.

Tuesday evening dinner guests were: Miss Beth Quinlan, Miss Dorothy Pettis, Dean Margaret Ahlborn, and Miss Martha Pittman. Mrs. H. B. Lautz was a guest of her daughter, Barbara, Wednesday.

Thursday evening dinner guests were: Miss Ruth Tucker, Miss Cornelia Crittenden, Miss Gladys Vail, and Miss Louise Everhardy.

New officers are: president, Barbara Lautz; recording secretary, Louise Rust; corresponding secretary, Helen Pickrell; treasurer, Jeanne Bryan; assistant treasurer, Virginia Dole; registrar, Elenor Kubin; assistant registrar, Elenor Gilson; commissary manager, Mar-

Helen Velle, Josephine Baker, Miss Armstrong, Mrs. Claude Hudson, Dr. Helen Richt, Wilma Reinhardt, Louise Sklar, Mrs. O. W. Ludloff, Corabelle Tolin, Frances Jackson, Mrs. V. W. McGinnis, Virginia Haggart, Margaret Karr, Jeanne McGrath, Gwendolyn Fisher, Evelyn Reber, Bethe Mulheim, Lillian Price, Leona Maas, Donald Keeney, Mary Crowe, Bernice Lathrop, Guila Ruekins, Inge Kjar, Carmen Hall, Miss Wilson.

Alpha Tau Omega

The annual Mothers and Sisters day banquet was held Sunday. The chapter house was decorated with flowers given by the Mothers club. Guests present were Prof. and Mrs. G. A. Sellers, Dr. and Mrs. J. R. Mathews, Mrs. Nina Rhodes, Mrs. Lisle McElhinney, Mrs. L. H. Limper, Mrs. A. E. White, Mrs. Frank Lomberger, and Mrs. L. J. Riggs, all of Manhattan; Dr. and Mrs. G. A. Attwood, Randolph; Mr. and Mrs. Abe Johnson, Milford; Mr. and Mrs. W. L. Morris and Eloise, Wichita; Mr. and Mrs. William Hibbs and family, Osborne; Mrs. Karl Hanson, Newton; Mrs. W. C. Purviance, Milford; and Miss Pauline Crawford, Luray.

After the banquet the Mothers and Sisters club met, and twenty new members joined. Louis Elser and John Biggs returned Saturday evening from the inspection tour to Kansas City.

Delta Tau Delta

Bill Bronson of Nebraska university spent Friday night at the house. Arnold Purizer, Netawaka, was a guest Sunday, and Clarence Smith, Topeka, was a guest Saturday. William Blowers spent the weekend in Kansas City.

Guests at the Mothers' Day dinner on Sunday were: Mrs. A. M. Reed, Manhattan; Mrs. Hazel Chambers, Mrs. W. G. Seip, Belleville; Mrs. J. F. Gamber, Culver; Mrs. J. A. Kesler, Overbrook; Mr. and Mrs. R. B. Eagle, Kansas City; Mr. and Mrs. W. J. Blowers, Kansas City; Mr. and Mrs. C. M. Porter and Dean, Mount Hope; Mrs. J. G. Sealey, Salina; Mrs. F. A.

garet Carr; house manager, Kathryn Black; scholarship chairman, Fern Collins.

Kathryn Black went to Council Grove Thursday to attend the junior-senior prom.

Phi Omega Pi

Charlotte Brooks, Marie Wilson, and Helen Johnson were dinner guests Wednesday evening.

Theta Xi

Mr. H. P. Davison, executive secretary of the national fraternity, spent Tuesday and Wednesday at the chapter house. The Senior Men's Pan-Hellenic met at the house Monday evening for dinner.

Prof. J. H. Robert, Mrs. Rose Cassidy, and R. L. Heinsohn visited friends in Wiley Sunday. Mr. E. C. Glover spent Sunday in Ottawa. Mr. W. M. Horrell, Baldwin, was a dinner guest Sunday.

Kappa Phi

The Kappa Phi cabinet held a meeting at the parsonage Tuesday night to discuss rush plans for next fall. Alice Wiley was in charge.

Clovio

Clovio entertained the Executive Council of the Collegiate 4-H club at dinner Sunday. The following were guests: Herbert Clutter, Martha Lou Perkins, Bob Miller, and Iola Meier.

Iola Meier and Juanita Shields were guests at the house Saturday night.

Geraldine Cook, Larned, visited her cousin, Wilma Cook, Sunday. Helen Louise Cusick, Ottawa, was a guest of Myra Ogg last weekend.

Marje Blythe, White City, and Frances Berggren, Morganville, spent the weekend at their homes.

Tuesday dinner guests were Mrs. Henry Lobenstein, Mrs. M. H. Coe, Mrs. O. W. Alm, Miss Mabel Smith, and Miss Lora Hilyard. Dinner guests Thursday evening

were Mrs. M. H. Coe, and Miss Amy Kelly.

Marje Blythe, White City, and Virginia Wagner, Richmond, spent Wednesday night at the former's home.

Dr. and Mrs. Stahlman, Toewin, visited their daughter, Marian, last Monday.

Phi Omega Pi

Phi Omega Pi entertained at their annual spring party at Harrison hall, Saturday night, May 6. Chaperones were Mr. and Mrs. F. B. Sweet, Mrs. Rose Gordon, and Mr. and Mrs. Fred Parrish. Guests present were: Marie Wilson, Helen Johnson, Mildred Johnson, Charlotte Brooks, Vada Burson, Eleanor Wright, Doris Paulson, Ethel Rosey, Thelma Coffman; Wilda Davis, Offerle; Salome Hiebert, Hillsboro; Margaret Darnell, Berkeley, Calif.; Marion Kirkpatrick, Junction City; Beulah Jenkins, Kansas City; Ruth Mears, Dorothy Modine, Hays; Betty Jane Button, Brookville; Geraldine Cook, Alice Louise Olsen, Beulah Brinker Hill, Russell; Mrs. W. M. Oliphant, Offerle; Mrs. C. Keller, Enterprise; Mr. and Mrs. Randall C. Hill, Maudera Burson, One Lee Burson, Leora Light, Doris Harmon, Ethel Thurow, Meriam Jeck, Jo Jehlenik, Artha Lee Kneisel, Aileen Rundle, Francis Shewmaker.

Mr. and Mrs. A. Wright, Russell; John Bidnick, H. R. Conwell, Lee Morgan, Art Elseny, Louis Hanson, L. A. Carter, Arden Rinehart, Harry Hineckley, B. McGee, T. Johnson, Joe Esbaugh, Glen Fox, Howard Barnett, L. H. Scott, Pete Mormon, Guilford Rallsback, Philip Rockwell, Clarence Keith, Sam Kelsall, Harold Keller, Ray Caughren, Bill Hervey, Eldon Stevens, James Wells, Kenneth Hougland, A. C. Hadley, Lloyd Michaels, Dan Blaine, Harry Hasler, Ralph Conrad, Walter Hermann, Don Madison, Harry Coberly, George Kerr, Roy Freeland; and Harold Smith, Junction City.

QUEENS OF FIVE BEAUTY TYPES IN DEBUT SATURDAY

(Continued from page one)
to Mr. March early in April and after making his choice of each of the five types, he returned the pictures to Manhattan. The package containing the pictures was opened Tuesday by Steve Vesceky, business manager of the Royal Purple.

In order to assure the beauty contestants that there would be no mistakes in the judging and prize awards, Mr. March autographed the winning pictures and wrote his choice on the back of the winning photographs. The package was opened under the supervision of H. W. Davis of the English department so that beauty contestants and skeptic students can be sure that there was no shifting of awards. The winners who will be awarded Saturday night are those picked by Fredric March.

Much interest prevails among the student body concerning the beauty awards and the Beauty Ball. There has been considerable confusion concerning the proper costume for the evening. According to all available information that can be gathered from the Royal Purple staff the party is a spring formal which means an evening dress for the women and a combination of light

trousers and dark coat for the men.

The beauties were selected from their various sororities by the sororities themselves. Thirty-one are entered in the contest. Those from whom the winning beauties have been selected are:

Alpha Delta Pi: Bertha White, Jewell; Lois Darby, Washington; Adamae Tracy, Manhattan; Myra Roth, Ness City.

Alpha Xi Delta: Alice Kimball, Manhattan.

Beta Phi Alpha: Helen Gmerchek, Garnett.

Chi Omega: Lois Narramore, Elmdale; Jane Speed, Parsons; Nancy Jane Campbell, Lakin; Margaret Mary Reddy, Baxter Springs; Donald Keeney, Lucas; Geraldine Grass, LaCrosse.

Clovio: Marie Antrim, Spivey.

Delta Delta Delta: Mary Whitelaw, Kingman; Jeanette Moser, Blue Rapids; Doris Dalton, St. George; Merredith Manion, Goodland; Erma Jean Miller, Manhattan.

Kappa Delta: Elsie Gottschalk, Wichita.

Kappa Kappa Gamma: Jane Whyte, Wallula; Jane Harmon, Manhattan; Jane Stone, Manhattan; Floye Poague, Ravensville.

Pi Beta Phi: Mary Brookshire, Osborne; Malena Jane Berglund, Lindsborg; Tella Hinchaw, Bennington; Betty Miller, Salina; Vance McClymonds, Walton.

Zeta Tau Alpha: Virginia Speer, Manhattan.

Van Zile hall: Pauline Vail, Plains.

TRACKMEN SET FOURTEEN NEW MARKS IN DUAL

**TWENTY-ONE OLD RECORDS
TAKE TUMBLE AS K. STATE
DEFEATS WASHBURN.**

WILDCATS WIN EIGHT FIRSTS

**Castello Sets New Varsity Mark in
440-Yard Dash—Others Turn
In Creditable Per-
formances.**

Kansas State trackmen defeated the Washburn Ichabods here Tuesday by a score of 72-23 to 53-1-3. The schools have not met since 1912 and the fourteen records of the three dual meets between the two teams prior to that time were smashed Tuesday afternoon. Kansas State won all of the three meets held previously.

McKay, Washburn was high individual scorer of the meet, while Briggs and Edwinton of Washburn tied for second honors in individual scores. Breen and Schmutz led the Kansas State scoring.

Meet Shows Track Improvement
Although trackmen of average ability participated in the meet Tuesday, they showed clearly the improvement that has been made in track since 1912, the year these two schools last met. Some of the marks made Tuesday surpassed those of the triangular meet last Saturday. Several Kansas State men turned in creditable performances in the afternoon. Castello of Kansas State set a new record in the 440-yard dash when he ran it in 50.3 seconds.

Landon in Fast Run
In the 880-yard run Landon of Kansas State ran the distance in 1:57.3 in contrast with the old record of 2:08. In the mile-run, McNeal of Kansas State lowered the record 11 seconds by running it in 4:32. Schmutz' record of 15.1 in the high hurdles was three seconds faster than the old mark. Knappenberger, Kansas State, also clipped 3 seconds off the old record in the 220 low hurdles, winning his race in 24 seconds.

Edwinton of Washburn had the experience of breaking the pole vault record which was set by Ernie Bearg, Ichabod football coach.

Van Zile hall and the Alpha Deltas will battle for the title of baseball champion. And the tennis tournament is nearing completion. Jane Swenson and Eva Brownwell go to the finals.

REGIONAL MEET SATURDAY
Thirty-Eight High Schools Will
Bring 264 Athletes for Track
and Tennis Contests.

The state high school regional track meet which was to have been held here Friday will be held Saturday instead, since the Haskell-Kansas State dual meet has been called off. Thirty-eight schools from this section of the country have sent in their entries for this meet. A total of 228 athletes will aspire for honors Saturday in the track and field events.

The schools who will participate in the meet are: Norway, Mayetta, Culver Rural, Manhattan, Sabetha, Belleville, Hiawatha, Cuba, St. George, Herington, Agenda, Paxico, Narka, Woodbine, St. Marys, Holton, Emmett, Waterville, Salina, Alma, Marysville, Miltonvale, Junction City, Florence, Wamego, Eskridge, Onaga, Newton, Jewell Rural, Clay Center, Enterprise, Republic, Topeka, Chapman, Corning, Belleville, and Frankfort.

TENNIS TEAM IN MATCH

**Wildcats Win Two Singles and One
Doubles Contest Against
Bethany Here Tuesday**

Kansas State and Bethany college of Lindsborg played a tie tennis match on the college courts here Tuesday afternoon. Richard Fowler and E. L. Broghamer won their singles matches, while Ralph Graham and Garland Hoglund lost theirs. Fowler and Broghamer lost in doubles and Graham and Hoglund won.

This was the first tennis match of the season for the Kansas State men. They will go to Lincoln, Nebraska, Saturday for a match with Nebraska university and on Tuesday of next week they will meet Bethany at Lindsborg. The following Saturday they will enter the conference meet at Lawrence.

The summary: Singles—Lindquist, Bethany, defeated Graham, Kansas State, 6-8, 6-1, 6-3; Williams, Bethany, defeated Hoglund, Kansas State, 6-2, 6-1.

KANSAS STATE, 6-2, 6-1; FOWLER, Kansas State, defeated Helberg, Bethany, 5-7, 6-1, 7-5; Broghamer, Kansas State, defeated Gunnerson, Bethany, 7-5, 7-5.

WILDCAT-HASKELL DUAL OFF
Depleted Funds at Indian Institute
Necessitate Canceling of Meet
At Lawrence Saturday

The Haskell-Kansas State dual track meet, scheduled to be held Saturday at Lawrence, has been called off following a notice from the athletic department of Haskell Institute saying that the funds there are depleted and the expenses for the meet could not be paid by the Lawrence school.

TEAGARDEN AND MOW ARE HIGH MEN IN CONTEST

(Continued from page one)
men for each of the four types were:

Horses—J. E. Mow, Edgerton, Minn.; second, E. C. Sample, Council Grove; tied for third and fourth, Howard Moreen, Salina, and H. P. Walker, Burkin; and fifth, Dale Romine, Oswego.

Beef cattle—first, Leon Wenger, Powhattan; second, E. C. Sample; third, Dale Romine; tied for fourth, fifth, and sixth, Donald Long, Neodesha, Howard Moreen, and J. E. Mow.

Sheep—first, Howard Moreen; second, C. W. Myers, Bancroft; third, Eugene Sundgren, Fulton; fourth, J. E. Mow; and fifth, Arden Rinehart, Greensburg.

Swine—tied for first and second, L. J. Brewer, Hartford, and Royce Murphy, Norton; third, Donald Long, Neodesha; and tied for fourth and fifth, Louis Cool, Glasco, and Phil Jackson, Hutchinson.

A silver water pitcher, donated by the American Royal Livestock show, was awarded the winner of the senior division and a gold medal, donated by the national office of the Block and Bridle club, was awarded the winner of the junior division. Bronze medals were awarded the second and third place winners in each division and ribbons were awarded for the top five placings for each of the four types of animals judged in each division.

Other prizes consisted of a purple rosette ribbon for the man scoring the most points in the entire contest and fourteen subscriptions to breed magazines.

The awards were presented at the banquet by Dr. C. W. McCampbell, head of the department of animal husbandry. Short talks were also given by Hugh Durham, assistant dean of the division of agriculture; Prof. F. W. Bell, Prof. A. D. Weber, Prof. C. E. Aubel, and Prof. R. F.

Cox, all of the department of animal husbandry; and by Robert Miller, Prescott, who acted as toastmaster.

Vocal cords made of coal!

Typical of Western Electric care and precision in manufacturing Bell Telephone apparatus, is the making of the transmitter button which transforms spoken words into electrical impulses.

This transmitter button—the telephone's vocal cords—contains coal. Only a fine grade of selected anthracite, specially treated, is suited for this delicate work. First the coal is ground into fine granular form—next it is carefully sifted and washed. Then, after being roasted in special ovens, it is put into the transmitter button. Approximately 50,000 tiny grains must go into each button—too few or too many would impair transmission.

Such infinite care with "little things" is one reason why Bell System apparatus serves so faithfully.

FIVE QUEENS TO BEAUTY THRONES AT ANNUAL BALL

FREDRIC MARCH'S CHOICES ARE MADE PUBLIC SATURDAY NIGHT AT WAREHAM

ROYAL PURPLE'S SECRET OUT

Coveted Crowns of Pulchritude Go to Bertha White, Floye Poague, Alice Kimball, Vance McClymonds, Mary Whitelaw

Amid microphones, motion picture takes, and dazzling camera lights five beauty queens selected by Fredric March of stage and screen fame, took their thrones at the annual Royal Purple Beauty ball in the Wareham ballroom at 11 o'clock Saturday night.

These five girls will each receive a full page picture in the annual. Vance McClymonds, Walton, Pi Beta Phi, was chosen for the demure type; Mary Whitelaw, Kingman, Delta Delta Delta, vivacious; Alice Kimball, Manhattan, Alpha Xi Delta, sports; Floye Poague, Havensville, Kappa Kappa Gamma, exotic and charming; Bertha White, Jewell, Alpha Delta Pi, aristocratic.

At the song of the hour John G. Mogge, master of ceremonies, took the microphone in hand and opened the hour of broadcast over KSAC. A few minutes after the theme song, Stephen Vesceky, business manager of the Royal Purple, announced the beauties between claps of approval from the curious crowd. Mr. Mogge introduced the winners to the radio audience before each said a few nervous words of greetings to their listeners.

Roger H. Dawson, Hollywood, cinematographer, and Roger Willis of Hollywood, an experienced continuity director, both representatives of Metro-Goldwyn-Mayer Pictures, Inc., were taking shots of the ball, orchestra, announcer, individual couples dancing, speakers, beauties and Franklin Thackeray, editor of the annual. Individual close-ups were taken of each beauty as she stepped from the microphone. Tomorrow screen tests will be made of each of the five winners. All except the special tests will be shown at the Varsity theatre in the near future.

The photographs of all the contestants were sent to Fredric March during the first of April. Before returning the pictures Mr. March autographed each picture according to his choice to avoid mistakes. The package was opened under the supervision of H. W. Davis, head of the English department, so that beauty contestants and students would be assured fair play.

PHI KAPPA PHI'S TO DINE

Banquet Friday Evening Will Follow Initiation of New Members of Honor Group

A banquet honoring this year's new members of Phi Kappa Phi, national scholastic fraternity, will be held at Thompson hall Friday evening. The banquet will follow initiation service for new members in Calvin hall, room 58 at 5 o'clock. Prof. Harry F. Cunningham, head of the department of architecture at the University of Nebraska, will be a guest at the banquet. Professor Cunningham is the speaker for the Phi Kappa Phi recognition chapel Friday morning, at which new members will be presented their certificates.

Prof. Ada Rice, president of the Kansas State chapter, will be toastmaster. Toasts will be given by representatives of the graduate, undergraduate and faculty groups.

MID-WEEK VARSITY TONIGHT

More Fun Is In Store for Informal Rec Center Gathering.

Encouraged by the good time evidenced by those who attended last week's mid-week varsity, Mortar Board is sponsoring another one of the dances this evening from 7 to 8 o'clock in recreation center. Jack Burke's orchestra will play. All students are cordially welcomed. Admission is ten cents.

MORTAR BOARD TO PICNIC

Alumnae members of Mortar Board have invited the new and retiring members to a picnic Thursday evening at Long's park. New Mortar Board members will provide the entertainment.

SENIORS ASK TO HAVE PART IN CHIMES TOWER

Graduating Class Wants to Give to Fund Begun as Monument to Class of 1929.

About half of the members of the senior class were present at a special meeting of that class yesterday morning in the auditorium.

The object of the meeting was to discuss plans whereby the class will be able to make a contribution to the Chimes Tower fund started by the senior class of 1929.

It has been a custom in the past for each graduating member of the class to give one dollar towards this fund which now totals nearly \$2,400. The fund is being used as a loan source until construction of the tower can be started.

It was agreed in the meeting of the seniors yesterday that a petition containing senior names would be drawn up and submitted to the board of regents who can make it possible to have one dollar taken from each senior's graduation fee.

BREAKFAST FOR COLLEGE SISTERS A SUNDAY EVENT

Pledging Service at the Episcopal Church Will Follow Breakfast at Aggieville Cafe.

Twenty college sister groups of the Y. W. C. A. will have breakfast and pledge service together Sunday, May 21. The breakfast will be at the Pines cafe in Aggieville at 7:45 and the pledge service immediately after breakfast at the Episcopal church.

This is the only joint meeting of all groups before active college sister work starts in September. The members will be seated according to groups, and plans to carry the work over the summer will be discussed.

Winifred Wolf, Ottawa, college sister chairman, is in charge of the meeting. Dorothy Blackman, Manhattan, president of the Y. W. will lead the devotionals at the church. Dean Mary P. Van Zile, college sister sponsor, will give the pledge to the members. Special music singing is to be directed by Ellen Payne, Manhattan.

Committees of the meeting are: the arrangement committee including Harriet Reed, Holton; Mae Gordon, De Soto; Frances Rosser, Pratt; Marian Buck, Abilene; Clara Bess Garrison, Lincolnville; and the transportation committee including Esther Walters, Manhattan; Betty Ozmert, Manhattan; and Ruth Jorgenson, Manhattan.

Tickets for the breakfast are 20 cents. Each captain has tickets to sell to the members of her group and will get in touch with them this week. Reservations must be made by noon Saturday and turned in at the Y. W. office.

GLEE CLUB MUSIC PLEASES

Men's Presentation of "Ave Maria" Is Outstanding Number of Assembly Program

Singing "Ave Maria," a capella, the men's glee club won appreciative applause, and the women's clubs also pleased the attendants at the student assembly Friday morning.

An organ prelude played by Richard Jenson opened the program, followed by devotionals led by Rev. W. U. Guerrant, Presbyterian student pastor.

Prof. William Lindquist directed the men's club and the ensemble final. The first and second women's organizations sang under Prof. Ed. W. Sayre and Prof. Ruth Hartman, respectively. Accompanists were Prof. Alice Jefferson, Prof. Charles Stratton, Mabel Russell and Grace Umberger.

The following numbers were sung: "Cossack Lullaby" and "Dance Song" from "William Tell," by the second women's glee club; "Now is the Month of Maying," "In Wood Embowered," "Neath Azure Skies," "No, There is no Bearing With These Spiteful Neighbors," "My Johnny was a Shoemaker," and "Waters Ripple and Flow," by the first women's glee club; "Ave Maria," "Now Sleeps the Crimson Petal," "Shenandoah," and "A Little Close Harmony" by the men's glee club; combined glee clubs, "Greeting to Spring."

HER IDEA OF COLLEGE ON AIR

What a Danish student thinks of Kansas State will provide material for a talk Inge Kjar will make over station KSAC today from 1:10 to 1:30. Miss Kjar is a resident of Bahhagaard, Denmark, who is taking graduate work here in veterinary medicine. The subject of her talk is "My Impressions of Kansas State College."

Prof. C. B. Williams will be in Agenda Wednesday and Burr Oak Thursday, giving addresses at commencement exercises.

ENGINEERS WILL TREK TO CHICAGO ON ANNUAL TOUR

FORTY WILL LEAVE TUESDAY ON INSPECTION TOUR TO WINDY CITY

PLAN TO VISIT WORLD'S FAIR

Century of Progress Exhibits Offer Special Incentive for Large Group Making Trip—Many Buildings Will Be Visited

Wonders of the Century of Progress exposition at Chicago are being anticipated by approximately 25 architects and architectural engineers and 15 civil engineers who plan to make the annual inspection trip to the "windy city" next week, leaving here next Tuesday and returning Sunday.

Not intending to spend all their time at the fair grounds, the trippers are planning to visit some of the most interesting structures of the city itself.

"We have no rigid program," said Prof. Paul Weigel, department of architecture head, one of the faculty men accompanying the group. "Our entire trip is very flexible, and we will visit the places of most interest for which time allows."

The entire group expects to make visits to the Adler planetarium, Field museum, Shedd aquarium and the Union station and to the World Fair grounds.

Architects plan to spend the remainder of their time at buildings including the Tribune tower, Daily News building, the Armour Institute of Technology, the Palmolive building and the Chicago Art Institute and the Museum of Industrial Arts.

A boat trip to Lincoln park is scheduled for the civils with return by bus. They plan also to tour through the Loop district and to inspect bridges and harbor facilities. They will observe re-enforced concrete and steel construction in the city, according to Prof. L. E. Conrad, head of their department, who will accompany them.

The inspection trip is required of all senior architects, and of all civils who did not make an inspection trip to Kansas City. Several juniors and sophomores are also taking advantage of the special round trip rate of \$11.50. Accommodations have been arranged at the Y. W. and Y. M. hotels near the fair grounds.

Alden Kridler will meet the group at Chicago and return with them. Kridler has been studying on a Schnackenburg scholarship at the Art Students league in New York City.

The following intend to make the trip, besides Professors Weigel and Conrad and probably Prof. L. M. Jorgenson and Prof. Robert I. Lockard:

Civil engineers—V. E. Bradley, E. E. Comstock, M. H. Davison, Gene Ellis, N. F. Gibson, J. M. Mills, H. H. Munger, T. F. McMahon, M. E. Phillips, L. W. Rice, E. L. Wells, J. D. Woodruff, and E. R. Specht.

Architects—Alton Knechtel, Howard Rivers, Harlan Rathbun, R. E. Mitchell, E. D. Warner, Leroy Wilkinson, H. Dailey (Ag.), Burl Zimmerman, Mrs. Burl Zimmerman, T. E. Schoen, (G. S.), D. I. Gillidett, W. E. Crabb, Max Wibbe, Oscar Ekdahl, Ethel Eberhart, Sadie Sklar, Eunice Reed, Harry Gantstrom, Keith Hinchcliff, Hal McCord, Robert Alexander, Marian Freedlund and John Carr.

SENIOR MEN'S PAN-HEL FAREWELL DATE MAY 31

E. E. Criner Makes Public Time Chosen for Annual Party of Greek Council

The annual spring farewell party for members of the Senior Men's Pan-Hellenic council will be held May 31, according to E. E. Criner, president of the organization at Kansas State college. Criner said yesterday that details of the party have not been worked out as yet, but that the plans will be completed in the near future.

EVERETT FAUNCHIER HERE

Everett Faunchier, B. S. in commerce at K. S. C., visited the department of economics and sociology Wednesday. He is with a New York accounting firm, with a branch office in Tulsa.

The owner of the winning float in the Engineer's parade at the University of Wisconsin will be awarded a barrel of beer.

News Behind the News Is O. K. For a Tip Anyway

Mad hullahaloo, snarling type-writers, flying papers, where to go to view with calm a scene pregnant with the thrill of only three more issues and then—deadline!

"To the stars through difficulties" seemed like a fair slogan for the president of the United States or Governor "Alf" or somebody, but not for a cub reporter digging into a feature assignment.

"The friendly atmosphere of the Collegian room," a well-meaning instructor had assured the reporter, "has that something the successful feature writer must snatch."

And the unsuspecting reporter had wandered into that noisy chamber a few minutes before the two o'clock deadline. He buried himself behind one of last February's yellowed Collegians lying on a typing table. "They're good to the last copy." Above "in a row of portraits peered from black frames, all journalistic gentlemen, bearded and bored. Horace Greeley stares across at Henry J. Allen, while in Eisenhower, '24, blinks back at Benjamin Franklin and Arthur Capper."

At two o'clock the cheerful hubbub stopped, only a few belated sophomores remained to peck at typewriters with two fingers. The

reporter's ears grew accustomed to the crash of the linotype machine from the typography room and he settled down to reading the bulletin board along the south wall.

Bulletin board is a misnomer, for this one is a postoffice, a text book a calendar, and a clipping bureau. Three newspapers from Tokyo speak of the "Chinese riddle," of Jehol, Hitler, and beer to the curious student.

A subtle suggestion is one of the radical papers pinned there settles a lot of questions: "wonder what monkeys ... when they have more coconuts than they can eat?"

By merely lifting up a couple of assignment sheets and the string chart a couple of beautiful cracks at the editor and the business manager were exposed. Of great interest was one little clipping which referred to some royal personage named "Duke."

Notes from one journalist to his favorite journalist are folded and pinned lovingly to the board. The reporter was dying to open one. But an elaborate poster caught his eye. It was titled "How to ... a better reporter," and he read it all the way through. It was the bunk—the reporter's yarn was just as stringy as the one he wrote two weeks ago.

VAN ZILE MAY STAY OPEN

If Enough Women Students Desire Maintenance This Summer It Will Be Granted

Van Zile hall will be open to graduate and undergraduate women students during the summer session provided there is a sufficient number of students desiring to stay in the hall to justify operating expenses. The hall will be in charge of the social director, Mrs. Nina B. Rhoades.

Erected in 1926 with a capacity for 130 students, the hall has proved each year to be a popular residence for women students. Its attractive lounges, well ventilated sleeping rooms, and generous supply of hot water in its bathrooms and laundry insure its residents the comforts and freedom of a home. Meals can be obtained on the campus at the college cafeteria or at cafes near the campus.

The rates for rooms vary from \$7 to \$10 per calendar month for each of two occupants or from \$12 to \$14 per calendar month for one occupant. The double rooms are equipped with twin beds. Room rent is payable in advance.

Applications for rooms are made to the dean of women. The assignment of rooms is made upon the student's arrival at the hall. Individual preferences in the selection of rooms are considered and satisfied as nearly as possible.

STUDENTS IN COMMERCE SEEK TO FORM SOCIETY

Dr. H. H. McCarty of Iowa Helps in Movement to Organize Double-Aim Group.

Civil engineers—V. E. Bradley, E. E. Comstock, M. H. Davison, Gene Ellis, N. F. Gibson, J. M. Mills, H. H. Munger, T. F. McMahon, M. E. Phillips, L. W. Rice, E. L. Wells, J. D. Woodruff, and E. R. Specht.

Architects—Alton Knechtel, Howard Rivers, Harlan Rathbun, R. E. Mitchell, E. D. Warner, Leroy Wilkinson, H. Dailey (Ag.), Burl Zimmerman, Mrs. Burl Zimmerman, T. E. Schoen, (G. S.), D. I. Gillidett, W. E. Crabb, Max Wibbe, Oscar Ekdahl, Ethel Eberhart, Sadie Sklar, Eunice Reed, Harry Gantstrom, Keith Hinchcliff, Hal McCord, Robert Alexander, Marian Freedlund and John Carr.

SENIOR MEN'S PAN-HEL FAREWELL DATE MAY 31

E. E. Criner Makes Public Time Chosen for Annual Party of Greek Council

The annual spring farewell party for members of the Senior Men's Pan-Hellenic council will be held May 31, according to E. E. Criner, president of the organization at Kansas State college. Criner said yesterday that details of the party have not been worked out as yet, but that the plans will be completed in the near future.

EVERETT FAUNCHIER HERE

Everett Faunchier, B. S. in commerce at K. S. C., visited the department of economics and sociology Wednesday. He is with a New York accounting firm, with a branch office in Tulsa.

The owner of the winning float in the Engineer's parade at the University of Wisconsin will be awarded a barrel of beer.

W. A. A. BANQUET IS TONIGHT

Women Athletes Will Be Accorded Individual Recognition at Annual Banquet Tuesday

Presentation of the women's intramural cup will be the main feature of the annual W. A. A. banquet which will be held this evening at 6:30 o'clock in the college cafeteria. The group winning the cup will not be announced until that night.

At the same time "K" blankets will be presented to outstanding senior women who are members of W. A. A. and "K" fraternity.

The banquet, which is to be formal, will be carried out in a golf theme. A program has been arranged with Prof. M. F. Ahearn as the main speaker.

COSMOPOLITANS INSTALL AND BRING YEAR TO CLOSE

Sherman Todd Heads Officers of Campus International Group—Foreign Students Hosts.

Bringing their year officially to an end, the Cosmopolitan club met Thursday, installed officers and councillors and initiated three new members.

Sherman Todd, Olathe, took over the presidency, succeeding Louise Chalfant, Wichita. Other officers elected for next fall semester are: E. A. Perez Panama, vice-president; John Ferguson, Bazine, program chairman; Stephen P. Das, media recording secretary; Nathan Fligstein, Manhattan, corresponding secretary and associate editor; Vera Ellithorpe, Russell, treasurer; Paul Nomura, Hawaii, marshal; and Marion Skiles, Jewell, business manager.

The faculty council chosen for the coming year will consist of Miss Jessie McDowell Machir, college registrar; Miss Ruth McCammon, technician in the home economics division; and Instructor Floyd B. Wolberg of the dairy husbandry department.

Lloyd McDaniel, Michigan Valley; M. S. Dendure, Goodland; and F. W. Wolberg, Manhattan; and Marguerite Stoops, Smith Center, were initiated into the organization.

A report from the constitutional committee presented by Miss McCammon, chairman, was accepted. An outdoor farewell picnic was held at Sunset park Sunday afternoon, May 14, the foreign student members entertaining the other members of the club.

CONGOS INSTALL AT RETREAT

Ralph Van Camp's Work Is Recognized by Token of Gratitude

Installation of next year's Good-fellowship society officers headed by Kenneth Davis as president, was a feature of the annual Congregational retreat held Sunday evening west of Manhattan.

The group left town about 5 o'clock, and after a baseball game and picnic supper, spent the evening talking over the year's work and plans for next year.

In token of its appreciation of his helpful services, the group presented a desk set to Ralph Van Camp, who will graduate this year.

LOOK FOR MORE THAN THOUSAND FOR FIELD DAYS

FARMERS AND WIVES FROM ALL OVER STATE ARE GUESTS ON THE CAMPUS.

THROCKMORTON IN CHARGE

Speeches Are Out of Order at This Annual Trek to Visit College Agronomy Farm and Inspect Growing of Crops.

Today is the first of three agronomy field days, during which Kansas State is host to several hundred farmers and their wives. The other field days will be tomorrow and Thursday. Prof. R. I. Throckmorton, head of the department of agronomy, has charge of the programs, which it is expected will over a thousand persons will attend. Residents of counties lying east of Washington, Riley, Geary, Morris, and Chase counties and north of Greenwood, Coffey, Anderson, and Linn counties have been especially invited to attend today's program.

Tomorrow has been designated north central Kansas day and is planned for residents of counties west of the northeast Kansas group and north of Morris, Marion, McPherson, and Rice counties. Thursday's program is planned for farmers in the southern portion of the state.

No Speeches to Weary Them Each day's program will be devoted to a discussion of farming practices applicable to the portion of the state from which the visitors come. No speaking program is scheduled. The visitors will be guided over the agronomy farm and college men in charge of the experiments being conducted there will tell of their work. All discussion will take place around the experimental plots in the field where visitors can see the crops or systems under discussion.

As in former years, the departments of horticulture, dairy husbandry, and poultry husbandry are cooperating with the department of agronomy in these programs. This morning the dairy barns, the college creamery, the poultry farm, and the poultry flocks are being inspected by the visitors.

Tours Are Scheduled Tours of the agronomy farm projects will make up the men's program for the afternoon and will begin at one o'clock. Professor Throckmorton will tell of the purpose of the agronomy farm. Soil management, cropping problems, and new varieties of crops will be discussed by Professors F. L. Duley, H. E. Myers, C. O. Grandfield, and H. H. Laude. The pasture experiment and pasture management will be discussed by Jay R. Bentley, assistant agronomist.

Professors J. B. Fitch and H. W. Cave of the dairy husbandry department will be in charge of the morning meetings concerning the dairy barns and creamery, lasting from 10 to 11 o'clock. Professors L. F. Payne and Dr. D. C. Warren of the poultry husbandry department will take charge of the tour over the poultry farm.

A special program for ladies which will be in the form of a tour of the vegetable gardens, flower gardens, greenhouses, and various sections of the campus and will be in charge of Professors W. B. Balch and L. R. Quinlan, department of horticulture, and Prof. J. W. Zahnley of the agronomy department. An informal discussion regarding vegetable gardening and landscaping as well as taking care of lawns will be carried on during the trip. The program for men will begin at the agronomy farm where a tour will take place.

Paul Chleboun was elected president of the Junior American Veterinary association at its meeting Thursday evening. Howard Kester was chosen vice president, and other officers as follows: secretary, Louise Sklar; treasurer, Samuel Kelsall; marshal, B. B. Coale; critic, Clarence Merrimon; reporter, Don F. Gomez.

Following the election of officers, Dr. J. H. Burt of the anatomy and physiology department gave an interesting illustrated lecture on his tours in Europe.

PAUL CHLEBOUN GOES IN AS VET PRESIDENT

Howard Kester Will Be Vice-President During Coming Year for Junior A. V. M. A.

Paul Chleboun was elected president of the Junior American Veterinary association at its meeting Thursday evening. Howard Kester was chosen vice president, and other officers as follows: secretary, Louise Sklar; treasurer, Samuel Kelsall; marshal, B. B. Coale; critic, Clarence Merrimon; reporter, Don F. Gomez.

Following the election of officers, Dr. J. H. Burt of the anatomy and physiology department gave an interesting illustrated lecture on his tours in Europe.

HIGH SCHOOL MUSIC PUPILS PLAY TODAY

Recital at Five O'clock This Afternoon in Auditorium Is Open to the Public.

High school students of the department of music will be presented in recital this afternoon at 5 o'clock in the auditorium. The public is cordially invited. The following program will be given:

"Menuetto" (Schubert), Joye Jean Teeple; "Waltz in A flat Major" (Brahms), Richard Keith; "Cradle Song" (Palmgren), Janis Leigh Gaine; "Marche Mignonne" (Poldini), Maurine Pollom; "Nobody Knows the Trouble I've Seen" (H. T. Burleigh), "Lindy Lou" (Strickland), Lorraine Alexander.

"Cradle Song" (MacFayden), Wilma Catherine Price; "Shadow Dance" (MacDowell), Shirley Ann Sanders; "The Old Refrain" (Kreisl), Jean Washburn.

GARDEN PARTY WILL BE FOR WOMEN GRADUATES

Farrell Home Will See Fifth Event of Its Kind Given by the A. A. U. W.

Senior women will be honored at a garden party at the home of President and Mrs. F. D. Farrell, Tuesday, May 23, from 4:30 to 7 o'clock. The event is the fifth of its kind given by the Manhattan chapter of the American Association of University Women.

The guest list includes both women of the graduating class and women graduate students who are candidates for higher degrees.

The purpose of the affair, in addition to honoring senior women is to acquaint them with the American Association of University Women and its activities.

The program committee in charge of the party is: Miss Edith Campbell, Miss Alma Hochuli, and Mrs. Mary F. Taylor. The hostesses are: Mrs. J. E. Ackert, Dr. Martha Pittman, Miss Josie Griffith, and Mrs. Elma Stewart Ibsen.

BASEBALL TEAM CLOSSES SEASON THIS AFTERNOON

Wildcats Meet Maryville Teachers On the College Diamond at 3:45 O'clock

The Kansas State baseball team will close its home schedule this afternoon when it meets the strong Maryville Teachers on the college diamond. The game has been called for 3:45. The Wildcats will be out for revenge as Maryville swamped them 11 to 4 at Maryville early in the season.

This last game will be dedicated to Captain Merrill Carter and the starting pitcher, Earl Simms, especially, as well as to the other seniors on the baseball squad.

Andy Skradski, third baseman, is still being handicapped by a sore leg muscle, and although he has improved considerably, he is not yet up to his best form. His place in the lineup has been ably filled by Kratzer, who has been playing bang up ball both on the hot corner and at bat.

STUDENT ART TO TOPEKA

Exhibit of Architectural Designs Will Be Followed by Fine Arts Display

An exhibition of 40 designs, the work of students in the architecture department, will be sent to Topeka Saturday for an indefinite showing in the gallery of the Topeka high school.

Designed to give a cross section of the architectural design work done in the department, the collection includes residential and ecclesiastical designs, problems in civil development, and industrial projects, and represents the work of approximately thirty students. It is planned to follow this exhibition with one showing the fine arts work done in the architecture department. The second exhibition will be sent to Topeka probably in the early fall.

CHANGE HOUR OF MEETING

Prospective Teachers Will Assemble at 5 O'clock Tonight

All students wishing teaching participation during the year 1933-1934 will meet Tuesday, May 16 at 5 o'clock in Denison room 26, according to Dr. V. L. Strickland. The time has been changed from 4 o'clock to 5 o'clock.

AG ENGINEERS PICNIC

The agricultural engineering department enjoyed a picnic Thursday afternoon, commencing at 4 o'clock.

LARGEST CLASS IN HISTORY TO BE GRADUATED

MORE THAN 500 TO RECEIVE DEGREES AT SEVENTEETH ANNUAL COMMENCEMENT.

REUNIONS ARE ON PROGRAM

Sir Willmott Lewis and Dr. W. O. Thompson Are Principal Speakers in the Exercises.

A June class of more than 500, easily the largest in the history of Kansas State college, will be graduated at the seventeenth annual Commencement of the college on Thursday, June 1.

The tentative list of candidates for degrees, released recently by Miss Jessie McDowell Machir, registrar, includes 517 names, of which 458 are candidates for bachelor of science or doctor of veterinary medicine degrees, and 59 for master's degrees.

This is 75 more than the actual number graduated last June, that class including 393 seniors and 51 recipients of master's degrees. As some members of the class will not complete their degree requirements, the increase over last year probably will be around 60.

Sir Willmott Lewis, Washington correspondent for the London Times, will be the Commencement speaker, and Dr. W. O. Thompson, president-emeritus of the Ohio State university, will deliver the baccalaureate address on Sunday, May 28.

Reunions of 10 Kansas State classes, at five year intervals from '23 to the present, will be a feature of Senior week. Wednesday night, May 31, the seniors will be guests of the old grads at a banquet.

Eighty-three Kansas counties, 17 states, two territories, and China are represented in the degree list. In the following list of candidates for degrees, names of students are listed by town or city address, and the course of study taken during the four years. The key to the course of study abbreviations is as follows:

Ag—agriculture; AE—agricultural engineering; Ar—architecture; AR—architectural engineering; C—Commerce; CE—civil engineering; CHE—chemical engineering; EE—electrical engineering; FME—flour mill engineering; GS—general science; HE—home economics; HE and N—home economics and nursing; IC—industrial chemistry; IJ—industrial journalism; M—music; ME—mechanical engineering; PE—physical education; VM—veterinary medicine. Cleburne: Milla M. Pishney, HE. Leonardville: Orville Philip Nuffer, C.

Manhattan: Donald A. Adell, CE; Linden M. Alcorn, VM; Merle W. Allen, GS; Harold L. Anderson, IC; Paula A. Bellinger, GS; Lynn N. Berry, CE; Robert C. Besler, ME; Roy W. Best, ME; Loren C. Blackburn, VM; Thomas L. Bond, VM; Donald H. Bowman, Ag; Paul J. Brandly, VM; Allen V. Brunke, VM; Gladys R. Bulksra, HE; Clifton A. Byers, GS; Wayne W. Cantral, CE; Blaine L. Capper, GS; Garlie F. Collins, CHE; Carl C. Conger, Ag; Ralph M. Conrad, IC; Lloyd M. Coppenhafer, Ag.

Marion H. Crocker, IC; Isabel C. Cunningham, IC; William D. Davis, ME; Milburn H. Davison, CE; Edith M. Dobson, IC; Helen G. Durham, ME; Kenneth J. Ekdahl, C; Oscar S. Ekdahl, Ar; Elmer F. Finke, VM; Lendall K. Firth, VM; John S. Florrell, Ar; Elizabeth Gaston, IC; Paul C. Gienfeldt, VM; Harriet C. Gillson, GS; Orrin F. Grover, IC; Dorothy Hadsell, IC; Lyman M. Hall, C; Thomas E. Hall, Ag; Frances F. Hampshire, HE; Harold B. Harper, Ag; Raymond T. Harper, Ag; Marion B. Harris, HE; Ada O. Haukenberry, GS; Achille C. Herbert, EE; Ivaloe B. Hedge, HE; Keith H. H

A MESSAGE

TO THE CLASS OF 1933

The time of the year has nearly arrived when 500 more Kansas State students will be added to the thousands of alumni of which the college boasts.

There is one organization that has as a chief purpose the duty of keeping departing students informed concerning the activities and history made by the college long after the student's college days have ended. This organization is the Kansas State Alumni association.

The average person as a student knows very little about the organization of the alumni association and the work that it does. But after graduation, the alumni association will be the chief source of information, concerning the college, the student will have. Since the alumni association works chiefly with the alumni, there is little need for an undergraduate to take an active interest in the organization.

But with graduation, the time has come when the student should inspect the workings of the organization and after this has been done, see that he also becomes a member of this powerful organization.

Probably the chief function of the alumni association is the alumni loan fund. On joining the alumni association, the student pays \$50 for his life membership. All of this fee is deposited in the alumni loan fund which at the present time totals approximately \$46,000.

The money in the loan fund is loaned out to undergraduates who need money to aid in their school expenses. Interest is paid the association for the use of this money. So carefully has the loan fund been supervised that none of it has been lost since its beginning in 1916.

All of the \$50 that is paid for the life membership goes into the loan fund. The alumni association's expenses are paid by the interest which comes from lending this money. It is needless to say that a larger loan fund is needed so that more students may benefit from the fund.

Since the financial status of the average graduating student is rather doubtful, and his future is even more of a question, arrangements have been made whereby the membership fee can be paid in installments.

A contribution to the loan fund is one that will do good work for an indefinite time. Worthy students in the future will be aided time and time again. By joining the association you do yourself a service by paying your membership dues which will assure you that you will be kept in close contact with the college in the future by the correspondence services sponsored by the alumni association.

The greatest services that come from membership in the association are probably not realized by you graduates now. It is the value that the alumni association will be to you in the future that should prompt your joining this organization before departing from the campus.

TOO MUCH RECOGNITION FOR DULLARDS

How many collegeists really think on their own account? The ability to make Phi Beta Kappa and other so-called honoraries by mere conformance to standardized requirements without ever doing any original or even independent thinking is more and more being pointed to as a serious indictment against our educational system, according to the Daily Nebraskan.

Professors with their grading systems and emphasis upon requirements tend to place the premium upon conformity and a penalty upon individualism. The college "Parrot" who hands back to his instructors whatever they give out is too frequently regarded as the student and scholar, while the individualistic student who thinks for himself is often penalized for his refusal to submit to rigid standards or to memorizing his way through college.

"The ideal student is always in revolt," says William Allen White. "A conforming student never learns anything new and never forgets anything old." College is the best place to learn conformity and be cast into the common mold. The ideal student is usually neither the best

scholastically nor the most popular in extra-curricular activities. His individualism tends to destroy his popularity, both with the professors and the students.

Progress is made through original thinking and initiative, not by "apple polishing" and mere conformance to the idea that everything a professor says is right and that everything he assigns must be done.—Montana Exponent.

On Other Hills

Professor Greet of Barnard college has discovered that "yeah" is not a new expression but dates back to 948, when it was used by King Alfred.

More men than women are enrolled in the cooking classes at Michigan State college a check shows this year, and the masculine element, moreover, seems to be making the higher grades in the course.

An epidemic of mumps threatened students on the University of Minnesota campus last week. Visitors were barred from the college hospital as a preventive of the disease.

When seniors at Rhode Island State college were asked what figure they admired most, Mahatma Gandhi came first and Jean Harlow second.

One hundred Boston university coeds went on a strike recently against the type of food served at Lennox hall. The strike started when the girls refused to have dinner in the school's dining hall, and instead, dined at a restaurant.

In a recent test on color blindness carried out at the University of Oklahoma, a professor learned that men are 16 times as apt to be color blind as women.

A student at Haverford college, Haverford, Penn., offers this definition of a kiss—"A kiss is a noun, tho generally used as an interjection. It is never declined; it is more common than proper; used in the plural and agrees with all genders."

Favorite names for the lady friend at the University of Nebraska are: a babe, dark horse, muddy plow, oil can, ice wagon, and squaw.

Seniors at many colleges and universities, who have been suffering from the standard query—"Are you going to graduate this June?"—are beginning to change their standard answer from "I hope so," to "Yes, I'm afraid I will," says the Michigan Daily.

A burlesque beauty parade for men is held annually at the University of Oregon.

Washington State college, during junior week which is held during the first week of May every year, adopted bathrobes as the wearing apparel for the juniors this year.

At the Siebel Institute of Technology, beer making has been instituted as a course of study. A small model brewery is used as a demonstrator.

In a certain Carolina college students are allowed to smoke in class and even during exams, because the college is largely supported by the tobacco crop.

The only candidate for editorship of the Oregon Daily Emerald was rejected recently by the executive council on the grounds that they were not satisfied they had the best candidate and wanted a wider field to choose from. The Daily O'Collegian at Oklahoma A. & M. is also without an eligible candidate for the editor's post next year.

The Snapper

Brawn and brains very seldom come together, sometimes neither is present as in the case of D. B. and many others. "Red" Niles, one of the big boys of Farm House thinks he is very strong, and showing no brains whatsoever, tried to make two fraternity men apologize for cutting a certain girl at a dance the other night.

Niles first went to have Gaylord Munson, of Alpha Gamma Rho, apologize. After Gaylord asked what for, Niles told about the excessive cutting at the dance, and for Munson to "come out to the hills and we'll have it out." "Well, I'd be glad to if there was something important to scrap about." Then "Red" strutted up to the Big Alph house to have it out with Howard Moreen. With his biceps bulging, he asked for the young man. When invited inside the fraternity house Niles changed his mind and said he'd have it out with the boys at some later date.

One of the beauty queens was without a date until some time after 9 o'clock Saturday night. And another tried to get a date and pay all expenses but was turned down.

"Spud" Morgan ran up to a fellow at the Tri Delt party Saturday night and asked, "Are we ready to go home?" "Well I guess so," he replied. Just then Spud happened to remember that it was somebody else that she had a date with and excused herself accordingly.

Mary Ransopher, of the stand 'em up Ransopher's, says that the best way to reduce is to run around the yard of the Kappa house.

Who was writing on the Phi Phi guest list? Who wrote Lily by Don Hutchinson's name, Beta Play Boy by Pete Fairbank's, D. D. (Droopy Drawers) by Cotton Teitze, and Dynamite by Red Clancy's name?

AT THE WAREHAM "State Fair"

In what has been judged as one of the best pictures of the year, the management of the Wareham returns to Manhattan that ever popular picture, "State Fair."

The story is far-reaching into the hearts of the people who have already had a chance to see the picture. Their praise is proof enough that the picture is one that you cannot be justified in missing.

Janet Gaynor and Will Rogers are only two of the many stars that give excellent performances in this delightful comedy attraction.—K.

In Society...

THEY TELL ME THAT...

With the invasion of Laurel and Hardy in "The Devil's Brother" at the Varsity the Palace is now a mecca for all the great Laurel and Hardy public. In case a stranger walks in we wish to explain that the Palace is not an institution for the insane nor are the students taking psychology tests, they are merely playing the new game "Kneesy-Earsy-Nosey" introduced by Stan Laurel...

Tumor reveals that Clay "Muscle-inny" Reppert having annexed all campus offices is now casting covetous eyes at Dean Van Zile's title. Will the coeds have anything to say about this? ... Apropos the Sig Ep whose pin receives a new notch with each successful placement. "Tell Me" hears there is another circulating pin whose edges are milled like a silver dollar. The latest report is that it is about to be attached to a Tri Delt moon ... Harry Miller wishes to announce that pledges of next fall in order to get that "New Line" must have a Packard car, and a plentiful wardrobe—one that will allow the coed to change at intermission ... Babe "Grace" Kimball, who rushed up to receive honors at the beauty ball and tripped over a few wires, states long and loudly that this was due to the dizzying results produced by her gum ...

Familiar scenes: Dusk! and the Deltas adjusting the lights on the "Rhapsody in Blue" ... They waiting patiently outside the door of the Kappa house and then resignedly wending his way home to the regular meeting of the "Home and Fireside" club ... The Pi Phi's taking sun baths in the back yard and coming in a beautiful beet red ...

C. J. Woodley, Prof. J. H. Robert, and R. L. Heinsohn drove to Lawrence Sunday to visit friends and relatives.

Phi Kappa Tau

Phi Kappa Tau entertained with a sport party at the Elks ballroom Friday night. Among the guests were: Jane Swenson, Bernice Ford, Virginia Dale, Myra Roth, Madge Mahoney, E. I. Call, Margaret Hale, Wilma Womer, Charlotte Buchmann, Margaret Easterday, Dorothy Leshosky, Odame Tracy, Francis Tannahill, Muriel Morgan, Alice Barrier, Olga Cook, Bernice Covey, Merian Freedlund, Elizabeth Poole, Ellen Warren, Dora Griffith, Ruth Dobson, Arlene Marshall, Lorena Schlemmer, Alice White, Jane White, Fern Vesecky, Peggy Kent, Dorothy Sollenberger, Betty Kewle, Helen Morgan, Elsie Gotschall, Louise Penner, Margaret Green, Ethel Fairbanks, Mary Morgan, Doris Paulson, Frances Moss, Dorthea Joyce, Marjorie Lyles, Ruth Stiles.

John Meyers, Orin Emrick, Clair Hubert, Roy Best, B. V. Allen, Jim Ketchersid, Elmer O'Malley, Wayne Fitzmorris, Elmer Metcalf, Harold Kugler, G. W. Callahan, Harry Hasler, Pat Murphy, Don Fox, Stanley Clark, Wayne Burbank, Dean McNeal, Ward Haylett, Major Bliss, Andy Elson, Walter Zeckser, Jack Knittle, Robert Eychner, Harold Eddington, Larry Froelich, Cecil Ardens, Fritz Beeler, Bob Gouge, Vernon Burnett, Neal McCormick, Sonny Luder, Bill Self, Henry Kirk, R. B. Smith, Don Landon, Floyd Schafer, David Reed, K. U. Benjamin, Sid Brady, Hal Doolittle, Bud Samuels, Dwight Sisney, F. T. McMahon, Bill Rhodes, Durward Watson, Lee Morgan, Crawford Beeson, Jean Willoughby, Robert Jacobson, Gene Benedict, Gerald Brubaker, Leonard Carrell, Paul Schoenhoven, Ed Cooper, Harry Coberly, E. L. Simms, Harry Brandon, Joe Creed, H. B. Hudiberg, R. L. Heinsohn, Wilber Kent, Cliff Kewley, and Lee Gemmell.

Formal pledging was held Friday evening for Durward Watson, Osborne.

Weekend guests were Wilber Kent, Beloit, and Mr. V. Davis, Burr Oak.

Dinner, guests Sunday were Mr. and Mrs. V. Davis, Burr Oak; Dr. Randall Hill, Mrs. S. J. Hill, Mrs. W. C. Warner, Wellington; Mrs. E. C. Lemon, Mrs. G. B. Morgan, Mrs.

G. Brandenburg, Riley; Mrs. M. A. Knappenberger, Kansas City, and Mrs. A. N. Sollenberger.

Phi Eta, the Phi Kappa Tau mothers' club, held formal initiation for Mrs. M. A. Knappenberger, Kansas City, on Saturday evening.

Robert Rychel spent the weekend in Chanute.

Chi Omega

Parents present at the Mothers Day dinner at the Chi Omega house Sunday were: Mr. and Mrs. W. B. Wright, Concordia; Mr. and Mrs. Douglas Graham, Topeka; Mr. and Mrs. I. B. Haggert, Topeka; Mr. and Mrs. George Brady, Manhattan; Mr. and Mrs. W. M. Speed, Parsons; Mr. I. P. Oliver, Topeka; Mr. and Mrs. L. L. Narmore, Elmdale; Mrs. A. R. Springer, Manhattan; and Mr. and Mrs. Dan Walters, Manhattan. Other guests were Margaret Wyant, Topeka; and Margaret Reddy.

Charlotte Buckman and Helen Hansen spent the weekend in Clay Center.

Roberta Downie spent the weekend in Kansas City.

Saturday luncheon, guests were Elaine Bacon, Kansas City, and Sarah Garrison, Parsons.

Kappa Sigma

Kappa Sigma announces the pledging of Dean Griffing, Council Grove, and of W. H. Rokey, Long Beach, Calif.

Loyal Nash, Herington, visited at the house last week.

Lamont Grippen, Smith Center, and Townsend Galley, Newton, spent the weekend in Smith Center.

Van Zile Hall

Agnes Olds, Delphos, Ethlyn Mae Elliott, Halstead, and Vera Thompson, Harveyville, spent the weekend in Harveyville.

Florence Schendener and Marie Davis spent the weekend in Abilene.

Mr. and Mrs. C. C. Roniger, Hymer, were guests Sunday of their daughter, Elizabeth.

Pearl Young, Janette McCallum, and George McCallum, Elmdale, were guests Saturday.

Mrs. Harley Moss, Mrs. G. M. Anderson, Miss Ruby Graber, and Miss Helen Moss, Lincoln, were guests Sunday of Frances Moss and Gale Anderson.

Harriet Harris, Gwendolyn Planck, and Frankie Jamison, Kansas City, were guests Saturday.

Miss Nieta Smith and Harold and Warren Rowland, Clay Center, were dinner guests Sunday.

Mr. and Mrs. G. W. Farmer, Manhattan, were Sunday dinner guests.

Newman Club

The Newman club held a breakfast Sunday morning in the church hall at the Catholic church. At the business meeting the following officers were elected: Ray Stremel, Garden City, president; Wayne Callahan, Coffeyville, vice-president; and Mary Catherine Ryan, Manhattan, secretary-treasurer.

Delta Tau Delta

Frank Groves spent the weekend in Atchison.

Carl Smith went to Lawrence for the weekend.

Elmo Young and Rex Anderson, Hutchinson, and Clay Lathers and George Hondros, Wichita, were weekend guests at the house.

Sunday dinner guests were: F. C. Loxley, Salina; Kermit Conrad, Salina; and Mr. and Mrs. D. Conrad, Manhattan.

Don Lacey spent the weekend in Herington.

Don Isaacson went to Topeka Sunday evening.

Kappa Kappa Gamma

Dinner guests Saturday evening included: Mildred Henry and Eleanor La Van, Salina.

Sunday dinner guests were: Mar-

letta Isaacson, Topeka; Jane Keel, Abilene; Sarah Garrison, Parsons; and Doris Harmon, Sand Springs, Okla.

Weekend guests were: Aletha Brown, Council Grove; Martha Noyes, Parsons; and Marjorie Black, Topeka.

Girls who spent the weekend at their homes were: Lorraine McMullen and Mary Emily Berryman, Hutchinson; Mary Horn, Holton; Lucienne Hudson, Fredonia; Mary Ransopher, Clyde; Floye Poague, Havensville; Jeanne Bryan, Delta; Margaret Carr, Kansas City, Mo.

Frances Rosser spent the weekend in Topeka.

Mrs. C. B. Black spent Monday with her daughter, Kathryn.

Acacia

The Founder's Day banquet was held Friday, May 12 at the Masonic Temple.

Mothers' Day dinner guests Sunday were: Mrs. Wells and Mrs. Caughron, Manhattan; Mrs. Smith, Holington; and Mrs. Brown, Fall River. Other guests were: Anna Jean Smith, Holington; Dorothy Jobling, Alice Bosarth, Mr. Jobling, and Mr. Palmer.

Alpha Gamma Rho

Formal initiation was held Sunday for Milton Kohrs, Elmo, and Marcus Bergsten, Cleburne.

Mothers' Day dinner guests were: Mrs. L. Z. Zerba, Salina; Miss E. Sundgren, Falon; Mrs. W. Kohrs, Elmo; Mrs. O. E. Miller, Lawrence; Mrs. Ed Gantenbein, Elmo; Miss Martha Kohrs, Elmo; Mrs. Charles Munson, Junction City; Mr. and Mrs. M. B. Bergsten, Cleburne; Mr. and Mrs. E. D. Edelblute, Keats; Mr. and Mrs. N. B. Nolan, Falls City, Neb.; Mr. and Mrs. K. A. Shoemaker, Panama; Miss Ida Hoague, Manhattan; and Mr. Ralph Munson.

Kappa Delta

Harriet Norton, Cimarron, is spending this week at the house.

Mabel Brasche, Alma, was here this weekend.

Sunday dinner guests were Virginia Edelblute, Dorothy Sollenberger, Maxine Hardy, Harriet Norton, and Bette Muhlhenn.

Dorothy Leshosky went to Fredonia this weekend.

Mildred Forrester, Wamego, went home this weekend.

Phi Kappa

Phi Kappa had Mother's Day dinner Sunday. The following guests were entertained: Mr. and Mrs. M. J. O'Malley and Michael, Jr., St. Joseph, Mo.; Mrs. Fritz Florell and John Florell, Manhattan; Mr. and Mrs. R. J. Hurt and Russell, Manhattan; Mrs. W. F. Zerull and Loretta, Ellis; Mrs. A. Froelich and Robert, Abilene; Mr. and Mrs. J. C. Richards, Manhattan.

Dinner guests at the house Thursday night included: Don McCoy, James Ahearn and P. J. Farrell of Manhattan.

James Ketchersid, Hope, and Neil Gibson, Ottawa, were Friday dinner guests.

Elmer Petch spent the weekend in Hanover.

Morton and Wayne Fitzmorris went to Fredonia for the weekend.

Beta Phi Alpha

Beta Phi Alpha announces the pledging of Arliss Honstead, Waterville.

The following girls spent the weekend in their respective homes: Gladys Mellinger, Milford; Gladys Paulson, Onaga; Mia Pishney, Cleburne; Ethel Eberhart, Topeka; Marcine Campbell, Hollis; and Opal Morris, Riley.

Blanch Pierce spent the weekend visiting Opal Morris at her home in Riley.

Myrtle Johnson, Concordia, is visiting in Manhattan this weekend.

Beta Phi Alpha held open house for Theta Xi Monday evening.

Zeta Tau Alpha

The annual "Parents Day" dinner was held Sunday. Guests were: Mr. and Mrs. Bunt Spear, Dr. and Mrs. E. C. Miller, Mr. and Mrs. Tonn, Haven; Mrs. J. E. Cooper, Mrs. S. B. Elliott, Mr. and Mrs. Arthur Platt, and Mrs. Lucille Rust.

Jennie Karpis, Delta, spent the weekend at the house.

Mrs. Roberta Kent, Beloit, was the weekend guest of Peggy Lynch.

Mr. and Mrs. Lyle Arnold, Frankfort, visited Clara Arnold.

Frieda Oltjen and Dorothy Parsons, Hiawatha, spent the weekend at the house.

Delta Delta Delta

Theta Delta chapter of Delta Delta Delta entertained with its annual Dream Garden dinner dance Saturday night, May 13, at the Country club. The guests of honor were Mrs. Henry Pehling, Mr. and Mrs. L. P. Elliott, Mr. and Mrs. John Correll, and Mr. and Mrs. Eugene Conklin, Hutchinson.

Other guests were Virginia Iobe, Topeka; Marjory Hanson, Clay Center; Helen Sloan, Manhattan; Elia Fouts, McPherson; Dorothy Schowengerdt, Osawatomie; Barbara Claassen, Newton; Harriet Harris, Frankie Jamison, Gwendolyn Planck all of Kansas City; Thelma Williams, Caldwell; Marietta Isaacson, Topeka; Joy Simmons, Wamego; Kathryn Correll, Jean Roper, Janet Samuel, Margaret Spencer, Corinne Solt, Manhattan.

Philaena Merton, Clay Center; Paula McDaniel, Margaret Wyatt, Topeka; Grace Endicott, Kingman;

Sarah Garrison, Parsons; Annette Lawrence, Junction City; Mary Lou Barker, Clay Center; Jane Keel, Abilene; Helen Harrison, Helen Millikan, Topeka; Esther Hedges, Kansas City, Mo.

Jim Corrigan, Ed Mariner, Jean Scheel, Art Telljohn, Elmo Young, Ed Murphy, Warren Keller, Jay Benjamin, Wayne Thornbrough, Jim Richards, Warren Larson, Wayne Callahan, Sid Robinson, Rex Anderson, Hutchinson; George Hondros, Norman, Okla.; John Correll, Lee Morgan, Phil Dunn, Topeka; Walter Lewis, Ralph Exline, Bruce Smith, Hero Beeman, Emmett Goss, Allen Williams, Lawrence; Gene Peery, Glen Kuiken, Glen Elder; Harry Hinekey, Maurice Gunn, Great Bend; Cecil Stoner, Wichita; Murray Hart, Kingman; George Hoopengartner, Charlie Team, Bill Hitch, Clair Hubert, Jimmy North, Dave Butterfield, Dale Dixon, Lee Scott, Hardy Prentiss, Adrian Sorrells, Bob Wallerstedt, Verne Warner, Foster Scott, Kenneth Brubaker, Jimmy Towner, Lewis Hanson, Don Landon, Norris Miller, Harold Weathers, Sonny Luder, Kenneth Harris, Jim O'Malley, Horton Laude, Dick Othberg, Glenn Benedict, Max Besler, Francis Chapman, Spencer Wyatt, Ray Nelson, Don Miller, Chester White, Kingman; Ted Millican, Myron Graham, Gene Ross, Don Porter, Don Isaacson, Fred Garrison, Tom Groody, Joe Saup, Hal Poole, Wally Duncan, Ed Duncan, Max Gallaghar, Bobby Layton, John Ratliff, Carl Sartorius, Clay Reppert.

Jim Rexroad, Zint Wyant, Wally Zeckser, Lawrence Daniels, Orin Stoner, R. L. Parker, Chris Covington, Leslie King, Bill Rockey, Don Mace, Howard Pettibone, Bill Maxwell, Rex Jennings, Lawrence Reed, Beatty Fleener, Jimmy Kitcherson, Johnny Stewart, Holly Holmquist, Al Wilson, Speck McMahon, Slim Ankeny, Marvin Hanson, Bob Besler, Jess Wood, Homer Prebush, Sundgren, Leon Sealey, Max Hamilton, Dale Gamler, Swede Salsbury, Carl Schults, Frank Shideier, Flecher Wellemeyer, Sam Corgham, Don Hassell, Harry Otto, Tom Meyers, Bud Samuels, Reese Morgan, Edmet Rector, Squint Huddenberg, Emmet Breen, Don Partner, Kay Bader, Burnett Stratford, Wayne Thornbrough, Ed Colner, Major Bliss, Harold Hibbs, Gaylord Munson, Lee Carlson, Nevin Nelson, Lillius Wimper.

Ruth Thomas, Charlotte Remick, Patty Irwin, and Marian Roper, all of Manhattan.

Phi Omega Pi

Phi Omega Pi entertained with its annual Parents' Day dinner Sunday. Those present were: Mr. and Mrs. T. L. Reed, Circleville; Mr. and Mrs. E. B. Stockdale, Kansas City; Mr. and Mrs. A. E. Johnson, Greensburg; Mr. and Mrs. L. E. Conrad, and Mr. and Mrs. Charles Burson. Other guests were Charlotte Brooks, Helen and Mildred Johnson, Avis Hall, Vada Burson, Marie Wilson; Mildred Sproul, Circleville; and Mrs. Bernice Morse, Kansas City.

Mrs. M. G. Kirkpatrick, Marion Kirkpatrick, and Marion McMullen, Junction City, were weekend guests at the house.

Margaret Kelsall, Lawrence, was a weekend guest of Jewel Stockdale.

Mrs. Bernice Morse, Kansas City, is spending the week with her sister, Mae Gordon.

Althea Keller spent the weekend at her home in Enterprise; and Velma French spent Saturday and Sunday in Concordia.

Harriet Norton, Offerle, was a luncheon guest, Saturday.

Maria Samuela Rector, Topeka, visited at the house Saturday afternoon.

Members and guests of Phi Omega Pi had a treasure hunt, Friday evening, at the home of Mr. and Mrs. Fred Parrish.

Mildred Sproul, Circleville, was a guest of Helen Reed, Sunday.

Phi Lambda Theta

Dinner guests at the house Sunday were the following: Dr. and Mrs. C. W. Hobbs, Dr. and Mrs. A. Paige, and Mrs. N. Kennaird, Wichita.

Visitors at the house Sunday afternoon were Mr. Ogden Green, Abilene, and Mrs. Bessie Elayer.

The following members spent the weekend at their respective homes: Harvey Holm, Dwight; Clinton Rhoerman, White City; Milton Raven, Morrowville; and John Hurd, Beatrice, Nebr.

Ray Jensen spent the weekend in Lincoln, Nebr.

Alpha Tau Omega

Alpha Tau Omega entertained with a house party Friday night. Dale Thomas' orchestra furnished the music. Prof. and Mrs. G. Sellers acted as chaperones, and Prof. and Mrs. A. E. White were special guests.

Out-of-town guests were Nevah Irby, Newton; Martha Noyes, Parsons; Lola Reagan, Riley; Genevieve Sheilhaus, Junction City; and Clay Trout, Ft. Riley.

Other guests included Marion Roper, Dorothy Martin, Ivernia Danielson, Mabel Hodgson, Mary Elizabeth Wilkes, Dorothea Bacon, Leora Light, Bernice Lathrop, Peggy Parker, Amy Jasperon, Marie Holt, Margaret Patterson, Elsie Gotschall, Esther Smiley, Dorothy Taylor, Helen Davis, Helen Louise Davis, Pauline Crawford, Louise Ratliff, Doris Paulson, Ruth Dobson, Jane Harmon, Gwendoline

Fisher, Esther Walters, Elaine White, Dorothy Sollenberger, Ona Lee Burson, Charlotte Remick, Maurice Street, C. F. Frey, Merrill Carter, F. G. Coloday, Harry Hasler, Don Landon, Lee Gemmell, Leland Pike, Dean McNeal, Tom Morris, and Bob Cole.

Alpha Tau Omega announces the pledging of John Moore, Muscotah. Ed Criner's father died in Wichita early Sunday morning.

Nevah Irby, Newton, and K. R. Hurley, Pratt, were Sunday dinner guests.

Alpha Delta Pi

Members of Alpha Delta Pi had their formal Founders Day banquet Saturday evening at 7 o'clock at the house. Sidney Stanard, Webster Grove, Mo., province president, was present and alumni members present included Mrs. Thomas Hoffman, Topeka; Mrs. Phyllis Shultis Bird, Topeka; Miss Willetta Hill, Clay Center; Mrs. John Hepler, Mrs. Jacobson, Mrs. Claire Jordan, Mrs. H. H. Langford, Mrs. O. C. Snair, Mrs. Ted Varney, Mrs. C. H. Whitnah, Mrs. Ellsworth Loung, Miss Mildred Schweiter, Miss Virginia Peterson, Mrs. Lovett, and Miss Helen Halstead.

Mrs. H. C. White and Mr. and Mrs. L. O. White, Jewell City, drove to Manhattan Sunday and visited with their daughters, Bertha and Alice White.

Mr. and Mrs. W. B. Madans, Hutchinson, spent the weekend at the house with their daughter, Margaret.

Arlene Marshall visited at her home in Herington Sunday.

Alpha Xi Delta

The mothers who were present at the Alpha Xi Delta Mothers' Day dinner, Sunday, were: Mrs. O. Wolf, Ottawa; Mrs. D. R. Krebziel, Newton; Mrs. E. F. Buck, Abilene; Mrs. H. D. Munal, Ray; Mrs. W. C. Purviance, Milford; Mrs. I. T. Shellehaas, Junction City; Mrs. J. J. Smiley, Mrs. J. M. Kimball, Mrs. N. I. Hedge, Mrs. E. B. Hampshire, Mrs. C. A. Kimball, Mrs. D. C. Bane, Mrs. L. C. Austin, Mrs. J. Ryan, Mrs. L. D. Arnold, and Mrs. A. O. Pieren, all of Manhattan.

Agnes Chatterly was the only alumna back for Bother's Day.

Sigma Phi Epsilon

Sigma Phi Epsilon announces the pledging of Clair Harris, Pratt. Dinner guests Sunday were Mr. and Mrs. F. C. Summers, Washington, D. C.

F. B. Majors spent the weekend at Elmo.

Earl Brookover, Dan Blaine, Wayne Thornbrough, Ray Murray, Victor Krainville, and Kay Benjamin attended the Sig Ep spring formal at K. U. Friday evening.

Sigma Alpha Epsilon

Mother's Day was observed at the Sig Alpha house Sunday with a dinner for the following guests: Mrs. Fred Beeler, Jewell; Mrs. L. H. Cool, Glasco; Mrs. Frank Jackson, Westphalia; Mrs. J. W. Menzie, Manhattan; Mrs. E. R. Spear, Manhattan; Mrs. R. E. Athey, Junction City; Mrs. J. G. Seales, Kansas City, Mo.; Mr. and Mrs. H. C. Reppert, Harris; Mrs. Edgar Washington, Mrs. Fred R. Smith, Mrs. Ted Varney, all of Manhattan; Miss Margaret Thompson, Westphalia; and Mr. and Mrs. Stauffer, Hymer.

Chester Whitelaw, Kingman, was a guest at the house Saturday night.

Delta Sigma Phi

Delta Sigma Phi announces the initiation of Dean Munal, Milford. The following spent the weekend at their respective homes: Ray Chaffee, Talmage; Milton Leeds, Salina; Hugh Tuttle, Lucas; Everett Hinz, Abilene; and Harold Wright, Hutchinson.

Sunday dinner guests were Mr. and Mrs. C. A. Oshberg, Scandia; Maxine Fulcomer, Scandia; Vivian Light, Manhattan; Glen and Wilbur Lehman, Watens.

Weekend guests were Carl Matthews and Quentin Dyer, Clearwater.

Phi Sigma Kappa

Among the Mothers Day guests Sunday were Mrs. F. J. Frank, Manhattan; Mr. and Mrs. J. W. Wellemeyer and daughters, Mary Louise and Katherine, of Kansas City; Mrs. M. K. Kannal, Kansas City; Mrs. W. D. Thompson, a Kansas City; and Mrs. F. D. Fox, Longford.

James Neville and Kenneth Banks visited in Gypsum Sunday.

Paul Rust spent Saturday in Eskridge.

Junior Grass spent the weekend in Omaha, Neb.

Steve Vesecky spent Sunday in Junction City.

Alpha Rho Chi

Alpha Rho Chi observed Mother's Day Sunday with a banquet at the house. Guests were Mrs. G. H. Erdmann, Ellsworth; Mrs. C. Watts, Pratt; Mrs. C. O. Billings, Manhattan; Mrs. A. S. Ekdhall, Manhattan; and Mrs. R. E. Crawford, Manhattan.

Alpha Rho Chi announces the initiation of Arthur Munns, Kansas City.

Leo Alberding has been a guest at the house for a few days.

Farm House

Mother's Day guests were Mr. and Mrs. Jesse Thompson, Wichita;

Mr. and Mrs. T. W. Myler, Andover; Mr. and Mrs. C. D. Davis, Manhattan; Mr. and Mrs. John Kugler, Abilene; and Mrs. Frank Niles and Gladys Niles, Lebo.

Pi Beta Phi Party

Pi Beta Phi held its annual spring party at the Country club Friday evening. The chaperones were: Mrs. R. W. Torrey, Mr. and Mrs. E. L. Holton, Mr. and Mrs. F. D. Farrell, Dean Van Zile, Colonel and Mrs. J. S. Sullivan, Mr. and Mrs. V. D. Poltz, Dr. and Mrs. H. H. Maymaker.

The following were present: Sara Garrison, Gertrude Tobias, Marietta Isaacson, Mary Lou Barker, Iona May Morrison, Mildred Henry, Emily Davis, Margaret Coleman, Tris Miller, Elaine Bead, Esther Hedges, Eleanor Lovan, Annette Lawrence, Jane Keel, Catherine Conklin, Virginia McCoy, Jane Murdoch, Ruth Majorkuth, Mary Louise Guitay, Elizabeth Cannon, Elizabeth Keller, Lois Welch, Rosemary Pones, Elaine Bacon, Corrine Solt, Caroline Dawley, Dorothy Hughes, Margaret Spencer, Mildred Beard, Josephine Baum, Marie Wagonseller, and Joan Lytle.

Ed Murphy, Wicks Schoolcraft, Grace Ross, Verne Warner, Don Lacy, Price Berryman, R. L. Parker, John Stewart, Wally Duncan, Jim North, Dwight Klingner, Clark Kostner, Bob Wallerstedt, Ivan MacDougall, Rex Jennings, Rex Rankin, Jim Corrigan, Dusty Rhodes, Don Porter, Lee Carlson, Don Landon, Joe Saup, Pete Fairbanks, John Van Aken, Major Bliss, Ned Kimball, Doc Kennedy, Ken Brady, Dick McCord, Ed Kelly.

Graydon Trusler, Orin Stoner, Don Isaacson, Jimmy Ketchersid, Louis Hanson, Cotton Teitze, Dave Horsburn, Bud Harrop, Barney Swain, George Washington, Bill Scales, Pete Smith, Don Hutchinsch, Al Wilson, Wally Zeckser, Max Bickford, Chris Covington, Atwood Morrison, Phil Hackney, Ken Harter, Dave Umberger, Edwin Athey, Sonny Luder, Swede Salsbury.

WILDCATS TAKE DOUBLE VICTORY FROM BUILDERS

SOUTHWESTERN LOSES ON FRIDAY 1 TO 6 AND ON SATURDAY 3 TO 6

PITCHERS SCATTER SAFETIES

Simms Fans Ten Moundbuilders in Opener and Lowell Allows Only Five Blows in Second Game

The Kansas State baseball team chalked up two more victories in the win column by decisively whipping the Southwestern college nine in a series here last weekend. The Wildcats won 6 to 1 Friday afternoon and 6 to 3 Saturday.

Earl Simms was beaten out of a shutout Friday when the Moundbuilders scored their only run in the first inning. After that he kept their few hits well scattered. Bunts were effective for Kansas State as Southwestern was slow in fielding them. Three went for hits.

Blaine Leads Batters
Dan Blaine was the batting hero of the game as he pounded out two hits in three times at bat. One of them going for extra bases. One of them was a triple to center field and the other a double to right field. Kratzer got two out of four, a triple and a single.

Simms gave up only one walk and fanned ten. The Wildcats got to the Southwestern pitcher for six extra base hits out of their nine safeties. Kratzer and Blaine got three-baggers, and Gentz, Carter, Blaine, and Underwood two-baggers.

After the Moundbuilders scored in the first frame, the Wildcats drove across three runs in the second, as Gentz, Underwood, and Blaine scored. Carter scored another tally in the third. Kratzer and LeClere scored the other two runs, and Simms struck out the last three men in the ninth inning as a fitting close to the game.

Lowell Scatters Hits
In the second game, Jack (Lefty) Lowell kept the Southwestern bingles well scattered. They got only five hits, one each in the fourth, fifth, and eighth inning, and two in the ninth.

Blaine and Underwood of Kansas State divided hitting honors, each getting two safeties out of four times at bat. No Southwestern batter got more than one hit.

Kratzer played third base part of the game until Skradski took over his place in the sixth inning. Kratzer going to left field in place of Asbill.

No Scores Till Fourth
Neither team scored until the fourth inning when an error and two singles let in two Southwestern runs. In their half of the same inning the Wildcats made up for this by scoring four runs on three hits and two errors. Blaine, Lowell, Kratzer, and LeClere scored.

Kansas State again rang up a score in the sixth frame when Blaine, who had singled, scored on Skradski's two-base drive down the left field foul line. The Wildcats made their last run in the eighth when a double steal scored Underwood. Southwestern tallied in the ninth on two singles.

Men's Intramurals

Three new records were set Monday night in the intramural outdoor track meet. First places were divided, no one organization piling up points from several first places. Attwood Morrison set a new record of 10 seconds in the 100-yard dash, taking first for Sigma Alpha Epsilon. R. S. Jensen smashed the 440 yard dash setting a new record of 51.1 seconds. Grammer of W. F. A. C. set a record with a leap of 21 feet and 11 1/2 inches in the broad jump.

The results and time of each event are: 100-yard dash, won by Morrison of Sigma Alpha Epsilon, 10 seconds; second, Grammer, W. F. A. C.; third, R. S. Jensen, W. F. A. C.; fourth, W. Dexter, Alpha Tau Omega.

440-yard dash won by R. S. Jensen, W. F. A. C., a new record of 51.1 seconds; second, H. Hall, Lone Stars; third, R. Zeigler, Independent; fourth, A. Tindall, Sigma Nu. Mile run won by W. Wheelock, Delta Sigma Phi; second, D. M. Garvey, Lone Stars; third, R. D. New, Alpha Gamma Rho; and fourth, D. McNeal, Delta Tau Delta. Time 4 minutes and 45 seconds.

Discus—won by M. C. Kohrs, Alpha Gamma Rho; second, Grammer, W. F. A. C.; third, K. Hinchcliff, Aggie Knights and fourth, Ralph Gage, Sigma Alpha Epsilon. Distance, 110 feet, 9 inches.

Pole vault—won by A. Tindall, Sigma Nu; second, W. Dexter, Alpha Tau Omega; third, W. C. Erdmann, Alpha Rho Chi; fourth, R. Zeigler, Independent. J. Kepler, Sigma Alpha Epsilon, D. Bark-

low, Aggie Knight, and E. Thing, Theta Xi, all tied. Distance 11 feet, 2 inches.

Broad jump—won by Grammer, W. F. A. C.; second, W. C. Erdmann, Alpha Rho Chi; third, A. Morrison, Sigma Alpha Epsilon, and fourth, A. Tindall, Sigma Nu. Distance, a new record of 21 feet, 11 1/2 inches.

The second day outdoor track events were held yesterday at 4:15. Events were: 4:15, 220-yard dash, high jump, and shot put; 4:50, low hurdles, 6:05, half mile run and 5:35, half mile relay.

CONFERENCE TRACK MEET IS THIS WEEK

Twenty-Two Wildcats Will Go To Lincoln By Bus Friday Morning

The Kansas State track men will go to Lincoln, Neb., this weekend where they will compete in the Big Six track meet. The meet is to be held Friday and Saturday and the men will leave Friday morning by bus.

Twenty-two men will make the trip and compete in the various events. The men have been working hard preparing for this event and they should turn in some of their best performances of the year in this meet.

TENNIS TEAM TO LINDSBORG

Kansas State Plays Return Match With Bethany College Netmen Today

The Kansas State tennis team is in Lindsburg today playing its return match with the Bethany college netmen. These two teams played a tie match on the courts here Tuesday of last week.

The match today will be the last one for the Aggies before the conference meet which will be held at Lawrence this coming Saturday. The men who made the trip are Ralph Graham, Richard Fowler, R. W. Armstrong, Garland Hoglund, and E. L. Broghamer.

CORNHUSKERS WHIP WILDCAT NET TEAM

Mollmen Fall to Win a Match In 6-0 Defeat at Lincoln Last Saturday

The Kansas State tennis team was defeated by the Nebraska netmen Saturday at Lincoln, Nebraska had little trouble in winning from the Wildcats, as the 6-0 score shows. Three of the Nebraska men on this year's team, however, were regulars last year, while Graham is the only regular from last year on the Kansas State team.

The summary: singles—Peden, Nebraska, defeated Broghamer, Kansas State, 6-0, 6-2; Hagen, Nebraska, defeated Graham, Kansas State, 6-0, 6-3; Shafer, Nebraska, defeated Fowler, 6-1, 6-3; Mario, Nebraska, defeated Hoglund, Kansas State, 6-3, 6-1.

Doubles—Peden and Mario, Nebraska, defeated Fowler and Broghamer, Kansas State, 6-2, 6-1; Hagen and Shafer, Nebraska, defeated Graham and Hoglund, Kansas State, 6-1, 6-2.

Women's Sports

Eva Brownell has been pronounced intramural tennis champion, and Van Zile has won the intramural baseball tournament. And so, congratulations are in order.

Not only that, but the class baseball teams have been chosen and will compete this week. The games as scheduled are: Monday, May 15, freshman vs. sophomores, and juniors vs. seniors; Wednesday, freshmen vs. juniors, and sophomores vs. seniors; Thursday, sophomores vs. juniors, and freshman vs. seniors.

These are the class team members: Freshmen—Virginia Dole, Ruth Dobson, Elma Edwards, Maxine Gibbs, Elizabeth Pittman, Opal Schlickau, Wilma Womer, Georgia Appel, Nevela Mall, Ona Lee Burson, Vera Thompson, and Jane Stone.

Sophomores—Eva Brownell, Jeanne Bryan, Jean Dexter, Eleanor Kubin, Wilda McNally, Lois Rosencrans, Leone Schultz, Rose Skradski, Erna Schmiedemann, Arlene Smith, Edna Swank, and Ferne Vesceky.

Juniors—Myrtle Andres, Mildred Forrester, Clara Bess Garrison, Mae Gordon, Leora Light, Helen Morgan, Alice Kimball, Cora Oliphant, Florence McKinney, Katherine McKinney, Katherine Reid, Helen Tellin, Lois Stingley, Jane Swenson, Alice Wilsey, and Erna Jean Miller.

Seniors—Mildred Aspellin, Helen Bradley, Marlene Campbell, Helen Davis, Marie Henney, Emily McKenzie, Mila Pishney, Merle Ross, Louise Scheu, Betty Wagstaff, Eleanor Wright, and Evelyn Young.

Women sportsters should take note of two meetings this week: W. A. A. in N1, Thursday afternoon at 4:45; and Frog club that same night in N1 from 7:30 to 8:30.

University of Oklahoma home economics students have found that they save one-eighth of a mile by cleaning a rug with a vacuum cleaner rather than a broom.

TOPEKA WINS IN REGIONAL

Trojans Run Away From High School Field in Track and Tennis

Topeka high school won the regional track meet here Saturday with a total of 39 points, 17 more than their nearest rival, Waterville. Topeka also won the tennis meet by taking first and second in the singles and first place in the doubles.

The Topeka track men took first place in the high and low hurdles, the high jump, 220-yard dash, half mile relay, and mile relay. A number of seconds and thirds in addition to these firsts were sufficient to win the meet for Topeka. The meet Saturday attracted a large number of schools and athletes from around this section of the country. Forty-one schools entered in the meet and 29 of these figured in the scoring. Approximately 10 schools failed to place in the preliminaries thus being eliminated from the finals.

Scores of the various teams placing in the meet were: Topeka 39, Waterville 22, Belleville 14, Newton 12 1/2, Manhattan 12, Salina 10 1/2, Enterprise 10, Narka 9, Alma 8 1/2, Hiawatha 8, Junction City 7, Cuba 6, Culver Rural 6, Herington 6, Cornish 5, Chapman 5, Blue Rapids 4, Marysville 5, Clay Center 3, Emmett 3, Republic 2, St. Marys 2, Norway 2, Frankfort 1, Onaga 1, Holton 1, Sabetha 1/2.

Although there were no records broken Saturday, some fine showings were made in several of the events.

In the tennis meet, Topeka also made a clean sweep by winning both the singles and doubles. Topeka won from Cuba in the doubles by a score of 7-5, 6-3, then defeated Manhattan by a score of 6-3, 6-2 to cop the title. Only three matches were played in the first round of the singles, all of the other contestants drawing byes.

FAREWELL DIME DANCE WILL BE FRIDAY NIGHT

Paul Waller's Orchestra Will Play for Final Social Event of "Y" Organizations

The farewell dime dance of the year, sponsored by the Y. W. and Y. M. will be Friday night, May 19, from 8:30 to 11:30 in Nichols gymnasium. Paul Waller's orchestra will play.

Special program feature will be music by Esther Wiedower and her string quintet. The quintet includes Harriet Mayer, Alto, piano; Viola Barron, Kensington, and Margaret Higdon, South Haven, violins; Lucille Herndon, Dighton, cello; and Josephine Barker, Miltonvale, viola.

Admission for dates will be 20 cents, admission for men without dates will be 15 cents, and for girls without dates 10 cents.

Committee in charge of the arrangements includes Alice Wilsey, Washington; Katherine Knechtel, Larned; and W. E. Gildersleeve, Kingston, N. Y.

Texas: Dallas, Albert B. Green, IC; Denton, James E. Loveless, Ag; Marfa, Arthur J. Hoffman, VM.

China: Shanghai, Yun Suh Kim, Ag.

Hawaii

SUPERIOR WOMEN ATHLETES GIVEN W. A. A. AWARDS

INTRAMURAL CUP BECOMES PERMANENT POSSESSION OF ALPHA DELTA PI.

TOKEN TO MRS. HALSHANNON

"K" Blankets Are Awarded Doris Paulson, Betty Wagstaff, Emily McKenzie as Most Outstanding Seniors in Athletic Group.

Presentation of athletic awards won during the past year was the main feature of the annual Women's Athletic association formal banquet Tuesday evening in the college cafeteria.

Alpha Delta Pi was awarded the women's intramural cup. The Alpha Deltas will keep the trophy permanently, this being the third year they have won it.

"K" blankets were awarded Emily McKenzie, Wayne; Betty Wagstaff, Topeka; and Doris Paulson, El Dorado, as the three most outstanding seniors who are members of the W. A. A. and "K" fraternity.

Mrs. Hal Shannon, the former Bernice Patterson, who has been sponsor of W. A. A. for three years and who has resigned from the faculty of the women's physical education department, was presented a "K" blanket in appreciation of her work in the organization.

Other awards were made for Frodo club, Bit and Bridle, and swimming. The honor track team was named, and chevrons, shields, and stars were given to women for points earned during the past year.

The banquet was carried out in a golf theme with miniature golf courses laid out on each table. Favors were golf bags with each course of the menu printed on a golf club. Katherine McKinney, Bartlesville, Okla., was toastmistress, with Prof. M. F. Ahearn the main speaker of the evening. He spoke on "Down the Fairway" and brought out the idea that it is best to keep on the fairway in life as well as in golf. He said that if one gets in the rough he must use a little more courage on the next shot or it will cost him more and more each time to get back to the fairway.

The remainder of the program consisted of group singing lead by Cora Oliphant, Offerle, a flute solo by Catherine Colver, Manhattan, as the "Birdie," and a tap dance, "Fore," by Ona Lee Burdon and Ellen Payne, both of Manhattan.

Guests at the dinner were Mr. and Mrs. Ahearn, Mr. and Mrs. L. P. Washburn, Mrs. Rutledge Compton, Dean Mary P. Van Zile, Miss Helen Saum, Miss Catherine Geyer, Miss Lorraine Maytum, and Mrs. Hal Shannon.

Three Pairs of Twins Go Up Aisle Together June 1-Not to Altar

When columns of black-gowned seniors file down the aisle of the auditorium June 1 to take their seats for the last time as undergraduates at Kansas State, among their number will be six young women who comprise a class all their own.

Those six young women make up three pairs of twins, and all six of them will graduate in the same division. Moreover, two of the pairs will receive the same degree, that of bachelor of science, while the other pair will receive the degree of bachelor of science in physical education.

Piling up to the platform when Dean R. W. Babcock reads their names will be Clara Josephine and Genevieve Marie Shellness, Junction City; and Ada Leah and Edith Emma Kraus, Marysville; and Ernestine Henrietta and Evelyn Hannah Young, Arkansas City. It is the latter pair who are the physical education majors.

It is nothing unusual for students in the same family to graduate together, but for three pairs of twins to be graduating in the same division is something worthy of mention.

DOCTOR KAMMEYER ILL

College Economist Necessitated to Cancel Commencement Address.

Dr. J. E. Kammeier has been confined to his home with a severe cold the past week, and had to cancel the address he was to have made to the graduating class of Clyde high school.

COES TO ENTERTAIN WHO'S WHOOT STAFF

4-H Club Yearbook to Be Released During Annual State Round-Up In June

Mr. and Mrs. M. H. Coe will entertain the staff members of the Who's Whoot with a party at the Country Club Saturday night. The early part of the evening will be spent in playing bridge. Dancing will follow the bridge sessions.

Penn Thompson of Manhattan is the editor of this year's Who's Whoot. The Who's Whoot is the yearbook published by the members of the collegiate 4-H club. The book this year contains county pages, snapshots, sections of outstanding 4-H club members throughout the state, and many other interesting features.

The book is to be released during the annual state 4-H club round-up which is to be held in Manhattan during the first week in June.

PAUCK BACK TO DELIVER COMMENCEMENT ADDRESS

Sir Willmott Lewis Is Recalled to London, Unable to Fill Appointment

Dr. Wilhelm Pauck, professor of church history at the Chicago Theological seminary, will deliver the commencement address June 1. Sir Willmott Lewis, Washington correspondent for the London Times, had been announced as the speaker.

Sir Willmott stated in a telegram to President F. D. Farrell yesterday that he has been recalled to London by his paper and will be unable to deliver the address as he had planned. It is supposed that Dr. Pauck will be one of the members of the Times staff to report the world economic conference which begins in London June 12.

Doctor Pauck was a featured speaker at Kansas State during the World Forum held March 24, 25, 26. He spoke before the Science club on "The Crisis of Western Civilization" and delivered a talk on "The Uprising of German Youth and Karl Barth" before a general assembly in recreation center.

Doctor Pauck came to America from Germany in 1925 and has since been located at the Chicago seminary. He is one of the foremost speakers on current religious problems in Europe and America.

CARREL NAMED EDITOR OF 'ENGINEER' COMING YEAR

Palmer Heads Business Staff for Official Organ of Division of Engineering.

L. W. Carrel, Topeka, heads the staff of next year's Kansas State Engineer, official Kansas State organ of all departments in engineering, just selected. The staff will edit and publish the magazine beginning next fall. Carrel, a sophomore in electrical engineering, will be editor of the magazine.

Other members of the editorial department are V. A. Elliot, McPherson, assistant editor; Vera Ellithorpe, Russell, campus editor; Roy Crist, Brewster, alumni editor; H. M. Rivers, Manhattan, feature editor; H. E. Rivers, Dodge City, art editor; H. E. Heckendorn, Cedar Point, illustrations editor; and H. N. Luebcke, Marysville, humor editor.

Each department will have its respective editor. Harold Hibbs, Osborne, will edit the architecture department. Other selections are: Neil McCormick, Olathe, chemical; E. L. Broghamer, Wilkes Barre, Pa.; mechanical; J. M. Street, Yates Center, civil; and W. E. Peery, Manhattan, electrical.

The business staff will be headed by Claire N. Palmer, Kincaid. Robert Chambers, Hutchinson, is assistant business manager. Others on the business staff are L. E. Murphy, Galena, advertising manager; Frank Colladay, Hutchinson, assistant advertising manager; and L. B. Izard, Carthage, Mo., circulating manager, with Raymond Nelson, Troy, assistant.

"APPLES MAKE SPUDS SLEEPY"

Melchers Explains Phenomenon On Young People's Opportunity Hour

"How Apples Make Potatoes Sleepy" was the subject of a speech given by L. E. Melchers, professor in the department of botany, on the young people's opportunity hour Wednesday from 9:30 until 10:30.

W. E. Grimes, head of the department of agricultural economics, talked on "Training for Agricultural Building." Special musical numbers were furnished by the department of music.

PLAY TO DEPICT HISTORY AT TEA FOR CANDIDATES

MISS EDITH CAMPBELL TO DIRECT DRAMA OF BEGINNINGS OF THE A. A. U. W.

EVENT IS AT FARRELL HOME

Women Seniors and Graduate Students Will Be Honored Next Tuesday Evening by First of Commencement Events

The annual garden party in honor of women of the graduating class is the outstanding campus event of next week. It will be given by the A. A. U. W. at the home of President and Mrs. F. D. Farrell, Tuesday, May 23, from 4:30 to 7 o'clock.

More than two hundred women are expected to attend as the guest list includes both senior women and women graduate students who are candidates for higher degrees.

A special feature of the program will be a play, "The Little Acorn," directed by Miss Edith Campbell. The theme of the play, which is based upon facts, is to show the beginnings of the American Association of University Women. The setting is in Boston, away back in 1881, when the organization began its existence.

The cast of characters is comprised of Mrs. H. W. Davis, Mrs. H. L. Ibsen, Mrs. S. J. Zinc, Mrs. R. L. Thackeray, Dean Mary P. Van Zile, and four college girls, Lela Hahn, Glen Elder; Betty Heffelfinger, Newton; Rowena Johnson, Fort Scott; and Dorothy Hadsell, Manhattan.

Dean Margaret Justin, of the division of home economics, who has just returned from the national meeting of the American Association of University Women, at Minneapolis, Minn., will make a short report.

Group singing by the senior girls will be led by Miss Ruth Hartman.

The program committee in charge of the affair is: Miss Edith Campbell, Miss Alma Hochuli, and Mrs. Mary F. Taylor.

The hostesses are: Mrs. J. E. Ackert, Dr. Martha Pittman, Miss Ann Sturmer, Mrs. E. M. Morris, Mrs. C. O. Swanson, Mrs. J. T. Willard, Mrs. A. Seaton, Miss Holroyd, Miss Stella Harris, Miss Ada Billings, Miss Maria Morris, and Miss Josie Griffith.

The social committee is: Miss La Velle Wood, Mrs. F. C. Gates, Mrs. F. M. Paddelford, Mrs. L. B. Houston, Mrs. R. W. Babcock, and Mrs. Reed Morse.

FOUR-H ENDS THEIR YEAR

Miss Helen Hostetter Tells of Her Experiences in China—New Book Staff Named.

Miss Helen Hostetter, journalism instructor, was the speaker at the Collegiate 4-H club meeting held last night in the Hamilton-Ionian hall. This was the final meeting for this semester. Miss Hostetter told of her experiences in Lingnan university at Canton, China, and of Chinese life and customs.

Other features of the program were musical numbers by 4-H club members. The girls trio, composed of Opal Powers, Payette, Idaho; Lucile Piper, Kanorado; and Ruth Parsons, Hiawatha, sang. Gordon Carter, Bunker Hill, entertained with harmonica and guitar selections.

The Who's Whoot staff was elected for 1934 as follows: editor, J. Willet Taylor, Lawrence; assistant editor, Gordon Carter, Bunker Hill; business manager, Jessie Dean, Baldwin; and assistant business manager, Howard McFreen, Salina.

The social committee announced a hike for Collegiate club members to be held May 29. Plans for 4-H Round-up, held June 5-9, and the membership drive next fall were discussed.

PEARL HAAS TO TEACH

Candidate for Master's Degree to Bartlesville, Oklahoma.

Pearl Haas, Hutchinson, who will receive her master's degree from Kansas State in June, has been contracted for the position of clothing teacher in the junior high school at Bartlesville, Okla.

Mrs. Charles O. Haskell, superintendent of the Bartlesville schools, was in Manhattan Monday interviewing candidates for the position.

Men May Be Scarcer, or Perhaps, More Particular

Are men leery of marriage during depression times, or don't they approve of the college woman of today as a wife?

Whatever the reason may be, men no longer are seeking to find a wife "sight unseen," according to Dean Mary P. Van Zile. Dean Van Zile says that a number of years ago bachelors must have thought of her office as a marriage bureau, for she received numerous requests from men in Kansas as well as other states asking for a list of women who might make possible wives. However, the dean says that she has received no such requests for at least four or five years.

She says that the requests were very sincere and serious and often humorous. For example, one gentleman wrote that he wanted a wife, but that he could offer her only simple pleasures, and that she must be satisfied with buggy riding and berry picking.

Another wife-seeker who was quite discriminating wrote that he preferred a brunette. He said that he might consider a blond, but before making any choice he wanted to look over several prospects that the Dean might choose.

Dean Van Zile offers no explanation, but for some reason the letters have quit coming. Perhaps men have reached the conclusion that a brunette coed isn't always a brunette coed, and perhaps they realize that the modern coed just isn't satisfied with pleasures as simple as berry picking, and that her buggy riding is preferably done in a sports model roadster.

TICKETS FREE TO SENIORS COMMENCEMENT ON EITHER

Candidates for Masters May Also Dine as Guests of Alumni at Annual Banquet

Seniors, summer school graduates and those receiving masters degrees may obtain free tickets to the Alumni-Senior banquet by calling for them at the Alumni office now.

The banquet and dance afterward will be given in Nichols gymnasium, Wednesday evening, May 31. Alumni, parents and friends may purchase tickets for one dollar, a reduction of fifty cents since last year.

The banquet will honor Dr. J. T. Willard, vice-president, and his class of 1909. Dr. Willard will give the alumni address "The March of the Decades." Pres. F. D. Farrell, and Lawrence Daniels, president of the senior class, and one member of the board of regents, will each give a short talk.

"The senior class will probably give some male quartet and string trio numbers for the program," said Kenney L. Ford, alumni secretary.

ROYAL PURPLE OUT A WEEK FROM TODAY

Yearbooks Will Begin Distribution At 8 a. m. Friday and Continue To June 1.

May 26 marks the date that the first 1933 Royal Purples will arrive on the campus. Distribution will begin at 8 o'clock on that day and will continue until commencement.

Purchasers are asked to bring their receipts for identification, and final payment on the books must be made before they are given out.

The cover of the yearbook is especially attractive with the colors, brown over black, blue-green, silver, and bronze arranged to harmonize with the design and color scheme of the book. Views, features, and beauty sections are printed in sepia color. Division pages appear in a walnut brown finish, while the remaining pages will be in black and white.

The opening section of the book is printed on a special grade of paper called white cassandra which is altogether different from any stock used in Royal Purples before. Pebble grain paper has been selected for the division, beauty and part of the feature sections.

The only part of the yearbook particularly interesting to students which has actually been cut is the general organization section. This decrease has been caused by some organizations dropping out, and others reducing their usual number of pages.

Since a number of students have asked if it is too late to buy Royal Purples, 75 extra copies have been printed. Anyone who has not bought a Royal Purple will be able to purchase one if arrangements are made immediately at the yearbook office. All but the extra copies have been sold.

MILLERS HOLD PICNIC AS FAREWELL AFFAIR

John Woolcott Is Guest of Honor At Annual Outdoor Frolic of Engineers.

John Woolcott, Manhattan, the only graduating senior in the milling seminar, was the guest of honor at the seminar's annual picnic last night at Rotary camp.

Baseball and a basket lunch were the principal features of the picnic. Faculty guests were Dr. C. O. Swanson and Prof. R. J. Renne, with Dr. E. B. Working comprising the board of advisors.

Officers of the milling seminar elected Thursday for next year are: L. W. King, Wichita, president; Max E. McCluggage, Manhattan, vice-president; Henry H. Stark, Wellington, secretary and treasurer.

Refreshments will follow the program. The ice cream is to be furnished by all old Franklin members who have become engaged during the past year, and the cake will be furnished by alumni who have married during the year.

It's a lucky thing for the human race that marriage is all it's cracked up to be.—Daily Trojan.

KAMMEYER HOPES TIME ON AIR MAY BE SECURED TO BROADCAST WEEK'S EXERCISES.

Plans are being made whereby the Commencement day proceedings and baccalaureate sermon can be broadcast over radio station KSAC.

Dr. J. E. Kammeier, chairman of the committee on public exercises, said this week.

Arrangements are not complete and the broadcasting time has not been granted. The council of deans at a recent meeting gave their approval to the plan.

Dr. W. O. Thompson, president emeritus of Ohio State university, will deliver the baccalaureate sermon May 28. Dr. Wilhelm Pauck of the Chicago Theological seminary will give the commencement address June 1. Besides these talks, other features of the commencement exercises will be on the program if the broadcasting plans are carried through.

Details of the commencement program have not been worked out but will be complete in a few days.

ORGAN STUDENTS TO PLAY

Recital Will Be at 8 O'clock Next Monday Evening in the College Auditorium

A program of organ music will be given by organ students in the department of music Monday evening, May 22, at 8 o'clock. The recital will be presented in the college auditorium, and the public is welcomed.

The recital will open with "Sonata in C Minor," Grave, Adagio, Allegro maestoso, Vivace (Mendelssohn), played by Francis Jack. Mary Elizabeth Guthrie will give "Arioso in the Ancient Style" (Rogers), and "Scherzando" (Vierne). "Sonata No. 3," Allegro, Adagio (Gulmonst) will be played by Donald Engle. Mabel Russell will play "Choral Prelude—O Sacred Head, Now Wounded" (Bach) and "Northern Lights," by the Norwegian, Torjusen.

Continuing the program, Dr. R. F. Nielson will give "Paritta XII" (Bach) and "Pastorale" (Franck). The recital will close with "Clair de Lune" (Debussy), and "Caprice Heroique" (Bonnet), played by Donald Engle.

KLOD AND KERNEL TO MEET

Stalcu and Rogers Will Be Initiated Tuesday Evening

The next regular meeting of the Kiod and Kernel Klub will be held at the Farm House fraternity Tuesday evening.

Two new members will be initiated. They are Melvin Rogers of Glasco, and Mr. Stalcu of Roumania who will be a guest at the meeting.

The program will consist of short talks by the members and a speech by a speaker who will be selected later.

CUPID'S VICTIMS THE HOSTS

Franklin Will Be Guests at Ice Cream and Cake Feed Tonight

The Franklin Literary society will hold its annual "cake and ice cream feed" tonight. The program will be furnished by the alumni and active members will be guests.

Dale Norris, Raymond, graduate student, is chairman of the program committee.

Refreshments will follow the program. The ice cream is to be furnished by all old Franklin members who have become engaged during the past year, and the cake will be furnished by alumni who have married during the year.

It's a lucky thing for the human race that marriage is all it's cracked up to be.—Daily Trojan.

CARROLL EARNS FIRST DOCTOR'S DEGREE OF KIND

COLLEGE PASSES A LANDMARK IN ITS HISTORY THIS COMMENCEMENT.

HONOR DEGREE TO WAUGH

Alumnus of Kansas State Will Receive Recognition for Nationally Known Work in Natural Landscaping.

The first doctor's degree ever to be earned by a student at Kansas State college and an honorary degree will be conferred at the commencement exercises, Thursday, June 1, in the college auditorium when H. S. Carroll and Prof. F. A. Waugh are thus honored.

Mr. Carroll will be eligible to the degree of doctor of philosophy when he passes his final examination here, Saturday, May 21.

Prof. Frank A. Waugh, an alumnus of Kansas State, now professor of landscape gardening at Massachusetts State college, will be granted an honorary doctor of doctor's degree for study at the college.

First Ph. D. For the College

This year's commencement is the first since the Board of Regents empowered the college to grant a doctor's degree.

Mr. Carroll has been studying this last year at the San Francisco college near San Francisco. He took his preliminary examination for the degree in August just before leaving for California. His thesis, which is a study in "Methylation of Lactose," has not yet been published in book form, but it probably will be, according to C. H. Whitnah, assistant professor of chemistry.

Mr. Carroll received his bachelor's and master's degrees at Notre Dame in 1918 and 1920 respectively, and began his two years' work here in 1929 while teaching at Mary's college.

Waugh's Work Is Recognized

"The honorary doctor of science degree is being conferred on Mr. Waugh in recognition of his contribution to landscape gardening and architecture," said President F. D. Farrell. "He has been, from the beginning, an enthusiast in natural landscape gardening as opposed to the formal."

Mr. Waugh received his bachelor's degree here in 1901 and this year is the 40th anniversary of his receiving his master's degree at Kansas State. He has taught at Massachusetts State for 31 years. All this time he has been a prominent advocate of natural methods of landscaping and has caused this method to become popular.

The professor has been consistent in this idea for many years. Even his master thesis was arguing for the natural as more beautiful than the formal. "The Horticultural Improvement of City Lots" was the title of his Bachelor's thesis. "The Industrialist" of June 15, 1901, says, "In this paper the author argues that this branch of landscape gardening is practical both as an art and a science. The common practice in the planning of city residence lots was illustrated with diagrams."

Since then he has written and had published ten books on horticulture and landscaping.

PURPLE PEPSTERS TO WEAR NEW COSTUMES

Pep Organization Chooses Shield in School Colors for Use Next Autumn

Purple Pepsters held a short meeting Wednesday afternoon to discuss plans for a new costume. A purple and white shield was selected to be worn next year. Similar shields will be worn by pep club members of Kansas and Nebraska universities who have combined with Purple Pepsters in forming Phi Sigma Chi, a national pep organization for women.

Elouise White, Dalhart, Tex., was elected treasurer of Purple Pepsters at this meeting, and Margaret Easterday, Greeley, Colo., was elected reporter.

MEASLES CATCH FOUR

Students Are Confined in Hospital With German Form

The German measles have added four students to the patients in the college hospital recently. These students are: Louis B. Hanson, Jamestown; E. C. Kassner, Detroit; Walter Herrman, Offerle; Harold Wierenga, Cowker, City.

THOMPSON IS NAMED VOLUNTEER SPEAKER

Economist Will Represent College in Addressing Clubs on World Important Problems

Prof. C. R. Thompson of the department of economics and sociology has been selected a volunteer speaker to represent Kansas State college and the Committee of Twenty-Nine.

The committee comprises a group of twenty-nine leading economists in the United States, who organize groups to assist the formation of public opinion based on a realistic understanding of fundamental economic principles. Speeches are given to women's clubs, chambers of commerce, service clubs, and like organizations on the subject of problems facing the world economic conference, and as international debts, trade barriers, and the gold standard.

COLLEGE SISTER MOTHERS ARE CHOSEN FOR AUTUMN

They Will Breakfast With Group Captains Sunday and Attend Pledging Service

College sister mothers, college sister captains, college sisters, and sponsors will have breakfast and pledge service together Sunday, May 21. The breakfast will be at the Pines cafe in Aggieville at 7:45 and the pledge service immediately after breakfast at the Episcopal church.

The college sister group mothers announced for the first time are Mrs. J. T. Willard, Mrs. C. O. Swanson, Mrs. A. L. Clapp, Mrs. Randall Hill, Mrs. Robert Spillman, Mrs. Lucille Rust, Mrs. C. H. Whitnah, Mrs. L. E. Call, Mrs. E. L. Barger, Mrs. Ruth Hobbs, Mrs. R. I. Thackeray, Mrs. H. H. Haymaker, Mrs. L. M. Jorgenson, Mrs. F. J. Zink, Mrs. S. M. Paddelford, Mrs. Guy Allen, Mrs. H. F. Leinhardt, Mrs. H. L. Ibsen, Mrs. A. E. White, and Mrs. Kenneth Chappell.

Winifred Wolf, Ottawa, college sister chairman, is in charge of the breakfast and pledge service. Dorothy Blackman, Manhattan, president, will lead the devotionals at the church. Dean Mary P. Van Zile, college sister sponsor, will give the pledge to the members. Special music and singing is to be directed by Ellen Payne, Manhattan.

Each captain will be in charge of her group. This is the only joint meeting of all groups before active Y. W. college sister work starts in September.

A college sister is expected to correspond with her little sister during the summer. She will call on her as soon as possible in the fall, take her to the registration tea in the Y. W. C. A. office, and to the first assembly. She will see that she meets Dean Van Zile and Dorothy MacLeod, and help her become acquainted with the work of the Y. W. C. A., especially freshman commission.

She will take her to church the first Sunday and to the student mixer at her church, call on her in her room at least once during the opening part of school and make her acquainted with the campus, the college activities, and college traditions, and try in every way to be a friend worthwhile to her.

The college sister group captains for 1933 who will be pledged Sunday are: Frances Rosser, Pratt; Alberta Burdette, Kansas City; Harriett Reed, Holton; Margaret Mauds, Hutchinson; Kathryn McKinney, Bartlesville, Okla.; Barbara Lautz, Amarillo, Texas; Oma Bishop, Abilene; Esther Walters, Manhattan; Clara Bess Garrison, Lincolnville; Mildred Forrester, Wamego; Marian Buck, Abilene; Mae Gordon, De Soto; Virginia Dole, Salina; Betty Ozmert, Manhattan; Mary Jordan, Beloit; Ruth DeBaun, Topeka; Ruth Linscott, Farmington; Doris Harmon, Sand Springs, Okla.; Madge Gibbs, Manhattan; Wilma Cowdery, Lyons.

Committees of the meeting are: the arrangement committee including Harriet Reed, Holton; Mae Gordon, De Soto; Frances Rosser, Pratt; Marian Buck, Abilene; Clara Bess Garrison, Lincolnville; and the transportation committee including Esther Walters, Manhattan; Betty Ozmert, Manhattan; and Ruth Jorgenson, Manhattan.

Tickets for the breakfast are 20 cents. Each captain has tickets to sell to the members of her group and will get in touch with them this week. Reservations must be made by noon Saturday and turned in at the Y. W. office.

GIVEN PRINTS SHOWN

Group of prints by Kingsley Given, associate professor of public speaking, is on display in the illustrations building.

Hawthorne's "House of Seven Gables" has only six gables—Indiana Student.

HOLTON EXPECTS 'FULL HOUSE' IN SUMMER SESSION

PROGRAM OF WORK AND PLAY IS OUTLINED FOR JUNE TO AUGUST

TERM HAS MANY PURPOSES

Those Seeking Advanced Credit or Wishing to Catch Up on Back Work Find Extra Sessions Suit Their Needs

"Extras good attendance" in summer school, beginning June 5, is expected by Edwin L. Holton, dean, from present reports of widespread interest. Three distinctive sessions and five special features are the attractions for this summer.

The full nine week's session for students will begin June 5 and end, August 5. Registration will be in recreation center on Monday, June 5 from 8 to 5 o'clock and thereafter in the deans' offices. All classes start Tuesday, June 6. Anyone enrolling after Thursday, June 8, will not be permitted to carry a full assignment without the permission of the dean of the school and deans of the divisions.

The four-week session is mostly for principals, superint

SARCASTIC PROFESSORS

Sarcastic professors aren't nearly as popular as some of them believe. Sarcasm should have no place in classroom discussions and it seldom gets beneficial results.

It has been a custom on the campus at Kansas State for several professors to hand out sarcastic remarks in their class discussions merely because a student doesn't answer a question correctly. These remarks by professors are in most cases unnecessary and out of place.

If the professor is trying to be funny, it is a different proposition. Some professors are clever and say something that deserves a good laugh. Such procedure is naturally out of place in a classroom, but in many cases the solemnity of the class discussion needs to be broken. In some cases to wake up sleeping students and in other cases to liven up the discussion.

But a professor must be careful trying to humor a class. It seems easy for a professor to get a laugh out of his class when he tells an interesting yarn about a railroad shop and the subject is in keeping with the class discussion. But on the other hand, a laugh is certainly out of place when a dreaming co-ed is told that she would never make a good judge because she doesn't know the difference between mandamus and injunction.

That one about the electoral college not having a football team is also a good one for the dreaming student and it always gets a laugh from the class. But should the students laugh? Yes, they should laugh if they see anything funny about the sarcastic remarks. But such irony from a professor should bring laughs at the professor instead of the student that didn't know the answer as well as the professor.

Because a student makes a mistake in class room discussion is no reason why a professor should see an opening for ridicule. It is only natural that some students don't know the answers to all of the questions. It is only natural that the professor does know the answers. But the sarcastic professor should remember that the student is here to learn the answers. In case the student doesn't know, it is the professors duty to do a little answering himself instead of trying to get funny.

Sarcasm, cynicism, and irony on the part of a professor do not get results. It will put revolt in the mind of the student before it will act as an incentive for study. It may seem singular for a student to get angry about a wise crack from a professor but when a person is made to feel cheap, his first thoughts are to get revenge. And to do this is to revolt. One sarcastic remark from a professor will not cause the student to study more. It will only cause hard feeling and will establish a barrier between the student and the professor that cannot be broken before the semester ends.

Embarrassing a student will not improve clear thinking. The place for wrong answers is in the grade book. Because the class laughs at a professors cynical remark is no sign that they are laughing at the student. Getting sarcastically funny is a professors classroom evil for most of his remarks are about as funny as a hearse.

On Other Hill

"Politicians too dirty for the college man? I don't think so. I think colleges are too dirty for politicians," the Hon. John M. McCooey emphatically remarked to a representative of The Dartmouth last week. McCooey is political boss of Brooklyn and a pillar of Tammany.

Experiments at the University of Michigan prove that the ads one sees are sometimes right. The results of the experiments have shown that the lighting of a cigarette actually aids in maintaining balance in moments of stress—Ring-Tum-Phi.

A campaign to eliminate some of the complimentary tickets given students to campus social events at the Michigan State college has

been launched by the Michigan State News. All of the 25 student office-holders have been admitted to functions free of charge.

Colorado College of Mines student body will be incorporated, it was decided by an overwhelming vote of the student body. The school will be turned over to the student council and all student officials will be required to be under bond.

University of Washington students who flunk courses are denied the use of the library.—Tar Heel.

Final examination week is known as "dead week" at the University of Texas.

A fraternity at Marquette university has a skunk for a mascot. Before he was initiated he underwent a minor operation.

Chancellor E. H. Lindley of Kansas university will be the main speaker at the commencement exercises at Oklahoma A. & M. college, May 26.

Registration at Grinnell college for next semester was held yesterday and today. Upperclassmen register with the heads of their major departments, while freshmen, who have not decided on a major are meeting with the same faculty member with whom they registered last semester. Such a plan eliminates all the rush that accompanies the beginning of a new semester.

Professors at Creighton university have found a new way to deal with tardy students. The janitors have removed several chairs from class rooms and late students must stand for the remainder of the class period.

Ever since a young professor was mistaken for a freshman during a demonstration at the University of Tennessee, hazing has been discontinued.

"Hello and smile" week is held annually at the University of Southern California. The purpose of the week is to foster better feelings among students on the campus.

The new editor of the Daily Northwestern is up in the air at the appointment of next year's chairman of the editorial board. The new appointee, the candidate of the dominant political party at Northwestern, has never worked on the paper nor written an editorial. And he's getting plenty of publicity about his inexperience.—The Daily O'Collegian.

The Snooper

As the school year draws near to the close, and students who are here for an education start studying for finals etc., the various high lights during the college year may be recalled: One of the first and most astounding facts was the discovery of a man in the Beta house; a little later Scruggs Martin, of the Migrating Martins came from the cellar and quit his scholastic and other activities; for a few weeks things became dull and lifeless; on a dark night residents for miles around were aroused by the Pi Kappa Chi jig; tomato juice and Beauvals followed this; months passed, by without much more happening than the regular week-ends when finally one morning the Collegian came out with headlines telling about the dunking bee about conducted by some malicious musicians upon Eggs Sorrells; things died down again until about Xmas time a musky odor prevailed over the city. Warmer weather flooded the market with jeweled pins; a little later Jane Harmon started the back-to-nature movement to banish hose; on and on until now. Of course various occasions led to scenes carried on by two Aggieville clothing merchants, the Kannel-Graham-Skradski feud lent color to dull winter evenings; the fuse that nearly set off the bombing act was an election said by many to be as crooked as a corkscrew. All during this time and up to the last two or three weeks a few students attended classes regularly.

A jeweled pin was found at the Tri Delt house the other night. Participants are not known but it was supposed to be hidden in a secret place.

Soulful

I felt his hand upon my cool round shoulder,
I quivered under his rough caress,
I felt an ecstasy
Of savage mockery.
He picked me up—
Second spasm
Tonight I stand on the steps
In the moonlight,
I hear his footsteps on
The concrete walk.
With rhythmic stride he
Is coming.
He will pick me up again
Who said a milk bottle
Hasn't a soul?
R. Daulton.

The Pi Phi's have been playing "Hunt the Phi Delt Pin." Janet (Eaglet) Murdoch has been saying that she has Dave Horyhem's pin but nobody can find it. The truth probably is that Dave is keeping it in case a pawn shop opens up some place.

Lucille (Scotty) Allman wouldn't even divide half a piece of gum (Peppermint size) with a sorority sister. This is about as bad as the Scotchman who wouldn't use rubbed bands because they gave too much.

Speaking of Peppermint—When Franklin Thackrey was asked how to spell it he asked, "What is it? I've heard of Spearmint, Peppermint but never of Peppermint." Maybe it isn't spelled right but who cares?

At The Theatres

DICKINSON THEATRE

"Cavalcade"
If you want to live a century in one evening, go see "Cavalcade" at the Dickinson theater through Saturday. It's one of these complete life affairs from the cradle to the grave which teaches the president, senate and people what they should do to run the world. We suggest that the screen writers of the last few pictures call on President Roosevelt and get him out of some of his difficulties.

One war and one tragedy would have been enough for that show but they had to give you a bargain and throw in so many that it was tiresome. If you go, I suggest that you leave after the first war and you will have enjoyed it. Clive Brooks does some wonderful acting and character work from a young man to an old man without being a grandfather.

The plot is just about the same as "Secrets" only they do a few different things to get killed and suffer. Haven't we had enough of this war talk in newspapers, streets and screen?

"Cavalcade" has one new tint and that is the English humor introduced by both the knight and his servants. It is rather unusual in that all the characters were strictly English and had the accent. It's heavy drama and will drag you down into the dumps but it will give you a serious outlook on disarmament and may stir some non-movers to action.

AT THE VARSITY

"The Big Drive"

This isn't "just another war picture" but the same authentic official pictures of the World war we've been seeing since 1918. There's no set plot or characters, but plenty of action. The details are morbid and gruesome and it's not recommended for children. The only thing to be said for it is that it is a powerful argument against war.

The only comedy relief the program affords is the screen tests made on the stage. Amateur movie queens and shiks attempt to show Manhattan how to emote.—J. L.

MAX MCCLUGGAGE HEADS SCOUT GROUP NEXT YEAR

Phi Chapter Holds Its Annual Spring Banquet and Installs Officers of Fraternity

Phi chapter of Alpha Phi Omega, national honorary scouting fraternity at the college held its annual spring banquet Wednesday evening in the crystal dining room of the Wareham hotel.

At the banquet Max McCluggage, Manhattan, was announced and installed as grand master; Ronald Grebner, Manhattan, deputy grand master; Paul Bibson, Chanute, treasurer; and Dale Garvey, Waverly, scribe.

Dean Rodney W. Babcock of the division of general science gave the principal address of the evening. Dean Babcock spoke on "The Opportunities of Tomorrow."

John Wadham, Marysville, Mo. acted as toastmaster, gave an account of the accomplishments of the chapter during the past year. Other items of the program were: invocation by Rev. W. A. Jonnard; vocal solo by R. I. Hersig, Salina, and introduction of guests.

Ralph Graves of Lawrence was a guest at the banquet and there were four guests from the Lambda chapter at the University of Kansas. Mr. Graves was formerly grand scribe of the national fraternity. He was recently succeeded by Sidney North, who was a member of the local chapter last semester.

Out-of-town guests at the banquet were: Richard Reistab, scout executive of the area, and C. O. Dalley, commissioner.

CONTRACT TO BURGER-BAIRD

Royal Purple Engraving Next Year Will Be Done in Kansas City.

The engraving contract for the 1934 Royal Purple was let yesterday to Burger-Baird Engraving company, Kansas City, Mo. This company has held a similar contract for the last two years. The K. U. Jayhawker gave Burger-Baird its engraving contract Tuesday.

OPPORTUNITY!

Make your plans to stay in school through the Summer term and get caught up with all credit hours and points.

There are less distractions from school work in the Summer term and more concentrated efforts can be applied to studies.

It will give you a chance to gain a few hours and lighten your course in the regular term. Courses that require a full semester can be taken in the two months.

COSTS ARE VERY LOW

Announcement of courses: Nine week session: June 5 to August 5, four week session: July 10 to August 5, two week coaching course: June 12 to June 24.

In Society...

THEY TELL ME THAT...

The R. O. P. C. annual demerit list was put in the post-office boxes this morning. Consequently, there were many long faces among the would-be soldiers; probably they were thinking about the tedious hours that they will have to spend polishing guns and such. We received the surprise of our life when we read the charge against Wicks Schoolcraft—"not properly shaven at drill"—and we always thought that Wicks was too young! L. R. Wempe came out to "play war" the other day without a blouse—result five demerits. And last but not least came little Don Lacy tripping out to drill manly, shouldering his gun, but with his shoes "not properly shined." Such are the trials of an army man!

What is the lure of the peroxide bottle? Seven Kappas have a terrible crush on that blond Beta flash, Lee Carlson. Be careful, Lee, they may sneak up on you some night in a dark alley! ... Many slighting remarks have been cast at those "baby pink and baby blue" Betas, but we're sure the boys don't indulge in talcum powder fights in the hours that they are allowed to frolic. Those big, masculine Sig Alphas think it's great sport to hide behind doors and sprinkle sweet smelling powder on the unsuspecting brothers. Oh those college days, there's nothing like them! ... Let the shouts ring long and loudly—knighthood is still in flower! Franklin Thackery will see that Jessie Dean gets her Collegian credits or he will meet the editor in the dim, dim dawning with any weapons that he (the editor) may choose.

Spring! Spring! Beautiful Spring! Margaret Myers and Chris Covington are seen skipping gaily on the campus every day holding hands. At any moment we expect them to burst into song singing "Oh, That We Two Were Maying" ... Palooka Prentup and Atwood Morrison were out displaying their masculine charms on the tennis courts Tuesday afternoon. We wish to remind these boys who love to play in their underwear, that bow legs are not the most fascinating things on earth. Of course that Alma Mater (Sing Sing) haircut that Morrison supplied has rather detracted from Prentup's legs, but one was not able to overlook them! ... We sincerely hope that there will not be another Johnstown flood when the coeds hear that Clark Kostner has ordered a jeweled pin!

Questions of the hour: Is that weekend expression on Si Bartorius' face due to the conversation (monologue, Si didn't have a chance to say anything) that he had with Juliana Amos the other morning? ... Does Milt Begier still anxiously count bottles and bottle caps on Monday morning? ... Did Jane Whyte get that bad case of poison ivy on a field trip? ... Is this case between Frances Fockele and Don Wyatt just another one of those things?

GRANT PRINTS SHOWN AGAIN

More Than Half of pieces in Exhibition Have Been Sold in Collection's Travels in Kansas.

The John Grant collection of prints from Edinburgh, Scotland, which proved so popular with visitors at the department of architecture gallery in March, will be returned Monday for another week's stay in the department's gallery.

The exhibition, which is mainly a showing of English artists, has been exceedingly well accepted in its trip about the state. Originally composed of 46 papers, the collection which will go up Monday contains only 22 remaining unsold—that's how Kansans like these prints.

Such widely known old masters of etching as the English Sir Francis Seymour Haden; Anders Zorn, the Swedish artist; Eugene Bejot; and Alphonse Legros, are shown in this collection, which includes etchings, aquatints, engravings, and drypoints. Among the contemporary masters who are represented are: E. Blampied, Bourville Hoyton, Detmold, Martin Hardie, Dame Laura Knight, MacLeod, Nevinson, Job Nixon, Sir Frank Short, E. S. Lumsden, and Tunnickliff.

The work of two outstanding American artists, Herman Webster and Louis Rosenberg, is also shown.

GARDEN SCHOOL IN JUNE

Third Annual School Program Is Arranged
The third annual garden school will be held June 8 and 9 at the

college. It will be composed of lectures and demonstrations on garden preparation, growing flowers, keeping cut flowers and several other phases of gardening. It is sponsored by the horticulture department. Prof. W. B. Baker, who is in charge of this year's arrangements, believes that a large crowd will attend due to the enthusiasm which has been aroused over gardening the past year.

GRADUATES HEAR HILL
Dr. Randall C. Hill of the department of economics and sociology addressed the graduating class of Olsburg high school last night.

In order that Northwestern university students could work at the Century of Progress exposition in Chicago, deans of the university voted to shorten the semester of that school by one week.

BASEBALL TEAM CLOSSES SEASON WITH A VICTORY

WILDCATS DEFEAT MARYVILLE 13 TO 4 IN FIFTH STRAIGHT DIAMOND WIN.

LAST GAME FOR THREE MEN

Captain Carter, Earl Simms, and Andy Skradski finish careers—Underwood Gets 5 Hits for Perfect Day at Bat.

The Kansas State baseball team wound up the most successful season it has had for several years Tuesday by beating the Maryville Teachers on the college diamond, 13 to 4, thus gaining ample revenge for the only non-conference loss this year, suffered at Maryville early in the season. It was the fifth straight victory for Kansas State, enabling the team to complete the season with a record of nine wins and only three losses. In the conference the Wildcats won three games and lost two, gaining a tie with Oklahoma for the Big Six title.

Putting seventeen hits together with four Maryville errors, Kansas State shored across 13 runs to four by Maryville, secured through eight hits and one Wildcat error. John Underwood, K-State first sacker, led the batters with five hits out of five times at bat, followed closely by Captain M. L. Carter and Hodgkinson of the visitors. The game brought to a close the college careers of Captain Carter, Pitcher Earl Simms, and Andy Skradski, third baseman, all of whom played excellent baseball. All other men will be eligible again next year.

Maryville took a lead in the first inning by putting over three runs on a three-bagger, a double, and a home run, after which Simms settled down and pitched air-tight ball the rest of the way. Kansas State hit at least once in every inning, but scores came slowly, and at the end of the fourth inning they were still trailing 2 to 3. In the fifth, however, things began moving, with five hits, including Carter's homer, driving in four runs to send Kansas State away to a 6-3 lead, which it never relinquished. Simms allowed Maryville one hit in the third frame and another in the fifth, but they were held scoreless from the second to the seventh, inclusive.

The Teachers managed to score one more run in the eighth on three hits, but that finished them for the day. Meanwhile, the Wildcats kept hammering the Maryville pitchers, collecting one run in the sixth, two in the seventh, and four in the eighth. Altogether, Maryville used three pitchers, Woods, Cowden, and Mitchell, while Simms pitched the entire game for the Wildcats, striking out six batters and issuing three bases on balls. O. W. "Chili" Cochrane umpired the game.

Men's Intramurals

With the playing of the second day outdoor track last Monday, Sigma Alpha Epsilon took first with a total of 126 1-2 points. Sigma Alpha Epsilon also won the indoor track meet earlier in the season. Delta Tau Delta was second with a total of 106 points and Phi Kappa Tau and Delta Sigma Phi tied with 99 points respectively.

The results and time of each event are: 220-yard dash, won by R. S. Jensen of W. F. A. C., 22.9 seconds; second, Morrison, Sigma Alpha Epsilon; third, H. G. Getty, Lone Stars; fourth, Tom Bushby, Sigma Alpha Epsilon. Time, 22.9 seconds.

Half mile run, won by Art Tindal, Sigma Nu, 2:49; second, W. L. Wheelock, Delta Sigma Phi; third, D. McNeal, Delta Tau Delta; fourth, H. Hall, Lone Stars.

The Lone Star team of H. Getty, D. Garvey, H. Fowler, and H. Hall won the half mile relay. The time was 1:38.4; second, Sigma Alpha Epsilon, A. Morrison, F. Beeler, T. Bushby, and E. Hilyard; third, Sigma Phi Epsilon, R. Kirk, L. Kirk, L. Abbott, and E. Peery; fourth, Delta Tau Delta, H. French, D. Porter, H. Ross, and R. E. Armstrong.

220-yard low hurdles, won by H. Kirk, Sigma Phi Epsilon; second, E. Keas, Alpha Tau Omega; third, H. G. Petty, Sigma Alpha Epsilon; fourth, L. H. Johnson, Phi Kappa Tau. Time, 27.5 seconds.

Shot put, won by J. Clark, Lone Stars; second, W. G. Fuller, Phi Delta Theta; third, W. Erdmann, Alpha Rho Chi; fourth, K. Hinchcliff, Aggie Knights. Distance, 26 feet, 11 1-2 inches.

High jump won by W. C. Erdmann, Alpha Rho Chi; second, A. Morrison, Sigma Alpha Epsilon; third, P. Hackney, Phi Kappa Alpha; fourth, A. Tindal, Sigma Nu. Distance, 5 feet, 9 1-4 inches.

The Vet. A. C. won the final hard

ball game from the Aggie Knights. Sigma Nu will play Phi Kappa Alpha for the final playground title Monday, May 22 at 5 o'clock on the varsity diamond. Final standings have not been placed yet.

All intramural tennis matches should be played Saturday, the final deadline.

O. U. VARSITY, FROSH NINES TO-PLAY SERIES

Three Baseball Games to Be Played At Norman May 25, 26, 27.

Norman, May 19.—University of Oklahoma freshmen baseball players have challenged the Sooner varsity to a three-game series, May 25, 26 and 27.

Cochs Lawrence "Jap" Haskell, varsity mentor, will coach the freshmen the Saturday, Monday, Tuesday and Wednesday preceding the series while Andy Beck, veteran first sacker, will have charge of the varsity. "All freshmen players should report at 1 o'clock Saturday afternoon at the varsity field, dressed to play," Haskell has announced.

In the freshman array will be such players as: LeRoy Robinson, Bill Allen, Jess Ferrell and Harry Ellis, catchers; Bill Winford, Joe Shapiro, George Martin, Roy Myers, Ken Little and John Gillespie, pitchers; Junior Clark, Wiley Francis and Spike Leonard, first-basemen; Delmar Steinbock, Red Hardwick and Karey Puqua, second-basemen; Johnnie Johnson and Alvin Turner, shortstops; Firman Latinis, third baseman; Elwyn Claunch, Gene Witt, Jack Harris and Dodo Walters, outfielders.

SMALL O. U. TRACK TEAM

Only Thirteen Sooners to Lincoln For the Big Six Track Meet.

Norman, May 19.—Cut to 13 men because of lack of finances, the smallest University of Oklahoma track squad to attend a conference outdoor meet in the last 12 years left Norman in automobiles early yesterday morning for Lincoln, Neb., scene today and Saturday of the annual "Big Six" outdoor track and field games.

The Sooners will be shooting for at least a third place despite the smallness of their squad. Although they aren't well-balanced, they have several "ace" performers who always place high at a relay carnival or a conference meet, men like Ben Marks, "Big Six" record holder in the javelin; Bill Newblock, "Big Six" indoor high jump champion; Bart Ward, "Big Six" indoor 440-yard champion; Loris Moody, "Big Six" 880-yard champion; and the all-sophomore mile relay team that tied the "Big Six" indoor record at Columbia last March.

Although they lost their first dual meet to the Oklahoma Aggies in 21 years last Friday night at Stillwater, the Sooners should be formidable at Lincoln although they lack the man power to compete with Nebraska and Kansas, supporters fear. Despite their defeat to the more powerful and better balanced Aggies, the Sooners gained some solace in the fact they won eight firsts to the Aggies' seven, had the high point scorer of the meet in Ward, who hurled the javelin 197 feet 2 1-2 inches, and in losing to the Aggies did so by the closest score of the entire 29-year old rivalry, 62 to 69.

GENTZ TO HEAD BALL TEAM

Wildcat Left Fielder Chosen to Succeed M. L. Carter—Expect Thirteen to Get Letters

Charles W. Gentz, Herington, was elected captain of the 1934 baseball team just before the Maryville-Kansas State game Tuesday afternoon. Gentz succeeds M. L. Carter, Smith Center.

During the past season Gentz played left field. Last year he was the third-sacker, but was moved to the outer garden when Andy Skradski came from behind the plate to occupy the hot corner. Gentz played consistent ball this year and hit fairly well.

Thirteen players are expected to be recommended for letters this season. The group includes: Captain Carter, Skradski, LeClere, Underwood, Watson, Boyd, Marshall, Gentz, Blair, Morgan, Simms, Lowell, and Nelson.

THREE-MAN NET TEAM IN CONFERENCE MEET

Ralph Graham, Garland Hoglund Are Entered in Doubles and Richard Fowler in Singles

Three players will represent Kansas State in the conference tennis tournament at Lawrence today and tomorrow.

Captain Ralph Graham and Garland Hoglund are entered in doubles competition and Richard Fowler in singles. The players left by auto this morning.

A national meeting of dancing masters describes the coming steps as dreamy and languorous.

NEBRASKA IS TEAM TO BEAT IN BIG SIX TRACK

Huskers Rate High With Kansas And Oklahoma Next—Kansas State Ranks Fifth

Lawrence, May 17.—The University of Nebraska appears to be the strongest track team on paper, in the Big Six. After doping out the points for the Big Six open meet which is to be held at Lincoln Friday and Saturday, the Nebraskans are figured to score 66 points, with Kansas and Oklahoma following with 56 and 48 points respectively.

According to the dope sheet Iowa State, Kansas State and Missouri will finish in the order named with scores of 22, 18, and 15 points each. Kansas has been awarded seven firsts which appears to be rather conservative. Although the Nebraskans have been allotted only two first places they have been figured rather strongly in seconds and thirds. The Sooners rank next to Kansas in the number of first places, having been awarded five. The points were figured on a 5-4-3-2-1 basis.

Both Glenn Cunningham and Ed Hall have been counted in as winners of two first places each, besides making up the strong half of the mile relay team. Elwyn Dees, who has been getting over 48 feet consistently in the shot, should have little difficulty in winning. The following is the way the meet and places were doped:

PLANS BEING MADE FOR O. U. COACHING SCHOOL

Annual Free Coaching School Scheduled For Last Week in May At Norman

Norman, May 19.—University of Oklahoma coaches are busy arranging a class schedule for the second annual free coaching school here May 24, 25, 26 and 27.

Moving pictures of most of the Sooners' 1932 football games will be shown in the football theory courses while both theoretical and practice courses will be taught in football, basketball, track, baseball and wrestling with Coaches Lewie Hardage, John "Bo" Rowland, Hugh McDermott, Lawrence "Jap" Haskell, John Jacobs and Paul Keen doing the instructing and the best athletes in the university the illustrating.

Last year nearly 150 Oklahoma high school coaches were registered and actually attended, pronouncing the school an excellent venture.

No fees of any kind are charged.

HUSKERS DOWN WILDCATS

Kansas State Tennis Team Loses 2 to 4—Graham and Fowler Win in Singles

The University of Nebraska defeated the Kansas State tennis team 4 to 2 on the college courts yesterday afternoon. In losing to the Cornhuskers, the Wildcats played their best match of the season.

The two Kansas State winners were Captain Ralph Graham and Richard Fowler. Graham defeated Fling 7-5, 7-5, and Fowler won from Mario 1-6, 6-4, 6-3. In the best match of the afternoon, Garland Hoglund, Kansas State, lost to Haegen in three sets, the score being 6-4, 5-7, 7-5. In the fourth singles match, Ralph Armstrong,

Kansas State, lost to Shaeffer 2-6, 3-6.

Nebraska swept the two doubles matches, Haegen and Shaeffer beating Graham and Hoglund 6-3, 6-4, and Fling and Feden winning from Armstrong and Broghamer.

WILDCATS LOSE TO BETHANY NET TEAM

Graham and Hoglund Win Only Match in Doubles Against Central Conference Champs

Bethany's undefeated tennis team scored a 5 to 1 victory over the Kansas State men on the Bethany courts at Lindsborg Tuesday. Bethany and Kansas State played a tie match on the courts here a week ago. The Bethany players won the Central conference championship last week.

Summary of the matches Tuesday: Singles—Lindquist, Bethany, defeated Graham, Kansas State, 6-2, 6-3; Bowen, Bethany, defeated Broghamer, Kansas State, 1-6, 6-3, 8-6; Wellman, Bethany, defeated Hoglund, Kansas State, 6-1, 6-1; Helberg, Bethany, defeated Armstrong, Kansas State, 6-3, 6-8, 6-2. Doubles—Graham and Hoglund, Kansas State, defeated Wellman

and Helberg, Bethany, 4-6, 6-4, 6-4; Lindquist and Bruce, Bethany, defeated Fowler and Armstrong, Kansas State, 6-1, 6-4.

WILDCAT TRACK TEAM OFF FOR BIG SIX MEET

Twenty-One Kansas State Athletes Are Entered—Landon Rated High in Mile and Two-Mile

The Kansas State track team left today for Lincoln, Neb., where they will compete in the Big Six track and field meet today and tomorrow. Coach Ward Haylett and part of the men left for Lincoln this morning, while the remainder of the men will leave this afternoon or Saturday morning.

According to meets held previously in the Big Six this year, Kansas State is a likely choice for fourth place in the conference. Iowa State is stronger this year than last and will give the Wildcats a battle for fourth place. Nebraska, Oklahoma, and Kansas are favored for the battle for the first three places with exceptionally close

scores. Missouri will in all probability take last place.

According to Coach Haylett, Kansas State's best chances for high scoring positions are Landon, in the mile and two-mile, although he will be opposed in the mile run by the outstanding star, Glenn Cunningham of Kansas University. Schmutz, Breen, and Knappenberger should win some points in the hurdles, Roehman in the high jump, McNeal in the 880-yard run and in the mile, Castello and Darnell in the 440-yard dash, and Veatch and Costa in the javelin. Kansas State scored forty points last year for fourth place. However Hinkle, Elwell, Jordan, Ehrlich, and Classen, who scored 22 of these points, have finished their competition. Russell Smith, who placed in the 880-yard run last year, failed to report this year, and Harsh and Shirck, who ran on the mile relay last year, are also gone. This leaves sixteen out of

last year's forty points available for the meet Saturday.

Kansas State entries for this year's meet are: 100-yard dash—Going and Booth. 220-yard dash—Going and Booth. 440-yard dash—Castello and Darnell. 880-yard dash—McNeal, Hostettler, Landon, Darnell. Mile run—Landon, McNeal, Nixon, Daniels. Two-mile run—Landon, Pearce, Breen, Stoner, Spring, Knappenberger. 120-yard high hurdles—Schmutz, Breen, Stoner, Spring, Knappenberger. 220-yard low hurdles—Schmutz, Breen, Stoner, Spring, Knappenberger. Shot put—Wertzberger, Stoner. Discus—Wertzberger, Laird. Javelin—Veatch, Costa, Laird. High jump—Roehman, Breen, Schmutz. Broad jump—Breen, Bliss, Going. Pole vault—Booth, Schmutz.

Relay—Hostettler, McNeal, Darnell, Castello, Breen, Booth, Bliss, Knappenberger.

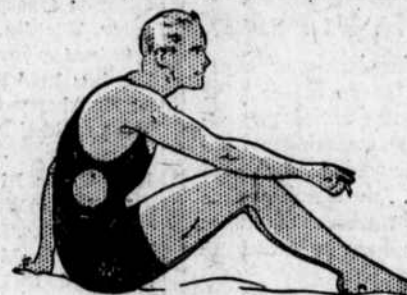

"Y" FAREWELL PARTY ADVANCED TO TONIGHT

Paul Waller's Orchestra Will Play at Event in Nichols Gym Beginning at 8:30

On account of another booking of Paul Waller's orchestra on Saturday evening, the farewell party of the Y. M. C. A. and the Y. W. C. A. which was scheduled for that night has been changed to Friday, May 19.

This all-school party will be held in Nichols gymnasium from 8:30 till 11:30 and a large crowd is expected to attend. Paul Waller's orchestra will furnish the music for dancing and other entertainment has been planned. The admittance price for stags will be 15 cents, for couples 20 cents, and for "does" 10 cents.

WILDCAT TEAMS FINISH YEAR IN THIRD POSITION

TITLE IN TWO-MILE AND TIE
FOR BASEBALL BOOSTS
BIG SIX RATING

OKLAHOMA LEADS IN TOTAL

Nebraska Wins Up Second in All
Sports With Iowa State, Kansas,
and Missouri Trailing in Low-
est Three Berths

Kansas State finished third in the Big Six conference all-sports standing for the 1932-33 school year, compilation of complete results shows. Oklahoma received the highest average rating in athletics and Nebraska was second. Kansas university, last year's all-sports champion, was forced down to fourth place, while Iowa State and Missouri ranked fifth and sixth, respectively.

Wildcat athletic teams won the Big Six two-mile team championship, tied with Oklahoma for the baseball title, and placed fairly high in all other sports except tennis. Oklahoma tied with Nebraska for the indoor track championship and with Kansas State in baseball. Nebraska won the football and outdoor track titles, tied Oklahoma at indoor track, and shared the swimming championship with Iowa State. Kansas won undisputed titles in basketball and tennis. Iowa State won in wrestling and tied Nebraska for swimming honors. Missouri failed to win or share in a single first place.

The all-sports standing of the Big Six schools is figured on the basis of their ranking in the nine individual intercollegiate sports participated in by the conference, rating the winner of each sport one point, second place two points, etc. In figuring the total standings the lowest score is ranked first, and so on through the six schools.

Following is the complete all-sports standing for this past school year in which the schools are identified as Oklahoma, O.; Nebraska, N.; Kansas State, K.; University of Kansas, U.; Iowa State, I.; Missouri, M.:

HELM PRIZES IN ART TO ARCHITECTURE STUDENTS

Harry Ganstrom, Hollis, and Keith
Ganstrom, Manhattan, May
Choose Own Etching Awards.

Two seniors in the department of architecture are the winners this year of the prizes offered by Prof. John F. Helm, Jr., for the best work done by a student in the life classes, and for the best work done by a student in the water color classes.

The winners are: Harry Ganstrom, Hollis, who won the prize offered to the life classes, and Keith Hinchcliff, Manhattan, winner of the prize for the water color classes.

The prize in each is one of Professor Helm's etchings, the choice being left to the winner. Ganstrom chose "Guardians of the Mesa," a Helm print which has proved popular in local exhibitions, and which has shown in the Prairie Print Makers traveling exhibit, the Midwestern Artists exhibition annually held in Kansas City, and the traveling collections of the Kansas Federation of Art.

Mr. Hinchcliff has not yet chosen his etching.

CELEBRATE END OF SCHOOL

Nursery Children Will Have a Picnic
Friday on Last Day.

The present session of the nursery school at the college will close Friday, May 26. The youngsters will have a picnic at noon on that day at the playground near Calvin hall.

The school will reopen at the beginning of summer school and continue during the summer session. There are 21 children now enrolled in the nursery school.

Pre-shrunk Wash Trousers \$1.35
to \$2.45. Don and Jerry, Clothiers.

Creepy Lizards and Ill-Boding Toads No Horror to This Coed

Collecting lizards, toads and other creatures outlandish in the eyes of most collegians, is the hobby of a junior coed. And she is not a bespectacled specimen in pursuit of a degree in zoology. She is enrolled in the department of home economics and art!

While other coeds on the hill are hoarding menus, formal invitations and favors, this young person may be engaged in bathing horny toads or hunting food delectable to its toady taste.

Nor is her hobby the fad of a moment. Since childhood, she has delighted in the pastime, and her fond ambition is to build a cage at her home to keep her unusual friends in captivity.

LIVESTOCK FEEDERS OF STATE HERE SATURDAY

Governor Landon Featured Speaker
On 21st Annual Livestock
Program.

Gov. Alfred M. Landon will be the featured speaker at the twenty-first annual Kansas Livestock Feeder's day, Saturday, May 27, according to Dr. C. W. McCampbell, head of the animal husbandry department, who is in charge of the program. The governor has not announced the subject of his talk which is to be given immediately preceding luncheon.

The first part of the morning will be devoted to inspecting experimental and other livestock of the college. The morning session of the group will be composed of addresses by outstanding speakers. James Todd, Maple Hill, president of the Kansas Livestock association will preside. The welcome address will be given by Pres. F. D. Farrell, I. E. Call, dean of agriculture and director of the agriculture experiment station at Kansas State college, will speak on "Financing the Farmer." "An Analysis of New Farm Relief Laws" will be made by Prof. R. M. Green, agricultural economics instructor. Governor Landon's address will close the meeting.

At 12:00 o'clock a luncheon will be served the delegates by the Bice and Bridle club which is an animal husbandry student organization.

The afternoon session will be made up of reports of cattle feeding experiments throughout the state. Professor McCampbell will tell of "Feeding Cattle on Grass." Prof. W. E. Connell will show the use of silage as the entire roughage portion and ground limestone in cattle fattening rations. The reports will be closed by Prof. A. D. Weber, who will discuss protein supplements in cattle fattening rations and oats as a cattle fattening feed.

The last feature of the day will be the opening of the question box in which visitors are asked to place questions concerning feeding which they would like to have answered at the session. Last year nearly 200 questions were placed in the box. Mr. McCampbell will preside.

Cattle Feeder's day offers livestock farmers of every section of Kansas an opportunity to secure first hand information relative to beef cattle production based upon the latest experiments conducted by the Kansas station. 140 head of cattle have been used in the experimental tests at the local station in the past year, and the experiments to be reports have extended over periods ranging from one to ten years.

Kansas farmers are particularly interested in this conference because beef cattle produce a larger annual gross return than any other product sold from Kansas farms, and this same production is probably the most complex of all agricultural activities. Enrollment ranges from 500 to 2,500 persons, depending upon weather conditions.

MUST PAY FULL AMOUNT TO GET ROYAL PURPLE

Vesceky Asks Subscribers to Bring
Receipts to Office Friday
to Aid Distribution

Copies of the 1933 Royal Purple will be ready for distribution Friday morning, May 26, at 8 o'clock, according to Steve Vesceky, business manager. Purchasers are asked to bring their receipts so that books can be given out quickly. Final payments must be made on the books before they will be released.

Books are not being sent out to high schools this year for financial reasons, so anyone wanting a book must purchase one at the Royal Purple office. There are only about 50 extra copies to be purchased this year.

PI. BETA PHI IS WINNER OF CITY PAN-HEL TROPHY

GUESTS AT ANNUAL DINNER
ARE 127 HIGHEST RANKING
SORORITY WOMEN

SCHOLARSHIP IS HONORED

Individual and Sorority Excellency
Are Given Recognition; Ethel
Eberhart and Betty Miller Are
High Active and Initiate

Pi Beta Phi sorority was awarded the silver basket scholarship trophy at the city pan-hellenic scholarship dinner given at the Gillette hotel, Saturday evening. One hundred twenty-seven women having the highest grades in each Kansas State sorority, organization members elected to honorary societies during the present year, and those women who received scholarship recognition of any kind during the year were honored at the banquet.

The silver basket was awarded to Pi Beta Phi for being the highest in scholarship the second semester last year and the first semester of this year combined. Emma Hyde, retiring president, made the presentation to Dorothy Malby, retired president of the sorority. Short talks on scholarship were given by Jessie McDowell Machir, registrar, Dean Mary P. Van Zile, Grace Derby, senior women's pan-hellenic advisor, and Mrs. Lucille Rust.

Individual Awards Are Made
Ethel Eberhart, Beta Phi Alpha, was recognized as the active having the highest grades, for the last semester. She had a three point average. Betty Miller, Pi Beta Phi, was honored for having the highest grades of the new initiates for last semester, making a two point seven average.

The sorority members in the upper ten per cent of freshman and sophomore classes of the division of home economics were: Betty Miller, Pi Beta Phi, and Jo Elizabeth Miller, Zeta Tau Alpha, both freshmen. (Continued to Page Three)

BOOKS FOR SUMMER MAY BE BORROWED FROM 'Y'

Reading of Many Kinds Is Available
Without Charge for All
College Students.

Vacation and time to catch up on reading will be here in another week, bringing recollections of the Y. W. C. A. has a traveling library through which many of the best and latest books are available to everyone. Any person may take a book from the Y. W. library, the only charge being the postage on the book to the next person on the reading list. Last year the library was very popular, among both college men and women.

The list of books already assembled to travel this summer includes: The Good Earth.....Pearl Buck Sons.....Pearl Buck White Bird Flying.....Bess S. Aldrich Magnificent Obsession.....Lloyd Douglas The Fountain.....Charles Morgan Portrait in a Mirror.....Charles Morgan Of Human Bondage.....

W. Somerset Maugham Cyrano de Bergerac.....Rostand Paul Bunyan Stories.....

James Stephens The New Deal.....Stuart Chase On Being Alive.....Bowie The Green Pastures.....Connelly What We Live By.....Abbe Dimmet About Ourselves.....H. A. Overstreet The Enduring Quest.....

H. A. Overstreet Living Philosophies.....Symposium The Meaning of Life.....Will Durant Karl Barth.....Dr. Wilhelm Pauck Humanity Uprooted.....

Maurice Hindus New Russia's Primer.....Ilm Let's Be Normal.....Kunkel Methods of Private Religious Living.....Dr. H. N. Wieman Leaves From a Secret Journal.....Jane Steger Nets to Catch the Wind.....

Elinor Wylie The Poetry Cure.....Schaffner The Preface to Morals.....

The Group designated by Tu includes all lectures, laboratories, and recitations meeting on Tuesday only. All one-hour classes scheduled for Tuesday, May 23 shall have their examination at that regular class period that day. All other classes shall meet as usual. No classes shall be held during the last six days of the final examination period.

Group designated by M includes all recitations, lectures, and laboratories meeting on Monday only.

Group designated by W includes all recitations, lectures, and laboratories meeting on Wednesday, May 24, Thursday, May 25, and Friday, May 26.

Group designated by Th includes all classes meeting on Thursday only.

Group designated by F includes all classes meeting on Friday only.

Group designated by S includes all classes meeting on Saturday only.

KANSAS ARTISTS EXHIBIT ALICE BOZARTH TO PLAY

Water Colors By Painters of State
Will Be Shown With Helm Talk
in Summer Session.

An exhibition of Kansas water colorists will be shown at the college this summer when John F. Helm, Jr., associate professor in the department of architecture, lectures on "Kansas Painters." Since the field is so wide, the speaker will confine his talk to water color painters only.

Prof. Helm himself will collect the pieces for the exhibition, which will include the work of Dr. Birger Sandzen of Lindsborg; Clayton Henry-Staples, head of the art department at Wichita university; Robert Lockard, instructor in the architecture department; Professor Helm, and other Kansas artists using water color as their medium.

The lecture is one of the series to be given throughout the summer school session by members of the faculty. They are given in recreation center every other afternoon at 4 o'clock. Professor Helm is scheduled for July 28.

If It's Dollars You Want to Earn-- Here's Some Inside Dope on It All

By MAX BURK

Being still without a dollar "with summer coming on" need not trouble anyone—not if he has the determination and the perseverance, and perhaps the luck of seven college men interviewed by a Collegian reporter. Armed with the question, "How did you earn your first dollar," he set out to confront men who have known salaries running into five figures.

Kansas State's director of athletics, "Mike" Ahearn, when asked how he first earned money, replied: "Well, as a five-year old boy I had my first job in Farmington, Mass., but I gave the boss the raspberry."

"That was some nerve for only a five-year-old."

"Oh, I'm afraid you don't understand," he said. (Anyone could tell some kind of a crack was in his way.) "The boss paid me three cents a quart for all the raspberries I could give him."

Incidentally, in later life Mike received no parental finance—he was only one of fourteen children. He had no high school education, entering college by special examination after he had worked six years in a greenhouse for college expenses.

The dean of the division of general science looked down at his desk and, putting a hand to his forehead in a pensive gesture, said: "The first dollar I earned I didn't get! When about nine years old and living in St. Albans, Vermont, I spent all my spare time off

school for a week pulling weeds that grew between rows of corn. Ten other boys and myself worked the whole week and then the boss beat it out without paying a one of us. Yes, sir, I still have that dollar coming," Dean R. W. Babcock added with amusement.

"Mr. Farrell, do you remember the first time you earned money?" "Yes, I do," the president of Kansas State college replied with some deliberation. "I earned it at the rate of five cents a day stripping leaves from sorghum plants growing in the Cache Valley in Utah. I was about six years old then."

He just stripped off the lower leaves because, as he said, "I couldn't reach the upper ones—too small."

Just imagine! Dr. J. V. Cortelyou, head of the department of modern languages, seems to have gotten his start in a farmer's field, too. His first paid task was about an hour's work sprouting potatoes near Ewing, Nebraska, when about twelve years young. He got fifteen cents for the job.

"I bought a pocketbook with that first fifteen cents," he said, smiling, "so I was all ready to start out on my next job."

So adept at picking fruit was Dean L. E. Call of the division of agriculture when only eighteen, that he got his first job at this despite his refusal to work seven days a week as other pickers were doing.

He and his partner, who, incidentally, is now a retired lawyer, picked more fruit from that orchard near San Jose, California in six days than other pairs of pickers could in seven. He kept his job and the Sabbath holy.

His first real work was as a graduate assistant in agricultural chemistry at Ohio State university. He got thirty dollars a week and "got along very nicely on that, too."

Prof. R. R. Dykstra, dean of the division of veterinary medicine, is a registered pharmacist. He graduated from the high school in Orange City, Iowa when he was fifteen years old.

His first paying job was as a clerk in a drug store immediately on graduation from high school. He worked at this for three dollars a week for six years and at the same time studied pharmacy by correspondence, finally passing the state examination for pharmacists.

When twenty-one, he reentered school, this time at Iowa State where he studied veterinary medicine.

The Kansas harvest fields furnished the dean of engineering, R. A. Seaton, his first chance to acquire that well known medium of exchange. He first worked in the fields near Jewell, where he spent his boyhood days, loading bundles of grain onto a hay rack. He was about twelve years old then, he said.

"That was the first 'outside' work I ever did," he added, "because there was always more than enough work to be done at home, so I was first paid by my parents."

ADRIAN SORRELS CHOSEN TO EDIT FALL COLLEGIAN

KENNETH DAVIS WILL SERVE
AS ASSISTANT MANAGER
TO EX-SNOOPER

BUSINESS TO N. REPERT

Assistant Business Manager Yet to
be Named; All New Staff Members
Are Experienced Workers
in Journalism

Adrian Sorrells, Kansas City, popularly known on the campus as "Eggs," will edit the 1933-34 Collegian. Nelson Reppert, Harris, will be business manager. These men were elected at a Collegian board meeting yesterday.

Kenneth Davis, Manhattan, was elected assistant editor. Assistant business manager has not been named.

Sorrells will be a senior in the department of journalism next fall. Last fall Sorrells wrote the Snooper column of the Collegian. He is a member of Pi Kappa Alpha social fraternity and of Sigma Delta Chi, national professional journalistic organization.

Reppert, who has been assistant business manager this semester, is a member of Sigma Alpha Epsilon and of Sigma Delta Chi. Davis, who will be a senior in the division of agriculture, recently was named outstanding man reporter on the Collegian. He is a member of Farm House fraternity.

MORTAR BOARD WILL BREAKFAST SENIORS

Traditional Farewell Event to
Men of Graduating Class Will
Be Monday, May 29

Senior women will be entertained at the traditional Mortar Board breakfast on Monday morning, May 29. Committees of Mortar Board have been appointed, and invitations to the event will be issued soon to all women members of the graduating class.

McATEE CRITICALLY ILL

One of Kansas State's football prospects for the coming year, Ralph McAtee, Council Grove, has been confined to the hospital for some time. He had an attack of pneumonia followed by heart trouble. McAtee is reported to be gaining now, but is still critically ill. Dr. C. M. Siever of the college health department said McAtee's temperature was lower Friday.

A German engineer is now able to eradicate weeds by spraying the earth with cellulose.

HELEN BOLER HEADS BROWNING LITERARY

Elsie Fern Selby Is Vice-President,
Alma Wilsey Secretary and
K. Pelton Treasurer

Helen Boler, Dover, was elected president of the Browning Literary society at the regular meeting last Saturday. Other officers elected were: Elsie Fern Selby, vice-president; Alma Wilsey, recording secretary; Elizabeth Boys, corresponding secretary; Katherine Pelton, treasurer; Mary Elizabeth Allman, chairman of the board; Lucille Shannon, marshal; Margaret Glass, chorister, and Faye Worrek, pianist.

Ralph Brindle, Fredonia, is the new president of Athenian literary society, elected at a special meeting Thursday. Henry Bentrup, Deerfield, was elected vice-president.

Other officers chosen are: Recording secretary, Glenn Warner, Manhattan; corresponding secretary, Melvin Rogers, Glasco; treasurer, Monroe Coleman, Sylvia; program, chairman, Alvin Clark Pratt; critic, Ray Stremel, Garden City; marshal, Edwin Reed, Kanopolis; parliamentary, Boyd Hope, Moundville; junior member of intersociety council, Alvin Clark and Boyd Hope.

A Chicago university coed wrote a thesis on "Four Ways to Wash Dishes."

NINE GRID GAMES TO BE ALLOWED IN 1934

Conference Faculty Representatives
Vote to Permit Schools Same
Number As This Fall.

In a meeting of faculty representatives at Lincoln last week end it was decided to allow each school in the Big Six conference to play nine football games in 1934. This is the same number of games that the faculty delegates allowed the schools this fall.

The recent proposal of the University of Kansas that scholastic requirements of Big Six athletes be lightened was discussed. Action on the proposal was held over until the December meeting at Kansas City.

Dean F. W. Reeves of Oklahoma succeeded Dean M. J. Thompson of Nebraska as president of the group. Dean Thompson then became secretary.

ENGINEERS OFF TODAY ON TRIP TO THE WORLD FAIR

Go By Special Railroad Car on
Combination Study and
Pleasure Jaunt

Thirty-six Kansas State students and three professors will leave this afternoon in a special car of the Union Pacific railroad for a week's visit to the Century of Progress exposition in Chicago. They will return Sunday in time for baccalaureate.

The entire group expects to visit the Adler planetarium, the Field museum, Shedd aquarium and the world fair grounds.

The 23 architects and architectural engineers who will make the trip also plan to inspect the Tribune tower, Daily News building, the Armour School of Technology, the Palmolive building, the Chicago Art Institute and the Museum of Industrial Arts.

A boat trip to Lincoln park is scheduled for the 13 civil engineers taking the trip. They plan also to go through the Loop, inspect bridges and harbor facilities. They will observe re-enforced concrete and steel construction work in Chicago, according to Prof. L. E. Conrad, head of their department, who will accompany them.

Those who are making the trip are: Professor Conrad, Prof. Paul Weigel and Prof. Robert I. Lockard of the faculty.

Civil engineers—V. E. Bradley, E. E. Comstock, M. H. Davison, Gene Ellis, N. F. Gibson, J. M. Mills, H. H. Munger, T. F. McMahon, M. E. Phillips, L. W. Rice, E. L. Wells, J. D. Woodruff, and E. R. Specht.

Architects—Alton Knechtel, Howard Rivers, Harlan Rathbun, R. E. Mitchell, E. D. Warner, Leroy Wilkinson, H. Da

CURTAIN

With this issue of the Collegian, the present editorial staff bids you a regretful goodbye. For the past four and one half months we have been putting out the little paper that has come to you each Tuesday and Friday morning. The time has come when publication must come to an end.

It has been a great pleasure and honor to serve on the editorial staff of this little paper. Being editor of a college paper is a job that will compare to none other.

We have tried to please every reader. This was not done. No editor will ever be able to please a collegiate subscription list. We have made many mistakes and we have omitted news that you probably feel should have been published.

But from our ethical viewpoint, we have conducted the paper to foster the best interests of the group which it represents. In many cases we have cast personal viewpoints aside and have stood for what we think best. We have endeavored to make it an organ of student expression. It has been our policy to support to the limit, any undertaking which we thought was to the best interest of the school.

We have given you our unbiased opinion without distinction in all matters which were of general interest to the student body. And in case of any error or omission, you can feel assured that these mistakes were not purposely or maliciously committed.

Our thanks are due all those that have helped us in making this paper the best that we could do. We have already given thanks and praise to those that deserved recognition during the passing semester. Now we would like to thank those that helped us make the paper.

Our first is to those 30 or so reporters that gave their time and interest to the reporting of news. Our hand is out to the staff which worked unflinching throughout the several months. For their willingness to hand out news and tips to the reporters, we would like to thank especially, Pres. F. D. Farrell, M. F. Ahearn, A. A. (Poe) Holts, Prof. William Lindquist, Miss Dorothy Barfoot, Coach C. W. Corsaut, Kenny L. Ford, Professor Gemmell, Prof. J. E. Kammeyer, Miss Dorothy McLeod, Miss Maehle, Dean Umberger, Miss Van Zile, Russell Thackrey, and Maurice DuMars.

The Collegian has attempted to be an outstanding instrument of the students in obtaining outstanding things. The student body, through its government, has made an enviable record. So long as that is true, the Collegian will gladly go without credit to itself.

Imbued with a spirit of gratitude and good feeling toward all, we bid you a lasting cheerio!

A MACHINE FOR AN EDUCATION

Every spring at commencement one or two seniors sit thinking bitter thoughts as they watch their classmates prepare for graduation, and realize that through a mistake of their assigner or through an error in the registrar's office, they must wait a month or two, or sometimes years to receive their own sheepskin. And they laugh a hollow laugh when they are asked to join the alumni association or pledge money to some college enterprise to show their love of alma mater.

These seniors pass the story down from year to year, until the group of individual misfortunes becomes almost a tradition. In business, an individual is usually responsible for his own mistakes, but not for the mistakes of others; yet in college he must conform to a finely graded measuring stick if he is to be graduated, no matter who is there to hinder him.

Ideally, the college exists to educate the individual. Actually it is a blind machine, grinding students through just as an automobile factory grinds out a hundred fenders, carefully inspected to conform to an exact pattern. If a student tries to deviate, or to protest, he is met with one of two alternative, conclusive answers: "It has always been done that way here," or "that has never been done here."

On the commencement platform, and in assembly the student grows to believe that the college exists to educate him—that he may

learn; but little account is taken of his native ability or of what he has learned inside the classroom or outside, at commencement. He is graduated if he meets certain definite requirements in every detail. The machine will not be altered to fit individual cases, and the freshman who learns that in the fall will be the most fortunate.

In the words of a current song "What to do about it?"

On Other Hills

An Ex-Students' Association for seniors is planned by the University of Texas in an effort to keep the graduating classes in contact with its members in after years. It is being sponsored by all senior organizations on the campus.

Men at the University of Utah insist that the best girls are taken before they reach college and that the co-ed is uninteresting, unintelligent, and expects nothing but pater.

When engineering students at the University of Minnesota recently held an election to name St. Pat., one of the two candidates for the honor, confident of victory, declared he was "too busy" to vote for himself. His opponent had other ideas. When the election returns were announced, he found that he had 80 votes. His opponent had 81.

Questionnaires sent to 210 students who withdrew from the University of Chicago one year after the new educational policy was put into operation showed that only 35 ascribed their withdrawal to dislike of the new plan.

Excerpts from a composition on "How To Make Moonshine," written by a freshman at Marshall college, recently were printed in the Marshall student publication. Here they are:

"An isolated hollow with barricades on all sides is an ideal place for the accomplishment of the task. A burlap sack tied over the top of the barrel to keep out mice and other animals is recommended.

"When a small stream trickles out of the copper worm, one should sample the liquor at least three times in order to make sure of the grade. However, if this process continues as long as one hour, it will be a good idea to let some one else to the testing.

"If a noise is heard in the nearby distance, don't shoot until you have seen the whites of their eyes.

"Provided the family is mostly boys, one gallon should be sufficient during Christmas holidays. If mostly girls, another 6-gallon barrel should be set."

The Snooper

Our Sororities—

Alpha Delta Pi—A group of girls devoted to the betterment of K.S.C.

Alpha Xi Delta—An outfit grouped together under the common heading of "Sisters of the last night! Even if we have beauty queens with skulls we'll still hang together.

Beta Phi Alpha—My, my, how we adore Don Hutchinson.

Chi Omega—With preference toward none, we stand together under the shade of the old cider mill.

Tri Delta—We Tri Deltas think that we have the greatest assemblage of fraternity pins in the college.

Kappa Delta—Do you know Elsie Gottschalk?

Kappa Kappa Gamma—Even if we are cancelled we have class. Due to our freshmen.

Phi Omega Pi—Cora Oliphant is our motto: athletes, athletes, rah, rah, rah.

Pi Beta Phi—We are devoted to our cause: Please the K.S.C. male population even with late dates.

Zeta Tau Alpha—We rate ourselves rather high. But what do you think?

And our dear beloved, devoted fraternities—

Ancient—One might when we had our party some of us were out until 2 o'clock Sunday morning!

Alpha Gamma Rho—We know no one higher than us.

Alpha Kappa Lambda—"No Smoking!"

Alpha Rho Chi—We are very modest so we'll say good-bye.

Alpha Tau Omega—Even if we have Russell we still think ourselves great.

Beta Theta Pi—Yes, we have a chapter in K.S.C.

Delta Sigma Phi—In three more years we'll have the best fraternity in K.S.C.

Delta Tau Delta—When we get rid of Oberhelman, Skradski, and Saip (a free advertisement Saip) maybe we can advance a little.

Farm House—If the depression lasts much longer we'll have to pledge engineers, journalists, etc., to keep our place going.

Phi Delta Theta—Do you know Don Wyatt? Well, he is a Phi Delt.

Phi Kappa—Come up to our house for dinner sometime—you bring the fish.

Phi Kappa Tau—Pete Pocock? Yes, he has paid his dues. Although Lemon is our chief drawback we can get rid of him in time.

Phi Lambda Theta—We are a very uplifting group of boys.

Phi Sigma Kappa—John Reinecke helps us along the road.

Pi Kappa Alpha—We, We, We, We, We, We, Sigma Alpha Epsilon—Well h—you wouldn't believe it anyway.

Sigma Nu—We have half of the athletes.

Sigma Phi Epsilon—We have the other half of the Eldorado athletes.

Tau Kappa Epsilon—We offer our reputation.

Theta Xi—We are a group of engineers although you can't tell it by looking at us.

As we lay our pen away, we will meet the rest of you liars next rush week.

Book Review

by Ruth Wilkerson

"Pioneer Life and Lore of McPherson County, Kansas"—by Edna Nyquist—is a book possessing considerable value historically and much interest for one who does not confine his reading to a particular field.

Perhaps the chief reason for the book's interest is that it touches on something we have a vague notion of—something that seems to have barely slipped out of our hands. Most Kansans have heard pioneer stories from their grandparents or from some of the old settlers who like to tell again and again about Grasshopper year and the blizzard of '74. And it is well that Miss Nyquist has put down some of these reminiscences for us in a form that we can keep.

The book is especially interesting because it deals with country which we know well today but which seems wholly unfamiliar in a setting of sixty or seventy years ago. It is very thrilling and comfortable to lie upon a bed and read of Indian raids and prairie fires and dugouts with leaky roofs and cornbread and onions; but to put oneself in the position of the early settler to whom Indians meant actual death—prairie fires meant loss of home and crops—dugouts were one-room holes which were home to as many as twelve people—and cornbread and onions a daily diet for weeks at a time—is both unromantic and distasteful.

McPherson county is probably one of the most interesting counties in the state because of the many nationalities of people who have settled there. There are the Swedish people in the northern part of the county, the German Mennonites in the southern part, and the Bohemians in the middle part. In addition to these, of course, are the various mixtures that go to make up the every-day American.

Miss Nyquist has given life to the early pioneer experiences in McPherson county. She seems to have made no attempt at retouching the picture but has left all the actual joys and troubles of the pioneers. Her style—though not rhetorically infallible—is informal and

direct. The book—having been written with the help of so many sources of information—lacks unity.

Certain stories are repeated several times—but the repetition is not annoying for it gives the tone of pioneer reminiscence which characteristically repeats.

Miss Edna Nyquist was a student in industrial journalism here at Kansas State in 1931-32. Since that time she has been at her home in McPherson where she wrote "The Pioneer Life and Lore of McPherson County, Kansas." She is to be commended not only for her efforts in gathering such a wide store of information but also for creating an excellent and interesting book.

CHURCH GROUPS UNITE

Open Meeting of College Societies Will Precede Baccalaureate.

A union meeting of the college groups of all Manhattan churches is being planned for the evening of baccalaureate, May 28.

Calvin Lounge has been chosen for the meeting place, those in charge believing that it will not inconvenience students wishing to attend baccalaureate. The hour has been set at 6:30 to provide plenty of time for those attending to go to the auditorium afterward.

Union meetings began several years ago have not been held the last couple years, but a similar meeting last semester drew such favorable comment, it was thought the pre-baccalaureate service would

be welcomed by the student body. Representatives of the churches are making arrangements.

LOAN FUNDS ARE DISCUSSED

Loan funds for college women is the subject to be discussed by Miss Margaret Ahlborn, home economics department, over radio station KSAC this Wednesday on the final husbandry, will also speak. His

In Society...

THEY TELL ME THAT...

Last issue . . . Forgive us for, we know not what we say . . . But there's one thing that's been troubling us—why does Don Wyatt like to take Frances Focke riding in an airplane? . . . A few Pi Phis are furnishing the food for any Sig Alphas that will go on a picnic with them . . . Sonny Luder was beginning to have his doubts about his magnetic personality after calling all the sorority houses for dates Sunday night only to find out that all the eligible girls had gone to the Delta barbecue . . . Speaking of the barbecue reminds us that Jack Hensley seems to have a passion for running "Sad Eyes" into stumps . . .

At last Ione Hill has brought Swede Salisbury's Sigma Nu pin out to the surface. And is everybody happy? . . . Taking showerbaths is great fun! But the greatest thrill of all was to see those great big, masculine men Oberhelmen and Porter capering through the spray at the Chi Omega house the other day. Merrymaking is such fun! . . . After reading in this column last week about the seven Kappas that had a crush on the blond Carlson—the great Dan attempted to blonde his hair. Right now it is a little streaked, but with a little perseverance you might be able to get it a muddy yellow, Dan . . . To whom it may concern: Don Isaacson must rush home every night at 9, on account of that is the time when Pickrell does her checking up. Mr. Dell of the Bell Telephone company ought to be very happy about this? . . . Harry Miller doesn't know whether to attend the wedding in Topeka on June 17 or not. You see Harry is afraid that after the prospective bride takes another look at him she won't go through with the ceremony! . . . It is rumored around that Bob Zeobold has taken the fatal step . . .

For years men have been giving girls the razz about putting on bathing suits and never going near the water—at last the worm has turned. Carl Paulson religiously puts on bathing trunks every day and goes out to the sand pit only to sit on the bank . . . Jack Going calls Roberta Downey "Time" and Jane Call "Tide"—one would think that this might come from that old saying "Time and tide wait for no man"—surely Jack is not going to become a member of the "Home and Fireside" club . . .

Is Harry Hasler planning to replace a head water at a summer hotel during vacation? At least he's all equipped with his new tux! . . . Athletes are certainly rough! Mary Dexter appeared at the K picnic with quite a tear in her dress, but Peaches Boyd being very domestic fixed it up with a couple of safety pins . . . Does Don Paulson really like those soda crackers after she has dunked them in a glass of water? . . . Just one more question and we're through. Do Al Wilson and Mildred Sands brush each other's teeth? They seem to do everything else together . . . Ned Kimball is getting some more of the Betas into training for the bucket brigade. A few were clambering around on fire escapes last Saturday night . . .

Senior students recital, auditorium, 7:30-9:30.

Pi Beta Phi
Dorothy Hamm—d. Great Bend, spent the weekend at the house.
Luelle Allman, Ernestine Merritt, and Jaquette Lawrence spent Sunday eve in Topeka.

Jimmy Ketchersid was a Sunday dinner guest.
Dinner guests last evening included: Don Hutchinson, Pete Fairbanks, Oren Stoner, John Van Aken and Bud Harrop.

Sigma Alpha Epsilon
Sunday dinner guests were Roberta Strowig, Mary Whitelaw, Wendene Middlekauf, Jessie Dean, Grace Umberger, and Frances Focke.

Kappa Delta
Edna Runciman, Salina, and Allen Linn, Clyde, were weekend guests.
Dorothy Leshosky, Cuba, and Wilda McNally, Olathe, went home this weekend.

Sunday dinner was given in honor of the seniors. The seniors are Marie Henney, Louise Scheu, Marjorie Ramey, Edith Ramey, and Leora Lang.

Lambda Chi Alpha
Laurie Jones, Perry, Mo., visited at the house Thursday. He and Mrs. Jones went to Kansas City Saturday. There will be at home at Perry, Mo.
Jim Scott visited at his home in Kansas City over the weekend.

Facy Jones
The marriage of Miss Leone Facy, Alpha Xi Delta, to Mr. Laurie Jones, Perry, Mo., Lambda Chi Alpha, took place Saturday morning. Following the ceremony Mr. and Mrs. Jones left for Kansas City.

Miss Mabel Smith, Mary Jordan, Frances Berggren, and Mrs. West, housemother, were in Topeka Saturday.

Delta Sigma Phi
Sunday dinner guests at the house were Mr. and Mrs. Jack Burke, Mr. and Mrs. Arlie Stewart, Ruby Corr, Jean Roper, and Mrs. Cozad, of Topeka.

Mrs. Pete Justice was a dinner guest at the house Friday evening.

Phi Lambda Theta
Phi Lambda Theta announces the pledging of George Gerber, Omeida.
Ernest Largent was in Oak Hill Sunday.

Dinner guests at the house Sunday were Professor and Mrs. Kitzelman.
Faculty members of Phi Lambda Theta gave a picnic for the members Friday evening.

Alpha Delta Pi
Members of Alpha Delta Pi held fraternity day at the house Sunday. The following were guests: Harry Hasler, Emmett Breen, Carl Paulson, Don Wideman, El Dorado; Bob Wallerstedt, George Haynes, Fred Garrison, Vetter Nichols, Dean McNeal, Wallace Martin, Norris Meek, Bill Priestly, Boyce Hardman, Wes Brinkman, Ned Samuels, Franklin Coloddy, Bill Fitch, Kenneth Benjamin, Lawrence Daniels, Pat Murphy, John Hartman, Leonard Hibbs, Jack Wiseman, John Meyers, Frank Shideler, John Underwood, Don McNeal, Andrew Skradski, Leon Sealy and John Donnelly.

Katheryn Langford, El Dorado, spent the weekend at the house. Marianna Thompson, McPherson, spent Tuesday night and Wednesday at the house.
Doris Paulson and Ellen Warren drove to El Dorado yesterday afternoon.

They will make their home in Perry, Mo.

McEllend-Knier
Announcement was recently made of the marriage of Alice Louise McEllend, Alpha Xi Delta, to Mr. Marion J. Knier, Topeka. The wedding took place April 23.

Farm House
The Farm House fraternity held their annual spring picnic Saturday evening on the Bruce Wilson farm west of Manhattan. Out-of-town guests were: Glen James, Andover; Clark Hampton, Jamestown; and Wayne Herring, Tulla, Texas.

Weekend guests at the house were: Jack Evans and A. C. Thompson, both of Washington.

Zeta Tau Alpha
Mr. D. L. Fulton and her son, Junior, Wichita, visited Muriel Fulton at the house Sunday.

Miss Alice Tribble, Circleville, visited at the house Sunday.
Mr. and Mrs. Leslie King, McPherson, visited Hazel Bland Sunday.

Miss Florence Melchert visited at her home in Ottawa over the weekend.

A dinner for seniors was given at the house last night. After dinner, a shower was held for Miss Panice.

French, Concordia; John Sheaffer, Independence, Mo.; and Martha Rodda.

Esther Quenzer, Bazine, spent the weekend here.

Clarine Morton, Coidwater; Mildred Bower, Norton; and Gwendolyn French, Concordia, are house guests this week.

Althea Keller spent Sunday at her home in Enterprise.

Helen Reed and Velma French spent Saturday in Concordia.

Mr. E. C. Keller, Enterprise, visited his daughter, Althea, Monday.

Mrs. F. Gordon spent Thursday and Friday in Kansas City.

Phi Sigma Kappa
Geraldine Grass, Mr. Maller, Tom Engle, Stan Merrill, and Bob Merrill were dinner guests Sunday.

Members of Phi Sigma Kappa entertained the following guests with a picnic Thursday evening: Doris Dalton, Charlotte Penny, Lillian Munal, Fern Vesceky, Odapae Tracy, Margaret Madaus, Alice Barrer, Geraldine Lancaster, Geraldine Grass, Mary Emily Baum, Vance McClymonds, Phyllis Darby, Alice White, E. I. Call, and Lorena Schlemmer.

Chi Omega
Ruth De Baun, Mildred Haddock, Luida Richards, and Linda Lou Wheeler, Lawrence, were dinner guests at the house Sunday.

Geraldine Grass, Florence Wiltse, and Frances Focke spent Saturday and Sunday in Kansas City.

Mary Emily Baum, Junction City, was a weekend guest.

Kappa Kappa Gamma
Jo Skipper, Ada, is visiting at the house this week.

Mr. and Mrs. C. M. Black, Council Grove, visited over the weekend with their daughter, Katherine.

Mary Ransopher, Lucene Hudson, and Mary Emily Berryman were dinner guests of friends in Junction City Sunday.

Glady's Skinner visited at her home in Topeka Saturday.

Phi Delta Theta
Russell Cortelyou visited at the house Saturday night.

William Hocker, Nedford, Okla., was a guest Sunday.

At The Theatres
AT THE DICKINSON
Maybe you don't believe a man can love one woman and play with a dozen. And maybe you don't like to be preached to about it. But at

Phi Kappa Tau
The dinner guests Sunday were Bernice Covey, Betty Wagstaff, Mary Morgan, and Elizabeth Poole.

Phi Kappa
Elmer Petch, Hanover, and Leonard Zerrull, Ellis, spent the weekend at their homes.

The weekend guests were Herbert Demming, Kansas City; Fred Murphy, Clyde; Francis Reliegh, Clyde; Dr. Carl Majerres, Fall City; Alfred Schaffer, Holyrod; and Arnold Mills, Holyrod.

Joseph Murphy and Lawrence Frelick visited friends in Salina Sunday.

Wayne Fitzmorris visited in Cuba this weekend.

Bill Gilligan and Morton Fitzmorris visited in Kansas City Saturday and Sunday.

Dinner guests Sunday were Charles Frye and William Brady.

Phi Omega Pi
Sunday dinner guests at the house were: Ethel Wells, Winona; Esther Quenzer, Bazine; Gwendolyn

any rate Richard Dix is fairly convincing that it can be done, in "The Great Jasper" playing at the Dickinson till Wednesday.

Edna May Oliver does a bit of pathos—surprising of her when you aren't used to Edna May that way. And several lesser personages in the screen kingdom do nice short pieces.

"The Great Jasper" is the sort of story you read in the American—a little fun is good enough, but in the long run it pays to go straight. O. E.

AT THE WAREHAM
The Wareham is for the first three days this week featuring a picture that should be shown at anyone's dime show. It is a picture of a girl and that is about all. Katherine Hepburn plays the lead and she is supported by Colin Clive and Billie Burke. It is worth a dime though, just to see the short subjects. And you may like the feature but don't expect too much. It isn't Katherine Hepburn's best picture. J. R.

AT THE VARSITY
John Barrymore continues to live up to the famous Barrymore tradition of excellent acting in his most recent screen venture. With a supporting cast that includes the charming Diana Wynward and Frank Morgan, the Barrymore scion makes "Reunion in Vienna" an enchanting picture.

It's a gay, light story of the Hapsburg days in Vienna. The show is so sophisticated that at times it borders on vulgarity. But you won't mind. There are innumerable laughs when the inquisitive father-in-law appears in various scenes. This is a new type of romantic film story—you can only hope for more like it in the future. E. E.

WILDCATS NOSE SOONERS OUT OF THIRD IN TRACK

SCORE 3-4 POINTS MORE THAN
OKLAHOMA — NEBRASKA
TAKES FIRST.

CUNNINGHAM STAR OF MEET

Jayhawk Miller Wins 880 in Record
Time as Well as Mile and Two-
Mile—Newblock Sets High
Jump Mark.

Kansas State finished third in the Big Six track and field meet at Lincoln, Nebraska, Friday and Saturday, with a total of 31 points. Although Kansas State took no firsts in the meet, they amassed enough points from the remaining places to finish third, the highest they have placed since 1923. Kansas university took ten first places in the meet, but could not keep the Nebraska Cornhuskers from winning the meet and retaining the championship.

Nebraska finished with 71 1-3 points, Kansas 60 1-6, Kansas State 31, Oklahoma 30 1-4, Iowa State 22, and Missouri 9 1-4.

The outstanding performer of the meet was Glenn Cunningham of Kansas university who won three places, individual scoring honors, and a new Big Six record of 1:52.2 in the 880 yard run. He held the old record of 1:53.5. His other firsts were in the mile and 2-mile run.

Teaming with Cunningham to account for a number of the Jayhawkers' points was Ed Hall, the fleet sophomore sprinter. He won the 100-yard dash, the 220-yard dash, took third in the broad jump, and anchored on the mile relay team, lunged to the tape to beat Scott of Iowa State, and win the relay for Kansas.

Bill Newblock of Oklahoma established a new record in the high jump when he cleared the bar at 6 feet 3 3/4 inches, 1/8 of an inch better than the old record held by Milton Ehrlich of Kansas State.

Summaries of the meet:

100-yard dash—Won by Hall, Kansas; second, Lambertus, Nebraska; third, Cox, Oklahoma; fourth, Lee, Nebraska; fifth, Cooley, Missouri. Time 9.8 seconds.

220-yard dash—Won by Hall, Kansas; second, Lee, Nebraska; third, Roby, Nebraska; fourth, Ward, Oklahoma; fifth, Cox, Oklahoma. Time 21.7 seconds.

440-yard dash—Won by Ward, Oklahoma; second, Cooper, Missouri; third, Scott, Iowa State; fourth, Henderson, Iowa State; fifth, Moore, Oklahoma. Time 48.9 seconds.

880-yard run—Won by Cunningham, Kansas; second, Labertew, Iowa State; third, Guse, Iowa State; fourth, tie between Hostetler and McNeal, Kansas State. Time 1:52.2, establishing a new record.

Mile run—Won by Cunningham, Kansas; second, Landon, Kansas State; third, Chapman, Iowa State; fourth, Funk, Nebraska; fifth, McNeal, Kansas State. Time 4:18.4.

Two-mile run—Won by Cunningham, Kansas; second, Landon, Kansas State; third, Story, Nebraska; fourth, Blaser, Nebraska; fifth, Pearce, Kansas State. Time 9:48.8.

120-yard high hurdles—Won by Flick, Kansas; second, Dohrmann, Nebraska; third, Breen, Kansas State; fourth, Plumley, Kansas; fifth, Teter, Missouri. Time 15.4 seconds.

High jump—Won by Newblock, Oklahoma; second, Barham, Oklahoma; third, tie between Roehman, Kansas State, and Toman, Nebraska; fifth, tie between Harrington, Kansas, Dunn, Kansas, and Gray, Nebraska. Height 6 feet 3 3/4 inches, a new record.

Broad jump—Won by Gray, Nebraska; second, Lee, Nebraska; third, Hall, Kansas; fourth, Breen, Kansas State; fifth, Roby, Nebraska. Distance 24 feet 7 3/4 inches.

Pole vault—Won by Gray, Kansas; second, Roby, Nebraska; third, tie between Skewes, Nebraska, and Booth, Kansas State; fifth, tie between Teter, Missouri, Beatty, Kansas, Rogers, Kansas, and Burk, Oklahoma. Height 12 feet 6 3/4 inches.

Shot put—Won by Dees, Kansas; second, Gilles, Oklahoma; third, Hubka, Nebraska; fourth, Hoku, Nebraska; fifth, Mead, Nebraska. Distance 47 feet 7 1/2 inches.

Discus—Won by Skewes, Nebraska; second, Gilles, Oklahoma; third, Distance 140 feet 4 inches.

Javelin—Won by Hoku, Nebraska; second, Chambers, Nebraska; third, Ripper, Iowa State; fourth, Jones, Nebraska; fifth, Marks, Oklahoma. Distance 194 feet 1 1/2 inches.

Mile relay—Won by Kansas; Kansas State fourth. Time 3:19.9.

220-yard low hurdles—Won by Plumley, Kansas; Breen, Kansas State, fifth. Time 24.7 seconds.

A Washington university "Female Aid society" rents fraternity pins to women.

GYM WITH CREDIT IS INSTALLED AT K. U.

Two Hours Credit Allowed Students Taking Physical Education.

Lawrence, Kan., May 16.—Gymnasium work as a required subject was dropped from the curriculum of the College of Liberal Arts at the University of Kansas last year but the college faculty restored the subjects to the curriculum Tuesday and credit will be given for those taking the work.

Before last year, gym was a required course and no credit was given for participation. Next year students will be required to take the subject and will receive two hours credit towards graduation. The number of hours required toward graduation has been increased accordingly.

Up to June, 1936, the requirements for graduation from the College of Liberal Arts will be 122 hours. After that time 124 hours will be required for graduation.

In the freshmen year students are to enroll in two hours of physical education and one hour of health instruction for which they will receive one hour credit. In the sophomore year, the student will enroll in a physical education class meeting three times each week.

JAYHAWKS WIN TENNIS TITLE FOR THIRD TIME

Kansas State Netmen Are Eliminated in First Round of Conference Meet.

Kansas university successfully defended their 1931 and '32 tennis title by winning both the singles and doubles in the Big Six conference meet at Lawrence Friday and Saturday. Captain Wilbur F. Coen, Jr., won the singles from Davis of Oklahoma, then teamed with Voss to win the doubles from Davis and Hodge of Oklahoma.

Kansas State men were eliminated in their first round matches Friday. In the singles, Hoglund, Kansas State, lost to Mario, Nebraska, 6-4, 6-2. Fowler, Kansas State, lost to Johnson, Iowa State, 6-2, 6-4. Hoglund and Fowler, Kansas State, lost in the doubles to Geary and Elgin, Missouri, 6-2, 6-0.

Men's Intramurals

A championship playground baseball game last night finished this year's activities in men's intramurals. Phi Kappa Alpha copped the softball title by turning back Sigma Nu, 11 to 9.

Although this game completed the schedule of sports, final tallying of points has not yet been made. The winner of the intramural trophy will be announced soon.

Last week saw tennis champions crowned in both singles and doubles. In both these divisions the finalists were members of the same organizations. L. W. Butler won the singles championship by defeating D. W. Leach. Both are members of Lone Star.

In doubles, four Delta Tau Deltas went to the finals. F. Groves and Russell Smith won the championship by downing H. Weathers and R. E. Armstrong.

As a team Delta Tau Delta won the tennis trophy by scoring a total of 127 points. The Lone Stars were second with 119 points; Kappa Sigma, third, 89; and Phi Kappa Tau, fourth, 85.

Women's Sports

Hooray for the juniors! To them goes the honor of winning the inter-class baseball championship. The inter-class tennis tournament is being run off now, but is not yet complete.

Orchestra sprites will have a frolic tonight from 7 to 9 o'clock, and the frogs will congregate Thursday evening from 7:30 to 8:30. There is also a W. A. A. meeting scheduled for Thursday at 4:45.

There is an appetizing sounding announcement for senior majors on the bulletin board, but it isn't effective until the 31st, so of course it is too early to say anything about that.

Shot put—Won by Dees, Kansas; second, Gilles, Oklahoma; third, Hubka, Nebraska; fourth, Hoku, Nebraska; fifth, Mead, Nebraska. Distance 47 feet 7 1/2 inches.

Discus—Won by Skewes, Nebraska; second, Gilles, Oklahoma; third, Distance 140 feet 4 inches.

Javelin—Won by Hoku, Nebraska; second, Chambers, Nebraska; third, Ripper, Iowa State; fourth, Jones, Nebraska; fifth, Marks, Oklahoma. Distance 194 feet 1 1/2 inches.

Mile relay—Won by Kansas; Kansas State fourth. Time 3:19.9.

220-yard low hurdles—Won by Plumley, Kansas; Breen, Kansas State, fifth. Time 24.7 seconds.

The water in Chesapeake Bay has been found to be from two to four times as salty as the bottom: as at the top.

PHI KAPPA PHI ADDRESS AND INITIATION FRIDAY

Prof. Harry F. Cunningham Speaks at Annual Program of Honor Society

Spring recognition of new members of Phi Kappa Phi and initiation of the group of thirty-nine were held Friday, and included the annual Phi Kappa Phi address at the student assembly, in the morning, and in the evening initiation service followed by a banquet at Thompson hall.

Prof. Harry Cunningham gave the address on "The Art of Living," Professor Cunningham, who is head of the department of architecture at the University of Nebraska, discussed artists as those who have been able to do their task more excellently than the average person, and with greater persistence.

Prof. Ada Rice, president of the Kansas State chapter of Phi Kappa Phi, presided at the assembly and at the initiation banquet. Speakers at the banquet included: John I. Miller, Prescott, representing the undergraduates; C. W. Sabrosky, Manhattan, a graduate student; Mrs. Katharine Hess, Manhattan, of the faculty; and Professor Cunningham. President F. D. Farrell sent a message. Marjorie Pyle entertained with violin solos, accompanied by Frances Jack.
